*Designed for students who have had no German. Basic language skills. Introduction to the culture of the German-speaking countries. Students who have had previous preparation in German are required to take a placement exam. Students who have had more than two years of high school German may enroll only with permission of instructor. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**GER 102 Elementary German II: Language and Culture 4(4-0)**

*Continuation of GER 101. Basic language skills and introduction to the culture of the German-speaking countries. Recommended: GER 101. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**GER 110 German Language Study Abroad 1-8(Spec)**

Intended for beginning students studying abroad. Prerequisite: permission of instructor.

**GER 201 Intermediate German I 4(4-0)**

*Further development of German language skills in reading, writing, listening and speaking. Review of German grammar, expansion of vocabulary and exploration of German cultural issues. Students who have had previous preparation in German are required to take a placement exam. Recommended: GER 102. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**GER 202 Intermediate German II 4(4-0)**

*Further development of German language skills in reading, writing, listening and speaking. Review of German grammar, expansion of vocabulary and exploration of German cultural issues. Students who have had previous preparation in German are required to take a placement exam. Recommended: GER 201. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**GER 210 German Language Study Abroad 1-8(Spec)**

Intended for intermediate students studying abroad. Prerequisites: GER 102.

**GER 310 German Language Study Abroad 1-12(Spec)**

Intended for advanced students studying abroad. Prerequisites: GER 202.

**GER 311 Advanced German I 3(3-0)**

Study of standard High German using current conversational and literary sources. Designed to improve oral and written language skills. Required for majors and minors. Recommended: GER 202.

**GER 312 Advanced German II 3(3-0)**

Continuation of GER 311. Required for majors and minors. Recommended: GER 311.

**GER 325 Modern German Literature in Translation 3(3-0)**

*Interpretation and discussion of representative works by modern German-speaking writers with a focus on their views of contemporary society. (University Program Group I-A: Human Events and Ideas)*

**GER 335 The Culture of the German Economy 2(2-0)**

Development of proficiency through readings, discussions, and assignments dealing with the culture of the German economic system and Germany in world trade. Taught in German. Prerequisite: GER 312.

**GER 336 The Culture of German Business 2(2-0)**

Readings, discussions, and assignments based on materials dealing with key areas of the German business culture such as management and corporate hierarchies. Taught in German. Prerequisite: GER 312.

**GER 341 German Cultural History I 3(3-0)**

The civilization of Germany and German-speaking areas with emphasis on the social, artistic, philosophical, and literary aspects. May be offered as Writing Intensive. Recommended: GER 202.

**GER 342 German Cultural History II 3(3-0)**

Continuation of GER 341. May be offered as Writing Intensive. Recommended: GER 202.

**GER 343 Survey of German Literature I 3(3-0)**

Survey of the chief literary periods from the earliest texts through the Enlightenment, reading representative authors and works within their social contexts. May be offered as writing intensive. Recommended: GER 202.

**GER 344 Survey of German Literature II 3(3-0)**

Survey of the chief literary periods from the end of the eighteenth century until the early 1930's, reading representative authors and works within their social contexts. May be offered as Writing Intensive. Recommended: GER 202.

**GER 345 Survey of German Literature III 3(3-0)**

Survey of the chief literary periods from the 1930s until the present time, reading representative authors and works within their social contexts. Conducted in German. May be offered as Writing Intensive. Recommended: GER 202.

**GER 347 German Cultural History III 3(3-0)**

Investigation of the cultural history of 'Germany' from post-war division through reunification and after, as seen through a wide variety of texts and other media. May be offered as Writing Intensive. Recommended: GER 202.

**GER 350 Highlights of German Film 3(3-0)**

A survey of German film from the Weimar Republic through the present, with the focus on significant and representative feature films. Taught in German. Recommended: GER 202.

**GER 370 Advanced Studies in German 1-12(Spec)**

Special topics may include language, literature and/or culture. May be repeated when the content is not a duplication of a previous special topics offering. Recommended: GER 202.

**GER 397 Directed Readings 1-3(Spec)**

Offers insight into certain aspects of German literature and civilization, not normally included in regular courses. Prerequisites: 6 hours of 300-level courses; permission of instructor.

**GER 398 Directed Writing 1-3(Spec)**

Students will learn to write different text types (e.g., news articles, short stories, book reviews, etc.). They will improve their grammatical, linguistic, and stylistic skills in written German. Prerequisites: GER 311; permission of instructor.

**GER 403 German Literature to 1776 3(3-0)**

The Middle Ages, Renaissance, Baroque, and the Enlightenment. Modern German translations from Old High German and Middle High German periods. Prerequisite: 6 hours of 300-level courses.

**GER 405 German Classicism 3(3-0)**

The classical age culminating in the works of Goethe and Schiller. The authors' lives, thoughts, and impact on their contemporaries. Prerequisite: 6 hours of 300-level courses.

**GER 407 German Literature of the Nineteenth Century 3(3-0)**

Romanticism, Poetic Realism, and Naturalism through representative authors. Prerequisite: at least 6 hours of 300-level courses.

**GER 409 German Literature of the Twentieth Century 3(3-0)**

Impressionism, Expressionism, Neo-realism, and other current trends. Prerequisite: At least 6 hours of 300-level courses.

**GER 410 Study Abroad 1-24(Spec)**

Intended for students on the exchange program with the Federation of German-American Clubs. Prerequisites: 6 hours at the 300 level; permission of the instructor.

**GER 411 Practicum in Teaching German 3(2-1)**

Techniques for teaching and testing foreign language skills, planning lessons and units, and selecting materials for secondary-level classrooms. Practical experience through mini-teaching situations. Prerequisites: Two 300-level courses; passing the competency test; departmental permission.

**GER 412 Practicum: Secondary Field Experience 1(Spec)**

Pre-student teaching experience in middle or high school teaching situation. CR/NC only. Co-requisite: GER 411.

**GER 421 Foreign Language in Elementary Schools 1(1-0)**

Techniques for teaching and testing foreign language skills, planning lessons and units, and selecting materials for the elementary school classroom. Practical experience through mini-teaching situations. Co-requisites: GER 411.

**GER 422 Practicum: Elementary Field Experience 1(Spec)**

Pre-student teaching experience in elementary school teaching situation. CR/NC only. Co-requisite: GER 421.

**GER 470 Advanced Studies in German 1-12(Spec)**

To develop advanced proficiency in German. Special topics may include language, literature, and/or culture. May be repeated when the content is not a duplication of a previous special topics offering. Recommended: 6 hours at the 300 level.

**GER 570 Advanced Grammar and Composition 3(3-0)**

Analysis of grammatical structures, vocabulary expansion, and extensive practice in written expression. May be offered as Writing Intensive. Prerequisite: GER 312.

**GER 597 Independent Study 1-6(Spec)**

The in-depth study of a topic under the direction of a faculty member who together with a student designs the format of the study. Prerequisites: permission of instructor and department chairperson; at least 6 hours on the 400 level.

**GRK 101 Classical Greek 4(4-0)**

Grammar of written Greek prose of the Attic period, reading Greek text aloud, translation and composition.

**GRK 102 Classical Greek 4(4-0)**

Continuation of GRK 101. Prerequisite: GRK 101.

**GRK 201 Classical Greek 4(4-0)**

Reading and translation of Greek prose, including Xenophon and the Greek Bible. Prerequisite: GRK 102.

**GRK 202 Classical Greek 4(4-0)**

Continued guidance of the student in reading Greek prose and in the analysis of connected texts. Prerequisite: GRK 201.

**GRN 430 Women and Aging 3(3-0)**

Multiple theoretical perspectives examine the status of older women, individual psychological, social and physical development, roles in family and society, and policy implications. Identical to WGS 430. Credit may not be earned in more than one of these courses. Prerequisite: GRN 247 or PSY 325 or HSC 390.

**GRN 575 Geriatric Nutrition 3(3-0)**

A detailed description of nutrition for the elderly, including special nutritional considerations, food selection patterns, nutritional status and strategies for disease prevention. Identical to FNS 575. Credit may not be earned in more than one of these courses. Prerequisites: FNS 370.

**GRN 590 Independent Study 1-4(Spec)**

Student-initiated study (reading, research, and/or project development) on a topic not normally covered in existing courses. Prerequisite: permission of instructor.

**GRN 597 Special Topics 1-4(Spec)**

Selected topics/problems of interest that are not normally included in existing courses. May include conferences, workshops, and seminars sponsored by the Interdisciplinary Gerontology Program. Prerequisite: permission of instructor.

**GRN 631 Gerontology: Theory and Practice 3(3-0)**

Course examines multidisciplinary gerontological theory and practice. Spans early disease models, successful aging, post-modern paradigms and implications for practice. Emphasizes relationship between theory and practice. Prerequisite: graduate status.

**GRN 632 Public Policy and Aging 3(3-0)**

Course addresses the development of social policy in the context of population aging. Emphasizes analysis of current and long-term implications on policy decisions. Prerequisite: graduate status.

**HDF 100 Lifespan Development 3(3-0)**

*Study of the basic principles of human development and their relation to family interactions throughout the lifespan. Recommended: Students who have taken EDU 280 or PSY 220 should seek departmental advice prior to enrollment. (University Program Group III-A: Behavioral Sciences)*

**HDF 110 Oppression: Roots and Impact on Human Development in the United States 3(3-0)**

*A study of the roots and impact of different forms of oppression on the development of individuals within the family context. This course may be offered in an online or hybrid format. (University Program Group IV-C: Studies in Racism and Cultural Diversity in the United States)*

**HDF 200 Constructivism as a Tool for Learning 2(2-0)**

Using Constructivist theory, students will establish their view of the child, family, teacher, school and community as a lens to frame future teaching practices.

**HDF 211 Marriage and Close Relationships 3(3-0)**

This course examines the cultural and historical factors and processes that affect the development of marital, familial, and other close relationships across the life course.

**HDF 212 Families in Cultural Perspective 3(3-0)**

*The varieties of family forms and resulting patterns of interpersonal relations to be found throughout Western history and in selected Western and non-Western cultures. (University Program Group III-B: Studies in Social Structures)*

**HDF 213 Introduction to Human Sexuality 3(3-0)**

Human sexual development throughout the life cycle. Emphasis on understanding and acceptance of self as a sexually functioning person. Identical to WGS 213. Credit may not be earned in more than one of these courses. This course is approved for offering in a distance learning format.

**HDF 214QR Consumer Economics 3(3-0)**

This course introduces financial and resource management skills using quantitative reasoning and mathematical calculations to enhance family financial well-being. This course may be offered in an online or hybrid format. Quantitative Reasoning.

**HDF 219 Field Work 3(1-6)**

This course examines service learning and potential career paths for professionals in Human Development and Family Studies. Field placements required. Prerequisites: A signed major in Child Development or Family Studies; HDF 100 or HDF 211 or PSY 220.

**HDF 247 Introduction to Gerontology 3(3-0)**

*Introduction to individual aging in the context of families, societies, social policies, services and resources, demography, and historical times. (University Program Group III-A: Behavioral Sciences)*

**HDF 248 Service Learning in Gerontology 3(Spec)**

A structured and supervised service learning experience in professional service settings specifically addressing the needs of older adults. Prerequisites: concurrent registration in or completion of GRN 247 or PSY 325.

**HDF 291 Human Environmental Studies: Family Ecology 3(3-0)**

Holistic approach to studying families: emphasis on the dynamic interaction of families with surrounding environments and career options associated with interaction of families and environments.

**HDF 301 Infant Toddler Practicum Experience 1-3(Spec)**

A structured observation experience that provides students with the opportunity to apply knowledge of typical infant/toddler development to observed behaviors. This course may be taught in an online or hybrid format. Prerequisites: HDF 100 or PSY 220 or EDU 280; HDF 302; permission of instructor. Students completing HDF 302 for four credits at CMU are not eligible for this course.

**HDF 302 Infant and Toddler Development 4(3-2)**

Pregnancy, prenatal development, childbirth, and the development of infants and toddlers (to 3 years) within the family and the larger social system. Supervised observation experience. Prerequisites: HDF 100 or EDU 280 or PSY 220.

**HDF 303 Early Childhood Development 4(3-2)**

Principles for growth and development of preschool and early elementary children (ages 3-8) from diverse backgrounds and observation of children in early education settings. Prerequisite: HDF 100 or EDU 280 or PSY 220.

**HDF 306 Adolescent Development 3(3-0)**

Study of adolescence and issues relating to the family of a teenager. Prerequisite: HDF 100 or EDU 280 or PSY 220.

**HDF 307 Parent-Child Relations 3(3-0)**

The study of the parent-child relationship, and the impact of that relationship on the development of both children and parents. Prerequisite: one of: HDF 100, EDU 280, or PSY 220.

**HDF 308 Theories of Child and Adolescent Development 3(3-0)**

Survey of child and adolescent theories of development. Prerequisites: HDF 100 or EDU 280 or PSY 220; Signed major or minor in Child Development, or in Family Studies.

**HDF 309 Families, Schools, and Communities 3(3-0)**

Study of the child, family, community, and schools, including parent education and involvement in learning, family and community characteristics, child abuse, and family issues. This course may be offered in an online or hybrid format. Prerequisites: HDF 100 or EDU 280 or PSY 220; Pre/Co-requisites: HDF 200.

**HDF 315 Family Management Theory 3(3-0)**

Integrated nature of family management; values, goals as reflected in decision-making regarding family resources.

**HDF 317 Child Development Skills and Methods 3(3-0)**

An introduction to skills and methods for professional practice with children and adolescents. Prerequisites: HDF 219 with a grade of C+ or better; a signed major in Child Development; Recommended: HDF 307.

**HDF 319 Family Studies Skills and Methods 3(3-0)**

An introduction to the skills and methods essential for work with individuals and families in service fields. Prerequisites: HDF 219 with a grade of C+ or better; a signed major in Child Development or Family Studies.

**HDF 320 HDFS International Service Learning 3-6(Spec)**

*An international cultural immersion experience working on a service learning project under the supervision of a faculty member. Prerequisite: Permission of instructor; minimum of 2.5 GPA; minimum of 24 CMU credit hours; depending on the service project approved, Prerequisites may include language credit or ability, completion of specialized courses, or demonstration of appropriate skills for the project. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition, Option 2)*

**HDF 328 Programs, Policies and Services for Older Adults 3(3-0)**

An examination of U.S. legislation and policies that undergird the aging services network. Prerequisite: HDF 247.

**HDF 340 Men and Masculinities in Adulthood 3(3-0)**

The course takes a social construction approach examining how a gendered society influences the way adult men perceive themselves, other men, women and social situations. Prerequisites: HDF 100 or GRN 247; one additional 3 credit HDF course.

**HDF 381 Education for Family Life and Human Sexuality 3(3-0)**

Course designed to familiarize human development and family studies students with the methods and materials necessary to teach and work as a family-helping professional. Prerequisites: HDF 100 or EDU 280 or PSY 220; HDF/SOC 213 or HSC 222; HDF 211; 3 other credits in the Family Studies major or Family Life and Human Sexuality minor.

**HDF 397 Special Topics in Human Development & Family Studies 1-6(Spec)**

Topics of special interest which are not normally included in existing courses. Prerequisites: See Course Search and Registration.

**HDF 400 Developmental Assessment of Children 3(3-0)**

Focus on the purpose of assessment, with emphasis on methods and skills used in assessing young children's development. Collaboration with parents and professionals is emphasized. This course may be offered in an online or hybrid format. Prerequisites: Two of: HDF 302, 303, 306, 510.

**HDF 402 Guidance for Young Children 4(Spec)**

Methods and theories of guidance for working with children in early childhood settings. Supervised laboratory experiences. Prerequisites: HDF 200; HDF 302, 303 with a grade of C+ or better. Senior Status. Recommended: HDF 403.

**HDF 403 Best Practices in Early Childhood Settings 3(3-0)**

Knowledge and application of evidence-based practices in early childhood settings. Opportunities to plan experiences in all curricular areas. Prerequisites: HDF 200; HDF 302, 303 with a grade of C+ or better. Recommended: HDF 402.

**HDF 404 Children and Hospitalization 3(3-0)**

This course focuses on children and hospitalization from developmental and contextual perspectives. Coping challenges and strategies to assist coping with hospitalization are examined. This course may be offered in online or hybrid format. Prerequisite: HDF 100 or PSY 220 or EDU 280.

**HDF 409 Lead Teaching in Early Childhood 8(Spec)**

Development of professional skills for working with young children and families. Supervised lead teaching experience in the Child Development and Learning Laboratory. Prerequisites: SPE 585, HDF 309, C+ or better in HDF 402 and 403. Pre/Co-requisite: HDF 400.

**HDF 411 Families in Social, Legal, & Political Contexts 3(3-0)**

This course examines how factors from social, legal, and political contexts influence family development and functioning over the life course. Prerequisites: HDF 211; Senior standing.

**HDF 413 Facilitating Discussion in Human Sexuality Groups 3(3-0)**

The purpose, rationale, professional issues, planning, techniques and methods, learning objectives, evaluation, and guided experience in facilitating discussion in human sexuality groups. Prerequisites: permission of instructor; HDF 213 or SOC 213 or WGS 213.

**HDF 414 Human Development and Family Studies Research Methods 3(3-0)**

This course is an introduction to research methods within human development and family studies. Prerequisites: 9 HDF or GRN credits.

**HDF 418 Family Development in Late Life 3(3-0)**

This course examines individual development and aging within the context of the family: marriage, singlehood and widowhood; intergenerational relations and grandparenthood; sibling relations and friendships.

**HDF 419 HDFs Internship 1-12(Spec)**

A structured internship that provides students with an opportunity to work in a professional setting serving the needs of individuals and families. No more than 6 credits may be taken each semester. Prerequisites: HDF 317 or 319 or 506 with a grade of C+ or better; a signed major in Child Development or Family Studies.

**HDF 481 FCS/LME Teaching Methods 3(3-0)**

Covers material designed to prepare students for an endorsement in Family and Consumer Sciences/Life Management Education. Prerequisites: completion of all courses in Family Studies/Life Management Education Major.

**HDF 490 Independent Study in Human Development & Family Studies 1-6(Spec)**

A student-initiated learning activity focusing on a faculty approved topic in Human Development and Family Studies. Prerequisite: Permission of Instructor.

**HDF 497 Special Topics in Human Development & Family Studies 1-15(Spec)**

Topics of special interest which are not normally included in existing courses. Prerequisites: See Course Search and Registration.

**HDF 506 Practicum in Parent Involvement 3(2-2)**

Analysis of goals, trends, methods and models of parent involvement with opportunities to plan programs for parents, and to work with parents in professional settings. Prerequisites: HDF 307; one of HDF 302, HDF 303, HDF 306; or Human Development and Family Studies graduate standing.

**HDF 508 Early Childhood Program Administration and Learning Environments 3(3-0)**

The functional role of the early childhood program director: legal and administrative controls and creative learning environments will be explored. Prerequisites: HDF 302, 303 and 309; or graduate admission.

**HDF 510 Child Development Seminar: Promoting Resilience 3(3-0)**

Through integration of theory, research, and practice, this course focuses on encouraging positive developmental outcomes and resilience in children and adolescents facing stressful life circumstances. Prerequisites: Two of: HDF 302, 303, 306, 308; or Human Development and Family Studies graduate standing.

**HDF 511 Seminar in Human Sexuality 3(3-0)**

Survey of professional literature pertaining to human sexuality. Prerequisites: HDF 213 or HSC 222.

**HDF 513 Readings in the Family 3(3-0)**

Survey of professional literature related to the family. Prerequisites: HDF 211 or HDF 411 or SOC 411.

**HDF 516 Family Development: Early Adulthood/Middle Age 3(3-0)**

A study of the tasks and transitions of the periods of the family life cycle from early adulthood through middle age. Prerequisites: HDF 100 or PSY 220; HDF 211 or HDF 411 or SOC 411.

**HDF 517 Readings in Marital Counseling and Divorce 3(3-0)**

Analysis of changing philosophical conceptualizations of marriage and family, as reflected by emerging issues in marriage counseling and divorce. Prerequisites: HDF 211.

**HDF 535 Dementia Care: Diagnosis, Treatment and Prevention 3(3-0)**

This course provides a foundation in normal aging and then addresses the individual, family and institutional challenges of diagnosis, treatment and prevention of dementing illnesses. Prerequisites: HDF 247 or PSY 325 or HSC 390.

**HDF 597 Special Topics in Human Development & Family Studies 1-15(Spec)**

Topics of special interest which are not normally included in existing courses. Specific topic will be listed on student's transcript. Prerequisite: See Course Search and Registration.

**HDF 600 Professional Seminar I-Introduction to HDFS 1(1-0)**

This course introduces students to the foundational concepts and principles involved in theory, research, and practice with individuals and families across the lifespan.

**HDF 601 Human Growth and Development: 0-8 Years 3(3-0)**

Growth and development of normal children ages 0-8 years. Major developmental processes and their educational and social implications will be emphasized.

**HDF 602 Professional Seminar II - Diversity in HDFS 1(1-0)**

This course introduces students to historical and contemporary diversity and inclusion issues and models used in HDFS theorizing and practice. Prerequisite: HDF 600.

**HDF 603 Human Diversity Within and Between Families 3(3-0)**

Diverse backgrounds of families/individuals based on ethnicity, religion, sexual orientation, class, and disabilities will be studied. Models to explore the diverse nature will be applied. Identical to SOC 611. Credit may not be earned in more than one of these courses.

**HDF 604 Professional Seminar III - Grant Writing in HDFS 1(1-0)**

The course teaches students how to locate, develop, and write grants applicable to research, non-profit agencies, and programs. Prerequisites: HDF 602, 630.

**HDF 606 Human Growth and Development: Issues in Adolescent Development 3(3-0)**

Research and theory relating to the adolescent as a member of family and society. Prerequisite: HDF 306.

**HDF 609 Application of Theory and Research in Human Development 3(3-0)**

This course explores contemporary issues and theory to understand and explain human development with an emphasis on the diversity of humans across the lifespan. Pre/Co-requisite: HDF 600.

**HDF 615 Application of Theory and Research in Family Studies 3(3-0)**

This course explores core issues in family studies and presents historical and contemporary theoretical frameworks used to understand and explain family life.

**HDF 618 The Family Life Cycle: The Older Adult 3(3-0)**

Study of the older adult in terms of the nutritional, social, consumer and familial aspects of development.

**HDF 619 Continuing Registration for Final Research Project 1(1-0)**

A non-credit course intended for students who have completed all program credits but still need to use university resources to complete their degree requirements.

**HDF 630 Applied Research Methods 3(3-0)**

This course introduces students to the quantitative, qualitative, and mixed methods used when conducting research within an interdisciplinary context in the human services. Prerequisite: Graduate standing. Recommended: An undergraduate course in research methods; an undergraduate course in statistics.

**HDF 635 Skill Mentorship in HDFS: Teaching 1(Spec)**

Applied directed study course in which students work closely with a faculty mentor. Mentorship focuses on the development of teaching skills. Prerequisite: Admission to the graduate program in Human Development and Family Studies.

**HDF 636 Skill Mentorship in HDFS: Research 1(Spec)**

Applied directed study course in which students work closely with a faculty mentor. Mentorship focuses on development of research skills. Prerequisite: Admission to the graduate program in Human Development and Family Studies.

**HDF 637 Skill Mentorship in HDFS: Practice 1(Spec)**

Applied directed study course in which students work closely with a faculty mentor. Mentorship focuses on the development of professional practice skills. Prerequisite: Admission to the graduate program in Human Development and Family Studies.

**HDF 640 Practice in Human Services 3(3-0)**

This course presents a review and analysis of historical and contemporary services for children, adults, and families with a particular emphasis on skills and ethics. Prerequisite: Admission to the HDFS graduate program.

**HDF 642 Program Development and Evaluation in Human Services 3(3-0)**

This course addresses advanced components of program development and evaluation in the human services field. Prerequisite: Admission to the HDFS graduate program.

**HDF 686 Practicum I in HDFS 3(Spec)**

This course is an initial practicum in the HDFS Master's Program and is a human services related occupational experience with supervision by individual faculty. Prerequisites: HDF 600, completion of at least 12 credits in the HDFS graduate program.

**HDF 688 Practicum II in HDFS 3(Spec)**

This course is an advanced practicum in the HDFS Master's Program and is a human services related occupational experience with supervision by individual faculty. Prerequisite: HDF 686.

**HDF 697 Special Topics in Human Development & Family Studies 1-15(Spec)**

Topics of special interest which are not normally included in existing courses. Specific topic will be listed on student's transcript.

**HDF 786 Occupational Field Experience 3(Spec)**

Internship in one human development and family related occupation with supervision by individual faculty. CR/NC only. Prerequisite: HDF 600, 9 hours of graduate level course credit and permission of instructor.

**HDF 797 Special Topics in Human Development & Family Studies 1-15(Spec)**

Topics of special interest which are not normally included in existing courses. Specific topic will be listed on student's transcript.

**HDF 798 Thesis in Human Development & Family Studies 1-6(Spec)**

Individual research or creative endeavor culminating in a written thesis and/or exhibition of work. CR/NC only. Prerequisites: Permission of instructor.

**HDF 799 Plan B Project in Human Development and Family Studies 3(3-0)**

Individual research or creative endeavor culminating in a Plan B project. CR/NC only. Prerequisite: Admission to the graduate program in HDFS; Permission of Plan B Committee based on approval of Plan B proposal.

**HOA 334 Casino Operation and Management 3(3-0)**

Practices and problems associated with casino management, including staffing, security and control, taxation and entertainment. Prerequisites: 56 semester hours completed and admission to Professional Business Studies or listed on signed major or minor.

**HOA 339 Protection of Casino Table Games 3(3-0)**

An in-depth examination of the various methods used to protect casino table games. The course reviews blackjack, baccarat, poker, craps and roulette, examining possible ways that cheating can occur. Methods of detection and various internal controls used by the casino will be discussed. Prerequisites: 56 semester hours completed and admission to Professional Business Studies or listed on signed major or minor.

**HOA 426 Accounting for the Hotel Casino 3(3-0)**

Examines the accounting systems, procedures and controls required by both management and government for internal auditing, financial reporting and government control. Prerequisites: 56 semester hours completed and admission to Professional Business Studies or listed on signed major or minor.

**HOA 436 Mathematics of Casino Games 3(3-0)**

Develops the techniques and methods for computing the probabilities, expected values and house percentages of casino games and analyzes the effects of changes in playing rules and payoff odds. Prerequisites: 56 semester hours completed and admission to Professional Business Studies or listed on signed major or minor.

**HOA 437 Gaming Regulations and Control 3(3-0)**

Nevada's system of gaming regulation and control will provide a model for studying the history, purpose, politics, methods, and limitations --both practical and legal--of governmental regulation and control of legal gambling. Prerequisites: 56 semester hours completed and admission to Professional Business Studies or listed on signed major or minor.

**HOA 439 Seminars in Casino Management 3(3-0)**

Special topics in casino problems. Course open to experienced casino personnel. Prerequisites: 56 semester hours completed and admission to Professional Business Studies or listed on signed major or minor.

**HOA 442 Sociology of Gambling 3(3-0)**

Analysis of patterns of participation in various forms of gambling, the political/economic background of gambling, and the effects of gambling on communities, lifestyles and value systems. Prerequisites: 56 semester hours completed and admission to Professional Business Studies or listed on signed major or minor.

**HON 100 Introduction to Honors 3(Spec)**

Introduction to the mission, core values, and goals of the University Honors Program for first year Honors students. Credit cannot be earned in both HON 100 and HON 300. Prerequisite: Admission to the University Honors Program. Co-requisite: Enrollment in one Honors First Year Seminar: HON 201, 202, 203, 204, 205, 206, 207, 208.

**HON 102 Honors Colloquium 1-3(Spec)**

Colloquia are experimental or novel courses which are open to all Honors students. Colloquia intend to introduce new subjects or questions or to probe deeply into more narrowly defined areas. Repeatable up to 3 credits when content previously studied is not duplicated. Prerequisite: Honor students only.

**HON 201 Honors Studies in Human Events and Ideas: First Year Seminar 3(3-0)**

*Explores a complex issue through the lens of the Humanities and seeks solutions to the great challenges facing our world. May be offered as Writing Intensive. Prerequisite: Admission to the Honors Program. Pre/Co-requisite: HON 100. (University Program Group I-A: Human Events and Ideas)*

**HON 202 Honors Studies in the Arts: First Year Seminar 3(3-0)**

*Explores a complex issue through the lens of the Humanities and seeks solutions to the great challenges facing our world. May be offered as Writing Intensive. Prerequisite: Admission to the Honors Program. Pre/Co-requisite: HON 100. (University Program Group I-B: The Arts)*

**HON 203 Honors Descriptive Science: First Year Seminar 3(3-0)**

*Explores a complex issue through the lens of the descriptive sciences and seeks solutions to the great challenges facing our world. May be offered as Writing Intensive. Prerequisite: Admission to the Honors Program. Pre/Co-requisite: HON 100. (University Program Group II-A: Descriptive Sciences)*

**HON 204 Honors Quantitative and Mathematical Science: First Year Seminar 3(3-0)**

*Explores a complex issue using approaches from the quantitative and mathematical sciences and seeks solutions to the great challenges facing our world. May be offered as Writing Intensive. Prerequisite: Admission to the Honors Program. Pre/Co-requisite: HON 100. (University Program Group II-B: Quantitative and Mathematical Science)*

**HON 205 Honors Behavioral Sciences: First Year Seminar 3(3-0)**

*Explores a complex issue through the lens of the behavioral sciences and seeks solutions to the great challenges facing our world. May be offered as Writing Intensive. Prerequisite: Admission to the Honors Program. Pre/Co-requisite: HON 100. (University Program Group III-A: Behavioral Sciences)*

**HON 206 Honors Studies in Social Structures: First Year Seminar 3(3-0)**

*Explores a complex issue through an analysis of social structures and seeks solutions to the great challenges facing our world. May be offered as Writing Intensive. Prerequisite: Admission to the Honors Program. Pre/Co-requisite: HON 100. (University Program Group III-B: Studies in Social Structures)*

**HON 207 Honors Studies in Global Cultures: First Year Seminar 3(3-0)**

*Explores the complexity of global cultures and seeks solutions to the great challenges facing our world. May be offered as Writing Intensive. Prerequisite: Admission to the Honors Program. Pre/Co-requisite: HON 100. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**HON 208 Honors Studies in Racism and Diversity in the U.S.: First Year Seminar 3(3-0)**

*Explores the complexity of racism as a great challenge facing our world and seeks solutions that promote diversity. May be offered as Writing Intensive. Prerequisite: Admission to the Honors Program. Pre/Co-requisite: HON 100. (University Program Group IV-C: Studies in Racism and Cultural Diversity in the United States)*

**HON 300 Introduction to Honors II 1(Spec)**

Introduction to the mission, core values, and goals of the University Honors Program for first semester, Track II, Honors students. Credit cannot be earned in both HON 100 and HON 300. Prerequisite: Track II Admission to the University Honors Program.

**HON 309 Honors Global Citizenship 1-6(Spec)**

*This course is designed to engage Honors students in global citizenship through study abroad experience. This course may be repeated when offered with a different focus of study. Prerequisites: Completion of HON 100, good standing in Honors. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**HON 310 Honors Academic Service Learning 1-4(Spec)**

This course offers an opportunity for honors students to perform targeted academic-based service work under the supervision of a CMU faculty member. This course may be repeated when offered with a different focus of study. This course may be offered in an online or hybrid format. Prerequisites: HON 100; good standing in Honors.

**HON 321 Seminar 3-12(Spec)**

Honors seminars are more cognitively advanced courses addressing various topics, themes, and problems, and assuming experience and skill in analysis, synthesis, critical evaluation, and research. They are open primarily to sophomores, juniors, and transfer students.

**HON 399 Independent Study 1-6(Spec)**

Provides an opportunity for the student to investigate an approved topic which relates to her/his special needs and interests.

**HON 401 Confrontation Colloquium 3(3-0)**

These team-taught courses provide an opportunity for advanced multidisciplinary scholarship in which an integrating activity, project, or exhibit will be required.

**HON 499 Senior Project 3-6(Spec)**

An opportunity for senior honors students individually to design and execute multidisciplinary scholarship. Upper division honors students are expected to complete either HON 401 or 499.

**HPS 101 Introduction to the Health Professions 3(3-0)**

Provides an understanding of the university environment, value of learning, and student responsibilities while emphasizing health professions and exploring self-identification skills necessary for choosing careers.

**HPS 582 Special Topics 1-3(Spec)**

Exploration of special topics in the field of Athletic Training/ Sports Medicine and other health related areas. May be repeated to a maximum of 3 hours. Identical to ATR 582. Credit may not be earned in more than one of these courses. This course is approved for offering in a distance learning format. Prerequisites: ATR 430 and permission of instructor.

**HSA 120 Introduction to the Gaming Industry 3(3-0)**

Overview of gaming industry; including scope, staffing, security, control, taxation, government regulations, and social, economic, and cultural impacts of gaming on host community.

**HSA 210 Effective Supervision: Principles and Practices 3(3-0)**

Prepares students to be effective first-line supervisors in a variety of organizational settings by using sound principles and practices applied to basic managerial processes. Identical to MGT 210. Credit may not be earned in more than one of these courses.

**HSA 240 Introduction to Hospitality Services Administration 3(3-0)**

Lectures and travel giving a broad introduction to the services industry in the United States and the world. Additional fee required.

**HSA 245 Wines of the World 1(1-0)**

This is an introduction to the subject of wine, its history, variety, production, commercial and social role. Course participants gain experience in identifying wines, appraising value, serving, and discussing wines intelligently and constructively in today's era of social responsibility.

**HSA 297 Special Topics 1-6(Spec)**

Selected problems of interest to students which are not normally included in existing courses. Specific topics will be listed on students' transcripts.

**HSA 331 Hospitality Industry Information Systems 3(3-0)**

Concepts and design of information systems and the role of the computer in hotels, restaurants and travel-related industries. Prerequisites: ACC 202; BIS 221; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**HSA 341 Services Marketing 3(3-0)**

Planning and implementation of marketing strategy and application of the marketing mix to services including hospitality, banking and health services. Identical to MKT 341. Credit may not be earned in more than one of these courses. Prerequisites: MKT 300 or MKT 304; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**HSA 343 Tourism 3(3-0)**

An examination of where and why the hospitality services industry client travels at home and abroad and the economic impact of tourism expenditures. Identical to RPL 343. Prerequisites: 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**HSA 344 Legal Aspects of Hospitality Services 3(3-0)**

An analysis of the legal and labor environments of the hospitality services industry. Prerequisites: BLR 202; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**HSA 348 Franchising 3(3-0)**

This course explores the major functional areas of franchising, franchising agreements, characteristics of the franchisor and franchisee, franchising opportunities, legal concerns, and franchising strategies. Prerequisites: 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**HSA 350 Lodging Operations 3(3-0)**

A detailed look at the multi-dimensional lodging operations from a manager's perspective. Prerequisites: 56 semester hours completed; admission to Professional Business Studies or listed on a signed major or minor.

**HSA 390 Field Studies in Hospitality Services Administration 3(3-0)**

Activities which may include industrial visitations and work study in conference with supervision of cooperating organization, professor and student. Prerequisites: permission of instructor; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**HSA 397 Special Topics 1-6(Spec)**

Selected problems of interest to students which are not normally included in existing courses. Specific topic will be listed on the students transcript. Prerequisites: 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**HSA 445 Advanced Food and Beverage Systems Management 3(3-0)**

Studies in advanced management requirements in food and beverage systems. Prerequisites: Completion of FNS 365/366 encouraged; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**HSA 447 Financial Management in the Hospitality Service Sector 3(3-0)**

Acquaints the student with current and anticipated financial environment for lodging and food services organizations and develops skills in managing financial resources in the industry. Prerequisites: MGT 258 or 312; ACC 201 or 250, ACC 202 or 255; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**HSA 490 Hospitality Internship 3(Spec)**

Full-time summer designed work experience in hospitality operations agreed to by student and faculty coordinator. Detailed written report required. Prerequisites: 56 semester hours completed; HSA major or concentration; admission to Professional Business Studies or listed on signed major or minor.

**HSA 491 Independent Studies 1-6(Spec)**

Directed reading or research on an approved topic. Open to seniors in good academic standing. Prerequisites: prior permission of instructor and department chairperson; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**HSA 492 Practicum in Small Business 3(Spec)**

Provides the student an opportunity to analyze the accounting, finance, marketing, management, and production system of an ongoing small business. Identical with ACC/FIN/MGT/MKT/BIS 492. Prerequisites: 56 semester hours completed; permission of instructor; admission to Professional Business Studies or listed on signed major or minor.

**HSA 542 International Tourism 3(3-0)**

This course focuses on the strategic management of international tourism in hospitality organizations, associations, and government agencies. Prerequisites: 86 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**HSA 546 Management in the Hospitality Service Sector 3(3-0)**

Management and personnel functions as they relate to the hospitality industry; skills necessary to manage hotels, clubs, resorts; role of food service in these operations. Prerequisites: HSA 350, 447; 86 semester hours completed; admission to Professional Business Studies, listed on signed major or minor.

**HSA 597 Special Topics 1-6(Spec)**

Selected problems of interest to students which are not normally included in existing courses. Specific topic will be listed on the student's transcript. Prerequisites: admission to Professional Business Studies and senior standing; 86 hours completed.

**HSA 791 Independent Studies 1-6(Spec)**

Directed reading or research on an approved topic. Prerequisites: permission of instructor and department chairperson and 15 hours of graduate credit in MBA program.

**HSA 797 Special Topics 3-6(Spec)**

Enables students to take various topics under the same number. Specific topic will be listed on the student's transcript. Prerequisites: graduate status and permission of instructor.

**HSA 798 Thesis 1-6(Spec)**

CR/NC only.

**HSC 106QR Healthy Lifestyles 3(2-1)**

Focus on individual health and wellness concepts using quantitative reasoning. Designed to assist the individual in striving for lifelong learning about healthier lifestyles. Quantitative Reasoning.

**HSC 107 Drugs and the Athlete 1(1-0)**

An orientation in basic chemical substances and nutrition as an ergogenic aid as they affect athletic performance. This course may be offered in an online hybrid format.

**HSC 190 Introduction to Exercise Science 1(1-0)**

Introduction to the profession of exercise science, including elements from the basic and clinical sciences, and other allied health professions that integrate with exercise science.

**HSC 201 Medical Terminology 2(2-0)**

A self-study module course for learning the meaning and use of prefixes, suffixes, root words and terms commonly used in health care fields. CR/NC only.

**HSC 203 Leadership for the Health Professions 3(3-0)**

This course provides students entering health professions with concepts, processes and techniques to equip them to assume more responsibility, to serve in leadership roles, and to maintain professional/personal balance.

**HSC 205 Responding to Emergencies 2(1-2)**

Includes CPR and first aid care. American Red Cross certification for first aid and CPR can be earned.

**HSC 211 Human Anatomy and Physiology 3(3-0)**

Introductory course in structure and function of the human body.

**HSC 212 Applied Physiology and Kinesiology 3(2-2)**

Emphasizes functional aspects of human performance and their application. Identical to PES 212. Credit may not be earned in more than one of these courses. Prerequisite: HSC 211.

**HSC 213 Anatomy & Physiology Laboratory 1(0-2)**

A learning experience using laboratory techniques and procedures to develop an understanding of the human body structure and function. Prerequisite: HSC 211 or concurrent enrollment.

**HSC 214 Human Anatomy 4(3-3)**

A comprehensive course in the structure of the human body organized by systems. Laboratory work includes identification of fundamental anatomical structures on models and cadavers. Prerequisites: HSC 211 or college level natural science course.

**HSC 215 Human Physiology 4(3-2)**

A comprehensive course that studies the function of the organ systems of the human body. Laboratory work in fundamental physiological principles is included. Pre/Co-Requisite: HSC 214.

**HSC 216 Biomechanics and Kinesiology 3(2-2)**

The study of functional aspects of human movement, including basic biomechanics and structural kinesiology. Prerequisites: HSC 214, HSC 215.

**HSC 219 Exercise Conditioning for Health Fitness Professionals 2(0-3)**

Students will learn to perform and teach various exercises utilized in fitness centers and achieve a moderate standard of fitness themselves. Prerequisites: HSC 214, HSC 215.

**HSC 220 Basics In Health Fitness 3(2-2)**

Theory and practices related to exercise testing and administration. Practical experience in body composition techniques, electrocardiography, and fitness evaluation. Prerequisites: HSC 214, HSC 215.

**HSC 222 Sexuality In Health Education 3(3-0)**

Emphasis on understanding and human values as related to programming sex education in health education classes. Not open to students with credit in HSC 527.

**HSC 223 Basic Health Concepts I 3(3-0)**

One of two introductory content courses covering: tobacco, alcohol and drug use and prevention; growth and development; disease prevention; nutrition; and physical activity. Pre/Co-Requisite: HSC 106.

**HSC 224 Basic Health Concepts II 3(3-0)**

One of two introductory health content courses covering: violence prevention/safety; emotional/mental health; character education; intentional/unintentional injuries; community, environmental and consumer health. Pre/Co-Requisites: HSC 106.

**HSC 235 Psychoactive Drugs 3(3-0)**

The study of psychoactive drugs: what they are; how they work; and why people use and/or abuse them. Not open to students with credit in HSC 528, 529, or 530. This course may be offered in an online or hybrid format.

**HSC 236 Substance Abuse Intervention Programming 3(3-0)**

The impact of drug abuse on society and efforts to prevent substance abuse, including prevention, interdiction, treatment and follow-up. Prerequisite: HSC 235.

**HSC 297 Special Topics 1-12(Spec)**

Contains subject matter not included in courses currently listed in the Bulletin. Prerequisite: Permission of Instructor.

**HSC 308 Physiology of Sport and Exercise 3(3-0)**

Lectures on basic principles of physiology of exercise. The basics of exercise, performance conditioning, and the human organism response to these conditions. Identical to PES 308. Credit may not be earned in more than one of these courses. Prerequisites: HSC 211; or HSC 214, 215.

**HSC 310 ECG Assessment 2(2-1)**

Emphasis is placed on the recognition and interpretation of normal and abnormal resting and exercise ECG's. Includes lab experience in resting and exercise ECG monitoring. Prerequisites: A grade of C or higher in HSC 214, 215; a signed Exercise Science Major: Clinical Exercise Science Option or a signed Health Fitness in Preventive and Rehabilitative Major.

**HSC 313 Field Experience in School Health Education 1(Spec)**

A 30-hour field experience of on-site observation and participation under the supervision of the department and a secondary school health education teacher. CR/NC only. Prerequisites: EDU 107; HSC 205, HSC 211, HSC 222, HSC 235; HSC 503 or FNS 370.

**HSC 317 Community Health 3(3-0)**

Introduction to public health, and services provided to citizens and educators by official and voluntary health agencies. This course may be offered in an online or hybrid format.

### **HSC 319 Methods and Materials in Community Health Education 3(3-0)**

Skills and techniques in writing, developing health education materials, public speaking, and group dynamics as they relate to community programs. Prerequisite: A signed Community Health Major or minor.

### **HSC 323 Community Organization Methods 3(3-0)**

The course examines the principles of community organization practice for health education. Community organization models, concepts, skills, strategies, and theories will be addressed.

### **HSC 333 Managing the Health of Populations 3(3-0)**

This course provides the foundation for exploring health of populations and communities within the context of applied epidemiology and sound healthcare delivery administration.

### **HSC 340 Curriculum in Health Education 3(3-0)**

Study of modern curriculum philosophy, structure, placement, and content within elementary, junior, and senior high schools.

### **HSC 343 Health Education in the Elementary School 2(2-0)**

A study of health education programs and practices for teachers at the elementary school level. Prerequisites: admission to teacher education or teacher certificate.

### **HSC 346 Methods and Resources in Teaching Health 3(3-1)**

Methods and resources in teaching health education. A lab will be devoted to micro-teaching. Pre/Co-Req: HSC 340.

### **HSC 350 Community Service in the Health Educators 2(2-0)**

A service-learning experience where the student is engaged in a hands-on service project. Academic coverage includes the philosophy, objectives, and methods of community service. Prerequisite: HSC 317.

### **HSC 352 Environmental Health 3(3-0)**

Emphasis on today's environmental problems related to health, air, water, radiation, housing, urbanization, disease, weapons of mass destruction, and man's responsibilities and remedial actions to these problems. This course may be offered in an online or hybrid format.

### **HSC 390 Health and Aging 3(3-0)**

A study of age-related changes of the body, health concerns, healthy lifestyles and health care for older adults.

### **HSC 404 Epidemiology 3(3-0)**

Introduction to basic principles and methods of epidemiology including: determinants of disease distribution, measures of disease frequency and association, study design, and data sources. Prerequisites: Math competency; 56 credits.

### **HSC 411 Pathophysiology 3(3-0)**

Study of body's physiological responses to disease states. Emphasis is placed on the interactions among body systems and the alterations in homeostatic mechanisms. Prerequisite: HSC 211 or HSC 215 or BIO 392.

### **HSC 414 Decision Technologies in Health Care 3(3-0)**

This course surveys two computer-based tools, simulation and geographical information systems, commonly used to market and manage the delivery of health services. Prerequisite: an introductory probability or statistics course.

### **HSC 417 Epidemiology for Community Health 3(3-0)**

This course introduces students to the basic principles and methods of epidemiology, including determinants of disease distribution and other elements of investigating disease outbreaks. Prerequisite: HSC 317.

### **HSC 418 Professional Aspects of Health Education 2(2-0)**

This course will address professional issues relating to the history, philosophy, ethics, practice, settings, and competencies of health education. Prerequisites: HSC 317 or concurrent enrollment.

### **HSC 419 Community Health Education, Assessment, Planning and Program Evaluation 3(3-0)**

Models, theories, methodologies, interventions, and evaluation of community health assessments and programs will be discussed, along with other health education responsibilities and initiatives. Prerequisites: HSC 418 or concurrent enrollment; HSC 544 or concurrent enrollment.

### **HSC 420 Health Fitness Assessment 3(2-3)**

Practical course in exercise testing as used in health fitness settings including tests of cardiovascular function, muscular strength and endurance, flexibility, body composition and lung function. Prerequisites: HSC 211 or HSC 214 and HSC 215; HSC 308.

### **HSC 421 Personal Training 3(2-3)**

Practical course to instruct students in leading safe and effective exercise programs one-on-one with their clients in a variety of environments. Prerequisites: HSC 308; HSC 420 (or concurrent enrollment).

### **HSC 422 Internship - Community Health 6(Spec)**

Application of health education and health promotion principles in a community health agency. Experience supervised by a qualified health educator. CR/NC only. Prerequisites: Students must complete all required courses in their major prior to the internship. Applications must be approved in advance by the internship coordinator.

### **HSC 423 Practicum in Personal Training 2(1-3)**

This course is designed for students to obtain experience leading safe and effective exercise programs with clients one-on-one. CR/NC Only. Prerequisites: HSC 205, 308, 420, 421.

### **HSC 424 Practicum in Health Fitness 2(0-6)**

Practical experience with fitness appraisals/exercise prescriptions for adults; and staff functions in various campus facilities. CR/NC only. Prerequisites: HSC 205, 308 and permission of instructor.

### **HSC 425 Health Fitness Program Administration/Management 3(3-0)**

This course will prepare students to work in health fitness settings organizing, administering and supervising programs for apparently healthy individuals or those with controlled risks. Prerequisites: HSC 420, HSC 421.

### **HSC 452 Environmental Health & Safety Internship 3(Spec)**

Application of knowledge and skills in an approved, supervised Environmental Health & Safety internship; minimum of 180 hours required. CR/NC only. Prerequisite: Permission of instructor.

**HSC 500 Health Informatics 3(3-0)**

Overview of the broad spectrum of healthcare informatics issues, challenges and opportunities faced by healthcare managers. Emphasis is on managing healthcare information as a corporate asset and on the relationship of health informatics to the quality, accessibility and cost of healthcare. Prerequisites: HSC 317.

**HSC 503 Health Implications of Obesity 3(3-0)**

Obesity and overweight will be studied with special emphasis on diet, nutrition, and exercise. Modes of prevention and treatment will also be discussed.

**HSC 504 International Health Education 3(3-0)**

Examines major issues in international health education, exploring the health education opportunities and challenges of addressing specific health problems of countries throughout the world. This course is approved for offering in a distance learning format. Prerequisites: Admission to the College of Graduate Studies, or Junior or Senior undergraduate standing.

**HSC 505 Work Injury Prevention 3(3-0)**

The study of etiology, epidemiology, treatment, management and prevention of neuromuscular and musculoskeletal injuries in workplace settings. Prerequisites: HSC 211 or HSC 214.

**HSC 506 Health and Physical Development in Late Life 3(3-0)**

This course examines in depth the processes of normal aging as well as important issues affecting the health of older adults. Prerequisites: BIO 101.

**HSC 507 Introduction to Health Service Organizations and Systems 3(3-0)**

Macro level study of healthcare systems including delivery, integration, reimbursement mechanisms, multi-organizational and inter-organizational arrangements, health policies, and future solutions. This course may be offered in an online or hybrid format.

**HSC 508 Education on Sexual Aggression for School/Community 3(Spec)**

This course addresses the realities of sexual aggression, and how schools, corporations, and communities can educate their respective populations on these topics. Identical to PES 508. Credit may not be earned in more than one of these courses.

**HSC 510 Independent Reading Experience 1-4(Spec)**

Individual reading—an experience designed for professional enrichment. 4-hour maximum. CR/NC only. Prerequisite: Permission of Instructor.

**HSC 512 Special Topics in Health Education 1-12(Spec)**

In-depth consideration of relevant, pertinent health issues.

**HSC 514 Biostatistics and Epidemiology 3(3-0)**

This course presents biostatistical and epidemiological concepts, principles and methods as they apply to problems within community and public health environments. Prerequisites: MTH 105; HSC 317.

**HSC 516 Travel Course in Health Education 1-15(Spec)**

Topics scheduled to study health education, private and voluntary health care programs, museums, hospitals, health clinics, city and school health programs. Prerequisite: Permission of instructor.

**HSC 517 Drugs and the Elderly 2(2-0)**

An introduction to medication practices and problems among the elderly, and study of selected drugs and their effects on the aging individual. Prerequisites: HSC 390.

**HSC 519 Death Education and Suicide Prevention 3(3-0)**

A holistic study of the cultural, spiritual, legal, ethical, psychological and controversial aspects of death. Emphasis will also be placed on suicide prevention. Prerequisites: must have completed a minimum of 60 semester hours of coursework.

**HSC 520 Health Services Administration 3(3-0)**

Analysis of organizational patterns, planning procedures, fiscal management, personnel management, and other administrative concerns. This course may be offered in an online or hybrid format.

**HSC 522 Consumer Health Education 2(2-0)**

Issues of consumer health related to the individual, the community, and society.

**HSC 523 AIDS Education 1(1-0)**

A concentrated study of Acquired Immune Deficiency Syndrome, including the origin, prevalence, spread, disease process, psychosocial aspects and implications for society. Prerequisites: HSC 106, or teaching certificate. This course is approved for offering in a distance learning format.

**HSC 524 Workshop on Health Fitness 2(Spec)**

Guidelines for fitness appraisals and exercise prescription for healthy and high risk adults.

**HSC 525 Sexually Transmitted Disease Workshop 1(Spec)**

Concentrated study of sexually transmitted diseases, modes of transmission, and role of public health agencies and schools in coping with the problem.

**HSC 526 Behavioral Health 3(3-0)**

Concentrated study of mental health and illness as related to home, school, and community. This course may be offered in an online or hybrid format.

**HSC 527 Sex Education Workshop 1(Spec)**

Concentrated study of sex education and roles of home, school, and community. Not open to students with credit in HSC 222.

**HSC 528 Smoking and Health Education Workshop 1(Spec)**

Concentrated study of physiological, psychological, sociological, and educational aspects of smoking. Not open to students with credit in HSC 235.

**HSC 529 Alcohol Education Workshop 1(1-0)**

Concentrated study of physiological, psychological, and sociological aspects of alcohol education. Not open to students with credit in HSC 235. This course is approved for offering in a distance learning format.

**HSC 530 Drug Abuse Workshop 1(Spec)**

Concentrated study of the effects of drugs and narcotics. Roles of home, school, and community in drug education. Not open to students with credit in HSC 235. This course is approved for offering in a distance learning format.

**HSC 532 Diversity Issues in the Health Professions 3(3-0)**

Developing an understanding of diversity issues in order to become a more effective multiculturally competent health practitioner. Prerequisites: HSC 106 or HSC 317 or graduate standing.

**HSC 534 Workshop in Principles of Cardiovascular Health and Disease 1(Spec)**

Concentrated study of the physiological aspects of the cardiovascular system and its adaptation to stress.

**HSC 536 Health Education Assessment 3(3-0)**

Content, skills and application to develop and use assessment and evaluation strategies for health education. Prerequisites: HSC 222, 223, 224 Co-requisites: HSC 340, 346.

**HSC 537 Stress Reduction Workshop 1(Spec)**

Systematic evaluation of stress and methods used to effectively reduce stress to promote and maintain health and wellness. Prerequisite: 50 credit hours completed or graduate standing.

**HSC 538 Development of Proposals and Reports in Health Administration 3(3-0)**

Emphasize format, content, and writing skills necessary for administration of health programs to prepare proposals, reports, and publications.

**HSC 544 Biostatistics 3(2-1)**

This class presents applied statistical concepts, principles and methods in the health services industry. Statistical procedures are applied to health, administrative, and medical data. Prerequisites: STA 282 or PSY 211 or graduate standing.

**HSC 545 Health Planning 3(3-0)**

Capstone course that brings together major aspects of managing healthcare organizations and programs into the strategic planning process and methodologies. This course may be offered in an online or hybrid format. Prerequisites: HSC 500, 507, 520, 544. Pre/Co-requisites: HSC 570. Recommended: MKT 300; HSC 333, 538.

**HSC 546 Microcomputer Applications to the Health Sciences 3(3-0)**

Microcomputer applications in school and community health, health services administration, health promotion and exercise science, application of current software utilized by the health fields. Prerequisite: CPS 100 or BIS 104.

**HSC 547 Health Risk Identification and Management 3(3-0)**

Health risk factors associated with cardiovascular and other chronic diseases will be identified and studied. Management, and risk to morbidity and mortality will be emphasized. This course is approved for offering in a distance learning format. Prerequisite: A signed major in one of the following: Health Fitness in Preventive and Rehabilitative Programs Major, Community Health Education Major, or Exercise Science Major (Clinical Exercise Science, Health Fitness, or Kinesiology Option).

**HSC 550 Stress Test Administration 3(2-2)**

Course in theory and methods of administering exercise stress tests using different modes of exercise and consideration of different populations. Includes classroom and practical experience. Prerequisites: A grade of C or higher in HSC 220 or 420, 308, 310; a signed Exercise Science Major: Clinical Exercise Science Option or a signed Health Fitness in Preventive and Rehabilitative Programs Major; or Exercise Science Graduate Status.

**HSC 551 Stress Testing Interpretation 3(3-1)**

Course in analysis of information gained from exercise testing, studying deviations from normal, and applications of exercise test information in adult fitness and cardiac rehabilitation programs. Prerequisites: HSC 550 with a grade of C or higher.

**HSC 552 International Health Systems, Organizations and Policy 3(3-0)**

This course presents an overview of health systems structure, service delivery, administrative processes and policy dimensions from an international perspective. Health systems, programs and initiatives from various countries and cultural settings are studied as are global health agencies involved in the coordination of health improvement efforts. This course is approved for offering in a distance learning format. Prerequisites: HSC 317.

**HSC 553 Cardiac Medications 2(2-0)**

An examination of classifications, mechanisms of action, indications and names of medications used in treatment of cardiovascular diseases and associated disorders (pulmonary and metabolic diseases). Prerequisites: Admission to the Exercise Science Major: Clinical Exercise Science option or graduate standing.

**HSC 555 Health Education in the Elementary School 3(3-0)**

Various components of the elementary school program: instruction, curriculum, services, and administration.

**HSC 570 Financial Aspects of Health Services Organizations 3(3-0)**

This course addresses the main issues surrounding financial administration of health services organizations, particularly hospitals. Prerequisite: ACC 201.

**HSC 571 Legal Aspects of Health Services Organizations 3(3-0)**

The issues studied are hospital liability, informed consent, medical staff appointments, tort and health services, ethical issues related to health care.

**HSC 572 Quality Improvement in Health Services 3(3-0)**

Basics, implementation and application of quality management and improvements specific to health care. Statistical principles and illustrative cases are presented. Recommended: HSC 520.

**HSC 575 Exercise Science Clinical Internship 8(Spec)**

Application of knowledge and skills in an approved, supervised clinical exercise program internship; minimum of 480 hours required. CR/NC only. Prerequisites: Undergraduate students must have completed all courses in the Exercise Science Major: Clinical Option. Graduate students must have completed HSC 310, 411, 547, 550, 551, 553 with grades of C or higher.

**HSC 576 Exercise Science Fitness Internship 8(Spec)**

Application of knowledge and skills in an approved, supervised fitness internship; minimum of 480 hours required. CR/NC only. Prerequisites: Undergraduate students must have completed all courses in the Exercise Science Major: Clinical Option. Graduate students must have completed HSC 219, 420, 421, 423, 425 with grades of C or higher.

**HSC 580 Teaching Sexuality and Reproductive Health in Schools 2(2-0)**

A workshop designed to meet PA 226 guidelines for teacher qualifications in sex education and reproductive health by providing insight into the content of quality K-12 sex education programs. Prerequisites: A teaching certificate or approval of the instructor.

**HSC 581 Managed Care: Origins, Organizations, and Operations 3(3-0)**

Covers managed care programs, including Accountable Care Organizations, structures, and practice models, role of physicians and other clinicians, capitation and forms of reimbursement. This course may be offered in an online or hybrid format. Prerequisite: HSC 507. Recommended: HSC 520.

**HSC 586 Cardiovascular Disease Risk Factors in Children 3(1-4)**

Course reviews cardiovascular disease risk factors of children (CVDRF). Students will be involved in 45 hours of service learning, screening CVDRF of area children. Prerequisites: HSC 214, 215, and 220.

**HSC 591 Legal & Regulatory Aspects of Long-Term Care 3(3-0)**

This course covers the legal and regulatory issues inherent to the long-term care industry in the United States. In addition, this course serves as preparation for individuals wishing to sit for the National Association of Board of Examiners Exam ("National Exam"). Prerequisites: undergraduate students must have completed 56 credit hours; HSC 571 recommended.

**HSC 592 Administration Issues in Long-Term Care 3(3-0)**

This course covers the facility management issues of long-term care administration, including aspects of business, regulation and human resources. Prerequisites: undergraduate students must have completed 56 credit hours; HSC 570 recommended.

**HSC 593 Resident Care Issues in Long-Term Care Administration 3(3-0)**

This course covers the residential and clinical aspects of long-term care administration. Prerequisites: undergraduate students must have completed 56 credit hours.

**HSC 595 Health Administration Internship 6(6-0)**

This course is the capstone professional experience conducted at a healthcare organization where the professional skills, knowledge and behaviors learned in the classroom are applied. CR/NC only. Prerequisites: HSC 507, 520, 545, 570, 571, and 572 and permission of internship coordinator; Recommended: HSC 333, 500, 538, 544; or Graduate Status and permission of internship coordinator.

**HSC 598 Nature and Dynamics of Destructive Health Habits 3(3-0)**

Etiologies and recovery strategies of substance abuse, eating and sexual disorders and the detrimental health habits which undermine healthy lifestyles. Prerequisites: HSC 235.

**HSC 604 Epidemiology 3(3-0)**

Factors related to the manifestation of infectious and non-infectious diseases, including tracing their sources, controlling spread, and initiating measures to prevent recurrences.

**HSC 612 Individualized Learning Experiences 1-10(Spec)**

An advisor or an advisory board will assign health-education learning experiences based on needs, background, and projected goals. Students must have the approval of their academic advisors before registering for the course. CR/NC only. Prerequisites: Approval of the academic advisor and permission of the course advisor.

**HSC 617 Community and Public Health 3(3-0)**

Problems of public health, public health services available to the community, and organization of programs of local, state, and national health agencies.

**HSC 619 Continuing Registration for Final Research Project 1(1-0)**

A non-credit course intended for students who have completed all program credits but still need to use university resources to complete their degree requirements.

**HSC 620 Adult Health Education Theory and Practice 3(3-0)**

Adult learning theories and educational methods as they apply to health education and promotion, with an emphasis on theory-grounded program design, implementation, and evaluation.

**HSC 630 Regional Human Anatomy 5(3-4)**

A regional approach to the structure of the human body, concentrating on the interrelationships of different anatomical structures and their clinical applications. Prerequisites: HSC 214; admission to physical therapy program, physician assistant program or graduate program in exercise science.

**HSC 631 Physiology of Exercise 4(3-2)**

Physiological basis of human movement and its application to training and performance. Identical with PES 631. Credit may not be earned in more than one of these courses.

**HSC 640 Curriculum Design in Health Education 3(3-0)**

Systematic development of learning components for the health profession.

**HSC 646 Methods of Instruction and Allied Health Profession 3(3-0)**

A course designed to familiarize the student with the theory and application of teaching methodologies for the health professional. Not open to students with credit in HSC 346.

**HSC 670 Research Methods for Health, Physical Education and Sport, Health and Recreation 3(3-0)**

Basic research methods and techniques essential in performing and interpreting scientific studies. Identical to PES 670. Credit may not be earned in more than one of these courses. Recommended: 6 hours of graduate course work completed prior to enrollment.

**HSC 700 Program Evaluation in the Health Fields 3(3-0)**

Major concepts, issues, and methodologies concerning the evaluation of health services delivery systems will be presented. Included is design, reporting, and utilization of findings.

**HSC 727 Professional Seminar 3(3-0)**

The study of health education/health promotion which includes history, foundations, literature, ethics and philosophy, professional standards and practice at the state, national and international levels. Prerequisites: 20 completed hours in health education.

**HSC 791 Independent Study 2-3(Spec)**

Taken as 3 credits for Substance Abuse option, Counseling Master's. Taken as 2 credits for Health Education Master's. Not for students taking HSC 798. CR/NC only. Prerequisite: HSC 670 or CED 695.

**HSC 798 Thesis 1-6(Spec)**

Complete a thesis directed by a committee in conformity with the university's thesis guidelines. CR/NC only. Prerequisite: HSC 670 and permission of the instructor.

**HSL 611 Healthcare Administration and Ethical Compliance 3(3-0)**

This course emphasizes administrative, organizational and ethical theory, principles, and concepts as they relate to healthcare leadership decision-making and accountability. This course may be offered in the classroom, online or hybrid.

**HSL 621 Healthcare Operations and Structures 3(3-0)**

Examination of organizational and structural issue in healthcare organizations, concentrating on Managed Care operations and Accountable Care Organizations. This course may be offered in the classroom, online or hybrid.

**HSL 631 Healthcare Law, Compliance and Risk Management 3(3-0)**

This course emphasizes legal, compliance and risk management theory, principles, and concepts as they relate to healthcare organizational decision-making and accountability. This course may be offered in the classroom, online or hybrid.

**HSL 641 Health Economics and Policy Implication 3(3-0)**

This course emphasizes the interrelationship between health economics and the development of health care policy in the United States and globally. This course may be offered in the classroom, online or hybrid. Recommended: A course in Economics such as ECO 201, 202, or 203; or a graduate course in Economics.

**HSL 651 Fundamentals of Healthcare Finance 3(3-0)**

This course focuses on the most important accounting and financial management principles and concepts relevant to department-level management of health services organizations. This course may be offered in the classroom, online or hybrid. Prerequisites: A course in accounting such as ACC 201 or ACC 250; or a graduate course in accounting.

**HSL 661 Healthcare Planning & Marketing 3(3-0)**

This course emphasizes models and methods for effectively planning for the delivery of healthcare services and the marketing of those services. This course may be offered in the classroom, online or hybrid.

**HST 100 Dynamics of the Past: An Introduction to the Study of History 3(3-0)**

Investigates how the past lives in the present and influences the future. Library is used as laboratory to answer historical questions; memorizing answers is deemphasized.

**HST 101 The Development of Western Civilization: From Ancient Times to 1700 A.D. 3(3-0)**

*The people, empires, and ideas that forged the history of Europe and the Western world, from the first cities to the Scientific Revolution. May be offered as Writing Intensive. (University Program Group I-A: Human Events and Ideas)*

**HST 102 The Development of Western Civilization: From 1700 to the Present 3(3-0)**

*The modern world was made in Europe between 1700 and 1950. Find out how and why in this survey of events, personalities, and ideas. May be offered as Writing Intensive. (University Program Group I-A: Human Events and Ideas)*

**HST 106 Twentieth Century: Western World Issues 3(3-0)**

*Analyzes issues of contemporary importance in the Western world, such as world wars, women's rights, the rise of dictatorships, and the threat of nuclear war. May be offered as Writing Intensive. (University Program Group III-B: Studies in Social Structures)*

**HST 110 The American Experience 3(3-0)**

*Thematic survey of American history. Possible topics include: changing concepts of American democracy, the role of the frontier, immigration, labor and business in America. May be offered as Writing Intensive (University Program Group I-A: Human Events and Ideas)*

**HST 111 The Quest for Liberty: The United States to 1865 3(3-0)**

*Explores the U.S.'s emergence from imperial colonies into a nation "dedicated to the proposition that all men are created equal," and antebellum struggles toward equality. May be offered as Writing Intensive. (University Program III-B: Studies in Social Structures)*

**HST 112 The Struggle for Equality: The United States, 1865-Present 3(3-0)**

*A broad and interpretative study of the United States since the Civil War. May be offered as Writing Intensive. (University Program Group III- B: Studies in Social Structures)*

**HST 120 Unlikely Princesses: Women of World History 3(3-0)**

*An examination of "dangerous" women in world history who would not make good cartoon princesses. May be offered as Writing Intensive. (University Program Group I-A: Human Events and Ideas)*

**HST 163 The Latin American Experience 3(3-0)**

*Latin American history and cultures from the Inca and Aztec empires to the Columbian and Mexican Drug Wars. May be offered as Writing Intensive. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**HST 168 Modern East Asia 3(3-0)**

*Explores the history of China, Japan, and Korea from the age of the samurai to the Beijing Olympics (1600-present). May be offered as Writing Intensive. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**HST 176 The African Experience 3(3-0)**

*A survey of the history of the continent from prehistoric hominids to the Arab Spring of North Africa. May be offered as Writing Intensive. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**HST 200 Medieval Civilization 3(3-0)**

*Learn the truth about the Middle Ages (c. 500-1500), the period in European history satirized so brilliantly in "Monty Python and the Holy Grail." May be offered as Writing Intensive. (University Program Group I-A: Human Events and Ideas)*

**HST 201 World History to 1500 3(3-0)**

*A survey of selected political, economic, social, religious, intellectual, and cultural elements in the history of the world from ancient times to 1500 CE.*

**HST 202 World History since 1400 3(3-0)**

*A survey of selected political, economic, social, religious, intellectual, and cultural elements in the history of the world since 1400 CE.*

**HST 210 United States History through Michigan Eyes 3(3-0)**

*Explores how people living in Michigan shared with others in North America the changes introduced by the colonization, expansion, and development of the United States. May be offered as Writing Intensive. (University Program Group III-B: Studies in Social Structures)*

**HST 221 Growing Up in America 3(3-0)**

*Learn how childrearing, family life, education, and the transition to adulthood have changed from colonial times to the present. May be offered as Writing Intensive. (University Program Group III-B: Studies in Social Structures)*

**HST 228 American Business: A History 3(3-0)**

A history of American business with primary emphasis on the role of individuals and the evolution of institutions-partnerships, corporations, and conglomerates.

**HST 236 Babylon and Beyond: Ancient Civilizations of the Near/Middle East 3(3-0)**

*The origins and florescence of the earliest civilizations of the Near/Middle East from the Neolithic to the death of Alexander the Great (323 BCE). May be offered as Writing Intensive. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**HST 237 Baghdad and Beyond: The Middle East from 600 C.E. 3(3-0)**

*An examination of the history and cultures of the Middle East from the origins and expansion of Islam until modern times. May be offered as Writing Intensive. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**HST 238 Ancient Greece and Rome 3(3-0)**

*Political, social, intellectual, and cultural developments in the history of ancient Greece and Rome to AD 565. May be offered as Writing Intensive. (University Program Group I-A: Human Events and Ideas.)*

**HST 261 Indigenous Peoples of Latin America: Precontact to 1821 3(3-0)**

This course explores continuity and change in the culture and society of the indigenous peoples of Latin America from the precontact period to 1821. Recommended: Any Latin American and/or Native American history course.

**HST 280 Nazi Germany and the Holocaust 3(3-0)**

An examination of the events and ideas in Germany and elsewhere that produced the Nazi state and the Holocaust.

**HST 292 Global Perspectives on Non-Western History 3(3-0)**

Variable content, examining one non-Western area in the context of world historical patterns and current Michigan social studies requirements.

**HST 297 Special Studies 1-6(Spec)**

Each offering studies a selected historical topic using readings, discussion, lecture, and research as appropriate. May be repeated when the content is not a duplication of a previous special topics offering.

