## Introduction to Central Michigan University's Organizational Structure

Central Michigan University is committed to fully meeting the Higher Learning Commission's federal compliance requirements. This document provides evidence that the university meets these requirements. It is submitted in advance of our comprehensive evaluation for reaffirmation of continuing accreditation on April 25-26, 2016.

Established in 1892, Central Michigan University is among the nation's 100 largest public universities, with an on-campus enrollment of more than 20,000 students and another 7,000 enrolled online and at 50 locations across North America. CMU offers students their choice of more than 200 programs at the certificate, bachelor's, master's, and doctoral levels and is recognized for strong undergraduate education and a range of focused graduate and research programs. As of February 1, 2016, CMU's Carnegie classification is **R2: Doctoral University – Higher research activity (Evidence: 1 Carnegie Classification CMU)**.

CMU is organized into six divisions, with the divisions of Academic Affairs, Enrollment and Student Services, Development, Government and External Relations, and Finance and Administrative Services reporting to the President's Division along with Athletics, General Counsel, Internal Audit, and University Communications (see organizational chart below).

CMU's academic programs are housed and overseen by seven academic colleges: Business Administration, Communications and Fine Arts, Education and Human Services, Health Professions, Humanities and Social and Behavioral Sciences, Medicine, and Science and Engineering. In addition, one interdisciplinary program is administratively housed in the College of Graduate Studies, and four interdisciplinary programs are administratively housed in the Global Campus unit; all of these interdisciplinary programs are overseen by Academic Senate-appointed committees. Additional units reporting to the Provost include Academic Administration, Academic Effectiveness, Global Campus, Information Technology, Institutional Diversity, International Affairs, Libraries, Research, and Student Media.

CMU is committed to providing access to its quality educational programs to a diverse audience, both nationally and internationally, through a variety of traditional and innovative instructional delivery methods and schedules. In addition to programs completed on the Mount Pleasant campus, some graduate and undergraduate courses and programs are offered face-to-face at approximately 50 locations throughout North America and by online distance delivery throughout the world by CMU's Global Campus unit. Global Campus is home to our off-campus students wherever they are located, although it is not a literal "campus" as defined by the HLC. Academic programs delivered through CMU's Global Campus unit are developed through the on-campus curricular process, and departments approve all faculty teaching courses both face-to-face at remote locations and online. Many students enrolled on the Mount Pleasant campus choose to enroll in online courses during the academic year and summer. All current off-campus locations are listed on the HLC website.

The Enrollment and Student Services Division (ESS) complements the academic priorities of the university, working closely with the Academic Division. ESS fosters the overall health, wellness, and co-curricular engagement of students through applied learning experiences. Units within ESS support recruitment, enrollment, social and academic integration, persistence, career readiness, and timely graduation. The ESS division consists of the following offices: Undergraduate and Graduate Admissions, Student Affairs, Residence Life, Academic Advising and Assistance, Registrar's Office, Office of Scholarships and Financial Aid, University Recreation, and Student Success. The division also supports the university Student Ombuds Officer.

The Finance and Administrative Services Division consists of Financial Services and Reporting, Financial Planning and Budgets, Residences and Auxiliary Services, Facilities Management, Human Resources, CMU Police, Camps and Conference Services, and Michigan Special Olympics.

Central Michigan University is committed to our mission of academic, personal, and professional success for all undergraduate and graduate students. CMU is nationally recognized as a student-centered university that develops leadership and excellence. CMU is ranked 194<sup>th</sup> by *U.S. News & World Report* in its most recent rankings of national universities. It is ranked 12<sup>th</sup> in America for online undergraduate programs for veterans and 5<sup>th</sup> for online graduate education programs for veterans (delivered through the Global Campus unit). The online graduate programs for teachers and administrators is ranked 17<sup>th</sup> and the online MBA is ranked 36<sup>th</sup> in America. The 2015 *U.S. News & World Report* ranked CMU's undergraduate engineering programs 86<sup>th</sup> among the nation's universities' engineering programs without a doctorate degree. *Fashion* ranked CMU's fashion merchandising and design program as 12<sup>th</sup> in the Midwest and 25<sup>th</sup> in the U.S. CMU's logistics program is ranked 24<sup>th</sup> in the nation by top supply chain management publishing institutions. Through applied scholarship, research, and creative activities, our faculty and dedicated staff members have an uncompromising commitment to achieving the following strategic priorities:

Strategic priority 1: Student success,

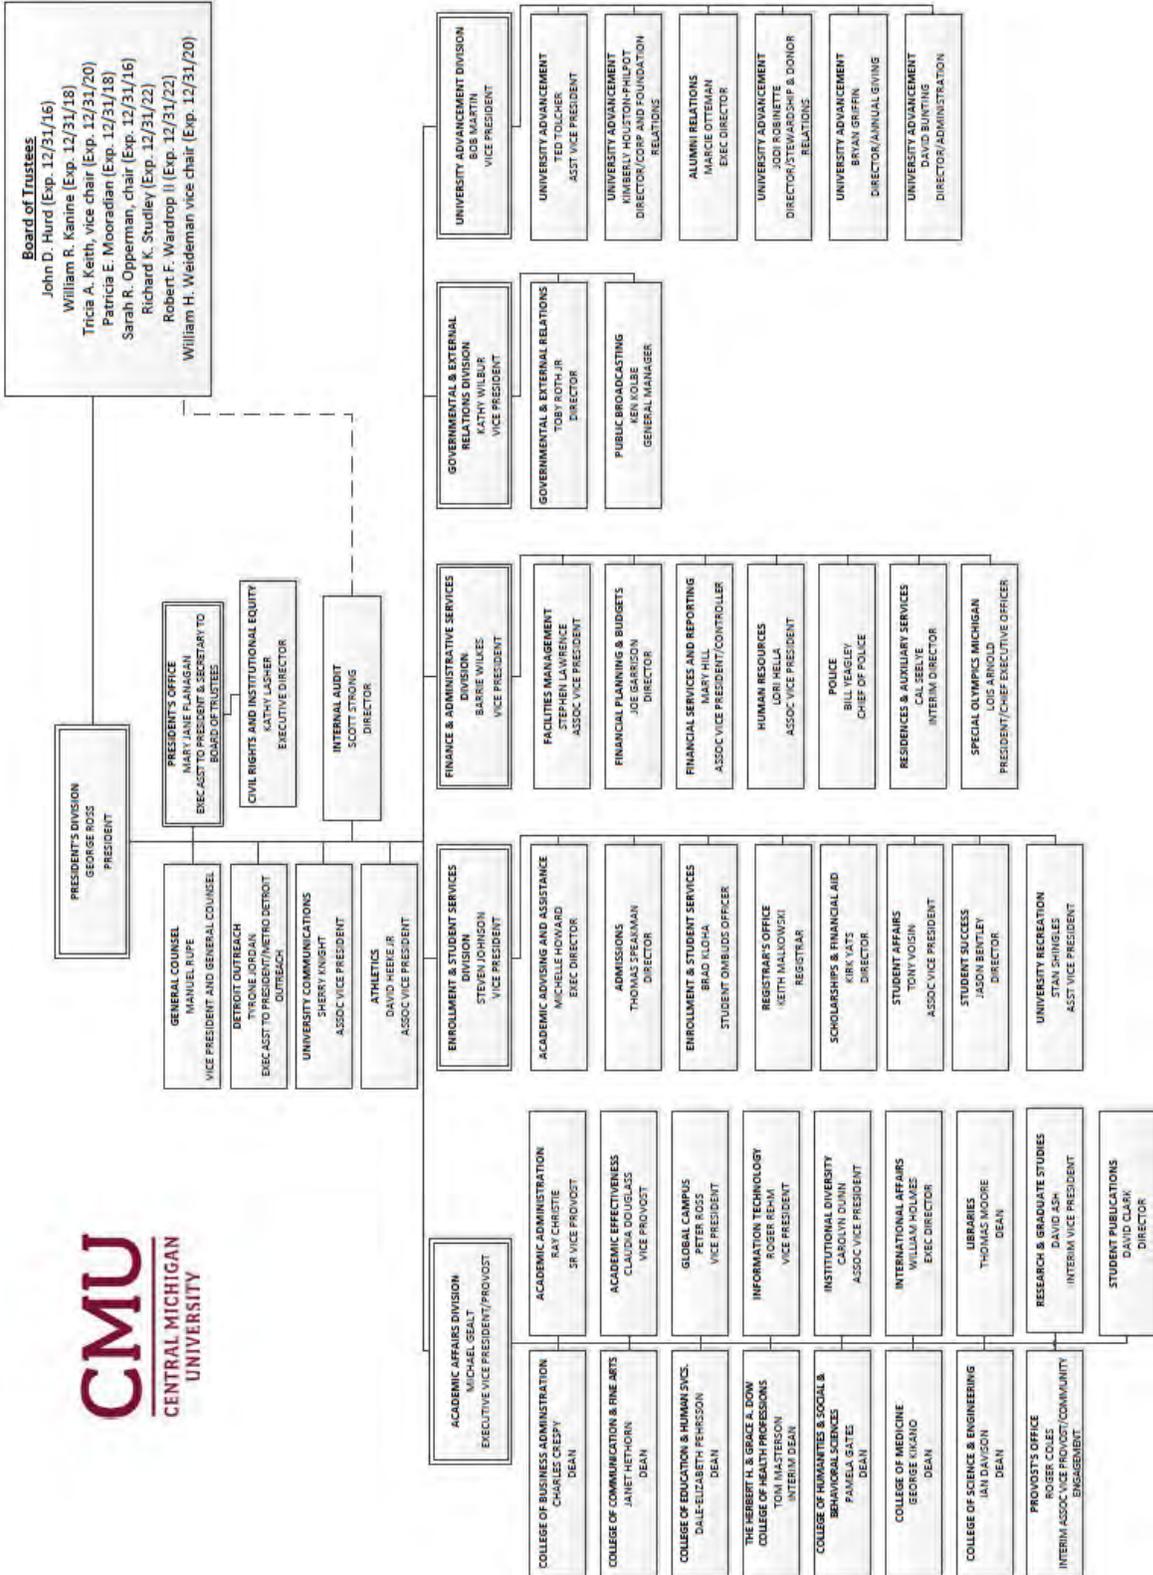

Strategic priority 2: Research and creative activity,

Strategic priority 3: Quality faculty and staff,

Strategic priority 4: Community partnerships, and

Strategic priority 5: Infrastructure stewardship that upholds our mission.

Together, the CMU faculty and staff from all divisions provide preeminent student-centered learning experiences to our more than 27,000 students and actively participate in the communities we are privileged to serve.

## 1. Assignment of Credits, Program Length, and Tuition (FDCR.A.10.020)

### Assignment of Credits, Program Length, and Tuition

1. Complete the *Worksheet for Use by Institutions on the Assignment of Credit Hours and on Clock Hours* attached to this document, and submit the worksheet and the attachments listed in it.
2. Provide information about the length of the institution's degree programs and identify and justify any difference in tuition for specific programs.

**1.1 Assignment of credit hours.** Central Michigan University uses the following federal credit hour definition for all of its courses: *A credit hour is an amount of work represented in intended learning outcomes and verified by evidence of student achievement that is an institutionally-established equivalency that reasonably approximates not less than:*

*(1) one hour of classroom or direct faculty instruction and a minimum of two hours of out-of-class student work each week for approximately fifteen weeks for one semester or trimester hour of credit, or ten to twelve weeks for one quarter hour of credit, or the equivalent amount of work over a different amount of time; or (2) at least an equivalent amount of work as required in paragraph (1) of this definition for other activities as established by an institution, including laboratory work, internships, practica, studio work, and other academic work leading toward the award of credit hours. 34CFR 600.2 (11/1/2010).*

On-campus courses are offered on a 16-week semester basis (15 weeks of instruction plus one final exam week). All classes are expected to meet during final exam week for either a formal exam or other activity. Summer, off-campus, and cohort programs generally offer courses on the weekends and/or in the evening in a condensed format. Online courses are offered on an 8-week and 12-week basis. In all cases, 1 hour equates to 50 minutes of instruction, with the expectation of 2 additional hours of out-of-class work for the equivalent of 15 weeks.

Laboratories, studio hours, internships, clinical practica, and other additional class time not associated with lecture usually meet for 2-3 hours per credit hour if on campus. Internships and clinical practica vary in the number of credit hours and the number of hours of participation required for completion. The number of credit hours is determined by the program, with approval through the curricular process. In all cases, 1 credit hour is minimally equivalent to 45 hours of effort.

The Registrar's Office uses a **scheduling matrix (Evidence: 2 Class Meeting Time Formats)** that determines meeting times for fall and spring classes, and a separate matrix for summer classes, to ensure that classes are meeting for the required time blocks. In addition, this uniform process allows for effective scheduling and facility utilization.

Global Campus facilitates approximately 35 courses, referenced individually as an Independent Course in the Field (ICF), with flexible start and end dates. These are essentially "independent study" courses initiated by a student at a remote (non-campus) location, which are approved by the department chair, dean, and a faculty member who oversees the course. An ICF may be taught in an online or distributed environment, using textbooks, journal articles, and other scholarly materials. The coursework is completed by the student at a remote location and

provided to the faculty member for evaluation. ICFs are only used in extraordinary circumstances to aid the student's progress toward the completion of his or her degree when no other options are available. A student must demonstrate that exigent circumstances exist for an ICF to be granted.

The College of Medicine (CMED) follows the federal credit hour definition but does not use credit hours for completion of the degree. The class schedule is set by the college, and courses vary in length.

**Please see Appendices A and B at the end of this narrative.**

**1.2a Program length.** All degree programs are described in detail in the *Undergraduate Bulletin*, *Graduate Studies Bulletin*, or *Global Campus Bulletin* (<https://bulletins.cmich.edu>). A summary table of **program length** is included in the evidence file (**Evidence: 3 Degree Program Length**). Additional information is available on the websites of the colleges and academic departments.

Undergraduate degree programs vary in the required number of credit hours, from a uniform minimum of 124 credit hours to a maximum of 161 for the Bachelor of Science in Secondary Education. The Bachelor of Science in Elementary Education was recently revised, decreasing the number of hours for the degree from 189 to 143. The Bachelor of Science in Secondary Education spans five colleges and is complex in the number of majors and minors. Review will be led by the College of Education and Human Services and is expected to begin in the 2016-2017 academic year. The number of hours currently required for various majors, the number of clinical hours in the field, and curriculum alignment to state and national standards will be examined as a part of the revision process.

Undergraduate programs are composed of general education requirements (30-40 hours), degree requirements, major/minor requirements, and other graduation-related requirements (such as earning 40 hours at the 300-level or above). Students may enter the university with advanced standing by earning high scores on specified Advanced Placement (AP), College Level Examination Program (CLEP), and International Baccalaureate (IB) standardized tests, most of which count toward their general education requirements. With early and careful planning, most programs can be completed in 8 semesters. Early advising at the college level and online planning tools added to the Advising Workbench (an electronic platform used by students, faculty, and staff for advising and managing student academic data) are available to assist students in the timely completion of their degree.

Full-time master's students comprise 66% of the on-campus graduate enrollment and usually complete their degree in 2-3 years. Time to graduation varies for master's students depending on the extent of their research, whether they are working, and other personal factors. Most Master of Science and Master of Arts programs are 30-36 credits in length. Often, programs requiring a thesis are 30 credits, whereas those with an alternative to a thesis such as an extensive internship or research review are 36 credits. The Master of Business Administration (MBA) is 35-43 credits because, although the core MBA program is 27 credit hours in length, the concentrations require an additional 9 to 27 credit hours. Professional master's degrees, including the Master of Science in Nutrition and Dietetics (31-37 credits) and the Master of

Science in Physician Assistant (130 credits), require clinical internships and must meet accreditation standards that require additional coursework.

The Specialist in Education program builds upon a master's degree and at least three years of experience and requires an additional 30 credit hours. The Specialist in Psychological Services is a three-year full-time program that leads to both the Master of Arts degree in Psychology (34 credit hours) and the Specialist in Psychological Services (an additional 36 credit hours). Doctoral programs that require extensive research and have few mandated courses can be completed in 60-90 credit hours. Doctoral programs with a clinical component require approximately 110-120 credit hours, or the equivalent of one additional year. The Doctor of Medicine (MD) is an undergraduate medical degree requiring four years of study, including classroom and clinical rotations according to the requirements of the Liaison Committee on Medical Education. The MD degree requires a minimum of 130 instructional weeks.

**1.2b Tuition.** All **tuition and fees (Evidence: 4 Tuition and Fee Schedule 2015-2016)** are approved by the Board of Trustees, usually at the spring board meeting or by the university President upon authority granted by the Board of Trustees for specialty programs. Central Michigan University is committed to containing tuition increases so that higher education can remain affordable and accessible to all. CMU maintained the lowest cumulative tuition increases among Michigan's 15 public universities each of the last six years. In addition, CMU has a convenient and affordable interest-free tuition payment plan.

For on-campus students, tuition is differentiated between Michigan residents and non-Michigan residents and by the level of the degree. Tuition is not differentiated by undergraduate level (lower and upper division) or by on-campus major. Specific courses may have a special fee such as a laboratory or studio fee.

Certain CMU programs offered via CMU's Global Campus have a differential fee or tuition structure based on the specialty nature of the program content (e.g., Master of Business Administration in ERP Software or Doctor of Educational Technology) or their place within the competitive national marketplace within which they are offered and delivered (e.g., Doctor of Health Administration or Master of Science in Nutrition and Dietetics). Similarly, certain CMU programs offered through CMU's Global Campus provide reduced tuition for specific student populations (e.g., veterans, active duty military, and the parents of CMU students or alumni). Full details on these tuition rates can be found in the *Global Campus Bulletin*. The College of Medicine tuition is also based on a competitive national marketplace.

A Michigan resident who is an enrolled member of a U.S. Federally Recognized Tribe and is not less than ¼ degree Indian blood quantum is eligible for free tuition at CMU. The student must be enrolled in a degree-granting program.

All **tuition rates** are available to the public on the university website and in the academic bulletins (**Evidence: 5 Tuition and Fees *Undergraduate Bulletin* 2015-2016 (p. 38-39), 6 Tuition and Fees *Graduate Studies Bulletin* 2015-2016 (p. 35-36), 7 Tuition and Fees *Global Campus Bulletin* 2015-2016 (p. 20)**).

## 2. Institutional Records of Student Complaints

### Institutional Records of Student Complaints

1. Explain the process for handling student complaints.
2. Summarize the number and type of complaints and track their resolutions since the last comprehensive evaluation by the Commission.
3. Explain how the institution integrates what it has learned from the complaint process into improvements in services or in teaching and learning.

**2.1 Process for handling student complaints.** Central Michigan University has many policies and processes in place to receive, address, and track student complaints. The nature of the student complaint determines the pathway to the most appropriate office to address the concern. The complaint resolution process involves most immediately those most familiar with the policies and procedures applicable to the student's concern, thus ensuring consistency and timely resolution. The university administration expects prompt attention to all complaints.

Students with a complaint are encouraged to resolve the problem at the lowest practical level, i.e., directly with the party or parties involved (their instructor, their advisor, their roommate, etc.). If the student is unable to resolve the issue directly with the party involved, then the student should elevate to the next level of appeal (department chair, dean, director, etc.). The student often finds resolution through these academic or administrative channels. If the complaint cannot be resolved directly because of concerns about safety or an inability to reach a solution, then other resources exist to assist students. The following describes the processes for handling different types of complaints:

- **General:** The Student Ombuds Office in Enrollment and Student Services receives complaints from on-campus students (<https://www.cmich.edu/ess/ombuds/Pages/default.aspx>). The Student Ombuds Office serves as a safe place where students can discuss issues, find assistance in clarifying issues and answering questions, receive explanation of university policies and procedures, brainstorm and explore options, and obtain information regarding campus resources and referrals. The Student Ombuds Office is a neutral party regarding student complaints. It serves neither as advocate nor as ally of the student. The ombuds website gives links to Report a Concern, Policies and Procedures Related to Students, Code of Student Rights, and Responsibilities and Disciplinary Procedures. The **flowchart of the referral process** used by the Ombuds Office is included in the evidence file (**Evidence: 8 Flowchart for Student Complaints to Ombudsperson**).

Complaints from students taking online courses or courses at sites other than Mount Pleasant are received by the Global Campus Ombudsperson. This person serves the same role as the on-campus Student Ombudsperson, and they often work together toward a solution. If an issue or complaint is not resolved through Global Campus, the student is directed to the Global Campus Student Complaint process website, which contains links to each state where the

student will find the **complaint process established by that state (Evidence: 9 Global Campus Student Complaint Process)**.

- Academic: Student complaints about academic matters are received by the department, dean's office, and the Vice Provost's Office. In each case, the first response is to ask the student to resolve the problem with the faculty member. If the student is not successful, then he or she should report the complaint to the department chair and, if the complaint is yet unresolved, report it to the dean's office, which logs the complaints and works with the student and department to resolve the situation. Situations that might apply to several colleges are often discussed at the Council of Deans as generalizations and without specifics. Some professional programs (e.g., Physician Assistant, Doctor of Medicine, Journalism, Social Work) have a student handbook that describes the student complaint and resolution process specific to that program.

During preparation of the assurance document, the Provost's Office realized that there was no central repository for student complaints regarding academic matters. After much discussion, a procedure for collecting, tracking, and reporting complaints was developed and approved for the academic colleges and administrative units in the summer of 2015, with immediate implementation (**Evidence: 10 Student Academic Division Complaint Policy**).

- Grades: The **Grade Grievance Policy** is approved by the Academic Senate and published on the Academic Senate website and in the academic bulletins (**Evidence: 11 Grade Grievance Policy**). It is followed by all colleges and departments, and the same policy applies to on-campus and Global Campus students. Most concerns regarding grades and grading are resolved at the department level. If that is not the case, formal grade grievances are handled by the appropriate associate dean, and the Senate policy is followed. Logs of grade grievances and resolutions are kept in the colleges.
- Student conduct: The Office of Student Affairs ([https://www.cmich.edu/ess/studentaffairs/Pages/Other\\_Links\\_of\\_Interest.aspx](https://www.cmich.edu/ess/studentaffairs/Pages/Other_Links_of_Interest.aspx)) publishes the policies on **Academic Integrity (Evidence: 12 Academic Integrity Policy)** and the **Code of Student Rights, Responsibilities and Disciplinary Procedures (Evidence: 13 Code of Student Rights, Responsibilities and Disciplinary Procedures)**. The Associate Vice President for Student Affairs has been appointed by the President to carry out the Board of Trustees Policy on the Code of Student Rights, Responsibilities and Disciplinary Procedures. The Associate Vice President for Student Affairs appoints Conduct Proceedings Officers to answer questions concerning the rights and responsibilities of students, to receive complaints as they are reported, and to follow through with discipline cases to their resolution. This office maintains a log using the Advocate Grievance Management Edition by Simplicity, which provides a single reporting tool, log, and mechanism for generating reports for all conduct cases. In addition, the LCME requires CMED to have an **Office of Student Affairs** with policies on grade grievances, student conduct, and disciplinary procedures (**Evidence: 14 CMED Office of Student Affairs**).

- Racial/Cultural/Gendered/Religious bias: The Office for Institutional Diversity (OID) reviews, investigates, refers, and resolves complaints regarding racial, cultural, gendered, and religious bias. Investigations are handled by the Associate Vice President for Institutional Diversity and by OID Directors. Students, staff, and faculty complaints are then referred to the **Bias Incident Response Team (Evidence: 15 Bias Incident Reporting)** for further review, and parties are encouraged to participate in restorative measures as recommended by the Response Team.
- Discrimination, harassment, and sexual misconduct: CMU is an affirmative action/equal opportunity (AA/EO) institution, providing equal opportunity to all persons, including minorities, females, veterans, and individuals with disabilities. CMU strongly and actively strives to increase diversity and provides equal opportunity in education, employment, its programming, and the use of its facilities. CMU is committed to protecting the constitutional and statutory civil rights of persons connected with the university.

The Office of Civil Rights and Institutional Equity (OCRIE) handles complaints related to discrimination, harassment, and sexual misconduct. OCRIE coordinates and implements CMU's Equal Opportunity and Affirmative Action Protocol and CMU's Sexual Misconduct Policy. These policies apply to students, faculty, staff, and certain third parties.

CMU's **Nondiscrimination Policy and Equal Opportunity Policy (Evidence: 16 Nondiscrimination Policy)** and **Affirmative Action Protocol (Evidence: 17 Equal Opportunity and Affirmative Action Protocol)** prohibit unlawful acts of discrimination or harassment on the basis of age, color, disability, gender, gender identity/gender expression, genetic information, familial status, height, marital status, national origin, political persuasion, race, religion, sex, sexual orientation, veteran status, or weight by members of the university community. Unlawful acts of discrimination or harassment include discrimination or harassment in employment, education, housing, public accommodations, public services, and telecommunications. In addition, retaliation for the participation in a protected activity is also expressly prohibited under CMU's policies.

OCRIE receives, investigates, and resolves complaints of discrimination and harassment from students, faculty, staff, and others. A complaint may be filed under CMU's Protocol by contacting a representative at OCRIE

([https://www.cmich.edu/office\\_president/OCRIE/Pages/Nondiscrimination-Statement.aspx](https://www.cmich.edu/office_president/OCRIE/Pages/Nondiscrimination-Statement.aspx)).

CMU's **Sexual Misconduct Policy (Evidence: 18 Sexual Misconduct Policy)** prohibits sexual misconduct, including dating violence, domestic violence/intimate partner violence, sexual assault, sexual exploitation, sexual harassment, stalking, and retaliation by members of the university community. CMU employees, except those named as a confidential resource in the Sexual Misconduct Policy, are responsible employees who are required under CMU's policy to report any information they know about possible sexual misconduct to the CMU Title IX Coordinator. Individuals who do not want their concerns reported to the Title IX Coordinator can contact confidential resources identified in the Sexual Misconduct Policy, such as the CMU Sexual Aggression Peer Advocates or the CMU Counseling Center. The Executive Director of OCRIE is the university's Title IX Coordinator.

OCRIE receives, investigates, and resolves complaints of sexual misconduct from students, faculty, staff, and others. A complaint of sexual misconduct may be filed with the Title IX Coordinator in OCRIE. A list of resources may be found on OCRIE's website or in the Sexual Misconduct Policy. To view CMU's list of resources, see [https://www.cmich.edu/office\\_president/OCRIE/Pages/Sexual\\_Misconduct.aspx](https://www.cmich.edu/office_president/OCRIE/Pages/Sexual_Misconduct.aspx).

CMU strives to provide excellent service to all constituents. Many offices in addition to those mentioned above, e.g., Information Technology and the University Police Department, have formal complaint policies and procedures and log complaints. However, some offices have an informal process whereby complaints are handled by that office as received or are referred to the most appropriate area for resolution.

**2.2 Number and types of complaints.** A detailed log of the number and type of complaints from each office mentioned in section 2.1 will be available to the reviewers upon request.

**2.3 Review of student complaints.** Each office routinely reviews complaints to identify patterns and to ensure consistency in the handling of complaints and issuance of sanctions, and to review the time it takes to resolve complaints. It is the intent of each unit to follow up on all complaints and to bring them to resolution. At least once a year, the complaint logs are reviewed at the division level, bringing problems, the need for additional education, and recommended revision to policies and procedures to the attention of the division vice president. The vice president can bring areas of concern to the President's Cabinet for further discussion and action.

### 3. Publication of Transfer Policies

#### Publication of Transfer Policies

1. Demonstrate that transfer policies are disclosed in the institution's catalog, on the web site, or in other appropriate publications.
2. Demonstrate that articulation agreements, at both the institutional level and the program level, are disclosed to students. Ensure that the disclosures clearly identify whether the institution under review: 1) accepts credit from the other institution(s) in the articulation agreement; 2) sends credits to the other institution(s) in the articulation agreement that it accepts; or 3) both offers and accepts credits with the institution(s) in the articulation agreement.
3. Demonstrate that the disclosed transfer policies align with the criteria and procedures actually used by the institution in making transfer decisions.

**3.1 Public disclosure of transfer policies.** The CMU Transfer Credit Policy (**Evidence: 19 Transfer Credit Equivalency Requirements and Conditions**) published in the *Undergraduate Bulletin* and on the Registrar's Office website ([https://www.cmich.edu/ess/registrar/RegistrarTransferCreditEquivalency/Pages/Transfer\\_Credit\\_Equivalency\\_Requirements\\_and\\_Conditions.aspx](https://www.cmich.edu/ess/registrar/RegistrarTransferCreditEquivalency/Pages/Transfer_Credit_Equivalency_Requirements_and_Conditions.aspx)) describes the transfer of credit from

accredited schools and foreign institutions, non-accredited schools, military training and experience, non-military training experiences, international baccalaureate diplomas and certificates, and the 13<sup>th</sup> year of high school. It also presents the Michigan Association of Collegiate Registrars and Admissions Officers (MACRAO) Articulation Agreement and the new Michigan Transfer Agreement (MTA) (effective Fall 2014) as well as how to deal with exceptions. This web page includes the requirements and conditions governing the transfer of course credit to CMU and a **Transfer Credit Equivalency Table (Evidence: 20 Transfer Equivalency Table)**. Students may request an evaluation of courses not listed in the Transfer Credit Equivalency Table by **contacting Undergraduate Academic Services (Evidence: 21 Request for Transfer Credit)**.

CMU considers for transfer credit coursework from regionally accredited degree-granting colleges or universities, or international credit that is approved by the government or the official regulating agency of the country in which the college or university is located. Coursework must be comparable in nature and content to coursework offered by CMU and appropriate to the intended program of study. To be considered, courses must appear on an official transcript not issued to the student. Faculty members work with the Registrar's Office to establish whether a course is deemed equivalent to a CMU course. Courses judged to be equivalent are transferred as specific CMU courses; those not equivalent can be transferred as elective credits. There are limitations to the number of transfer credits that can be applied to a degree program, and, in some cases, to a specific major. These are described in the academic bulletins and on the program websites.

A student who transfers from a community college in Michigan with a transcript documented as having satisfied the **MACRAO or MTA Agreement** will also have satisfied the University Program portion of the General Education requirements at CMU (**Evidence: 22 MTA and MACRO Agreements**). The Michigan Transfer Agreement (MTA) is a new agreement that became effective in Fall 2014. Both agreements are accepted and both reference courses that fulfill the University Program portion of the General Education requirements, with the MTA being more restrictive in defining the courses and the minimum GPA required for transfer credit.

Global Campus publishes its undergraduate and graduate **Transfer Credit Policy** in the *Global Campus Bulletin*, which includes information about veterans' educational benefits and how they may use transfer credit (**Evidence: 23 Transfer Policy Global Campus, Global Campus Bulletin 2015-2016, p. 35-37**). Students enrolled in programs delivered by Global Campus can receive prior-learning credit for courses that did not transfer to CMU as long as the courses were completed at regionally accredited institutions.

Graduate transfer credit is evaluated and approved by the relevant academic department and awarded by the College of Graduate Studies. In most cases, there is a limit to the number of transfer credits that may be counted toward a graduate degree. A copy of the **Graduate Transfer Credit Policy** can be found in the *Graduate Studies Bulletin* (**Evidence: 24 Graduate Transfer Credit Policy, Graduate Studies Bulletin 2015-2016, p. 55-56**).

**3.2 Articulation agreements.** Central Michigan University has a variety of articulation agreements, including those with community colleges, domestic and international universities,

tribal colleges, and United States military bases. All articulation agreements in their entirety are available on the Agreements web page. The **agreements database** is searchable by country, state, program, purpose, college, agency, and effective dates (**Evidence: 25 Agreements Database Search**). In addition, the Reverse Transfer Agreements are available on the Registrar's Office website, and the **Transfer Curriculum Guides** are available on the Admissions Office website (**Evidence: 26 Transfer Credit Guide - Example Alpena CC for Athletic Training**).

All articulation agreements clearly show the equivalency of prescribed coursework that transfers to CMU. These agreements ensure transferability of credit and uninterrupted continuity of the student's program. They are regularly updated as requirements change. Several offices, including Admissions, International Affairs, Global Campus, and academic departments, collaborate to develop the articulation agreements.

**3.3 Transfer policies and procedures.** All applications for undergraduate credit transfer are evaluated by the Registrar's Office. When granting a new credit transfer, the staff ensures that it specifically aligns with the policies and procedures approved by the university. For example, the Registrar's Office verifies that the course was taken at an accredited institution and that the student has earned the minimum grade required. All changes to the university transfer credit policies are submitted to the Degrees, Admissions, Standards and Honors committee (DASH) for approval. This committee is a sub-committee of the Academic Senate. Students must appeal through the Board of Appeals to receive transfer credit from a non-regionally accredited institution. Before making a decision, the Board of Appeals consults with the appropriate academic department. Finally, the graduation audit includes an audit of transfer credit and verification that the credits are allowed on the major and that the number of credits does not exceed any limitations set by the department. All undergraduate audits are performed by the Registrar's Office, and all graduate audits are performed by the College of Graduate Studies.

#### 4. Practices for Verification of Student Identity

##### Practices for Verification of Student Identity

1. Identify whether students are enrolled in distance or correspondence courses.
2. Demonstrate that the institution verifies the identity of students enrolled in these courses, that any additional costs to the student because of this method are disclosed to students prior to enrollment, and that the method of verification makes reasonable efforts to protect student privacy.

**4.1 Enrollment in distance courses.** Central Michigan University offers courses by distance delivery. It does not offer correspondence courses.

**4.2 Verification (authentication) of student identity.** Students admitted to the university are issued an **identification number, unique username**, and a randomly generated password (**Evidence: 27 CMU Global ID Student Number Campus ID**) (**Evidence: 28 Student Global IDs CMU Global Campus**). Once issued, the identification number and Global ID are the permanent unique identifiers of the student. The student's password is not retrievable once

issued and may be reset only through pre-existing processes and upon student identity verification. Users in need of a password reset must either contact the university's Information Technology Help Desk or access a secure web page to obtain a new password. In either case, the requestor's identity is verified prior to the release of a password.

**Online learning environment security and authentication.** Central Michigan University self-hosts an enterprise installation of Blackboard Learn (Blackboard) and an ASP-hosted installation of Blackboard Collaborate (Collaborate). Blackboard facilitates online course-related activities, including but not limited to course material distribution, asynchronous interaction, email communication, and assessment. Collaborate is used as the environment for synchronous (real-time) interaction.

Blackboard is updated four times daily through an automated process (the snapshot). The snapshot creates each course shell within Blackboard and associates with each course shell the students enrolled therein. Student enrollments are also updated in near real-time using a parallel process through the university course search and registration portal.

Students access Blackboard through a web URL, secured by industry standard Secure Socket Layer (SSL) Encryption. The student Global ID and password serve as login credentials, authenticated against Lightweight Directory Access Protocol (LDAP), with a fallback to Blackboard. Access to Collaborate, as it is used with online coursework, requires login to Blackboard. User information is then securely passed between Blackboard and Collaborate to allow student access to Collaborate.

**Additional security provisions.** Online course instructors may require that one or more of the course examinations be completed by students in a proctored setting. Proctors are identified by the student and are limited to a select group of acceptable options including school counselors/teachers, school/college administrators, military/industry education or testing centers, or the librarian at a local library. In addition, CMU centers proctor exams, as does the CMU Online staff in Mount Pleasant, Michigan. Proctors may not be family members, friends, co-workers, or other CMU students. CMU also reserves the right to deny any proctor or assign proctors to students as deemed necessary.

A number of additional security features are a standard part of CMU's Blackboard installation. These technology-based security features for assessment include passwords, timed and contingent release, and dynamic assessment generation. These features are readily available within Blackboard and may be used at the discretion of the course instructor. Courses developed for distance/online delivery implement an appropriate mix of the above security features as standard procedure.

Examinations may also be secured using **Respondus LockDown Browser (LDB) (Evidence: 29 Online Testing Security – Respondus Lockdown Browser)** and Respondus Monitor (RM). LDB is "a custom browser that locks down the testing environment within Blackboard.... The requirement to use LDB and RM is set when the exam is developed and is applied wherever the student takes the exam. When students use Respondus LockDown Browser, they are unable to print, copy, go to another URL, or access other applications. When an assessment is started, students are locked into it until they submit it for grading. Respondus

Monitor is a companion product for LockDown Browser that enables institutions to protect the integrity of non-proctored online exams. Students use their own computer and a webcam to record assessment sessions, all without leaving the institution's learning management system" (Respondus LDB, 2014). In addition to being recorded during an examination, after logging into Blackboard, students are prompted through a startup sequence prior to the examination, which may require the student to show government-issued photo ID, check surroundings, and capture a portrait. The process of enabling LDB/RM involves a brief series of selections on the part of the instructor. The instructor has the option to watch footage of the test.

These methods of verification of student identity have worked well. Students find them easy to use, and they do not present an undue burden to the student. There is no additional cost to the student unless the student's computer does not have a built-in camera and there is a need to purchase a webcam. Additionally, CMU is committed to protecting the privacy of our students through several institutional policies, including the **Social Security Privacy policy (Evidence: 30 Social Security Number Privacy policy)**, **Data Stewardship policy (Evidence: 31 Data Stewardship policy)**, **SAP Security – Authority, Rights and Responsibilities policy (Evidence: 32 SAP Security - Authority, Rights and Responsibilities Policy)**, and **Identity Theft Red Flags policy (Evidence: 33 Identity Theft Red Flags Policy)**.

## 5. Title IV Program Responsibilities

### Title IV Program Responsibilities

This requirement has several components the institution must address. The institution staff compiling this information should work with the financial aid office and the chief financial officer or comptroller.

#### 1. General Program Responsibilities

- a. Provide information regarding the status of the institution's Title IV program; in particular, submit information about recent findings from Title IV program reviews, inspections, or audits.
- b. Disclose any limitation, suspension, or termination actions that the U.S. Department of Education has undertaken and the reasons for those actions.
- c. Disclose any fines, letters of credit, or heightened monitoring arising from the Department of Education. Explain the consequences of these challenges for the institution's short- and long-term financial health.
- d. Discuss the institution's response and corrective actions to these challenges.
- e. Provide information about findings from the A-133 portion of the institution's audited financial statements that identify any material weaknesses in the processing of financial aid.

#### 2. Financial Responsibility Requirements. Provide information about the Department of Education's review of the institution's composite ratios and financial audits.

The Commission also annually analyzes each institution's financial ratios to determine whether there might be financial concerns. The team will check with the institution and with Commission staff regarding whether the Commission or the Department has previously raised concerns about an institution's finances based on these ratios. If so, the institution should have addressed in its

documents the actions it has taken and plans to take in response to these concerns. *Related Commission Requirements: Core Component 5.A, 2.B; Assumed Practice D.1.*

### 3. Default Rates

*Note for 2012 and thereafter institutions and teams should be using the three-year default rate based on revised default rate data published by the Department in September 2012.*

The institution should take steps to avoid excessive loan default rates.

- a. Disclose student loan default rates as provided by the Department for the three years leading up to the visit.
- b. If the default rates are higher for the institution than its peer institutions, if rates are rising, or if rates have exceeded Departmental thresholds or triggered a Department review, then the institution should address the actions it has taken in response and submit to the team any corrective plan filed with the Department.
- c. Submit information about the institution's participation in private loan programs and any loan services that it provides to students directly or that a related corporation provides to its students.

### 4. Campus Crime Information, Athletic Participation and Financial Aid, and Related Disclosures.

Title IV responsibilities include the legal obligation to disclose information to students and to the public about campus crime, athletic participation and other information. Identify any findings from the Department regarding these disclosures.

Supporting information: Provide samples of those disclosures in the Resource Room.

### 5. Student Right to Know.

Title IV responsibilities require that institutions provide graduation/completion for the student body by gender, ethnicity, receipt of Pell grants, and other data as well as information about the process for withdrawing as a student, cost of attendance, refund and return of Title IV policies, current academic programs and faculty, names of applicable accrediting agencies, description of facilities for disabled students, and the institution's policy on enrollment in study abroad. In addition, certain institutions need to disclose their transfer-out rate.

Supporting information: Identify any findings from the Department regarding these disclosures. Provide samples of these disclosures in the Resource Room.

*Related Commission Requirements: Assumed Practice A.6.*

### 6. Satisfactory Academic Progress and Attendance Policies.

The institution is required to have a Satisfactory Academic Progress policy and an attendance policy as part of the Title IV program. Document that these policies are readily available to students, satisfy state or federal requirements, and are being appropriately applied by the institution in individual student situations. (Note that the Commission does not necessarily require that the institution take attendance but does anticipate that institutional attendance policies will provide information to students about attendance at the institution.)

### 7. Contractual Relationships.

Disclose contracts with third-party entities not accredited by a federally recognized accrediting agency. (The institution should have previously disclosed to the Commission all existing contracts in the 2010 and 2011 Annual Institutional Data Updates and received approval for those contracts. The Commission's substantive change policy requires that the institution notify the Commission of any new contracts for up to 25 percent of an academic program, that the institution obtain prior Commission approval before initiating any contract for

25 to 50 percent of a program, and that the Commission approve contracts for more than 50 percent of a program only in exceptional circumstances under strict scrutiny. The institution should review the document, “*Information on Contractual and Consortial Arrangements*,” for more information. *Related Commission Requirements: Assumed Practice A.10.*)

- 8. Consortial Relationships.** Disclose consortial relationships with other entities accredited by a federally recognized accrediting agency. (The institution should have previously disclosed all consortial relationships to the Commission in the 2010 and 2011 Annual Institutional Data Updates. The Commission’s substantive change policy requires that the institution notify the Commission of any new consortium for 25 to 50 percent of an academic program and that the institution obtains prior Commission approval for any consortium that offers 50 percent or more of an academic program. The institution should review the document, “*Information on Contractual and Consortial Arrangements*,” for more information. *Related Commission Requirements: Assumed Practice A.10.*)

**5.1 General program responsibilities.** Central Michigan University complies with all Title IV program requirements of the Higher Education Reauthorization Act as amended in 1998 and is fulfilling its obligations under the Program Participation Agreement. The university undergoes an annual A-133 audit for its federal grants, which includes the Title IV programs. The university has not had any findings or questioned costs or material weaknesses in the processing of financial aid for more than 10 years, with the exception of two findings: one in **FY2014 (Evidence: 34 Schedule of Findings FY 2014 A-133 0614 FINAL)** and one in **FY2015 (Evidence: 35 Schedule of Findings FY 2015 A-133 0615 FINAL)**. The finding in FY2014 identified two students out of 40 selected for audit whose status changes were reported after 60 days of the withdrawal or graduation date. Those two students were in the system as unofficial withdrawals. The auditors recommended that CMU implement controls to ensure timely reporting of all student status changes. CMU uses a process that captures and identifies official and unofficial withdrawals to allow for timely reporting of any enrollment changes in status. The finding in FY2015 identified three students out of 40 selected for audit who did not have their federal funds returned within the required 45-day period. Those three students were identified as withdrawals in a timely manner, but the required return dates were not clearly indicated when the paperwork was filed with the Scholarships and Financial Aid Office. The auditors recommended that CMU implement controls to ensure timely return of Title IV funds. CMU will implement a process that clearly identifies the dates that returns are required to be posted when the paperwork is submitted to the Scholarships and Financial Aid Office. The university will also allow for special financial aid adjustment files to be run when procedural conflicts arise that may delay the refunds.

Due to its excellent record of compliance with Title IV requirements, there are no limitation, suspension, or termination actions in effect. There have been no negative actions, including fines, letters of credit, or heightened monitoring by the U.S. Department of Education.

**5.2 Financial responsibility requirements.** As a public university, CMU is not required to submit composite ratio information to the U.S. Department of Education. CMU reports a composite ratio analysis annually to the HLC as part of the Institutional Update. The total composite financial indicators for the most recent three reporting cycles were above the zone for

public institutions and required no additional follow-up (FY2014 = 4.50, FY2013 = 4.80, and FY2012 = 3.99). Annually, the university is audited by an outside independent auditor, and no concerns have been raised regarding our financial condition. Prior audit reports are available on the university's website <https://www.cmich.edu/fas/fsr/OAC/AccSvcs/AccYear-End/Pages/Financial-Reports.aspx>.

**5.3 Default rates.** Central Michigan University's student default rates hover around 4-6%. They are lower than our peer four-year public institutions and lower than the national average; therefore, there have been no U.S. Department of Education inquiries or reviews. The data shown in the table below are available publicly at the U.S. Department of Education's Official Three-year Cohort Default Rates For Postsecondary Schools and the **College Affordability and Transparency Center** websites (**Evidence: 36 US Dept of Ed College Scorecard – CMU**) (<http://www2.ed.gov/offices/OSFAP/defaultmanagement/cdr.html>).

Three-Year Cohort Default Rate					
Year	Borrowers in Default	Number in Cohort	CMU Percentage	National Average	Public Four-Year Schools
FY2010	330	5,559	5.9%	14.7%	9.3%
FY2011	368	5,919	6.2%	13.7%	8.9%
FY2012	371	6,739	5.5%	11.8%	7.6%

Central Michigan University stresses responsible borrowing to potential and current students through its website, in orientation presentations, and by letter at the time of inquiry regarding a loan. Financial aid staff members provide individual assistance and counseling to students and the campus community regarding borrowing wisely, debt reduction, identity theft, budgeting for life after college, and other financial aid topics. Early academic outreach programs and underserved population-based student support services programs such as UPWARD Bound, GEAR UP, Pathways to Student Success, and the Ronald E. McNair Scholars Program are required by state and federal regulations to provide financial aid literacy training. In addition, athletics and the College of Medicine conduct financial aid informational and responsible financial management counseling sessions.

Central Michigan University does not provide loans to students directly nor does it contract with any private loan programs or services. However, it does provide information about **private student loans (Evidence: 37 Private Student Loans)**. The terms of private education loans vary by lender. Private loans require a credit check and/or debt-to-income ratio check on the borrower and/or co-signer. Interest rates may be lower for those students who choose to have a credit-worthy co-signer. Parents are encouraged to take advantage of all federal student loan options before pursuing a private loan, as federal loans generally offer better terms and repayment options than private loans. Private loans are also not eligible for federal loan consolidation.

**5.4a Campus crime information.** Many offices across campus work collaboratively to maintain a safe campus environment. In accordance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, the university must inform current and prospective employees and students of policies and procedures that promote safety and security on campus. It is also necessary to report the crime statistics during the most recent calendar year and the two preceding calendar years.

In addition, CMU Police provide crime data for both the main campus and Global Campus facilities to the State of Michigan through the Michigan State Police. These CMU crime data are then provided to the Federal Bureau of Investigation by the State of Michigan. Both the Michigan State Police and the Federal Bureau of Investigation have websites that make CMU's crime data available to the public.

Each fall, all students and employee groups receive an email that includes links to the **Annual Security and Fire Safety Report, the Daily Crime Log**, and the Fire Event Log (**Evidence: 38 Annual Security, Fire Safety Report and Daily Crime Log**) (<http://cmich.edu/crimealerts>). The email also directs faculty, staff, and students to the CMU Police Department website in order to provide information on emergency notification through the Central Alert system and the social media timeline, which provides a listing of all **emergency notifications and updates**. Students and employees may sign up to receive text alerts in the event of an emergency that could affect their health and safety (**Evidence: 39 Central Alert Emergency Notification System**). The email also provides a link to a Clery Act Crime Report Form for those designated as Campus Security Authorities (CSAs). Information is distributed each fall to employees and students and made available to prospective students and employees before submitting an application. The **Annual Security and Fire Safety Report (Evidence: 40 Security and Fire Safety Report 2014)** covers relevant safety information and statistics for the previous three calendar years.

**5.4b Athletic participation and financial aid.** Central Michigan University makes **athletic participation (Evidence: 41 Athletic Participation Data)** and **financial aid data (Evidence: 42 Athletic Financial Aid Data)** available to the public through the Equity in Athletics Disclosure Act Report. These data are drawn from the OPE Equity in Athletics Disclosure Website database (<http://ope.ed.gov/athletics/>). The database consists of athletics data submitted annually, as required by the Equity in Athletics Disclosure Act (EADA) by all co-educational postsecondary institutions that receive Title IV funding and that have an intercollegiate athletics program.

**5.5 Student right to know.** Central Michigan University provides consumer information to current students, prospective students, their families, and the general public, both electronically and in print. The academic bulletins are the primary print resource for students. The electronic versions of the bulletins comprise a complete source for consumer information and are searchable by keywords. The Scholarships and Financial Aid Office website includes notifications and information required to be published under Title IV. Notification of the availability and location of student/consumer information is sent by email each semester to all enrolled students and is made available directly through several institutional websites and, where required, is distributed in hard copy format. This information is available at the **National Center for Education Statistics** website

(<http://nces.ed.gov/collegenavigator/?q=central+Michigan+university&s=all&id=169248>) and includes, but is not limited to, the categories shown below (**Evidence: 43 College Navigator - Central Michigan University**):

- Retention rates
- Graduation/completion for the student body by gender, ethnicity, receipt of Pell grants
- Cost of attendance
- List of academic programs and completion numbers
- Composition of faculty (full time/part time)
- Accrediting agencies
- Loan default rates
- Crime statistics

The following information is available on the **Whitehouse College Scorecard** website (**Evidence: 44 US Dept of Ed College Scorecard – Central Michigan University**) (<https://www.whitehouse.gov/issues/education/higher-education/college-score-card>):

- Six-year graduation rate
- Cost of attendance
- Loan default rate
- Median borrowing
- Employment

The following information is available on the **CMU Scholarships and Financial Aid** website (**Evidence: 45 Scholarships and Financial Aid Information for Continuing Students**) (<https://www.cmich.edu/ess/OSFA/Pages/Continuing-Students.aspx>):

- Refunds
- Withdrawal information
- Financial aid for study abroad (also available on the CMU Study Abroad website)

Information for disabled students is available at the **Student Disabilities Services** website (**Evidence: 46 Student Disability Services**).

Additional resources for Right to Know information include the following:

- Online academic bulletins (<https://bulletins.cmich.edu/>)
- Registrar's Office (<https://www.cmich.edu/ess/registrar/Pages/default.aspx>)

**5.6 Satisfactory academic progress and attendance policies.** Central Michigan University complies with U.S. Department of Education policies for **Satisfactory Academic Progress** (SAP). SAP is explained on the Scholarships and Financial Aid website (**Evidence: 47 Satisfactory Academic Progress**). The policy requires that students complete 67% of all CMU credits attempted each semester of enrollment, which includes the summer semester; maintain a minimum 2.00 GPA as an undergraduate student and a 3.00 cumulative GPA as a graduate student; and complete the degree in no more than 150% of the published length of the degree program. Additional details are available on the CMU Scholarships and Financial Aid website.

Federal regulations require that CMU monitor the SAP of all students regardless if they have received financial aid in previous semesters. These financial aid requirements are separate from students' academic requirements. The Complete Satisfactory Progress Policy, which includes detailed information and the appeal process, is available on the Scholarships and Financial Aid website (**Evidence: 48 Satisfactory Academic Progress Policy**).

Central Michigan University does not have a published attendance policy; however, **class attendance and missed classes** are addressed in the academic bulletins (**Evidence: 49 Attendance Policy, Undergraduate Bulletin 2015-2016, p. 71-72**). The various colleges, departments, and faculty establish their own policies regarding class attendance that are published in the course syllabus. Students are expected to comply with an instructor's established attendance policy and avoid missing classes. In the case of an absence due to required attendance at a university-sponsored event, reasonable attempts are made by faculty members to allow the student to make up missed work. The Office of Student Affairs sends courtesy notifications to instructors regarding an extended absence from campus due to illness or other personal issues.

The Academic Senate approved a policy on **Accommodation of Religious Obligations** that allows students to make up course requirements if they must be absent for reason of observing religious holidays (**Evidence: 49 Attendance Policy, Undergraduate Bulletin 2015-2016, p. 71-72**). It is the student's responsibility to initiate discussion with the instructor prior to the absence, if possible.

The university maintains policies on the documentation of attendance for Pell Grant recipients and for Direct Loan and Perkins Loan recipients. The **Student Guide to Your Financial Aid Award** (**Evidence: 50 Student Guide to Your Financial Aid Award**) found on the Scholarships and Financial Aid website explains the enrollment status requirements for federal aid along with information related to attendance and withdrawal.

**5.7 Contractual relationships.** Central Michigan University does not contract with third-party entities not accredited by a federally recognized accrediting agency.

**5.8 Consortial relationships.** Central Michigan University has no consortial relationships.

## 6. Required Information for Students and the Public

### Required Information for Students and the Public

1. Submit course catalogs and student handbooks to the team.
2. Identify sections of the web site that include required disclosure information.

**6.1 Catalogs and student information.** Central Michigan University produces many print and web-based documents that provide clear, accurate, and understandable information to the public. The academic bulletins are the primary source for information on the institution's calendar, grading, admissions, academic program requirements, tuition and fees, and refund policies. The bulletins are printed each year and are distributed to undergraduate students,

including transfer students, during summer orientation. The *Undergraduate Bulletin*, *Graduate Studies Bulletin*, and *Global Campus Bulletin* are available on the public website (<https://bulletins.cmich.edu>). Each year, the Bulletins Editor coordinates the process to update each bulletin, ensuring that all areas and departments have the opportunity to review and provide updates.

Four-year plans for all of the institution’s undergraduate majors, called **Major Maps (Evidence: 51 Major Map Example – Biochemistry)**, are reviewed and updated annually and published on the Academic Bulletins website (<https://bulletins.cmich.edu/majormaps.asp>). Used in conjunction with the bulletins, these plans are crucial for prospective and current students to understand program requirements and to plan for timely graduation. Program information is also available on department and college websites. CMU does not have a single, university-wide student handbook, although several programs have **handbooks that are available on their websites (Evidence: 52 OIA Student Handbook, 53 Dietetics UG Handbook 2015-2016, 54 Social Work Field Practicum Manual)**.

**6.2 Websites and student information.** Central Michigan University communicates with the public in many electronic formats. Information on all academic program requirements, scholarships and financial aid, tuition and fees, calendar, grading, admissions, and refund policies are available on the Academic Bulletins website (<http://bulletins.cmich>). A description of those contents is shown below.

## 7. Advertising and Recruitment Materials and Other Public Information

<p><b>Advertising and Recruitment Materials and Other Public Information</b></p> <ol style="list-style-type: none"> <li>1. Demonstrate that advertisements and recruiting materials provides accurate, timely, and appropriately detailed information to current and prospective students and that information about the institution's accreditation status with the Commission and other accrediting agencies is clear and accurate.</li> <li>2. Demonstrate that the institution provides such information to current and prospective students about its programs, locations, and policies.</li> <li>3. Provide the team with a link to the Mark of Affiliation on the institution's web site.</li> </ol>
---

**7.1 Accuracy of advertisements and recruiting materials.** Central Michigan University is committed to providing accurate and timely information to current and prospective students in print and electronic advertisements and recruiting materials. University Communications and the Admissions Office work cooperatively to regularly review and update undergraduate recruiting materials to ensure the accuracy of information provided to current and prospective students. Each spring and early summer, Admissions works with college deans and Global Campus to update their materials for the following year. Recruiting staff are trained on a regular basis on how to use recruitment materials in their work to ensure they are providing timely and accurate information.

The Bulletins Editor makes real-time corrections to the electronic bulletins and annually works with all areas to update the content in all print bulletins.

University Communications has a process in place to verify the accuracy of information used for recruiting students, including the primary web pages for new students, social media sites, billboards, and other public postings. The institution's standing with the Higher Learning Commission and all specialized accrediting bodies is available on the website, in the academic bulletins, and on department websites. It is rarely included in general advertisements or recruiting materials.

**7.2 Information to prospective students.** Central Michigan University communicates with the public in many electronic formats. The <http://go.cmich.edu> website is the primary communication portal for prospective on-campus students and their parents. It includes information about academic programs, undergraduate scholarships and financial aid, and life on campus, and it invites prospective students to visit and/or contact us. The main portal for off-campus students is <http://global.cmich.edu>. Facebook, Twitter, and Instagram sites also communicate with students. CMU recruiting materials were recently redesigned to carry the message "Put Your STAMP on the World." Throughout the redesign process, University Communications, working with units across campus, reviewed all recruiting materials for accuracy and consistency.

**7.3 Affiliation with HLC and other accrediting agencies.** Central Michigan University presents clearly its relationship with all accrediting agencies, including the Higher Learning Commission, on the **Academic Effectiveness website (Evidence: 55 Accreditation Status and Affiliations)**. This information is available to the public by entering the term "accreditation" in the search box on the cmich.edu website. This page contains the logo and link to the Higher Learning Commission as well as full contact information. The Academic Effectiveness accreditation web page links to a **table of specialized accreditations** that lists the program, accrediting body, date of last accreditation, date of next accreditation, and current accreditation status. All accredited programs report their accreditation status on their website and in the appropriate bulletin. See section 9.1 of this document for more detailed information on specialized accreditation (**Evidence: 56 Specialized Accreditation Table**).

## 8. Review of Student Outcome Data

### Review of Student Outcome Data

1. Demonstrate that the institution collects information about student outcomes.
2. Provide evidence that information collected about student outcomes informs planning, program review, assessment, etc.

**8.1. Institution collects data on student learning outcomes.** Central Michigan University is committed to maximizing student learning through evidence-based assessment. The Academic Senate Curriculum Authority Document is the authoritative guide for the preparation, submission, and review of curricular proposals. It also contains the **Policy on Student Learning Outcomes Assessment (Evidence: 57 Student Learning Outcomes Policy)**, which outlines the assessment process, links the assessment of student learning outcomes to program review, describes the roles of faculty and administration in the process, and sets the process timeline. All graduate programs, undergraduate majors, independent minors and certificates, the General Education Program, and the Honors Program are required to develop assessment plans and to engage actively in yearly assessment activities.

The assessment of student learning occurs first and foremost by the faculty member during course instruction. Faculty reflect on the past semester's successes and challenges as they revise and improve the syllabi for their courses. Each course has a Master Course Syllabus (MCS) that provides the structure for all sections of a course, including those offered online or at one of CMU's distance education locations. The **MCS for each course is reviewed** on a seven-year cycle as required by the Curriculum Authority Document (**Evidence: 58 Master Course Syllabus Review and Guidelines**), ensuring that the curriculum remains current and effective.

As part of an evidence-based system, and in partnership with the Michigan Department of Education (MDE) and P-12 schools, the Bachelor of Science in Education programs collect student learning outcome data at each stage of the developmental pathway, which includes quality of the admitted students, students' advancement through the program, completers' performance, and post-graduation data connected with program evaluation. Programs in the areas of Human Services and Educator Preparation collect employer satisfaction data following internships or post-graduation activities to measure the effectiveness of the preparation process. The Center for Applied Research and Rural Studies (CARRS) works with the College of Education and Human Services to collect data on student learning and employment from all Bachelor of Science in Education graduates one year and three years after their graduation. Similar data are collected by CARRS every six months from alumni of graduate programs in education.

The Office of Institutional Research (OIR) administers a six-month post-graduation First Destination Survey to graduating undergraduate on-campus students three times each year: after the May, August, and December graduation dates. Traditionally, there is a low return rate, and it is suspected that the data are biased in favor of the employed graduate. However, in the past year and a half, OIR has begun working with Career Services to improve the value of the

data collected with this survey. The new process includes an online survey followed by a telephone follow-up. After all contacts have been made by CMU, the remaining student names are submitted to HEPdata, a company that uses various techniques to obtain employment information.

Global Campus also administers a biennial Current Student Survey and a biennial Alumni Survey, including questions regarding student perceptions of achievement of program learning objectives and employment information related to their field of study. Further, CARRS conducts telephone interviews with all graduates of Global Campus programs within Michigan approximately six months after their graduation. Questions focus on employment outcomes, student learning, and satisfaction with programs and services. These data are provided to program faculty. Individual programs have greater success tracking graduates and often meet with an advisory board that includes alumni. The College of Medicine administers course-specific annual surveys regarding course and program learning objectives.

In addition, the Assessment Council provides funds to departments that wish to undertake alumni surveys for program improvement purposes and for program review. In the past year, funds have been available for such projects for the Departments of English; Foreign Languages, Literatures, and Cultures; and History. CMU's CARRS provides the survey expertise to help with such projects for units across the university. Units such as the Public Administration program, the Physician Assistant program, the College of Medicine, and the Athletic Training program collect and report such data to their accrediting bodies.

At the institutional level, CMU assesses student competency in critical thinking, analytic reasoning, problem solving, and written communication skills using the Collegiate Learning Assessment (CLA), which is administered every three years. These are skills expected of every graduate, and the CLA provides benchmarking data with which to compare the university to its peers. These data also inform the success of our General Education program. The CLA data are one measure of student success reported in the CMU Strategic Plan. Similarly, the National Survey of Student Engagement (NSSE) is administered every three years. This is a broad instrument providing information on the level of academic challenge, active and collaborative learning, student-faculty interaction, enriching educational experiences, and supportiveness of the campus environment. A summary of the CLA and NSSE data, including trends, is presented to the Board of Trustees, the Council of Deans, the Council of Chairs, and the Academic Senate for discussion. Data from the CLA and the NSSE were used to inform practices of General Education and as the basis for the Quality Initiative on Promoting Educational Achievement, with an emphasis on the academic challenge of 100- and 200-level courses. The General Education Program is also assessed on a yearly basis by collecting and scoring samples of student work from each of the subgroups and competencies.

The OIR collects and reports data on student retention, progression, and graduation rates. These data are provided in reports easily accessible in PDF and Excel formats on the OIR website ([https://www.cmich.edu/office\\_provost/academic\\_administration/OIR](https://www.cmich.edu/office_provost/academic_administration/OIR)). OIR also provides an annual report of grades, including Incompletes and Withdraws. Courses are monitored for high failure rates, which include grades of D, E, and Withdraw.

**8.2 Institution uses student learning outcome data for program improvement.** The assessment of student learning outcomes and the resulting curriculum improvements are fundamental to program review and many specialized accreditation self-study documents. An Assessment Coordinator is assigned to each college and interdisciplinary council to assist with their assessment activities. Departments and interdisciplinary councils collect student learning outcome data for all programs each year. However, the focus shifts every other year from the analysis and discussion of the data to the implementation of improvements that arise from data analysis. In the fifth year of the cycle, the year preceding program review, there is a substantive and reflective review of the past five years' data. This review is included in the program review self-study and discussion. The student learning outcome data are stored in the WEAVE *online* management system, searchable by program, department, or college. In addition, many accredited programs collect additional data to demonstrate the mastery of knowledge, skills, and attitudes. Data on employment or further professional studies are included in the program assessment report.

To complete the annual assessment report, the program faculty must explain what they have learned from the data they have collected and how that information will be used to inform program improvement. They also report on changes they have made in pedagogy, curricula, and/or assessment activities based on their assessment information. The program must attest to having a substantive conversation with program and department faculty that includes a review of the data. The Assessment Coordinator and another Assessment Council member review each assessment report, and the Assessment Coordinator meets annually with the program faculty, department, or council to discuss the findings and recommendations. Each program also receives a letter from the Assessment Council (and the Assessment Coordinator) each year, which outlines the strengths and weaknesses of the unit's assessment activities. The Assessment Coordinator meets with each college dean/associate dean to review the assessment findings and action steps to improve programs. The college dean/associate dean and the Provost/Vice Provost receive copies of these letters along with any notes or corrections from the meeting the Coordinators hold with the department faculty.

All programs are scheduled for **program review every five years (Evidence: 59 Program Review Schedule 2012-2017)**, and assessment of student learning outcomes and employability is explicitly tied to program review. As described in the **Program Review Handbook (Evidence: 60 Program Review Handbook 2015)**,

***The assessment of student learning is an essential and significant piece of program review.** Programs are to utilize the data from the previous five years as documentation of student learning or the need for program revision. Meet with your assessment coordinator early in the process to discuss the analysis of the assessment data. Expectations for graduate programs extend beyond those of undergraduate programs and should be carefully addressed in the narrative. Data on the effectiveness of accelerated masters programs should be included. Programs leading to the BS in Ed degree must analyze the MTTC results and other data relevant to teacher education. For programs offered both on- and off-campus, students and faculty at all locations should be included and clearly identified in the data and addressed in the narrative (Program Review Handbook, 2015, p 6).*

The program faculty and the dean independently develop a SWOT (strengths, weaknesses, opportunities, and threats) analysis of the program and rate the program on quality, size, and funding. The concluding program review discussion is with the Provost, Vice Provost, dean, department chair, and lead program faculty. Following a thorough discussion of the program, the Provost writes a letter that includes a summary of program quality and the need for resources as well as a set of recommended actions to be taken in response to the program review. Responses to these recommended actions are reported to the Vice Provost. The Program Review Schedule has live internal links to each program review self-study, Provost's letter with recommended actions, and the department or council's responses to the recommended actions.

The results of student licensure examinations are often property of the student, and departments/programs only receive anecdotal results. Accredited programs with licensure or certification exams collect and report the results on their websites (**Evidence: 61 Certification Examination Results and Posting, 62 AT Program Board of Certification Results, 63 DPT Program Outcome Statistics, 64 PA Program Licensure Exam Results**).

The educator preparation programs at CMU are approved by the Michigan Department of Education (MDE), providing assurance of program efficacy, fulfillment of state requirements, and a commitment to continuous improvement. Data regarding teacher preparation programs are collected, analyzed, and benchmarked against other Michigan institutions every year. The performances of CMU students are regularly assessed against the goals and standards of MDE and against other relevant standards involving alumni, employers, practitioners, and community partners in improving program elements and processes. CMU receives results for all students taking the **Michigan Test of Teacher Certification** by subject area tested, major or minor, and test date (**Evidence: 65 MTTC Results CMU 2013-2014**). These results are reviewed at many levels by the Professional Education Unit faculty, staff, advisors, and the Dean of the College of Education and Human Services. In addition, these test results must be addressed in the annual program assessment reports, program review of all programs leading to the Bachelor of Science in Education, and CAEP (previously TEAC) accreditation self-study (Educator Certification Information: <https://www.cmich.edu/colleges/ehs/unit/peu/Pages/PEU-Resources.aspx>).

## 9. Standing with State and Other Accrediting Agencies

### **Explanation: Standing with State and Other Accrediting Agencies**

1. Disclose information about any relationship with a specialized, professional, or institutional accreditor and with all governing or coordinating bodies in states in which the institution has a presence.

Supporting information: Provide the team in the Resource Room with the most recent comprehensive evaluation report and action letter from each institutional or specialized accrediting agency as well as any interim monitoring prepared for that agency.

**9.1 Specialized accreditation.** Central Michigan University discloses its relationship with all **regional and specialized accrediting bodies** on the Academic Effectiveness website

(**Evidence: 66 Accreditation Affiliations**) and in the online and **paper *Undergraduate Bulletin, Graduate Studies Bulletin, and Global Campus Bulletin*** (**Evidence: 67 Accreditation Undergraduate Bulletin 2015-2016, p. 5; 68 Accreditation Graduate Studies Bulletin 2015-2016, p. 11; 69 Accreditation Global Campus Bulletin 2015-2016, p. 6**).

Central Michigan University was first accredited in 1915 by the North Central Association of Colleges and Schools (NCA) as Central State Teachers College and has been accredited since, with the exception of 1922-1923. NCA accredited the first master's program in 1957 and approved the offering of doctoral programs in 1992. The last comprehensive evaluation took place in 2005-2006 by the Higher Learning Commission of the North Central Association of Colleges and Schools, at which time **CMU was accredited for 10 years**. The current accrediting body is now known as the Higher Learning Commission (**Evidence: 70 HLC Statement of Accreditation Status**) and is recognized by the United States Department of Education.

Many CMU programs have also been reviewed and are accredited by one or more specialized accrediting organizations. All accredited programs report their accreditation status on their websites and in the academic bulletins. The most recent action letter and comprehensive evaluation report for each specialized accrediting agency are linked to the Table of **Specialized Accreditation (Evidence: 71 Specialized Accreditation Table)**.

The teacher education programs are accredited currently by the Teacher Education Accreditation Council (TEAC) and have applied for certification by the Council for the Accreditation of Educator Preparation (CAEP). CMU's education programs leading to certification are also approved by the Michigan Department of Education. Other programs hold national accreditation by one or more of the following organizations: Association to Advance Collegiate Schools of Business International (AACSB International); Accreditation Commission for Audiology Education (ACAЕ); Accreditation Council for Education in Nutrition and Dietetics (ACEND); Accreditation Council for Graduate Medical Education (ACGME); Accrediting Council of Education in Journalism and Mass Communication (ACEJMC); American Chemical Society (ACS); American Psychological Association (APA); Accreditation Review Commission on Education for the Physician Assistant, Inc. (ARC-PA); Association of Technology, Management and Applied Engineering (ATMAE); Association of University Program in Health Administration (AUPHA); Council on Academic Accreditation in Audiology and Speech-Language Pathology (CAA); Commission on Accreditation of Athletic Training Education (CAATE); Commission on Accreditation in Physical Therapy Education of American Physical Therapy Association (CAPTE); Council for Interior Design Accreditation (CIDA); Council on Accreditation of Parks, Recreation, Tourism, and Related Professions (COAPRT); Commission on Sport Management Accreditation (COSMA); Council on Social Work Education (CSWE); Engineering Accreditation Commission (EAC) of ABET; National Environmental Health Science & Protection Accreditation Council (EHAC); National Association for the Education of Young Children (NAEYC); National Association of Schools of Art and Design (NASAD); National Association of Schools of Music (NASM); National Association of School Psychologists (NASP); National Association of Schools of Public Affairs and Administration (NASPAA); and National Council on Family Relations (NCFR).

All programs are fully accredited and in good standing. The Master of Science in Physician Assistant was put on probation by the ARC-PA in 2014. CMU provided a communication plan, a written response to the accreditation citations, and the self-study report on October 2, 2015 (**Evidence: 72 PA Citation Response (10 2 2015), 73 PA Self-Study Report (10 2 2015)**). CMU administration and the PA Program Director worked closely with two consultants from the Physician Assistant Education Association (PAEA) and with the ARC-PA leadership to restructure the leadership in the program and to hire additional faculty. A site visit occurred in December 2015. On March 17, 2016 President Ross received an Advance Notice of Accreditation Action stating that CMU's program is once again fully accredited. An official letter of notification that includes the specifics of the accreditation action will be sent in 30 days.

The program leading to the Doctor of Medicine is new and is moving through the process toward full accreditation of the Liaison Committee on Medical Education (LCME). The CMU program has been granted preliminary status by the LCME and is undergoing review for provisional accreditation. Full accreditation is not granted until the first class of students is in its final year of the program.

**9.2 Authorization in other states.** Central Michigan University through the Global Campus unit, engages in a continuous process for recognition as an authorized institution of higher education in all 50 states and the District of Columbia. CMU is committed to ensuring that its academic programs, experiential activities, institutional practices, delivery methods, and operational activities comply with applicable regulations specific to the jurisdiction. The specific **state approvals** are updated and available at [www.global.cmich.edu/compliance](http://www.global.cmich.edu/compliance) (**Evidence: 74 Accreditation and Licensure Information Global Campus**). Letters of approval are available to reviewers upon request.

## 10. Public Notification of Comprehensive Evaluation Visit and Third Party Comment

### Explanation: Public Notification of Opportunity to Comment

1. Determine what constituencies should receive the notice of opportunity to comment. These groups should include students, parents, alumni, taxpayers, donors, community groups, local businesses.
2. Determine what media the institution will use to solicit comments. Local newspapers, institutional web sites, and alumni magazines are appropriate choices. The notices should reach all constituencies but should not unduly burden the institution.

The notices should include: the purpose and dates of the visit, the institution's accreditation status with the Higher Learning Commission, an invitation to send written, signed comments directly to the Commission, and contact information for the Commission.

The notices should specify that comments must be sent to the Commission no later than four weeks before the start of the visit.

3. Publish the notices of the visit following the prescribed format; a sample notification is provided below.

4. The institution must send copies of its notices to the Commission in .pdf format to legalaffairs@hlcommission.org at least a month before the comprehensive evaluation visit. Commission staff will compile the comments and the notices and send them to the evaluation team and to the institution three weeks prior to the visit. The Commission will also review and forward comments received after the deadline lapses and even during the visit, as third party comments are an important part of the comprehensive evaluation visit process.
5. In cases where comments are of a sensitive nature, the Commission staff will ensure that the commenter is aware that comments are typically forwarded to the institution and the evaluation team with identifying information intact. In some cases, Commission staff may redact the identifying information of the commenter or summarize the comment.

**10.1 Constituencies.** The following constituents were engaged and given the opportunity to provide input into the HLC self-study document: all on- and off-campus undergraduate and graduate students, all on- and off-campus full- and part-time faculty, all staff members, alumni, parents, donors, business leaders, nearby community college leaders and faculty, community leaders, and taxpayers.

**10.2 Media used for communication.** The HLC Leadership Team, in consultation with the President's Office, Provost's Office, and University Communications, developed a communication plan to notify and engage the campus and regional communities in the preparation and review of the self-study document and the dates of the site visit. The entire Fall 2015 and early Spring 2016 semesters were devoted to **engaging constituencies (Evidence: 75 HLC Communication and Engagement Plan)** and soliciting their input into the federal compliance and assurance documents. An overview of the reaffirmation of accreditation process, described in an attractive **brochure**, was distributed at each meeting. A clear invitation to share comments with the HLC and the CMU leadership team was presented verbally and in the brochure (**Evidence: 76 Accreditation Trifold Brochure**). Throughout the year, over 6,000 brochures were distributed.

Students were contacted through the Student Government Association, Union of Graduate Teaching Assistants, electronic and social media, a short BuzzFeed video, **table tents** in the University Center and residential restaurants (**Evidence: 77 Table Tents**), chalking, and campus news media, as noted below. Students received an email from President Ross inviting them to participate in the HLC student survey on February 8 and a reminder on February 15, 2016 (**Evidence: 78 Student Survey Emails**).

The faculty and staff were notified through **Our CMU** notices that were distributed through campus email and posted to the CMU News public web page which received over 2,175 views (**Evidence: 79 Our CMU and 80 CMU News Articles**); through discussions held with the Academic Senate; and through published Provost's Updates presented to the Academic Senate, all union leadership, and senior leadership. The student newspaper, *Central Michigan Life*, published a kick-off article in October 2015 (**Evidence: 81 CMLife article**). Alumni were contacted by email and through an article in *Centralight* as well as through their social media sites (**Evidence: 82 Centralight Winter 2015**). The Leadership Team Chair met with the Alumni, Young Alumni, and Development Boards in Fall 2015 around homecoming events.

Comments from the general public were solicited through presentations to local governing boards (**Evidence: 83 Morning Sun**), the local newspaper, CMU news and media, and radio interviews with President Ross and Provost Gealt.

All drafts of the federal compliance and assurance documents were posted to the HLC Reaffirmation web page ([cmich.edu/hlc](http://cmich.edu/hlc)) open to the campus and the public. An email address ([CMUHLC@cmich.edu](mailto:CMUHLC@cmich.edu)) was established and monitored daily to receive comments and suggestions. Comments were received and incorporated into the documents as appropriate. The website clearly solicits public comment.

**10.3 Published notice.** Central Michigan University has made an appropriate and timely effort to solicit third-party comment using multiple venues as demonstrated by the public notices listed below.

- “Reaffirmation of Accreditation” brochure, over 6,000 distributed at more than 100 presentations.
- CMU News article, “CMU prepares for reaffirmation of accreditation: Students, faculty, staff and community input a major component of the process,” October 14, 2015 (posted electronically, received 2,175 views) included the solicitation for comment and a link to CMU’s accreditation website. This article was the foundational communication piece. It was distributed to all major media in Michigan including Detroit, Lansing, Grand Rapids, Flint, Saginaw, Traverse City, Midland, and Mount Pleasant.
- CMU E-news digest carried the accreditation story, “CMU prepares for reaffirmation of accreditation: Students, faculty, staff and community input a major component of the process,” on October 14, 2015 which had a 35% open rate among faculty and staff.
- Web graphic posted on [cmich.edu](http://cmich.edu) and CentralLink on October 19, 2015 was clicked 987 times. All web graphics linked directly to the CMU News article soliciting comment. Additional web graphics were scheduled periodically through the process as communication needs arose.
- Public Radio stories, distributed on October 14, 2015, included excerpts from interviews with the president and information on how to make public comment.
- The public website, [CMICH.EDU/HLC](http://CMICH.EDU/HLC), also invited public comment with a direct link to the Higher Learning Commission and the street address for mailed comments.
- CMU alumni were notified of the HLC reaffirmation visit and were encouraged to read the documents and comment through *Centralight* (December edition), the alumni website, and their social media sites.
- *Morning Sun* front-page article, February 11, 2016, following meeting with the Mayor and City Commissioners.
- Multiple posts that included an invitation to comment were made on CMU’s official social media channels, including its Facebook page, which has more than 60,000 followers.
- Email with “Reaffirmation of Accreditation” brochure was sent by Leadership Team Chair to Mount Pleasant Area Chamber of Commerce, Isabella County Commissioners, Union Township Commissioners, and Mount Pleasant City Commissioners with an invitation to meet with them.

- Email with “Reaffirmation of Accreditation” brochure was sent by the Leadership Team Chair to the President of MidMichigan Community College and the President of Saginaw Chippewa Tribal College. MidMichigan Community College sent a newsletter notice to all faculty and staff.

A copy of the wording in all public notices appears below.

## Share Your Comments

As part of its ongoing effort to make the accreditation process responsive to a broad range of constituents, the HLC has integrated the third-party comment process into its regular accrediting processes. The HLC values your thoughts on the quality of education provided by CMU and invites you to submit comments. These comments will be forwarded to the evaluation team members to include in their review of the institution.

### Online

Submit comments on the commission’s website at <https://www.hlcommission.org/HLC-Institutions/third-party-comment.html>

### By Mail

Third-Party Comment on Central Michigan University  
The Higher Learning Commission  
230 South LaSalle Street, Suite 7-500  
Chicago, IL 60604-1411

Your comments should be received by the HLC no later than March 20, 2016.

**10.4 Communication to the HLC.** All public notices that specifically solicited comments were sent to the Commission ([legalaffairs@hlcommission.org](mailto:legalaffairs@hlcommission.org)) in .pdf format at least one month before the comprehensive visit.

