Other Notables

- 1) Colarelli, S.¹, McDonald, A.⁴, Christensen, M.⁴, & Honts, C.⁴ CMU Psychology researchers noted for their study.
[https://www.psychologytoday.com/blog/pets-and-their-people/201711/dogs-can-promote-friendliness-just-hanging-out?utm_source=mes&utm_campaign=our_cmu&utm_medium=email&utm_content=Dogs%20can%20promote%20friendliness%20just%20by%20hanging%20out%20\(CMU%20research%20included\)](https://www.psychologytoday.com/blog/pets-and-their-people/201711/dogs-can-promote-friendliness-just-hanging-out?utm_source=mes&utm_campaign=our_cmu&utm_medium=email&utm_content=Dogs%20can%20promote%20friendliness%20just%20by%20hanging%20out%20(CMU%20research%20included))
- 2) Psychology noted as the most popular minor for the past four years.
<https://www.cmich.edu/news/article/pages/Majorminors.aspx>
- 3) Lopez, A.¹ quoted in CM-Life.
<http://www.cm-life.com/article/2017/11/burnout>
- 4) Dr. Steve Robison, an expert on organizational change at Dow-DuPont, spoke in Stephen Colarelli's¹ class on organizational change and development on November 9th. Dr. Robison, an I/O psychologist with over 25 years of experience at Dow, has worked on a number of large change initiatives in his career--including multiple mergers & acquisitions, startups, and company transformations/strategic realignments. He also worked on a number of other change initiatives including the creation of Dow's first global employee survey program, the reintroduction of performance management (after a 10 year hiatus), and the launch of a global HR Analytics platform. For the past 5 years, he has been part of Dow HR's center of expertise responsible for change management & organization design and is currently leading the change management efforts for the Dow-DuPont merger. Dr. Robison spoke to graduate students about his experiences in change management and working as an internal consultant.

- 5) Dr. Elizabeth Crider⁴, Talent and Organization Development Consultant at DTE, spoke to Professor Stephen Colarelli's¹ class on organizational development and change earlier this semester. Dr. Crider spoke about her work at American Axle & Manufacturing and DTE and the role of an internal organization development consultant in a large organization. Dr. Crider received her BA from the University of Michigan and her PhD in organizational psychology from Central Michigan University.
- 6) Beehr, T.¹ & Bennett, M.⁴ noted in CMU News.
https://www.cmich.edu/news/article/pages/work-family-generations.aspx?utm_source=mes&utm_campaign=our_cmu&utm_medium=email&utm_content=Age-related%20workplace%20stereotypes%20crumble
- 7) Domoff, S.E.¹ (2017, November) NPR interview on Electronic Screen Addiction.
<http://radio.wcmu.org/post/cmu-research-seeks-identify-electronic-screen-addiction-kids#stream/0>
- 8) Domoff, S.E.¹ noted in the New York Post.
<https://nypost.com/2017/12/04/heres-how-to-tell-if-your-child-has-a-screen-addiction/>
- 9) Psychology junior and Family Health Lab (PI Domoff, S.E.¹) member Amy Nichols³ has recently been accepted as a 2018 Ronald E. McNair scholar, which will support her involvement in the Family Health Lab's research. Her McNair Mentor is Dr. Sarah Domoff.
- 10) Psychology senior and Family Health Lab (PI Domoff, S.E.¹) member Katelin Crane³ has received many interviews at nurse practitioner graduate programs. She has been accepted at two NP programs so far: Case Western Reserve University and Emory University.
- 11) Domoff, S.E.¹ noted in *CMU News* – “Devices can be Vices for Children”.
<https://www.cmich.edu/news/article/pages/Domoff-electronics-and-kids-research.aspx>
- 12) Domoff, S.E.¹ noted in *Psychology Today* – “Does your Child have a Digital Addiction?”
<https://www.psychologytoday.com/blog/media-spotlight/201711/does-your-child-have-digital-addiction>