**HST 300 A Mid-tier Experience for History Majors: Teaching History in Secondary Schools 2(1-2)**

The Mid-tier Experience provides observations and small-group instructional opportunities for students seeking secondary certification in history. Course includes both campus instruction and field work. CR/NC only. Prerequisites: completion of a minimum of 15 hours of history on a signed major; admission to teacher education; junior standing.

**HST 301 The Craft of History 4(4-0)**

Study of history as a scholarly discipline with emphasis given to historical theory, concepts, methodology, fields, and the history of historical thinking and writing. Specific topics and materials will vary from semester to semester. Prerequisites: Nine hours of history and a signed major or minor in history.

**HST 302 Comparative Environmental History 3(3-0)**

Investigate complex relationships between humans and nature, considering such questions as why weeds, pigs, and germs were more important in colonial expansion than military campaigns. Prerequisites: 9 hours of history. Recommended: At least 2 of HST 111, 112, 201, 202.

**HST 303 The American Revolution 3(3-0)**

Explores the Revolutionary War's causes and course; political, social, and cultural changes of the period; and the formation of the Constitution. May be offered as Writing Intensive.

**HST 312 American Military Experience 3(3-0)**

The role of American armed forces in peace and war. As social institutions the armed forces reflect political, social, and economic developments of the time. This course is approved for offering in a distance learning format.

**HST 315 The Vietnam War 3(3-0)**

Examines the modern conflicts in Vietnam, the American experience in Indochina from 1945 to 1975, and the war's implications for the United States.

**HST 319 The United States since World War II 3(3-0)**

An analysis of post World-War II political, economic, and social developments in America.

**HST 320 United States Social History to 1865 3(3-0)**

Examines social structures in early America-including family life, religion, and slavery - and analyzes the nineteenth-century origins of modern socio-economic institutions. This course may be offered in an online or hybrid format. May be offered as Writing Intensive.

**HST 321 United States Social History since 1865 3(3-0)**

*Examines the experiences of different class, age, gender and ethnic groups in America; stresses the historical roots of current social problems. This course may be offered in an online or hybrid format. May be offered as Writing Intensive. (University Program Group III-B: Studies in Social Structures)*

**HST 322 Westward Movement in America 3(3-0)**

The impact of territorial expansion in the United States upon economics, culture, and politics.

**HST 323 History of Native Americans 3(3-0)**

*This course analyzes the study of Native peoples of North America before Columbus and the inter-relationships between the Native peoples and European immigrants after Columbus. This course may be offered in an online or hybrid format. May be offered as Writing Intensive. (University Program Group IV-C: Studies in Racism and Cultural Diversity in the United States)*

**HST 324 African American History to 1877 3(3-0)**

*Explores African American social, cultural, and political life from the origins of the transatlantic slave trade to the late nineteenth century. May be offered as Writing Intensive. (University Program Group IV-C: Studies in Racism and Cultural Diversity in the United States)*

**HST 325 African American History, 1877-Present 3(3-0)**

*Explores African American social, cultural, and political life from the late nineteenth century to the present, including the modern civil rights movement. May be offered as Writing Intensive. (University Program Group IV-C; Studies in Racism and Cultural Diversity in the United States)*

**HST 326 Women in America 3(3-0)**

*Study of the traditional position of women in American society as documented in historical, literary, and biographical sources. Identical to WGS 328. Credit may not be earned in more than one of these courses. May be offered as Writing Intensive. (University Program Group I-A: Human Events and Ideas)*

**HST 328 Technology in American History 3(3-0)**

Examines the role of technology in the economic, social and cultural history of the United States from the colonial era to the early 21st century. Recommended: At least 12 hours of humanities or social science courses.

**HST 329 Film and the Politics of Gender, 1960-Present 3(3-0)**

This course uses top-grossing films and written texts as primary sources to trace the popular debate over feminism from the early 1960's until the present. Prerequisite: HST 112 or 326 or WGS 328.

**HST 330 U.S. Constitutional History 3(3-0)**

Historical overview of the critical events and ideologies that shaped the U.S. Constitution and how the courts have interpreted the U.S. Constitution since 1787.

**HST 333 History of Michigan 3(3-0)**

A study of the development of Michigan from earliest settlement by Native Americans to the present, focusing on economic, social, and political history.

**HST 335 History of the Rock and Roll Era 3(3-0)**

*The historical origins and evolution of rock music, from "Rock Around the Clock" to "Smells Like Teen Spirit." History like you've never heard it before. Prerequisite: at least sophomore standing. (University Program Group I-B: The Arts)*

**HST 336 Iran and Iraq in History 3(3-0)**

An examination of the interrelated histories of Iran and Iraq from the emergence of the first cities and states around 4000 BCE to the present.

**HST 338 The Decline and Fall of the Roman Empire 3(3-0)**

War, politics, society, religion, and culture in the Mediterranean world of the later Roman empire (c. 250-650 AD).

**HST 340 The High Middle Ages 3(3-0)**

*Investigates intellectual, cultural, political, and social developments of the High Middle Ages (ca. 1000-ca.1300), focusing on interactions among Classical, Germanic, Jewish, Christian, and Islamic cultures. May be offered as Writing Intensive. (University Program Group I-A: Human Events and Ideas)*

**HST 341 Renaissance and Reformation 3(3-0)**

*Social, cultural, intellectual, and political history of the Renaissance and Reformation movements in Europe from ca. 1350 to ca. 1650. May be offered as Writing Intensive. (University Program Group I-A: Human Events and Ideas)*

**HST 342 The Culture of Renaissance Italy (Study Abroad) 3(Spec)**

Renaissance Italy (4 weeks on site) as it survives in texts, churches and museums of the five major Renaissance cultural centers: Milan, Venice, Florence, Rome and Naples.

**HST 343 History of Paris 3(3-0)**

This course addresses key moments in the history of France's capital from an interdisciplinary perspective. Recommended: Any European history and/or French literature/culture courses.

**HST 344 Modern Europe, 1815-1918 3(3-0)**

The economic, political, social, cultural, and diplomatic developments in Europe from the close of the Napoleonic era to the end of World War I.

**HST 346 The World of Versailles: Power and the Politics of Splendor in 17th- Century France 3(3-0)**

*Examines how Louis XIV of France employed "the politics of splendor," that is using the arts as a means to acquire and legitimize political power. Recommended: 9-12 hours of course work in the humanities. (University Program Group I-B: The Arts)*

**HST 347 The French Revolution and Napoleonic Period 3(3-0)**

Origin and development of the French Revolution and the role of Napoleon in European history, 1787-1815.

**HST 348 Russia through the Reign of Catherine the Great 3(3-0)**

A social, cultural, and political study of Russia from the ninth to the eighteenth century.

**HST 349 Russia in the Nineteenth and Twentieth Centuries 3(3-0)**

A social, cultural, and political study of Russia in the nineteenth and twentieth centuries.

**HST 350 England to 1688 3(3-0)**

From Anglo-Saxon times through the reign of the Stuarts.

**HST 351 Britain since 1689 3(3-0)**

Political, economic, social, and religious history of early modern and modern Britain (England, Scotland, Ireland, and Wales) from the later Stuarts to the present.

**HST 352 British Imperialism 3(3-0)**

A study of the key themes, events, and personalities of British imperialism from the 16th century through the 20th century.

**HST 353 Germany since 1870 3(3-0)**

The German experience since the formation of the Empire, including the processes, problems, and aftereffects of wars, revolutions, constitutions, totalitarianism, and peace.

**HST 354 Women in European History 3(3-0)**

Surveys and analyzes the traditional and nontraditional roles of women in European history, using new historical research. Identical to WGS 354. Credit may not be earned in more than one of these courses.

**HST 356 Europe Since 1945 3(3-0)**

A study of political, social, economic and cultural change in Europe from the end of the Second World War to the present. Identical to EUR 302. Credit may not be earned in more than one of these courses.

**HST 361 Religion in Colonial Latin America 3(3-0)**

This course examines the interaction of European, African, and Native American religions during the colonial period in Latin America. Identical to REL 361. Credit may not be earned in more than one of these courses. Recommended: Any Latin American history and/or Religion course.

**HST 362 Latin American Revolutions: Mexico, Cuba and Central America 3(3-0)**

The Circum-Caribbean in the Twentieth Century with primary emphasis on the origin and development of the Mexican, Cuban, and Central American Revolutions.

**HST 369 Traditional China 3(3-0)**

A study of the political, social, and cultural history of China from earliest times to the nineteenth century.

**HST 370 Modern China 3(3-0)**

The political and social history of China from the Opium War to the present.

**HST 376 East/Central Africa: Issues 3(3-0)**

Explores a varying selection of issues concerning historic and contemporary patterns of political and economic organizations, international relations in Ethiopia, Somalia, Rwanda, Zaire, Uganda, Kenya.

**HST 377 West Africa 3(3-0)**

An overview of West African history emphasizing the post-1800 period and especially developments since independence.

**HST 378 South Africa 3(3-0)**

The conflict between European immigrants and indigenous Africans; the effects of white minority rule, including apartheid; successful African efforts to achieve majority rule.

**HST 379 Race, Class and Power: South Africa in the 20th Century 3(3-0)**

The course explores the challenges to Afrikaner nationalism and its apartheid policies by traditional liberalism, Black African nationalism, revolutionary Marxism and ethnic mobilization. Identical to HUM 340. Credit may not be earned in more than one of these courses. Recommended: HST 176 or PSC 340.

**HST 382 History of Israel 3(3-0)**

Israel and Palestine from ancient times to the present, including background to contemporary Zionism and the conflict with Arab nationalism. Identical to REL 382. Credit may not be earned in more than one of these courses.

**HST 397 Special Studies 1-6(Spec)**

Each offering studies a selected historical topic using readings, discussion, lecture, and research as appropriate.

**HST 400 History for Secondary Schools 3(3-0)**

Translates the study and methodology of history into teaching practices appropriate for secondary schools, and evaluates recent proposals for improving history instruction. Prerequisites: Admission to teacher education program; 18 hours of history or current enrollment in 18th hour; 2.70 GPA in history major or minor.

**HST 491 Independent Research 3(Spec)**

Research and writing on a topic selected in consultation with an instructor. HST 491 may not be used as a substitute for HST 496. Prerequisites: junior or senior standing with B average in 12 hours of history; permission of instructor and the department chairperson.

**HST 496 Research Seminar 3(3-0)**

Historical research and writing. This course or an arranged substitute required on all majors. May be offered as Writing Intensive. Prerequisite: HST 301.

**HST 497 Special Studies 1-6(Spec)**

Each offering studies a selected historical topic using readings, discussion, lecture, and research as appropriate. Prerequisite: permission of instructor.

**HST 498 Honors Thesis 3(Spec)**

The student, with guidance from a thesis advisor, researches and writes an undergraduate thesis. Prior written approval by thesis advisor and chairperson required. Prerequisites: completion of 90 credit hours, including 24 credit hours in History.

**HST 505 Tudor England 3(3-0)**

The political, religious, socio-economic and cultural life of England under the Tudors, focusing on the reigns of Henry VIII and Elizabeth I. May be offered as Writing Intensive. Prerequisites: One of HST 101, 102, 350, 351; or graduate status.

**HST 511 Colonial British America 3(3-0)**

Explores the social, cultural and political development of British America in the seventeenth and eighteenth centuries. May be offered as Writing Intensive. Prerequisite: One of the following: HST 111, 323, 324, 326, 351; or graduate status.

**HST 513 Era of the Early Republic, 1789-1825 3(3-0)**

An investigation of nation-building, the formation of new institutions, ideologies, decision-making, and personalities during the precarious decades following the American Revolution. May be offered as Writing Intensive. Prerequisites: One of HST 110, 111, 301; or graduate status.

**HST 514 Democracy, Expansion, and Reform in America, 1824-1848 3(3-0)**

America changed dramatically between 1824 and 1848. This course explores relations with Native Americans, political democracy, industrialization, women's roles, reform, westward expansion, and slavery. May be offered as Writing Intensive. Prerequisite: One of HST 111, 320; or graduate status. Recommended: While this course does not require or expect detailed knowledge of the Jacksonian Era, students should be broadly familiar with basic periods and developments in nineteenth century America.

**HST 515 Civil War and Reconstruction 3(3-0)**

Causes and process of secession, the conduct of war, and the reconstruction of the South to 1877. May be offered as Writing Intensive. Prerequisite: One of HST 111, 320; or graduate status. Recommended: While this course does not require or expect detailed knowledge of the Civil War, students should be broadly familiar with basic periods and developments in nineteenth century America.

**HST 516 Emergence of Modern America, 1877-1920 3(3-0)**

Social, political, cultural, and economic developments from the end of Reconstruction through the Progressive era. May be offered as Writing Intensive. Prerequisite: HST 112 or 321; or graduate status.

**HST 517 U.S. Rise in World Leadership, 1917-1945 3(3-0)**

The United States as a world power after World War I, the decade of the 1920s, the depression era, the impact of modern global war.

### **HST 518 African Americans and the Law: From Slavery to Civil Rights 3(3-0)**

Course examines the unique relationship between African Americans and the American legal system from Colonial times to the present. May be offered as Writing Intensive. Recommended: one of HST 111, 320, 324; one of 112, 321, 325; or graduate standing.

### **HST 522 Indians of the Great Lakes Region 3(3-0)**

This course focuses on the American Indian people in the Great Lakes Region, from early European contact through the nineteenth century. May be offered as Writing Intensive. Prerequisites: One of the following: HST 111, 323, or graduate standing.

### **HST 523 American Diplomatic History, 1775-1898 3(3-0)**

The major issues in American diplomacy, beginning with the birth of the Republic and continuing to the Spanish-American War. Prerequisites: HST 110, HST 111.

### **HST 524 American Diplomatic History Since 1898 3(3-0)**

The major issues of United States diplomacy, beginning with the Spanish-American War and continuing to the present.

### **HST 525 The Industrialization of America 3(3-0)**

This course analyzes how industrialization transformed America and how it altered living standards, culture, lab, business, and politics. This course may be offered in an online format. May be offered as Writing Intensive. Recommended: At least 12 hours of humanities and social science.

### **HST 526 Modern American Political Culture, 1865-Present 3(3-0)**

Using cultural texts such as films, novels, monographs and lectures, this course examines American politics and political culture from 1865 to the present. Recommended: HST 112 or PSC 105 and 9 additional hours of history or political science; or graduate standing.

### **HST 532 Michigan History Studies 1-3(Spec)**

Individual and group studies in regional and local Michigan history.

### **HST 535 The Middle East in the Modern Era 3(3-0)**

An examination of the history of the Middle East and its relations with Europe and the United States from the 17th century to the present. May be offered as Writing Intensive. Prerequisites: HST 237 or graduate standing.

### **HST 537 The Age of Cicero 3(3-0)**

Political, economic, social, and cultural history of the late Roman republic (c. 133-27 BC), emphasizing modern historiography and ancient sources in English translation. May be offered as Writing Intensive. Prerequisite: One of HST 101, 238, 338; or graduate status. Recommended: While this course does not require or expect detailed knowledge of Roman history, students should be broadly familiar with basic periods and developments in the ancient Mediterranean world.

### **HST 538 Athens: Classical Period 3(3-0)**

Athenian political and social change in the sixth and fifth centuries B.C. relying primarily on contemporary or near contemporary documents in translation. Recommended: HST 238.

### **HST 542 The Enlightenment in Europe 3(3-0)**

The social, cultural, political and intellectual history of Europe in the late seventeenth and eighteenth centuries. Recommended: 6 hours of European history before 1815.

### **HST 543 Napoleon 3(3-0)**

This course will examine the period dominated by Napoleon Bonaparte (1795-1815) and its political, social, and cultural impact on European and transnational history. May be offered as Writing Intensive. Recommended: 9 hours of history coursework or graduate standing.

### **HST 548 Russian Thought 3(3-0)**

Currents of Russian thought. Emphasis on the nineteenth century.

### **HST 558 Europe, 1914-1945 3(3-0)**

Political, social, and economic change in Europe from the First World War through the Second; emphasis on fascism and the failure of democracy. May be offered as Writing Intensive. Prerequisite: HST 102 or 106 or graduate status.

### **HST 560 Mind Games 3(3-0)**

Students propose, design, and develop role-playing and other face-to-face games for use in the history classroom. Prerequisite: Advanced undergraduate or graduate standing.

### **HST 562 The Atlantic World in the Age of Empire 3(3-0)**

Study of the political, social, cultural and economic interactions of Europe, Africa, and the Americas from the fifteenth to the nineteenth century. Recommended: One of: HST 111, HST 163, HST 176, HST 324, HST 341, HST 377, HST 511.

### **HST 576 Colonialism in Africa, 1880s-1960s 3(3-0)**

Africa on the eve of European colonization, the colonization of Africa, the struggle for independence, the post-independence period, neo-colonialism, the Cold War and globalization. May be offered as Writing Intensive. Prerequisites: HST 176, 201 or 202, or graduate standing.

### **HST 580 Public History 3(3-0)**

Discover why public historians are on the cutting edge, preserving and interpreting our heritage as writers, researchers, curators, media personalities, policy analysts, archivists, and more. May be offered as Writing Intensive. Prerequisites: HST 301 and MST 310; or graduate status.

### **HST 583 Archival Administration 3(3-0)**

A practical introduction to archives theory, management, and issues; hands-on learning experience with primary source materials. Prerequisites: HST 301 and MST 310; or graduate standing.

### **HST 585 Oral History 3(3-0)**

An introduction to the methodology and use of Oral History in historical research, interpretation, and documentation. May be offered as Writing Intensive. Prerequisites: HST 301 and MST 310; or graduate status.

### **HST 590 Readings in History 1-6(Spec)**

Selected topics studied in special arrangement with an instructor. Prerequisites: junior or senior standing with a B average in 12 hours of history, or graduate status; and permission of the instructor and the department chairperson.

### **HST 595 Internship in Public History 1-6(Spec)**

Enter the growing field of applied history through a supervised hands-on experience chosen to match your interests. Prerequisites: Permission of academic advisor and work supervisor.

**HST 597 Special Studies 1-6(Spec)**

Study of a selected historical topic at a level suitable for advanced undergraduates or graduate students. Recommended: 12 hours of HST.

**HST 600 Historiography 3(3-0)**

History as a discipline, studied from the works of selected historians. Recommended: 12 hours of junior, senior, or graduate-level history.

**HST 601 Colloquium in Transnational and Comparative History 3(3-0)**

An intensive investigation of historiographical issues in transnational and comparative history. A student may take this course twice, for three hours of credit each time, but must choose a second instructor for the second three hours. Prerequisites: Admission to one of the graduate history programs.

**HST 602 Colloquium in U.S. History to 1865 3-6(3-0)**

An investigation of historical interpretations and methodologies dealing with major themes in American history from 1607 to 1865. Recommended: Admission to graduate program in history. A student may take this course twice, for 3 hours of credit each time, but must choose a second instructor for the second 3 hours.

**HST 603 Colloquium in U.S. History Since 1865 3-6(3-0)**

An investigation of historical interpretations and methodologies dealing with major topics and themes in American history from 1865 to present. Recommended: Admission to the graduate program in history. A student may take this course twice, for 3 hours of credit each time, but must choose a second instructor for the second 3 hours.

**HST 619 Continuing Registration for Final Research Project 1(1-0)**

A non-credit course intended for students who have completed all program credits but still need to use university resources to complete their degree requirements.

**HST 636 Colloquium in Ancient History 3-6(3-0)**

An investigation of major historical issues, interpretations, and methods in the history of the ancient Near/Middle Eastern and Mediterranean regions to 600 C.E. Recommended: Admission to the graduate program in history. A student may take this course twice, for 3 hours of credit each time, but must choose a second instructor for the second 3 hours.

**HST 637 Colloquium in the Modern Middle East 3-6(3-0)**

A historiographical investigation of major topics, interpretations, and methodologies in Modern Middle Eastern history, post-18th century C.E. A student may take this course twice, for 3 hours of credit each time, but must choose a second topic for the second 3 hours. Prerequisite: Admission to the graduate program in history. Recommended: 6 hours of Middle Eastern history.

**HST 650 Colloquium in European History to 1450 3(3-0)**

An investigation of historians, their interpretations and methodologies on the major topics and themes in ancient and medieval history to 1450. Recommended: Admission to the graduate program in history.

**HST 651 Colloquium in Early Modern European History 3-6(3-0)**

An investigation of historical interpretations and methods in early modern European history (1300-1789). Recommended: Admission to graduate program in history. A student may take this course twice, for 3 hours of credit each time, but must choose a second instructor for the second 3 hours.

**HST 652 Colloquium in Modern European History 3-6(3-0)**

An analytical investigation of several historical issues, topics, and themes in modern European history (1789 to the present). Recommended: Admission to the graduate program in history. A student may take this course twice, for 3 credit hours each, but must choose a second instructor for the second 3 hours.

**HST 663 Colloquium in Colonial Latin American History 3-6(3-0)**

A historiographical investigation of major topics, interpretations, and methodologies in Colonial Latin American history. A student may take this course twice, each time for 3 credits, but only if the specific topic and literature change. Prerequisite: Admission to the graduate program in history. Recommended: 6 hours of Latin American history or two years of Spanish or Portuguese.

**HST 676 Comparative History of Slavery 3-6(3-0)**

A historiographic investigation of major themes, methodologies and interpretations of the history of slavery in a comparative perspective through an analysis of secondary literature. A student may take this course twice, for 3 hours of credit each time, but must choose a second instructor for the second 3 hours.

**HST 681 Historic Preservation 3(3-0)**

Learn why historic preservationists chain themselves to structures, pursue policy-making, and develop long-range plans. This course explores historic preservation theory, methods, and ethics. Prerequisites: 3 hours of History and 3 hours of Museum Studies; or admission to the graduate program in history. Recommended: At least 2 of the following: HST 532, 595, 600, 710, MST 546, 550, 551.

**HST 690 Advanced Readings 1-9(Spec)**

Prerequisites: 12 hours of junior, senior, or graduate-level history and permission of the department chairperson and the instructor.

**HST 695 Special Studies Abroad 3-15(Spec)**

Courses on selected historical issues offered at partner institutions for students in the joint graduate program. Prerequisites: Admission to the joint graduate program in history.

**HST 697 Special Studies Colloquium 3-6(3-0)**

An investigation of historical interpretations and methodologies of a selected historical topic at a level suitable for graduate students. A student may take this course twice, for three hours of credit each time, but must choose a second instructor for the second three hours. Recommended: Admission to the graduate program in History.

**HST 700 Practicum in College Teaching 1-6(Spec)**

Training and practice in teaching history at the college level. Prerequisites: appointment as a Graduate Assistant in the Department of History.

**HST 710 Seminar in Intellectual and Cultural History 3-6(3-0)**

Study of a selected topic in intellectual and cultural history. Recommended: Admission to graduate program in history. A student may take this course twice, for 3 hours of credit each time, but must choose a second instructor for the second 3 hours.

**HST 711 Seminar in Colonial and Revolutionary America 3-6(3-0)**

Study of a selected topic in the history of colonial British and Revolutionary America. Preparation of a research paper based on primary sources. Recommended: HST 111, HST 511, and at least one of the following: HST 323, HST 324, HST 326, HST 330, HST 351, HST 512, HST 562, HST 602. A student may take this course twice, for 3 hours of credit each time, but must choose a second instructor for the second 3 hours.

**HST 713 Seminar in the History of Nineteenth Century America 3-6(3-0)**

Study of a selected topic in the history of nineteenth century America. Recommended: HST 111 or HST 112 plus at least one more course in this period of American history. A student may take this course twice, for 3 hours of credit each time, but must choose a second instructor for the second 3 hours.

**HST 715 Seminar in the Civil War and Reconstruction 3(3-0)**

Primarily devoted to research training and writing techniques, this seminar will focus on a particular phase of the Civil War era. Recommended: HST 111 and HST 112, and a 500-level course in nineteenth-century American history.

**HST 717 Seminar in the History of Twentieth Century America 3-6(3-0)**

Study of a selected topic in the history of the United States in the twentieth century. Recommended: HST 111 plus at least one more course in this field of American history. A student may take this course twice, for 3 credit hours each time, but must choose a second instructor for the second 3 hours.

**HST 723 Seminar in American Diplomatic History 3(3-0)**

Primarily devoted to research training and writing techniques, each seminar will focus on a particular phase of American diplomatic history. Recommended: HST 111 and HST 112 and one course in US history.

**HST 738 Seminar in Ancient History 3-6(3-0)**

Study of a selected topic from the Ancient World. Development of research skills and scholarly writing appropriate to the field. Recommended: 9 hours of pre-modern history or one year of an ancient language. A student may take this course twice, for 3 credit hours each time, but must choose a second instructor for the second 3 hours.

**HST 740 Seminar in Medieval West 3(3-0)**

Research training based on primary sources on topics pertinent to the medieval period. Recommended: 6 hours of history including HST 101 and one of the following: HST 200, HST 340, HST 350, HST 505, HST 650.

**HST 741 Seminar in Early Modern Europe 3(3-0)**

Study of a cultural, intellectual, social, political or economic issue of the period from the Renaissance in Europe through the seventeenth century. Recommended: 6 hours of history including HST 101 and one of the following: HST 340, HST 341, HST 348, HST 350, HST 351, HST 354, or HST 505.

**HST 742 Seminar in Eighteenth-Century European History 3(3-0)**

Study of a cultural, social, political, or economic issue of the eighteenth century. Recommended: 6 hours of modern European history, including some study of the eighteenth century.

**HST 744 Seminar in Nineteenth-Century European History 3-6(3-0)**

A study of a major aspect of 19th-century Europe with emphasis on historical method. Recommended: HST 102 or HST 351 plus one additional course in this general area of European history. A student may take this course twice, for 3 credit hours each time, but must choose a second instructor for the second 3 hours.

**HST 758 Seminar in Twentieth-Century European History 3-6(3-0)**

Study of a major aspect of 20th-century Europe with emphasis on historical method. Recommended: 6 hours of European history (at least 3 at the 500 level) including one of the following: HST 102, HST 106, HST 558. A student may take this course twice, for 3 credit hours each time, but must choose a second instructor for the second 3 hours.

**HST 763 Seminar in Latin American History 3(3-0)**

Study of a selected topic in Latin American history. Recommended: HST 163 or an advanced course in the field of Latin American history.

**HST 766 Seminar in Asian History 3(3-0)**

Topics such as developments in education, medicine, women, child care, distribution of wealth, and decision-making in China since the Cultural Revolution (1966-1969). Recommended: HST 168.

**HST 776 Seminar on African Diaspora History 3-6(3-0)**

Study of a selected topic in the history of the African diaspora. Preparation of research paper based on primary sources. A student may take this course twice, for 3 hours of credit each time, but must choose a second instructor for the second 3 hours.

**HST 791 Graduate Research 3-6(Spec)**

Prerequisites: 12 hours of junior, senior, or graduate-level history and the permission of the department chairperson and the instructor.

**HST 795 Seminar Abroad 3-15(Spec)**

Seminar at partner institution for students in the joint graduate program. Student produces a substantial scholarly paper of 7,000-10,000 words based on primary sources. Prerequisites: Admission to the joint graduate program in History.

**HST 798 Thesis 1-6(Spec)**

CR/ NC only. Prerequisite: Written permission of advisor and department chairperson.

**HST 890 Doctoral Readings 1-9(Spec)**

Advanced preparation for comprehensive examinations in selected historical topics directed by an individual instructor. Reading should reflect the fields of and culminate in the comprehensive examination. Prerequisites: Admission to the joint graduate program in History and permission of advisor or instructor.

**HST 898 Dissertation 1-36(Spec)**

CR/NC only. Prerequisites: successful completion of comprehensive examination for Ph.D. and written approval of dissertation proposal to take more than 3 credit hours of dissertation credit.

**HUM 101 Introduction to the Humanities 3(3-0)**

Introduction to the study of selected topics in the humanities from various perspectives (historical, literary, religious, philosophical) in small group discussion (seminar) format.

**HUM 197 Special Studies in Humanities 1-12(Spec)**

HUM 197 is primarily for freshman and sophomores; 397 is primarily for juniors and seniors; 597 is primarily for graduate students. Prerequisite: Permission of instructor.

**HUM 202 Age of Charlemagne 3(3-0)**

Artistic, cultural, economic, and political study of the Carolingian period of the Middle Ages. Special emphasis placed on the reign of Charlemagne and the Carolingian Renaissance. Prerequisites: ART 185; HST 200.

**HUM 301 Medieval Synthesis: Love in the Middle Ages 3(3-0)**

An integrative, interdisciplinary seminar (employing history and literary criticism) examining love in its many medieval guises, e.g., love of God, of family, erotic love, and illicit love. Pre/Co-Requisites: ENG 362; HST 200 or HST 340.

**HUM 303 Law and Society: Great Trials 3(3-0)**

*Interdisciplinary study of law, from the classical world to modern times, focusing on ethical, jurisprudential, political and legal components of trials of major historical figures. May be offered as Writing Intensive. (University Program Group I-A: Human Events and Ideas)*

**HUM 340 Race, Class and Power: South Africa in the Twentieth Century 3(3-0)**

The course explores the challenges of Afrikaner nationalism and its apartheid policies by traditional liberalism, Black African nationalism, revolutionary Marxism and ethnic mobilization. Identical to HST 379. Credit may not be earned in more than one of these courses. Prerequisites: HST 176; PSC 340.

**HUM 370 The Age of Augustus 3(3-0)**

Literature, history, art, and culture of the Roman world under its first emperor.

**HUM 397 Special Studies in Humanities 1-12(Spec)**

HUM 197 is primarily for freshman and sophomores; 397 is primarily for juniors and seniors; 597 is primarily for graduate students. Prerequisite: Permission of instructor.

**HUM 430 Self and Identity in American Life 3(3-0)**

This interdisciplinary honors seminar explores identity formation in American life. Students explore major theories of identity formation and apply them to different dimensions of identity. Prerequisite: Junior or senior status.

**HUM 510 Words and Music: A Theatrical Partnership 4(4-0)**

The course considers musical theater as a unique art form, combining music, literature, and stagecraft into a whole greater than the sum of its parts. Prerequisites: Junior standing or above; any 300-level course in music, English, foreign language, or theater and interpretation.

**HUM 597 Special Studies in Humanities 1-12(Spec)**

Prerequisite: permission of instructor.

**HUM 610 Seminar in American Individualism 3(3-0)**

Analysis of the varieties and values of American individualism through literary, historical and sociological sources. Prerequisite: Admission to M.A. in Humanities program.

**HUM 619 Continuing Registration for Final Research Project 1(1-0)**

A non-credit course intended for students who have completed all program credits but still need to use university resources to complete their degree requirements.

**HUM 697 Independent Study 3-6(Spec)**

Explorations of special problems in subject areas found within the Humanities individually agreed upon by student and instructor. May be repeated a maximum of six hours. Prerequisites: Approval by instructor and program director required before registration.

**HUM 797 Special Topics in Humanities 1-12(Spec)**

Interdisciplinary study of selected topics in the humanities. Prerequisite: Permission of instructor, will vary by topic offered.

**HUM 799 Thesis 1-6(Spec)**

CR/NC only. Prerequisites: 15 hours of graduate work in the humanities and written permission of advisor.

**IET 116 General Drafting 3(2-2)**

An introduction to the language of industry; includes lettering, sketching, pictorials, multiview projection, dimensioning, auxiliaries, sections, developments, and computer-assisted drafting. Requires no previous experience.

**IET 120 Introduction to Engineering Technology 3(3-0)**

A survey of the engineering world with a technologist's perspective to provide the skills and knowledge required to pursue an engineering technology career. Recommended: MTH 105.

**IET 130 Industrial Materials and Testing 3(2-2)**

An overview of industrial materials including metals, plastics, composites and ceramics. Topics include material properties, material selection, and material testing.

**IET 143 Introduction to Graphic Arts 3(2-2)**

Letterpress, gravure, screen printing, bookbinding, and basic principles and processes of graphic reproduction.

**IET 154 Engineering Design Graphics 3(2-2)**

Focus on engineering design fundamentals, design processes, and the utilization of graphics within design. Computer-Aided design and product data management techniques are covered.

**IET 160 Wood Technology 3(1-4)**

Design, development, and construction of wood prototypes, utilizing appropriate wood materials and supplies, involving efficient and safe use of tools, machines, and industrial processes.

**IET 170 Manufacturing Processes I 3(1-4)**

Introduction to the processing of metal materials through casting, fabricating, machining, and basic welding.

**IET 180 Power and Energy Technology 3(2-2)**

An introductory study of operational and scientific principles related to energy sources used as prime movers. To include gasoline, diesel, rotary, turbine, and jet engines.

**IET 181QR Alternative Energy Analysis 3(2-2)**

A quantitative comparison and analysis of current alternative energy technologies and systems. Quantitative Reasoning.

**IET 182 Automobile Ownership and Maintenance 2(1-2)**

Consumer protection course designed to provide fundamental mechanical understanding of the automobile. Lab activities include light repair and essential maintenance procedures.

**IET 223QR Lean Six Sigma for Process Improvement 3(3-0)**

The utilization of mathematical and statistical tools to improve product and process quality. This course may be offered in an online or hybrid format. Prerequisite: MTH 105. Recommended: STA 282. Quantitative Reasoning.

**IET 225 Manufacturing Process Planning 3(3-0)**

Study of the responsibilities and activities normally associated with process planning and its relationship to other manufacturing functions. Prerequisites: IET 170.

**IET 226 Parametric Design and Modeling 3(2-2)**

Development and production of engineering and technical models with a mechanical computer-aided design system. An introduction to parametric design and modeling. Prerequisite: IET 154.

**IET 227 Principles of Accident Prevention 3(3-0)**

A survey of accident prevention including the home, consumer, fire, water, motor vehicle, work, school, and sports.

**IET 232 Technology for Children 2(1-2)**

Apply creative thinking and problem solving skills to develop learning activities co-related with core curriculum concepts, utilizing materials, tools, and processes in cooperative learning environments.

**IET 261 Construction Surveying 3(2-2)**

A study of basic surveying applications in the planning, design, layout, and construction of our physical environment and infrastructure. Prerequisite: MTH 106 or 130.

**IET 279 Applied Statics 3(3-0)**

This course will cover force systems, resultants and equilibrium, trusses, frames, beams, and shear and moments in beams. Prerequisites: IET 154; MTH 130; PHY 130 or 145; PHY 170 or 175.

**IET 281 Dynamics 3(3-0)**

Study and engineering application of relationship between the forces acting on a body, the mass of the body, and the motion of the body. Prerequisites: IET 279 or EGR 251; MTH 132.

**IET 284 Fluid Power Technology 3(2-2)**

A study of hydraulic and pneumatic technologies related to the generation, transmission, and control of fluid power in fluid power systems. Prerequisites: MTH 130 or IET 180. Recommended: IET 120 or MTH 105.

**IET 291 Applied Circuits 3(2-2)**

A study of the fundamentals of applied circuits including Direct Current (DC) circuits, Alternating Current (AC) circuits, and basic electronics. Prerequisites: MTH 130. Pre/Co-Requisites: PHY 131, 171.

**IET 292 DC Circuit Analysis 3(2-2)**

Introductory dc circuit analysis including Ohm's law, Kirchoff's current and voltage laws, mesh and nodal analysis, Thevenin, Norton and maximum power transfer theorems. Prerequisites: MTH 105.

**IET 293 AC Circuit Analysis 3(2-2)**

Introductory ac circuit analysis including sinusoidal signals, phasors, series and parallel ac networks, mesh and nodal analysis, network theorems, power triangle, power factor, and resonance. Prerequisites: IET 292; MTH 130.

**IET 294 Residential Electrical Wiring 3(2-2)**

Development of knowledge and skills related to the installation of electric wiring systems in residential and light commercial applications.

**IET 324 Product Design and Development 3(2-2)**

Ideation, conceptualization, and development of consumer products. Utilization of freestyle and NURBS based computer-aided design tools to solve product design problems. May be offered as Writing Intensive. Prerequisite: IET 226.

**IET 326 Manufacturing Methods Analysis 3(3-0)**

Study of methods, materials, tools, and equipment for productivity measurements and improvement. Prerequisites: IET 170; STA 282.

**IET 327 Industrial Safety 3(3-0)**

A study of the principles and practices of safety management with emphasis on occupational safety standards and loss control. Prerequisite: CHM 120 or CHM 131.

**IET 338 Practicum in Industrial Education: Affiliation 2(0-4)**

Expand technical competency and instructional methodology in industrial education by observing and participating with a university faculty member in classroom and laboratory teaching activities.

**IET 350 Mechanism Design 3(3-0)**

Study of mechanisms with graphical and analytical analysis of displacement, velocity, acceleration, motion, gearing, gear trains, linkages, and cams. Prerequisite: IET 279 or EGR 251.

**IET 352 Applied Fluid Mechanics 3(3-0)**

Study of the basic principles and their application to practical applied problems in the fluid statics, fluid dynamics, flow in pipes, and open channel flow. Prerequisites: IET 281 or EGR 253.

**IET 356 Thermodynamics 3(3-0)**

Study of thermodynamics and basic tools necessary to obtain quantitative solutions to common engineering applications involving energy and its conversion, conservation and transfer. Prerequisites: PHY 145, PHY 175; or PHY 130, PHY 170.

**IET 357 Residential Architectural Graphics 3(1-4)**

Modern house planning resulting in a complete set of plans and specifications. This course is approved for offering in a distance learning format.

**IET 358 Light Commercial Architectural Graphics 3(2-2)**

Development of the architectural drawing techniques, basic construction methods and materials, details, and planning for light commercial building. Recommended: IET 357.

**IET 360 Advanced Wood Technology 3(2-2)**

Design, development and construction of wood prototypes in an advanced area of specialization including: bending, veneering, furniture construction, and use of jigs and fixtures. Prerequisites: IET 116, 160.

**IET 361 Construction Technology 3(1-4)**

Laboratory and classroom experience designed to develop skills and knowledge relating to noncommercial construction. Field experiences are used when applicable.

**IET 363 Building Code Enforcement 3(3-0)**

A comprehensive study of construction building code enforcement. Topics will include the permit process, inspection process, and the legal aspects of building code enforcement. Recommended: IET 361. This course is approved for offering in a distance learning format.

**IET 365 Manufacturing Processes II 3(2-2)**

Introduces basic polymer formulation, properties of plastics materials, methods of molding plastics, and the fabrication and decoration of plastic articles. Prerequisites: CHM 120 or 131; IET 130, 170.

**IET 367 International Building Codes 3(3-0)**

Comprehensive study of the International Building Codes. Topics include International Building, Electrical, Plumbing, Mechanical, and Fire Codes. Recommended: IET 361. This course is approved for offering in a distance learning format.

**IET 368 International Residential Code 3(3-0)**

Comprehensive study of International Residential Code for One and Two-Family Dwellings. Topics include all residence code requirements for building a home according to IRC 2000. Recommended: IET 361. This course is approved for offering in a distance learning format.

**IET 375 Robotics 3(2-2)**

Introduction to industrial robotics including robot classifications, components and functions, programming, and applications. Prerequisite: CPS 180; IET 291 or EGR 290; MTH 132 or MTH 217.

**IET 377 Computer Numerical Control Programming 3(2-2)**

Programming and operation of CNC machines, including CNC vertical milling center and turning center. Emphasis on manual programming, CAM design, and machine setup and operation. Prerequisites: IET 154, 170.

**IET 379 Mechanics of Materials 3(3-0)**

Introduction to methods of determining the internal stresses and deflections of basic load-carrying members of construction and machine applications. Prerequisites: EGR 251 or IET 279; MTH 132.

**IET 385 Automotive Engines 3(1-4)**

Design, construction, operation, and service procedures involved in both reciprocating and rotary engines.

**IET 390 Discrete Device Theory 3(2-2)**

A comprehensive study of discrete devices and circuits, including diodes, transistors, single and multistage amplifiers, frequency response, and integrated operational amplifiers. Prerequisite: IET 292.

**IET 397 Special Studies 1-6(Spec)**

Individual investigation and research to increase ones technical competency.

**IET 400 Senior Seminar 1(1-0)**

This seminar format will be used to prepare students to take the Certified Industrial Technologist (CIT) Exam and for graduation. Open to graduating seniors only. CR/NC Only. Prerequisites: Final Semester of Program of Study of ITM Majors.

**IET 420 International Engineering Technology 1-6(Spec)**

Engineering and technology applications, issues, and perspectives in international settings. Travel abroad required. May be repeated once. Any interested students should contact the IET Department. Prerequisites: 12 hours of IET credit.

**IET 424 Human Factors and Ergonomics 3(3-0)**

The study of methods and tools used in the fields of human factors and ergonomics to design and improve jobs, tasks, and products. Prerequisite: IET 324. Recommended: IET 327.

**IET 425 Industrial Internship 2-8(Spec)**

Supervised work experiences in industry. CR/NC only. Prerequisite: departmental permission.

**IET 426 Plant Layout and Materials Handling 3(3-0)**

Study of plant layout through the development of overall layout including location, planning, detailing, diagrams, and design of manufacturing and service facilities for efficient flow. Prerequisite: IET 326.

**IET 427 Product Reliability and Safety 3(3-0)**

A study of product reliability and safety factors affecting the design, production, distribution, sales, and use. Prerequisite: 12 hours of IET coursework.

**IET 428 Manufacturing Quality 3(3-0)**

Study of specific quality techniques used by production departments to monitor processes, products, and reliability so quality can be improved. Prerequisites: STA 282 or 382; junior standing.

**IET 429 Occupational Competency 1-30(Spec)**

Credit by examination for work experience of background in a given technical area for which no transferable credit has been earned. Prerequisites: certified record of work experience; approval of the department chairperson.

**IET 433 Problems and Methods of Teaching Industrial Education 3(3-0)**

Preparation for teaching students of various ages, abilities, and interests in industrial education programs, encompassing relevant local, state, and national trends and philosophies.

**IET 435 Curriculum Development and Facility Planning 3(3-0)**

Principles of curriculum development and facility planning. Prerequisite: Open only to seniors.

**IET 437 Independent Study 2-5(Spec)**

Individual investigation and research to increase ones technical competency. Prerequisite: departmental pre-registration.

**IET 450 Mechanical Computer-Aided Engineering 3(2-2)**

Mechanical components design, structural analysis, and mechanism analysis by using computer aided design system and simulation tools. Prerequisites: IET 226, 350, 379.

**IET 451 Geometric Dimensioning and Tolerancing 3(2-2)**

Fundamentals of Geometric Dimensioning and Tolerancing concepts as interpreted in ASME standard Y14.5. This course may be offered in an online or hybrid format. Prerequisite: IET 226.

**IET 452 Mechanical Laboratory 3(1-4)**

Experiments utilizing a variety of mechanical devices and systems to demonstrate fundamental concepts in mechanics, fluid mechanics, thermodynamics and heat transfer. Prerequisites: IET 351, IET 352, IET 356, IET 379.

**IET 453 Heat Transfer 3(3-0)**

Fundamental laws of heat transfer by mechanism of conduction, convection and radiation, and boundary layer concepts. Prerequisites: IET 352, 356.

**IET 454 Machine Design 3(2-2)**

Theory and application of machine element fundamentals in design and analysis of mechanical systems for safe operation. Prerequisites: IET 350; IET 365; IET 379 or EGR 255.

**IET 455 Tool Design 3(2-2)**

Covers the process of planning and developing tools, fixtures, and devices for efficient and economical manufacture of a product. Prerequisites: IET 170, IET 226.

**IET 457 Computer-Aided Design 3(2-2)**

Development and production of computer generated graphical images for solid-based models and basic system assemblies utilizing mass properties and boolean operations. Recommended: IET 226.

**IET 458 Surface Modeling 3(2-2)**

Development and production of industrial and engineering designs with conceptual and parametric surface modeling tools. Utilization of generative shape design functions to model engineering designs. Prerequisites: IET 226.

**IET 459 Computer-Aided Design Engineering Analysis 3(2-2)**

Development and production of computer-generated graphical images for advanced finite element models, setting of load and thermal constraints; introduction to mechanism analysis. Recommended: IET 458.

**IET 461 Construction Estimating and Scheduling 3(3-0)**

The techniques of quantity survey for material, labor, and equipment to enable the students to organize data essential for estimating cost and time duration of projects. Prerequisite: IET 361.

**IET 462 Mechanical Systems in Buildings 3(3-0)**

Design, installation and performance of mechanical systems (heating, air conditioning, and plumbing) in buildings. Prerequisites: PHY 170, MTH 130, IET 361.

**IET 472 Instrumentation and Controls 3(2-2)**

A study of instrumentation and control technology including process control fundamentals, signal conditioning, sensor measurements, control components and feedback control characteristics. Prerequisites: IET 352, 356, 375.

**IET 477 Advanced Computer Numerical Control Programming 3(2-2)**

Advanced CNC programming techniques including advanced GM codes, 3D surface machining, and multi-axis programming in CNC vertical milling center and turning center. Prerequisites: IET 226, 377.

**IET 487 Vehicle Design and Manufacture 3(2-2)**

This course provides an opportunity for students to apply skills of engineering and design to development and design in a nationally competitive setting. Prerequisites: IET 170, 180, 226.

**IET 488 Computer Aided Product Design Capstone 3(1-4)**

Integration of design processes, techniques, systems, and technologies toward the solving of a product design problem. Prerequisite: IET 324. Pre/Co-requisites: IET 458 and Senior Standing.

**IET 497 Special Studies 1-6(Spec)**

Individual investigation and research to increase ones technical competency.

**IET 499 Industrial Projects Capstone 3(1-4)**

The integration of appropriate methods, procedures, and techniques for the analysis of industrial projects and implementation of solutions via a team approach. Prerequisites: senior standing with a declared B.S.E.T. major; or instructor approval.

**IET 500 Production Concepts 3(3-0)**

Comprehensive review of current factors which influence productivity. Emphasis is placed on the integration of people, methods, machines, materials, and management. This course may be offered in an online or hybrid format. Prerequisites: IET 327; STA 282; or graduate standing and statistics competency.

**IET 501 Application of Industrial Management Principles 3(3-0)**

A study of industrial management as a process of coordination that exhibits different patterns depending on the manager's level in the organization and functional responsibilities. This course may be offered in an online or hybrid format. Prerequisites: STA 282 or graduate standing and statistics competency.

**IET 502 Computer Applications in Industry 3(3-0)**

General/special purpose, digital/analog computer applications in industry and automation with emphasis on input/output devices and process control. Prerequisite: 12 IET credit hours.

**IET 524 Technology and Environment 3(3-0)**

A study of the relationship between technology and environment. A systems approach is utilized to examine the optimization of technology within environmental constraints. This course may be offered in an online or hybrid format. Prerequisite: 12 IET credit hours or graduate standing.

**IET 525 Hazardous Materials Technology 3(3-0)**

The course covers hazardous materials and related health, safety, and regulatory issues for persons conducting, supervising, and managing field activities. Prerequisites: IET 327; CHM 120 or CHM 131; junior or senior standing.

**IET 526 Industrial Ergonomics 3(2-2)**

The study of human characteristics, capacities and limitations for the design of productive, safe, and comfortable work spaces, tools, equipment, tasks, and facilities. Prerequisites: IET 327; or senior/graduate standing and permission of instructor.

**IET 527 Industrial Safety Management 3(3-0)**

A comprehensive study of safety management systems and their implication related to accident cost analysis and to programs which comply with state and federal standards. Prerequisite: IET 327.

**IET 532 Careers and Technology for Children 3(2-2)**

Developing interdisciplinary instructional units, manipulatives, and pedagogy to provide K-12 students with meaningful career awareness, exploration, and preparation experiences utilizing industrial materials, tools, and processes. Prerequisite: junior, senior or graduate status in teacher education.

**IET 534 Design and Construction of Teaching Aids 2(1-2)**

Workshop for planning and constructing three-dimensional teaching aids and devices in various curriculum areas of the elementary and secondary grades. Prerequisite: senior status.

**IET 550 Product Design and Development 3(3-0)**

Product design principles, structural, aesthetic, and intellectual property considerations, and product function are discussed. Focus on concept development, evaluation, and prototyping. Prerequisites: IET 226 or Graduate Standing.

**IET 551 Coordination in Vocational Education 3(3-0)**

Duties, problems, and techniques used in organizing and supervising cooperative education programs, partially designed to meet state certification requirements. Identical to BIS 451. Credit may not be earned in more than one of these courses. Prerequisite: a signed authorization.

**IET 561 Light Frame Construction Workshop 3(0-6)**

A workshop on estimating, scheduling, building codes, and construction techniques for frame buildings. Recommended: IET 361.

**IET 567 Construction Safety 3(3-0)**

A comprehensive study of construction safety standards, practices, and procedures. Recommended: IET 361.

**IET 576 Industrial Automation 3(2-2)**

A study of electro mechanical devices, industrial robotics, programmable logic controllers (PLCs), and automated work cell designs. Prerequisites: IET 375; MTH 132; CPS 150 or CPS 180.

**IET 590 Green Building and Sustainability 3(3-0)**

Comprehensive study of the principles of Green Building and Sustainability. Topics include sustainability, xeriscaping, high performance building, energy efficiency, indoor air quality and environmental stewardship. This course is approved for offering in a distance learning format. Prerequisites: IET 361, 368 or graduate standing.

**IET 591 Construction Management 3(3-0)**

A comprehensive study of construction management standards, practices, and procedures with emphasis on the legal aspects of the private, federal, and state construction industries. Prerequisites: IET 361, IET 561.

**IET 597 Special Studies 1-6(Spec)****IET 602 Current Concepts of Industrial Education 2(2-0)**

For teachers and administrators who are interested in the role of industrial education. Problems and controversial issues are discussed.

**IET 610 Advanced Quality Management 3(3-0)**

Applications of quality concepts and the utilization of statistics in manufacturing and industrial settings. Includes quality concepts applied to conceptual design, detailed design, and production. Prerequisite: STA 580.

**IET 619 Continuing Registration for Final Research Project 1(1-0)**

A non-credit course intended for students who have completed all program credits but still need to use university resources to complete their degree requirements.

**IET 620 Advanced Materials 3(2-2)**

This course covers advanced topics in industrial materials. Topics include material properties, material selection, material testing and nanotechnology. This course may be offered in an online or hybrid format. Prerequisite: IET 501 or IET 550.

**IET 625 Industrial Internship 2-6(Spec)**

Experience in industry covering its general functions and/or specific experiences in a technical area. CR/NC only. Prerequisite: departmental permission.

**IET 633 Seminar: Industrial Education 3(3-0)**

Review current philosophies, concepts, and trends in industrial education programs related to career awareness, exploration, and preparation opportunities for students, including those with special needs.

**IET 634 Advanced Safety Management 3(3-0)**

This course covers advanced topics in occupational safety and worker's health protection. Prerequisite: IET 527.

**IET 635 Curriculum Development: Industrial Education 3(3-0)**

Develop curriculum and instructional materials designed to maximize teaching effectiveness, enhance cooperative teaching relationships, and individualize instruction for all students including those with special needs.

**IET 636 Leadership Internship 2-6(Spec)**

Supervised professional experiences in association with successful practitioners in a given area or field. CR/NC only. Prerequisite: coordinator's permission.

**IET 650 Project Management 3(3-0)**

Modern project management showing basic phases of a project, conceptual and detailed design, efficient completion within budget and schedule. This course may be offered in an online or hybrid format. Prerequisite: IET 501 or Graduate Status.

**IET 670 Lean Manufacturing & Six Sigma Quality 3(3-0)**

Lean manufacturing and six sigma quality related to product, process, and manufacturing operations. This course may be offered in an online or hybrid format. Prerequisites: IET 500; STA 580.

**IET 680 Sustainability and Green Technology 3(3-0)**

Concepts of engineering and technology utilizing the framework of sustainability related to green energy technology. This course may be offered in an online or hybrid format. Prerequisite: IET 524.

**IET 694 Problems in Management and Technology 1-6(Spec)**

Individual investigation and research in industrial management or technology. Emphasis is placed on acquisition of knowledge and/or skills. CR/NC only.

**IET 695 Independent Study 2-6(Spec)**

Individual investigation and research in an area of industrial education. CR/NC only. Prerequisite: departmental permission.

**IET 697 Special Studies 1-6(Spec)**

Individual investigation and research to increase ones technical competency.

**IET 733 Practicum: Industrial Education/Special Education 3(Spec)**

Cooperative involvement of industrial education and special education teachers in exploring career awareness, exploration, and preparation programs for all students, including those with special needs. Prerequisites: IET 633, IET 635, SPE elective, and permission of the professor.

**IET 791 Independent Research 2-6(Spec)**

CR/NC only. Prerequisites: EDU 581 or EDU 660 and departmental permission.

**IET 798 Thesis 1-6(Spec)**

CR/NC only. Prerequisites: EDU 581 or EDU 660 and approval of advisor.

**IND 131 Interior Design Studio I: Introduction 3(1-4)**

Application of basic design elements and principles and the use of design concepts, materials, and model building techniques applicable to commercial and residential interiors. Prerequisites: IND 139, Formal admittance to the Interior Design Program. Pre/Co-requisite: IND 138.

**IND 138 Visual Communication for Interior Design 3(2-2)**

Visual communication of design concepts through rendering and presentation techniques; used to express development and the final states of design process. Pre/Co-requisite: IND 139.

**IND 139 Interior Design Drafting 3(2-2)**

Provides drafting and print reading experience designed to meet the professional needs of students concentrating in interior design by covering presentation, architectural and pictorial drawings.

**IND 155 Introduction to Textiles 3(2-2)**

Study of fiber, yarn and fabric properties intended for commercial and interior usage; impact of various processes on use and serviceability; includes textile laboratory analysis. Credit may not be earned in both IND 155 and FMD 155.

**IND 238 Design History and Precedent 3(2-2)**

Cross cultural survey of environmental design (Egyptian through Neoclassical Europe) including furniture, interiors and architecture with correlating historical context.

**IND 328 Design History and Criticism 3(3-0)**

Study of Western design forms (17th century through present) with correlating historical, cultural, and theoretical developments. Criticism of current design using diverse criteria. Prerequisite: IND 238. Pre/Co-requisite: IND 131.

**IND 331 The Art of Event Planning 3(3-0)**

Through the principles and elements of design, this course provides the application of design skills to the overall design of an event while recognizing budget and client constraints.

**IND 332 Human Shelter and Environment 3(3-0)**

*Course explores the interrelationship between the built, cultural and natural environments and human behavior, perception and social interaction. This course may be offered in an online or hybrid format. (University Program Group III-A: Behavioral Sciences)*

**IND 333 Interior Design Service Learning 1-6(Spec)**

This course offers an opportunity for Interior Design students to perform targeted academic-based service work under the supervision of a CMU faculty member. Prerequisite: IND 131, IND 138, IND 139.

**IND 334 Computer-Aided Design for Interiors 3(2-2)**

Fundamental concepts and applications of graphic software programs. Current and potential applications of digital computers and CAD software in design. Prerequisites: IND 131, IND 138, IND 139; Pre/Co-requisite: IND 337.

**IND 335 Contract Documents 3(2-2)**

This course provides an introduction to construction working drawings, methods and materials of diverse construction types, and building codes. Prerequisite: IND 139.

**IND 336 Materials and Components of Interior Design 3(3-0)**

Consideration of the materials, equipment and systems utilized in the design and construction of interior environments.

**IND 337 Interior Design Studio II: Residential 3(1-4)**

Application of basic design process to residential interiors: space planning, furnishings, finishes, color, and lighting; according to the socioeconomic, physical, and psychological needs of users. Prerequisites: IND 139, 332. Pre/Co-Requisites: IND 328, 336.

**IND 338 Internship Preparation for Interior Design 1(Spec)**

Development of skills to prepare students for obtaining an internship in an interior design firm or related field. Should be taken semester prior to IND 438. Prerequisite: IND 337.

**IND 339 Interior Design Studio III: Special User Groups 3(1-4)**

Assessment of the special environmental needs of the disabled, elderly and children; application to studio design problems. May be offered as Writing Intensive. Prerequisites: IND 131, IND 138, IND 139, IND 238, IND 328, IND 332, IND 336, IND 337. Pre/Co-Requisites: IND 334, 436.

**IND 397 Special Topics in Interior Design 1-6(Spec)**

Topics of special interest which are not normally included in existing courses. Prerequisites: See Course Search and Registration.

**IND 432 Seminar in Interior Design 3(3-0)**

Capstone course providing focus on current issues in interior design, methods, materials, and portfolio evaluations. Must be taken during the final Spring semester before graduation. May be offered as Writing Intensive. Prerequisites: IND 339, 436.

**IND 433 Professional Practices in Interior Design 3(3-0)**

Application of internships and business procedures to the establishment and general management of a design practice. To be taken immediately following IND 438. Prerequisite: IND 438.

**IND 434 Advanced CAD for Interiors 3(2-2)**

Advanced application of CAD software. Emphasis on application of the computer as a design tool, topical applications and computer graphic methods. Prerequisites: IND 334, IND 337; Pre/Co-Requisites: IND 339, 436.

**IND 436 Lighting and Other Mechanical Systems 3(2-2)**

Considers the role of mechanical systems in the design of interior spaces with emphasis on lighting, and including heating, ventilation, air conditioning, and acoustical systems. Prerequisites: IND 131, 138, 139, 337; successful completion of math competency.

**IND 437 Interior Design Studio IV: Contract 3(1-4)**

Application of visual, conceptual and functional design processes in the design and space planning of commercial and public spaces. Prerequisites: IND 334, 339, 436; Pre-Co-Requisite: IND 434.

**IND 438 Interior Design Internship 2(Spec)**

Supervised internship of 250 hours in an interior design firm or related field designed to complement classroom learning. Taken semester prior to IND 433. Prerequisite: IND 338.

**IND 439 Interior Design Studio V: Senior Thesis 3(1-4)**

A capstone studio course that focuses on projects with increasing scope and complexity and topics that vary depending on current trends in interior design. Prerequisite: IND 437.

**IND 490 Independent Study in Interior Design 1-6(Spec)**

A student-initiated learning activity focusing on a faculty approved topic in Interior Design. Prerequisite: Permission of instructor.

**IND 497 Special Topics in Interior Design 1-15(Spec)**

Topics of special interest which are not normally included in existing courses. Prerequisites: See Course Search and Registration.

**IPR 101 Foundations of Integrative Public Relations 1(1-0)**

Introduction to the concepts, activities, responsibilities and career directions of public relations from an interdisciplinary perspective.

**IPR 490 Independent Study in Integrative Public Relations 1-6(Spec)**

Student-initiated study guided by faculty member or faculty committee. Prerequisite: Students enrolling in IPR 490 must be a signed IPR major.

**IPR 555 Public Relations Internship 3-6(Spec)**

Directed full-time work experience in a professional public relations environment. Prerequisites: IPR 101; BCA 210, BCA 311; COM 264, COM 357; JRN 202, JRN 302, JRN 350, JRN 450; completion of 56 credit hours; prior written approval of the designated internship director; open only to signed Integrative Public Relations majors.

**IPS 197 International Program Studies 1-36(Spec)**

Courses taken abroad under auspices of Central Michigan University. Primarily for freshmen and sophomores. Prerequisite: permission of the Director of Study Abroad.

**IPS 297 International Program Studies 1-36(Spec)**

Courses taken abroad under auspices of Central Michigan University. Primarily for freshmen and sophomores. Prerequisite: permission of the Director of Study Abroad.

**IPS 397 International Program Studies 1-36(Spec)**

Courses taken abroad under auspices of Central Michigan University. Primarily for juniors and seniors. Prerequisite: permission of the Director of Study Abroad.

**IPS 497 International Program Studies 1-36(Spec)**

Courses taken abroad under auspices of Central Michigan University. Primarily for juniors and seniors. Prerequisite: Permission of the Director of Study Abroad.

**IPS 597 International Program Studies 1-36(Spec)**

Courses taken abroad under auspices of Central Michigan University. Primarily for seniors and graduate students. Prerequisite: permission of the Director of Study Abroad.

**ITC 101QR Reasoning Through Computer Visualization 3(2-2)**

Computer visualization techniques for making informed decisions with data. Strategies for presenting and understanding graphical data representations. Interpretation and evaluation of info-graphics. Quantitative Reasoning.

**ITC 111 Information Technology Programming II 3(3-0)**

Programming for Information Technology. User interfaces, databases, component software. Language used is Visual Basic. Prerequisite: CPS 110.

**ITC 190 Computer Hardware Concepts, Installation, Configuration, and Support 3(3-0)**

Basic computer organization, overview of computer components, properties of peripheral devices, processes management, physical and virtual memory management techniques, resource allocation and protection.

**ITC 191 Computer Software Concepts, Installation, Configuration, and Support 3(3-0)**

User view of system resources, file systems and operations, start-up, configuration files, software installation, dependencies, deinstallation, simple scripts, batch files, and account management basics.

**ITC 265 Basics of Data Communications and Computer Networks 3(3-0)**

Concepts of data communications and networks with Internet focus. Introduction and examination of principles and protocol mechanisms with application to practical contexts. Prerequisites: ITC 190, 191; CPS 110 or 180.

**ITC 292 Linux/Unix Server Administration 3(3-0)**

Concepts and skills related to Linux/Unix system administration: system and application maintenance; user management; system security; system and data assurance. Prerequisites: ITC 191; CPS 110 or 180.

**ITC 320 Web Application Development - Client-Side Scripting 3(3-0)**

Creating web-based applications with a focus on graphical user interfaces, event driven, object-oriented programming and dynamic, animated web pages. Prerequisite: ITC 111 or CPS 181 or BIS 324. Recommended: CPS 165.

**ITC 330 Information Storage and Management 3(3-0)**

Information storage and management techniques for storing, managing, and protecting digital information in classic, virtualized, and cloud environments. Prerequisites: ITC 190, 191. Recommended: ITC 265.

**ITC 341 Introduction to Databases and Applications 3(3-0)**

Database concepts, data models, relational databases, query language SQL, simple database programming. Design and develop databases for various applications using database management systems. Prerequisites: CPS 181 or ITC 111.

**ITC 365 Introduction to Data Communications and Computer Networks 3(3-0)**

Introduction to data communications and computer networks concepts with hands-on projects and implementations. PC and workstation-based computer networks are designed and implemented. Recommended: ITC 290.

**ITC 383 Computer Game Design 3(3-0)**

Introduction to design and development of computer video games. Hands-on creation and testing of games. Prerequisites: CPS 110 or 180; CPS 282.

**ITC 441 Database and Virtual Data Server Administration 3(3-0)**

Database management systems: security, users, recovery, audit, software installation and configuration. Database server management: virtual machines and hosting, file management, permissions, network configuration and scripting. Prerequisites: ITC 265, 341. Recommended: STA 282 or 382.

**ITC 465 Network Administration and Security 3(3-0)**

Local area network and internet; Unix networks; Windows NT networks; administration and security issues of computer networks; integration of Unix and Windows NT networks. Prerequisites: ITC 365. Recommended: STA 282 or STA 382.

**ITC 466 System Administration and Automation 3(3-0)**

Study the concept, theory, tools and procedures around major functional areas (configuration, performance, accounting, fault and security) of network management and system administration. Prerequisite: ITC 465.

**ITC 495 Senior Internship 1-3(Spec)**

Supervised work experience in information technology. Up to 3 hours taken may count toward the IT major requirement. CR/NC only. Prerequisites: senior standing in information technology; written permission of department chairperson.

**ITC 496 Special Topics in Information Technology 1-6(Spec)**

Selected topics in information technology not otherwise available in a course regularly offered. Topic(s) are listed in Course Search and Registration. Repeatable up to 6 credits when content does not duplicate previous special topic studies. Pre/Co-requisites: See Course Search and Registration. Determined by the specific topics presented.

**ITC 510 Software and Data Modeling 3(3-0)**

Fundamentals of systems analysis, including the essential concepts and major paradigms of software and data modeling, and cutting-edge software and data modeling methods, and techniques. Prerequisites: CPS 410, ITC 341, or graduate standing.

**ITC 520 Foundations of Computer Security 3(3-0)**

Computer and network security, cryptography, encryption, threat models, protocols and algorithms, confidentiality, integrity, authentication, authority, access control, operating system and software security, malware, intrusion detection. Prerequisites: ITC 465 or graduate standing.

**ITC 530 Mobile Computing 3(3-0)**

Wireless networks, mobile devices, programming environments. Current contemporary topics on mobile computing. Student projects and literature review. Prerequisite: ITC 510.

**ITC 620 Information Security and Privacy 3(3-0)**

In-depth analysis of security and privacy issues. Secure network design, risks and vulnerabilities, responding to security breaches, host/server and physical security, and encryption technologies. Prerequisites: ITC 520.

**ITC 630 Cloud Computing 3(3-0)**

Study the architecture and algorithms of state-of-art cloud computing and services such as distributed computing, virtualization, storage, IaaS, PaaS, SaaS, MapReduce and cloud software tools. Prerequisites: ITC 510.

**ITC 686 Big Data Analytics 3(3-0)**

Foundation of big data and data analytics lifecycle, structured and unstructured data, analytic methods, MapReduce programming model, big data analytics technologies and tools. Prerequisites: ITC 510.

**ITC 691 Information Technology Project 3(3-0)**

Current topics in information technology. Development, demonstration, and presentation of research and application projects. Prerequisites: 12 hours of graduate courses in ITC.

**ITC 798 Thesis 1-6(Spec)**

Research in information technology. CR/NC only. Prerequisites: Written permission of advisor and department chairperson.

**JPN 101 Elementary Japanese I 4(4-0)**

*Designed for students who have had no Japanese. Basic language skills. Introduction to the culture of Japan. Students who have completed more than one year of Japanese in secondary school will not receive credit. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**JPN 102 Elementary Japanese II 4(4-0)**

*Basic language skills and culture. Continuation of JPN 101. Recommended: JPN 101. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**JPN 110 Study Abroad 1-8(Spec)**

Intended for beginning students studying abroad. Prerequisite: permission of department chairperson.

**JPN 201 Intermediate Japanese I 4(4-0)**

*Further development of all language and reading skills; a review of grammar, and exploration of Japanese culture. Recommended: JPN 102. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**JPN 202 Intermediate Japanese II 4(4-0)**

*Designed to develop further fluency in Japanese language and culture. Recommended: JPN 201. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**JPN 210 Study Abroad 1-12(Spec)**

Intended for intermediate students studying abroad. Prerequisites: JPN 102; permission of department chairperson.

**JPN 310 Study Abroad 1-12(Spec)**

Intended for advanced students studying abroad. Prerequisites: JPN 202; permission of department chairperson.

**JPN 410 Study Abroad 1-12(Spec)**

Intended for advanced students studying abroad. Prerequisites: 12 or more hours on 300 level; permission of department chairperson.

**JRN 101 Media and Society 3(3-0)**

*Understanding the influence of media and society. (University Program Group III-B: Studies in Social Structures)*

**JRN 102 Introduction to Journalism 3(3-0)**

An introduction to journalism as a social, cultural, political, technological, and economic force; a professional field; an academic discipline, unit and program.

**JRN 105 Social Media in Society 3(3-0)**

The development and impact of social media on society, message control, and the goals and objectives in communication with audiences. This course is offered in an online format only.

**JRN 197 Special Studies 1-3(Spec)**

Appropriate title to be listed when offered.

**JRN 202 Writing for the Mass Media 3(3-0)**

Gathering, processing and writing information and opinion on current matters using professional standards and formats in news, public relations and advertising. May be offered as Writing Intensive. Prerequisites: ENG 101 (C or better).

**JRN 203QR Information Gathering for the Mass Media 3(3-0)**

Acquiring, comprehending, analyzing, synthesizing, and evaluating information by solving journalistic problems in a variety of cases and from multiple perspectives. Pre/Co-Requisite: JRN 202. Quantitative Reasoning.

**JRN 205 Shaping the Media 3(3-0)**

*An in-depth exploration of the news environment and the forces that shape news within the context of civic and global citizenship. May be offered as Writing Intensive. (University Program Group III-B: Studies in Social Structures)*

**JRN 220 Basic Media Photography 3(3-0)**

Camera operation, producing and processing of photographs for media use.

**JRN 250 Social Media: Managing the Message 3(3-0)**

Select, use and analyze social media to build relationships, network, distribute messages and develop strategies for organizations. This course is offered in an online format only. Prerequisite: JRN 105 with a C or better.

**JRN 297 Special Studies 1-6(Spec)**

Appropriate title to be listed when offered.

**JRN 302 Introduction to Graphics and Visual Communication 3(3-0)**

Principles and techniques of publication/advertising graphics and visual communication, including typography and the printing process.

**JRN 312 Reporting 3(3-0)**

Skills in gathering, evaluating and writing news. May be offered as Writing Intensive. Prerequisites: JRN 202, 203; ENG 201.

**JRN 315 Editing 3(3-0)**

Copy editing, headline writing and design and layout. Prerequisite: JRN 202.

**JRN 320 Photo Editing 3(3-0)**

Use and preparation of photographs for the print media. Prerequisite: JRN 220.

