

TAKE CARE

By following these steps, you can help **prevent the spread of COVID-19:**

Wear a face covering in public to protect yourself and others.

Maintain **physical distancing with others.**

Wash your hands frequently with soap and water for at least 20 seconds.

Avoid touching your eyes, nose and mouth with unwashed hands.

Cover your cough or sneeze with your elbow or a tissue – and immediately dispose of used tissues.

If you're sick, or caring for someone who is, **stay home and avoid close contact with others.**

Clean and disinfect frequently touched objects and surfaces, especially in home and work settings.