**10.5 Redacting of sensitive information by HLC staff.** In cases where comments are of a sensitive nature, the Commission staff will ensure that the commenter is aware that comments are typically forwarded to the institution and the evaluation team with identifying information intact. In some cases, Commission staff may redact the identifying information of the commenter or summarize the comment.

## Appendix A: Assignment of Credit Hours

### Part One: Institutional Calendar, Term Length, and Type of Credit

Name of Institution: Central Michigan University

Terms		Column 1 Term Length: Number of weeks	Column 2 Number of Starts
<b>Fall 2014</b> <b>On-campus classes</b>	Standard Format: 14-17 week term	16 wks. 14 wks.	1 1
	Compressed Formats: 4, 8 or other week terms within the semester calendar <sup>1</sup>	12 wks. 10 wks. 8 wks. 7 wks. 6 wks. 1 wk.	1 1 2 2 2 4

**Non-Standard Terms** (terms that are not semester, trimesters, or quarters. A non-standard term may have the following characteristics: courses do not begin and end within a set period of time; courses overlap terms, including self-paced and independent study courses or sequential courses that do not begin and end within a term; terms may be of equal or unequal length.)

*Central Michigan University does not offer courses in non-standard terms.*

## Part Two. Format of Courses and Number of Credits Awarded

### Form for Reporting an Overview of Credit Hour Allocations and Instructional Time for Courses

*Complete a separate form for each term length specified in Part One, Columns 1 and 2 above:*

*Central Michigan University Registrar's Office has constructed an Excel table of course formats (**Evidence: A1 Overview of Credit Hour Allocations and Instructional Time**). It is in the same format at the table presented in the filing instructions. All courses are reported in this file.*

*Central Michigan University offers courses with six or more credits. A list of those courses with an explanation of credit allocation is listed in an Excel table (**Evidence: A2 Courses Greater than 6 Credits**).*

## Part Three: Policy on Credit Hours

The institution has a policy specific to the assignment of credit:

Yes\*

No

The institution has policies specific to the assignment of credit at the following levels (check all that apply):

Institution-wide

Delivery format specific

Department-specific

Program specific

\*Include the institution's credit hour policy in the attachments to this worksheet.

*Central Michigan University does not have a credit hour policy. CMU follows the federal definition for all courses institution wide.*

---

## Part Four: Total Credit Hour Generation

Identify the typical number of credits of a full-time or part-time undergraduate and graduate student takes during a regular term.

Provide the headcount of students earning more than this load in the most recent fall and spring semesters/trimesters or the equivalent for quarters or non-standard term institutions.

*The data table below is based upon degree-seeking students both on campus and through the Global Campus unit. Graduate professional programs and the medical students were excluded because these programs are lock-step and students are required participate full time. The table reports the average number of credit hours taken by undergraduate and graduate students both full and part time for Fall 2014 and Spring 2015.*

	Fall 2014		Spring 2015	
	Full Time	Part Time	Full Time	Part Time
Undergraduate Average Credit Hours	14.43	6.79	14.44	6.88
Graduate Average Credit Hours	10.36	5.03	10.52	5.05
Undergraduate Students Above Average	9502	1101	8411	1106
Graduate Students Above Average	475	2793	454	2814
Undergraduate Proportion Above Average	48.8%	5.7%	46.8%	6.2%
Graduate Proportion Above Average	8.4%	49.2%	8.1%	50.4%

---

## Part Five: Clock Hours

*Central Michigan University does not offer any programs in clock hours nor does it report any programs to the U.S. Department of Education in clock hours for Title IV purposes even though students may earn credit hours for graduation from these programs.*

---

## Appendix B: Clock Hour Worksheet

*Not applicable.*

---

## Supporting Materials

The institution should include with this document the following supporting materials:

- Copies of all applicable policies related to the assignment of credit in .pdf format. - *none*
- A copy of the catalog or other document in .pdf format that contains course descriptions and applicable credit hour assignments. *A complete list of courses and credit hours is available in the evidence file (Evidence: B1 Course Descriptions 2015-2016). In addition courses are listed at the end of the Undergraduate Bulletin, Graduate Studies Bulletin, and Global Campus Bulletin (<https://bulletins.cmich.edu/>)*
- The catalog or other document in which the institution has marked or highlighted any course that is provided by the institution in non-standard terms or compressed format for the term reported. This information can also be provided on a separate list that identifies those courses and how to find them in the course catalog. - *none*
- The course schedule for the most recent completed fall and most recent completed spring terms with times and meeting dates for all classes at all locations and by delivery format. If the course schedule is not available as a separate document, include a URL to access this information online. If a password is required to access this information, include that password.

*CMU does not publish a course offering guide. Course schedules for Fall 2014 (Evidence: B2 Course Schedule Fall 2014) and for Spring 2015 (Evidence: B3 Course Schedule Spring 2015) are included as evidence files.*

Note that the team may ask for additional data to examine credit hour production by educational program and by course. These data may include separate breakdowns for general education as well as by delivery format and by course academic unit (semester, quarter, etc.), by level, by location or by delivery format.

4. Tuition and Fee Schedule 2015-2016

**Central Michigan University's On Campus  
Tuition and Fees Schedule 2015 – 2016**

Tuition rates and fees for Central Michigan University's on campus students are established by the Board of Trustees as follows beginning August 1, 2015.

<b>Course Type</b>	<b>Tuition Per Credit Hour</b>
<b>Undergraduate Programs</b>	
Undergraduate, Michigan residents	\$ 395
Undergraduate, Michigan non-residents	789
<b>Master's and Specialists Programs</b>	
Master's/Specialist, Michigan residents	\$ 527
Master of Business Administration (MBA), Michigan residents*	600
Master of Science in Information Systems (MSIS), Michigan residents*	600
Master's/Specialist, Michigan non-residents	792
<b>Doctoral Programs</b>	
Doctoral, Michigan residents	\$ 605
Doctoral, Michigan non-residents	875
<b>Doctor of Medicine Program**</b>	
Doctor of Medicine (M.D.), Michigan residents	\$ 39,523
Doctor of Medicine (M.D.), Michigan non-residents	73,522
New Student Orientation Fee	\$ 175
Graduation fee, undergraduate	0
Graduation fee, graduate	50

\* Effective January 2016

\*\* Central Michigan University's College of Medicine does not receive state funding. The 2015-2016 tuition rate exceeds the rate of state-funded medical schools; however, it is lower than rates of other new Michigan medical schools that do not receive state funding.

**Central Michigan University's Global Campus  
Tuition and Fees Schedule 2015 – 2016**

Tuition rates and fees for Central Michigan University's Global Campus are established as follows for courses beginning on or after August 16, 2015.

<b>Course Type</b>	<b>Tuition Per Credit Hour</b>
<b>Undergraduate Programs</b>	
Undergraduate, standard and online	\$ 395
Undergraduate, military*	290
Undergraduate, Veteran**	330
CMU Parent Rate, undergraduate***	353
<b>Graduate Programs</b>	
Graduate, standard and online	\$ 527
Graduate, military*	316
Graduate, Veteran**	369
CMU Parent Rate, graduate***	474
<b>Educational &amp; Professional Development</b>	
Educational & Professional Development rate	\$300
<b>Specialty Programs – Graduate****</b>	
Master of Business Administration (MBA) – Online	\$600
SAP concentration courses	1,000
Master of Business Administration (MBA) – Online	550
Active military	550
Master of Science in Nutrition and Dietetics (MS)	555
<b>Specialist and Doctoral Programs****</b>	
Specialist in Education (EdS)	\$527
Doctor of Education (EdD)	559
Doctor of Education Technology (DET)	690
Doctor of Health Administration (DHA)	850
<b>Fees</b>	
Application, standard	\$ 50
Application, Doctorate in Health Administration	200
Application, Disney – in addition to standard application fee	265
Late registration	50
Withdrawal	50
Graduation/Certificate	50
Application, Prior Learning	125
Prior Learning Assessment (per credit hour)	85
Competency assessment workshop	150
Registration for Continuing Education Units (CEUs) or State Board	25
Continuing Education Units (SB-CEUs)	

\*Central Michigan University's (CMU) Global Campus is dedicated to keeping our military tuition rate as low as possible. CMU is engaged in military partnerships that enable CMU to offer programs, in addition to having administrative space at no cost at many military bases throughout the United States. CMU has also been selected as a Top School in *Military Advanced Education's 2015 Guide to Colleges & Universities*. For more information regarding CMU's Global Campus Military Tuition Discounted Rate, see website <http://global.cmich.edu/military/tuition-discount.aspx>.

\*\*Central Michigan University's Global Campus has a long standing history and service to Veteran students and has worked hard to keep pricing down to serve this specific population. Veteran tuition discounted rates are available to retired or honorably discharged veterans, current U.S. Department of Defense employees, and any Chapter 35 beneficiary. Central Michigan University's Bachelor's Degree programs and Graduate Education programs are Ranked #1 programs by *U.S. News and World Report* in the 2014 Best Online Programs for Veterans rankings. For more information regarding CMU's Global Campus Veteran Tuition Discounted Rate, see website <http://global.cmich.edu/military/veterandiscount.aspx>.

\*\*\*In an effort to offer affordable family education, Central Michigan University's Global Campus offers a Parent Tuition Rate to any parent of a CMU student who currently attends at least half time or the parent of a CMU alumnus. The parent tuition rate may be obtained through approval of the Parent Tuition Rate application that may be found at <http://global.cmich.edu/parent-rate/Default.aspx>.

\*\*\*\*The differences in tuition rates for CMU's Global Campus specialized degree programs is in part due to these programs leading to specialized career paths. Also, the career paths for these programs have a higher starting employment level and salary. Additionally, faculty costs are higher for these programs from recruitment to retention life cycle of CMU faculty.

2016

## Financial Information

### Student Account Services and University Billing

Central Michigan University  
Bovee University Center 119  
Mount Pleasant MI 48859  
989-774-3618  
888-610-4991  
Fax: 989-774-1452  
E-MAIL: [recacct@cmich.edu](mailto:recacct@cmich.edu)

Central Michigan University utilizes a centralized billing method to bill for all departments at CMU. The Student Account Services and University Billing Office is responsible for the billing and collection of student accounts. Each student has an account with the University that is identified by his or her student identification number. This account includes all charges or payments made by the student or university.

#### Billing Procedures and Delinquent Account Policy

Central Michigan University sends monthly billing statement notifications electronically to CMU global email addresses. Students are responsible for accessing these monthly statements in the QuikPay Billing System via [CentralLink](#) to view their account balances and payment due dates. The monthly statements may include tuition, course fees, on-campus housing, bookstore, health services, telecom, parking fees and other miscellaneous charges.

Students may incur late fees if the monthly balances is not paid by the scheduled due date. Financial holds will be placed on accounts with a past due preventing course registration and release of transcripts. Monthly late fees will be assessed to the account as follows:

Past Due Amount	Late Charge
\$01-\$9.99	No late fee
\$10.00-\$59.99	\$1.00 per month
\$60.00 and above	\$30.00 per month

Past due accounts may be referred to a collection agency, and, if referred, the fees assessed to the University by the collection agency will be added to the student's account. Once the account is referred to a collection agency, the past due account may be reported to the Credit Bureau by the collection agency. Students are encouraged to visit the Student Service Court on the lower level of the Bovee University Center to receive advice regarding financial options which could possibly prevent collection referral. Please be advised that CMU reserves the right to suspend campus ID privileges and charging privileges to the student account at any time due to a past due balance, including, but not limited to, meal plan, flex and campus cash, computer lab, library, bookstore, SAC, telecom and health service charges. Any delinquencies from the University Apartments may result in the initiation of eviction proceedings. In addition, students with delinquent accounts may have a prepayment hold placed on their account, requiring payment in full at the time of registration for all future semesters.

#### Past Due Policy for Fall Semesters Only

Any student registered for a Fall semester with a past due balance of \$200.00 or greater will be removed from all registered courses on August 1st. All students will receive prior notification of the registration removal after the July billing statements have been issued (approximately the first week in July). If past due balances are not brought current after notification is sent and before August 1st, registration from courses for the Fall semester will be removed.

#### Tuition and Fees

Tuition and fees are established by the Board of Trustees and are subject to possible change. At the time of this printing of the Bulletin, tuition and fees had not been established for the 2015-16 academic year. Contact the Student Account Services and University Billing Office at 888-610-4991 for updated information, or see <https://go.cmich.edu/tuitionandaid/undergraduate/Pages/costs.aspx> for updates.

Tuition and fees for Registration are to be paid in full when billed. Any past due financial obligations must be paid prior to the time of registration. Registration will not be allowed until such obligations are met.

CMU has a convenient and affordable tuition payment plan. The payment plan is an interest-free way to help you pay for college. You can enroll online for this option, which allows you to have more flexibility with tuition payments. For more information, ask a Student Service Court Advisor located in Bovee University Center 119 or see [https://www.cmich.edu/fas/fsr/student\\_acct\\_university\\_billing/SASUBCMU-PaymentPlan/Pages/default.aspx](https://www.cmich.edu/fas/fsr/student_acct_university_billing/SASUBCMU-PaymentPlan/Pages/default.aspx).

#### Tuition Rates\* for On-Campus Courses

Level of Courses	14-15 Rates Per Credit Hour*	
	Michigan Residents	Non-Michigan Residents
Undergraduate students:	385.00	789.00
Global Campus/Online (UG)	387.00	370.00
Master's/Specialist:	507.00	766.00
Doctoral:	583.00	850.00

\*2015-16 tuition rates for incoming freshmen and transfer students will be set prior to the start of the academic year.

#### Application Fees

##### Undergraduate:

- \$35.00 to be submitted with the application form.

##### Graduate:

- \$35.00 for U.S. citizens and resident aliens to be submitted with the application form.
- \$45.00 for international students to be submitted with the application form.

##### Rematriculation:

- \$35 to be submitted with the application form.

#### New Student Orientation Fee

A \$175.00 New Student Orientation Fee is assessed to all newly-admitted undergraduate students for new student advisement and orientation.

### Late Registration Fee

An additional fee of \$100.00 will be charged to all students registering on or after the first day of classes for the semester or session.

### Non-Payment Tuition Charge

Payment for tuition must be received by the stated due date or the student will be assessed a \$100.00 Non-Payment Tuition Charge in addition to a \$30 monthly late fee.

### Returned Check Fee

A \$25.00 handling fee is charged for checks returned by the bank (i.e., insufficient funds, account closed) which were presented to the university. Students may be involuntarily withdrawn from all classes if returned checks intended to cover tuition and/or past-due balances are not repaid as directed in the Notice of Returned Check letter. This letter will be mailed from the university upon receipt of a returned check.

### Auditing Course Fee

Students who attend classes but do not desire credit pay the same fees and are governed by the same regulations as students desiring credit.

### Special Course Fees

Many courses are approved for special course fees that must be paid in addition to tuition to cover costs of materials and services supplied to students. All courses with special fees will have the amount identified next to the course in the special fees column of each Course Search & Registration.

**Global Campus Classes.** For information regarding fees for Global Campus Programs and Educational and Professional Development, please contact the Global Campus office at 989-774-3865.

**Field Trips.** Expenses involving field trips in a class may be prorated among members of the class.

**Excess Materials.** Students using materials in excess of those furnished by the departments of Chemistry, Human Environmental Studies, Engineering Technology, and Journalism will be charged for the cost of those materials.

**Flight Training.** Students enrolled in flight training courses will be charged for aircraft and instructor time at rates established by the flight school.

**Study Abroad Administrative Fee.** CMU students enrolling in a study or internship program abroad pay a \$150 administrative fee to the Office of International Affairs. Students not currently enrolled at CMU pay a \$300 administrative fee.

### Competency Test Fee - General Education Program

A schedule showing the fee for each test which may be used to meet the competency requirements for the General Education Program is maintained in the Computer-Based Testing Center at [https://www.cmich.edu/office\\_provost/AcademicAffairs/CBTC/Pages/default.aspx](https://www.cmich.edu/office_provost/AcademicAffairs/CBTC/Pages/default.aspx).

### Credit by Examination Fee

The credit by examination fee is calculated according to the tuition rates in effect, based on resident/non-resident and undergraduate/graduate status of the student.

### Graduation Fee

- Undergraduate - No application fee.
- Graduate - Application for graduation fee is \$35.00 (per degree).

### Transcript Fees

Five official transcripts per week are free, however there is a \$10.00 charge for priority (same day) service. Transcripts are available upon receiving a written, hand-signed request from the student. Transcripts of students with financial obligations to the university are not released until the obligation is paid.

### Diploma Replacement Charge

- \$25.00 - Bachelor's, Master's, and Specialist's degrees
- \$35.00 - Doctoral degrees and Graduate Certificates

### Library Fees

#### Overdue reserve material:

- Two-hour reserve materials: \$1.00 first hour, 25 cents each successive hour.
- Other reserve materials: \$1.00 first day, 50 cents each successive day.

#### All Other Overdue Books:

- \$5.00 charge for each overdue item. Replacement cost of the purchase price of the item or \$60.00 if the purchase price is not available plus \$15.00 processing fee for lost items. Library fines can be paid on your CMU student account.

### Housing Fees

**Residence Halls.** Various contracts are available depending on individual meal plans. Information regarding the plans, payment due dates, etc., can be found at [www.reslife.cmich.edu](http://www.reslife.cmich.edu). The cost of the room and unlimited meal plan for the academic year 2014-2015 ranged from \$8,780 to \$10,096.

**University Apartments.** Various contracts are available depending on the individual unit and number of bedrooms. The approximate monthly rate for students in 2014-2015 ranged from \$494 to \$685.

#### Housing Application and Penalty Fees

- Meal Plan Changes (Assessed to cover costs): \$15.00
- Housing Contract Breakage - Contract breakage fees will be assessed according to the Cancellation of Housing Agreement section of this Bulletin. (See Index section)
- Lost Key Fee and Lock Change Fee
  - University Apartments: \$33.00-50.00; \$20 for US Mailbox key; \$20.00 for Graduate Housing fob
  - Residence Halls: \$50.00 - \$100.00

### Student Photo Identification Card

Students receive their photo identification card from the Campus ID Office in the Bovee University Center Room 205. The first card is issued to the student at no charge. There will be a fee assessed for a replacement ID card due to loss or damage. Banking Services using the ID card are also available. For additional information, contact the Campus ID Office at 989-774-3484 or by visit the website at [https://www.cmich.edu/fas/ras/central\\_card/pages/centralcard.aspx](https://www.cmich.edu/fas/ras/central_card/pages/centralcard.aspx).

**Transfer of Campus ID Card.** For your protection, the only person authorized to use your card is you. There is a \$25 misuse fee if someone else is caught using your identification card.

### Health Services Fees

University Health Services charges fees for the services provided. Payment is not required on the date of the visit. Charges may be placed on the student's CMU account and will be included on the next monthly billing statement. Courtesy insurance billing is provided if the student presents proof of current coverage (insurance card or photocopy of it) and authorizes us to do so. University Health Services participates with a number of health insurance and prescription drug plans. Some fees are subject to change without notice. For current charges for specific services contact the Health Services Business Office, Foust 202, 989-774-3059.

### Vehicle Registration Fee

- **Commuter: 175.00 / year**
- **Resident: 150.00 / year**

For Spring Semester, the charge is one-half the annual fee. For Summer Semester, the charge is one-fifth the annual fee.

### Bicycle Registration

Bicycles must be registered permanently at the University Police Department. There is no charge for this service. (Fees subject to change. See [centrallink.cmich.edu/services/emergency/cmupolice/vehicle\\_registration/Pages/Parking\\_Permits](http://centrallink.cmich.edu/services/emergency/cmupolice/vehicle_registration/Pages/Parking_Permits))

**Transfer of Campus ID Card.** For your protection, the only person authorized to use your card is you. There is a \$25 misuse fee if someone else is caught using your identification card.

### Health Services Fees

University Health Services charges fees for the services provided. Payment is not required on the date of the visit. Charges may be placed on the student's CMU account and will be included on the next monthly billing statement. Courtesy insurance billing is provided if the student presents proof of current coverage (insurance card or photocopy of it) and authorizes us to do so. University Health Services participates with a number of health insurance and prescription drug plans. Some fees are subject to change without notice. For current charges for specific services contact the Health Services Business Office, Foust 202, 989-774-3059.

### Vehicle Registration Fee

- Commuter: 175.00 / year
- Resident: 150.00 / year

#### Vehicle Registration Refund

- Students not returning for the Spring Semester will be entitled to a fifty percent motor vehicle registration refund. Applications must be made prior to the end of the first week of classes of the second semester. Students withdrawing within two weeks of the first day of classes are entitled to a full refund of the motor vehicle registration fee for that semester. Applications for refunds should be made to the University Police and accompanied by identifiable portions of the parking decals.

#### Bicycle Registration

Bicycles must be registered permanently at the University Police Department. There is no charge for this service. (Fees subject to change. See [https://centrallink.cmich.edu/services/emergency/cmu-police/bike\\_reg/Pages/default.aspx](https://centrallink.cmich.edu/services/emergency/cmu-police/bike_reg/Pages/default.aspx))

Federal Compliance Document Evidence  
7. Tuition and Fees Global Campus Bulletin 2015-  
2016

## 20 Registration

The academic advisor of the student may recommend an independent study instructor (if the student suggests an instructor, the student should notify the individual that her or his name will be suggested). The faculty assignment coordinator will assign the instructor. The instructor recommends approval, with modification, or disapproval of the independent study. The instructor will be responsible for providing the student with guidance throughout the study and for evaluating the student's work at the end of the study.

If the independent study is approved by the appropriate main campus academic unit, the student will be sent a copy of the independent study form confirming the instructor for the course, the amount of credit permitted for the course, the course number, and the fee for registration. The student must complete registration for the study by sending a completed *Registration and Payment Receipt Form* and payment to the program center office. If the student does not complete registration within 90 days, the independent study approval will be canceled unless the student applies (in writing) and receives an extension.

The student must submit two copies of the final project to the instructor. If the student wants copies of the instructor's final comments, the student should include a stamped, self-addressed envelope.

## Fees

All fees are set by the University Board of Trustees and are subject to change without notice. Fees are assessed independently of the tuition rate and tuition refunds are provided according to the Refund Policy. Fees are payable by check, money order, electronic check online, American Express, Discover, Mastercard, or Visa. Students receive electronic statements from the CMU Student Account Services and University Billing office. Students are responsible for accessing their e-mail messages for monthly account balances and payment due dates on <https://centrallink.cmich.edu/>.

Application, Standard	\$50.00
Application, Doctorate in Health Administration	200.00
Application, Disney - in addition to Standard Application Fee	250.00
Withdrawal	50.00
Graduation/Certificate	50.00
Application, Prior Learning	125.00
Prior Learning Assessment (per credit hour)	85.00
Online Oral English Competency	45.00
Registration for Continuing Education Units (CEUs) or State Board Continuing Education Units (SB-CEUs)	25.00

**Application Fee.** Fee is assessed with the initial application to cover all application handling costs and admission materials.

**Withdrawal Fee.** Any Global Campus student who drops or withdraws from a course after the start date will be charged a withdrawal fee and any tuition refunds are provided according to the Refund Policy. If the reason for withdrawal is that the student is being sent out of the area by her or his military employer and if a copy of TDY (Temporary Duty) orders or a letter from the employer confirming the assignment accompanies the request, no fee will be assessed.

**Graduation/Certificate Fee.** A graduation fee is assessed at the time a student applies for graduation or for a graduate certificate.

**Library Fees.** If checked out items are not returned 7 days after the due date, a \$5.00 fee will be assessed for each overdue item. If still not returned by 14 days after the due date, a replacement charge of \$60.00 and a total processing fee of \$20.00 will be assessed against each item. Upon return of each item, the replacement charge will be waived.

## Global Campus Tuition

The base tuition rate per credit hour for all Global Campus courses for which academic credit is given below. The President or designee may vary these tuition rates and fees according to cohorts, programs, locations, or terms of contracts.

Undergraduate	\$395.00
<sup>1</sup> Undergraduate, Military	290.00
Undergraduate, Veteran	330.00
<sup>2</sup> CMU Parent Rate, Undergraduate	353.00
Graduate	527.00
<sup>1</sup> Graduate, Military	316.00
Graduate, Veteran	369.00
<sup>2</sup> CMU Parent Rate, Graduate	474.00
Educational & Professional Development	300.00
Master of Business Administration - Online	
Online	600.00
Online, Active Military	550.00
SAP Concentration Courses	1,000.00
M.S. in Nutrition and Dietetics	555.00
Specialist in Education (Ed.S.)	527.00
Doctor of Education (Ed.D.)	559.00
Doctor of Audiology (Au.D.) (Non-Government)	511.00
Doctor of Audiology (Au.D.) (Government)	446.00
Doctor of Health Administration (DHA)	850.00
Doctor of Educational Technology (DET)	690.00

### Notes:

- <sup>1</sup> Military Rates are applicable to programs that do not exceed the standard undergraduate and graduate rates. However, the graduate military rate is also applicable to the Master of Science in Nutrition and Dietetics program.
- <sup>2</sup> The Parent Rate is for parents of current CMU students and parents of CMU alumni. It is applicable to programs that do not exceed the standard undergraduate and graduate rates.

## Main Campus Tuition and Fees

Tuition rates are established by the Board of Trustees and are subject to change without notice.

### Tuition Rates\* for Main Campus Credit Courses

Level of Courses	2015-16 Rates Per Credit Hour*	
	Michigan Residents	Non-Michigan Residents
Undergraduate students:	395.00	789.00
Graduate Students:	527.00	792.00
Doctoral Students:	605.00	875.00

- The credit by examination fee is \$40 per credit hour.
- Students initiating their registration on or after the first day of the session will be charged a \$100 late registration fee.
- Students not paying their tuition by the due date will be charged a \$100 non-payment of tuition fee.
- Other fees may apply.

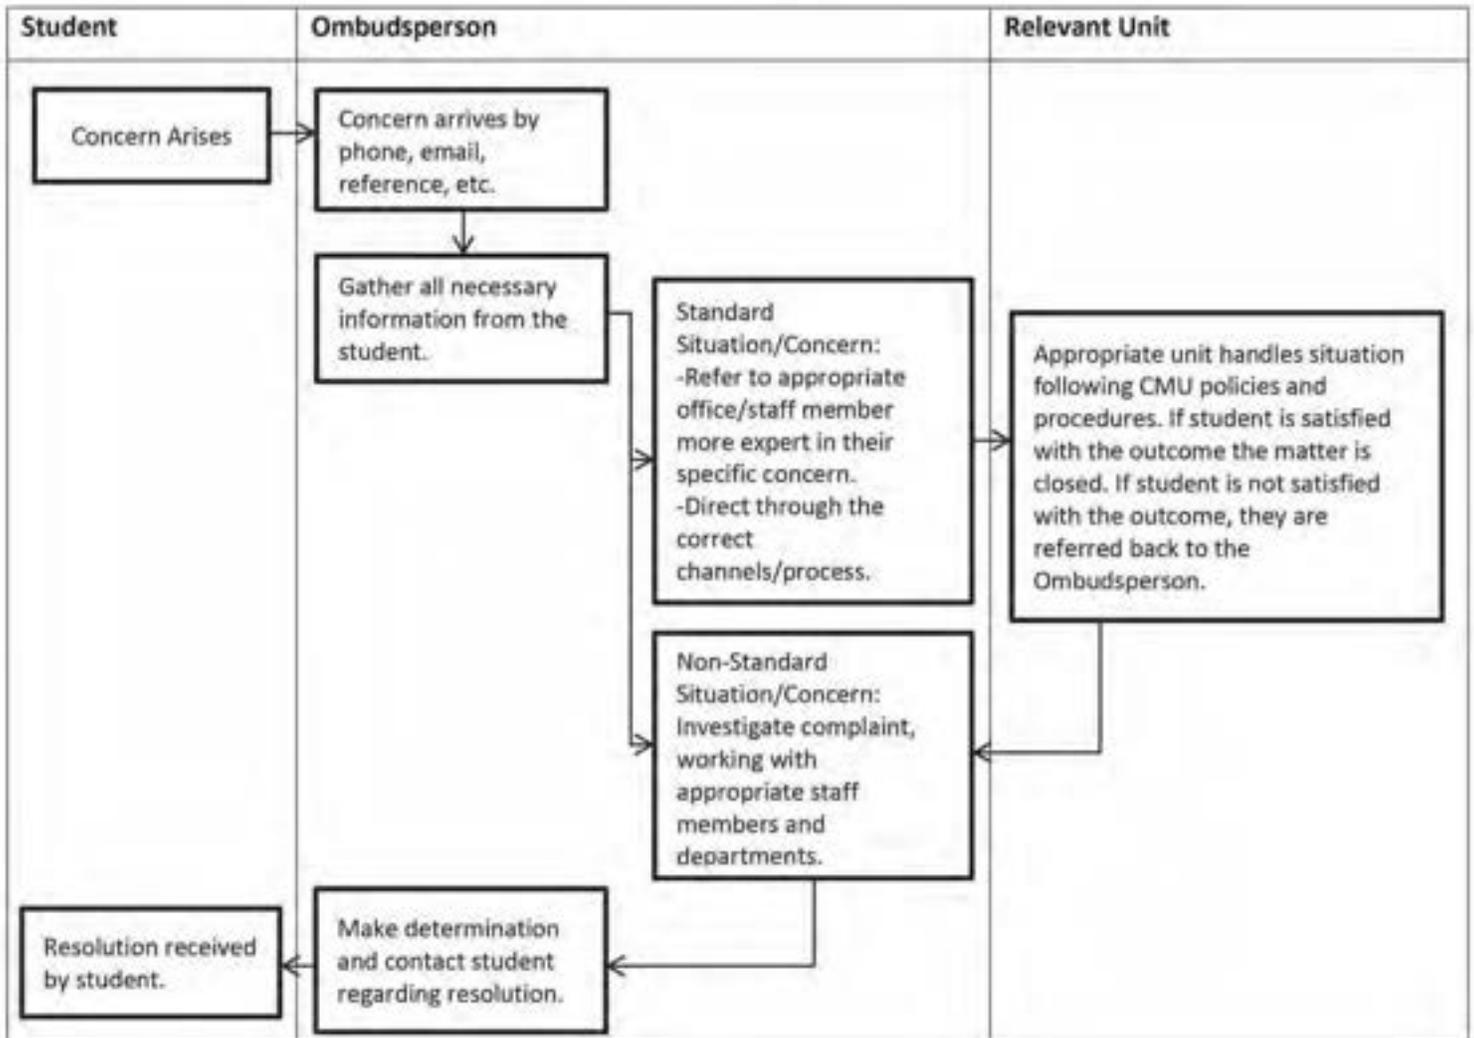

\*Contact Student Account Services and University Billing at 989-774-3618 for updated information or see [https://www.cmich.edu/ess/registra/RegistrarRegistration/Pages/Tuition\\_and\\_Fee\\_Schedule.aspx](https://www.cmich.edu/ess/registra/RegistrarRegistration/Pages/Tuition_and_Fee_Schedule.aspx) for updates.

Federal Compliance Document Evidence  
8. Flowchart for Student Complaints to  
Ombudsperson

**Flowchart for Handling Student Complaints by the Ombudsperson**

Student complaints for Central Michigan University whether on the main campus or through Global Campus when received by the Ombudsperson are handled according to the following flowchart. This position is in place to provide students with an independent, impartial, and confidential party to investigate complaints and facilitate or negotiate a resolution. When students contact the office, the Ombudsperson will:

- Listen to their complaint.
- Clarify university policy.
- Direct them through the correct channels/processes.
- Make referrals to individuals more expert in a specific concern.
- Investigate the complaint if usual avenues of appeal or grievance have been exhausted.
- Help define options that are available to them.

Federal Compliance Document Evidence  
9. Global Campus Student Complaint Process

Global Campus Student Complaint Process taken from <http://global.cmich.edu/compliance/>

#### Central Michigan University's Global Campus Student Complaint Process

Students taking online classes with Central Michigan University's Global Campus (Global Campus) should attempt to resolve any issues or complaints with Global Campus first. If after following the Global Campus complaint process (<https://www.cmich.edu/res/ombuds/Pages/default.aspx>), your issue or complaint is not reasonably resolved, you may file a complaint concerning Central Michigan University with your State by referring to its state agency. This filing information is available below.

#### State Agency Complaint Process

Filing information if an issue or complaint is not resolved through Global Campus, you may choose to review and follow the complaint process established by the state in which you reside. Click on your state below and you will be directed to the respective complaint process and/or forms.

Alabama	Alaska	Arizona	Arkansas	California
Colorado	Connecticut	Delaware	District of Columbia	Florida
Georgia	Hawaii	Idaho	Illinois	Indiana
Iowa	Kansas	Kentucky	Louisiana	Maine
Maryland	Massachusetts	Michigan	Minnesota	Mississippi
Missouri	Montana	Nebraska	Nevada	New Hampshire
New Jersey	New Mexico	New York	North Carolina	North Dakota
Ohio	Oklahoma	Oregon	Pennsylvania	Rhode Island
South Carolina	South Dakota	Tennessee	Texas	Utah
Vermont	Virginia	Washington	West Virginia	Wisconsin
Wyoming				

#### Higher Learning Commission Complaint Process

Students or other individuals interested in bringing an appropriate complaint to the attention of the Higher Learning Commission should complete a complete submission as outlined in the "Complaints Against an Affiliated Institution-Instructions for Filing A Complaint with the Commission".

10. Student Academic Division Complaint Policy

Title/Subject: **STUDENT ACADEMIC DIVISION COMPLAINT TRACKING PROCEDURES**

Applies to:  faculty  staff  students  student employees  visitors  contractors

Effective Date of this Revision: September 1, 2015

Contact for More Information: Provost's Office

Board Policy  Administrative Policy  Procedure  Guideline

The purpose of this document is to outline a procedure for tracking student complaints that come to the academic colleges and academic support units. Complaints to be resolved by the academic colleges or support units are those that are not governed by other complaint or appeal procedures. Students need to follow policies and procedures that currently exist. Those policies can be found in their Academic Bulletin (undergraduate, graduate, or Global Campus) (<https://bulletins.cmich.edu>).

**Definition**

A complaint expresses dissatisfaction with an academic action believed to be unfair or inconsistent with policy or guidelines.

**Procedure**

A record of complaints that are resolved at the level of the academic colleges or academic support units will be documented and retained in each academic college or support unit. Annually, each academic college and support unit will review the complaints in an effort to identify trends and to improve the learning environment. A summary of the complaints that occurred in the previous academic year will be compiled by each academic college and support unit, and submitted annually to the Provost's Office on or before July 31. The table below serves as a template for the summary.

Summary of Student Academic Complaints (July 1, 2015–June 30, 2016)		
(Name of Academic College/Support Unit)		
Complaint Category	Number of Incidents	Summary of discussion of trends, action steps, and/or policy revision.
Grade or grading		
Behavior of teaching assistant		

Authority: George E. Rosa, President  
History: No prior history  
Indexed as: complaint; academic complaint

Federal Compliance Document Evidence  
11. Grade Grievance Policy

## Grade Grievance Policy

The University recognizes that it is the instructor's prerogative to determine a grade. Responsibility for resolving grading disputes is shared among the instructor, the student, the department, and the college. If a question is raised by a student concerning a grade, the instructor should discuss the matter willingly and give evidence to make clear his/her basis for determining the grade. In turn, the student should recognize the need to demonstrate a valid basis for complaint. At any time, either upon the student inquiry or upon his/her own initiative, the instructor who believes a change of grade is justified may initiate a request for a change in grade.

The following steps are available for review of allegations of capricious grading under the grade grievance policy. They are not for review of the judgment of an instructor in assessing the quality of a student's work nor are they to be used in cases involving violations of CMU's Academic Integrity Policy. Determination of the grade in such cases is left solely to the instructor.

Capricious grading, as that term is used herein, constitutes any of the following: (a) the assignment of a grade to a particular student on some basis other than his/her performance in the course; (b) the assignment of a grade to a particular student based on more exacting or demanding standards than were applied to other students in that course (and it is understood that standards for graduate credit may be different from standards for undergraduate credit); (c) the assignment of a grade by a substantial departure from the instructor's previously announced standards.

### Step 1:

A student who desires discussion of a complaint about a grade shall contact the instructor or, if the instructor is unavailable, the department chairperson either in person or in writing as soon as possible, but in no case later than thirty days after the grade is posted. Any exception to the time limitation shall be for unusual and most compelling reasons. Ordinarily, the student should accept the instructor's decision. However, if the student is still not satisfied, he/she may request in writing a joint consultation with the instructor and the chairperson of the department involved. In a case in which the student's request for joint consultation involves an instructor who is also chairperson of the department, the student's request in writing should be sent to the dean of the school or college involved. In such cases, the dean shall act in place of the department chairperson.

### Step 2:

- A student who is not satisfied after consultation with the instructor and department chairperson and who alleges that the course grade is the result of capricious grading may file an appeal within forty-five days from the date of the posted grade to the dean of the instructor's college for forwarding to the College Committee on Review of Change of Grade. The student shall file the appeal by submitting a written statement explaining the basis for the allegation that the grade was the result of capricious grading and presenting any evidence he/she may have.

- The appeal shall be dismissed if (a) the appeal was not timely; (b) the allegations, if true, would not constitute capricious grading; or (c) the student has not attempted to confer with the instructor or chairperson of the department. If the appeal is not dismissed, the committee\* shall submit a copy of the student's written statement to the instructor of the course with a request that the instructor promptly submit a written response thereto, a copy of which shall be made available to the student. If, upon the basis of these papers, the dispute appears to be attributable to inadequate or incomplete communication between the parties, the committee may arrange to meet individually or together with the student and instructor to discuss the problem. A teleconference can be arranged for a student who does not reside in proximity to the main campus.

**Step 3:**

- If such a meeting is not held or, if held, the meeting does not result in a mutually agreeable solution, the committee shall proceed to hold a fact-finding session concerning the allegations set forth in the appeal. Both the student and the instructor shall be entitled to be present throughout the session and to present any relevant evidence, including testimony by other persons. The student and the instructor both may be accompanied by a person to assist them in presenting evidence. The session shall not be open to the public.
- At the close of the session, the committee shall deliberate privately. If a majority finds the allegations of capricious grading to be supported by substantial evidence, the committee shall determine the most appropriate remedy. The committee may direct the instructor to grade the student's work anew, give the student a new examination in the course, or take such other action as will bring about substantial justice in the individual case. However, except in the most extraordinary circumstances, the committee itself should not award the student a new grade in the course. The decision of the committee shall be final and shall be reported in writing to the student, instructor, and the departmental office.

The College Committee on Review of Change of Grade may also resolve complaints involving suspected violation of grading policies for incomplete and deferred grades, dropping a class, or withdrawal from the university. The same procedures as outlined above for review of alleged capricious grading shall be followed.

\*If the instructor of the course is a member of the Committee, he/she shall be disqualified from considering the appeal.

Adopted by Academic Senate: 03-09-76

Updated: 04-07-15

Federal Compliance Document Evidence  
12. Academic Integrity Policy

## Policy on Academic Integrity

### **POLICY ON ACADEMIC INTEGRITY**

This Policy applies to any and all student experiences in which academic credit is involved (e.g., courses, internships, practica, theses).

#### **1. Academic Integrity**

Because academic integrity is a cornerstone of the University's commitment to the principles of free inquiry, students are responsible for learning and upholding professional standards of research, writing, assessment, and ethics in their areas of study. In the academic community, the high value placed on truth implies a corresponding intolerance of scholastic dishonesty. Written or other work which students submit must be the product of their own efforts and must be consistent with appropriate standards of professional ethics. Academic dishonesty, which includes cheating, plagiarism and other forms of dishonest or unethical behavior, is prohibited.

A breakdown of behaviors that constitute academic dishonesty is presented below. The definitions and clarifications are meant to provide additional information and examples of these behaviors. They are not intended to be all-inclusive. Questions regarding this policy or requests for additional clarification can be directed to the Office of Student Conduct or the College of Graduate Studies.

#### **2. Academic dishonesty includes:**

##### **A. Cheating on Examinations Definition**

Cheating is using or attempting to use materials, information, notes, study aids, or other assistance in any type of examination or evaluation which have not been authorized by the instructor.

##### **Clarification**

1. Students completing any type of examination or evaluation are prohibited from looking at another student's materials and from using external aids of any sort (e.g., books, notes, calculators, and conversation with others) unless the instructor has indicated specifically in advance that this will be allowed.
2. Students may not take examinations or evaluations in the place of other persons. Students may not allow other persons to take examinations or evaluations in their places.
3. Students may not acquire unauthorized information about an examination or evaluation and may not use any such information improperly acquired by others.

##### **B. Plagiarism Definition**

Plagiarism is intentionally or carelessly presenting the work of another as one's own. It includes submitting an assignment purporting to be the student's original work which has wholly or in part been created by another person. It also includes the presentation of the work, ideas, representations, or words of another person without customary and proper acknowledgement of sources. Students must consult with their instructors for clarification in any situation in which the need for documentation is an issue, and will have plagiarized in any situation in which their work is not properly documented.

##### **Clarification**

1. Every direct quotation must be identified by quotation marks or appropriate indentation and must be properly acknowledged by parenthetical citation in the text or in a footnote or endnote.

2. When material from another source is paraphrased or summarized in whole or in part in one's own words, that source must be acknowledged in a footnote or endnote, or by parenthetical citation in the text.
3. Information gained in reading or research that is not common professional knowledge must be acknowledged in a parenthetical citation in the text or in a footnote or endnote.
4. This prohibition includes, but is not limited to, the use of papers, reports, projects, and other such materials prepared by someone else.

#### **C. Fabrication, Forgery and Obstruction Definition**

Fabrication is the use of invented, counterfeited, altered or forged information in assignments of any type including those activities done in conjunction with academic courses that require students to be involved in out of classroom experiences.

Forgery is the imitating or counterfeiting of images, documents, signatures, and the like.

Obstruction is any behavior that limits the academic opportunities of other students by improperly impeding their work or their access to educational resources.

##### Clarification

1. Fabricated or forged information may not be used in any laboratory experiment, report of research, or academic exercise. Invention for artistic purposes is legitimate under circumstances explicitly authorized by an instructor.
2. Students may not furnish to instructors fabricated or forged explanations of absences or of other aspects of their performance and behavior.
3. Students may not furnish, or attempt to furnish, fabricated, forged or misleading information to university officials on university records, or on records of agencies in which students are fulfilling academic assignments.
4. Students may not steal, change, or destroy another student's work. Students may not impede the work of others by the theft, defacement, or mutilation of resources so as to deprive others of their use.

#### **D. Multiple Submissions Definition**

Multiple submissions are the submission of the same or substantially the same work for credit in two or more courses.

Multiple submissions shall include the use of any prior academic effort previously submitted for academic credit at this or a different institution.

Multiple submissions shall not include those situations where the prior written approval by the instructor in the current course is given to the student to use a prior academic work or endeavor.

##### Clarification

1. Students may not normally submit any academic assignment, work, or endeavor in more than one course for academic credit of any sort. This will apply to submissions of the same or substantially the same work in the same semester or in different semesters.
2. Students may not normally submit the same or substantially the same work in two different classes for academic credit even if the work is being graded on different bases in the separate

courses (e.g., graded for research effort and content versus grammar and spelling).

3. Students may resubmit a prior academic endeavor if there is substantial new work, research, or other appropriate additional effort. The student shall disclose the use of the prior work to the instructor and receive the instructor's permission to use it PRIOR to the submission of the current endeavor.
4. Students may submit the same or substantially the same work in two or more courses with the prior written permission of all faculty involved. Instructors will specify the expected academic effort applicable to their courses and the overall endeavor shall reflect the same or additional academic effort as if separate assignments were submitted in each course. Failure by the student to obtain the written permission of each instructor shall be considered a multiple submission.

#### **E. Complicity Definition**

Complicity is assisting or attempting to assist another person in any act of academic dishonesty.

Clarification

1. Students may not allow other students to copy from their papers during any type of examination.
2. Students may not assist other students in acts of academic dishonesty by providing material of any kind that one may have reason to believe will be misrepresented to an instructor or other university official.
3. Students may not provide substantive information about test questions or the material to be tested before a scheduled examination unless they have been specifically authorized to do so by the course instructor. This does not apply to examinations that have been administered and returned to students in previous semesters.

#### **F. Misconduct in Research and Creative Endeavors Definition**

Misconduct in research is serious deviation from the accepted professional practices within a discipline or from the policies of the university in carrying out, reporting, or exhibiting the results of research or in publishing, exhibiting, or performing creative endeavors. It includes the fabrication or falsification of data, plagiarism, and scientific or creative misrepresentation. It does not include honest error or honest disagreement about the interpretation of data.

Clarification

1. Students may not invent or counterfeit information.
2. Students may not report results dishonestly, whether by altering data, by improperly revising data, by selective reporting or analysis of data, or by being grossly negligent in the collecting or analysis of data.
3. Students may not represent another person's ideas, writing or data as their own.
4. Students may not appropriate or release the ideas or data of others when such data have been shared in the expectation of confidentiality.
5. Students may not publish, exhibit, or perform work in circumstances that will mislead others. They may not misrepresent the nature of the material or its originality, and they may not add or delete the names of authors without permission.
6. Students must adhere to all federal, state, municipal, and university regulations for the protection of human and other animal subjects.

7. Students may not conceal or otherwise fail to report any misconduct involving research, professional conduct, or artistic performance of which they have knowledge.
8. Students must abide by the university's Policy on Research Integrity where applicable, which can be found under Policies at the following web address: [www.orsp.cmich.edu](http://www.orsp.cmich.edu). Applicability of this policy for students is found under I. GENERAL PROVISIONS, A. Applicability, number 3.

#### **G. Computer Misuse Definition**

Misuse of computers is disruptive, unethical, or illegal use of the university's computer resources, including any actions which violate the university's Rules for Computing and Networking Resources. Misuse of computers also includes disruptive, unethical, or illegal use of the computers of another institution or agency in which students are performing part of their academic program.

##### Clarification

1. Students may not use the university computer system in support of any act of plagiarism.
2. Students may not monitor or tamper with another person's electronic communications.
3. Students may not use university computer resources to engage in illegal activity, including but not limited to the following: illegally accessing other computer systems, exchanging stolen information, and violating copyright agreements which involve software or any other protected material.

#### **H. Misuse of Intellectual Property Definition**

Misuse of intellectual property is the illegal use of copyright materials, trademarks, trade secrets or intellectual properties.

##### Clarification

Students may not violate the university policy concerning the fair use of copies. Information can be found at the following web address: <https://www.cmich.edu/copyright/Pages/default.aspx>.

### **3. Ethical and Professional Behavior**

Students are expected to adhere to the ethical and professional standards associated with their programs and academic courses. Such standards are generally communicated to students by instructors and are available through publications produced by professional organizations. Unethical or unprofessional behavior will be treated in the same manner as academic dishonesty.

### **4. Discretion of Instructors**

Since the circumstances in which allegations of academic misconduct arise are many and varied, no single process will be appropriate to every situation. The procedures offered below are meant to cover the majority of situations. However, reasonable deviations from these procedures may be appropriate, so long as they are consistent with the following guiding principles:

- Students must be informed about the nature of and basis for any allegations of academic misconduct and the consequences that may be imposed.
- Students have a right to contest any allegations of academic misconduct, and to provide their side of the story to the instructor.
- Once the instructor has considered the evidence and considered anything that the student may say on his or her own behalf, the instructor has the right to exercise her or his professional judgment in determining whether the student has engaged in academic misconduct, and to determine the consequences of such misconduct on the student's grade for the assignment and/or the course.

- A student accused of academic misconduct has a right to appeal the instructor's decision once s/he has discussed the matter with the instructor.
- All parties should act in a reasonably prompt manner, given the circumstances.

Nothing in this policy shall prohibit an instructor from informally discussing a student's work with the student to determine whether academic misconduct has occurred, or to educate the student about standards of academic integrity, without or prior to accusing the student of engaging in academic misconduct. It is recognized that some cases of academic misconduct may be borderline, accidental, or minor. Instructors are free to address such cases as occasions for further education rather than allegations of misconduct. For example, it would be consistent with this policy for an instructor to forgo the procedures outlined below and simply educate a student who has engaged in what appears to the instructor to be minor, borderline, or accidental academic misconduct, and to allow the student to redo the work (for full or partial credit) so as to avoid any question of academic integrity.

#### **5. Academic Consequences of Violations of the Policy on Academic Integrity**

A student is not permitted to withdraw from a course in which an instructor has imposed academic consequences (such as a reduction in grade) for academic misconduct. The instructor shall exercise his or her professional judgment in determining the appropriate academic consequences of the violation. Academic consequences may include a warning or reprimand, a requirement to resubmit work (with or without an additional reduction in grade for the assignment), a lowering of the grade for the assignment (including withholding of any credit for the assignment), or a lowering of the grade for the entire course (including failing the course).

In addition, instructors are encouraged to report serious incidents of academic misconduct to the Office of Student Conduct or the College of Graduate Studies for formal proceedings seeking disciplinary sanctions under the Code of Student Rights, Responsibilities and Disciplinary Procedures.

#### **6. Procedures for Handling Alleged Violations of this Policy**

##### **A. Initial Notification**

If an instructor believes that a student has committed a violation of the Policy on Academic Integrity, the instructor will attempt to contact the student within a reasonable period of time (normally ten (10) university business days) to notify the student of the suspected violation of the Policy on Academic Integrity. This contact may be in written form (including e-mail), by phone, or in person. In any case, the instructor should convey to the student the following information:

- A description of the nature of the alleged violation (e.g., plagiarism on a term paper; looking at another student's work on an exam, etc.);
- The basis for believing that the student has violated the Policy (e.g., a Turnitin originality report, a description of a report made by someone who observed the academic misconduct, etc.);
- The academic consequences that the instructor may impose if s/he concludes that there is sufficient evidence that academic misconduct has occurred;
- An offer to discuss the matter further and to respond to the allegations. Depending on the circumstances, this further discussion may occur at a separate time, or it may be continuous with the initial notification. The discussion may take place in person, via email, or by phone. If the student declines to discuss the matter with the instructor, then s/he forfeits the right to appeal the instructor's decision.

The instructor is encouraged to keep a record of this contact.

##### **B. Discussion between Instructor and Student**

The instructor will offer the student an opportunity to discuss the allegation of academic misconduct, and to present any evidence or other information on his or her behalf. This discussion may be continuous with the initial contact, or it may occur at a later time. It may take place by phone, email,

or in person. The instructor will determine the most appropriate format for this discussion, taking into account the details of the situation and the student's availability and preferences about how the discussion is to be conducted.

If this discussion occurs during a face-to-face meeting, either the instructor or the student may request that a representative of the Ombuds office or a mutually agreeable third party attend to serve as a neutral facilitator or observer. However, neither the instructor nor the student may be represented or accompanied by an attorney or any other advisor.

Regardless of the format of this discussion, the student will be provided the opportunity to respond to the allegation and to explain any suspected or alleged misconduct by presenting evidence, giving additional information relevant to the matter, explaining extenuating or mitigating circumstance, or acknowledging a violation.

### **C. Determination of Academic Consequences of Violation**

After either (1) the instructor and student have discussed the alleged violation of the Academic Integrity Policy, or (2) the student has admitted that s/he violated the Academic Integrity Policy, or (3) the student has declined to discuss the violation, then the instructor will exercise his or her professional judgment in determining whether a violation has occurred, and, if so, what academic consequences are appropriate and what grade is appropriate for the assignment and course. Once this decision has been made, the instructor should communicate his/her decision to the student in writing. This may be done through regular mail, campus mail, email, or hand delivery to the student. The instructor should retain a copy of this communication. Instructors are encouraged to report serious violations of the Policy on Academic Integrity to the Office of Student Conduct or the College of Graduate Studies, and to include a copy of this communication in the report.

If the student wishes to discuss the allegations but it is not possible to have this discussion before grades are due, or if the instructor is unable to contact the student before grades are due, the instructor shall determine whether to (1) forgo submitting a grade for the student or (2) submit a grade which has been lowered to reflect the consequences of academic misconduct. If the instructor decides not to submit a grade until the matter is resolved, the system will assign a grade of "N," which the instructor will remove once the discussion with the student has occurred. If the instructor submits a grade before a discussion with the student occurs, the instructor should notify the student of this decision and offer to discuss the matter. If, as a result of the discussion, the instructor determines that the evidence of the violation was faulty or insufficient to warrant a determination of academic misconduct, or if s/he determines that mitigating factors presented by the student warrant a less serious academic consequence than was reflected in the grade submitted, then s/he will file a change of grade request. In such a case, the instructor should communicate this decision to the student.

### **D. Appeal of an Instructor's Decision**

A student may appeal the instructor's decision that a violation of the Policy has occurred, and/or the academic consequences imposed by the instructor. However, if a student has refused to discuss the matter with the instructor, s/he forfeits the right to such an appeal.

The appeal must be submitted in writing to the instructor and to the dean (or his/her designated representative, e.g., an associate dean) of the college in which the violation occurred no later than ten (10) university business days after the instructor notifies the student of her/his final decision, or ten (10) university business days after the final course grades have been posted, whichever is earlier. However, if a discussion between the student and instructor has been scheduled to be held after grades are submitted, then the student shall have ten (10) university business days after the student has been notified of the instructor's decision. An appeal not made within the time limit will not be heard unless an exception is made by the dean of the college. The written statement of appeal must state: the name of the person appealing, the basis of the appeal, the instructor making the decision from which the

appeal is made, and the remedy which the person appealing is requesting from the dean.

As soon as practical, the dean will convene a committee composed of faculty and students to hear the appeal and to make a recommendation to the dean. The dean will designate one member of the committee as the Proceedings Officer. The role of the committee is to advise the dean.

The student and the instructor are each permitted to have an advisor of his or her choice present at the hearing of the appeal. If either party's advisor is an attorney, that party must notify the Proceedings Officer of this at least three (3) business days in advance of the hearing. The advisor's role is limited to providing advice to the student or instructor. The advisor is not permitted to ask or answer questions or make oral arguments.

The Proceedings Officer is responsible for notifying members of the appeals committee of the appeal and for setting a time and place for holding a meeting of the appeals committee. The Proceedings Officer will provide notice of time and place of the meeting of the appeals committee to the student, instructor, and other University persons deemed appropriate by the Proceedings Officer.

The Proceedings Officer will retain the documentary evidence introduced at the hearing, as well as the record made of the hearing; these materials will be available to the appeals committee during its deliberations, and will be forwarded to the Dean with the committee's recommendation.

The appeals committee has the discretion to establish hearing procedures which are appropriate to the circumstances, fair to all parties involved, and respectful of the values of academic integrity. Normally, the participants in the appeals hearing will appear in person; however, in unusual cases, the appeals committee may allow participation by telephone.

The purpose of the appeals committee is to determine whether the instructor abused his or her professional discretion in finding that academic misconduct occurred and/or in the choice of academic consequences for such misconduct. It is not the purpose of the appeals committee to substitute its judgment for that of the instructor. It is not the purpose of the appeals committee to decide whether it would have reached the same decision had it been the instructor. It is not the function of the appeals committee to rehear the charges against the student. The burden of proof shall be upon the student to show that there was insufficient basis for a reasonable instructor to find that academic misconduct occurred, and/or that the instructor's selection of academic consequences for the misconduct was arbitrary, capricious, or grossly unjust (e.g., a clear departure from the instructor's announced policies). The appeals committee may:

- Uphold the instructor's decision.
- Find that the facts of the situation could not provide a reasonable instructor with sufficient basis for finding that academic misconduct occurred, and recommend that the dean of the college set aside the finding or determine the facts differently.
- Find that the instructor's selection of academic consequences for the violation was arbitrary, capricious, or grossly unjust, and recommend that the dean of the college set aside the academic consequences or impose a different academic consequence.

After receiving this recommendation the dean will either sustain or deny the appeal. The dean's decision will be in writing.

The dean's decision will be final.

If it is necessary, pending the resolution of an appeal, the student will be assigned a deferred grade.

#### **E. Formal Proceedings in the Office of Student Conduct or the College of Graduate Studies**

If the instructor believes that a student has violated the Policy on Academic Integrity and that the violation is sufficiently serious, the instructor may refer the case to the Office of Student Conduct or the College of Graduate Studies for the consideration of additional sanctions. The following procedures will be followed.

1. The instructor will inform the student that formal proceedings in the Office of Student Conduct or the College of Graduate Studies are being requested.
2. The instructor will forward all documentation supporting the allegation of violation to the Office of Student Conduct or the College of Graduate Studies with a cover letter describing the situation. Examples of documentation include the course syllabus, quiz or exam, assignment, source of plagiarism.
3. The “Code of Student Rights, Responsibilities and Disciplinary Procedures” will govern the sanctions which can be imposed, and the appeal process.
4. The Office of Student Conduct or the College of Graduate Studies will determine a sanction and will notify the instructor of its determination.
5. This sanction will be recorded on the student’s permanent disciplinary record, subject to release only under the terms of the Family Educational Rights and Privacy Act.

#### **F. Proceedings With a Department or Program**

1. Departmental or Program Action
  - a. In cases where an instructor judges a student to have violated the Policy on Academic Integrity, that person is encouraged to report the incident to the chair of the department or unit in which the student’s program is housed.
  - b. Departments and programs will follow their internal procedures for deciding whether the student’s status in the academic program should be reviewed because of the violation of the Policy on Academic Integrity and, if so, what review process will take place.

2. Appeal of Departmental or Program Action

A record of the department, program and/or college decision and appeal (if any) will be part of the file on the violation of Policy on Academic Integrity maintained by the Office of Student Conduct or the College of Graduate Studies.

Federal Compliance Document Evidence  
13. Code of Student Rights, Responsibilities and  
Disciplinary Procedures

# Code of Student Rights, Responsibilities and Disciplinary Procedures

This publication presents the Code of Student Rights, Responsibilities and Disciplinary Procedures at Central Michigan University. It establishes the procedures followed and outlines the possible consequences for students found in violation of the "Code of Conduct." The disciplinary procedures outlined in this document do not replace or substitute for filing charges through law enforcement agencies if it is determined that such action is appropriate.

This document originally was formally adopted by the Board of Trustees for Central Michigan University on December 16, 1972. Since that time, it has been periodically reviewed and revised as needs changed. This revision was approved by the President and the Board of Trustees on June 24, 2014 and amended by the President on December 12, 2014 and March 16, 2015.

The President is responsible for promulgating rules and regulations pertaining to student rights and responsibilities, including regulations governing student organizations, in keeping with the policies and goals established by the Board of Trustees. In fulfilling this responsibility, the President is obligated to assure the right of due process for students.

The President has designated the Associate Vice President for Student Affairs as the person charged with the administration of student discipline. The Associate Vice President for Student Affairs appoints Conduct Proceedings Officers to answer questions concerning the rights and responsibilities of students, to receive complaints as they are reported, and to follow through with discipline cases to their resolution.

Student Affairs Office  
March 16, 2015

## 1. Preamble

The students, faculty, and staff of Central Michigan University constitute an academic community that is committed to the preservation, communication, and discovery of knowledge, and to the active pursuit of truth. Consistent with this purpose, the university recognizes its obligation to afford each student the opportunity to develop his or her educational potential while retaining free exercise of rights and freedoms as a citizen. Such opportunity should be limited only by the necessity of insuring equality of opportunity to all students, and by the corollary requirement of orderly operation of the educational processes. Each member of the Central Michigan University community assumes an obligation regarding self-conduct to act in a manner consistent with a

respect for the rights of others and with the university's function as an educational institution. As guides for individual and group actions within this community, the university affirms the following general principles of conduct. These principles serve as the basis for regulations concerning student conduct.

**1.1** The community requires a system of order supportive of the educational process that is the purpose of the university. Primary responsibility for preserving the system of order rests upon the individuals making up the community. Each individual must accept responsibility for his or her own actions and values and for recognizing that such actions and values affect the whole community. Implicit in the community's recognition of the rights of the individual is an obligation on the part of the individual to accept responsibilities toward the community.

**1.2** Even though there is a diversity of opinion regarding many ethical and moral standards, each person should endeavor to maintain self conduct in a manner consistent with respect for others and thoughtful consideration for the needs of society. In social relationships generally, including relations involving the civil, property, and personal rights of others, each individual has an obligation to act in a manner consistent with these fundamental values.

**1.3** The educational function depends upon honesty, integrity, and respect for truth. Any action not consistent with these principles is unacceptable.

**1.4** As part of the democratic tradition, members of the community should be free to study and act upon social issues, including issues affecting the university. Each person ought to learn and practice the art of thoughtfully examining controversial issues, expressing views individually and as a group member responsibly, and in a manner that is consistent with the educational purpose of the university.

**1.5** The university community recognizes the need for the development of personal ethics and philosophies. The members of this community should be committed to broad personal growth and development in society, realizing that each individual has both the freedom and obligation to make ethical choices and to accept the attendant responsibilities.

## 2. Student Rights

Free inquiry and free expression are essential attributes of a community of scholars. The freedom to learn depends upon appropriate opportunities and conditions in the classroom, on the campus generally, and in the community at large. The responsibility to secure and respect general conditions conducive to the freedom to learn is shared by all members of the university community. Students should strive to develop the capacity for critical judgment and the ability to engage in a sustained and independent search for truth, while endeavoring to exercise their freedom with maturity and responsibility. As students undertake to fulfill the obligations and duties outlined in this document, the university community of which they are a part undertakes to respect the basic freedoms of students.

### 2.1 Rights of Students

In recognition of students' rights and dignity as members of the university community, Central Michigan University is committed to supporting the following principles and to protecting those rights guaranteed by the Constitution, the laws of the United States and the State of Michigan, local ordinances, and the policies adopted by the Board of Trustees.

**2.1.1** Students have the right to free inquiry, expression and association.

**2.1.2** Students have the right to editorial freedom in student publications and other student media, e.g. CM Life, Framework, WMHW, and MHTV.

**2.1.3** Students have the right to representation on the appropriate, designated bodies.

**2.1.4** Students accused of misconduct or of violating university policy have the right to have a determination of their violation or non-violation in accordance with university procedures.

**2.1.5** Students have the right to protection against improper disclosure of their student records.

**2.1.6** Students have the right of access to their personal educational records.

**2.1.7** Students have the right to access all policies, rules and decisions concerning their continued enrollment, and to the required course materials and facilities necessary to pursue their studies.

**2.1.8** Students have the right to educational programs that meet the objectives of the master syllabus, to teaching consistent with those objectives, and to a learning environment that encourages the students' engagement with their education.

**2.1.9** Students have the right to be informed by the faculty near the beginning of each course about course requirements, evaluation procedures, and evaluation criteria to be used, and the right to expect that those criteria be employed. Faculty members have the authority to change a course syllabus after the beginning of the semester and are expected to inform students of these changes in a timely manner.

**2.1.10** Students have the right to take reasoned exception to the data or views offered in any course of study; they are, however, responsible for learning the content of any course of study for which they are enrolled.

**2.1.11** Students have the right to be evaluated solely on relevant academic criteria and to have protection against arbitrary or capricious academic evaluation as described in the "Grade Grievance Policy" in the University Bulletin.

**2.1.12** Students have the right to request and receive timely assessment of their academic work by the instructor, or in the case of graduate students by their thesis/dissertation/Plan B committee chairperson and committee members.

**2.1.13** Students have the right to request and receive a reasonable and timely review of their grades by the instructor.

**2.1.14** Students have the right of complaint about academic matters if they believe their rights have been violated. When not covered by another policy, a complaint is properly filed by presenting the issue first to the faculty member or thesis, doctoral research project or dissertation committee chairperson. If not resolved, the student may take the issue to the department chairperson. If not resolved at this level, the student may take the complaint to the office of the dean of the academic college or the Dean of the College of Graduate Studies.

## **2.2 Relationships with the University**

**2.2.1** As citizens, students have the same duties and obligations as do other citizens and enjoy the same freedoms of speech, press, religion, peaceful assembly, and petition that other citizens enjoy. In all of its dealings with students, the university will respect the rights guaranteed to them by the Constitutions and laws of the United States, the State of Michigan, and local ordinances.

**2.2.2** All registered student organizations are open to all students without respect to race, religion, creed, sexual orientation, gender, disability, or national origin except that certain organizations (e.g. social fraternities and sororities) are restricted as to gender, as allowed under Title IX of the Education Amendments of 1972.

**2.2.3** Students individually and collectively are free to examine and to discuss all questions of interest to them, including questions relating to university policies, and to express opinions publicly and privately. They are free to support causes by any orderly means that do not disrupt the operation of the university.

## **2.3 Responsibilities of Students and Faculty**

Students should conscientiously strive to complete course requirements as stated, and accept responsibility to contribute positively to the learning environment established by faculty. Proper evaluation of students in a course is based solely on performance in meeting appropriate standards established and communicated by the instructor for that course. Each course has a master syllabus approved through university curricular processes, which includes a description of the scope of the course and a list of the goals and objectives of the learning experience. Faculty members assigned to teach a course develop a course outline, based on the master syllabus, to provide students with greater specificity about how the course will be conducted in order to accomplish the intended goals and objectives. Proper evaluation of progress of graduate students in thesis or dissertation work or other research projects is based on attainment of objectives established by the chair of the student's committee according to written departmental guidelines.

## **2.4 Relationships with Law Enforcement Agencies**

In addition to filing complaints under these regulations, victims are encouraged to report crimes to the appropriate law enforcement agency. The CMU Police Department is the designated law

enforcement agency for crimes committed on campus. As members of the local community, students are expected to cooperate with all law enforcement agencies.

## **2.5 Confidentiality of Information**

All information about students' views, beliefs, and political associations that members of the university acquire in the course of their work as teachers, administrators, advisers, and counselors is confidential. Improper disclosure of confidential information is a serious violation of the obligations of a member of this university community. Judgments of a student's ability and character, however, may be provided under appropriate circumstances.

## **2.6 Student Associations**

Students are free to form and join associations that advance the common interest of their members. Activities of such organizations must be conducted in accordance with university regulations and public law.

# **3. Responsibilities of Students**

## **3.1 General Regulations Concerning Student Conduct**

**3.1.1** The Board of Trustees is responsible for promulgating policies regarding student conduct at Central Michigan University. The President, as its executive officer, is the final authority in all discipline cases. The Vice President for Enrollment and Student Services is the designated officer responsible to the president for conducting discretionary review of a decision of the Appeals Board to suspend a student for more than one week or to dismiss a student. The Associate Vice President for Student Affairs is the designated officer responsible to the President for the administration of student conduct policies, with the exception of research misconduct or violation of academic integrity by a graduate student, which are delegated to the Dean of the College of Graduate Studies. All misconduct of students, except that governed by the Dean of the College of Graduate Studies, is reported to the Associate Vice President for Student Affairs or to the persons designated by the AVP for Student Affairs to receive such reports.

**3.1.2** The university shall take disciplinary action in cases concerning a student's actions or offenses occurring within or affecting people on property within the physical boundaries of Central Michigan University, on or affecting university owned or controlled property, or when the student is in attendance at a university sponsored event, or when the interests of the university as a community, are clearly involved. Only where the health and safety of members of this community, are clearly involved shall the special authority of the university be asserted in other cases.

Students subject to the provisions of this Code are defined as all persons who have enrolled at the university, either full-time or part-time, pursuing undergraduate, graduate, or non-degree studies. Persons who have been enrolled at the university, and who have not withdrawn, are

students even when they are not enrolled for a particular term. Students also include persons who have been admitted to the university and who, before their first attendance, participate in activities intended only for prospective students (e.g., orientation, leadership, band, or other camp, athletic training and practices).

### **3.2 Specific Regulations Concerning Student Conduct**

**3.2.1 Academic Dishonesty.** Written or other work that a student submits in a course shall be the product of his/her own efforts. Plagiarism, cheating, and all other forms of academic dishonesty are prohibited. Students are expected to adhere to the ethical and professional standards associated with their programs and academic courses. Alleged violations of this section shall be adjudicated in accordance with CMU's Policy on Academic Integrity. Copies of the Policy on Academic Integrity may be accessed via the Office of Student Conduct website (<https://www.cmich.edu/ess/studentaffairs/StudentConductOffice/Pages/default.aspx>).

**3.2.2 False Information.** A student shall not furnish, or attempt to furnish, false or misleading information to university officials or on official university records. Furthermore, a student shall not forge, alter, or misuse the university name, the name of any university employee, documents, records of identification, or attempt to do the same.

**3.2.3 Disruption of Learning.** A student shall not obstruct, disrupt or interfere, or attempt to obstruct, disrupt or interfere with another student's right to study, learn or complete academic requirements. This includes acts to destroy or prevent or limit access to information or records used by other students in connection with their university responsibilities.

**3.2.4 Disruptive Behavior During Class.** A student shall not obstruct, disrupt or interfere, or attempt to disrupt or interfere with another student's right to study, learn, participate, or a teacher's right to teach during a class. Whether in the classroom or online, this includes but is not limited to such behaviors as talking at inappropriate times, drawing unwarranted attention to him or herself, engaging in loud or distracting behaviors, or refusing to leave a classroom when ordered to do so.

**3.2.5 Disruption of University Authorized and Scheduled Events.** A student, group of students, or registered student organization shall not obstruct or disrupt, or attempt to obstruct or disrupt, teaching, research, administration, disciplinary procedures, or other university activities. This includes, but is not limited to: acts to destroy or prevent or limit access to information or records used by other students in connection with their university responsibilities or impeding classes, the carrying forward of the university's business, or the arrangements for properly authorized and scheduled events. A person attempts to disrupt when, with the intent to disrupt, that person does any act that constitutes a material step toward disruption.

**3.2.6 Access to Facilities.** A student shall not enter, or attempt to enter, closed university facilities or facilities clearly under the authorized control of another individual, e.g., student vehicles, rooms or apartments; disrupt or attempt to disrupt, the scheduled use of university

facilities; block, or attempt to block, access to or from university facilities; or remain within, or attempt to remain within, university facilities after their closing unless authorized to do so by the President, or the President's designated representative, or the student authorized to and in control of said facility or facilities.

**3.2.7 Threat/Endangerment/Assault.** A student shall take no action that threatens or endangers the safety, health, or life, or impairs the freedom of any person, nor shall a student make any verbal threat of such action. This includes actions commonly understood to constitute assault or battery.

**3.2.7.1 Sexual Assault.** A student shall adhere to the university's Sexual Misconduct Policy (#3-39) and the policies contained therein. Copies of the Policy on Sexual Misconduct may be accessed via the Office of Student Conduct website (<https://www.cmich.edu/ess/studentaffairs/StudentConductOffice/Pages/default.aspx>).

**3.2.8 Disruptive Self-Injurious Behavior.** A student shall not engage or threaten to engage in self-injurious behavior that negatively impacts or is disruptive to the learning/living environment of others.

**3.2.9 Property Damage.** A student shall take no action that damages or tends to damage property not the student's own.

**3.2.10 Theft.** A student shall not appropriate for the student's own use, sale, or other disposition, property not the student's own without consent of the owner or the person legally responsible for it. This includes embezzlement, misappropriation and/or theft of university and/or student organizational resources and theft of personal information.

**3.2.11 Disorderly Conduct.** A student shall not act as a disorderly person or engage in disorderly conduct or disturb the peace, as defined by state statute or local ordinance. This includes acts of indecent exposure or lewd conduct.

**3.2.12 Controlled Substances.** A student shall not possess, use, manufacture, produce, or distribute, or aid in the use, manufacture, production, or distribution of, any controlled substance except as expressly permitted by law and university policy. Violation of the Residence Life Alcohol and Controlled Substances Policy is a violation of this section. Controlled substances are defined in the Controlled Substances Act of 1971, as amended.

The use or abuse of prescription drugs or over-the-counter substances, such as inhalants or herbals, in any way other than the intended or appropriate use, may be interpreted as a violation under this policy.

**3.2.13 Violation of Alcohol Policy.** A student shall not possess, consume or furnish, or aid in the consumption or furnishing of, alcoholic beverages except as permitted by law and university policy. Violation of the Residence Life Alcohol & Controlled Substances Policy is a violation of this section.

**3.2.14 Firearms/Explosives/Weapons.** A student shall not possess or use firearms; explosives (including, but not limited to, fireworks and black powder); dangerous chemicals; weapons; knives with a blade longer than three inches, hunting knives, fixed blade knives, switchblade knives, throwing knives, daggers, razors, other cutting instruments the blade of which is exposed; or items that forcibly eject projectiles (including BB, CO<sub>2</sub>-powered, pellet and air soft guns); and any other device that may be injurious to others, except as part of an approved university activity and under the supervision of a university official. Firearms (including BB, CO<sub>2</sub>-powered, pellet and air soft guns) may not be stored in university residences. Any replica of any of the foregoing weapons is also prohibited. Firearms used for hunting must be properly registered with the CMU Police Department and stored in compliance with university regulations.

The state of Michigan has enacted a concealed carry law that prohibits carrying a concealed pistol into a dormitory (residence hall) or classroom of a university.

**3.2.15 Complying with University Agents.** A student shall comply with the directions of university agents acting in the performance of their regular or delegated duties and must identify him self or her self to these agents upon request.

**3.2.16 Payment of Fines/Restitution.** A student shall pay fines or restitution levied by a proper hearing body or university authority by the deadline established.

**3.2.17 Misuse of Buildings/Facilities/Services.** A student must observe rules and regulations concerning the use of campus buildings and other university owned or operated facilities, vehicles, equipment and services.

**3.2.18 Computer Abuse.** A student shall not abuse university computer time or equipment, including but not limited to: CMU-hosted Blackboard, online chat rooms, Skype meetings and other social media technologies, when such resources are accessed or utilized using CMU's computers, networks, servers, or other CMU-provided technologies. Abuse includes but is not limited to: unauthorized entry or transfer of a file, unauthorized downloading or uploading of copyrighted information, unauthorized use of another individual's identification and password; use of computing facilities to interfere with the work of a student, faculty members or university officials; or use of computing facilities to interfere with normal operation of the university; or improper use of the learning management system (LMS) and digital environments. A student shall adhere to the rules and practices promulgated by the university Office of Information Technology ([www.oit.cmich.edu](http://www.oit.cmich.edu)) and the policies contained therein, including but not limited to the Copyright Infringement Responsible Use of Computing and Data Stewardship Policies.

**3.2.19 Bullying/Hazing/Harassment.** A student shall not bully, haze or harass any person or group of persons. Telephone harassment, texting, email, computer or online social media harassment, are included under this policy, as are all other forms of bullying and harassment.

**3.2.20 Civil Disorder.** A student shall not participate in a riot or civil disorder, which is defined as five or more persons, acting in concert, who intentionally or recklessly cause or create a serious risk of causing public terror or alarm.

**3.2.21 Aiding Civil Disorder.** A student shall not, intending to cause or aid or abet the institution or maintenance of a riot or civil disorder, act or engage in conduct which urges other persons to commit acts of unlawful force or violence or the unlawful burning or destroying of property or the unlawful interference with a police officer, peace officer, fireman or member of the Michigan National Guard or any unit of the armed services officially assigned to civil disorder duty in the lawful performance of his/her duty.

**3.2.22 Participation in Riot.** A student shall not assemble or act in concert with four or more persons for the purpose of engaging in conduct which creates a serious risk of a riot or civil disorder or be present at an assembly that either has or develops such a purpose and remain there after an order has been given to disperse.

**3.2.23 Violation of Injunction.** A student shall not violate the terms of any injunction regulating conduct in Isabella County or the terms of the Mt. Pleasant Nuisance Party Ordinance during and as part of a riot or civil disorder.

**3.2.24 Discrimination.** Violation of the CMU Nondiscrimination Policy or the Equal Opportunity and Affirmative Action protocol shall be treated as an offense under these regulations.

**3.2.25 Violations by Registered Student Organizations.** Violation by Registered Student Organizations of these regulations, and other rules pertaining to Registered Student Organizations as outlined in the Student Organization Operational Guide shall be treated as an offense under these regulations.

**3.2.26 Violation of Residence Hall Rules.**

Violation of "Residence Hall Rules" shall be treated as an offense under these regulations.

**3.2.27 Collusion.** A student who shall with any one or more persons enter into a combination or agreement, expressed or implied, to commit a violation of any of these regulations, is in violation of the regulation. Students are responsible for the actions of their guests while present on CMU property or at university sponsored activities.

**3.2.28 Aiding/Abetting.** A student implicated in the violation of any regulation in this document, whether he or she directly commits the act constituting the violation or procedures in connection with it, or aids or abets in its commission, may be treated under the regulations as if he or she had directly committed such violation.

**3.2.29 Violation of Federal/State/Local Law.** Violation of federal, state or local law in a manner that affects the university shall be treated as an offense under these regulations.

**3.2.30 Retaliation.** A student, group of students, or registered student organization shall not retaliate against any student who files a complaint or grievance; requests an administrative hearing; participates in an investigation; appears as a witness in an administrative hearing; or opposes an unlawful act, discriminatory practice, or policy.

**3.2.31 Violation of University Regulations.** Violation of other university regulations, policies or established procedures shall be treated as an offense under these regulations.

**3.2.32 Unauthorized Fires.** No student shall start or allow to be started a fire with the intent to destroy property including their own and/or rubbish.

**3.2.33 Arson.** A person who uses, arranges, places, devises, or distributes an inflammable, combustible, or explosive material, liquid, or substance or any device in or near a building, structure, other real property, or personal property with the intent to commit arson or who aids, counsels, induces, persuades, or procures another to do so is in violation of arson.

## 4. Official University Sanctions

**4.1 Sanctions.** Sanctions that may be imposed for violation of university regulations include the following:

**4.1.1 Reprimand:** A written reprimand, including the possibility of more severe disciplinary sanctions in the event of the finding of a subsequent violation of university regulations within a stated period of time.

**4.1.2 Restitution:** Reimbursement for defacement, damage to, or misappropriation of property. The person or body imposing this sanction may impose another allowed sanction as an alternative if restitution is not made within the time specified.

**4.1.3 Fines:** Fines may be levied. In no circumstance shall the fine levied exceed \$1,000. Failure to pay a fine in the time limit prescribed shall result in further disciplinary action.

**4.1.4 Removal from University Housing:** Cancellation of contract and requirement to vacate university housing within a specified period of time. If housing is not vacated within the prescribed time, additional sanctions shall be imposed.

**4.1.5 Campus Restrictions:** Limitations on the times and/or places where a student may be present on campus. If said restrictions are not observed, additional sanctions shall be imposed.