**JRN 339 Social Media: Reputation, Image and Interaction 3(3-0)**

Advanced skills in using social media to engage audiences, establish professional brands, drive traffic and evaluate results. Prerequisite: JRN 202.

**JRN 340 Introduction to Digital Journalism 3(3-0)**

Survey of current theories, issues and trends of the digital journalism environment, and introduction of digital journalism production using current media tools and software. Prerequisites: JRN 202 with a C or better or JRN 361 with a C or better.

**JRN 348 Business Journalism 3(3-0)**

Coverage of business, economic, consumer and personal finance issues. May be offered as Writing Intensive.

**JRN 350 Public Relations Principles and Practices 3(3-0)**

Concepts and principles of public relations practiced by corporations, agencies, non-profits and other organizations. Role of the practitioner stressed. This course may be taken in an online or hybrid format.

**JRN 353 Foundations of Strategic Public Relations 3(3-0)**

Overview of strategic campaign process and application public relations theory to real-world projects including formative research, strategic and tactical planning, and plan evaluation phases.

**JRN 360 Advertising Principles 3(3-0)**

Organization of today's advertising industry; role of advertising in promotion; examination of types of advertising and media vehicles. This course is approved for offering in an online or hybrid format.

**JRN 361 Writing for Advertising 3(3-0)**

An introduction to the principles and techniques used in writing for print, broadcast, internet, mobile, direct mail, and point-of-sale advertising. Prerequisites: JRN 101 or 102; JRN 360.

**JRN 365 Advertising Media 3(3-0)**

Evaluation of media in relationship to marketing objectives. Selection of media space/time and decision-making in development of media schedules. Prerequisite: JRN 360.

**JRN 366 Advertising Account Management 3(3-0)**

An exploration of the history, functions, and skills of advertising account management. Prerequisite: JRN 360.

**JRN 369 Advertising and Public Relations Research 3(3-0)**

Reviews and applies secondary, social scientific, professional, and interpretative research methods in persuasive mass communication contexts. Prerequisite: JRN 350 or 360.

**JRN 370 Social Media Legal and Ethical Issues 3(3-0)**

Students investigate and analyze legal and ethical issues in social media to develop appropriate standards and policies for an organization. This course is offered in an online format only. Prerequisite: JRN 250 with a C or better.

**JRN 372 The Asian Media and Cross-cultural Mass Communication 3(3-0)**

*Analysis of Asian media systems and historical, economic, political and cultural factors shaping those systems. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**JRN 380 Racial and Cultural Diversity: Mass Media's Role 3(3-0)**

*Critical, historical and contemporary examination of African, Hispanic, Asian, Native Americans and gender stereotypes in mass media. Self-portrayals by these groups using mass media. (University Program Group IV-C: Studies in Racism and Cultural Diversity in the United States)*

**JRN 397 Special Studies 1-6(Spec)**

Appropriate title to be listed when offered.

**JRN 402 Advanced Media Graphics and Visual Communication 3(3-0)**

Advanced techniques of multimedia graphics, digital publishing, and visual design for media industries including advertising, journalism and public relations. Prerequisite: JRN 302.

**JRN 404 Law of Mass Communication 3(3-0)**

Principles and case studies. Prerequisites: JRN 101 or 102; junior standing.

**JRN 409 Independent Study 1-3(Spec)**

Individual study under faculty direction. Prerequisite: senior standing.

**JRN 417 Sports Reporting 3(3-0)**

Critical examination and reporting of sports events. Prerequisites: JRN 315.

**JRN 420 Photography Studio Techniques 3(3-0)**

Use of camera in a controlled environment, studio lighting and basic studio operation. Prerequisite: JRN 220.

**JRN 421 Color News Photography 3(3-0)**

Use and production of color transparencies, prints; basic considerations of media use. Prerequisites: JRN 220, JRN 320.

**JRN 422 The Photographic Process 3(3-0)**

Advanced camera operation: light, lighting, optics, and the chemistry of the silver halide process. Prerequisites: JRN 220.

**JRN 423 Online Visual Storytelling 3(3-0)**

Online storytelling for the photojournalist. Multimedia production combining still photography, audio, and video with the intended purpose of publishing on the Web. Prerequisites: JRN 220; 56 credits completed.

**JRN 430 Magazine and Feature Writing 3(3-0)**

Experience in writing and marketing newspaper features and magazine articles. Submission of manuscripts for publication is required of each student in the course. May be offered as Writing Intensive. Prerequisites: JRN 202, 203.

**JRN 440 Advanced Digital Journalism 3(3-0)**

Advanced techniques of digital journalism production using current media tools and software. Prerequisites: JRN 202, 340 with a C or better in each course. Recommended: JRN 203, 220.

**JRN 441 Data Journalism 3(3-0)**

An introduction to data journalism that involves the investigating and reporting of news by prospecting for, analyzing, graphing, and mapping data from online databases. Prerequisites: JRN 202, 203.

**JRN 445 Multimedia Reporting Capstone 3(3-0)**

Advanced principles and techniques of online multimedia news and feature packages including writing and reporting, text, photos, interactive graphics, audio, video, other forms of multimedia. Prerequisites: JRN 340, 440 for journalism majors, JRN 340, 423 for photojournalism majors.

**JRN 448 Journalism Practicum 1-3(Spec)**

Applying various online journalism theory and skills, such as web design, audio and video production, and photography to publish a web magazine as a group. Prerequisite: JRN 202.

**JRN 449 Journalism Internship 3(Spec)**

Experience in online journalism under professional and faculty supervision. May be applied toward journalism major and minor only with permission of faculty advisor. Prerequisites: Junior standing; prior approval of internship director.

**JRN 450 Public Relations Writing 3(3-0)**

Creating and editing written materials for a variety of public relations purposes and a variety of media. May be offered as Writing Intensive. Prerequisites: JRN 202; JRN 350 or 353.

**JRN 460 Social Media Practicum, Portfolio and Plan 3(3-0)**

A supervised, eight-week practicum for integrating social media into an organization's communications. This course is offered in an online format only. Prerequisites: JRN 370 with a C or better. Written authorization (CMU approved forms) is required from the faculty advisor and on-site practicum supervisor prior to the start of the course.

**JRN 465 Advertising Copy and Design 3(3-0)**

Techniques used to interpret advertising strategies and create advertising concepts, copy, layout, and presentations in print, broadcast and digital media. Prerequisites: JRN 302, 360, 361.

**JRN 466 Advertising Campaigns 3(3-0)**

Development of advertising plans. Choice of appeals, approaches, media, and creative strategies. Preparation, production and presentation of campaigns. Budget allocation, marketing research, assessment and evaluation. Prerequisites: JRN 361, 465; JRN 365 or MKT 315.

**JRN 467 Advertising Account Planning 3(3-0)**

This course will explain, explore, demonstrate, and examine the research techniques and interpretive skills used in the field of marketing- communications. Prerequisite: JRN 360.

**JRN 497 Special Studies 1-6(Spec)**

Appropriate title to be listed when offered.

**JRN 500 Current Issues in Mass Communication 3(3-0)**

Examination of the role of mass communication in society through the exploration of issues, ethics, trends and decision-making processes. Prerequisite: senior standing.

**JRN 516 Public Affairs Reporting 3(3-0)**

Coverage of government and other public issues. May be offered as Writing Intensive. Prerequisite: JRN 203, 312.

**JRN 519 Journalism Internship 1-4(Spec)**

Experience at news organizations under professional and faculty supervision. May be applied toward journalism major and minor only with permission of faculty advisor. Prerequisites: junior standing; permission of instructor.

**JRN 520 Independent Study in Photography 3(3-0)**

Advanced experience and individual instruction in photography. Prerequisites: JRN 220, JRN 320.

**JRN 521 Seminar in News Photography 3(3-0)**

Field experience of the photograph as a means of communicating information, ideas and opinions.

**JRN 529 Photojournalism Internship 1-4(Spec)**

Photojournalism experience under professional and faculty supervision. May be applied to journalism major or minor only with permission of faculty advisor. Prerequisites: junior standing; permission of instructor.

**JRN 551 Case Studies in Public Relations 3(3-0)**

Examination of historic and contemporary public relations problems and programs with emphasis on research, planning and problem-solving skills in public relations practices. Prerequisites: JRN 350.

**JRN 556 Public Relations Seminar 3(3-0)**

Practical applications of public relations principles in a diverse society. Prerequisites: JRN 350, 450.

**JRN 559 Public Relations Internship 1-4(Spec)**

Experience in public relations under professional and faculty supervision. May be applied toward journalism major and minor only with permission of faculty advisor. Prerequisites: junior standing; permission of instructor.

**JRN 569 Advertising Internship 1-4(Spec)**

Experience in advertising under professional and faculty supervision. May be applied toward journalism major or minor only with permission of faculty advisor. Prerequisites: junior standing and permission of instructor.

**JRN 597 Special Studies 1-6(Spec)**

Appropriate title to be listed when offered.

**JRN 670 Public Relations Management 3(3-0)**

Organization and management of the public relations function in business, industry, various institutions and public relations firms: counseling, planning, budgeting, personnel management. This course is approved for offering in a distance learning format.

**LAR 145 Racism and Discrimination in America through Dialogue 3(3-0)**

*Interdisciplinary course examines (through lecture and dialogue) the historical and economic causes of racism and ways of achieving a just society. (University Program Group IV-C Studies in Racism and Cultural Diversity in the United States)*

**LAR 197 Special Studies in Liberal Arts 1-12(Spec)**

Primarily for freshmen or sophomores. Prerequisite: permission of instructor.

**LAR 397 Special Studies in Liberal Arts 1-12(Spec)**

Prerequisite: Permission of instructor. Primarily for juniors and seniors.

**LAR 597 Special Studies in Liberal Arts 1-12(Spec)**

Primarily for graduate students. Prerequisite: permission of instructor.

**LAT 101 Elementary Latin I 4(4-0)**

*Introduction to Latin through the study of grammar, vocabulary, and readings in Roman history, literature, and culture. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**LAT 102 Elementary Latin II 4(4-0)**

Continuation of LAT 101. Prerequisite: LAT 101.

**LAT 201 Intermediate Latin I 4(4-0)**

Translating typical classical Latin prose. Prerequisite: LAT 102.

**LAT 202 Intermediate Latin II 4(4-0)**

Continuation of LAT 201. Prerequisite: LAT 201.

**LDR 100 Introduction to Leadership Education and Development 1(1-0)**

Designed to provide students with the foundation to develop and enhance their leadership potential and expose them to opportunities in the university environment in order for them to fulfill their scholarship protocol. CR/NC only. Prerequisites: Only open to Leader Advancement Scholarship (LAS) recipients.

**LDR 110 Personal Leadership & Service 1(1-1)**

An exploratory course guiding students in discovering their personal & leadership potential and exposure to the university and local community with emphasis on public service.

**LDR 120 Introduction to Service Leadership 1(1-1)**

The use of service leadership as a means of impacting issue-based social problems.

**LDR 200 Introduction to Leadership 3(2-2)**

Introduction to theoretical, philosophical, and conceptual foundations of leadership. Emphasis on styles and approaches of leadership related to the humanities, natural sciences, and social sciences. This course is approved for offering in a distance learning format.

**LDR 320 Leadership and Service in Nonprofits 3(3-0)**

Students will experience and apply leadership models specific to nonprofits. This course will emphasize social change leadership and service-based projects. This course may be offered in an online or hybrid delivery format. Prerequisite: LDR 200.

**LDR 402 Applications of Leadership 3-6(Spec)**

Designed to apply a variety of leadership theories and practices within a supervised organizational setting through an internship involving work, volunteer/community service, or project management. Prerequisites: LDR 200; COM 461; PHL 118 OR PHL 218 OR PHL 318; Junior or Senior standing; a signed Leadership minor; prior written approval by the Leadership Minor advisor.

**LIB 197 Introduction to Library and Information Research 1(1-0)**

Practical skills needed to conduct library and information research. Includes locating information in electronic and print sources, defining researchable topics, as well as evaluating, citing, and using information. Not open to students with LMT 530.

**LIB 397 Special Topics in Library and Information Research 1-3(Spec)**

Students will learn in-depth library and information research skills within specialized or discipline-related subject areas. Topics vary by semester. Prerequisites: at least Junior standing.

**MAR 301 Marine Science II: Marine Biology 5(Spec)**

An introduction to marine biology with emphasis on local fauna and flora. Prerequisites: general zoology; general botany.

**MAR 590 Special Problems in Marine Science 1-6(Spec)**

Prerequisites: permission of instructor.

**MBA 500 Spreadsheet Applications in Business 1(1-0)**

Application of spreadsheet software tools to the solution of common business problems including budgeting, forecasting, and optimization for preparing information to support management decision-making. Course may not be included on any graduate degree program. Prerequisites: computer literacy as demonstrated by BIS 104, CPS 100 and prior knowledge of spreadsheet software; admission to the MBA program OR both graduate status and permission of the MBA director.

**MBA 501 Presentation Graphics Applications in Business 1(1-0)**

Application of presentation graphics software tools in preparing and delivering professional management briefings that provide information which supports the solution of common business problems. Course may not be included on any graduate degree program. Prerequisites: computer literacy as demonstrated by BIS 104, CPS 100 and prior knowledge of presentation graphics software; admission to the MBA program OR both graduate status; permission of the MBA director.

**MBA 502 Database Applications in Business 1(1-0)**

Application of a database management program to the solution of common business problems including sales and inventory management for preparing information to support decision making. Course may not be included on any graduate degree program. Prerequisites: computer literacy as demonstrated by BIS 104, CPS 100 and prior knowledge of database management software; admission to the MBA program OR both graduate status and permission of the MBA director.

**MBA 503 Professional Business Communications 2(2-0)**

Developing professional business communications skills within a team environment. Emphasis on both written and oral communications utilizing current technologies. Prerequisites: admission to the MBA program, or permission the MBA director.

**MBA 504 Using Financial Accounting Information 2(2-0)**

Introduces use of financial accounting income statements, balance sheets, and statements of cash flow in managerial planning, control, and evaluation. Prerequisites: admission to the MBA program, or permission of the MBA director.

**MBA 505 The Economic Environment of Business 2(2-0)**

Provides the economic tools necessary for graduate study in business: demand and supply, elasticity, costs and production, competitive and monopolistic markets, macroeconomics, and international trade. Not open to economics graduate students. Prerequisites: admission to the MBA program, or permission of the MBA director.

**MBA 506 Legal Environment of Business 2(2-0)**

Basic concepts concerning the interrelationships of business and its external environments. Managerial participation in and response to public policy issues and their resolutions. Prerequisites: admission to the MBA program, or permission of the MBA director.

**MBA 507 Introduction to Marketing Management 2(2-0)**

An introduction to the marketing management process including the marketing environment, buyer behavior, marketing analysis, segmentation, marketing strategy, the marketing mix, and social/ethical issues. Prerequisites: admission to the MBA program, or permission of the MBA director.

**MBA 508 Management and Organization 2(2-0)**

Introduction to the internal structure, processes, and control of organizations. Prerequisites: admission to the MBA program, or permission of the MBA director.

**MBA 509 Production/Operations Management 2(2-0)**

Concepts and applications of production and operations management in business and industry. Prerequisites: admission to the MBA program, or permission of the MBA director.

**MBA 510 Financial Management and Analysis 2(2-0)**

An introduction to basic finance principles and tools including the time value of money, risk and return, capital budgeting and the interpretation of financial statements. Prerequisites: admission to the MBA program, or permission of the MBA director.

**MBA 511 Statistics for Managerial Decisions 2(2-0)**

An introduction to descriptive and inferential statistics in a business decision context. Applications of various t-tests, ANOVA, multiple regression, and cross-tabulation are emphasized. Prerequisites: admission to the MBA program, or graduate status and permission of the MBA director.

**MBA 609 Information Systems Management 2(2-0)**

Examination of issues involved in managing and deploying information systems in organizations with an emphasis on technologies and human factors that support competitive strategies. This course is approved for offering in a distance learning format. Prerequisites: knowledge of advanced business applications in spreadsheets, database, and presentation graphics software, admission to the MBA program or permission of the MBA director.

**MBA 610 Managing Information Systems in a Global Economy 3(3-0)**

The management and deployment of information systems (IS) in organizations around the world, creating value from IS assets and exploring emerging technologies. This course may be offered in an online or hybrid format. Prerequisite: Admission to the MBA program.

**MBA 618 Continuing Registration for Final Research Project 1(1-0)**

A non-credit course intended for students who have completed all program credits but still need to use university resources to complete their degree requirements.

**MBA 619 Accounting Information for Managers 2(2-0)**

Investigates the central role accounting systems play in managerial evaluation, control, and planning. This course is approved for offering in a distance learning format. Prerequisite: Admission to the MBA program or permission of the MBA director. Recommended: MBA 504, MBA 510, and BUS 600.

**MBA 620 Managerial Accounting: A Management Perspective 3(3-0)**

Investigates the central role accounting systems play in the planning, control, and decision making by managers. This course may be offered in an online or hybrid format. Prerequisite: Admission to the MBA program.

**MBA 629 Managing Behavioral Change 2(2-0)**

A study of organization culture and behavior which emphasizes the importance of and need for influencing individual and small group behavior in contemporary organizational settings. This course is approved for offering in a distance learning format. Prerequisite: Admission to the MBA program or permission of the MBA director. Recommended: MBA 508.

**MBA 630 Managing and Leading Individuals and Groups in Organizations 3(3-0)**

A study of the frameworks used to understand and lead individual and group behavior and the processes used to create organization change. This course may be offered in an online or hybrid format. Prerequisite: Admission to the MBA program.

**MBA 639 Quantitative Applications for Managers 2(2-0)**

The application of quantitative methods to managerial decisions. Applications include optimization, modeling, and simulation, and focus on using the computer to support decision making. This course is approved for offering in a distance learning format. Prerequisite: Admission to the MBA program or permission of the MBA director. Recommended: MBA 504, BUS 600, and knowledge of advanced business applications in spreadsheet software.

**MBA 640 Data Analysis for Managers 3(3-0)**

Understanding and applying quantitative methods of data analysis that facilitate getting information for business decisions from the raw data that business professionals have available. This course may be offered in an online or hybrid format. Prerequisite: Admission to the MBA program.

**MBA 649 Marketing Management 2(2-0)**

Dynamic nature and managerial aspects of marketing. Formulation of analytical decisions concerning marketing strategy. This course is approved for offering in a distance learning format. Prerequisites: Admission to the MBA program or permission of the MBA director. Recommended: MBA 503 and MBA 507.

**MBA 650 Marketing-Based Management 3(3-0)**

Dynamic nature and managerial aspects of customer-centric marketing. Formulation of analytical decisions concerning marketing strategy. This course may be offered in an online or hybrid format. Prerequisite: Admission to the MBA program.

**MBA 659 Managing in a Global Economy 2(2-0)**

Covers challenges of globalization of product- and factor-markets, managing subsidiaries and influencing affiliates in diverse cultures, in industrialized and emerging economics. This course is approved for offering in a distance learning format. Prerequisite: Admission to the MBA program or permission of the MBA director. Recommended: MBA 508.

**MBA 660 Global Business and Sustainability 3(3-0)**

This course is designed to enable students to discuss and apply the major international business and sustainability issues and theories facing global managers. This course may be offered in an online or hybrid format. Prerequisite: Admission to the MBA program.

**MBA 669 Financial Decision-Making 2(2-0)**

This course provides a framework for the analysis of the investment and financing decisions of the firm and an understanding of how to apply finance theory to practical situations. This course is approved for offering in a distance learning format. Prerequisites: MBA 504, MBA 510, and BUS 600. Admission to the MBA program or permission of the MBA director.

**MBA 670 Financial Analysis and Risk Management 3(3-0)**

Course provides a framework for analysis of investment and financing decisions of the firm and understanding of how to apply finance theory to practical solutions. This course may be offered in an online or hybrid format. Prerequisite: Admission to the MBA program.

**MBA 679 Economic Analysis for Managers 2(2-0)**

Application of economics and statistics to business decisions. Integration of theory with issues from Business Week and The Wall Street Journal. Development of business regression models. Recommended: ECO 600 and BUS 600. Prerequisite: Admission to the MBA program or permission of the MBA director. This course is approved for offering in a distance learning format.

**MBA 680 Global Economic Environment 3(3-0)**

The global economy and its impact on managerial decision making. Economic growth, fiscal and monetary policy, trade, exchange rate determination, capital and financial flows. This course may be offered in an online or hybrid format. Prerequisite: Admission to the MBA program.

**MBA 688 Directed Work/Observation/Internship 1(1-0)**

Work or internship experience relevant to the MBA program. Prerequisites: Admission to the MBA program.

**MBA 689 Strategic Management 2(2-0)**

Focuses on developing competitive business strategies through a process of analyzing environments, establishing and implementing strategies, and evaluating results. This course is approved for offering in a distance learning format. Prerequisites: completion of 14 hours of MBA program including the following courses: MBA 619, MBA 649, MBA 659, and MBA 669. Admission to the MBA program or permission of the MBA director.

**MBA 690 Strategic Management: Integrative Experience 3(3-0)**

Focuses on integrative approach in developing competitive business strategies through a process of analyzing business environments, selecting and implementing strategies, and evaluating results. This course may be offered in an online or hybrid format. Prerequisites: Admission to the MBA program. Completion of MBA 620, 650, 660, and 670.

**MBA 697 Special Topics 1-6(Spec)**

Special topics of interest not included in courses currently listed in the Bulletin. Prerequisites: regular admission to the MBA program or permission of the MBA director.

**MBA 699 The MBA Project 4(4-0)**

The capstone experience where skills and competencies are applied to actual business problems. Students develop cross-functional business solutions with the guidance of a faculty committee. CR/NC only. This course is approved for offering in a distance learning format. Prerequisites: completion of 20 hours of the MBA program, including at least seven MBA-designated core courses at the 600-level. Admission to the MBA program or permission of the MBA director.

**MDP 495 MDPT Capstone Experience 1(1-0)**

A Media Design, Production and Technology capstone experience focused on the documentation and presentation of skills developed during the Minor experience. Must be taken in the last two semesters prior to graduation. Prerequisites: ART 231; BCA 223; CPS 282; JRN 220; All with a C or better; Senior status.

**MED 600 Society and Community Medicine 9(Spec)**

Integrates population and public health concepts with individual and community needs, health, and healthcare access, providing essential context for ethical, cultural, legal and organizational concepts. CR/NC only. Prerequisite: Admission to the College of Medicine.

**MED 610 Essentials of Clinical Skills 17(Spec)**

An integrated clinical, diagnostic, and therapeutic skill development course. Emphasis is placed on history-taking, physical examination, and diagnostic skills presented by body system. CR/NC only. Prerequisite: Admission to the College of Medicine.

**MED 620 The Art of Medicine 9(Spec)**

Explores foundational elements of professionalism, ethics, humanities and self-care in the medical profession. CR/NC only. Prerequisite: Admission to the College of Medicine.

**MED 630 Foundational Sciences of Medicine: Wellness and Disease 18(Spec)**

Builds a knowledge base of the basic science mechanisms underlying wellness and disease that are presented in subsequent courses. CR/NC only. Prerequisite: Admission to the College of Medicine.

**MED 640 Reproductive/Human Development: Wellness and Disease 8(Spec)**

Provides the basic and clinical sciences knowledge and learning experiences required to understand wellness and disease mechanisms for the human development and reproductive system. CR/NC only. Prerequisite: Admission to the College of Medicine.

**MED 650 Cardiopulmonary: Wellness and Disease 10(Spec)**

Develops the basic and clinical sciences knowledge base required for understanding mechanisms underlying wellness and diseases of the cardiopulmonary system. CR/NC only. Prerequisite: Admission to the College of Medicine.

**MED 660 Renal/Endocrine: Wellness and Disease 10(Spec)**

Develops the basic and clinical sciences knowledge base required for understanding mechanisms underlying wellness and diseases of renal and endocrine systems. CR/NC only. Prerequisite: Admission to the College of Medicine.

**MED 740 Neurosciences and Behavior: Wellness and Disease 10(Spec)**

Provides instruction on the basic structure and function of the nervous system and a clinical foundation required for examination and treatment of its disorders. CR/NC only. Prerequisite: Admission to the College of Medicine.

**MED 750 Musculoskeletal/Dermal: Wellness and Disease 8(Spec)**

Develops the basic and clinical sciences knowledge base required for understanding mechanisms underlying wellness and diseases of the musculoskeletal and dermal systems. CR/NC only. Prerequisite: Admission to the College of Medicine.

**MED 760 Gastrointestinal: Wellness and Disease 8(Spec)**

Provides the basic and clinical sciences knowledge and learning experiences required to understand wellness and disease mechanisms for the gastrointestinal system. CR/NC only. Prerequisite: Admission to the College of Medicine.

**MED 770 Hematology/Oncology: Wellness and Disease 8(Spec)**

Develops the basic and clinical sciences knowledge base required for understanding mechanisms underlying wellness and diseases of the hematologic system. CR/NC only. Prerequisite: Admission to the College of Medicine.

**MED 780 SYNAPSE 4(Spec)**

A course providing a review of curriculum to date and a transition to the clinical experiences in the third and fourth years. CR/NC only. Prerequisite: Admission to the College of Medicine.

**MED 797 Special Topics: Medical Clerkship Elective 1-30(Spec)**

Topics of special interest to second-year medical students, in good standing, that extends their knowledge and their skills in patient care or research. CR/NC only. Prerequisites: Permission from CMED Office of Curriculum.

**MED 800 Comprehensive Community Clerkship 36(Spec)**

Based in primary care practices in central and northern Michigan. Teaches basic competencies of family medicine, pediatrics, internal medicine, psychiatry, obstetrics/gynecology, and surgery. CR/NC only. Prerequisites: Permission from CMED Office of Curriculum.

**MED 810 Clerkship: Surgery 6(Spec)**

Teaches basic competencies of Surgery pertinent to the care of patients, in a clinical setting. CR/NC only. Prerequisites: Permission from CMED Office of Curriculum. Recommended: MED 800.

**MED 820 Clerkship: Hospitalist - Internal Medicine 6(Spec)**

Teaches basic competencies of hospitalist medicine pertinent to hospital care of patients. CR/NC only. Prerequisites: Permission from CMED Office of Curriculum. Recommended: MED 800.

**MED 830 Clerkship: Psychiatry 6(Spec)**

Teaches basic competencies of Psychiatry pertinent to the care of patients, in a clinical setting. CR/NC only. Prerequisites: Permission from CMED Office of Curriculum. Recommended: MED 800.

**MED 840 Clerkship: Obstetrics and Gynecology 6(Spec)**

An introductory experience in the provision of comprehensive medical care and counseling services of female patients, focusing on commonly encountered obstetrical conditions and gynecological problems. CR/NC only. Prerequisites: Permission from CMED Office of Curriculum. Recommended: MED 800.

**MED 850 Clerkship: Pediatrics 6(Spec)**

The clerkship will teach the basic competencies of pediatric medicine pertinent to the care of patients in a clinical setting. CR/NC only. Prerequisite: Permission from the CMED Office of Medical Education. Recommended: MED 800.

**MED 910 Surgery Sub-Internship 8(Spec)**

Surgical immersion experience with adult or pediatric patients, designed to prepare the student for the responsibilities of an internship. CR/NC only. Prerequisites: Permission from CMED Office of Curriculum. Recommended: MED 800, 810.

**MED 920 Internal Medicine Sub-Internship 8(Spec)**

Internal medicine immersion experience with adult or pediatric patients, designed to prepare the student for the responsibilities of an internship. CR/NC only. Prerequisites: Permission from CMED Office of Curriculum. Recommended: MED 800, 820.

**MED 930 Clerkship: Emergency Medicine 6(Spec)**

Teaches basic competencies of Emergency Medicine pertinent to the care of patients, in emergency department/urgent care clinical setting. CR/NC only. Prerequisites: Permission from CMED Office of Curriculum. Recommended: MED 800, 810, 820.

**MED 997 Special Topics: Medical Clerkship Elective 1-42(Spec)**

Topics of special interest to third/fourth-year students that extend their knowledge of a specialty area, develop skills in patient care/research, or prepare them for residency. CR/NC only. Prerequisites: Permission from CMED Office of Curriculum.

**MED 999 Capstone 6(Spec)**

Reviews, reinforces, and expands knowledge and skills necessary to begin the first year of residency training. CR/NC only. Prerequisites: Completion of all required CMED courses and clerkships as well as 24 weeks of electives.

**MET 101QR Our Changing Climate 3(3-0)**

*Scientific causes of climate change and its potential impact. Past, current, and future climates with emphasis on how scientists measure and interpret climate variation. Quantitative Reasoning. (University Program Group II-A: Descriptive Sciences)*

**MET 140 Severe and Unusual Weather 3(3-0)**

*Description and causes of tornadoes, hurricanes, explosive cyclones, floods and drought. The potential impact of global climate change on these phenomena. This course may be offered in an online or hybrid format. (University Program Group II-B: Quantitative and Mathematical Sciences)*

**MET 250 Geoscience Mapping and Resource Evaluation 3(3-0)**

This course explores applications that aid in the analysis of geoscience data. Integration of various geospatial data sources and analysis pertinent to geoscientists. Identical to GEL 250; credit may not be earned in both of these courses. Prerequisites: GEO 203; One of: MET 101 or MET 140 or MET 260 or GEL 100 or GEL 101, 102 or GEL 105, 102 or GEL 130.

**MET 260 Introduction to Atmospheric Science 3(2-2)**

Description and analysis of the fundamental atmospheric phenomena that define our weather and climate: radiation, wind, moisture, stability, clouds, precipitation, convection, and cyclones.

**MET 265 Professional Development in the Atmospheric Sciences 1(1-0)**

Development of a plan for success in meteorology based on understanding the requirements to enter the field and the resources CMU provides to meet them. Pre/Co-requisite: MET 260.

**MET 301 Climatology & Climate Change 3(3-0)**

A study of major climate types, their controls, distribution patterns and significance. Examination of the causes and implications of climatic change. Prerequisites: GEO 201 or MET 101 or MET 140 or MET 260.

**MET 310 Atmospheric Thermodynamics and the Boundary Layer 3(2-2)**

Thermodynamic properties of dry and moist air. Atmospheric stability. Theory and applications of thermodynamic diagrams. Structure and evolution of the atmospheric boundary layer. Prerequisites: MET 260 with a grade of C- or better; MTH 133. Pre/Co-requisite: PHY 145.

**MET 312 Meteorological Instruments and Observations 3(3-0)**

Design and use of meteorological instrumentation, including meteorological radar and satellites. Prerequisites: MET 310 with a grade of C- or better.

**MET 315 Computer Applications in Meteorology 2(1-2)**

Analysis of different types of meteorological data using meteorological software within the Linux operating system, including proper ways to visualize and present data. Prerequisites: MET 310 with a grade of C- or better.

**MET 320 Physical Meteorology 3(3-0)**

Microphysical processes in warm and cold clouds. Properties of radiation and radiative transfer in the atmosphere. Prerequisites: MET 310 with a grade of C- or better; PHY 145; MTH 133.

**MET 330 Dynamic Meteorology I 3(3-0)**

Application of Newton's laws of motion to various scales of atmospheric phenomena. Vorticity, divergence and vertical motion. Prerequisites: MET 310 with a grade of C- or better; MTH 233; PHY 145. Pre/Co-requisite: MET 340.

**MET 335 Dynamic Meteorology II 3(3-0)**

Quasi-geostrophic theory and its application in weather prediction and diagnosis. Atmospheric waves, baroclinic instability theory. Prerequisite: MET 330 with a grade of C- or better.

**MET 340 Synoptic Meteorology I 3(2-2)**

Analysis of large-scale weather patterns through the application of concepts from physical and dynamical meteorology. Focus on cyclogenesis and frontogenesis. Prerequisites: MET 310 with a grade of C- or better; MET 312; MTH 233; PHY 145. Pre/Co-requisite: MET 330.

**MET 345 Synoptic Meteorology II 3(2-2)**

Advanced analysis of large-scale weather patterns through the application of concepts from physical and dynamical meteorology. Focus on quasi-geostrophic, isentropic, and potential vorticity frameworks. Prerequisite: MET 340 with a grade of C- or better. Pre/Co-requisite: MET 335.

**MET 350 Tropical Meteorology 3(3-0)**

Climatology and weather analysis in the tropics: streamlines, time sections. Air-sea interaction, convection, tropical disturbances, hurricanes, the Madden-Julian Oscillation, and tropical/mid-latitude interaction. Pre/Co-requisites: MET 335, 345.

**MET 355 Weather Forecasting Practicum 1-4(Spec)**

Presentation of past, current, and forecast weather data to an audience of meteorology majors and faculty. This course may be repeated for up to four credits. Prerequisite: MET 260.

**MET 375 Special Studies in Meteorology 1-6(Spec)**

Various special topics in atmospheric science. Repeatable up to 6 credits when content previously studied is not duplicated. Prerequisite: See Course Search and Registration.

**MET 450 Mesoscale Meteorology 3(3-0)**

Structure, dynamics, and morphology of atmospheric phenomena on the mesoscale including thunderstorms and mesoscale convective systems. Prerequisites: MET 335, 345.

**MET 460 Global Climate Dynamics 3(3-0)**

Examines physical laws that govern the climate system; intra-seasonal and longer climatic variations (General Circulation, Climate Change, teleconnections) and fundamental data analysis. May be offered as Writing Intensive. Prerequisites: MET 335; MTH 232. Pre/Co-requisites: CPS 150 or 180; STA 382.

**MET 480 Atmospheric Modeling 3(2-2)**

Numerical differencing techniques, stability analysis, structure and operation of commonly utilized weather and climate models, physical parameterizations and their implications. May be offered as Writing Intensive. Prerequisites: MET 450; CPS 150 or 180.

**MET 491 Internship 1-6(Spec)**

Internship in the field of atmospheric science. Prerequisites: Three or more courses in MET program (2 of which must be 300 level or greater), permission of instructor.

**MET 497 Independent Study 1-6(Spec)**

Research in meteorology with topics agreed upon by student and instructor. May be taken only by arrangement prior to registration. Prerequisites: Three or more courses in MET program (2 of which must be 300 level or greater), permission of instructor.

**MGT 201 Entrepreneurship Launch Pad 3(3-0)**

Recognize, develop, and act on individual potential for creativity and innovation. Shape and evaluate business opportunities, perform market research, and “pitch” an idea. Identical to ENT 201. Credit may not be earned in more than one of these courses. This course may be offered in an online or hybrid format. Prerequisites: ENT 101 or BUS 100 or BIS 100.

**MGT 210 Effective Supervision: Principles and Practices 3(3-0)**

Prepares students to be effective first-line supervisors in a variety of organizational settings by using sound principles and practices applied to basic managerial processes. Identical to HSA 210. Credit may not be earned in more than one of these courses.

**MGT 258 Effective Management of Human Resources in Organizations 3(3-0)**

Applying the underlying principles of employee behavior to the effective design, use, and management of human resource systems in organizations. This course may be offered in an online or hybrid format. Prerequisites: ACC 250; BUS 100; BIS 101; BLR 235; ECO 203, 204; MTH 217 or MTH 132 or STA 282 or STA 382; overall GPA of 2.50 or higher.

**MGT 303 Integrated Supply Chain Management 3(3-0)**

Application of concepts and tools in purchasing, production and distribution of goods and services along an integrated supply chain in organizations. Identical to MKT 303. Credit cannot be earned in more than one of these courses. Prerequisites: Tier 2 Admission to Professional Business Studies; ACC 255, BIS 255, MGT 258. Co-requisites: FIN 302, MKT 304.

**MGT 310 Small Business Management 3(3-0)**

The course covers concepts, processes, and techniques for starting and managing a small business. It focuses on management processes that are unique to small businesses. Prerequisites: 56 semester hours completed.

**MGT 312 Introduction to Management 3(3-0)**

Introduction to the concepts, techniques, and processes of management as they pertain to business and other organizations. This course is approved for offering in a distance learning format. Prerequisite: 56 semester hours completed.

**MGT 320 Human Resource Management 3(3-0)**

Examines process for providing and maintaining productive human resources in an organization. Includes recruitment, selection, training, performance appraisal, compensation, labor relations, and health and safety. This course is approved for offering in a distance learning format. Prerequisites: MGT 258 or MGT 312, 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**MGT 333 Purchasing Management 3(3-0)**

Introduction to concepts, models, and techniques in Purchasing Management, with special emphases on vendor management, materials management, and purchasing strategy. This course is approved for offering in a distance learning format. Prerequisites: 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**MGT 335 Introduction to Management Science 3(3-0)**

Basic concepts and applications of quantitative methods in management decisions. This course may be offered in an online or hybrid format. Prerequisites: 56 semester hours completed; admission to Professional Business Studies or listed on a signed major.

**MGT 340 Production/Operations Management 3(3-0)**

An introduction to production and operations management concepts, tools and techniques as applied in service and manufacturing organizations. Prerequisites: 56 semester hours completed. This course is approved for offering in a distance learning format.

**MGT 348 Dynamics of Organizational Behavior 3(3-0)**

Integrative theory of organizational behavior. Human motivation influenced by leadership, the organization itself, and its social environment. This course is approved for offering in a distance learning format. Prerequisites: MGT 258 or MGT 312, 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**MGT 355 Communications: Managerial Applications 3(3-0)**

An applications-oriented class exposing students to many of the common communication-related situations, which they will soon face as managers in business and industry. Prerequisites: MGT 258 or MGT 312; 348 is recommended; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**MGT 357 Women in Management 3(3-0)**

*Explores women in management focusing on social phenomena shaping historical contributions and inequalities facing women in the workplace today, specifically opportunities/challenges pursuing a management career. This course may be offered in an online or hybrid format. (University Program Group III-B: Studies in Social Structures)*

**MGT 365 International Business 3(3-0)**

Environment and operations of multinational business. Public policy issues and their influence on internal management. Prerequisites: 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor. This course is approved for offering in a distance learning format.

**MGT 390 Field Studies 3(3-0)**

Activities which may include industrial visitations and work study in conference with supervision of cooperating organization, professor, and student. Prerequisites: permission of instructor; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**MGT 397 Special Topics 3-6(Spec)**

Selected problems of interest to students which are not normally included in existing courses. Specific topic will be listed on the student's transcript. Prerequisites: 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**MGT 400 Global Concepts for Sustainable Development 3(Spec)**

Students will learn the basic concepts used in sustainable development and apply them through the use of cases and simulations. Prerequisites: ECO 301, ENV 101, MGT 365.

**MGT 416 Entrepreneurship in the Global Economy 3(3-0)**

Primary focus is on how individuals and small companies recognize and seek out business opportunities in a global economy leveraging the power of technology; hands-on assignment-based course with a major global team project component. Does not count on the Department of Management majors or minors. Identical to ENT 416. Credit may not be earned in more than one of these courses. Prerequisites: ENT 213, ENT 221; 56 semester hours completed; signed major in Entrepreneurship.

**MGT 419 Running and Growing an Entrepreneurial Venture in a Global Economy 3(3-0)**

This course emphasizes the acquisition of skills and knowledge necessary to successfully maintain and grow an established entrepreneurial venture within a global business environment. Identical to ENT 419. Credit may not be earned in more than one of these courses. Prerequisites: 56 semester hours completed; signed major or minor in Entrepreneurship.

**MGT 442 Computer Applications for Production Operations Management 3(3-0)**

Simulation modeling and application of existing computer software for production and operations decisions. Prerequisites: MGT 303/MKT 303 or MGT 340; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**MGT 445 Compensation Administration 3(3-0)**

Theory, procedures, and methodology for developing and administering compensation systems. Covers job evaluation methods, wage and salary structure development, incentive pay systems, and benefits administration. Prerequisites: MGT 258 or MGT 312, MGT 320; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**MGT 446 Industrial Relations 3(3-0)**

Relationships between organized labor and management analyzed in the light of contemporary conditions. Recommend MGT 258 or MGT 312 prior to enrollment. Prerequisites: 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**MGT 447 Personnel Selection and Evaluation 3(3-0)**

Study of personnel selection policies and practices and employee evaluation approaches and techniques, including legal issues and concerns, as they are applied in complex organizations. Prerequisites: MGT 320; STA 282; 56 hours completed; either admission to Professional Business Studies or listed on a signed major or minor.

**MGT 457 Seminar in International Business 3(3-0)**

A case study course for analysis and integration of international business functions in order to develop a cross-cultural perspective in dealing with global challenges. Prerequisites: completion of MGT 365; 86 semester hours completed and admission to the Professional Business Studies or listed on signed major or minor. Recommended: ECO 372, FIN 573, and MKT 560.

**MGT 484 Human Resource Training and Development 3(3-0)**

This course examines theories, concepts, and process of human resource training and development in modern organizations to meet current and future needs. Prerequisites: MGT 258 or MGT 312; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor. Recommended: MGT 320.

**MGT 487 Project Course for Sustainable Development 3(Spec)**

The students will apply the basic tools of sustainable development within a real-world setting through completion of an applied project. Prerequisite: MGT 400.

**MGT 490 Internship in Management 1-6(Spec)**

Full or part time on the job learning experience for one or more semesters in industry, government or business organizations. Prerequisites: permission of instructor and of department chairperson; 56 semester hours completed; admission to Professional Business Studies or listed on signed major in the Department of Management.

**MGT 491 Independent Studies 1-6(Spec)**

Directed reading or research on an approved topic. Open to seniors in good academic standing. Prerequisites: prior permission of instructor and department chairperson; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**MGT 492 Practicum in Small Business 3(Spec)**

Provides the student an opportunity to analyze the accounting, finance, marketing, management, and production systems of an ongoing small business. Identical to ACC/FIN/MKT/BIS 492. Credit may not be earned in more than one of these courses. Prerequisites: permission of instructor; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**MGT 495 Global Management Strategy 3(3-0)**

An integrative, cross-functional capstone course focusing on the process of strategic planning and management from the general management perspective, and on the domestic, multinational, and global dimensions. Primarily a case course. Prerequisites: 86 semester hours completed; completion of 300-level common body knowledge requirements in business; admission to Professional Business Studies. Graduating seniors only. This course is approved for offering in a distance learning format.

**MGT 499 Integrated Capstone-Strategic Management 3(3-0)**

An integrative capstone course applying and analyzing financial, marketing, supply chain and other business functions within a global strategic management perspective. Prerequisites: 86 semester hours completed; BUS 300, 301; MGT/MKT 303; FIN 302; MKT 304; Tier 2 Admission to Professional Business Studies. Preference given to graduating seniors.

**MGT 500 Comparative Labor Relations Systems 3(3-0)**

Comparative analysis of the history, structure, institutional arrangements, and philosophy of the labor relations systems of several countries in advanced stages of industrialization. Prerequisites: MGT 320; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**MGT 516 Management and Women 3(3-0)**

Enables both male and female students to understand the opportunities, challenges, and problems confronting women in their pursuit of careers in management, and to manage more effectively. Prerequisites: MGT 312; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**MGT 520 Management in Health Care Facilities 3(3-0)**

Management problems and practices in health care facilities. Prerequisites: MGT 312; MSA 650; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**MGT 533 Purchasing Strategy 3(3-0)**

Strategic analysis and planning of purchasing and supplier-base development for both domestic and global competitive environments. Prerequisites: MGT 333 and admission to Professional Business Studies or listed on signed major or minor or permission of the MBA Director.

**MGT 542 Inventory and Materials Management 3(3-0)**

The study of the concepts, models and systems for material management and production planning. Prerequisites: MGT 303/MKT 303 or MGT 340; STA 282; 86 semester hours completed; admission to Professional Business Studies or listed on signed major or minor or graduate standing.

**MGT 543 Management and Control of Quality 3(3-0)**

In-depth study of management and statistical techniques employed in the analysis, design and implementation of quality assurance and control systems in manufacturing and service organizations. Prerequisites: MGT 303/MKT 303 or MGT 340; STA 282 or STA 382; 86 semester hours completed; admission to Professional Business Studies or listed on major or minor or graduate standing.

**MGT 545 Operations Strategy 3(3-0)**

The treatment of strategic planning and competitive issues in operations management in a domestic and global environment. Prerequisites: MGT 303/MKT 303 or MGT 340; 86 semester hours completed; admission to Professional Business Studies or listed on signed major or minor or graduate standing.

**MGT 597 Special Topics 1-6(Spec)**

Selected problems of interest to students which are not normally included in existing courses. Specific topic will be listed on the student's transcripts. Prerequisites: 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**MGT 600 Principles of Management Science/Management Information Systems 3(3-0)**

Quantitative techniques in production and operations management and resource planning. Basic concepts of management information systems and decision support systems. Prerequisites: admission to MBA or permission of MBA director and STA 282.

**MGT 643 Human Resource Management 3(3-0)**

Theories, systems, practices, problems, and solutions of human resource management in organizations. Credit cannot be earned in both MGT 633 and 643. This course is approved for offering in a distance learning format. Prerequisites: Admission to graduate program or permission of the Department Chairperson.

**MGT 645 Personnel Compensation Practice and Process 3(3-0)**

Procedures and methods for developing and delivering employee compensation programs. Credit cannot be earned in both MGT 635 and MGT 645. This course is approved for offering in a distance learning format. Prerequisites: MGT 643, or 633; STA 282 or 382 or statistics competency; admission to graduate program.

**MGT 646 Labor Relations Issues 3(3-0)**

Exploration of the public sector, private sector, and international issues in labor relations. Credit cannot be earned in both MGT 636 and MGT 646. Prerequisite: MGT 320, admission to graduate program.

**MGT 647 Employee Selection and Evaluation 3(3-0)**

In-depth analysis of the functions of employee selection and performance appraisal in organizational settings, with emphasis on quantitative techniques. This course is approved for offering in a distance learning format. Credit cannot be earned in both MGT 647 and MGT 637. Prerequisites: STA 282 or 382 or statistics competency; MGT 320 or 633 or 643; admission to graduate program.

**MGT 649 Seminar in Organizational Development 3(3-0)**

The processes, tools and techniques of organization change. Organization Development (OD) is the study of planned change in order to improve firms' effectiveness and efficiency. This course is approved for offering in a distance learning format. Prerequisites: admission to MBA or permission of MBA director.

**MGT 657 International Management 2(2-0)**

From a contemporary perspective, the course deals with managing subsidiaries and affiliates in different country-and cultural-context. Credit cannot be earned in both MGT 657 and MGT 667. Prerequisites: admission to the MBA Program or permission of the MBA director.

**MGT 667 International Business 3(3-0)**

This course deals with operating subsidiaries and affiliates in different country-and cultural-contexts. Credit cannot be earned in both MGT 667 and MGT 657. Prerequisites: admission to graduate program.

**MGT 791 Independent Studies 1-6(Spec)**

Directed reading or research on an approved topic. Prerequisites: permission of instructor and department chairperson and 15 hours of graduate credit in MBA program.

**MGT 797 Special Topics 3-6(Spec)**

Enables students to take various topics under the same number. Specific topic will be listed on the student's transcript. Prerequisite: graduate status and permission of instructor.

**MGT 798 Thesis 1-6(Spec)**

An acceptable thesis in business administration. The thesis is directed by a committee in conformity with the "Thesis, Field Study, or Dissertation Preparation Guide." CR/NC only.

**MKT 151 Marketing and Society 3(3-0)**

An overview of the environment, concepts and current trends that shape the world of marketing. Attention is paid to the impact of marketing on society. This course will not be accepted for credit for departmental or College of Business Administration major or minors.

**MKT 220 Introduction to Retail Merchandising 3(3-0)**

An overview of merchandising systems and procedures as they relate to organizational structure, product planning, and inventory control.

**MKT 221 Marketing Strategies for Entrepreneurs 3(3-0)**

General marketing principles applied to the entrepreneurial venture including daily activities, long-term branding/position strategy, inexpensive ways to conduct research, and utilizing networks to identify/reach customers. Identical to ENT 221. Credit may not be earned in more than one of these courses. This course may be offered in an online or hybrid format. Recommended: ENT 101, ENT/MGT 201.

**MKT 297 Special Topics 1-6(Spec)**

Selected problems of interest to students which are not normally included in existing courses. Specific topics will be listed on students' transcripts.

**MKT 300 Introduction to Marketing 3(3-0)**

A basic introduction to the marketing environment, the marketing mix, marketing management and the place of marketing in world society. This course may be offered in an online or hybrid format. Credit may not be earned in both MKT 304 and MKT 300; cannot be counted on any BSBA major including Marketing, Logistics Management, or Hospitality Services Administration. Prerequisite: 56 semester hours completed.

**MKT 303 Integrated Supply Chain Management 3(3-0)**

Application of concepts and tools in purchasing, production and distribution of goods and services along an integrated supply chain in organizations. Identical to MGT 303. Credit cannot be earned in more than one of these courses. Prerequisites: Tier 2 Admission to Professional Business Studies; ACC 255, BIS 255, MGT 258. Co-requisites: MKT 304, FIN 302.

**MKT 304 Integrated Marketing Management 3(3-0)**

An introduction to marketing and how it provides customer and market information to the organization so strategic and tactical decisions are customer-focused and market-driven. Prerequisites: Tier 2 Admission to Professional Business Studies; ACC 255, BIS 255, MGT 258. Co-requisites: MGT/MKT 303, FIN 302.

**MKT 305 Buyer Behavior 3(3-0)**

Characteristics of consumers affecting the decision process in buying and the marketing implications. Prerequisites: MKT 300 or MKT 304, 56 semester hours completed, and admission to Professional Business Studies or listed on signed major or minor.

**MKT 310 Marketing Communications 3(3-0)**

An overview of advertising, personal selling and sales promotion, and other techniques that an organization would use to communicate with its target markets. Prerequisites: MKT 300 or MKT 304; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor. This course is approved for offering in a distance learning format.

**MKT 315 Advertising Media 3(3-0)**

Evaluation of media in relationship to marketing objectives. Selection of media space/time and decision-making in development of media schedules. Prerequisites: 56 semester hours completed; MKT 310 or JRN 360 or approval of instructor; admission to Professional Business Studies or listed on signed major or minor.

**MKT 320 Retail Management 3(3-0)**

Functions of a retail establishment are examined. Significant developments taking place in the major environments of retailers--social, economic, technological, and legal. Prerequisites: MKT 300 or MKT 304; 56 semester hours completed; admission to Professional Business Studies or listed on a signed major or minor; or with approval from the Office of Undergraduate Business Studies.

**MKT 325 Merchandising Management 3(3-0)**

Current problems in merchandising which include technological aspects, inventory valuation and reporting procedures, stock planning, and product mix considerations. Prerequisites: 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor; Recommended: Pre/Co-Requisite: MKT 320.

**MKT 330 Marketing Channels 3(3-0)**

Institutions, physical flows, behavioral and economic relationships comprising channel systems in the marketing environment. Prerequisites: MKT 300 or MKT 304; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**MKT 340 Personal Selling 3(3-0)**

Analysis of the field of personal selling as a vital element of the promotional efforts of the firm. Prerequisites: MKT 300 or MKT 304; 56 semester hours completed; admission to Professional Business Studies or listed on a signed major or minor; or with approval from the Office of Undergraduate Business Studies.

**MKT 341 Services Marketing 3(3-0)**

Planning and implementation of marketing strategy and application of the marketing mix to services including hospitality, banking and health services. Identical to HSA 341. Credit may not be earned in more than one of these courses. Prerequisites: MKT 300 or MKT 304; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**MKT 350 Marketing Analysis 3(3-0)**

Analysis of marketing data: marketing research, statistics, marketing cost/revenue analysis and sales and market forecasting. Prerequisites: MKT 300 or MKT 304; STA 282; ACC 202 or ACC 255; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**MKT 360 Electronic Commerce and Marketing Strategy 3(3-0)**

Basic concepts and tools for understanding and exploring market opportunities and marketing strategies associated with global electronic commerce. Prerequisites: MKT 300 or MKT 304; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**MKT 390 Field Studies 3(3-0)**

Activities which may include industrial visitations and work study in conference with supervision of cooperating organization, professor, and student. Prerequisites: permission of instructor; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**MKT 397 Special Topics 1-6(Spec)**

Selected problems of interest to students which are not normally included in existing courses. Specific topic will be listed on the student's transcript. Prerequisites: 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**MKT 410 Advertising Management 3(3-0)**

Provides an understanding and evaluation of the advertising function within the modern business environment. Management decision-making is stressed in advertising as a vital communication tool. Prerequisites: MKT 300 or MKT 304, MKT 310 or JRN 360; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**MKT 420 Advanced Selling and Negotiation 3(3-0)**

Methods for building the consultative selling skills necessary to form relationships with customers, negotiate successfully and develop and deliver effective sales presentations. Prerequisites: MKT 300 or 304; MKT 340; 56 semester hours completed; admission to Professional Business Studies or listed on a signed major or minor.

**MKT 422 Cooperative/Internship in Retailing 3-6(Spec)**

Full time work experience under the supervision of the department and participating employer. Prerequisites: permission of instructor; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor. Recommended: MKT 320.

**MKT 425 Retail Strategy 3(3-0)**

Development of strategic methods for addressing retail problems. Problem solving orientation within the retail organizational setting. Prerequisites: MKT 320; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor. Recommended: MKT 422.

**MKT 431 Logistics Operations 3(3-0)**

Operational issues, management techniques and technology applied to distribution operations. Focus is on the integration of logistics operations of all firms within the supply chain. Prerequisites: MKT 330; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**MKT 432 Logistics Strategy 3(3-0)**

Strategic planning of a firm's logistics system in a global marketplace, including customer service, inventory, warehousing and transportation strategies. Prerequisites: MKT 300 or MKT 304, MKT 330; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**MKT 435 Transportation 3(3-0)**

The role of transportation systems in an economy, transport system pricing, and the management of transportation operations. Prerequisites: MKT 300 or MKT 304; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**MKT 440 Sales Management 3(3-0)**

The organization, planning, operation and control of a field sales force from the perspective of the sales manager. Prerequisites: MKT 300 or MKT 304; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**MKT 450 Marketing Research 3(3-0)**

Methodology used in gathering, recording, and analyzing marketing data to aid executives in making marketing decisions. Prerequisites: MKT 300 or MKT 304; STA 282; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor. Recommended: BUS 300.

**MKT 460 Organizational Selling 3(3-0)**

Methodologies that enable one to work with the leadership of customer organizations in order to develop solutions that enhance and sustain their competitive advantage. Prerequisites: MKT 300 or 304; MKT 340; 56 semester hours completed; admission to Professional Business Studies or listed on a signed major or minor.

**MKT 465 Supply Chain Management 3(3-0)**

Integration of competencies in logistics related areas. Logistical policy establishment and decision-making for solving complex logistical problems that focus on global and intercompany logistics systems. This course may be offered in an online or hybrid format. Prerequisites: MKT 431, 432; 86 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**MKT 490 Internship in Marketing/Logistics 3-6(Spec)**

A full time work experience occurring within a marketing or logistics organization. Detailed written report and assigned readings required. Prerequisites: Permission of instructor and department chairperson; 56 semester hours completed; Marketing or logistics major in addition to MKT 300 or MKT 304; admission to Professional Business Studies or listed on signed major or minor. Recommended: Completion of 6 credit hours in marketing.

**MKT 491 Independent Studies 1-6(Spec)**

Directed reading or research on an approved topic. Open to seniors in good academic standing. Prerequisites: prior permission of instructor and department chairperson; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**MKT 492 Practicum In Small Business 3(Spec)**

Provides the student an opportunity to analyze the accounting, finance, marketing, management, and production systems of an ongoing small business. Identical to ACC/FIN/MGT/BIS 492. Credit may not be earned in more than one of these courses. Prerequisites: permission of instructor; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**MKT 499 Strategic Marketing Problems 3(3-0)**

A functionally integrative capstone course which focuses upon developing a decision-making framework. Students formulate and implement comprehensive marketing strategies within a global context. Prerequisites: 86 semester hours completed; MKT 305, MKT 310, MKT 330, MKT 450; admission to Professional Business Studies or listed on signed major or minor.

**MKT 555 Market and Sales Forecasting 3(3-0)**

Develops familiarity with methods most commonly used in market and sales forecasting. Both qualitative and quantitative methods are included with emphasis on the latter. This course is approved for offering in a distance learning format. Prerequisites: one course in MKT; one course in statistics or MKT 450; admission to Professional Business Studies; 86 semester hours completed.

**MKT 560 International Marketing 3(3-0)**

Policies and practices employed in international business. Considers problems of international payments, trade and investment with special emphasis on integrating managerial dimensions with related economic principles. Prerequisites: MKT 300 or MKT 304; admission to Professional Business Studies; senior standing; 86 semester hours completed. This course is approved for offering in a distance learning format.

**MKT 597 Special Topics 1-6(Spec)**

Selected problems of interest to students which are not normally included in existing courses. Specific topic will be listed on the student's transcripts. Prerequisites: MKT 300 or MKT 304; admission to Professional Business Studies; senior standing; 86 semester hours completed.

**MKT 599 Humanitarian Logistics Project 3(Spec)**

Provide students the opportunity to work on a large-scale service-learning humanitarian logistics project supervised by a faculty member. Prerequisites: Completion of 86 credit hours. Recommended: MKT 300 or 304.

**MKT 631 Lean Logistics Operations 3(3-0)**

Understanding and applying lean principles to logistics operations by examining and improving the order fulfillment process including; order, inventory, warehousing and transport operations. This course is approved for offering in a distance learning format. Prerequisite: Admission to the MBA program or permission of MBA director.

**MKT 632 Integrated Logistics Strategy 3(3-0)**

Current best practices and strategies for designing and managing integrated logistics systems. This course is approved for offering in a distance learning format. Prerequisites: Admission to the MBA program or permission of the MBA director.

**MKT 633 Risk-based Logistics Networks 3(3-0)**

Current best practices and strategies for assessing and designing risk-based logistics networks with emphasis on risk management including logistics network security and green initiatives. This course is approved for offering in a distance learning format.

**MKT 650 Marketing Research: Managerial Applications 2(2-0)**

Survey of what managers need to know about marketing research. Includes questionnaire design, evaluation; sampling and sample size issues, and basic methods of data analysis. Prerequisites: MKT 300 and admission to the MBA program or graduate status and permission of the MBA director.

**MKT 663 Product Management 2(2-0)**

Development and introduction of new products and services in a dynamic environment. Prerequisites: regular admission to the MBA program or permission of the MBA Director.

**MKT 664 Promotional Strategy 2(2-0)**

Promotional strategy is designed to present the relevant concepts of the marketing communication process and their applications within a managerial framework. Prerequisite: regular admission to the MBA program or permission of the MBA director.

**MKT 698 The Logistics Project 4(4-0)**

The capstone experience where skills and competencies are applied to actual logistics management problems. Students develop logistics solutions with the guidance of a faculty advisor. This course may be offered in an online or hybrid format. Prerequisites: Completion of two of the following: MKT 555, 631, 632, 633. Admission to the MBA program or permission of the MBA director.

**MKT 791 Independent Studies 1-6(Spec)**

Directed reading or research on an approved topic. Prerequisites: permission of instructor and department chairperson and 15 hours of graduate credit in M.B.A. program.

**MKT 797 Special Topics 3-6(Spec)**

Enables students to take various topics under the same number. Specific topic will be listed on the student's transcript. Prerequisites: graduate status and permission of instructor.

**MKT 798 Thesis 1-6(Spec)**

An acceptable thesis in business administration. The thesis is directed by a committee in conformity with the "Regulations and Directions for the Writing of the Master's Thesis." CR/NC only.

**MLE 361 Pre-Student Teaching Practicum 2(1-4)**

Pre-service Teachers will gain practical experience through observing, interacting, collaborating, and teaching in a pre K-12 classroom setting. Identical to EDU 361. Credit may not be earned in more than one of these courses. Prerequisites: Admission to Teacher Education; EDU 280 or HDF 100 or PSY 220 [General Education Students take EDU 280 or HDF 100; Special Education Majors must take PSY 220]; EDU 290, 393. Co-requisites: EDU 320, 330, 343, 345.

**MLE 362 Mathematics and Reading Practicum 1(0-2)**

Pre-service teachers will gain practical experience through observation, interaction, collaboration, preparation, and delivery of reading and mathematics instruction in a pre K-8 classroom setting. Identical to EDU 362. Credit may not be earned in more than one of these courses. CR/NC only. Prerequisites: Admission to Teacher Education Program; EDU 280 or HDF 100 (students with a major in "teachers of students with emotional impairment" or a major in "teachers of students with cognitive impairment" are required to have SPE 126 and PSY 220); EDU 290, 330, 393. Co-requisites: EDU 320, 431.

**MLE 363 Science and Social Studies Practicum 1(0-2)**

Pre-service teachers will gain practical experience through observation, interaction, collaboration, preparation, and delivery of science and social studies instruction in a pre K-8 classroom setting. Identical to EDU 363. Credit may not be earned in more than one of these courses. CR/NC only. Prerequisites: Admission to Teacher Education Program; EDU 280 or HDF 100 (students with a major in "teachers of students with emotional impairment" or a major in "teachers of students with cognitive impairment" are required to have SPE 126 and PSY 220); EDU 290, 320, 330, 393, 431; EDU/MLE 362. Co-requisites: EDU 343, 345, 495.

**MLE 381 Needs and Characteristics of Young Adolescents 3(3-0)**

An orientation to the unique developmental needs and characteristics of young adolescents. Prerequisites: Have a signed Middle Level Education Minor; junior status. Recommended: Successful completion (C+ or higher) of EDU 280 or HDF 100.

**MLE 382 Middle Level School Concept, Structures and Programs 3(3-0)**

An orientation to middle level education which focuses on the middle level school concept, structures, and programs. Prerequisite: MLE 381.

**MLE 383 Student Diversity in the Middle Level Classroom 3(3-0)**

An orientation to the multiple aspects of human diversity in the middle level classroom. Prerequisite: MLE 382.

**MLE 384 Meeting the Diverse Needs of Learners in the Middle Level Classroom 3(3-0)**

Instructional strategies and assessment/evaluation methods and materials for middle level classroom teachers appropriate for the unique developmental needs and characteristics of young adolescents. Prerequisite: MLE 383. Co-requisite: MLE 385.

**MLE 385 Curriculum in the Middle Level School 3(3-0)**

Curriculum for middle level classroom teachers to meet the unique developmental needs and characteristics of young adolescents. Prerequisite: MLE 383. Co-requisite: MLE 384.

**MLE 570 Issues in Middle Level Education 1-3(Spec)**

A focus on current issues in middle level education. Students will help select specific topics for in-depth study. Prerequisites: MLE 383 or 643.

**MLE 613 Current Educational Issues 3(3-0)**

Identification and analysis of significant, persistent issues in education in the United States and the relationship to student achievement and teacher effectiveness. Identical to EDU 613. Credit may not be earned in more than one of these courses. This course has been approved for offering in a distance learning format.

**MLE 641 Young Adolescent Needs and Characteristics 3(3-0)**

An orientation to the unique developmental needs and characteristics of young adolescents.

**MLE 642 Concepts, Structures, and Programs for Middle Level Schools 3(3-0)**

An orientation to middle level education which focuses on the middle level school concept, structures, and programs. Prerequisite or Co-requisite: MLE 641.

**MLE 643 Student Diversity Issues in the Middle Level Classroom 3(3-0)**

An orientation to the multiple aspects of human diversity in the middle level classroom. Prerequisite or Co-requisite: MLE 641.

**MLE 644 Issues in Meeting the Diverse Needs of Middle Level Learners 3(3-0)**

Instructional strategies and assessment/evaluation methods and materials for middle level classroom teachers appropriate for the unique developmental needs and characteristics of young adolescents. Prerequisites: MLE 641, 642, 643.

**MLE 645 Middle Level School Curriculum 3(3-0)**

Curriculum for middle level classroom teachers to meet the unique developmental; needs and characteristics of young adolescents. Prerequisites: MLE 641, MLE 642, and MLE 643.

**MLE 646 Middle Level Field Experience 3(3-0)**

Students develop and implement action plans for their classrooms in the field-based culminating activity of their Michigan Middle Level Endorsement. Prerequisites: MLE 644, 645.

**MLE 687 Independent Study in Middle Level Education 1-6(Spec)**

An opportunity for students to undertake specialized study in middle level education. Prerequisites: approval of Program Advisor and Department Chairperson.

**MLE 780 Master of Arts Capstone Experience 3(3-0)**

Students complete research projects appropriate to their degree programs that produce results applicable to their current practice. Should be last course taken in student's program. Identical to EDU 780. Credit may not be earned in more than one of these courses.

**MPH 640 Biostatistics 4(3-1)**

This course provides advanced knowledge and skills to probability and statistics, enabling students to use statistical software to analyze datasets related to public health problems. This course may be offered in an online or hybrid format. Prerequisite: Admission to the MPH Program.

**MPH 642 Health Education Theories 3(3-0)**

The course evaluates theories in health promotion and health education and illustrates how divergent theoretical perspectives are integrated into practice models. This course may be offered in an online or hybrid format. Prerequisite: Admission to the MPH Program.

**MPH 644 Rural Health 3(3-0)**

This class analyzes the unique healthcare needs of rural, underserved and marginalized populations across the State of Michigan and in the United States. This course may be offered in an online or hybrid format. Prerequisites: MPH 640, 646, 650, 652; admission to the MPH Program.

**MPH 646 Epidemiology 4(3-1)**

Epidemiology is the study of distribution and determinants of health or diseases in human populations and application of this knowledge to improve population health outcomes. This course may be offered in an online or hybrid format. Prerequisites: Admission to the MPH Program; MPH 640.

**MPH 648 Health Policy and Management 3(3-0)**

This course is concerned with the structure and administration of public health organizations and policies that impact health programs delivery, quality and costs of healthcare. This course may be offered in an online or hybrid format. Prerequisite: Admission to the MPH Program.

**MPH 650 Biological Basis of Public Health 3(3-0)**

Examines modern understanding of how psychosocial factors and pathogens from the environment 'get under the skin' to cause diseases and illnesses in human populations. This course may be offered in an online or hybrid format. Prerequisite: Admitted to the MPH Program.

**MPH 652 Public Health Environmental Science 3(3-0)**

This course is designed to interpret environmental factors and conditions affecting health, and assess the role of communities in mitigating risks associated with environmental exposures. This course may be offered in an online or hybrid format. Prerequisite: Admission to the MPH Program; MPH 640.

**MPH 654 Public Health Leadership 3(3-0)**

This course introduces students to practical principles of leadership and systems thinking necessary for improving the health of underserved communities or populations. This course may be offered in an online or hybrid format. Prerequisites: MPH 646, 648, 652; admission to the MPH Program.

**MPH 658 Health Planning and Assessment 3(3-0)**

This course prepares graduate students with skills to assess and plan health education/public health programs and policies within the context of various health settings. This course may be offered in an online or hybrid format. Prerequisite: Admission to the MPH Program.

**MPH 660 Program Evaluation 3(3-0)**

This course prepares graduate students with skills necessary to evaluate health education/public health programs and policies within the context of various health settings. This course may be offered in an online or hybrid format. Prerequisite: Admission to the MPH Program.

**MPH 664 Public Health Communication and Informatics 3(3-0)**

The class explores effectiveness of communication tools in changing health behaviors and application of technology infrastructure for data gathering and analysis for improving health outcomes. This course may be offered in an online or hybrid format. Prerequisite: Admission to the MPH Program.

**MPH 666 Substance Abuse Services 3(3-0)**

The course examines substance abuse agency service integration for clients, family and community interventions. This course may be offered in an online or hybrid format. Prerequisite: Admission to the MPH program.

**MPH 668 Ethics in Public Health 3(3-0)**

This course applies skills to ethical choices, values and public health professionalism in decisions regarding health equity, social justice, accountability and a commitment to personal integrity and institutional development. This course may be offered in an online or hybrid format. Prerequisite: Admission to the MPH program.

**MPH 670 Methods in Public Health Research 3(3-0)**

This course builds competencies necessary to apply systematic methods of investigating population-based health problems and challenges in a manner that translates findings to benefit population groups. This course may be offered in an online or hybrid format. Prerequisite: Admission to the MPH program.

**MPH 796 MPH Capstone Project 1-6(Spec)**

This course is a culminating experience for the MPH candidate to synthesize knowledge and skills from different coursework and other experiential learning related to public health challenges at the community level. Not open to students completing a thesis. CR/NC Only. This course may be offered in an online or hybrid format. Prerequisite: Admission to the MPH Program; MPH 640, 644, 646, 648, 650, 652, 654, 658, 660, 668, 670.

**MPH 798 Thesis 1-6(Spec)**

Write a thesis directed by a committee in conformity with the university's thesis guidelines. CR/NC only. This course may be offered in an online or hybrid format. Prerequisite: Admission to the MPH Program; MPH 640, 644, 646, 648, 650, 652, 654, 658, 660, 668, 670.

**MSA 501 Managing Change with Emotional Intelligence 3(3-0)**

An examination of organizational leadership utilizing emotional intelligence as a foundation for managing change. This course is approved for offering in a distance learning format. Prerequisites: LDR 200 and 86 semester hours completed; or graduate standing.

**MSA 502 Workforce Improvement Strategies in Corporate/Non-profit Organizations 3(3-0)**

Examines the process of preparing objectives, defining content, and selecting learning activities used by administrators to train, develop, and evaluate employees throughout the career continuum. This course may be offered in an online or hybrid format. Prerequisites: 86 semester hours completed or admission into a graduate program.

