Introduction

The Central Michigan University (CMU) Counseling Program presents this annual report that provides data on how we are meeting the mission of our program. The Central Michigan University Counseling Program's mission is "to provide high quality training that inspires emerging counselors to develop a strong professional identity and a lifelong passion for knowledge, wisdom and creativity. Through the implementation of our core program and specialized tracks, we encourage our students to be advocates for wellness and social justice and we help them develop the clinical skill necessary to meet the mental health, educational and career needs of an increasingly diverse society." Our vision is that the CMU Counseling Program will become the pre-eminent training program in Mid-Michigan and surrounding areas for training, professional leadership, counseling skill development, knowledge, and research in clinical mental health counseling and school counseling and will continue to expand its national reputation and prominence.

We based this mission and vision on the following values:

- Human diversity, respect for the individual, and freedom of expression.
- Student-centered programs that integrate learning, discovery, engagement tailored to the unique experience of both traditional and non-traditional student success.
- Excellence in our progression through mentorship of students, innovative learning opportunities, visionary programming, research contributions to the professional knowledge base, professional leadership, and active partnerships with community schools, agencies, and healthcare providers.

Data is presented in specific categories; Mission Outcomes provide data on how the CMU Program is meeting the Program's mission; including addressing diversity, student retention, completion and graduation rates; Student Learning Objectives/Program Evaluation provides data on how the CMU Counseling Program is meeting the academic needs of our students; and Stakeholder data, that evaluates how our students, site supervisors and graduate employers view the success of the program. When possible, data is disaggregated by campus and concentration. listed in either table format or in narrative, or both depending on the available data. Areas where data is not available is noted in that section. The CMU Counseling transitioned to 60 credit School Counseling (SC), Clinical Mental Health Counseling, (CMHC) and Addiction Counseling (AC) Programs in Spring 2018, therefore current student data includes students completing the 48-credit hour Professional and School Counseling Programs, however those programs are not part of the current program evaluation plan.

CMU Counseling Program Annual Report

Mission Outcomes

Applicant and Admitted Student Demographics

Benchmarks: (1) The CMU Counseling program will admit a diverse student body by gender, age, ethnicity, and race. Ten percent (10%) of admitted students will be diverse by ethnicity/race; Ten percent (10%) of admitted students will be diverse by age; Ten percent (10%) of admitted students will be diverse by age. Please note that the CMU Counseling Program did not admit any students into off site cohort programs, so the data listed below is for the Mt. Pleasant Campus only. (2) Ninety percent (90%) of admitted applicants into the CMU Counseling Program will meet the GPA and GRE criteria for admission.

Results: For the 2018-2019 Academic Year, the CMU Counseling Program did not meet its admitted student diversity goals, as 87% of students admitted identified as White. Goals for gender were met (20% Male) and for age diversity (10% of admitted students were age 30 or over). Acceptance rates were high, with 99% of applicants accepted into the program, while 77% of those students joined the program.

Current Student Demographic by Campus and Concentration – Academic Year 2018-2019

Benchmarks: The CMU Counseling program will retain 80% of students from Fall to Spring semester and per Academic Year.

The data below includes concentration, ethnicity, gender and age demographic information by entire program, concentration and campus. Retention rates are also listed below and indicate an overall 91.9% retention rate. The CMU Counseling Program met this benchmark for all sites.

CMU Counseling Program Annual Report

Graduation & Completion Rates by Concentration

Benchmark: The CMU Counseling Program will achieve an 80% graduation rate and a completion rate average of 3.5 years.

The Central Michigan University Counseling Program average completion rate was 2.4 years with a range of 2 to 3.33 years. Twenty-six students graduated in the 2018-2019 academic year; graduation rates for the academic year are not posted until November 2019 and will be updated on the CMU Counseling Program website when available. The chart below lists graduates by campus and concentration.

Graduates 2018 - 2019 Academic Year					
Campus	Totals	Professional -48	School - 48	School - 60	Clinical Mental Health

<i>Mt. Pleasant</i>	20	15	1	1	2
Concentration					
<i>Professional</i>	21				
<i>School - 48 credits</i>	2				
<i>Clinical Mental Health</i>	2				

Student Learning Objective Outcomes

The Central Michigan University Counseling Program has recently redeveloped a comprehensive program evaluation program for all 60 credit concentrations. Some assignments listed on the program evaluation are new and will not have data. All assignments listed as new are indicated in a blue shade. Southfield and Grand Rapids cohort students (60 credit school, clinical mental health and addiction concentrations) completed six courses between Fall 2018 and Summer 2019 and took most courses as one cohort; data from other courses throughout the program evaluation will be missing and are indicated with by a blue shade. Once cohorts complete an entire program cycle, complete assignment data will be reported. Due to changes in the program development, not all data is available to report so outcomes cannot be adequately assessed. Only data for students enrolled in the 60-credit program is listed as the 48 credit hour programs are being phased out. The charts are listed in Appendix A with links below.