**4.1.6 Educational Programs:** Participation in educational programs, i.e., workshops, seminars, or other educational activities may be required. The person or body imposing this sanction shall impose another sanction as an alternative if the specified program is not completed within the time stipulated and may impose additional sanctions.

**4.1.7 Revocation of the Privilege of being a Registered Student Organization**

**4.1.8 Disciplinary Probation:** Subjection to a period of critical examination and evaluation of behavior. In addition to any of the sanctions set forth above, the student or organization may be

placed on probation for a stated period. Placement on probation may include additional restrictions or requirements, including but not limited to the following:

- a) Withdrawal of the privilege of campus registration of a motor vehicle,
- b) Withdrawal of the privilege of membership in a campus organization,
- c) Withdrawal of the privilege of holding office in a campus organization,
- d) Withdrawal of the privilege of representing the university in any inter-university event
- e) Requirement to complete a specified number of credit hours with a specific grade point average during the current or subsequent academic session.
- f) Requirement to complete coursework related to the violation.
- g) Withdrawal of the privilege of using computing resources.
- h) Completion of work or other service to be provided to the university or other organization within a specified time. The person or body imposing this sanction may impose another allowed sanction as an alternative if the specified service is not completed within the time stipulated, and may impose additional sanctions.

A condition of probation may be that automatic suspension or dismissal of a student or organization shall occur upon a determination (under the procedures set forth in Article 5 herein) that a violation of a condition of probation or any other violation has occurred.

**4.1.9 Suspension/Dismissal from an Academic Program:** Exclusion from an academic program as set forth for a definite or indefinite period of time.

**4.1.10 Suspension:** Exclusion from classes and other privileges or activities as set forth for a definite period of time. Suspension may include exclusion from the campus and property belonging to the university for a stated period of time and may require an independent evaluation supporting the student or organization's return, with which CMU concurs.

**4.1.11 Dismissal:** Permanent termination of student status.

#### **4.2 Additional Sanctions**

Sanctions in addition to those listed in Article 4.1 may be established by the university.

#### **4.3 Temporary Suspension**

The university reserves the right to suspend a student, summarily and without notice, if in the judgment of the President of the university or the President's representative a student's presence would constitute a continuing danger to the person himself/herself, other persons or property, or that the operation of the university would be seriously impaired. In the case of temporary

suspension, the student will be given written notice of the charges against him or her following the conclusion of any related investigations and a hearing before a Hearing Officer will be held as soon as possible considering the complexities of the matter and the status of any related criminal proceedings.

#### **4.4 Automatic Sanctions for Grave Offenses**

Certain grave offenses require that the sanctions be stipulated in advance and imposed automatically. The following shall be breaches of the student conduct regulations for which the minimum sanction of suspension is mandatory:

**4.4.1** Bomb threat or knowingly false bomb warning.

**4.4.2** Willful destruction of property worth more than \$1,000.

**4.4.3** Willful disruption of scheduled university activities.

**4.4.4** Violence against persons that results in bodily injury requiring substantial medical treatment or death.

**4.4.5** Administering or causing to be administered to any person unknowingly or against the person's will any "Controlled Substance" as defined in the Controlled Substances Act of 1971, as amended.

**4.4.6** Sale or distribution of, or aiding or assisting in the sale or distribution of, any "Controlled Substance" as defined in the Controlled Substances Act of 1971, as amended.

**4.4.7** Possession of a firearm or any other dangerous weapon as described in Section 3.2.14.

**4.4.8** Participation in a riot or civil disorder as described in Section 3.2.20 or 3.2.22.

**4.4.9** Urging other persons to commit unlawful acts during a riot or civil disorder, as described in 3.2.21.

**4.4.10** Being present at a riot or civil disorder after an order has been given to disperse.

**4.4.11** Violations of Sections 3.2.7 (Threat/Endangerment/Assault), or 3.2.9 (Property Damage) during a riot or civil disorder.

**4.4.12** Violation of the terms of any injunction regulating conduct in Isabella County or the terms of the Mt. Pleasant Nuisance Party Ordinance during and as a part of a riot or civil disorder.

**4.4.13** Violation of section 3.2.33 (Arson).

## 5. Student Hearing Procedures for Charged Violation of Student Conduct Regulations

### 5.1 Intake Conduct Proceedings Officer

**5.1.1** A charge may be made to the Conduct Proceedings Officer by any member of the university community or may be brought by the Conduct Proceedings Officer on one's own initiative stating that a student has violated the Specific Regulations Concerning Student Conduct (3.2). Students subject to the provisions of this Code are defined as all persons who have enrolled at the university, either full-time or part-time, pursuing undergraduate, graduate, or non-degree studies. Persons who have been enrolled at the university, and who have not withdrawn (or been academically dismissed), are students even when they are not enrolled for a particular term. Students also include persons who have been admitted to the university and who, before their first attendance, participate in activities intended only for prospective students (e.g., orientation, leadership, band, or other camp, athletic training and practices).

**5.1.2** One or more Conduct Proceedings Officers shall be appointed by the President or the President's designated representative. The Conduct Proceedings Officer will make, or cause to be made, an investigation of the charge.

**5.1.3** If, from the investigation, the Conduct Proceedings Officer determines the matter may be reason for discipline under the student conduct regulations, the Conduct Proceedings Officer will notify the student that a charge has been made and will offer the student an opportunity to discuss the matter.

If notified by either United States mail or by university email, the notice will be mailed to the last address for the student on file with the university Office of the Registrar. The notice will be deemed received two (2) business days following the date the notice is posted at facilities of the United States Post Office (for U.S. Postal mail) or immediately upon delivery for electronic mail. In the absence of mailing, personal delivery to the student cited, or delivery to the last address on file in the Office of the Registrar constitutes proper notice. If personal delivery to the student or delivery to the last address is used, the date notice is so delivered shall be deemed the date the notice is received.

The student will have two (2) business days from the date of receipt (through any of the mediums listed above) in which to respond to the notice. If the student has not responded at the end of this two-day period, the Conduct Proceedings Officer will set up a hearing.

**5.1.4** The student may bring an advisor of the student's choice to the discussion with the Conduct Proceedings Officer. If the student's advisor is an attorney, the student must notify the Conduct Proceedings Officer of this at least three (3) business days in advance of the discussion. The advisor's role is limited to providing advice to the student. The advisor is not permitted to ask or answer questions or make oral arguments. Any case presented must be made by the student.

**5.1.5** If the student chooses to discuss the matter, the Conduct Proceedings Officer will at the discussion inform the student of the charge(s) and the regulation(s) which are alleged to have been violated and will explain to the student the process outlined in this document.

**5.1.6** If the charge is against a graduate student for a violation of the Policy on Academic Integrity, then the matter will be handled under Section 6.

### **5.1.7 Student Admits Violation**

**5.1.7.1** If the student admits to the violation, the Conduct Proceedings Officer may:

- a) Issue a sanction
- b) Order that the sanction be set by a university Hearing Officer, or
- c) Enter into a written, mutually acceptable, behavioral contract with the Student and/or
- d) Refer the student for counseling.

**5.1.7.2** The student charged or the person or group who first brought the charge, or the university, may appeal the sanction (except the terms of a behavioral contract), by a letter delivered to the Office of the Conduct Proceedings Officer or university Hearing Officer within five (5) business days after the Conduct Proceedings Officer has set the sanction. Since admission of the violation by the student is a prerequisite to the Conduct Proceedings Officer acting under this section, such an appeal will only be as to the appropriateness of the sanction and not the fact of whether the violation occurred.

Once a student admits a violation for which there is an automatic sanction, the sanction is automatically imposed and only the terms of a suspension may be appealed. The appeal is to the Appeals Board.

### **5.1.8 Student Does Not Admit Violation**

After discussion with the student, the Conduct Proceedings Officer may determine that the matter requires no further action.

The Conduct Proceedings Officer will refer the matter for hearing if:

**5.1.8.1** The student denies the charge and the Conduct Proceedings Officer determines the matter may be reason for discipline.

**5.1.8.2** The student chooses not to discuss the matter at the discussion offered by the Conduct Proceedings Officer. The student will be notified of the date and time of the hearing.

### **5.1.9 Alternative Resolution**

**5.1.9.1** Mutual Settlement. In lieu of referral to a hearing or prior to a student's admission of a violation of the Code, the Conduct Proceedings Officer may offer or accept mutual settlements of

any charged violations under this code. Settlements shall be in writing and shall state the conditions of the agreement and any sanctions imposed. Mutual settlements may not be appealed.

Cases not settled in a timely manner shall proceed to a hearing.

**5.1.9.2 Counseling.** In lieu of, or in addition to, a sanction or referral to a hearing the Conduct Proceedings Officer may refer the student for psychological counseling.

**5.1.9.3 Behavioral Contract.** In lieu of, or in addition to, a sanction or referral to a hearing, the Conduct Proceedings Officer may arrange a behavioral contract with the student. A behavioral contract is a mutually acceptable agreement between the university and a student that specifies certain behavior with which the student must comply, and specifies automatic sanctions that will be imposed if the contract is broken. If the contract is broken, as determined by a finding of fact under procedures set forth in Article 5 herein, the student may be suspended from the university as determined by the Conduct Proceedings Officer. In cases where suspension is automatic under the terms of a behavioral contract, a hearing to determine if the contract has been broken will be on fact only.

**5.1.9.4 Referral to Behavioral Evaluation Team.** In lieu of referral to a hearing, the Conduct Proceedings Officer and the student may agree to a referral to a process provided by the Care Team, Care Team Coordinator, or Behavioral Evaluation Team. This option is available in situations where the alleged conduct of the student appears to be related to a mental health concern(s) or emotional issues(s).

## **5.2 Hearings**

There are two hearing forums: The university Hearing Officer and the university Hearing Body. The Conduct Proceedings Officer will assign a case to one of these forums, except that in cases where there is potential for a sanction of suspension or dismissal, the student may choose which hearing forum will hear the case. The student will have two (2) business days from the date of the meeting with the Conduct Proceedings Officer to make a final choice in writing to the Conduct Proceedings Officer. If no such timely choice is made, the Conduct Proceedings Officer will designate whether the case will be heard by a Hearing Officer or Hearing Body. The student will be notified of the time and date of the hearing.

### **5.2.1 University Hearing Officer**

**5.2.1.1** One or more university Hearing Officers will be appointed by the President or the President's designee and must participate in the appropriate training sessions regarding the Code of Student Rights, Responsibilities and Disciplinary Proceedings.

**5.2.1.2** The university Hearing Officer will be assigned by the Associate Vice President for Student Affairs, or the Director of the Office of Student Conduct, as the designee of the Associate Vice President for Student Affairs, to hear the case.

**5.2.1.3** The university Hearing Officer, based on the information presented at the hearing, determines whether the student charged violated the student conduct regulations, and sets the sanction, when applicable. Failure to complete the terms of the sanction may result in suspension from the university as determined by the Conduct Proceedings Officer. Certain violations have automatic sanctions imposed according to Section 4.4. In such cases, the university Hearing Officer will decide if a violation has occurred and, if so, the terms of a mandatory sanction.

## **5.2.2 University Hearing Body**

**5.2.2.1** The university Hearing Body consists of one university Hearing Officer and two students.

**5.2.2.2** The students will be selected from a pool of students who are approved by the Vice President for Enrollment and Student Services or his/her designee in consultation with the Student Government Association and must participate in the appropriate training sessions regarding the Code of Student Rights, Responsibilities and Disciplinary Proceedings.

**5.2.2.3** The university Hearing Body, based upon the information presented at the hearing, determines whether the student charged violated student conduct regulations, and sets the sanction, when applicable. Failure to complete the terms of the sanction may result in suspension from the university as determined by the Conduct Proceedings Officer. Certain violations have automatic sanctions imposed according to Section 4.4. In such cases, the university Hearing Body will decide if a violation has occurred and, if so, the terms of a mandatory sanction.

## **5.2.3 Hearing Procedures**

**5.2.3.1** In all disciplinary hearings, the burden of proof rests with the Conduct Proceedings Officer, who must prove by a preponderance of evidence that a violation has occurred.

**5.2.3.2** The student charged may have an advisor of the student's choice present at the hearing. If the student's advisor is an attorney, the student must notify the Conduct Proceedings Officer of this at least three (3) business days in advance of the hearing. The advisor's role is limited to providing advice to the student. The advisor is not permitted to ask or answer questions or make oral arguments. Any case presented must be made by the student.

**5.2.3.3** A record of the hearing, made by an audio recording device, will be kept by the Conduct Proceedings Officer at least until the appeal time is exhausted. The Conduct Proceedings Officer, on behalf of the university, will maintain all copies of these recordings.

**5.2.3.4** A university Hearing Officer presides at all hearings.

**5.2.3.5** Hearing notifications and procedures will be communicated to the charged student at least twenty-four (24) hours before the hearing.

**5.2.3.6** The Hearing Officer or Hearing Body will issue a written decision within ten (10) business days to the Conduct Proceedings Officer stating if a violation has been found, what facts support this finding, and the sanction(s) to be imposed.

**5.2.3.7** A decision letter will be emailed to the student within three (3) business days from the date the decision is received by the Conduct Proceedings Officer.

**5.2.3.8** The student charged has the right to cross-examine the complainant and any witnesses in the case against him or her. The Hearing Officer, however, has the right to determine the method the cross-examination will take (direct confrontation, submission of written questions, or any other method that, in the Hearing Officer's opinion, will elicit the desired testimony).

### **5.3 Complainant's Rights**

Central Michigan University recognizes that complainants have rights that need to be protected as well as those of the person who is cited.

**5.3.1** The complainant has the right to have a person of his or her choice accompany him or her throughout the disciplinary hearing.

**5.3.2** The complainant has the right to remain present during any disciplinary or appeal hearings.

**5.3.3** The complainant has the right to submit an "impact statement" and to suggest an appropriate sanction if the person cited is found in violation of the Code of Student Rights, Responsibilities and Disciplinary Procedures.

**5.3.4** The complainant has the right to be informed in a timely manner of the outcome of the hearing regarding the findings and the sanction.

**5.3.5** The complainant has the right to appeal either the findings or the sanction.

**5.3.6** In cases involving sexual assault, the complainant has the right not to have his or her irrelevant past sexual history discussed during the hearing.

**5.3.7** The complainant has the right to cross-examine the student charged and any "defense" witnesses in the case. The Hearing Officer, however, has the right to determine the method the cross-examination will take (direct confrontation, submission of written questions, or any other method that, in the Hearing Officer's opinion, will elicit the desired testimony).

### **5.4 Appeals**

**5.4.1** The following matters may be appealed to the Appeals Board:

**5.4.1.1** The decision of a university Hearing Body or a university Hearing Officer as provided in Section 5.2. The appeal may be as to the facts found or the sanction set or both. If the sanction is automatic, then the appeal may only be made as to the findings, or the terms of a suspension.

The appeals board may not reduce the sanction below the minimum imposed by Section 4.4 or by the terms of behavioral contracts or other disciplinary actions in which automatic sanctions are specified.

**5.4.1.2** The sanction set by the Conduct Proceedings Officer after admission of violation by the student. Imposition of any automatic sanction after such an admission may not be appealed; however, the terms or conditions of the sanction may be appealed. See Section 5.1.7.2 for more information regarding this type of appeal.

**5.4.2** The Appeals Board consists of the Student Government Association President or designee, the Chairperson of the Academic Senate or designee, and the Associate Vice President for Student Affairs or designee and must participate in the appropriate training sessions regarding the Code of Student Rights, Responsibilities and Disciplinary Proceedings.

**5.4.3** An appeal to the Appeals Board may be made by the student involved, by the person or group who first brought the charge, or by the university.

**5.4.4** An appeal is timely only if taken within five (5) business days of the decision appealed. An appeal not made within the time limit will not be heard unless the President or the President's designee makes an exception.

**5.4.5** An appeal is made by submitting a written statement of appeal to the Conduct Proceedings Officer within the time limit. The written statement of appeal must state: the name of the person appealing, the basis of the appeal, the person or group making the decision from which the appeal is made, whether a decision as to fact or sanction or both is appealed, and the remedy that the person appealing is requesting from the Appeals Board.

**5.4.6** The student charged may have an advisor of the student's choice present at the hearing of the appeal. If the student's advisor is an attorney, the student must notify the Proceedings Officer of this at least three (3) business days in advance of the hearing. The advisor's role is limited to providing advice to the student. The advisor is not permitted to ask or answer questions or make oral arguments. Any case presented must be made by the student.

**5.4.7** The Conduct Proceedings Officer is responsible for notifying members of the Appeals Board of the appeal and for setting a time and place for holding a meeting of the Appeals Board. The Conduct Proceedings Officer will provide notice of time and place of the meeting of the Appeals Board to the student(s) charged, the charging party, and other university persons deemed appropriate by the Conduct Proceedings Officer.

**5.4.8** The Conduct Proceedings Officer will assemble the documentary evidence introduced at the hearing, the record made of the hearing, and the administrative contact history made in connection with the matter and will make these materials available to the Appeals Board.

**5.4.9** The Appeals Board may establish its own procedure for conducting any appeal appropriate to the circumstances designed to achieve fairness to the student charged as well as the interests

protected by the Central Michigan University Code of Student Rights, Responsibilities and Disciplinary Procedures.

**5.4.10** The Appeals Board makes its determination based solely on the record of the student's hearing, facts that are presented to the Appeals Board, and arguments before the Appeals Board. No additional witnesses, witness statements, or other materials may be introduced during the Appeal.

**5.4.11** The purpose of the Appeals Board is to decide if the findings and/or the sanction of the Hearing Body were so incorrect that the decision should be changed. It is not the purpose of the Appeals Board to substitute its judgment for that of the Hearing Officer or Body. It is not the purpose of the Appeals Board to decide if it would have reached the same decision had it been the Hearing Officer or Body. It is not the function of the Appeals Board to rehear the charges against the student; it is an appeal of the findings and/or the sanction of the Conduct Proceedings Officer, Hearing Officer or Body only as requested by the person or persons making the appeal. The Appeals Board may:

- a) Find that there are not sufficient facts presented to warrant the findings of fact made at the original hearing and may set aside the finding or determine the facts differently.
- b) Order that a new hearing be held.
- c) Change the sanction.
- d) Provide such further and additional relief or changes as dictated by fairness to the student and to the interests protected by the Central Michigan University Code of Student Rights, Responsibilities and Disciplinary Procedures.

**5.4.12** The Appeals Board must hear the appeal within fifteen (15) business days from the date the appeal is made in writing and delivered to the Conduct Proceedings Officer.

**5.4.13** A decision of the Appeals Board is final except that a decision to suspend for more than one week or to dismiss a student is subject to discretionary review by the Vice President for Enrollment and Student Services or the President (see 5.4.14). Any student responding to a charge under these procedures, any person bringing charges under these procedures, or the Administration, may make a written application to the Vice President for Enrollment and Student Services to review such a decision made by the Appeals Board. The application must be received in the Office of the Vice President for Enrollment and Student Services within five (5) business days after the date of the Appeals Board decision. Failure to make application for review within the time limit ends the right to make application for review unless the time limit is extended by the Vice President for Enrollment and Student Services. The application for review must contain the following information:

- a) Name of the student(s) charged in the proceeding in which the Appeals Board has rendered a decision.

- b) Name, address, and telephone number of the person making application for review.
- c) A copy of the Appeals Board decision involved.
- d) A statement as to what portion(s) of the Appeals Board decision the applicant wishes reviewed, and the reason(s) why the person making application for review considers the decision to be capricious, or the procedures followed to be fundamentally unfair.
- e) A statement of the relief requested from the Vice President for Enrollment and Student Services by the person making application for review.

If the Vice President for Enrollment and Student Services elects to review a decision of the Appeals Board, either in part or entirely, the Vice President for Enrollment and Student Services may establish whatever procedures are deemed appropriate and consistent with fairness to govern the review.

**5.4.14** The university reserves the right for the President or the President's designee to impose a different sanction after a determination of violation, than the sanction imposed by the Conduct Proceedings Officer, Hearing Officer, Hearing Body, Appeals Board, or others under these procedures.

### **5.5 Charges Involving Student Organizations**

All notices referred to in this document, when involving a Registered Student Organization, shall be sent to the president of the organization, at his or her last address on file with the Office of the Registrar, unless another representative of the organization is designated by the organization to receive such notices. When a Registered Student Organization is charged with a violation, the president of the organization shall represent the organization in the process described in Section 5, unless the Registered Student Organization designates some other representative. The representative of the student organization must be a registered student at Central Michigan, and must be a regular member of that organization.

### **5.6 Changes in Procedures**

**5.6.1** The procedures set forth herein shall apply throughout the calendar year. A university Hearing Officer may be appointed by the Conduct Proceedings Officer to hear a case at times when a university Hearing Body cannot be readily assembled such as when students are not in attendance at regular sessions, during exam week, summer sessions.

**5.6.2** These procedures are subject to change by the President of the university or designee. If any change is deemed necessary, any new procedures shall guarantee a fair hearing with due process.

### **5.7 Clarifying Processes**

Clarifying processes that are consistent with the Hearing Procedures in this document may be proposed by the Office of Student Rights and Responsibilities.

## 6. Student Hearing Procedures for Graduate Students Charged with Violating the Policy on Academic Integrity

If the charge is against a graduate student for violation of the Policy on Academic Integrity, then the matter will be handled under this section and not under section 5. If the charge is against an undergraduate student for a violation of the Policy on Academic Integrity, the procedures in the Policy on Academic Integrity shall be followed.

### 6.1 Intake Conduct Proceedings Officer

**6.1.1** A charge may be made to the Dean of the College of Graduate Studies by any member of the university community stating that a student has violated Section 3.2.1 of Specific Regulations Concerning Student Conduct.

**6.1.2** One or more Conduct Proceedings Officers shall be appointed by the Dean of the College of Graduate Studies and must participate in the appropriate training sessions regarding the Code of Conduct. The Conduct Proceedings Officer will make, or cause to be made, an investigation of the charge.

**6.1.3** If, from the investigation, the Conduct Proceedings Officer determines the matter may be subject to discipline under the policy on academic integrity, the Conduct Proceedings Officer will notify the student that a charge has been made and will offer the student an opportunity to discuss the matter.

If notified by either United States mail or by university email, the notice will be mailed to the last address for the student on file with the university Office of the Registrar. The notice will be deemed received two (2) business days following the date the notice is posted at facilities of the United States Post Office (for U.S. Postal mail) or immediately upon delivery for electronic mail. In the absence of mailing, personal delivery to the student cited, or delivery to the last address on file in the Office of the Registrar constitutes proper notice. If personal delivery to the student or delivery to the last address is used, the date notice is so delivered shall be deemed the date the notice is received.

The student will have two (2) business days from the date of receipt (through any of the mediums listed above) in which to respond to the notice. If the student has not responded at the end of this two-day period, the Dean of the College of Graduate Studies or designee will set up a hearing.

**6.1.4** The student may bring an advisor of the student's choice to the discussion with the Conduct Proceedings Officer.

**6.1.5** If the student chooses to discuss the matter, the Conduct Proceedings Officer will at the discussion inform the student of the charge(s) and the regulation(s) which are alleged to have been violated and will explain to the student the process outlined in this document.

### 6.1.6 Student Admits Violation

**6.1.6.1** If the student admits to the violation, the Conduct Proceedings Officer may:

- a) Issue a sanction or,
- b) Order that the sanction be set by a university Hearing Officer or,
- c) Refer the student for Academic Integrity counseling and contract

**6.1.6.2** The student charged or the person or group who first brought the charge, or the university, may appeal the sanction, by a letter delivered to the Dean of the College of Graduate Studies within five (5) business days after the Dean has set the sanction. Since admission of the violation by the student is a prerequisite to the Dean acting under this section, such an appeal will only be as to the appropriateness of the sanction and not the fact of whether the violation occurred.

**6.1.7 Student Does Not Admit Violation**

After discussion with the student, the Conduct Proceedings Officer may determine that the matter requires no further action.

The Conduct Proceedings Officer will refer the matter for hearing if:

**6.1.7.1** The student denies the charge and the Conduct Proceedings Officer determines the matter may be subject to discipline

**6.1.7.2** The student chooses not to discuss the matter at the discussion offered by the Conduct Proceedings Officer. The student will be notified of the date and time of the hearing.

**6.1.8 Alternative Resolution**

**6.1.8.1** Mutual Settlement. In lieu of referral to a hearing, the Conduct Proceedings Officer may offer or accept mutual settlements of any charged violations under this code. Settlements shall be in writing stating the conditions of the agreement and any sanctions imposed. Mutual settlements may not be appealed.

Cases not settled in a timely manner shall proceed to a hearing.

**6.2 Hearings**

There are two hearing forums: The Graduate Studies Hearing Officer and the Graduate Studies Hearing Body. In cases where there is potential for a sanction of suspension or dismissal, the student may choose which hearing forum will hear the case. The student will have two (2) business days from the date of the meeting with the Conduct Proceedings Officer to make a final choice in writing to the Conduct Proceedings Officer. If no such timely choice is made, the Conduct Proceedings Officer will designate whether a Graduate Studies Hearing Officer or Graduate Studies Hearing Body will hear the case. The student will be notified of the time and date of the hearing.

### **6.2.1 Graduate Studies Hearing Officer**

**6.2.1.1** One or more Graduate Studies Hearing Officers will be appointed by the Dean of the College of Graduate Studies to hear the case.

**6.2.1.2** The Graduate Studies Hearing Officer, based on the evidence presented at the hearing, determines whether the student charged violated the policy on academic integrity and sets the sanction, when applicable.

### **6.2.2 Graduate Studies Hearing Body**

**6.2.2.1** The Graduate Studies Hearing Body consists of one Graduate Studies Hearing Officer, one graduate faculty member and one graduate student.

**6.2.2.2** The graduate faculty member and the graduate student will be selected by the Dean of the College of Graduate Studies.

**6.2.2.3** The Graduate Studies Hearing Body, based upon the evidence presented at the hearing, determines whether the student charged violated student conduct regulations, and sets the sanction, when applicable.

### **6.2.3 Hearing Procedures**

**6.2.3.1** In all disciplinary hearings, the burden of proof rests with the Conduct Proceedings Officer, who must prove by a preponderance of evidence that a violation has occurred.

**6.2.3.2** The student charged may have an advisor of the student's choice present at the hearing. If the student's advisor is an attorney, the student must notify the Conduct Proceedings Officer of this at least three (3) business days in advance of the hearing. The advisor's role is limited to providing advice to the student. The advisor is not permitted to ask or answer questions or make oral arguments. Any case presented must be made by the student.

**6.2.3.3** A record of the hearing, made by tape recorder, will be kept by the Conduct Proceedings Officer, at least until the appeal time is exhausted. The Conduct Proceedings Officer, on behalf of the university, will maintain all copies of these recordings.

**6.2.3.4** A Graduate Studies Hearing Officer presides at all hearings.

**6.2.3.5** Hearing notification and procedures will be communicated to the student charged at least twenty-four (24) hours before the hearing.

**6.2.3.6** The Graduate Studies Hearing Officer or Graduate Studies Hearing Body will issue a written decision within ten (10) business days to the Conduct Proceedings Officer stating if a violation has been found, what facts support this finding, and the sanction(s) to be imposed.

**6.2.3.7** A decision letter will be emailed to the student within three (3) business days from the date the decision is received by the Conduct Proceedings Officer.

### **6.3 Complainant's Rights**

Central Michigan recognizes that instructors have rights that need to be protected as well as those of the person who is cited.

**6.3.1** The complainant has the right to have a person of his or her choice accompany him or her throughout the disciplinary hearing.

**6.3.2** The complainant has the right to remain present during the entire proceeding.

**6.3.3** The complainant has the right to make an "impact statement" and to suggest an appropriate sanction if the person cited is found in violation.

**6.3.4** The complainant has the right to be informed in a timely manner of the outcome of the hearing regarding the findings and the sanction.

**6.3.5** The complainant has the right to appeal either the findings or the sanction.

### **6.4 Appeals**

**6.4.1** The following matters may be appealed to the Graduate Studies Appeals Board:

**6.4.1.1** The decision of a Graduate Studies Hearing Body or a Graduate Studies Hearing Officer as provided in Section 6.2.

The appeal may be as to the facts found or the sanction set or both. The appeals board may not reduce the sanction below the minimum imposed by Section 4.4.

**6.4.1.2** The sanction set by the Conduct Proceedings Officer after admission of violation by the student. See Section 6.1.6 for more information regarding this type of appeal.

**6.4.2** The Graduate Studies Appeals Board consists of a graduate student appointed by the Chair of the Graduate Council, the Chairperson of the Academic Senate or designee, and the Dean of the College of Graduate Studies or designee.

**6.4.3** An appeal to the Graduate Studies Appeals Board may be made by the student involved, by the person or group who first brought the charge, or by the university.

**6.4.4** An appeal is timely only if taken within five (5) business days of the decision appealed. An appeal not made within the time limit will not be heard unless the President or the President's designee makes an exception.

**6.4.5** An appeal is made by submitting a written statement of appeal to the Conduct Proceedings Officer within the time limit. The written statement of appeal must state: the name of the person appealing, the basis of the appeal, the person or group making the decision from which the appeal is made, whether a decision as to fact or sanction or both is appealed, and the remedy which the person appealing is requesting from the Graduate Studies Appeals Board.

**6.4.6** The student charged may have an advisor of the student's choice present at the hearing of the appeal. If the student's advisor is an attorney, the student must notify the Conduct Proceedings Officer of this at least three (3) business days in advance of the hearing. The advisor's role is limited to providing advice to the student. The advisor is not permitted to ask or answer questions or make oral arguments. Any case presented must be made by the student.

**6.4.7** The Dean of the College of Graduate Studies or designee is responsible for notifying members of the Graduate Studies Appeals Board of the appeal and for setting a time and place for holding a meeting of the Graduate Studies Appeals Board. The Conduct Proceedings Officer will provide notice of time and place of the meeting of the Graduate Studies Appeals Board to the student(s) charged, the charging party, and other university persons deemed appropriate by the Conduct Proceedings Officer.

**6.4.8** The Conduct Proceedings Officer will assemble the documentary evidence introduced at the hearing, the record made of the hearing, and the file made in connection with the matter and will make these materials available to the Graduate Studies Appeals Board.

**6.4.9** The Graduate Studies Appeals Board may establish its own procedure for conducting any appeal appropriate to the circumstances designed to achieve fairness to the student charged as well as the interests protected by the Central Michigan University Code of Student Rights, Responsibilities and Disciplinary Procedures.

**6.4.10** The Graduate Studies Appeals Board makes its determination based solely on the record of the student's hearing, facts that are presented to the Graduate Studies Appeals Board, and arguments before the Graduate Studies Appeals Board. No additional witnesses, witness statements, or other materials may be introduced during the Appeal.

**6.4.11** The purpose of the Graduate Studies Appeals Board is to decide if the findings and/or the sanction of the Graduate Studies Hearing Body were so incorrect that the decision should be changed. It is not the purpose of the Graduate Studies Appeals Board to substitute its judgment for that of the Graduate Studies Hearing Officer or Graduate Studies Hearing Body. It is not the purpose of the Graduate Studies Appeals Board to decide if it would have reached the same decision had it been the Graduate Studies Hearing Officer or Graduate Studies Hearing Body. It is not the function of the Graduate Studies Appeals Board to rehear the charges against the student; it is an appeal of the findings and/or the sanction of the Graduate Studies Hearing Officer or Graduate Studies Hearing Body. The Graduate Studies Appeals Board may:

- a) Find that there are not sufficient facts presented to warrant the findings of fact made at the original hearing and may set aside the finding or determine the facts differently.

- b) Order that a new hearing be held.
- c) Change the sanction.
- d) Provide such further and additional relief or changes as dictated by fairness to the student and to the interests protected by the Central Michigan University Code of Student Rights, Responsibilities and Disciplinary Procedures.

**6.4.12** The Graduate Studies Appeals Board must hear the appeal within fifteen (15) business days from the date the appeal is made in writing and delivered to the Conduct Proceedings Officer.

**6.4.13** A decision of the Graduate Studies Appeals Board is final except that a decision to suspend for more than one week or to dismiss a student is subject to discretionary review by the Dean of the College of Graduate Studies. Any student responding to a charge under these procedures, any person bringing charges under these procedures, or the university, may make a written application to the Dean of the College of Graduate Studies to review a decision made by the Appeals Board. The application must be received in the Office of the Dean of the College of Graduate Studies within five (5) business days after the date of the Appeals Board decision. Failure to make application for review within the time limit ends the right to make application for review unless the time limit is extended by the Dean of the College of Graduate Studies. The application for review must contain the following information:

- a) Name of the student(s) charged in the proceeding in which the Graduate Studies Appeals Board has rendered a decision.
- b) Name, address, and telephone number of the person making application for review.
- c) A copy of the Graduate Studies Appeals Board decision involved.
- d) A statement as to what portion(s) of the Graduate Studies Appeals Board decision the applicant wishes reviewed, and the reason(s) why the person making application for review considers the decision to be capricious, or the procedures followed to be fundamentally unfair.
- e) A statement of the relief requested from the Dean of the College of Graduate Studies by the person making application for review. If the Dean of the College of Graduate Studies elects to review a decision of the Graduate Studies Appeals Board, either in part or entirely, the Dean of the College of Graduate Studies may establish whatever procedures are deemed appropriate and consistent with fairness to govern the review. The university also reserves the right for the President or the President's designee to impose a different sanction after a determination of violation, than the sanction imposed by the Conduct Proceedings Officer, Graduate Studies Hearing Officer, Graduate Studies Hearing Body, Graduate Studies Appeals Board, or others under these procedures.

## **6.5 Changes in Procedures**

**6.5.1** The procedures set forth herein shall apply throughout the calendar year. A Graduate Studies Hearing Officer may be appointed by the Dean of the College of Graduate Studies to hear a case at times when a Graduate Studies Hearing Body cannot be readily assembled such as when students are not in attendance at regular sessions, during exam week, summer sessions.

**6.5.2** These procedures are subject to change by the President of the university or designee. If any change is deemed necessary, any new procedures shall guarantee a fair hearing with due process.

**6.6 Clarifying Processes**

Clarifying processes that are consistent with the Hearing Procedures in this Section may be proposed by the College of Graduate Studies.

CENTRALINK > COLLEGE OF MEDICINE > STUDENTS > CURRENT STUDENTS > OFFICE OF STUDENT AFFAIRS

### Welcome to the Office of Student Affairs!

The Office of Student Affairs welcomes you. We are committed to supporting our students through medical school with a variety of services including: career counseling, financial aid counseling, academic assistance, referrals to health and counseling services, advisement of student organizations, and more. See this site and the Student Handbook for further details. We are conveniently located on the first floor of the College of Medicine Building (1401), so please stop in.

#### Meet the Team

Interim Associate Dean of Student Affairs  
Joel H. Langhear, PhD

Assistant Dean of Student Affairs  
Sarah Vonder, MD

Student Affairs  
Charmica Abinojar, Director  
Carbace Johnson, Senior Administrative Assistant

Senior Associate Director of Financial Aid  
Chris Brown

Admissions  
Chris Austin, Director  
Melissa Bussear, Executive Administrative Assistant

### Bias Incident Response Team

#### Recognizing a Bias Incident

Bias incidents take many forms – words, signs, symbols, threats or actions – in electronic or real-time. They include intimidation, vandalism, destruction of property, harassment, and expressions of hate or hostility.

#### Reporting Bias Incidents

Anytime anyone in the CMU community feels berated, discriminated, threatened or unsafe because of who they are, the entire university community is diminished. That's why it's important to report all bias incidents – even those intended as jokes. If you have observed or experienced a bias incident, it should be reported as soon as possible. Students are encouraged to contact a faculty or staff member with whom they are comfortable for guidance and support. To report an incident, call any one of the offices listed below:

CMU Police (24 hours)	774-3080
Affirmative Action Office	774-5253
Counseling Center	774-5351
Dean of Students Office	774-3340
Human Resources	774-6487
Off Campus Programs	774-5205
Office for Institutional Diversity	774-3700
Office of International Affairs	774-4306
Residence Life	774-5181
Sexual Aggression Services	774-5677
Student Disability Services	774-3016
Student Ombuds Office	774-3010
Women's Studies Program	774-3601

Federal Compliance Document Evidence  
16. Nondiscrimination Policy

## Board of Trustees Nondiscrimination Policy

taken from

[https://www.cmich.edu/office\\_president/OCRIE/Secure/Pages/Nondiscrimination\\_Policy.aspx](https://www.cmich.edu/office_president/OCRIE/Secure/Pages/Nondiscrimination_Policy.aspx)

Central Michigan University is an affirmative action/equal opportunity institution. It encourages diversity and provides equal opportunity in education, employment, all of its programs, and the use of its facilities. It is committed to protecting the constitutional and statutory civil rights of persons connected with the university.

Unlawful acts of discrimination or harassment by members of the campus community are prohibited. In addition, even if not illegal, acts are prohibited if they discriminate against any university community member(s) through inappropriate limitation of access to, or participation in, educational, employment, athletic, social, cultural, or other university activities on the basis of age, color, disability, gender, gender identity/gender expression, genetic information, height, marital status, national origin, political persuasion, race, religion, sex, sexual orientation, veteran status, or weight. Limitations are appropriate if they are directly related to a legitimate university purpose, are required by law or rules of associations to which the Board of Trustees has determined the university will belong, are lawfully required by a grant or contract between the university and the state or federal government. Limitations of current facilities related to gender identity/gender expression are excluded from this policy.

The president is directed to promulgate practices and procedures to realize this policy. The procedures shall include the identification of an office to which persons are encouraged to report instances of discrimination and a process for the investigation and resolution of these reports/complaints.

Federal Compliance Document Evidence  
17. Equal Opportunity and Affirmative Action  
Protocol

# CENTRAL MICHIGAN UNIVERSITY EQUAL OPPORTUNITY AND AFFIRMATIVE ACTION PROTOCOL

## ARTICLE I INTRODUCTION

Central Michigan University affirms its continued commitment to equal educational and employment opportunity and to the elimination of prohibited discrimination within the institution. The University recognizes that nondiscrimination and equal opportunity are legally, socially and morally necessary and that it must take affirmative action to ensure that these concepts are realized. The University is especially committed to creating and supporting a campus composed of diverse and multicultural faculty, staff and students because doing so will benefit its faculty, staff and students. Some of these expected benefits include the following:

- An educational curriculum that deals with diversity issues and thereby helps develop important skills such as flexibility, understanding, critical thinking, and team work.
- A diverse University community which has a positive effect on academic achievement and on over-all satisfaction with the University experience.
- A diverse learning environment where students are more likely to feel comfortable interacting with people different from themselves, to become more aware of racial, ethnic and other cultural issues, and to promote tolerance in other aspects of their lives beyond the University.

The creating of such a community involves the recruiting and retaining of students, faculty, and staff from all backgrounds and the provision of a working environment free from discrimination. The policies and procedures set forth in this Protocol support human and civil rights and are one part of the University's efforts to create such a community.

Central Michigan University is committed to implementing systematic affirmative action efforts to eliminate discrimination and provide equal opportunity in compliance with applicable laws and regulations. The University also supports affirmative action and equal employment opportunity because these concepts are in accord with our educational mission. As amended on July 16, 2009, the Central Michigan University Board of Trustees has adopted the following resolution:

## Nondiscrimination Policy:

Central Michigan University is an affirmative action/equal opportunity institution. It encourages diversity and provides equal opportunity in education, employment, all of its programs, and the use of its facilities. It is committed to protecting the constitutional and statutory civil rights of persons connected with the university.

Unlawful acts of discrimination or harassment by members of the campus community are prohibited.

In addition, even if not illegal, acts are prohibited if they discriminate against any university community member(s) through inappropriate limitation of access to, or participation in, educational, employment, athletic, social, cultural, or other university activities on the basis of age, color, disability, gender, gender identity/gender expression, genetic information, height, marital status, national origin, political persuasion, race, religion, sex, sexual orientation, veteran status, or weight. Limitations are appropriate if they are directly related to a legitimate university purpose, are required by law or rules of associations to which the Board of Trustees has determined the university will belong, are lawfully required by a grant or contract between the university and the state or federal government. Limitations of current facilities related to gender identity/gender expression are excluded from this policy.

The president is directed to promulgate practices and procedures to realize this policy. The procedures shall include the identification of an office to which persons are encouraged to report instances of discrimination and a process for the investigation and resolution of these reports/complaints.

In accordance with this directive the President places into effect this revised **Central Michigan University Equal Opportunity and Affirmative Action Protocol**.

## ARTICLE II

### PROHIBITED DISCRIMINATION AND HARASSMENT

#### A. Statutory and Regulatory Standards

Central Michigan University declares all conduct that violates a nondiscrimination statute or regulation of the United States or the State of Michigan a violation of this Protocol. All faculty, staff, and students of the University, University organizations, and contractors in connection with their agreements with the University (herein "University Community"), are prohibited from engaging in unlawful acts of discrimination or harassment.

Unlawful discrimination and harassment are defined by the statutes and regulations of the United States and State of Michigan and include discrimination or harassment in employment, education, housing, public accommodations, public services, and telecommunications.

The University will interpret and apply this policy of prohibited discrimination and harassment in a manner that is consistent with relevant constitutions, statutes, regulations, and guidelines of the United States and the State of Michigan.

B. Additional University Standards

1. The Protocol is intended to protect members of the University Community from unlawful discrimination and harassment, not to regulate the content of speech. It is not a violation of this Protocol to express ideas, words, gestures, or pictorials that constitute a comment upon matters of public concern, are an expression of art or culture, or are part of an exchange of ideas, ideology, or philosophy. Furthermore, this Protocol does not regulate verbal expressions or written materials that are relevant and appropriately related to course subject matter or curriculum.
2. To the extent not already prohibited by the laws and regulations of the United States or the State of Michigan, and subject to the limitations contained in: (a) the Nondiscrimination Policy amended by the Board of Trustees on July 16, 2009; or (b) Article II.B.1 of this document.; the following conduct constitutes a violation of the Protocol and is prohibited:
  - a. Discrimination and harassment on the basis of actual or perceived sexual orientation, gender identity, or gender expression in employment, education, housing, programs, activities, and services. University faculty and staff are prohibited from inquiring about an individual's sexual orientation, gender identity, or gender expression, unless such inquiry serves a compelling interest of the University and is related to a bona fide occupational qualification.
  - b. Discrimination or harassment on the basis of political persuasion in employment, education, housing, programs, activities, and services.
  - c. Unwelcome conduct or communication by a University Community member in that individual's role as a University Community member that is based upon, real or perceived, age, color, disability, familial status, gender, gender identity, gender expression, genetic information, height, marital status, national origin, political persuasion, race, religion, sex, sexual orientation, veteran status, or weight when:

Such conduct or communication has the effect of creating an intimidating environment injurious to the education, employment, housing, or participation in University activities of an individual.

The University recognizes that a particular expression as perceived by some members of the University Community, standing alone, is not a legally sufficient basis to establish a violation of Article II.B.2.c.

- d. Threats or abusive statements made by a member of the University Community in that individual's role as a member of the University Community directed toward another individual based upon that other individual's actual or perceived age, color, disability, familial status, gender, gender identity, gender expression, genetic information, height, marital status, national origin, political persuasion, race, religion, sex, sexual orientation, veteran status, or weight.
  - e. Conduct by a member of the University Community which maliciously and with specific intent to intimidate or harass another person because of that person's age, color, disability, familial status, gender, gender identity, gender expression, genetic information, height, marital status, national origin, political persuasion, race, religion, sex, sexual orientation, veteran status, or weight and which:
    - (1) Makes physical contact with another person; or
    - (2) Damages or defaces any property of another person; or
    - (3) Threatens by word or act to do one of the above if there is a reasonable cause to believe that such an act will occur.
  - f. Retaliation of any nature taken by anyone in the University Community against another member of the University Community as a result of his or her seeking redress under the Protocol, cooperating in an investigation, or otherwise participating in proceedings brought under the Protocol. Retaliation will be considered a separate violation of this Protocol.
3. The University is authorized to direct in writing that an individual, while in that individual's role as a member of the University Community, discontinue behavior which, if continued or accumulated, would constitute illegal discrimination or harassment under the civil rights laws of the United States, State of Michigan, and/or this Protocol.
4. Members of the University Community are reminded that threats, abusive or contemptuous statements, conduct, or behavior, even if not

prohibited by this Protocol, may violate other University regulations or cause an employee to be subject to discipline.

C. Applicable Laws: Nondiscrimination

Central Michigan University as an equal opportunity and affirmative action institution complies with federal and state laws prohibiting discrimination.

D. Applicable Laws: Affirmative Action

In addition to the legal requirements for non-discrimination, some federal statutes and regulations require CMU to undertake affirmative action, a term used to include a number of different measures taken to overcome the effects of past discrimination. The following are the major sources of the mandate for affirmative action:

- Executive Order 11246, as amended.
- The Rehabilitation Act Amendment of 1973, Sec. 503.
- The Veterans Readjustment Assistance Act of 1974, as amended.
- The Veterans Assistance Act of 1972.

Executive Order 11246, as amended, requires certain federal contractors to develop an affirmative action program, "a set of specific and result-oriented procedures to which a contractor commits itself to apply every good faith effort." The objective of this program is equal employment opportunity. Contractors are required (among other things) (1) to undertake an analysis of areas of its own workforce to locate any deficiencies in the utilization of specified minority groups and women (the "protected classes"), and (2) to set goals to which the contractor's good faith effort must be directed. The purpose of these efforts is to achieve "prompt and full utilization of minorities and women, at all levels and in all segments of its workforce where deficiencies exist." (41 CFR 60-2.10). CMU's Affirmative Action Plan is in accordance with these regulations. The contents of that Plan change annually. The current version shall be deemed part of this Protocol and is available in the Office of Civil Rights and Institutional Equity (OCRIE) and other campus locations.

The University also maintains an affirmative action program for individuals with disabilities and qualified protected veterans. This program is described in the document, Affirmative Action Program of Central Michigan University for Individuals with Disabilities and Qualified Protected Veterans, which shall also be deemed part of this Protocol and is available in OCRIE.

## ARTICLE III

### EXECUTIVE RESPONSIBILITY AND IMPLEMENTATION

#### A. Affirmative Action Officer and/or designee

For the purpose of coordinating and implementing the University's equal opportunity and affirmative action programs, including those programs set forth in this Protocol, the University has created the Office of Civil Rights and Institutional Equity administered by the Department Director, who serves as the University's Affirmative Action Officer. The Director/Affirmative Action Officer reports directly to the President's Office. The Director/Affirmative Action Officer shall:

1. Advocate for the University's equal opportunity and affirmative action objectives; including the publication of this Protocol to the University Community.
2. Exercise general management of the University's equal opportunity and affirmative action programs.
3. Work closely with campus administrative officers to assure compliance by all University divisions with the applicable federal and state laws, regulations, and guidelines, and the University policies regarding equal opportunity and affirmative action.
4. Be designated as the director of equal opportunity programs for purposes of Executive Order 11246, as amended, with the related appropriate authority and supervise the preparation and implementation of the University's Affirmative Action Plan.
5. Supervise the maintenance of reports and records required by federal and state regulations.
6. Thoroughly and fairly investigate and attempt to resolve complaints from University Community members concerning alleged violations of this Protocol by the University, any office or unit of the University, or any other member of the University Community.
7. Assist with investigations carried out by (or conduct joint investigations with) personnel offices when issues related to the Affirmative Action Officer's responsibilities are involved; consult with the administrative head of the appropriate personnel office or the Dean of Students, or designees, concerning appropriate discipline in cases involving issues related to the Affirmative Action Officer's responsibilities.
8. Identify and coordinate programs of information and training designed to promote equal opportunity and affirmative action.
9. Continually review University policies and procedures and recommend changes to the President as necessary to ensure that their effect is nondiscriminatory and in compliance with the equal opportunity and affirmative action commitments of the University.

10. Monitor the good-faith efforts of units toward achieving affirmative action goals, including the review of employment and recruitment practices and procedures to assure compliance with federal and state law and University policies.
11. Establish and coordinate the implementation of appropriate equal opportunity and affirmative action search procedures for the recruitment and hiring of faculty and staff.
12. Provide written approval of all vacancy announcements for senior officer searches. The Affirmative Action Officer will, at a minimum, approve (1) vacancy announcements and their placements, (2) the designation of the final pool of candidates to be interviewed, and (3) the final selection pursuant to the Senior Officer Search and Selection Procedures/Guidelines. The Affirmative Action Officer may review other aspects of the University's recruitment and selection processes at any time. The purpose of these reviews is to insure good-faith compliance with applicable laws, regulations, and policies, taking into consideration any existing goals related to the position to be filled. If the necessary approvals of the Affirmative Action Officer are not properly obtained in a senior officer search, recruitment and selection processes may continue only with the President's approval.
13. Authorize any exceptions or waivers of normal equal opportunity or affirmative action processes when deemed necessary.
14. Consult with Faculty and Staff Equal Opportunity Officers (see Article III.B., below) to coordinate the implementation of equal opportunity and affirmative action policies in the hiring of employees.
15. Serve as the liaison between the University and government agencies, advocacy groups, and others regarding the University's equal opportunity and affirmative action programs, policies, and commitments, except that the Affirmative Action Officer shall assist University Counsel with this communication in those settings where litigation is pending or threatened.
16. Coordinate the dissemination of information regarding the University's equal opportunity and affirmative action policies to all applicants, employees, and students of the University.
17. Fulfill such other responsibilities as may be necessary and appropriate from time to time to coordinate and implement the University's equal opportunity and affirmative action programs.

**B. Faculty and Staff Equal Opportunity Officers**

Certain affirmative action and equal opportunity responsibilities related to employee groups other than senior officers shall be carried out by staff members of the Faculty Personnel Services and Human Resources Departments who have primary responsibility for the hiring process and will be designated as Faculty or Staff Equal Opportunity Officers. The Faculty and Staff Equal

Opportunity Officers will conduct their responsibilities in accord with the provisions of this Protocol.

The Faculty and Staff Equal Opportunity Officers shall support OCRIE by:

1. Monitoring all employment operations, activities and procedures to certify compliance with the University's equal employment and affirmative action opportunity policies and commitments.
2. Reviewing the recruitment process and documentation and giving approval in all searches other than those for senior officers. The Staff Equal Employment Officer will, at a minimum, approve staff (1) vacancy announcements and their recruitment placements, (2) the pool of candidates to be interviewed, and (3) the final selection. The Faculty Equal Employment Officer will, at a minimum, approve faculty (1) vacancy announcements and recruitment placements, (2) the pool of candidates to be interviewed, and (3) the final selection. Both the Faculty and Staff Equal Employment Officers may review other aspects of the recruitment process at any time. The purpose of these reviews is to insure good-faith compliance with applicable laws, regulations, and policies, taking into consideration any existing goals related to the position to be filled. If the necessary approvals are not properly obtained, recruitment and selection processes may continue only with the President's approval, in conjunction with the Affirmative Action Officer.
3. Serving as an assistant and resource to OCRIE on all equal opportunity and affirmative action matters relating to faculty and staff employment including employment policies, practices, and obligations of the University.
4. Providing technical and research assistance to OCRIE and assisting in conducting studies such as utilization studies of University employee groups and periodic salary equity studies related to nondiscrimination policies and assisting in monitoring the goals of the Affirmative Action Plan for University employees.
5. Assisting in providing training for employees on equal opportunity and affirmative action topics.
6. Advising and assisting offices in interpreting equal opportunity and affirmative action requirements; to include making this Protocol accessible to members of the University Community.
7. Referring instances of alleged discriminatory employment practices or procedures, or violations of the University's equal opportunity and affirmative action policies and guidelines to OCRIE and recommending appropriate actions.

## C. Administrative Officers

1. The President, as chief executive officer of the University, is ultimately responsible for achieving the University's equal opportunity and affirmative action goals. However, implementation of a successful equal opportunity and affirmative action program also depends heavily on all individuals who are involved with employment decisions and/or recommendations or who address student needs at the University. The following individuals have a specific responsibility to encourage and oversee the implementation of the equal opportunity and affirmative action program: Executive Vice President/Provost, Vice Presidents/Provosts, Assistant/Associate Vice Presidents/Provosts, Deans, Directors, Department Chairpersons, and all other employees who have supervisory authority and therefore the capacity to impact equal opportunity and affirmative action measures.
2. The following regulation has been adopted by the Federal Government and applies to the University:

"Supervisors should be made to understand that their work performance is being evaluated on the basis of their equal employment opportunity efforts and results, as well as other criteria." 41 CFR 60-2.22
3. Supervisors, to the extent permitted by their respective employment contracts and/or collective bargaining agreements, have the following responsibilities:
  - a. To promote a work and/or educational environment free from conduct which violates this Protocol.
  - b. To help achieve a unit's equal employment and affirmative action objectives.
  - c. To recruit individuals from all reasonably available sources so that the University may meet its equal opportunity and affirmative action objectives.
  - d. To hire and promote qualified individuals, without regard to the individual's age, color, disability, familial status, gender, gender identity, gender expression, genetic information, height, marital status, national origin, political persuasion, race, religion, sex, sexual orientation, veteran status, or weight.
  - e. To disseminate information to a unit's employees about applicable civil rights laws and regulations as well as the University's equal opportunity and affirmative action objectives, including where to access this Protocol and the Complaint Procedures contained therein.
  - f. To coordinate the review and analysis of the unit's employment practices and procedures in order to prevent policy violations and to assure consistency with the University's equal opportunity and affirmative action objectives.

- g. To assist in the maintenance of sufficient records to monitor compliance with equal opportunity and affirmative action objectives.

#### **ARTICLE IV COMPLAINT PROCEDURES**

##### **A. Purpose**

1. These Complaint Procedures are established to encourage all members of the University Community to seek redress for prohibited discrimination and harassment, as identified in Article II of this Protocol.
2. Accordingly, these Complaint Procedures:
  - a. Establish procedures to eliminate prohibited discrimination within the University.
  - b. Establish that the Affirmative Action Officer is the University official charged with the implementation of these Complaint Procedures.
  - c. Establish that OCRIE is the primary location to which members of the University Community are encouraged to report allegations and concerns of discrimination and harassment, as prohibited by Article II of this Protocol.
  - d. Establish a mediation and investigation vehicle within the campus community to receive and resolve complaints of alleged prohibited discrimination and harassment, as prohibited by Article II of this Protocol.
  - e. Require all supervisors to assure that these Complaint Procedures are made accessible to members of the University Community.

##### **B. Coverage and Application**

1. Any member of the University Community who believes that he or she has been discriminated against or harassed in ways prohibited by Article II of this Protocol by the action of another member of the University Community or by a University policy, procedure or regulation may file a complaint under the University's Complaint Procedures, except as set forth in this Article IV.B.
2. The provisions of these Complaint Procedures do not apply to:
  - a. Any complaint which is not related to conduct prohibited by this Protocol.
  - b. Matters relating to judgments concerning grades, matriculation and academic discipline or performance. (These matters are

- subject to separate University or college complaint procedures.)
- c. Matters concerning the general administration of this Protocol.
3. A University employee who files a complaint with OCRIE involving the same matters as those involved in a complaint or procedure initiated at any time by that employee under the terms of:

- a collective bargaining agreement with the University;
- the Procedures for Handling Questions of Professional Concern Involving One or More Members of the Teaching Faculty; or
- the Professional Administrative Handbook

(Herein "Alternative Employee Procedure"), is not entitled to proceed under these Complaint Procedures if the employee is proceeding under the Alternative Employee Procedure. (OCRIE does not have the right to terminate the Alternative Employee Procedure or the consideration of any issue(s) brought through the Alternative Employee Procedure.) Within fourteen (14) calendar days after receipt of knowledge that an employee is proceeding under both these Complaint Procedures and the Alternative Employee Procedure (in a factual setting in which the Alternative Employee Procedure permits a resolution of the claims raised under these Complaint Procedures), OCRIE, after consultation with the appropriate personnel office, shall decide whether to consider the claims of a violation of this Protocol under these Complaint Procedures. (A factor to be considered by OCRIE in making this decision is whether the substance of the alleged violation of this Protocol will be addressed in the Alternative Employee Procedure.) Relevant parties shall be provided written notice of this decision. OCRIE is entitled to participate in a joint investigation with the appropriate personnel office and that office is entitled to participate in a joint investigation with OCRIE.

4. A student who files a complaint with OCRIE involving the same matters as those involved in another University procedure initiated at any time by that student with another University office (herein "Alternative Student Procedure") is not entitled to proceed under these Complaint Procedures if the student is proceeding under the Alternative Student Procedure. (OCRIE does not have the right to terminate the Alternative Student Procedure or the consideration of any issue(s) brought through the Alternative Student Procedure.) Within fourteen (14) calendar days after receipt of knowledge that a student is proceeding under both these Complaint Procedures and an Alternative Student Procedure (in a factual setting in which the Alternative Student Procedure permits a resolution of the claims raised under these Complaint Procedures), OCRIE, after consultation with the University office in charge of the Alternative Student Procedure, shall decide

whether to consider the claims of a violation of the Protocol under these Complaint Procedures. (A factor to be considered by OCRIE in making this decision is whether the substance of the alleged violation of the Protocol will be addressed in the Alternative Student Procedure.) Relevant parties shall be provided written notice of this decision. OCRIE is entitled to participate in a joint investigation with the University office in charge of the Alternative Student Procedure and that office is entitled to participate in a joint investigation with OCRIE.

5. In order for a complaint to be considered under these Complaint Procedures, the complaint must be submitted to OCRIE within ninety (90) calendar days of the occurrence of the alleged act(s) of discrimination or, if it is later, within ninety (90) calendar days of the date the alleged acts of discrimination became known or should have become known to the complainant(s). For good cause shown, OCRIE may extend this time limit.
6. In cases where the coverage or application of these Complaint Procedures is in dispute, the President, or designee, will make the final judgment as to whether or not a particular matter is subject to coverage or application by these Complaint Procedures.
7. The President may postpone these Complaint Procedures for any reason that in his or her judgment is warranted by administrative considerations. Notification of postponement of the proceedings under these conditions shall be made in writing to the complainant(s), the respondent(s), OCRIE, and other relevant parties.
8. If a person files a complaint against the Affirmative Action Officer or an employee of OCRIE alleging that he or she has discriminated against the Complainant(s) in ways prohibited by Article II of the Protocol, the University's General Counsel, or designee, will perform the complaint resolution duties of OCRIE.

### **C. General Principles**

1. The University will give special scrutiny to situations where a charge of discrimination or harassment is made in which freedom of choice is impaired because one person has the authority to make decisions or affect recommendations which may have an impact over the employment, education, housing, programs, activities, or services of the person complaining.
2. OCRIE shall advise each complainant(s) of his or her right to file a complaint with appropriate federal and state agencies. A list of the most commonly contacted agencies (with relevant contact information) is attached to the Protocol and will be updated as necessary by OCRIE.
3. Violations of this Protocol must be established to the satisfaction and in the sole judgment of OCRIE, by a preponderance of the evidence; i.e., it

is more likely that a violation did occur than that a violation did not occur.

4. The confidentiality of information provided to OCRIE will be accorded the utmost respect. However, information received by OCRIE may be disclosed by OCRIE in the following situations:
  - a. To the extent provided by this Protocol (e.g., Article IV.D.3.c.).
  - b. To the extent necessary (1) to eliminate discriminatory conduct; or (2) to complete an investigation under these Complaint Procedures, an Alternative Employee Procedure, or an Alternative Student Procedure; or (3) to complete any resulting disciplinary proceeding.
  - c. To the extent required by law, including the Michigan Freedom of Information Act, the Michigan Bullard-Plawecki Employee Right to Know Act, or the Federal Educational Rights and Privacy Act, or pursuant to a subpoena, an order to respond to any inquiry or complaint from or filed with any government entity (e.g., the Michigan Employment Relations Commission or the Michigan Department of Civil Rights), or an order of any court or administrative agency.

#### **D. Procedure**

1. Pre-Complaint Efforts at Resolution
  - a. A member of the University Community may discuss that individual's concerns directly with the person engaging in the conduct or communication which is alleged to violate Article II of this Protocol.
  - b. The University also encourages a University employee who believes that he or she has been discriminated against or harassed in ways prohibited by Article II of this Protocol to discuss the concern with his or her supervisor or the supervisor of the area where the discrimination or harassment is alleged to have taken place. Similarly, the University encourages a student to discuss his or her concern with the appropriate authority of the relevant area, such as the Department Chair or Residence Hall Director.
  - c. Any member of the University Community may confer informally with OCRIE about conduct that might be a violation of this Protocol. Even if an individual determines not to file a complaint, OCRIE may conclude that it is necessary to investigate allegations brought forth informally.
2. Inquiry Stage
  - a. A member of the University Community may, at any time, file a complaint with OCRIE alleging that he or she has been discriminated against or harassed in a way prohibited by Article

- II of this Protocol. This complaint may be given verbally or in writing. The complainant(s) will be requested to file a written complaint.
- b. The President, a Vice President, a Dean, or the administrative head of either personnel office may file a complaint with OCRIE asking OCRIE to investigate certain conduct within the University Community that that individual believes may be violating the provisions of this Protocol. This complaint must be given in writing.
  - c. OCRIE may on its own initiative undertake an inquiry of certain conduct within the University Community that OCRIE believes may be violating the provisions of this Protocol. OCRIE shall notify the University's General Counsel in writing of the commencement of such an inquiry.
  - d. When a complaint has been received, OCRIE will interview the complainant(s). The interview(s) shall be conducted in private unless OCRIE and the complainant(s) agree otherwise. After the interview(s) with the complainant(s) OCRIE will request that a written summary of the complaint be constructed by the complainant(s).
  - e. At the Inquiry Stage, OCRIE will comply with complaint notification requirements contained in applicable collective bargaining agreements and/or University policies, including any obligation to notify Faculty Personnel Services of a complaint filed against a bargaining unit member.
  - f. OCRIE will have sixty (60) calendar days after the filing of a written complaint to evaluate the complaint and to attempt to resolve the complaint. If the complaint is not resolved or otherwise concluded during this sixty (60) calendar day period, the Inquiry Stage may be extended as set forth in Article IV.D.2.1 or an Investigation may be commenced as set forth in Article IV.D.3. If the complaint alleges discrimination or harassment resulting from a University policy, procedure or regulation, OCRIE shall follow the procedures set forth in Article IV.D.4.
  - g. At any point during the Inquiry Stage OCRIE may (1) refer the complaint and information received to another department because the matter will be more appropriately addressed by another department at the University or (2) direct that the Investigation Stage procedures be used. If OCRIE refers the complaint to another department, a copy of this decision may also be provided to the administrative head of the appropriate personnel office or to the Director of the Office of Student Life, if one of those individuals has been notified of the complaint.
  - h. At any point during the Inquiry Stage OCRIE may conclude that no violation of the Protocol has taken place. OCRIE shall notify

the complainant(s) and the respondent(s), if the respondent(s) has been notified of the complaint, of this decision. In addition, notice of this decision may be provided to the administrative head of the appropriate personnel office or to the Director of the Office of Student Life, if one of those individuals has been notified of the complaint.

- i. During this Inquiry Stage OCRIE may review the substance of the complaint with the respondent(s) and may interview the respondent(s) and/or other individuals as OCRIE may deem appropriate. Each interview shall be conducted in private unless OCRIE determines otherwise or unless required by an applicable collective bargaining agreement. OCRIE may review the physical evidence that OCRIE deems appropriate.
- j. If the respondent(s) is an employee of the University, OCRIE may discuss the complaint and any possible resolution with the administrative head, or designee, of the appropriate personnel office. If the respondent(s) is a student, OCRIE may discuss the complaint and any possible resolution with the Director, or designee, of the Office of Student Life.
- k. OCRIE, complainant(s) and respondent(s) may agree to a resolution (herein "Consent Resolution") of a complaint during the Inquiry Stage. The Consent Resolution shall be placed in writing and, if appropriate, signed by OCRIE, the complainant(s) and the respondent(s). This Consent Resolution may include a statement that a violation of this Protocol has taken place, that a violation of this Protocol has not taken place, or that there is insufficient evidence to conclude that a violation of this Protocol has taken place. At the Inquiry Stage, this Consent Resolution may include remedial action but not discipline or a change in working conditions covered by an applicable collective bargaining agreement or employment agreement. However, at the Inquiry Stage, a Consent Resolution closing a complaint filed with OCRIE does not preclude discipline or a change in working conditions sought by other CMU departments, colleges, or administrators, where conduct of a party also violates or fails to conform with policies or performance requirements other than those contained in this Protocol. In this regard, any discipline sought should only be taken in accordance with an applicable collective bargaining or employment agreements.
- l. If at any point during the Inquiry Stage a complainant(s) files a complaint under an Alternative Employee Procedure or Alternative Student Procedure, the provisions of Article IV.B.3 and 4 apply.
- m. The Inquiry Stage may be extended beyond the initial sixty (60) calendar day period, at the discretion of OCRIE, where good

cause is shown for further review. Each written extension shall state the reason good cause necessitates further review and be distributed to the complainant(s), and the respondent(s), if the respondent(s) has been notified of the complaint, and must specify the estimated date the Inquiry Stage will terminate.

3. Investigation Stage

- a. If the complaint is not resolved at the Inquiry Stage, the Investigation Stage will commence at the conclusion of the Inquiry time period, including any applicable extensions, or at the time that OCRIE, deems that the Investigation Stage shall begin.
- b. If the complainant(s) has not completed the preparation of the written complaint as requested by Article IV.D.2.d, that shall be completed at this time.
- c. The investigatory process conducted under this Protocol is at the discretion of the Director of the Office of Civil Rights and Institutional Equity. As a general guideline however, it may be expected that within twenty-one (21) calendar days after the Investigation Stage begins, OCRIE shall send written notice that a complaint has been received to the respondent(s). In addition, if the respondent(s) is an employee of the University, a copy of the written notice may be provided to the Vice-President for the respondent's division, the administrative head of the appropriate personnel office and other appropriate persons. If the respondent(s) is a senior officer or an employee in the President's Division, a copy of the written notice may be sent to the President. If the respondent is the President, a copy of the written notice may be sent to the Chair of the Board of Trustees. If the respondent(s) is a student, a copy of the written notice may be sent to the Office of Student Life and other appropriate persons. This notice shall indicate that an investigation under the provisions of this Protocol has commenced, identify the general substantive nature of the investigation, and include a request to meet with the respondent(s).
- d. If the respondent(s) is an employee of the University, OCRIE may discuss with the administrative head of the appropriate personnel office, or designee, the appropriateness of conducting a joint investigation. OCRIE is entitled to participate in a joint investigation with the personnel offices and the personnel offices are entitled to participate in a joint investigation with OCRIE.
- e. If the respondent(s) is a student, OCRIE may discuss with the Director of the Office of Student Life, or designee, the

appropriateness of conducting a joint investigation. OCRIE is entitled to participate in a joint investigation with the Office of Student Life or the office in charge of the Alternative Student Procedure, and these offices are entitled to participate in a joint investigation with OCRIE.

- f. If not done during the Inquiry Stage, OCRIE shall review the substance of the complaint with the respondent(s) and interview the respondent(s), consistent with the provisions of any applicable collective bargaining agreements. The respondent(s) will be requested to file a written response but will not be required to do so.
- g. During the Investigation Stage OCRIE may review physical evidence and may interview those individuals that OCRIE deem appropriate. OCRIE may, but is not required to, interview individuals whose names are provided by the complainant(s) or the respondent(s). Each interview shall be conducted in private unless OCRIE determines otherwise.
- h. If the Investigation Stage is not completed within sixty (60) calendar days, OCRIE will notify the complainant(s) and respondent(s) of the reasons for the delay and give an estimated date for completing the investigation.
- i. At any point during the Investigation Stage, OCRIE, the complainant(s) and the respondent(s) may agree to a Consent Resolution. The Consent Resolution must be placed in writing and signed by OCRIE, complainant(s) and respondent(s). If agreed upon by all parties, this Consent Resolution may include a statement that a violation of this Protocol has taken place, that a violation of this Protocol has not taken place, or that there is insufficient evidence to conclude that a violation of this Protocol has taken place. If the Consent Resolution includes the discipline of an employee or a change in working conditions covered by an applicable collective bargaining agreement or employment agreement, the appropriate supervisor and personnel office must agree in writing; if the Consent Resolution includes the discipline of a student, the Office of Student Life must agree in writing.
- j. Unless the complaint is otherwise resolved, when OCRIE has completed the investigation, OCRIE shall prepare a written report which will include: (1) findings of fact; (2) recommendations; and (3) conclusions. A copy of this report shall be provided to the complainant(s) and the respondent(s) and may be provided to all other persons initially notified of the complaint. Immediately thereafter, all interview notes will be destroyed as relevant information from these notes will have been incorporated into the report. k. After the investigation, if OCRIE (with respect to some portion or all of the complaint)

has concluded that a violation of the Protocol has not taken place or that there is insufficient evidence to conclude that a violation of this Protocol has taken place, that portion of the complaint shall be dismissed. Notice of the dismissal of the complaint shall be reported in writing to the complainant(s) and the respondent(s), and may be reported to all other persons initially notified of the complaint.

- i. After the investigation, if OCRIE has concluded that a violation of this Protocol has taken place, OCRIE shall report this conclusion in writing to the complainant(s), the respondent(s), and appropriate supervisory or disciplinary offices as necessary. All other persons initially notified of the complaint may also be notified.
- m. If OCRIE has concluded that a violation of this Protocol has taken place and if the respondent(s) is an employee of the University, the respondent(s) may be subject to sanction pursuant to an applicable collective bargaining agreement, employment contract or University procedures. The appropriate personnel office shall consult with OCRIE as to an appropriate sanction.
- n. If OCRIE has concluded that a violation of this Protocol has taken place and if the respondent(s) is a student, the respondent(s) may be subject to sanction by the Office of Student Life pursuant to the Code of Student Conduct. The Office of Student Life shall consult with OCRIE as to an appropriate sanction.

4. Complaint Against a University Policy, Procedure or Regulation

There is the possibility that a member of the University Community may be discriminated against as a result of a University Policy, procedure or regulation. If OCRIE determines, during the Inquiry Stage or Investigation Stage, that the complaint alleges discrimination resulting from a University policy, procedure or regulation (see exception in Article IV.B.2.c.), the following procedures shall apply:

- a. OCRIE shall send written notification of the complaint to the complainant(s), the appropriate Vice President, the University's General Counsel and other appropriate persons. This notification shall indicate that an investigation under the provisions of this Protocol has commenced, identify the general substantive nature of the complaint, and include a request to meet with the appropriate University officials.
- b. OCRIE may review physical evidence and may interview those individuals that OCRIE deem appropriate. OCRIE may, but is not required to, interview individuals whose names are provided by the complainant(s) or the Vice President. Each interview

shall be conducted in private unless OCRIE determines otherwise.

- c. If this review process is not completed within sixty (60) calendar days, OCRIE will notify the complainant(s) and the Vice President of the reasons for delay and give an estimated date for completing the review process.
- d. At any point OCRIE, the complainant(s), and the Vice President may agree to a Consent Resolution. The Consent Resolution must be placed in writing and signed by OCRIE, the complainant(s), and the appropriate Vice President.
- e. Unless the complaint is otherwise resolved, when OCRIE has completed this review process, OCRIE shall prepare a written report which will include: (1) findings of fact; (2) recommendations; and (3) conclusions. A copy of this report shall be provided to the complainant(s), respondent(s), and all parties deemed appropriate by OCRIE.
- f. After the review process has been completed, if OCRIE (with respect to some portion or all of the complaint) concludes that a violation of the Protocol has not taken place or that there is insufficient evidence to conclude that a violation of the Protocol has taken place, that portion of the complaint shall be dismissed. Notice of the dismissal of the complaint shall be reported in writing to the complainant(s), respondent(s), and all parties deemed appropriate by OCRIE.
- g. After the review process has been completed, if OCRIE concludes that a University policy, procedure or regulation has been the cause of a violation of this Protocol, OCRIE will report this conclusion in writing to the complainant(s), the President, and all parties deemed appropriate by OCRIE.

## 5. Appeal Procedure

- a. The employees within OCRIE have experience in conducting investigations of complaints related to discrimination based on protected characteristics and expertise in the application of federal and state discrimination laws to factual conclusions based on their investigations of complaints. The written reports prepared by OCRIE following an investigation will generally include findings of facts, recommendations, and conclusions. A complainant or a respondent may appeal a final determination by OCRIE under only the following conditions:
  - (1) An appeal may be based upon the discovery of new information or evidence that would have a material bearing on the final determination made by OCRIE, provided, however, that the person appealing first

establishes by a preponderance of evidence that such information or evidence was unavailable at the time the determination was made by OCRIE.

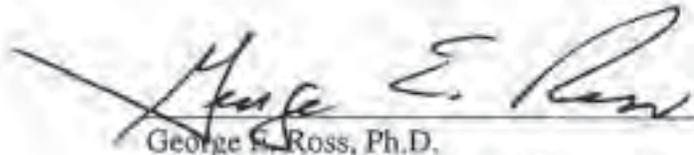

- (2) An appeal may be based upon a claim that the OCRIE investigator was personally biased in the investigation, and the determination was improperly influenced based on such personal bias, provided, however, that the person appealing must first establish by a preponderance of evidence that they raised the issue of personal bias during the course of the investigation (if the person knew or should have known of the alleged personal bias) and the investigator failed to fairly address the alleged personal bias in (or before) their written determination; or that the findings of fact, recommendations, or conclusions demonstrate an improper bias.
- b. An appeal may not be based on a conclusion of OCRIE that a complaint should be dismissed because the conduct or communication complained of is protected by the First Amendment of the United States Constitution.
- c. The appeal must be made in writing to the President, directed to the Executive Assistant to the President, and delivered to the office of the President in 106 Warriner Hall within seven (7) calendar days of receipt of the notice of the conclusion reached by OCRIE which is being appealed.
- d. The written appeal must state in detail the reason(s) for the appeal.
- e. No disciplinary or other action based on the findings and conclusions of the OCRIE shall be taken against the respondent during the appeal process, although temporary measures may be instituted.
- f. The appeal shall be conducted by a committee (herein "Appeal Committee"). The Appeal Committee shall:
  - (1) Be composed of three members.
  - (2) Be appointed by the President with one appointed as chair.
  - (3) The Executive Assistant to the President will provide notice of the names of the Appeal Committee members to the complainant(s) and the respondent(s).
- g. Within five (5) calendar days after receipt of the names of the members of the Appeal Committee, both the complainant(s) and the respondent(s) may submit written objections to the President to the appointment of any of the Appeal Committee member(s) on the basis of that member's inability to act impartially. The written objection must describe specifically why the member cannot act impartially. If the President determines that a

committee member cannot act impartially, then an alternate appointment shall be made. Following an appeal and review, the President's decision regarding committee appointments is final. The committee shall be appointed in a timely manner considering all relevant circumstances.

- h. The Appeal Committee will request a written explanation of the following from the appealing party: (1) the reason for the appeal under Section 5.a.(1) or (2); and, (2) all information or evidence that supports the basis for the appeal. After receiving the written appeal as described above, the Appeal Committee shall share the written appeal with the OCRIE. The OCRIE may provide a written response. If the appeal is based upon the discovery of new information or evidence that would have a material bearing on the final determination made by OCRIE, OCRIE may determine that it will re-consider its written report, and, in such case, it shall notify the Appeal Committee and the parties. OCRIE shall proceed with its re-investigation as if it had received a new complaint under this Protocol, and the appeal shall be placed in abeyance pending the re-investigation by OCRIE.
- i. The Appeal Committee will determine if the reasons for the appeal are supported by a preponderance of the evidence, i.e., that it is more likely than not that the basis for the appeal is supported (rather than refuted) by the information and evidence.
- j. The Appeal Committee's deliberation shall be closed to all persons other than the Appeal Committee members.
- k. The appeal shall be conducted and completed in an expeditious manner. A decision will be made by a majority vote; no abstentions permitted, and shall be placed in writing and delivered to the President.
- l. The decision of the Appeal Committee shall be one of the following: (1) a recommendation to the President to have the OCRIE consider new information or evidence (and a description of the new information or evidence); or (2) a recommendation to have the investigation reviewed by a third party outside OCRIE because of personal bias demonstrated by OCRIE (with the information or evidence supporting the basis for such recommendation); or, (3) a recommendation to affirm the decision made by the OCRIE.
- m. The President, or designee, shall send the decision of the Appeal Committee to the complainant(s), the respondent(s), the OCRIE, and all parties deemed necessary by the President. If the President concurs with the Appeals Committee's recommendations, the President may do one (or more) of the following: (1) accept the recommendation to have the OCRIE

consider new information or evidence and re-investigate the complaint, as appropriate; or (2) accept the recommendation to have the investigation reviewed by a third party outside OCRIE because of personal bias demonstrated by OCRIE; or, (3) affirm the decision made by OCRIE.

The Central Michigan University Equal Opportunity and Affirmative Action Protocol was adopted effective November 8, 1999, and revised on December 5, 2007, and on September 20<sup>th</sup> 2011.

A handwritten signature in black ink, reading "George E. Ross". The signature is written in a cursive style with a large, sweeping initial "G".

Board Policy  Administrative Policy  Procedure  Guideline

---

#### **BACKGROUND:**

Central Michigan University is committed to equal educational and employment opportunity and to the elimination of all forms of prohibited discrimination. Furthermore, CMU is committed to maintaining respectful, safe, and non-threatening educational, working, and living environments. As such, CMU is firmly devoted to maintaining its longstanding commitment to a campus environment free from Sexual Misconduct, including sexual harassment and sexual assault.

#### **PURPOSE:**

CMU strives to eradicate Sexual Misconduct through primary prevention and on-going awareness programs, education, training, clear policies, and serious consequences for acts of Sexual Misconduct. Sexual Misconduct will not be tolerated by CMU and is expressly prohibited.

This Policy provides information regarding how CMU will proceed once it becomes aware of allegations of Sexual Misconduct in order to prevent the recurrence of Sexual Misconduct, remedy its effects, promote safety, and deter individuals from similar future behavior.

#### **DEFINITIONS:**

**Campus** means CMU-owned or CMU-leased property, streets, and pathways contiguous to University property, or in the immediate vicinity of, CMU property. It also includes the property, facilities, and leased premises of organizations recognized by CMU, including CMU Housing and CMU-Recognized Housing.

