New Dawn Shelter in Gladwin, Michigan is an emergency 7-day shelter that provides services for up to 12 people at a time. The shelter has rooms for both males and females, and also has one family room. The philosophy of the shelter is that they are providing a hand-up, not a hand-out so case management is part of each guest’s stay. The staff work directly with each guest to establish goals and then work with them to reach those goals. Guests who are working towards finding housing, and jobs often are able to stay well beyond the 7 days. New Dawn is a 24 hour shelter and depends on its volunteers to keep the doors open around the clock. Anyone interested in volunteering can contact Doug or Darcy at 989-709-6089.