CMU Counseling Program Annual Report

School Counseling – 60 credits -Mt. Pleasant	School Counseling – 60 Credits – Grand Rapids/Southfield
Clinical Mental Health Counseling – Mt. Pleasant	Clinical Mental Health Counseling – Grand Rapids/Southfield
Addiction Counseling – Mt. Pleasant	Addiction Counseling – Grand Rapids/Southfield

Professional Disposition Summary

Benchmark: Seventy-Five (75%) of students will achieve a rating of 2.0 (Progressing satisfactorily) or better on the Professional Dispositions Form.

The faculty reviewed all current matriculating students on student dispositions throughout the academic year. The faculty review student dispositions yearly. Most students were either progressing satisfactorily or exceeding expectations in the program; only 2% of students demonstrated difficulty with one or more of the professional dispositions and/or need academic remediation. In order to protect student privacy, this data is not presented by cohort. The CMU Counseling Program met the benchmark for this academic year.

Faculty Evaluation of Student Dispositions

Total Author Evaluation(s): 124 Author Evaluation(s)

Response Legend: 1 = Need for intervention 2 = Progressing Satisfactorily 3 = Exceeds Expectations

Rated Item(s)	Average	Standard Deviation
The student behavior is in accordance with ACA ethical guidelines including maintaining confidentiality and privacy	2.05	0.22
The student demonstrates the ability to utilize feedback related to professional and ethical conduct.	2.04	0.25
The student is on time for class and hands assignments in on time.	2.03	0.27
The student demonstrates academic integrity through turning in only original work.	2.05	0.22

CMU Counseling Program Annual Report

The student demonstrates the ability to perform at basic graduate standards as evidenced by effective writing skills, presentations skills, and test taking skills.	2.04	0.25
Total	2.04	0.24

Interpersonal Skills

Response Legend: 1 = Need for Intervention 2 = Progressing Satisfactorily 3 = Exceeds Expectations

Rated Item(s)	Average	Standard Deviation
The student demonstrates maturity and respect for others as evidenced by interactions in class and during outside class activities.	2.05	0.22
The student demonstrates the ability to successfully engage in group assignments as evidenced by instructor evaluation and observation.	2.05	0.22
The student demonstrates the ability to handle conflict, challenges and feedback from peers and faculty in a respectful manner.	2.03	0.27
Total	2.04	0.24

Personal Awareness

Response Legend: 1 = Need for Intervention 2 = Progressing Satisfactorily 3 = Exceeds Expectations

Rated Item(s)	Average	Standard Deviation
The student demonstrates the ability to use basic counseling skills.	2.06	0.24

CMU Counseling Program Annual Report

The student respects cultural, individual, and role differences; including those due to age, gender, race ethnicity, religion, sexual orientation, physical ability, language, and socioeconomic status as evidenced by faculty observation in and out of class.	2.07	0.26
The student appears to be an effective fit for the counseling profession as demonstrated by a clear understanding of the profession and the role of the counselor, cognitive and effective abilities, and values consistent with those of the profession.	2.07	0.26
Total	2.07	0.25

Stakeholder Outcomes

This section will provide data on the results of the Counselor Preparation Comprehensive Exam, the Michigan Test of Teaching Certification for School Counselors, National Counselor Examination Rates, and survey results from the Internship Exit Interview, Site Supervisor Feedback Survey, Employer Survey and Alumni Survey.

Counselor Preparation Comprehensive Examination

Benchmark: Seventy-Five percent (75%) of students will pass the CPCE exam.

All students in the CMU Counseling Program are required to take the CPCE as a comprehensive examination prior to graduation. Students are allowed two attempts before requiring a specific remediation plan. Twenty-Nine students completed the Counselor Preparation Comprehensive Examination between Fall 2018 and Spring (May) 2019; 14 from the Detroit 48 credit hour cohort and 15 from the Mt. Pleasant campus. Most of these students were completing the previous 48 credit hour school and professional counseling programs, so data by concentration is not available. The pass rate for Academic Year 2018-2019 is 72.41%. In order to protect student privacy due to the low N on both campuses, only aggregate data is presented. The Central Michigan University Counseling Program did not meet the benchmark this academic year.

