ACE Information

One half day per week is designated for students to have time to focus on other specialties, interprofessional/interdisciplinary experiences, continuity of care with patients (e.g. home visits) or community medical education. They may be hospital or community based.

The following link (ACES) will take you to a spreadsheet of potential opportunities listed by community. These community organizations have confirmed opportunities available to medical students. Mid Central AHEC staff has contacted every listed organization.

Hospital Information

St. Luke’s Hospital is a 300-bed facility serving the Maumee Ohio area and the surrounding communities. An independent hospital, St. Luke’s provides a wide-range of critical care to patients, including cardiovascular, spine and neurological, robotic surgery, orthopedic, emergency services and is equipped with a nationally certified stroke center. St. Luke’s offers an accredited Family Medicine Residency, which obtained Osteopathic Recognition.
