President: Robert Minjock
 E-mail: minjo1r@cmich.edu

The Experimental Psychology Organization (EXPO) is a new psychology RSO (Registered Student Organization) specifically designed for graduate students enrolled in the experimental psychology program or undergraduate students who are interested in pursuing a career in research based psychology (social, cognitive, developmental, neuroscience, etc.).

EXPO has a variety of goals including promoting psychological research at CMU, serving as a forum for faculty and students and providing additional funding for research based activities for students.

Meetings may include social functions, research presentations and philanthropic/volunteer opportunities.

Annual dues are \$15.

Advisor: Dr. Kyunghae Han,
 Director, Experimental Psychology
 Email: han1k@cmich.edu

https://www.cmich.edu/colleges/chsbs/psychology/orga_nizations/PsiChi/Pages/default.aspx

Psi Chi is the National Honor Society in Psychology. We provide recognition for and support of excellence in scholarship through leadership experiences and involvement in research. Requirements for undergraduate members are completion of 3 semesters of college, an overall GPA in the upper 35% of your class and completion of 9 semester hours of psychology with a 3.00 average. Graduate students with a 3.00 Graduate GPA are eligible for membership. Officers and other important facts about our local chapter can be found on the website listed above or on the bulletin board in the hallway near the elevators of Sloan Hall.

President: Kelsey Idyle
E-mail: idyelk@cmich.edu

Nu Rho Psi, National Honor Society in Neuroscience, is an organization dedicated to the advancement of the neuroscience discipline, awarding and encouraging excellence in scholarship, promoting career development in neuroscience and related fields, and increasing public awareness of neuroscience via service to the community. Members have the opportunity to form professional relationships in the neuroscience field, engage in community service, and gain access to travel awards to present their research at the annual Society for Neuroscience meeting. We have requirements for membership:

- Signed major in Neuroscience
- Completion of at least 3 semesters at a college/university
- Completion of at least 9 semester hours of Neuroscience courses (found in bulletin)
- Undergraduate cumulative GPA of 3.2 and a minimum GPA of 3.5 in Neuroscience courses or graduate cumulative GPA of 3.5 and a minimum GPA of 3.5 in Neuroscience courses

- One time \$40 induction fee plus \$10 chapter fee

SASP

Student Affiliation of School Psychologists (SASP)

www.chsbs.cmich.edu/psychology/sasp

SASP is a nationally registered organization of students in the School Psychology program that is both academic and social in nature. The group is closely advised by faculty and works to promote the professional development of its members. SASP provides members an arena to gather and share information, present research, attend conferences and provide peer support. Annual dues are \$25.00. More information can be found at the SASP website or by contacting the president (Ben Kennert at kenne3ba@cmich.edu).
