
SUBJECT: RESIDENCE HALL EXPANDED OCCUPANCY REBATE

Students assigned to designated expanded occupancy suites will receive a room rebate under the conditions outlined below:

1. Rebates will not be granted to students who are temporarily assigned to expanded occupancy suites for less than eighteen days during opening week and the first two weeks of classes.
2. Students living in expanded occupancy suites beyond the first two weeks of classes will be granted a room rebate for each day of expanded occupancy, beginning the first day Residence Halls are officially open and ending when the number of occupants is reduced to four persons or when the opportunity to move to a non-expanded occupancy suite in any Residence Hall is refused by the students.
3. As space becomes available, the fifth student in expanded occupancy suites will be reassigned to vacancies in non-expanded occupancy rooms. Reassignment will be made on the basis of the date of application for housing. Students with the earliest date of application will be re-assigned first. Reassignment may be made to another room within the same hall, or to another Residence Hall. In the event that the student, with the agreement of his or her roommates, chooses to remain in expanded occupancy, the room rebate will be terminated for all five students. Reassignments will be made as space permits until the Thanksgiving vacation for the Fall Semester.
4. The amount to be rebated will be the portion of the housing charge paid by the fifth student in the suite that is designated to be paid on the mortgages for the buildings. Since that amount is included in the room and board charges for normal occupancy, the amount paid by the extra person toward the debt service will be the amount paid in rebates for all five persons.*

*For 1980-81 that will be about 25 cents per day, but to allow for other minor cost savings, the rebate amount for 1980-81 will be thirty cents per day.¹

The president, or his designee, is authorized to issue a rebate of \$40 per student for eligible students on a residence hall board plan in the spring semester of 1997. This rebate is a one-time adjustment and reflects savings in labor costs from the agreement between AFSCME dining service employees and the university. The rebate will be funded from the 1996-97 Residences and Auxiliary Services budget and will not exceed \$200,000.²