**MSA 503 Gender and Generational Supervision 3(3-0)**

The course analyzes how gender and generational differences manifest themselves in the workplace, and how to effectively work within and manage those differences. This course may be offered in an online or hybrid format. Prerequisites: 86 semester hours completed or admission into a graduate program.

**MSA 504 Strategies and Proposals in Government Acquisitions 3(3-0)**

Provides a framework for formulating strategies used in federal acquisitions. Examines the request for proposal (RFP) process, and the preparation of proposals, reviews, and follow-up. This course may be offered in an online or hybrid format. Prerequisite: 86 semester hours completed or graduate standing.

**MSA 510 Global Leadership Perspectives 3(3-0)**

An examination of established and emerging perspectives on global leadership. The student will focus on geo-leadership models which impact administration across borders and cultures. This course may be offered in an online or hybrid format. Prerequisites: LDR 200 and 86 semester hours completed; or Graduate Standing.

**MSA 540 Legal Considerations of Contract Administration 3(3-0)**

Examines legal and regulatory aspects associated with federal acquisition and contracts including: standards of conduct, governmental liability, dispute processes, and administrative and judicial resolution methods. This course may be offered in an online or hybrid format. Prerequisite: 86 hours completed or graduate standing.

**MSA 600 Foundations of Research Methods in Administration 3(3-0)**

An introduction to research methods designed to build the skills and knowledge necessary to conduct and interpret primary research in the field of administration. This course may be offered in an online or hybrid format. Prerequisite: Statistics competency.

**MSA 601 Organizational Dynamics and Human Behavior 3(3-0)**

Students examine and apply organizational theories aimed at understanding and analyzing human behavior in complex organizations. This course may be offered in an online or hybrid format.

**MSA 602 Financial Analysis, Planning and Control 3(3-0)**

Study of financial analysis, planning, and control techniques/methods emphasizing mechanisms used to determine the overall financial health of private, public and non-profit organizations. This course may be offered in an online or hybrid format. Prerequisites: Accounting competency.

**MSA 603 Strategic Planning for the Administrator 3(3-0)**

An examination of processes and approaches used by administrators to analyze internal and external environments to establish and accomplish long-term strategic organizational goals. This course may be offered in an online or hybrid format.

**MSA 604 Administration, Globalization and Multiculturalism 3(3-0)**

Focuses on theoretical and applied concepts and skills essential to successfully managing an environment of workplace diversity and multiculturalism within domestic and global organizations. This course may be offered in an online or hybrid format.

**MSA 610 Environments in Administration 3(3-0)**

Studies the impact of the economic, legal, political, technical, international, and social environments on administration. Presents the relevant concepts from these areas and analyzes their interrelationships. This course is approved for offering in a distance learning format.

**MSA 611 Contract Administration 3(3-0)**

Analysis of theories and applied concepts of federal and commercial contracts, planning contracts, budgeting and negotiating contracts and best practices in contracts. This course may be offered in an online or hybrid format.

**MSA 612 Grants Fiscal Administration 3(3-0)**

Study of and practical applications of grants accounting/financial-related tasks on federal, foundation, institutional and private awards. This course may be offered in an online or hybrid format. Prerequisites: MSA 602 or the permission of MSA Director.

**MSA 613 Project Administration 3(3-0)**

Intensive coverage of project administration and applications from concept through operations. Course focuses on planning, scheduling, controlling, economic analysis, evaluation/control and customer satisfaction. This course may be offered in an online or hybrid format.

**MSA 614 Ethics in Research Administration 3(3-0)**

Covers the ethical, legal, social issues and best practices involved in the administration and conduct of research and the application of products from research. This course may be offered in an online or hybrid format.

**MSA 615 Sponsored Project Administration 3(3-0)**

Examination of core aspects of sponsored project administration: institutional compliance, proposal creation, review and submission, contract negotiations, sub-award review, and post award financial administration. This course may be offered in an online or hybrid format.

**MSA 616 The Practice of Research Administration 3(3-0)**

Examines the theory and foundations of research administration in the context of departmental administration, tools for successful department administration, and the role of Research Administrator. This course may be offered in an online or hybrid format.

**MSA 617 Clinical Research Administration 3(3-0)**

This course examines clinical research as science as well as the administration of clinical research processes and programs. Covers protocol, budgets, ethics and funding. This course may be offered in an online or hybrid format.

**MSA 619 Continuing Registration for Final Research Project 1(1-0)**

A non-credit course intended for students who have completed all program credits but still need to use university resources to complete their degree requirements.

**MSA 620 Effective Administration and Organizational Behavior 3(3-0)**

To develop an understanding of human problems and processes which help or hinder successful task completion. To improve interpersonal and diagnostic skills as well as theoretical knowledge. This course is approved for offering in a distance learning format.

**MSA 622 Research Facilities Administration and Cost 3(3-0)**

Study of the planning, operation, and costs associated with managing physical plants specific to research facilities. This course may be offered in an online or hybrid format.

**MSA 634 Managerial Accounting Concepts 3(3-0)**

Study of how accounting information can be used in planning, coordinating, and controlling the activities of an organization. Prerequisite: Accounting competency. This course is approved for offering in a distance learning format.

**MSA 635 Financial Management 3(3-0)**

Study of financial management and financial management techniques for administrators of private and public organizations. Emphasis is on financial planning and control. Prerequisite: Accounting competency. This course is approved for offering in a distance learning format.

**MSA 640 Quantitative Applications in Decision Making 3(3-0)**

This course studies stochastic and quantitative analytical tools and concepts which can be used to make optimal decisions in the pursuit of such organizational goals as cost efficiency, service delivery, and profit. Concepts include probability theory, statistics, decision theory, inventory control, linear models, linear programming, network analysis, and simulation. Prerequisite: Statistics competency. This course is approved for offering in a distance learning format.

**MSA 641 Historical and Cultural Perspectives on Philanthropy 3(3-0)**

Explores the historical issues and values surrounding philanthropy and nonprofit organizations that shape contemporary formal study of philanthropy. Examines philanthropy across geographic and cultural perspectives. This course may be offered in an online or hybrid format.

**MSA 642 Principles, Theory and Ethical Practices in Fundraising and Grant Making 3(3-0)**

Focuses on principles, theory, and ethics in fundraising. Examines values, ethical issues raised in philanthropy and the role of boards of trustees. This course may be offered in an online or hybrid format.

**MSA 643 Administration of Annual, Capital Campaigns and Major Gifts 3(3-0)**

Focuses on the development of fundraising skills and techniques to build annual giving and major gift programs, assess capital campaign readiness, and implement capital campaigns. This course may be offered in an online or hybrid format.

**MSA 644 Philanthropy: The Role of Foundations, Non Profit Organizations in Society 3(3-0)**

This course covers theories of philanthropy and the role of nonprofit organizations in society to clarify the meaning of philanthropy. This course may be offered in an online or hybrid format.

**MSA 645 Strategic Philanthropy: Corporations, Foundations, Individuals and Bequests 3(3-0)**

Introduces the philanthropic road map, allowing donors to identify motivations, goals, strategies, grantees, and benchmarks to solve problems. Provides tools to effectively manage philanthropic programs. This course may be offered in an online or hybrid format.

**MSA 650 Organization Theory: Strategy and Structure 3(3-0)**

A systems approach to studying the design and administration of complex organizations. Diverse organizational settings require the capacity to develop appropriate decision making and planning strategies to produce the desired organizational goals, given the organization's environment. This course is approved for offering in a distance learning format.

**MSA 660 Marketing Administration 3(3-0)**

This course is concerned with the application of appropriate marketing concepts and techniques to the private sector business and nonprofit organizations' marketing and communication activities. This course is approved for offering in a distance learning format.

**MSA 661 Diversity and Multiculturalism in the Workplace 3(3-0)**

An examination of the skills needed to successfully administer an environment that facilitates workplace diversity and multiculturalism within the contexts of domestic and global organizations.

**MSA 675 Strategic Policy Administration 3(3-0)**

Applies decision-making models for policy analysis and implementation in the private and public sector environments. A case study course covering organizational analysis and operational programming. Prerequisite: Minimum of 9 semester credit hours of MSA core courses, including MSA 634 or MSA 635. This course is approved for offering in a distance learning format.

**MSA 681 Administrative Practicum 1-3(Spec)**

Provide students with an introductory professional experience of an administrative/supervisory nature in an administrative setting. For students with limited or no administrative experience. Prerequisite: Permission of MSA Director.

**MSA 685 Integrative Analysis of Administration 3(Spec)**

MSA 685 builds upon the information and skills learned in the core and concentration course work, and the student's employment experiences. The course trains the student in application of administrative theory and research to practical issues and problems found in occupational situations. In these senses of joining theory, research and practice with the practical workday world, the course is truly integrative of the student's knowledge, skills, and professional life. This course is approved for offering in a distance learning format. Prerequisites: MSA 600, MSA 602 or MSA 634 or MSA 635, MSA 640 all with a grade of C or better; 21 hours of graduate credit.

**MSA 690 Internship 1-3(Spec)**

Provides a supervised, practical, in-depth administrative experience in an organization related to the MSA student's concentration area. Prerequisites: 18 hours completed in the MSA program and permission of the MSA Director.

**MSA 691 Independent Study 1-2(Spec)**

Directed reading or research on an approved topic in administration. Prerequisite: permission of instructor and director of MSA program.

**MSA 696 Special Topics 3(3-0)**

Selected topics of interest to students which are not included in existing courses. Specific topic will be listed on the student's transcript. This course may be offered in an online or hybrid format.

**MSA 699 Applied Research Project in Administration 3(Spec)**

Research project on a practical organizational administrative issue and/or problem integrating theoretical, methodological, and applied knowledge from core and concentration coursework with student's professional experience. This course is approved for offering in a distance learning format. Prerequisites: MSA 600; MSA 602 or 634 or 635; MSA 603 or 640 all with a grade of C or better; 24 hours of graduate credit.

**MSL 101 Introduction to the Army and Critical Thinking 2(Spec)**

Introduction to effective leadership, communication, life skills, cultural understanding, goal setting, time management, and comprehensive fitness that relate to the Army profession.

**MSL 102 Introduction to the Profession of Arms 2(Spec)**

An introduction to the professional challenges and competencies that are needed for effective execution of the Profession of Arms and Army communication.

**MSL 201 Individual Leadership Studies 3(Spec)**

Studies in personal well-being, self-development, problem solving, and decision-making; group dynamics, communication and values and ethics; introduces team-building, leading and assessing group actions. Prerequisites: MSL 102.

**MSL 202 Leadership and Teamwork 3(Spec)**

Continuing studies in self-development and team-building. Introduces group problem solving, planning group actions, risk management, diversity, persuasion, and the profession of arms. Recommended: MSL 201.

**MSL 301 Adaptive Team Leadership 4(Spec)**

Planning, leading, assessing small unit actions. Studies in problem-solving, training management, Principles of War, tactics, warrior ethos. History and future of the Army. Recommended: MSL 101, 102, 201, 202.

**MSL 302 Leadership in Changing Environments 4(Spec)**

Planning, leading, and assessing small unit actions. Studies in ethical decision-making, military briefings, writing, power, personality, followership, diversity, group cohesion and dysfunction. Prerequisite: MSL 301.

**MSL 397 Special Topics in Military Science and Leadership 1-6(Spec)**

Studies in military science or leadership. Topics may include military leadership, military logistics, military administration, military operations or military history. Prerequisite: permission of the MSL Chairperson.

**MSL 401 Mission Command and Army Profession 4(Spec)**

Explore the dynamics of leading in complex situations of current Military operations. Examine: customs; courtesies; military law; principles of war. Prerequisites: MSL 301, 302.

**MSL 402 Mission Command II and the Company Grade Officer 4(Spec)**

Students will learn the Army Profession and the ability to demonstrate the Seven Army Values, Soldier's Creed, and the Warrior Ethos. Prerequisites: MSL 301, 302, 401.

**MST 310 Introduction to Museums 3(3-0)**

An introduction to the role of museums in society, as well as to museum management, operations and careers. Prerequisite: 36 hours of course credit.

**MST 315 Museums, Stakeholders and Communities 3(3-0)**

Conceptual and practical knowledge for dealing effectively with diverse museum audiences, collaborators and stakeholders on mission-fulfilling activities that enhance the organization's value to society. Prerequisite: MST 310.

**MST 320 Collections Stewardship and Curatorial Work 3(3-0)**

This course covers basic museum collections management and care policies and procedures, as well as mission-based collections planning and curatorial research techniques. Prerequisite: MST 310.

**MST 325 Public Programming in Museums 3(3-0)**

This course focuses on developing mission-driven, audience-focused public and educational programs; planning, implementing and evaluating programs; and enhancing interpretive methods and skills. Prerequisite: MST 310.

**MST 546 Introduction to Museum Work 3(3-0)**

Exploration of the duties and responsibilities encountered in museum work. Collection care and development, exhibit preparation, and educational program development. Prerequisite: 56 hours of course credit.

**MST 547 Museum Science Laboratory 3(0-6)**

Experimentation with materials and techniques utilized within the museum profession. Primary emphasis is on exhibit preparation, model-building, and replica-making for educational usage. Prerequisites: MST 546; 56 semester hours of credit.

**MST 550 Museum Collections Management and Care 3(3-0)**

Curatorial techniques in museums including acquisition, cataloging, legal requirements, preservation, computerization and proper handling. Prerequisites: MST 546; 56 hours of course credit.

**MST 551 Museum Education and Interpretation Techniques 3(3-0)**

Interpretive methods used by museums including development and implementation of programs and enhancement of interpretive skills. Prerequisites: MST 546; 56 hours of course credit.

**MST 575 Independent Study in Museum Studies 3(3-0)**

Study of specific selected topics in museum theory or practice at a level suitable for advanced undergraduates or graduate students. Prerequisites: MST 310.

**MST 598 Museum Internship 6(Spec)**

Supervised work experience applying classroom concepts and skills in the operation and programming of a museum, historic site or other informal learning center. Prerequisites: Obtain permission of Director of the Museum Studies Program.

**MST 610 International Cultural Laws and Ethics 3(3-0)**

Explore the laws that protect our cultural heritage using case studies that investigate current trends at the state, national, and international level. Prerequisites: ANT 645, HST 580, MST 550.

**MST 620 Museum Management 3(3-0)**

Discover the dynamic world of museum management where leadership and creativity in a fast-paced environment is the norm.

**MST 740 Seminar in Emergency Preparedness 3(3-0)**

Cultural institutions frequently face recovery from natural and civil disasters. Prepare a recovery action plan under experienced leadership. Prerequisites: MST 550.

**MST 750 Seminar in Advanced Exhibit Design and Construction 3(3-0)**

Museums primarily communicate their message through exhibits. Learning the theory and method of exhibit design and fabrication.

**MST 775 Seminar in Funding and Fundraising 3(3-0)**

Achieving adequate financial support is an ongoing challenge facing museums. Explore the various methods that museums use to fund their educational programs.

**MST 798 Creative Endeavors in Museum Studies 3(3-0)**

Museum professionals use creative tools to educate and entertain. This supervised hands-on experience allows students to explore their own creativity in the museum context. Prerequisites: MST 610, MST 620.

**MTH 051 Review for Elementary Teachers Mathematics Proficiency Test 1-2(Spec)**

Review for elementary teachers proficiency tests on base ten numeration, common and decimal fractions, percentage, U.S. customary and metric measures, ratio and proportion, geometry, and algebra. Credit in this course does not count toward the total number of hours required for graduation. It does count in determining whether you are a full-time student. CR/NC only.

**MTH 101 Elementary Algebra 3(3-0)**

The real number system, variables, algebraic expressions, exponents, Cartesian coordinate system, linear equations, percent, polynomial operations, reading graphs. Word problems emphasized. This course may only be used as a General Elective on the BS degree. Cannot be used to fulfill the Area 2 Natural Sciences requirement. CR/NC only. Prerequisite: Placement.

**MTH 103QR Quantitative Reasoning for Informed Citizens 3(3-0)**

Quantitative reasoning skills useful in an individual's private, civic, and professional life. Topics may include: financial management, insurance, personal health, and environmental and social concerns. Quantitative Reasoning.

**MTH 105 Intermediate Algebra 3(3-0)**

Rational and radical expressions and equations, integer and rational exponents, functions, graphs, systems of equations and inequalities, quadratic equations. Successful completion of this course satisfies the University Mathematics Competency requirement. This course may be offered in an online or hybrid format. Prerequisite: Placement or successful completion of MTH 101.

**MTH 107 College Algebra 3(3-0)**

Complex numbers, introduction to functions, zeros, graphing, linear functions, quadratic functions, intersections of graphs, interpreting graphs, inequalities, polynomial and rational functions, algebra of functions. Course does not count toward a major, minor in mathematics except for students pursuing a B.S. in Ed., Elementary Education. Recommended: Successful completion of MTH 105.

**MTH 109 Plane Trigonometry 3(3-0)**

Solutions of triangles, trigonometric equations, and identities. No credit in MTH 109 after credit earned in MTH 130. Course does not count toward a major, minor in mathematics except for students pursuing a B.S. in Ed., Elementary Emphasis. This course may be offered in an online or hybrid format. Recommended: one and one-half years of high school algebra; or successful completion of MTH 107 and one year of high school geometry.

**MTH 113 Mathematics: A Modeling Approach 3(3-0)**

*The role of mathematics in modeling real world phenomena is explored. Such mathematical areas as graph theory, linear programming, probability theory, and difference equations are developed as solution techniques for concrete problems from many disciplines. Recommended: Two years of high school mathematics or equivalent. (University Program Group II-B: Quantitative and Mathematical Sciences)*

**MTH 130 Pre-Calculus Mathematics 4(4-0)**

Sets, mathematical induction, functions, relations, theory of equations, analytic geometry. This course is approved for offering in a distance learning format. Recommended: MTH 107, 109.

**MTH 132 Calculus I 4(4-0)**

*Limits, continuity, interpretations of the derivative, differentiation of elementary functions, applications of derivatives, antiderivatives, Riemann sums, definite integrals, fundamental theorem of calculus. This course may be offered in an online or hybrid format. Recommended: MTH 107, 109; or MTH 130. (University Program Group II-B: Quantitative and Mathematical Sciences)*

**MTH 133 Calculus II 4(4-0)**

Techniques of integration, applications of definite integrals, improper integrals, elementary differential equations, infinite series, Taylor series, and polar coordinates. Prerequisite: MTH 132.

**MTH 151 Mathematics for Elementary Teachers I 3(3-0)****MTH 152 Mathematics for Elementary Teachers II 3(3-0)**

Continuation of MTH 151. Decimals, percent, ratio/proportion, geometry (concepts and measurement), probability, statistics. Prerequisites: MTH 151 with a grade of C or better; one of: MTH 105, 107, 109, 130, 132.

**MTH 175 Discrete Mathematics 3(3-0)**

Topics in discrete mathematics including sequences, graphs, mathematical induction, recursion, number theory, combinatorial counting, difference equations, algorithms, and Boolean Algebra. No credit in MTH 175 after credit in MTH 375 or MTH 332. Prerequisite: MTH 130 or 132 or 133.

**MTH 217 Business Calculus 4(4-0)**

Differentiation and integration of algebraic, exponential, and logarithmic functions, applications of differentiation and integration, partial derivatives. Does not count toward a major or minor in mathematics. Recommended: MTH 107.

**MTH 223 Linear Algebra and Matrix Theory 3(3-0)**

Systems of linear equations, matrices, determinants, vectors, vector spaces, eigenvalues, linear transformations, applications and numerical methods. Prerequisite: MTH 132.

**MTH 232 Linear Algebra and Differential Equations 3(3-0)**

First order differential equations, systems of linear differential equations, matrices, vector spaces, linear transformations and eigenvalues. May not be counted toward major in Mathematics. Credit may not be earned in both MTH 223 and MTH 232, or in both MTH 334 and MTH 232. Prerequisite: MTH 133.

**MTH 233 Calculus III 4(4-0)**

Vectors and surfaces in  $R^3$ , vector-valued functions, functions of several variables, partial differentiation and some applications, multiple integrals, vector calculus. Prerequisites: MTH 133. Pre/Co-Requisites: MTH 223 or 232.

**MTH 254 Probability and Statistics for K-8 Mathematics Teachers 3(3-0)**

Examines applications of statistics, experimental probability, and theoretical probability suitable for teachers. Prerequisites: MTH 152 with a B or better.

**MTH 256 Algebraic Modeling and Measurement for K-8 Math Teachers 3(3-0)**

This course examines the concepts of algebraic thinking and measurement, focusing specifically on applications for teachers. Prerequisites: MTH 151 with grade of B or better; MTH 152 with grade of B or better; Signed major or minor in Elementary Mathematics.

**MTH 261 Algebra for Secondary Teachers 3(3-0)**

Abstract algebraic concepts are explored through a technology-enhanced approach connecting secondary mathematics curricula with undergraduate mathematics and pedagogical content. Prerequisites: MTH 223; signed major or minor in secondary mathematics.

**MTH 278 Mathematical Models 3(3-0)**

Mathematical modeling of real world problems using concepts learned in algebra, calculus and statistics. Prerequisites: MTH 132 or MTH 217. Corequisite: STA 282 or STA 382.

**MTH 296 Special Topics in Mathematics 1-6(Spec)**

Subject matter not included in regular course. May be taken for credit more than once, total credit not to exceed 6 hours. Prerequisite: permission of instructor.

**MTH 332 Introduction to Mathematical Proof 3(3-0)**

Study of several basic concepts in mathematics including logic, set theory, relations and functions, cardinality, number systems, sequences. Pre/Co-requisites: MTH 175, 351; or one of: MTH 223, 232.

**MTH 334 Differential Equations 3(3-0)**

Definition and solution of first, second, and higher order differential equations. Prerequisites: MTH 133, MTH 223.

**MTH 335 Mathematical Biology 3(3-0)**

Discrete and continuous models of population growth, stability analysis of dynamical systems, biochemical reaction kinetics, and biological oscillators and switches. Prerequisite: MTH 132. Recommended: MTH 133 or STA 282 or 382.

**MTH 341 College Geometry 3(3-0)**

An advanced study of Euclidean and Non-Euclidean geometries from an axiomatic and historical standpoint. Prerequisite: MTH 332.

**MTH 351 Geometry for K-8 Mathematics Teachers 3(3-0)**

This course examines geometry focusing on axiomatic systems with the purpose of developing the ability to create mathematical proofs. Prerequisite: MTH 256.

**MTH 361 - Field Experience in Teaching Mathematics 1(Spec)**

Preparation for and experience in working with students in secondary (7-12) mathematics classrooms. Prerequisites: MTH 223.

**MTH 362 Problem-Based and Technology Enhanced Geometry for Secondary Teachers 3(3-0)**

Geometry content is explored through a problem-based and technology-enhanced approach connecting secondary mathematics curricula with undergraduate mathematics and pedagogical content. Prerequisites: MTH 332; C+ or better in MTH 261; signed major or minor in secondary mathematics teaching.

**MTH 363 Problem-Based Probability and Statistics for Secondary Teachers 3(3-0)**

Probability and Statistics content are explored through a problem-based and technology-enhanced approach connecting secondary mathematics curricula with undergraduate mathematics and pedagogical content. Prerequisites: MTH 332; C+ or better in MTH 261; signed major or minor in secondary mathematics.

**MTH 375 Discrete Structures 3(3-0)**

Relation between set theoretic operations and computer operations, applications of graph theory, graphical algorithms, discrete algebraic structure. Prerequisites: MTH 133 or MTH 223; MTH 175 or MTH 332.

**MTH 397 Independent Study 1-6(Spec)**

The in-depth study of a topic in mathematics under the direction of a faculty member. May be taken for credit more than once, total credit not to exceed six hours. Prerequisite: Permission of instructor.

**MTH 434 Methods of Applied Mathematics 3(3-0)**

Topics in applied mathematics and boundary value problems and orthogonal functions, partial differential equations, and complex variables. Prerequisites: MTH 233, MTH 334.

**MTH 436 Elements of Complex Variables 3(3-0)**

Complex numbers, analytic functions, Laurent series, Cauchy integral formula. Prerequisites: MTH 233, 332.

**MTH 438 Numerical Analysis I 3(3-0)**

Computational methods for solving non-linear equations and systems of linear equations. Interpolation, numerical differentiation and integration. Prerequisites: MTH 133, 223.

**MTH 439 Numerical Analysis II 3(3-0)**

Continuation of MTH 438. Solutions to ordinary differential equations. Study of approximation theory and solutions to nonlinear systems of equations. Prerequisite: MTH 438.

**MTH 444 Introduction to Differential Geometry 3(3-0)**

Curves and surfaces, Frenet formulas, calculus on Euclidean space, tangent vectors and surface maps, Gauss map, shape operator, curvature, special curves on surfaces. Prerequisites: MTH 233, 332.

**MTH 461 Teaching of Secondary School Mathematics 4(4-0)**

Materials, teaching techniques for prospective secondary mathematics teacher. Course does not count as one of two 400 or 500 level courses on mathematics major. May not be counted toward a major or minor in mathematics except for students pursuing a B.S. in Ed. degree. Open only to seniors and approved juniors. Prerequisites: MTH 223, MTH 341.

**MTH 462 Capstone on Teaching and Learning Mathematics for Secondary Teachers 3(3-0)**

This course exposes pre-service secondary mathematics teachers to theory and practice of curriculum, assessment and instruction in schools, introducing current literature and designing instructional units. Prerequisites: MTH 341; C+ or better in MTH 261, 362, 363; signed major or minor in secondary mathematics.

**MTH 496 Special Topics in Mathematics 1-6(Spec)**

Subject matter not included in regular course. May be taken more than once, total credit not to exceed 6 hours. Prerequisite: See Course Search and Registration.

**MTH 499 Capstone Course in Mathematics 3(3-0)**

Material in core mathematics courses is unified through study of subject matter excluded from regular mathematics courses, in the areas of classical and applied mathematics. Prerequisites: MTH 133, MTH 332; permission of instructor.

**MTH 520 Optimization Theory 3(3-0)**

An introduction to the theory, practical applications and algorithms of nonlinear programming. Prerequisites: MTH 233.

**MTH 521 Theory of Numbers 3(3-0)**

Properties of integers, congruences, greatest common divisors and prime factorization, applications of number theory to computer science and/or cryptology. Prerequisite: MTH 332.

**MTH 522 Math of Cryptology 3(3-0)**

The mathematics and algorithms of classical and computer-age cryptology. Substitution, transposition, stream and block ciphers; DES, Rijndael and public key cryptology; cryptanalysis of cipher systems. Prerequisites: CPS 340 or MTH 332.

**MTH 523 Modern Algebra I 3(3-0)**

Groups, rings, integral domains, fields, and fundamental homomorphism theorems. Prerequisite: MTH 332 or graduate status.

**MTH 525 Modern Algebra II 3(3-0)**

Vector spaces, subspaces, bases and dimensions; linear transformations, their algebra, their representation by matrices, and linear functionals; eigenvalues, triangularizable and diagonalizable transformations; inner product spaces. Prerequisite: MTH 523.

**MTH 527 Representation Theory of the Symmetric Group 3(3-0)**

Representation theory of finite groups, Specht modules, combinatorics of Young tableaux, and symmetric functions. Prerequisite: MTH 525.

**MTH 532 Advanced Calculus I 3(3-0)**

Rigorous development of calculus for functions of one variable. Sequences, limits, continuity, differentiation, integration, exponential and logarithmic functions, arc length, series. Credits will not count towards M.A. or Ph.D. degree requirements in mathematics. Prerequisites: MTH 233 and MTH 332, or graduate status.

**MTH 533 Advanced Calculus II 3(3-0)**

Continuation of MTH 532. Rigorous development of calculus for functions of several variables. Limits, continuity, differentiation, and integration. Prerequisite: MTH 532.

**MTH 534 Applied Mathematics and Differential Equations 3(3-0)**

Initial-boundary value (linear, nonlinear) problems, orthogonal functions, differential operators, numerical techniques, introduction to partial differential equations, applications to biology, chemistry, engineering, medicine, and physics. Prerequisites: MTH 233, 334.

**MTH 545 Introduction to Point-Set Topology 3(3-0)**

Development of elementary point-set topology. Sets, functions, metric spaces, topological spaces, quotient surfaces, compactness, and connectedness. Prerequisite: MTH 332 or graduate status.

**MTH 551 Mathematical Structures for K-8 Mathematics Teachers 3(3-0)**

Problem-solving, set theory, logic, number theory, algebra, consumer mathematics and mathematical systems. Credit will not apply toward a master's degree in mathematics. Prerequisites: MTH 254 and 351.

**MTH 553 History of Elementary Mathematics for K-8 Teachers 3(3-0)**

History of mathematical developments of western and non-western cultures for use in grades K-8. Credit can only be earned in one of the following: MTH 253 or MTH 553 and will not apply toward master's degree in mathematics. Prerequisites: MTH 254 and MTH 351.

**MTH 556 Microcomputers for Elementary Mathematics Teachers 3(3-0)**

Develops the use of microcomputers in elementary education with particular emphasis on mathematical applications. Computer literacy and BASIC programming are included. Open only to those students pursuing a B.S. in Elementary Emphasis. Prerequisites: MTH 107, MTH 251.

**MTH 558 Mathematics in Popular Culture 3(3-0)**

This course explores how popular culture (such as television, comics, movies, music and books) portrays mathematicians and mathematics as a discipline. This course is intended for elementary education mathematics majors and minors or in-service teachers. Prerequisite: MTH 256.

**MTH 565 Using Graphics Calculators in Mathematics Education 1(1-0)**

Course is designed for secondary mathematics education majors and minors. Emphasis will be on the classroom use of graphics calculators to teach mathematics. Prerequisites: MTH 132; with MTH 223 as a corequisite.

**MTH 566 Microcomputers for Secondary Mathematics Teachers 3(3-0)**

Examines microcomputer use in secondary education with particular emphasis on mathematical applications. Open only to those students pursuing a B.S. in Ed., Secondary Emphasis. Prerequisite: MTH 223.

**MTH 573 History of Mathematics 3(3-0)**

History of arithmetic, algebra, geometry, calculus. Prerequisites: MTH 332 or MTH 341, or graduate status.

**MTH 578 Combinatorics I 3(3-0)**

Introduction to the basic principles of combinatorics and graph theory with applications to problems of nonmathematical origin. Prerequisites: MTH 523.

**MTH 586 Operations Research I 3(3-0)**

Mathematical theory and applications of mathematical programming. Linear programming duality, integer programming, mixed integer programming, and dynamic programming. Prerequisites: MTH 133.

**MTH 587 Operations Research II 3(3-0)**

Continuation of MTH 586. Theory and application of stochastic models in operations research. Inventory models, queuing theory. Markov chains, stochastic programming. Prerequisites: STA 382, MTH 586.

**MTH 591 Seminar in the Solution of Putnam Problems 1-3(Spec)**

Problem-solving techniques demonstrated through solutions of the Putnam Examination problems. Designed particularly for those students interested in participating in the Putnam Examination. Prerequisite: MTH 233; permission of instructor.

**MTH 594 Seminar in Higher Mathematics 3(3-0)**

Class presentation of results of independent study, and final comprehensive written report in an approved subject. Prerequisite: one year of calculus; permission of instructor.

**MTH 595 Special Topics in Mathematics Education 1-6(Spec)**

Subject matter not included in regular mathematics education course. May be taken for credit more than once, total credit not to exceed 6 hours. Specific topics and pre/co-requisites will be announced in Course Search and Registration. May not be counted toward a major or minor in mathematics except for students pursuing a B.S. in Ed. degree. Pre/Co-requisites: See Course Search and Registration.

**MTH 596 Special Topics in Mathematics 1-6(Spec)**

Subject matter not included in regular course. May be taken for credit more than once, total credit not to exceed 6 hours. Pre/Co-requisite: See Course Search and Registration.

**MTH 597 Independent Study 1-6(Spec)**

Open to students with permission of instructor. May be taken for credit more than once, total credit not to exceed 6 hours.

**MTH 619 Continuing Registration for Final Research Project 1(1-0)**

A non-credit course intended for students who have completed all program credits but still need to use university resources to complete their degree requirements.

**MTH 623 The Theory of Groups 3(3-0)**

First graduate level course in algebra. Isomorphism theorems for group, Sylow theorems, nilpotent and solvable groups, modules over principal ideal domains/ abelian groups. Prerequisites: MTH 523.

**MTH 625 Theory of Associative Rings 3(3-0)**

Second graduate level course in algebra. Ring theory, module theory, categories and functors, tensor products. Prerequisites: MTH 623.

**MTH 627 Representation Theory of Lie Algebras 3(3-0)**

Lie algebras, semisimplicity, representation of Lie algebras, weights and roots, universal enveloping algebras, character and dimension formulas. Prerequisite: MTH 625. Recommended: MTH 527.

**MTH 632 Introduction to Real Analysis and Its Applications 3(3-0)**

Development of integration theory with introduction to Lebesgue measure and integral on the real line. Elementary theory of normed spaces, bounded linear operators and linear functionals with applications. Prerequisite: MTH 532.

**MTH 633 Real Variables 3(3-0)**

A study of functional analysis. Consideration of Banach spaces, metric spaces, and compact spaces. General measure and integration theory. Prerequisite: MTH 632.

**MTH 634 Fourier Analysis 3(3-0)**

Study of Fourier Series, convergence, summability, Fourier Transforms, distributions. Applications of fast Fourier Transform to Heat and Wave Equation. Signal Processing, Fourier Optics. Prerequisites: MTH 532.

**MTH 636 Introduction to Complex Variables 3(3-0)**

Complex numbers, analytic functions, elementary functions, Cauchy's theorem, Integral formula, Taylor and Laurent series, residue theorem and its applications, Rouché's theorem. Prerequisite: MTH 532.

**MTH 637 Complex Variable Theory 3(3-0)**

Conformal mapping, Mobius transformations, harmonic functions, Dirichlet problem, entire and meromorphic functions, analytic continuation, Riemann surfaces, applications of complex analysis. Prerequisite: MTH 636.

**MTH 638 Theoretical Numerical Analysis 3(3-0)**

Numerical linear algebra with applications in linear and nonlinear systems. Interpolation and approximation and their applications to numerical differentiation, numerical integration, and differential equations. Prerequisite: MTH 532. Corequisite: MTH 533.

**MTH 641 Topics in Geometry 3(3-0)**

Advanced topics in geometry, foundations, non-Euclidean geometry. Prerequisite: MTH 341.

**MTH 644 Differential Geometry 3(3-0)**

Differential geometry of curves and surfaces. Curvature, maps between surfaces, vector fields and differential forms, Stokes' Theorem, Euler Characteristic, Gauss-Bonnet Theorem, manifolds, Riemannian metrics. Prerequisites: MTH 532 or 545.

**MTH 645 Topology 3(3-0)**

A continuation of MTH 545. Topics include fundamental groups, product spaces, covering spaces, and homology. Prerequisite: MTH 523, MTH 545.

**MTH 651 Basic Ideas and Procedures in Elementary School Arithmetic 3(3-0)**

Mathematical concepts, fundamental processes, and measurement formulas. Prerequisite: successful completion of the Elementary Teachers Proficiency Tests.

**MTH 652 The Teaching of Measurement 3(3-0)**

The history, concepts, and learning of measurement systems. The metric system and laboratory activities are emphasized. Prerequisite: teaching experience.

**MTH 656 Teaching & Learning Mathematics with Technology 3(3-0)**

Use of instructional technology for teaching and learning mathematics and an introduction to related research literature in mathematics and mathematics education. Prerequisite: MTH 566.

**MTH 658 Workshop in Teaching Mathematics 1-6(Spec)**

Preparing materials and investigating methods for teaching mathematics in grades K-12. May be repeated, total credit not to exceed 6 hours. Prerequisite: permission of the instructor.

**MTH 661 The Teaching of Middle School Mathematics 3(3-0)**

Objectives of mathematics instruction in the middle school. Prerequisite: minor in mathematics or teaching experience in middle or senior high school mathematics.

**MTH 673 History of Advanced Mathematics 3(3-0)**

History of the development of modern mathematics from 1700 into the 20th century. Prerequisites: MTH 525 and MTH 532.

**MTH 678 Combinatorics II 3(3-0)**

Finite geometries, combinatorial designs, strongly regular graphs, and error correcting codes. Prerequisite: MTH 578. Corequisite: MTH 525.

**MTH 692 Graduate Seminar in Mathematics Education 1-4(Spec)**

Seminars focused on current issues in mathematics education. May be taken for credit more than once, total credit not to exceed four hours. Three credits needed before it counts as an elective on any graduate degree in mathematics. Prerequisite: Permission of an instructor.

**MTH 693 Graduate Seminar in Mathematics and Its Applications 1-4(Spec)**

One hour seminars in subfields of mathematics and its applications; 3 credits needed before it counts as elective on graduate degrees in mathematics. Prerequisites: Graduate standing in mathematics and permission of instructor.

**MTH 694 Practicum in Mathematics 3(3-0)**

Taken during last semester in the M.A. program. Introduces concepts of mathematical modeling using deterministic and probabilistic methods. When possible, supervised consulting work in industry. Prerequisites: MTH 623 and permission of instructor.

**MTH 695 Special Topics in Mathematics Education 1-6(Spec)**

Consideration of subject matter not included in regular course. May be taken for credit more than once, total credit not to exceed 6 hours. Prerequisite: permission of instructor.

**MTH 696 Special Topics in Mathematics 1-6(Spec)**

Consideration of subject matter not included in regular courses. May be taken for credit more than once; total credit not to exceed six hours. Pre/Co-requisites: See Course Search and Registration.

**MTH 697 Independent Study 1-9(Spec)**

Open to graduate students in mathematics. May be taken for credit more than once; total credit not to exceed 9 hours. Prerequisite: permission of the instructor.

**MTH 698 Plan B Project 1-2(Spec)**

Plan B paper is normally an expository paper or research project on an area or problem related to but in addition to material covered in a course, written under the direction of graduate faculty. Each Plan B project is 1 credit hour. May be taken for credit more than once. Total credit not to exceed 2 hours. CR/NC only. Prerequisites: permission of advisor.

**MTH 725 Topics in Algebra 3(3-0)**

Advanced topics in abstract algebra. Designed to add breadth to the student's abstract algebra background and to open possible research areas. Prerequisites: MTH 625.

**MTH 732 Functional Analysis 3(3-0)**

Fundamentals of topological vector spaces, normed spaces, Banach and Hilbert spaces, functionals on such spaces, operators on Banach and Hilbert spaces, spectral theorems, Banach algebras. Prerequisites: MTH 632, 636.

**MTH 734 Partial Differential Equations and Applications 3(3-0)**

Solutions of partial differential equations by analytic and numerical techniques using standard methods, including Fourier series and Laplace transforms, perturbation, finite elements and finite differences. Prerequisites: MTH 334 and MTH 636.

**MTH 761 Methods for Teaching College Mathematics 3(3-0)**

Methods in teaching undergraduate mathematics including technology use, cooperative learning, inquiry, and guided discovery. Students will create activities and discuss issues surrounding undergraduate instruction. Prerequisite: Completion of 12 hours of graduate level mathematics at CMU and admission to one of the graduate programs in the Department of Mathematics.

**MTH 762 A Survey of Research in Collegiate Mathematics Education 3(3-0)**

Introduction to understanding and interpreting mathematics education research, trends, and evaluation at the undergraduate level. Prerequisites: MTH 761.

**MTH 763 Advanced Perspectives In Collegiate Mathematics Education 3(3-0)**

Advanced perspectives in collegiate mathematics education as it relates to the areas of teaching, learning, and curriculum. Prerequisites: MTH 762 and EDU 614.

**MTH 764 Qualitative Research Methods in Mathematics Education 3(3-0)**

Introduction to the qualitative research in mathematics education including research design, development of protocols, fieldwork, collecting and analyzing data and techniques for interviewing. Prerequisite: MTH 763.

**MTH 766 Internship: College Teaching 3-6(Spec)**

Teaching of approved undergraduate mathematics or statistics courses. Students will conduct their teaching internship under the supervision of a graduate faculty member. CR/NC only. Prerequisites: MTH 761; successful completion of all qualifying examinations.

**MTH 767 Seminar I in Collegiate Mathematics Education 3(3-0)**

Use of a review of literature to focus research questions and to develop a research proposal. Each student develops a proposal for his/her dissertation research. Prerequisites: MTH 764.

**MTH 768 Seminar in Collegiate Mathematics Education II 3(3-0)**

Conduct a pilot study to collect and analyze data. The students will then develop conclusions and implications of the study. Prerequisites: MTH 767. Pre/Co-requisite: PSY 611.

**MTH 778 Topics in Combinatorics 3(3-0)**

Advanced topics in combinatorics. Designed to add breadth to the student's combinatorial background and to open possible research areas. Prerequisite: MTH 678.

**MTH 796 Special Topics in Mathematics 1-6(Spec)**

Consideration of subject matter not included in regular courses. May be taken for credit more than once; total credit not to exceed 6 hours. Prerequisite: completion of 30 hours of coursework required for the Doctoral program.

**MTH 797 Independent Study 1-9(Spec)**

Open to doctoral students in mathematics. May be taken for credit more than once; total credit not to exceed 9 hours. Prerequisites: 30 hours of coursework toward the doctoral program; permission of the instructor.

**MTH 798 Thesis 1-6(Spec)**

Master's thesis research. CR/NC only. Prerequisites: Graduate status and permission of thesis advisor.

**MTH 898 Dissertation 1-30(Spec)**

Doctoral dissertation research. CR/NC only. Prerequisites: Doctoral status and permission of dissertation advisor.

**MUS 097 Recital Attendance 0(0-0)**

Attendance at recitals and concerts in the School of Music. B.M. and B.M.E. students are required to register for and complete seven (7) semesters of MUS 097. B.A. and B.S. music students are required to register for and complete four (4) semesters of MUS 097. CR/NC only. Prerequisite: Admission to the School of Music.

**MUS 101 Theory I 3(3-0)**

Training in basic terminology and in melodic, harmonic, and rhythmic elements and processes of music. Prerequisite: Admission to the School of Music. Co-requisite: MUS 103.

**MUS 102 Theory II 3(3-0)**

Continuation of MUS 101. Prerequisites: Admission to the School of Music; MUS 101 with a C or better.

**MUS 103 Sight Singing and Ear Training I 1(0-2)**

Basic aural and vocal training in the melodic, harmonic, and rhythmic elements of music. Prerequisite: Admission to the School of Music.

**MUS 104 Sight Singing and Ear Training II 1(0-2)**

Continuation of MUS 103 (Sight Singing and Ear Training I). Prerequisites: Admission to the School of Music; MUS 103 with a C or better.

**MUS 105 Supplemental Theory 2(0-2)**

This course reinforces concepts taught in MUS 101. Prerequisite: Admission to the School of Music. Co-requisite: MUS 101.

**MUS 107 The Craft of Composition 2(2-0)**

An exploratory course in the craft of composing music. Prerequisite: MUS 101 or 206.

**MUS 109 Introduction to Music Technology 1(1-1)**

A hands-on introduction to the use of computers, software, synthesizers, and related equipment as they relate to music and music education. Prerequisite: Admission to the School of Music.

**MUS 110 Music in Society 3(3-0)**

*An intercultural and interdisciplinary exploration of the elements of music. This course may be offered in an online or hybrid format. (Not open to music majors.) (University Program Group I-B: The Arts)*

**MUS 114 Listening Experience 3(3-0)**

*Objectives are to experience a variety of musical events, to develop musical awareness, to sharpen perception, and increase musical discrimination. Not open to music majors. May be offered as Writing Intensive. (University Program Group I-B: The Arts)*

**MUS 141 Vocal Techniques I 1(0-2)**

Study and practice of basic techniques necessary to improve the singing voice (i.e. posture, breathing habits, tone, diction). Prerequisite: Admission to the School of Music.

**MUS 142 Vocal Techniques II 1(0-2)**

Continuation of work begun in MUS 141. Prerequisites: Admission to the School of Music; MUS 141 with a C or better.

**MUS 144 Woodwind Techniques 2(0-4)**

Flute, clarinet, and saxophone playing and teaching techniques. Prerequisite: Admission to the School of Music.

**MUS 146 Brass Techniques 2(0-4)**

Trumpet, Horn, Trombone, Euphonium-Baritone, and Tuba performing and teaching techniques. Prerequisite: Admission to the School of Music.

**MUS 147 Piano Class I 1(0-2)**

This course is designed to develop functional piano skills, such as sight reading, harmonization, basic repertoire, and technique appropriate to the level. Prerequisite: Admission to the School of Music; or signed Music Theatre Major.

**MUS 148 Piano Class II 1(0-2)**

This course is designed to continue the development of functional piano skills, such as sight reading, harmonization, basic repertoire, and technique. Prerequisites: Admission to the School of Music; or signed Music Theatre Major, MUS 147 with a C or better.

**MUS 149 Class Guitar 1(0-2)**

Group guitar instruction for non-music and music majors on correct technique, playing and reading chords, melodies, and standard works written for guitar.

**MUS 150 Voice 1-12(Spec)**

Individualized program of applied studio instruction in voice performance focusing on the foundations of technique, musicianship, literature, and performance practice. This course is repeatable and intended as a two-semester foundation and pre-requisite for study at the 200-level. Prerequisite: Admission to the School of Music or Music Theater Program.

**MUS 151 Organ 1-12(Spec)**

Individualized program of applied studio instruction in organ performance focusing on the foundations of technique, musicianship, literature, and performance practice. The course is repeatable and intended as a four-semester foundation and pre-requisite for advanced study at the 300-level. Prerequisite: Admission to the School of Music.

**MUS 152 Piano 1-12(Spec)**

Individualized program of applied studio instruction in piano performance focusing on the foundations of technique, musicianship, literature, and performance practice. The course is repeatable and intended as a four-semester foundation and pre-requisite for advanced study at the 300-level. Prerequisite: Admission to the School of Music.

**MUS 153 Violin 1-12(Spec)**

Individualized program of applied studio instruction in violin performance focusing on the foundations of technique, musicianship, literature, and performance practice. The course is repeatable and intended as a four-semester foundation and pre-requisite for advanced study at the 300-level. Prerequisite: Admission to the School of Music.

**MUS 154 Viola 1-12(Spec)**

Individualized program of applied studio instruction in viola performance focusing on the foundations of technique, musicianship, literature, and performance practice. The course is repeatable and intended as a four-semester foundation and prerequisite for advanced study at the 300-level. Prerequisite: Admission to the School of Music.

**MUS 155 Violoncello 1-12(Spec)**

Individualized program of applied studio instruction in violoncello performance focusing on the foundations of technique, musicianship, literature, and performance practice. The course is repeatable and intended as a four-semester foundation and prerequisite for advanced study at the 300-level. Prerequisite: Admission to the School of Music.

**MUS 157 String Bass 1-12(Spec)**

Individualized program of applied studio instruction in string bass performance focusing on the foundations of technique, musicianship, literature, and performance practice. The course is repeatable and intended as a four-semester foundation and pre-requisite for advanced study at the 300-level. Prerequisite: Admission to the School of Music.

**MUS 158 Composition 1-4(Spec)**

Applied study of music composition. The course is repeatable and intended as a two-semester foundation and pre-requisite for advanced study at the 300-level. Prerequisites: Admission to the School of Music; minimum GPA of 3.0 in MUS 101, 102, 103, 104; permission of instructor.

**MUS 159 Guitar 1-8(Spec)**

Individualized program of applied studio instruction in guitar performance focusing on the foundations of technique, musicianship, literature, and performance practice. The course is repeatable and intended as a four-semester foundation and pre-requisite for advanced study at the 300-level. Prerequisite: Admission to the School of Music.

**MUS 161 Flute 1-12(Spec)**

Individualized program of applied studio instruction in flute performance focusing on the foundations of technique, musicianship, literature, and performance practice. The course is repeatable and intended as a four-semester foundation and pre-requisite for advanced study at the 300-level. Prerequisite: Admission to the School of Music.

**MUS 163 Oboe 1-12(Spec)**

Individualized program of applied studio instruction in oboe performance focusing on the foundations of technique, musicianship, literature, and performance practice. The course is repeatable and intended as a four-semester foundation and pre-requisite for advanced study at the 300-level. Prerequisite: Admission to the School of Music.

**MUS 165 Clarinet 1-12(Spec)**

Individualized program of applied studio instruction in clarinet performance focusing on the foundations of technique, musicianship, literature, and performance practice. The course is repeatable and intended as a four-semester foundation and pre-requisite for advanced study at the 300-level. Prerequisite: Admission to the School of Music.

**MUS 167 Bassoon 1-12(Spec)**

Individualized program of applied studio instruction in bassoon performance focusing on the foundations of technique, musicianship, literature, and performance practice. The course is repeatable and intended as a four-semester foundation and pre-requisite for advanced study at the 300-level. Prerequisite: Admission to the School of Music.

**MUS 169 Saxophone 1-12(Spec)**

Individualized program of applied studio instruction in saxophone performance focusing on the foundations of technique, musicianship, literature, and performance practice. The course is repeatable and intended as a four-semester foundation and pre-requisite for advanced study at the 300-level. Prerequisite: Admission to the School of Music.

**MUS 171 Trumpet 1-12(Spec)**

Individualized program of applied studio instruction in trumpet performance focusing on the foundations of technique, musicianship, literature, and performance practice. The course is repeatable and intended as a four-semester foundation and pre-requisite for advanced study at the 300-level. Prerequisite: Admission to the School of Music.

**MUS 173 Horn 1-12(Spec)**

Individualized program of applied studio instruction in horn performance focusing on the foundations of technique, musicianship, literature, and performance practice. The course is repeatable and intended as a four-semester foundation and pre-requisite for advanced study at the 300-level. Prerequisite: Admission to the School of Music.

**MUS 175 Trombone 1-12(Spec)**

Individualized program of applied studio instruction in trombone performance focusing on the foundations of technique, musicianship, literature, and performance practice. The course is repeatable and intended as a four-semester foundation and pre-requisite for advanced study at the 300-level. Prerequisite: Admission to the School of Music.

**MUS 177 Euphonium 1-12(Spec)**

Individualized program of applied studio instruction in euphonium performance focusing on the foundations of technique, musicianship, literature, and performance practice. The course is repeatable and intended as a four-semester foundation and pre-requisite for advanced study at the 300-level. Prerequisite: Admission to the School of Music.

**MUS 178 Tuba 1-12(Spec)**

Individualized program of applied studio instruction in tuba performance focusing on the foundations of technique, musicianship, literature, and performance practice. The course is repeatable and intended as a four-semester foundation and pre-requisite for advanced study at the 300-level. Prerequisite: Admission to the School of Music.

**MUS 179 Percussion 1-12(Spec)**

Individualized program of applied studio instruction in percussion performance focusing on the foundations of technique, musicianship, literature, and performance practice. The course is repeatable and intended as a four-semester foundation and pre-requisite for advanced study at the 300-level. Prerequisite: Admission to the School of Music.

**MUS 180 Festival Chorus 1-8(Spec)**

Preparation and performance of major choral/orchestral compositions. No audition required.

**MUS 181 Men's Chorus 1-8(Spec)**

Preparation and performance of choral works for the male voice. Open by audition to any student in the University.

**MUS 182 Women's Chorus 1-8(Spec)**

Preparation and performance of choral works for the female voice. Open by audition to any student in the University.

**MUS 183 Concert Choir 1-8(Spec)**

Preparation and performance of choral works. Open by audition to any student in the University.

**MUS 185 Orchestra 1-8(Spec)**

The rehearsal and performance of orchestral literature. Open by audition to any student in the University.

**MUS 186 Band 1-8(Spec)**

Preparation and performance of instrumental works. Open by audition to any student in the University.

**MUS 187 String Orchestra 1-8(Spec)**

The rehearsal and performance of string orchestral literature. Open by audition to any student in the University.

**MUS 188 Men's Barbershop 1-8(Spec)**

Preparation and performance of barbershop works for the male voice. Open by audition.

**MUS 189 Introduction to Accompanying 1(0-2)**

Experience in accompanying vocal and instrumental music. Prerequisite: Admission to the School of Music.

**MUS 197 Special Topics 1-6(Spec)**

Exploration of special topics in the field of Music. This course may be repeated when content does not duplicate previous special topic studies. Prerequisite: Admission to the School of Music.

**MUS 201 Theory III 3(3-0)**

Continuation of MUS 102. Study of chromatic harmony. This is the third course in a four-course sequence. Prerequisites: Admission to the School of Music; MUS 102 with a C or better.

**MUS 202 Theory IV 3(3-0)**

Study and analysis of forms in music from the Baroque, Classic, Romantic and 20th-century periods. Prerequisites: Admission to the School of Music; MUS 201 with a C or better.

**MUS 203 Sight Singing and Ear Training III 1(0-2)**

Continuation of MUS 104. Prerequisites: Admission to the School of Music; MUS 104 with a C or better.

**MUS 204 Sight Singing and Ear Training IV 1(0-2)**

Continuation of MUS 203. Prerequisites: Admission to the School of Music; MUS 203 with a C or better.

**MUS 206 Understanding Musical Composition 3(3-0)**

Develop basic theory skills in notation, sight-singing, listening, composition, and the aesthetic appreciation of music in Western culture. Not open to music majors.

**MUS 209 Music Technology II 2(2-0)**

A continuation of MUS 109 using computers, software, synthesizers, and related equipment as it relates to music and music education. Prerequisite: MUS 109.

**MUS 211 Historical Survey of Music I 3(3-0)**

Western music history from ancient times to c.1700. Includes an introduction to the music of selected non-western cultures. Prerequisites: Admission to the School of Music; MUS 101 with a C or better.

**MUS 212 Historical Survey of Music II 3(3-0)**

Continuation of the work begun in MUS 211. Western music history from the Baroque through early Romanticism (c. 1700-1850). Prerequisite: MUS 211 with a C or better.

**MUS 213 Jazz: An American Art Form 3(3-0)**

*A music literature course reviewing important trends and styles in the history of jazz. Open to all students. This course may be offered in an online or hybrid format. May be offered as Writing Intensive. (University Program Group I-B: The Arts)*

**MUS 230 Introduction to Music Education 2(1-2)**

An overview of music teaching methodologies and observations of these methods as they are used by public school music teachers. Prerequisite: Admission to the School of Music.

**MUS 236 Piano Pedagogy I 2(2-0)**

Introduction to elementary piano teaching methods and materials, including repertoire, sight-reading, technique, duets, and theory. Prerequisites: Admission to the School of Music; two semesters of MUS 151 or 152.

**MUS 237 Piano Pedagogy II 2(2-0)**

Continuation of Piano Pedagogy I with emphasis on the intermediate pianist and teaching materials for that level. Prerequisite: MUS 236.

**MUS 241 Diction for Singers 2(1-2)**

Elementary pronunciation techniques in French, German, and Italian as an aid to private voice study. Prerequisites: Admission to the School of Music; two semesters of MUS 150.

**MUS 244 Double Reed Techniques 1(0-2)**

Oboe and bassoon playing and teaching techniques. Prerequisite: MUS 144.

**MUS 246 String Techniques 2(0-4)**

Teaching techniques for violin, viola, cello, and double bass. Prerequisite: Admission to the School of Music.

**MUS 247 Piano Class III 1(0-2)**

This course is designed to continue the development of functional piano skills, such as sight reading, harmonization, basic repertoire, and technique. Prerequisites: Admission to the School of Music, MUS 148 with a C or better.

**MUS 248 Piano Class IV 1(0-2)**

This course is designed to develop functional piano skills, such as sight reading, harmonization, basic repertoire, and technique appropriate to the level. Prerequisites: Admission to the School of Music, MUS 247 with a C or better.

**MUS 249 Functional Piano 1(0-2)**

Development of skills in harmonization, improvisation, transposition, and score reading for intermediate and advanced piano and organ students. Prerequisites: Admission to the School of Music, MUS 248 with a C or better. Pre/Co-requisites: MUS 151 or 152.

**MUS 250 Voice 1-12(Spec)**

Individualized program of applied studio instruction in voice performance. Building technique, musicianship, literature, and performance practice studied in MUS 150. This course is repeatable and intended as a two-semester foundation and pre-requisite for study at the 300-level. Prerequisites: Admission to the School of Music or Music Theater Program; Successful completion of a 200-level performance jury.

**MUS 252 Jazz Piano 1-8(Spec)**

Individual instruction in jazz piano performance. Prerequisite: Admission to the School of Music.

**MUS 280 Introduction to Conducting 2(0-4)**

Development of the physical and musical skills needed by a conductor. Prerequisites: Admission to the School of Music; MUS 202, 204.

**MUS 281 Chamber Ensemble 1-8(Spec)**

Chamber ensemble rehearsal and performance. Prerequisite: Admission to the School of Music.

**MUS 282 Chamber Singers 1-8(Spec)**

Preparation and performance of vocal chamber music from Medieval to contemporary with a focus on acapella music. Open by audition to any student in the University.

**MUS 284 Techniques for the Singing Actor 1-6(Spec)**

Preparation and performance of solo roles in scenes from standard operas, chamber operas, and/or musical theatre. Prerequisite: Admission to the School of Music or signed Music Theatre major.

**MUS 285 Percussion Ensemble 1-8(Spec)**

Preparation and performance of percussion ensemble works. Open by audition to any student in the University.

**MUS 286 Jazz Ensemble 1-8(Spec)**

Jazz ensemble rehearsal and performance. Prerequisite: Open by audition to any student in the University.

**MUS 297 Special Topics 1-6(Spec)**

Exploration of special topics in the field of Music. This course may be repeated when content does not duplicate previous special topic studies. Prerequisite: Admission to the School of Music.

**MUS 302 Contrapuntal Techniques 3(3-0)**

Study of contrapuntal techniques. Prerequisites: admission to Music candidacy; MUS 202.

**MUS 304 Instrumentation and Scoring 3(2-2)**

Study of the ranges, transpositions, timbral combinations, and tessitura strengths/weaknesses of orchestral and band instruments with practical application of scoring preexisting music. Prerequisites: Admission to Music candidacy; MUS 201.

**MUS 309 Electroacoustic Music I 3(3-0)**

This course covers the technology, techniques, and literature associated with electronic/electroacoustic music. The emphasis is on the composition and creation of music in various electroacoustic genres. Prerequisites: Admission to Music candidacy; MUS 209.

**MUS 310 Music and the Mind 3(3-0)**

*An exploration of the various brain systems that are engaged by different musical styles and activities. This course may be offered in an online or hybrid format. May be offered as Writing Intensive. Recommended: 56 credit hours completed. (University Program Group I-B: The Arts)*

**MUS 311 Historical Survey of Music III 3(3-0)**

Continuation of the work begun in MUS 211 and MUS 212. Western music history from c.1850 to the present. Prerequisites: MUS 212 with a C or better; admission to Music Candidacy.

**MUS 313 Musics of the World 3(3-0)**

*An introduction to musical systems of major non-Western cultures and folk and traditional music of Western continents. May be offered as Writing Intensive. Recommended: 56 credit hours. (University Program Group I-B: The Arts)*

**MUS 314 History of Symphonic Literature 3(3-0)**

Development of the symphony orchestra and changing styles and trends of its literature. May be offered as Writing Intensive. Prerequisites: MUS 202, 204, 212; Admission to Music Candidacy.

**MUS 316 History and Literature of the Organ 2(2-0)**

Study of the various composers and literature for the organ and the various periods and schools of organ building. Prerequisite: Admission to Music Candidacy.

**MUS 317 Song Repertoire for Young Voices 2(2-0)**

Study of solo vocal literature and materials suited for students at the secondary level. Prerequisite: Admission to Music Candidacy. Recommended: MUS 338.

**MUS 330 Music for Elementary Classroom Teachers 2(2-0)**

Fundamentals and methods of teaching music for elementary classroom teachers. Prerequisite: Admission to Teacher Education.

**MUS 331 Instrumental Organization 2(2-0)**

Includes all phases of instrumental organization and administration in the elementary, junior high, and senior high school. Prerequisites: admission to Music candidacy; MUS 230.

**MUS 333 Music Education in the Elementary Grades 2(2-0)**

Topics include objectives and instructional strategies for development of basic music concepts and skills in elementary classroom music. Prerequisite: admission to Music candidacy; MUS 230.

**MUS 335 Instrumental Pedagogy 2(2-0)**

Instrumental pedagogy and practicum for the student's major instrument on the Bachelor of Music degree: Orchestral Instrumental concentration. Prerequisite: admission to Music candidacy.

**MUS 338 Voice Pedagogy 2(1-2)**

Problems, procedures, teaching lab and materials for teaching correct vocal production. Prerequisite: Admission to Music Candidacy.

**MUS 339 Piano Pedagogy Practicum 1(1-1)**

Supervised experience in teaching piano at the precollege and college levels in both the private and group settings. Prerequisite: admission to Music candidacy; MUS 237.

**MUS 344 Percussion Techniques 2(0-4)**

Teaching techniques for percussion. Prerequisites: admission to Music candidacy.

**MUS 350 Voice 1-16(Spec)**

Individualized program of applied studio instruction in voice performance focusing on advanced technique, musicianship, literature, and performance practice. This course is repeatable and intended as a two-semester foundation and pre-requisite for study at the 400-level or as a four-semester finalization of voice studies at the undergraduate level. Prerequisites: Admission to the School of Music or Music Theater Program; Successful completion of a 300-level performance jury.

**MUS 351 Organ 1-16(Spec)**

Individualized program of applied studio instruction in organ performance focusing on advanced technique, musicianship, literature, and performance practice. The course is repeatable and intended as a four-semester foundation and pre-requisite for professional study at the 700-level. Prerequisites: Admission to the School of Music; Successful completion of a 300-level performance jury.

**MUS 352 Piano 1-16(Spec)**

Individualized program of applied studio instruction in piano performance focusing on the foundations of technique, musicianship, literature, and performance practice. The course is repeatable and intended as a four-semester foundation and pre-requisite for professional study at the 700-level. Prerequisites: Admission to the School of Music; Successful completion of a 300-level performance jury.

**MUS 353 Violin 1-16(Spec)**

Individualized program of applied studio instruction in violin performance focusing on advanced technique, musicianship, literature, and performance practice. The course is repeatable and intended as a four-semester foundation and pre-requisite for professional study at the 700-level. Prerequisites: Admission to the School of Music; successful completion of a 300-level performance jury.

**MUS 354 Viola 1-16(Spec)**

Individualized program of applied studio instruction in viola performance focusing on advanced technique, musicianship, literature, and performance practice. The course is repeatable and intended as a four-semester foundation and prerequisite for professional study at the 700-level. Prerequisites: Admission to the School of Music; successful completion of a 300-level performance jury.

**MUS 355 Violoncello 1-16(Spec)**

Individualized program of applied studio instruction in violoncello performance focusing on advanced technique, musicianship, literature, and performance practice. The course is repeatable and intended as a four-semester foundation and prerequisite for professional study at the 700-level. Prerequisites: Admission to the School of Music; successful completion of a 300-level performance jury.

**MUS 357 String Bass 1-16(Spec)**

Individualized program of applied studio instruction in string bass performance focusing on advanced technique, musicianship, literature, and performance practice. The course is repeatable and intended as a four-semester foundation and pre-requisite for advanced study at the 700-level. Prerequisites: Admission to the School of Music; successful completion of a 300-level performance jury.

**MUS 358 Composition 2-8(Spec)**

Advanced applied study of music composition. The course is repeatable and intended as a four-semester foundation and pre-requisite for professional study at the 700-level. Prerequisites: Admission to the School of Music; MUS 158; Successful completion of a composition jury.

**MUS 359 Guitar 1-8(Spec)**

Individualized program of applied studio instruction in guitar performance focusing on advanced technique, musicianship, literature, and performance practice. The course is repeatable and intended as a four-semester foundation for professional study. Prerequisite: Admission to the School of Music, successful completion of a 300-level performance jury.

**MUS 360 Harpsichord 1-8(Spec)**

Individualized program of applied studio instruction in harpsichord performance focusing on the foundations of technique, musicianship, literature, and performance practice. The course is repeatable. Prerequisites: Admission to Music Candidacy; successful completion of a 300-level performance jury.

**MUS 361 Flute 1-16(Spec)**

Individualized program of applied studio instruction in flute performance focusing on advanced technique, musicianship, literature, and performance practice. The course is repeatable and intended as a four-semester foundation and pre-requisite for professional study at the 700-level. Prerequisite: Admission to the School of Music, successful completion of a 300-level performance jury.

**MUS 363 Oboe 1-16(Spec)**

Individualized program of applied studio instruction in oboe performance focusing on advanced technique, musicianship, literature, and performance practice. The course is repeatable and intended as a four-semester foundation and pre-requisite for professional study at the 700-level. Prerequisites: Admission to the School of Music; Successful completion of a 300-level performance jury.

**MUS 365 Clarinet 1-16(Spec)**

Individualized program of applied studio instruction in clarinet performance focusing on advanced technique, musicianship, literature, and performance practice. The course is repeatable and intended as a four-semester foundation and pre-requisite for professional study at the 700-level. Prerequisites: Admission to the School of Music; Successful completion of a 300-level performance jury.

**MUS 367 Bassoon 1-16(Spec)**

Individualized program of applied studio instruction in bassoon performance focusing on advanced technique, musicianship, literature, and performance practice. The course is repeatable and intended as a four-semester foundation and pre-requisite for professional study at the 700-level. Prerequisites: Admission to the School of Music; Successful completion of a 300-level performance jury.

**MUS 369 Saxophone 1-16(Spec)**

Individualized program of applied studio instruction in saxophone performance focusing on advanced technique, musicianship, literature, and performance practice. The course is repeatable and intended as a four-semester foundation and pre-requisite for professional study at the 700-level. Prerequisites: Admission to the School of Music; Successful completion of a 300-level performance jury.

**MUS 371 Trumpet 1-16(Spec)**

Individualized program of applied studio instruction in trumpet performance focusing on advanced technique, musicianship, literature, and performance practice. The course is repeatable and intended as a four-semester foundation and pre-requisite for professional study at the 700-level. Prerequisites: Admission to the School of Music; Successful completion of a 300-level performance jury.

**MUS 373 Horn 1-16(Spec)**

Individualized program of applied studio instruction in horn performance focusing on advanced technique, musicianship, literature, and performance practice. The course is repeatable and intended as a four-semester foundation and pre-requisite for professional study at the 700-level. Prerequisites: Admission to the School of Music; successful completion of a 300-level performance jury.

**MUS 375 Trombone 1-16(Spec)**

Individualized program of applied studio instruction in trombone performance focusing on advanced technique, musicianship, literature, and performance practice. The course is repeatable and intended as a four-semester foundation and pre-requisite for professional study at the 700-level. Prerequisites: Admission to the School of Music; Successful completion of a 300-level performance jury.

**MUS 377 Euphonium 1-16(Spec)**

Individualized program of applied studio instruction in euphonium performance focusing on advanced technique, musicianship, literature, and performance practice. The course is repeatable and intended as a four-semester foundation and prerequisite for professional study at the 700-level. Prerequisites: Admission to the School of Music; successful completion of a 300-level performance jury.

**MUS 378 Tuba 1-16(Spec)**

Individualized program of applied studio instruction in tuba performance focusing on advanced technique, musicianship, literature, and performance practice. The course is repeatable and intended as a four-semester foundation and pre-requisite for professional study at the 700-level. Prerequisites: Admission to the School of Music; Successful completion of a 300-level performance jury.

**MUS 379 Percussion 1-16(Spec)**

Individualized program of applied studio instruction in percussion performance focusing on the foundations of technique, musicianship, literature, and performance practice. The course is repeatable and intended as a four-semester foundation and pre-requisite for advanced professional study at the 700-level. Prerequisites: Admission to the School of Music; Successful completion of a 300-level performance jury.

**MUS 381 Choral Conducting and Materials 2(0-4)**

The study of advanced conducting techniques specific to choral ensembles. The course will focus on rehearsal methods, vocal techniques, music selection and score analysis. Prerequisites: MUS 280, Admission to Music Candidacy.

**MUS 382 Advanced Instrumental Conducting 2(0-4)**

Principles and performance of instrumental conducting. Prerequisites: MUS 280 with a grade of C or better; Admission to Music candidacy.

**MUS 389 Service Playing 2(2-0)**

Covers various worship services, liturgies, and hymn playing. Prerequisites: Admission to Music Candidacy; Successful completion of 300-level organ jury.

**MUS 397 Special Topics 1-6(Spec)**

Exploration of special topics in the field of Music. This course may be repeated when content does not duplicate previous special topic studies. Prerequisite: Admission to Music Candidacy.

**MUS 413 History and Literature of Church Music 2(2-0)**

A study of church music in Europe and the United States. Prerequisite: admission to Music candidacy; MUS 311.

**MUS 431 Instrumental Classroom and Rehearsal Methods 2(2-1)**

Methods and materials for teaching instrumental music, grades 5-12. Topics include sequential curriculum development, standards-based rehearsal design, and teaching in a heterogeneous setting. Includes pre-student teaching field experience. Prerequisites: MUS 230; admission to Music Candidacy, admission to teacher education program. Co-requisite: TEPD Pre-student teaching field experience. Recommended: MUS 144, 146, 244, 246, 344.