**Clery Act** means the federal Jeanne Clery Disclosures of Campus Security Policy and Campus Crime Statistics Act.

**CMU** means Central Michigan University.

**CMU Housing** means housing owned or operated by CMU, such as residence halls and apartments.

**CMUPD** means the Central Michigan University Police Department.

**CMU-Recognized Housing** means housing not owned by CMU but where recognized student organizations dwell, including recognized fraternity and sorority chapter dwellings.

Authority: George E. Ross, President

History: New Policy

Indexed as: Sexual Misconduct; Sexual Assault; Title IX; Sexual Harassment; Dating Violence; Discrimination; Domestic Violence; Stalking

Title/Subject: **Sexual Misconduct Policy**

---

**Complainant** means a person allegedly subjected to either Sexual Misconduct or Retaliation in violation of this Policy.

**Complaint** means a brief written statement of facts sufficient to put a reasonable person on notice of an alleged violation of this Policy.

**Confidential Resources** means those people or entities that are not required, either by law or by policy, to report an allegation of Sexual Misconduct to the Title IX Coordinator and that also provide confidential counseling and support services to people impacted by alleged acts of Sexual Misconduct, whether or not that person chooses to file a Complaint, file criminal charges, or otherwise participate in any processes referenced in this Policy or its Procedures.

**Consent** means a voluntary and affirmative mutually understandable communication of willingness to participate in particular sexual activity or behavior, expressed either by words or clear, unambiguous action. Additional information regarding consent can be found in section II of this Policy.

**Dating Violence** means violence by a person who has been in a romantic or intimate relationship with the Complainant. Whether there was such relationship will be gauged by the length, type, and frequency of interaction.

**Determination** means a written report prepared at the end of an investigation into an alleged violation of this Policy that includes a conclusion as to whether or not a violation of this Policy occurred and the rationale for the conclusion.

**Domestic Violence or Intimate Partner Violence** means a felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner of the Complainant, by a person with whom the Complainant shares a child in common, by a person who is cohabitating with or has cohabitated with the Complainant as a spouse, by a person similarly situated to a spouse of the Complainant under the domestic or family violence laws of the applicable jurisdiction, or by any other person against a Complainant who is protected from that person's acts under the domestic or family violence laws of the applicable jurisdiction.

**Impact Statement** means a brief written statement prepared after the Determination by either a Complainant or a Respondent regarding how the violation of this Policy has affected that person and that is used to assist in determining appropriate sanctions, interventions, or accommodations.

**Incapacitation** means a person lacks the ability for self-care or to understand the nature of that person's conduct.

**Interim Measures** means those support services, accommodations, and interventions available to a Complainant, a Respondent, or University Community Members experiencing the effects of Sexual Misconduct that aim to mitigate the effects of the alleged misconduct and otherwise promote the safety of University Community Members.

**Intimidation** means to unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.

**OCRIE** means the Central Michigan University Office of Civil Rights and Institutional Equity.

**Respondent** means a person accused of violating this Policy.

Title/Subject: **Sexual Misconduct Policy**

---

**Responsible Employee** means a person:

- who has the duty to take action to redress Sexual Misconduct;
- who has the duty of reporting incidents of Sexual Misconduct or any other misconduct by students; or
- who a student reasonably believes has this authority or duty.

**Retaliation** means an adverse action taken against a person because that person:

- complained of Sexual Misconduct or Retaliation in good faith;
- cooperated in an investigation under this Policy or its Procedures; or
- participated in proceedings brought under this Policy or its Procedures.

**Sanctioning Official** means the person at CMU responsible for determining the appropriate sanctions for a specific violation of this Policy.

**Sexual Assault** means touching of a sexual nature without consent, including, but not limited to, any of the following acts:

- penetration, no matter how slight, of a person's vagina or anus with any body part or object without the Complainant's consent;
- penetration, no matter how slight, of a person's mouth by another person's sex organ without the Complainant's consent;
- intentional touching, without the Complainant's consent, of a person's intimate body parts, or any materials, such as clothing, covering the immediate area of a person's intimate body parts, including, but not limited to, that person's breasts, buttocks, groin, or mouth, for the purposes of sexual arousal or gratification, a sexual purpose, or in a sexual manner for revenge, to inflict humiliation, or out of anger;
- sexual intercourse between people where the sexual intercourse would constitute incest under the applicable jurisdiction's law; or
- sexual intercourse with a Complainant who is under the statutory age of consent.

**Sexual Exploitation** means conduct involving a person taking, or attempting to take, non-consensual or abusive sexual advantage of a Complainant when such conduct would not otherwise be defined as sexual harassment or sexual assault including, but not limited to, prostitution, sexual voyeurism, or taking pictures of a sexual nature without the Complainant's consent or exceeding the boundaries of that consent.

Title/Subject: **Sexual Misconduct Policy**

---

**Sexual Harassment** means nonconsensual sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature where:

- submission to such conduct is made either explicitly or implicitly a condition of a Complainant's employment or academic standing;
- submission to or rejection of such conduct is used as the basis for employment decisions or for academic evaluation, grades, or advancement; or
- such conduct has the purpose or effect of unreasonably interfering with a Complainant's work or academic performance, or creating an intimidating or hostile environment regarding education, employment, housing, or participation in CMU activities.

**Sexual Misconduct** means unwelcome conduct of a sexual nature committed without consent or by force, intimidation, coercion, or manipulation. Additional information regarding what conduct may be considered Sexual Misconduct can be found in section I.A.1.a of this Policy.

**Stalking** means a course of conduct directed at a specific Complainant that would cause a reasonable person to fear for that person's own or someone else's safety, or to suffer substantial emotional distress. Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

**Student** means a person who has enrolled at CMU, either full-time or part-time, pursuing undergraduate, graduate, or non-degree studies. People who have been enrolled at CMU, and who have not withdrawn, are students even when they are not enrolled for a particular term. Students also include people who have been admitted to CMU and who, before their first attendance, participate in activities intended only for prospective students (e.g., orientation, leadership activities, band, or other camps, athletic training and practices).

**Third Party Complainant** means a person or entity with information that a violation of this Policy may have occurred, that files a Complaint on behalf of Complainant, with the intent to stand in the place of the Complainant, and that is not otherwise a Complainant.

**University Community Members** means CMU students, faculty, staff, and certain third parties including, but not limited to, guests, contractors, consultants, and their employees.

**University Members** means CMU students, faculty, and staff.

## **POLICY:**

### **I. Policy Coverage & Prohibited Conduct**

A. This Policy prohibits acts of Sexual Misconduct and Retaliation both on and off Campus.

1. Prohibited Conduct

- a. **Sexual Misconduct**, as defined by this Policy, includes, but is not limited to, the following:
- (A) Dating Violence;
  - (B) Domestic Violence and Intimate Partner Violence;
  - (C) Sexual Assault;
  - (D) Sexual Exploitation;
  - (E) Sexual Harassment; and
  - (F) Stalking.

Title/Subject: **Sexual Misconduct Policy**

---

- G. Consent cannot be obtained from a person who does not have the capacity to give consent under the laws of the applicable jurisdiction because of that person's physical or mental disability.
- H. Consent cannot be obtained from someone through intimidation, coercion, force, or threat of coercion or force.

**III. Reporting**

- A. Reports of alleged Sexual Misconduct or Retaliation may be made by a:
  - 1. Complainant;
  - 2. Third Party Complainant;
  - 3. Responsible Employee; or
  - 4. University Community Member.
- B. **Mandatory Reporting by Responsible Employees**
  - 1. **Responsible Employees**
    - a. All CMU employees including, but not limited to, the following are Responsible Employees:
      - (A) Senior Officers;
      - (B) Regular Faculty;
      - (C) Fixed Term Faculty;
      - (D) CMED Faculty;
      - (E) Graduate Assistants;
      - (F) Teaching Assistants;
      - (G) Postdoctoral Research Fellows;
      - (H) Athletic Coaches, Trainers, and Staff;
      - (I) Public Broadcasting Staff;
      - (J) Office Professionals;
      - (K) CMUPD employees;
      - (L) Service Maintenance Staff;
      - (M) Professional and Administrative Staff;
      - (N) Temporary Staff;
      - (O) Resident Hall Directors and all other residential hall staff; and
      - (P) Peer Advisors and other Residential College staff.
    - b. **Exceptions.** The following people are not Responsible Employees:
      - (A) People acting in the role of, or employed by, a Confidential Resource, only to the extent that they are serving in that role;
      - (B) Office professional staff serving in an administrative support role for a Confidential Resource, only to the extent they are serving in that role;
      - (C) Direct supervisors of a person acting as a Confidential Resource, only to the extent information shared regarding an alleged incident of Sexual Misconduct is shared for the purposes of providing support services concurrently or prospectively;
      - (D) People employed by CMU as journalists for a CMU sponsored or supported media outlet, only to the extent they are serving in a journalistic role; and
      - (E) Faculty members directly supervising students in a practicum course, only to the extent information shared regarding an alleged incident of Sexual Misconduct is shared for the purposes of providing mental or physical health services concurrently or prospectively.
  - 2. Responsible Employees are required to promptly report allegations of Sexual Misconduct to the Title IX Coordinator, or designee, whose contact information can be found in Supplemental Appendix A.
  - 3. Responsible Employees are required to share information regarding the alleged Sexual Misconduct known to them, including the names of the individuals involved in the alleged Sexual Misconduct, if known, with the Title IX Coordinator, or designee.

Title/Subject: **Sexual Misconduct Policy**

---

4. **Exception.** Responsible Employees are not required to report allegations of Sexual Misconduct to the Title IX Coordinator, or designee, when the Responsible Employee learns about the allegation during a public awareness or activism event, or other public forum at which University Community Members disclose experiences with Sexual Misconduct. Examples of these types of events or forums include, but are not limited to, Take Back the Night and protests.
  - C. Responsible Employees should inform people with whom they are discussing allegations of Sexual Misconduct that:
    1. they are a Responsible Employee;
    2. they have a duty to report the alleged Sexual Misconduct to the Title IX Coordinator; and
    3. there are Confidential Resources available.
  - D. **Reporting Procedures**
    1. Reports of alleged Sexual Misconduct or Retaliation should be reported to the Title IX Coordinator, or designee, whose contact information can be found in Supplemental Appendix A.
    2. In the event of an emergency, people should seek immediate assistance from law enforcement by dialing 911 or by contacting the appropriate local law enforcement agencies. A list of local law enforcement agencies where CMU has physical operations is contained in Supplemental Appendix A.
    3. **Affiliated Entities.** If a University Member makes a report of alleged Sexual Misconduct to an employee of an entity affiliated with CMU, the individual receiving the report should immediately report that concern to the Title IX Coordinator, or designee.
- IV. **Confidential Resources.**
- A. Confidential Resources available to University Members on Campus include:
    1. CMU Counseling Center;
    2. CMU Counselors in Residence;
    3. CMU Sexual Aggression Peer Advocates (SAPA);
    4. health care providers, including medical professionals at CMU's University Health Services, providing related health care services; or
    5. members of the clergy providing related clerical or spiritual guidance.
  - B. Entities providing confidential counseling, advocacy, physical health, mental health, legal, or immigration resources may also be available off Campus. See Supplemental Appendices A and B.
  - C. Contact information for both confidential and non-confidential resources available on and off Campus can be found in Supplemental Appendices A and B.
  - D. CMU makes no warranties, either express or implied, regarding confidentiality or with respect to any other aspect of services offered by resources off Campus.
  - E. There is no expectation that a concern or allegation of Sexual Misconduct brought to a Confidential Resource will be reported to the Title IX Coordinator, or designee, or that any statistical information will be shared with CMUPD for purposes of inclusion in CMU's Annual Security Report under the Clery Act.
  - F. Confidential Resources may, under limited circumstances, share information with third parties including, but not limited to, law enforcement, Child Protective Services, or the Title IX Coordinator. Possible circumstances include:
    1. in order to comply with a generally applicable law including, but not limited to:
      - a. The Michigan Child Protection Law;
      - b. Section 946 of the Michigan Mental Health Code regarding threats of physical violence against third persons.
      - c. a valid subpoena, search warrant or other lawfully-issued court order; or
      - d. a valid order to respond to any inquiry or complaint from, or filed with, a governmental administrative agency.
    2. when an act of Sexual Misconduct occurs during the delivery of support services.

Title/Subject: **Sexual Misconduct Policy**

---

**V. Timeliness**

- A. To promote timely and effective review, allegations of Sexual Misconduct or Retaliation should be reported to the Title IX Coordinator, or designee, as soon as possible.
- B. The Title IX Coordinator, or designee, may initiate an investigation into an allegation of Sexual Misconduct made at any time. However, a delay in reporting an allegation may make it more difficult, or impossible, to gather relevant and reliable information.
- C. **Evidence Preservation**
  - 1. A Complainant who may wish to file criminal charges or obtain a personal protective order should:
    - a. consider having a forensic examination by a trained medical professional, such as a Sexual Assault Nurse Examiner (i.e. a “SANE”) for the purposes of preserving evidence; and
    - b. refrain from changing clothes, showering, or otherwise altering Complainant’s physical state after an incident until consulting with a medical or law enforcement professional regarding how to best preserve the evidence.
  - 2. Completion of a forensic examination by a trained medical professional is not a prerequisite to filing a Complaint.
  - 3. It is important to preserve evidence, including the results of a forensic examination by a trained medical professional, that may assist in proving that the alleged Sexual Misconduct or related criminal offense occurred or it may otherwise be helpful in obtaining a personal protection order.
  - 4. The time period for completion of a forensic examination by a trained medical professional varies by jurisdiction. A Complainant considering undergoing a forensic examination by a trained medical professional should consult with one of the appropriate resources listed in Supplemental Appendices A and B to determine the applicable time period.
  - 5. Entities providing access to a SANE can be found in Supplemental Appendix B.

**VI. Title IX Coordinator**

- A. The Director of OCRIE shall serve as CMU’s Title IX Coordinator.
- B. The Title IX Coordinator has responsibility for overseeing CMU’s response to all allegations of Sexual Misconduct, and identifying and addressing any patterns or systemic problems uncovered during the review of these allegations.
- C. The Title IX Coordinator has the responsibility for taking steps to ensure compliance with CMU’s policies regarding allegations of Sexual Misconduct.
- D. The Title IX Coordinator must receive all allegations of Sexual Misconduct that must be reported under this Policy.
- E. The contact information for the Title IX Coordinator can be found in Supplemental Appendix A.

**VII. Privacy**

- A. All University Community Members who participate in a process under this Policy or its Procedures are expected to keep private any information obtained in the process to the best of their ability.
- B. Under some circumstances, a University Community Member who fails to keep private, to the best of that member’s ability, information received during that member’s involvement in a process under this Policy or its Procedures could face sanctions if disclosure of that information constitutes:
  - 1. Sexual Harassment;
  - 2. Retaliation;
  - 3. a violation of a law, regulation, or policy regarding the disclosure of confidential employment or education records; or
  - 4. a violation of a generally applicable law, regulation, or CMU policy.
- C. Notwithstanding the foregoing, CMU will not require a University Community Member to abide by any nondisclosure agreement, in writing or otherwise, that would prevent the disclosure of information received during that member’s involvement in a process under this Policy or its Procedures.

Title/Subject: **Sexual Misconduct Policy**

---

- D. The private nature of information provided to the Title IX Coordinator and OCRIE will be accorded the utmost respect.
- E. The Title IX Coordinator or OCRIE may disclose information received under the following circumstances:
  - 1. to the extent provided by this Policy and its Procedures;
  - 2. to the extent necessary to:
    - a. eliminate the alleged Sexual Misconduct;
    - b. remedy the effects of the alleged Sexual Misconduct;
    - c. complete an investigation under this Policy; or
    - d. complete any sanctioning processes under this Policy; or
  - 3. to the extent required by law, including, but not limited to:
    - a. the Michigan Freedom of Information Act;
    - b. the Michigan Bullard-Plawecki Employee Right to Know Act;
    - c. the Family Educational Rights and Privacy Act (i.e. "FERPA");
    - d. a valid subpoena, search warrant or other lawfully-issued court order; or
    - e. a valid order to respond to any inquiry or complaint from, or filed with, a governmental administrative agency.
- F. CMU has federal reporting obligations under the Clery Act, including the obligation to provide statistics to the CMUPD of certain reported crimes. CMU will not include a Complainant's name or other identifying information in publicly available reports or timely warnings, as proscribed by the Clery Act.
- G. CMU may need to report an incident to local law enforcement under certain circumstances including, but not limited to, an incident where there is a clear and imminent danger, an incident involving a weapon, an incident involving a minor, or an incident warranting the undertaking of security or safety measures for the protection of the Complainant or of University Community Members.

**VIII. Interim Measures**

- A. When a University Community Member experiences an act of alleged Sexual Misconduct or Retaliation, CMU may institute Interim Measures regardless of whether a Complaint has been filed or the Complainant wishes to participate in this Policy or its Procedures' processes.
- B. The Title IX Coordinator, or designee, will coordinate Interim Measures with the appropriate CMU units.
- C. Privacy will be maintained as much as reasonably possible when Interim Measures are provided, taken, or otherwise made.
- D. The specific Interim Measures provided will be determined on a case-by-case basis.
- E. Interim Measures may be modified as necessary to remedy the effects of the alleged Sexual Misconduct or Retaliation and to promote safety.
- F. Possible Interim Measures available to a University Community Member may include, but are not limited to, one or more of the following:
  - 1. no contact orders;
  - 2. residential reassignments or removal;
  - 3. changes to employment assignments;
  - 4. changes to academic assignments;
  - 5. counseling;
  - 6. temporary suspension; or
  - 7. temporary delay of graduation or other academic progress.

**IX. Education & Training**

- A. Individuals involved in processing allegations of Sexual Misconduct and Retaliation shall undergo annual training on issues related to Sexual Misconduct and how to conduct investigatory and (when applicable) sanctioning processes that protects the safety of Complainants and the campus community, promotes accountability, and ensures due process.

Title/Subject: **Sexual Misconduct Policy**

---

- B. CMU shall offer primary prevention and awareness programs regarding topics related to Sexual Misconduct to new students, faculty, and staff as appropriate.
- C. CMU shall offer ongoing programs focusing on increasing awareness or understanding of topics related to Sexual Misconduct throughout the year.
- X. **Parties' Rights**
  - A. **Complainant's Rights.** During any process defined under this Policy or its Procedures, a Complainant has the right to:
    - 1. have a support person or advisor of the Complainant's choice accompany the Complainant during any stage of the process.
      - a. The support person or advisor may not be permitted to ask or answer questions, or otherwise speak or advocate on behalf of the Complainant.
      - b. The support person may be asked to leave any meeting if the support person becomes disruptive or otherwise interferes with the process.
    - 2. participate or decline to participate in the process. However, even if a Complainant declines to participate, CMU may, in some instances, continue to investigate the matter and issue a Determination based on available information in accordance with section XIV of this Policy.
    - 3. consult with any of the resources otherwise available at any time. A list of confidential and non-confidential resources can be found in Supplemental Appendices A and B.
    - 4. be treated with sensitivity, dignity, and respect.
    - 5. request Interim Measures.
    - 6. be kept up-to-date regarding the status of the Complaint.
    - 7. not have Complainant's irrelevant past sexual history discussed during this process.
  - B. **Respondent's Rights.** During any process defined under this Policy or its Procedures, a Respondent has the right to:
    - 1. have a support person or advisor of the Respondent's choice accompany the Respondent during any stage of the process.
      - a. The support person or advisor may not be permitted to ask or answer questions, or otherwise speak or advocate on behalf of the Respondent.
      - b. The support person may be asked to leave any meeting if the support person becomes disruptive or otherwise interferes with the process.
    - 2. participate or decline to participate in the process. However, even if a Respondent declines to participate, CMU may, in some instances, continue to investigate the matter and issue a Determination based on available information.
    - 3. consult with any available resources otherwise available at any time. A list of confidential and non-confidential resources can be found in Supplemental Appendices A and B.
    - 4. be treated with sensitivity, dignity, and respect.
    - 5. request Interim Measures.
    - 6. be kept up-to-date regarding the status of the Complaint against Respondent.
    - 7. not have the Respondent's irrelevant past sexual history discussed during the process.
  - C. **Third Party Complainants.** Any of the protections and rights extended to a Complainant in this Policy or its Procedures are equally applicable to a Third Party Complainant.
- XI. **Concurrent Criminal Complaints**
  - A. The Complainant has the right to pursue charges or file a concurrent complaint with local law enforcement or any other state or federal agencies.
  - B. OCRIE has a legal and moral obligation to investigate alleged violations of this Policy independent of any criminal investigations carried out by law enforcement, including CMUPD.
  - C. OCRIE will not necessarily wait for the conclusion of a criminal investigation or for criminal judicial proceeding to begin before it commences its own independent investigation into the alleged violations of this Policy.
  - D. OCRIE will request available evidence from law enforcement conducting any parallel criminal investigation.

Title/Subject: **Sexual Misconduct Policy**

---

- E. CMU will comply with reasonable requests by law enforcement for cooperation in their criminal investigation as follows:
  - 1. CMU will comply with lawful requests for information made by law enforcement.
  - 2. At the request of law enforcement, OCRIE may temporarily delay its investigation into an alleged violation of this Policy while law enforcement gathers evidence for a reasonable amount of time.
    - a. After a temporary and reasonable delay to allow for law enforcement to gather evidence, OCRIE will promptly resume its investigation under this Policy and its Procedures.
    - b. Interim measures may be instituted or continued while law enforcement gathers evidence, regardless of whether or not OCRIE has temporarily delayed its investigation into an alleged violation of this Policy.
- F. Contact information for local law enforcement in jurisdictions in which CMU has physical operations can be found in Supplemental Appendix A of this Policy.

## **XII. Time Frames**

- A. CMU will resolve allegations of Sexual Misconduct and Retaliation in a reasonable, prompt, and equitable manner.
- B. CMU endeavors to issue a Determination and, if applicable, any sanctions within sixty (60) days of written notification to the Complainant that OCRIE will undertake an investigation of an alleged violation of this Policy. However, all time frames expressed in this Policy and its Procedures are meant to be guidelines and not rigid requirements.
- C. Factors that may affect the length of time necessary to completely resolve an allegation of Sexual Misconduct or Retaliation include, but are not limited to: the complexity of the allegations; the availability of the Complainant, the Respondent, and witnesses; the reluctance of the Complainant to file a Complaint; the effect of concurrent criminal investigations; intervening closures of CMU; the necessity to provide for rights under any applicable collective bargaining agreement; and any other unforeseeable circumstances.
- D. In the event a CMU unit determines it requires additional time beyond the time frames set forth in this Policy or its Procedures to fully and properly carry out its responsibilities under this Policy or its Procedures, it will provide simultaneous written notice to the Complainant, the Respondent, and the Title IX Coordinator, or designee, notifying them of the:
  - 1. anticipated length of the delay; and
  - 2. general nature of the circumstances causing the delay.

## **XIII. Preliminary Inquiry**

- A. Upon actual or constructive notice of an alleged violation of this Policy, and prior to initiating an investigation, the Title IX Coordinator, or designee, will undertake a preliminary inquiry to determine if the alleged conduct, considered in a light most favorable to the Complainant, could constitute a violation of this Policy.
- B. If the alleged conduct, considered in the light most favorable to the Complainant, could constitute a violation of this Policy, the Title IX Coordinator, or designee, will:
  - 1. initiate an investigation under this Policy; and
  - 2. provide the Complainant with written notification regarding the decision to begin an investigation.
- C. If the alleged conduct, considered in the light most favorable to the Complainant, could not constitute a violation of this Policy, the Title IX Coordinator, or designee, will:
  - 1. may suggest another CMU unit with appropriate jurisdiction to address the alleged conduct; and
  - 2. will provide the Complainant written notification regarding the decision not to investigate the alleged violation of this Policy.

## **XIV. Consideration of Confidentiality**

- A. The Title IX Coordinator, or designee, will respectfully consider all requests by a Complainant:
  - 1. that Complainant's identifying information not be shared;
  - 2. that the alleged Sexual Misconduct or Retaliation to not be investigated under this Policy; or

Title/Subject: **Sexual Misconduct Policy**

---

3. to otherwise not participate in an investigation under this Policy.
  - B. A request made pursuant to section XIV.A of this Policy severely limits CMU's ability to investigate the allegations and pursue sanctions against a Respondent, if warranted. Therefore, there may be circumstances in which the Title IX Coordinator, or designee, cannot honor a Complainant's request for confidentiality in light of CMU's obligation to provide a safe and non-discriminatory environment for all University Community Members.
  - C. The Title IX Coordinator, or designee, will consider the following factors in determining whether or not the Complainant's request pursuant to section XIV.A of this Policy can be honored:
    1. the risk that the Respondent will commit additional acts of Sexual Misconduct or other violence, such as:
      - a. whether there have been other allegations of Sexual Misconduct committed by same Respondent;
      - b. whether the Respondent has a history of arrests or records indicating a history of Sexual Misconduct or other violence;
      - c. whether the Respondent threatened further Sexual Misconduct or other violence against the Complainant or others; or
      - d. whether the alleged Sexual Misconduct was committed by multiple Respondents;
    2. whether the alleged Sexual Misconduct was perpetrated with a weapon;
    3. whether the Complainant was a minor at the time of the alleged Sexual Misconduct;
    4. whether the Title IX Coordinator, or designee, possesses other means to obtain relevant evidence of the Sexual Misconduct (e.g., security cameras or personnel, physical evidence); or
    5. whether the Complainant's allegation reveals a pattern of perpetration (e.g., via illicit use of drugs or alcohol) at a given location or by a particular group.
  - D. If the Title IX Coordinator, or designee, cannot honor a Complainant's request pursuant to section XIV.A of this Policy, the Title IX Coordinator, or designee, will inform Complainant in writing prior to initiating an investigation:
    1. that the Title IX Coordinator, or designee, cannot honor the Complainant's request;
    2. about the steps that will be taken to maintain the Complainant's privacy; and
    3. about the additional resources and accommodations available to the Complainant, if any.
  - E. A request pursuant to section XIV.A of this Policy does not limit a Complainant's ability to access confidential resources or otherwise receive accommodations to mitigate the effects of the alleged Sexual Misconduct.
- XV. **Standard of Proof.** All allegations of Sexual Misconduct and Retaliation must be proven by a preponderance of the evidence, which means that, in the investigator's judgment, it is more likely than not that a violation of this Policy occurred.
- XVI. **Withdrawals, Resignations, & Graduation.** If a Respondent ceases enrollment or employment with CMU before final conclusion of all processes under this Policy or its Procedures, CMU will continue those processes, to the extent it is able, whether or not the Respondent elects to continued participation.
- XVII. **Conflicts of Interest**
- A. If the Complainant or the Respondent believes that the investigator assigned to the Complaint has a conflict of interest or is impermissibly biased in the matter, the Complainant or the Respondent may request an alternative investigator.
    1. This request must be made in writing to the Title IX Coordinator within seven (7) days of when the Complainant or Respondent knew or should have known of the alleged conflict of interest or impermissible bias.
    2. The written request must contain sufficient information and details to establish that the investigator has a conflict of interest or impermissible bias.

Title/Subject: **Sexual Misconduct Policy**

---

- B. An investigator may seek to recuse oneself from an investigation if the investigator believes there may be a conflict of interest that prevents the investigator from being unbiased in carrying out the investigation.
  - 1. A request to recuse oneself must be made in writing to the Title IX Coordinator and state the basis for the request.
  - 2. The Title IX Coordinator will grant or deny this request in writing.
- C. It is within the Title IX Coordinator's discretion to:
  - 1. appoint an alternative investigator;
  - 2. direct the investigator to fairly address the conflict of interest or impermissible bias during the investigation; or
  - 3. reject the request on the grounds that no conflict of interest or impermissible bias was demonstrated.
- D. In the event that the Title IX Coordinator has a conflict of interest or is impermissibly biased, the General Counsel, or designee, which may include a retained, neutral, outside third-party, will serve in the role of the Title IX Coordinator with respect to that specific allegation.

**PROCEDURE:**

**I. Investigations**

**A. Inclusion of Other CMU Units**

- 1. OCRIE may invite other CMU units or offices to participate in its investigation if OCRIE determines that its investigation may lead to violations of other CMU policies outside of its jurisdiction.
- 2. OCRIE may also invite other CMU units or offices to participate in its investigation if required by the terms of an applicable collective bargaining agreement.
- 3. The following CMU units are often included in investigations under this Policy:
  - a. Office of Faculty Personnel Services if the Respondent is faculty member;
  - b. Office of Human Resources – Employee Relations if the Respondent is a staff member; and
  - c. Office of Student Conduct if the Respondent is a student.

**B. Investigatory Powers.** In order to carry out its obligations under this Policy and its Procedures, OCRIE may interview people, inspect documentary evidence, and review other evidence that may otherwise be available to it.

- 1. Unless either party indicates an unwillingness to participate in the investigatory process, OCRIE will separately interview the Complainant and the Respondent.
  - a. It is within OCRIE's discretion to interview a Complainant, Respondent, or any witness, multiple times.
  - b. Within five (5) calendar days of being interviewed by OCRIE, the Complainant or the Respondent may supplement their oral testimony with a written statement provided to the OCRIE investigator.
- 2. A Complainant, Respondent, and any witnesses interviewed by OCRIE may provide OCRIE with evidence, documentary or otherwise, that the person deems relevant to the investigation.
- 3. OCRIE will not return any evidence it receives or collects.
- 4. OCRIE is permitted to independently, and on its own volition, retrieve any evidence available to it.
- 5. It is within OCRIE's discretion to determine which evidence it will consider or witnesses to interview.
- 6. OCRIE, at its discretion, may consider character witness evidence only under exceptional circumstances.

Title/Subject: **Sexual Misconduct Policy**

---

**C. Investigatory Process**

1. **Initiating an Investigation.** Upon the direction of the Title IX Coordinator, or designee, OCRIE will undertake a prompt and equitable investigation of an alleged violation of this Policy.
2. **Complaint**
  - a. OCRIE will request that the Complainant prepare a Complaint, if not already prepared.
  - b. A Third Party Complainant may prepare or file a Complaint with OCRIE on behalf of a Complainant.
  - c. If OCRIE is investigating an allegation of a violation of this Policy without a Complainant's active participation, OCRIE will draft the Complaint.
  - d. Under certain circumstances, OCRIE may draft a Complaint on behalf of a Complainant and have the Complainant endorse it.
3. **Notice to Respondent**
  - a. Within twenty-one (21) days of receiving a Complaint endorsed by Complainant and the determination by the Title IX Coordinator, or designee, that OCRIE will undertake an investigation of an alleged violation of this Policy, OCRIE will provide, or cause to be provided, written notice to Respondent:
    - (A) of the general nature of the allegations;
    - (B) a request to meet with OCRIE; and
    - (C) notice that if Respondent does not elect to participate in the investigation, OCRIE will carry out its investigation based on available information and that the Respondent may still be subject to sanction pursuant to this Policy and its Procedures.
  - b. Any notices to faculty or staff will also comport with any requirements of the applicable collective bargaining agreement, if any, regarding notice of investigations that may lead to discipline.
  - c. A copy of this notice may also be sent to the following:
    - (A) if the Respondent is faculty or staff, a copy of the written notice may also be provided to:
      - (1) the Vice President for the Respondent's division or the Provost;
      - (2) the administrative head of the appropriate personnel office; and
      - (3) other appropriate people;
    - (B) if the Respondent is a senior officer or an employee in the President's Division, a copy of the written notice may be sent to the President;
    - (C) if the Respondent is the President, a copy of the written notice may be sent to the Chair of the Board of Trustees and the General Counsel;
    - (D) if the Respondent is a student, a copy of the written notice may be sent to:
      - (1) the Office of Student Conduct; and
      - (2) other appropriate people; and
    - (E) if the Respondent is a Contractor, Guest, Volunteer, etc., a copy of the written notice may be sent to other appropriate people.

**D. Determination**

1. Each Determination will contain, at a minimum:
  - a. an overview of the investigation undertaken;
  - b. a summary of all evidence and testimony reviewed and considered;
  - c. findings of fact based on the available evidence and testimony;
  - d. a conclusion as to whether or not a violation of this Policy occurred, or if insufficient evidence exists to make such a conclusion;
  - e. the rationale and analysis in support of the findings and conclusion;
  - f. recommended sanctions to eliminate the Sexual Misconduct, prevent its recurrence, and remedy its effects; and

Title/Subject: **Sexual Misconduct Policy**

---

2. **Possible Sanctions**
    - a. **Reprimand:** A written reprimand, including the possibility of more severe disciplinary sanctions in the event of the finding of a subsequent violation of CMU regulations within a stated period of time.
    - b. **Removal from CMU Housing:** Cancellation of a housing agreement or lease and required vacation of CMU Housing.
    - c. **Campus Restrictions:** Limitations on the times and/or places where a Respondent may be present on-Campus.
    - d. **Educational Programs:** Participation in educational programs, such as training, workshops, seminars, or other educational activities.
    - e. **Revocation of CMU Privileges:** Revocation of CMU privileges, such as participation in extra-curricular activities, for a definite or indefinite period of time.
    - f. **Disciplinary Probation:** Subjection to a period of critical examination and evaluation of behavior.
    - g. **No Contact Orders:** Prohibition on all forms of contact with certain people.
    - h. **Suspension:** Exclusion from classes and other privileges or activities as set forth for a definite period of time.
    - i. **Dismissal:** Permanent termination of student status.
  3. **Minimum Sanction.** The Sanctioning Official must, at a minimum, impose the sanction of a suspension if a Respondent is found to have violated this Policy by committing an act of Sexual Assault, as defined by this Policy.
  4. **Impact Statements**
    - a. Within five (5) days of being given notice of the Determination, the Complainant or Respondent may submit an Impact Statement to the Title IX Coordinator, or designee.
      - (A) The Title IX Coordinator, or designee, will provide the Impact Statements, if any, to the Sanctioning Official.
      - (B) In the event that neither the Respondent nor the Complainant submits an Impact Statement, the Title IX Coordinator, or designee, will inform the Sanctioning Official that no Impact Statement was submitted.
    - b. The Sanctioning Official shall determine the appropriate sanction after receiving the Impact Statement or receiving notice from the Title IX Coordinator, or designee, that no Impact Statement was submitted.
  5. **Time Frame.** Generally, the Sanctioning Official will determine a sanction within ten (10) days of being given notice that the Determination is available for distribution.
- C. If the Respondent is **Faculty or Staff**
1. **Possible Sanctions**
    - a. **Written Reprimand:** Written documentation of a failure to abide by CMU policy or procedures maintained in the employee's personnel file.
    - b. **Educational Programs:** Participation in educational programs, such as training, workshops, seminars, or other educational activities.
    - c. **Revocation of CMU Privileges:** Revocation of CMU privileges, such as participation in extra-curricular or volunteer activities, for a definite or indefinite period of time.
    - d. **Campus Restrictions:** Limitations on the times and/or places where a Respondent may be present on campus.
    - e. **No Contact Orders:** Prohibition on all forms of contact with certain people.
    - f. **Suspension:** Exclusion from work, with or without pay, and other related activities as set forth for a definite period of time.
    - g. **Termination:** Permanent separation of the employment relationship.
  2. **Time Frame.** Generally, the Sanctioning Official will determine a sanction within ten (10) days of being given the Determination unless the terms of the applicable collective bargaining agreement require otherwise.

Title/Subject: **Sexual Misconduct Policy**

---

- D. If the Respondent is a **Contractor, Guest, Volunteer, etc.**
  - 1. **Possible Sanctions**
    - a. **Trespass Warning:** Notice that future visits to campus may result in a ticket for trespassing.
    - b. **Campus Restrictions:** Limitations on the times and/or places where a Respondent may be present on campus.
    - c. **No Contact Orders:** Prohibition on all forms of contact with certain people while on campus.
    - d. **Relationship Termination:** Termination of the relationship (e.g. contractual, volunteer, sponsorship, athletic booster, donor, etc.) between the Respondent and CMU.
  - 2. **Time Frame.** Generally, the Sanctioning Official will determine a sanction within ten (10) days of being given the Determination unless the terms of an applicable contract requires otherwise.
- E. **Pendency During Appeals.** No final disciplinary action based on the findings and conclusions of the Determination shall be taken against the Respondent during any appeal process, although Interim Measures may be instituted or continued until all appeals are exhausted.
- F. **Additional Remedies, Interventions, and Accommodations**
  - 1. Regardless of the nature of the Respondent's relationship with CMU, or any sanctions imposed pursuant to these Procedures, additional remedies, interventions, and accommodations may be available to a Complainant, including a Third Party Complainant, or a University Community Member, either individually or collectively.
  - 2. The Title IX Coordinator, or designee, will coordinate additional remedies, interventions, and accommodations, if any.
  - 3. Additional remedies, interventions, and accommodations, if any, will be determined on a case-by-case basis.
  - 4. Possible additional remedies, interventions, and accommodations include, but are not limited to, the following:
    - a. residential reassignments;
    - b. changes to employment assignments;
    - c. changes to academic assignments;
    - d. physical or mental health related accommodations;
    - e. counseling;
    - f. referral to a CMU entity, other than OCRIE, for additional consideration;
    - g. evaluation of policies or procedures; and
    - h. educational programs or forums.

### III. **Appeal Procedures**

- A. Appeal of the **Determination**
  - 1. **All** Complainants, including a Third Party Complainant, and Respondents may appeal a Determination subject to the provisions of this Policy and its Procedures.
  - 2. **Grounds for Appeal.** A Complainant or a Respondent may only appeal a Determination on the grounds that:
    - a. there has been the discovery of new information or evidence that:
      - (A) would have a material bearing on the final conclusion made by OCRIE; and
      - (B) the person appealing establishes by a preponderance of evidence in the written appeal that such information or evidence was reasonably unavailable at the time the Determination was issued by OCRIE; or
    - b. the OCRIE investigator was personally biased in the investigation, and
      - (A) the Determination was improperly influenced based on such personal bias; and
      - (B) the person appealing establishes by a preponderance of evidence in the written appeal that:
        - (1) the issue of personal bias was raised during the course of the investigation (if the person knew or should have known of the alleged personal bias), and

Title/Subject: **Sexual Misconduct Policy**

---

- (2) the OCRIE investigator failed to fairly address the alleged personal bias in (or before) Determination or that the findings of fact, recommendations, or conclusions demonstrate an improper bias.
3. **Timeliness.** An appeal of a Determination must be made in writing to the President, care of the Executive Assistant to the President, and delivered to the office of the President in 106 Warriner Hall within seven (7) days of receipt of the notice of the availability of the Determination that is being appealed.
4. **Initial Review.** Within fourteen (14) days of receiving a written appeal, the President, or designee, shall make an initial determination regarding whether or not the content of the written appeal, if taken as true, establishes by a preponderance of the evidence sufficient grounds for an appeal pursuant to section III.A.2 of these Procedures.
  - a. If there are insufficient grounds for an appeal, the President, or designee, shall provide the Complainant, the Respondent, and the Title IX Coordinator with concurrent written notice that the appeal has been denied and dismissed.
  - b. If there are sufficient grounds for an appeal, the President, or designee, shall provide the Complainant, the Respondent, and the Title IX Coordinator, or designee, with concurrent written notice that an appeal committee will be appointed.
  - c. There is no appeal from this decision.
5. **Appeal Committee.**
  - a. The appeal shall be conducted by a committee:
    - (A) composed of three members; and
    - (B) appointed by the President with one member appointed as chair.
  - b. Within ten (10) days of a decision that there are sufficient grounds for an appeal, the Executive Assistant to the President shall provide simultaneous notice of the names of the appeal committee members to the Complainant, the Respondent, and Title IX Coordinator, or designee.
  - c. Within five (5) days after receipt of the names of the members of the appeal committee, both the Complainant and the Respondent may submit written objections to the President, or designee, to the appointment of any of the appeal committee member(s) on the basis of that member's inability to act impartially.
    - (A) The written objection must describe specifically why the member cannot act impartially.
    - (B) If the President, or designee, determines that a committee member cannot act impartially, then an alternate appointment shall be made.
    - (C) Following this review, the President's decision regarding committee appointments is final.
6. **Written Explanations & Responses**
  - a. The appeal committee will request a written explanation of the following from the appealing party:
    - (A) the reason for the appeal under section III.A.2.a or III.A.2.b of these Procedures; and
    - (B) all information or evidence that supports the basis for the appeal.
  - b. The appealing party shall submit the written explanation within fourteen (14) days of the appeal committee's request.
  - c. After receiving the written explanation, the appeal committee shall provide a copy of the written explanation to OCRIE within seven (7) days.
  - d. OCRIE may provide the appeal committee a written response within fourteen (14) days after receipt of the written explanation from the appeal committee.

Title/Subject: **Sexual Misconduct Policy**

---

- 7. Appeal Decision**
- a. If the appeal is based upon the discovery of new information or evidence that would have a material bearing on the final conclusion made by OCRIE, OCRIE may determine that it will re-consider the Determination. In such a case:
    - (A) OCRIE shall notify the appeal committee, the Complainant, and the Respondent of its decision simultaneously and in writing.
    - (B) OCRIE shall re-open and proceed with its investigation in light of the new evidence, which may include additional interviews of the Complainant, Respondent, or witnesses.
    - (C) The appeal will be placed on hold pending the re-investigation and a new Determination.
  - b. The appeal committee's deliberations will be closed to all people other than the appeal committee members.
  - c. The appeal committee will determine if the reasons for the appeal are supported by a preponderance of the evidence.
  - d. A decision will be made by a majority vote; no abstentions permitted, and shall be placed in writing and delivered to the President.
  - e. The decision of the appeal committee shall be one of the following:
    - (A) a recommendation to have OCRIE consider new information or evidence and a description of the new information or evidence to be considered;
    - (B) a recommendation to have the investigation reviewed by a third party outside OCRIE because of personal bias demonstrated by OCRIE (with the information or evidence supporting the basis for such recommendation);
    - (C) a recommendation to affirm the Determination.
  - f. The President, or designee, shall simultaneously send the decision of the appeal committee to the Complainant, the Respondent, OCRIE, the Title IX Coordinator, or designee, and all parties deemed necessary by the President.
  - g. If the President concurs with the appeal committee's recommendations, the President may do one (or more) of the following:
    - (A) accept the recommendation to have OCRIE consider the new information or evidence and re-investigate the complaint, as appropriate;
    - (B) accept the recommendation to have the investigation reviewed by a third party outside OCRIE because of personal bias demonstrated by OCRIE; or
    - (C) affirm the Determination.
  - h. The President, or designee, shall simultaneously send notice of the President's decision to the Complainant, the Respondent, OCRIE, the Title IX Coordinator, or designee, and all parties deemed necessary by the President.
- B. Appeal of the Sanction**
- 1. If the Respondent is a **Student**
    - a. **Grounds for Appeal.**
      - (A) The grounds for an appeal of a sanction are only that the terms or conditions of the sanction are fundamentally inappropriate or disproportionate based on the Determination.
      - (B) Under no circumstances may a sanction be reduced below any minimums established by this Policy or its Procedures.
      - (C) An appeal, if any, from the Sanctioning Official's decision regarding the appropriate sanctions is limited only to the terms and conditions of any sanction and may not be used as a collateral attack on the findings and conclusions contained within the Determination.
    - b. **Timeliness.** An appeal of the sanction must be made in writing to the Associate Vice President for Student Affairs within seven (7) days of notice of the sanction.

Title/Subject: **Sexual Misconduct Policy**

---

- c. **Appeal Board**
  - (A) The appeal shall be conducted by an appeals board:
    - (1) composed of three faculty or staff members; and
    - (2) appointed by the Associate Vice President for Student Affairs, or designee, with one member appointed as chair.
  - (B) Within ten (10) days of receiving a written appeal, the Associate Vice President for Student Affairs, or designee, shall provide notice of the names of the appeal board members to the Complainant and the Respondent.
  - (C) Within five (5) days after receipt of the names of the members of the appeal committee, both the Complainant and the Respondent may submit written objections to the Associate Vice President for Student Affairs, or designee, to the appointment of any of the appeals board member(s) on the basis of that member's inability to act impartially.
    - (1) The written objection must describe specifically why the member cannot act impartially.
    - (2) If the Associate Vice President for Student Affairs, or designee, determines that an appeals board member cannot act impartially, then an alternate appointment shall be made.
    - (3) Following this review, the decision of the Associate Vice President for Student Affairs, or designee, regarding appeals board appointments is final.
- d. **Written Explanations & Responses**
  - (A) The appeals board will request a written explanation from:
    - (1) the **party appealing** as to why the terms and conditions of the sanction imposed are fundamentally inappropriate or disproportionate based upon the Determination and any evidence that supports this position; and
    - (2) the **party not appealing** as to why the terms and conditions of the sanction imposed are not fundamentally inappropriate or disproportionate based upon the Determination and any evidence that supports this position.
  - (B) The parties shall submit a written explanation pursuant to section III.B.1.d(A) of these Procedures within fourteen (14) days of the appeals board's request.
  - (C) After receiving the written explanations, the appeals board shall share the written explanations with the Sanctioning Official within seven (7) days.
  - (D) The Sanctioning Official may provide the appeals board a written response within fourteen (14) days after receipt of the written explanations from the appeals board.
- e. **Appeal Decision**
  - (A) The appeals board's deliberations will be closed to all people other than the appeals board members.
  - (B) The appeals board will determine if the reasons for the appeal are supported by a preponderance of the evidence.
  - (C) The appeals board may consider the following documents in order to resolve an appeal:
    - (1) the Determination;
    - (2) any timely submitted Impact Statements;
    - (3) the notice of the sanction sent to the parties;
    - (4) any written explanations submitted pursuant to section III.B.1.d(A) or III.B.1.d(D) of these Procedures.
  - (D) A decision will be made by a majority vote; no abstentions permitted, and shall be placed in writing and delivered to the Associate Vice President for Student Affairs within twenty-one (21) days from the Sanctioning Official's submission of a written response pursuant to section III.B.1.d(D) of these Procedures.

Title/Subject: **Sexual Misconduct Policy**

---

- (E) The decision of the appeals board shall be one of the following:
    - (1) an affirmation of the sanction; or
    - (2) a rejection of the sanction and the imposition of an alternative sanction that is actually appropriate given the circumstances and nature of the violation of this Policy.
  - (F) The appeals board cannot reduce a sanction below any minimum sanction established by this Policy or its Procedures.
  - (G) The Associate Vice President for Student Affairs, or designee, shall simultaneously send the decision of the appeals board to the Complainant, the Respondent, the Sanctioning Official, OCRIE, and the Title IX Coordinator, or designee.
- f. **Appeal to the Vice President for Enrollment and Student Services**
- (A) A Complaint, Respondent, the Title IX Coordinator, or designee, or the Sanctioning Official may make a written application to the Vice President for Enrollment and Student Services to review such a decision made by the appeals board.
  - (B) The application must be received in the Office of the Vice President for Enrollment and Student Services within seven (7) days after the date of the appeals board decision.
  - (C) Failure to make an application for review within the time limit ends the right to make application for review.
  - (D) The application for review must contain the following information:
    - (1) Name of the Respondent in the proceeding in which the appeals board has rendered a decision.
    - (2) Name, address, and telephone number of the person making application for review.
    - (3) A copy of the appeals board decision involved.
    - (4) A statement as to what portion of the appeals board decision the applicant wishes reviewed, and the reason why the person making application for review considers the decision to be capricious, or the procedures followed to be fundamentally unfair.
    - (5) A statement of the relief requested from the Vice President of Enrollment and Student Services by the person making application for review.
  - (E) If the Vice President for Enrollment and Student Services elects to review a decision of the appeals board, either in part or entirely, the Vice President for Enrollment and Student Services will act in a prompt and equitable manner, allowing for equitable opportunities for both a Complainant and Respondent to address the Vice President for Enrollment and Student Services.
  - (F) The Vice President for Enrollment and Student Services will provide simultaneous written notice of the results of any review undertaken to the Complainant, Respondent, OCRIE, the Sanctioning Official, the Title IX Coordinator, or designee, and all parties deemed necessary by the Vice President for Enrollment and Student Services.
2. If the Respondent is **Faculty** or **Staff**
- a. **Grounds for Appeal**
    - (A) The grounds for an appeal of a sanction are determined by the terms of the collective bargaining agreement or employee handbook covering the terms and conditions of the Respondent's employment.

Title/Subject: **Sexual Misconduct Policy**

---

- (B) An appeal, if any, from the Sanctioning Official's decision regarding the appropriate sanctions and interventions is limited only to the terms and conditions of any sanctions or interventions and may not be used as a collateral attack of the findings and conclusions contained within the Determination.
  - b. **Appeal Procedures**
    - (A) The procedures by which a Complainant or a Respondent may appeal a sanction are determined by the terms of the collective bargaining agreement, employee handbook or contract covering the terms and conditions of the Respondent's employment.
    - (B) The appeal procedures, if any, will be simultaneously communicated in writing to the Complainant, the Respondent, OCRIE, and the Title IX Coordinator, or designee.
    - (C) All appeals must be carried out in a prompt and equitable manner, including equal opportunity for both the Complainant and the Respondent to challenge a sanction.
    - (D) All appeals must be carried out in a manner consistent with, and not in contravention of, this Policy and its Procedures.
  - c. **Outcome.** The outcome of any appeal will be simultaneously communicated in writing to the Complainant, the Respondent, OCRIE, and the Title IX Coordinator, or designee.
- IV. **Final Notifications.** Upon exhaustion of all appeals, or if no appeals are filed in a timely manner, and upon notification to the Title IX Coordinator, or designee, of the status of the appeals, the Title IX Coordinator, or designee, shall provide simultaneous written notice to the Complainant and Respondent that the Determination and sanction, if any, are final.

19. Transfer Credit Equivalency Requirements and  
Conditions

## Transfer Credit Equivalency Requirements and Conditions

[https://www.cmich.edu/ess/registrar/RegistrarTransferCreditEquivalency/Pages/\\_Transfer\\_Credit\\_Equivalency\\_Requirements\\_and\\_Conditions.aspx](https://www.cmich.edu/ess/registrar/RegistrarTransferCreditEquivalency/Pages/_Transfer_Credit_Equivalency_Requirements_and_Conditions.aspx)

Please read the following requirements and conditions governing the transfer of course credit to CMU. [Click Here to check the Transfer Credit Equivalency Tables.](#)

### CMU policies that affect transfer credit

Only those undergraduate courses earned at institutions that are regionally accredited or from a foreign university or college approved by the government or the official regulating agency of the country will be considered for transfer credit at Central Michigan University.

Recording of transfer credit on the student's permanent academic record will be completed following admission to the University and receipt of an official transcript of coursework sent directly from your previous institution.

Undergraduate students are not allowed to repeat a course more than three times. This includes repeats where they have earned a grade of A through E, or attempts where they were awarded grades of CR, NC, I, W, Z, or X. If a student has already repeated a course three times, they may not take it at another institution for transfer credit to Central Michigan University.

### Transfer grade point requirements

Grades and or honor points are not transferable or recorded on the CMU permanent record. You must, however, earn at least a "C-" for a course to be considered for transfer. If you attend an institution that has numeric grading only, you may contact Undergraduate Academic Services (989-774-3504) to verify the minimum grade required for transfer consideration.

Courses taken to fulfill CMU's competency requirements, Written English I and II, Oral English or Mathematics must be completed with a minimum grade of 2.00 or "C" to satisfy the competency.

If you are repeating a course already completed at CMU, you must receive a higher grade in the repeated class to have it considered for transfer credit. Remember, you may not repeat a course more than three times.

### Community College transfers

Students transferring from a two-year community college must complete a minimum of sixty academic semester hours from an accredited four-year degree granting institution or from a foreign university or college approved by the government or the official regulating agency of the country.

Comments? Questions? Contact CMU Undergraduate Admissions at (989) 774-3076 or e-mail [cmuadmit@cmich.edu](mailto:cmuadmit@cmich.edu)

20. Transfer Equivalency Table

## Transfer Equivalencies

CMU welcomes hundreds of new transfer students every year. One of the first questions a transfer student will ask involves how their credit will transfer.

This website makes it easy for you to see transfer equivalencies and program guides so you can determine what courses will transfer to your CMU program.

Remember, the first step after reviewing these pages is to contact our Admissions Office so we can help advise you on applying, scholarship opportunities, selection of transfer courses and much more!

To find a course or program equivalencies, select your school and subject in the menus below.

UNDERGRADUATE ACADEMIC SERVICES
OFFICE OF THE REGISTRAR
WARRINER HALL ROOM 123
PHONE: 989-774-3504
FAX: 989-774-7252

DIRECTIONS: This form is official verification of transferability of courses that are NOT listed on the TRANSFER EQUIVALENCY WEBSITE and should be used by undergraduate CMU students only. All information (including CMU equivalencies) must be provided before this request will be processed. Grades and honor points are not accepted in transfer. The transfer credit policy states transferable courses must be completed at a regionally-accredited institution with a grade of C- or better. Grades of D+, D, or D- do not transfer. For a transferred course to fulfill a competency requirement, it must be transferable, and completed with a grade of C or better. Whenever it can be determined that a course has an equivalent, a CMU course number will be given. Where this cannot be determined, the acceptable credit will be designated as "CR".

22. MTA and MACRO Agreements

## Community College Transfer Agreements

<https://www.cmich.edu/ess/registrar/Pages/Community-College-Transfer-Agreements.aspx>

As a transfer student interested in attending Central Michigan University (CMU), we welcome you. Central Michigan University honors both the Michigan Transfer Agreement (MTA) and the Michigan Association of Collegiate Registrars and Admissions Officers (MACRAO) Agreement. Details on these agreements are as follows:

### MICHIGAN TRANSFER AGREEMENT (MTA)

CMU is a participant in the Michigan Transfer Agreement. The Michigan Transfer Agreement (MTA) is the newest agreement and was designed to facilitate the transfer of general education requirements from one institution to another. The MTA is effective for students starting at a community college fall 2014 or later. If you have met the MTA and it is stamped on your official transcript, it will be applied to meet the following General Education requirements at CMU:

- University Program Requirement (27 hours)
- 1 or more of the following competency requirements.
  - Freshman Composition
  - Intermediate Composition
  - Oral English (speech)
  - Mathematics
  - Quantitative Reasoning

In addition, each course will be individually evaluated and could also be used to meet major/minor or degree requirements.

The **Michigan Transfer Agreement** requires you to complete the courses from the following areas as specified by your community college.

- 1 course in English Composition - CMU recommends that you take the equivalent of our ENG 101 – Freshman Composition.
- A second course in English Composition or 1 course in Communications.
- 1 course in Mathematics
- 2 courses in Social Sciences (from two disciplines)
- 2 courses in Humanities and Fine Arts (from two disciplines and excluding studio and performance classes)
- 2 courses in Natural Sciences including one with laboratory experience (from two disciplines)

If the total hours for these courses do not equal at least 30 semester credit hours, you must take an additional course from one of the areas.

To view additional information for transfer students including a link to "What will transfer" please click [here](#).

## MACRAO AGREEMENT

CMU has been a participant in the MACRAO Agreement since it originated back in the 1970's. The MACRAO Agreement was designed to facilitate the transfer of general education requirements from one institution to another. If you have met the MACRAO Agreement and it is stamped on your official transcript, it will be applied to meet the following General Education requirements at CMU:

- University Program Requirement (30 hours)

In addition, each course will be individually evaluated and could also be used to meet competency, major/minor, or degree requirements.

The **MACRAO Agreement** requires you to complete a minimum 30 semester hours of college-level credit in the following areas as specified by your community college:

- English Composition (6 semester hours)
- Natural Science (8 semester hours in more than one discipline, At least one science course must include a laboratory)
- Social Science (8 semester hours in more than one discipline)
- Humanities (8 semester hours in more than one discipline)

Please note that this agreement is being replaced by the Michigan Transfer Agreement (MTA) for students starting at a community college fall 2014 or later. A student currently pursuing the MACRAO agreement may choose to instead complete the MTA. Please see the details for this agreement above.

To view additional information for transfer students including a link to "What will transfer" please click [here](#).

Federal Compliance Document Evidence  
23. Transfer Policy Global Campus

As an additional service for faculty, the library also offers a copyright clearance service for items that instructors wish to place on electronic reserve within the Blackboard course shell. If instructors want to use journal articles or excerpts from books as part of course materials, they may contact the Course Reserve and Copyright Services office, which will obtain a full-text copy of the item, obtain one semester's worth of copyright clearance to use the item, pay any applicable usage fees, and then upload it directly into an instructor's Blackboard course shell.

Through the Global Campus Library Services department, students and faculty have access to a very responsive and focused suite of library services, as well as to millions of print, electronic, and media items. All students and faculty participating in Global Campus courses are encouraged to take advantage of this nationally-recognized, full-service library program. For more information, see the OCLS web site at <http://ocls.cmich.edu> or call 800-544-1452.

## Career Services and Resource Center

Career Services is located in Ronan Hall 250, 989-774-3068, and offers students assistance with job search activities. The office helps students with developing sound job-seeking skills, writing resumes, and interviewing techniques. Students can register for an online resume referral service through [http://www.cmich.edu/about/careers/student/career\\_services/Pages/default.aspx](http://www.cmich.edu/about/careers/student/career_services/Pages/default.aspx) (Career Service's Web site). An extensive career resource center is provided for use by all students and alumni who live near or visit the Mount Pleasant area. The resource center contains general career information, tips for seeking jobs, vacancy listings from a variety of sources, and information about potential employers in business, government, and education. For those students and alumni who do not live in the Mount Pleasant area, you can access most of this information through the Career Services Web site.

The center also coordinates recruiting on the main campus by businesses, government agencies, and educational institutions and serves as a clearinghouse for employment opportunities through publication of a weekly vacancy *Bulletin*.

**Note:** The center does not guarantee employment for graduates.

## Transfer Credit

All transcripts and other documents received by the university become the property of the university and will not be released. Copies will not be made for other than university use.

## Options for Earning Credit

### Undergraduate Transfer Credit

Courses from other colleges will be considered for transfer credit if they meet the policy outlined below. At least 60 semester hours of the student's bachelor's degree academic requirements must be earned at a fully accredited, four-year, degree-granting institution like Central Michigan University, or from a foreign university or college approved by the government or the official agency of the country in which the university or college is located. Credit earned at other institutions is automatically evaluated when a student is granted regular admission status. In some cases, the evaluation of transfer credit may require that you obtain course descriptions for courses taken more than 10 years ago from out-of-state institutions before your transfer credit can be evaluated. Evaluation begins after all official transcripts have been received. Results of transfer credit evaluation will be sent to the student. It is the student's responsibility to consult with the academic advisor who determines which credits may appropriately be applied to that student's degree program. Coursework not eligible for transfer credit may be considered for prior learning assessment credit.

A student may not apply more than 94 semester hours of credit from any combination of the following sources:

- a. Transfer credit
  - b. Prior learning assessment credit
  - c. College Level Examination Program (CLEP) or the university's Credit by Examination Program
  - d. United States Armed Forces credit
  - e. As assessed on an individual case basis, any other credit earned through standard testing or evaluation procedures.
- I. Transfers from accredited schools and foreign institutions**  
Undergraduate courses from another college or university which is accredited by one of the regional institutional accrediting bodies, or from a foreign university or college approved by the government or the official agency of the country in which the university or college is located, will be considered for transfer credit at Central Michigan University, subject to the following conditions:
- a. Courses must be germane to a program at Central Michigan University.
  - b. Transferable courses completed with a grade of C- (1.7 per Central Michigan University's grading scale) or better or the equivalent will be accepted.
  - c. Credits from foreign institutions will be accepted using the guidelines developed by the World Education Series of the American Association of College Registrars and Admissions Officers and in consultation with affected departments.
  - d. Grades and honor or quality points are not transferable to or recorded on the CMU permanent record.
  - e. Applicability of transfer coursework to a student's program plan is at the discretion of the academic advisor with approval by the appropriate academic unit.
- II. Transfers from nonaccredited schools.** A student who has earned credit or a baccalaureate degree from an institution which is not accredited by one of the regional accrediting associations may appeal to the Board of Appeals who may consult with the individual departments for an exception to the above policy for up to a maximum of 62 credits. If a positive decision results, transfer credit may then be granted subject to the same conditions that apply to transfers from accredited schools. For undergraduate transfer credit from another university to be considered for acceptance while an undergraduate student is currently enrolled in Global Campus, the student must:
- a. Consult with the academic advisor to determine whether the course would likely be appropriate to the program plan. Consultation does not guarantee acceptance of the credit as the guidelines, described above, must also be satisfied.
  - b. Upon completion of the work, request that the institution awarding the credit send one official transcript to Global Campus.
- III. Exceptions.** Academic units may request an exception to the Regional Accreditation Policy from the Degrees, Admissions, Standards, and Honors Committee.
- IV. Military training and experience.**
- a. **Military service school experiences.** Granting of academic credit for military service school experiences will be guided by the evaluations prepared by the American Council on Education and published in the "Guide to the Evaluation of Educational Experiences in the Armed Services." All Military Service School experiences that are recommended for undergraduate level credit will transfer to Central Michigan University. Acceptability of credit for military service school experiences to fulfill CMU major or minor requirements is at the discretion of the individual department.

**b. Military occupational specialties.** Granting of academic credit for military occupational specialties will be guided by the evaluations prepared by the American Council on Education and published in the "Guide to the Evaluation of Educational Experiences in the Armed Services." All Military Occupational Specialties that are recommended for undergraduate level credit will transfer to Central Michigan University. Acceptability of credit for military occupational specialties to fulfill CMU major or minor requirements is at the discretion of the individual department.

**c. Service Member Opportunity College (SOC) courses.** Undergraduate courses from another college or university that is recognized as a Service Member Opportunity College institution for either the army (SOCAD), navy (SOCNAV), or marine corps (SOCMAR) may transfer to Central Michigan University subject to the following conditions: a) transferable courses completed with a grade of C- (1.7 per Central Michigan University's grading scale) or better or the equivalent must be accepted; b) grades and honor points or quality points are not transferable to or recorded on the CMU permanent record. The Program Plan is a record of all of the student's credit (including military experience) and where that learning fits into her or his degree plan.

**V. Nonmilitary training experiences.** Granting of academic credit for selected training experiences offered outside the sponsorship of colleges and universities will be guided by the evaluations prepared by the American Council on Education College Credit Recommendation Service (CCRS) program. CCRS credit recommendations appear in the publication entitled: *The National Guide to Educational Credit for Training Programs*. Students must provide an official transcript from the Registry of Credit Recommendations American Council on Education, 202-939-9434.

**The MACRAO and MTA Transfer Agreements:** A person who transfers from a community college in Michigan with a transcript documented as having satisfied the MACRAO or MTA Agreement, will also have satisfied the University Program portion of the General Education Requirements section at CMU. All other students may refer to the General Education Requirements in this Bulletin for guidelines on the applicability of their transfer credit toward University Program requirements.

**International Baccalaureate Credit:** Courses within the International Baccalaureate Diploma and the International Baccalaureate Certificate for individual courses may be accepted as transfer credit on a course-by-course basis if the higher level examinations have been passed with a score of four or better.

#### Graduate Transfer Credit Policy

This policy relates to non-CMU coursework being considered for transfer into a CMU graduate degree program plan.

##### Transferable credit:

- Graduate Certificate: maximum of 6 semester hours from a previous or concurrent graduate degree or certificate can be transferred toward a graduate certificate.
- Master's Degree: maximum of 50% of the semester hours (Exception: maximum of 30 semester hours on the 54-credit hour joint master's degree in history are transferable.)
- Specialist's Degree: maximum of 12 semester hours beyond the master's degree if the master's degree was earned at CMU. (Exception: maximum of 9 semester hours beyond the master's degree if the degree was not earned at CMU.)
- Doctoral Degree: maximum of 50% of the post-baccalaureate semester hours. Minimum percentage that must be earned at CMU can vary among academic programs.
- Maximum of 6 semester hours may be transferred from one earned degree to another master's or higher degree program.
- Military coursework: coursework with a grade of outstanding or excellent is transferable.

A separate policy exists for the following: Students entering the Au.D. with a master's degree in Audiology and significant, relevant professional experience. See the Au.D. program description for details. Students in California are limited to six semester hours or prior learning credit according to California regulations. The ACE Guide is consulted, and its recommendations are generally, but not always followed. Coursework which is not transferable may be considered for prior learning credit.

Graduate transfer credits must be appropriate to the student's program, recommended by the student's academic advisor for use on the program plan, and approved by the Vice President/Dean of the Office of Research and Graduate Studies. Transfer credits are not considered in the computation of the student's graduate grade point average. Graduate transfer credit must meet the following criteria:

1. Credits must have been earned at a regionally accredited higher education institution or one of recognized standing (at the time the credits were earned) as defined by the College of Graduate Studies.
2. The credits are not in violation of any pertinent university or College of Graduate Studies regulation, procedure, or policy;
3. The credits do not correspond to a course previously taken at CMU;
4. The credits were earned within the time limit for program completion. Credits from a prior graduate degree or certificate that are to be applied to a doctoral degree may be exempt for the time limit for doctoral degree completion (see individual program description);
5. The credits are appropriate to the student's program and are not in conflict with credit limitation specified elsewhere in the Graduate Bulletin;
6. As certified on the official graduate transcript, courses must be at the graduate level.
7. The grade for the credits must be B or higher. Ungraded course work will not be accepted in transfer unless accompanied by evidence that the work was of B or higher quality. Military coursework with a grade of outstanding or excellent is transferable. At the discretion of the department, coursework that is not transferable may be considered for prior learning credit.
8. The student is in good standing (cumulative graduate GPA of 3.0 or higher) at the institution at which the credit was earned.
9. Doctoral degree students must have regular admission to their degree program;
10. The student is responsible for having official graduate transcripts sent by the institution at which the credit was earned directly to CMU Global Campus, 802 Industrial Drive, Mt. Pleasant, MI and for completing the most recent version of the Graduate Transfer Credit Request form ([www.grad.cmich.edu/forms.htm](http://www.grad.cmich.edu/forms.htm)).
11. The credits must be approved by the student's academic advisor (for graduate certificates and Master's degrees) or Program Director (doctoral degrees) and the Vice President/Dean of the Office of Research and Graduate Studies.
12. Courses earned by correspondence will be eligible for graduate transfer credit unless otherwise stipulated in department admission requirements.
13. Transfer credits must be earned within the time limit for program completion. Transfer credits are not eligible for extension of time consideration.

Transfer credits are not included in the computation of the student's CMU graduate grade point average.

Students who seek to transfer credit should begin the process by giving their academic advisor copies of course catalog descriptions or syllabi. After reviewing the materials, the academic advisor will indicate which work might be appropriate for use on the program plan. The student is responsible for requesting an official transcript(s) of the credits be sent directly to CMU, 802 Industrial Drive, Mt. Pleasant, MI, 48858, by the registrar of each institution from which the credit was earned. The academic advisor then initiates the Graduate Transfer Credit Request (GTCR) form which recommends to the Vice President/

Dean of the Office of Research and Graduate Studies that the transfer of coursework be approved. All transfer credits must be approved by the academic advisor and the Vice President/Dean of the Office of Research and Graduate Studies.

Students may request pre-approval of a course's content for possible transfer credit. Students should note that pre-approval by Graduate Studies does not guarantee the courses will be approved once a Graduate Transfer Credit Request form is submitted. Pre-approvals only indicate the likelihood that the coursework will transfer.

### The Prior Learning Assessment Credit Process

The Prior Learning Student Handbook, required forms, and sample undergraduate and graduate portfolios are available on the Prior Learning Website <http://global.cmich.edu/prior-learning>. Students should review this material carefully before beginning work. The Prior Learning Student Handbook is an essential guide, and the forms are a required part of the student's portfolio. Portfolios must be typed or machine printed. Handwritten portfolios are not acceptable.

Portfolios should be submitted as early as possible in the degree program since an early evaluation of prior learning assessment credits enables the student to plan her or his degree program more efficiently. Graduate prior learning assessment credit applications should be submitted within four months (120 days) of a student's admission. Completed portfolios and the appropriate fee should be sent to: Prior Learning Assessment, Central Michigan University, Global Campus, 802 Industrial Drive, Mount Pleasant, MI, 48858.

The evaluation of portfolios is usually completed within 9-12 weeks. Students should submit two complete copies of their portfolios in separate notebooks; if they do not, evaluation time will be lengthened.

After being notified of their prior learning assessment credit award, students are responsible for consulting with their academic advisor. The academic advisor determines which prior learning assessment credits may be applied to the student's program plan.

Portfolios are evaluated using performance criteria established and administered by a trained team of university graduate faculty members. Typical criteria include such things as the amount and level of decision-making responsibility; the number of and reporting relationships with subordinates and colleagues; the span of financial control; the activity time span, training experience duration, preparation and results; and the overall level of responsibility or expertise required to perform the functions described. All experiences must be thoroughly self-assessed and documented.

The following course numbers are used to record prior learning assessment credits:

#### Undergraduate:

- UNV 297 (lower division), or
- UNV 497 (upper division)

#### Graduate:

- UNV 697

An appropriate title and credit hour designation are assigned by the Prior Learning Assessment Team to each award.

## Classes and Seminars

The instructional format for each course offered through Global Campus is dependent upon content, student needs, and course design options. Classes are usually scheduled during compressed time blocks to maximize degree progression and to minimize scheduling conflicts. Scheduling options offered include alternate weekends, week-long, and evenings, as well as CMU Online. Course modality options include face-to-face classes, online, video conference courses, or hybrid courses.

**Face-to-Face courses:** Instructor and students meet and interact at pre-determined times, dates and location for purposes of delivering instructional content by a variety teaching methods and evaluative measures.

**Online courses:** Instructor and students interact in a virtual classroom where the learning experience is facilitated using the latest technology. Course materials are distributed electronically and student learning assessment and evaluations are conducted exclusively online. Online courses can include synchronous communication experiences where students engage in real-time interactions, at a specific point in time, with fellow students and faculty through the utilization of software imbedded in the learning management system (LMS); or, through asynchronous communication experiences where students engage with fellow students and faculty through independent learning spaces that allow anytime interactions and responses.

**Video Conference courses:** Instructor and students meet in various classroom environments, that are geographically dispersed, and interact via live interactive video. These courses provide opportunity for a collaborative learning environment by allowing delivery of one course to multiple locations.

**Hybrid/Blended courses:** Instructor and students meet and interact using both face-to-face and online environments in one course, leveraging a variety of strategies and interactions to enhance the learning experience.

Regardless of modality, all courses have specific start and end dates. In addition, textbooks, course outlines, reference materials and assignments are available prior to the first session of a class to allow preparatory reading and study.

**Note:** To ensure the best student learning experience and the availability of courses that fulfill student degree plans at given locations, courses initially scheduled as face-to-face courses may be converted to a hybrid/blended course format prior to the first class meeting.

## Main Campus Courses

Any student admitted to Global Campus may enroll for classes on the Central Michigan University campus in Mount Pleasant. Students must follow regular main campus enrollment procedures. Information regarding dates and procedures for main campus registration is in the Class Schedule on the Registrar's website at [http://www.cmich.edu/registrar\\_office/RegistrarClassScheduleCourseOfferings](http://www.cmich.edu/registrar_office/RegistrarClassScheduleCourseOfferings).

## Limitations on College of Business Credits

MSA degree student program plans may include no more than 15 semester hours of coursework from the College of Business Administration; graduate certificate student program plans may include no more than 12 semester hours; undergraduates, no more than 27 semester hours. These credit limitations include both business transfer credits and credits earned at CMU. Students should consult with their academic advisor before enrolling in any College of Business course.

## Independent Study

Independent study courses, such as MSA 691 (1-2 credits), are available for students who wish to pursue special areas of interest. Independent learning experiences should help students develop skills in planning, organizing, researching, reporting, and developing specific skills outside the classroom. The experiences may take the form of readings, research, or special projects. Students wishing to pursue independent study should contact their program center for an Independent Study Guide and an application for Independent Study Request. Independent study projects should not duplicate the content of an established course.

## Tutorial Option

Students may, under certain circumstances, take courses as tutorials (on an individual basis) working closely with an approved instructor. Details are available from the program administrator.

Federal Compliance Document Evidence  
24. Graduate Transfer Credit Policy

promptly submit a written response thereto, a copy of which shall be made available to the student. If, upon the basis of these papers, the dispute appears to be attributable to inadequate or incomplete communication between the parties, the committee may arrange to meet individually or together with the student and instructor to discuss the problem. A teleconference may be arranged for a student who does not reside in proximity to the main campus.

#### Step 3:

- If such a meeting is not held or, if held, the meeting does not result in a mutually agreeable solution, the committee shall proceed to hold a fact-finding session concerning the allegations set forth in the appeal. Both the student and the instructor shall be entitled to be present throughout the session and to present any relevant evidence, including testimony by other persons. The student and the instructor both may be accompanied by a person to assist them in presenting evidence. The session shall not be open to the public.
- At the close of the session, the committee shall deliberate privately. If a majority finds the allegations of capricious grading to be supported by substantial evidence, the committee shall determine the most appropriate remedy. The committee may direct the instructor to grade the student's work anew, give the student a new examination in the course, or take such other action as will bring about substantial justice in the individual case. However, except in the most extraordinary circumstances, the committee itself should not award the student a new grade in the course. The decision of the committee shall be final and shall be reported in writing to the student, instructor, and the departmental office.

The College Committee on Review of Change of Grade may also resolve complaints involving suspected violation of grading policies for incomplete and deferred grades, dropping a class, or withdrawal from the university. The same procedures as outlined above for review of alleged capricious grading shall be followed.

\*If the instructor of the course is a member of the Committee, he/she shall be disqualified from considering the appeal.

### Courses of Unspecified Content or Variable Credit

Variable credit courses are identified by a semester hour designation such as 1-3 (Spec). The maximum hours that a student may earn in a variable credit course to apply toward graduation is the highest number in the semester hour designation for the course (i.e., 3 hours maximum in the example listed above).

Unspecified content courses are defined to be courses in which the student or department is not restricted by the course description in the graduate Bulletin to a specific area or subject matter to be included within the course.

It is up to each graduate advisor to ensure that a student's authorized program plan has sufficient university-approved coursework to provide the student with a solid grounding in the academic discipline. In order to assist advisors, a list of variable credit and unspecified content courses is given before the course listings of each department.

### Independent Study and Thesis

Not more than a total of ten hours of independent study and thesis shall be allowed on any master's degree program. Exceptions to this regulation may be granted by the Vice President/Dean of the Office of Research and Graduate Studies.

### Graduate Transfer Credit Policy

This policy relates to non-CMU coursework being considered for transfer into a CMU graduate degree program plan.

#### Transferable Credit:

- **Graduate Certificate:** maximum of 6 semester hours from a previous or concurrent graduate degree or certificate may be transferred toward a graduate certificate.
- **Master's Degree:** maximum of 50% of the semester hours (exception: maximum of 30 semester hours on the 54 credit hour joint master's degree in history are transferable).
- **Specialist's Degree:** maximum of 12 semester hours beyond the master's degree if the master's degree was earned at CMU (exception: maximum of 9 semester hours beyond the master's degree if the degree was **not** earned at CMU).
- **Doctoral Degree:** maximum of 50% of the post-baccalaureate semester hours. Minimum percentage that must be earned at CMU can vary among academic programs.
- **Maximum of 6 semester hours** may only once be transferred from one earned degree program to another master's or higher degree program.
- **Military coursework:** coursework with a grade of outstanding or excellent is transferable.

A separate policy exists for the following: Students entering the Au.D. with a master's degree in Audiology and significant, relevant professional experience. See the Au.D. program description for details. Global Campus students are limited to six semester hours or prior learning according to California regulations.

Graduate transfer credits must be appropriate to the student's program, recommended by the student's academic advisor for use on the program plan, and approved by the Vice President/Dean of the Office of Research and Graduate Studies. Transfer credits are not considered in the computation of the student's graduate grade point average. Graduate transfer credit must meet the following criteria:

1. Credits must have been earned at a regionally accredited higher education institution or one of the recognized standing (at the time the credits were earned) as defined by the Office of Research and Graduate Studies;
2. The credits are not in violation of any pertinent university or Office of Research and Graduate Studies regulation, procedure, or policy;
3. The credits do not correspond to a course previously taken at CMU;
4. The credits were earned within the time limit for program completion. Credits from a prior graduate degree or certificate that are to be applied to a doctoral degree may be exempt for the time limit for doctoral degree completion (see individual program description);
5. The credits are appropriate to the student's program and are not in conflict with credit limitation specified elsewhere in the *Graduate Bulletin*;
6. As certified on the official graduate transcript, courses must be at the graduate level.
7. The grade for the credits must be B or higher. Ungraded coursework will not be accepted in transfer unless accompanied by evidence that the work was of B or higher quality; Military coursework with a grade of outstanding or excellent is transferable.
8. The student is in good standing (3.0 cumulative graduate GPA or higher) at the institution at which the credit was earned.
9. Doctoral degree students must have regular admission to their degree program;
10. The student is responsible for having official graduate transcripts sent by the institution in which the credit was earned directly to Graduate Student Services at CMU and for completing the most recent version of the Graduate Transfer Credit Request form (available online at [www.grad.cmich.edu](http://www.grad.cmich.edu) under *New and Current Students: Applications and Forms*).

(continued)

11. The credits must be approved by the student's academic advisor (for graduate certificates and Master's degrees) or Program Director (doctoral degrees) and the Vice President/Dean of the Office of Research and Graduate Studies.
12. Courses earned by correspondence will be eligible for graduate transfer credit unless otherwise stipulated in department admission requirements.
13. Transfer credits must be earned within the time limit for program completion. Transfer credits **are not** eligible for extension of time consideration.

Transfer credits are not included in the computation of the student's CMU graduate grade point average.

### Waiver of a Program Requirement

An advisor/program director has the authority to waive a program requirement only if the proposed waiver is not in violation of any pertinent university regulation, procedure, or policy. Circumstances under which a course might be waived include:

1. The student has already met the required course objectives through some experience which was not in the form of a transferable course;
2. The student has not met the objectives of the course, but the advisor/program director determines that the student would derive greater benefit from a different course.

If a program requirement is waived, the minimum number of hours required for the program is unaffected.

A separate policy exists for students entering the Au.D. with a master's degree in Audiology and significant, relevant professional experience. See the Au.D. program description for details.

