Dear Mr. Brahm:

Veterans Hospital, Tucson Ariz

Thank you for your inquiry. We are mailing our catalog today.

During the past forty years, to insure our customers of having lumber that will give a lifetime of satisfaction, the lumber we purchased and used was cured for at least six months. Because of the tremendous demand for building materials practically all materials are now shipped green, and as we prefer to use only seasoned lumber we would not start manufacturing Aladdin Homes until the proper material was available.

We cannot now quote prices on our Aladdin Houses because we do not know what our costs of lumber and other materials will be until the lumber market is freed from Government controls.

There is a tremendous country-wide demand for new homes. Estimates are as high as a million new homes a year for the next ten years. This being true, it is certain that many prospective home builders may have to wait, not months but years for their new homes.

We will accept deposits on orders for Aladdin Houses and **FILL THEM IN THE ORDER IN WHICH THEY ARE RECEIVED**, when conditions permit. You may choose your Aladdin House now, or at a later date.

If conditions should change and you desire your deposit returned, any time before shipment, you have only to request it and your money will be returned, and no questions asked.

You will be advised just as soon as our price lists are printed and also of the opening date of shipment.

You will find enclosed our Priority Certificate for your use. In the meantime we will be glad to have you write us about further information, questions concerning the house of your choice, or any other matter of interest to you.

Yours very truly,

THE ALADDIN COMPANY

O. E. Sovereign
O. E. Sovereign, Gen. Mgr.
