Patient Responsibilities
- Arrive 10 minutes before your appointment. This appointment time is reserved for you and we make every effort to stay on schedule. A late arrival may require your appointment to be rescheduled.
- If you are unable to keep your appointment, call our office at least 24 hours in advance.
- Bring your current medications to each appointment to review with your provider.

Prescription Refills
Easy Refill Requests Please call your pharmacy to see if you have a refill on file or need a new prescription. Your prescription refill request may be easily submitted through MyChart, your pharmacy or by calling General Surgery at (989) 790-1001.
Secure Electronic Delivery Most prescriptions are sent electronically from our office to your pharmacy preventing lost paper prescriptions.
Attention: Please make a request as soon as your prescription runs low as it may take 48 to 72 hours to refill and some prescriptions require an office visit or approval from your insurer.

Fees and Insurance
We participate with most major insurances. If you have insurance, it will be billed first, and any unpaid balance will be billed to you. Co-payments or deductibles are your responsibility and will be collected at the time of your appointment (a processing fee may be applied if left unpaid at the time of service). If necessary, payments may be set up with our billing services team on larger patient balances.