### Additional Master's Degrees

A student who holds a master's or higher degree may earn an additional master's degree in another discipline. With the approval of the department chairperson and the graduate dean, a student holding a degree in a discipline may earn another master's degree in the same discipline, provided it is on a different published option. In any case, a maximum of six semester hours submitted in fulfillment of the prior degree program at CMU or elsewhere may subsequently be transferred to another master's degree program, provided the hours apply to the stated requirements of the subsequent program and were earned within seven years of the student's completion of the additional degree.

### Credit by Examination

A student who has been admitted to a graduate degree program and who has had experience or background comparable to a course at this university may file for a maximum of 12 semester hours of Credit by Examination under the following conditions:

1. No credit transferable to CMU has been earned in the course requested by examination;
2. No advanced placement has been given for the course requested by examination;
3. No higher level course in that subject area was taken prior to requesting credit by examination;
4. Credit by examination may not be used to repeat any course previously taken, either to remove a failure or to improve a grade, as provided in the Repeat Course Policy;
5. Graduate credit by examination is available as Credit/No Credit only, and is not included in the computation of the student's grade point average.

At the time of the request, the student must have an Authorization of Degree Program signed by the advisor on file in Graduate Student Services. Approval may be granted for the number of credits requested or any portion of the credits requested. The student should submit the signed application for credit by examination to the Registrar's Office to register for the number of credits approved. The *Credit by Examination Request* form may be found on the Graduate Studies website.

## General Course Information

### Course Numbers

**Courses numbered 500 through 599.** A student who has been admitted to graduate studies and who takes courses numbered 500 and higher will receive graduate credit.

**Courses numbered 600-699.** Graduate courses open only to students who have been admitted to Graduate Studies, and to students in the Honors Program who present appropriate identification.

**Courses numbered 700-799.** Graduate courses open only to students who have been admitted to Graduate Studies.

**Courses numbered 800-899.** Graduate courses open only to students who have been admitted to Graduate Studies and who are at the post-master's level or are completing a full-time internship at the specialist's level.

**Courses numbered 900-999.** Graduate courses open only to doctoral students who are in the last years of their program.

**600-Level Course Policy for Undergraduate Students.** Open only to students who have been admitted to Graduate Studies, to students on the Honors Program who present appropriate approval, and to students who are approved by their advisor, course instructor, chairperson of the department offering the course, and Graduate Studies. In granting approval, Graduate Studies will rely on the criteria for admission to the Honors Program.

### Cognate Courses

A cognate course is one outside of but related to the principal discipline.

### Substitutions

Course substitutions appropriate to the student's program may be authorized by the advisor.

### Prerequisites

A student may register for a class only if he or she has met the prerequisites prescribed or the requirements stated in this *Bulletin*. Procedures for granting exception vary by graduate program. Students should check with their department chairperson or graduate program coordinator to determine waiver procedures for their program.

In general, only immediate prerequisites for courses are listed. Some courses listed as prerequisites may have their own prerequisites. You may need to plan more than one semester in advance when deciding which semester to take a particular course.

Students seeking to substitute prerequisite courses with equivalents or permission of instructor may do so only with departmental permission. Such substitutions are not automatic.

### Definitions

- Prerequisite – Any course(s) and/or other requirement(s) that must be completed prior to enrolling in a particular course.
- Pre/Co-requisite(s) – Any course and/or other requirement(s) that students may take prior to, or concurrently, with the particular course.
- Co-requisite – Any course and/or other requirement(s) that students must take concurrently with a particular course.
- Recommended – Any course and/or other requirement(s) that might be useful for students to complete prior to enrolling in a particular course.

### Syntax Guidelines

- Multiple Course Requirements are separated by a comma. Example: ART 105, 115.
- Compound requirements are separated by a semi-colon. Example: ART 105, 115; Admission to the Teacher Education Program.
- Alternative courses are separated by "or." Example: ART 105 or 115.
- Multiple alternative courses are preceded by the use of "One of:." Example: One of: ART 105, 115, 215.

Federal Compliance Document Evidence  
25. Agreements Database Search

←  <https://netconnect.cmu.edu/agreementssearch/default.aspx>   

## Agreements Database Search

ID#   
 College: ALL ▾ Academic Program: ALL ▾  
 Agency:  Purpose: ALL ▾  
 Latest Year Signed: 1952 ▾ to 2015 ▾ USA or International: ALL ▾  
 State: ALL ▾ Country (if not USA): ALL ▾  
[Search](#) [Reset](#)

Welcome to the Agreements Query Tool. By changing the selection criteria above, you will see customized results in this area. [See additional help for using this tool.](#)

If the ID# is provided the search will return the Agreement that matches that ID number only. To search based on the other fields the ID# field must be empty.

\* For **College**, choose "ALL..." to view a list of every agreement that is currently in the database. Choose a specific college (e.g., CBA) to see a list of agreements that are specific to programs in that college. Choose a combined set of colleges (e.g., CBA-CST) to see agreements that are for collaborative arrangements between colleges, usually a joint academic program. Choose CMU to view a list of agreements that apply to any CMU program.

The difference between the choices "ALL..." and "All Programs" in the **Academic Programs** field is this. If you select "ALL..." you will see a list of every agreement for the **College** you have selected, including those that are restricted to individual programs of study. On the other hand, if you select "All Programs", you will see a list of those agreements which apply to any program within that **College**.

Federal Compliance Document Evidence  
26. Transfer Credit Guide - Example Alpena CC

# Transfer Credit Guide

## MACRAO TRANSFER AGREEMENT

will be replaced by the Michigan Transfer Agreement (MTA) effective prior to Fall 2014.

This distribution of courses fulfills the MACRAO Transfer Agreement and will satisfy the University Program portion of the CMU bachelors' degree for students who started following the MACRAO Transfer Agreement at their Michigan community college prior to Fall 2014. Please see your community college Registrar and request to have your transcript reviewed and designated as "MACRAO Satisfied". *Students may elect to follow the MTA.*

**English Composition: 6 Semester Credits**  
Two Written Communication courses

**Science/Math: 8 Semester Credits**  
One Science course with a lab  
Intermediate and/or College Algebra, and/or Geometry

**Humanities: 8 Semester Credits**  
A minimum of 8 hours from at least two different disciplines

**Social Sciences: 8 Semester Credits**  
A minimum of 8 hours from at least two different disciplines

**Minimum hours required to complete MACRAO Agreement: 30**

## MICHIGAN TRANSFER AGREEMENT (MTA)

The MTA replaces the MACRAO Agreement effective Fall 2014 and beyond.

This distribution of courses fulfills the MTA and will satisfy the University Program portion of the CMU bachelors' degree at CMU for students who begin attending a Michigan community college beginning Fall 2014. Please see your community college Registrar and request to have your transcript reviewed and designated as "MTA Satisfied". Only courses with a grade of "C" or better may be applied to the MTA requirements.

**Communication: 2 Courses**  
One Written Communication course  
One Written or Oral Communication course

**Natural Sciences: 2 Courses**  
Two natural science courses from two different disciplines. One course must be a lab science course.

**Humanities and Fine Arts: 2 Courses**  
Two humanities courses from two different disciplines (excluding studio and performance classes)

**Social Sciences: 2 Courses**  
Two social science courses from two different disciplines

**Mathematics: 1 Course**  
One entry-level college course as defined by the three pathways

**Minimum hours required to meet MTA: 30**

An official transcript that is designated as being "MACRAO Satisfied" or "MTA Satisfied" will have satisfied the University Program portion of the General Education Requirements. A portion or all of the Competency Requirements may also be satisfied by an official transcript designating "MACRAO Satisfied" or "MTA Satisfied".

## Central Michigan Writing Intensive & Quantitative Reasoning Requirements

**Effective Fall 2014**, CMU has implemented a Writing Intensive (12 semester hours) and Quantitative Reasoning requirement (3 semester hours). Please note that these requirements are for both transfer and incoming Freshman students.

Any Michigan community college student transferring to CMU with their transcript designated as "MACRAO Satisfied" or "MTA Satisfied" will be given six (6) semester hours of Writing Intensive course work. The remaining six (6) semester hours **must** be completed at CMU. The Quantitative Reasoning requirement may be satisfied through transfer credit.

## General Notes

- A grade of C- or better is required for a course to transfer.
- A bachelor's degree requires a minimum of 124 semester hours of credit. CMU will accept community college transfer credits beyond the recommend 64 semester hours, however students will need to complete a minimum of 60 semester hours from an accredited 4-year-degree granting institution. A minimum of 40 hours must be completed at the 300 level or above. A minimum of 30 semester hours of credit must be earned from CMU.
- The University Program Requirements and competencies may be fulfilled by students who satisfy the MACRAO Agreement or the MTA.
- Students are required to meet CMU Competency Requirements prior to reaching 56 credit hours. Competency requirements consist of: two Written English (composition) courses, one Oral English (communication) course, and one Mathematics course be completed with a grade of "C" or above.

Any remaining required and elective courses for a bachelor's degree will be selected in consultation with an academic advisor to ensure that CMU degree requirements are being met.

# Transfer Credit Guide

*This guide is subject to change and should be used in consultation with an academic advisor.*

**IMPORTANT NOTES: This is a limited enrollment program.** The Athletic Training program is accredited by the Commission on Accreditation of Athletic Training Education (CAATE):

- The average pre-professional course GPA for students is 3.5.
- The GPA from your transferring institution will be counted for program admission eligibility.
- **From the date you arrive at CMU:**
  - It will likely take a student a minimum of two semesters to complete the Pre-professional Phase and all selection criteria to be an eligible candidate for selection. Most of those courses will need to be taken at CMU.
  - It will likely take a student a minimum of 3.5 years to complete
- It is recommended that you transfer to CMU after no more than two semesters. Students are strongly encouraged to speak with a CMU Athletic Training Education Program Advisor regarding program specifics at (989) 774-1054 before the end of their first semester to discuss the sequencing of the remaining athletic training pre-professional courses.
- The program is divided into three phases which include: (A) Pre-professional Phase, (B) Professional Phase, and (C) Internship Phase including a 15 week internship.
- Selection criteria, program technical standards and other pertinent information may be viewed by accessing the program website at <http://www.chp.cmich.edu> (Athletic Training link on the right under Departments)

### CMU Global ID, Student Number, and Campus ID

All CMU students, faculty, and staff are issued what is referred to as a "Global ID". Your Global ID consists of the first five letters of your last name, a number, and your first and middle initials (e.g. jones1234). Activating your Global ID and password is an important first step in connecting to CMU's virtual infrastructure and services.

Your Global ID and password provide secure access to a variety of systems via Centralink. If you experience difficulty using your Global ID and/or password, contact the CMU Information Technology Help Desk for assistance (989-774-3562 or online at [http://www.cmich.edu/office\\_provost/OIT/Pages/default.aspx](http://www.cmich.edu/office_provost/OIT/Pages/default.aspx)).

#### Student ID Number

Your Student ID Number is the official identification number that allows CMU staff and faculty to uniquely identify each student. CMU does not use social security numbers to identify students, although they are required for financial aid purposes. Student ID numbers can be located on your personal .edu email "My Profile". CMU staff does not have access to your CMU email or Centralink portal site with your Student ID number.

#### Student Identification Card

After initially registering for courses at CMU students need to obtain a photo ID card available from the Campus ID Card office in Bovee University Center Room 205. This campus ID card allows students to use the various student services as well as banking services using the CHIP ID card. The first card is issued to the student at no charge. There will be a fee assessed for a replacement ID card due to loss or damage. Contact the Campus ID Office for additional information at 989-774-3482.

## Student Global IDs

Once you have been given an admission status – non-degree, regular or conditional admission – one of the first things you must do is set up your CMU Global ID and e-mail account. Your tuition statements, course schedule information and all other critical communications from CMU are sent to your CMU e-mail account. You could miss out on vital information if you do not set up your account.

**Important note:** The Receivable Accounting Office sends all billing statements electronically to CMU global e-mail addresses. Students are responsible for accessing these monthly e-mail messages for their account balance and payment due dates.

For security purposes, a student with any admission status – non-degree, regular or conditional – can only set up a Global ID and e-mail account within 30 days following their admission to CMU. After 30 days, the student will need to contact the on-campus Help Desk at (889) 774-3662 or [helpdesk@cmich.edu](mailto:helpdesk@cmich.edu) for assistance in setting up their account.

### How to set up your CMU Global ID and e-mail account:

1. Log on to <https://myaccount.cmich.edu/newaccount>
2. Follow the prompts to set up your account and password.

If you have questions or concerns about the use of your global id or CMU e-mail address, check out our [Frequently Asked Questions](#) below.

### Frequently Asked Questions

#### Q. What if I don't know my CMU global e-mail address or password?

A. Log on to <https://myaccount.cmich.edu/newaccount> and follow the prompts to set up your account and password.

#### Q. I prefer not to use the CMU student e-mail system. Can I forward it to a different account?

A. Full instructions for redirecting your CMU e-mail to your personal e-mail account can be found at: <https://kb.cmich.edu/kb/clientSitePages/DisplayPopUpPage.aspx?KBID=1855>

**Important note:** Although the option to forward e-mail appears to offer greater flexibility to students (and staff) interested in maintaining a pre-existing account, there are a number of potential risks associated with this process. It is for this reason that the university strongly recommends users avoid forwarding their university provided e-mail accounts.

#### Q. What if I don't have access to the Internet?

A. CMU program centers, regional offices and library facilities offer Internet access to current students. In addition, most public libraries provide PCs with Internet access. Contact your program center for suggested Internet access locations in your area.

#### Q. What if I need to speak to someone in person about a problem with my global ID or e-mail account?

A. Call the CMU help desk at 889-774-3662.

### Online Registration FAQs:

#### Q. How should I submit my tuition assistance voucher for course payment?

A. Please send the tuition assistance voucher directly to Central Michigan University, Global Campus, 802 Industrial Drive, ATTN: Tuition Assistance, Financial Services, Mount Pleasant, MI 48859.

#### Q. How do I make a payment?

A. Your electronic statement will contain a link to CentralLink, <http://CentralLink.cmich.edu>, where you can view your account balance and history, as well as make an automated credit card payment (you will need to know your student number and PIN). If your question isn't answered above, please feel free to give us a call at 800-950-1144.

29. Online Testing Security - Respondus Lockdown  
Browser

Home > CMU Online > Respondus Lockdown Browser / Respondus Monitor

## Respondus Lockdown Browser / Respondus Monitor

### An online testing security solution

Some online courses will require the use of Respondus Lockdown Browser and/or Respondus Monitor to administer the online exams. To know if your course will be utilizing either of these software items, please refer to the course syllabus.

#### Respondus LockDown Browser

Respondus LockDown Browser is a secure browser for taking tests in Blackboard. It prevents printing, copying, going to other URLs, or accessing other applications during a test. If a Blackboard test requires Respondus LockDown Browser to be used, you will not be able to take the test with a standard web browser but instead will utilize a browser provided by Respondus during the exam.

For courses using LockDown Browser, you must install the free software onto your computer by following these instructions. You will not be able to access your exam until the software has been installed.

#### Respondus Monitor

Your course may also implement the use of Respondus Monitor with LockDown Browser. The Respondus Monitor software uses a web cam with your computer along with a microphone to record you while completing your online exam in LockDown Browser. If Respondus Monitor is used, your computer must have a functioning webcam and microphone. Windows users need to have Adobe Flash Player installed to Internet Explorer, even if a different browser is normally used. Mac users must have Adobe Flash Player installed to Safari. A broadband connection is also required. Installing LockDown Browser on your computer also installs Respondus Monitor.

When taking an exam using Respondus Monitor, you will be required to show a photo ID and perform an environment scan by using the web cam to record your surroundings. A system's check will be conducted prior to the beginning of your exam to ensure the webcam and microphone are working properly.

The recorded image captured during the online exam is similar to video captured throughout our daily lives at stop lights, an ATM machine, the grocery store, etc. Images captured are securely stored in the cloud by Amazon Cloud Storage and are only accessible through the course shell by the instructor. Be sure to follow the Recording Etiquette when using Respondus Monitor.

Should you prefer to complete your Respondus Monitor exam via a proctor, please contact CMU Online at 500.555.4268, option 1 to further determine if this is an option available to you.

Federal Compliance Document Evidence  
30. Social Security Number Privacy Policy

Title/Subject: **SOCIAL SECURITY NUMBER PRIVACY**

Applies to:  faculty  staff  students  student employees  visitors  contractors

Effective Date of This Revision: September 11, 2006

Contact for More Information: Office of General Counsel

Board Policy  Administrative Policy  Procedure  Guideline

---

**PURPOSE:**

This policy is established in accordance with Section 4 of the Michigan Social Security Number Privacy Act.

**POLICY:**

Central Michigan University is committed to protecting the privacy of personal information of students, employees and others, including social security numbers. The University recognizes the importance of maintaining the confidentiality of this information.

The University prohibits the unlawful acquisition or disclosure of social security numbers. The University will keep all social security numbers confidential, to the extent practicable.

**PROCEDURE:**

Only employees whose job duties require exposure to information and documents containing social security numbers will have access to them. The heads of other departments or units receiving social security numbers directly from employees or students must establish a process for approving persons who have demonstrated a need to have access to this information and must assure compliance with the section below on Physical Security Measures and Training. For access to employee information contained in the SAP system, the SAP security administrator must grant access after consultation with the director of the unit in which the accessing employee works. For access to student information in the Campus Management System, the Registrar must grant access after consultation with the director of the unit in which the accessing employee works.

Unit supervisors or directors will assure that employees who do have access to social security numbers will be trained about the importance of keeping this information confidential, and affected employees will be reminded at least annually that this is one of their responsibilities.

Employees:

Each employee is given a system-assigned ID that is used as the primary employee identifier. Social security numbers are obtained by the university and used for lawful purposes such as in connection with retirement accounts, taxes, payroll, health insurance and other benefits, background/credit checks and verification of identity. The social security number is still used for certain additional purposes, such as library records, but these uses are being phased out since the implementation of the Campus Management System.

---

Authority: M. Rao, President

History: 1-1-06

Indexed as: Privacy of social security number; Confidentiality of social security number; Employee ID number; Student ID number.

Title/Subject: **SOCIAL SECURITY NUMBER PRIVACY**

---

Students:

The social security number is no longer the primary identifying number for students. Under the Campus Management System, each student is given a system-assigned ID that will be used as the primary student identifier. The University will continue to obtain and use students' social security numbers for lawful purposes. The numbers are needed for specific reporting functions as required by state and federal law and are also required for, among other things, financial aid, reporting to the National Student Clearinghouse, attendance verifications, degree reporting, loan tracking, reporting of student income (including scholarships and grants) to taxing authorities and certain health services. In addition, the University will continue to use social security numbers as identifiers in the delivery of certain services such as library records and dining hall access until their use can be phased out.

Other Disclosures:

Social security numbers of students or employees may be used and disclosed when required by state and federal law, for the purposes of law enforcement, collection of debts owed to the University, investigations, claims, child support, and for other purposes not prohibited by law.

Physical Security Measures and Training:

Units and departments are urged to review their business procedures and practices to determine whether they gather, possess or have access to social security numbers and, if so, whether such use and access is absolutely essential.

If deemed essential, units and departments must establish a system to protect the physical security of records containing social security numbers and prevent unauthorized access to and disclosure of this information. In addition, training of all unit/department personnel, including student employees, must be implemented so that all will use and follow the system.

Disposal of Records:

It is strongly recommended that originating units and departments not keep copies of any records containing social security numbers once data or records are forwarded to Human Resources, Faculty Personnel Services, Payables or other offices that must have that information.

When documents, including those on disks, containing a social security number are disposed of, such documents shall be shredded, burned or pulverized prior to disposal. Computers which have contained social security numbers shall be disposed of in compliance with the University Computer Disposal Policy.

Sanctions for Violation of this Policy:

Employees found to have unlawfully acquired or disclosed another person's social security number or to have violated this policy will be subject to discipline up to and including dismissal.

Students who have unlawfully acquired or disclosed a person's Social Security Number or who have violated this policy will be subject to discipline up to and including dismissal.

In addition, any individuals violating this policy may be subject to penalties provided for by the Michigan Social Security Number Privacy Act.

*Central Michigan University reserves the right to make exceptions to, modify or eliminate this policy. This document supersedes all previous policies, procedures and directives relative to this subject.*

Federal Compliance Document Evidence  
31. Data Stewardship Policy

Title/Subject: **DATA STEWARDSHIP**

Applies to:  faculty  staff  students  student employees  visitors  contractors

Effective Date of This Revision: December 1, 2008

Contact for More Information: Office of Information Technology

Board Policy  Administrative Policy  Procedure  Guideline

---

## I. PURPOSE

Information is one of the University's most vital assets. The purpose of the Data Stewardship Policy is to protect this asset by setting forth the responsibilities of faculty, staff, and students for establishing and maintaining the security of the University's information; by establishing requirements for protecting personal, non-public information; and by establishing requirements for notifying individuals whose personal, non-public, information may have been disclosed by a security breach. The Data Stewardship Policy applies to all University faculty, staff, and students. This policy encompasses the safekeeping of the University's information in whatever physical form (such as printed, audio, video and electronic) it may exist, now or in the future.

## II. POLICY STATEMENT

It is the policy of the University to protect its information assets and allow the use, access and disclosure of such information only in accordance with University interests and applicable laws and regulations. All University faculty, staff, and students providing services involving, or working with, the University's information are responsible for protecting it from unauthorized access, modification, destruction or disclosure.

The University's information includes, but is not limited to, any physical or digital information within its purview, including information which it may not own but which is governed by laws and regulations to which the University is held accountable. It includes all student record data, all personnel data, research data (including that collected from human and animals), all University financial data, all student life data, all departmental administrative data, all alumni and donor data, all library circulation data, medical data protected under HIPAA and ADA legislation, and all other data that pertain to, or support the administration of, the University. These data may be facts, records, reports, planning assumptions, or any information meant only for internal use and /or subject to confidentiality agreements. This policy applies to all university data, including all archived and existing data. OIT can help to discover and protect archived and sensitive data.

## III. IMPLEMENTATION

All CMU academic and business offices must develop and administer information security plans that appropriately classify and protect information under their control. The protection of the University's information must be part of each office's standard operating procedure. The safeguarding of Protected Personal Information is of particular importance and is addressed in Section IV of this policy.

---

Authority: M. Rao, President

History: Reviewed w/Updates 4-17-12

Indexed as: Electronic Security; Security of Data; Breach of Computer Security; Protected Personal Information

Title/Subject: **DATA STEWARDSHIP**

---

Specifically, academic and business offices must:

- establish system/data access and utilization criteria
- define the criteria for archiving the information to satisfy retention requirements
- determine the value of proprietary information to the functioning of the University and define reasonable requirements for protecting the asset
- develop a workable plan for resuming operations in the event information has been destroyed
- specify information control and protection requirements to be adhered to by employees processing and using the information
- monitor compliance and enforce this policy

However, since information security measures must cover the entire flow of information throughout the University, the implementation of the information security policy cannot be delegated to only academic and business office operations. As custodians of the University's information, all employees must adhere to established procedures to ensure that they use the University's information only as required by the normal functions of their duties and that they safeguard it properly according to its sensitivity, proprietary and/or critical nature.

#### IV. PROTECTED PERSONAL INFORMATION

Protected Personal Information (PPI) is personally identifiable data that must be protected through contractual and/or legal specifications, as mandated by CMU's Institutional Review Board (IRB), and/or specified in state or federal law. The types of data included in the category are, but are not limited to, individual financial records, social security numbers, academic records, disciplinary records, credit card information, proprietary data protected by law or international agreement, personal intellectual property that might be housed for academic reasons on University computing resources, and research data including data and consent from research subjects. PPI does not include published directory information or information that is lawfully made available to the general public from federal, state or local government records. Any questions concerning which university data constitute PPI should be forwarded to the CMU Office of the General Counsel.

Unless required by law, approved by the appropriate vice president, or approved by IRB, Social Security numbers, credit card numbers, or other PPI must not be collected or stored. (See related policies below.)

CMU's preference is that OIT-administered systems be used to process and store digital PPI. Digital PPI may be stored on unit-administered servers if, and only if, such systems are maintained by appropriately trained personnel and are registered with OIT through CMU's [Internet-Facing Server Registration Requirements](#). If digital PPI must be stored elsewhere in the unit, it must be encrypted. Encryption is an easy process, and encryption software is available through the CMU Help Desk.

PPI should only be distributed through approved university email accounts (i.e. "cmich" accounts). Email containing PPI needs to reside solely within the university email system and must not be transferred or forwarded to email systems external to CMU.

University departments must regularly re-evaluate their plans for acquisition, use, and safeguarding of PPI in conformance with this policy. Templates and guidelines for the development and implementation of such plans can be obtained from the Office of Information Technology.

CMU users must report any possible exposure of PPI. Possible exposure includes any incident in which the security of a computer or physical system is compromised, including theft or loss of a computer, storage device, or any other medium on which unauthorized person(s) might be able to access, copy, or read data files containing PPI. It does not include normal use by authorized employees or University business partners.

Reports of possible exposure of PPI may be made by email to the CMU Security Incident Response Team (CMU-SIRT) at [security@cmich.edu](mailto:security@cmich.edu) or by phone to the Chief Information Officer (CIO) in the Office of Information Technology at 989.774.1474. The CMU-SIRT and CIO will follow the procedures described in the Digital Incident Notifications Protocol, [System Compromise, Loss, or Theft - Resolution Process](#), to investigate and escalate the matter appropriately. If necessary, CMU will use this same protocol to notify any affected individuals or other entities.

Board Policy  Administrative Policy  Procedure  Guideline

**BACKGROUND:**

It is the responsibility of the SAP Security Administrator(s) to ensure that any and all access to the University's SAP system and related SAP solutions is given to the appropriate persons through the necessary authorization levels, approvals and documentation.

**PURPOSE:**

This policy is intended to provide insight for establishing proper authorizations, rights and responsibilities related to the various modules of the SAP Enterprise information system.

**DEFINITIONS:**

**SAP Enterprise:** Integrated information system housing university financial, employment and student business and academic data.

**FI:** SAP Finance module, including sub-modules for financial accounting, controlling, funds management, accounts payable, cash management, grant accounting, plant maintenance, materials management and asset management.

**HR:** SAP Human Resource module, including sub modules for payroll, time management, benefits, personnel, training and event management, organizational management, travel management, and manager's desktop.

**SLCM:** SAP Student Life Cycle Management, including student administration, admissions, student accounting, academic structure, registration and event planning.

**Data Ownership:** Security Administrators need to seek approval from data owners (Directors of departments related to modules) prior to giving non-standard access to users external to the data owner's department. For example: access to student data is not to be given to a non-student administrative department without authorization from the Registrar.

<u>Process</u>	<u>Sub Module</u>	<u>Owner</u>
Data / Transaction Request	SLCM – Student Administration	Registrar
Data / Transaction Request	SLCM – Admissions	Admissions Director
Data / Transaction Request	SLCM – Student Receivables	Receivables Director
Data / Transaction Request	FI	Asst. Controller Financial Reporting
Data / Transaction Request	MM & Logistics	Purchasing Director

Authority: George E. Ross, President

History: None

Indexed as: SAP Security – Authority, Rights & Responsibilities; Security – SAP Enterprise Information System; Enterprise Information System.

Title/Subject: **SAP SECURITY - AUTHORITY, RIGHTS & RESPONSIBILITIES**

---

Data / Transaction Request	HR	Employment Director
Data/Transaction Request	Benefits/HIPAA Data	Benefits Director
Data / Transaction Request	Payroll/Time	Asst. Controller Financial Services

**POLICY:**

Levels of access are broken down into six areas:

1. **Standard** - Access to DISPLAY basic University information, primarily public financial information. This access level is generally granted to any non-student university employee that requests it.
2. **Department level and/or position based** – This level of access is defined in collaboration between the Security Administrator and the Department Manager/Director, and applies to the specific duties/functions and responsibilities of the user/job.

When a new position based role is created, it is defined in collaboration with the necessary supervisor and if needed, data owner. Once established, future occupants (employees) of that job will inherit the position based security associated with that job with only their supervisor approval on the SAP User Account Request form.

Over time a position may change, and may need a different level of position based access. Responsibility for this type of change lies with the supervisor. The supervisor must again collaborate with the SAP Security Administrator on any and all necessary changes to the employee’s position based security.

3. **Custom** – This is generally a level of access when job functions require data access outside of their work department. For example, some users in the SAC may have limited HR access to verify employment and/or family relationships for membership signup.
4. **Legal** – This level of access pertains specifically to data that is considered to have a policy owner and legal ramifications. This level of access is highly limited and is defined with the three following policy/owners:
  - **HIPAA** – HIPAA POLICY OFFICER
  - **FERPA** – FERPA POLICY OFFICER
  - **Social Security Number** – HR/Registrar
5. **Basis Access** – Basis is the Business Application Software Integrated Solution. The Basis team administers the Netweaver layer, operating system and database on which the SAP Enterprise Application runs. The Basis team is responsible for configuring the SAP environment, landscape, application servers and installing/activating core SAP modules and enhancements. There is a very high level of access with the SAP Basis security role. It should be limited to users that need this full level of high access. Users needing only specific parts of this access should be given just the specific parts that they need to perform their job.
6. **Conflicts of Interest / Internal Control Issues** – This level of access should be avoided if at all possible. Questions/concerns pertaining to this should be directed to the Assistant Controller Financial Services or Assistant Controller Financial Reporting.

Board Policy  Administrative Policy  Procedure  Guideline

---

#### **BACKGROUND:**

Central Michigan University ("CMU") has developed this Identity Theft Prevention Program ("Program") pursuant to the Federal Trade Commission's Red Flags Rule ("Rule"), which implements Section 114 of the Fair and Accurate Credit Transactions Act of 2003. This program was developed with oversight of the CMU Red Flag Committee and approval of the CMU Board of Trustees. After consideration of the size of CMU's operations and account systems, and the nature and scope of CMU's activities, the Board of Trustees determined that this Program was appropriate for CMU, and therefore approved this Program on April 23, 2009.

#### **PURPOSE:**

The purpose of this policy is to establish an Identity Theft Prevention Program designed to detect, prevent and mitigate identity theft in connection with the opening of a "covered account" or an existing "covered account" (defined below) and to provide for continued administration of the Program. The Program shall include reasonable policies and procedures to:

1. Identify relevant red flags for covered accounts CMU offers or maintains and incorporate those red flags into the Program;
2. Detect red flags that have been incorporated into the Program;
3. Respond appropriately to any red flags that are detected to prevent and mitigate identity theft; and
4. Ensure the Program is updated periodically to reflect changes in risks to students, staff, and faculty and to the safety and soundness of the creditor from identity theft.

The program shall, as appropriate, incorporate existing CMU policies and procedures that control reasonably foreseeable risks.

#### **DEFINITIONS:**

1. **Identify theft** means fraud committed or attempted using the identifying information of another person without authority.
2. **Sensitive information** means any information contained in a covered account that, if obtained, could lead to the commission of identity theft. Examples of sensitive information are listed below.

---

Authority: David Burdette, VP FAS

History: None

Indexed as: Fraud; Theft Prevention; Red Flags Rule; Credit Transactions; Sensitive Information

Title/Subject: **OBIDENTITY THEFT RED FLAGS**

---

3. A **covered account** means: an account that a creditor offers or maintains, primarily for personal, family, or household purposes that involves or is designed to permit multiple payments or transactions. Types of covered accounts at CMU are listed below.
4. A **red flag** means a pattern, practice or specific activity that indicates the possible existence of identity theft.

**POLICY:**

CMU has identified numerous types of accounts containing sensitive information, which are covered accounts administered by the College. There are also six types of accounts that are administered by a third-party service provider.

College covered accounts include, but are not limited to:

- Admissions
- CMU Police (parking)
- University Recreation
- Educational Materials Center
- Central Mailroom
- Athletics
- Beaver Island
- Bookstore
- Carls Center
- Central Box Office & University Events
- Development
- Gay & Lesbian Programs
- Grad Studies
- HEV
- Honors Program
- Human Development Clinic (Counseling & Special Ed)
- Human Growth & Development Lab (HEV)
- IT
- Office of International Education
- Public Broadcasting
- Public Relations & Marketing
- Receivable Accounting
- Residence Halls
- Recreation, Parks, & Leisure Services Administration
- Sport Camps (Athletics)
- Student Publications (CM Life)
- Teacher Education & Professional Development

Service provider covered accounts include, but are not limited to:

- UAS
- Money Network (Meta Bank)
- GRC
- Recovery Management Services
- American Collection Systems
- Nelnet Business Solutions

Title/Subject: **OBIDENTITY THEFT RED FLAGS**

---

The Program considers the following risk factors in identifying relevant red flags for covered accounts:

1. The types of covered accounts as noted above;
2. The methods provided to open covered accounts-- acceptance to CMU and enrollment in classes requires all of the following information:
  - a) Common application with personally identifying information
  - b) High school transcript
  - c) Official ACT or SAT scores
  - d) Entrance Medical Record
  - e) Medical history
  - f) Immunization history
  - g) Insurance card
3. The methods provided to access covered accounts;
4. CMU's previous history, if any, of identity theft.

The Program identifies the following red flags:

1. Documents provided for identification appear to have been altered or forged;
2. The photograph or physical description on the identification is not consistent with the appearance of the student presenting the identification;
3. A request made from a non-CMU issued E-mail account;
4. A request to mail something to an address not listed on file; and
5. Notice from customers, victims of identity theft, law enforcement authorities, or other persons regarding possible identity theft in connection with covered accounts
6. Alerts, notifications, or warnings from a credit reporting or monitoring agency

The above factors are not exhaustive; other factors can be considered in identifying red flags.

The Program shall provide for appropriate responses to detected red flags to prevent and mitigate identity theft. The appropriate responses to the relevant red flags are as follows:

1. Deny access to the covered account until other information is available to eliminate the red flag;
2. Contact the student;
3. Change any passwords, security codes or other security devices that permit access to a covered account;
4. Notify law enforcement (if appropriate); or
5. Determine no response is warranted under the particular circumstances.

**PROCEDURE:**

Responsibility for developing, implementing and updating this Program lies with the office of the Associate Vice President for Financial Services and Reporting. The Program Administrator will be responsible for the Program administration, for ensuring appropriate training of College's staff on the Program, for reviewing any staff reports regarding the detection of Red Flags and the steps for preventing and mitigating Identity Theft, determining which steps of prevention and mitigation should be taken in particular circumstances and considering periodic changes to the Program.

This Program will be reviewed at least yearly, and updated if necessary to reflect changes in risks to students and the soundness of CMU from identity theft. At least once per year, the Program Administrator will consider the College's experiences with identity theft, changes in identity theft methods, changes in identity theft detection and prevention methods, changes in types of accounts the College maintains and changes in the College's business

Title/Subject: **OBIDENTITY THEFT RED FLAGS**

---

arrangements with other entities. After considering these factors, the Program Administrator will determine whether changes to the Program, including the listing of Red Flags, are warranted. If warranted, the Program Administrator will update the Program.

College staff responsible for implementing the Program shall be trained either by or under the direction of the Program Administrator in the detection of Red Flags, and the responsive steps to be taken when a Red Flag is detected.

The College shall take steps to ensure that the activity of a service provider is conducted in accordance with reasonable policies and procedures designed to detect, prevent and mitigate the risk of identity theft whenever the organization engages a service provider to perform an activity in connection with one or more covered accounts.

*Central Michigan University reserves the right to make exceptions to, modify or eliminate this policy and or its content. This document supersedes all previous policies, procedures or guidelines relative to this subject.*

### Section I - Summary of Auditor's Results

#### Financial Statements

Type of auditor's report issued: Unmodified

Internal control over financial reporting:

- Material weakness(es) identified?  Yes  No
- Significant deficiency(ies) identified that are not considered to be material weaknesses?  Yes  None reported

Noncompliance material to financial statements noted?  Yes  No

#### Federal Awards

Internal control over major programs:

- Material weakness(es) identified?  Yes  No
- Significant deficiency(ies) identified that are not considered to be material weaknesses?  Yes  None reported

Type of auditor's report issued on compliance for major programs: Unmodified

Any audit findings disclosed that are required to be reported in accordance with Section 510(a) of Circular A-133?  Yes  No

Identification of major programs:

CFDA Numbers	Name of Federal Program or Cluster
84.033, 84.038, 84.268, 84.007, 84.063, 84.379 84.047A, 84.217A 84.027	Student Financial Assistance Cluster TRIO Cluster Special Education Cluster (IDEA)

Dollar threshold used to distinguish between type A and type B programs: \$300,000

Auditee qualified as low-risk auditee?  Yes  No

# Central Michigan University

## Schedule of Findings and Questioned Costs (Continued) Year Ended June 30, 2014

### Section II - Financial Statement Audit Findings

None

### Section III - Federal Program Audit Findings

Reference

Number

Finding

2014-001 **Program Name** - Student financial assistance cluster (84.033, 84.038, 84.268, 84.007, 84.063, 84.379)

**Pass-through Entity** - N/A

**Finding Type** - Significant deficiency

**Criteria** - Changes in a student's status are required to be reported to the National Student Loan Data System (NSLDS) or the guaranty agency within 30 days of the change or included in a student status confirmation report sent to NSLDS within 60 days of the status change (34 CFR Section 682.610).

**Condition** - Testing identified students whose status changes were reported after 60 days of the withdrawal or graduation date.

**Questioned Costs** - None

**Context** - Of the 40 students selected for status change testing, two of those students did not have a status change reported in a timely manner. The two students reported late were unofficial withdrawal students.

**Cause and Effect** - The University runs two unofficial withdrawal reports at the end of each semester to identify students that unofficially withdrew during the semester. The withdrawal information is sent to the registrar's office which submits the standard monthly status change reports to the National Student Clearinghouse and ultimately NSLDS. The University did not have processes and controls in place to ensure all unofficial withdrawals that occurred near the end of the semester were reported to NSLDS within the required timeframe.

**Recommendation** - The University should implement controls to ensure timely reporting of all student status changes.

**Views of Responsible Officials and Planned Corrective Actions** - The University agrees with the finding and will implement controls to ensure timely reporting of all withdrawn students. Going forward, the University will use the same reporting process for all students. This system will capture and identify official and unofficial withdrawals to allow for timely reporting of any enrollment changes in status.

Federal Compliance Document Evidence  
35. Schedule of Findings FY 2015 A-133 0615 Final

Reference  
Number

Findings

2015-001

**Summary of Issue**

A school must offer any post-withdrawal disbursement of loan funds within 30 days of the date the school determined the student withdrew. A school must always return any unearned Title IV funds it is responsible for returning within 45 days of the date the school determined the student withdrew. Testing identified 3 out of 40 students who did not have their funds returned within the required 45 day period.

**Corrective Action Planned**

Students were identified as withdrawals on May 22, 2015. From May 29 through June 18, Warriner Hall was closed for asbestos abatement. Return calculations were completed and sent to financial aid by June 26 for the three students identified. Between then and July 10, when funds were returned (49 days after determination), there were no financial aid adjustments made due to fiscal year-end processing procedures.

The University will implement a process moving forward where the dates that returns are required to be posted by in order to meet the 45 day requirement will be clearly indicated when return of Title IV paperwork is provided to financial aid. The University will also allow for special financial aid adjustment files to be run when procedural conflicts arise that may delay the refunds.

**Contacts**

Cynthia Rubingh, Director  
Bethany Hawkes, Systems Analyst  
Student Account Services & University Billing

**Anticipated Completion Date**

This process will be in place for the Fall 2015 semester.

## Scholarships and Financial Aid

Continuing Students New & Transfer Students Graduate Students Parents Global Campus Students CMED

CentralLink > Enrollment & Student Services > Scholarships and Financial Aid > PRIVATE STUDENT LOANS

### PRIVATE STUDENT LOANS

Financing a college education is a concern for many families. While most financial aid packages will include student loans, federal subsidized and unsubsidized loans may not cover the total cost of college expenses. Private student loans are an option to help students and parents bridge the gap between what federal aid and institutional aid may cover and what a student needs financially to attend Central Michigan University.

Before applying for a Private Student Loan, consider the following:

- **FIRST, FILE YOUR FAFSA.** We strongly suggest that you file a FAFSA and take advantage of all federal aid offered before pursuing a private student loan. Interest rates on federal loans are typically much lower than what you will find in the private student loan market. Federal student loans are at 4.66% (fixed) for Undergraduate students and 6.21% (fixed) for Graduate students. The Parent PLUS Loan's interest rate is 7.21% (fixed) for 2014-2015. Private loan options can vary between 4.75-12.99%, depending on the credit score of the applicant(s).
- **HOW MUCH DO I NEED TO BORROW?**
  - Borrowing to pay for housing costs and tuition or books is absolutely acceptable. Borrowing, however, to purchase a new iPod or phone or to go on a spring break vacation is not. Live like a student now so that you don't have to later!
- **ELIGIBILITY:**
  - Is a Cosigner required?
    - Private student loans are offered by private financial corporations to students based on their credit score. Unless you have been employed full time for at least two years and have established good credit history, it is unlikely that you will be approved for a private student loan without a credit-worthy cosigner.
  - Does the lender require that you be a degree-seeking student?
  - Does the lender require that you be maintaining Satisfactory Academic Progress?
  - Does the lender require a minimum enrollment to borrow?
- **INTEREST RATES:**
  - Does the lender offer fixed or variable rates?
    - Fixed rates remain the same for the life of the loan.
    - Variable rates are subject to change periodically throughout the life of the loan. Variable rate loans usually have a "ceiling" and a "floor" which is the highest and lowest the variable rate can go. The ceiling on private loans right now can be as high as 12% with some lenders.
      - If the rate is variable, how often does the rate change? Some lenders will vary the rate annually, some quarterly, and some monthly.
- **FEES:**
  - Does the lender charge any origination or loan processing fees?
- **REPAYMENT OPTIONS:**
  - Do you have to make payments while in school?
  - How long do you have to pay the loan back?
  - Do you get a better interest rate if you choose to make payments now or if you

choose a shorter repayment period?

- COSIGNERS
  - Is there a cosigner release option? If so, how does it work and how long does the borrower have to pay before the cosigner can be released?
  - Are the rates lower or terms better with a cosigner?
- LOAN LIMITS
  - Does the lender have a loan minimum that I must borrow?
    - Most lenders have a minimum amount of \$1000 that must be met before a private loan can be processed.
  - Is there a maximum that I can borrow for the year?
    - Private loan borrowing is limited to the Cost of Attendance set by CMU minus other aid.
  - Is there a maximum that I can borrow throughout my time in school?
    - Some, but not all, lenders do set aggregate limits for their loans. This would give you a limit as to how much you could borrow for your undergraduate or graduate degree.

#### Whom should I borrow from?

CMU will process a private student loan from any lending institution. We do not suggest any one lender over another. For help comparing different private student loan lenders, please go to [www.finaid.org/loans/privatestudentloans.phtml](http://www.finaid.org/loans/privatestudentloans.phtml).

#### When should I apply?

Private student loans take between 4 and 6 weeks to process so applying early is very important. Please see below for suggested application dates.

<u>Semester</u>	<u>Apply by</u>

Fall Only	June 15
Spring Only	November 15
Summer	April 1

#### Loan Period Dates

##### 2014-2015 Academic Year:

Spring 2015 Only: 12/22/2014-05/09/2015

Summer 2015: 05/09/2015 - 08/24/2015

##### 2015-2016 Academic Year:

Fall/Spring 2015-2016: 08/25/2015 - 05/10/2016

Fall 2015 Only: 08/25/2015-12/30/2015 Spring 2015

Spring 2016 Only: 12/22/2015 - 05/10/2016

#### BORROWING SENSIBLY

Although an alternative loan is a convenient source of additional funding for your education, it is important to budget and borrow carefully:

- Consider ways to keep your costs down in order to limit your total loan debt.
- Once you decide to borrow, borrow only what you need, because you must repay loans, with interest.
- Before you borrow, it is wise to estimate both the amount of debt you may be able to afford and the potential monthly loan payment you can expect after you graduate.
- Also, take very seriously the responsibility of borrowing and repaying an educational loan:
- Be sure to read and understand the terms and conditions on your promissory note. You are agreeing to repay the loan with all the accrued and capitalized interest and deducted fees.
- It is your responsibility to read and keep all your records and contact your lender regarding any changes in your status as a student.
- You are obligated to repay your loan regardless of whether you complete your

- You are obligated to repay your loan regardless of whether you complete your education, are satisfied with your education, or are able to find a job.
- Alternative loans can be consolidated but not in combination with Federal loans. The two loan types must be consolidated separately.

How conscientiously you make payments on your student loan will affect your ability to borrow for a car, a house, or other purchases in the future. If you are late with your student loan payments, it will have a negative effect on your credit history. On the other hand, repaying your student loan on time can help you establish and maintain an excellent credit history.

### Central Alert

#### Emergency Notification System

**Central Alert**

Central Michigan University is committed to the safety and well-being of everyone in the university community. Under the leadership of its Crisis Core Group, CMU is implementing measures to enhance communication in the event of an emergency. If an emergency occurs that may delay operations or close the university, all students, faculty, and staff currently are notified via e-mail to their CMU e-mail address. In addition, CMU now offers an emergency notification system – Central Alert – to provide information to users by phone, e-mail, or text messaging. To receive emergency news alerts, all interested students, faculty and staff must register to participate in the Central Alert system. Students, faculty and staff will be asked to provide their direct contact information to ensure they will be notified in the most timely manner. This emergency contact information may include an alternate e-mail address, home phone number, cell phone number, and/or SMS (text).

**To Register/Unregister:**

You need to sign into CentralLink, click the My Account link, click CentralAlert, and add/update/take out your information. Students have the option to opt in or opt out for Central Alert. You can also use this link:

- Register/Unregister

If you have any problems please contact the Office of Information Technology Help Desk at (517) 774-3662, or visit their web site for an on-line chat session by clicking here.

40. Security and Fire Safety Report 2014

## Annual Security and Fire Safety Report

October 2014

The Central Michigan University Police Department works in partnership with the entire university community to maintain a safe, secure and orderly living and learning environment. The CMU Police Department offers a diverse group of highly trained sworn police officers who are certified by the State of Michigan. Our department frequently participates in cooperative efforts with other area police agencies and maintains close working relationships with them.

Our department offers other valuable services in addition to traditional policing, which include speaking to student groups and providing night time escorts.

We work very hard at keeping our campus safe while also continuing to be a service-oriented department. With the help of the university community, we have had much success at both.

William Yeagley

## ***Overview of the Central Michigan University Police Department***

Central Michigan University is committed to maintaining a safe and secure campus. The university has established the CMU Police Department to take the lead in ensuring a safe campus. However, a safe and secure campus can only be achieved with the cooperation of all members of the university community. Students, employees and visitors are encouraged to be alert, take precautions, and report crimes and suspicious activities immediately.

The CMU Police Department handles reports and investigates crimes that occur on the main campus. The department consists of sworn police officers certified by the Michigan Commission on Law Enforcement Standards. Officers receive full police authority through Act 120 of the Michigan Public Acts of 1990, as well as deputization through the Isabella County Sheriff. These police powers include the ability to arrest. The department is staffed and operates 24-hours a day, 7-days a week—including 24-hour dispatching. Patrol jurisdiction includes all campus property, as well as surrounding streets and neighborhoods in the community.

The CMU Police Department works closely with area law enforcement agencies, including: Mount Pleasant Police, Isabella County Sheriff Department, Saginaw Chippewa Tribal Police, Village of Shepherd Police, Michigan State Police, and Sherman Township Marshall's Office.

## ***Police and Parking Services Summary***

In addition to the traditional police services which include patrol, incident response, and crime prevention, the CMU Police Department offers a variety of other services to assist in keeping the community safe and secure. Please visit our website for more details on our available services. Public access is available online at [www.police.cmich.edu](http://www.police.cmich.edu) or through the CentralLink portal for students, faculty and staff.

**PARKING SERVICES:** The Parking Services division of the CMU Police Department distributes parking permits and maintains all related records. This area is also responsible for daily customer service to our campus community and associated record keeping and collection efforts related to parking tickets. Parking Services can be located online through our main website, calling 989-774-3083, or emailing [parking@cmich.edu](mailto:parking@cmich.edu).

**EVENT PARKING PLANNING:** If you are planning a special event such as a conference, concert, dance, or sporting event, please contact us as early as possible prior to the event. The Special Events Coordinator at the CMU Parking Services Office will reply with any questions or concerns regarding your event. This communication will help your visitors have a pleasant experience while on the Central Michigan University campus.

**BICYCLE REGISTRATION:** There is no cost for a bicycle permit. Bicycle permits must be obtained online and are mandatory for all bicycles on campus. Upon registering online for your bicycle permit, the CMU Police/Parking Services Office will process your request and mail your bicycle permit to the selected address in approximately 4-7 working days. All permits must be properly affixed to your bicycle before they are considered valid.

**SAFE RIDES ESCORT SERVICE:** Safe Rides is a free service provided to students who are concerned about walking alone on campus in the dark. Safe Rides is offered from 6:00 p.m.-2:00 a.m. seven days a week. This service operates when school is in session. More than 15,000 students are escorted by our Safe Rides program annually. Check the police department website for further information about our Safe Rides program.

**COMMUNITY POLICING OFFICERS:** The CMU Police Department is fortunate to have two full-time Community Policing Officers (CPO) assigned to the Residence Halls. The role of a CPO is to educate and promote safety in the Residence Halls and to maintain a high level of interaction with their community.

**LOST AND FOUND PROPERTY:** CMU lost and found items are managed by CMU Police staff and pick-ups can be scheduled by academic and administration buildings throughout the year. Items are processed and held at the CMU Police Department for 90 days or until the item is reunited with the rightful owner. All unclaimed items are donated or sent to be sold at a CMU surplus sale. Proceeds from these sales are contributed to several scholarships awarded to CMU students. Check the police department's website for more detailed information including a searchable inventory query. Our Lost and Found department can also be reached at [cmulostfound@cmich.edu](mailto:cmulostfound@cmich.edu).

## ***Reporting Procedures for Crimes and Suspicious Activities***

**ON-CAMPUS LOCATIONS:** *When emergencies or crimes occur on campus, you should call 911. For non-emergency situations on campus, the CMU Police Department may be reached at 989-774-3081. Staff members in several campus offices are also responsible for notifying the CMU Police Department when criminal acts come to their attention. If you are the victim of a crime, or are aware of criminal activity please contact the CMU Police Department immediately. If a victim of crime is physically or mentally unable to report, please consider assisting them by contacting the police.*

**NON-CAMPUS PROPERTY & OFF-CAMPUS LOCATIONS:** Incidents and emergencies that occur near campus, but not on university property should be reported to Isabella County Central Dispatch. *In an emergency please call 911. Nonemergency situations should be reported by calling 989-773-1000.*

It is important that crimes be reported to law enforcement, whether on or off campus. Police agencies will investigate the reported crimes, ensure the safety of the community, and work toward prosecution of the suspect(s) involved.

The CMU Police Department is responsible for assessing the severity of an incident and notifying the university community when needed. The CMU Police Department is also responsible for gathering annual crime statistics to be disclosed publicly and reported to the United States Department of Education.

**CONFIDENTIAL OR ANONYMOUS REPORTING:** You may report a crime confidentially or anonymously. It should be known, however, dependent on the incident and subsequent court proceedings, one's anonymity cannot be completely guaranteed. Criminal incidents, including those reported anonymously or confidentially are still considered in annual statistics and submission to the federal government. You can anonymously or confidentially report a crime via the CMU Police Department website.

In certain situations, some parties are exempt from mandatory reporting. Examples include pastoral counselors or professional, certified counselors. All members of CMU (faculty, staff and students) are still encouraged to report crimes and suspicious activities to the CMU Police Department. It is important that law enforcement receive information regarding crime in order to keep the community safe and assess the need for warnings.

### ***Timely Warning / Emergency Messaging Procedures***

Central Michigan University utilizes a variety of processes and systems to disseminate emergency messages and timely warnings to the campus community.

*CMU Students, faculty, and staff are encouraged to register to receive emergency messages at [myaccount.cmich.edu](http://myaccount.cmich.edu). You must "opt-in" to receive messages through the Central Alert system.*

An emergency situation will be evaluated and confirmed by the CMU Police Department. Based on credible facts, a determination will be made regarding the appropriate segment(s) of campus to receive the message. An emergency notification and its content will be authorized by the CMU Police Department command/administration and will be sent by the department.

Once an emergency situation that poses an immediate threat has been determined, an emergency notification will be sent to those people/areas affected by the situation. This message will be initiated without delay, taking into account the safety of the community. Messages will be sent unless doing so will compromise assistance to victims or negatively impact the emergency at hand. Emergency messages are able to reach people via cell phone, landline phone, email, text message, as well as classroom/outside public address speakers.

In the event of an emergency situation, there will be subsequent messages sent out as well—including a message to indicate the incident is "all-clear."

In many cases, the CMU Police Department Crime Alerts website ([cmich.edu/crimealerts](http://cmich.edu/crimealerts)) will be updated in a timely fashion with more detailed information regarding the incident. *Everyone is encouraged to visit and bookmark the website for emergency information and crime alerts.*

If an incident occurs which doesn't rise to the level of posing an immediate threat but is still of concern for the community, the university will notify students, faculty and staff using other means such as mass email, posted fliers and website updates.

The Police Department has also recently started to utilize Twitter to disseminate notifications, warnings, and other types of information. Everyone is encouraged to follow the CMU Police Department on Twitter (username: @cmupd).

## ***Emergency Evacuation Procedures and Policies***

Each building on CMU's campus has a published evacuation process. These specific plans are available at the Environmental Health and Safety website (direct link: <http://bit.ly/1CPEHER>). These plans should be followed unless the CMU Police Department directs otherwise. Reasons for deviating from the plan may include circumstances which could impact the safety of those occupying the building. In all areas, employees and staff are responsible for maintaining order as much as possible for fast and efficient evacuation. Evacuation procedures that apply to any facility include:

- Exit the building using the nearest stairs and go out the nearest door.
- Do NOT use an elevator to evacuate during a fire.
- After exiting, proceed to the designated meeting area for your building.
- Do NOT re-enter the building until instructed to do so.
- Building floor plans are posted accordingly within each campus building.
- Individuals who need assistance should PLAN IN ADVANCE, if possible. This includes notifying hall directors or building coordinators.

Emergency testing, response, and evacuation procedures are tested annually across the campus buildings and facilities. This includes various drills and exercises such as fire drills, Police training and table-top exercises. Documentation is maintained jointly by the Environmental Health and Safety office and the CMU Police Department.

## ***Off-Campus Property***

Through working closely with local law enforcement, the CMU Police Department monitors and records criminal activity that occurs in various off-campus locations owned or controlled by the university. This includes locations occupied by fraternities, sororities, and other registered student organizations. Criminal incidents which occur at these locations are included in our annual crime statistics in the “non-campus property” classification.

CMU Global Campus facilities are also monitored. Crime statistics and policy differences appear in a later section of this document.

## ***Access to Campus Facilities / Monitoring***

**ADMINISTRATIVE/ACADEMIC:** Buildings and offices are locked and unlocked by Facilities Management staff. The time for locking and unlocking is established by the building coordinator and is dependent on usage schedules. Access to locked buildings and offices is allowed via key or approval of the building coordinator/department head.

Keys are issued to faculty and staff through their department chairs, supervisors, or building coordinators. The Plant Engineering and Planning office issues keys for contractors in construction areas. Individuals are NOT permitted to duplicate keys to university facilities.

**RESIDENTIAL FACILITIES:** Residence halls are typically locked from midnight to 7:00 a.m. every day. Outside doors to these buildings are locked at other hours, and access is available only through admittance by hall staff. Individual residence hall councils may modify these hours with the approval of the Residence Life Office. Every hall, or set of residence halls, has staff who patrol the building during late night and early morning hours.

**ELECTRONIC ACCESS CONTROL:** The majority of CMU's main campus uses traditional key access control. Many locations have been migrating to electronic access control, which allows for better tracking of occupants. This also helps with lost keys. At this time when a key is lost, all affected lock cores are replaced and the key-owner is charged a fee.

**VIDEO SURVEILLANCE AND ALARMS:** There are more than 400 surveillance cameras on CMU's main campus which can be monitored 24-hours a day. These cameras are in various locations on campus, including academic, administrative, and residential buildings, as well as parking areas. There are also a variety of alarm systems in place which allow officers to be dispatched quickly in the event of activation.

## ***Maintenance of Campus Facilities***

Reported maintenance problems that pose a threat to safety and security (such as broken locks or ground-level windows) are given priority. To report building maintenance issues please call Facilities Management at (989) 774-6547. The CMU Police Department is also able to implement temporary measures until priority maintenance issues are resolved.

To report out-of-service lighting please call the above number. Try to relay the number on a light pole or fixture. Outside lighting is also considered a security concern and will be prioritized accordingly.

## ***Educational Programs***

The CMU Police Department presents crime prevention and other related programs to students at scheduled times. These programs are also available upon request. Requests should be made to Lt. Cameron Wassman via email ([wassm1cd@cmich.edu](mailto:wassm1cd@cmich.edu)). Programs may focus on general

safety and crime prevention or on specialized topics including alcohol awareness and programs geared toward children. Programs that reach the largest audience include:

**College Life and the Law.** This program is presented each year to ALL incoming freshmen and transfer students during their first weekend on campus. Content includes steps to keep themselves and their property safe, how to avoid negative interactions with law enforcement, and how to follow housing rules and regulations.

**Campus and Community Safety.** This program is presented annually to the parents of all incoming students, over the course of the summer orientation weeks. Content includes disclosure and discussion of crime in our area, as well as prevention methods. Services offered by local law enforcement are outlined, and there is also the opportunity for candid questions and answers from the panel of presenters.

**Stay Safe!** This program is presented on-demand and can be modified for the given audience (faculty, staff, or students). Content includes basic steps for personal safety, a detailed discussion on what crimes occur most frequently in our area, and discussion on resources available at CMU. There is also a segment on workplace violence for faculty/staff audiences.

**PROGRAMS IN ADDITION TO THOSE OFFERED BY POLICE:** In addition to the programs offered by the CMU Police Department, residence hall staff members present programs to inform students of ways to avoid crime and report incidents. These programs address rape/sexual aggression, telephone harassment, self-defense, substance abuse, door-locking campaigns, and other informative topics related to safety.

The Environmental Health and Safety office also presents programs frequently to the entire campus community. Their sessions cover fire safety, weather safety, hazardous materials safety, and evacuation procedures. Often CMU Police present in conjunction with their office.

## ***Alcohol and Drug Policy***

The unlawful manufacture, distribution, dispensation, possession, or use of controlled substances is prohibited on any CMU-owned or controlled property. It is the intent of CMU to provide a drug-free, healthy, safe, and secure environment.

Central Michigan University (CMU) is committed to providing a campus environment free of the abuse of alcohol and illegal use of alcohol and other drugs. In addition, CMU is required by the Drug-Free Schools and Communities Act Amendments of 1989 to adopt and implement a program to prevent the illicit use of drugs and the abuse of alcohol by students and employees. The program must contain standards of conduct prohibiting the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees on CMU property or as part of any of its activities; disciplinary and legal sanctions under state, federal, or local law for violation; health risks associated with use of illicit drugs and the abuse of alcohol; a description of any available drug or alcohol counseling, treatment, or rehabilitation or re-entry programs; and a biennial review of the program.

**STANDARDS OF CONDUCT REGARDING ALCOHOL AND DRUGS:** The possession, use, or distribution of illicit drugs and the unlawful possession, use, or distribution of alcohol by faculty, staff, and students on CMU property or as part of a university activity is specifically prohibited by CMU regulations, local ordinances, and by state and federal law.

Section 3.2.13 of the student code of conduct states that a student shall not possess, consume or furnish, or aid in the consumption or furnishing of, alcoholic beverages except as permitted by law and university policy.

It is illegal for a person under 21 years of age to purchase, consume or possess alcoholic liquor. A person less than 21 years of age, who purchases, consumes, possesses or attempts any of the aforementioned as it relates to alcoholic liquor, is guilty of a misdemeanor.

No alcoholic liquors shall be consumed on any public highway, street, alley within this state, nor within the city of Mount Pleasant, in any public place or place of amusement or recreation open to the public not licensed by the state to sell alcoholic liquors. No person shall transport or possess any alcoholic liquor in a container that is open, uncapped, or upon which the seal is broken unless allowed by law, on the public streets, sidewalks or rights of way of the City of Mount Pleasant.

It is a misdemeanor for a person under 21 years of age to knowingly transport or possess alcoholic liquor in a motor vehicle unless the activity is part of the minor's employment by a liquor licensee or other authorized agent of the Liquor Control Commission.

Alcoholic liquor may not lawfully be sold, traded or otherwise furnished to a person under the age of 21 years. It is a misdemeanor to knowingly sell or furnish alcoholic liquor to a person under the age of 21 or to fail to make a diligent inquiry as to whether the person is under the age of 21.

A person who violates these laws is liable for criminal and/or civil penalties including fines or participation in a substance abuse program or both.

The university is committed to providing an environment that is free from the unauthorized or unlawful manufacture, distribution, dispensation or possession of beverage alcohol. Consistent with our educational role, we will provide information and resources on alcohol use and abuse to help faculty, staff, administrators and students make low-risk decisions for themselves regarding the use or non-use of beverage alcohol.

The university encourages individuals with alcohol problems to seek and receive appropriate treatment and assistance, and it will assist them to do so in whatever ways it judges are appropriate. The university offers an employee assistance program that provides confidential help including counseling, treatment and referral services.

**ASSISTANCE REGARDING ALCOHOL OR DRUGS:** Professional assistance is available 24 hours a day to any employee or their dependent. Student counseling services are available at various locations.

The university will work with each employee, employee group, and registered student organization to establish procedures to use when there is reason to believe that alcohol-related behaviors are negatively affecting work or school performance or the university community. Additional information and a list of resources can be found in the following university policy, referencing the “Drug-Free Schools and Communities Act Amendments of 1989” (direct link: <http://bit.ly/YvaXgW>).

## **Crime Statistics & Campus Security Authorities**

Crime statistics are gathered and published by the CMU Police Department annually, to coincide with the reporting requirements of the Department of Education. Crime statistics are gathered for serious crimes and are published within this document. Additionally, arrest statistics are published for alcohol, drug, and weapons offenses.

Crime statistics are gathered over the course of the year, for the PRECEEDING calendar year. Information comes from the following sources:

- CMU Police Department
- Other local law enforcement agencies in the Mount Pleasant area
- The Office of Student Conduct
- The Office of Residence Life
- CMU Human Resources

Various university departments have staff members who are considered to be Campus Security Authorities (CSA's), as designated by the Clery Act. These individuals are trained annually to report crime allegations made in good faith, through the reporting structure established by the institution. Those designated as CSA's receive training annually as it relates to the reporting of criminal activity. Incidents reported by CSA's are included in the tables shown on the following pages.

The crime statistics are a portion of the Annual Security Report (this document) which is available online at [cmich.edu/crimealerts](http://cmich.edu/crimealerts). In addition this document is available in printed format at the following campus locations:

- CMU Police Department (Combined Services Building)
- Office of Student Conduct (Bovee University Center)
- Office of Residence Life (Ronan Hall)
- CMU Welcome Center (Public Broadcasting Building)
- Ticket Central (CMU Events Center)

- Admissions Office (Warriner Hall)

Crime statistics, as submitted to the Department of Education, as well as an overview of the Student Right to Know and Campus Security Act of 1990 (Clery Act) and additions can be found online at [ope.ed.gov/security](http://ope.ed.gov/security).

**DAILY CRIME LOG:** The CMU Police Department maintains a daily crime log. A summary of incidents that occur on CMU's campus and/or involve the CMU Police Department is published online at [cmich.edu/crimealerts](http://cmich.edu/crimealerts). This summary is updated frequently each week and can also be obtained in printed format from the department at the above location.

**ANNUAL CRIME STATISTICS:** The following tables indicate Clery-reportable crimes which have occurred over the past three years. Each statistic must be shown according to geographical area:

**On-Campus:** Any building or property owned or controlled by the institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution's educational purposes, including residence halls. Also included is any building or property within the contiguous area of geography that is owned by the institution but controlled by another person, is frequently used by students and supports institutional purposes.

**On-Campus Residence:** Any student housing facility that is owned or controlled by the institution, or is located on property that is owned or controlled by the institution, and is within the reasonably contiguous geographic area that makes up the campus. *These statistical numbers are also part of the on-campus category/column.*

**Non-Campus:** Any building or property owned or controlled by a student organization that is officially recognized by the institution or any building or property owned or controlled by the institution that is used in direct support of, or in relation to, the institution's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

**Public:** All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus or immediately adjacent to and accessible from the campus.

<b>Offense (Reported By Hierarchy)</b>	<b>Year</b>	<b>On Campus</b>	<b>Non- Campus</b>	<b>Public Property</b>	<b>Total</b>	<b>Residential Facilities *</b>

### **Hate Bias Offenses:**

There were **NO** hate bias offenses within any reportable geography for any reportable crimes regarding bias against race, gender, religion, sexual orientation, ethnicity, disability, national origin, or gender identity in **2011**. This includes crimes of intimidation/stalking, larceny, or damage to property.

There were **NO** hate bias offenses within any reportable geography for any reportable crimes regarding bias against race, gender, religion, sexual orientation, ethnicity, disability, national origin, or gender identity in **2012**. This includes crimes of intimidation/stalking, larceny, or damage to property.

There were **NO** hate bias offenses within any reportable geography for any reportable crimes regarding bias against race, gender, religion, sexual orientation, ethnicity, disability, national origin, or gender identity in **2013**. This includes crimes of intimidation/stalking, larceny, or damage to property.

### **Fire Safety**

**REPORTING OF FIRES:** If a fire of any kind is observed—NO MATTER HOW SMALL—*immediately call 911*. The CMU Police Department and, if needed, the Mount Pleasant Fire Department will respond.

**LOG OF FIRES:** A list of locations where fires have occurred is available online. It is updated when incidents occur. The list can be found on the CMU Police Department website at [cmich.edu/crimealerts](http://cmich.edu/crimealerts).

**RESIDENTIAL BUILDING FIRE SYSTEMS:** Below are the residential buildings on CMU’s campus. Detection, warning, and suppression systems are outlined for each.

**Barnes Hall** – 1301 S. Washington Street

- Detection: Smoke
- Warning: SEE BELOW
- Suppression: Partial Sprinklers

**Beddow Hall** – 100 W. Broomfield Street

- Detection: None
- Warning: SEE BELOW
- Suppression: None

**Calkins Hall** – 300 Hopkins Court

- Detection: None
- Warning: SEE BELOW
- Suppression: Partial Sprinklers

**WARNING SYSTEMS:** All residence halls have manual pull stations near the exits of each building. The pull stations activate audio and visual alarms throughout each respective building.

**FIRE DRILLS:** Each building holds drills during each school year.

- 2013: Six (6) per residence hall.
- 2012: Six (6) per residence hall.
- 2011: Six (6) per residence hall.

Building addresses can be found in previous section (Building Fire Systems).

**SYSTEM IMPROVEMENTS:** The university is evaluating the installation of sprinkler and detection systems in those buildings currently without those systems.

**PORTABLE ELECTRICAL APPLIANCES:** Popcorn poppers, George Foreman grills and other heating and cooking devices may not be used in student rooms. Such devices may be used in the kitchenettes available on every floor. Microwave ovens that are a part of a combined microwave and refrigerator are permitted. Other microwaves are allowed only in Campbell, Kessler, Kulhavi, Celani and Fabiano Halls. They are prohibited in the other 17 halls because of safety concerns and energy usage limits. All electrical appliances must be UL approved. The UL seal must appear on both the appliance and the cord. Coffee pots are allowed.

**SMOKING:** All smoking and tobacco products are prohibited on CMU campus property. This has been made effective July 1, 2014. Hookahs are also prohibited.

**CANDLES, INCENSE AND OPEN FLAMES:** For fire and safety reasons, candles, lanterns and incense are not permitted in the residence hall rooms for any reason.

**HOUSING AREA EVACUATIONS:** The University trains all desk staff, Residence Hall Directors, Resident Assistants, Multicultural Advisors, and Volunteer Safety Assistants annually on emergency procedures which include fire and tornado safety.

The university has Emergency Action Plans (EAPs) for all Residence Halls (in addition to all other university buildings). Each has information regarding the evacuation of the residence hall. Current faculty, staff and students can access EAP's for each university building through the Environmental Health and Safety website (direct link: <http://bit.ly/1AwBO7W>).

**FIRE STATISTICS:** The following pages show the past three years of fire occurrences at residential buildings.

### Residential Building Fires: 2011

	Date	Fire Cause	Number of Injuries	Number of Deaths	Damage Value

### **Missing Students**

If a member of the university community has reason to believe that a student who resides in on-campus housing is missing, he or she should immediately notify the CMU Police Department at 989-774-3081. The CMU Police will generate a missing person report and initiate an investigation.

Should the CMU Police, after investigating the missing person report, determine that the student is missing, other local law enforcement as well as the student's emergency contact will be notified no later than 24 hours after the student is determined to be missing. If the missing student is under the age of 18 (and is not an emancipated individual) notification will be made to

the student's parent or legal guardian immediately after the CMU Police determine the student has been missing for more than 24 hours.

In addition to registering an emergency contact, students residing in on-campus housing have the option to identify, confidentially, an individual to be contacted by CMU in the event the student is determined missing for more than 24 hours. This contact information will only be available to authorized campus officials and law enforcement in furtherance of a missing person investigation. If a student has identified such an individual, CMU will notify that individual no later than 24 hours after the student is determined to be missing. *Students who wish to identify a confidential contact can do so by notifying the Office of Residence Life.*

Regardless of whether the student has identified a contact person, is above the age of 18, or is emancipated, the CMU Police Department (and other local law enforcement) will investigate all reports of missing persons.

## **Sexual Misconduct**

**PREVENTION AND EDUCATION:** An area of concern for colleges and universities across the country is the threat of sexual misconduct. Central Michigan University aggressively addresses avoidance and prevention through mandatory programs for all students, annual Residence Life staff training, and continued updating of policies and procedures to assist survivors and to punish offenders of such assaults.

Students receive information about sexual misconduct through various programs. At academic orientation students receive information regarding sexual misconduct prevention and other related issues. In total more than 80 programs for all members of the CMU community are presented throughout the year in academic classes, university residence halls, and numerous special events.

**REPORTING TO THE POLICE:** If sexual misconduct occurs on campus, persons are encouraged to contact the CMU Police Department immediately by calling 911 or 989-774-3081. If the incident occurs off campus, persons are still encouraged to call 911 from any phone or by contacting Isabella County Central Dispatch at 989-773-1000.

**EVIDENCE PRESERVATION:** It is important that any and all evidence related to a sexual assaultive crime is preserved. The CMU Police Department will assist in evidence collection and preservation as part of their investigation. Timely contact of the police will aid the investigation.

- Avoid showering or bathing after a sexual assault.
- Clothing should be placed in a paper bag (NOT a plastic bag).
- The survivor is encouraged to have a physical exam completed at a hospital.
- If the sexual assault occurred over 96 hours in the past, that person is encouraged to go to University Health Services for examination.

**SURVIVOR ASSISTANCE AGENCIES:** Survivors of sexual assault may receive advocacy and counseling by contacting the following agencies:

- Sexual Aggression Peer Advocates (CMU) 989-774-2255
- Sexual Aggression Services Director (CMU) 989-774-3346
- Counseling Center (CMU) 989-774-3381
- Mount Pleasant Women's Aid (off campus) 989-772-9168
- Listening Ear Crisis Services (off campus) 989-772-2918

**SEXUAL MISCONDUCT POLICIES:** If you are a student, faculty, staff, contractor, guest, or visitor at Central Michigan University, the applicable policies dealing with Sexual Misconduct are:

(1) Equal Opportunity and Affirmative Action Protocol found at [https://www.cmich.edu/office\\_president/OCRIE/pages/Equal\\_Opportunity\\_and\\_Affirmative\\_Action\\_Protocol.aspx](https://www.cmich.edu/office_president/OCRIE/pages/Equal_Opportunity_and_Affirmative_Action_Protocol.aspx)

(2) Code of Student Rights, Responsibilities, and Disciplinary Procedures found at <https://www.cmich.edu/ess/studentaffairs/Pages/Code-of-Student-Rights.aspx>

(3) CMU Sexual Misconduct Policy (forthcoming); and

(4) other applicable employee contracts and handbooks found at [http://www.cmich.edu/fas/hr/hremployeerelations/pages/contracts\\_and\\_handbooks.aspx](http://www.cmich.edu/fas/hr/hremployeerelations/pages/contracts_and_handbooks.aspx)

The major aspects of the policies relating to Sexual Misconduct include the following: (1) how to and who should report Sexual Misconduct; (2) Complainant and Respondent rights; (3) what types of interim measures will be considered by the University, (4) how an allegation of Sexual Misconduct will be investigated; (5) the types of sanctions that can be made by the University; and (6) how to appeal a finding of Sexual Misconduct and any associated sanctions.

The decision making process is made on a case-by-case analysis and depends, in part, on the Complainant's willingness to proceed with the investigation and the nature of the allegations. All determinations about moving forward with an investigation are made by Title IX Coordinator.

The process under these policies can include implementing interim measures, interviewing the Complainant, Respondent, and witnesses, and reviewing evidence. The Complainant and Respondent will be informed simultaneously about the determination, sanction, and appeal. The standard of proof in a case involving Sexual Misconduct is a preponderance of the evidence. CMU endeavors to resolve allegations of Sexual Misconduct within sixty (60) days.

When implemented, the CMU Sexual Misconduct Policy will apply to all investigations. Until then, the Equal Opportunity and Affirmative Action Protocol governs all allegations of harassment and discrimination, including Sexual Misconduct. In addition, if the Respondent is a student, then the sanctions are determined under the Code of Student Rights, Responsibilities, and Disciplinary Procedures. If the Respondent is an employee (either faculty or staff), then sanctions are determined by the applicable employee contract or handbook. If Respondent is a contractor, guest, or visitor, then sanctions are determined by the CMU group responsible for bringing the guest on campus.

Sanctions include, but are not limited to:

1) If Respondent is a Student

- a. **Reprimand:** A written reprimand, including the possibility of more severe disciplinary sanctions in the event of the finding of a subsequent violation of CMU regulations within a stated period of time.
- b. **Restitution:** Reimbursement for defacement, damage to, or misappropriation of property.
- c. **Fines:** Fines may be levied.
- d. **Removal from CMU Housing:** Cancellation of a housing contract and requirement to vacate CMU Housing within a specified period of time.
- e. **Campus Restrictions:** Limitations on the times and/or places where a Respondent may be present on campus.
- f. **Educational Programs:** Participation in educational programs, such as, training, workshops, seminars, or other educational activities.
- g. **Revocation of CMU Privileges:** Revocation of CMU privileges, such as participation in extra-curricular activities, for a definite or indefinite period of time.
- h. **Disciplinary Probation:** Subjection to a period of critical examination and evaluation of behavior.
- i. **No Contact Orders:** Prohibition on all forms of contact with certain people.
- j. **Suspension:** Exclusion from classes and other privileges or activities as set forth for a definite period of time.
- k. **Dismissal:** Permanent termination of student status.

2) If Respondent is Faculty or Staff

- a. **Counseling:** Conversation wherein expectations of appropriate behavior are discussed.
- b. **Educational Programs:** Participation in educational programs, such as, training, workshops, seminars, or other educational activities.
- c. **Verbal Reprimand:** Verbal conversation to clarify the direction for necessary and successful correction of a problem.
- d. **Written Reprimand:** Written documentation of a failure to abide by CMU policy or procedures maintained in the employee's personnel file.
- e. **Revocation of CMU Privileges:** Revocation of CMU privileges, such as participation in extra-curricular activities, for a definite or indefinite period of time.
- f. **Campus Restrictions:** Limitations on the times and/or places where a Respondent may be present on campus.
- g. **No Contact Orders:** Prohibition on all forms of contact with certain people.
- h. **Suspension:** Exclusion from work, with or without pay, and other related activities as set forth for a definite period of time.
- i. **Termination:** Permanent separation of the employment relationship.

3) If Respondent is a Contractor, Guest, Volunteer, etc.

- a. **Trespass Warning:** Notice that future visits to campus may result in a ticket for trespassing.
- b. **Campus Restrictions:** Limitations on the times and/or places where a Respondent may be present on campus.

- c. **No Contact Orders:** Prohibition on all forms of contact with certain people while on campus.
- d. **Relationship Termination:** Termination of the relationship (e.g. contractual, volunteer, sponsorship, athletic booster, donor, etc.) between the Respondent and CMU.

**BEING AN ACTIVE BYSTANDER:** Bystanders play a critical role in the prevention of sexual and relationship violence. They are “individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it.” We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. Below is a list of some ways to be an active bystander. Further information regarding bystander intervention may be found. If you or someone else is in immediate danger, dial 911. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.

1. Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are ok.
2. Confront people who seclude, hit on, try to make out with, or have sex with people who are incapacitated.
3. Speak up when someone discusses plans to take sexual advantage of another person.
4. Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
5. Refer people to on or off campus resources listed in this document for support in health, counseling, or with legal assistance.