**MUS 433 Secondary Choral & General Music Methods 3(3-0)**

Principles, concepts, materials, and methods of a comprehensive secondary school choral and general music program. Prerequisites: MUS 280, 333; Admission to Music Candidacy; Admission to Teacher Education.

**MUS 450 Voice 1-8(Spec)**

Individualized program of applied studio instruction in voice performance expanding on advanced technique, musicianship, literature, and performance practice. This course is repeatable and intended as a two-semester foundation and pre-requisite for professional study at the 700-level. Prerequisites: Admission to the School of Music; Successful completion of a 400-level performance jury.

**MUS 490 Independent Study 1-12(Spec)**

Student-initiated study guided by faculty member or faculty committee. This course is repeatable up to 12 hours when content does not duplicate previous independent studies. Prerequisite: Music Candidacy.

**MUS 503 Advanced Counterpoint 2(2-0)**

Advanced counterpoint techniques and writing assignments in 18th century style. Prerequisites: MUS 302; Music candidacy; or admission to the graduate music program.

**MUS 504 Modern Compositional Styles/Techniques 2(2-0)**

Exploration and application of significant trends in compositional techniques from 1900 to the present. Prerequisites: MUS 202 and Music candidacy; or admission to the graduate music program.

**MUS 505 Seminar in Contemporary Music Analysis 2(2-0)**

Analysis of selected contemporary compositions. Prerequisites: Music Candidacy, MUS 202; or admission to the graduate music program.

**MUS 506 Advanced Scoring 2(2-0)**

Scoring for large ensembles. Prerequisite: MUS 304 and admission to Music candidacy; or graduate standing in Music program.

**MUS 511 Choral Literature I 2(2-0)**

Detailed study of choral forms of the Renaissance and Baroque eras. Prerequisites: Admission to Music Candidacy or Admission to the Graduate Music Program.

**MUS 512 Choral Literature II (Since 1750) 2(2-0)**

Representative small choral forms suitable for secondary school. Special attention to style characteristics which contribute to interpretive techniques. Prerequisites: Admission to Music Candidacy or Admission to the Graduate Music Program.

**MUS 514 Survey of Piano Literature 3(3-0)**

Survey of piano literature from the Baroque period to modern times. Prerequisites: Music Candidacy or admission to the graduate music program.

**MUS 515 History of Opera 3(3-0)**

A survey of operatic literature from the Baroque to modern eras. Prerequisite: Admission to Music Candidacy or admission to the graduate music program.

**MUS 516 Seminar in Piano Music 3-9(Spec)**

Critical examination of the piano works of a selected composer, focusing on stylistic contributions to musical forms and genres. Repeatable up to nine hours when content previously studied is not duplicated. Prerequisites: Music Candidacy or admission to the graduate music program; MUS 514.

**MUS 518 Song Repertoire 2(1-2)**

A survey of art song repertoire. Prerequisites: Music Candidacy or admission to the graduate music program.

**MUS 520 Jazz Arranging 3(3-0)**

The study of basic arranging techniques used in writing music for small and large jazz ensembles. Prerequisite: Admission to Music candidacy or admission to the graduate music program.

**MUS 521 Advanced Jazz Arranging 3(3-0)**

The study of modern advanced arranging techniques used in writing music for large jazz ensembles. Prerequisite: Admission to Music candidacy or admission to the graduate music program; MUS 520.

**MUS 531 Orff Techniques 2(1-2)**

Philosophy, techniques, and pedagogy of the Orff-Schulwerk approach to music education. Prerequisite: Admission to Music Candidacy or admission to the graduate music program.

**MUS 532 Dalcroze Eurhythmics 2(1-2)**

Introduction to the music education philosophy and approach of Emile Jacques-Dalcroze. Prerequisite: Admission to Music Candidacy or admission to the graduate music program.

**MUS 533 Kodály Pedagogy 2(1-2)**

Philosophy, materials, and pedagogy of the Kodály method of music education. Prerequisite: Admission to Music Candidacy or admission to the graduate music program.

**MUS 534 Music for Pre-School Children 2(2-0)**

Musical activities for the preschool child designed to nurture musical potential and promote musical awareness. Prerequisite: Junior status or above; or graduate status.

**MUS 535 Workshop in Music Education 1-4(Spec)**

Practical applications of selected music education trends, techniques, or methodologies. Repeatable up to four hours when content previously studied is not duplicated. Prerequisites: Music Candidacy or admission to the graduate music program.

**MUS 540 Organ Pedagogy Practicum 2(Spec)**

Supervised experience in teaching the organ. Prerequisites: Admission to Music Candidacy, MUS 351; or admission to the graduate music program.

**MUS 552 Jazz Piano 1-8(Spec)**

Individual instruction in jazz piano performance. May be taken more than once, for 1-2 credits per enrollment, not to exceed eight credits. Prerequisites: Music Candidacy or admission to the graduate music program.

**MUS 581 Jazz Improvisation Laboratory 2(1-2)**

Advanced improvisation and ensemble leadership skills in a laboratory setting. This course is repeatable up to 4 credits. Prerequisites: Music Candidacy; or Admission to the Graduate Music Program..

**MUS 597 Special Topics 1-6(Spec)**

This course is repeatable. Prerequisite: Admission to Music Candidacy or admission to the graduate music program.

**MUS 607 Music Technology Seminar 3(3-0)**

Practical application of music-related technology equipment and software as they relate to the needs of music educators and professional musicians. Prerequisite: Admission to the graduate music program.

**MUS 619 Continuing Registration for Final Research Project 1(1-0)**

A non-credit course intended for students who have completed all program credits but still need to use university resources to complete their degree requirements. Prerequisite: Admission to the graduate music program.

**MUS 620 Jazz Harmony and Analysis 3(3-0)**

Advanced study of jazz harmony focusing on tonal and modal music. Prerequisite: Admission to the graduate music program.

**MUS 621 Jazz Improvisation Pedagogy and Practicum 2(1-2)**

Develop the skills, methods, and materials necessary to teach jazz improvisation through observation, research and teaching. Prerequisite: Admission to the graduate music program; MUS 620.

**MUS 622 Modern Jazz History 3(3-0)**

A course in modern jazz history designed for graduate music students that covers important styles and figures in the jazz genre since 1940. Prerequisite: Admission to the graduate music program.

**MUS 624 Jazz Pedagogy 3(2-2)**

A course designed to enhance skills in the teaching of jazz as a performing art and as a historically significant cultural event. Prerequisite: admission to the graduate music program.

**MUS 631 Advanced Piano Pedagogy I 3(3-0)**

Elementary through early intermediate teaching materials, methods, and technology for the independent teacher. Prerequisite: Admission to the graduate music program.

**MUS 632 Advanced Piano Pedagogy II 3(3-0)**

Intermediate to advanced piano teaching methods and materials. Prerequisite: Admission to the graduate music program, MUS 631.

**MUS 633 Class Piano Pedagogy 3(3-0)**

Materials and teaching techniques for group piano teaching at the pre-college and college levels. Prerequisite: Admission to the graduate music program.

**MUS 634 Piano Pedagogy Practicum 3(2-2)**

Supervised experience in teaching piano at the pre-college and college levels. Prerequisites: Admission to the graduate music program; MUS 631 or 632 or 633.

**MUS 701 Composition 2-8(Spec)**

Graduate applied study of music composition. Prerequisite: Admission to the graduate music program.

**MUS 707 Analytical Styles I: Medieval-Classical 3(3-0)**

Detailed analysis of selected representative works from the Medieval era through the Classical period. Prerequisite: admission to the graduate music program.

**MUS 708 Analytical Styles II: 19-21st Century 3(3-0)**

Detailed analysis of selected representative works from the 19th century through the modern day. Prerequisites: admission to the graduate music program.

**MUS 711 Choral Masterworks 3(3-0)**

A survey of masterworks of the choral/orchestral repertoire. In-depth examination of major works and exploration of minor choral works written by the masters. Prerequisites: Admission to the graduate music program.

**MUS 713 Early Jazz and American Culture through 1945 3(3-0)**

A jazz course taught with emphasis on early jazz chronology as it relates to American culture. Prerequisite: admission to graduate program.

**MUS 714 Wind Band Literature 3(3-0)**

A survey of wind band literature and its evolution from 1500 to present. Prerequisite: admission to the graduate music program.

**MUS 715 Rock 'n' Roll Seminar 3(3-0)**

Traces the roots of rock, surveys the various types of rock, and provides in-depth analysis of the music. This course may be offered in an online or hybrid format. Prerequisite: admission to graduate music program (music major status not required).

**MUS 717 Historical Topics I: Medieval - Classical 3(3-0)**

Examination of selected topics in the history of music from the Medieval era through the Classical period. Prerequisite: admission to the graduate music program.

**MUS 718 Historical Topics II: 19-20th Century 3(3-0)**

Examination of selected topics in the history of music from the Romantic period through the twentieth century. Prerequisite: admission to the graduate music program.

**MUS 719 Seminar in World Music 3(3-0)**

A survey of selected musical cultures from around the world, with an emphasis on the study of music in its broader cultural context. Music major status not required.

**MUS 720 Seminar in the Music of a Selected Composer 3-9(Spec)**

Critical examination of the works of a selected composer, focusing on stylistic contributions to musical forms and genres. Repeatable up to nine hours when content previously studied is not duplicated. Prerequisite: MUS 717 or 718.

**MUS 731 Curriculum Design in Music Education 3(3-0)**

Examination of contemporary practices, methods, and resources for developing standards-based curricula for K-12 music programs. Prerequisite: admission to the graduate music program.

**MUS 732 History and Philosophy of Music Education 3(3-0)**

Examines the history of music education in the United States and philosophical bases for teaching music. Provides a rationale for a comprehensive music education program. Prerequisite: admission to the graduate music program.

**MUS 733 Woodwind Pedagogy 3(3-0)**

Advanced study of pedagogical methodologies and materials for woodwind instruments. Prerequisite: Admission to the graduate music program.

**MUS 734 Brass Pedagogy 3(3-0)**

Advanced study of pedagogical methodologies and materials for brass instruments. Prerequisite: admission to the graduate music program.

**MUS 735 Percussion Pedagogy 3(3-0)**

Advanced study of pedagogical methodologies and materials for percussion instruments. Prerequisite: admission to the graduate music program.

**MUS 736 String Pedagogy 3(3-0)**

Advanced study of pedagogical methodologies and materials for string instruments. Prerequisite: admission to the graduate music program.

**MUS 750 Voice 1-8(Spec)**

Individualized program of applied studio instruction in voice performance focusing on technique, musicianship, literature, and performance practice at the professional artist level. This course is repeatable. Prerequisites: Admission to the Graduate Music Program; Successful completion of a music audition.

**MUS 751 Organ 1-8(Spec)**

Individualized program of applied studio instruction in organ performance focusing on technique, musicianship, literature, and performance practice at the professional artist level. The course is repeatable. Prerequisites: Admission to the Graduate Music Program; successful completion of music audition.

**MUS 752 Piano 1-8(Spec)**

Individualized program of applied studio instruction in piano performance focusing on technique, musicianship, literature, and performance practice at the professional artist level. This course is repeatable. Prerequisites: Admission to the graduate music program; successful completion of music audition.

**MUS 753 Violin and Viola 1-8(Spec)**

Individualized program of applied studio instruction in violin performance focusing on technique, musicianship, literature, and performance practice at the professional artist level. This course is repeatable. Prerequisites: Admission to the graduate music program; successful completion of music audition.

**MUS 754 Viola 1-8(Spec)**

Individualized program of applied studio instruction in viola performance focusing on technique, musicianship, literature, and performance practice at the professional artist level. This course is repeatable. Prerequisites: Admission to the Graduate Music Program; Successful completion of music audition.

**MUS 755 Violoncello 1-8(Spec)**

Individualized program of applied studio instruction in violoncello performance focusing on technique, musician-ship, literature, and performance practice at the professional artist level. The course is repeatable. Prerequisite: Admission to the Graduate Music Program; successful completion of music audition.

**MUS 757 String Bass 1-8(Spec)**

Individualized program of applied studio instruction in string bass performance focusing on technique, musicianship, literature, and performance practice at the professional artist level. This course is repeatable. Prerequisites: Admission to the Graduate music program; successful completion of music audition.

**MUS 760 Harpsichord 1-8(Spec)**

Individualized program of applied studio instruction in harpsichord performance focusing on advanced technique, musicianship, literature, and performance practice. This course is repeatable. Prerequisite: Admission to the graduate music program.

**MUS 761 Flute 1-8(Spec)**

Individualized program of applied studio instruction in flute performance focusing on technique, musicianship, literature, and performance practice at the professional artist level. The course is repeatable. Prerequisites: Admission to the Graduate Music Program; successful completion of music audition.

**MUS 763 Oboe 1-8(Spec)**

Individualized program of applied studio instruction in oboe performance focusing on technique, musicianship, literature, and performance practice at the professional artist level. This course is repeatable. Prerequisite: Admission to the graduate music program; successful completion of music audition.

**MUS 765 Clarinet 1-8(Spec)**

Individualized program of applied studio instruction in clarinet performance focusing on technique, musicianship, literature, and performance practice at the professional artist level. The course is repeatable. Prerequisites: Admission to the Graduate Music Program; successful completion of music audition.

**MUS 767 Bassoon 1-8(Spec)**

Individualized program of applied studio instruction in bassoon performance focusing on technique, musicianship, literature, and performance practice at the professional artist level. The course is repeatable. Prerequisites: Admission to the Graduate Music Program; successful completion of music audition.

**MUS 769 Saxophone 1-8(Spec)**

Individualized program of applied studio instruction in saxophone performance focusing on technique, musicianship, literature, and performance practice at the professional artist level. The course is repeatable. Prerequisites: Admission to the Graduate Music Program; successful completion of music audition.

**MUS 771 Trumpet 1-8(Spec)**

Individualized program of applied studio instruction in trumpet performance focusing on technique, musicianship, literature, and performance practice at the professional artist level. The course is repeatable. Prerequisites: Admission to the Graduate Music Program; successful completion of music audition.

**MUS 773 Horn 1-8(Spec)**

Individualized program of applied studio instruction in horn performance focusing on technique, musicianship, literature, and performance practice at the professional artist level. This course is repeatable. Prerequisites: Admission to the graduate music program; successful completion of music audition.

**MUS 775 Trombone 1-8(Spec)**

Individualized program of applied studio instruction in trombone performance focusing on technique, musicianship, literature, and performance practice at the professional artist level. The course is repeatable. Prerequisites: Admission to the Graduate Music Program; successful completion of music audition.

**MUS 777 Euphonium 1-8(Spec)**

Individualized program of applied studio instruction in euphonium performance focusing on technique, musicianship, literature, and performance practice at the professional artist level. The course is repeatable. Prerequisites: Admission to the Graduate Music Program; Successful completion of music audition.

**MUS 778 Tuba 1-8(Spec)**

Individualized program of applied studio instruction in tuba performance focusing on technique, musicianship, literature, and performance practice at the professional artist level. The course is repeatable. Prerequisites: Admission to the Graduate Music Program; successful completion of music audition.

**MUS 779 Percussion 1-8(Spec)**

Individualized program of applied studio instruction in percussion performance focusing on technique, musicianship, literature, and performance practice at the professional artist level. The course is repeatable. Prerequisites: Admission to the Graduate Music Program; successful completion of music audition.

**MUS 780 Performance Ensembles 1-8(Spec)**

Preparation and performance of music repertoire in an ensemble setting. Open by audition to any graduate student in the university. CR/NC only.

**MUS 781 Advanced Choral Conducting 3-6(Spec)**

Advanced score preparation, rehearsal and conducting techniques for the choral music educator/conductor. Prerequisite: Admission to the graduate music program.

**MUS 782 Advanced Instrumental Conducting 3-6(Spec)**

Advanced score preparation and conducting techniques for instrumental music educators and conductors. Prerequisites: Admission to the Graduate Music Program; Successful completion of music audition.

**MUS 784 Instrumental Rehearsal Techniques 3(3-0)**

Pedagogical techniques for the musical preparation of instrumental ensembles. Prerequisite: admission to the graduate music program.

**MUS 790 Independent Study 1-9(Spec)**

Student-initiated study guided by faculty member or faculty committee. Repeatable up to nine hours when content does not duplicate previous independent studies. Prerequisite: Admission to the graduate music program.

**MUS 791 Introduction to Music Research 3(3-0)**

An overview of scholarly research techniques in music. Prerequisite: admission to the graduate music program.

**MUS 793 Research Project in Music Education 2(Spec)**

Qualitative, quantitative, or action research coordinated with a music education faculty member. Prerequisites: Admission to the graduate music program.

**MUS 795 Psychology of Music Teaching and Learning 3(3-0)**

Psychological foundations of music instruction, perception, response, and learning. Prerequisite: admission to the graduate music program.

**MUS 797 Special Topics 1-6(Spec)**

This course is repeatable. Prerequisite: Admission to the graduate music program.

**MUS 798 Thesis 1-6(Spec)**

A capstone research study completed in consultation with a thesis advisor. CR/NC only. Prerequisite: Admission to the graduate music program.

**MUS 799 Recital 4(Spec)**

Preparation and performance of a juried public recital. Prerequisites: Admission to the graduate music program.

**NSC 401 Principles of Neuroscience I 4(4-0)**

First of two upper-level courses for the Grad-Prep undergraduate Neuroscience majors covering the field of neuroscience comprehensively. Prerequisites: PSY 387, BIO 392; permission of instructor.

**NSC 402 Principles of Neuroscience II 4(4-0)**

Second of two upper-level courses for the Grad-Prep undergraduate Neuroscience majors covering the field of neuroscience comprehensively. Prerequisite: NSC 401.

**NSC 496 Neuroscience Directed Research 1-6(Spec)**

Research course for students who desire to investigate a research problem in neuroscience. Prerequisite: Must file written proposal approved by faculty sponsor in department office prior to registration. Recommended: BIO 392, PSY 387, PSY 211, BIO 500 or HSC 544.

**NSC 501 Principles of Neuroscience I 4(4-0)**

First of two core courses for advanced (grad-prep) undergraduates and graduates providing comprehensive neuroscience fundamentals such as history, key cells and molecules, and sensation mechanisms. Prerequisites: A signed major in Neuroscience Grad-Prep (Opt. B); PSY 387 (3) or BIO 392 (4); or graduate standing in the Neuroscience Graduate Program.

**NSC 502 Principles of Neuroscience II 4(4-0)**

Second of two core courses for advanced (grad-prep) undergraduates and graduates providing comprehensive neuroscience fundamentals. Prerequisites: NSC 501.

**NSC 600 Special Issues in Neuroscience 1-12(Spec)**

Subjects of contemporary neuroscience not covered by regular curriculum. May be repeated to a maximum of twelve hours. Prerequisites: Permission of instructor.

**NSC 690 Research Seminar Neuroscience 1-4(Spec)**

Seminar emphasizing review of the primary literature in several areas of neuroscience. May be repeated for a maximum of four credits. Prerequisites: Graduate standing in the Neuroscience Program.

**NSC 696 Directed Research 1-12(Spec)**

For students who desire to investigate some research problem in neuroscience. Prerequisites: Graduate standing.

**NSC 697 Independent Study 1-8(Spec)**

For students who accept the responsibility of studying a specific area of neuroscience with minimal supervision. Prerequisites: Graduate standing.

**NSC 789 Graduate Seminar in Neuroscience 1-12(Spec)**

In-depth exploration of a specific area in neuroscience through the review of the primary literature. May be repeated up to a maximum of 12 hours. Prerequisites: Permission of instructor.

**NSC 798 Thesis: Design 1-3(Spec)**

Design of a Master's thesis. CR/NC only. Prerequisites: Graduate standing in the Neuroscience Program.

**NSC 799 Thesis: Implementation 1-3(Spec)**

Completion of a Master's thesis designed in NSC 798. CR/NC only. Prerequisites: NSC 798.

**NSC 800 Neuroscience Research for Doctoral Candidacy 1-12(Spec)**

Major research course in which students work in close collaboration with instructor in preparing significant research project in a specific area of neuroscience. Prerequisites: NSC 799 and permission of instructor.

**NSC 898 Doctoral Dissertation: Design 1-12(Spec)**

Design of a doctoral dissertation. CR/NC only. Prerequisites: NSC 800.

**NSC 899 Doctoral Dissertation: Implementation 1-12(Spec)**

Completion of the doctoral dissertation designed in NSC 898: data collection, analysis, and write-up. CR/NC only. Prerequisites: Completion of NSC 898.

**OJB 101 Elementary Ojibwe I 3(3-0)**

Designed for students who have had no Ojibwe language instruction. Basic language skills. Introduction to Ojibwe culture via the language.

**OJB 102 Elementary Ojibwe II 3(3-0)**

Basic language skills. Continuation of OJB 101 including the continued introduction of the culture of the Ojibwe people. Prerequisite: OJB 101.

**OJB 201 Intermediate Ojibwe I 3(3-0)**

Review of grammar and further development of all language skills. Further explanation of Ojibwe culture. Prerequisites: OJB 101, OJB 102.

**OJB 202 Intermediate Ojibwe II 3(3-0)**

Designed for those who wish to continue the study of the Ojibwe language. The emphasis will be on the written language. Prerequisites: OJB 101, OJB 102; or knowledge of the Ojibwe language and OJB 201.

**PAD 210 Introduction to Public Administration 3(3-0)**

Provides a broad understanding of basic concepts and principles of public administration, including the role, structure, and functions of public agencies and how they operate. This course may be offered in an online or hybrid format.

**PAD 313 Public Budgeting Processes 3(3-0)**

Study of the creation and administrative management of public budgets. Emphasizes processes of budget preparation, adoption, administration and evaluation at various levels of government. This course may be offered in an online or hybrid format. Prerequisite: PAD 210.

**PAD 380 Public Sector Research Methods 3(3-0)**

Overview of common public sector research techniques and how research findings can be integrated into effective organizational decisions. Prerequisite: PAD 210.

**PAD 411 Public Sector Human Resources 3(3-0)**

Study of the policies, strategies, and legal processes that define human resources management in public and nonprofit organizations. This course may be offered in an online and hybrid format. Prerequisite: PAD 210.

**PAD 412 Nonprofit Administration 3(3-0)**

Overview of the nonprofit sector emphasizing charitable organizations, the rationales for their existence, and the fundamental elements of nonprofit administration. This course may be offered in an online or hybrid format. Prerequisite: PAD 210.

**PAD 413 Organizational Leadership and Behavior 3(3-0)**

Study of the policies and strategies used in the public sector to lead, manage, and motivate employees to solve societal problems. This course may be offered in an online or hybrid format. Prerequisite: PAD 210.

**PAD 414 Public Policy Analysis 3(3-0)**

Advanced overview of the practice of public policy analysis and program evaluation. This course may be offered in an online or hybrid format. Prerequisite: PSC 280 or PAD 380.

**PAD 523 Fundamentals of Grant Writing and Management 3(3-0)**

This course examines grant seeking, writing, proposal development, management, and evaluation in public and nonprofit organizations. Prerequisite: Graduate standing or completion of 56 credit hours.

**PAD 585 Public Sector Information Technology Management 3(3-0)**

To teach public administrators applied management techniques for public sector information systems, and the computer's role in the management of information in a democracy. Prerequisites: PSC 210; 56 semester hours completed or graduate status.

**PAD 610 Foundations of Public Administration 3(3-0)**

Overview of major themes of modern public administration, including administrative theories and processes, democratic environments, administrative functions and activities, and analytical tools and concepts.

**PAD 620 Nonprofit Management 3(3-0)**

Introduction to the fundamentals of managing organizations in the nonprofit sector.

**PAD 621 Board Governance and Executive Leadership 3(3-0)**

This course is designed to introduce students to the fundamentals of governance, trusteeship, and executive leadership in nonprofit sector organizations. This course may be offered in an online or hybrid format.

**PAD 622 Strategic Planning for Public/Non-Profit Organizations 3(3-0)**

Study of strategic planning processes and documents in public and non-profit organizations.

**PAD 623 Public Policy Processes and Evaluation 3(3-0)**

This course provides an introduction to the professional practice of policy analysis.

**PAD 655 Managing Modern Local Government 3(3-0)**

Overview of major themes and issues confronting the management of local government.

**PAD 661 Administration and Policy in American State Government 3(3-0)**

Political, legislative, executive, judicial and administrative processes of American state government with emphasis on the way they influence public policies.

**PAD 711 Public Personnel Administration Practice 3(3-0)**

Emphasizes skill development in selected areas of public personnel administration, including: personnel evaluation, collective bargaining, affirmative action, and human resource planning and development. This course is approved for offering in a distance learning format.

**PAD 712 Implementation and Reform of Public Programs 3(3-0)**

Examination of the major administrative reforms in the public sector and their consequent impact on the implementation of programs and projects.

**PAD 713 Public Budgeting and Finance 3(3-0)**

Advanced study of public budgets and processes. Emphasizes the political nature of budget preparation, adoption, administration and evaluation at various levels of government.

**PAD 714 Program Analysis and Evaluation 3(3-0)**

Methodology of analyzing and evaluating public programs. Design and use of quantitative and qualitative techniques for predicting and measuring performance.

**PAD 730 Public Service Competencies 1(Spec)**

Overview and assessment of the competencies needed to be an effective administrator in the public sector. CR/NC only. Prerequisite: A minimum of 21 hours of required MPA courses completed.

**PAD 773 Administration and Ethics in Public Service 3(3-0)**

This course examines ethical problems faced by participants in a modern administrative system with a focus on their sources and on methods for resolving them.

**PAD 775 Organization Theory and Behavior 3(3-0)**

The study of the appropriate design structures for administering complex organizations in the public sector with an emphasis on management, decision-making, and planning.

**PAD 780 Public Sector Research Methods 3(3-0)**

Exploration of research methods used in governmental and public sector organizations.

**PED 121 Steelhead Fly Tying 1(Spec)**

This course introduces the materials and techniques of tying flies for river steelhead fishing. All materials will be provided through course fee.

**PED 122 Diving, Beginning 1(Spec)**

Beginning techniques of springboard diving. An aquatic fee.

**PED 123 Aqua-Aerobics 1(Spec)**

Students learn fitness concepts and aquatic safety principles and perform water based fitness exercises.

**PED 127 Beginning Swimming 1(Spec)**

Instruction in basic skills of water adjustment, gliding, floating, kicking and learning to swim across the pool; includes safety and self-help techniques.

**PED 129 Intermediate Swimming 1(Spec)**

Introduction to swim strokes, backstroke, front crawl, elementary backstroke, sidestroke, breaststroke, and butterfly. Recommended: PED 127 or ability to swim one length of the pool.

**PED 130 Advanced Swimming for Fitness 1(Spec)**

Fitness and conditioning swimming which includes advanced stroke techniques. Ideal for those with previous competitive swim experience. Recommended: Ability to swim three lengths of the pool using front crawl, backstroke and breaststroke.

**PED 131 Disc Golf 1(Spec)**

A course designed to provide students with skills and knowledge to participate in disc golf. Students must furnish own discs made specifically for disc golf.

**PED 132 Introduction to Clogging 1(Spec)**

Beginner level of clogging. Students will learn basic level clogging steps using a variety of music. Students will learn to read cue-sheets and understand the history of clogging. Identical to DAN 132. Credit may not be earned in more than one of these courses.

**PED 133 Zumba 1(1-0)**

Latin inspired dance fitness class incorporating Latin and International music and the core Zumba movements to improve and maintain cardiovascular fitness.

**PED 134 Zumba Fitness 2(2-0)**

Latin inspired dance fitness class incorporating Latin and International music to improve and maintain cardiovascular fitness. Course will include core and variations of Zumba movements.

**PED 135 Hustle Dance Fitness 2(2-0)**

Dance fitness class incorporating hip hop music to improve and maintain cardiovascular fitness. Course will include core and variations of Hustle Dance Fitness movements.

**PED 136 Aerobic Kickboxing 2(Spec)**

This course is designed to provide students with an aerobic workout while learning basic techniques based on various forms of martial arts.

**PED 137 Fitness Walking 2(Spec)**

Course will introduce fitness walking designed for students who want to begin a program to improve their cardiovascular endurance and learn basic fitness training principles.

**PED 138 Cardio-Variety 2(Spec)**

A beginning aerobic workout course comprised of conditioning activities and vigorous nonstop rhythmic movement patterns designed to improve or maintain cardiovascular endurance. Recommended: Physician approval.

**PED 139 Step Aerobics I 2(1-2)**

A course comprised of step aerobic conditioning activities and vigorous movement patterns designed to improve or maintain cardiovascular endurance. Recommended: Physician approval.

**PED 140 Turbo Kick 2(Spec)**

Interval training workout with kickboxing moves choreographed to contemporary music intended to focus on development of movement combinations and core strength.

**PED 141 Judo 2(2-0)**

Judo is a Japanese martial art that is both an art and an Olympic Sport. It involves throwing and grappling techniques.

**PED 142 Hapkido 2(Spec)**

Hapkido is a Korean martial art that combines elements of Judo, Tae Kwon-Do and Aikido. It primarily focuses on self-defense techniques.

**PED 144 Pilates 2(2-0)**

Course designed to improve total fitness, posture, and appearance through exercise methods strengthening core postural muscles and developing body alignment using the Pilates model.

**PED 145 Fundamentals of Gymnastics 1(Spec)**

Designed primarily for students with no previous experience in gymnastics.

**PED 146 Yoga: Beginning 1(Spec)**

This course focuses on the fundamentals of yoga through the practice of basic yoga postures and essential yoga breathing techniques.

**PED 147 Introduction to Fitness Yoga 2(Spec)**

This course focuses on yoga as a system of regular exercise to improve physical fitness.

**PED 148 Yoga for Wellness 2(2-0)**

This course focuses on the specific application of yoga poses and techniques to address various health and wellness issues.

**PED 149 Yoga and Meditation 2(2-0)**

This course focuses on yoga and meditation techniques to relax and revitalize the mind and body.

**PED 150 Archery 1(Spec)**

An introduction to the basic skills of the sport of archery.

**PED 153 Jogging 1(Spec)**

A course comprised of jogging designed for students who want to begin a program to improve their cardiovascular endurance.

**PED 154 Bowling 1(Spec)**

A course fee is charged.

**PED 155 Beginning Fencing 1(Spec)**

An introduction to the skills, strategies, and terminology of fencing. A fee is charged for equipment.

**PED 156 Golf, Beginning 1(Spec)**

Introduction to golf. Includes instruction and practice on grip, stance, swing, equipment, strategy, specialty shots, the golf course, rules and etiquette are included.

**PED 157 In-Line Skating 1(Spec)**

Beginning techniques of in-line skating with a focus on safety and enjoyment.

**PED 158 Beginning Figure Skating 2(Spec)**

Beginning Figure Skating is intended to present basic skills to the class. The goal is for the skater to feel more secure on the ice and to have the ability to perform basic skills.

**PED 159 Billiards, Beginning 1(Spec)**

Development of beginning billiards skills.

**PED 160 Racquetball, Beginning 1(Spec)**

Student furnishes racquet, official ball, and eyeguard.

**PED 161 Beginning Snowboarding 1(Spec)**

Development of beginning snowboarding skills. Course fee.

**PED 162 Snow Skiing, Beginning 1(Spec)**

A course fee for lift tickets and lessons is charged. Student furnishes own equipment or rents it from ski resort.

**PED 163 Cross Country Skiing 1(Spec)**

Beginning class in cross country skiing involving on-snow techniques, waxing, proper equipment choices, and field trips.

**PED 164 Individual Sports 2(Spec)**

A course which will expose students to badminton, golf, and tennis, which are individual, lifetime sports.

**PED 165 Tennis, Beginning 1(Spec)**

Student furnishes own racket and balls.

**PED 166 Beginning Foil Fencing 2(2-0)**

Basics of fencing, footwork, blade work bouting and equipment use.

**PED 168 Ice Hockey 2(Spec)**

Course designed to gain an understanding, development, and appreciation of the skills of ice hockey.

**PED 169 Workshop in Leisure Time Sports 1-6(Spec)****PED 170 Fundamentals of Basketball 1(Spec)**

Development of basic skills needed to play basketball.

**PED 172 Introduction to Boxing 1(Spec)**

Students will learn boxing principles, techniques, safe practices and strategies. No experience necessary. Non-contact.

**PED 173 Triathlon Training 2(Spec)**

Introduction to basic triathlon training including instruction in swimming, biking and running technique. Course will prepare students to successfully complete a triathlon event. Prerequisite: Student must have previous instruction in swimming technique.

**PED 174 Team Sports 2(Spec)****PED 175 Wallyball 1(1-0)**

Wallyball combines the skills of volleyball, racketball, and handball.

**PED 176 Soccer 1(Spec)**

An introduction to the skills, strategies and terminology of soccer through instruction and student participation.

**PED 177 Softball 1(Spec)**

Slow-pitch softball designed for beginners through advanced skilled performers.

**PED 178 Volleyball, Beginning 1(Spec)**

Introduction to basic skills, rules and strategy.

**PED 179 Fundamentals of Floor Hockey 1(Spec)**

To learn the fundamentals of floor hockey.

**PED 180 Individual Program of Physical Activity 1-4(Spec)**

Designed for students physically unable to participate in regularly scheduled activities.

**PED 184 Military Physical Conditioning 1(Spec)****PED 185 Physical Conditioning and Body Mechanics 1(Spec)**

Develop physical conditioning using weight training equipment and cardiovascular exercises.

**PED 186 Physical Fitness for Life 2(2-0)**

Identical to PES 186. Credit may not be earned in more than one of these courses.

**PED 189 Weight Training and Conditioning 2(Spec)**

This is a personal fitness course. It will cover the importance of muscular work for acquiring strength needed for successful performance in most physical activities and its relationship to the total conditioning program.

**PED 222 Diving, Intermediate 1(Spec)**

Intermediate techniques of springboard diving.

**PED 236 Intermediate Aerobic Kickboxing 2(Spec)**

Non-contact, fast-paced, aerobic workout done to music utilizing kicks from martial arts and punches from boxing, while emphasizing heart rate monitoring and developing consistent form. Recommended: PED 136 or previous aerobic experience.

**PED 238 Intermediate Aerobics 2(1-2)**

This class provides increased length and difficulty of aerobic exercise. Designed to improve or maintain cardiovascular endurance for those with previous aerobic experience. Recommended: Previous aerobic experience; physician approval.

**PED 244 Pilates: Intermediate 2(2-0)**

This course is designed to strengthen the Pilates practice of students who have had previous Pilates experience. Students will perform movements using the Pilates ring. Prerequisite: PED 144.

**PED 246 Yoga: Intermediate 1(Spec)**

This course focuses on strengthening the yoga practice of students who have had previous experience with the basic foundations of yoga. Prerequisites: One of the following: PED 146, 147, 148, 149, or other previous yoga experience.

**PED 253 Marathon 2(1-2)**

Class designed to physically and mentally prepare students to complete a marathon. Recommended: PED 153.

**PED 254 Bowling, Intermediate 1(Spec)**

To develop further understanding and appreciation of bowling. To develop further proficiency in the fundamental skills of bowling. Course Fee. Recommended: PED 154.

**PED 255 Intermediate Fencing 1(Spec)**

Opportunity for students to continue beyond the beginning level of skill and strategy mastery. A fee is charged for equipment. Prerequisite: PED 142.

**PED 256 Intermediate Golf 2(Spec)**

Intermediate golf skills taught. Classes meet at local golf course chosen by instructor. Student furnishes own clubs and transportation. Recommended: Beginning golf skills.

**PED 258 Intermediate Figure Skating 2(Spec)**

Intermediate Figure Skating is intended to present more advanced skills and combination moves to the class. The goal is for skaters to learn and execute more difficult skills and to gain speed and confidence on the ice.

**PED 261 Intermediate Snowboarding 1(Spec)**

Continued development of snowboarding skills. Course fee. Recommended: PED 161.

**PED 262 Snow Skiing, Intermediate 1(Spec)**

A course fee for lift tickets and lessons is charged. Student furnishes own equipment or rents it from ski resort.

**PED 265 Tennis, Intermediate 1(Spec)**

This course is designed to develop intermediate-level tennis skills and introduce techniques and strategies beyond beginner level.

**PED 266 Competitive Fencing 2(Spec)**

Course will focus on bouting, electric fencing, and tournament training in foil and épée. Prerequisites: PED 166 or PED 167.

**PED 270 3-on-3 Basketball 1(Spec)**

Development of skills needed to play 3-on-3 basketball. Recommended: PED 170.

**PED 278 Volleyball, Intermediate 1(Spec)**

Recommended: Skill test; student should perform spiking and defensive movements.

**PED 285 Strength Training 1(Spec)**

Course designed to provide students the opportunity to improve muscular strength and endurance through the utilization of resistant weight training.

**PED 356 Golf, Advanced 2(2-0)**

Development of advanced skills. Planning course strategy; rule interpretation; designing and administering tournaments; figuring handicaps, index, course slope. Class meets at golf course. Course fee is charged.

**PED 358 Advanced Figure Skating 2(Spec)**

Development of skills and combinations to gain proficiency in advanced figure skating. Skills and combinations include advanced jump and spin techniques. Recommended: PED 258; possession of intermediate figure skating skills as identified by the United States Figure Skating (USFS).

**PED 360 Racquetball, Advanced 1(Spec)**

Student furnishes racquet, official ball, and eye protection.

**PED 361 Advanced Snowboarding 1(Spec)**

To further understand, appreciate and develop proficiency in the skills of advanced snowboarding. Course fee. Recommended: PED 261.

**PED 362 Snow Skiing, Advanced 1(Spec)**

A course fee for lift tickets and lessons is charged. Student furnishes own equipment or rents it from ski resort.

**PED 363 Indoor Racket and Paddle Sports 2(2-0)**

Combines units in badminton-table tennis and/or tennis-racquetball; racket sports with somewhat similar strategies.

**PED 365 Tennis, Advanced 1(Spec)**

This course is designed to develop advanced-level tennis skills and introduce techniques and strategies beyond intermediate level. Recommended: PED 265.

**PES 104 Sport Skill Development - Secondary Level 3(Spec)**

Sports for grades 7-12 for Physical Education Secondary minors and for Physical Education majors.

**PES 105 Introduction to Physical Education & Skill Development 2(2-1)**

Overview of physical education history, profession, sub-disciplines, professional organizations, and preparation for the skills test required by the physical education teacher preparation program.

**PES 115 Motor Development 2(2-0)**

Comprehensive study of motor development across the lifespan as a change in functional capacity from prenatal development to elderly adult movement patterns.

**PES 118 Sport in America 3(3-0)**

A study of sport in America from different methodological perspectives. An historical and sociological investigation of sport as a social institution.

**PES 120 Skin and Scuba Diving 1(Spec)**

Students are taught safe skin and scuba techniques. Students provide their own, approved, snorkeling equipment. Course fee required for equipment rental, use, and certification costs.

**PES 143 Sexual Assault and Harassment/Awareness and Avoidance 2(2-0)**

A class designed to provide students with appropriate knowledge and skills to deal appropriately with sexual assault and sexual harassment.

**PES 145 Skill Development in Gymnastics 1(0-2)****PES 167 Track and Field - Running Events 1(Spec)**

Introduction to basic skill development and strategy in the various competitive track and field running events.

**PES 170 Fundamentals of Basketball 1(Spec)**

Development of basic skills needed to play basketball.

**PES 172 Fundamentals of Baseball and Softball 1(Spec)**

Development of basic skills needed to play baseball and softball.

**PES 174 Fundamentals of Football 1(Spec)**

A course covering basic skills, techniques rules and strategies of football.

**PES 176 Soccer 1(Spec)**

Development of basic skills needed to play soccer and speedball.

**PES 178 Power Volleyball 1(Spec)**

Development of basic skills needed to play volleyball.

**PES 186 Physical Fitness for Life 2(2-0)**

Study of physical fitness concepts; development of a personal fitness profile and program. Recommended for everyone irrespective of age, sex, or skill and fitness level. Identical to PED 186. Credit may not be earned in more than one of these courses.

**PES 190 Introduction to Sport Management 3(3-0)**

Introduction to the field of sport management. Specific focus on the nature, scope, and significance of the industry. A survey of professional opportunities.

**PES 203 Physical Education Program for Grades K-3 3(2-2)**

Foundations for planning physical education for grades K-3. Studies of developmental characteristics of children grades K-3 are used to plan physical education programs.

**PES 210 Mental Training for Sport Performance 3(3-0)**

Development of the mental skills of self-concept, confidence, tension control, concentration, and visual imagery to allow students to perform to their potential in athletic competition.

**PES 212 Applied Physiology and Kinesiology 3(2-2)**

Emphasizes functional aspects of human performance and their application. Identical to HSC 212. Credit may not be earned in more than one of these courses. Prerequisite: HSC 211.

**PES 215 K-12 Physical Education Programming 3(3-0)**

A course covering the foundations of physical education curriculum development and the steps and procedures involved with designing a K-12 program. Prerequisites: PES 115, 186.

**PES 220 SCUBA II - Open Water 1(Spec)**

The second part of SCUBA training required for open water certification. Prerequisite: PES 120.

**PES 224 WSI-Swimming and Water Safety 3(2-2)**

Methods and techniques for teaching swimming courses as well as emergency water rescue. There is a \$10 aquatic fee. Prerequisite: Ability to swim 100 yards. Highly recommended: CPR and First Aid.

**PES 235 Teaching Lifelong Activities 2(2-0)**

An introduction to the basic skills needed to organize, demonstrate and teach selected lifelong noncompetitive physical activities. Equipment rental and property usage fees.

**PES 244 Methods of Teaching Tumbling 2(2-0)**

Methods and materials for teaching tumbling. Course includes concepts of safety and risk management. Pre/Co-Requisite: PES 215.

**PES 245 Gymnastics 3(Spec)**

Methods and materials for teaching and spotting gymnastics.

**PES 271 Basketball 2(2-0)**

Methods and materials for the teaching of basketball. Prerequisite: PED 171; or intermediate skill.

**PES 279 Sport First Aid 2(2-0)**

First aid knowledge and skill tailored to the sport environment and the athletic coach. Prerequisites: HSC 205, 211; or concurrent enrollment.

**PES 297 Special Topics in Physical Education and Sport 1-12(Spec)**

Contains subject matter not included in courses currently listed in the Bulletin.

**PES 300 Wilderness Experience for Leadership Development 3(2-2)**

A course on leadership skills with applications for traditional and alternative learning environments which is taught in the context of a seven-day wilderness expedition.

**PES 303 Physical Education Program for Grades 4-6 3(2-2)**

Foundations for planning physical education for grades 4-6. Studies of developmental characteristics of children grades 4-6 are used to plan physical education programs. Prerequisite: PES 203.

**PES 304 Youth Sports 2(2-0)**

Comprehensive study of problems involved in organizing and coaching youth sports.

**PES 308 Physiology of Sport and Exercise 3(3-0)**

Lectures on basic principles of physiology of exercise. The basics of exercise, performance conditioning, and the human organism response to these conditions. Identical to HSC 308. Credit may not be earned in more than one of these courses. Prerequisites: HSC 211; or HSC 214, 215.

**PES 310 Physical Education for the Classroom Teacher 2(Spec)**

An introduction to elementary physical education methods and materials. This course integrates the concepts of motor skill development, physical fitness, and human wellness. Prerequisite: EDU 107.

**PES 311 Psychology of Coaching 3(3-0)**

Emphasizes the application of psychological principles to the sports setting as they affect coaching styles, individual athletes, and athletic performance.

**PES 313 Elementary Physical Education Methods and Materials 2(2-0)**

Methods and applications of planning and teaching elementary physical education including individual and group activities, fitness activities, modified sport and precursors to lifetime activities. Prerequisites: PES 215.

**PES 315 Methods in Teaching Physical Education 3(3-0)**

A broad spectrum of methods used in K-12 programs. Emphasis on micro- peer teaching and development of reflective teaching practices including assessment of teaching performance. Prerequisites: PES 215; Passing Score on the PES Department's Sports Skill Competency Assessment.

**PES 318 Social, Historical, and Global Issues in Sport 3(3-0)**

The globalization of sport as an institution, and society's impact on sport--an historical perspective. Students will examine the prevailing theories relative to sport sociology.

**PES 319 Women and Sport 2(2-0)**

An investigation of the motivational and social implications of women's participation in sport. Identical to WST 319. Credit may not be earned in more than one of these courses.

**PES 320 Foundations of Sport Management 3(3-0)**

The managerial fundamentals and principles applied to the sport industry: concepts and functions of management, organizational theories, human resources, integrated issues and trends. Prerequisites: PES 190 (C or better); minimum 56 credit hours.

**PES 321 ARC Lifeguard Certification 3(Spec)**

The CMU lifeguard course provides ARC lifeguarding, CPR, and first aid certifications necessary to consider lifeguarding at a swimming pool or non-surf beach. This course may be offered in a hybrid format. Prerequisites: swim 500 yards continuously; surface dive to 9 feet and recover a 10 pound diving brick; surface dive to 5 feet and swim underwater for 15 yards; tread water for 1 minute.

**PES 322 Applied Skills & Methods - Team Sports 2(2-0)**

Emphasis on the development and use of skills and strategies in lifetime team sports. Methods for teaching skills and strategies are a major emphasis. Prerequisites: PES 105, 115; successful completion of departmental Sports Skill Competency Assessment Program (SSCAP).

**PES 323 Applied Skills & Methods - Individual Sports 2(2-0)**

The development and use of game skills and strategies in contest-like environments in individual sports. Skill development and teaching methods are a primary emphasis. Prerequisites: PES 105, 215; successful completion of departmental Sports Skills Competency Assessment Program (SSCAP).

**PES 324 Applied Skills & Methods - Rhythmic Activities 2(2-0)**

Enable students to plan and implement effective rhythmic movement experiences for students across the K-12 curriculum. Prerequisites: PES 215.

**PES 325 Applied Skills & Methods - Resistance Training 2(2-0)**

Planning, implementation and assessment of resistance training techniques and modalities for grades 5-12. Prerequisites: PES 105, PES 215; Successful completion of departmental Sports Skill Competency Assessment Program (SSCAP)

**PES 330 Human Movement Studies 3(3-0)**

An integrated study of human movement including principles and assessment of applied human movement, and mechanical principles and movement patterns related to sport skills. Prerequisite: HSC 211.

**PES 338 Teaching Aerobics 2(2-0)**

Present basic methods of teaching low impact aerobics, high impact aerobics and step aerobics. Prerequisites: PES 186, HSC 211 or HSC 214 and HSC 215. Recommended: Physician approval.

**PES 347 Organization and Administration of Special Olympic Games 3(3-0)**

Study of the philosophy, organization, and administration of the Special Olympics, with emphasis on the Michigan Games. Class participants assume administrative roles for the annual games.

**PES 364 Sports Officiating 1-6(Spec)**

Theoretical and practical experience in officiating high school sports. Fall: football, basketball, soccer; Spring: track and field, baseball, softball, volleyball; other sports on demand.

**PES 365 Teaching and Coaching Tennis 3(3-0)**

Foundations in tennis teaching methods; stroke analysis, strategies, physical and mental skill development, coaching responsibilities, and philosophies.

**PES 366 Coaching of Track and Field 2(2-0)**

Theory and techniques of coaching track. Prerequisite: PES 167.

**PES 368 Coaching and Officiating of Wrestling 2(1-2)**

Theory and techniques for coaching wrestling.

**PES 370 Coaching of Basketball 2(2-0)**

Theory and techniques of coaching men's basketball. Prerequisite: PES 170.

**PES 372 Coaching of Baseball 2(2-0)**

Theory and techniques for coaching baseball. Prerequisite: PES 172.

**PES 374 Coaching of Football 2(2-0)**

Theory and techniques of coaching football. Prerequisite: PES 174.

**PES 375 Coaching Fastpitch Softball 2(2-0)**

Theory and techniques of coaching fastpitch softball. Prerequisites: PES 172.

**PES 376 Coaching Soccer 2(2-0)**

Theory and techniques of coaching soccer. Prerequisites: PES 176.

**PES 378 Coaching Volleyball 2(2-0)**

Latest strategies and techniques in coaching volleyball. Prerequisite: PES 178.

**PES 386 Special Physical Education 3(3-0)**

Physical needs of the atypical individual, ameliorative effects of physical activity, school programs appropriate for exceptional children. Prerequisite: PES 315.

**PES 387 Physical Education for the Physically Impaired 3(2-2)**

Description of orthopedic and physical impairment. Interrelationships of physical, social, and emotional aspects. Development of activity experiences that are appropriate for specific impairments. Prerequisite: PES 386.

**PES 390 Practicum in Physical Education and Coaching 1-3(Spec)**

Offers the student an opportunity to assist in on-campus and off-campus experiences in the areas of sport, dance, intramurals or aquatics, etc. CR/NC only. Prerequisites: Permission of the department chairperson and PES 311, 560; HSC 205 for students who are receiving credit for an athletic coaching minor or an athletic coaching endorsement. Permission of the department chairperson and PES 215 for students receiving elective credit for physical education major or minors.

**PES 391 Independent Study 1-6(Spec)**

Independent research on a special problem or problems. CR/NC only. Prerequisite: permission of department chairperson.

**PES 393 Field Study in Sport Management 1-4(Spec)**

Provides exposure via experiences in select sport related organizations. Students enroll in 1 to 4 credits (45-180 clock hours to meet course requirements). Prerequisite: PES 190; Pre/Co-Requirement: PES 320.

**PES 395 Pre-Student Teaching Field Experience 1(Spec)**

Students observe an experienced physical educator and perform teaching functions under the direction of an elementary, middle, or high school teacher. CR/NC only. Prerequisites: PES 315, Admission to the Teacher Education Professional Development Program.

**PES 401 Fundamentals of Motor Learning 3(3-0)**

Components of successful motor performance. Theories of learning, nervous system, methods of practice, teaching methodology, and various psychological concepts related to physical education and athletics.

**PES 405 Physical Education Peer-Tutor Teaching 2(1-1)**

Physical education majors plan for and teach selected sports skills to prospective physical education majors/minors seeking to pass required sports skills competencies. Prerequisites: PES 315; Passing Score on SSCAP Test.

**PES 406 Evaluation in Physical Education and Sport 2(2-0)**

Selection criteria, methods, and procedures used in determining physical fitness, skill competency, content knowledge, and health status. Interpretation of results by fundamental statistical procedures is also addressed. Prerequisite: PES 215.

**PES 415 Planning, Teaching, and Assessing: Practical Applications 3(3-0)**

Practical experience in programming, teaching, and assessing school children. Prerequisite: PES 406.

**PES 483 Physical Education for the Mentally Impaired 3(2-2)**

Planning of movement experience appropriate for the mentally impaired, neurologically impaired, and emotionally disturbed. Prerequisite: PES 386.

**PES 485 Theoretical Foundations of Strength and Conditioning 3(3-0)**

Theory and application of physiological, biomechanical, psychological components of physical performance needed to analyze, develop and implement strength and conditioning programs. NSCA standards and guidelines. Prerequisite: HSC 211 or HSC 214 and HSC 215.

**PES 490 Practicum in Physical Education 1-3(Spec)**

Opportunity to work in the area of classroom experience, extra class activities, interscholastics, clubs, and organizations. CR/NC only. Prerequisites: application to the department chairperson must be made in the semester prior to the one in which affiliation credit is earned.

**PES 495 Senior Seminar in Physical Education 1(1-0)**

A capstone experience, prior to student teaching, designed to integrate required physical education subject matter through case study, discussion, role playing, and organization of materials. CR/NC only. Prerequisite: minimum of 90 semester hours completed.

**PES 499 Internship in Sport Management 2-12(Spec)**

Provides practical capstone experience in a select sport related organization. Students enroll in 2 to 12 credits (a minimum of 400 clock hours) to meet course requirements. Prerequisites: Completion of PES 320 (C or better) and PES 393 (C or better), minimum 86 semester hours credit of undergraduate degree work, permission of the advisor.

**PES 508 Education on Sexual Aggression for School/Community 3(Spec)**

This course addresses the realities of sexual aggression, and how schools, corporations, and communities can educate their respective populations on these topics. Identical to HSC 508. Credit may not be earned in more than one of these courses.

**PES 525 International Travel Course in Sport 3(3-0)**

A study abroad course that investigates the components of sport management from an international perspective, including historical and cultural influences on sport. Prerequisites: Permission of instructor.

**PES 550 Sport Fundraising 3(3-0)**

Provides theoretical and practical applications of fundraising in the sport industry. This course may be offered in an online or hybrid format. Prerequisites: Minimum 86 credit hours (senior status); or graduate status.

**PES 560 Principles and Foundations of Coaching 3(3-0)**

Practical and relevant information that is appropriate for interscholastic coaches. Includes eligibility for Coaches Advancement Program (C.A.P.) certification. Prerequisites: 56 hours of course credit.

**PES 564 Sport Governance: Ethics, Morals, and Values 3(3-0)**

Investigation of how ethics, morals, and values influence the interpretation of laws and adherence to rules governing sport competition by athletes, coaches, and administrators. Prerequisite: Minimum 86 credits (senior status); or graduate status.

**PES 570 Advanced Coaching in Basketball 2(2-0)**

Study of most recent basketball trends and new techniques, methods, and philosophies in the coaching of basketball.

**PES 572 Advanced Coaching in Baseball 2(2-0)**

Coaching philosophy, new techniques and drills, practice organization, coaching duties, and strategy. Prerequisite: PES 372.

**PES 574 Advanced Coaching of Football 2(2-0)**

Study of recent changes and new trends in coaching of football.

**PES 592 Independent Reading 1(Spec)**

Exploration of one or more aspects of the field of physical education by individual study. Prerequisite: Permission of the department chairperson and instructor required.

**PES 595 Issues in Physical Education and Sport 1-6(Spec)**

Investigation of selective major issues in physical education and sport. Prerequisite: permission of the instructor.

**PES 602 Sport Event Management: Theory & Application 3(Spec)**

An introduction to the theoretical basis of sport management combined with supervised experiences in sport event management. This course may be offered in an online or hybrid format. Credit may not be earned in both PES 602 and PES 690.

**PES 603 Administration of Sport 3(3-0)**

A study of administrative techniques and administrative problems related to sport. This course may be offered in an online or hybrid format.

**PES 606 Motor Learning and Human Performance 3(3-0)**

Factors that make for successful motor performance, including learning theory, distribution and type of practice, developmental factors, and psychological factors.

**PES 607 Physical Education Curriculum Analysis 3(3-0)**

Students will be provided a framework for improving and analyzing K-12 programs. Planning, implementing, improving, and redesigning curricula will be emphasized.

**PES 610 Philosophy of Physical Education and Sport 3(3-0)**

Philosophical foundations underlying physical education and sport with emphasis upon the development of a consistent and rational professional philosophy. This course may be offered in an online or hybrid format.

**PES 611 Psychology of Sport 3(3-0)**

The psychological dimension in sport as it pertains to the athlete, the coach, and the spectator; the latest psychological findings dealing with the relationship between individuals and sport.

**PES 615 Analysis of Teaching in Physical Education 3(3-0)**

A comprehensive review and analysis of teaching functions and processes with a particular emphasis on how to improve the instructional behaviors of physical educators.

**PES 619 Continuing Registration for Final Research Project 1(1-0)**

A non-credit course intended for students who have completed all program credits but still need to use university resources to complete their degree requirements.

**PES 620 Sport - An Interdisciplinary Study 3(3-0)**

An interdisciplinary study in sport in America through an examination of the historical, sociological, and philosophical principles of play, sport, games, and athletics.

**PES 625 Facilities for Sport and Physical Education 3(3-0)**

Basic planning principles from which guidelines to planning sport & physical education facilities can be established. This course may be offered in an online or hybrid format.

**PES 631 Physiology of Exercise 4(3-2)**

Physiological basis of human movement and its application to physical training and performance. Identical to HSC 631. Credit may not be earned in more than one of these courses.

**PES 640 Sport and the Law 3(3-0)**

The Sport Law course is designed to provide the entering professional with a practical and theoretical application of U.S. law to the sport industry. This course may be offered in an online or hybrid format. Prerequisite: PES 670 or HSC 670.

**PES 645 Financial Management of Sport 3(3-0)**

Application of the fundamental concepts and theories of finance to the field of sport management. This course may be offered in online or hybrid format.

**PES 650 Sport Marketing 3(3-0)**

Provides a practical and theoretical application of marketing science to all realms of the sport industry. This course may be offered in an online or hybrid format.

**PES 660 Biomechanics 3(3-0)**

Study of biological and mechanical aspects of biomechanics including the techniques of visual and cinematographic analysis.

**PES 670 Research Methods for Physical Education and Sport, Health and Recreation 3(3-0)**

Basic research methods and techniques essential in performing and interpreting scientific studies. Recommended: 6 hours of graduate course work completed prior to enrollment. Identical to HSC 670. Credit may not be earned in more than one of these courses.

**PES 672 Statistics for Physical Education and Sport, Health and Recreation 3(3-0)**

Basic descriptive and inferential statistical concepts and techniques commonly encountered in professional literature and essential to teaching and research. This course may be offered in online or hybrid format.

**PES 690 Practicum 1-4(Spec)**

To give the student professional experience of a supervisory or administrative nature in a public school, educational institution, or community agency. Prerequisite: Master's degree candidates only. CR/NC only.

**PES 691 Independent Study 3(Spec)**

A topic is selected, researched and a scholarly paper prepared in consultation with an advisor. CR/NC only. Prerequisite: PES 670.

**PES 693 Field Study in Physical Education and Sport 1-6(Spec)**

An approved investigation, survey, study, or descriptive observation in some area of physical education or sport, performed off campus. CR/NC only.

**PES 696 Seminar in Physical Education 2(2-0)**

Individual and group study of problems in physical education. Systematic analysis of individual and committee reports and research contributions on current problems.

**PES 698 Thesis 1-6(Spec)**

The student develops and completes a research study in a specific area of physical education. CR/NC only. Prerequisite: PES 670 or PES 672. 2 hours may be taken concurrently with PES 670.

**PES 699 Sport Management Internship 3-6(Spec)**

A capstone experience applying theoretical and practical knowledge in a sport management setting. Prerequisite: Completion of all required and elective courses, except PES 691/698; 3.0 overall G.P.A. or higher; significant progress toward Plan B paper or thesis; and permission of the academic advisor and the sport management internship supervisor.

**PES 703 Advanced Independent Reading 1-2(Spec)**

An in-depth, scholarly study of a selected phase of physical education or sport through individualized reading.

**PES 791 Independent Study 2(Spec)**

A topic is selected, researched, and a scholarly paper prepared, in consultation with an advisor. CR/NC only. Prerequisite: PES 670 and permission of instructor.

**PHA 608 Clinical Medicine I 4(4-0)**

Comprehensive survey course that studies prioritized medical topics within organ systems. The systems covered are otolaryngologic, ophthalmologic, cardiovascular and respiratory systems. Prerequisites: admittance to the Physician Assistant program.

**PHA 609 Clinical Medicine II 4(4-0)**

A comprehensive survey course that studies prioritized medical topics within organ systems. The systems covered are the gastrointestinal, hepatobiliary, genitourinary, endocrine, hematological systems and oncology. Prerequisites: admittance to the Physician Assistant program and PHA 608.

**PHA 610 Clinical Medicine III 3(3-0)**

Comprehensive survey course that studies prioritized medical topics within organ systems. The topics covered are the immunologic, musculoskeletal and neurologic systems and geriatrics. Prerequisites: admittance to the Physician Assistant program and PHA 609.

**PHA 612 Obstetrics/Gynecology 3(3-0)**

Prioritized instruction in normal function and selected medical conditions in women's health including pregnancy, childbirth, neoplasm and endocrine changes. Prerequisites: admittance to the Physician Assistant program.

**PHA 614 Pediatrics 3(3-0)**

A survey course of growth, development and diseases from birth to adolescence. It prepares students for the primary care clinical setting. Prerequisites: admittance to the Physician Assistant program.

**PHA 616 Surgery 2(2-0)**

Survey course that focuses on pre-, peri- and postoperative care and medical considerations of the surgical patient and prepares the student for the clinical setting. Prerequisites: admittance to the Physician Assistant program.

**PHA 618 Emergency Medicine 2(2-0)**

Survey course that familiarizes the student with common emergency medicine problems and injuries utilizing a priority system. Prerequisites: Admittance to the Physician Assistant Program.

**PHA 619 Continuing Registration for Final Research Project 1(1-0)**

A non-credit course intended for students who have completed all program credits but still need to use university resources to complete their degree requirements.

**PHA 620 Infectious Diseases 3(3-0)**

A comprehensive survey course on the diagnosis and treatment of infectious diseases seen in primary care medicine and organized by organ system. Prerequisites: admittance to Physician Assistant program.

**PHA 624 Issues in Practice 2(2-0)**

Topics concerning physician assistant professional practice. CR/NC only. Prerequisites: Admission to the Physician Assistant Program.

**PHA 625 Clinical Pharmacology I 3(3-0)**

Survey clinical course that emphasizes principles of pharmacology, pharmacokinetics and pharmacotherapy as they relate to drugs in the treatment of common primary care conditions. Prerequisites: admittance to Physician Assistant program.

**PHA 626 Clinical Pharmacology II 3(3-0)**

This clinical survey course continues instruction in pharmacology of select drugs, prescription essentials general pharmacology resources for the primary care practitioner. Prerequisites: admittance to Physician Assistant program, PHA 625.

**PHA 630 Clinical Procedures I 3(2-2)**

Integrated didactic and laboratory course which develops medical procedural diagnostic and therapeutic skills. This prepares the student for the clinical setting. CR/NC only. Prerequisite: admission to the Physician Assistant program.

**PHA 631 Clinical Procedures II 3(0-6)**

A two module course consisting of Advanced Cardiac Life Support and Pediatric Advanced Life Support. CR/NC only. Prerequisite: Admission to the Physician Assistant Program.

**PHA 633 Scientific Basis of Medicine I 2(2-0)**

An in depth review of the normal and abnormal physiologic processes associated with diseases of the cardiac and pulmonary organ systems. Prerequisites: Admission to the Physician Assistant Program.

**PHA 634 Scientific Basis of Medicine II 2(2-0)**

An in-depth review of the normal and abnormal physiologic processes associated with diseases of the renal, neurological, and endocrine system. Prerequisites: Admission to the Physician Assistant Program.

**PHA 635 Scientific Basis of Medicine III 2(2-0)**

An in depth review of the normal and abnormal physiologic processes associated with diseases of the gastrointestinal system, immune system, heritable conditions, and spontaneous genetic abnormalities. Prerequisites: Admission to the Physician Assistant Program.

**PHA 640 Clinical Problem Solving I 3(0-11)**

Onsite interactive group problem solving sessions and offsite patient/student/preceptor clinical interactions. Both modes develop clinical diagnostic reasoning by focusing on a hypothetic-deductive approach. Prerequisites: admission to the Physician Assistant program; successful completion of the didactic portion of the curriculum.

**PHA 641 Clinical Problem Solving II 3(0-11)**

Onsite interactive problem solving sessions and offsite patient/student/preceptor clinical interactions. Both modes develop clinical diagnostic reasoning by focusing on a hypothetic-deductive approach. Prerequisites: admission to the Physician Assistant program; successful completion of PHA 640.

**PHA 642 Clinical Problem Solving III 3(0-11)**

Onsite interactive problem solving sessions and offsite patient/student/preceptor clinical interactions. Both modes develop clinical diagnostic reasoning by focusing on a hypothetic-deductive approach. Prerequisites: admission to the Physician Assistant program; successful completion of PHA 641.

**PHA 645 Critical Appraisal of Medical Literature and Evidence-Based Medicine 2(2-0)**

Students will develop the ability to critically analyze current and past medical research and publications, and apply those concepts to the practice of Evidence-Based Medicine. Prerequisites: Admission into the Physician Assistant Program.

**PHA 650 Diagnostic Tests I 2(1-2)**

An introduction to the indications for and interpretation of the chest radiograph and electrocardiogram. Prerequisites: Admission into the Physician Assistant Program.

**PHA 651 Diagnostic Tests II 2(2-0)**

Indications for and interpretation of laboratory, pulmonary function, and neurophysiologic testing. Prerequisites: PHA 650.

**PHA 652 Diagnostic Tests III 2(1-2)**

Indications for and interpretation of imaging of the central nervous system, vascular system, abdomen and extremities. Principles of nuclear medicine, magnetic resonance, and computed tomography. Prerequisites: PHA 651.

**PHA 660 History and Physical Examination I 3(2-2)**

Integrated didactic/laboratory course. This course teaches assessment via the medical history with focus on interviewing skill and technique. It prepares students for the clinical setting. Prerequisites: admission to the Physician Assistant program.

**PHA 661 History and Physical Examination II 3(2-2)**

Integrated didactic/laboratory series that teaches patient assessment through the complete medical history and physical examination. It prepares students for the clinical setting. Prerequisites: admission to the Physician Assistant program; successful completion of PHA 660.

**PHA 662 History and Physical Examination III 4(2-4)**

Integrated didactic/laboratory series that teaches patient assessment through the complete medical history and physical examination. It prepares students for the clinical setting. Prerequisites: admission to the Physician Assistant program; successful completion of PHA 661.

**PHA 671 Preventive Medicine 1(1-0)**

This course introduces the principles of preventive medicine and methods for their incorporation into primary care on an individual, family and community basis. Prerequisites: Admission to the Physician Assistant program.

**PHA 672 Applied Ethics for Physician Assistants 2(2-0)**

This course enables the student to examine the principles of medical ethics, develop an organized process to resolve clinical dilemmas, and to explore future professional roles. Prerequisites: admission to the Physician Assistant program.

**PHA 673 Psychiatry 3(3-0)**

The course includes the identification and management of psychiatric disorders, with an emphasis on the pharmacological management of mood disorders. Prerequisites: admission to the Physician Assistant program.

**PHA 690 Clinical Education I 16(0-40)**

This course consists of a full-time clinical internship. CR/NC only. Prerequisites: admission to the Physician Assistant program; successful completion of didactic course work for Physician Assistant program.

**PHA 691 Clinical Education II 16(0-40)**

This course consists of a full-time clinical internship. CR/NC only. Prerequisites: admission to the Physician Assistant program; PHA 690.

**PHA 692 Clinical Education III 16(0-40)**

This course consists of a full-time clinical internship. CR/NC only. Prerequisites: admission to the Physician Assistant program; PHA 691.

**PHA 694 Clinical Clerkship Remediation 3-9(Spec)**

A structured course of remedial education for students who do not show adequate progress during their clinical clerkship year. CR/NC only. May be taken no more than three times. Prerequisites: PHA 692.

**PHA 697 Special Topics for Physician Assistants 1-9(Spec)**

Presentation and examination of special topics in medicine, health, and biosciences. May be taken up to a maximum of 9 hours. Prerequisites: Entry into the Physician Assistant Program.

**PHL 100 Introduction to Philosophy 3(3-0)**

*Study of the basic issues and methods of philosophy. Depending on instructor, it may have either a problem or a historical orientation. May be offered as Writing Intensive. (University Program Group I-A: Human Events and Ideas)*

**PHL 105 Critical Reasoning in Everyday Life 3(3-0)**

Designed to help the student think clearly, evaluate arguments, and develop a sensitivity to language. Emphasis is on the development of skills rather than theories.

**PHL 118 Moral Problems 3(3-0)**

*Study of basic moral problems and proposed solutions to problems associated with violence, oppression, prejudice, and sex. May be offered as Writing Intensive. (University Program Group I-A: Human Events and Ideas)*

**PHL 140 Introduction to Logic 3(3-0)**

*A study of modern formal logic, with emphasis on the development of general procedures for deciding whether any argument is correct. This course may be offered in an online or hybrid format. (University Program Group II-B: Quantitative and Mathematical Sciences)*

**PHL 145QR Reasoning and Probability 3(3-0)**

A study of modern inductive reasoning, with emphasis on causal reasoning, probabilities, and decision theory as they relate to daily life. Quantitative Reasoning.

**PHL 190 The Nature of Science 3(3-0)**

A study of the nature of science and the philosophical problems which arise in connection with the natural and/or social sciences.

**PHL 200 History of Philosophy: Classical Period 3(3-0)**

Survey of ancient Greek philosophy, with emphasis on Plato and Aristotle.

**PHL 205 American Philosophy 3(3-0)**

Historical study of the development and distinctive themes of American philosophy from colonial times to the present. Emphasis on Pierce, William James, and John Dewey.

**PHL 218 Ethical Theories 3(3-0)**

*Surveys philosophical theories about right and wrong, the good life, and the nature and justification of morality. May be offered as Writing Intensive. (University Program Group I-A: Human Events and Ideas)*

**PHL 225 Foundations of Cognitive Science 3(3-0)**

Introduction to cognitive science, the problems it addresses, its evolving models of the mind, its interdisciplinary nature, and its broader ramifications. Identical to PSY 225. Credit may not be earned in more than one of these courses.