CMU Counseling Program Annual Report

Counselor Preparation Comprehensive Exam Scores - 2018-2019					
	N	Minimum	Maximum	Mean	Std. Deviation
Human Growth & Development	29	7	14	11.34	1.95
Social & Cultural Diversity	29	7	14	9.76	1.96
Helping Relationships	29	4	15	10.00	2.55
Group Work	29	5	15	10.52	2.54
Career Development	29	4	15	9.83	2.28
Assessment	29	4	15	10.21	2.61
Research & Program Evaluation	29	5	17	10.62	2.87
Professional Orientation and Ethical Practice	29	6	17	11.41	2.92
Total	29	52	117	83.69	15.34

CMU Counseling Program Annual Report

Counselor Preparation Comprehensive Exam Pass Rates

Michigan Test of Teaching Certification for School Counselors (MTTC)

Benchmark: Seventy-Five percent (75%) of graduates will pass the NCE, MTTC, IC/RC or other credentialing exam within 2 years of graduation.

Six (6) students took the MTTC during the 2018-2019 Academic Year; 5 students passed the exam, one student did not, which is a 83.3% pass rate; the CMU Counseling Program met this benchmark. Due to the low N, this data is not disaggregated by campus to protect student privacy.

National Counselor Examination

The NCE is required for full Michigan Licensure, however Central Michigan University is not a host site for the NCE and therefore can only track passing rates based on alumni report. Eight alumni who completed the Alumni Survey indicated that they had taken and passed the NCE. Those alumni graduated between 2008 and 2017.

Internship Exit Interview Survey

Sixteen (16) interns completed the exit interview; 7 identified as being in the 60 credit Clinical Mental Health, 6 identified as being in the School counseling concentration and 3 identified as being in the Professional Counseling Concentration.

A review of the survey indicates that students indicated feeling unprepared in crisis intervention, research, statistics, assessment and working with special need individuals. Students indicated feeling prepared in the areas of group, sociocultural diversity, development, diagnosis, and career counseling. Overall feedback demonstrated students responding to the changes in curriculum as the program moved toward implementing CACREP standards. Feedback charts are posted below on the next few pages.

CMU Counseling Program Annual Report

Please list aspects of strength in the Counselor Education program:	Please list aspects of the Counselor Education program needing improvement:
The professors are always willing to lend a helping hand even through times of transition in the program.	As CACREP requirements have been implemented in the program, changes have been incorporated in the courses that I believe will improve competency in future CITs.
Excellent faculty members who supported and guided my education. Great facilities with state-of-the-art equipment.	Consistency, but hopeful that will come once program is fully CACREP accredited.
Class size, availability of professors, organizations (CSI)	The program just needs to get its standards of procedure and accreditation finished.
The amount of techniques and actual counseling opportunities	More opportunities and classes for school counselors would be helpful. Learning more about standardized testing and scheduling procedures.
The professors have all been wonderful and extremely helpful during the transition time of CACREP. They all did everything they good to accommodate us and help us be successful.	Online classes limit the exposure to information and also the hands-on experience of working with peers and professors. I prefer to be in a traditional class rather than online for most courses.
I felt very supported by the faculty and the curriculum was applicable. The in-class courses were much more relevant and meaningful.	Course offerings and consistency
Instructors experiences and professional scholarship	Opportunities for professional development and relevant practical training within courses
Advising, friendships, CSI, school work/life balance	More experienced professors/ more up to current scenarios/ a set program
Professors are passionate about topics and supportive of students	The program needs to include more electives that are already offered in different states
Dr Parmer, Dr Fox,. and Dr. Frarr	Family Counseling and Therapy should be offered as a required course and not as an elective as it represents the client as a whole.
The Practicum/ Internship experience	Teaching note taking before practicum
Good, passionate educators. Great experience in practicum and internship . The practicum experience each student has prepares them for Internship in various different settings	
Good practicum	

CMU Counseling Program Annual Report

Job Placement Rates

Several of the interns had not graduated yet, however three interns who did graduate reported full-time employment. Four alumni who graduated in Academic Year 2018-2019 completed the Alumni Survey; three (3) indicated they were working in the counseling field and all reported obtaining the LLPC. Sixty (60) Alumni who completed the alumni survey indicated that they work in the counseling field. Those alumni graduated between 2008 and 2019.