**RISK REDUCTION TACTICS:** The following are some strategies to reduce one’s risk of sexual assault or harassment (taken from Rape, Abuse, & Incest National Network, [www.rainn.org](http://www.rainn.org) )

1. **Be aware** of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
2. Try to **avoid isolated areas**. It is more difficult to get help if no one is around.
3. **Walk with purpose**. Even if you don’t know where you are going, act like you do.
4. **Trust your instincts**. If a situation or location feels unsafe or uncomfortable, it probably isn’t the best place to be.
5. **Try not to load yourself down** with packages or bags as this can make you appear more vulnerable.
6. **Make sure your cell phone is with you** and charged and that you have cash money.
7. **Don’t allow yourself to be isolated** with someone you don’t trust or someone you don’t know.
8. **Avoid putting music headphones in both ears** so that you can be more aware of your surroundings, especially if you are walking alone.
9. **When you go to a social gathering, go with a group of friends**. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
10. **Trust your instincts**. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately (local authorities

- can be reached by calling 911 in most areas of the U.S.).
11. **Don't leave your drink unattended** while talking, dancing, using the restroom, or making a phone call. If you've left your drink alone, just get a new one.
  12. **Don't accept drinks from people you don't know or trust.** If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don't drink from the punch bowls or other large, common open containers.
  13. **Watch out for your friends, and vice versa.** If a friend seems out of it, is way too intoxicated for the amount of alcohol they've had, or is acting out of character, get him or her to a safe place immediately.
  14. **If you suspect you or a friend has been drugged, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.).** Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).
  15. If you need to get out of an uncomfortable or scary situation here are some things that you can try:
    - a. **Remember that being in this situation is not your fault.** You did not do anything wrong, it is the person who is making you uncomfortable that is to blame.
    - b. **Be true to yourself.** Don't feel obligated to do anything you don't want to do. "I don't want to" is always a good enough reason. Do what feels right to you and what you are comfortable with.
    - c. **Have a code word with your friends or family** so that if you don't feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.
    - d. **Lie.** If you don't want to hurt the person's feelings it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.
  16. **Try to think of an escape route.** How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?
  17. **If you and/or the other person have been drinking,** you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

## ***Sex Offender Registry***

Law enforcement information concerning registered sex offenders is available publicly through the Michigan Public Sex Offenders Registry (MPSOR). The registry can be accessed online at <http://1.usa.gov/1AwCmut>. The Central Michigan University Police Department works closely with other local law enforcement agencies to ensure compliance of known sex offenders.

## ***Title IX / Civil Rights Information***

CMU, an AA/EO institution, strongly and actively strives to increase diversity and provide equal opportunity within its community. CMU does not discriminate in employment against persons based on age, color, disability, gender, gender identity/gender expression, genetic information, familial status, height, marital status, national origin, political persuasion, race, religion, sex, sexual orientation, veteran status, or weight.

Affirmative action is a set of specific and results-oriented measures taken to bring about equal opportunity. At CMU, the Office of Civil Rights and Institutional Equity coordinates and monitors the university's affirmative action/equal opportunity efforts and programs to assure compliance with the Americans with Disabilities Act, Title VII of the 1964 Civil Rights Act, Executive Order 11246, and other relevant state and federal statutes.

The office supervises the maintenance of related reports and records, provides and develops related educational programs and materials, offers guidance and advice to all community members on the University's nondiscrimination and affirmative action policies and procedures, assists departments with recruitment and retention activities, and receives and resolves complaints of discrimination from students, employees and others.

The Office of Civil Rights and Institutional Equity can be contacted at 989-774-3253. Their office is located on the third floor of the Bovee University Center on CMU's main campus.

## ***Global Campus Programs and Locations***

Central Michigan University is committed to maintaining a safe and secure environment at Global Campus locations. CMU encourages students, faculty, staff and visitors at Global Campus locations to report crimes as soon as possible. When emergencies occur in our offices or classrooms – such as crimes in progress, injury, fire or the need for medical assistance – persons are directed to contact the appropriate local authorities by dialing 911. Should a student or faculty member report a crime at one of the centers, he/she should also inform the program administrator as soon as possible.

**CRIME STATISTICS:** The following information indicates the number of serious crimes reported to have occurred at Central Michigan University's Global Campus program centers in the United States.

## Auburn Hills, Michigan

The Auburn Hills Center is located at **3201 University Drive, Suite 200, Auburn Hills, MI 48326**, in the Oakland Euro Center on the 2<sup>nd</sup> floor. The administrative office is open from 9:00 a.m. to 6:00 p.m. Monday through Friday. The classrooms remain open and accessible through 9:00 p.m. Monday through Friday. From 9:00 p.m. -10:00 p.m. faculty and students must use an access code to re-enter the CMU suite. On Saturdays the classrooms remain accessible from 7:30 a.m. to 4:00 p.m.; students and faculty must use an access code to re-enter the CMU suite between 4:00 p.m.-5:00 p.m. The building lobby doors are open from 7a.m to 7:30 p.m. Monday through Friday and 7:30 a.m. to 5:00 p.m. on Saturdays. There is no security guard or night watchman at this location, although the area is randomly patrolled by local police. Emergency phones are located in each classroom and in the student resource center. In addition, security cameras are in place within the suite.

**HATE CRIME REPORTING:**

There were no hate crimes reported in 2011, 2012, or 2013.

**Clinton Township, Michigan**

Located at *44575 Garfield Road, Room 202, University Center at MCC, Clinton Township, MI 48038-1139*, in the University Center building on the campus of Macomb Community College, CMU maintains an administrative office that is separate from the classrooms it uses in this building. The administrative office is accessible between the hours of 9:00 a.m. to 6:00 p.m. Monday through Friday. The building itself is open until 10:00 p.m. and Saturday's until 5:00, only when classes are in session. Macomb Community College campus security patrols the building and grounds on a regular basis.

**HATE CRIME REPORTING:**

There were no hate crimes reported in 2011, 2012, or 2013.

**Dearborn, Michigan**

The building in which the Dearborn Center is located at *1 Parklane Blvd., Suite 122 East, Parklane Towers, Dearborn, MI 48126-2402* and is open from 5:00 a.m. to 6:00 p.m. Monday through Friday. The building is also open between 5:00 a.m. and 2:00 p.m. on Saturdays, but is not open and accessible on Sundays. After the building is locked at 6:00 p.m., students attending classes or meeting with their academic advisor may gain admission to the building via a security guard who is on duty at all times. There are courtesy phones available in all classrooms and within the student lounge should an emergency arise during off-hours. The area is randomly patrolled by local enforcement.

There were no hate crimes reported in 2011, 2012, or 2013.

### Flint, Michigan

Located at *5161 Gateway Centre, Suite 100, Flint, MI 48507*, the Flint Center is accessed via a main entrance from the parking lot. The administrative office is open from 9:00 a.m. to 6:00 p.m. Monday through Friday. After 6:00 p.m. and on weekends, students attending class may access the building utilizing a security key pad adjacent the entry door. The security code is only valid during scheduled class times. There is no security guard or night watchman at this location. The area is randomly patrolled by local law enforcement. Emergency phones are located within each classroom and the student lounge should an emergency arise.

**HATE CRIME REPORTING:**

There were no hate crimes reported in 2011, 2012, or 2013.

**Grand Rapids, Michigan**

The Grand Rapids Center is located at **1633 East Beltline Avenue, NE, First Floor, Grand Rapids, MI 49525-7073**, in the Kent ISD Conference Center building. CMU office hours are 9:00 a.m. to 6:00 p.m. Monday through Friday. The general public, including all guests for the Conference Center and the 2<sup>nd</sup> floor tenant, enters the building through CMU’s leased space. Door lock times are handled through a security company and front doors automatically unlock at 8:30 a.m. and lock at 5 p.m. Monday through Friday. These times can be changed with the security company per our request. For weekend classes, door unlock time is requested for 7:30 a.m. on Saturday morning, and is programmed to lock again at 3 p.m. Weekend instructors are provided with a master key and fob for entrance into building in case of programming error. This key also unlocks the classrooms and the student lounge. Class rooms are equipped with emergency phones. Parking is in front of building and is well lit. No security personnel are provided. There is no security guard or night watchman at this location. The area is randomly patrolled by local law enforcement. The CMU offices and classrooms are secured during periods of non-use; however, CMU’s lobby area and reception area remain accessible to the general public during after-hours or weekend events in the lower level Conference Center.

**HATE CRIME REPORTING:**

There were no hate crimes reported in 2011, 2012, or 2013.

## Southfield, Michigan

The Southfield Center is located at **26555 Evergreen Road, Travelers Tower, Suite 119, Southfield, MI 48076-4204** and consists of administrative offices, classrooms, a student lounge and student resource room. The administrative office is open from 9:00 a.m. to 7:00 p.m. on Monday and 9:00 a.m. to 6:00 p.m. Tuesday through Friday. The classrooms are open and accessible from 4:00 p.m. to 8:30 p.m. Monday through Friday. From 8:30 p.m. to 9:30 p.m., faculty and students must use the access code to re-enter the classroom. On Saturday, the classrooms are open from 7:30 a.m. to 3:30 p.m. and faculty and students must use the access code to enter the student resource room. Courtesy phones are located in each classroom, the student lounge and the student resource room should an emergency arise. The building is open from 6:00 a.m. to 8:00 p.m. Monday through Friday and 6:00 a.m. to 5:00 p.m. on Saturday. At 8:00 p.m. Monday through Friday and 5:00 p.m. on Saturday, all entrance doors are locked. Only the North entrance door is open and anyone entering the building must identify themselves and sign in with the security guard. There is 24 hour security in the building with surveillance cameras monitoring all main hallways and entrances. The area is also randomly patrolled by local law enforcement.

**Traverse City, Michigan**

The Traverse City Center is located at *2200 Dendrinos Drive, Northwestern Michigan College/University Center, Suite 101, Traverse City, MI 49684* and consists of an administrative office and advising space while classes are conducted on the main campus. CMU's administrative office is open and accessible to the general public from 9:00 a.m. to 6:00 p.m. Monday through Friday. Security guards are on duty between 10:15 a.m. and 6:15 p.m. Monday through Friday and rotating security patrols make occasional random checks during the remaining hours. Security on the main campus where classes are being held is handled by Northwestern Michigan College.

**HATE CRIME REPORTING:**

There were no hate crimes reported in 2011, 2012, or 2013.

**DeKalb, Georgia**

The DeKalb Center is located at *1957 Lakeside Parkway, Suite 512, Tucker, GA 30084* and consists of administrative offices, a break room, and three classrooms, one of which is a lab. Access to the center is through a front entrance door. There are 2 doors at the back of the center designated as emergency exits. Maintenance uses one of the back doors for entry in the evening using a key card I have provided. The administrative office is open from 8:00 a.m. to 5:00 p.m. Monday through Friday. The front entrance remains open and accessible from 7:00 a.m. through 8:00 p.m. Monday through Thursday and from 9:00 a.m. to 8:00 p.m. on Friday. When Saturday classes are in session the front entrance remains open from 8:00 a.m. to 3:00 p.m. The security system automatically locks the front door at the designated time. Rear doors are always locked. An entry key card is needed to access the building after hours and for weekend classes. The instructor is given a key card for building entry and a key for classroom entry. Both are returned at the end of the class. When an instructor uses the key card, the door unlocks for the students so they do not need a card. The facility is equipped with a security system and surveillance cameras. Additionally, there is a security guard in the Lakeside Center Complex, 24 hours a day, 7 days a week.

#### HATE CRIME REPORTING:

There were no hate crimes reported in 2011, 2012, or 2013.

#### DSCC-Columbus, Ohio

The Columbus Center is located at **3990 East Broad Street, Section 9, Building 11, Columbus, OH 43213**, at the Defense Supply Center. This Defense Supply center is open from 8:30 a.m. to 6:00 p.m. This location consists of an administrative office, which is open from 8:00 a.m. to 5:00 p.m., Monday-Thursday and 9:30 a.m.-6:00 p.m., on Friday. At this time, students without Department of Defense ID cards are not allowed to enter the base. There is no posted security guard present in the building, but there is a roving security guard moving throughout the base.

Classes affiliated with this location are held in the conference center of the Marriott Hotel at **1375 North Cassidy Ave, Columbus OH**. The hotel is open and staffed 24 hours a day. This location is randomly patrolled by local police.

**DSCP-Philadelphia, PA**

The DSCP-Philadelphia Center is located at the Defense Supply Center, *700 Robbins Avenue, Building 2C, Philadelphia, PA 19111*. A CMU representative is available at the DSCP every other week during the scheduled cohort. As this is a closed cohort, the students are all DSCP employees and either have a military ID or a DSCP ID. The CMU representative and faculty members who do not have military ID's have to submit information ahead of the scheduled time they will be there and the DSCP supplies them with an approval letter, which allows them access to the base. There is no posted security guard present in the building, but there is a roving security guard moving throughout the base.

## Alexandria, Virginia

The Alexandria Center is located at *1775 B Duke Street, Alexandria, VA 22314* and consists of administrative offices, a computer lab, one classroom, large conference room, student resource room, and student lounge. You may only access the center by one main entrance of the suite lobby. The administrative office is open from 9:00 am – 6:00 pm Monday through Friday. Once classes are held, the lobby and classrooms will remain open and accessible through 10:00 pm on weekdays. The same areas are accessible on the weekend from 7:45 am – 4:30 pm. There is no security guard or night watchman at this location. The area is randomly patrolled by local law enforcement. There are phones available in each classroom, student lounge and conference room should an emergency arise.

**HATE CRIME REPORTING:**

There were no hate crimes reported in 2011, 2012, or 2013.

**Program Centers at Military Installations**

Central Michigan University maintains offices and utilizes classroom facilities at government installations around the United States. Accessibility to these offices and facilities is limited to those people who have business on the base and government employees, both military and civilian. Access to these installations is by official pass only. Twenty-four hour security at each installation is provided by military police and each building has emergency telephones to notify authorities in the event of a crime or other emergency. The following are governmental installations on which CMU maintains program centers or conducts courses in classrooms.

## Camp Pendleton, California

The CMU Camp Pendleton center is located in *Building 1331, Joint Education Center Room 206, Oceanside, CA 92055*. The location consists of an administrative office (Room 206) for CMU personnel and 2 classrooms (Rooms 209 and 210) used by CMU. The building is open from 7:30-10 Monday-Friday and 8-5 on Saturday. There is a private security company that opens and secures the building at the beginning and end of each day. Camp Pendleton is a minimum security base and requires driver's license, proof of insurance and auto registration for civilians not affiliated with the base, to gain access.

**HATE CRIME REPORTING:**

There were no hate crimes reported in 2011, 2012, or 2013.

**Fort Riley, Kansas**

CMU Fort Riley is located at **215 Custer Avenue, Building 215, Room 132, Fort Riley, KS 66442-6824**, next to the Education Center. The building is open from 7:00 am-10:00 pm Monday-Friday and on weekends only when class is in session. On weekends, the main doors are locked and the Program Administrator goes to the facility and unlocks it for faculty and student. The classroom monitor locks up after they are finished on the weekends and during the week, the Program Administrator will lock up after class. CMU has administrative space and utilizes 1 classroom (classroom 230). Accessibility to Fort Riley requires a current photo ID to enter the gate. The building is not patrolled by security, but has an evening lock up staff.

**Joint Base Andrews, Maryland**

The CMU Joint Base Andrews Center is located at *1413 Arkansas Road, Room 109, 316 FSS/FSDE, Joint Base Andrews, MD 20762*. The Education Center is open Monday thru Friday 7:30 am until 4:30 pm. CMU has one office, and one classroom space, with other classrooms available if there is a need. There is a building monitor that opens all classrooms, every day and locks and unlocks the building after hours and on weekends. If an individual does not have a Department of Defense, Active Duty, Dependent or Retired military ID card, the CMU office issues a pass after the Joint Base Andrews Visitor's Center completes a background check and fingerprints are processed through the system. Military Police randomly patrol the parking lots.

**HATE CRIME REPORTING:**

There were no hate crimes reported in 2011, 2012, or 2013.

## Fort Meade, Maryland

The CMU office is located in *Bldg 8601, Room 113, Fort Meade Army Education Center on Zimborski Avenue, in Fort Meade, MD, 20755*. CMU had an administrative office, with hours of operation from 8:00 am-5:00 pm Monday-Thursday, and from 8:00 am-3:00 pm on Friday. CMU utilizes one classroom on Fort Meade. Fort Meade is a closed post and regular access on to the post is granted to those with Military/ DoD ID cards. Civilian students and faculty need to notify the Fort Meade Program Administrator at least one week prior to the first class meeting and their names will be posted on the Visitor Control Center gate. Civilians not on the list requiring access on to Fort Meade must have their vehicle inspected at the inspection station. Visitors should be prepared to provide a valid driver's license and one other form of ID, current vehicle registration and proof of insurance. Fort Meade is also the location of the NSA, therefore security is strict and enforced 24 hours a day by uniformed and non-uniformed personnel. Base access is by ID card only and 100% verification is in effect at all times.

#### HATE CRIME REPORTING:

There were no hate crimes reported in 2011, 2012, or 2013.

#### Joint Base McGuire-Dix-Lakehurst, New Jersey

The CMU Global Campus located at Joint Base McGuire-Dix-Lakehurst is located at **3829 School Road, Joint Base McGuire-Dix-Lakehurst, NJ**. The building is patrolled by North Hanover Township Police Department as well as the JB MDL DoD Security Police. This location consists of an administrative office and 3 classrooms used by CMU. The building is open Monday thru Friday from 7:00 am – 10:00 pm, with a building monitor who performs security and lock up. On the weekends the building is open only to Instructors and active classes. Since this building is not inside the base perimeter students do not need ID cards.

There were no hate crimes reported in 2011, 2012, or 2013.

**Fort Hamilton, New York**

The CMU- Fort Hamilton Center is located in the Army Education Center, building 218 on Fort Hamilton Army Base. This location consists of two administrative offices for CMU personnel and access to three classrooms utilized by CMU. The Fort Hamilton Education center is open from 8:00 a.m. 4:30 p.m. M-F. When CMU classes are in session the building is open on Fridays until 10:00 p.m. and Saturday 8:00 a.m. – 5:00 p.m. All students and patrons entering Fort Hamilton must clear security with Military Police at the entrance gate to access the base. The CMU students at Fort Hamilton are provided CMU student ID’s (same pictured student ID’s provided on campus except with an expiration date) to enter the base. The building is randomly patrolled by Military Police.

## Seymour Johnson Air Force Base, North Carolina

The CMU-Seymour Johnson Center is located at *1520 Goodson Street, Education Services/4<sup>th</sup> FSS/AIBE, Room 220/222, Seymour Johnson AFB, NC 27531*. The upper level of the education center consists of office space for six academic institutions, 11 classrooms and an open vending, break/study area. The Education services section is open Monday thru Friday 8:00 am-4:00 pm. The library is open Monday thru Thursday 10:00 am-8:00 pm, Friday 10:00 am-6:00 pm and Saturday 10:00 am-15:00 pm. The CMU administrative office is open from 8:00 am-4:30 pm, Monday through Friday. CMU has three assigned classrooms and classes typically meet 3 weekends out of five from 8:15 am -4:15 pm. The base is closed to the general public and anyone not in possession of military credentials is referred to the visitor center for sponsorship, a background check and if appropriate will be issued a time limited, single use pass. Additionally, arriving/departing vehicles are randomly stopped and searched. The base is patrolled 24/7 by armed active duty/DoD civilian officials. All buildings are inspected for security after normal business hours and throughout periods of extended closure by security forces.

There were no hate crimes reported in 2011, 2012, or 2013.

**Minot Air Force Base, North Dakota**

The CMU-Minot AFB Center is located at *156 Missile Avenue, Room 219, Minot AFB, ND 58705*, in the MAFB Francis X. Deignan Building. This location consists of an administrative office for CMU personnel; government employees; library and staff; and a number of classrooms used by CMU, other base universities and other base entities. The MAFB Francis X. Deignan Building is open from 7:30 am – 10:00 pm, Monday-Friday and from 7:30 am – 4:00 pm on Saturday. Students, employees, and faculty without Department of Defense ID cards must provide personal information to the school 3 to 4 weeks prior to the date of entry. The information is turned over to base security for background checks. If the individual is approved to be a guest on the base upon arrival to obtain the pass, a finger print will be taken and their vehicle will go through a full search. The building is patrolled randomly by military security.

There were no hate crimes reported in 2011, 2012, or 2013.

**Wright Patterson Air Force Base, Ohio**

The CMU center at Wright Patterson Air Force Base is located at **2130 Fifth Street, Building 50, Area B, Wright Patterson AFB, OH 4543** and consists of administrative space as well of use of between one and three classrooms, depending on the number of classes offered. The rooms are located just inside the lower level west wing door, which is used by all students and faculty to enter and leave the building in the evenings and on Saturdays. The other exterior doors are locked during the evenings and weekends. Security is provided by the military police of the Security Forces Squadron (SFS). While the building is public, no one can enter WPAFB overall without a military or Department of Defense issued ID card. Off base civilians, including CMU students, are screened by the SFS Pass and Registration office to attend classes and visit the CMU office.

**HATE CRIME REPORTING:**

There were no hate crimes reported in 2011, 2012, or 2013.

**Pentagon, Arlington, VA**

The office is physically located in the *Pentagon and CMU is co-located with the Air Force Education Center. Office space in Room 1A934, Arlington, VA.* Classrooms are located at the Pentagon Conference Center and Library at the North Parking entrance of the Pentagon. To gain entry one must present an active duty ID card or a Pentagon Badge to the police officers at the gate. Patrons without DoD ID must be placed on an access roster and show 2 forms of ID from a federal, state or local government. Access is denied to any individual not in possession of this identification. If all documents are present but an individual is not listed on the access roster, the individual must be escorted by a student who has a Pentagon badge with escort privileges. Additional police officers are located inside the Conference Center and an additional security check is performed. When students have cleared the second check point they will be allowed to proceed to the conference rooms where classes are held. The conference center has 16 conference rooms and is open from 8:00 am to 8:00 pm, Monday- Friday only. Police officers are on duty 24 hours at the main entrances and constant patrols throughout the facility.

**FINANCIAL AID**
**UNDERGRADUATE STUDENT FINANCIAL AID, 2013-2014**
**Full-time Beginning Undergraduate Students**

- Beginning students are those who are entering postsecondary education for the first time.

TYPE OF AID	NUMBER RECEIVING AID	PERCENT RECEIVING AID	TOTAL AMOUNT OF AID RECEIVED	AVERAGE AMOUNT OF AID RECEIVED
Any student financial aid <sup>1</sup>	2,710	92%	—	—
Grant or scholarship aid	2,122	72%	\$17,583,701	\$8,286
Federal grants	1,141	39%	\$4,789,310	\$4,197
Pell grants	1,139	39%	\$4,767,453	\$4,186
Other federal grants	8	0%	\$21,857	\$2,732

State/local government grant or scholarships	487	17%	\$308,730	\$634
Institutional grants or scholarships	2,043	69%	\$12,485,661	\$6,111
Student loan aid	2,381	81%	\$16,530,783	\$6,943
Federal student loans	2,352	80%	\$14,904,039	\$6,337
Other student loans	200	7%	\$1,626,744	\$8,134

- <sup>1</sup> Includes students receiving Federal work study aid and aid from other sources not listed above.

#### All Undergraduate Students

TYPE OF AID	NUMBER RECEIVING AID	PERCENT RECEIVING AID	TOTAL AMOUNT OF AID RECEIVED	AVERAGE AMOUNT OF AID RECEIVED
Grant or scholarship aid <sup>1</sup>	14,856	75%	\$198,368,193	\$13,353
Pell grants	7,230	36%	\$28,319,112	\$3,917
Federal student loans	15,459	78%	\$117,961,833	\$7,631

- <sup>1</sup> Grant or scholarship aid includes aid received, from the federal government, state or local government, the institution, and other sources known by the institution.
- For more information on Student Financial Assistance Programs or to apply for financial aid via the web, visit [Federal Student Aid](#).

#### NET PRICE

##### AVERAGE NET PRICE FOR FULL-TIME BEGINNING STUDENTS

Full-time beginning undergraduate students who paid the in-state or in-district tuition rate and were awarded grant or scholarship aid from federal, state or local governments, or the institution.

	2011-2012	2012-2013	2013-2014
Average net price	\$12,668	\$12,936	\$13,580

Full-time beginning undergraduate students who paid the in-state or in-district tuition rate and were awarded Title IV aid by income.

AVERAGE NET PRICE BY INCOME	2011-2012	2012-2013	2013-2014
\$0 – \$30,000	\$9,965	\$10,107	\$10,753
\$30,001 – \$48,000	\$10,206	\$11,611	\$11,136
\$48,001 – \$75,000	\$14,123	\$14,613	\$14,455
\$75,001 – \$110,000	\$17,595	\$17,986	\$18,346
\$110,001 and more	\$18,134	\$19,028	\$19,703

- Average net price is generated by subtracting the average amount of federal, state/local government, or institutional grant or scholarship aid from the total cost of attendance. Total cost of attendance is the sum of published tuition and required fees (lower of in-district or in-state), books and supplies, and the weighted average for room and board and other expenses.
- Beginning students are those who are entering postsecondary education for the first time.
- Title IV aid to students includes grant aid, work study aid, and loan aid. These include: Federal Pell Grant, Federal Supplemental Educational Opportunity Grant (FSEOG), Academic Competitiveness Grant (ACG), National Science and Mathematics Access to Retain Talent Grant (National SMART Grant), Teacher Education Assistance for College and Higher Education (TEACH) Grant, Federal Work-Study, Federal Perkins Loan, Subsidized Direct or FFEL Stafford Loan, and Unsubsidized Direct or FFEL Stafford Loan. For those Title IV recipients, net price is reported by income category and includes students who received federal aid even if none of that aid was provided in the form of grants. While Title IV status defines the cohort of student for which the data are reported, the definition of net price remains the same – total cost of attendance minus grant aid.

#### NET PRICE CALCULATOR

An institution's net price calculator allows current and prospective students, families, and other consumers to estimate the net price of attending that institution for a particular student.

Visit this institution's **net price calculator**

[netconnect.cmich.edu/netpricecalculator](http://netconnect.cmich.edu/netpricecalculator)

#### NOTES:

\* 25% of students scored at or below

\*\* 25% of students scored above

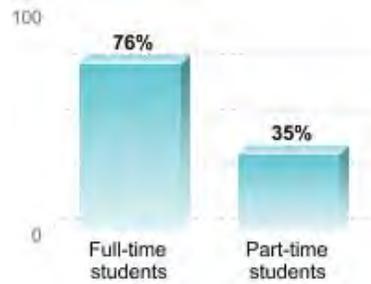

- Data apply to first-time degree/certificate-seeking students.
- Institutions are asked to report test scores only if they are required for admission.

## RETENTION AND GRADUATION RATES

### FIRST-TO-SECOND YEAR RETENTION RATES

Retention rates measure the percentage of first-time students who are seeking bachelor's degrees who return to the institution to continue their studies the following fall.

#### RETENTION RATES FOR FIRST-TIME STUDENTS PURSUING BACHELOR'S DEGREES

Percentage of Students Who Began Their Studies in Fall 2013 and Returned in Fall 2014

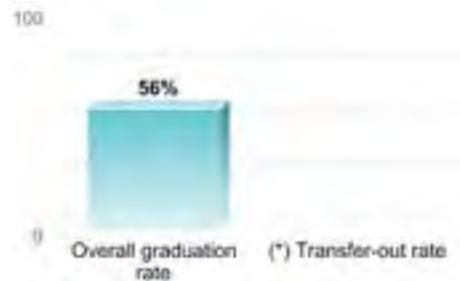

**OVERALL GRADUATION RATE AND TRANSFER-OUT RATE**

The overall graduation rate is also known as the "Student Right to Know" or IPEDS graduation rate. It tracks the progress of students who began their studies as **full-time, first-time degree- or certificate-seeking students** to see if they complete a degree or other award such as a certificate within 150% of "normal time" for completing the program in which they are enrolled.

Some institutions also report a transfer-out rate, which is the percentage of the full-time, first-time students who transferred to another institution.

Note that not all students at the institution are tracked for these rates. Students who have already attended another postsecondary institution, or who began their studies on a part-time basis, are not tracked for this rate. **At this institution, 68 percent of entering students were counted as "full-time, first-time" in 2014.**

**OVERALL GRADUATION AND TRANSFER-OUT RATES FOR STUDENTS WHO BEGAN THEIR STUDIES IN FALL 2008**

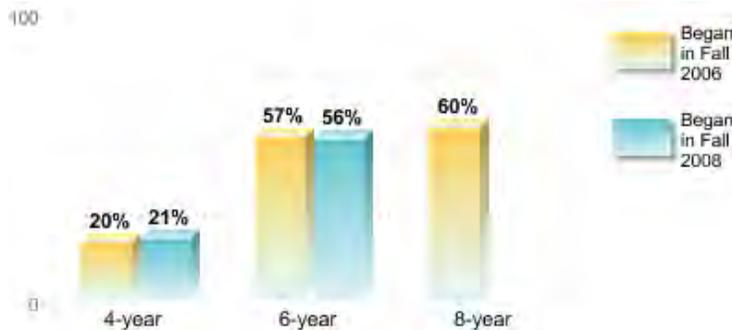

Percentage of Full-time, First-Time Students Who Graduated or Transferred Out Within 150% of "Normal Time" to Completion for Their Program

- (\*) Not all institutions report transfer-out rates.

**BACHELOR'S DEGREE GRADUATION RATES**

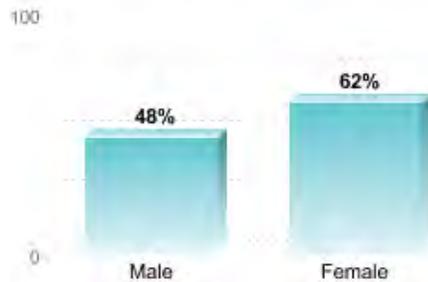

Bachelor's degree graduation rates measure the percentage of entering students beginning their studies full-time and are planning to get a bachelor's degree and who complete their degree program within a specified amount of time.

**GRADUATION RATES FOR STUDENTS PURSUING BACHELOR'S DEGREES**

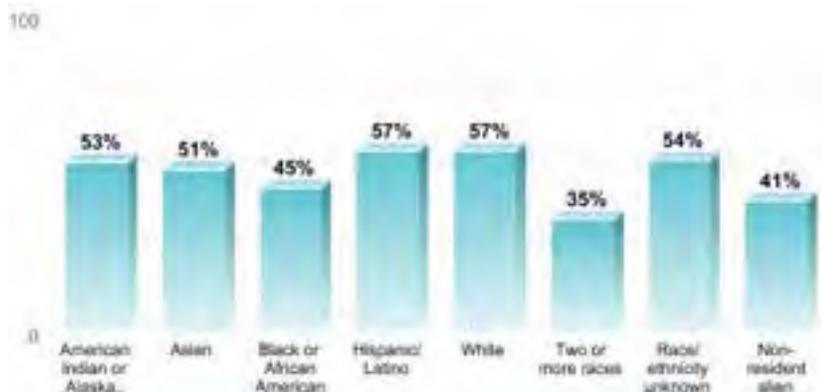

Percentage of Full-time, First-time Students Who Graduated in the Specified Amount of Time and Began in Fall 2006 or Fall 2008

**6-YEAR GRADUATION RATE BY GENDER FOR STUDENTS PURSUING BACHELOR'S DEGREES**

Percentage of Full-time, First-time Students Who Began Their Studies in Fall 2008 and Received a Degree or Award Within 150% of "Normal Time" to Completion for Their Program

**6-YEAR GRADUATION RATE BY RACE/ETHNICITY FOR STUDENTS PURSUING BACHELOR'S DEGREES**

Percentage of Full-time, First-time Students Who Began Their Studies in Fall 2008 and Received a Degree or Award Within 150% of "Normal Time" to Completion for Their Program

**PROGRAMS/MAJORS**

**COMPLETIONS (NUMBER OF AWARDS CONFERRED) 2013-2014**

Completions are the number of awards conferred by program and award level.

### Welcome to SDS@CMU

Central Michigan University is committed to providing students with disabilities the academic accommodations and auxiliary aids necessary to ensure access to all university services, programs and activities. In addition to the university's campus wide efforts to promote access and inclusion, students with disabilities are further accommodated based on specific individual needs. The Office of Student Disability Services is responsible for determining these accommodations. We provide services and assistance to enrolled students who are either permanently or temporarily disabled.

\* The registration process is a complex and lengthy one (2-3 weeks). Start the process now. The "Register as a Student with a Disability" page will walk you through the process.

Before continuing, it is vital that you first read the "It's All About You" message for new students. The content applies to ALL college students with disabilities.

CMU has many services for students, offered by various offices. Although decisions regarding disability specific accommodations are made on a case by case basis, view the Accommodations page on this website for information on services most often provided, in general, for each type of disability.

Our office is part of the Enrollment and Student Services Division.

### Satisfactory Academic Progress

Satisfactory Academic Progress (SAP) denotes a student's successful completion of coursework toward a college degree. Federal regulations (HEA Sec. 484(c)) require that Central Michigan University monitor the satisfactory academic progress of all students regardless if they have received financial aid in previous semesters. These financial aid requirements are separate from students' academic requirements. To maintain eligibility for federal student aid, as well as most state and institutional student aid programs, there are three distinct criteria that must be monitored and met.

- 1. Quantitative standard:** Students must complete 67% of all CMU credits attempted each semester of enrollment which includes the summer semester.
- 2. Qualitative standard:** Students must maintain a 2.00 cumulative GPA as an undergraduate student and a 3.00 cumulative GPA as a graduate student.
- 3. Maximum time frame standard:** The number of attempted credits in which a student is expected to finish a program cannot exceed 150 percent of the published length of the program.

#### SAP Financial Aid Warning

Financial aid warning means you have one semester to meet SAP requirements and remain eligible for financial aid. A student will be removed from SAP financial aid warning after successfully completing the quantitative and qualitative standards listed above.

#### Failure to Meet SAP Warning Requirements

Students who do not meet the terms of financial aid warning are not eligible for aid in subsequent semesters and will be placed on financial aid denial.

48. Satisfactory Academic Progress Policy

## Complete Satisfactory Academic Progress Policy

[https://www.cmich.edu/ess/OSFA/Pages/Complete\\_Satisfactory\\_Academic\\_Progress\\_Policy.aspx](https://www.cmich.edu/ess/OSFA/Pages/Complete_Satisfactory_Academic_Progress_Policy.aspx)

Federal regulations (HEA Sec. 484(c)) require that Central Michigan University monitor the satisfactory academic progress of all students **regardless if they have received financial aid in previous semesters**. These financial aid requirements are separate from students' academic requirements. To maintain eligibility for federal student aid, as well as most state and institutional student aid programs, there are three distinct criteria that must be monitored and met.

1. **Quantitative standard:** Students must complete 67% of all CMU credits attempted each semester of enrollment which includes the summer semester. Attempted hours are based on the number of credits for which the student is registered at the conclusion of the Registrar's posted "Deadline for Dropping a Class with a Full Cancellation of Tuition."
2. **Qualitative standard:** Students must maintain a 2.00 cumulative GPA as an undergraduate student and a 3.00 cumulative GPA as a graduate student.
3. **Maximum time frame standard:** The number of attempted credits in which a student is expected to finish a program cannot exceed 150 percent of the published length of the program. Total credit hour limits apply whether or not the student has actually received financial aid for the entire time at CMU. **Transfer credits from previous schools count toward credit hour limits.** Undergraduate students cannot receive financial aid after attempting 186 credit hours. The 186-credit-hour limit for completion of a baccalaureate degree is intended to be long enough to allow for changes in a major, loss of credit due to transfer, withdrawn coursework, minors, double majors, etc.; therefore, no extensions of the maximum time frame will be granted for the above mentioned reasons.

Students in graduate programs may not receive financial aid if they have exceeded the published time limits as outlined in the CMU Graduate Bulletin for master, doctoral, or professional programs.

### **Graduate students working on second baccalaureate degree or post-baccalaureate students working on teacher certification:**

Students pursuing a second undergraduate degree or post-baccalaureate students working on teacher certification are limited to 93 credit hours of work between the receipt of the first degree and the completion of the second. Students may not receive financial aid beyond 6 semesters (or the part-time equivalent of 6 semesters) of enrollment in the second undergraduate degree program or teacher certification program.

### **Satisfactory Academic Progress review at the end of each semester (fall, spring, and summer):**

Satisfactory Academic Progress is measured at the end of each semester to determine a student's financial aid eligibility for the following semester.

### **Progress status:**

If for any reason the OSFA fails to provide an intended notification, this does not relieve the student from the obligation of continuing to maintain satisfactory academic progress or from any other requirements of the financial aid program.

## **Consequences of unsatisfactory progress**

**Students who fail to complete 67 percent of their attempted courses in one semester, and/or have a cumulative GPA that falls below a 2.00 for undergrad students and 3.00 for graduate level students will be placed in a warning status.** Failure to bring their completion rate to 67 percent in the next semester of enrollment or to bring their cumulative GPA within the required range of a 2.00 for undergraduate students and 3.00 for graduate level students will result in financial aid suspension beginning with the next semester of enrollment. A student will remain on financial aid suspension and be denied federal and most state and institutional aid until he/she completes 67 percent of attempted courses within one semester at CMU, and maintains the required cumulative GPA for his/her grade level. Only credit hours completed are counted as credits earned. Grades of I (Incomplete), W (withdrawal), X (audit), and Z (deferred) are not counted as earned credit. For example, a student who attended CMU in the fall and attempts 12 credits but withdraws from 6 credits fall semester will have completed 6 of 12 credits for a completion rate of 50 percent. This student will be warned, but still eligible to receive financial aid for his/her next semester of enrollment. A second semester of less than 67 percent completion and/or a cumulative GPA below the required standards will result in the student being denied further aid until he or she completes 67 percent of attempted courses, as well as maintaining the required cumulative GPA within a CMU semester.

**Students who reach their time limit without completing their degree will be denied further federal and most state and institutional financial aid as a student at that level. As students near their credit limits they will be placed in a warning status. For example,** if as an undergraduate you reach 150 attempted credits you will be placed in a warning status. Once you reach the 186-attempted-credit limit, you will be denied further aid until the degree is conferred. You then would regain eligibility for a second undergraduate or a graduate degree. If you are attempting a master's degree and reach the eligibility limit, you would be denied further aid until the master's degree is conferred, at which time you would regain eligibility for a second master's, doctoral, or professional degree.

## **Appeal process**

**Students who have faced extraordinary circumstances may appeal a financial aid suspension but, students are cautioned that appeals are not routinely approved.** Circumstances not considered to be mitigating are: work conflicts; lack of transportation; change in major or pursuit of a second major; or a minor illness of a student or family member.

All appeals must

1. be submitted using the CMU Financial Aid **Satisfactory Academic Progress Appeal form** available on the CMU OSFA website
2. include the required documentation.
3. be submitted to the Office of Scholarships and Financial Aid

In most cases a decision will be made within 15 business days of receiving an appeal letter and the appropriate documentation. Students are notified of appeal decisions in writing or through their CMU e-mail account.

## **Continuing at CMU after aid is denied**

Students denied financial aid generally may continue attending Central Michigan University using private aid sources such as alternative student loans ( [Click Here for Alternative Loan Information](#)), or by funding their education themselves. Please note that some alternative loans are **NOT** available to students while on Financial Aid Suspension.

## **Summer Semester Processing of Satisfactory Progress**

- If students are currently on financial aid warning, probation or denial and they request summer aid, their file is on HOLD until spring grades are posted and OSFA can confirm if the student has met requirements to be cleared. If the student has not met the requirements they will go on denial (or remain on denial if already there), and **not** be eligible for summer federal aid.
- Due to the timing of final grade posting for spring semester, students currently on warning, probation or denial will not have their summer aid processed and paid out in time for the FIRST summer disbursement. For those students who have filed their summer aid application by the April 1 priority processing deadline, aid will be processed as soon as possible following the completion of the SAP review.
- **Please note: students who successfully complete Summer I term while on denial, are NOT eligible for federal aid for Summer II term – they are on denial for the entire Summer semester.**

Federal Compliance Document Evidence  
49. Attendance Policy

# General Academic Information and Policies

## Classification of Students

A student is classified in accordance with the semester hours of credit earned as follows:

- Freshman - 1-25 semester hours of credit
- Sophomore- 26-55 semester hours of credit
- Junior - 56-85 semester hours of credit
- Senior - 86 or more semester hours of credit
- Graduate - After admission to CMU School of Graduate Studies

Classification is determined by the current Bulletin, not the issue in effect when the student was admitted.

## Full-Time Status

The definition of full-time status for a regular semester is as follows:

- Undergraduate students: a minimum of 12 credits
- Graduate students: a minimum of 9 credits

## Undergraduate Grading System

Grades	Significance	Honors Points Per Semester Hour
A	Superior	4.0
A-		3.7
B+		3.3
B		3.0
B-		2.7
C+		2.3
C		2.0
C-		1.7
D+		1.3
D		1.0
D-	0.7	
E	Failing	0.0
CR	Credit	
N	No grade submitted	
NC	No Credit	
I	Incomplete	Not included in computing hours and points
W	Withdrawal	
X	Audit	
Z	Deferred Grade	
H*	Honors Program	

\*[Designates Honors Credit in combination with letter grade of C or better]

The marking system for CMU graduate students is described in the Graduate Bulletin.

## Grade Point Average

The grade-point average for undergraduate students is found by dividing the total honor points earned by the total graded hours.

## Grade Reports

At the end of each on-campus semester or session, students may access their grades via *CentralLink* (<https://centralink.cmich.edu>).

## Point Deficiency - Undergraduate Students

A point deficiency is defined as the number of points lacking to make a cumulative grade point average of 2.00.

## Enrollment at Other Institutions

A matriculated CMU undergraduate student who has enrolled at another college or university since his or her last enrollment at CMU must request that an official transcript be sent to the CMU Registrar's Office as soon as the course has been completed. Refer to the Transfer Credit Policy in the Academic Policies and Procedures Section of this Bulletin.

## Policy Requiring a Signed Major by Completion of 56 Credit Hours

All students enrolled on the Mt. Pleasant campus are required to complete an authorization for a major or sign a statement of intent to major by the time they earn 56 hours of credit. Students' records will be reviewed and a registration hold placed on students who have completed 56 hours and have not signed a major or a "statement of intent to major."

## Class Attendance

Class attendance regulations are not inflexibly spelled out. Upon the assumption that class attendance is a responsibility shared by adults, as teachers and class members, there is no university-wide regulation requiring attendance by students, or requiring the instructor to excuse absences from class or examination.

Most classes meet for 50 or 75 minute periods. Students are traditionally obliged to wait ten minutes for an instructor who is late in meeting class.

## Missed Class Policy

Students are expected to comply with an instructor's established attendance policy, and they should avoid classes where there would be significant absences. In the case of an absence due to required attendance at a university-sponsored event such as a department trip, performing arts activity, ROTC function, or athletic competition, reasonable attempts should be made by faculty members to allow the student to make up missed work. Students are responsible for completing the work assigned or due on the days they are absent for these events. Both the sponsoring unit and the student should inform the faculty member as soon as possible in the semester so arrangements can be made for completing missed assignments or tests. The student is required to provide each instructor with an official notification in advance of the absence (e.g., a letter from the department chair or the coach). Optimally, this would be done by the third week of the semester, at the latest, so that the necessary arrangements for missed work can be made well in advance.

The student must decide when, if ever, it is necessary to be absent. In making such a decision, the student must bear in mind that an instructor is authorized to lower scholastic ratings if the student's absences or latenesses require this action. If a student finds it necessary to be absent, an explanation should be made to the instructor of the class concerning the cause of the absence. Whenever possible the student is to notify the instructor in advance of proposed class absences. The instructor may choose to guide the student in making up work losses due to absences, if the student requests such assistance. The Office of Student Affairs will assist students in notifying instructors when absences are expected to extend for more than one week.

### **Religious Holidays**

It is Central Michigan University policy to permit students to be absent from classes or examinations for reason of observing religious holidays. Students are allowed to make up course requirements when they are unable to avoid a conflict between their academic and their religious obligations. Absence from classes or examinations caused by observing religious holidays does not relieve students from responsibility for any part of the coursework required during the period of absence. It is the obligation of students to provide faculty with written notice of the religious holiday they will be observing and the date on which they will be absent at least two weeks prior to the date of the religious holiday. Students who miss classes or are absent on days of examinations or class assignments shall be offered an opportunity to make up the work, without penalty, unless it can be demonstrated that a makeup opportunity would interfere unreasonably with the delivery of the course. Should disagreement arise over any aspect of this policy, the parties involved should contact the department chair, the dean of the College or the Ombuds Office. Final appeals will be resolved by the Provost.

### **Minimum Class Enrollment**

The university reserves the right to cancel any class in which too few students enroll.

### **Opportunities for the Superior Student**

An enriched academic program which can be planned largely by the individual is available to the superior student at Central Michigan University. Numerous special opportunities exist for the student who wishes to enter university study at an advanced level, to move on rapidly to specialized studies, or simply to learn more.

Larzelere Hall, where Honors Program first-year students are strongly encouraged to live, provides a specialized living and learning community for high-ability students.

Financial assistance is provided for many students of outstanding high school and college academic performance by means of Board of Trustees, State of Michigan, and endowed scholarships. Advanced placement earned through College Level Examination Program is another incentive to the academically talented and motivated student. The Honors Program also offers research and study abroad funding.

In addition to recognition upon graduation with high class standing, the University provides many honor societies in the various departments and fields of study.

### **Requirements for Athletic Participation**

To be eligible for intercollegiate athletic competition, a student athlete must meet all admission and eligibility requirements of this University, the Mid-American Conference, and the National Collegiate Athletic Association.

Participation requires that the student athlete be registered for at least 12 semester hours of credit throughout the semester in which he or she participates.

### **Academic Dishonesty**

In the academic community, the high value placed on truth implies a corresponding intolerance of scholastic dishonesty. Written or other work which a student submits must be the product of his/her own efforts. Plagiarism, cheating and other forms of academic dishonesty, including dishonesty involving computer technology, are prohibited.

In cases involving academic dishonesty, the determination of the grade shall be left solely to the discretion of the instructor. In a case where the instructor judges a student guilty of academic dishonesty, the instructor is encouraged to report the incident of dishonesty to the director of the Office of Student Conduct in order to discern potential patterns of egregious dishonesty. For a full copy of the Policy on Academic Integrity, see Appendix II in this Bulletin.

### **Misrepresentation of Affiliation with the University**

It is important to Central Michigan University, its students and alumni that academic and cocurricular work done by students while at the university be accurately and honestly presented. When individuals report their academic performance and/or involvement in university related activities it is expected that they will do so in a truthful manner. Anyone involved in misrepresentation of student coursework, grades, degrees earned and/or involvement with cocurricular organizations or other university related activities may be barred from future enrollment and/or graduation from Central Michigan University. Such activity may also be criminal and subject the person to prosecution.

The Office of Scholarships and Financial Aid is committed to working with you to make your CMU education affordable. Please take the time to read through this guide, as it contains important information for all financial aid recipients.

Feel free to contact our office if you have questions or concerns about your financial aid award.

Office of Scholarships and Financial Aid  
Student Service Court  
Mount Pleasant MI 48859

Phone: 888-392-0007  
Fax: 989-774-3634  
Email: [CMUOSFA@cmich.edu](mailto:CMUOSFA@cmich.edu)

## OVERVIEW OF YOUR FINANCIAL AID AWARD

We are pleased to provide you with your financial aid award notice. Your financial aid award is based on your Free Application for Federal Student Aid, cost of attendance, demonstrated need and the availability of funds at CMU. You can access your financial aid award notice on Central Link (CMU Portal) at <https://www.cmich.edu/centrallink/layouts/FinancialAid/>. You must notify our office if you will receive other aid not reflected on your award notice. Notification and award adjustments can be done online through Central Link or in writing to the Office of Scholarships and Financial Aid.

Based on the information submitted on your FAFSA, your award offer reflects the maximum amount of aid our resources allow. However, if you have special circumstances not reflected on your application, please contact our office to discuss submitting an appeal.

If you receive other resources (e.g., Resident Assistant, departmental scholarship, local/outside/UAW scholarships, employee or dependent tuition benefit, Dept. of Military Affairs Tuition Benefit, etc.) that were not included in your most recent award notice, a reduction in your financial aid package may be required. You will receive a new award notice if a revision is necessary. If you have already received payments from such awards, federal regulations require that you repay the amount of financial aid for which you were over awarded. **The award notice with the most recent date supersedes all previous award notices.**

All financial aid awards are automatically equally divided between fall and spring semesters (unless your first semester of enrollment for the academic year is not fall). The aid offered can only be used during the semester on your award letter, provided you are enrolled in the proper number of credits. If your enrollment plans are different than the traditional 9-month academic year, contact us so adjustments can be made to your cost of attendance and financial aid award.

Financial aid is available for summer semester, but on a limited basis. Summer is considered the end of our academic year; therefore, awarding of federal aid will be limited to your remaining eligibility from the current academic year. If you are interested in obtaining financial aid for summer, you will need to complete the Summer Financial Aid Application available on the financial aid website in April.

## ACCESSING YOUR FINANCIAL AID AWARD LETTER

After you have applied for financial aid, you will receive an email when your financial aid award is available for you to view online. You will need to log onto the CMU portal – Central Link <https://www.cmich.edu/centrallink/layouts/FinancialAid/>. New students can anticipate receiving an email notification the first of April while returning students will not have an award letter until mid-June.

## COST OF ATTENDANCE

Your cost of attendance (also known as your budget) is an estimate of the overall cost to attend CMU for one academic year; based on an undergraduate student taking 15 credits a semester and graduate students taking 9 credits. Your actual costs will depend on a number of factors, including your housing and dining decisions and other spending choices.

The cost of attendance listed on your award letter serves two purposes:

- 1) to give you an idea of the typical cost of a CMU education for one year, and
- 2) to set a limit on the amount of financial aid you can receive during the academic year.

This means that your total aid, including scholarships, grant, loans, work-study, etc., cannot exceed your cost of attendance. To be fair and to stay in compliance with federal regulations, we do not change students budgets based on lifestyle preferences. However, we may be able to make adjustments for certain circumstances (on a case-by-case basis) outlined on the [Cost of Attendance Increase Appeal](#) form.

## ENROLLMENT STATUS

Students must enroll at CMU each semester to receive financial aid funds for that semester. Minimum enrollment requirements vary by financial aid program.

	<b>Undergraduate</b>	<b>Graduate</b>
Full-time	12 hours	9 hours
Three-quarter time	9-11 hours	
Half-time	6-8 hours	5-8 hours
Less-than-half-time	1-5 hours	1-4 hours

**Graduating Senior Proration:** If you are a graduating senior (Undergraduate) who is attending only one semester (you will graduate at the end of the fall semester), federal law requires CMU OSFA to prorate your loan based on the number of credits for which you are enrolled. The proration is based on the annual loan limit, multiplied by the number of units needed for graduation divided by 24.

**Internship/Consortium Enrollment:** Students enrolled in an approved internship or consortium must be enrolled at least half time at CMU to be eligible for Federal student loan funds.

### WITHDRAWING FROM OR NEVER ATTENDING CLASSES

If you are a financial aid recipient and you drop *some* of your classes during the drop/add period (or the instructor(s) indicates you never attended some of your classes), you may lose some or all of your financial aid eligibility. Before withdrawing, we suggest you speak with a financial aid counselor. Your enrollment status for financial aid purposes is determined as of the 9th day of classes each semester (Census Date).

If you are a financial aid recipient and you drop *all* of your classes prior to start of the semester (or the instructor(s) indicates you never attended), you are no longer eligible for financial aid for that semester. All scholarship, grant and loan payments (and refunds of financial aid) must be returned to Central Michigan University.

If you are a federal financial aid recipient and you completely withdraw from all your classes after the beginning of the semester, the law requires that the amount of federal aid earned up to that point is determined by a specific formula. If you receive more federal aid than you have earned, the excess aid must be returned. The amount of federal aid you have earned is determined on a pro-rata basis. That is, if you completed 30% of the semester, you earn 30% of the federal aid you received. Once you have completed more than 60% of the semester, you earn all of your federal aid. If you are a recipient of University funds and you completely withdraw from all of your classes after the beginning of the semester, your funds will be reduced by the percentage of tuition refunded. Please see additional information at:

[https://www.cmich.edu/fas/fst/student\\_acct\\_university\\_billing/Pages/Withdrawal-Information.aspx](https://www.cmich.edu/fas/fst/student_acct_university_billing/Pages/Withdrawal-Information.aspx)

CMU SCHOLARSHIPS

**Centralis Scholarship:** Awarded by CMU to incoming freshmen who have demonstrated outstanding academic performance and extracurricular involvement. All high school students with a grade point average of 3.7 or higher and an ACT composite of 27 or higher are eligible to compete. Two categories of Centralis Scholarships are awarded with the following values:

**Centralis Scholar:** scholarships have an annual monetary value of up to 36 credit hours of tuition, course-related fees, room and board, plus \$500 for books and supplies, for up to four academic years.

**Centralis Gold Award:** scholarships have an annual monetary value of up to 36 credit hours of tuition for the academic year, for up to four academic years.

Renewal criteria for the Scholar and Gold awards require full-time, continuous enrollment at CMU with a minimum of 30 new credit hours per academic year, a 3.25 cumulative GPA or higher, and completion of Centralis protocol requirements. The Centralis scholarships replace other CMU academic merit awards.

**CMU Merit Scholarships:** Funds for these scholarships are limited. Meeting the eligibility requirement **does not** guarantee a student will receive a scholarship. The best way to improve your candidacy is to submit all admission materials as soon as possible.

1. **Prestige Scholarship:** This scholarship honors high school students who will graduate with a 3.25 cumulative GPA and an ACT composite score of 27 or higher, and enroll directly at CMU as a full-time, on-campus student. The value of this scholarship is \$6,000 per academic year. The scholarship is renewable for 3 consecutive years or until graduation requirements are met, whichever comes first, if a 3.25 cumulative GPA and successful completion of 30 new credit hours are maintained.
2. **Excellence Scholarship:** This scholarship honors high school students who will graduate with a 3.0 cumulative GPA and an ACT composite score of 23 or higher, and enroll directly at CMU as a full-time, on-campus student. The value of this scholarship is \$4,500 per academic year and is awarded to new freshmen who meet eligibility requirements. The scholarship is renewable 3 consecutive years or until graduation requirements are met, whichever comes first, if a 3.25 cumulative GPA and successful completion of 30 new credit hours are maintained.
3. **Success Scholarship:** This scholarship honors high school students who have a 3.0 cumulative GPA and an ACT composite score of 21 or 22, and enroll directly at CMU as a full-time, on-campus student. The value of this award is \$3,000 per academic year and is awarded to new freshmen who meet eligibility requirements. The scholarship is renewable for 3 consecutive years or until graduation requirements are met, whichever comes first, if a 3.25 cumulative GPA and successful completion of 30 new credit hours are maintained.
4. **Community College Honors Scholarship:** All new transfer students entering CMU's main campus directly from a community college with a minimum cumulative grade point average of 3.5 or higher and 56 transferrable credits are eligible for a \$2,500 scholarship. This award is renewable for one additional year. Award renewal requires 3.25 CMU cumulative GPA and successful completion of 30 new credit hours. This award cannot be combined with Community College Transfer Recognition award.
5. **Community College Transfer Recognition Award:** This scholarship honors new transfer students entering CMU directly from a community college with a minimum cumulative grade point average of 3.3 or higher and a minimum of 30 transferable credits. The value of this scholarship is \$1,000 per academic year. This scholarship can be renewed for one additional year provided the student successfully completes 30 new credit hours at CMU with a 3.25 (or higher) cumulative GPA.

*Renewal criteria for the Merit Scholarships require full-time, continuous enrollment at CMU with a minimum of 30 earned credit hours per academic year and a 3.25 cumulative GPA or higher.*

**CMU Bulletin Scholarships:** Privately funded endowments provide supplemental funding to students based on need, academic focus, career aspirations or other criteria. Scholarships are generally awarded in the spring and summer for the next academic year. Most scholarships require the student be a returning undergraduate student, enrolled full-time in a degree-granting program on campus. Preference may be given to juniors and seniors of high academic standing with a cumulative GPA of 3.0 or higher and demonstrating financial need. No application is required as recipients will be selected by the OSFA Scholarship Committee based on scholarship-specific criteria determined by the donor. Academic departments also award CMU Bulletin scholarships. Students with a signed major should check with the department for information on the application process.

**CMU Athletic Scholarships:** The OSFA disburses all athletic aid to student athletes. The athletic department awards athletic aid according to NCAA guidelines. Athletic aid is considered part of a student's financial aid package.

**CMU Leader Advancement Scholarship:** As part of the Leader Education Development Program, 40 scholarships are awarded annually to incoming freshmen that have distinguished themselves through a record of leadership and involvement during their high school years. Recipients are selected by a committee through the analysis of the Leader Profile, a portfolio-like record of activities completed by the student. Competitors must have a minimum, cumulative high school GPA of 3.00. The value of the scholarship is \$2,000 per academic year for a maximum of four academic years. Scholarships are automatically renewed providing the student maintains full-time, continuous enrollment at CMU with a 2.75 (or higher) cumulative GPA and completes the required protocol.

**CMU Cofer/Multicultural Advancement Scholarship:** Cofer scholarships are awarded annually to deserving undergraduate students who are graduates of a Detroit public high school. Multicultural Advancement Scholarships are awarded to high school graduates who through past activities or educational aspirations indicate an interest in the advancement of underrepresented groups in American society. The value of each scholarship is \$4,125. The Cofer and Multicultural Advancement scholarships are renewable for three additional years for recipients who maintain full-time continuous enrollment and a 2.50 (or higher) cumulative GPA.

**CMU Multicultural Advancement Award of Distinction:** Scholarships are awarded to select high school graduates. The value of each scholarship is \$10,500 per academic year to be used toward the cost of tuition, room and board, and books and supplies. The scholarship is renewable for three additional consecutive years if a 3.25 cumulative GPA and full-time continuous enrollment are maintained.

#### **CMU President's Awards:**

1. **CMU President's Award for High School Students:** This award honors non-Michigan resident high school seniors who will graduate with at least a 2.75 (on a 4.0 scale) grade point average and enroll directly as freshmen at CMU as full-time, on-campus students. The value of the award is equal to the difference between in-state and out-of-state tuition for high school seniors for eight semesters, providing the student maintains non-Michigan residency status, complete 30 new credit hours, and maintain continuous enrollment at CMU with a 2.5 cumulative GPA or higher. Participation in the Legacy Program replaces this award.
2. **CMU President's Award for Transfer Students:** This award honors non-Michigan resident transfer students who have earned 30 or more credit hours with a cumulative grade point average of 2.75 (on a 4.0 scale) and who enroll directly at CMU as full-time, on-campus students. The value of the award is equal to the difference between in-state and out-of-state tuition for up to six semesters, providing the student maintains non-Michigan residency status, complete 30 new credits, and maintain continuous enrollment at CMU with a 2.5 cumulative GPA or higher. Participation in the Legacy Program replaces this award.

**Special Talent Scholarships:** The awarding departments (e.g., Broadcast and Cinematic Arts, Speech and Dramatic Arts, and Music) determine awards with varying values. Students must be enrolled full-time and meet departmental criteria for renewal eligibility.

### **CMU Scholarship Policy:**

1. Recipients of CMU merit and talent-based scholarships of a dollar value equal to or greater than \$2,500 are required to reside on campus during their freshman and sophomore years unless they qualify as commuting students or for another exception to the Campus Residency Policy;  
[https://www.cmich.edu/ess/ResLife/policies/Pages/Residence\\_Hall\\_Agreement.aspx](https://www.cmich.edu/ess/ResLife/policies/Pages/Residence_Hall_Agreement.aspx)
2. Students may receive two renewable merit scholarships. Students who are selected for more than two renewable scholarships may choose the awards of highest value.
3. CMU will limit institutional funds (e.g., need-based grants, merit scholarships, departmental scholarships, employee tuition waivers, Indian Tuition Grant Waiver, etc.) to the annual cost of attendance.

**Indian Tuition Waiver:** A state resident (minimum 12 months) North American Indian who is an enrolled member of a U.S. Federally recognized tribe, is not less than 25% quantum blood Indian and is enrolled in a degree-granting program is eligible for free tuition at CMU. Applications are available from the Michigan Department of Civil Rights (517) 241-7748 or at  
[http://www.michigan.gov/documents/mdcr/MITWAPPLICATION-CR-602-revised\\_7-14-10\\_328137\\_7.pdf](http://www.michigan.gov/documents/mdcr/MITWAPPLICATION-CR-602-revised_7-14-10_328137_7.pdf). Blood quantum and tribal membership will be certified by MDCR; Michigan residency will be determined by the Office of Scholarships and Financial Aid.

### **FEDERAL GRANTS**

**Federal Pell Grant:** Students apply for a Federal Pell Grant by filing a Free Application for Federal Student Aid (FAFSA) or a Renewal FAFSA. Eligibility for a Federal Pell Grant is determined by a need analysis formula prescribed by Congress. Application of the formula to family income and asset data produces an expected family contribution (EFC). You are eligible for a Federal Pell Grant if you: are an undergraduate, have not received a baccalaureate degree and have a qualifying EFC as determined by the U.S. Department of Education (ED). Federal Pell Grant awards are based on full-time attendance per academic year. Your enrollment status is determined as of the 9<sup>th</sup> day of classes each semester (known as the census date). Pell Grants will be adjusted after file close based on your actual enrollment (e.g., full-time, three-quarter time; half-time, less than half-time). The data from your Renewal FAFSA or FAFSA must show that you are eligible to receive a Pell Grant and must be received by the OSFA prior to the last day of enrollment for each semester or within 60 days after the end of the semester if you were selected for verification. Pell Grants paid after the semester is over will be based on number of hours earned. The period during which a student may receive Federal Pell Grants shall not exceed the equivalence of 12 semesters of full-time attendance.

**TEACH Grant:** The Teacher Education Assistance for College and Higher Education (TEACH) Grant Program awards up to \$4000 per academic year to a full-time undergraduate or graduate student who annually completes the FAFSA, is a U.S. citizen or eligible non-citizen, maintains a 3.25 cumulative grade point average, has been accepted into the Teacher Education program, is majoring in a high-need subject area (bilingual education, foreign language, mathematics, reading specialist, science, special education, reading and literacy, etc.) and plans to teach in a Title I elementary (special education major only) or secondary school for at least four years. FAILURE TO COMPLETE THE FOUR YEAR TEACHING OBLIGATION WILL CAUSE THE TEACH GRANT TO BE PERMANENTLY CONVERTED TO A DIRECT UNSUBSIDIZED LOAN WITH ACCRUED INTEREST FROM DATE OF FIRST DIBURSEMENT.

**Federal Supplemental Educational Opportunity Grant (FSEOG):** Undergraduate students who apply for financial aid will be considered for FSEOG if they qualify on a need basis, are enrolled full-time, are eligible for a Federal Pell Grant and have applied for financial aid by CMU's priority deadline date. Although many students will qualify for SEOG, funds are extremely limited so not all students will be offered SEOG. Award amounts vary from \$100 to \$4000 annually.

**Bureau of Indian Affairs Grant (BIA):** Grants are available from certain tribes to assist students with their educational expenses at postsecondary institutions. Grants are need-based, and the tribe determines award amounts. Students must complete a FAFSA and a tribal application.

## CMU GRANT

**CMU Grant:** Available to full-time, undergraduate students on a need basis, as determined by CMU. CMU grant funds are not automatically renewed each year. Award amount may be reduced or cancelled if student receives other institutional funds such as CMU merit scholarships, departmental scholarships, employee tuition waiver, and the Michigan Indian Tuition Waiver.

## FEDERAL WORK STUDY

**Work study,** a form of student employment, is a need based financial aid award that allows you to work. This is not a grant or loan but is a job you can apply for. You will be paid an hourly wage on a bi-weekly basis for hours worked. Your paycheck will be sent directly to you. Learn more about work study by visiting the Student Employment website at [www.ses.cmich.edu](http://www.ses.cmich.edu)

## FEDERAL DIRECT STUDENT LOANS

### Federal Direct Student Loans

Subsidized and unsubsidized Federal Direct student loans are available to students enrolled at least halftime (6 credits) in a degree-granting program. These loans are made available by the U.S. Department of Education. For the 2015-16 academic year, both loans have a fixed interest rate of 4.29%.

**Federal Direct Subsidized Loans** are awarded to students with demonstrated financial need as determined by the FAFSA. Interest on these loans is subsidized by the government, which means interest does not accrue while you are enrolled at least halftime. Interest does accrue during the grace period and when student has exceeded 150% of undergraduate program length.

**Federal Direct Unsubsidized Loans** are awarded to students regardless of financial need. Because these loans are unsubsidized, interest begins accruing when funds are sent to the school. Interest continues to accrue during the 6-month grace period. You may pay the interest as it accrues before repayment begins.

For both loans, the Department of Education deducts a 1.072% origination fee from the loan before it pays to CMU. Repayment on these loans begins 6-months after you graduate or are no longer enrolled at least half-time. The standard repayment period is 10 years, but can be as long as 25 years depending on total borrowing and the repayment plan you choose.

## FEDERAL DIRECT STUDENT LOAN LIMITS

### MAXIMUM LOAN AMOUNT FOR A FULL ACADEMIC YEAR

Credit Hours Earned	Dependent Student		Total	Independent & Dependent Student w/Plus Denial		
	Maximum Subsidized	Maximum Unsubsidized		Maximum Subsidized & Unsubsidized	Additional Unsubsidized	Total
Freshman (0-25)	\$3,500	\$2,000	\$5,500	\$5,500	\$ 4,000	\$ 9,500
Sophomore (26-55)	\$4,500	\$2,000	\$6,500	\$6,500	\$ 4,000	\$10,500
Junior (56-85)	\$5,500	\$2,000	\$7,500	\$7,500	\$ 5,000	\$12,500
Senior (86 +)	\$5,500	\$2,000	\$7,500	\$7,500	\$ 5,000	\$12,500
Graduate/Professional – Unsubsidized only						\$20,500
Medicine (MD program) – Unsubsidized only						\$40,500

**NOTE:** Your loan limit cannot exceed your cost of attendance minus other financial aid you receive.

### CUMULATIVE LIMITS

#### SUBSIDIZED (NEED-BASED) LOANS:

Undergraduate Study \$23,000

Graduate Study, including loans for Undergraduate Study \$65,500

#### SUBSIDIZED LOANS PLUS UNSUBSIDIZED (NON NEED-BASED) LOANS:

Dependent Undergraduate Student \$31,000

Independent Undergraduate Student \$57,500

Graduate or Professional Student, including loans for Undergraduate Study \$138,500

Medical Students (MD program), including Graduate and Undergraduate \$224,000

\*Dependent undergraduate students whose parents are not able to borrow a PLUS loan are eligible for an additional \$4,000 in unsubsidized loans during the 1<sup>st</sup> and 2<sup>nd</sup> years and an additional \$5,000 in unsubsidized loans in the 3<sup>rd</sup> year and beyond.

These annual limits are the maximum yearly amounts you can borrow in both subsidized and unsubsidized loans. You may have one type of loan or a combination of both, depending on your financial aid package. Because you can't borrow more than your cost of attendance minus any other financial aid, you may receive less than the annual maximum.

Before you can receive Direct loan funds, first-time borrowers must sign a **Master Promissory Note (MPN)** and complete online **Entrance Counseling**, which will provide important information about your rights and responsibilities as a borrower. Both of these requirements can be satisfied online through the Direct Loan website at [www.studentloans.gov](http://www.studentloans.gov).

## CALCULATING YOUR UNMET COST

You can gain a better understanding of how your financial aid award compares to the cost of your CMU education by calculating your unmet cost using the Cost of Attendance Calculator found on our website [https://www.cmich.edu/fas/fsr/student\\_acct\\_university\\_billing/Pages/Cost\\_of\\_Attendance\\_Calculator.aspx](https://www.cmich.edu/fas/fsr/student_acct_university_billing/Pages/Cost_of_Attendance_Calculator.aspx)

Calculating your unmet cost will help you determine a financing strategy that will cover the costs your aid package does not, as well as help you make smart borrowing decisions that will affect you long after you graduate.

## ADDITIONAL FINANCING OPTIONS

Aside from making a full payment at the beginning of each semester to cover your unmet costs, several financing options are available. Some of these options charge a fee or interest. The options presented can be used individually or in combination.

### PAYMENT PLANS

The CMU Payment Plan is an interest-free installment plan that allows semester charges to be paid over a series of monthly payments. Each plan has a one time nonrefundable enrollment fee of \$25. Information about the payment plan option can be found here

[https://www.cmich.edu/fas/fsr/student\\_acct\\_university\\_billing/SASUBCMUPaymentPlan/Pages/default.aspx](https://www.cmich.edu/fas/fsr/student_acct_university_billing/SASUBCMUPaymentPlan/Pages/default.aspx)

### PRIVATE SCHOLARSHIPS

If you have not applied for private scholarship funds, it's not too late to get started. Here are some tips to aid you in your search:

- A search for private scholarships can be time intensive. Therefore, it's important to have an organized system to find and apply for scholarships. You can begin this search on our scholarship page at [https://www.cmich.edu/ess/OSFA/Pages/Additional\\_Scholarship\\_Information.aspx](https://www.cmich.edu/ess/OSFA/Pages/Additional_Scholarship_Information.aspx)
- Organizations of all types and sizes sponsor scholarships. Explore local organizations you might not have considered, such as religious, community service, fraternal, military, union and professional.
- You can also use free scholarship search services, which collect information on hundreds of opportunities and compares your characteristics with scholarship restrictions. Based on your answers to the questionnaire, you will receive a list of scholarships you may be eligible to receive. Common search services include: [www.finaid.org](http://www.finaid.org), [www.fastweb.com](http://www.fastweb.com) and [www.scholarships.com](http://www.scholarships.com). Be aware that you should never pay for this type of online service. If you applied for and received private scholarship funds, be sure to notify our office by email at [CMUOSFA@cmich.edu](mailto:CMUOSFA@cmich.edu).

Your financial aid eligibility is limited by the cost of attendance and your expected family contribution. Therefore, if you receive scholarships or tuition benefit, we may have to adjust your financial aid award package.

## **FEDERAL DIRECT PARENT PLUS (PARENT LOAN FOR UNDERGRADUATE STUDENTS) LOANS**

**Federal Direct PLUS Loans** are made available by the U.S. Department of Education to biological or adoptive parents of dependent undergraduate students who are enrolled at least half time (6 credits). The borrower must be a U.S. citizen, national or permanent resident. Although you must file a FAFSA to be considered, PLUS loans are not based on financial need. The parent borrower will apply online at [www.studentloans.gov](http://www.studentloans.gov) and must complete a PLUS Master Promissory Note.

These loans are non-need based loans for a parent with a good credit history who chooses to borrow for a dependent student. Under this program, a parent can borrow up to the total cost of education minus other expected financial assistance. The parent borrower may choose to defer payments on a PLUS loan until six months after the date the student ceases to be enrolled at least half time and pay accruing interest monthly or quarterly, or allow interest to be capitalized quarterly. Interest begins to accumulate at the time the first disbursement is made. The parent borrower may choose to repay both principal and interest while the student is in school or take advantage of deferring payments.

If a parent cannot borrow a Direct PLUS Loan because the federal processor has denied the application due to adverse credit history, the dependent undergraduate student may be eligible to borrow additional amounts in the form of an Unsubsidized Direct Loan. For more information, contact the OSFA.

## **FEDERAL DIRECT GRADUATE PLUS LOANS**

The Graduate PLUS loan program is for students with regular admission to a graduate program who are enrolled at least half time (5 graduate credits). Graduate students must file the FAFSA to be considered and must use all unsubsidized eligibility before borrowing from the graduate PLUS program.

This loan is a non-need loan for students with good credit histories. Applicants can borrow up to the annual cost of attendance minus other financial assistance. Students will receive an automatic loan deferment while enrolled at least half time. Interest accrual begins upon disbursement of the loan. Students will apply online at [www.studentloans.gov](http://www.studentloans.gov) and must complete a PLUS Master Promissory Note.

## **PRIVATE EDUCATION LOANS**

The terms of private education loans vary by lender. Private loans require a credit check and/or debt-to-income ratio check on the borrower and/or co-signer. A co-signer may be required. Interest rates may be lower for those students who choose to have a credit-worthy co-signer.

You should take advantage of all federal student loan options before pursuing a private loan, as federal loans generally offer better terms and repayment options than private loans. Private loans are also not eligible for federal loan consolidation. More information on private loans can be found on our website at <https://www.cmich.edu/ess/OSFA/Pages/ALT-LOAN.aspx>

## CALCULATING FUTURE LOAN PAYMENTS

Prior to leaving the university (either by graduation or withdrawal), students are required to participate in exit loan counseling to receive important information about repayment, consolidation, deferment and other matters, and to have the opportunity to ask questions about specific situations.

Federal Direct Subsidized Loan repayment of principal begins six months (grace period) after the student leaves college or drops below half-time status. Interest does accrue during the grace period and when the student has exceeded 150% of undergraduate program length.

Federal Direct Unsubsidized Loan interest accumulates on the loan while the student is in school and during the grace period. The student can either pay this interest as it accumulates or wait until he or she begins repaying the loan principal (the amount of money the student borrowed). If the student chooses to delay interest repayment, the interest that accumulates will be "capitalized," i.e., will be added to the loan principal when he or she begins repayment. This means the total amount of the loan will increase.

Repayment on the Federal Direct PLUS Loan begins within 60 days after the loan is fully disbursed. Parent borrowers may choose to defer payments on a PLUS loan until six months after the date the student ceases to be enrolled at least half time and pay accruing interest monthly or quarterly, or allow interest to be capitalized quarterly. Graduate PLUS loans are automatically deferred while student is enrolled at least half time.

The tables in Appendix A will help you make an informed decision on your borrowing levels and estimate the costs you will face when you begin to repay your loans. There are multiple repayment options available for federal student loans. Information about these repayment options can be found at <https://studentaid.ed.gov/repay-loans>

As a general rule, for a student loan burden to be manageable, the total amount you borrow should be less than your starting salary after graduation.

## BILLING AND DISBURSEMENT OF AID

The Student Account Services and University Billing Office (SASUB) is responsible for billing and will assess charges to your student account. Billing statements are sent to students by email.

If your bill is greater than the amount of aid that pays to your account, you must pay the difference. If your financial aid is more than the total of your charges, you may be eligible for a refund. All refunds are issued electronically, either by direct deposit into a personal checking or savings account or to a CMU Money Card.

**A note about Parent PLUS loans:** Federal Parent PLUS Loans are disbursed directly to students' billing accounts. When there is a combination of student financial aid and a Parent PLUS Loan, **the Parent Loan is disbursed to the student account first.**

If a credit balance remains after semester charges are paid, a refund is issued according to the following guidelines: If the Parent PLUS Loan borrower elects for their student to receive the refund, any credit balance will be refunded directly to the student. If the PLUS Loan borrower elects to receive a refund directly, any credit balance up to the amount of the student's financial aid award is first refunded to the student. Any remaining credit balance will be refunded directly to the borrower.

Additional information about tuition due dates and refund schedule can be found on the SASUB website at [https://www.cmich.edu/fas/fsr/student\\_acct\\_university\\_billing/SASUBRefunds/Pages/default.aspx](https://www.cmich.edu/fas/fsr/student_acct_university_billing/SASUBRefunds/Pages/default.aspx)

## TERMS AND CONDITIONS OF RECEIVING FINANCIAL AID

By accepting and receiving financial aid at CMU, you agree to all of the terms and conditions below.

### STATEMENT OF EDUCATIONAL PURPOSE

By accepting financial aid awards you certify that all money received under Title IV student financial aid programs are only for expenses related to your attendance at Central Michigan University. You also confirm that you do not owe a repayment on any federal or state student aid funds received at any institution attended, nor have you borrowed in excess of any federal loan limits. You further attest that you are responsible for repayment of a prorated amount of any portion of payments made which cannot reasonably be attributed to meeting educational expenses related to the attendance at the University. The amount of such repayment is to be determined by the criteria set forth by the United States Department of Education and the Michigan Department of Higher Education.

### TITLE IV DISCLOSURE

Central Michigan University is required by the federal government, through the Higher Education Act of 1965, as amended, to provide the following information: The title of the person designated under Section 668.367, Subpart C, Title 34 of the Code of Federal Regulations is the Director of Financial Aid. This individual may be contacted at the Office of Scholarships and Financial Aid, Warriner Hall 202, Central Michigan University, Mount Pleasant Michigan 48859, 888-392-0007, Monday through Friday 8:00 A.M. to 5:00 P.M.

We must provide you with a statement of the rights and responsibilities of students receiving financial aid under the Direct Loan program. To receive federal Title IV financial aid funds:

1. You must maintain Satisfactory Academic Progress according to CMU standards and practices as published.
2. You must not be in default on a Federal Perkins and/or Federal Loan Programs.
3. You must not owe a refund of a federal grant received at any institution.
4. You must sign a statement that all funds received through the federal financial aid programs will be used solely for educational or education-related purposes.
5. You must be registered for the draft if you are required to register. Proof of registration may be required.

Other information that Central Michigan University is required to disseminate, according to the Student Consumerism Regulations, Section 668.34, Subpart C, Title 34 of the Code of Federal Regulations, Part 178.4, can be found elsewhere in this document and Central Michigan University's financial aid website.

## YOUR RIGHTS AND RESPONSIBILITIES

You have the **right** to ask the university:

- the cost of education and the university's refund policy;
- what financial assistance is available, including information on all federal, state, local, private, and institutional financial aid programs;
- about the procedures, forms and deadlines for submitting applications for each available financial aid program;
- the student eligibility requirements and the criteria for selecting recipients from the group of eligible applicants;
- how your financial need is calculated, including the determination and amount of the expected family contribution and the criteria for determining the amount of your aid award;
- how much of your financial need has been met, as determined by the OSFA;
- how aid is disbursed or paid to your account;
- to explain each type and amount of assistance in your financial aid package;
- the interest rate on any federal student loan you have, the total amount you must repay, the length of time you have to repay, when you must start repaying, and what cancellation or deferment (postponement) provisions apply;
- if you are offered a Federal Work Study award, what kinds of jobs are available, the hours, the duties, and the rate of pay;
- to reconsider your aid package, if you believe a mistake has been made or if your enrollment or financial circumstances have changed;
- how we determine whether you are making satisfactory progress and what happens if you are not.

**It is your responsibility to:**

- review and consider all information about academic programs before enrolling;
- pay special attention to the application for financial aid, answer the questions completely and accurately, and submit the forms on time and to the right place;
- know and comply with all deadlines for applying or reapplying for financial aid;
- provide all documentation, corrections, and new information requested either by the OSFA or the agency to which your need analysis form was submitted;
- notify the OSFA of any information that changes after applying;
- read, understand and keep copies of all forms that you submit;
- repay any student loans you have (when you sign a promissory note, you are agreeing to repay the loan);
- complete entrance and exit loan counseling sessions if a Federal Direct Loan has been received;
- notify the university of a change in name, social security number, address, or attendance status (half-time, three-quarter-time, full-time, or less-than-half-time);
- satisfactorily perform the work agreed upon in a Federal Work Study job;
- understand the university's refund policy;
- conform to published behavioral guidelines during any contacts with the OSFA. See the CMU Bulletin: Policies and Procedures Relating to Student Rights and Responsibilities.