**PHL 230 Philosophy of Religion 3(3-0)**

*The philosophical study of the meaning and justification of religious claims, including those about the nature and existence of God and human immortality. May be offered as Writing Intensive. (University Program Group I-A: Human Events and Ideas)*

**PHL 286 Philosophy In Literature 3(3-0)**

Philosophical themes in selected literary works from ancient, medieval, modern, or contemporary sources.

**PHL 297 Special Topics In Philosophy 1-12(Spec)**

Study of areas in philosophy not included in courses currently listed in catalog.

**PHL 300 History of Philosophy: Medieval Period 3(3-0)**

Faith, reason and logic in the Moslem, Jewish, and Christian perspectives during the Middle Ages.

**PHL 302 History of Philosophy: Modern Period 3(3-0)**

Rationalism: Descartes, Spinoza, and Leibniz. Empiricism: Locke, Berkeley, and Hume. The Kantian Synthesis.

**PHL 305 Chinese Philosophy 3(3-0)**

A survey of Chinese philosophy from the earliest times to the modern period, with emphasis on major thinkers and schools.

**PHL 307 Existentialism: From Kierkegaard to Sartre 3(3-0)**

Introduction to the problems, methods, and history of existential thinking through the main texts of contemporary existentialism.

**PHL 311 Human Nature, Human Rights 3(3-0)**

A philosophical examination of classical theories of human nature and how these theories have shaped the development of the Universal Declaration of Human Rights. Recommended: One course in philosophy.

**PHL 312 Philosophy of Humanitarian Law 3(3-0)**

Exploration of philosophical and moral principles underlying the Geneva Conventions and other international laws aimed at reducing suffering and protecting human dignity during armed conflict. Recommended: One course in philosophy.

**PHL 313 Justice, Human Rights, and the Philosophy of Nonviolence 3(3-0)**

Focusing on questions of social and political philosophy, this course asks what we can learn from nonviolent movements about justice, power, democracy and human dignity. Recommended: One course in philosophy.

**PHL 318 Business Ethics 3(3-0)**

Application of ethical principles to such business issues as fair competition, employee obligations, and business's responsibilities to stockholders, customers, employees, community, and society. This course is approved for offering in a distance learning format.

**PHL 320 Theory of Knowledge 3(3-0)**

Study of skepticism, the justification of beliefs, and theories of truth. Prerequisites: PHL 100 or PHL 140.

**PHL 325 Philosophy of Mind 3(3-0)**

*An attempt to explain the nature of the mind. By examining historical and contemporary philosophical works on the mind-body problem and related topics. Recommended: Any PHL course. (University Program Group I-A: Human Events and Ideas)*

**PHL 328 Animal Ethics 3(3-0)**

Study of ethical issues, both theoretical and applied, related to human interactions with animals. Prerequisite: One of: PHL 100, 118, 218, 318.

**PHL 338 Medical Ethics 3(3-0)**

Philosophical exploration of ethical issues in health care, such as the client-professional relationship, medical resource distribution, research ethics, organ allocation, end-of-life issues. Prerequisite: PHL 118 or 218.

**PHL 340 Intermediate Logic 3(3-0)**

First order quantificational theory is presented as a paradigm of formal theories. In terms of this, some metatheoretic notions are introduced. Prerequisite: PHL 140.

**PHL 345 The Civil Rights Movement 3(3-0)**

*Examines the civil rights movement from 1954 to 1980s; based on PBS series: Eyes on the Prize. Identical to PSC 325, REL 345, SOC 345. Credit may not be earned in more than one of these courses. Prerequisites: Any one of the following: HST 110, HST 111, HST 112, LAR 145, PSC 100, PSC 105, PSC 125, REL 140, SOC 100. (University Program Group IV-C: Studies in Racism and Diversity in the United States)*

**PHL 375 Philosophy of Social Science 3(3-0)**

Comparison and analysis of the methods used in the social and natural sciences paying particular attention to the underlying philosophical assumptions. Prerequisites: one course in Group II or Group III in the University Program.

**PHL 390 Philosophy of Science 3(3-0)**

Study of problems that arise in a critical examination of science: explanation, theory, confirmation, law, measurement, scientific change. Prerequisites: PHL 140; one other course in Group II of the University Program.

**PHL 397 Special Topics In Philosophy 1-12(Spec)**

Study of areas of philosophy not included in courses currently listed in catalog. Prerequisite: 3 hours of philosophy.

**PHL 403 History of Philosophy: Nineteenth Century 3(3-0)**

Analysis of philosophical texts selected from the work of thinkers such as Hegel, Marx, Kierkegaard, and Nietzsche. Prerequisites: at least three (3) credit hours in the history of philosophy.

**PHL 404 History of Philosophy: Contemporary Period 3(3-0)**

A study of some of the important philosophical trends since 1900. Prerequisite: at least three (3) credit hours in the history of philosophy.

**PHL 405 Major Philosophers 3(3-0)**

An in-depth study of a major philosopher. Prerequisite: At least one of the following: PHL 200, 300, 302, 403, 404.

**PHL 410 Philosophy of Law 3(3-0)**

Consideration of such questions as: What is a legal system, a law, a legal right? What is the relation among law, morality, and custom?

**PHL 418 Advanced Moral Philosophy 3(3-0)**

An advanced study of contemporary moral theory, meta-ethics, and the methodology of constructing and evaluating ethical theories. Prerequisite: PHL 218.

**PHL 421 Philosophy of Language 3(3-0)**

Study of structure of language, relations between language and reality, and interrelations among language, thought, and culture. Prerequisite: PHL 100, PHL 140.

**PHL 422 Political and Social Philosophy 3(3-0)**

Study of the ethical and political problems confronting the individual and society.

**PHL 426 Feminist Theory 3(3-0)**

Examines the way women have been described by the Western philosophical tradition from its beginnings to the present and offers alternative analyses to this tradition. Identical to WGS 426 and PSC 426. Credit may not be earned in more than one of these courses. Prerequisites: permission of instructor, or at least junior standing and either one course in philosophy or one of the following courses: PSC 275, PSC 326, PSC 371, PSC 373, or PSC 378.

**PHL 450 Phenomenology a Survey 3(3-0)**

The study of the phenomenological method, its origin in the works of Brentano and Husserl, and its application in the physical and social sciences. Prerequisite: PHL 100.

**PHL 480 Philosophy of the Arts 3(3-0)**

Studies in the experience of arts and discussion of traditional and contemporary esthetics.

**PHL 490 Senior Seminar in Philosophy 3(3-0)**

A senior seminar for philosophy majors. May be offered as Writing Intensive. Prerequisites: Philosophy Majors with senior status or junior status with permission of the instructor; at least 21 hours in Philosophy.

**PHL 497 Special Topics in Philosophy 1-12(Spec)**

Study of areas in philosophy not included in courses currently listed in catalog. Prerequisite: at least 3 credits in philosophy; permission of instructor.

**PHL 498 Independent Research 1-6(Spec)**

Prerequisite: permission of instructor.

**PHL 518 Professional Ethics 3(3-0)**

An examination of the theories and methods used in ethical decision-making: with application to common issues in law, journalism, technology, research, education, and the health professions. This course may be offered in an online or hybrid format. Prerequisite: junior status.

**PHL 525 Philosophical Problems of the Self 3(3-0)**

Advanced study of central philosophical questions about persons, such as mind-body problem, the nature of personal identity, and the freedom of the will. Prerequisites: PHL 100.

**PHL 597 Special Topics In Philosophy 1-12(Spec)**

Study of areas in philosophy not included in courses currently listed in catalog. Prerequisite: permission of instructor.

**PHL 598 Readings in Philosophy 1-6(Spec)**

Selected studies of one or more philosophic works.  
Prerequisite: permission of instructor.

**PHS 101 Survey of Physical Science 3(3-0)**

*Introduction to the nature of the physical universe, the concepts and methods of physical science, and the history of scientific ideas. Developed through lectures and demonstrations. (University Program Group II-B: Quantitative and Mathematical Sciences)*

**PHS 151 Introductory Physical Science I 3(2-2)**

*Introduction to the concepts and methods of physical science. Focusing on the physical science of solid matter, students are encouraged to draw conclusions from desk-top experiments. Recommended for prospective elementary, special education, and middle school teachers. Satisfies University Program Group II laboratory requirement. (University Program Group II-B: Quantitative and Mathematical Sciences)*

**PHS 165 Horizons in Physical Science 1-6(Spec)**

Student-selected topics for the non-science student. Topics such as Stonehenge, energy conservation in the home, announced in Course Search and Registration. No credit toward major or minor.

**PHS 251 Introductory Physical Science II 3(2-2)**

Continuation of PHS 151. The physical science of solid matter with emphasis on models of atoms and molecules. Prerequisite: PHS 151.

**PHS 265QR Quantitative Physical Science 2(1-3)**

Concepts and quantitative methods of physical science. Recommended for prospective elementary school teachers. Quantitative Reasoning. Prerequisite: MTH 152 (with a grade B- or better).

**PHS 351 Physical Science for the Elementary Grades 3(2-2)**

For teachers of grades one to six and junior high school general science teachers. Prerequisite: PHS 251.

**PHS 365 Topics in Physical Science 1-6(Spec)**

Topics not ordinarily covered in regular courses. Prerequisite: permission of instructor.

**PHS 452 Physical Science for the Middle Grades 3(2-2)**

Physical Science using investigative/laboratory approach. Structured to give additional depth in subject matter used in middle school: motion, matter, energy, astronomy, electricity, nuclear energy. Prerequisites: PHY 131; CHM 132.

**PHS 453 - Field Experience in Teaching Physical Science 1(Spec)**

Supervised experience in high school/middle school physical science. Experience will include observation, participation in instruction, and critical analysis of the experience. CR/NC only. Corequisite: PHS 452.

**PHS 522 Workshop for Physical Science 3(2-2)**

Development of units for use in the teaching of physical science, including the preparation of simple equipment for science demonstrations. Course designed primarily for teachers K-9. Prerequisite: PHS 251.

**PHS 551 History and Literature of Physical Science 3(3-0)**

Physical science in western civilization, emphasizing the scientific revolution and reaching back to the middle ages and the ancient world. Prerequisite: PHS 251.

**PHS 563 Physical Science Practicum 2(Spec)**

Practical experience in all aspects of teaching a physics class with a laboratory component. Prerequisite: permission of instructor.

**PHS 565 Selected Topics in Physical Science 1-6(Spec)**

Topics not ordinarily covered in regular courses.

**PHS 590 Independent Study 1-6(Spec)**

Individual study in an area not covered by regular courses. Prerequisite: Prior permission of the instructor must be obtained.

**PHY 100 Conceptual Physics 3(3-0)**

*An exploration of physical concepts; their social and philosophical implications; and the utility and limitations of physics for solution of problems in the modern world. The mathematical level will be that of beginning high school algebra. Not intended for potential science majors. This course may be offered in an online or hybrid format. (University Program Group II-B: Quantitative and Mathematical Sciences)*

**PHY 105QR Energy and Society: A Quantitative Perspective 3(3-0)**

Understanding current and future energy problems using quantitative reasoning techniques. Topics covered span a range from the personal to the societal. Quantitative Reasoning.

**PHY 110 Physics of Sports 3(3-0)**

*For students interested in physics of motion. Covers velocity, acceleration, force and momentum, as related to physical activity. (University Program Group II-B: Quantitative and Mathematical Sciences)*

**PHY 127 Table Top Physics 1(0-2)**

*Laboratory experience for students in PHY 100, PHY 110, or PHS 101. Hands-on group laboratory to investigate basic concepts in introductory physics. Satisfies University Program Group II laboratory requirement. Pre/Co-requisite: PHY 100 or 110 or PHS 101. (University Program Group II-B: Quantitative and Mathematical Sciences)*

**PHY 130QR College Physics I 4(4-0)**

*Mechanics, heat, kinetic theory, and sound. The mathematics used is algebra and trigonometry. The sequences PHY 130-131, PHY 170-171 satisfy minimum requirements for medical and dental schools. Quantitative Reasoning. Recommended: MTH 106. (University Program Group II-B: Quantitative and Mathematical Sciences)*

**PHY 131 College Physics II 4(4-0)**

A continuation of PHY 130 that covers the topics of electricity, magnetism, optics and modern physics. Prerequisite: PHY 130.

**PHY 145QR University Physics I 4(4-0)**

Normally the first physics course for majors and minors. Mechanics of single and many-particle systems, conservation laws, statistical concepts, and gravitational interaction. Quantitative Reasoning. Pre/Co- Requisite: MTH 132.

**PHY 146 University Physics II 4(4-0)**

Temperature and thermodynamics, electromagnetic interaction, electrical circuits, electromagnetic radiation, and optics. Not open to those with credit in PHY 131. Prerequisite: PHY 145. Pre/Co-requisite: MTH 133.

**PHY 170 College Physics Laboratory I 1(0-2)**

Experimental techniques of physics introduced by studying quantitative situations through error analysis, graphical analysis, small computer calculations, and fitting data to model functions. Laboratory experience for PHY 130. Satisfies University Program Group II laboratory requirement. Pre/Co-requisite: PHY 130. (University Program Group II-B: Quantitative and Mathematical Sciences)

**PHY 171 College Physics Laboratory II 1(0-2)**

Laboratory experience for PHY 131. Introductory experimental techniques and instrumentation for electrical, optical, and nuclear phenomena. Prerequisite: PHY 170. Pre/Co-Requisite: PHY 131.

**PHY 175 University Physics Laboratory I 1(0-2)**

Laboratory experience for PHY 145. Introduction to experimental techniques and the treatment of experimental data. Satisfies University Program Group II laboratory requirement. Pre/Co-requisite: PHY 145. (University Program Group II-B: Quantitative and Mathematical Sciences)

**PHY 176 University Physics Laboratory II 1(0-2)**

Laboratory experience for PHY 146. Introduction to electrical measurements and instrumentation. Introduction to techniques of optical measurements. Prerequisite: PHY 175. Pre/Co-Requisite: PHY 146.

**PHY 180 Special Topics In Physics 1-6(Spec)**

Special topics not included in standard courses in physics. Course may be taken for credit more than once; total credit not to exceed six hours. Prerequisites: See Course Search and Registration.

**PHY 210 Spacetime Physics 1(1-0)**

Special relativity and a taste of general relativity for inquiring minds. Intended for prospective physics or mathematics majors. Prerequisite: PHY 145.

**PHY 247QR Introduction to Modern Physics 3(3-0)**

Historical development of modern physics; introduction to special relativity, atomic structure, and elementary quantum theory. Quantitative Reasoning. Prerequisites: PHY 146 or 131; MTH 132. Recommended: MTH 133.

**PHY 252 Modern Concepts in Nuclear and Particle Physics 1(1-0)**

Introduction to nuclear radioactivity, production of super-heavy elements, nuclear reactions and nuclear energy, stellar evolution, and the Standard Model of particle physics. Prerequisite: PHY 247.

**PHY 254 Lasers: Basic Principles and Practical Applications 1(1-0)**

An introduction to lasers and their applications for science and engineering students. Prerequisite: PHY 146.

**PHY 256 Excursions into Condensed Matter 1(1-0)**

An introduction to several topics in condensed matter physics for science and engineering majors. Prerequisite: PHY 247.

**PHY 277 University Physics Laboratory III 1(0-3)**

Laboratory experience for PHY 247. Introduction to the techniques of electron and photon physics. Pre/Co-Requisite: PHY 247.

**PHY 280 Special Topics In Physics 1-6(Spec)**

Special topics not included in standard courses in physics. Course may be taken for credit more than once; total credit not to exceed six hours. Prerequisites: See Course Search and Registration.

**PHY 312 Introduction to Mathematical Physics 3(3-0)**

Introduction to the mathematical concepts and techniques used in mechanics, electromagnetism, and quantum mechanics. Pre/Co-Requisites: PHY 247; MTH 233, 334.

**PHY 322 Intermediate Mechanics 3(3-0)**

Newtonian mechanics of particles and systems of particles: conservation theorems, gravitation, oscillations, central force motion, Lagrangian and Hamiltonian dynamics, and two-particle collisions. Pre/Co-requisites: PHY 247; MTH 233, 334.

**PHY 332 Electricity and Magnetism 3(3-0)**

Electrostatic fields in vacuum and in dielectrics, magnetic fields associated with constant and variable currents, magnetic materials, Maxwell's equations. Prerequisite: PHY 247; MTH 233, 334.

**PHY 380 Special Topics In Physics 1-6(Spec)**

Special topics not included in standard courses in physics. Course may be taken for credit more than once; total credit not to exceed six hours. Prerequisites: See Course Search and Registration.

**PHY 442 Introductory Quantum Theory 4(4-0)**

Introduction to quantum theory, Schrödinger equation, operators, angular momentum, harmonic oscillator, atomic hydrogen, perturbation theory, identical particles, radiation. Some applications will be considered. Prerequisites: PHY 312, 322, 332.

**PHY 450 Thermal Physics 3(3-0)**

Introduction to equilibrium thermodynamics and elementary statistical mechanics. Prerequisite: PHY 312, PHY 322.

**PHY 480 Special Topics In Physics 1-6(Spec)**

Special topics not included in standard courses in physics. Course may be taken for credit more than once; total credit not to exceed six hours. Prerequisites: See Course Search and Registration.

**PHY 490 Independent Study 1-3(Spec)**

Individual study in an area not covered by regular courses. Prerequisite: Open to physics majors or minors with at least junior standing who have obtained permission of the instructor.

**PHY 491 Senior Physics Project 3(Spec)**

Capstone experience for physics majors. Students enroll during their penultimate semester on campus. May be offered as Writing Intensive. Prerequisites: PHY 312, 322, 332, 578. Prior permission of instructor.

**PHY 505 Teaching Chemistry and Physics in the Secondary School 3(3-0)**

Exposes pre-service secondary chemistry and physics teachers to theory and practice of teaching in secondary schools, design of instructional units and safety practices. Must be completed prior to student teaching. Identical to CHM 505. Credit may not be earned in more than one of these courses. Prerequisites: CHM 132 or CHM 161; PHY 131 or PHY 146; admission into the Teacher Education Program; signed major or minor in chemistry, physics, or chemistry-physics (secondary education); Junior standing. Graduate students must be enrolled in a teaching masters program.

**PHY 507 Field Experience in Teaching Chemistry/Physics 1(Spec)**

Supervised experience in high school chemistry and/or physics classes. Experience will include observation, participation in instruction, and critical analysis of the experience. Identical to CHM 507. Credit may not be earned in more than one of these courses. CR/NC only. Prerequisites: Students must be accepted into the Teacher Education Program and have Junior or Senior standing. Graduate students must be enrolled in a teaching masters program. Pre/Co-requisite: CHM 505 or PHY 505.

**PHY 517 Computational Physics 3(3-0)**

Introduction to standard numerical techniques applied to problems in physics, including numerical differentiation and integration, systems of differential equations, eigenvalues and eigenvectors, and Monte-Carlo simulations. Prerequisites: PHY 312, PHY 322, and PHY 332. Pre/Co-Requisite: PHY 442. Recommended: A basic knowledge of a programming language such as FORTRAN.

**PHY 552 Nuclear Physics 3(3-0)**

Radioactive transformations, detection of radiation, methods of producing high-speed particles, nuclear structure, fission, cosmic radiation and applications of radioactivity. Prerequisite: PHY 442.

**PHY 554 Optics 3(3-0)**

Geometrical and physical optics, electromagnetic theory of light, interference and diffraction from standpoint of Huygens' principle, Fourier formalism, polarized light, principles and applications of lasers. Prerequisites: PHY 332.

**PHY 556 Solid State Physics 3(3-0)**

Atomic, molecular and crystal structure, energy levels of electrons, and binding energies in molecules and solids. Prerequisites: PHY 442 Co-requisites: PHY 450.

**PHY 578 Experimental Physics 2(0-6)**

Selected experiments utilizing the techniques of modern experimental physics. Prerequisite: PHY 277.

**PHY 580 Special Topics 1-9(Spec)**

Topics not ordinarily covered in regular courses. Prerequisite: permission of instructor.

**PHY 614 Methods of Theoretical Physics 3(3-0)**

Application of advanced mathematical techniques to physical theory. Prerequisite: PHY 313.

**PHY 619 Continuing Registration for Final Research Project 1(1-0)**

A non-credit course intended for students who have completed all program credits but still need to use university resources to complete their degree requirements.

**PHY 624 Advanced Mechanics 3(3-0)**

Special relativity, kinematics, and dynamics of rotational motion, coupled oscillations, canonical transformation, Hamilton-Jacobi theory, classical fields. Prerequisite: PHY 322.

**PHY 634 Advanced Electricity and Magnetism 3(3-0)**

Boundary value problems, time-varying fields and the initial value problem. Covariant description of electrodynamics and radiation by point charges. Prerequisite: PHY 332.

**PHY 643 Quantum Mechanics I 3(3-0)**

The scattering matrix formulation of quantum mechanics, symmetry groups in quantum mechanics, perturbation theory. Prerequisite: PHY 442.

**PHY 644 Quantum Mechanics II 3(3-0)**

Identical particles, the self-consistent field, theory of multiplets, semiclassical theory of radiation, atomic collisions. Prerequisite: PHY 643.

**PHY 685 Seminar: Contemporary Physics 1-4(Spec)**

Discussion of recent research in various subfields of physics. Emphasis on oral presentation and literature searches. Offered in 1 hour blocks, but may be retaken three times. Prerequisite: graduate standing in physics.

**PHY 780 Topics in Physics 1-9(Spec)**

Topics not ordinarily covered in regular courses. Prerequisite: one course at 500 or 600 level.

**PHY 790 Independent Study 1-3(Spec)**

Individual study in an area not covered by regular courses. Prerequisite: Prior permission of instructor must be obtained.

**PHY 798 Thesis 1-6(Spec)**

Individual research, with thesis. Directed by a committee. CR/NC only.

**PSC 100 Introduction to Political Science 3(3-0)**

*An introduction to the historical and theoretical concepts and subject matter of political science, required for all political science majors and minors. This course may be offered in an online or hybrid format. (University Program Group III-B: Studies in Social Structures)*

**PSC 101 Political Behavior 3(3-0)**

*Focus is on the elements of individual political behavior. Includes rational choice; political involvement, commitment, and participation; elections and voting behavior; and political opinion. (University Program Group III-A: Behavioral Sciences)*

**PSC 105 Introduction to American Government and Politics 3(3-0)**

*Examines the formal institutions of government and how politics actually works in the United States: civil rights, civil liberties, elections, media, interest groups and more. This course may be offered in an online or hybrid format. (University Program Group III-B: Studies in Social Structures)*

**PSC 125 African-American Politics 3(3-0)**

Examines issues of political economy, political participation, political efficacy and alienation, Black Nationalism and Pan-Africanism.

**PSC 150 Introduction to International Relations 3(3-0)**

*Introduction to theoretical tools used in the field of international relations. May be offered as Writing Intensive. This course may be offered in an online or hybrid format. (University Program Group III-B: Studies in Social Structures)*

**PSC 151 The U.S. and the World 3(3-0)**

*Prepares the student to confront the issues to be faced as a citizen of the US and as a member of the global society. (University Program Group III-B: Studies in Social Structures)*

**PSC 180QR Polls, Politics and Policy 3(3-0)**

Introduction to quantitative reasoning to provide students with the skills necessary to interpret and critically assess the validity and reliability of political data. This course may be offered in an online or hybrid format. Quantitative Reasoning.

**PSC 242 Introduction to Comparative Politics 3(3-0)**

*An examination of relevant theories, concepts, and methods of comparative political analysis and application of these in the study of selected political systems. (University Program Group III-B: Studies in Social Structure)*

**PSC 261 State and Local Government 3(3-0)**

*Structure and functions of states, cities and counties, with emphasis on Michigan. This course may be offered in an online or hybrid format. (University Program Group III-B: Studies in Social Structures)*

**PSC 275 Great Political Thinkers 3(3-0)**

*Discussion of vital issues in the history of Western political thought, such as freedom, justice, equality, and power. Authors include Plato, Aristotle, Machiavelli, Marx. This course may be offered in an online or hybrid format. (University Program Group I-A: Human Events and Ideas)*

**PSC 280 Introduction to Empirical Methods of Political Research 3(3-0)**

Empirical political research techniques including the scientific method, measurement, descriptive and inferential statistics, literature reviews, data collection, computer assisted data analysis, and research reporting. This course is approved for offering in a distance learning format. Prerequisites: PSC 100 or PSC 105; one other political science course.

**PSC 300 Michigan Politics and Elections 3(3-0)**

Analysis of Michigan's election campaigns with focus on organization, strategies and tactics. Emphasis on election consequences for state's policy leaders, opinion, interests and government. Prerequisite: PSC 105 or PSC 261.

**PSC 301 Law and Policy in Michigan State Government 3(3-0)**

Analysis of Michigan's legislative process, policy issues, and state government politics. Emphasis on origination, shaping, negotiating, and content of state policy. Prerequisite: PSC 105 or PSC 261.

**PSC 305 Midtier Teaching in Political Science 2(1-2)**

The midtier experience provides observations and small-group instructional opportunities for students seeking secondary certification in political science. Course includes both campus instruction and field work. CR/NC only. Prerequisites: completion of EDU 107; 12 hours of political science.

**PSC 320 The American Legislative Process 3(3-0)**

Analysis of the legislative process, studying formal and informal devices used by legislative bodies in determining policy. Primary emphasis is on the United States Congress. This course may be offered in an online or hybrid delivery format. Prerequisites: PSC 105.

**PSC 321 The American Chief Executive 3(3-0)**

Development of the executive office of the United States, with emphasis on the Presidency. This course has been approved for offering in a distance learning format.

**PSC 322 Judicial Process and Politics 3(3-0)**

Focuses on the American judicial process, including federal and state courts, roles of judges and other actors, civil and criminal justice processes, and judicial policymaking. Recommended: PSC 100 or PSC 105.

**PSC 323 American Parties and Politics 3(3-0)**

Analysis of American political parties as instruments of democratic government. Their structures, functions, and organizations, with emphasis on nomination, campaigns, and elections.

**PSC 325 The Civil Rights Movement 3(3-0)**

*Examines the civil rights movement from 1954 to 1980s; based on PBS series: Eyes on the Prize. Identical to PHL 345, REL 345, SOC 345. Credit may not be earned in more than one of these courses. Prerequisites: Any one of the following: HST 110, HST 111, HST 112, LAR 145, PSC 100, PSC 105, PSC 125, REL 140, SOC 100. (University Program Group IV-C: Studies in Racism and Diversity in the United States)*

**PSC 326 Women and Politics 3(3-0)**

This course will look primarily at empirical studies of women's role in politics in the U.S. but also in other contexts. Identical to WGS 326. Credit may not be earned in more than one of these courses.

**PSC 327 Lobbying and Interest Group Behavior 3(3-0)**

The reasons for, and the methods of, lobbying government officials in the United States, with an emphasis on implications for democracy. Recommended: PSC 105.

**PSC 328 Campaigns and Elections 3(3-0)**

Study of campaigns and elections in the United States, including candidate emergence and nominations, campaign organization and strategy, election results, and electoral reform.

**PSC 340 African Political Systems and Processes 3(3-0)**

Comparative survey of selected African political systems with focus upon Sub-Saharan Africa.

**PSC 341 Comparative Politics: Eastern Europe 3(3-0)**

Comparative analysis of selected Eastern European states, including Poland, Czech Republic, Hungary, former Yugoslavia, Romania, Bulgaria. Identical to EUR 303. Credit may not be earned in more than one of these classes.

**PSC 343 Southeast Asian Political Systems and Processes 3(3-0)**

The impact of culture on politics in several countries of Southeast Asia, including Vietnam, Laos, Cambodia, Thailand, Burma, Malaysia, Indonesia, Singapore, Brunei and Philippines.

**PSC 344 East Asian Political Systems and Processes 3(3-0)**

*Emphasis on selected states in East Asia. East Asia consists of China, Japan, and Korea. This course may be offered in an online or hybrid format. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**PSC 345 Middle Eastern Political Systems 3(3-0)**

Comparative analysis of the politics of selected Middle Eastern states, including Egypt, Iraq, Saudi Arabia, Algeria, Jordan, Morocco, Iran, Israel and Turkey. This course is approved for offering in a distance learning format.

**PSC 346 The Politics of Islam 3(3-0)**

Political examination of Islam's revival as a political doctrine that poses a unique reading of modernity, world peace and democracy in the 21st century.

**PSC 347 Comparative Politics: Western Europe 3(3-0)**

Comparative analysis of selected European states, including Great Britain, France, Italy and Germany.

**PSC 348 Latin American Political Systems 3(3-0)**

*A comparative analysis of politics in contemporary Latin America with focus on the impact of authoritarianism, international intervention, economic underdevelopment, and democratization. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**PSC 351 International Relations 3(3-0)**

Classical and contemporary theories of international relations. War, terrorism, and genocide. International law and organizations. Global economics and world poverty. Ethics in international relations.

**PSC 352 US - Latin American Relations 3(3-0)**

An examination of the political, military, and economic relations between Latin America and the United States.

**PSC 353 Model United Nations 3(3-0)**

Introduces students to the activities of the United Nations and the protocol and procedures of diplomacy in order to participate in United Nations simulations. Prerequisite: 26 credits completed.

**PSC 354 Advanced Model United Nations 1(1-0)**

Allows advanced students to further their knowledge of the protocol and procedures of diplomacy and participate in United Nations simulations. Prerequisite: PSC 353.

**PSC 355 Model United Nations Lab 1-9(Spec)**

This course is a lab for PSC 353 and PSC 354. Can be repeated up to a total of nine credits. CR/NC only. Co-requisite: PSC 353 or 354.

**PSC 370 Gurus, Avatars, and Nukes: South Asian Politics 3(3-0)**

*This course will introduce students to South Asian politics. It will examine the evolution of political institutions, ethnic conflicts, and political crises in the region. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**PSC 371 American Political Thought 3(3-0)**

*Selective survey of dominant trends in American political thought from the revolutionary era to the present. This course may be offered in an online or hybrid format. (University Program Group I-A: Human Events and Ideas)*

**PSC 372 American Radical Thought 3(3-0)**

Study and analysis of the main social revolutionary ideologies of the left during the past 100 years in the United States.

**PSC 375 Socialism, Fascism, and Liberalism 3(3-0)**

Political and psychological analyses of socialist, fascist, and liberal ideologies.

**PSC 378 Modern Democratic Theory 3(3-0)**

*Exploration of modern arguments for and against liberal democracy and discussion of the future of liberal democracy in the U.S. and elsewhere. (University Program Group I-A: Human Events and Ideas)*

**PSC 381 Slavery, Tyranny, Democracy: Classical Origins of Modern Ideas 3(3-0)**

*This course examines the key concepts and authors of Greek and Roman political theory. Focus is on Plato and Aristotle. May be offered as Writing Intensive. Recommended: PSC 275. (University Program Group I-A: Human Events and Ideas)*

**PSC 382 Modern Political Theory 3(3-0)**

*This course examines the key concepts and authors of modern political theory. Focus is on the social contract theorists: Hobbes, Locke, and Rousseau. Recommended: PSC 275. (University Program Group I-A: Human Events and Ideas)*

**PSC 383 Contemporary Political Theory 3(3-0)**

Examines some key authors and concepts of twentieth- and twenty-first century political theory. The course may include Nietzsche, Lenin, Freud, Rawls, or Nozick, among others. Recommended: PSC 275.

**PSC 390 Independent Study 1-6(Spec)**

Directed reading or research on an approved topic. Prerequisite: Open to students not on academic probation and who shall have completed 12 semester hours in political science, with the permission of the instructor.

**PSC 393 Practicum in Citizen Engagement 1-12(Spec)**

This course provides experiential learning in a variety of leadership techniques intended to facilitate citizen engagement in public decision making. CR/NC only. Prerequisite: Permission of instructor.

**PSC 394 Practicum in Public Polling 1-12(Spec)**

This course provides experiential learning in the use of public opinion polling to facilitate democratic processes and governance. CR/NC only. Prerequisites: PSC 280 and permission of instructor.

**PSC 395 Internship in Government and Politics 1-12(Spec)**

An integrative learning experience where students apply textbook knowledge to governmental and public affairs work experience. CR/NC only. Prerequisite: permission of instructor.

**PSC 398 Special Topics in Political Science 1-9(Spec)**

Consideration of subject matter not included in courses currently listed in catalog. May be taken more than once.

**PSC 405 Methods for Teaching Political Science 3(3-0)**

Lesson plans, objectives evaluations, organization and methods of teaching government and politics. Three weeks of mid-tier experiences. Prerequisites: completion of at least 15 hours of political science course work; at least junior status.

**PSC 421 Constitutional Law: Powers of Government 3(3-0)**

Examines major U.S. Supreme Court decisions concerning judicial review, separation of powers, federalism, fiscal and commerce powers, and economic liberties.

**PSC 422 Constitutional Law: Civil Rights and Liberties 3(3-0)**

Examines major U.S. Supreme Court decisions regarding the First Amendment, criminal procedure, racial and gender equality, and the right to privacy.

**PSC 426 Feminist Theory 3(3-0)**

Examines the way women have been described by the Western philosophical tradition from its beginnings to the present and offers alternative analyses to this tradition. Identical to WGS 426 and PHL 426. Credit may not be earned in more than one of these courses. Prerequisites: permission of instructor, or at least junior standing and either one course in philosophy or one of the following courses: PSC 275, PSC 326, PSC 371, PSC 373, or PSC 378.

**PSC 453 American Foreign Policy 3(3-0)**

Analyzes the external interests of the United States and how they are pursued.

**PSC 513 Citizen Engagement in Public Life 3(3-0)**

This course examines trends in Americans' participation in public life, as well as various approaches intended to increase their civic and political engagement. Prerequisite: PSC 105 or graduate status.

**PSC 514 American Public Policy Making 3(3-0)**

This course serves to integrate political institutions and levels of government in terms of policy development and implementation. Prerequisites: PSC 105 or graduate standing. This course is approved for offering in a distance learning format.

**PSC 515 Comparative Public Policy 3(3-0)**

Techniques of cross-national and other comparative policy analysis applied to social and economic policies of industrialized nations, especially Western Europe. This course may be offered in an online or hybrid format. May be offered as Writing Intensive.

**PSC 516 Environmental Politics and Policy 3(3-0)**

Analysis of relationships between politics and public policy in the environmental arena. Emphasis upon policy making process, political strategies, and alternative decision modes. Prerequisites: complete minimum of 56 credit hours of university course work.

**PSC 520 American National Government and Politics 3(3-0)**

This course will examine the major theoretical frameworks used in the study of American national government and politics and survey current research in the area. Prerequisites: a minimum of 9 hours of political science coursework, including PSC 105.

**PSC 522 Regulatory Processes and Administrative Law 3(3-0)**

Survey of the principles of administrative law and the politics of the U.S. regulatory processes. This course is approved for offering in a distance learning format.

**PSC 540 Cultural Heritage and Politics of Eastern Europe 3(3-0)**

Comparative study of political systems of Soviet bloc countries and Yugoslavia.

**PSC 551 Seminar in International Relations 3(3-0)**

Significant aspects of international relations on the basis of timeliness and importance. This course is approved for offering in a distance learning format.

**PSC 555 International Law I 3(3-0)**

Processes of international law; role in international relations and organizations; effects on individual rights in peacetime through cases, treaties, customs, and legal rules. This course is approved for offering in a distance learning format.

**PSC 556 International Law II 3(3-0)**

This course supplements the study of the international legal regime examined in International Law I by focusing upon the newly established international criminal law regime. Recommended: PSC 555.

**PSC 563 Politics and Policy in Urban Communities 3(3-0)**

Examination of large and small city governments. Their political process, behavior and citizen participation. Emerging public policies and intergovernmental cooperation.

**PSC 566 Intergovernmental Relations in the United States 3(3-0)**

An analysis of the administrative and fiscal relationships between the national, state, and local governments, with emphasis on grants-in-aid and revenue sharing.

**PSC 571 The Military and Politics 3(3-0)**

This course examines the role of the armed forces in politics. Theories about civil-military relations, coups d'etats, and transitions to democracy will be analyzed. May be offered as Writing Intensive. Recommended: PSC 242 or graduate status.

**PSC 583 Survey Research 3(3-0)**

Development and utilization of quantitative data, with emphasis on behavioral research, public opinion polling, and statistical analysis.

**PSC 590 Independent Study 1-6(Spec)**

Prerequisite: Open to majors or minors who have completed at least 12 hours of political science with a B average; arrange with department chairperson and instructor.

**PSC 598 Special Topics in Political Science 1-12(Spec)**

Subject matter not included in courses currently listed in Bulletin.

**PSC 615 Politics and Regulation of Health Care Policy 3(3-0)**

Explore external environments in which health care systems operate, political determinants of health care policy, politics of bureaucracy, social and economic demands placed upon the system.

**PSC 619 Continuing Registration for Final Research Project 1(1-0)**

A non-credit course intended for students who have completed all program credits but still need to use university resources to complete their degree requirements.

**PSC 642 Problems and Processes of International Development I 3(3-0)**

Impact of modernization and industrialization upon emergent countries and nation-building processes.

**PSC 651 Comparative Political & Economic Systems 3(3-0)**

An introduction to comparative political and economic systems. How politics and economics interact in theory, as well as in concrete political-economic interactions of nations. Prerequisite: PSC 351.

**PSC 675 Public Sector Emergency and Crisis Organizational Theory 3(3-0)**

Analysis of organizational theory as applied to public sector emergency and crisis management. Emphasis on structure, behavior, networks, and leadership. Prerequisites: Admission to the MPA program.

**PSC 676 Emergency and Crisis Prevention, Preparedness and Response 3(3-0)**

Analysis of public sector capacity in the four operational phases of emergency and crisis management; prevention, preparedness, response and recovery. Prerequisites: Admission to the MPA program.

**PSC 677 The Public Sector Role in Post-Disaster Recovery 3(3-0)**

Analysis of the emergency and crisis management considerations necessary to restoration of public services following a disaster. Prerequisites: Admission to the MPA program.

**PSC 680 Methodology of Political Research 3(3-0)**

This course focuses on the advanced study of the logic and methods of scientific research in political science. Recommended: PSC 280; or SOC 200 and SOC 350.

**PSC 681 Qualitative Research in Political Science and Public Administration 3(3-0)**

Overview of theoretical approaches to qualitative research in political science and public administration. Prerequisite: PSC 680.

**PSC 682 Techniques of Political Research 3(3-0)**

This course focuses on regression analysis in political science and how to apply such methods to scholarly research. Prerequisites: PSC 680.

**PSC 740 Seminar in Comparative Politics 3(3-0)**

Examination of the specific approaches and methods of comparative political analysis.

**PSC 761 Seminar in American State Government 3(3-0)**

Study and research in the problems and the process of state government. Content varies. Recommended: PSC 561.

**PSC 770 Justice, Freedom, Equality: Essential Political Ideas 3(3-0)**

The history of political ideas in the Western world, with a focus on justice, freedom, and equality. Authors include Plato, Aristotle, Machiavelli, Locke, and Marx. This course may be offered in an online or hybrid format.

**PSC 785 Strategic Leadership 3(3-0)**

Study of leadership within public and not-for-profit organizations. Examines leadership theories, analyzes case studies involving leaders, and explores leading organizational change. This course may be offered in an online or hybrid format.

**PSC 790 Advanced Readings I 1-6(Spec)**

Prerequisites: Permission of advisor and department chairperson.

**PSC 793 Practicum in Citizen Engagement 1-12(Spec)**

This course provides experiential learning in a variety of leadership techniques intended to facilitate citizen engagement in public decision making. CR/NC only. Prerequisite: Permission of instructor.

**PSC 794 Practicum in Public Polling 1-12(Spec)**

This course provides experiential learning in the use of public-opinion polling to facilitate democratic processes and governance. Prerequisite: Permission of instructor.

**PSC 795 Internship in Public Administration 1-6(Spec)**

An integrative learning experience where students apply textbook knowledge to public administration and public affairs work experience. CR/NC only. Prerequisite: permission of instructor.

**PSC 796 Applied Research in Public Administration 3(3-0)**

Work experience in administration in a public agency is utilized in the course for an applied research project to integrate the practical and theoretical contributions.

**PSC 798 Thesis 1-6(Spec)**

CR/NC only. Prerequisite: written permission of advisor and department chairperson.

**PSY 100 Introduction to Psychology 3(3-0)**

*Survey of concepts, methods, and fields of psychology. This course may be offered in an online or hybrid format. (University Program Group III- A: Behavioral Sciences)*

**PSY 200 Special Issues: Title to be listed 1-12(Spec)**

Subjects of contemporary psychology not covered by regular curriculum. Prerequisites: See Course Search and Registration.

**PSY 211QR Introduction to Psychological Statistics 3(3-0)**

Basic descriptive and inferential statistics are considered, including measures of central tendency and variability, the normal distribution, the t-test, ANOVA, correlation, and chi-square. This course may be offered in an online or hybrid format. Quantitative Reasoning. Prerequisites: PSY 100 and completion of Mathematics Competency.

**PSY 220 Developmental Psychology 3(3-0)**

Research-based findings on the development of human behavior from conception through late adulthood. This course may be offered in an online or hybrid format. Prerequisite: PSY 100.

**PSY 225 Foundations of Cognitive Science 3(3-0)**

Introduction to cognitive science, the problems it addresses, its evolving models of the mind, its interdisciplinary nature, and its broader ramifications. Identical to PHL 225. Credit may not be earned in more than one of these courses.

**PSY 250 Abnormal Psychology 3(3-0)**

Nature, causes, and treatment of mental disorders. This course may be offered in an online or hybrid format. Prerequisite: PSY 100.

**PSY 285 Research Methods 3(3-0)**

An introduction to the various research methodologies in psychology. This course may be offered in an online or hybrid format. Prerequisites: PSY 100; PSY 211 or BIO 500 or HSC 544 with a grade of C or better.

**PSY 301 Sports Psychology 3(3-0)**

The relationship between psychology and sport from the perspective of theory, research, and practice. Topics include personality, cognition, motivation-emotion, social processes, and youth sport. This course may be offered in an online or hybrid format. Prerequisite: PSY 100.

**PSY 310 Psychological Testing 3(3-0)**

Theory and foundations of testing with some emphasis on the interpretation of test results. Examination of a variety of different tests. This course may be offered in an online or hybrid format. Prerequisite: PSY 100.

**PSY 322 Psychology of Infancy and Early Childhood 3(3-0)**

Human development from conception through preschool years. Emphasis on research relevant to understanding development and implications of research for preventing and lessening common developmental problems. Prerequisites: PSY 220 or HDF 100 or EDU 280.

**PSY 324 Childhood and Adolescence 3(3-0)**

Psychological development from childhood through the college years. Main topics are personality, social, and cognitive development. This course may be offered in an online or hybrid format. Prerequisite: PSY 220 or HDF 100 or EDU 280.

**PSY 325 Psychology of Aging 3(3-0)**

Empirical approach to understanding changes and continuities in physiological, cognitive, perceptual, behavioral, and social functioning in later life. Prerequisites: PSY 220 or signed Gerontology Minor.

**PSY 330 Social Psychology 3(3-0)**

Empirical approach to understanding individual social behavior. Deals with the person and the social environment with a focus in attitudes, interpersonal behavior, and group processes. Prerequisite: PSY 100. This course is approved for offering in a distance learning format.

**PSY 332 Evolutionary Psychology 3(3-0)**

Examines human behavior from an evolutionary perspective. Topics include evolutionary theory, sex and mating, child rearing, social relationships, and evolutionary applications to health and work. Prerequisite: PSY 100 or ANT 171. Recommended: BIO 151.

**PSY 334 Psychology of Women 3(3-0)**

Explores psychological issues pertaining specifically to women in the following areas: affective and cognitive functioning, personality theories, adult role behaviors, sexuality and physical and mental health. Identical to WGS 334. Credit may not be earned in more than one of these courses. This course is approved for offering in a distance learning format.

**PSY 336 Industrial/Organizational Psychology 3(3-0)**

The psychology of work and organizations. Introduction to the use and application of psychology in the workplace. Prerequisite: PSY 100. This course is approved for offering in a distance learning format.

**PSY 337 Psychology of Advertising 3(3-0)**

Psychological principles and concepts applied to advertising and selling, promotion, buyer attitudes, consumer behavior, psychological measurement, and prediction in advertising. Prerequisite: PSY 100.

**PSY 339 Psychology and Law 3(3-0)**

Introduction to the application of principles and theories of psychological research in the legal system. Prerequisite: PSY 100.

**PSY 340 Studies in Personality 3(3-0)**

A survey of the major theories and principles that are used to describe/explain the individual. The primary focus will be on evaluating and testing theories via research findings. This course may be offered in an online or hybrid format. Prerequisite: PSY 100.

**PSY 350 Clinical Interviewing and Counseling 3(3-0)**

Theory and practice of psychological interviewing and counseling. Recommended: PSY 220, PSY 250. Prerequisites: PSY 100.

**PSY 370 Applied Behavior Analysis 3(3-0)**

Applied behavior analysis is the use of principles of learning to address behavior problems of individuals in their natural environments. Prerequisite: PSY 100.

**PSY 379 Health Psychology 3(3-0)**

Study of the relationship between psychological variables and health, including physiological factors, psychological influences affecting health, behavior and chronic disease, psychology's contribution to health promotion. This course may be offered in an online or hybrid format. Prerequisite: PSY 100. Recommended: HSC 106.

**PSY 382 Perception 3(3-0)**

Perception as the result of psychological and physiological processes. Some of the topics covered are vision, audition, pain perception, illusions, pattern recognition and perceptual development. Prerequisites: PSY 100; a University Program Group II course; competency in written English and mathematics.

**PSY 383 Learning and Memory 3(3-0)**

Introduction to the major theoretical-empirical views that characterize the area of learning and memory. This course may be offered in an online or hybrid format. Prerequisite: PSY 100.

**PSY 384 Behavior Analysis 3(2-2)**

Study of empirically-derived principles of behavior and their application to parenting, education, therapy, self-management and the treatment of the developmentally disadvantaged. Has animal lab component. Prerequisite: PSY 100.

**PSY 385 Applications of Research Methods 3(3-0)**

Second course in psychological research methodology. Students design, execute, interpret, and report psychological research. This course may be offered in an online or hybrid format. May be offered as Writing Intensive. Prerequisites: PSY 285 with a grade of C or better; ENG 201.

**PSY 387 Behavioral Neuroscience 3(3-0)**

Overview of the neurological processes underlying organismic behavior. Surveys neurobiological explanations of sensation, movement, motivation, emotion, sleep, learning, neurological disorders, recovery mechanisms. This course may be offered in an online or hybrid format. Prerequisites: One of the following: PSY 100, BIO 101, BIO 105, BIO 110, BIO 151, HSC 211.

**PSY 400 Special Issues: Title to be listed 1-12(Spec)**

Subjects of contemporary psychology not covered by regular curriculum. Prerequisite: See Course Search and Registration.

**PSY 409 History of Psychology 3(3-0)**

The historical roots of psychology and their present day manifestations are analyzed. Emphasis is on the more direct antecedents of current thought and practice. Prerequisites: PSY 285, PSY 383.

**PSY 450 Clinical Psychology 3(3-0)**

Introduction to the diagnostic, therapeutic, and research activities of the clinical psychologist. Prerequisite: PSY 250.

**PSY 459 Stress 3(3-0)**

Defines stress and how to measure it, evaluates evidence about causes/correlates of stress, and introduces strategies to deal with stress. This course is approved for offering in a distance learning format. Prerequisites: PSY 100.

**PSY 487 Neuroscience Seminar 1-2(Spec)**

Analysis of current research in specified areas of neuroscience; critiquing and discussing primary literature and the students' current research relating to specific topics. Students will repeat this course for a maximum of 2 credits. Identical to BIO 487. Credit may not be earned in more than one of these courses. Prerequisites: signed neuroscience major and prior or concurrent neuroscience research experience through BIO 403 or PSY 496.

**PSY 496 Directed Research 1-6(Spec)**

For students who desire to investigate a research problem in psychology. Prerequisite: Must file a written proposal approved by a faculty sponsor in the departmental office prior to registration.

**PSY 497 Independent Study 1-4(Spec)**

For students who accept responsibility for studying a psychological problem on their own. Prerequisite: Must file a written proposal approved by a faculty sponsor in the departmental office prior to registration.

**PSY 498 Undergraduate Honors Thesis 3(Spec)**

The student, with guidance from two faculty sponsors, researches and writes an undergraduate thesis. Prerequisites: PSY 211 or STA 282 or STA 382 with a grade of B or better; PSY 285 with a grade of B or better; overall GPA of 3.0.

**PSY 500 Special Issues 1-12(Spec)**

Subjects of contemporary psychology not covered by regular curriculum. Prerequisites: See Course Search and Registration.

**PSY 501 Workshop 1-18(Spec)**

Study of problem-oriented subjects for persons already working in psychological services with the intent of continuing their professional growth. Prerequisite: See Course Search and Registration.

**PSY 502 Teaching Assistant in Psychology 1-3(Spec)**

Development of practical skills for effective teaching of psychology. No more than 3 hours of PSY 502 may be applied to a student's psychology major or minor. Prerequisite: permission of instructor.

**PSY 503 Principles and Applications of Sign Language and Manual Systems 3(3-0)**

Focused study in the principles of the application of signed and manual communication with Deaf and other populations for educational, clinical and human service settings.

**PSY 509 Behavioral Pharmacology 3(3-0)**

This course covers basic principles of pharmacology, receptor theory, drug classes, methods in basic pharmacology and behavioral pharmacology, and research and theory in behavioral pharmacology. Prerequisites: PSY 100; PSY 383 or 384 or 387 or graduate status.

**PSY 510 Principles of Psychological Measurement 3(3-0)**

Problems and procedures in scaling and in correlational methods related to testing reliability, validity, and measurement error. Prerequisite: PSY 310, PSY 211.

**PSY 511 Statistics in Psychology 3(3-1)**

An extension of topics introduced in PSY 211, with emphasis upon hypothesis testing and statistical inference. Prerequisite: PSY 211.

**PSY 531 Group Dynamics 3(3-0)**

Conceptual and empirical background in the dynamics of face-to-face groups and related interpersonal areas. Emphasis is cognitive- theoretical rather than experiential. Prerequisite: PSY 330 or graduate standing.

**PSY 533 Psychology of Racism 3(3-0)**

This course explores racism from a psychological viewpoint. The processes involved in the development, maintenance and change of racist attitudes are considered. Prerequisites: Junior or higher standing; PSY 330 or SOC 201, a Social Science methods class.

**PSY 534 Psychology and the Courtroom 3(3-0)**

The application of psychological principles and theories to the courtroom. Prerequisites: coursework in basic statistics (e.g., PSY 211) and research methods (e.g., PSY 285); or graduate standing.

**PSY 535 Organizational Psychology 3(3-0)**

The study of organizations as complex social systems with analyses of individual and group behavior in organizations and responses of organizations to their environment. Prerequisite: PSY 336 or graduate standing.

**PSY 536 Personnel Psychology 3(3-0)**

This course examines the identification, measurement, and development of individual differences. Topics include job analysis, criterion development, personnel selection, training, and performance evaluation. Prerequisites: PSY 211, 336; or Graduate Standing. Recommended: PSY 310.

**PSY 537 Organizational Behavior Management 3(3-0)**

Behavior analysis in business, industry, and human service settings. Applied research in organizations is emphasized. Empirical rather than theoretical approach. Prerequisites: PSY 336 or PSY 370 or PSY 384 or graduate standing.

**PSY 538 Occupational Health Psychology 3(3-0)**

The study of health and stress in organizations as a complex process, with analyses of resources, stressors, coping, stress responses, and consequences. Prerequisites: PSY 336 and 379, or graduate standing.

**PSY 544 Theories of Personality 3(3-0)**

Theories regarding the structure and functions of personality. Prerequisite: PSY 340.

**PSY 555 Psychopathology of Children 3(3-0)**

Problems of children deviating from the norm in behavior and adjustment. Prerequisites: PSY 220, PSY 250.

**PSY 559 Rehabilitation Psychology 3(3-0)**

Psychological concepts in understanding physical disability from the perspectives of the individual, family and society will be emphasized. Designed for advanced students in health professions. Prerequisites: PSY 100, 220; or graduate standing.

**PSY 562 Therapeutic Intervention: Foundations 3(3-0)**

Foundational skills for therapeutic intervention including theory and technique. Prerequisite: PSY 350 or graduate standing.

**PSY 563 Psychology of Reading 3(3-0)**

Reviews the cognitive processes that operate in skilled reading and focuses on reading development and reading difficulties in K-6th grade. Prerequisite: PSY 220, 285, 383; or graduate status.

**PSY 570 Behavioral Assessment and Treatment Planning 3(3-0)**

This course provides an overview of behavioral assessment procedures. Specific topics include functional behavior assessment, functional analysis, task analysis, data collection, and function-based intervention design. Prerequisite: PSY 370, 384, or graduate status.

**PSY 571 Research Methods in Behavior Analysis 3(3-0)**

Introduction to the fundamentals of behavior analytic research methods. Prerequisite: PSY 370, 384; or graduate standing.

**PSY 575 Autism Spectrum Disorder: Characteristics and Etiology 3(3-0)**

This course will review the behavioral and educational characteristics of students with autism spectrum disorders. Known causes of this disorder will also be examined. Identical to SPE 530. Credit may not be earned in more than one of these courses. Prerequisites: senior or graduate status.

**PSY 579 Behavioral Medicine 3(3-0)**

Applications of behavior analysis and social learning in medicine, dentistry, and physical health. Prevention, treatment, and long-term maintenance are all considered. Prerequisite: PSY 384 or PSY 370 or graduate standing.

**PSY 583 Motivation and Emotion 3(3-0)**

Survey of the theories, systems and concepts of motivation and emotion. Prerequisites: Fifteen hours of psychology or graduate standing.

**PSY 584 Cognitive Neuroscience 3(3-0)**

Converging evidence from human neuroanatomy and neurophysiology, cognitive psychology, neuropsychology, and neuroimaging research will be examined for topics in attention, perception, memory, language, and emotion. Prerequisites: PSY 387 or graduate standing.

**PSY 585 Psychophysiology 3(3-0)**

Introduction to psychophysiological methods, measures, and applications. Topics include: basic neuroanatomy and neurophysiology; electrophysiological recording; inference using brain, cardiovascular, somatic measures; biofeedback; ergonomic, and other applications. Prerequisite: PSY 387 or graduate standing.

**PSY 586 Applied Behavioral Analysis in Education 3(3-0)**

The use of applied behavior analysis with children and adolescents to promote academic skill development and reduce interfering behaviors. Prerequisites: PSY 370 or graduate standing.

**PSY 587 Physiological Psychology 3(3-0)**

Physiological events which underlie human and animal behavior. Prerequisite: PSY 387 or graduate standing.

**PSY 588 Functional Neuroanatomy 3(3-0)**

Function of the nervous system in behavior. Emphasis is on how various CNS structures function to mediate behavior. Prerequisite: PSY 387 or graduate standing.

**PSY 589 Cognitive Psychology 3(3-0)**

Introduction to cognitive processes; survey of theory and research in memory, thinking, concept formation, problem solving, and language. Prerequisites: PSY 383.

**PSY 592 Supplemental Supervision in Applied Behavior Analysis 1-12(Spec)**

Supervised field experience for Behavior Analyst Certification Board certification. This course may be offered in an online or hybrid format. Prerequisites: Permission of Instructor.

**PSY 600 Special Issues 1-12(Spec)**

Subjects of contemporary psychology not covered by regular curriculum. Prerequisite: See Course Search and Registration.

**PSY 605 Assessment of Affective and Behavioral Disorders of Children and Youth 3(3-0)**

Assessment measures and procedures for emotional and behavior disorders of children and adolescents will be addressed with an emphasis on linking assessment to intervention. Prerequisite: matriculation in the School Psychology program or the Clinical Psychology program.

**PSY 609 History and Systems of Psychology 3(3-0)**

Modern psychology is analyzed by tracing its historical roots and early systems. Emphasis is on the influence of historical systems on current areas of specialization.

**PSY 611 Research Design 3(3-0)**

Common types of analysis of variance, multiple comparisons tests, the analysis of covariance. Prerequisite: PSY 511.

**PSY 612 Applied Multiple Regression and Correlation 3(3-0)**

A study of the general linear model as applied to multiple regression and the analysis of variance. Prerequisites: PSY 211 and permission of instructor.

**PSY 613 Multivariate and Correlational Methods 3(3-0)**

A survey of multivariate statistical procedures, including multiple regression and correlation, canonical and discriminant analysis, multivariate analysis of variance, and factor analysis. Prerequisites: PSY 612.

**PSY 614 Seminar in Research Methods and Statistics for Psychology 3-12(3-0)**

Exploration of specialized research methods and statistics for Psychology. Topics may include quasi-experimental designs, meta-analysis, modeling techniques, qualitative research, or other advanced research methods topics. This course may be taken as a three credit course and may be repeated up to twelve hours, as long as the topic is different. Prerequisites: PSY 612.

**PSY 619 Continuing Registration for Final Research Project 1(1-0)**

A non-credit course intended for students who have completed all program credits but still need to use university resources to complete their degree requirements.

**PSY 624 Advanced Developmental Psychology 3(3-0)**

Basic theory and principals of life-span developmental psychology. Prerequisite: matriculation in psychology graduate program.

**PSY 630 Advanced Social Psychology 3(3-0)**

Intensive examination of the major theories and experiments of social psychology. Prerequisite: matriculation in psychology graduate program.

**PSY 636 Organizational Applications of Personnel Psychology 3(3-0)**

This course examines major ideas, assumptions, and technologies in personnel psychology, the implementation and utilization of personnel technologies, and selected current topics. Prerequisites: graduate standing and PSY 536.

**PSY 641 Objective Personality Assessment 3(2-2)**

Survey of concepts, procedures, and issues in personality assessment. Prerequisites: PSY 544, matriculation in the School or Clinical psychology graduate programs.

**PSY 642 Clinical Research Methods 3(3-0)**

Provides a basis for designing and executing clinical research and data analysis. Prerequisites: Matriculation into the Ph.D. program in Clinical Psychology at CMU or approval from the instructor.

**PSY 653 Intervention I: Adult 3(3-0)**

Survey of different therapeutic approaches and techniques. Prerequisite: admission to the Doctoral Program in Clinical Psychology.

**PSY 655 Introduction to Intelligence Testing 2(2-2)**

Administration and interpretation of individual intelligence scales. Lab fee prorated among class members after registration. Prerequisite: permission of instructor.

**PSY 656 Advanced Intellectual Assessment 2(2-2)**

Report writing, interpretation of intelligence tests, and integration of testing with other assessment devices used in diagnosis of emotional and learning problems. Prerequisites: PSY 655 and permission of instructor.

**PSY 657 Assessment I: Adult 3(3-1)**

Administration and interpretation of intelligence scales, report writing, and integration of intellectual testing with other assessment devices. Prerequisite: matriculation in Clinical Psychology program.

**PSY 658 Assessment II: Child and Adolescent 3(3-1)**

Intellectual and personality assessment of children and adolescents. Prerequisite: admission to the doctoral program in Clinical Psychology.

**PSY 660 Intervention II: Child and Adolescent 3(3-0)**

Introduction to therapeutic interventions for children and adolescents. Prerequisite: admission to the doctoral program in Clinical Psychology.

**PSY 661 Neuropsychological Assessment 3(3-0)**

Introduction to neuropsychological assessment of behavior with emphasis on instrument, research, and interpretation. Prerequisite: PSY 587 or PSY 687.

**PSY 662 Advanced Therapeutic Interventions 3(3-1)**

The practice and application of therapeutic intervention with children, birth through high school. Takes a developmental perspective on children's problems. Prerequisites: PSY 562 and concurrent enrollment in PSY 791.

**PSY 667 Assessment and Development of Academic Skills I 3(3-1)**

Administration and interpretation of special diagnostic testing of children with learning difficulties. Lab fee. Prerequisite: PSY 577.

**PSY 677 Assessment and Development of Academic Skills II 3(3-0)**

Principles underlying development and evaluation of academic interventions and critique of current programs and procedures designed to improve academic performance of K-12 children. Prerequisite: matriculation in Psychology graduate program.

**PSY 680 Learning 3(3-0)**

Theory and research in basic learning phenomena including classical, operant, and complex behavior. Prerequisite: permission of instructor.

**PSY 681 Sensation and Perception 3(3-0)**

Cognitive, neuroscience, psychophysical, and behavioral analysis of perceptual systems. Vision and audition are emphasized. Prerequisite: Permission of instructor.

**PSY 682 Psychology of Child Development 3(3-0)**

Identical to EDU 682. Credit may not be earned in more than one of these courses. This course is approved for offering in a distance learning format. Prerequisites: Graduate status.

**PSY 686 Engineering Psychology 3(3-0)**

An overview of the discipline of engineering psychology including the topics of human error and applications of perception and cognition in human-machine systems. Prerequisite: graduate standing in Psychology.

**PSY 687 Physiological Foundations 3(3-0)**

Extensive survey of knowledge of the physiological, anatomical, and hormonal events underlying human behavior, emphasizing brain function and neurochemical factors.

**PSY 690 Research Seminar: Experimental Psychology 1-3(Spec)**

Study of problems and issues in experimental psychology under faculty guidance via lecture and/or seminar format. CR/NC only.

**PSY 696 Directed Research 1-12(Spec)**

For students who desire to investigate some research problem in psychology. Prerequisite: must file written proposal approved by faculty sponsor in departmental office prior to registration.

**PSY 697 Independent Study 1-8(Spec)**

For students who accept responsibility for studying a psychological problem of their own. Prerequisite: must file written proposal approved by faculty sponsor in departmental office prior to registration.

**PSY 700 Special Issues 1-12(Spec)**

Special topics in contemporary psychology. May be repeated to a maximum of 12 hours, but no more than 3 hours may be taken per semester. Prerequisites: admission to doctoral candidacy in psychology; see Course Search and Registration.

**PSY 724 Psychology of Aging 3(3-0)**

This course examines theories of adult development and how those theories are related to important issues affecting older adults. Prerequisite: graduate standing.

**PSY 727 Developmental Neuropsychology 3(3-0)**

Introduction to neuropsychological assessment of children with emphasis on instruments, research and interpretation. For advanced graduate students. Prerequisites: PSY 661 or PSY 655 or PSY 657.

**PSY 736 Strategies for Interventions in Social Systems 3(Spec)**

Study of various social technologies of intervention, and the evaluation of a range of these methods. Prerequisite: matriculation in professional psychology doctoral program.

**PSY 737 Seminar in I/O Psychology 3-12(Spec)**

Exploration of specialized areas in the field of I/O Psychology. This course is taken as a three credit course and may be repeated for a maximum of twelve hours. Prerequisite: Admission to masters or doctoral programs in I/O Psychology.

**PSY 751 Psychopathology 3(3-0)**

A course in descriptive psychopathology with an emphasis on understanding the manifestations of disordered functioning within a variety of cultural and contextual constraints. Prerequisite: admission into a graduate program in psychology.

**PSY 760 Seminar A: School Services 3(3-0)**

Philosophical rationale for development of school psychology as major discipline. Role of school psychologist, and legal and ethical issues that affect the role are discussed. Prerequisite: permission of instructor.

**PSY 761 Advanced Seminar in Ethical-Legal Issues for School Psychologists 1(1-0)**

New and emerging ethical-legal issues in school psychology. This course may be offered in an online or hybrid format. Recommended: Prior coursework in applied professional ethics.

**PSY 765 Seminar: Ethics and Professional Issues 3(3-0)**

Problems and issues in the practice of professional psychology. Prerequisite: matriculation in school psychology subdoctoral program or professional psychology doctoral programs.

**PSY 766 Seminar: Consultation Skills 3(Spec)**

Objectives of and strategies in consultation are studied with practice and evaluation of methods in actual work settings. Prerequisite: Advanced graduate standing in psychology.

**PSY 767 Assessment and Intervention for Developmental Disabilities 3(3-1)**

Procedures and background issues for psychoeducational assessment and intervention for infants, children, and adolescents who are emotionally-, visually-, hearing-, motorically-, or mentally-impaired or autistic. Prerequisite: PSY 667.

**PSY 780 Behavior Therapy 3(2-2)**

Assumptions and principles of behavioral analysis and the strategies used in a variety of behavioral disorders. Prerequisite: Admission to a graduate program in psychology.

**PSY 781 Seminar: Perception 4(Spec)**

Detailed treatment of selected research areas in perception. Emphasis is on perceptual data and measures and their application to real world situations. Prerequisites: PSY 681 or PSY 686.

**PSY 785 Seminar: Cognitive-Behavior Therapy 3(3-0)**

A graduate seminar focusing on the development and implementation of cognitive-behavioral interventions for the remediation of a variety of psychiatric disorders. Prerequisite: permission of instructor.

**PSY 789 Seminar in Applied Experimental Psychology 1-9(Spec)**

Exploration of specialized areas in the field of Applied Experimental Psychology through the review of the primary literature. May be repeated to a maximum of 9 hours, but no more than 3 hours may be taken per semester. Prerequisite: permission of instructor.

**PSY 790 Practicum I A: Professional Services 3(Spec)**

Practice needed to function as a competent psychologist within a variety of professional settings. Prerequisites: Admission to Clinical Psychology or Industrial/Organizational Psychology or School Psychology.

**PSY 791 Practicum I B: Professional Services 3(Spec)**

Continuation of 790. Prerequisites: A grade of B or better in PSY 790.

**PSY 792 Supplemental Supervision 1-3(Spec)**

Supplemental supervision arranged with clinical or school supervising faculty. For students with special interests. Prerequisites: matriculation in clinical or school psychology graduate programs, enrollment in one of the practica, and permission of the instructor.

**PSY 795 Internship in School Psychology A 3(Spec)**

The first semester of a 1200 hour full-time experience in a school setting supervised by an approved school psychologist and on-campus faculty. Prerequisites: PSY 790 and PSY 791; permission of instructor.

**PSY 796 Internship in School Psychology B 3(Spec)**

Continuation of 795. The second semester of a 1,200 hour full-time experience in a school system. Prerequisite: PSY 795.

**PSY 798 Thesis 1-12(Spec)**

CR/NC only.

**PSY 800 Research in Applied Experimental Psychology 1-12(Spec)**

Directed research course in which students work in close collaboration with instructor on a research topic in the area of applied experimental psychology. May be repeated to a maximum of 12 hours. Prerequisites: permission of instructor; students should have graduate standing, and have completed most, if not all, of the requirements for the M.S. degree in General/Experimental Psychology.

**PSY 818 Program Evaluation 3(Spec)**

Design and implementation of program evaluation research in professional settings with a focus on how to evaluate such research. Prerequisites: matriculation in graduate program, PSY 612.

**PSY 850 Ethnic and Minority Issues in Therapy 3(3-0)**

A graduate seminar addressing cultural issues in therapy with different ethnic and minority groups. Prerequisite: matriculated students in graduate programs.

**PSY 890 Practicum II A: Professional Services 3(Spec)**

Development of advanced competencies and expansion of a repertoire of skills in the delivery of psychological services. CR/NC only. Prerequisites: matriculation in psychology doctoral program and permission of instructor.

**PSY 891 Practicum II B: Professional Services 3(Spec)**

Continuation of PSY 890. CR/NC only. Prerequisites: matriculation in psychology doctoral program and permission of instructor.

**PSY 892 Practicum III A: Professional Services 3(Spec)**

Further development of advanced clinical competencies and a repertoire of psychodiagnostic, psychotherapy, interviewing, and consultation skills in the delivery of psychological services. CR/NC only. Prerequisites: matriculation in the professional psychology doctor program, PSY 790, PSY 791, PSY 890, PSY 891, and permission of instructor.

**PSY 893 Practicum III B: Professional Services 3(Spec)**

Continuation of PSY 892. CR/NC only. Prerequisites: PSY 892 and permission of instructor.

**PSY 898 Doctoral Dissertation: Design 1-12(Spec)**

Design of a doctoral dissertation. CR/NC only. Prerequisite: matriculation in psychology doctoral program.

**PSY 899 Doctoral Dissertation: Implementation 1-12(Spec)**

Completion of the doctoral dissertation designed in PSY 898: data collection, analysis, and write-up. CR/NC only. Prerequisite: PSY 898.

**PSY 990 Internship A: Professional Services 1-6(Spec)**

Develop competencies in psychological services, program development, evaluation, needs assessment and/or delivery systems; PSY 990-991 constitutes a full-time, year-long experience. CR/NC only. Prerequisite: Matriculation in psychology doctoral program; completed M.A. thesis; passed comprehensive exams; dissertation proposal completed and accepted; and permission of instructor.

**PSY 991 Internship B: Professional Services 1-6(Spec)**

Continuation of 990 as a full-time, year-long experience. CR/NC only. Prerequisite: Matriculation in psychology doctoral program; completed M.A. thesis; passed comprehensive exams; dissertation proposal completed and accepted; and permission of instructor.

**PTH 615 Principles of Pharmacology 1(1-0)**

Provides students with an introduction to the principles of pharmacology with an emphasis on understanding how drug therapy is utilized in rehabilitation. Prerequisites: admission to Physical Therapy Program.

