

FACULTY RESEARCH INTERESTS - PSYCHOLOGY DEPARTMENT

Ashby, Jane - ashby1j@cmich.edu

Skilled word recognition, reading disabilities, neuro-cognition of reading and language, and reading development

Babcock, Renee- babco1rl@cmich.edu

Life span development psychology, cognitive aging, and cross-cultural differences in worry and stereotypes

Backs, Richard - backs1rw@cmich.edu

Human factors, psychophysiology, aging, attention, and emotion

Beehr, Terry - beeher1ta@cmich.edu

Job stress, retirement, leadership, and careers

Bloesch, Emily - bloes1ek@cmich.edu

Psi Chi Advisor

Cognitive aging, visual attention and perception, action-perception links

Christiansen, Neil - chris1nd@cmich.edu

Director – Industrial/Organizational, Graduate Program, IOPA Advisor

Personality in the workplace, personnel selection, and structural equation modeling in I/O psychology

Colarelli, Stephen - colar1sm@cmich.edu

Personnel psychology, evolutionary psychology and influence on HRM utilization

Davoli, Chris - davol1cc@cmich.edu

APSSC Advisor

Perception, attention, visual cognition, embodied cognition, action, tool-use

Domoff, Sarah - domof1se@cmich.edu

Child media use, media effects, childhood obesity prevention in at-risk families

Drevon, Daniel - drevo1dd@cmich.edu

Academic and behavior interventions for school-age children, single-case design, psychoeducational assessment, and natural mentoring relationships

Dunbar, Gary - dunba1g@cmich.edu

Director - Neuroscience

Behavioral neuroscience and stem cell and pharmacological treatment of brain damage and neurodegeneration diseases

Fredrick, Stephanie - fredr1ss@cmich.edu

Peer victimization, social support, and their relation to internalizing distress

Gibson, Bryan - gibso1b@cmich.edu

Self-presentation, smoker-nonsmoker interaction, and psychology gambling

Han, Kyunghee - han1k@cmich.edu

Scientific study of culture, quantitative methods, psychological test/scale development, and evaluation

Hartshorne, Timothy - harts1ts@cmich.edu

SASP Advisor

Low-incidence disabilities, CHARGE Syndrome, disability and the family, therapeutic interventions, issues around loss

Hixson, Mike - hixso1md@cmich.edu

Director – School

Behavior analysis, direct instruction, precision teaching, behavior development, curriculum-based measurement

Jenrow, Ken – jenro1k@cmich.edu

Synaptic plasticity, memory consolidation and related protein and gene expression. Neuroinflammation and its effects on neuronal and cognitive function.

Johnson, Carl - johns1cm@cmich.edu

Sleep disorders, applied behavior analysis, organizational behavior management

Lopez, Amanda - lopez3a1@cmich.edu

Director – Psychological Training and Consultation Center

Marchalant, Yannick - march1y@cmich.edu

Normal and pathological aging, rodents models of Alzheimer's disease

Meadows, Elizabeth - meado1ea@cmich.edu

Anxiety disorders, especially post-traumatic stress disorder and panic disorder

Morgan, Sandra - morga1sk@cmich.edu

Academic and behavioral assessment/intervention and pediatric consultation

Niec, Larissa - niec1l@cmich.edu

Child clinical, parent-child interactions, child conduct problems, dissemination of evidence-based treatment, child maltreatment

O'Brien, Kimberly - obrie1ke@cmich.edu

Job stress, organizational citizenship behavior, counterproductive work behavior, mentoring, and emotional abuse

Otani, Hajime - otani1h@cmich.edu

Human memory and cognition

Park, Kevin - park1kh@cmich.edu

Investigation of pathological mechanisms in neurodegenerative diseases and preclinical therapeutic development utilizing animal models of amyotrophic lateral sclerosis, Huntington's disease, and Alzheimer's disease

Poole, Debra - poole1da@cmich.edu

Basic language/cognitive/social development in children related to social issues and forensic psychology

Prewett, Matthew - prewe1ms@cmich.edu

Team performance management: staffing, training, group motivation, and performance appraisal

Reilly, Mark - reill1mp@cmich.edu

Director – Undergraduate Program, Neuroscience Advisor

Experimental analysis of behavior, operant/respondent conditioning, quantitative models, animal learning, behavioral pharmacology, and substance abuse

Rhymer, Katrina - rhyme1kn@cmich.edu

Department Chair

Academic, behavioral assessment/intervention, and pediatric consultation

Ronan, George - ronan1gf@cmich.edu

Personal problem solving, violence and aggression, and clinical research methodology

Sandstrom, Michael - sands1m@cmich.edu - *Neuroscience Advisor*

Brain plasticity, compensatory neuronal activity, and behavior associated with deteriorative diseases such as using animal models

Scherr, Kyle - scher1kc@cmich.edu

Director – Experimental, EXPO Advisor

Psychology and law topic of police interrogations. This research has looked at various psychological causes for why suspects offer confessions during police interrogations and psychological factors that influence suspects' comprehension of and willingness to waive their Miranda rights

Skeel, Reid - skeel1rl@cmich.edu

Director – Clinical, CSA Advisor

Ecological validity of neuropsychological assessment, cognition and medication adherence, influence of affective variables on cognitive performance, decision-making and risk-taking, malingering

Vanhorn, Roger - vanho1kr@cmich.edu

Human development and developmental changes in cognitive and psychosocial

Weed, Nathan - weed1nc@cmich.edu

Psychological assessment, validation of clinical inferences from psychological tests, the MMPI-2, MMPI-A, and MMPI-2-RF