## APPENDIX A: LOAN REPAYMENT TABLES

### FEDERAL DIRECT LOANS – STANDARD & EXTENDED REPAYMENT PLANS

Repayment amounts assume you have paid any accrued interest while you were enrolled in classes and during the 6-month grace period after you graduate before repayment begins.

Loan Amount	Standard Repayment Plan		15-Year Extended Repayment Plan*		20-Year Extended Repayment Plan*		25-Year Extended Repayment Plan*	
	# of Payments	Monthly Payment	# of Payments	Monthly Payment	# of Payments	Monthly Payment	# of Payments	Monthly Payment
\$3,500	120	\$30.00	n/a	n/a	n/a	n/a	n/a	n/a
5,500	120	\$43.29	n/a	n/a	n/a	n/a	n/a	n/a
7,500	120	\$66.31	n/a	n/a	n/a	n/a	n/a	n/a
9,500	120	\$109.33	n/a	n/a	n/a	n/a	n/a	n/a
11,500	120	\$152.34	n/a	n/a	n/a	n/a	n/a	n/a
13,500	120	\$155.36	n/a	n/a	n/a	n/a	n/a	n/a
15,500	120	\$178.37	n/a	n/a	n/a	n/a	n/a	n/a
17,500	120	\$201.39	n/a	n/a	n/a	n/a	n/a	n/a
19,500	120	\$224.41	n/a	n/a	n/a	n/a	n/a	n/a
21,500	120	\$247.42	n/a	n/a	n/a	n/a	n/a	n/a
23,500	120	\$270.44	n/a	n/a	n/a	n/a	n/a	n/a
25,500	120	\$293.45	n/a	n/a	n/a	n/a	n/a	n/a
27,500	120	\$316.47	n/a	n/a	n/a	n/a	n/a	n/a
29,500	120	\$339.49	n/a	n/a	n/a	n/a	n/a	n/a
31,500	120	\$362.50	180	\$279.62	240	\$240.45	300	\$218.63
33,500	120	\$385.52	180	\$297.37	240	\$255.72	300	\$232.51
35,500	120	\$408.54	180	\$315.13	240	\$270.99	300	\$246.40
37,500	120	\$431.55	180	\$332.88	240	\$286.25	300	\$260.28
39,500	120	\$454.57	180	\$350.64	240	\$301.52	300	\$274.16
41,500	120	\$477.58	180	\$368.39	240	\$319.79	300	\$288.04
43,500	120	\$500.60	180	\$386.14	240	\$332.05	300	\$301.92
45,500	120	\$523.62	180	\$403.90	240	\$347.32	300	\$315.80

\*Extended repayment plans are only available for loan amounts greater than \$30,000. This table assumes a 6.8% fixed-interest plan.

**FEDERAL DIRECT PARENT/GRADUATE PLUS LOAN – STANDARD REPAYMENT PLAN**

<b>Loan Amount</b>	<b># of Payments</b>	<b>Monthly Payment</b>	<b>Total Interest / Repayment @ 7.9% Interest</b>
\$10,000	120	\$120.80	\$4,496 / 14,496
20,000	120	\$241.60	\$8,992 / 28,992
30,000	120	\$362.40	\$13,448 / 43,448
40,000	120	\$483.00	\$17,984 / 57,984
50,000	120	\$604.00	\$22,480 / 72,480

220,000	120	\$2,657.60	\$98,912 / 218,912

**Academic Year:** A period of at least 30 weeks of instructional time during which a full-time undergraduate student is expected to complete at least 24 new credit hours (full-time graduate student must complete 18 new credit hours).

**Accrual Date:** The day interest charges on an educational loan begin to accumulate.

**Accrued Interest:** Interest that accumulates on the unpaid balance of your loan.

**Agency Scholarship:** Scholarships awarded to students by organizations external to CMU. Scholarships \$500 or higher are disbursed equally between the fall and spring semesters.

**Award Notice:** Your notification from CMU of the types and amounts of aid offered and the terms and conditions of that aid. The Notice includes information about attendance costs.

**Award Year:** The period between July 1 of one year and June 30 of the following year. CMU begins the award year with the fall semester, followed by the spring semester, and ends with the summer session.

**Campus-based Aid:** Federal Work-Study, and Federal Supplemental Educational Opportunity Grant Programs are collectively called the federal "campus-based" programs, because the funds are administered directly by the school's financial aid office and awarded to students under federal guidelines.

**Capitalization of Interest:** The process of adding unpaid interest to the principal balance of an educational loan, thereby increasing the total amount to be repaid.

**Central Processing System (CPS):** The system that receives your need analysis data. The CPS calculates your official Expected Family Contribution, which is a total of your calculated Parent Contribution (PC) and/or Student Contribution (SC).

**Citizen/Eligible Non-citizen:** You must be one of the following to receive federal student aid:

1. U.S. citizen
2. U.S. national (includes natives of American Samoa or Swain's Island)
3. U.S. permanent resident with an I-151 card, a conditional permanent resident with a I-551C card

If you are not in one of these categories, you must have an Arrival-Departure Record (I-94) from the U.S. Department of Homeland Security (DHS) showing one of the following designations: "Refugee", "Asylum Granted", "Parolee" (I-94 confirms that you were paroled for a minimum of one year and status has not expired), "Victim of human trafficking" T-Visa holder (T-1, T-2, T03, etc.) or "Cuban-Haitian Entrant."

You can also be eligible based on the Family Unity Status category, with approved I-797s (Voluntary Departure and Immigrant Petition). Citizens of the Federated States of Micronesia, the Republic of the Marshall Islands and Palau are eligible for Federal Pell Grants, Federal SEOG, or Federal Work Study only.

You are NOT eligible for federal financial aid if you only have a Notice of Approval to Apply for Permanent Residence (I-171 or I-464A), or if you are in the U.S. on an F1, F2, J1, J2 or G series visa.

**Consolidation:** See Loan Consolidation.

**Cost of Attendance (COA):** Your anticipated expense to attend CMU. Includes tuition, housing, food, transportation, books and supplies, personal expenses, and other costs, depending on individual circumstances and curriculum.

**Default:** See Loan Default.

**Deferment:** See Loan Deferment.

**Delinquency:** See Loan Delinquency.

**Direct Graduate PLUS Loan:** A federal loan that enables graduate students with good credit histories to borrow to pay for educational expenses. Students must be enrolled at least half-time, file a FAFSA, and meet all eligibility requirements.

**Direct PLUS Loan:** A federal loan that enables parents of dependent undergraduate students with good credit histories to borrow to pay for education expenses; students must be enrolled at least half-time.

**Direct Subsidized Loan:** A federal loan that is awarded to a student based on need. If you qualify for a subsidized loan, the Federal government pays interest on the loan while you are enrolled at least half-time as an undergraduate student.

**Direct Unsubsidized Loan:** A non-need-based federal loan. If you qualify for an unsubsidized loan, you will be charged interest from the time the loan is disbursed until it is paid in full.

**Disbursement:** The release of loan funds to the school for delivery to the borrower. Disbursements for most loans are made in equal multiple installments, i.e., a full-spring loan is disbursed in the fall and the spring.

**Entrance/Exit Interviews:** Borrowers of Federal Direct Loans and Federal Perkins loans are required to attend counseling sessions before receiving their first loan disbursement and again before leaving school.

**Expected Family Contribution (EFC):** An amount, determined by a formula established by Congress, that indicates how much of your family's financial resources should be available to help pay for school. Factors such as taxable and nontaxable income, assets (such as savings and checking accounts), and benefits (for example, unemployment or social security) are all considered in this calculation. The EFC is used in determining your eligibility for financial aid. The EFC is not the amount you must pay directly to the university, but rather the family's share of the total cost of education.

**Federal Direct Loan Servicers:** The Direct Loan Servicers are agents of the Federal Department of Education that conducts credit checks for Federal Direct PLUS and Graduate PLUS Loans, and services all direct loans during in-school, grace, and repayment periods. It is the responsibility of the Federal Direct Loan Servicers to collect payments of direct loans, and provide customer service to borrowers.

**Federal Pell Grant:** A federal grant program for needy, post-secondary students who have not received a bachelor's degree or first professional degree.

**Federal Supplemental Educational Opportunity Grant:** A federal grant for undergraduates with exceptional financial need (students with the lowest EFCs); priority is given to students who receive Federal Pell Grants.

**Federal Work Study:** A federal employment program that subsidizes wages for needy post-secondary students to help them pay for educational expenses.

**Financial Aid:** Financial assistance in the form of scholarships, grants, employment opportunities and educational loans from federal, state, institutional and private sources.

**Forbearance:** See Loan Forbearance.

**Free Application for Federal Student Aid (FAFSA):** The federal aid application. All students who wish to be considered for federal and most state and institutional aid must complete this. Students must reapply yearly.

**Full-time Student:** An undergraduate student taking a minimum of 12 credit hours per semester or a graduate student taking a minimum of nine credits per semester.

**Gift Aid:** Educational funds such as grants or scholarships that do not require repayment from present or future earnings.

**Grace Period:** See Loan Grace Period.

**Grant:** A type of financial aid based on need that is not repaid by the student.

**Half-time Student:** An undergraduate student taking six to eight credit hours per semester or a graduate student taking five to eight credit hours per semester.

**Interest Rate:** A fee charged for the use of borrowed money. Interest is calculated as a percentage of the principal (amount borrowed) loan amount. The rate may be unchanged (constant) throughout the life of the loan (fixed rate) or it may change at specified times (variable rate).

**Less-than Half-time Student:** An undergraduate student taking less than six credit hours per semester or a graduate student taking less than five credit hours per semester.

**Loan Consolidation:** A loan program that allows a borrower to combine various federal educational loans into one new loan. By extending the repayment period (up to 25 years depending on the loan amount) and allowing a single monthly payment, consolidation can make loan repayment easier for some borrowers.

**Loan Default:** Failure to repay a student loan according to the terms agreed to when you signed a promissory note. For a loan repayable in monthly installments, a loan is in default when this failure to repay persists for 270 days. If you default, your school, the organization that holds your loan, the state, and the federal government can all take action to recover the money, including notifying national credit bureaus of your default. Wages and tax refunds may be garnished, and you will no longer be eligible to receive federal financial aid.

**Loan Deferment:** An authorized period of time during which a borrower may postpone principal and interest payments. Deferments are available while borrowers are in school at least half-time, enrolled in a graduate fellowship program or rehabilitation training program, and during periods of unemployment or economic hardships. Other deferments may be available depending on when and what you borrowed. Deferments extend the loan repayment period by the length of the deferment period.

**Loan Delinquency:** Failure to make a loan payment when due.

**Loan Forbearance:** An authorized period of time during which the lender agrees to temporarily postpone a borrower's principal repayment obligation. Interest continues to accrue and usually must be paid during the forbearance period. Forbearance may be granted at the lender's discretion when a borrower is willing to repay his/her loan but is unable to do so.

**Loan Grace Period:** The period between the time a borrower leaves school or drops below half-time and the time he or she is obligated to begin repaying loans - usually six or nine months, depending on the type of loan.

**Loan Origination Fee:** A fee charged by the federal government and deducted from loan proceeds before disbursement to partially offset administrative costs of the loan program.

**Loan Principal:** The amount borrowed. Interest is charged on this amount. Origination fees for Federal Direct Loans are deducted prior to disbursement.

**Master Promissory Note:** The legal document borrowers sign when they get a Federal Direct or a Federal Perkins loan. It lists conditions under which the money is borrowed and the terms under which borrowers agree to repay the loan with interest. Borrowers should keep the borrower copy of their promissory notes until the loans are fully repaid.

**Merit-based Aid:** Assistance that is awarded because of a student's achievement or talent in a particular area, such as academics, athletics, music, etc.

**Need:** The difference between CMU's cost of attendance (COA) and a student's (and family's) ability to pay (EFC). Ability to pay is represented by the total of the parent and/or student contribution(s).

**Need Analysis:** A system developed by Congress that is used to estimate a family's ability to pay for post-secondary education; one of the necessary steps in establishing a student's need for financial assistance.

**New Borrower:** A borrower who has no outstanding (unpaid) educational loan balances on the date he or she signs the promissory note for a specific educational loan. New borrowers may be subject to different regulations than borrowers who have existing loan balances.

**Over award:** A situation in which the student's combined resources, including parent and/or student contribution(s) and financial aid, are greater than the cost of attendance. Over awards are not permitted for students receiving federal financial aid.

**Promissory Note:** The legal document borrowers sign when borrowing a loan. It lists conditions under which the money is borrowed and the terms under which borrowers agree to repay the loan with interest. Borrowers should keep a copy of their promissory notes until all loans are fully repaid.

**Repayment Schedule:** Discloses the borrower's monthly payment, interest rate, total repayment obligation, due date and length of time for repaying the loan.

**SAR:** See Student Aid Report.

**Satisfactory Academic Progress:** The academic standard, as determined by CMU in compliance with federal regulations, which a student must meet to continue receiving federal financial aid.

**SEOG:** See Federal Supplemental Educational Opportunity Grant.

**Special Circumstance:** If you and your family have unusual circumstances, such as tuition expenses at an elementary or secondary school, unusual medical or dental expenses not covered by insurance, expenses associated with a parent attending college or a family member who recently became unemployed, a recalculation of your expected family contribution may be possible. Contact the OSFA for more information.

**Student Aid Report (SAR):** A form returned to the student after submitting the FAFSA or Renewal Application to the federal processor. The SAR shows the information that was processed and indicates whether a student is eligible for a Federal Pell Grant. The SAR is available online at: [www.fafsa.gov](http://www.fafsa.gov). (Your Federal PIN is required). For duplicate reports call (800) 433-3243.

**TEACH Grant:** A federal grant that provides up to \$4,000 per year in conditional grant money for students who agree to teach certain high-need-subjects in low-income schools. The grants turn into unsubsidized loans for students who do not fulfill the teaching obligation.

**Three-quarter Time Student:** An undergraduate student taking nine to 11 credit hours per semester.

**Title IV Programs:** Student financial aid programs administered by the Office of Postsecondary Education within the U.S. Department of Education, authorized by Title IV of the Higher Education Act of 1965, as amended. These programs are: the Federal Pell Grant Program, the William D. Ford Federal Direct Loan Program, the Federal Perkins Loan Program, the Federal Work-Study Program, and the Federal Supplemental Educational Opportunity Grant Program.

**Verification:** A process of review to determine the accuracy of the information on a student's financial aid application (FAFSA).

## WHERE TO FIND US

The OSFA is available to assist all students in applying for, processing, and receiving financial aid. The Student Service Court, located on the lower level of the Bovee University Center, is the main OSFA service counter. Student service advisors are available on a walk-in basis to assist students with most of their financial aid transactions. Hours are Monday 10 AM to 5 PM, Tuesday through Friday 8 AM to 5 PM. For your convenience, a drop box for financial aid documents is located in the circular drive in front of the Bovee University Center. Financial aid advisors are available by appointment Monday through Friday 8:30 AM to 4:30 PM in Warriner Hall 202. Students and parents may also receive assistance by contacting the OSFA via U.S. Mail, telephone, electronic mail and Fax:

Telephone: (989) 774-3674  
Toll-free: (888) 392-0007

## Major Map

BULLETIN YEAR: 2015-2016 Degree: BA; BS

Major: BIOCHEMISTRY

The major map illustrates one path to completing your major, based on faculty members' advice on course sequence and a department's tentative plans for scheduling courses. This document provides general direction. For more specific advice and up to date schedules, it is expected that students will regularly discuss their plans of study with academic advisors and monitor the current class schedules as students are responsible for ensuring that all requirements for graduation have been met.

52. OIA Student Handbook

# OIA Student Handbook

## WELCOME

This booklet has been prepared by the Office of International Affairs (OIA). All of us in the OIA join the faculty, staff, and students in welcoming you to Central Michigan University (CMU). We hope your stay here will be of lasting value to you intellectually, academically, and socially.

This handbook will be an excellent reference throughout your stay. You will find valuable information about the University and about living in Mt. Pleasant.

OIA staff members are trained to professionally advise students and scholars on a wide range of topics, which include immigration issues, social and cultural differences, financial matters, and personal concerns. We provide programs designed to help students, scholars, and their families adjust quickly to life in the United States and minimize the difficulties they may experience both initially and throughout their stay.

The OIA is open all year (except University holidays), Monday through Friday, from 8:00 am to 5:00 pm. You can call or stop by to ask general questions. If our staff is not able to assist you with your concern immediately, you will be asked to make an appointment.

Again, WELCOME TO CENTRAL MICHIGAN UNIVERSITY, and best wishes for a successful academic and personal experience.

## IMPORTANT TELEPHONE NUMBERS:

*Note: When using a campus phone, you must dial 9 before a local off-campus phone number; and only the last four digits of an on-campus phone number. All campus phone numbers begin with 774.*

### Emergency

Ambulance/Fire/Police .....	911
CMU Public Safety.....	(989) 774-3081
Mt. Pleasant Police.....	(989) 773-1000

## ACADEMIC ISSUES

The educational system in the United States is most likely different than the educational system in your home country. In order to avoid confusion and misunderstanding regarding the differences in terminology and expectations, we have listed the definitions of some important academic terms that are commonly used in the U.S.

### Academic Conduct: Standards

Americans value originality and individual achievement highly. This is reflected in the focus on original thinking in class discussions and in the rules of academic honesty. The most important rule of academic honesty is that a student must be evaluated only on the basis of his or her own original work. If students violate this rule by passing off the work of other people as their own, they are committing a serious offense called plagiarism. Plagiarism may result in a student's dismissal from the University. You need to understand exactly what comprises plagiarism at an American university. If you are ever in doubt about whether you may be committing plagiarism by using someone else's words or ideas, see your instructor/professor and clarify the matter immediately.

### Academic Year

The academic year at CMU is divided into semesters (generally August-December and January-May). Each semester is 16 weeks in length. This includes one week for final examinations. There are two semesters in each academic year. Summer sessions are held beginning in May and ending in August. There are several terms in the summer session lasting 3, 6, or 12 weeks.

### Assignment

An assignment is out-of-class work required by a professor; for example, reading books or writing a paper or lab report, which is usually due by a certain date.

## Grades

A letter is used to measure the quality of a student's academic work. Undergraduate students may receive one of the following grades:

**A (excellent)**

**B (above average)**

**C (average)**

**D (lowest acceptable)**

**F (fail)**

## **Syllabus**

A course outline containing required readings, attendance policies, exam schedules and grading scale.

## **Mid-term**

It consists of one or more exams, which are given during the middle of the semester.

## **Final Exam**

Is given at the end of a semester and usually accounts for a significant portion of your grade.

## **Major**

For undergraduate students, a major constitutes an area or concentration of study.

## **Registrar**

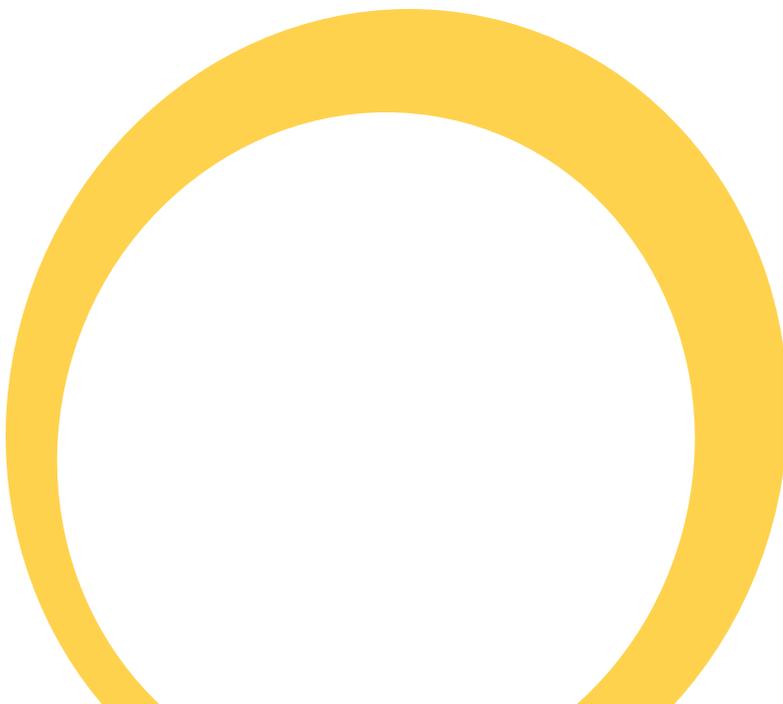

Official recorder of a student's academic information, such as courses taken and grades received. This office is located in Warriner Hall 212.

## **Transcript**

This is an official record of courses taken, along with grades received by a student. Official transcripts are important documents and can be requested from the Registrar's Office.

## ***Fire Up!***

You'll hear this popular saying all over campus. This friendly phrase is used in greetings, cheers, and to show the Chippewa enthusiasm.

## Housing

Finding a place to live is obviously one of the most important and immediate concerns you will have in beginning your stay at CMU. The following section is provided to give you some guidelines to follow and an overview of the options available to you.

### FINDING VACANCIES

1. On-campus housing is available through the Office of Residence Life (Reslife). CMU offers both Residence Hall and Apartment placings for CMU students. For information regarding living on-campus, please visit the Office of Residence Life's website at [www.reslife.cmich.edu](http://www.reslife.cmich.edu).
2. Listings of local apartment complexes are available on the OIA website. You may contact these complexes to determine if they have current vacancies.
3. The Mount Pleasant newspaper, *The Morning Sun*, lists "For Rent" columns daily in their classified sections. The campus newspaper, *CMLife*, also advertises local apartment complexes and has a section for students looking for a roommate (a.k.a sublease).
4. The Buyer's Guide, distributed each Monday, has "For Rent" advertisements throughout the publication.
5. Notices of vacancies appear in many different places around campus. Check bulletin boards in laundromats, apartment houses, supermarkets, etc.

### HOUSING OPTIONS

#### Apartments

Most apartments require either a one-semester or a nine-month lease. Security deposits of either a set fee or one month's rent are standard, although some will vary. Some apartments are furnished; however, dishes, linens, pots, pans and silverware are usually not included. Some complexes offer such amenities as swimming pools, game rooms, cable TV, color TVs, dishwashers, and washers and dryers.

#### Rooming Houses

This is probably the second most popular form of student housing. There are many houses that are rented to groups of students. These houses usually accommodate four (4) to ten (10) students.

If you live in a house or share an apartment with other students, be sure to determine who is responsible for paying the utilities and how the bills will be shared. Often houses divided into apartments have only one meter and even one thermostat, leaving tenants to work out who controls the thermostat and how utilities will be paid.

## WHAT TO LOOK FOR

The list below suggests various items to consider when comparing apartments.

### Space

Does the apartment feel big enough for you, plus regular visitors? Is the apartment furnished? What are each room's dimensions? Will all your furniture fit?

### Condition

Is the apartment clean and freshly painted? When was it repainted?

Is painting allowed for changing the color scheme of a room?

Are there holes and cracks in the walls and ceilings, bulging plaster, rotting wood? How do the floors look? Are they scratched or is the carpet torn or damaged?

Are there roaches, ants or other pests scurrying around? Does the landlord exterminate? When does the exterminator come?

It may be wise to document previous damages done to the apartment in writing or through photos to insure a return on your security deposit. In addition, you may want to ask current tenants' the pros and cons about living in the complex.

### Windows

Do the windows open easily? Are the panes in good condition?

Does the landlord provide window cleaning? Blinds or shades?

Do you like the view? Does anything block the sunlight?

### Storage

Is there enough closet space for clothes, linens, and sports gear?

What about cupboards for table and cookware? Can you add shelves?

Can you keep large items in the apartment complex's basement?

### Noise

Can you hear people in the next apartment, up and downstairs, or on the street below?

Are you required to put down carpeting or a rug to reduce noise?

### Heat/Air Conditioning

Are there heat vents in every room? Who controls the heat, you or the landlord?

If there are no air conditioning units, can you install your own?

### Wiring

Are there enough electrical outlets for your appliances?

Is there an overhead light in your room? Does the light switch work?

Is there a fuse box (circuit breaker) in the apartment? Where is it?

## **Cost**

How much is the rent? What day of the month is payment due? Where do you send the payment?  
Does the price of the rent include utilities, garbage pickup, use of parking, etc.?  
Under what conditions is the security deposit (often a month's rent) refundable?

## **Service**

Is there full-time maintenance staff? What hours are they on duty? Can they let you in if you lose your key?  
How do you dispose of garbage and trash?  
Is there a laundry room? How many machines? Do they all work? How much do they cost?  
Is there a parking lot available?  
How is mail delivery handled? What about large parcel deliveries? What happens if you're not home when something is delivered?

## **Building**

Are the lobbies, halls, laundry room, and other public areas clean, well kept, and well lit?  
What about the grounds?  
How many locks do you see? Are they all secure?  
Is there an active tenants' association? Are there any rumors that the building is up for sale, or might go co-op?

## **Location**

Where's the nearest supermarket, dry cleaner, druggist, etc.?  
Is there a bus stop you can walk to? How far do you have to commute to your classes?  
What about local crime rates? Do you feel safe?

## **Lease**

How long can you rent - academic year or 12 months? What happens if you break the lease -- do you lose your security deposit? Can you sublease?  
Should you take out an insurance policy on your apartment for theft and damage, or is your landlord responsible for this coverage?  
If you make any improvements, do they become the property of the landlord when you leave?

*\*It is strongly recommended that your rental unit be registered with the City of Mt. Pleasant.*

## **LEASE AGREEMENTS**

When you rent a room or an apartment, you will be required to sign a lease. A lease is a written contract between you (the tenant) and the landlord (the owner of the rental property). When you sign a lease, you agree to pay a certain amount of money each month over a specific period of time (usually 6, 9 or 12 months) and to follow certain rules in exchange for the right to occupy the rental property for a set period of time. Most lease agreements require that you pay a security deposit, which is usually equal to one month's rent. This security deposit will be returned to you if you fulfill all the terms of the lease.

**Read the lease carefully and be sure you understand it before signing. By signing a lease, you agree to all terms listed in the lease. A lease is a binding contract.**

## **The Standard Michigan Lease**

Many landlords use a standard lease, which generally contains the following topics:

### **Repairs**

The Standard Michigan Lease clearly states that the landlord is under no duty to make repairs except to underground pipes and the roof. The Michigan Supreme Court has ruled that a landlord is under no obligation to make repairs not specified in the lease. The tenant is responsible for the repair of above ground pipes. Aside from stopped up drains, the most serious problem arises when a unit is left unheated or the pipes are not drained during a long, cold weekend or over Christmas break. Burst pipes could result and would be the tenant's responsibility. Also, the landlord is not responsible for any damages to your property caused by fire, rain, windstorm, defects in the building, or from his failure to repair the roof or underground pipes. Therefore, you would be wise to obtain renter's insurance to cover your personal belongings in the event of damage.

### **Subleasing**

Subleasing is the practice of a tenant leasing to another tenant rather than fulfilling (or breaking) the lease. Landlord permission must be obtained before the tenant may sublease to another. The Michigan Supreme Court in 1977 held that the landlord cannot withhold consent to sublease without reason. If the landlord allows you to sublease, you still remain liable on the lease until the end of the term. You may be held responsible for unpaid rent or damages caused by the person to whom you have subleased.

### **Privacy**

The landlord has the right to inspect the premises and the furniture furnished by him upon responsible notice. A landlord will be trespassing if he enters the premises with a passkey without notice. Exceptions include a genuine emergency or when showing the apartment to a prospective renter or buyer. The landlord is permitted by terms of the lease to show the apartment at any time to a prospective renter within three months of the lease expiration date or at any time to a prospective buyer. Some leases give the landlord the right to inspect the premises at any time.

### **Extra Clauses**

- 1) Rent increases during term of lease--some leases provide for rent increases during the term if insurance, property taxes, or certain city services are increased.
- 2) The landlord reserves the right to terminate lease for objectionable conduct. This clause is inserted to protect the quiet atmosphere of the complex. You may be evicted for objectionable conduct.

### **Co-Signer Liability**

The law provides that each roommate is individually (as well as jointly) responsible for all monies owed to a landlord. A landlord, therefore, can hold any one of the co-signers responsible. To avoid

potential problems, you and your roommate(s) should have a clear understanding in advance of how financial obligations will be met. Also, the landlord has the right to confiscate your roommates' furniture or his/her personal property for rent due. You are also responsible for getting roommates to pay for their portion of a utility bill if it is under your name.

## Deposits

Most housing units require a security deposit to protect the property against damage and to keep tenants from leaving without paying rent. However, the specific purpose of the deposit and the conditions under which the landlord may keep or return the deposit are generally not stated. The result from this miscommunication is often non-refunded deposits. To minimize the possibility of this happening, you should have in writing the specific purpose of the deposit and what conditions must be met in order to get it back. The landlord must return your deposit, according to the lease, on time and itemize any deductions made from your deposit.

Law does permit the landlord to deduct any rent that is due or any cost of repairing damage inflicted during the tenant's term. You are not responsible for normal "wear and tear." You must leave the premises in the same condition as you found them. If your visitors break or damage your landlord's property, you are responsible for having those items repaired or replaced.

To assure compliance with the Security Deposit Act and to protect yourself, be sure to fill out and return your inventory checklist as soon as you move in. If something is broken when you move in but not noted on your inventory checklist, you will probably pay to have it fixed when you move out. You may want to document gross deficiencies with photographs.

## UTILITIES

Utilities are often not covered with your rent. Be sure to check your lease. You will need to contact the companies below to start your service and check on approximate cost.

Consumer Energy (Electric Company).....	1-800-477-5050
DTE Energy (Gas Company).....	1-800-477-4747
Telephone (Verizon).....	1-800-483-4000

## HOUSING PROBLEMS

If you have a problem with your landlord or owner concerning rent, deposit, refund, repairs, etc., try the following:

- 1) Talk with your landlord first. He or she may not be aware of the problem. Be sure that the landlord has an opportunity to respond to your complaint before going elsewhere for help.
- 2) An important consumer protection service of the state is the Small Claims Court. This court gives persons over the age of 19 the right to file a claim when a disagreement involves money or property valued at \$500 or less. If you feel you have a valid case, you should file a claim in the county where the defendant, the person you wish to make your claim against, lives or has an office. The clerk will file your

claim and assign your case a number. You may be contacted by the defendant to attempt to settle out of court. If your case does reach court, be sure to have your case well organized with all receipts and documents at hand.

## GENERAL INFORMATION

Denial by a landlord to rent is against the law under certain conditions. A landlord may not discriminate on the basis of race, sex, color, religion, or national origin according to the Federal Fair Housing Law (Title VIII of the 1968 Civil Rights Act) and the Supreme Court decision in Jones vs. Mayer. Not only does this include initial refusal to rent, but also discriminatory practices as to terms, conditions, privileges, or the provision of services or facilities by the landlord.

### Renter's Insurance

You should consider purchasing renter's insurance while in the United States. Lists of insurance agencies can be found in local telephone books. You may wish to contact an insurance agent for price quotes.

### Off-Campus Meal Plans

Central Michigan University offers an off-campus meal plan for students who wish to eat in the Residence Hall Food Commons. For more information, contact the Chip ID Office located in the Bovee University Center.

## LOCAL APARTMENT COMPLEXES:

Arrangements for living off campus are made by contacting each apartment complex or landlord individually. The number of students per unit varies in each complex.

Apartment Complex:	Address:	Telephone Number:
Arboretum Apartments	1825 Liberty Drive	(989) 775-3200
Canterbury East Apartments	1517 Canterbury Trail	(989) 772-1954

Yorkshire Commons	1251 East Broomfield Road	(989) 773-7272

## POSTAL INFORMATION

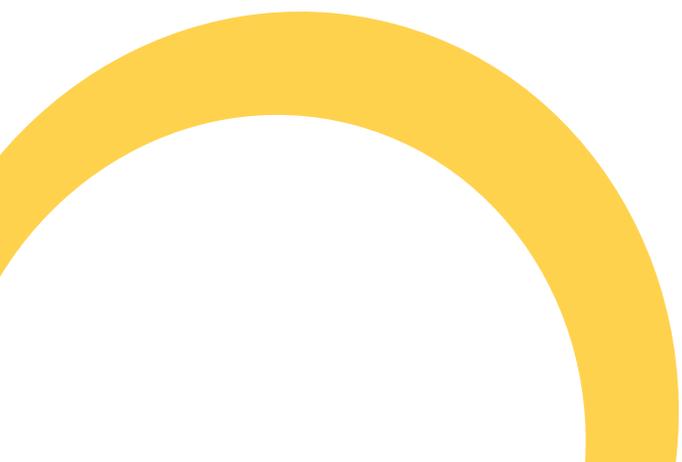

The United States Postal Service is quite reliable and consistent for sending letters and packages. Below is some general information regarding the post office in town and the delivery schedule. Postage stamps are also available at many grocery and convenience stores.

### **Mt. Pleasant Post Office**

The main post office is open from 8:30 a.m. to 6:00 p.m. Monday through Friday. The doors are open on Saturday from 9:30 a.m. until 3:00 pm, enabling you to mail stamped letters or purchase stamps through a postal machine; however, there are no working personnel to assist you or weigh items for you. All post offices are closed on Sundays and holidays. To telephone the downtown post office for information, call (989) 772-0540 or (989) 773-3653.

### **Mail Delivery Schedule**

Mail is delivered once a day, Monday through Saturday. There is no delivery on Sunday or on holidays, with the exception of Express Mail and Special Delivery letters, which are delivered every day of the year.

## BANKING

Americans don't usually carry a lot of cash. They prefer to pay by debit or credit card, even for small purchases, or by check. To function efficiently in the U.S. economy, you will need to open a checking account at a local bank. This section introduces you to a few of the basic banking options available.

When selecting a bank, you should compare services and choose one whose offices are conveniently located.

When you open an account with a bank, most require two pieces of identification. You do not need a Social Security number to open a bank account. Use your CMU Student ID number and your passport.

### Planning Ahead

If you deposit a check drawn on a foreign bank in your U.S. checking account, the check may have to go through a collection process. This means that the money is not available to you until the U.S. bank has collected it from the foreign bank. Several weeks may pass before the money is credited to your account. You may want to consider having monies wired to your account. This process takes less time and is very safe.

In countries with restrictions on foreign exchange, you may need to provide your sponsor or family with a letter of certification of enrollment in order to receive monies from your home country. The application forms for letters of certification are available from OIA.

### THE MAJOR BANKS IN MOUNT PLEASANT ARE:

Name:	Address:	Phone Number:
Chemical Bank	1908 South Mission Street	(989) 772-5902
	914 E. Pickard Street	(989) 772-2491
Commercial Bank	1234 East Broomfield Road	(989) 775-0355
Fifth Third Bank	1114 North Mission Street	(989) 775-0413
Firstbank	102 S. Main Street	(989) 773-2600
	2013 South Mission Street	(989)773-3959
	4699 East Pickard Street	(989) 773-2335
	1925 East Remus Street	(989) 775-8528
Independent Bank	319 East Broadway Street	(989) 772-9405
	CMU Bovee Student Center	(989) 774-1078
<i>continued on next page...</i>		

Isabella Bank	139 East Broadway Street	(989) 772-9471
	1402 West High Street	(989) 772-3281

PNC Bank	409 North Mission Street	(989) 772-0941
	1419 South Mission Street	(989) 772-0943

## TYPES OF ACCOUNTS

### Checking Accounts

Banks offer different types of checking accounts designed to fit individual needs. The cost of having a checking account varies from bank to bank. While some checking accounts are free, some banks charge per transaction, some have a basic monthly fee, and others may only offer free services if you maintain a certain minimum balance in your account at all times. Your canceled checks and a list of all the account activity of the preceding month will be sent to you in a monthly statement. Be careful to keep an accurate record of every check you write in order to avoid having checks returned and incurring additional charges. "Bouncing" a check (writing a check for more money than you actually have in the account) can cause a major expense and a great deal of trouble. You may also be charged for such things as overdraft charges and balance transfers.

### Savings Accounts

A savings account enables you to save money and accumulate interest on your money. Interest is paid either monthly or quarterly. Although you can withdraw money from your savings account, this service is limited. Ask your bank for the number of monthly withdrawals permitted without penalty. The difference between a savings and a checking account is that you receive higher interest in a savings account, and fewer transactions take place since the purpose is to "save your money." Some savings accounts require a minimum monthly balance in order to avoid paying service fees.

### Interest Checking Account

Interest checking accounts provide the services of both a checking and a savings account. This means that you can write checks and also collect interest on the money in your account.

### Cashing Checks

To cash a check after endorsing it (signing your name on the back), you will most often be asked for two pieces of personal identification. The primary piece of ID must be a driver's license, State of Michigan ID card, or a Central Michigan ID card. The second piece of ID is usually a major credit card.

## **ATM/Debit Cards**

Many banks issue cards that make deposit and withdrawal services available 24 hours a day by use of an automated teller machine (ATM). These machines, which are frequently located outside the bank, are very convenient. You can avoid waiting in line at the bank and have access to cash after the bank closes or in an emergency. Banks that are members of a national ATM network allow you to access your funds with your bankcard at selected ATM's throughout the country. However, there is often a service charge of approximately \$2.50 - \$3.00 when you do not use the machine located at your bank. If your card is also a Debit Card, you can use it to purchase items in a store much like a credit card, but the money is debited directed from your bank account. Many banks will allow you to make purchases with your Debit Card even though your bank account has run out of money, and then will charge you a fee (usually \$35 - \$39) for every purchase made until you deposit more money in your account. For this reason, it is important to be aware of how much money you have.

## **Credit Cards**

Credit cards are convenient, especially if you unexpectedly have a major expense. You can usually pay medical fees, airplane tickets and car repairs with any major credit card. But you must remember that credit cards are seductive -- and before you know it you may be in debt. Be sure to understand all your obligations. Most banks charge an annual fee of \$20 to \$40 to obtain a credit card. If you are unable to pay your full balance, you will be charged high interest rates (usually 18-22%) on the remaining balance and any additional charges you make.

### ***A note of caution!***

When you are withdrawing cash from an ATM, take notice of your surroundings to prevent an assault. Protect your bankcard and your secret access code as you do your cash and credit cards.

## ***SHOPPING INFORMATION***

Becoming familiar with the best places to shop for your particular needs is important. Below is some general information regarding shopping in the United States.

Most importantly, compare prices: the same items are often sold at different prices in different stores. Ask your friends where to buy at bargain prices. Watch for sales advertised in the newspapers and for items "on special." "Classifieds" in the newspapers list sales of used household goods and furnishings.

Prices in stores are normally fixed, and the customer does not bargain with the sales clerk. You may, however, bargain when you buy from a private individual, or in the case of purchasing a home or a car.

To find shops that carry the merchandise you are looking for, consult the Yellow Pages of the telephone directory or the Internet. For general needs such as clothing, shoes, bedding, and household appliances, you may want to go to one of the large shopping centers not too far from campus.

Some nearby stores that carry a variety of items are:

Name:	Address:	Phone Number:
Kroger	4080 East Blue Grass Road	(989) 773-3360
Ric's Food Center	705 South Mission Street	(989) 772-2310
Target	4097 East Blue Grass Road	(989) 773-0218
Meijer	1015 West Pickard Street	(989) 775-8905
Green Tree Co-Op Grocery	214 North Franklin Street	(989) 772-3221
Save-a-Lot	1721 South Mission Street	(989) 775-7433
K-Mart	2125 South Mission Street	(989) 773-6991
Sam's Club	4850 Encore Blvd	(989) 772-0974
Wal-Mart Supercenter	4730 Encore Blvd	(989) 772-6300
Kohl's	4855 Encore Blvd	(989) 773-4640

## SALES TAX

In Michigan, there is a 6% sales tax on all non-food goods, except for prescription medicines and periodical publications such as newspapers and magazines. Usually the tax is not included in the quoted price but is added to the bill when you pay.

## WARNING!

You may find that shopping is very different from what you are used to at home. Generally, merchandise is sold "self-service." When shopping in U.S. stores, use a shopping cart or basket provided at the front of the store. Do not place items in a purse or pocket. This will be interpreted as stealing or shoplifting.

## THE CLASSIFIED SECTION IN THE BACK OF NEWSPAPERS

This area lists other sources for buying used furniture, used electrical appliances, used cars and used clothing. The section also lists "garage, yard, and rummage" sales. A garage sale is a sale of household items and clothing in someone's garage or on the street in front of their house. A rummage sale is a collection of goods from many people who belong to a specific organization; the profits from the sale go toward operating the organization or toward civic projects which the organization supports.

## **PROGRAMS FOR INTERNATIONAL STUDENTS AND SCHOLARS**

(Brochures which describe the following programs in more detail are available at OIA)

### **Friendship Family Program**

The Friendship Family program is designed to bring the International Student and a family from the community together. The goal and function of the host family is to provide a friendly, supportive link with a family, the community, and American culture. However, the host family's role is not to provide room and board or any kind of financial assistance.

Among the many activities the families and students might share together are: weekend or holiday home stay, sharing a meal, going on a picnic or for a ride in the countryside, going to a show or concert, or simply spending an evening in conversation at home.

### **Volunteer Program**

This program, open to international and American students is a great way to get connected to the Mt. Pleasant community and make many new friends! The Volunteer Center helps students get involved by placing them in volunteer programs that match their interests, such as the environment, animals, children, building homes and more. Students can volunteer individually or work in a group. In addition, students can apply for Alternative Spring Break - a weeklong program that takes student groups to a different part of the United States to volunteer. For more information, visit the CMU Volunteer & Service Learning Center in 104 Bovee University Center, or call 774-7685.

### **International Spouses**

This club meets once a month to discuss topics that are of interest to those who attend. They often do activities together and learn about different American and international customs. The meetings are held on the first Monday of every month at 10am. All meetings will be at 2366 Jenchris Lane in Mount Pleasant, and children are also welcome to attend.

For more information, please contact the club at [cmuispouses@yahoo.com](mailto:cmuispouses@yahoo.com)

### **International Club**

International Club is a student based social club that promotes diversity and cultural insight. The purpose of International Club is to create an atmosphere that encourages intercultural friendship, and cultural awareness between American and International Students. The goals are: 1) to establish a strong organization that will be attractive to the public on and off campus, 2) to encourage intercultural relations between American and International Students, 3) raise funds for our social activities, and 4) to provide educational and cultural experiences.

The International Club meets every week for general meetings or social events. Every semester the club goes on an excursion to another city to provide students with an opportunity to visit another location. Along with this, the club hosts International Night in the fall and International Expo in the spring. These events are two of the biggest events on campus!

For more information please contact the club at: [intlclub@cmich.edu](mailto:intlclub@cmich.edu) or visit their website at [www.rso.cmich.edu/intlclub](http://www.rso.cmich.edu/intlclub)

## HEALTH CARE AND MEDICAL INSURANCE

In the United States, each individual is responsible for paying the costs of his or her own medical care. Except for certain low-income U.S. citizens and permanent residents, no government assistance is available for those people who need care but cannot afford it. The cost of medical care is the fastest rising expense in the U.S. today. Since most Americans cannot afford the high cost of medical care, they rely on insurance in medical emergencies. For an international student, one serious illness, injury, or catastrophic medical emergency can mean financial ruin and the end of his or her educational dreams.

**Medical insurance is an absolute necessity in the United States.**

**Health insurance is required at CMU for all international students.** To comply with this requirement, you may purchase the health insurance offered by the University, or present proof of comparable coverage by another company. Either way, you must show proof of coverage to the OIA.

home stay, sharing a meal, going on a picnic or for a ride in the countryside, going to a show or concert, or simply spending an evening in conversation at home.

### GOOD GRADES THROUGH GOOD HEALTH: CROSS CULTURAL ADJUSTMENT

Coming to the U.S. means stepping into a new culture. You can expect that there will be a period of adjustment in making the transition from your culture to this one. Some have called this “Culture Shock”, others call it the “Uprooting Syndrome”. This is a normal experience, yet it often is associated with both physical and emotional changes.

#### What are the Physical Changes?

1. Stomach pain	2. Headaches	3. Fatigue or tiredness
4. Lack of concentration	5. Change in appetite (more or less hungry)	6. Change in sleep patterns

#### What are Emotional Changes?

1. Loneliness, missing family and old friends	2. Feelings of isolation	3. Homesickness
4. Tension	5. Nervousness and worry	6. Fear of failure

These changes may be uncomfortable, but time and ability will take care of them. They may be considered “warning signs”. These “warning signs” tell us to look over our situation, and to take appropriate action.

Here are some ways you can speed up your adjustment to a new culture:

- Identify a place on campus where you feel relaxed. Spend time there. Visit this place at least three times a week for 1/2 hour at a time.
- When you feel overwhelmed, you should step back from your situation. Set priorities and break down the overwhelming things into smaller, more manageable tasks.
- Pay special attention to your eating and sleeping patterns. Get enough rest and try to establish a regular sleep pattern by going to bed at the same time each night. Eat on a regular basis; eat with friends. When you can, get together with friends and cook some familiar dishes, or go out to an ethnic restaurant.
- Continue to exercise. Exercise keeps you physically strong and improves mental outlook, too. Enjoy the four seasons of Michigan, and go outdoors; breathe the fresh air and walk, jog or run for exercise. You may meet friends who share the same interest in activities.
- Seek out new friends. We all need others to confide in, to feel close to, and to share experiences with. Develop friendships within your nationality, but take the initiative to make American friends, too.
- Confide in a friend, a staff member at the OIA, or someone at the Counseling Center, Foust 102.

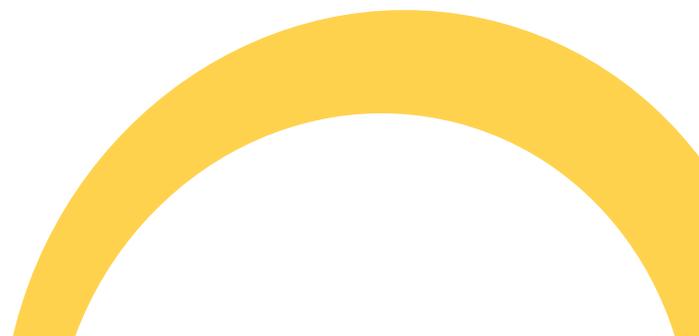

*See section on Resources for Problem Solving for various phone numbers related to health services.*

## **LEGAL ISSUES**

While living in the U.S., you will need to understand some basic laws that govern this land, as well as rights that you have while here. This section seeks to give you general guidelines.

### **Signing Contracts**

Salespeople sometimes ask you to sign a contract or a bill of sale. Under no circumstances should you sign any paper unless you understand every word. When you sign a contract, you are legally bound to fulfill the terms of that contract. This warning applies to all contracts, including payment and budget plans for purchases in stores.

## **Credit Cards**

Many stores, oil companies, and banks offer credit cards and charge accounts at seemingly favorable terms. Such credit privileges can be very convenient, but you should always plan to pay for your credit purchases before the billing due date. Late payment penalties are considerable, and interest is usually charged at a rate of 18% or more per year. If any of your credit cards are lost or stolen, notify the firm that issued the card immediately so you will not be liable for someone else's misuse of the card.

## **Personal Property Insurance**

Landlords are not responsible for damage caused by fire or flood to your possessions, nor will they assume responsibility for things stolen from your home, including your automobile. If you have things that you value, take out personal property insurance. Insurance policies vary in their coverage. Be sure you understand thoroughly the kind of coverage given in the policy you purchase.

## **Sale and Use of Drugs**

Drugs to be used for medical purposes may be purchased at a drug store only with a doctor's prescription. Selling marijuana or hallucinogenic (LSD, mescaline) or narcotic (opium, heroin, cocaine) drugs is illegal. Possession of these drugs is illegal.

## **Sale of Cigarettes and Alcoholic Beverages**

To purchase alcoholic beverages, you must be at least 21 years of age. To purchase cigarettes, you must be 18 years of age. Carrying unsealed containers of any alcoholic beverage in the passenger compartment of your car is illegal.

## **THE PROCESS OF LAW AND EQUAL PROTECTION UNDER THE LAW**

The United States Constitution guarantees due process of the law to all persons, including all aliens in the United States. The concept of due process of law requires that specified orderly procedures be followed in the enactment, administration, and enforcement of laws.

The Constitution also guarantees to each person equal protection under the law. The concept of equal protection under the law means that the law applies to all persons equally, regardless of status, wealth, or position, and that the state may not discriminate between persons for arbitrary and capricious reasons. There are some laws with a rational basis which apply only to certain groups of persons, such as laws governing immigration and citizenship. These laws have been promulgated according to the orderly procedures of due process of law and have been declared by the courts not to be unfairly discriminatory. With these exceptions, international students and other aliens in the United States are subject to the same laws as are American citizens. They are also guaranteed the same protection of the laws and the same civil rights as are American citizens.

## **CIVIL RIGHTS OF INTERNATIONAL STUDENTS**

One of the most important of these civil rights is that of free speech and assembly. The Constitution guarantees the right of free expression to all persons, regardless of citizenship. International students have the constitutional right to express their views freely, to join together with others in the expression of those views, and to participate fully in the propagation and publication of ideas, popular or unpopular, so long as those expressions are made in an orderly and peaceful manner. They have the same rights to free speech and are subject to the same limitations of freedom of action as are American citizens. They should not be frightened into quietness or apathy by rumors of prosecution or deportation resulting from the exercise of their rights of free speech, for those rights are guaranteed by the Constitution to all.

The Constitution also guarantees to all persons, including aliens, certain substantive and procedural protection against improper investigation, arrest, or conviction or any alleged violation of criminal law. A person accused of a violation of a law may not be forced to confess or to give evidence against himself; he may remain silent and refuse to answer any questions regarding the accusation against him in court; and, if he cannot afford to hire a lawyer, he may have one appointed by the court. He is entitled to be released from jail upon the posting of a bond, the amount of which is set by a court, while he awaits trial. He is entitled to a fair trial conducted according to all the rules of evidence and court procedure. He is presumed to be innocent until found guilty by a court, and the burden of proof of his guilt is on the prosecution; that is, he does not have to prove his innocence, but the prosecution must prove his guilt beyond a reasonable doubt.

## **CIVIL LAW**

Most of the above discussion relates to criminal law. You must also be aware of the existence of civil law - that body of law governing relationships between individuals not involving criminal conduct, such as the fulfillment of contracts, the payment of bills, business arrangements, and similar matters. Contracts may be either written or oral, and in either case they are enforceable by law. An example of a contract entered into by many students is a lease for an apartment.

If the conditions of a contract are violated by either party, the other party may bring suit in court to enforce the contract or to recover damages. Civil suit may also be initiated to force the payment of legitimate bills or financial obligations.

Laws exist to protect us all from each other and from arbitrary and unreasonable actions by the government. Our system is by no means perfect, but it does provide important protection and guarantees to all of us. In order for the system to be effective, we must all be aware of our rights and must insist that they be respected by others. At the same time, we must accept our responsibilities under the law and respect the rights of others.

## **LEGAL RIGHTS OF WOMEN IN MICHIGAN**

The Michigan Constitution gives women in Michigan equal rights with men. Women cannot legally be treated differently from men simply because they are women. Below is a brief summary of some of these legal rights in matters which may touch the daily lives of women. Laws are complex, subject to interpretation, technical exceptions, and may change. Women are advised to get competent legal advice on specific problems that arise in their own lives.

### **Marriage and Divorce**

A marriage which is legal in the place where the couple married is recognized as legal in Michigan. Under Michigan law, a husband must support his wife and children, and a wife can take legal action if he fails to do so. However, in the U.S., many married women choose to work to support their families, as well.

Either a husband or wife may file a complaint for divorce, asking the Court to grant him or her a divorce. The other spouse must have official notice of that complaint and has the right to contest the divorce action. The other spouse also has a right to be represented by a lawyer and appear in court to give his or her own views. The court decides about support, where minor children will live, and how property will be divided.

Every country has specific laws regarding divorce, some in which law and religion may be combined. If you are returning to your country, you should seek information from your own consulate or from someone informed of your country's law regarding divorce. A divorce here may or may not be valid when you return.

### **Property**

A married woman can own her own property and have a bank account in her own name. The law makes specific provisions to protect a wife's interest if her husband dies.

### **Where to Go for Legal Help and Advice**

Private lawyers are listed in the Yellow Pages of the telephone directory under "Attorneys". Some charge no fee for the initial one-half hour consultation; others charge a minimal fee only.

### **Domestic Violence**

In the U.S., a wife is not considered a possession of her husband. According to law a man cannot physically, sexually, emotionally or verbally abuse his wife. A woman has the right to press charges against her husband in an abusive situation and have him arrested. Women have the right to contact the police or a domestic violence service for help and protection, and are encouraged to do so.

## SAFETY

Issues of safety vary from country to country and, within the U.S., from city to city and state to state. Men, women, and children should understand basic safety techniques to use while in the United States. When traveling and in large cities, you should use extra caution. This section will give you some guidelines to follow and it would be wise for you to seek additional information on this topic at available campus programs and through discussions with Americans.

### Women's Safety

While both men and women should follow all the precautions in this section, women need to be especially careful when alone or even in a small group. Do not respond to any unwanted attention/behavior by strangers when you are walking, jogging, etc. Be aware of your surroundings and never remain in a situation where you feel uncomfortable. Trust your instincts.

### Walking/Jogging

If you must walk or jog at night, travel with a companion. Go only on well-lighted, frequently traveled streets. It is never advisable to walk/jog alone in an isolated area or park. Do not listen to music while jogging, because you might not hear someone approaching.

### Car Safety

Always wear a seat belt while driving or traveling in a car and keep your doors locked. Michigan law requires both the driver and front seat passenger to wear a seat belt at all times. Be aware of your surroundings when walking to your car at night in parking lots.

For information on seat belt requirements for children, see the section on Family Issues.

### Locking Your Home/ Apartment

Always lock your home when you go out. If you will be gone for the evening, leave a light on. If you are out of town for several days, leave a key with a friend or neighbor and ask them to collect your mail, newspapers, and to check the house from time to time. Lock yourself in at night and be careful about opening your door to strangers.

### Door-to-Door Solicitors

Charitable organizations, fundraisers, and salespersons may travel door to door to collect funds or sell items. You are under no obligation to give money to them nor should you invite them in.

### Note:

You should be very cautious about opening your door to any stranger, particularly when you are home alone. Use a chain lock for security to see what an unfamiliar person wants, or speak to them through the door without opening it.

## **Telephone Solicitations**

Do not give unknown callers any personal information such as your name or your home or business address. Be suspicious of callers who claim to be taking a statistical survey of the number and type of appliances, cameras, radios, etc. that you own, or who declare that you have won a prize. Even if the caller identifies himself and sounds legitimate, do not give out personal information over the phone. Simply hang up if the caller is unpleasant or persistent. Report any annoying phone calls to the telephone company and the Police Department.

## **Tornados**

A tornado is a violent destructive whirling wind accompanied by a funnel shaped cloud that progresses in a narrow (one to five miles) path across the ground. A TORNADO WARNING means that a funnel cloud has been spotted and you should take shelter immediately. The safest place indoors is in a basement, away from windows that may shatter or under a heavy piece of furniture. If you are outdoors (or in a car), lie down in a ditch. Tornados usually occur in the spring. Be familiar with the weather conditions and know where to take shelter.

## ***DRIVING IN THE U.S. AND PUBLIC TRANSPORTATION***

Driving an automobile in the United States is both a convenient and expensive means of travel.

Mt. Pleasant has a fairly convenient, simple to use public transportation system available which is relatively inexpensive. You may contact ICTC (Isabella County Transportation Commission) at (989) 772-9441 to request to be picked up by an ITCT bus.

Below you will find a breakdown of the estimated costs of operating an automobile.

### **New Car**

Depending on the make and model of the car, prices start from approximately \$15,000.

### **Used Car**

Depending on the make and model, year, and condition of the car, prices start from approximately \$2,000.

### **Insurance (Required by the state of Michigan)**

Depending on the insurance company, your status, condition of the car and kind of insurance premium you choose, vehicular insurance can cost from \$600 - \$1,200 per year.

### **License Plates (per year)**

Cost approximately \$50. Check with the Secretary of State's office [1225 N. Mission St – (989) 772-0132] or visit their website at [www.Michigan.gov/sos](http://www.Michigan.gov/sos)

## Student Parking Sticker

Parking permits cost \$175 per year for students living off-campus and \$150 for students living on-campus. For more information, contact the CMU Bureau of Parking at (989) 774-3081.

## Driver's License

The Secretary of State's Office [1225 N. Mission St - (989) 772-0132] is where you need to go to obtain a driver's license and/or vehicle registration. Call before you go to find out what you need to bring and the fees involved.

## EXTRACURRICULAR ACTIVITIES

### LOCAL RESTAURANTS:

The Malt Shop	1088 S. University	(989) 772-2832
Bennigan's	2424 S. Mission St	(989) 772-5002
Pixie	302 N Mission St	(989) 772-7494
Kaya Coffee & Tea Co	1029 S Franklin St	(989) 772-9016
University Cup (U Cup)	102 S Franklin St	(989) 772-7701

### ETHNIC RESTAURANTS:

China Garden Restaurant	2328 S. Mission Street	(989) 773-9858
Dragon Express	314 W. Broomfield Street	(989) 779-2727
First Wok Chinese Restaurant	4140 E. Blue Grass Rd	(989) 779-1150
Hunan House	2157 S. Mission	(989) 772-7386
The Italian Oven	2336 S. Mission Street	(989) 773-6836
La Senorita	1516 S. Mission Street	(989) 772-1331
Los Palominos	4585 E. Pickard	(989) 953-4161
Tavola Gigi's	1506 West High Street	989-775-8373
Taco Boy	712 W. Preston Street	(989) 772-0394
Fazoli's	2111 S. Mission St	(989) 772-7787
Qdoba Mexican Grill	1529 S Mission St	(989) 772-2324
Great Wall Buffet	1025 S Mission St	(989) 775-8039
China 1 Buffet	1711 S Mission St	(989) 773-8588
Shin's Korean Restaurant	1620 S Mission St	

### MOVIE THEATER

Celebration Cinema	4935 East Pickard	(989) 772-7469
--------------------	-------------------	----------------

### TICKET SALES- ENTERTAINMENT AND SPORTS

University Box Office	Bovee University Center	(989) 774-3000
-----------------------	-------------------------	----------------

## RELIGIOUS LIFE

There are various religious organizations and places of worship in the Mount Pleasant area. For complete listings, consult the Yellow Pages phone directory or call the Chamber of Commerce at (989) 772-2396.

### LIST OF CHURCHES ACTIVE WITH THE INTERNATIONAL COMMUNITY:

Name:	Address:	Phone Number:
Grace Church	218 Main Street	(989) 775-7101
His House Christian Fellowship	211 West Broomfield Street	(989) 773-2523
St. Mary's CMU Parish	1405 South Washington Street	(989) 773-3931
Central Michigan Jewish Community	502 North Brown Street	(989) 773-5086
Mt. Pleasant Community Church	1400 West Broomfield Street	(989) 773-3641
Wesley Foundation	1400 South Washington	(989) 773-2320

## RESOURCES FOR PROBLEM SOLVING

In addition to OIA, Central Michigan University offers a variety of resources in order to provide you with the assistance you need to successfully reach your educational goals. Take a few minutes to review what is offered and plan to follow up by participating in those activities which will give you the information and support you need.

<b>Academic Advisors</b>	215 Bovee University Center	(989) 774-7506
--------------------------	-----------------------------	----------------

Provide course selection prior to signing a major and minor, help with degree requirements, career exploration, and direction for undergraduates.

<b>Academic Assistance Programs</b>	215 Bovee University Center	(989) 774-7506
-------------------------------------	-----------------------------	----------------

Provide direction on college survival and information relating to probation, dismissal, and re-matriculation. Aids in acquiring a specific course tutor.

<b>Counseling Center</b>	102 Foust	(989) 774-3381
--------------------------	-----------	----------------

Provides students with personal counseling and general advisement. [www.counsel.cmich.edu](http://www.counsel.cmich.edu)

<b>Student Disability Services</b>	120 Park Library	(989) 774-3018
------------------------------------	------------------	----------------

Provides direction and services to handicapped students. [www.cmich.edu/student-disability](http://www.cmich.edu/student-disability)

<b>Career Services and Resource Center</b>	215 Bovee University Center	(989) 774-3068
--	-----------------------------	----------------

Provides a career library and computerized search program which aid students in their occupational planning and searching. Staff members are available for individual career advising.  
[www.careers.cmich.edu](http://www.careers.cmich.edu)

<b>Undergraduate Academic Services (Registrar's Office)</b>	212 Warriner Hall	(989) 774-3504
---	-------------------	----------------

Provides important information related to transfer credits and graduation requirements.

### Health Services:

General Questions	202 Foust	(989) 774-6591
Appointments	200 Foust	(989) 774-5693
Health Insurance Billing	108 Foust	(989) 774-3059

## IMMIGRATION REGULATIONS

The Department of Homeland Security holds that you are responsible for maintaining your immigration status. It is important to take this responsibility seriously throughout your stay here at Central Michigan University. There are several important things you must do to maintain status:

1. Keep your passport valid at all times.
2. Maintain full-time enrollment and normal progress toward your degree. Twelve credit hours per semester are considered a full course load for undergraduate students. Graduate students must take at least 9 credit hours to be considered "full-time" and graduate students with assistantships must enroll for a minimum of 6 credits. Students may choose to not enroll during the summer semester.
3. Do not work without proper authorization.
4. Obtain extensions of stay as needed. Be sure to note the expiration date on your Form I-20 or DS-2019 and apply at OIA for an extension, if needed, 30-45 days prior to expiration. Visit OIA for further information about extension procedures.
5. Notify DHS of any change of address. All F and J students must notify the OIA within 10 days of a

change of address by emailing [nakaj1t@cmich.edu](mailto:nakaj1t@cmich.edu). The OIA will notify DHS through the SEVIS system of your new address.

## **FORMS I-94, I-20, AND DS-2019**

Form I-94 shows your arrival date in the United States and should be stapled to your passport until you leave the country. It also indicates your status (F-1, J-1, B-2, etc.) and your expected departure date from the U.S. D/S (Duration of Status) means that students may remain in the U.S. until completion of their current program of study as indicated on Form I-20 or DS-2019, plus 60 days for F-1 visa holders and 30 days for J-1 visa holders.

Form I-20 is a permanent record regarding F-1 status and is used to record work authorization, practical training, and transfer approval. Keep this important document in your passport and do not surrender it when leaving the United States. Form DS-2019 is a permanent record regarding J-1 and is to be kept with your passport for travel and re-entry to the U.S., for permission to work, and for waiver application.

## **EXTENSION OF STAY**

DHS regulations state that F-1 or J-1 students may stay in the U.S. for the duration of an educational program or a series of education programs (for example, from an undergraduate degree through a master's degree), plus a period of practical training. However, appropriate extension, change of educational program/level, and transfer procedures must be followed.

Students who do not complete their educational program within the time indicated on their I-20 AB or DS-2019 must request an extension of stay prior to the date listed. If an extension of stay is not requested in advance, the students may be required to file for reinstatement with the Department of Homeland Security. It is extremely important that students keep aware of the dates on the I-20 or DS-2019 and that they visit the OIA in advance concerning the extension procedures. office is located in Warriner Hall 212.

## **TRAVEL OUTSIDE THE U.S.**

F-1 students need the following documents to re-enter the United States after a temporary absence:

1. Form I-20 ID endorsed by OIA
2. Valid passport
3. Valid U.S. visa (F-1)
4. Verification of adequate financial support

J-1 Exchange Visitors need the following documents to re-enter the United States after a temporary absence:

1. Valid DS-2019 (endorsed by OIA or other appropriate Program sponsor)
2. Valid passport
3. Valid U.S. visa (J-1)
4. Verification of adequate financial support

## **SPECIAL NOTE ON TRAVEL TO CANADA**

You may travel to Canada (up to 30 days) and re-enter the United States with an expired U.S. visa, if you have all the other papers necessary for re-entry.

1. Please visit the Canadian Consulate in Detroit's website to see if you need a visa to enter Canada. The website can be accessed at: <http://www.cic.gc.ca/english/visit/visas.asp> . If you require a visa, you may request a status letter from the OIA to accompany your visa application.
2. Carry proper documents to re-enter the United States

## **PRACTICAL TRAINING (F-1) OR ACADEMIC TRAINING (J-1)**

Practical Training (PT) is an opportunity to gain actual work experience in your field of study to complement your academic program. Each semester the OIA holds workshops for students interested in applying for practical training. As you progress towards your degree, please plan to attend a workshop for information on the application procedures.

## **PERMISSION TO WORK**

Employment regulations are complex. Employment opportunities for non-immigrants are limited. Visit OIA for information regarding current regulations. F-2 visa holders are not permitted to work under any circumstances. J-1 students must obtain permission to work on-campus or off-campus from their program sponsor. J-2 visa holders must receive INS permission to work.

## **TAX MATTERS**

### **INCOME TAX**

U.S. tax laws are complex and vary according to treaty agreements between the U.S. and a number of other countries. As a rule, international students employed in the U.S. are required to pay federal, state, and local taxes.

### **SOCIAL SECURITY TAX**

Students maintaining F-1 or J-1 status and who are authorized to work are exempt from Social Security taxes during their first five years in the U.S. on F-1 or J-1 status while working full-time or part-time (including practical training). However, J-2 and H-1 visa holders must pay Social Security taxes.

## **FAMILY ISSUES**

Although a lot of the topics covered in this section may seem universal, they vary greatly across cultures. Simple every day activities in your country may turn out to be unnecessarily more difficult and time consuming in this country. Living in a foreign country can be both rewarding and frustrating. OIA hopes that this section will help you and your family be better prepared for family life in the United States.

### **HEALTH**

#### **Health Insurance**

Medical insurance is an absolute necessity in the U.S. Be sure to include all your family members on your student health insurance plan. See the section on health insurance in this handbook regarding the importance of health insurance.

### **CHILDREN'S SAFETY**

#### **Car Seats:**

Michigan has very specific laws regarding how and where children may sit in a moving vehicle. These laws require infants to be secured in a rear-facing child safety seat in the back seat of a vehicle until the child has reached age one and 20 pounds; children age one through four to be secured in a child safety seat in the back seat of the vehicle; and children up to 8 years old (or 4'9" tall) to be seated in a child safety or booster seat. All children age 8 through 16 must wear a seatbelt no matter where they are seated. Check with the Secretary of State for specific laws on child seating before driving with your child. You will be fined by the police if you do not follow these laws. When using a safety seat, be sure to carefully follow the manufacturer's instructions every time your child travels.

#### **Child Abuse and Neglect**

Michigan law forbids child abuse (beating or excessive punishment inflicted by the parents or other family members). Teachers and childcare providers are required by law to report any suspected child abuse to the county children services agency, who may conduct an investigation.

Children must never be left alone in the home at any time. Police will investigate if children are found alone, or if they are reported to be alone. If the police investigate and find that child neglect exists, they may file child endangerment charges against the parents and take the children to the county children services agency, temporarily. Police may also take children away if the parents are arrested for a crime, such as shoplifting.

#### **Cleaning Agents**

Keep all cleaning products such as soaps and sprays out of the reach of children. Many of these products contain poisons. Never mix one cleaning agent with another.

#### **Plastic Bags**

Keep all plastic bags away from children. They are a hazard for choking or suffocating.

## **Strangers/Kidnapping**

Teach your children about safety in public places. They should stay away from people they do not know. Make sure they understand they should never go with anyone they do not know for any reason. Although the incidences are not high, there is a danger of children being kidnapped and physically hurt by strangers and even family members.

## **CHILD CARE**

### **Babysitters**

People who stay with children when the parent is absent are known as babysitters. When both parents leave the house for even a short time, children must have a babysitter. For reliable babysitters, ask other mothers in your neighborhood or advertise on campus through the Student Employment Office (Bovee University Center 500; 774-3881) for students seeking babysitting jobs. Check babysitters' references before leaving them alone with your children.

### **Day Care Centers**

Day care centers provide care for children whose parents have to be away all day. A hot lunch and two snacks are usually included. Various programs and activities are provided. Ask for a description of the center's program (some centers also have a half-day option). For a list of centers, look in the Yellow Pages under childcare.

## **TYPES OF SCHOOLS**

### **Preschools and Nursery Schools**

In these schools (ages 3, 4, and sometimes 5), the main goal is not academic learning, but reading readiness, socialization and a broad range of other learning experiences. Usually no lunch is served as the program runs only in the morning or afternoon. Check the Yellow Pages for preschool programs in the area.

### **Kindergarten**

At most public and some private schools, children who turn 5 years old by September 30 attend kindergarten. Children are required by Michigan law to attend kindergarten. Children learn reading readiness, social skills, and basic elementary education. A child cannot enter first grade without completing kindergarten.

### **School System**

There are three school levels: elementary (ages 5-11), middle school (ages 11-14), and high school (ages 14-18).

## Parents' Responsibilities

You will need to register your child for school at designated registration times. Contact the school your child will be attending for scheduling. If your child will be beginning school after the school year is in progress, go to the school and ask how you should register your child. Your child may need a TB test, proof of vaccinations, and doctor's physical check up to register.
Bring up any concern about your child's social, cultural, and education adjustment. Call the school and ask for an appointment to discuss your concerns. You do not need to wait for the regular parent/teacher conferences to meet with someone from your child's school.
Make sure that your child is at school on time. Promptness in arriving at school is required. If your child misses the school bus, you are responsible for transportation.
Write excuses for your child's absence. Acceptable reasons for absence are: sickness, sickness or death in the family, and religious holidays.
Schedule appointments with doctors or dentists after school hours when possible so the child will not miss school.
Dress your child for the weather. The weather in Mt. Pleasant changes rapidly. Play times are usually outside so your child will need an extra jacket or sweater to put on or take off as needed. Label all clothing and personal items with your child's name.
Withdraw your child from school when you leave Mt. Pleasant. Send a letter to the child's teacher or principal giving the exact date of withdrawal. Report cards, certificates of attendance, etc., will be given to you by the school upon request.
Volunteer as a parent aide in your child's class. If you would enjoy helping with school activities or want to share information about your culture, let your child's principal or teacher know at the beginning of the year.

## Conventional Public Schools

In all public schools, education including textbooks and bus service is free. Boys and girls attend classes together, Monday through Friday, seven hours a day. Hot lunches are available for purchase or your child may bring a lunch from home. You may enroll your child in the English as a Second Language program if he/she has shown a need on the English Enrollment Test. For more information contact Mt. Pleasant Public Schools for registration or other information at (989) 773-5500; Shepherd Schools at (989) 828-6601.

## Parochial Schools

These schools are church affiliated and partially subsidized by the church and partially by the family. Children learn the same basic subjects as in conventional public schools but may also study religion. Usually children are required to wear uniforms and may be subject to more rigid guidelines. Some parochial schools separate the girls from the boys, but this is no longer the norm. Hot lunches are provided at the school and you may be asked to volunteer with various school activities. In order to enroll and/or learn more information about the schools available to you, look under schools in the Yellow Pages.

## **Private Schools**

These schools are entirely funded by families and outside donations. The philosophy of the schools varies greatly so parents should visit the school and read about its philosophy before enrolling children.

## **Adult Education**

For information on classes to learn new skills, hobbies, or basic adult education, contact Oasis Alternative High School at (989) 773-1383. Childcare may be available during classes.

## **Public Libraries**

Libraries are open to the public to borrow books to read/use at home for a designated period of time, free of charge. You must obtain a library card to borrow books. There will be a fine if the books are returned late. Call for information to Mt. Pleasant Library at (989) 773-3242.

## **Plumbing**

Plumbing problems are usually avoidable with proper maintenance of sinks, showers and toilets. Be sure to clean fixtures weekly to avoid lime and dirt buildup, which can slow down drainage and cause clogging. Unless your sink has a garbage disposal, drains cannot be used to dispose of food or other non-liquid substances. Grease and other oily substances also clog sinks and garbage disposals. Toilets can be used only for human waste and small amounts of toilet paper. Do not dispose of tampons or other feminine hygiene products in toilets. At first sign of slow drainage you should clean the drain of any hair or dirt and use a small amount of liquid drain cleaner. If this does not help, call your landlord to report the problem before it gets worse. If you do not have a landlord, call a plumber. They are listed in the Yellow Pages under plumbing.

## **Garbage Disposal**

Garbage disposals differ greatly in styles, so be sure to ask the landlord what items can safely be put down yours. Because strings and metals may damage the disposal, avoid dropping tea bags and fibrous vegetables down the disposal. Always allow the water to run while running the disposal and for a few moments following. Make sure you don't put your hand into the disposal while it is operating.

## **Heating and Cooling Systems**

If a different odor is observed when gas heating is on, please contact the landlord and the gas company immediately and facilitate proper ventilation. During the winter months, never turn the heat off completely to save money. Frozen pipes may result and you will have repair expenses. It is suggested that you heat your house to a minimum of 55°F at all times during the winter to prevent burst pipes.

## **Stove and Oven**

This appliance can be the most dangerous on the property if not used properly. If you have a gas stove that must be hand lit, be sure to light the match first and then turn on the gas burner. If you turn on the gas first, escaped gas may cause an explosion when you strike the match. If you suspect a gas leak, notify the gas company as soon as possible and allow proper ventilation. Most gas stoves have a broiler,

which means to cook under direct heat. When cooking meat or other foods with high grease content at a high temperature, you should use the broiler. To use the broiler, place food directly under the broiler mechanism and set the oven control knob to "broil." Do not cook meats with high grease content in your oven; this could cause a fire. Never use water or other liquid to extinguish a grease fire. Baking soda thrown on fires extinguishes them very quickly. Never leave your home while something is cooking on the stove or in the oven.

## Ventilation

U.S. homes do not have adequate ventilation for cooking on an open fire, inside the home. Although you can cook on your stove and use the exhaust fan in the hood above, no other cooking with an open fire can be done in the house. Serious health problems can arise from smoke inhalation due to inadequate ventilation. Also, many of the floor coverings and furniture are made of highly flammable substances. Do not use a barbecue grill inside your house for these reasons.

## Insects and Pests

If you find any of the following pests in your home, you should immediately report it to your landlord: cockroaches, water bugs, rats, mice, silverfish, termites or ants. The landlord has a responsibility to provide you with a pest-free apartment. You have the responsibility of keeping your home clean to discourage pests, to cooperate in the landlord's pest control program, and to report any problems.

## EQUIVALENTS

### Weight

1 Kilogram = 2.2 U.S. pounds = 4 3/8 cups = 1000 grams  
454 grams = 1 U.S. pound = 1 cup  
100 grams = 3.5 ounces

### Capacity

1 liter - 4 cups + 3 !tablespoons = 1.06 quarts (liquid)  
1 cup (liquid) = 2.4 deciliters  
1 coffee spoon = 1 teaspoon - 2 grams  
1 dessert spoon = 2 teaspoons  
1 soup spoon - 1 tablespoon

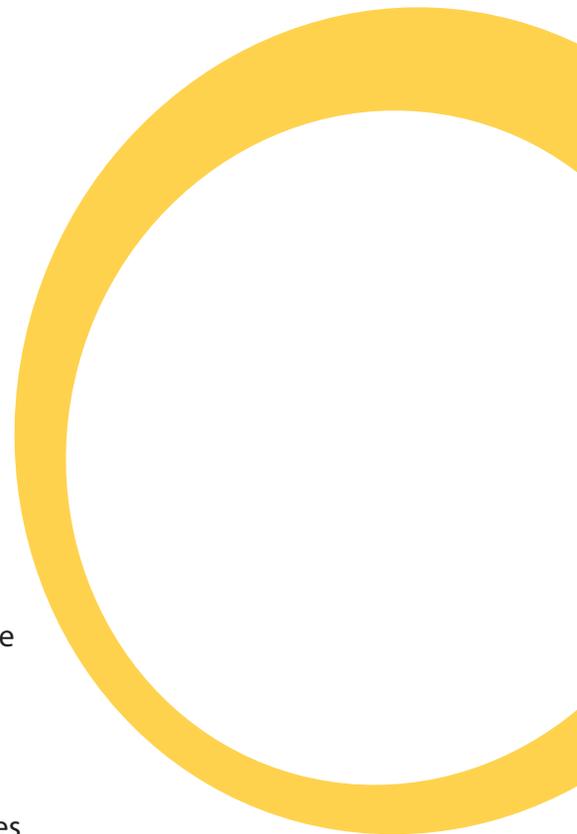

### Length

1 meter = 1.0936 yd. = 39.37 inches  
100 centimeters = 1 meter  
91.5 centimeters = 1 yard  
30.5 centimeters = 1 foot  
2.54 centimeters = 1 inch  
1 centimeter = approx. 3/8 inch  
1 kilometer = approx. 5/8 mile

1.6093 kilometers = 1 mile  
1 hectare = 2.47 acre  
1.4 hectares = 1 acre

### Yard Goods

90 centimeters = 36 inches  
140 centimeters = 55 inches

## A Career in Dietetics

### ✚ Why major in dietetics at CMU?

Dietetics is the scientific study of food preparation and intake. Dietetics is an exciting and challenging profession because of the connection food has to health and disease.

### ✚ What is a Registered Dietitian (RD)?

A registered dietitian is a professional with extensive scientific background in food, nutrition, biochemistry, and physiology. This knowledge is applied to promoting health, preventing diseases, and providing counseling and education. Registered Dietitians (RD) are able to identify themselves as Registered Dietitian Nutritionists (RDN). This new title is optional, and there is no difference between the practices, experience or skill set of an RD vs. an RDN. According to the Academy, the change is meant to remind the public that “All Dietitians are Nutritionists, but not all Nutritionists are Dietitians”.

The Commission on Dietetics Registration (CDR) of the Academy of Nutrition and Dietetics (ACEND) awards registration credential to those who pass the registration exam for dietitians, which is administered by ACT. Individuals qualifying to write the registration exam have earned a bachelor degree, completed an accredited dietetics program, and completed supervised practice (please see diagram below). A nutritionist may have completed similar course work as the registered dietitian, however has not passed and may not be qualified to write the registration exam. Registered dietitians are required to complete seventy-five hours of continued education over a five-year period to maintain registration.

