Dear President Rao:

At its October 21-26, 2003, meeting in Washington, DC, the Unit Accreditation Board of the National Council for Accreditation of Teacher Education (NCATE) considered the application for continuing accreditation of the College of Education and Human Services as the unit that oversees the professional education offerings at Central Michigan University. I am pleased to inform you of the Unit Accreditation Board's decision to continue the accreditation of the College of Education and Human Services at Central Michigan University at the initial teacher preparation and advanced preparation levels.

Let me take this opportunity to congratulate you and your professional education unit for displaying the high quality necessary to be granted national accreditation and to express appreciation for the cooperation received from the faculty, staff, and administration of your institution.

The Unit Accreditation Board cited the following areas for improvement:

- The unit has not identified dispositions that are consistent with the conceptual framework. *(Standard 1)*
- The unit does not ensure that all professional education candidates acquire and learn to apply the professional knowledge and pedagogical skills to prepare them to be successful with exceptional learners. *(Standard 1)*
- The preprofessional field experiences lack sufficient structure, coordination, and monitoring to ensure a quality experience for all candidates. *(Standard 3)*

Strengths noted in the Board of Examiners report have not been reiterated but are certainly considered part of the institution's accreditation visit record. You may use the information provided in the Board of Examiners report at your discretion.

Soon you will receive a letter confirming the date of your next NCATE visit. (In partnership states, the date of the visit must be determined jointly by the state and NCATE.) In addition, your institution will be required to complete a Professional Education Data System instrument each year during the accreditation period. You are not required to report specifically on progress in the areas for improvement cited, but you are encouraged to do so. During the accreditation period, you will be expected to report evaluations and changes in relation to all six standards.
