3+2 BSAT/MSAT Athletic Training Major Map

The major map illustrates one path to completing your major, based on faculty members' advice on course sequence and a department's tentative plans for scheduling courses. This document provides general direction. For more specific advice and up to date schedules, it is expected that students will regularly discuss their plans of study with an academic advisor and faculty advisor and monitor the current class schedules as students are responsible for ensuring that all requirements for graduation have been met.
