

Griffin Endowed Chair in American Government

The Robert and Marjorie Griffin Endowed Chair in American Government at Central Michigan University was established to elevate political awareness and activity among students, faculty and citizens and to help prepare principled political leaders to serve Michigan in the future.

The endowed chair recognizes the significant public service and contributions of distinguished CMU alumni Robert P. and Marjorie Griffin. Maxine Berman, the director of special projects for the Office of Gov. Jennifer Granholm, began her term as Griffin Chair in August.
