

# Earth and Ecosystem Science Ph.D. Program

## Student Annual Evaluation

This form is intended to outline the expectations and goals of graduate assistants in the EES Ph.D. program. Students should complete this form and discuss it with their primary research advisor in August every year, and the form is due to the EES Council Chair by the first of September. This is part of a self-assessment/monitor process that will continue throughout the program and involves the student, the research advisor, and EES Chair/Council. Once completed, this form will be archived.

Student Name \_\_\_\_\_ Date \_\_\_\_\_

1) Date of entry into the EES program (semester, year): \_\_\_\_\_

2) Coursework completed over the last academic year:

3) Research progress over the last academic year (presentations, manuscripts submitted, etc.–full citations):

# Earth and Ecosystem Science Ph.D. Program Student Annual Evaluation

Dissertation committee formed? If yes, please list members and academic affiliations

Comprehensive examination(s) completed? If yes, please list format, date completed, and results.

Describe planned courses and activities over the next academic year that will further the student's progress towards their degree.