**PTH 617 Clinical Pathophysiology I 1(1-0)**

Study of the body's physiological responses to disease states with emphasis on the clinical management pertinent to physical therapy practice. Prerequisite: admission to the physical therapy program.

**PTH 618 Human Physical Development 2(2-0)**

Examination of life stages and their relationship to patient conditions seen in physical therapy. The developmental foundations of therapeutic procedures are discussed. Prerequisite: admission to the Physical Therapy program.

**PTH 619 Continuing Registration for Final Research Project 1(1-0)**

A non-credit course intended for students who have completed all program credits but still need to use university resources to complete their degree requirements.

**PTH 620 Clinical Management of Geriatric Patients 2(2-0)**

Study of clinical management of geriatric patients. Physiological aspects of aging musculoskeletal, neurological, and cardiopulmonary systems are emphasized. Prerequisite: admission to the Physical Therapy program.

**PTH 621 Clinical Pediatrics 2(2-0)**

Students will learn evaluation procedures and strategies for clinical management of the pediatrics patient. Prerequisites: PTH 618, admission to the Physical Therapy program.

**PTH 622 Clinical Pathophysiology II 1(1-0)**

Study of physiological responses to disease states associated with the musculoskeletal system. Emphasis is placed on the clinical management pertinent to physical therapy practice. Prerequisites: PTH 622, admission to the Physical Therapy program.

**PTH 623 Clinical Pathophysiology III 1(1-0)**

Study of physiological responses to disease states associated with the nervous system. Emphasis is placed on the clinical management pertinent to physical therapy practice. Prerequisites: PTH 622, admission to the Physical Therapy program.

**PTH 624 Clinical Pathophysiology IV 1(1-0)**

Study of physiological responses to cancer and to diseases of the endocrine, cardiovascular, and respiratory systems. Physical therapy clinical management is emphasized. Prerequisites: PTH 623, admission to the Physical Therapy program.

**PTH 626 Neuroanatomy in Physical Therapy 3(3-0)**

An introduction to functional neuroanatomy as it relates to physical therapy. Case studies are used to relate implications of neurological lesions with physical therapy intervention. Prerequisites: admission to the Physical Therapy program.

**PTH 633 Clinical Education I 3(1-4)**

A mock clinic format is utilized to introduce the student to specific clinical situations and case studies. Problem-solving, interaction and technical skills analyzed. CR/NC only. Prerequisites: admission to the Physical Therapy program. Concurrent enrollment in PTH 646.

**PTH 634 Clinical Education II 6(Spec)**

This course provides one six-week full-time clinical experience for physical therapy students in physical therapy practice settings. Focus of experience is orthopedic disorders. CR/NC only. Prerequisites: PTH 633 and permission of instructor.

**PTH 635 Examination and Diagnosis I 2(1-2)**

Theory, concepts, and procedures central to examination and diagnosis of patients with dysfunctions or disabilities involving the musculoskeletal system, with laboratory practice in selected measures. Prerequisites: Admission to the Physical Therapy Program. Corequisite: PTH 645.

**PTH 636 Examination and Diagnosis II 2(1-2)**

Theory, concepts, and procedures central to examination and diagnosis of patients with dysfunctions or disabilities involving the musculoskeletal system, with laboratory practice in selected measures. Prerequisites: PTH 635. Corequisite: PTH 646.

**PTH 645 Patient Care I 5(3-4)**

An introduction to the skills and techniques needed in the care of patients. Problem-solving, communication, general patient care and safety will be emphasized. Prerequisites: admission to the Physical Therapy program.

**PTH 646 Patient Care II 5(3-4)**

An introduction to evaluation procedures and interventions used for patients with a variety of dysfunctions involving the musculoskeletal system. This orthopedic intervention course is designed to integrate with other courses in a semester focused on orthopedics. Prerequisites: Admission into physical therapy program, PTH 645, concurrent enrollment in PTH 633, concurrent enrollment in PTH 636.

**PTH 655 Teaching and Learning in Physical Therapy 2(2-0)**

Theory and research on learning development and instruction as it relates to the role of physical therapists as teachers and learners in a variety of situations/settings. Prerequisites: admission to the Physical Therapy program.

**PTH 661 Manual Therapy I 1(0-2)**

Lab demonstration/participation is used to study foundational manual therapy techniques used in physical therapy for the treatment of extremity dysfunctions and associated painful postures. Prerequisites: PTH 646; admission to the Physical Therapy program.

**PTH 662 Manual Therapy II 2(0-4)**

The study of manual techniques used in physical therapy for the treatment of spine dysfunction and associated painful posture. Prerequisites: PTH 661, admission to the Physical Therapy program.

**PTH 663 Proprioceptive Neuromuscular Facilitation 2(2-0)**

This course introduces the treatment techniques and procedures that are integral to proprioceptive neuromuscular facilitation in treating neuromuscular or musculoskeletal problems. Prerequisites: PTH 745, admission to the Physical Therapy program.

**PTH 665 Physical Therapy Seminar I 1(1-0)**

The study of professional issues in physical therapy. Course will focus on health care delivery and practice issues. CR/NC only. Prerequisites: admission to the Physical Therapy program.

**PTH 666 Physical Therapy Seminar II 1(1-0)**

The study of professional issues in physical therapy. Course will focus on practice, political and demographic issues. CR/NC only. Prerequisites: admission to the Physical Therapy program.

**PTH 672 Clinical Anatomy and Kinesiology of Human Joints 4(3-3)**

Anatomical and kinesiological overview of joints in the human body. Includes anatomy, histology of musculo-skeletal tissue, joint biomechanics, arthrokinematics, osteokinematics and study of human gait. Prerequisites: HSC 630 and admission to the Physical Therapy program.

**PTH 690 Motor Learning in Neurorehabilitation 2(2-0)**

Students will examine the current theory on motor learning and make applications to case studies in rehabilitation. Prerequisites: admission to the Physical Therapy program.

**PTH 692 Clinical Biomechanics 2(1-2)**

Addresses advanced topic areas in clinical biomechanics. Areas include special cases for gait, kinetic chain activities, and the mechanical bases of clinical practice.

**PTH 695 Ethics in Physical Therapy 3(3-0)**

The course introduces biomedical ethics principles to students in physical therapy education programs. Students are instructed in ethical theories and decision-making strategies. Credit may not be earned in more than one of these courses. Prerequisites: admission to the Physical Therapy program.

**PTH 710 Principles of Clinical Management 3(3-0)**

Study of Administrative and organizational activities needed in a physical therapy clinic. Personnel, quality assurance, reimbursement, and legal issues are examined. Prerequisites: admission to the Physical Therapy program.

**PTH 732 Clinical Education III 3(1-4)**

A mock clinic format is utilized to introduce students to specific clinical situations. Patient management skills for complex clinical case studies are emphasized. CR/NC only. Prerequisites: admission to the Physical Therapy program, PTH 634.

**PTH 735 Examination and Diagnosis III 2(1-2)**

Theory, concepts, and procedures central to examination and diagnosis in neurological physical therapy practice, with laboratory practice in the application of selected measures. Prerequisites: PTH 636. Corequisite: PTH 745.

**PTH 736 Examination and Diagnosis IV 2(1-2)**

Theory, concepts, and procedures central to examination and diagnosis of patients with dysfunctions or disabilities involving selected multiple systems, with laboratory practice in selected measures. Prerequisites: PTH 735; Co-requisite: PTH 746.

**PTH 745 Patient Care III 5(3-4)**

Students are instructed in skills for the care of patients. Neurologic case studies, standardized testing, education and management issues are emphasized. Prerequisites: PTH 626, PTH 646; admission to the Physical Therapy program.

**PTH 746 Patient Care IV 4(3-2)**

Students are instructed in skills for the care of patients. Cardiopulmonary oncology, burn care, chronic pain and chronic conditions are emphasized. Prerequisites: admission to the Physical Therapy program, PTH 745.

**PTH 765 Physical Therapy Seminars III 1(1-0)**

The study of professional issues in physical therapy. Course will focus on social, business and government issues. CR/NC only. Prerequisites: admission to the Physical Therapy program.

**PTH 766 Physical Therapy Seminars IV 1(1-0)**

The study of professional issues in physical therapy. Course will focus on ethical, educational and practical issues. CR/NC only. Prerequisites: admission to the Physical Therapy program.

**PTH 790 Clinical Research I 4(4-0)**

First of two courses sequence to satisfy the doctoral project requirements for physical therapy program. Students complete either (a) a prospective research project or (b) clinical case report. CR/NC only. Prerequisites: admission to the Physical Therapy program.

**PTH 791 Independent Study 1-3(Spec)**

Students engage in independent study on a topic related to physical therapy. Students work with a faculty sponsor to outline the project requirements and complete the activities. Prerequisites: admission into the Graduate Program in Physical Therapy and a written proposal approved by the Physical Therapy Program Director.

**PTH 792 Special Topics in Physical Therapy 1-9(1-9)**

Exploration of current special topics in physical therapy examination and intervention. May be repeated to a maximum of 9 credits. Prerequisites: Admission to the Physical Therapy Program.

**PTH 825 Health Promotion in Physical Therapy Practice 2(2-0)**

Overview of health promotion in physical therapy practice. Focus on health needs assessment, implementing health promotion interventions, and evaluating program effectiveness with individuals and groups. Prerequisites: admission to the Physical Therapy Program.

**PTH 832 Clinical Education IV 12(Spec)**

This course consists of a full-time clinical internship. The student will have 16 weeks of clinical experience. Students will be affiliated with various clinical sites throughout Michigan and the U.S. CR/NC only. Prerequisites: admission to the Physical Therapy program, and permission of instructor. Concurrent enrollment for students selecting PTH 790.

**PTH 850 Evidence Based Practice in Physical Therapy 2(2-0)**

Principles of evidence based practice applied to the physical therapy profession. Students will learn to gather and evaluate evidence and incorporate it into clinical practice. Prerequisites: HSC 670, admission to the Physical Therapy Program.

**PTH 860 Health Informatics for Physical Therapists 2(2-0)**

Exploration and application of health informatics in support of patient care, teaching, research and health care administration applicable to physical therapy. Prerequisites: admission to the Physical Therapy Program.

**PTH 870 Rehabilitation Care Management 3(3-0)**

Students develop skills for primary care management in rehabilitation services. Content areas include: keep/referral decision making, patient advocacy, utilization of public health agencies, and cultural issues. Prerequisites: admission to the Physical Therapy Program.

**PTH 890 Clinical Research II 4(4-0)**

Second of two courses sequence to satisfy the doctoral project requirements for physical therapy program. Students complete (a) a prospective research project or (b) clinical case report. CR/NC only. Prerequisites: admission to the Physical Therapy program.

**PTH 891 Fall Assessment and Prevention 1(1-0)**

This course presents comprehensive fall assessment and prevention programs. Evaluation of risk factors for falling and prevention strategies are emphasized. Prerequisites: Admission to the Graduate Program in Physical Therapy.

**PTH 893 Imaging in Physical Therapy 1(1-0)**

Study and application of patient imaging in the practice of physical therapy. Prerequisites: PTH 634 and admission to the Physical Therapy Program.

**PTH 894 Issues and Practice in Women's Health 1(1-0)**

Issues in physical therapy evaluation, examination, and management of female patients/clients. Unique conditions of female adolescents, the childbearing years, midlife, and aging are discussed. Prerequisites: PTH 634 and admission to the Physical Therapy Program.

**PTH 932 Clinical Education V 12(Spec)**

This course consists of a 16 week full-time clinical internship. Students will be affiliated with various clinical sites throughout Michigan and the U.S. CR/NC only. Prerequisites: admission to the Physical Therapy program, PTH 832, and permission of the instructor. Concurrent enrollment in PTH 890.

**REL 101 World Religions: An Introduction to the Study of Religion 3(3-0)**

*Basic forms of religious thought, practice, and expression studies as a component of human life; includes a survey of major religious traditions. This course is approved for offering in an online or hybrid delivery format. May be offered as Writing Intensive. (University Program Group I-A: Human Events and Ideas)*

**REL 130 Religion in America 3(3-0)**

*An introduction to the varieties of religious thought, practice, and expression in America; emphasis on the interactions between religious traditions and American culture and politics. May be offered as Writing Intensive. (University Program Group I-A: Human Events and Ideas)*

**REL 140 Religion, Race and Discrimination in America 3(3-0)**

*Introduction to the religious expressions of Americans who have experienced racial discrimination, with emphasis on Native American, African-American, and Hispanic-American communities. (University Program Group IV-C: Studies in Racism and Diversity in the United States)*

**REL 207 Women in Religion 3(3-0)**

*Roles and images of women in major religious traditions; emphasis on religious reform, creation of alternative institutions, new concepts of spirituality. Identical to WGS 207. Credit may not be earned in more than one of these courses. May be offered as Writing Intensive. (University Program Group I-A: Human Events and Ideas)*

**REL 220 Religious Traditions of China 3(3-0)**

*Study of the basic character of Chinese religious traditions. Examines Chinese Buddhism, Confucianism, Chinese folk religions, and Daoism. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**REL 221 Religious Traditions of Japan 3(3-0)**

*Study of Japanese religious traditions including Japanese Buddhism, Shinto, Japanese folk religions, and the New Religions of Japan. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**REL 222 Religious Traditions of India 3(3-0)**

*Major features of the religious traditions arising from India, including Hindu, Jaina, Buddhist, and Sikh traditions. Stresses the significance of religious practice in Indian society. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**REL 235 Religion and Social Issues 3(3-0)**

*Introduction to religious and ethical thought in personal, social and institutional contexts. Topics such as violence, sexism/heterosexism, racism, ecology or poverty may be examined. May be offered as Writing Intensive. (University Program Group I-A: Human Events and Ideas)*

**REL 240 African-American Religion 3(3-0)**

*Origins, development, and contemporary character of African-American religion, including Christianity, Islam, and new religious movements. (University Program Group IV-C: Studies in Racism and Diversity in the United States)*

**REL 250 Creation, Conquest, and Chaos: Introduction to the Old Testament 3(3-0)**

*The literature, history, and religion of ancient Israel in its Near Eastern context as disclosed through study of the Hebrew Bible in English translation. (University Program Group I-A: Human Events and Ideas)*

**REL 260 From Gospel to Apocalypse: Introduction to the New Testament 3(3-0)**

*Intensive study of selected portions of New Testament literature, with an introduction to the Hellenistic-Roman age through study of selected background documents. (University Program Group I-A: Human Events and Ideas)*

**REL 301 Myth and Meaning 3(3-0)**

Study of myth and myth-making as expressions of humankind's quest for order and meaning in life. Examines myth in general and in specific cultural settings.

**REL 302 Witchcraft, Magic, and Occult Phenomena 3(3-0)**

A study of witchcraft in its European and African settings as well as a study of the intellectual history of witchcraft and occultism.

**REL 303 Goddesses 3(3-0)**

Interdisciplinary study of nature and role of goddesses in selected cultures, ancient and modern. Examination of issues raised when contemporary groups employ/reinvent goddess concepts. Identical to WGS 303. Credit may not be earned in more than one of these courses.

**REL 304 Religion and Psychology 3(3-0)**

Surveys classic and contemporary psychological theories of religion, including the behavioral, comparative, and cognitive perspectives; also explores the psychological role of religion in human life.

**REL 305 Mysticism 3(3-0)**

Exploration of mystic experience, including consideration of its place in religious life, its modes of expression, and the major mystical figures in the world's religions.

**REL 313 Christianity 3(3-0)**

*Development of the Christian religious tradition from Jesus of Nazareth to its major contemporary branches: Orthodoxy, Roman Catholicism, and Protestantism. (University Program Group I-A: Human Events and Ideas)*

**REL 314 Islam 3(3-0)**

*Muhammad and the Qur'an, the Sunni and Shi'a split; nine subcultures of the Muslim world; Shari'a; women in Islam; jihad; terrorism; Islamism, and Sufism. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**REL 315 Judaism 3(3-0)**

*Judaism as a multifaceted approach to identity and lifestyle, both personal and societal; religious expressions such as Torah, myth, ritual, festivals, holy days. (University Program Group I-A: Human Events and Ideas)*

**REL 320 The Buddhist Tradition 3(3-0)**

*The general nature of the Buddhist tradition, with attention to particular developments within it (e.g., tantra, Zen). Primarily examines Buddhism's role in selected Asian cultures. This course may be offered in an online or hybrid format. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**REL 334 Death and Dying 3(3-0)**

*Religious and cultural explanations of death and responses to dying, death and mourning; religious, ethical, biomedical ethical and legal issues, e.g., health care, suicide, abortion, euthanasia. This course may be offered in an online or hybrid delivery format. May be offered as Writing Intensive. (University Program Group I-A: Human Events and Ideas)*

**REL 336 Religion and Film 3(3-0)**

Examines the interrelations of film and religion, including the representation of religion in film and the ways film functions religiously in modern media culture. Prerequisites: 45 credit hours completed.

**REL 340 Modern Religious Thought 3(3-0)**

Studies major issues in modern religious thought: e.g., religion and science; theologies of liberation; Christianity and the encounter of world religions.

**REL 342 From Spirituals to Gospel 3(3-0)**

The development of African-American religion from 19th century to the present through an examination of the nature and function of religious song. No knowledge of music theory required.

**REL 345 The Civil Rights Movement 3(3-0)**

*Examines the civil rights movement from 1954 to 1980s; based on PBS series: Eyes on the Prize. Identical to PHL 345, PSC 325, SOC 345. Credit may not be earned in more than one of these courses. Prerequisites: Any one of the following: HST 110, HST 111, HST 112, LAR 145, PSC 100, PSC 105, PSC 125, REL 140, SOC 100. (University Program Group IV-C: Studies in Racism and Diversity in the United States)*

**REL 347 African American Reflections on Racism 3(3-0)**

Impact of and resistance to racism treated in theoretical works (theology, ethics, social sciences) and illustrated in the lives and creative works of African Americans.

**REL 351 Prophecy and Prophets 3(3-0)**

Psychological and spiritual phenomenon of prophetism in the Ancient Near East; intensive study of Old Testament prophetic literature; historical context, literary form, theological content.

**REL 361 Religion in Colonial Latin America 3(3-0)**

This course examines the interaction of European, African, and Native American religions during the colonial period in Latin America. Identical to HST 361. Credit may not be earned in more than one of these courses. Recommended: Any Latin American history and/or Religion course.

**REL 362 The Apocalyptic Message and Method 3(3-0)**

Exploration of apocalyptic thought and literature; examination of its significance and continuing influence; evaluation of its method and approach.

**REL 363 Ethics and Morality in the Bible 3(3-0)**

Examination of representative biblical codes of conduct, their underlying ethical principles, and their application to perennial moral issues, such as killing, sexuality, and economic justice.

**REL 365 The Sayings of the Historical Jesus 3(3-0)**

Study of Jesus' teaching, its environment, sources and methods used for its recovery, literary forms in which it was transmitted, and reconstruction of its contents.

**REL 367 Paul: His Life, Letters and Legacy 3(3-0)**

Study of Paul's environment, life, work, and letters and his influence on the subsequent history of Christian thought.

**REL 375 Terrorism, Jihad, and Islamism 3(3-0)**

Historical introduction to Muslim terrorists, jihad, and Islamism; exploration of the psychology of terrorism and of the contested designations of martyrdom and suicide. Prerequisite: 45 credit hours completed.

**REL 376 Women in Muslim Cultures 3(3-0)**

A survey of women's lives, roles, and issues such as gender segregation, education, and veiling among the peoples of Muslim societies and cultures. Prerequisite: 45 credit hours completed.

**REL 377 Sufism: Mystical Islam 3(3-0)**

A survey of the various phenomena that comprise Sufism: mystical knowledge, spiritual practice, and culture; inner spirituality; master-disciple relationships; Sufi fellowships; and saint veneration. Prerequisite: 45 credit hours completed.

**REL 382 History of Israel 3(3-0)**

Israel and Palestine from ancient times to the present, including background to contemporary Zionism and the conflict with Arab nationalism. Identical to HST 382. Credit may not be earned in more than one of these courses.

**REL 397 Special Studies 1-9(Spec)**

Each offering studies a selected topic using readings, discussions, lectures, and research as appropriate.

**REL 492 Readings in World Religion 1-9(Spec)**

Advanced independent study for the interested and qualified student. Prerequisite: permission of instructor.

**REL 493 Readings in American Religion 1-9(Spec)**

Advanced independent study for the interested and qualified student. Prerequisite: permission of instructor.

**REL 494 Readings in Religion and Society 1-9(Spec)**

Advanced study for the interested and qualified student. Prerequisite: permission of instructor.

**REL 495 Readings in Biblical Studies 1-9(Spec)**

A scholarly study of a limited portion of the Bible, making use of historical, linguistic, and archaeological studies. Prerequisite: permission of instructor.

**REL 498 Readings in the Greek Bible 1-9(Spec)**

The direct study of the Greek Old and/or New Testament. Prerequisite: permission of instructor.

**REL 501 Seminar in the Study of Religion 3(3-0)**

The study of religion as an academic discipline, including a selection of leading scholarly approaches to the investigation of religious phenomena. May be offered as Writing Intensive. Prerequisites: 9 credit hours in Religion.

**REL 505 Research Seminar 3(3-0)**

A seminar supporting research projects in religion, primarily intended for seniors who are religion majors. May be offered as Writing Intensive. Prerequisites: for undergraduates, a signed Religion major with completion of REL 501. For graduate studies, permission of instructor.

**REL 597 Special Topics 1-6(Spec)**

Advanced study of selected topics using readings, discussions, lectures, and research as appropriate.

**REL 642 African-American Sacred Song 3(3-0)**

Study of nature and function of African-American sacred singing from spirituals to contemporary gospel. Singing will be examined in historical context with varied theoretical approaches. Prerequisites: a Bachelor's degree from an accredited college. No prior knowledge of music theory required.

**RLA 116 Introduction to Fly Fishing 1(1-0)**

Introduction to basic fly fishing techniques and methods. Not to be applied to an RPL major or minor. CR/NC only.

**RLA 120 Introduction to Fly Tying 1(1-0)**

Introduction to beginning fly tying methods to attract freshwater game fish in lakes and streams. Not to be applied to RPL major or minor. CR/NC only.

**RLA 150 Canoe Camping and Touring 1(1-0)**

Fundamentals of canoe camping and touring on lakes and rivers. Not to be applied to RPL major or minor. CR/NC only.

**RLA 155 Introduction to Sailing 1(1-0)**

Introduction to the concepts and skills of sailing. Not to be applied to a RPL major or minor. CR/NC only.

**RLA 158 Whitewater Rafting 1(1-0)**

Introduction to the fundamentals of whitewater rafting. Focus on river reading skills, strokes, rescues, and safety. Not to be applied to a RPL major or minor. CR/NC only.

**RLA 160 Introduction to Recreational Kayaking 1(1-0)**

Introduction to beginning kayaking skills for kayak touring. Not to be applied to RPL major or minor. CR/NC only.

**RLA 165 Introduction to Freestyle (Skate) Cross Country Skiing 1(1-0)**

Introduction to the techniques of freestyle (skate) cross country skiing. Not to be applied to a RPL major or minor. CR/NC only.

**RLA 168 Introduction to Snowshoeing 1(1-0)**

Introduction to the concepts, equipment, and skills of snowshoeing. Not to be applied to a RPL major or minor. CR/NC only.

**RLA 170 Beginning Rock Climbing 1(1-0)**

Basic concepts of rock climbing and rappelling. Focus will be on belaying, knot tying, gear selection, and movement on the rocks. Not to be applied to an RPL major or minor. CR/NC only.

**RLA 180 Introduction to Backpacking 2(1-1)**

Basic concepts of backpacking for the recreational back-packer, focusing on equipment, packing, cooking, hiking, and environmental ethics. Not to be applied to RPL major or minor. CR/NC only.

**RLA 200 Special Activity Topics in Recreation 1-3(Spec)**

Designed for students to be introduced to recreation activity topics and skills as lifetime leisure pursuits. Repeatable up to 3 credits when content previously studied is not duplicated. Not to be applied to RPL major or minor. CR/NC only.

**RLA 217 Advanced Fly Fishing 1(1-0)**

Advanced techniques of fly casting and fly fishing for trout and warm water game fish. Not to be applied to a RPL major or minor. CR/NC only. Prerequisite: RLA 116.

**RLA 220 Advanced Fly Tying 1(1-0)**

Advanced techniques of fly tying for freshwater fish. Not to be applied to RPL major or minor. CR/NC only. Prerequisite: RLA 120.

**RLA 225 Recreational Crafts 2(2-0)**

Leading and designing innovative, cost effective and creative recreational crafts for a variety of cultural and ability groups. Not to be applied to RPL major or minor. CR/NC only.

**RLA 270 Advanced Rock Climbing 2(2-0)**

Learning advanced concepts of rock climbing, focusing on climbing anchors, advanced movement techniques, and safety. Not to be applied to RPL major or minor. CR/NC only. Prerequisite: RLA 170.

**RPL 102 Leisure in Your Life 3(3-0)**

A study of leisure and its implications for an individual's quality of life.

**RPL 118 Introduction to Recreation, Parks, and Leisure Services 2(2-0)**

The nature, scope, and significance of recreation, parks, and leisure in today's world. A survey of professional opportunities.

**RPL 200 Special Topics in Recreation 1-6(Spec)**

Concentrated study of a current recreation topic.

**RPL 204 Introduction to Community Recreation Administration 3(3-0)**

An introduction to the interrelationships of community organizations sharing a recreation responsibility.

**RPL 205 Outdoor Leadership 3(2-2)**

Introduction to outdoor leadership; study of leadership in outdoor and camp settings.

**RPL 206 Recreation Activities Leadership 3(3-0)**

Methods, techniques, leadership styles, and organization of recreational activities including sports, crafts, cultural arts, games, and teambuilding initiatives.

**RPL 209 Inclusive Recreation with Diverse Populations 2(2-0)**

Introduction of inclusive recreation and activity programming with diverse populations. Recommended: RPL 118.

**RPL 210 Introduction to Therapeutic Recreation 3(3-0)**

An introduction to the use of recreational activity as a therapeutic or treatment intervention for individuals with chronic health issues or disability. Recommended: RPL 118.

**RPL 216 Introduction to Outdoor Recreation 3(3-0)**

Introduction to history and development of Outdoor Recreation as a profession. Overview of federal, state, and local governments as providers of outdoor recreation.

**RPL 218 Teaching of Outdoor Skills 3(3-0)**

Techniques of teaching four traditional outdoor recreation pursuits (shooting sports, fishing, canoeing, map and compass). Emphasis on assisting people to develop lifetime outdoor recreation skills.

**RPL 219 Camp Counseling and Leadership 3(3-0)**

Introduction to techniques and practices for camp counseling and leadership positions.

**RPL 261 Introduction to Private and Commercial Recreation 3(3-0)**

An introduction to the broad areas of, and career opportunities in, commercial recreation and facility management.

**RPL 303 Independent Reading 1(Spec)**

In-depth exploration of one or more aspects of the field of the leisure services profession through individual study.

**RPL 307 Management Skills in Leisure Services 3(3-0)**

The development of conceptual and human relations skills necessary to the successful management of a leisure service agency. Prerequisites: RPL 118; One of the following: RPL 204 or 216 or 261.

**RPL 310 Pre-Internship in Leisure Services 1(1-0)**

Preparation for participation in the internship experience. Should be taken two semesters prior to internship. CR/NC only. Prerequisites: RPL 204 or 210 or 216 or 261.

**RPL 318 Field Course in Recreation Specialization 1-15(Spec)**

Supervised practical, field work experience within a leisure services organization.

**RPL 320 Professional Internship in Recreation 1-30(Spec)**

In-depth, capstone internship experience in commercial, community, therapeutic, or outdoor recreation. Prerequisite: RPL 310.

**RPL 321 International Practicum in Leisure Services 1-30(Spec)**

In-depth, practical field experience for international students with a leisure or recreation agency.

**RPL 333 Production of Festivals and Events 2(1-2)**

The production and management of events and festivals through student application and fieldwork. Required attendance at course-identified event for service learning component. Prerequisites: RPL 430; signed Event Management Minor or Recreation, Parks & Leisure Services Administration major.

**RPL 340 Therapeutic Recreation: Developmental Disabilities 3(3-0)**

Assessment, planning, and therapeutic recreation programming for individuals with intellectual and developmental disabilities. Pre/Co-requisite: RPL 210 or RPL 209.

**RPL 341 Therapeutic Recreation: Physical Disabilities 3(3-0)**

Assessment, planning, and therapeutic recreation programming for individuals with physical disabilities. Pre/Co-requisite: RPL 210 or PES 386 or SPE 126.

**RPL 342 Therapeutic Recreation: Behavioral Health 3(3-0)**

Assessment, planning, and therapeutic recreation programming for individuals with behavioral health impairments. Pre/Co-requisite: RPL 210.

**RPL 343 Tourism 3(3-0)**

An examination of where and why the hospitality services industry client travels at home and abroad and the economic impact of tourism expenditures. Identical to HSA 343. Credit may not be earned in more than one of these courses. Recommended: 56 semester hours completed; admission to Professional Business Studies, or listed on signed major or minor.

**RPL 345 Therapeutic Recreation: Gerontology 3(3-0)**

Assessment, planning, and therapeutic recreation programming for individuals with age related disabilities. Pre/Co-requisite: RPL 210 or GRN 247.

**RPL 346 Recreation for Senior Citizens 3(3-0)**

Proposing, organizing, administering, and conducting recreation activities for older adults.

**RPL 347 Special Olympics: Management, Coaching, and Volunteerism 3(3-0)**

Organize, conduct, coach or direct athletes involved in Special Olympic competition. Students will work with Special Olympics Michigan. CR/NC only.

**RPL 348 Aquatic Therapy Seminar 1(1-0)**

Explore the benefits and techniques of aquatic therapy when servicing individuals with neurological, neuromuscular, and orthopedic disorders. All students will practice techniques in the water. Pre/Co-Requisite: RPL 341. Recommended: Signed major in Allied Health field.

**RPL 349 Facilitation Techniques in Therapeutic Recreation 3(3-0)**

An in depth review of the unique facilitation techniques, interventions, or modalities implemented by the recreational therapist. Prerequisites: RPL 118, 210 and one of the following: RPL 340, 341, 342, 345.

**RPL 350 Administration and Operations of Aquatic Facilities 3(3-0)**

This course provides operational knowledge and skills for the administration, operations and programming of aquatic facilities for private or public sector leisure service agencies. Prerequisite: Junior class standing.

**RPL 351 Pharmacology for Therapeutic Recreation 2(2-0)**

Essentials of pharmacology for therapeutic recreation and other allied health professions. Prerequisites: Two of the following: RPL 340, 341, 342, 345.

**RPL 358 Foundations of Outdoor and Environmental Education 3(3-0)**

Introduction to the foundational concepts, principles, and teaching methods of outdoor and environmental education for non-formal and formal education settings.

**RPL 359 Advanced Expedition Planning 3(3-0)**

Advanced concepts of wilderness expedition planning. The course focuses on equipment, techniques, and the leadership of land and water based expeditions. Prerequisites: RPL 205, 216. Recommended: prior backpacking experience.

**RPL 360 Advanced Wilderness Adventure Trip Facilitation 3(Spec)**

Development of wilderness adventure facilitation skills including group management, group goal setting, environmental ethics, advanced camping, and wilderness navigation skills. Prerequisite: RLA 180. Recommended: Prior backpacking and camping experience.

**RPL 365 Wilderness First Responder 3(3-0)**

In-depth emergency medical training for wilderness settings. Prerequisite: RPL 216.

**RPL 370 Leave No Trace Ethics 1(1-0)**

Examines the seven principles of Leave No Trace. Instruction in effective Leave No Trace teaching techniques and certification as professional Leave No Trace Trainers. Prerequisite: RPL 216 and RPL signed major/minor.

**RPL 400 Special Issues in Leisure Services 1-6(Spec)**

In-depth study of a special issue in leisure services. May be repeated up to six credits for different topics. Prerequisites: One of the following: RPL 204, 261, 216 or 210; or a signed RPL minor; or a signed Event Management minor.

**RPL 405 Administration of Community Leisure Services 3(3-0)**

The organization and administration of community leisure services. Prerequisites: RPL 118; one of the following: RPL 204, 216, 261.

**RPL 420 Planning and Facility Design for Leisure 3(3-0)**

Basic concepts related to master planning for leisure services; planning and design of recreation areas and sites; planning, design, and construction of recreation facilities.

**RPL 430 Planning Recreation Programs and Events 3(3-0)**

Development and implementation of recreation experiences and events for diverse populations in a variety of leisure service settings. Prerequisites: One of the following: RPL 204, 216, 261; or signed Event Management minor.

**RPL 431 Planning Community Recreation Programs & Events 3(3-0)**

Development and implementation of recreation programs and events for diverse populations in a variety of community and/or nonprofit leisure service settings. Prerequisite: One of the following: RPL 204, 216, 261, signed Event Management minor.

**RPL 435 Leadership in Adventure Education Programming 3(3-0)**

Leadership in trip-planning, risk management, and outdoor etiquette in adventure education. In-depth content in facilitation, processing, campcraft skills, and environmental ethics. Weekend trips required. Prerequisites: RPL 205.

**RPL 436 Facility Operations and Maintenance 3(3-0)**

Operation and maintenance of areas and facilities for parks, recreation, and leisure services including specialized facilities; aquatics, ice arenas, sport fields, and natural areas. Prerequisites: RPL 204 or 261 or signed Event Management Minor. Recommended: RPL 307 or 405.

**RPL 438 Meeting and Exposition Planning 3(3-0)**

The development of skills and knowledge necessary for successful planning and management of conventions, meetings, and expositions in a commercial recreation setting. Prerequisite: RPL 430.

**RPL 440 Special Event Administration 3(3-0)**

Explore the dynamics of the event industry. Develop skills in event administration, logistics, revenue development, proposals, design, planning and coordination of large-scale special events. Prerequisites: RPL 430. Cannot take RPL 438 and RPL 440 in the same semester.

**RPL 460 Quality Service Systems in the Leisure Service Industry 3(3-0)**

Develop an orientation toward and philosophy of quality service principles and practices as they relate to a variety of leisure service industries. Fee required. Prerequisites: RPL 118; RPL 204 or 261; or signed Event Management minor.

**RPL 470 Park and Natural Resource Management 3(3-0)**

Management of federal, state, and local park systems, and natural resource areas. Focuses on environmental issues, administration, planning, personnel, marketing, and maintenance. Prerequisites: RPL 118; one of the following: RPL 204, 216, 261.

### **RPL 497 Community Recreation Professional Seminar 1(1-0)**

Senior level capstone course focusing on community recreation trends and issues, continuing professional development, and resources for continuing education. Prerequisites: Students must be in their last semester of on campus enrollment with a minimum of 24 RPL credits and have a signed RPL: Community Leisure Services Administration major.

### **RPL 498 Independent Study 1-6(Spec)**

Student-initiated project or study of a topic related to recreation, parks, or leisure services guided by a faculty member. Prerequisite: Permission of instructor.

### **RPL 499 Independent Research in Leisure Services 1-3(Spec)**

Research on a topic of interest to the student. Topic, outcomes, and hours must be approved prior to enrollment. CR/NC only. Prerequisites: Permission of instructor.

### **RPL 508QR Budgeting & Funding for Leisure Service Agencies 3(3-0)**

Budgetary and fund development procedures for leisure service agencies. Quantitative Reasoning. Prerequisites: RPL 204 or RPL 216 or RPL 261 or graduate status. Pre/Co-requisites: RPL 358 or RPL 430 or RPL 431.

### **RPL 511 Liability and Risk Management in Leisure Services 3(3-0)**

Situational analysis of the legal systems impacting the delivery of recreation and leisure services. Emphasis on applied legal understanding and loss control strategies. This course may be offered in an online or hybrid format. Prerequisite: 6 credits in RPL or signed Event Management Minor; or Graduate Status.

### **RPL 518 Research & Philosophy in RPL 3(3-0)**

This course explores the philosophical, social, and historical foundations of parks, recreation and leisure. Develops skills for research in leisure service settings. Prerequisites: 14 credits in RPL or graduate status.

### **RPL 521 Fund Development & Grant Writing for Public & Non-profit Organizations 3(3-0)**

Processes and applied skills for fund development and grant writing for public and nonprofit organizations. This course may be offered in an online or hybrid format. Pre/Co-requisites: RPL 405 or 508 or senior or graduate status.

### **RPL 545 Marketing of Leisure Services 3(3-0)**

Provides a basis for applying marketing principles and techniques to the provision of leisure service experiences. This course is approved for offering in a distance learning format. Prerequisites: 6 credits in RPL or signed Event Management minor or graduate status.

### **RPL 552 Environmental Interpretation 3(3-0)**

Development of the skills to produce and implement interpretive programs in parks, camps, natural areas, and visitor and nature centers located in urban and rural areas. Prerequisites: RPL 358 or Graduate status.

### **RPL 570 Wilderness Issues and Policy 3(3-0)**

Exploration of wilderness as a unique natural resource context. Examines legislative origins, policy decisions, and management philosophies in relation to current issues and trends. Prerequisites: RPL 216 or graduate status.

### **RPL 580 Programming for Therapeutic Recreation 3(3-0)**

Programming techniques for Therapeutic Recreation. Prerequisites: RPL 210 or graduate status. Pre/Co-Requisites: Two of the following: RPL 340, 341, 342, 344, 345.

### **RPL 581 Therapeutic Recreation: Issues and Trends 3(3-0)**

Current issues and trends related to therapeutic recreation service delivery including: professional credentialing, third-party reimbursement, accreditation standards, legislation, ethics, and other administrative issues. Prerequisite: RPL 210 or graduate status. Pre/Co-Requisites: Two of the following RPL 340, 341, 342, 344, 345.

### **RPL 600 Advanced Issues in Recreation 1-6(Spec)**

Advanced concentration study of a current recreation or park administration problem or issue. Prerequisite: Admission to MA or MSA in Recreation & Park Administration program.

### **RPL 603 Advanced Independent Reading in Recreation 1(Spec)**

Exploration of one or more aspects of the recreation, parks, and leisure services profession through individual study. Prerequisite: Admission to MA or MSA in Recreation & Park Administration program.

### **RPL 605 Administration of Leisure Services Systems 3(3-0)**

The administrative aspects of operating recreation, parks, and leisure services systems. Emphasis on advanced administrative principles, practices, methods, and issues. Prerequisite: Admission to MA or MSA in Recreation & Park Administration program.

### **RPL 610 Leisure Research 1(1-0)**

Introduction to leisure research methodology. Prerequisite: Admission to MA or MSA in Recreation & Park Administration program.

### **RPL 611 Evaluation in Recreation and Leisure Services 3(3-0)**

A study of evaluation and its application to the field of recreation and leisure services. This course may be offered in an online or hybrid format. Prerequisite: Admission to the MSA program.

### **RPL 615 Practicum in Recreation Supervision and Administration 1-6(Spec)**

Supervised and practical experience in some facet of recreation or park administration or supervision. Not applicable for RPL Masters candidates, except to fulfill requirement deficiencies. CR/NC only. Prerequisite: Permission of instructor.

### **RPL 618 Issues in Leisure 3(3-0)**

Theories of leisure behavior and current issues and trends in leisure. Topics discussed are dependent upon interests of students enrolled in class. This course may be offered in an online or hybrid format. Prerequisite: Admission to the MSA program.

### **RPL 619 Continuing Registration for Final Research Project 1(1-0)**

A non-credit course intended for students who have completed all program credits but still need to use university resources to complete their degree requirements. Prerequisite: Admission to MA or MSA in Recreation & Park Administration program.

**RPL 620 Planning for Parks and Recreation Facilities 3(3-0)**

Principles and procedures in the planning, development, and maintenance of park and recreation areas and facilities. Prerequisite: Admission to MA or MSA in Recreation & Park Administration program.

**RPL 636 Recreation Facility Operations and Management 3(3-0)**

Administrative practices for the management and operations of areas and facilities for recreation and leisure services. This course may be offered in an online or hybrid format.

**RPL 640 Recreation Program and Event Administration 3(3-0)**

Principles and procedures in the conceptualization, planning, administration, operations, and evaluation of recreation programs and special events. This course may be offered in a hybrid or online format. Prerequisite: Admission to the MSA program.

**RPL 652 Outdoor Recreation 3(3-0)**

Focus on state, national, and international agencies involved in the provision of programs and services for outdoor recreation. Prerequisite: Admission to MA or MSA in Recreation & Park Administration program.

**RPL 698 Graduate Internship 1-6(Spec)**

Advanced internship experience, performed under a certified or trained professional in a recreation/leisure setting for a 15-week period. Prerequisite: Permission of instructor.

**RPL 699 Graduate Project 1-6(Spec)**

Student proposes, implements, and evaluates an advanced, in-depth administrative or supervisory level applied project. Prerequisite: Permission of instructor.

**RPL 791 Independent Study 2(Spec)**

Independent research in a topic of interest. Topic must be approved prior to enrollment. Not open to students taking RPL 798. Prerequisite: Permission of instructor. Recommended: PES 670 or HEV 597.

**RPL 798 Thesis 1-6(Spec)**

A written thesis and oral defense of research conducted in the leisure services field. The thesis must be approved by the candidate's graduate committee and advisor. Not open to students enrolled in RPL 791. Prerequisite: Permission of instructor. CR/NC only.

**RUS 101 Elementary Russian I 4(4-0)**

Designed for students who have had no Russian. Basic language skills. Introduction to the culture of the Russian-speaking countries. Students who have completed more than one year of Russian in secondary schools will not receive credit.

**RUS 102 Elementary Russian II 4(4-0)**

Basic language skills. Continuation of RUS 101. Prerequisite: RUS 101.

**RUS 201 Intermediate Russian I 4(4-0)**

More practice in hearing and speaking Russian, and exercises in reading and writing the language. Prerequisite: RUS 102.

**RUS 202 Intermediate Russian II 4(4-0)**

Continuation of RUS 201. Prerequisite: RUS 201.

**SAM 560 Introduction to Rheology 3(3-0)**

Introduction to the flow and deformation of materials under stress. Applications to polymeric and biological materials. Prerequisites: MTH 233, 334; or graduate standing. Recommended: CHM 345 or CHM 331 or PHY 312 or EGR 358.

**SAM 570 Multiscale Modeling and Simulation of Materials 3(3-0)**

Simulation, modeling, and their applications of polymers, colloids, biomaterials, gels, liquid crystals, drug interactions, and nanomaterials on the molecular, mesoscopic, and bulk level. Prerequisites: MTH 233, 334; or graduate standing. Recommended: CHM 345 or 331 or PHY 332 or EGR 355.

**SAM 620 Chemical Principles in the Science of Materials 3(3-0)**

Principles of inorganic and organic chemistry relevant to the study of materials. Theories of bonding; important synthesis reactions; standard methods of structure determination; chemical properties. Prerequisites: CHM 131 and 132, or CHM 161.

**SAM 630 Physical Principles in the Science of Materials 3(3-0)**

Application of quantum theory and statistical mechanics to the physics of materials. Origin of electrical, magnetic, and optical properties of solids and methods of characterization. Prerequisites: PHY 145, PHY 146, MTH 233.

**SAM 685 Current Topics in the Science of Advanced Materials 1-5(1-0)**

One credit graduate seminar focusing on current topics in the science of advanced materials. May be repeated for a total of up to 5 credits. Prerequisite: Admission to SAM PhD program.

**SAM 690 Special Topics in Science of Advanced Materials 1-9(Spec)**

Special topics not included in regular courses in the Science of Advanced Materials program. Course may be taken for credit more than once; total credit not to exceed nine hours. Prerequisites: Admission to SAM program.

**SAM 700 Advanced Materials I: Inorganic and Nanomaterials 3(3-0)**

This course will provide a detailed survey of metals, semiconductors, ceramics, and nanomaterials, with a special emphasis on structure-property relationships. Prerequisites: SAM 620 or SAM 630.

**SAM 710 Advanced Materials II: Polymers, Composites and Biomaterials 3(3-0)**

Structure, properties, characterization, and synthesis of polymeric materials, biomaterials and derived compositions. Prerequisites: SAM 620 or SAM 630.

**SAM 720 Inorganic and Nanomaterials Laboratory 4(2-6)**

Experimental synthesis, characterization, and modeling techniques used for inorganic and nanomaterials. Prerequisites: Admission to SAM PhD program.

**SAM 721 Polymeric and Biomaterials Laboratory 4(2-6)**

Experimental synthesis, characterization, and modeling techniques used for polymers and biomaterials. Prerequisites: Admission to SAM PhD program.

**SAM 722 Material Surface Characterization Laboratory 3(1-6)**

Surface characterization techniques for a variety of materials. Prerequisites: SAM 620 or 630. Pre/Co-requisites: SAM 700 or 710.

**SAM 723 Engineering Materials Laboratory 4(2-6)**

Synthesis, characterization, and modeling techniques used for engineering material including metals, composites, fluids and electrical materials. Prerequisite: Admission to the SAM PhD program.

**SAM 785 Seminar in the Science of Advanced Materials 1(1-0)**

Development of skills required for critical evaluation and technical presentation of current research topics in the science of advanced materials. Prerequisites: Admission to SAM PhD program. Pre/Co-requisites: SAM 685.

**SAM 790 Independent Study in Advanced Materials 1-3(Spec)**

Independent study in the area of advanced materials. A proposal for the independent study prepared in consultation with an advisor is required. Prerequisites: Admission to the Science of Advanced Materials Ph.D. program and permission of instructor.

**SAM 795 Internship in the Science of Advanced Materials 1-6(Spec)**

Develop competencies in the science of advanced materials in an internship. CR/NC only. Prerequisites: Completion of cumulative examinations. Admission to candidacy.

**SAM 796 Directed Research in the Science of Advanced Materials 1-36(Spec)**

Directed research supervised by a SAM faculty member. May be repeated for a total of 36 credits. Prerequisites: Admission to the SAM program.

**SAM 899 Dissertation 1-12(Spec)**

Completion of the doctoral dissertation. May be repeated for a total of 12 credits. CR/NC only. Prerequisites: Admission to the SAM Ph.D. program; successful completion of preliminary exams.

**SCI 109 Critical Thinking in Science and Technology 1-3(Spec)**

Critical thinking and problem solving skills developed within the context of current topics in science and technology. A freshman experience course in Science and Technology.

**SCI 165 Earth Systems Science for Elementary Teachers 3(2-2)**

Inquiry-based survey of Earth systems tailored to students pursuing a degree in Elementary Education; human impact on and changes in the environment through time.

**SCI 197 Special Studies in Science 1-12(Spec)**

Primarily for freshmen or sophomores. Prerequisite: permission of instructor.

**SCI 320 Fundamentals of Fermentation Science 3(3-0)**

The science of brewing focusing on the biochemistry and microbiology involved in the process of brewing beer. Prerequisites: BIO 110; CHM 120 or 132.

**SCI 321 Fermentation Analyses 3(1-4)**

Laboratory techniques in brewing analyses. Quantitative and qualitative laboratory analysis of brewing ingredients, processes, and products. Pre/Co-requisite: SCI 320.

**SCI 322 Applied Fermentation Science 3(1-5)**

A practical application of fermentation science principles in the production and analysis of beer. Pre/Co-requisites: SCI 320, 321, 323.

**SCI 323 Brewery Facilities and Operations 3(3-0)**

Study of the design, equipment, operation, and maintenance of a modern brewery. Pre/co-requisite: SCI 320.

**SCI 397 Special Studies in Science 1-12(Spec)**

Primarily for juniors and seniors. Prerequisite: permission of instructor.

**SCI 400 Teaching Integrated Science in Secondary School 3(2-2)**

Methods of teaching integrated science in the secondary school, including development of lessons in accord with best practices and state content expectations. Course must be completed prior to student teaching. Prerequisites: AST 111; BIO 208; CHM 132; GEL 201 or 230; GEO 201; PHY 130; EDU 325; admission to the Teacher Education Program.

**SCI 410 Teaching Integrated Science K-8 3(3-0)**

Development of teaching methods and laboratory skills necessary for teaching science in grades K-8. Prerequisites: BIO 101; CHM 120; PHS 151; GEL 130; GEO 105 or 201; EDU 345; admission to the Teacher Education Program.

**SCI 420 Internship in Fermentation Science 4(Spec)**

Internship in a production brewery or other brewing-related industry. Prerequisites: SCI 320, 321, 322, 323.

**SCI 490 Contemporary Issues in Earth Science 1(1-0)**

A capstone course for earth science education majors. Students will investigate connections and interrelationships between Earth system components and how these affect civilization and society. This course has been approved for offering in a distance learning format. Prerequisites: 36 credits of required and cognate courses on the earth science education major completed with a minimum average GPA of 2.7.

**SCI 497 Topics in Science Education 1-4(Spec)**

Topics of special interest for integrated science majors that are not normally included in existing courses. Specific topics and instructor's Prerequisites will be announced in Course Search and Registration. Prerequisites: See Course Search and Registration.

**SCI 597 Special Studies in Science 1-12(Spec)**

Primarily for graduate students. Prerequisite: permission of instructor.

**SCI 730 Seminar 1(1-0)**

A formal, public oral presentation of Plan A (thesis) research. Required of students receiving the MAT in Integrated Science on the Plan A option. CR/NC only. Prerequisites: Approval of the Interdisciplinary Science Education Council chair.

**SCI 790 Research in Science Education 2-4(Spec)**

Provides students with an experience in research techniques for science education. CR/NC only. Prerequisites: Admission to the MAT in Integrated Science and approval of the Interdisciplinary Science Education Council chair.

**SCI 798 Thesis 1-6(Spec)**

Thesis committee approved research towards a Plan A thesis. CR/NC only. Prerequisites: Approval of the Interdisciplinary Science Education Council chair.

**SEP 300QR Sustainability and Environmental Policy 3(3-0)**

This course uses quantitative reasoning and analyses to explore and evaluate sustainable systems and critical environmental issues of the day from an interdisciplinary perspective. Quantitative Reasoning.

**SOC 100 Introductory Sociology 3(3-0)**

*Systematic introduction to the field of sociology, its theories, concepts, and methods. Explores social relationships within the context of social structure. This course may be offered in an online or hybrid format. (University Program Group III-B: Studies in Social Structures)*

**SOC 150QR Public Opinion, Social Sciences, and Social Welfare 3(3-0)**

Data to understand public opinion and social welfare. Measurement of concepts. Ways of interpreting data with tables, graphs, and statistics. Computer applications. Identical to SWK 150. Credit may not be earned in more than one of these courses. Quantitative Reasoning.

**SOC 200 Introduction to Social Research and Analysis 3(3-0)**

First in a two-part methods sequence with SOC 350. Basic research issues. Univariate, bivariate, multivariate analysis techniques in sociology and social work. Computer applications. Prerequisites: SOC 100; completion of math competency.

**SOC 201 Social Psychology 3(3-0)**

*Examines the links between social structure and self. Substantive topics may include: agency, emotions, socialization, attitudes, gender, inequality, deviance, conflict, and social change. (University Program Group III-A: Behavioral Sciences)*

**SOC 205 Social Justice in a Global Society 3(3-0)**

*Introduction to key concepts in global social justice, foundational human rights instruments and processes, contemporary manifestations of social injustice, and the role of social action. Identical to ANT 205; credit may not be earned in more than one of these courses. (University Program Group III-B: Studies in Social Structures)*

**SOC 210 Sociology of Science and Technology 3(3-0)**

Social aspects of science and technology including their organization, personnel, social effects, relationship to government and education, and policy implications. Prerequisites: SOC 100 or 201 or 221.

**SOC 214 Sociology of Sexuality 3(3-0)**

Sociological examination of human sexuality, sexual identity and community. Identical to WGS 214; credit may not be earned in more than one of these courses. Prerequisite: SOC 100.

**SOC 215 Youth, Deviance, and Institutions 3(3-0)**

Sociological theories and research on youth considered "deviant" and their experiences with social institutions. Emphasis - topics such as runaways, prostitution, foster children, anorexia, addictions, sexuality. Prerequisite: SOC 100 or 201 or 221.

**SOC 220 Introduction to Social and Criminal Justice 3(3-0)**

Components of the justice system. Social, criminal, and community-based focus. History, structure, functions, and philosophy of criminal justice system, and relationships to a just society. Prerequisite: SOC 100.

**SOC 221 Social Problems 3(3-0)**

*Explores the nature and extent of major social problems. Examines structural, institutional, constructionist and normative elements, and encourages critical engagement with types of proposed solutions. (University Program Group III-B: Studies in Social Structures)*

**SOC 222 Juvenile Delinquency 3(3-0)**

Nature, distribution, social construction, and theories of delinquency. Social reactions to delinquency including development of juvenile court and actions of juvenile justice agencies. Prerequisite: SOC 100 or SOC 201 or SOC 221.

**SOC 223 Urban Structures and Change 3(3-0)**

Culture and social system of the city. Demographic structures, patterns of conflict and cooperation, and problems peculiar to urban social organization. May be offered as Writing Intensive. Prerequisite: SOC 100 or 221.

**SOC 301 Sociological Theory 3(3-0)**

A review of sociological thought within its social and historical context, focusing on Marx, Weber, Durkheim, and the perspectives of symbolic interactionism and feminism. Prerequisites: SOC 100 or 201 or 221.

**SOC 302 Social Inequality 3(3-0)**

Class, race, and gender and other forms of social strata. The bases, consequences, and correlates of position in the system of stratification. Prerequisites: SOC 100 or 201 or 221; or SOC/ANT 101 and a signed Global Justice Minor.

**SOC 303 Sociology of Population 3(3-0)**

Quantitative and qualitative aspects of the population of societies, including their composition, distribution, and movement. Prerequisite: SOC 100 or 221.

**SOC 304 Collective Behavior 3(3-0)**

Behavior in situations where institutionalized norms do not apply, such as panics, riots, and social movements. Prerequisites: SOC 200 and 350; SOC 301.

**SOC 307 Social Movements, 1960s to the Present 3(3-0)**

A survey of social movements of the past several decades that have promoted progressive social change, equal rights, liberation, and peace. Prerequisites: SOC 100 or 201 or 221; or SOC/ANT 101 and a signed Global Justice Minor.

**SOC 311 Sociology of Education 3(3-0)**

Contributions of sociology to an understanding of education as a social process. Prerequisite: SOC 100 or SOC 201 or SOC 221.

**SOC 314 Public Opinion and the Mass Media 3(3-0)**

The methods and findings of social research on public opinion, and the effects of the mass media on values and attitudes. Prerequisite: 6 hours of coursework in PSC, PSY or SOC.

**SOC 317 Sociology of Sex and Gender 3(3-0)**

Analysis of the role of gender in institutions such as the economy, the family, and the schools. Gender inequality and factors that promote its reproduction. Identical to WGS 317. Credit may not be earned in more than one of these courses. Prerequisite: SOC 100 or 201 or 221.

**SOC 320 Sociology of Aging and Retirement 3(3-0)**

Aging as a social phenomenon; with focus on aging in industrial societies. Prerequisite: SOC 100 or 201 or 221.

**SOC 321 Deviant Behavior 3(3-0)**

Relationship between social structure and deviant behavior. Prerequisite: SOC 100 or 201 or 221.

**SOC 323 Racism and Inequality 3(3-0)**

*Relations among dominant and subordinate groups focusing on racism as structural inequality. This course may be offered in an online or hybrid format. (University Program Group IV-C: Studies in Racism and Cultural Diversity in the United States)*

**SOC 324 Criminology 3(3-0)**

Nature, distribution, social construction, and theories of crime. Introduction to criminal justice processes. Prerequisite: SOC 100 or SOC 201 or SOC 221.

**SOC 326 Inequalities and Justice Processes: Race, Class and Gender 3(3-0)**

Empirical and theoretical critique of class, race, and gender inequalities in justice processes that impede effective solutions to social problems. Prerequisite: SOC 100 or SOC 201 or SOC 221.

**SOC 345 The Civil Rights Movement 3(3-0)**

*Examines the civil rights movement from 1954 to 1980s; based on PBS series: Eyes on the Prize. Identical to PHL 345, PSC 325, REL 345. Credit may not be earned in more than one of these courses. Prerequisites: Any one of the following: HST 110, HST 111, HST 112, LAR 145, PSC 100, PSC 105, PSC 125, REL 140, SOC 100. (University Program Group IV-C: Studies in Racism and Diversity in the United States)*

**SOC 350 Social Research Methodologies 3(3-0)**

Second in methods sequence with SOC 200. Research methodologies. Observation and surveys; two from: experiments/single subject design; program evaluation; interviewing/focus groups; ethnography/community studies. Prerequisites: SOC 100; 200 with a grade of "C" (2.0) or better; or for PSY majors, PSY 211 with a grade of "C" (2.0) or better; six additional hours of sociology and/or social work.

**SOC 370 Global Environmental Issues 3(3-0)**

Social and cultural dimensions of global population issues, food and energy policies, destruction of indigenous lifeways, roles of multinational organizations, environmental racism, and environmental movements. Identical to ANT 370. Credit may not be earned in more than one of these courses.

**SOC 397 Independent Study 1-12(Spec)**

Directed reading or research on an approved topic. Not open to students on academic probation. Prerequisites: SOC 100 or 201 or 221; permission of instructor.

**SOC 399 Special Topics in Sociology 1-12(Spec)**

Consideration of subject matter not included in courses currently listed in catalog.

**SOC 402 Analysis of Social Change 3(3-0)**

Factors explaining large-scale change in the Western and non-Western worlds. Change in smaller units such as the family and community. Prerequisite: SOC 100 or 201 or 221.

**SOC 403 Political Sociology 3(3-0)**

Social bases of American politics. Sociological theories and research on political behavior and distribution of power in the United States. Prerequisites: SOC 200, 301, 350; or PSC 280 and at least one PSC course at the 300-level or above.

**SOC 409 Victimology 3(3-0)**

Victimology is the scientific study of victims. Different forms of victimization, victim-offender relationships, and the interactions between victims and social systems/institutions are examined. Prerequisite: SOC 100.

**SOC 410 Women, Crime and Deviance 3(3-0)**

Exploring the theories, concepts, and social constructions fundamental to the conceptualization of women as victims, offenders, and workers in the criminal justice system. Identical to WGS 410. Credit may not be earned in more than one of these courses. Prerequisites: SOC 301, 350.

**SOC 411 The Family 3(3-0)**

Family as a contested social institution embedded in changing social and cultural contexts. Explores kinship systems, family diversity, social organization, social conflict, family policy, and change. Prerequisites: SOC 100 or 201 or 221.

**SOC 412 Sociology of Adolescence 3(3-0)**

Transition from childhood to adulthood. Emphasis on topics such as identity, peers, relationships with parents, school, and the media. Prerequisite: SOC 100 or 201 or 221.

**SOC 413 Sociology of Work 3(3-0)**

Work and professions in post-industrial society: historical perspectives, work ideology, work organization, employment relations, and globalization. Prerequisites: 9 hours in Sociology.

**SOC 414 Sociology of Motherhood 3(3-0)**

Sociological analysis of the institution of motherhood, including ideologies, social policies, motherhood and wage earnings, teenage and single mothers, medicalization, and social stressors. Prerequisites: SOC 100 or 201 or 221.

**SOC 415 Sociology of Sport 3(3-0)**

Social structure and consequences of sport as an institution in societies. Prerequisite: SOC 100 or 201 or 221.

**SOC 418 Sociology and Popular Culture 3(3-0)**

Sociological analysis of popular culture in the U.S. Elements of popular culture include television, radio, recording, advertising, spectator sports, hobbies, food, and fashions. Prerequisite: SOC 100 or SOC 201 or SOC 221.

**SOC 422 Youth Welfare 3(3-0)**

Issues pertaining to youth welfare are related to broader organizational and structural features of society, including historical and comparative (international) perspectives. Identical to SWK 422. Credit may not be earned in more than one of these courses. Prerequisites: SOC/ANT 101 and a signed Global Justice Minor; or SOC 100 and a signed Youth Studies Minor; or SOC 200, SOC 301, and SOC 350.

**SOC 425 Sociology of Childhood 3(3-0)**

Explores peer culture, social problems, children in families, social policy, and social change of children ages 3-12. Also emphasizes race, class, and gender studies. Prerequisites: SOC 100 or 201 or 221.

**SOC 444 Human Trafficking 3(3-0)**

This course examines modern-day human trafficking within the context of social justice and human rights. Prerequisite: SOC 100 or ANT 205 or SOC 205 or PSC 351.

**SOC 450 Ethnographic Methods and Research Design 3(3-0)**

Ethnographic methods, ethics, and research design in cultural anthropology. Identical to ANT 450. Credit may not be earned in more than one of these courses. Prerequisite: ANT 170.

**SOC 457 Globalization and Society 3(3-0)**

Effects of the global economy on the division of labor, transnational migration, social inequality, ethnic identities, gender relations, and other aspects of social organizations. Identical to ANT 457. Credit may not be earned in both of these courses. Prerequisites: SOC 100 or 201 or 221 or ANT 170.

**SOC 501 Development of Sociological Theory 3(3-0)**

In-depth analysis of classical sociological theory focusing on Marx, Durkheim, Weber, and Mead. The historical and intellectual context in which these theorists wrote is emphasized. Prerequisites: SOC 100, 201, 221; or graduate standing.

**SOC 502 Theories of Race Relations in Sociology 3(3-0)**

Contributions to sociological theories of race and ethnic relations by major theorists. This course may be offered in an online or hybrid delivery format. Prerequisites: SOC 301, 323, 350; or regular admission to the Sociology graduate program.

**SOC 506 Comparative Cultural Systems 3(3-0)**

Explores theories of cultural development, with particular emphasis on urban and post-industrial cultures. Students investigate cultures different from their own. Identical to ANT 506. Credit may not be earned in more than one of these courses. This course is approved for offering in a distance learning format. Prerequisite: One anthropology or sociology course.

**SOC 507 Class and Poverty in America 3(3-0)**

Examination of theories of social class and their application to American society. Review of empirical literature on class and poverty in the U.S. Prerequisites: SOC 300 or SOC 200, 350; SOC 301; or admission to Graduate Program.

**SOC 512 Industrial Sociology 3(3-0)**

Characteristics of industrial societies. Relationship of the organization of industrial work to that of nonwork culture, institutions, and roles. Prerequisites: SOC 300 or both SOC 200 and 350; SOC 301; or regular admission to the Sociology Graduate Program.

**SOC 514 Sociology of Health and Illness 3(3-0)**

Social forces that affect the health of populations and individuals, as well as the operations of a major social institution, that of medical care. Prerequisites: Completion of a University Group IIIB Course or regular admission to the Sociology Graduate Program.

**SOC 515 Custodial Institutions 3(3-0)**

The structural organizational, and functional dimensions of custodial institutions in American society, emphasizing social process of jails, prisons, training schools, mental hospitals, and nursing homes. Prerequisites: SOC 300 or SOC 200, 350 or PSC 280; SOC 301; or regular admission to the Sociology Graduate Program.

**SOC 521 Advanced Study of Deviant Behavior 3(3-0)**

Contemporary issues in deviance theory and research. Prerequisites: SOC 300 or both SOC 200 and 350, SOC 301; SOC 321; or regular admission to the Sociology Graduate Program.

**SOC 523 Community Corrections and Alternative Sentencing 3(3-0)**

Justice policies and practices of community corrections and alternative sentencing are featured, including intermediate sanctions, probation, parole, and prisoner reentry. Prerequisites: SOC 300 or both SOC 200 and 350; SOC 301; SOC 220 and an additional 9 hours of social and criminal justice coursework; or regular admission to the Sociology Graduate Program.

**SOC 524 Sociology of Law 3(3-0)**

The association of law and social justice, social organization, stratification, and social control. Current issues in justice, law, and conflict resolution. Prerequisites: SOC 200, 350 (or SOC 300); SOC 301; or graduate standing.

**SOC 525 Internship in Social and Criminal Justice 6(Spec)**

Supervised practical experience in a criminal or social justice organization. CR/ NC only. Prerequisites: SOC 523 with a grade of C or better; permission of the course instructor.

**SOC 526 Police and Community Relations 3(3-0)**

Community and police perceptions of police role in democratic society, police discretion, use of force, community policing, and related topics. Prerequisites: SOC 301, 350.

**SOC 527 Community-Based Justice 3(3-0)**

Interdisciplinary approach to community as locus of justice, and justice as locus of community. Review of intellectual heritage of community study; community development; peace-building practices. Prerequisites: SOC 200, 301, 350 or regular admission to the Sociology Graduate Program.

**SOC 530 Capstone Experience in Youth Studies 3(3-0)**

Capstone experience for Sociology Major: Youth Studies concentration students to work with youth in community settings and meet on campus to reflect on field experience. Prerequisites: SOC 100, 215, 411, 412, 425; ANT 200 or SOC 311; SOC 422 or SWK 422. Co-requisites: Concurrent enrollment in one of the following is permitted: SOC 311, 411, 412, 422, 425, or SWK 422.

**SOC 531 Capstone Experience in Global Justice 3(3-0)**

Capstone course synthesizes course work on the issues of global social justice/injustice. Explores roots, consequences, types, policy approaches, and strategies for pursuing global justice. Identical to ANT 531. Credit may not be earned in more than one of these courses. Prerequisites: SOC/ANT 101; 15 hours in the Global Justice Minor; Completion of the Service Learning component of the Global Justice Minor; and Approval of the Global Justice Advisor. May be taken by SOC or ANT Majors with the approval of the Global Justice Advisor. Or, graduate standing.

**SOC 532 Global Aging: Cross-Cultural Aging in a Globalized World 3(3-0)**

Comparative study of cultural shapings, expressions and experiences of contemporary aging. Social and cultural responses to perceived problems of aging. Transformations of aging under globalization. Cross listed with ANT 532. Credit may only be earned for one of these courses. Prerequisite: Six credits of cultural anthropology, gerontology and/or sociology.

**SOC 590 Gender, Culture & Society 3(3-0)**

Analysis of gender roles in various cultures; theoretical approaches to explaining gender role variation. Identical to ANT 590 and WGS 590. Credit may not be earned in more than one of these courses. Prerequisites: 6 hours of anthropology and/or sociology and/or women's studies.

**SOC 599 Special Topics in Sociology 1-10(Spec)**

Consideration of subject-matter not included in courses currently listed in catalog.

**SOC 601 Contemporary Sociological Theory 3(3-0)**

Analysis of social theories of knowledge, postcolonialist social theory, postcolonialist feminism, black feminist thought, interactionism, critical theory, postmodernism, and other sociological theories of contemporary relevance. Prerequisites: 15 hours of sociology and graduate standing.

**SOC 602 Professional Seminar 3(3-0)**

Techniques of thesis writing; development of thesis prospectus. The research of departmental faculty is presented and discussed. Prerequisites: Regular admission to the Sociology Graduate Program.

**SOC 605 Sociology of Knowledge 3(3-0)**

Relationship of ideas to social life. The intellectual in society; relationship of empirical knowledge to cultural values and ideologies; objectivity in sociology. Prerequisite: SOC 301 or SOC 501.

**SOC 607 Methodology of Sociological Research 3(3-0)**

Exploration and critique of various epistemological approaches to sociological inquiry. Research design, concept development, nature of data, introduction to qualitative and quantitative methods. Prerequisites: SOC 200 and 350; and permission of instructor.

**SOC 611 Human Diversity Within and Between Families 3(3-0)**

Diverse backgrounds of families/individuals based on ethnicity, religion, sexual orientation, class and disabilities will be studied. Models to explore the diverse nature will be applied. Identical to HDF 603. Credit may not be earned in more than one of these courses.

**SOC 619 Continuing Registration for Final Research Project 1(1-0)**

A non-credit course intended for students who have completed all program credits but still need to use university resources to complete their degree requirements.

**SOC 621 Social Control and Justice Systems 3(3-0)**

Formal and informal responses to crime and delinquency, analyzed in terms of criminology theory and research and with reference to concepts of social control. Prerequisites: SOC 300, and SOC 301 or SOC 501.

**SOC 631 Workshop on Qualitative Research 3(3-0)**

This course is designed to introduce students to the various qualitative research methods in the social sciences. Prerequisites: SOC 607.

**SOC 632 Techniques of Sociological Research 3(3-0)**

Analysis of quantitative social science data. Hypothesis testing and descriptive methods. Prerequisite: SOC 607.

**SOC 699 Special Topics in Sociology 1-10(Spec)**

Consideration of subject matter not included in courses currently listed in Bulletin. Not open to students on academic probation.

**SOC 795 Independent Reading 1-6(Spec)**

Prerequisite: Open to students who have obtained the permission of the department chairperson and an instructor to read intensively on an approved topic.

**SOC 796 Independent Research 1-6(Spec)**

Prerequisite: open to students who have obtained the permission of the department chairperson and an instructor to conduct research on an approved topic.

**SOC 798 Thesis 1-6(Spec)**

Credit is earned in this course through successful completion of a thesis in sociology. Prerequisite: Advisor's permission is required. CR/NC only.

**SPE 126 Introduction to Special Education 3(3-0)**

Education of students who deviate significantly from the norm intellectually, physically, emotionally, socially, or educationally.

