Evaluation Criteria:

Mid-Term and Final Exams: Two exams are given during the course. Each exam will consist of essay questions. Exam responses will be evaluated based on accuracy, precision, and clarity.

Papers and Exams and other documents:

(All papers are to follow APA format and the student must keep a copy for their records)

Group Analysis: The students will be assigned to a selected group with a country provided by the instructor. The list of questions must be research and evaluated for each country. The students are expected to access the CMU Library for authentic research to one the following: Argentina, Brazil, Canada, China, France, Germany, India, Mexico, New Zealand, Russia, South Africa, South Korea, or Spain. It is expected you will topics from class, which include one multicultural theory, into your paper. Other countries will be considered or added by the instructor.

The instructor will have groups determined by the 2nd week of class. It is important for the groups to manage their time effectively. More information is embedded in the BB shell. A grade will be provided for the overall paper for the entire group. Individual grades may be lowered after a peer evaluation is complete by the other group members and returned to the instructor.

CQ Leadership Research Paper: The first portion of your paper requires the student to research synthesize and report their current skill set of Strengths, Weaknesses, Opportunities and Threats (SWOT) within the cultural intelligence area. When this SWOT is complete, the student will take this information and evaluate four to five (4-5) CQ practices (2-3 CQ Practices for undergraduate students) which an organization can implement and foster a results-oriented environment yet encourages multicultural understanding from employee groups. More information is available in the BB Shell. The length of the paper is 8 pages for undergraduate students and 10 pages for graduate students.

Attendance and Participation:
Attendance, demonstrated in task participation, is mandatory to be able to contribute in a timely manner to course learning experiences. There will be no exceptions to this policy.
Semester Grading Scale: Please note that the grade of "C-" will not count towards a graduate degree.
