Accelerated Master’s Degree Program Application

The Accelerated Master’s Degree Program (AMDP) allows students to reduce the total number of credits required to complete their undergraduate and graduate degrees by applying up to twelve 500 and 600-level credit hours (only 6 credits is allowable for MBA) toward graduation requirements on both degree programs. Generally, courses required on the undergraduate major may not be counted on the graduate program. Students must enroll for the courses at the graduate level and may not be enrolled in more than 15 credit hours (UG and graduate level combined) per semester. Not all academic programs offer the AMDP.

Please note:
• The AMDP is intended for CMU undergraduate students who possess a strong academic background and are maintaining a “B” average in their undergraduate coursework. Students with less than a “B” average may apply to the AMDP, but they should submit information as to why they believe they can be successful in graduate level coursework.

• Per College of Graduate Studies policy, students must earn at least a “B” in each course which applies to the graduate degree; if students do not earn a “B” in each course which applies to the graduate degree the student will be dematriculated from the accelerated degree program. If a student is dematriculated, it is the responsibility of the student to contact the Registrar’s Office and have any courses with less than a “B” grade counted solely on the undergraduate transcript. Failure to do so may result in the student not graduating on time.

• Students admitted to an AMDP may find their financial aid may be affected. Contact the Office of Scholarships & Financial Aid for information (989-774-3674 or cmuosfa@cmich.edu).

Complete this form and submit it with a Pre-Graduation Audit (contact Undergraduate Academic Services) and a completed Graduate Application for Admission to the College of Graduate Studies at the address below. If your UG GPA is below a 3.0 attach additional information as to why you believe you can be successful in graduate level coursework.

Note: Approval of this form does not indicate that you have completed the admission process to the College of Graduate Studies or your program. A formal letter of acceptance will be sent to students who are approved for admission.