Alumni Survey

Sixty one (61) Alumni completed the Alumni Survey; Those alumni graduated between 2008 and 2019. Twenty-four (24) alumni reported having a LLPC (Limited Licensed Professional Counselor) and 18 alumni reported having obtained the LPC. Twelve (12) Alumni reported having a school counselor license. Alumni reported concerns regarding research, assessment, and diagnosis and treatment planning. Alumni feedback regarding orientation, access to research and access to employment assistant all indicated a need to improve those aspects of those program. Data is posted below.

Employee Survey

Only two employers responded to the updated survey and neither completed the survey. The CMU Counseling Program will institute a plan to obtain employer data more frequently and seek out feedback on a bi-annual basis. The plan will include capturing employer information from alumni at multiple times throughout the year and contacting employers when data is collected.

Faculty Data Review & Program Changes

The faculty met for an annual retreat to review this data on September 11, 2019. The faculty review of the data found a need to improve diversity recruitment, improve recruitment for school counseling and addiction counseling concentrations, and improve recruitment to potential male students. The faculty discussed the need to revise courses that indicate lower CPCE means, specifically CED 695: Research in Counseling, CED 610: Career Counseling and CED 620: Introduction to Multicultural Issues in Counseling. The faculty also discussed the need to improve data collection regarding site supervisor and employer feedback.

CMU Counseling Program Annual Report

The CMU Counseling Program Advisory Board met on September 19, 2019 to review the annual report as well. Primary feedback from the Advisory Council focused on improving diversity in the student population, improving recruitment efforts on the Mt. Pleasant campus to psychology undergraduate majors and focusing on building student engagement for online courses.

The Counseling Program has undergone several substantial changes in the last year and will make further changes based on Faculty review and Advisory Council feedback. These changes include:

- 1) A revision of the program objectives to better align with the program's mission.
- 2) A revision of the key performance indicators to better align with the program's mission.
- 3) Curriculum review to ensure all CACREP standards are being met in all syllabi.
- 4) Revisions to CED 610, CED 695 and CED 620 to improve CPCE test score means and passing rates.
- 5) Implemented a plan to begin providing ongoing professional development for CMU Program alumni and site supervisors on a bi-annual basis.

Other changes to the program that will be implanted this year include:

- 1) Revising a recruitment plan to improve the program's outreach to individuals with diverse backgrounds. Specifically, the program will seek to meet census population demographics in each region we serve, improve outreach to potential male students, underserved communities in the Mt. Pleasant, Dearborn, Southfield, Grand Rapids and Saginaw area; and reach out to potential Native American students as well.
- 2) Revising our outreach plan to alumni in order to obtain more data from employers and recent graduates. This plan will include securing contact information upon graduation and instituting regular follow up surveys to collect data throughout the academic year.
- 3) Revising current surveys to ensure we are capturing needed data.
- 4) Adding an ongoing marriage and family course to the schedule based on graduating student feedback

CMU Counseling Program Annual Report

Appendix A – Student Learning Outcomes

Please see the subsequent pages and links for results of the Student Learning Outcomes

Program Evaluation: Addiction Counseling - Mt. Pleasant Campus (N=6)

Domain/ Specialty Area	Program Objective	Key Performance Indicators: Student Learning Objectives (SLO)	CACREP Standards	Expected Outcomes	Student Learning Objective Assignments					
					Introduced		Reinforced		Mastered	
					Assignment	Outcome (Average Score)	Assignment	Outcome (Average Score)	Assignment	Outcome (Average Score)
Professional Counseling Orientation and Ethical Practice	Students will acquire knowledge and skills that demonstrate a comprehensive understanding and ability to apply the ethical and legal considerations in professional counseling	Students will demonstrate knowledge of and the ability to apply ethical and legal standards of informed consent, duty to warn and working with altered clients.	2.F.1.i; 5.A.2.1	Assignment Scores will average 85% or higher; Evaluation on Practicum/Internship evaluations based on standards will average 85%	CED 630: Ethics Paper (K)		CED 641: Comprehensive Paper (K)	90%	CED 690: Conducting intake (S)	
Professional Counseling Orientation and Ethical Practice	Students will acquire knowledge and skills that demonstrate a comprehensive understanding and ability to implement the roles and function of counselors across all specialties and specifically the Addiction Counseling Profession; and identify strategies for self care, personal and professional self evaluation.