**SPE 322 Curriculum and Instruction for Students with Special Needs 6(6-0)**

Special education instructional design and methodology. Includes critical teaching behaviors, strategy instruction, classroom organization and management, and technology. Prerequisites: SPE 126 with grade of C or better.

**SPE 323 Classroom Management for Students with Special Needs 3(3-0)**

Intervention approaches to design positive classroom environments. Includes identification of behavioral/affective issues, social skills instruction, and proactive classroom management approaches. Prerequisites: SPE 126 with a grade of C or better; SPE 322 with a grade of C+ or better. Co-requisite: SPE 323 may be taken as a co-requisite with SPE 324.

**SPE 324 Special Education Classroom-Based Assessment 6(2-8)**

This course is designed to present information on the most current trends in classroom-based assessment, with emphasis placed on Curriculum-Based Assessment Methods. NOTE: Application to register for this course must be filed during the semester prior to registration for approval. Prerequisites: SPE 126 with a grade of C or better; SPE 322 and 323 with a grade of C+ or better; admission to Teacher Education. Pre/Co-requisite: SPE 323 may be taken as a co-requisite with SPE 324.

**SPE 455 Special Education Student Teaching Seminar 3(3-0)**

This seminar provides review and discussion of a variety of topics related to the special education student teaching experience at the elementary through secondary level. CR/NC only. Prerequisites: Students must have 75 percent of major/minor coursework completed; GPA of 2.7 or better in major/minor coursework; overall GPA of 2.5 or better. Co-requisite: SPE 456 or SPE 458.

**SPE 456 Special Education Student Teaching: Emotional Impairment 6(Spec)**

This course provides a full-time ten week field experience working with students with emotional impairment in a classroom appropriate to the special education endorsement. Prerequisites: Elementary Regular Education Students: Completion of EDU 107, 320, and 330 with grades of C+ or better; completion of EDU 343, 345, 362, and 363 with a grade of C+ or better. No grades less than a C+ in all EDU classes. Secondary Regular Education Students: Completion of EDU 107, 290, 310, 325 with grades of C+ or better. No grades less than a C+ in all EDU classes. Both: Approved by major and minor departments indicating that 75 percent of coursework is completed with a GPA of 2.7 or better. Overall GPA of 2.7 or better. Completion of SPE 578, 579, and 581 with grades of C+ or better.

**SPE 458 Special Education Student Teaching: Cognitive Impairment 6(Spec)**

This course provides a full-time ten-week field experience working with students with cognitive impairment in a classroom appropriate to the special education endorsement. Prerequisites: Elementary Regular Education Students: Completion of EDU 107, 320, and 330 with grades of C+ or better; completion of EDU 343, 345, 362, and 363 with a grade of C+ or better. No grades less than a C+ in all EDU classes. Secondary Regular Education Students: Completion of EDU 107, 290, 310, 325 with grades of C+ or better. No grades less than a C+ in all EDU classes. Both: Approval by major and minor departments indicating that 75 percent of coursework is completed with a GPA of 2.7 or better. Overall GPA of 2.7 or better. Completion of SPE 519, 521, and 522 with grades of C+ or better.

**SPE 466 Independent Study 1-3(Spec)**

Individualized research or project dealing with a problem in special education. Prerequisite: permission of department chairperson.

**SPE 500 Parent and Professional Relationships in Special Education 3(3-0)**

Establishing and maintaining collaborative relationships with parents and professionals. Study of effects of an exceptional child on the family and methods for meeting their needs. This course is approved for offering in a distance learning format. Prerequisite: Junior standing or graduate status.

**SPE 504 Teaching Students in Inclusive Settings 3(3-0)**

Theory and practice of the instruction of students who have disabilities in general education settings. This course is approved for offering in a distance learning format. Prerequisite: Junior standing or graduate status.

**SPE 510 Advanced Technology in Education 3(2-3)**

Students will study and practice the integration of technology in classroom instruction and management, with emphasis upon software evaluation and lesson design. Identical to EDU 590. Credit may not be earned in more than one of these courses. This course is approved for offering in a distance learning format. Prerequisite: EDU 290 or graduate status.

**SPE 519 Students with Cognitive Impairment 3(3-0)**

Causes, diagnostic procedures, and research concerning individuals with cognitive impairment. Grade of C+ or better required to count toward degree. This course may be offered in an online or hybrid format. Prerequisites: SPE 126 with a grade of C or better; SPE 322 and 323 with grades of C+ or better; admission to Teacher Education. Graduate students may be admitted with permission of instructor.

**SPE 521 Teaching Students with Cognitive Impairment 3(3-0)**

Special techniques and materials used in instruction of students who have cognitive disorders. Grade of C+ or better required to count toward degree. This course may be offered in an online or hybrid format. Prerequisites: SPE 126 with grade of C or better; SPE 322, SPE 323 with grades of C+ or better; admission to Teacher Education. Graduate students may be admitted with permission of instructor.

**SPE 522 Field Experience-Cognitive Impairment 3-6(Spec)**

University-supervised practice and application of knowledge and strategies for teaching students with cognitive impairment. Grade of C+ or better required to count toward degree. Prerequisites: SPE 126 with a grade of C or better; SPE 322, 323, 324, 519 and 521 with grades of C+ or better; admission to Teacher Education.

**SPE 529 The Gifted Student 3(3-0)**

Characteristics of individuals with superior abilities. Reviews special curricula and teaching procedures for improving the learning and adjustment of these students. This course has been approved for offering in a distance learning format. Prerequisites: Junior standing or graduate status.

**SPE 530 Autism Spectrum Disorder: Characteristics and Etiology 3(3-0)**

This course will review the behavioral and educational characteristics of students with autism spectrum disorders. Known causes of this disorder will also be examined. Identical to PSY 575. Credit may not be earned in more than one of these courses. Prerequisite: senior or graduate status.

**SPE 531 Autism Spectrum Disorder: Educational Implications 3(3-0)**

Presentation of special techniques and materials used in best practice instruction of students with autism spectrum disorders. This course may be offered in an online or hybrid format. Prerequisites: SPE 530 and senior or graduate status.

**SPE 536 Field Experience: Autism 3(Spec)**

Practice and application of knowledge and strategies for teaching students with autism under faculty supervision. Application to register for this course must be filed during the semester prior to registration for approval. Prerequisites: SPE 530, SPE 531, PSY 586, PSY 682, CDO 550, and graduate status.

**SPE 545 Special Education Workshop 1-6(Spec)**

Study of trends, alternative approaches, and innovative curricula in programming for the exceptional student. This course is a variable credit topical workshop. This course is approved for offering in a distance learning format. Prerequisite: Junior standing or graduate status.

**SPE 550 Teaching Culturally Diverse Students 3(3-0)**

Survey of sociocultural influences on the performance of students from varying backgrounds, and educational provisions made for them in public schools including an anti-bias curriculum. This course is approved for offering in a distance learning format. Prerequisites: Junior standing or graduate status.

**SPE 570 Career Development and Transition 3(3-0)**

Lifespan issues for persons with disabilities, stressing curriculum content and instructional strategies that promote interdisciplinary career development and transition education at all age levels. This course is approved for offering in a distance learning format. Prerequisites: SPE 126 with a grade of C or better; junior standing or graduate status.

**SPE 577 Introduction to Specific Learning Disability 3(3-0)**

Systematic introduction to the identification, diagnosis and remediation of specific learning disabilities. This course is approved for offering in a distance learning format. Prerequisite: Junior standing or graduate status.

**SPE 578 Students with Emotional Impairment 3(3-0)**

Diagnostic procedures, therapy, and research concerning children and youth with emotional impairment. Grade of C+ or better required to count toward degree. This course may be offered in an online or hybrid format. Prerequisites: SPE 126 with a grade of C or better; SPE 322 and 323 with grades of C+ or better; admission to Teacher Education.

**SPE 579 Teaching Students with Emotional Impairment 3(3-0)**

Special techniques and materials used in instruction of students who have emotional and behavioral disorders. Grade of C+ or better required to count toward degree. This course may be offered in an online or hybrid format. Prerequisites: SPE 126 with a grade of C or better; SPE 322, 323 with grades of C+ or better; admission to Teacher Education. Graduate students may be admitted with permission of instructor.

**SPE 581 Field Experience-Emotional Impairment 3-6(Spec)**

University-supervised practice and application of knowledge and strategies for teaching students with emotional impairment. Grade of C+ or better required to count toward degree. Prerequisites: SPE 126 with a grade of C or better; SPE 322, 323, 324, 578, 579 with grades of C+ or better; admission to Teacher Education.

**SPE 585 Early Childhood Special Education 3(3-0)**

Current issues in early childhood special education aligned with developmentally appropriate practices, working with families, professionals, and curriculum focused on children birth to eight. This course may be offered in an online or hybrid format. Prerequisites: HDF 100 or EDU 280; or junior standing; or graduate status.

**SPE 600 Current Issues in Special Education 3(3-0)**

Concentrated study of current special education problems with particular attention to program implementation and development resulting from recent legislation and research. This course may be offered in an online or hybrid format. Prerequisite: admission to a master's program in Special Education.

**SPE 619 Continuing Registration for Final Research Project 1(1-0)**

A non-credit course intended for students who have completed all program credits but still need to use university resources to complete their degree requirements.

**SPE 640 Administration of Special Education 3(3-0)**

Organization and administration of educational programs for exceptional children. Prerequisite: SPE 126. Identical to EDL 675. Credit may not be earned in more than one of these courses.

**SPE 645 Special Education Workshop 1-6(Spec)**

Study of trends, alternative approaches, and innovative curriculum in planning for individuals with disabilities. Specifically for in-service training. This course may be offered in an online or hybrid format. Prerequisite: permission of instructor.

**SPE 665 Independent Study 1-3(Spec)**

Individual research or project dealing with a problem in special education. Prerequisite: Approval of department chairperson.

**SPE 675 Teaching the Student with Learning Disabilities 3(3-0)**

Methods and materials used in teaching students with specific learning disabilities. This course may be offered in an online or hybrid format. Prerequisite: SPE 577.

**SPE 678 Education of Students with Severe Emotional Impairment 3(3-0)**

Study of children with severe emotional impairment with particular attention to the underlying theories and intervention programs implemented by school personnel and parents. Prerequisites: major in Teachers of Students with Emotional Impairment.

**SPE 679 Behavioral and Curricular Interventions for Individuals with Mild Disabilities 3(3-0)**

The relationship between behaviors and curriculum in the education of individuals with mild disabilities, focusing on the techniques and practices of various interventions. This course may be offered in an online or hybrid format. Prerequisites: SPE 600; admission to a master's degree program.

**SPE 685 Innovative Cognitive Techniques in Special Education 3(3-0)**

A study of instructional techniques which have been shown to be effective in enhancing the cognitive skills of special education students. Prerequisites: SPE 577, PSY 667, SPE 675.

**SPE 689 Graduate Practicum in Special Education 3-6(Spec)**

Provide students the opportunity to develop and demonstrate competencies required for working with students with cognitive impairment or emotional impairment or specific learning disabilities. This course may be offered in an online or hybrid format. Prerequisites: Cognitive Impairment focus: SPE 519, SPE 521, SPE 522. Emotional Impairment focus: SPE 578, SPE 579, SPE 581. Specific Learning Disabilities focus: PSY 667, SPE 675, SPE 685. Permission of instructor and application to register for this course must be filed during the semester prior to registration for approval.

**SPE 695 Research for Counseling and Special Education 3(3-0)**

Presentation and application of designs and procedures pertinent to conducting research in human services. Includes writing a research proposal and manuscript, implementing mini-research project. Identical to CED 695. Credit may not be earned in more than one of these courses. This course is approved for offering in a distance learning format. Prerequisites: Regular Admission to the M.A. in Counseling or Special Education; completion of 15 hours or more toward the M.A. in Counseling or Special Education.

**SPE 720 Seminar: Teaching Students with Severe Cognitive Impairment 3(3-0)**

Study and research of selected topics that reflect total education programming for individuals with severe cognitive impairment. This course may be offered in an online or hybrid format. Prerequisite: major in Teachers of Students with Cognitive Impairment.

**SPE 741 Seminar: Administration of Special Education 2(2-0)**

Provides interaction among special educators to discuss current issues and problems in implementing programs in accordance with special education code and guidelines. This course may be offered in an online or hybrid format. Prerequisites: SPE 640 and background in research methods.

**SPE 750 Consultant Skills for Special Educators and Counselors 3(3-0)**

The skills, competencies, responsibilities, priorities, and evaluative processes appropriate in a special education teacher/counselor/consultant role are analyzed. This course may be offered in an online or hybrid format. Prerequisites: SPE 600, SPE 679, SPE 785; admission to a master's degree program.

**SPE 775 Seminar: Learning Disabilities 3(3-0)**

Discussion and research of major issues and current topics in the field of learning disabilities. Prerequisites: SPE 577, SPE 675.

**SPE 785 Assessment in Special Education 3(3-0)**

Selection, evaluation, administration, and interpretation of tests used in special education. This course may be offered in an online or hybrid format. Prerequisites: SPE 600, SPE 679; admission to a master's program in special education.

**SPE 790 Seminar: Investigations and Solutions in Special Education 3(3-0)**

Completion of Plan B paper or project under the supervision of a faculty advisor. This course may be offered in an online or hybrid format. Prerequisites: SPE 600, SPE 679, SPE 785, SPE/CED 695; admission to a master's program; permission of instructor.

**SPE 798 Thesis 1-6(Spec)**

Design of a master's thesis. CR/NC only. Prerequisite: Approval of Committee chairperson.

**SPN 101 Elementary Spanish I 4(4-0)**

*Designed for students who have had no Spanish. Basic language skills. Introduction to the culture of the Spanish-speaking countries. Students who have previous preparation in Spanish are required to take a placement exam. Students who have had more than two years of high school Spanish may enroll only with permission of instructor. May be offered in an online or hybrid format. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**SPN 102 Elementary Spanish II 4(4-0)**

*Designed for students who have had Spanish 101 or the equivalent. Basic language skills. Introduction to the culture of the Spanish-speaking countries. Students who have previous preparation in Spanish are required to take a placement exam at [www.chsbs.cmich.edu/fls](http://www.chsbs.cmich.edu/fls) using the password *chippewas1*. Students who have had more than two years of high school Spanish may enroll only with permission of instructor. This course may be offered in an online or hybrid format. Recommended: SPN 101. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**SPN 110 Study Abroad 1-8(Spec)**

Intended for beginning students studying abroad. Prerequisite: permission of instructor.

**SPN 201 Intermediate Spanish I 4(4-0)**

*Further development of all language and reading skills, a review of grammar, and exploration of Hispanic culture. Recommended: SPN 102. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**SPN 202 Intermediate Spanish II 4(4-0)**

*Designed to develop fluency in reading Spanish; cultural emphasis. Recommended: SPN 201. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**SPN 210 Study Abroad 1-12(Spec)**

Intended for intermediate students of Spanish studying abroad. Prerequisite: SPN 102.

**SPN 214 Intermediate Conversation and Composition 3(3-0)**

*Designed to develop fluency and accuracy in written and oral expression. Recommended: SPN 202; or may be taken concurrently with SPN 202. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**SPN 310 Study Abroad 1-12(Spec)**

Intended for advanced students studying abroad. Prerequisite: SPN 202; permission of instructor.

**SPN 320 Spanish Pronunciation 3(3-0)**

Provides an understanding of Spanish articulatory phonetics and helps students improve pronunciation by training them in Spanish articulatory habits to make their pronunciation more native-like. Recommended: SPN 214.

**SPN 331 Advanced Grammar and Composition 3(3-0)**

Designed to develop greater accuracy in grammar and fluency in written expression in Spanish. Prerequisites: SPN 202, 214.

**SPN 335 Spanish for Business 3(3-0)**

Designed for students interested in acquiring practical Spanish vocabulary related to business, and in developing writing, reading and speaking skills through business documents in Spanish. Prerequisite: SPN 214.

**SPN 341 Advanced Spanish Conversation 3(3-0)**

Intended for those with some skill in speaking Spanish who wish to achieve greater fluency. Recommended: SPN 202 and SPN 214.

**SPN 370 Advanced Studies in Spanish 1-12(Spec)**

Special topics may include language, literature and/or culture. May be repeated when the content is not a duplication of a previous special topics offering. Prerequisite: SPN 331.

**SPN 376 Culture and Civilization of Spain 3(3-0)**

Spanish culture and civilization focusing on political, social, intellectual, and artistic developments and their influence on the history and present of Spain. May be offered as Writing Intensive. Prerequisite: SPN 331.

**SPN 377 Culture and Civilization of Latin America 3(3-0)**

Historical and cultural development of Latin America from the pre-Columbian era through the present. May be offered as Writing Intensive. Prerequisite: SPN 331.

**SPN 386 Survey of Spanish Literature (Beginning to 1700) 3(3-0)**

Literature of Spain from the Middle Ages to 1700. Prerequisite: SPN 331.

**SPN 387 Survey of Spanish Literature (1700 to Present) 3(3-0)**

Literature of Spain from the eighteenth century to the present. Prerequisite: SPN 331.

**SPN 388 Survey of Spanish-American Literature (Beginnings to Modernism) 3(3-0)**

General acquaintance with the literature of Spanish America from its beginnings to the modernist movement. Selections from representative authors. Prerequisite: SPN 331.

**SPN 389 Survey of Spanish-American Literature (Modernism to Present) 3(3-0)**

General acquaintance with the literature of Spanish America from modernism to the present. Selections from representative authors. Prerequisite: SPN 331.

**SPN 390 Chicano/Latino Experience in the US 3(3-0)**

*An examination of the Chicano/Latino experience in the US, including broader issues of inequality, race, ethnicity and discrimination. Taught in Spanish. This course may be offered in an online or hybrid format. Recommended: SPN 331. (University Program Group IV-C: Studies in Racism and Cultural Diversity in the United States)*

**SPN 404 Drama of the Siglo de Oro 3(3-0)**

A study of major and lesser playwrights of the 17th century. Recommended: SPN 376 or 377; One of: SPN 386, 387, 388, 389.

**SPN 405 Modern and Contemporary Spanish Novel 3(3-0)**

Development of the novel in Spain from the nineteenth century to the present. May be offered as Writing Intensive. Prerequisites: SPN 376 or 377; One of: SPN 386, 387, 388, 389.

**SPN 406 The Generation of 1898 3(3-0)**

A study of the literary works of this group as masterpieces of literature and as a reflection of national and spiritual values. Recommended: SPN 376 or 377; One of: SPN 386, 387, 388, 389.

**SPN 410 Study Abroad 1-12(Spec)**

Intended for advanced students studying abroad. Prerequisites: Six hours of Spanish at the 300 level; permission of instructor.

**SPN 411 Practicum in Teaching Spanish 3(2-1)**

Techniques for teaching and testing foreign language skills, planning lessons and units, and selecting materials for secondary-level classrooms. Practical experience through mini-teaching situations. Prerequisites: Two 300-level courses; passing the competency exam; departmental permission.

**SPN 412 Practicum: Secondary Field Experience 1(Spec)**

Pre-student teaching experience in middle or high school teaching situation. CR/NC only. Co-requisite: SPN 411.

**SPN 415 Spanish-American Novel 3(3-0)**

Representative masterpieces of the novel as they reflect the political and social conditions of the Spanish-American countries. May be offered as Writing Intensive. Prerequisite: SPN 376 or 377; One of: SPN 386, 387, 388, 389.

**SPN 416 Spanish-American Drama and Essay 3(3-0)**

Representative masterpieces of the two genres as they reflect the political and social conditions of the Spanish American countries. Recommended: SPN 376 or 377; One of: SPN 386, 387, 388, 389.

**SPN 417 Spanish-American Poetry and Short Story 3(3-0)**

Representative masterpieces of the two genres as they reflect the political and social conditions of the Spanish-American countries. Recommended: SPN 376 or 377; One of: SPN 386, 387, 388, 389.

**SPN 421 Foreign Language in Elementary Schools 1(1-0)**

Techniques for teaching and testing foreign language skills, planning lessons and units, and selecting materials for the elementary school classroom. Practical experience through mini-teaching situations. Co-requisites: SPN 411.

**SPN 422 Practicum: Elementary Field Experience 1(Spec)**

Pre-student teaching experience in elementary school teaching situation. CR/NC only. Co-requisite: SPN 421.

**SPN 431 Advanced Writing in Spanish 3(3-0)**

Writing Spanish in different registers, giving special consideration to the command of grammar, vocabulary, spelling, and style. Emphasis on expository and argumentative texts. May be offered as Writing Intensive. Prerequisites: SPN 331 with a B- or better; SPN 376 or 377.

**SPN 470 Advanced Studies in Spanish 1-12(Spec)**

Special topics may include language, literature and/or culture. May be repeated when the content is not a duplication of a previous special topics offering. Recommended: SPN 376 or 377; One of: SPN 386, 387, 388, 389.

**SPN 508 Contemporary Spanish Novel and Short Story 3(3-0)**

Outstanding novels and short stories of Spain since 1940 reflecting politics, society, economics, and culture of Spain after the Civil War. Recommended: Three (3) credits in Spanish at the 400 level.

**SPN 585 Introduction to Hispanic Linguistics 3(3-0)**

Seminar on the major aspects of Hispanic Linguistics such as sound patterns, word-formation, sentence structure, meaning and context, discourse structure, regional and social variation. Prerequisite: One 400-level SPN course; or graduate standing in the M.A. Spanish Program.

**SPN 591 Special Topics in Spanish 1-9(Spec)**

Special topics may include language, literature and/or culture. May be repeated when the content is not a duplication of a previous special topics offering. Recommended: Three (3) credits in Spanish at the 400-level; or graduate standing in M.A. Spanish Program.

**SPN 595 Theory and Practice of Translation 3(3-0)**

Seminar on the historical, theoretical and practical aspects of translation. The link between linguistic and cultural factors and their relationship to translation will be emphasized. This course may be offered in an online or hybrid format. Prerequisites: SPN 375; one SPN 400 level course; or graduate standing in M.A. Spanish Program.

**SPN 597 Independent Study 1-6(Spec)**

The in-depth study of a topic under the direction of a faculty member who together with a student designs the format of the study. Prerequisites: permission of instructor and department chairperson; three (3) credits in Spanish at the 400 level.

**SPN 610 Studies in U.S. Latino Cultures 3-6(3-0)**

Analysis of Latino culture in the United States in terms of a given topic/genre. The works selected for each topic/genre will be examined in the light of their historical, social, and economic context. This course is approved for offering in a distance learning format. Prerequisites: admission to the M.A. program in Spanish. A student may take this course twice, for 3 hours of credit each time, but must choose a different topic/genre for the second 3 hours.

**SPN 615 Themes in Latin American Cultural Studies 3-9(Spec)**

Analysis of Latin American societies through concepts of nation, ethnicity, social class, and gender. Topics may include cultural production, urban politics, and socioeconomic development. A student may take this course up to three times, for 3 credits each time, when content previously studied is not duplicated. This course may be offered in an online or hybrid format. Prerequisite: Admission to the M.A. program in Spanish.

**SPN 619 Continuing Registration for Final Research Project 1(1-0)**

A non-credit course intended for students who have completed all program credits but still need to use university resources to complete their degree requirements.

**SPN 620 Special Topics in Spanish-American Literature 3-9(Spec)**

Examination of literature and culture in Spanish America through analysis of literary and cultural texts. May be taken up to three times when themes are different. May be offered in an online or hybrid format. Prerequisite: Admission to the M.A. program in Spanish.

**SPN 621 Colonial to 19th-Century Spanish American Literature 3(3-0)**

Special topics seminar on Spanish-American literature from the 16th-19th centuries through analysis of representative texts and other media, with an overview of the historical context. This course may be offered in an online or hybrid format. Prerequisites: Admission to the M.A. program in Spanish.

**SPN 622 20th and 21st-Century Spanish American Literature 3(3-0)**

Analysis of Spanish American literary texts and their relationship with the changing social landscape of the 20th and 21st century. May be offered in an online or hybrid format. Prerequisite: Admission to the M.A. program in Spanish.

**SPN 623 Critical Thinking through Hispanic Literature 3(3-0)**

This course offers instruction in analytical and argumentative writing, critical thinking, research strategies and proper documentation through the study of Hispanic literary works. This course may be offered in an online or hybrid format. Prerequisites: Admission to the M.A. program in Spanish.

**SPN 630 Themes in Spanish Peninsular Literature and Cultures 3-9(Spec)**

Special topics seminar on main themes, authors and genres of prose, drama and lyric production in Spain from the medieval period to the 21st century. May be taken up to three times if the themes are different. May be offered in an online or hybrid format. Prerequisite: Admission to the M.A. program in Spanish.

**SPN 631 Medieval and Golden Age Spanish Literature 3(3-0)**

Special topics seminar on main themes, authors and genres of prose, drama and lyric production in Spain from the medieval period to the 17th century. This course may be offered in an online or hybrid format. Prerequisite: Admission to the M.A. program in Spanish.

**SPN 632 Eighteenth to Twenty-first Century Spanish Literature 3(3-0)**

Special topics seminar on literature that reflects significant factors which shape Spanish society and culture from the eighteenth century to the present day. This course may be offered in an online or hybrid format. Prerequisite: Admission to the M.A. program in Spanish.

**SPN 640 History of the Spanish Language 3(3-0)**

Examines the external and internal history of the Spanish language from its Indo-European origins to the modern period, with special emphasis on the evolution of phonology, morphology, syntax, lexis, and semantics. Prerequisite: admission to the M.A. program in Spanish.

**SPN 650 Stylistics 3(3-0)**

This course is designed to enable the student to deal with complexities of written Spanish at different levels of the language giving consideration to the fundamental aspects of morpho-syntax or orthography. This course may be offered in a hybrid format. Prerequisite: admission to the M.A. program in Spanish.

**SPN 655 Spanish Pragmatics and Critical Discourse Analysis 3(3-0)**

The seminar offers theoretical frameworks and current issues in pragmatics and critical discourse analysis. It demonstrates the relevance and usefulness of both disciplines to the field of applied linguistics. This course may be offered in an online or hybrid format. Prerequisite: Admission to the M.A. program in Spanish.

**SPN 660 Spanish Phonology 3(3-0)**

This course is designed to provide an understanding of Spanish articulatory phonetics in itself, and as contrasting with English articulatory phonetics, and to analyze the phonological system of the Spanish language. Prerequisite: admission to the M.A. program in Spanish.

**SPN 665 Second Language Acquisition: Theory and Practice 3(3-0)**

The study of second language acquisition and pedagogy, with focus on communicative language teaching and practical application in teaching Spanish at the university level. Prerequisite: Permission of the instructor.

**SPN 670 Study Abroad: Latin America 3-6(Spec)**

Courses offered at a site in Latin America selected by the department. Students will take one course in Spanish American Cultural Issues and one in Language or Linguistics, as approved by the advisor. Prerequisite: admission to the M.A. program in Spanish.

**SPN 680 Study Abroad: Spain 3-6(Spec)**

Courses offered at a site in Spain selected by the department. Students will take one course in Spanish Culture and one in Language or Linguistics, as approved by the advisor. Prerequisite: admission to the M.A. program in Spanish.

**SPN 697 Individual Study for the Comprehensive Examination 3(3-0)**

Individual study for the Comprehensive Examination under the supervision of three Spanish graduate faculty. Prerequisite: Permission of Spanish Graduate Director.

**SSC 197 Special Studies in Social Science 1-12(Spec)**

Primarily for freshmen or sophomores. Prerequisite: permission of instructor.

**SSC 397 Special Studies in Social Science 1-12(Spec)**

Primarily for juniors and seniors. Prerequisite: permission of instructor.

**SSC 597 Special Studies in Social Science 1-12(Spec)**

Primarily for graduate students. Prerequisite: permission of instructor.

**STA 103QR Evidence-based Problem Solving in Modern Society 3(3-0)**

Evidence-based problem solving strategies useful for everyday life. Focuses on the use of data and evaluation of risks and uncertainty in modern society. Quantitative Reasoning.

**STA 282QR Introduction to Statistics 3(3-0)**

Descriptive statistics, probability, sampling distributions, statistical inference, regression. Course does not count on major, minor in mathematics. Credit may not be earned in more than one of these courses: STA 282, STA 382, STA 392. Quantitative Reasoning. This course may be offered in an online or hybrid format. Recommended: MTH 105 or competency.

**STA 382QR Elementary Statistical Analysis 3(3-0)**

*An introduction to statistical analysis. Topics will include descriptive statistics, probability, sampling distributions, statistical inference, and regression. Credit may not be earned in more than one of these courses: STA 282, STA 382, STA 392. Quantitative Reasoning. Prerequisite: MTH 130 or 132 or 133. (University Program Group II-B: Quantitative and Mathematical Sciences)*

**STA 392 Probability and Statistics for Engineers 3(3-0)**

An introduction to statistical analysis emphasizing engineering applications. Topics include descriptive statistics, probability, sampling distributions, estimation, hypothesis testing, regression, quality control, and reliability. Credit may not be earned in more than one of these courses: STA 282, 382, and 392. Prerequisite: MTH 133.

**STA 575 Statistical Programming for Data Management and Analysis 3(3-0)**

Introduction to statistical programming for managing and analyzing data, including programming logic, data manipulation, missing data handling, basic techniques for analyzing data and creating reports. This course may be offered in an online or hybrid format. Prerequisites: STA 282 or 382 or 392; or graduate standing.

**STA 580 Applied Statistical Methods I 3(3-0)**

Applications of statistical analysis methods including the usage of computer software packages. Topics include simple and multiple regression, diagnostics, forecasting, and analysis of variance. This course may be offered in an online or hybrid format. Prerequisites: STA 282 or 382 or 392; or graduate standing.

**STA 582 Experimental Designs 3(3-0)**

Randomized block designs, Latin square designs, factorial designs, fractional factorial designs, response surface methods, robust designs. Prerequisite: STA 580.

**STA 583 Nonparametric Statistics 3(3-0)**

Theory and applications of nonparametric methods. Topics include one, two, and several sample problems, rank correlation and regression, Kolmogorov-Smirnov tests and contingency tables. Prerequisites: STA 282 or 382 or 392; or graduate standing.

**STA 584 Mathematical Statistics I 3(3-0)**

Probability defined on finite and infinite samples spaces, conditional probability and independence, random variables, expectations, moment-generating functions, probability models, limit theorems. Prerequisite: MTH 233.

**STA 585 Mathematical Statistics II 3(3-0)**

Introductory topics from mathematical theory of statistics: population distributions, sampling distributions, point and interval estimation, tests of hypotheses. Prerequisite: STA 584.

**STA 586 Clinical Trials and Survival Analysis 3(3-0)**

Simple and advanced statistical techniques used in the analysis and interpretation of clinical research data. Emphasis on statistical techniques commonly used in chronic disease analysis. Prerequisite: STA 282 or 382 or 392; or graduate standing.

**STA 587 Statistical Theory and Methods for Quality Improvement 3(3-0)**

Statistical theory and methods for optimizing quality and minimizing costs: classical and recently developed on-line methods and Taguchi's off-line quality and robust designs. Prerequisites: STA 580.

**STA 588 Sampling Techniques 3(3-0)**

Principles of sampling; simple random sampling; stratified random sampling; systematic sampling; cluster sampling; sample size determination; ratio and regression estimates; comparisons among the designs. Prerequisites: STA 282 or 382 or 392; or graduate standing.

**STA 589 Time Series Forecasting 3(3-0)**

Introduction to basic time series forecasting techniques. Topics include forecasting, Box-Jenkins models, time series regression, and transfer function models. Prerequisite: STA 580.

**STA 590 Applied Statistical Methods II 3(3-0)**

Multiway ANOVA, multiple comparison procedures, analysis of covariance, repeated measures analysis, unbalanced data and missing data analysis. Prerequisites: STA 580 and MTH 223.

**STA 591 Data Mining Techniques I 3(3-0)**

Data mining techniques for analyzing large and high dimensional data. Topics include data mining strategy, exploratory analysis, predictive modeling techniques, model assessment and comparison. This course may be offered in an online or hybrid format. Prerequisites: STA 580 or graduate standing.

**STA 592 Six Sigma: Foundations and Techniques for Green Belts 3(3-0)**

Six Sigma problem solving strategy for continuous improvement. Topics include DMAIC and PDSA strategies and applications, tools and statistical techniques used in the strategies. Prerequisites: STA 282 or 382 or 392; or graduate standing.

**STA 595 Introduction to Bayesian Statistics 3(3-0)**

Introduction to Bayesian analysis and applications. Topics include principles of Bayesian statistics, Bayesian linear models and generalized linear models. Prerequisites: STA 580, 584 or graduate standing.

**STA 596 Special Topics In Statistics 1-6(Spec)**

Subject matter not included in regular courses. May be taken for credit more than once, total credit not to exceed 6 hours. Prerequisite: permission of the instructor.

**STA 597 Independent Study 1-6(Spec)**

The in-depth study of a topic in statistics under the direction of a faculty member. May be taken for credit more than once, total credit not to exceed six hours. Prerequisite: Permission of instructor.

**STA 675 Advanced Statistical Data Management and Simulation 3(3-0)**

Advanced computational techniques for data management, statistical computing and simulation, including SAS Macro programming language, R, and SAS SQL. Prerequisite: STA 575, 584.

**STA 678 Categorical Data and Survival Analysis 3(3-0)**

Contingency tables, logistic and Poisson regression models, log-linear models, nonparametric methods of survival analysis, Cox proportional hazard models and accelerated failure time models. Prerequisites: STA 580, 584.

**STA 682 Linear Models 3(3-0)**

Theory and application of least squares method and hypothesis testing for the linear regression models. Prerequisites: MTH 525; STA 584.

**STA 684 Theory of Statistical Inference 3(3-0)**

Stochastic convergence and limiting theorems, sampling distributions, theory of point estimation and hypothesis testing, general linear hypotheses, sequential probability ratio test. Prerequisites: MTH 532 and STA 584.

**STA 686 Multivariate Analysis 3(3-0)**

Multivariate normal distributions, multivariate methods including multivariate analysis of variance, multivariate regression, principal component analysis, factor analysis, canonical correlation, discriminant analysis and cluster analysis. Prerequisites: STA 580, STA 584.

**STA 691 Advanced Data Mining Techniques 3(3-0)**

Data mining techniques for analyzing high dimensional data: include cluster and sequence analysis, self organizing maps, support vector machine, path mining, and Bayesian network. Recommended: STA 580 or equivalent.

**STA 695 Practicum/Internship 3(Spec)**

In-depth capstone practicum project supervised by a faculty member or advanced internship experience in external agency supervised by a faculty member and a professional supervisor. Prerequisite: Permission of the program advisor.

**STA 696 Special Topics in Statistics 1-6(Spec)**

Subject matter not included in regular courses. Course may be taken for credit more than once, total credit not to exceed six hours. Prerequisites: Graduate student status and permission of instructor.

**STA 697 Independent Study 1-9(Spec)**

The in-depth study of a topic in statistics under the direction of a faculty member. May be taken for credit more than once, total credit not to exceed nine hours. Prerequisites: Permission of instructor.

**STA 782 Generalized Linear Models 3(3-0)**

Theory and applications of generalized linear models, models for continuous data, models for binary and polytomous data, log-linear models, quasi-likelihood functions and model checking. Prerequisite: STA 682.

**STA 784 Theory of Estimation 3(3-0)**

Theory of point estimation in Euclidean sample spaces. Topics include unbiasedness, equivariance, global properties, large-sample theory, and asymptotic optimality. Prerequisites: STA 684; MTH 632.

**STA 797 Independent Study 1-9(Spec)**

The in-depth study of a topic in statistics under the direction of a faculty member. May be taken for credit more than once, total credit not to exceed nine hours. Prerequisites: Permission of instructor.

**SWK 100 Introduction to Social Work 3(3-0)**

Principles and values of social work, community resources and social service agencies, helping methods, and the role of the professional social worker. This course may be offered in an online or hybrid format.

**SWK 150QR Public Opinion, Social Sciences, and Social Welfare 3(3-0)**

Data to understand public opinion and social welfare. Measurement of concepts. Ways of interpreting data with tables, graphs, and statistics. Computer applications. Identical to SOC 150. Credit may not be earned in more than one of these courses. Quantitative Reasoning.

**SWK 250 Social Welfare Policies and Services I 3(3-0)**

History of social welfare and social action. Analysis of American social welfare systems. Links between social policy and needs and impacts on vulnerable groups. Prerequisite: SWK 100.

**SWK 270 Introduction to Community Development 3(3-0)**

Theoretical and practical overview of community development as a core social work competency, focusing on critical issues confronting communities in the 21st century. May be offered in an online or hybrid format.

**SWK 302 Social Work Practice in Gerontology 3(3-0)**

Theories, interventions, and issues in social work practice in gerontology. Prerequisites: SWK 100; SOC 100; PSY 100 or GRN 247.

**SWK 315 Social Work Generalist Practice I 3(3-0)**

Generalist communication skills through interviewing and information exchange with micro, mezzo and macro client systems. Develop ability to assess information obtained. Prerequisites: Must have minimum of 2.5 GPA; signed Social Work Major; applied to the Social Work Program; SWK 100; completion of 24 credit hours. Pre/Co-requisites: SWK 250; SOC 350. Co-requisite: SWK 374.

**SWK 321 Social Work Generalist Practice II 3(3-0)**

Knowledge, skills, and values for social work generalist practice within micro, mezzo, and macro client systems. Emphasis on culturally-competent and evidence-based practice. Prerequisites: Admitted to the Social Work Program; all SWK program required volunteer hours completed; SWK 315, 374. Co-requisite: SWK 375.

**SWK 331 Social Work Generalist Practice III 3(3-0)**

Generalist social work practice with micro, mezzo and macro systems continued from SWK 315 & SWK 321 with emphasis on the strengths perspective. Prerequisites: Admitted to the Social Work Program; all SWK program required volunteer hours completed; SWK 315, 321. Co-requisite: SWK 470.

**SWK 350 Social Work Research Methodologies 3(3-0)**

Data collection methodologies and issues for evidence-based practice and applied social work research including: experiments/single subject design, program evaluation, interviewing, community studies. Prerequisite: SWK 100; SOC 200 or PSY 211 or STA 282, with a C or better. Pre/Co-requisites: SWK 250 or SOC 221 or 302.

**SWK 374 Social Work and Human Behavior I 3(3-0)**

Critique and analysis of theory explaining human behavior in individuals and families. Use of theory in social work practice with diverse and/or oppressed populations. Prerequisites: Must have minimum of 2.5 GPA; signed Social Work Major; applied to the Social Work Program. Pre/Co-requisites: SWK 250; BIO 151 or HSC 211.

**SWK 375 Social Work and Human Behavior II 3(3-0)**

Theories explaining human behavior in groups, organizations, communities, and global systems. This course may be offered in an online or hybrid format. Prerequisites: Admitted to the Social Work Program; C or better in SWK 374. Co-requisite: SWK 321 OR completion of 86 hours in Bachelor of Science with an Option in Community Development.

**SWK 397 Independent Study 1-12(Spec)**

Directed reading or research on approved topic. Prerequisite: permission of instructor.

**SWK 399 Special Topics in Social Work 1-12(Spec)**

Consideration of subject matter not included in courses currently listed in the Bulletin.

**SWK 422 Youth Welfare 3(3-0)**

Issues pertaining to youth welfare are related to broader organizational and structural features of society, including historical and comparative (international) perspectives. Identical to SOC 422. Credit may not be earned in more than one of these courses. Prerequisites: SOC/ANT 101 and a signed Global Justice Minor; or SOC 100 and a signed Youth Studies Minor; or SOC 200, SOC 301, and SOC 350.

**SWK 450 Social Welfare Policies and Services II 3(3-0)**

Analysis and evaluation of social policies and social welfare services. Emphasis on social action, social and economic justice and impact on at-risk groups. Prerequisites: Admitted to the Social Work Program; SWK 250; SOC 221 or 302; SWK 470. Co-requisites: SWK 480.

**SWK 470 Social Work Practicum I 4(Spec)**

200 hours of supervised experience in a social work setting. CR/NC only. Prerequisites: Admitted to the Social Work Program; SWK 321, 375. Co-requisite: SWK 331, 471.

**SWK 471 Social Work Practicum Seminar I 2(2-0)**

Students consciously and critically integrate knowledge with direct practice observed in a field agency and compare generalist practice as implemented in different agencies. Prerequisites: Admitted to the social work program; Co-requisite: SWK 470.

**SWK 480 Social Work Practicum II 4(Spec)**

Continuation of 200 hours of supervised experience in a social work setting. CR/NC only. Prerequisites: Admitted to the Social Work Program; SWK 470, 471 with a B- or better. Pre/Co-requisite: SWK 450. Co-requisite: SWK 481.

**SWK 481 Social Work Practicum Seminar II 2(2-0)**

Students consciously and critically integrate knowledge with direct practice as performed in a field agency and compare generalist practice as implemented in different agencies. Prerequisites: SWK 471 with a B- or better, SWK 470. Pre/Co-requisite: SWK 450. Co-requisite: SWK 480.

**SWK 490 Community Development: A Critical Approach 3(3-0)**

Integrative capstone experience that synthesizes knowledge, skills, and applications in community development and community-based social work in an applied agency project proposal. May be offered in an online or hybrid format. Pre/Co-requisite: SWK 470 (for Social Work students) or Prerequisite: 86 semester hours and signed major in Bachelor of Science degree with an option in Community Development.

**SWK 597 Independent Study 1-12(Spec)**

Directed reading or research on approved topic. Prerequisite: Completion of at least 75 undergraduate credits or graduate standing. Recommended: SWK 100.

**SWK 599 Special Topics in Social Work 1-12(Spec)**

Consideration of subject matter not included in courses currently listed in the Bulletin. Prerequisite: Completion of at least 75 undergraduate credits or graduate standing. Recommended: SWK 100.

**TAI 170 Oral Interpretation of Literature 3(3-0)**

*General education approach to the art of oral interpretation as a dynamic means of analyzing and experiencing literature while communicating it with others. (University Program Group I-B: The Arts)*

**TAI 175 Appreciation of the Theatre 3(3-0)**

*A survey course that explores the development of theatre by looking at the art, craft, and business of the theatre. (University Program Group I-B: The Arts)*

**TAI 177 Stagecraft and Stage Lighting 4(4-0)**

Basic principles of scenery construction. Theory and principles of basic stage lighting.

**TAI 178 Special Topics in Theatre 3-9(Spec)**

Current topics for each semester listed in Course Search and Registration. May be repeated for a maximum of 9 credit hours.

**TAI 182 Acting I 3(3-0)**

Introductory voice and body work with special emphasis through exercises given to energy control and concentration.

**TAI 277 Stage Management 3(3-0)**

Principles and practices of stage management. Duties and responsibilities of the stage manager with emphasis on stage management in academic, community, and professional theatre. Prerequisites: TAI 177; 182.

**TAI 278 Stage Makeup 3(2-2)**

Theory and practice in straight and character makeup.

**TAI 282 Acting II 3(3-0)**

Introduction to emotional technique and characterization through exercises and scenes in individual projects. Prerequisite: TAI 182.

**TAI 300 Improvisation 3(2-2)**

Creation of spontaneous performances, emphasizing scenes, monologues, and storytelling. Prerequisite: TAI 182.

**TAI 302 Voice and Diction 3(3-0)**

Theory and practice of principles necessary for improving the speaking voice. Primary emphasis on individual speech improvement.

**TAI 305 Studio: Acting/Performance 1-4(Spec)**

Major participation in faculty/staff-supervised university theatre or oral interpretation activities in the area of acting/performance. Prerequisite: written permission of instructor.

**TAI 306 Studio: Directing 1-4(Spec)**

Major participation in faculty/staff-supervised university theatre or oral interpretation activities in the area of directing. Prerequisite: written permission of instructor.

**TAI 307 Studio: Movement 1-4(Spec)**

Major participation in faculty/staff-supervised university theatre or oral interpretation activities in the area of movement. Prerequisite: written permission of instructor.

**TAI 308 Studio: Script Creation 1-4(Spec)**

Script creation through adaptation of nondramatic materials or creation of original dramatic material for potential use in laboratory theatre or oral interpretation activities. Prerequisite: written permission of instructor.

**TAI 309 Studio: Stage Management 1-4(Spec)**

Major participation in faculty/staff-supervised university theatre or oral interpretation activities in the area of stage management. Prerequisite: written permission of instructor.

**TAI 310 Studio: Sound 1-4(Spec)**

Major participation in faculty/staff-supervised university theatre or oral interpretation activities in the area of sound. Prerequisite: written permission of instructor.

**TAI 311 Studio: Properties 1-4(Spec)**

Major participation in faculty/staff-supervised university theatre or oral interpretation activities in the area of properties. Prerequisite: written permission of instructor.

**TAI 312 Studio: Scenery Construction and Rigging 1-4(Spec)**

Major participation in faculty/staff-supervised university theatre or oral interpretation activities in the area of scenery construction and rigging. Prerequisite: written permission of instructor.

**TAI 313 Studio: Scenery Design 1-4(Spec)**

Major participation in faculty/staff-supervised university theatre or oral interpretation activities in the area of scenery design. Prerequisite: written permission of instructor.

**TAI 314 Studio: Lighting 1-4(Spec)**

Major participation in faculty/staff-supervised university theatre or oral interpretation activities in the area of lighting. Prerequisite: written permission of instructor.

**TAI 315 Studio: Lighting Design 1-4(Spec)**

Major participation in faculty/staff-supervised university theatre or oral interpretation activities in the area of lighting design. Prerequisite: written permission of instructor.

**TAI 316 Studio: Technical Direction 1-4(Spec)**

Major participation in faculty/staff-supervised university theatre or oral interpretation activities in the area of technical direction. Prerequisite: written permission of instructor.

**TAI 317 Studio: Costuming 1-4(Spec)**

Major participation in faculty/staff-supervised university theatre or oral interpretation activities in the area of costuming. Prerequisite: written permission of instructor.

**TAI 318 Studio: Wardrobe Management 1-4(Spec)**

Major participation in faculty/staff-supervised university theatre or oral interpretation activities in the area of wardrobe management. Prerequisite: written permission of instructor.

**TAI 319 Studio: Makeup 1-4(Spec)**

Major participation in faculty/staff-supervised university theatre or oral interpretation activities in the area of stage makeup. Prerequisite: written permission of instructor.

**TAI 320 Studio: Theatre Management 1-4(Spec)**

Major participation in faculty/staff-supervised university theatre or oral interpretation activities in the area of box-office management. Prerequisite: written permission of instructor.

**TAI 321 Studio: Dramaturgy 1-4(Spec)**

Major participation in faculty and/or staff-supervised university theatre or oral interpretation activities in the area of dramaturgy. Prerequisite: Written permission of instructor.

**TAI 352 Music Theatre Scene Study 3(1-2)**

Analysis and presentation of musical theatre scenes (duets, trios, groups). Study of character development in various music theatre styles. Prerequisites: MUS 250; TAI 182.

**TAI 371 Readers Theatre 3(3-0)**

Scripting and directing alternative texts for performance, including narrative fiction, lyric poetry, personal narratives, and nonfictional prose. Prerequisite: TAI 170.

**TAI 373 Oral Interpretation for Children 3(3-0)**

General education approach to the art of oral interpretation as a dynamic means of experiencing literature for children and communicating it to children.

**TAI 376 Interpretation of Drama 3(3-0)**

Specialized study of dramatic literature with particular attention to analysis, performance, styles of drama, stage speech, and appropriate dialects. Prerequisite: TAI 170.

**TAI 377 Costuming I 3(3-0)**

Survey of costume history, Egyptian to the present; introduction to design and construction techniques.

**TAI 378 Stage Combat 3(2-2)**

Basic principles of stage combat as they apply to hand-to-hand, quarterstaff, and rapier-and-dagger techniques. Prerequisite: TAI 182.

**TAI 379 Acting for the Camera 3(3-0)**

The creative process and special technical aspects of acting for the camera. Prerequisites: TAI 182.

**TAI 380 Musical Theatre History 3(3-0)**

Examination of American Musical Theatre history and forms from 1866 to the present.

**TAI 382 Acting III 3(3-0)**

Period movement patterns, pantomime techniques, and regional and cultural dialects, with individual scenes prepared for critical evaluation. Prerequisite: TAI 182, TAI 282.

**TAI 383 Voice for the Actor 3(3-0)**

Vocal techniques for actors. Designed to provide the student with a general understanding of vocal technique and theory, as they apply to characterization and acting. Prerequisites: TAI 182; TAI 302.

**TAI 384 Movement for the Actor 3(3-0)**

Movement techniques for actors. Designed to provide the student with a general understanding of movement technique and theory, as it applies to characterization and acting. Prerequisite: TAI 182.

**TAI 385 Audition Techniques 3(3-0)**

Practical audition skills including monologue selection, analysis and performance, cold readings, audition etiquette and protocol. Prerequisites: TAI 182, 282.

**TAI 399 Theatre and the Holocaust 3(3-0)**

*This course examines how theatre was/is used to represent and respond to the Holocaust and Nazi culture. Historical, political, ethical, and aesthetic questions are explored. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**TAI 452 Music Theatre Performance 3(2-2)**

Preparation and performance of musical theatre scenes and vignettes. Synthesis of performance techniques in music, dance, and theatre in relation to various musical theatre styles. Prerequisites: DAN 136, DAN 137, DAN 138, DAN 232; MUS 284, MUS 350; TAI 282, TAI 380.

**TAI 460 BFA Capstone Project 3(0-6)**

Major capstone project in theatre (including music theatre) and/or interpretation. Prerequisite: Must be approved by TAI or Music Theatre faculty/staff advisor(s) prior to registration. Must be completed in final year of study.

**TAI 476 Lighting Design 3(3-0)**

Theory and application of basic principles used in designing lighting for the theatre. Prerequisite: TAI 177. Recommended: TAI 314.

**TAI 477 Scene Design 3(3-0)**

Theory and application of basic principles used in designing scenery for the theatre. Prerequisite: TAI 177.

**TAI 478 Theatre Management 3(3-0)**

Concepts and methods of theatre management and promotion: box-office procedures, house management, and publicity.

**TAI 481 Directing 3(3-0)**

Responsibilities, philosophies, and techniques of the stage director. Emphasis on preparation of scenes for evaluation. Prerequisite: TAI 182.

**TAI 490 Independent Study 1-4(Spec)**

Student-initiated study guided by faculty member or faculty committee. Undergraduate prerequisites: an overall B average, permission of advisor and instructor (and completion of form).

**TAI 499 Senior Capstone 3(3-0)**

Capstone course that integrates academic and production experiences in theatre with students' career goals. Prerequisites: senior standing and completion of 30 hours of the TAI major.

**TAI 518 Advanced Make-up 3(2-2)**

Practical application of advanced make-up materials and techniques, including both two-dimensional and three-dimensional make-up. Prerequisite: TAI 278. Recommended: ART 260, 261.

**TAI 569 History of American Theatre 3(3-0)**

Development of drama and theater in America from colonial times to the present. Prerequisites: 6 hours of TAI coursework.

**TAI 570 Oral Interpretation of Prose Fiction 3(3-0)**

Specialized study of the short story and novel, in both individual and group performances. Prerequisites: one course in oral interpretation; one course in fictional literature.

**TAI 571 Oral Interpretation of Poetry 3(3-0)**

Specialized study of poetry. Prerequisites: one course in oral interpretation and one course in poetic literature.

**TAI 572 Special Topics in Oral Interpretation 1-9(Spec)**

Current topics for each semester listed in Course Search and Registration. 3 hours each; maximum credit 9 hours. Prerequisite: one course in oral interpretation and/or a major in English.

**TAI 573 Seminar: Interpretative Reading 3(3-0)**

History of the art of interpretative reading, its current theories and possible trends. Prerequisite: one course in interpretative reading.

**TAI 574 History of Drama and Theatre I 3(3-0)**

Development of drama and theatre in Western Culture from ancient origins to 1700. Prerequisites: 6 hours of TAI coursework.

**TAI 575 History of Drama and Theatre II 3(3-0)**

Continuation of TAI 574, History of Drama and Theatre I. Development of drama and theatre in Western Culture from 1700 to 1945. Prerequisites: 6 hours of TAI coursework.

**TAI 577 Special Topics in Technical Theatre 1-9(Spec)**

Current topics for each semester listed in Course Search and Registration. 3 hours each; maximum credit 9 hours. Prerequisites: Two from the following: TAI 177, TAI 278, TAI 377, TAI 477.

**TAI 578 Special Topics in Theatre 1-9(Spec)**

Current topics for each semester listed in Course Search and Registration. 3 hours each; maximum credit 9 hours. Prerequisites: Two undergraduate courses in theatrical production.

**TAI 579 Costume Design and Construction 3(3-0)**

Concentration in the problems of design, pattern drafting, and construction of costumes for the theatre. Prerequisites: TAI 377; FMD 140.

**TAI 580 Dramatic Theory and Criticism 3(3-0)**

Analysis of significant theories of theatre and drama. Prerequisite: TAI 574 or TAI 575.

**TAI 581 Advanced Directing 3(3-0)**

Continuation of TAI 481, Directing. Emphasis on the rehearsal and performance of one-act plays for public presentation. Prerequisites: TAI 177 and TAI 481. Admission by approval of instructor only (contact CDA office for procedure).

**TAI 583 Women in the Contemporary American Theatre 3(3-0)**

Examines the contributions of women producers, directors, playwrights, actors, designers, and critics to the development of the contemporary American theatre. Prerequisites: 6 hours of TAI coursework.

**TAI 584 Field Course in Theatre 1-4(Spec)**

A travel course to metropolitan theatrical productions and institutions. Required are a pre-travel reading program and final reaction/evaluation paper.

**TAI 585 Creative Dramatics 3(2-2)**

Techniques of guiding children through original dramatizations. Primarily for the classroom teacher.

**TAI 586 Playwriting 3(3-0)**

Theory and practice in writing original plays; discussion and critical evaluation of student plays. Prerequisites: ENG 201; ENG 294 or one course in history of drama and theatre.

**TAI 587 Irish Theatre and Drama 3(3-0)**

Development of theatre and drama in Ireland. Course requires travel to Dublin during Spring Break. Prerequisites: Permission of Instructor.

**TAI 588 Contemporary Theatre 3(3-0)**

Development of drama and theater in Western Culture from 1945 to the present. Prerequisites: 6 hours of TAI coursework.

**TAI 589 Theatre Workshop 2-6(Spec)**

Theoretical and practical work in productions of the University Theatre. Prerequisite: minimum of one course in theatre.

**TAI 590 Summer Repertory Theatre 3(3-0)**

Intensive practical theatre experience in the repertory situation under professional direction and guidance. Prerequisite: applicant admitted to course only through audition.

**TAI 602 Modern Performance Theory 3(3-0)**

Intensive examination of the growth and development of major assumptions underlying modern approaches to theatrical production.

**TAI 619 Continuing Registration for Final Research Project 1(1-0)**

A non-credit course intended for students who have completed all program credits but still need to use university resources to complete their degree requirements.

**TAI 790 Advanced Independent Study 1-4(Spec)**

Intensive study of some special problem under guidance of a faculty member or faculty committee. Prerequisite: permission of advisor and instructor (and completion of form).

**TEC 222 Introduction to Computer-Aided Technology for Vehicle Design 3(2-2)**

Introduction to computer-aided technology specific to designing vehicles in a global market. Emphasis on part design as applied to surface and solid part modeling. Prerequisite: IET 154.

**TEC 297 Special Topics 1-6(Spec)**

Variable credit, variable content courses with credit and specific topics identified in Course Search and Registration. Prerequisites: permission of instructor.

**TEC 320 Vehicle Systems and Design Terminology 3(3-0)**

A comprehensive review of automobile systems and components for the student who is interested in vehicle design. Focus is on terminology and system and component interdependence. Prerequisites: minimum of two years vehicle design work experience or minimum of 6 semester hours of drafting and descriptive geometry plus 6 semester hours of computer-aided design credit.

**TEC 321 Technical Creativity 3(3-0)**

A study of individual and group creative processes related to the design of new products and the application of new technologies. Prerequisite: TEC 320.

**TEC 322 Intermediate Computer-Aided Technology for Vehicle Design 3(2-2)**

Intermediate computer-aided technology specific to advance part design as applied to surface and solid part modeling in designing vehicles in a global market. Prerequisite: TEC 222.

**TEC 323 Materials and Applications in Vehicle Design 3(3-0)**

The study of various vehicle design applications and mechanical properties of steel, aluminum, composites, and plastics used in vehicle manufacturing. Prerequisites: IET 154, IET 226, TEC 320.

**TEC 324 Finite Element Modeling and Analysis 3(2-2)**

CAD solutions and strategies utilizing solid and surface modeling meshing for advanced automotive design applications, setting of loads and restraints. Prerequisites: IET 379, TEC 322.

**TEC 325 Design for Manufacturing and Assembly 3(3-0)**

A study of relationships between vehicle design, manufacturing, and assembly. Design constraints imposed by manufacturing processes and design's impact on product quality and cost. Prerequisite: TEC 323.

**TEC 326 Vehicle Systems and Design Requirements 3(3-0)**

Automotive systems with focus on interdependence of components and assembly systems with concern for manufacturing quality, maintenance and ergonomic good design/bad design. Prerequisites: IET 428, TEC 324.

**TEC 327 Design Creativity and Value Methodology 3(3-0)**

Creative processes utilizing team approaches during initial design as well as product improvement. Emphasis is on product value and customer satisfaction. Prerequisites: TEC 326.

**TEC 328 Materials and Applications in Vehicle Design 3(3-0)**

Physical properties of ferrous and non-ferrous metals as well as polymers and composites. Various molding, forming, and fabrication techniques are included. Prerequisites: TEC 326, IET 379.

**TEC 350 Vehicle Packaging 3(3-0)**

Vehicle designs for occupant packaging, seating arrangements, vision requirements, luggage storage, ground to bumper requirements, component dimensions, and legal/government design criteria, standards, and regulations. Prerequisite: TEC 320.

**TEC 376 Metal Forming 3(3-0)**

Design techniques and applications related to cutting, forming, and maintaining design tolerances; related industrial history, and the functions of die engineering departments will be covered. Prerequisite: TEC 323.

**TEC 377 Vehicle Related Metal Forming and Shaping 3(3-0)**

Design and development functions related to tooling, fixtures, gages, and dies. Emphasis on vehicle manufacture and includes basic process planning, design tolerance, and process selection. Prerequisites: TEC 328.

**TEC 378 Vehicle Manufacturing, Assembly and Process Planning 3(3-0)**

Interface between vehicle design, manufacturing and assembly process planning. Design impact on manufacturing process, product quality and cost is included. Prerequisites: TEC 326.

**TEC 397 Special Topics 1-6(Spec)**

Variable credit, variable content courses with credit and specific topics identified in Course Search and Registration. Prerequisites: permission of instructor.

**TEC 420 Value Methodology in Vehicle Design 3(3-0)**

Methods for improving product value and enhancing customer satisfaction in industrial projects utilizing a team approach. Prerequisites: TEC 320, TEC 321, TEC 323.

**TEC 441 Vehicle Interior Cockpit Design 3(3-0)**

Vehicle cockpit design emphasizing occupant placement and location relationships with interior components together with the design integrations process. Prerequisites: TEC 320, TEC 321, TEC 323.

**TEC 442 Vehicle Interior Trim Design 3(3-0)**

A study of design processes and techniques associated with designing vehicle interior components including door trim, headliners, floor coverings, seats, and other interior systems. Prerequisites: TEC 320, TEC 321, TEC 323.

**TEC 443 Ergonomics and Vehicle Design 3(3-0)**

The study of ergonomic principles and their use in the design of vehicles with particular emphasis on operation, manufacturing, and maintenance characteristics. Prerequisites: TEC 320, TEC 321, TEC 323.

**TEC 444 Vehicle Electrical Design 3(3-0)**

Electrical wire harness design and electrical component packaging covering electrical system and subsystem requirements, functions, and component assembly. Prerequisites: TEC 320, TEC 321, TEC 323.

**TEC 445 Vehicle Architecture Systems 3(3-0)**

Packaging of occupants, seating and vision requirements, storage needs, bumper design requirements consistent with federal and international standards and regulations. Prerequisites: TEC 328.

**TEC 446 Vehicle Body Systems Design 3(3-0)**

Body design with an emphasis on structural strength, overall performance, together with occupant comfort and safety. Introduces chassis and suspension systems. Prerequisites: TEC 328.

**TEC 447 Vehicle Interior Systems Design 3(3-0)**

Interior trim and instrument panel design concepts related to component selection. Emphasis is on component location, relationships and the overall design integration process. Prerequisites: TEC 328.

**TEC 448 Vehicle Chassis and Suspension Systems 3(3-0)**

Control systems operation including steering, braking, and suspension as they relate to the design of vehicle chassis configurations and packaging. Prerequisites: TEC 328.

**TEC 449 Vehicle Power Train Propulsion Systems 3(3-0)**

Operational characteristics of reciprocating, rotary, electric, and hybrid systems. Various fuel types are introduced. Includes drive train assemblies and components packaging. Prerequisites: TEC 328.

**TEC 450 Vehicle Electrical and Lighting Systems 3(3-0)**

Electrical, lighting, and subsystem requirements to include wiring harness design, component packaging, exterior and interior lighting and signaling requirements, and component assemblies. Prerequisites: TEC 328.

**TEC 451 Vehicle HVAC Systems 3(3-0)**

Automotive HVAC systems and their subsystem requirements. Current OEM automotive systems, design criteria, components, occupant comfort, controls interface, duct design, manufacturing, environmental and regulatory requirements. Prerequisites: TEC 328.

**TEC 452 Vehicle Body Structure Design 3(3-0)**

Basic automobile body design from a structural perspective relative to strength, vehicle performance, passenger comfort, and safety. Prerequisites: TEC 320, TEC 321, TEC 323.

**TEC 454 Vehicle Instrument Panel Design 3(3-0)**

Instrument panel design emphasizing occupant placement and location relationships with instrument panel components, together with the design integration process. Prerequisites: TEC 320, TEC 321, TEC 323.

**TEC 456 Vehicle Lighting Systems Design 3(3-0)**

Design and engineering principles applied to exterior, interior, and signaling lighting systems. Prerequisites: TEC 320, TEC 321, TEC 323.

**TEC 457 Vehicle Bumper System Design 3(3-0)**

Design and packaging of automotive bumper systems, including energy management, federal and international regulations, molding of parts, and assembly of bumper systems. Prerequisites: TEC 320, TEC 321, TEC 323.

**TEC 459 Vehicle Design Analysis and Integration 3(3-0)**

A capstone course which requires a vehicle design project showing the interface with affected departments, time constraints, and manufacturing/assembly implementation. Prerequisites: ENG 303, TEC 324 and Permission of Director. Graduating seniors only.

**TEC 497 Special Topics 1-6(Spec)**

Variable credit, variable content courses with credit and specific topics identified in Course Search and Registration. Prerequisite: permission of instructor.

**TEC 600 Introduction to Technology 3(3-0)**

The study of technology with an emphasis on the technical and sociocultural dimensions of energy, transportation, communication, and production systems.

**TEC 700 Readings in Technology 3(3-0)**

A critical analysis of the literature addressing the nature and construct of technology as a major discipline and area of human inquiry. Prerequisite: TEC 600.

**UNV 297 Prior Learning 1-60(Spec)****UNV 497 Prior Learning 1-60(Spec)****UNV 697 Prior Learning 1-10(Spec)****WGS 100 How Gender Affects Our Lives 3(3-0)**

*An interdisciplinary course on the creation of gender inequalities. Students will delve into the complexities of gender identity from historical, contemporary, intersectional, and international perspectives. CR/NC (University Program Group III-B: Studies in Social Structures)*

**WGS 207 Women in Religion 3(3-0)**

*Roles and images of women in major religious traditions; emphasis on religious reform, creation of alternative institutions, new concepts of spirituality. Identical to REL 207. Credit may not be earned in more than one of these courses. May be offered as Writing Intensive. (University Program Group I-A: Human Events and Ideas)*

**WGS 213 Introduction to Human Sexuality 3(3-0)**

Human sexual development throughout the human life cycle. Emphasis on understanding and acceptance of self as a sexually functioning person. Identical to HDF 213. Credit may not be earned in more than one of these courses.

**WGS 214 Sociology of Sexuality 3(3-0)**

Sociological examination of human sexuality, sexual identity and community. Identical to SOC 214. Credit may not be earned in more than one of these courses. Prerequisite: SOC 100.

**WGS 230 Women in the Economy 3(3-0)**

A study of the past and present role of women in the economy, as workers, both inside and outside the labor market. Identical to ECO 230. Credit may not be earned in more than one of these courses.

**WGS 297 Special Topics in Women and Gender Studies 3-6(Spec)**

Course covers special topics of interest to Women and Gender Studies not covered in existing courses. Course title will be listed on student's transcript.

**WGS 303 Goddesses 3(3-0)**

Interdisciplinary study of nature and role of goddesses in selected cultures, ancient and modern. Examination of issues raised when contemporary groups employ/reinvent goddess concepts. Identical to REL 303. Credit may not be earned in more than one of these courses.

**WGS 317 Sociology of Sex and Gender 3(3-0)**

Analysis of the role of gender in institutions such as the economy, the family and the schools. Gender inequality and factors that promote its reproduction. Identical to SOC 317. Credit may not be earned in more than one of these courses. Prerequisite: SOC 100 or 201 or 221.

**WGS 319 Women and Sport 2(2-0)**

An investigation of the motivational and social implications of women's participation in sport. Identical to PES 319. Credit may not be earned in more than one of these courses.

**WGS 326 Women and Politics 3(3-0)**

This course will look primarily at empirical studies of women's role in politics in the U.S. but also in other contexts. Identical to PSC 326. Credit may not be earned in more than one of these courses.

**WGS 327 Women Writers 3(3-0)**

Readings in fiction, poetry, and autobiography by women writers of the nineteenth and twentieth centuries, approached through contemporary feminist views. Identical to ENG 327. Credit may not be earned in more than one of these courses.

**WGS 328 Women in America 3(3-0)**

*Study of the traditional position of women in American society as documented in historical, literary, and biographical sources. Identical to HST 326. Credit may not be earned in more than one of these courses. May be offered as Writing Intensive. (University Program Group I-A: Human Events and Ideas)*

**WGS 334 Psychology of Women 3(3-0)**

Explores psychological issues pertaining specifically to women in the following areas: affective and cognitive functioning, personality theories, adult role behaviors, sexuality and physical and mental health. This course is approved for offering in a distance learning format. Identical to PSY 334. Credit may not be earned in more than one of these courses.

**WGS 354 Women in European History 3(3-0)**

Surveys and analyzes the traditional and nontraditional roles of women in European history, using new historical research. Identical to HST 354. Credit may not be earned in more than one of these courses.

**WGS 362 Gender Communication 3(3-0)**

Focuses on the role of communication in the creation and perpetuation of gender stereo types. Emphasis on personal growth and awareness in a variety of contexts. Identical to COM 362. Credit may not be earned in more than one of these courses.

**WGS 382 Gender and Art 3(3-0)**

Examines how gender identity has played a role in art. Examines artists, patrons, viewers, and subjects of representations as gendered and historically specific entities. Identical to ART 382. Credit cannot be earned in more than one of these courses. Prerequisite: Completion of 26 credit hours.

**WGS 410 Women, Crime and Deviance 3(3-0)**

Exploring the theories, concepts, and social constructions fundamental to conceptualization of women as victims, offenders, and workers in the criminal justice system. Identical to SOC 410. Credit may not be earned in more than one of these courses. Prerequisites: SOC 301, 350.

**WGS 426 Feminist Theory 3(3-0)**

Examines the way women have been described by the Western philosophical tradition from its beginnings to the present and offers alternative analyses to this tradition. Identical to PSC 426 and PHL 426. Credit may not be earned in more than one of these courses. Prerequisites: permission of instructor, or at least junior standing and either one course in philosophy or one of the following courses: PSC 275, PSC 326, PSC 371, PSC 373, or PSC 378.

**WGS 430 Women and Aging 3(3-0)**

Multiple theoretical perspectives examine the status of older women, individual psychological, social and physical development, roles in family and society, and policy implications. Identical to GRN 430. Credit may not be earned in more than one of these courses. Prerequisite: GRN 247 or PSY 325 or HSC 390.

**WGS 496 Capstone Seminar in Women's Studies 3(3-0)**

An interdisciplinary capstone seminar in Women's Studies integrating feminist theory, research and practice with particular attention to analysis of global movements, cultural institutions and science. Prerequisites: WGS 328/HST 326, WGS/PHL/PSC 426, and six additional hours in Women's Studies.

**WGS 497 Special Topics in Women and Gender Studies 3-6(Spec)**

Course covers special topics of interest to Women and Gender Studies not covered in existing courses. Course title will be listed on student's transcript. Recommended: 6 hours of coursework at the 300-level OR permission from instructor.

**WGS 590 Gender, Culture, and Society 3(3-0)**

Analysis of gender roles in various cultures; theoretical approaches to explaining gender role variation. Identical to ANT 590 and SOC 590. Credit may not be earned in more than one of these courses. Prerequisites: 6 hours of anthropology and/or sociology and /or women's studies.