There are three steps in earning the RD/RDN credential

1. Receiving a Verification Statement by having completed a Bachelor’s degree and an accredited Didactic Program in Dietetics, or dietetics major
2. Complete a postgraduate accredited Dietetic Internship
3. Pass the Registration Examination for Dietitians
4. Additional CDR Certifications (Optional)
  - Board Certified Specialist in Gerontological Nutrition (CSG)
  - Board Certified Specialist in Sports Dietetics (CSSD)
  - Board Certified Specialist in Pediatric Nutrition (CSP)
  - Board Certified Specialist in Renal Nutrition (CSR)
  - Board Certified Specialist In Oncology Nutrition (CSO)
  - Fellow of the Academy of Nutrition and Dietetics (FAND)
  - Additional non-CDR Certifications (Optional):
    - Certified Diabetes Educator (CDE)
    - Certified Culinarian (CC)
    - Certified Lactation Educator (CLE)
    - International Board Certified Lactation Consultant (IBCLC)

The postgraduate dietetic internship involves a competitive application process. There is no guarantee that a student will be accepted into an accredited dietetic internship program and an applicant with an overall GPA less than 3.2 and having less than 2000 dietetic work and/or volunteer experience hours at the time of application has a low probability of meeting dietetic-internship requirements when applying in the academic year of graduation. A comprehensive list of accredited internship programs in the United States, which includes ranking of selection criteria, is available on at the Park Library Reserve desk. A different comprehensive list of accredited internship programs in the United States is available at the ACEND's website [www.eatright.org](http://www.eatright.org). A list of supervised practice programs are available on the Applicants Guide to Supervised Practice. The Nutrition and Dietetic Educators and Preceptors (NDEP) is a dietetic practice group of the Academy of Nutrition and Dietetics. NDEP updates and prepares this Guide annually to aid students in screening supervised practice programs prior to application for admission. All information in this Guide is furnished by internship and coordinated program directors Therefore, neither NDEP nor the Academy should be held responsible for accuracy of information. Students may access the Applicants Guide to Supervised Practice on the CMU Dietetics Program Bb shell.

During the senior year, students who meet the competitive selection criteria should apply for admission into an accredited dietetic internship. Dietetic internships vary in length from eight months to one year. A competitive applicant will have the following:

- Maintain a cumulative overall grade point average greater than 3.2. This also includes all college courses transferred to Central Michigan University.
- Acquire quality dietetics related work experience. This may be paid or volunteer. 2000 work and/or volunteer experience is recommended. How work experience is assessed in the admission criteria varies among internships. Students are encouraged to identify internships of interest prior to their junior year and investigate the criteria for individual internships. Research can be started at [eatright.org](http://eatright.org) and/or [nutrition.cmich.edu](http://nutrition.cmich.edu).
- Participate in activities that demonstrate leadership.
- Participate in an activity that demonstrates altruism (non-academic).

## Licensure

Forty-six states have laws governing the field of dietetics. Licensing registered dietitians assures to the public that individuals providing nutrition advice have the appropriate education and experience. A list of states with licensure can be obtained at the Commission on Dietetics Registration website <https://www.cdrnet.org/state-licensure>. Licensure in Michigan is pending. To learn about current events in Michigan licensure for registered dietitians, visit [www.michigan.gov](http://www.michigan.gov).

## Employment Opportunities for RDs

Employment of dietitians is expected to grow faster than the average for all occupations through 2016 as a result of increasing emphasis on disease prevention through improved dietary habits. A growing and aging population will boost the demand for meals and nutritional counseling in hospitals, residential care facilities, schools, prisons, community health programs, and home health care agencies. Public interest in nutrition and increased emphasis on health education and prudent lifestyles also will spur demand, especially in management. In addition to employment growth, job openings will result from the need to replace experienced workers who leave the occupation.

The number of registered dietitian positions in nursing care facilities and in state government hospitals is expected to decline as these establishments continue to contract with outside agencies for food and nutrition services. However, employment is expected to grow rapidly in contract providers of food and nutrition services, in outpatient care centers, and in offices of physicians and other health partitions. With increased public awareness of obesity and diabetes, Medicare coverage may be expanded to include medical nutrition therapy for renal and diabetic patients. As a result, dietitians that have specialized training in renal or diabetic diets or have a master's degree should experience good employment opportunities.

RDs can expect to find jobs in the following areas:

- **Management**-direct the operation of large-scale menu planning and production in a variety of operations including, schools, health care facilities, prisons, and corporate cafeterias.
- **Sports**-may work in corporate wellness programs, as well as school or professional athletic programs, educating about the connection between food, health, and optimal athletic performance.
- **Public Health**-provide individual and group counseling regarding disease prevention and promoting nutritional practices that improve health.
- **Education**-teach in a university or community college instructing about nutrition and disease prevention. May require an advanced degree
- **Consultant**-work under contract with health care facilities or in their own private practice.
- **Corporate**-work in the communications, consumer affairs, public relations, marketing or product development areas of a food and nutrition-related business.
- **Research**-work in food and pharmaceutical companies, universities, and hospitals conducting research experiments to find alternative foods or nutrition recommendations for the public.

The median annual earnings of registered dietitians' nutritionists (RDNs) was \$57,302 per year in October 2015. The middle 50 percent earned between \$52,136 and \$62,677. The lowest 10 percent earned less than \$47,000. The highest 10 percent earned more than \$67,572.

According to the Journal of Academy of Nutrition and Dietetics, median annualized wages for registered dietitians in 2013 varied by practice area as follows: \$65,500 in consultation and business; \$74,000 in food and nutrition management; \$65,000 in educations and research; \$60,000 in clinical nutrition/ambulatory care; \$59,000 in clinical nutrition/long-term care; \$54,200 in community nutrition; and \$55,800 in clinical nutrition/acute care. Salaries also vary by years in practice, education level, geographic region, and size of community.

## The Dietetic Program at CMU

### Admission to the University

Admission to CMU for residents of the United States is processed through CMU's Office of Admissions. Admission requirements can be viewed at [admissions.cmich.edu](http://admissions.cmich.edu). Prospective students can complete an on-line application or download a paper application at this site. The Office of Admissions can be contacted by emailing [cmuadmit@cmich.edu](mailto:cmuadmit@cmich.edu) or calling 989-774-3076

Admission for international students is processed through the Office of International Education. The Office of International Education can be contacted by emailing [oiapp@cmich.edu](mailto:oiapp@cmich.edu) or calling 989-774-4308.

Prospective dietetics student are welcome to visit CMU to best learn about CMU's dietetics program. The Office of Admissions will assist you in arranging a visit. Or, the current director of the dietetics program can be contacted directly.

Transfer students are encouraged to contact their assigned dietetics program advisor a full semester before planning to attend CMU. The director must have transcripts from all colleges/universities attended. Courses that transfer as HEV or FNS credit may be evaluated by the director. Transfer students must first have been accepted to CMU. Evaluation requires submission of the transferring school's course syllabus and the master syllabus of the CMU course. CMU master syllabi can be accessed through CMU's portal under "academics".

Non-degree seeking students (those who already have a bachelor's degree in another major) can complete the DPD courses. Non-degree seeking students must meet the program's admission requirements and retention standards as printed in the most current undergraduate bulletin (please see section below). Upon successful completion, a Verification Statement will be issued by the program director. Non-degree seeking students with a Verification Statement may apply for admission to an accredited dietetic internship.

Central Michigan University is an affirmative action/equal opportunity institution. It encourages diversity and provides equal opportunity in education, employment, all of its programs, and the use of its facilities. It is committed to protecting the constitutional and statutory civil rights of persons connected with the University.

## **Admission Requirements, Retention and Termination Standards**

Students must have a minimum of 3.0 overall GPA in order to sign the dietetics major and enter the Pre-professional Phase. Forty students per year will be selected to move forward to the Professional Phase each fall semester. Students must achieve an overall minimum GPA of 3.0 and a DPD minimum GPA of 3.2 in order to be considered for the Professional Phase. Both GPAs must include courses completed at other institutions as well as those completed at CMU.

Selection criteria include:

1. Application (available at [www.nutrition.cmich.edu](http://www.nutrition.cmich.edu) )
2. Overall GPA
3. DPD GPA
4. To graduate with dietetics as a major and to receive a verification statement from the dietetics program, students are not allowed to take any required dietetic courses as credit/no credit.
5. Professional recommendations
6. Work, volunteer, and extra curricular experience
7. Autobiographical statement

Professional Phase Requirements:

1. Adherence to The Academy and its credentialing agency, the Commission on Dietetic Registration, Professional Code of Ethics
2. Maintenance of a 3.0 GPA overall and in DPD coursework

CMU provides individuals with disabilities reasonable accommodations to participate in educational programs, activities and services.

## **Monitored Enrollment**

One section of CHM 342 uses monitored enrollment. This process permits early enrollment in the course. Students must obtain an application form from the HEV Department's website at:

<https://www.cmich.edu/colleges/ehs/dept/hev/Pages/default.aspx>

## **Transfer Courses**

It is important that courses from other institutions meet the transfer course equivalency of CMU courses. To determine if a course will transfer to CMU, use the following website: <http://www.michigantransfernet.org/>. The admission, retention and termination standards apply to transfer courses.

## **Student Rights, Responsibility and Disciplinary Procedures**

The Code of Student Rights, Responsibilities and Disciplinary Procedures are available at <https://www.cmich.edu/ess/studentaffairs/Pages/Code-of-Student-Rights.aspx>

Students having a program related concern should follow the procedure as outline in 2.1.14 of the Code of Student Rights, Responsibilities.

## Accreditation

The Accreditation Council for Education in Nutrition and Dietetics (ACEND) formerly known as the Commission on Accreditation for Dietetics Education (CADE) is the Academy of Nutrition and Dietetics accrediting agency for education programs preparing students for careers as registered dietitians (RD) or dietetic technicians, registered (DTR). ACEND serves and protects students and the public by assuring the quality and continued improvement of nutrition and dietetics education programs.

ACEND is recognized by the United States Department of Education as a Title IV gatekeeper. This recognition affirms that ACEND meets national standards and is a reliable authority on the quality of nutrition and dietetics education programs.

The dietetics major is frequently referred to as the Didactic Program in Dietetics (DPD). The DPD provides the required dietetics coursework leading to a bachelor's degree and Verification Statement (VS). Graduates of ACEND accredited/approved DPD programs who are verified by the program director receive the VS, which is required for applying to dietetic internships. Graduates who successfully complete an accredited dietetics internship are eligible to write the CDR registration examination for dietitians. An accreditation site visit by ACEND occurred at CMU on March 30-April 1, 2014. Both the DPD and the CMU Dietetic Internship earned accreditation after this visit. Both the DPD and CMU Dietetic Internship earned continuation of accreditation status. The next review and site visit is scheduled for January 2021.

E-mail: [cdr@eatright.org](mailto:cdr@eatright.org) Web site: <http://www.eatright.org/ACEND>

## Program Mission

To prepare competent graduates in entry-level dietetics, through an ACEND-accredited didactic program in dietetics, who seek to service the dietary needs of patients, individuals, and the community.

## Program Goals

1. Prepare graduates for careers in dietetics and food related professions and/or advanced study in food related disciplines.
2. Prepare graduates with the knowledge of the impact that culture and socioeconomic status have on the food patterns of individuals and groups on a global level..

## Student Learning Outcomes Assessment

Student learning outcomes assessment is defined as the ongoing monitoring of the extent to which students are developing the knowledge, skills, beliefs, and attitudes that are appropriate for graduates of the respective academic programs. Assessment is tied to program goals and course learning objectives. The DPD is engaged in a continual assessment of its program goals and of the courses within its program. Assessment results are reported and discussed. Improvements in the program and curriculum are made as a result of these discussions.

Comments about assessment are welcome. Results are published on the FNS website <http://nutrition.cmich.edu>. CMU has an Assessment Council that works with academic departments for assessment activities. For more information about the CMU Assessment Council, please refer to the CMU Assessment Council's website. [https://www.cmich.edu/office\\_provost/AcademicAffairs/CAA/Assessment/Pages/Assessment-Council.aspx](https://www.cmich.edu/office_provost/AcademicAffairs/CAA/Assessment/Pages/Assessment-Council.aspx)

## Expenses

<b>Estimated DPD Program Costs 2015-2016</b>	
Tuition costs are based on the fall 2014 Fees (per semesters)	\$ 6,000.00
Laboratory Fees	\$ 50.00
Textbooks	\$ 500.00
Parking	\$175.00
CMU-Student Academy of Nutrition and Dietetics	\$15.00
Academy of Nutrition and Dietetics-Student Membership	\$50.00
Transportation, Meals and Housing	Varies
*All fees are subject to change	

Information about tuition and fees and other expenses can be found in the Central Michigan University Undergraduate Bulletin or at [cmich.edu/costs](http://cmich.edu/costs). All fees, including tuition, are subject to change.

Changes can be found at [registrars.cmich.edu/registration/tuitionfeesched.htm](http://registrars.cmich.edu/registration/tuitionfeesched.htm). Some courses include special equipment and/or laboratory fees. The following FNS courses currently have lab fees associated with them FNS 160. FNS 573 Community Nutrition currently has a field experience which consists of volunteer opportunities at various places within the community. It is the responsibility of the student to cover travel expenses and insurance related to this travel. Please refer to the university bulletin for other information in regards to injury protection and liability. [https://www.cmich.edu/office\\_provost/AcademicAffairs/Pages/Bulletins.aspx](https://www.cmich.edu/office_provost/AcademicAffairs/Pages/Bulletins.aspx)

### **Student Academy of Nutrition & Dietetics (SAND)**

SAND is a registered student organization (RSO) at Central Michigan University. SAND is open to all students interested in nutrition and/or majoring in Dietetics. They work to promote student visibility, support networking engagements, and provide professional opportunities to up-and-coming nutrition professionals. Getting involved with SAND is an excellent way to build your volunteer and leadership experiences for internship applications and your future career. SAND usually meets twice a month and they have membership dues of \$15.00.

### **Student Rights and Responsibilities, Policies and Procedures**

The Foods and Nutrition faculty and staff are dedicated to provide clear, consistent, and truthful information to prospective students, enrolled students, and the public at large. The DPD follows a majority of the policies and procedure of Central Michigan University. These policies and procedures are listed in the CMU Undergraduate Bulletin, which each student receives upon admission to the University. Students are responsible for being familiar with CMU's Undergraduate Bulletin. It contains valuable information about student rights, responsibilities and resources at the University. Information is also accessible through CMU's homepage and portal. Specific references to the following policies and procedures are found in the Undergraduate Bulletin:

Withdrawal and refund of tuition and fees  
Expenses, tuition, fees  
Residency status policy  
Housing and special fees  
Admission, orientation and career services  
Transfer credit policy  
Scheduling and program calendar, including vacation and holidays  
Protection of privacy of information

Access to personal files  
Withdrawals from the University  
Access to student support services  
Incomplete grade for illness  
Disciplinary procedures  
Grievance procedures  
Requirements for graduation  
Degree plans and requirements

Following are policies and procedures specific to the dietetics program:

Graduates will be provided additional copies of the Verification Statement upon request. The reissued Verification Statement will have the month/day/year the individual completed program requirements and the current program director's original signature in blue ink. Recency of academic course work is at the discretion of a dietetic internship, not the DPD in which an individual graduated. Verification statements are good for 5 years, after that time it is up to the discretion of the DPD director if the course work is still acceptable to meet the objectives of the program.

Course work transferring as HEV or FNS credit may be evaluated by the program director. A student must supply the program director with a syllabus of the transferring course and the master syllabus of the required dietetics course in which the student believes is comparable. CMU master syllabi can be accessed through CMU's Central Link. A memo will be drafted by the program director to the Registrar defining how the HEV or FNS credit will apply towards the dietetics program. The program director and the HEV office will maintain a copy. A copy will be provided to the student and the student's FNS faculty advisor. In the unlikely event that a student progresses through the program without having HEV or FNS credit evaluated by the director, the student will be denied a Declaration of Intent and/or Verification Statement until the above has been completed.

Course work from another institution will not be evaluated until an individual has been accepted as a student to CMU.

In accordance with program accreditation standards, individuals who sign the dietetics major will be signed under the most current undergraduate bulletin.

A student who returns to the dietetics program either after signing a different major or not enrolling in required dietetics courses for one semester during the academic year will need to change the undergraduate bulletin year in which they are signed to the most current bulletin year in order to receive a Declaration of Intent and/or Verification Statement from the program director. This does not impact graduation.

Students are not allowed to take any required dietetic courses as credit/no credit.

Prior learning credit is not considered.

## **Administrative Structure**

The DPD is part of the Department of Human Environmental Studies (HEV), which is housed within the College of Education and Human Services (EHS) at Central Michigan University.

The HEV department's mission and goals are available at <https://www.cmich.edu/colleges/ehs/dept/hev/Pages/The-Department.aspx> The EHS mission and goals are available at [www.ehs.cmich.edu](http://www.ehs.cmich.edu).

## Required Courses 2015-2016 Undergraduate Bulletin

Monitored enrollment is used to enroll dietetic major into CHM 342. Students must obtain a form from the HEV Department's website at

<https://www.cmich.edu/colleges/ehs/program/amd/Pages/Advising.aspx>

Monitored enrollment occurs one week before Phase I Registration. Directions on the application must be followed carefully for full consideration. Thirty seats per semester are designated for dietetic majors in CHM 342. Admission through monitored enrollment into FNS 342 is based on overall GPA and credit hours completed. A signed major does not guarantee a seat in FNS 342.

**Note:** The fall Professional Phase courses include FNS 471, FNS 473, and FNS 570. All three classes are offered in the fall semester only and must be taken together. Not taking all three in the fall semester will delay graduation by a full year. Once admitted into the program students will be registered for all three courses.

### Dietetics Core (40 hours)

FNS 160 Introduction to Foods 3(2-2)  
FNS 271 Food and Culture in the United States 3(3-0)  
FNS 361 Experimental Foods 3(2-2)  
FNS 364 Foodservice Operations 3(3-0)  
FNS 367 Institutional Food production Laboratory 1(0-2)  
FNS 370 Nutrition 3(3-0)  
FNS 374 Nutrition in the Life Cycle 4(4-0)  
FNS 469 Foodservice Systems Administration 3(3-0)  
FNS 471 Medical Nutrition Therapy I 3(3-0)  
FNS 472 Medical Nutrition Therapy II 3(3-0)  
FNS 473 Advanced Nutrition 4(4-0)  
FNS 570 Nutrition Education 4(4-0)  
FNS 573 Field Work: Community Nutrition 3(Spec)

### Other Requirements I (5-8 hours)

CHM 120 Survey of Chemistry 4(4-0)  
CHM 127 Introductory Chemistry Laboratory 1(0-2)  
CHM 131 Introduction to Chemistry I 4(3-3)

CHM 132 Introduction to Chemistry II 4(3-3)

**Note:** Both CHM 120, 127 **OR** CHM 131, 132 must be taken

### Other Requirements II (10 hours)

BIO 208 Microbiology 3(2-3)  
CHM 342 – Survey of Organic Chemistry 4(3-3)  
CHM 421 Survey of Biochemistry 3(3-0)

### Other Requirements III (4-8 hours)

Select one of the following options:  
Options 1 (4 hours)  
BIO 392 Mammalian Physiology 4 (3-3)  
Option 2 (8 hours)  
HSC 214 Human Anatomy 4(3-3)  
HSC 215 Human Physiology 4(3-2)

### Other Requirement IV (3 hours)

Select one of the following:  
HSC 544 Biostatistics 3(2-1)  
STA 282 Introduction to Statistics 3(3-0)

**Notes:** A student opting to take CHM 345 and CHM 346 instead of CHM 342 must have the equivalent of CHM 132 as a prerequisite. A student with CHM 345 and CHM 346 may elect CHM 521 and CHM 522, instead of CHM 421.

**Total: 62-69 semester hours**

A minor is not required for the Bachelor of Science Plan A degree requirements. Further information regarding degree requirements is available in the undergraduate bulletin. Elective courses are not required to meet the minimum 65 semester credit hours.

Course descriptions are available in the undergraduate bulletin.

**Suggested Sequence of Courses**

<b>Dietetics Major for 2015-2016 Bulletin</b>	
<p><b>Fall Freshman Year</b></p> <p>BIO 110 (4) Concepts of Biology (F, Sp)</p>	<p><b>Spring Freshman Year</b></p> <p>MTH 105 (3) Intermediate Algebra (F, Sp)</p>

\*\*Monitored Enrollment for CHM 342

\*\*\*BIO 392 can be replaced with HSC 214 & 215

## Signing the Dietetics Major

If you are interested in signing a major in dietetics or want more information about the major and a career as a Registered Dietitian, please contact a dietetics advisor. Faculty advisors are listed in the table below and distributed alphabetically.

If you intend to major in dietetics, the earlier you contact an advisor and plan your program, the easier it will be for you to complete the major. This is especially true for students planning to transfer to CMU from other colleges and universities. Students will sign under the most current bulletin year, even if a different bulletin is being followed for degree requirements, and are assigned a faculty advisors for signing the dietetics major based on the student's last name. Arranging a scheduled meeting to sign the major is advised. Faculty advisor and alphabetic distribution are:

Distribution	Faculty Advisor	Phone	Email
A-I	Leslie Hildebrandt, PhD, RD	989-774-2514	<a href="mailto:hilde1la@cmich.edu">hilde1la@cmich.edu</a>
J-Q	Lynn Evans, MPH, RD	989 774-2552	<a href="mailto:evans1lm@cmich.edu">evans1lm@cmich.edu</a>
R-Z	Anna Most, RD, MS	989-774-7605	<a href="mailto:most1am@cmich.edu">most1am@cmich.edu</a>
Minor	Robert Bell, MAS, BS, BA	989-774-7603	<a href="mailto:bell1rm@cmich.edu">bell1rm@cmich.edu</a>
	Michelle Estrade, MS, RD	989-774-5591	<a href="mailto:estra1mm@cmich.edu">estra1mm@cmich.edu</a>
	Jeffery Fisher, PhD, CEC	989-774-3403	<a href="mailto:fisher2jj@cmich.edu">fisher2jj@cmich.edu</a>
	Yeonsoo Kim PhD, RD	989-774-3438	<a href="mailto:kim7y@cmich.edu">kim7y@cmich.edu</a>
	Najat Yahia, PhD , RD	989-774-3458	<a href="mailto:yahia1n@cmich.edu">yahia1n@cmich.edu</a>

### Directions for Signing the Dietetics Major

Students are required to bring the following materials with them when meeting with their assigned faculty advisor to sign the dietetics major:

1. A hard copy of this 2015-2016 Dietetics Handbook.
2. A personalized copy of your CMU academic history printed from the portal. If you are a transfer student, transcripts or academic history from all school(s) attended.
3. A copy of the six-semester planner posted at [www.nutrition.cmich.edu](http://www.nutrition.cmich.edu). Complete the top portion, which includes name, date signing the major, and CMU ID#. **Do not fill in the sequence of courses.** This will be developed with your advisor.

### Verification Statement Distribution

Completion of this program satisfies the academic requirements of the Academy of Dietetics and Nutrition for the Didactic Program in Dietetics (DPD). This program fulfills part of the course requirements for a Bachelor of Science degree. A graduate completing current dietetics major requirements will receive a Verification Statement (VS) and can apply for an accredited dietetic internship. Undergraduates completing the internship application need to include a Declaration of Intent (DI) as part of the application instead of a VS.

The DPD director is responsible for signing Verification Statement and Declaration of Intent (DI). The DI confirms that a student will soon complete the DPD and graduation requirements. The VS confirms that a student completed the DPD and graduation requirements.

### **Program Follow Up Advising Directions**

As part of ongoing assessment for program accreditation, signed majors must meet with their advisor the semester immediately following the semester in which the major is signed. It is the responsibility of the student to initiate this meeting each semester. For this meeting the following is required:

1. Your copy of the Dietetics Handbook.
2. A current personalized copy of your CMU academic history printed from the portal. If you are a transfer student, transcripts or academic history from other school(s) attended.
3. Your completed copy of the six-semester planner that was developed or updated with your advisor when the major was signed.
4. A list of internship possibilities.

### **Signing a Minor**

A minor is not required for dietetics majors electing the Bachelor of Science (BS) Plan A option. More information regarding degree requirements can be found in the undergraduate bulletin. A minor is not recommended if it will unreasonably delay your graduation, interfere with obtaining quality dietetics-related work experience, or negatively affect your GPA. A student needing additional credits to meet the 124 hours to graduate from CMU with a BS can add a minor to obtain the additional hours. This is more common for transfer students.

Recommended minors for dietetics students include:

Leadership (24 credit hours)  
Psychology (21 credit hours)  
Entrepreneurship Minor (21-22 credit hours)  
Event Management (23 credit hours)  
Business Administration Minor (24 credit hours)  
Interdisciplinary Science Minor (24 credit hours)  
Science Minor (24 credit hours)

Dietetics majors are not eligible to earn the Nutrition Minor.

### **Graduation**

Graduation audits are used to inform students of graduation requirements and their progress toward completion. Graduation audits are provided by the Undergraduate Academic Services Office, 123 Warriner Hall (989)774-3504. An appointment is required.

There are two types of graduation audits:

**1. Pre-graduation (informal) audit**

- Arrange for a pre-graduation audit as soon as possible after your major/minor are signed.
- Students will meet “one-on-one” with an advisor from the Office of Undergraduate Academic Services. You’ll review your progress to meeting graduation requirements. These include University Program (U.P.) courses, 300 level courses, competencies, and major/minor course requirements. Errors frequently occur in the U.P. courses.
- Students will receive exact information about required courses remaining for degree requirements.
- Students are encouraged to pick up an Undergraduate Application for Graduation during the pre-graduation audit.

**2. Graduation (formal) audit**

- This needs to be performed during the semester prior to the final semester at CMU.
- This is a written evaluation of your progress toward degree requirements. A copy of this evaluation will need to be submitted to the program director in order to receive a Declaration of Intent when applying to internships before the BS is completed.
- Students should apply early for graduation-this starts the process for the graduation audit. Applications are processed in the order received for each graduation date.
- To be assured of receiving a graduation audit, be sure to file an Undergraduate Application for Graduation no later than the following dates:

May graduation, September 15

August graduation, January 15

December graduation, April 15

The application for graduation is submitted to the Student Service Court (lower level of the Bovee University Center). After receiving the graduation audit, further question should be directed to Undergraduate Academic Services.

## The Dietetic Internship

### ✚ What is a Dietetic Internship?

The Dietetic Internship is a supervised program of dietetic practice. It is completed after the bachelor degree has been finished and is required for becoming a registered dietitian. An accredited internship must have the following components:

- Provide at least 1200 hours of supervised practice experiences that meet accreditation competencies
- Planned learning activities preparing interns to enter practice as a RD
- Include one area of concentration designed to begin development of the entry-level depth necessary for future proficiency in a particular area

**Acceptance into an internship is competitive.** More students apply to internship programs than get accepted. Nationally in April 2013, 3000 of the 5500 applying were accepted. The two most important criteria determining whether you get accepted into an internship are undergraduate GPA and dietetics-related work experience. Please note that an internship may require a background check prior to placement in a health care setting.

### ✚ Accreditation of a Dietetic Internship

The Dietetic Internship that a graduate completes must be accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND) formerly known as the Commission on Accreditation for Dietetics Education (CADE) is the Academy of Nutrition and Dietetics accrediting agency for education programs preparing students for careers as registered dietitians (RD) or dietetic technicians, registered (DTR). ACEND serves and protects students and the public by assuring the quality and continued improvement of nutrition and dietetics education programs.

ACEND is recognized by the United States Department of Education as a Title IV gatekeeper. This recognition affirms that ACEND meets national standards and is a reliable authority on the quality of nutrition and dietetics education programs

### ✚ List of Accredited Dietetic Internships

There are approximately ten accredited dietetic internships in Michigan and about 250 such programs in the United States. The ACEND's website (<http://www.eatrightacend.org>) contains a list of accredited internships.

The [Applicant's Guide to Supervised Practice](#) is an excellent resource made available from the ACEND's Dietetics Educators Practice Group. The database is available at the Park Library Reserve desk and the CMU Dietetics Program Black Board shell. It describes each internship's program emphases and specialties, costs, duration, and contact information. Unlike the ACEND's website, The [Applicant's Guide to Supervised Practice](#) is not a comprehensive list.

## ✚ Selecting an Internship

- Begin investigating potential internship during the junior year of college.
- Visit and read websites of potential internships.
- When contacting an internship program director, be professional in written and oral communication.
- If possible, visit an open house for internships of interest.
- If an open house is not offered, attempt to arrange a visit with the internship program's director.

## ✚ Applying for the Dietetic Internship and Computer Matching

Students apply to an internship through a process of computer matching. An applicant is “matched” with the highest ranked program that offers the applicant a position. In this way, computer matching helps applicants to obtain a position in the supervised practice program of their choice. Details about the computer matching process are available on the ACEND's webpage (<http://www.eatright.org>) and D&D Digital Systems ([www.dnndigital.com](http://www.dnndigital.com)).

## Dietetic Internship Application

The ACEND's website provides information regarding the internship process under Accredited Dietetic programs. There are three phases to the application process:

### 1. Application Phase

- Begin prior to the fall of the senior year.
- Use the Guide to Supervised Practice available at Park Library Reserve desk and the CMU Dietetics Program Black Board shell to select internships of interest.
- Register for FNS 479 Professional Issues fall of the senior year.
- Obtain current application instructions from selected internships, including whether or not the internship will participate in the electronic submission of the application.
- Arrange to take the Graduate Record Examination (GRE).
- If not using the electronic application system, obtain Declaration of Intent form from current dietetics program director. Students receive a Verification Statement upon graduation. The Verification Statement will be used for those applying after graduation.
- Request references from advisor/faculty/employers and order official transcripts. CMU faculty/staff will require students to complete a form to submit. This form is available at [www.nutrition.cmich.edu](http://www.nutrition.cmich.edu)

## 2. Computer Matching Phase

- Complete the D&D Digital Systems prioritized list at [www.dnndigital.com/ACEND](http://www.dnndigital.com/ACEND). There is a \$50 fee. To insure privacy, all applicants will be emailed their personal login and password.

## 3. Appointment Phase

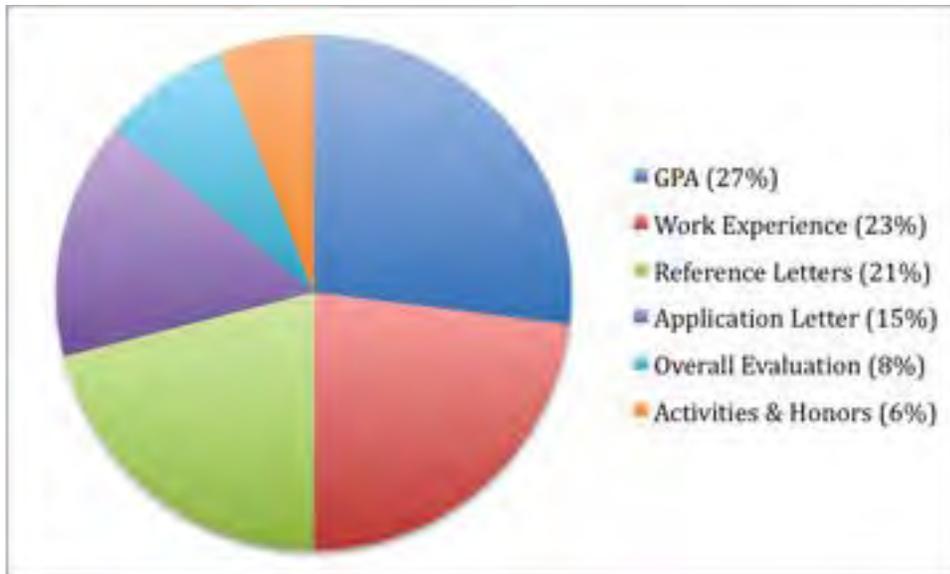

- Applicants must use D&D Digital website [www.dnndigital.com](http://www.dnndigital.com) to receive personal DI matching results and instructions. To login, use the personal login and password previously provided by email.
- Applicants who receive a computer match are responsible for accepting or rejecting the match on the appointment date.
- All graduates meeting the requirements of the dietetics program will receive a Verification Statement following graduation. An original copy needs to be provided to the dietetic internship director prior to beginning supervised practice.

### **IMPORTANT NOTES:**

As a participant in the computer matching process, it is expected that applicants who receive a match will adhere to the results of the match and accept that match. It is unacceptable to decline a match in order to pursue appointment to another supervised practice program.

An internship may require a background check as part of the application process or after acceptance.

No college or university can guarantee that a student completing its dietetics program will be accepted into a dietetic internship. Each dietetic internship has varying criteria for admission. It is the student's responsibility to understand the criteria for acceptance into dietetic internships and meet those criteria. The Applicant Evaluation Criteria for the Central Michigan University Dietetic Internship (CMUDI) are listed below:

A competitive applicant will have:

- An overall GPA and DPD GPA greater than 3.2
- Two and a half years of part-time dietetics related work experience (2000 hours)
- Have been a student member of the Academy of Nutrition and Dietetics
- Demonstrated leadership
- Willing to relocate to another part of the state or country
- Applies to several internships (5-7)
- Attentive to detail when completing the internship application materials

## Field Placement

### Welcome Students!

The upcoming academic year, promises to be an exciting opportunity for learning. One of the pleasures of participating in field instruction, for me, is sharing with you in the process by which all of you will move into a genuine sense of belonging to the profession of social work. This year will provide many opportunities to learn and grow. Sometimes that growth will be easy and fun; sometimes it will be difficult. Our hope is that it will always lead you more deeply into an identity as a social worker, and that you will learn the skills and knowledge needed to begin your first job as BSW. The field experience is one that many students approach with some apprehension, but also with a great deal of excitement. The social work faculty and field instructors share that excitement with you as we all welcome you to this experience. I encourage you to make the commitment to learn as much as possible during the year. Keep in mind that the year will just fly by!

### Contact Information

Nelson Putnam  
Social Work Program Field Director  
Anspach D34A  
Phone: (989) 774-3432  
Fax: (989) 774-2140  
putnaln@cmich.edu

### Admission to the Program

Students must be admitted to the program prior to field placement and have their major form signed. If a student was admitted with conditions, the conditions must be met prior to the student being placed in field or field placement can be delayed.

### Field Placement

[Field Manual](#)

[Student Handbook](#)

[Request an Appointment](#)

Students must be admitted to the program prior to field placement and have their major form signed. If a student was admitted with conditions, the conditions must be met prior to the student being placed in field or field placement can be delayed.

#### **Field Orientation Meeting**

All students will attend a mandatory field orientation meeting prior to being placed in field. At this meeting, students will learn about the Social Work Field Manual and fill out the necessary forms to begin the field placement process. (The Social Work Field Manual is available to download.)

#### **Field Pre-Placement Interview**

The pre-placement interview is a chance for the field director to meet with each student individually. Students will bring their resume and discuss their skills, abilities and preferences for placement. Students should complete the pre-placement form prior to scheduling the interview.

#### **Field Interview**

Once the match letter is mailed out, students will set up a field interview with their placement agency to work out the details of their internship. Agencies may require the student to complete background checks, physical and/or vaccinations prior to working.

#### **Field**

All information about field is listed in the field manual. Students should take a few hours and go through this carefully. The preparation for generalist practice will provide an overview of the field experience.

#### **Frequently Asked Questions**

##### *Can I choose my field placement?*

Field placements are assigned by the field director. Students can always make a request for an agency, but the decision lies with the field director. The field director meets with each student individually and discusses their primary needs. The director considers many factors such as type of placement, location, needs, skills and experience of both the student and the field instructor when making a placement. Students will meet with the agency before the placement is finalized and if both parties agree, the student is placed there for the entire school year.

##### *What do I wear?*

Students in field are expected to dress professionally.

##### *Where do I get my field manual?*

Students are expected to download the field manual.

##### *I work and I can't take time off, what do I do?*

This is your senior year of college. The only thing that stands between you and a BSW degree is 2 semesters. Most students find that the experience they gain in field far out way the inconvenience of a busy schedule. If it is any consolation, you're with a great group of people. Hopefully, you planned ahead to take very few classes your senior year.

##### *Can I do my internship over the summer?*

Maybe. Talk to the field director if you are interested in delaying your field placement until summer.

**HLC Accreditation**

Institutional accreditation by the HLC, also called regional accreditation, provides assurance to prospective students and other constituents that course credits and degrees earned from the institution meet quality standards of higher education. Regional accreditation has been granted to more than 2500 higher education institutions throughout the United States. Accreditation is recognized by the United States Department of Education and federal financial aid is available only to students attending schools that are accredited.

Central Michigan University was first accredited in 1915 by the North Central Association of Colleges and Schools (NCA) as Central State Teachers College and has been accredited since, with the exception of 1921-23. NCA accredited the first master's program in 1957 and approved the offering of doctoral programs in 1992. The last comprehensive evaluation took place in 2005-2006 by the Higher Learning Commission of the North Central Association of Colleges and Schools, at which time CMU was accredited for 10 years. The current accrediting body is now known as the Higher Learning Commission.

Federal Compliance Document Evidence  
57. Student Learning Outcomes Assessment Policy

## APPENDIX E

### POLICY ON STUDENT LEARNING OUTCOMES ASSESSMENT

#### I. GENERAL POLICIES AND PRINCIPLES

Student learning outcomes assessment is defined as the ongoing monitoring of the extent to which students are developing the knowledge, skills, beliefs, and attitudes that are appropriate for graduates of their respective academic programs. The assessment of student learning assists programs in defining course goals and outcomes. Assessment data provide information for faculty development of strong programs, effective curricula, and innovative teaching. In addition, student learning outcomes assessment assists programs, departments, councils, colleges, and the university in accreditation by providing evidence of quality teaching and learning. Outcomes assessment is also a key component in CMU's internal program review process.

The Academic Senate supports student learning outcomes assessment as a means of understanding and improving student learning. This policy reaffirms that the senate is committed to the central role of faculty in the assessment process and the flexibility of academic programs in choosing assessment methods that will be most useful and appropriate.

##### A. Assessment Information and Use

Assessment information shall be used by the department/council conducting the assessment to understand and improve student learning. Assessment may be at the departmental, program, or institutional level. Assessment should be based on multiple direct and indirect measures, and activities shall be designed to identify both strengths and challenges.

The assessing department/council decides what specific student learning outcomes are measured, the instruments and achievement targets for assessing student learning, and the process for sharing the data with stakeholders. This framework of mission, goals, student learning outcomes, measures, and targets that define the assessment plan is entered into the university's assessment management system. Within this framework, both process (how we assess) and outcomes (what we learned) are important. The assessment of student learning is expected to stimulate discussions among faculty (both regular and temporary) of program learning goals, program curriculum, and pedagogy as means to improve learning.

A summary of the raw data that result from assessment activities is entered as findings into the assessment management system by the assessing department/council, and inclusion of such data in reports required by any university office or body will be at the department's/council's discretion. The findings that result from assessment activities and the action plans and analyses that support those findings are to be made available through the assessment management system to the Assessment Council, reviewing bodies, and appropriate constituencies, including students.

Student learning outcomes assessment information may not be used for personnel decisions (except for information voluntarily provided by the individual), nor shall it be the primary criterion for resource allocation decisions. Assessment information provided by individuals or programs may be used only for self-comparative purposes and may not disclose information about other individuals or other programs/councils at CMU. Other uses not contemplated in this statement may be proposed to the Assessment Council (see Assessment Council Charge below), which will determine whether a proposed use is to be permitted or prohibited.

## **B. Assessment in Programs**

A positive culture of assessment requires the input of multiple stakeholders, especially faculty and students. Assessment is a collaborative effort that fosters effective student learning, curriculum enhancement, and program development. A positive culture of assessment should *not* be a punitive-oriented process for students, faculty, or programs. Reporting of assessment activities and how information gleaned from such activities has been used to improve programs will be reviewed by the Assessment Council through the assessment management system and as part of other activities (e.g., accreditation) that review the quality of academic programs. Student learning outcomes that have been approved by the Assessment Council shall be made available to students and faculty.

## **C. Link Between Assessment and Program Review**

Department/council Program Review documents will include the following information on student learning outcomes assessment:

1. The approved assessment plan, including the learning outcomes.
2. The yearly reporting of findings.
3. Achievement summary and analysis reports.
4. Communications from the Assessment Council based on the department/council reports of assessment activities.
5. The department's/council's overall synthesis of assessment results since its last Program Review and the implications of those results for the department's/council's future plans.

Departments/councils may choose to include additional assessment information in their Program Review materials as supporting documentation. Program Review has other reporting requirements that can be found on the Academic Effectiveness web site ([https://www.cmich.edu/office\\_provost/AcademicAffairs/Program\\_Review/Pages/default.aspx](https://www.cmich.edu/office_provost/AcademicAffairs/Program_Review/Pages/default.aspx)).

## **II. DEPARTMENTS/INTERDISCIPLINARY COUNCILS**

A number of different university bodies have responsibilities for learning outcomes assessment activities. These include the faculty and staff involved in offering the assessed

programs, the departments/councils responsible for the programs, the Assessment Council of the Academic Senate, the Office of Curriculum and Assessment, the deans, the provost, and the president. All programs, both on-campus and through Global Campus, shall be assessed by the departments/councils responsible for the program curriculum. Departments and councils are, consequently, the principal assessing bodies at Central Michigan University. Therefore, it is expected that these principal assessing bodies abide by the logic of CMU's Research Integrity and Misconduct policy. The Assessment Council will adjudicate in cases where there is a dispute about whether a program should be assessed or a dispute about the correct assessing unit.

**Programs that are assessed and the assessing units are as follows:**

<b>Program</b>	<b>Assessing Unit</b>
Departmental Majors, Designated Minors	Program faculty in the relevant department/council and, where appropriate, the Global Campus Academic Council
Graduate Programs	Program faculty in the relevant department/council
MSA Program and certificates MA in Education Program and certificates	MSA Council MA in Education Council
Interdisciplinary Programs	Appropriate Interdisciplinary Council
Certificates not otherwise assessed, as determined by the Assessment Council	Program faculty
General Education Program (including University Program and Competency courses)	General Education Committee
Honors Program	Honors Council

**Assessment responsibilities of departments/interdisciplinary councils:**

1. Develop program assessment plans (including a program mission statement, student learning goals and outcomes, methods of measurement, achievement targets, and curriculum maps) and update the plans periodically, especially the year after Program Review.
2. Develop a structure within the unit (e.g., committees, coordinators) to help ensure that assessment activities will be completed in a timely manner.
3. Implement assessment activities and submit reports according to established timelines (see below), which include updating an assessment plan for each program in the year following Program Review.
4. Provide findings yearly and complete the achievement summary and analysis reports, according to the timeline found below, through the assessment management system on assessment activities, which need not cover all outcomes of the program annually (see below).

5. Provide regular feedback to department/council faculty/staff on assessment activities; share assessment information with constituencies, including students; and promote conversation among faculty and staff of the implications of assessment for program improvement. It is expected that departments will post, at a minimum, their current detailed assessment reports from the assessment management system on their department/program websites.
6. Based upon the conversation among faculty and staff, ensure that assessment information leads to program improvement;
7. Consider providing recognition and reward for assessment activities in department/by-laws, which may include credit in any of the three contractually recognized areas for personnel decisions (teaching, research service).
8. Provide regular feedback to students on assessment activities within departments and share with them, as appropriate, conclusions reached as a result of assessment activities.
9. Involve students in meaningful ways in assessment activities.
10. Communicate to the Office of Curriculum and Assessment ways in which specialized accreditation requirements address assessment.

### **III. ASSESSMENT COUNCIL**

The Assessment Council is a committee of the Academic Senate. The membership and charge are as follows:

#### **A. Membership**

1. The Assessment Council shall be composed of 12 members:
  - Six faculty representatives, one each from the Colleges of Business Administration, Communication and Fine Arts, Education and Human Services, Health Professions, Humanities and Social and Behavioral Sciences, and Science and Technology, elected by the senate. Preference will be given to those with some expertise, experience, or interest in assessment.
  - One representative of the College of Medicine, appointed by the Dean of the College of Medicine.
  - One representative of Global Campus, appointed by the Vice President of Global Campus.
  - One at-large representative from any unit engaged in learning assessment, elected by the senate.
  - One department chair, elected by the Council of Chairs.
  - The Academic Senate Chair (or a designee appointed by the Chair from the faculty members on the Senate Executive Board).
  - The Director for Curriculum and Assessment, *ex officio*.

- College Assessment Coordinators are invited to attend meetings, but are non-voting guests.
2. Academic Senate policies on committee membership:
    - Under Academic Senate policy, a member may not serve more than two successive terms on the same committee.
    - If a member misses three consecutive meetings (excused or unexcused) of any senate committee to which that person has been appointed or elected, the member shall be dismissed from that committee and replaced.
  3. Chairperson:

A chairperson of the council will be elected from among the voting members of the council. The chair will serve a one-year term but may be reelected.

## **B. Charge**

1. Develop learning assessment policies for Central Michigan University and recommend those policies to the Academic Senate for approval.
2. Develop a format for program assessment plans and a format for reviewing and approving those plans.
3. Review and approve program assessment plans and communicate to the units on the status of those plans.
4. Review and approve substantial changes in program assessment plans and communicate on the status of those changes; acknowledge minor changes facilitated by the Director of Curriculum and Assessment with Council oversight.
5. Develop a format for the periodic summary reports from departments and councils on assessment activities and review communications to the units from the Office of Curriculum and Assessment based on these summary reports.
6. Review and approve requests for funding by units or individuals for assessment projects and professional development activities relating to assessment.
7. Assist in developing and maintaining the presence of assessment as a defining element of Central Michigan University, including recognizing faculty and councils making significant contributions to learning outcomes assessment and communicating to students the importance of these activities.
8. Help ensure that conversations about student learning and program improvement remain central to departments and councils.
9. Provide advice to the Office of Curriculum and Assessment, including advice on official CMU publications and reports related to assessment (e.g., reports for external accreditation agencies).
10. Recommend to the Academic Senate a process for the comprehensive evaluation of the university's assessment activities.

11. Advocate for university resources to support faculty/staff involvement in assessment activities.

#### **IV. OFFICE OF CURRICULUM AND ASSESSMENT**

The Office of Curriculum and Assessment is a unit of the Office of the Provost staffed by the Director for Curriculum and Assessment as well as support personnel. The responsibilities of the Office of Curriculum and Assessment include the following:

1. Disseminate assessment-related information to the campus community, provide expertise, and support faculty development activities related to assessment.
2. Work with campus units to coordinate, as appropriate, opportunities for gathering information about student learning (including information on student retention, persistence, and graduation).
3. Develop and communicate a timetable of due dates for departments' periodic assessment plans and reports, working to ensure that department/council timelines for assessment activities coordinate with timelines for their Program Review and specialized accreditation.
4. Work with the Assessment Council in assisting those responsible for the development of assessment plans, such as department/program assessment coordinators, to develop assessment plans and other student learning outcomes activities (e.g., identifying student learning goals and outcomes).
5. Maintain records on the status of the development, modification, and implementation of assessment plans by departments/councils and disseminate information based on these records in official CMU publications, webpages, and reports (e.g., reports for external accreditation agencies). The Office of Curriculum and Assessment will make departmental/council assessment plans (including student learning goals and outcomes) available to the public upon request when they have been approved by the Assessment Council.
6. Receive and evaluate periodic summary reports of assessment activities from departments/councils according to guidelines established by the Assessment Council. Copies of the reports and the communication will be sent to the relevant dean's office as a means for keeping the college informed of department/council assessment efforts.
7. Report to the Academic Senate yearly through the Assessment Council on the status on learning outcomes assessment at CMU.
8. Evaluate periodically the overall effectiveness of assessment policies and practices and report the findings to the Assessment Council.
9. Serve as a resource for campus assessment activities.

#### **V. DEANS**

The deans and their offices have the following responsibilities in learning assessment:

1. Foster a positive culture of assessment to facilitate learning in each college through activities such as hosting college-based discussions and faculty development programs about assessment and program improvement.
2. Construct a support structure for assessment within each college, which includes providing resources to assist departments and units with assessment activities; rewards and recognition to units, faculty, and staff for assessment efforts; and support for by-law changes that credit assessment activities.
3. Help coordinate competing deadlines so that the due dates for assessment plans and activities receive appropriate priority.

## **VI. PROVOST AND PRESIDENT**

The Offices of the Provost and President have the following responsibilities in learning assessment:

1. Communicate to the campus the importance of learning outcomes assessment and that making CMU a student-focused learning community is an essential institutional priority.
2. Ensure that adequate resources, including both funds and time, are available for assessment activities.
3. Encourage appropriate recognition and rewards for those individuals and units engaged in significant assessment activities.

## **VII. TIMELINES**

Departments collect assessment data on a continuous basis and report findings on a yearly basis. The focus shifts every other year from the analysis and discussion of the data to the implementation of improvements that arise from the data analysis. This might be improved curriculum, revised assessment measures, new/improved pedagogy, and/or consultation with constituents. The documents associated with Program Review include a thoughtful discussion of these data as guidance for curriculum improvement.

Efforts will be made to coordinate cycle timelines with Program Review and accreditation schedules to reduce duplication of effort whenever possible. The assessment activities detailed below will be completed for review by the Assessment Council and Office of Curriculum and Assessment by October 1 of each year.

## Assessment Cycle

Year	Program Review	Assessment Report	Assessment Plan
Year 1	Program Review	No assessment report is due. Submission of a cumulative summary of assessment activities of the past 5 years will be included in both Program Review and in the assessment management system for Assessment Council review.	
Year 2		Data collected and entered into the assessment management system. Focus on implementation of action plans based on assessment data and Program Review to improve learning.	Revisit Assessment Plan in light of Program Review feedback and in consultation with College Assessment Coordinator. Revisions (if needed) are due December 1. Assessment Council reply/approval by January 15.
Year 3		Data collected and entered into the assessment management system. Assessment report due Oct. 1	
Year 4		Data collected and entered into the assessment management system. Focus on implementation of action plans.	
Year 5		Data collected and entered into the assessment management system. Assessment report due Oct. 1	Substantive review of program assessment plan and data with Council or College Assessment Coordinator in preparation for Program Review.

Federal Compliance Document Evidence  
58. Master Course Syllabus Review and Guidelines

## SECTION III

### MASTER COURSE SYLLABUS REVIEW AND GUIDELINES

#### A. OVERVIEW

Each course offered at CMU has a Master Course Syllabus (MCS). Individuals with a CMU Global ID may access Master Course Syllabi through the Academic Senate website (<https://www.cmich.edu/AcademicSenate/secure/Pages/default.aspx>) or the online Bulletin (<https://bulletins.cmich.edu/>).

The MCS, as approved through the curricular process, serves a key documentary and communicative function in CMU's curriculum. It establishes the appropriateness, scope, and quality of the course within the context of a program of study. It must also communicate needed information to

- other faculty who might teach the course as well as interested faculty outside the discipline;
- students, current or prospective, wanting to know what a course entails;
- parents of current and prospective students; and
- people outside CMU such as accreditation teams, legislators, grantors, and the public at large.

Because of these varied needs, the MCS is written in language general enough to communicate broadly while establishing the role of the course within a specific disciplinary area and program. It also communicates the specifics of the course to others who may teach the course and to other universities where a student may request a transfer of credit. The following sections guide faculty in developing and updating the MCS to ensure consistency of information and presentation.

#### B. MASTER COURSE SYLLABI AND TEACHING SYLLABI

A teaching syllabus, often referred to as the "class" or "course" syllabus, is not the same as the MCS. The teaching syllabus does not need to proceed through the electronic curricular process. Individual faculty members assigned to teach one or more sections of a course develop a teaching syllabus that is based on the MCS. The teaching syllabus provides students with greater specificity about how a given course section will be conducted in order to accomplish the intended goals and objectives. Although individual faculty members do not have unilateral discretion to alter substantially the scope of the course or the goals and objectives of the learning experience, the MCS does not limit a faculty member in planning the sequence of topics, selecting appropriate texts or other instructional materials, using a variety of instructional methods, or designing and using specific evaluation procedures in the teaching of the course. When a concern arises about the appropriateness of an individual faculty member's choice of instructional materials, teaching methods, or evaluation procedures for a particular course, the department and college are the appropriate contexts for initial discussion and possible resolution. A copy of the teaching course syllabus is available

by contacting the instructor or appropriate department. All teaching course syllabi must be maintained by the department indefinitely.

## **C. MASTER COURSE SYLLABUS SEVEN-YEAR REVIEW**

The faculty at Central Michigan University take pride in keeping up to date with advances in knowledge. One mechanism for ensuring that the curriculum remains current is the university-wide practice of comprehensively reviewing each course once every seven years. The department, school, interdisciplinary council, or other appropriate unit initiates the MCS review. This review requires the submission of an updated MCS and the completion of a Course-Related Change Form (formerly the Green Form). Guidelines for completing the MCS are contained at the end of this section. The routing of the proposal is dependent upon the degree of change being proposed. The approval options, workflow, objection period and appeal process are described in Section I.

### **1. College Curriculum Committee (CCC) or Curriculum Review Body Approval**

Proposals that modify any of the following are routed from the appropriate department, school, interdisciplinary council, or other appropriate unit to the CCC for final approval:

- Course Deletion
- Designator (if designator already exists)
- Title
- Number (not associated with Course Level Adjustment)
- Credit Hours
- Distribution of Hours
- Credit/No Credit Status
- Cross-Listed (include memo from each relevant department that they agree with changes)
- Bulletin Description
- Recommended Course(s) and/or Requirement(s)
- Course Outline
- Evaluation
- Delivery Method

If the CCC denies the change or approves with edits, the proposal is returned to the department/school, interdisciplinary council, or other originating unit. Once approved by the CCC, the Course-Related Proposal Form and the updated MCS are forwarded electronically to the Academic Senate Office. The campus community and SRCs are notified of the CCC action via the posting of the CCC minutes on the Academic Senate website.

## 2. Senate Review Committee (SRC) Approval

The CCC or other curriculum review body forwards proposals that modify any of the following to the appropriate SRC for additional review:

- Course Level
- Prerequisites, Pre/Co-requisites, or Co-requisites
- Course Objectives

The type of course being modified determines which SRC receives the proposal during this phase. Thus, proposals that modify

- General Education courses, including Competency and University Program courses at both the graduate and undergraduate levels, are forwarded to the GEC.
- Professional education courses (e.g., any course submitted by the Professional Education Unit or leading to the BS in Education) at both the graduate and undergraduate levels are forwarded to the PECC. The PECC sends the request to the PEEB, which finalizes this stage of the process upon the approval of its minutes.
- Undergraduate-level courses (courses numbered 499 and lower, except General Education and professional education courses) are forwarded to the UCC.
- Graduate-level courses (courses numbered 500 and higher, except General Education and professional education courses) are forwarded to the GC.

If the SRC does not approve the proposed course modification, the proposal is returned to the CCC or other curriculum review body. If the SRC approves the change, a 14-day (calendar days) objection period begins once the SRC minutes are posted on the Academic Senate website. If no objections arise during this period, then the changes are published, and an updated MCS is posted to the Academic Senate website.

### D. GUIDELINES FOR PREPARING A MASTER COURSE SYLLABUS

Each MCS follows a standard format that describes the course, prerequisites, pre/co-requisites, co-requisites, recommended courses and/or experiences, rationale for course level, materials and other requirements, typical instructional format, course objectives, outline of topics, and typical methods for student evaluation.

To prepare an MCS, follow the order of items listed below, using sufficient space as needed. A template for developing the MCS may be found on the Curriculum and Assessment website as well as on the Academic Senate website. The following guidelines are specific and purposeful; follow them closely. Some accredited programs may require a specified format. Contact the Director of Curriculum and Assessment if you need an exception to the format described below.

Also note that some programs require master course syllabi that meet specific program-related guidelines. For instance, Professional Education Unit course syllabi require the inclusion of the CLEAR Conceptual framework, and University Program course syllabi require a description of how the course fits into the specified subgroup as specified in the Undergraduate Bulletin. MCS requirements unique to these programs are detailed in subsection F below.

## 1. Course Designation

The course designation information appears near the top of the first page of the MCS, below the college and department information. Three items appear in the same row: the course designator and number appear flush with the left margin, the course title appears at center, and the credit hour designation appears near the right margin.

- The **course designator and number** must be approved by the Registrar's Office. It may include a suffix such as H (Honors) or QR (Quantitative Reasoning).
- The **course title** should be descriptive, conveying the main topic of the course and distinguishing its content from similar courses.
- The **credit hour designation** is displayed numerically, e.g., 4(3-2), and conveys important information about the course. The number preceding the parentheses represents the number of credit hours that can be earned by successfully completing the course. The first number within the parentheses represents the number of classroom contact hours scheduled per week, and the second number within the parentheses represents the number of laboratory or studio contact hours scheduled per week based upon a 15-week semester. The sum of numbers appearing within the parentheses is equal to the number of contact hours per week appearing in the class schedule. For the example noted above, the course offers four credit hours and comprises five contact hours: three hours of classroom contact per week and two hours of laboratory or studio contact per week. The same number of contact hours must be met for the course regardless of the delivery format. Variable credit courses are identified by a credit hour designation such as 1-6. The maximum credit hours that a student may earn toward graduation in a variable credit course is the highest number in the credit hour designation for the course (e.g., six hours maximum in the example noted above). Courses where there are special arrangements regarding the number of hours spent in class are designated as (Spec).

## 2. Outlined Information

The outlined information begins immediately following the course designation information and is detailed below in the same order it will appear in the MCS.

### a) I. Bulletin Description

This brief description is the exact wording that appears in the Bulletin. The bulletin description communicates the substance of the course. The rest of the MCS

corresponds to this description and provides further explanation and elaboration. The description is limited to a maximum of 25 words.

Necessary course-relevant information might exceed the 25 words but must be brief. Cross-listed courses must add, "Identical to \_\_\_\_\_. Credit may not be earned in more than one of these courses." Courses that are approved for online formats must add a sentence specifying whether the course may be offered online, for example, "This course may be offered in an online format." Face-to-face courses are those taught in the traditional classroom environment. Online courses are taught largely via computer technology. Hybrid courses combine face-to-face and online formats with 33% or more of the class time being online rather than face-to-face. Online courses are developed in cooperation with the Center for Instructional Design to ensure consistency and quality assurance standards. Many courses are designed to be taught in more than one format.

Other examples of additional information include prerequisites, pre/co-requisites, co-requisites, and recommended courses or background information; UP Course Group identifier, such as (University Program Group II-A: Descriptive Sciences); Quantitative Reasoning (QR); May be offered as Writing Intensive; Minimum of 180 hours required for internship; Course does not count on a major in \_\_\_\_; Repeatable up to 9 hours when content does not duplicate previous topics. Contact the Bulletins Editor for help developing a course description.

**Example Bulletin Description:**

AAA 427 Special Topics on Car Insurance 3-9 (Spec)

Special topics relating to car insurance for both personal and business use. CR/NC. Identical to STF 427. Credit may not be earned in more than one of these courses. May not be applied to General Business Major. Repeatable up to 9 hours when content does not duplicate previous topics. This course may be offered in an online format. Quantitative Reasoning. May be offered as Writing Intensive. Prerequisite: AAA 100. Recommended: STF 227. (University Program Group I-B: The Arts)

**Note:** All items should end with a period except the UP designation.

## b) II. Prerequisites, Pre/Co-requisites, Co-requisites, Recommended:

The MCS should provide the prerequisites, pre/co-requisites, co-requisites, and recommended background preparation. Appendix B contains the Syntax Guidelines to ensure uniformity in presenting requisite knowledge and/or skills. The items that follow should be listed in the order they appear below.

- **Prerequisites** are any courses and/or other requirement(s) that must be completed prior to enrolling in a particular course. Examples of prerequisites include declaration of major or admission to a restricted program, completion of specific courses or sets of courses, completion of a specified number of credit hours, achievement of a specified class level, achievement of specific grades in prerequisite course or sets of courses, permission of the instructor, and department approval. Students who have not satisfied a prerequisite or are not enrolled in the prerequisite at the time of registration will not be allowed to register for the course unless the course instructor makes an individual exception.
- **Pre/Co-requisites** are any courses and/or other requirement(s) that students may take prior to or concurrently with the particular course. Students who have already completed the pre/co-requisite or who are enrolling at the same time in the pre/co-requisite will be allowed to register for the particular course. Students who have not satisfied the pre/co-requisite or enrolled in the pre/co-requisite at the time of registration will not be allowed to register for the course unless the course instructor makes an individual exception.
- **Co-requisites** are any courses and/or other requirement(s) that students must take concurrently with a particular course. Students enrolled at the same time in the co-requisite will be allowed to register for the course with that co-requisite. Students who are not enrolled in the co-requisite at the time of registration will not be allowed to register for the course unless the course instructor makes an individual exception.
- **Recommended** background preparation includes any courses and/or other requirement(s) that might be useful for students to complete prior to enrolling in a particular course. Any listed recommendations are not required. Completion of the recommended courses/requirement(s) will not affect the student's ability to enroll in a course.

## c) III. Rationale for Course Level

Courses must provide a rationale for course level, which may also reflect and be connected to the requisites/recommendations listed above. The rationale should explain why this course is numbered as it is rather than at a higher or lower level. It

might state whether the course is an introduction to a content area, assumes past knowledge, or expects upper-level rigor.

**d) IV. Suggested Textbooks**

The instructor usually selects the specific course textbook(s). This section should provide full bibliographic information for suggested text(s). This information is intended to guide faculty teaching this course for the first time. If a suggested text is older than seven years, explain why it is a suggested text for the course.

**e) V. Other Requirements and/or Materials for the Course**

List significant, required course materials and/or activities that are unique to the course.

Special requirements might include such things as certifications, performance levels, concert attendance, and exceptional time requirements (such as an all-day field trip). Incidental materials should not be listed.

Courses involving academic experiences (field placements, field experiences, off-campus practica, clinical placements, student teaching assignments, internships, service learning, etc.) with external entities require an affiliation agreement. It is the responsibility of the faculty member to work with CMU's Coordinator of Affiliations Agreements to acquire an agreement.

For online courses describe in full the requirements and expectations for the course, including access to technology, special software or computer programs needed. In addition, methods for interaction and expectations for communication among students and with the instructor should be explained in this section.

The currently recommended language is:

“Students must have access to a computer and the ability to connect to the Internet for interaction with other class members and the instructor. Computer and high speed Internet access are needed to access and view online materials (e.g. videos, PowerPoint, Excel and/or Word documents, and additional text and web-based course materials) as well as submit required course assignments. In addition, this course requires the following software or ‘plug in’ applications (list required items here).”

**f) VI. Student Learning Course Objectives**

This is a critical section of the MCS. It defines the nature and scope of the course as well as the desired learning outcomes. All instructors must address these outcomes.

Provide a list of student-centered, measureable learning objectives. For example, “Students will be able to identify and explain the salient differences and similarities between learning theories.” The number of objectives should be sufficient to address the scope of the course and be achievable in the time covered by the course. Learning objectives should also be appropriate to the level of the course and credit hours assigned. Language and terminology should be appropriate for the course and comprehensible by the general academic community.

**g) VII. Suggested Course Outline**

This section lists the topics to be covered and the learning activities/assignments designed to achieve the stated objectives.

For the outline, indicate a sequence of topics that reflects a logical progression of the course. The scope of topics must be aligned with the stated learning objectives. The topics may be divided by percentage of the course time devoted to a topic, time in hours, or by weeks. A three-credit course involves approximately 45 contact hours of instruction. Courses in either compressed or extended timeframes are expected to maintain the requisite number of contact hours. If appropriate describe any changes to the course outline for hybrid or online formats.

**h) VIII. Suggested Evaluation of Student Learning Outcomes**

Evaluation methods and assignments/activities should be appropriate to the learning objectives and teaching methods of the course. Include suggested relative weights and/or ranges, e.g., a midterm exam is worth 15%, a research paper is worth 20%, a final exam is worth 30%. Hybrid or online formats must indicate any unique evaluation methods or activities. Descriptions of types of evaluations are suggested to help others teaching the course.

**i) Syllabus Prepared By:**

Typed Name, Credentials, and Date\*

\*Note: The only time the date of the MCS is changed to the present date is when it is coming through as an MCS Review. If it is not an MCS Review, then the date on the MCS should remain the same as on the old MCS and not be updated.

**E. SPECIAL INSTRUCTIONS**

Central Michigan University supports a variety of curricular initiatives that require special attention. The specific criteria used to evaluate these courses are detailed below.

- **MCS requirements for Writing Intensive (WI) Courses.** To accommodate flexibility for student planning, faculty teaching preferences, and course caps, a WI MCS may be presented in two ways: (1) as “Writing Intensive” only, in which case all sections of the class must meet the WI designation or (2) as “May be offered as Writing Intensive,” in which case some sections are WI (and meet WI requirements) and other sections are not.

All MCS must clearly differentiate between WI and content area components; courses designed for both the WI and non-WI options must include the additional “If WI” components in the following MCS template sections:

1. I. Bulletin Description
2. VI. Learning Objectives
3. VII. Course Outline
4. VIII. Evaluation

MCS submitted for WI designation must be changed to reflect WI requirements, but they may or may not be fully updated. Additional information and guidelines are available on the General Education website or from the chair of the General Education Committee.

- **MCS requirements for Quantitative Reasoning (QR) Courses.** Unlike WI courses, an entire course is designated as QR; therefore, all sections are taught the same content, and there is only one version of the MCS. The MCS for all QR courses must demonstrate how the course meets the criteria for being designated as satisfying the quantitative reasoning requirements. Additional information and guidelines are available on the General Education website or from the chair of the General Education Committee.
- **Courses Numbered 500 to 599.** It is inherently difficult to draw firm boundaries between advanced undergraduate and introductory graduate courses. Therefore, both graduate and undergraduate students are allowed to enroll in courses numbered in the 500s; however, the expectations for graduate and undergraduate students are different. Therefore, the MCS must clearly reflect the different requirements for these two groups of students. In order to meet approval at the 500 level, the proposal must
  1. specify within the Rationale section of the MCS why the course is best positioned at the 500 level,
  2. specify within the MCS greater qualitative and/or quantitative requirements for graduate credit than for undergraduate credit, and
  3. indicate within the MCS a clear statement of the factors to be used in evaluating student achievement and assigning grades for both undergraduate and graduate students.
- **Cross-listed Courses.** Cross-listed courses must include written indication that all departments are using the same syllabus. Prepare only one MCS for cross-listed courses.
- **Professional Education Unit (PK-12) Courses.** The professional education curriculum has adopted a philosophy of teaching and learning that is **C**oncept and knowledge driven, **L**EArner centered, and **R**eflective (i.e., **CLEAR**). Performance outcomes of this CLEAR conceptual framework are required for writing objectives for professional education courses. For further information, contact the Professional Education Curriculum Committee chair.

Federal Compliance Document Evidence  
59. Program Review Schedule 2012-2017

Program Review Schedule (2012-2013 to 2016-2017)

(last updated 3/3/2016)

Programs needing review:

- Graduate Programs (each degree and each concentration)
- All Majors (each concentration within a major)
- Stand-alone minors
- Honors Protocol
- General Education Program

Programs that do NOT undergo program review:

- Minors that are part of a major
- Certificates
- 2+2 programs
- Accelerated Programs
- Programs on hiatus

Program Review 2012-2013

## *Purpose*

---

The **primary purpose** of program review is to assess the educational quality of academic programs along a number of dimensions. This information is used to develop and then implement action steps to improve program quality. Although faculty continuously assess the effectiveness of a program when they teach and advise, program review is an opportunity for a more structured reflection that often results in changes to the program.

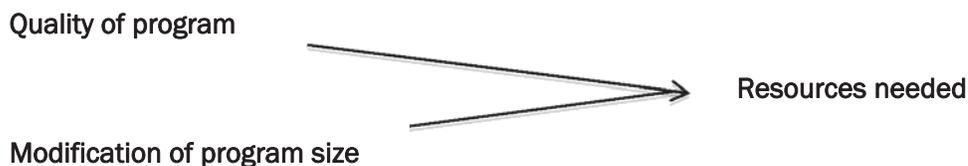

**Assess the quality of program → Develop potential action steps →**

**Consider potential resources implications → Engage in action steps**

A **secondary purpose** of program review is to provide information that informs decisions to alter the size of the program. Options include increasing, maintaining, or reducing the size of the program, consolidating the program, or deleting the program.

**Develop recommendation(s) impacting program size → Consider potential resource implications → Engage in action steps**

Program review results in three **summary ratings**: program quality, modification of program size, and need for additional resources. The recommendations regarding quality and program size directly affect the resources needed for program improvement or the resources that become available to build other programs when programs are reduced, combined, or eliminated.

Academic program review is one piece of a multi-faceted commitment to continuous quality improvement extending from institutional accreditation through specialized accreditation to the review of programs and the assessment of student learning. Program review is a primary vehicle CMU uses to evaluate and sustain high quality programs. If done well, program review can recognize quality and strengthen academic programs for the future.

## *Overview of the Program Review Process*

---

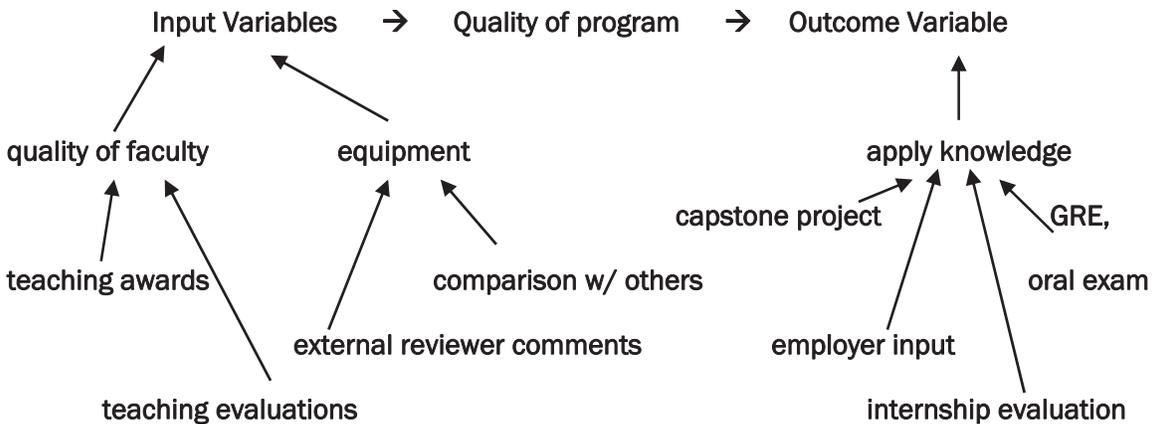

**Program quality** is a conceptual variable. To assess quality, we need to identify possible factors affecting quality and then operationally define the underlying indicators. Indicators of quality include both input and outcome variables. While both are important, greater weight should be assigned to outcome variables.

**Input Variables → Quality of Program → Outcome Variables**

For example, one program quality input is the quality of faculty. Teaching effectiveness is one measure of high quality faculty. Teaching effectiveness can be measured in many ways, and sources of data could include teaching evaluations and awards. Publication record is another possible measure of high quality faculty.

A second input that affects program quality is the availability of appropriate equipment. Assessment of this measure might include comparing equipment used at CMU with that used in similar programs at other institutions or evaluating the equipment through an external review process.

Outcomes must also be defined. One outcome might be the student's ability to apply their knowledge to new situations. Relevant data could include a project in a capstone experience, results of an oral exam, or scores on the GRE.

It is the reflective review of data that provides information on the quality of the program. Program faculty discuss the data through the self-study process and conduct an analysis of the internal strengths and weaknesses of the program, as well as the external opportunities and threats. An external review of the program occurs either as part of the specialized accreditation process or as part of program review. The program faculty then develop action steps for program improvement. The college dean(s) and graduate dean evaluate the self-study and external reviewer comments and provide ratings of program quality, size and resources. Following a discussion with the dean(s), department chair, and program leadership, the provost makes independent recommendations to address the quality and size of the program, as well as required resources. As a follow up to program review, the provost may ask for interim reports from the dean, the department or program leadership, and sometimes others, which summarize progress on recommended actions for program improvement.

### *Schedule*

---

Program review is an ongoing process that has a focused discussion with the dean and provost approximately every five years. The program review schedule may be adjusted to

coincide with accreditation reviews and visits by outside organizations as agreed upon in advance by the dean, department, and vice provost for academic effectiveness. The program review schedule can be viewed on the website for the Office of Academic Effectiveness.<sup>1</sup> Requests for alterations in the schedule should be made by the dean to the vice provost for academic effectiveness. Although programs with a great deal of overlap may be reviewed concurrently, quality determinations and planning for the future must be distinct by program.

### *Programs Needing Review*

---

The following are defined as programs that need to be reviewed as part of this process:

- Graduate programs: Each degree and each concentration constitute a separate program. For example, the MS in neuroscience is a separate program from the PhD in neuroscience. Special/early admission allowing for completion of an accelerated master's program does not constitute a program. However, this group of students should be analyzed and reported to determine the effectiveness of the early admission process and the successes achieved by these students.
- Majors: Each concentration constitutes a major, whether interdisciplinary, interdepartmental or within one department. Majors on varying degree programs are considered independent majors if the requirements are different. Differing requirements should lead to different outcomes. For example, the history major on the BS in Ed degree is reviewed independently of the history major on the BS and BA degrees. The history major on the BS and BA are reviewed together because the requirements are the same.
- All stand-alone minors
- Honors Protocol
- General Education Program

Programs that will not undergo independent review include minors that are part of a major, certificate programs, 2 + 2 programs, accelerated programs and programs on hiatus. The department or council should be discussing programs on hiatus so that when the hiatus period ends, the programs can be changed, deleted, or enter the program review cycle.

### *Responsible Department or Council*

---

The home department is responsible for the program review process. If there are both on- and off- campus components to a program, the on-campus department is responsible for the process and must collect the appropriate data from their off-campus partner or Global Campus. Interdisciplinary councils are responsible for the program review of interdisciplinary programs and the Honors Protocol. They should work with their deans and the Office of Academic Effectiveness to secure the needed data and complete the process. Program review for interdepartmental programs is developed jointly by both departments. The General

---

<sup>1</sup> [https://www.cmich.edu/office\\_provost/AcademicAffairs/Program\\_Review/Documents/2012-2017ProgramReviewSchedule.pdf](https://www.cmich.edu/office_provost/AcademicAffairs/Program_Review/Documents/2012-2017ProgramReviewSchedule.pdf)

Education Committee working with the Office of Academic Effectiveness is responsible for program review of the General Education Program.

### *Program Review Components*

---

The components of program review are summarized in Table 1. They are described in further detail in the pages that follow. This table presents an overview of all components, and program review documents should be organized in this order. When complete, provide one paper copy and one electronic copy to the provost's office.

Table 1. Program Review Components

Components	Brief Overview
Self-Study	Program faculty perform a self-study in response to criteria. Dean vets the self-study before it is sent for external review.
Library Resources	Program faculty in consultation with library staff evaluate adequacy of library resources.
Information Technology Resources	Program faculty in consultation with IT staff evaluate adequacy of information technology resources.
Program-level SWOT Analysis	Program faculty summarize program strengths, weaknesses, opportunities, and threats.
External Review	Dean selects external reviewer from list of academic leaders in the same discipline at similar or aspirational institutions provided by department.
Program Response to External Review	Program faculty respond to external review. Revise SWOT if necessary.
Action Plan	Program faculty develop an action plan to improve the program.
Ratings of Quality, Size, and Resource Funding	Program faculty rate program quality, size, and funding.
Dean-level SWOT Analysis, Next Steps, and Ratings	Responsible dean reviews all above materials and responds with a SWOT analysis, ratings of quality, size, and funding, and adds discussion of next steps. Graduate dean does the same for graduate programs.

Provost Review and Recommendation	Dean sends materials to provost and vice provost for academic effectiveness. Provost's office schedules a meeting with dean (including graduate dean when applicable) and department or council chair. Following discussion of the program review documents, SWOT analyses and potential for program improvement, provost makes recommendations for follow-up actions.
Follow-up Actions	Individuals identified in memo from provost provide updates on progress.

### *Self-Study Narrative*

---

The self-study is the heart of the program review process as it is the vehicle for focusing conversations among faculty and other stakeholders on evidence relevant to the current status of the program and aspirations for its future. The self-study is most useful when it represents a serious process in which **all program faculty** are engaged in collecting the evidence, analyzing the evidence, discussing implications of the data, and planning for the future. Hence, the self-study process should be inclusive and evidence of that inclusivity should be documented in the self-study. **On the cover page, include a list of those who provided input as well as their roles in both the program and preparation of the materials.**

Designated and effective leadership of the program review process is key to high quality self-studies. A division of labor within departments or programs with clear expectations, frequent milestones for completion of work, and regular discussions of evidence at department and program meetings periodically during the year bring consensus among the program faculty. The vice provost for academic effectiveness will schedule a meeting with the department or program chairs in the year prior to the program review to suggest a timeline, address potential problems, and offer assistance.

The narratives in each section must be based upon accurate and verifiable data that is clearly presented to show trends or comparisons. The discussion must be specific to the program. It will not be appropriate to claim that all faculty participate equally in all programs. It will be helpful early in the program review process to identify faculty and other resources (such as temporary faculty, graduate students and facilities) with specific programs. The discussion of each criterion should include: (1) a summary of the evidence documenting the extent to which the program satisfied the criterion, (2) a narrative statement analyzing and interpreting the evidence, and (3) suggested next steps informed by these data that would lead to an improved curriculum, teaching effectiveness, student learning, etc.

Appendix A lists the criteria to be addressed, suggested questions to focus conversations among faculty, and sources of evidence. This table is not meant to be all encompassing. Rather, the intent is to emphasize the expectation that the criteria and evidence are the

starting points for analysis. Program faculty may wish to include discussion of other criteria and additional relevant data. The program review should be a true reflection of the program, its current state, and future potential. In all cases, the review should focus on the data and the narrative should be written as a very brief analysis of those data.

Suggested evidence for each criterion and potential data sources are included in Appendix A. Much of the data are available from the CMU data warehouse, summary data tables prepared by the Office of Institutional Research, and other data sources available to the deans and department chairs. The Online Faculty Information System (OFIS) will be used as the source for information on faculty activities. Thus, it is critical that information be up to date. Interdisciplinary council chairs should meet with the Office of Academic Effectiveness early in the process to identify the data they will need and request assistance collecting those data from Academic Effectiveness, the Office of Institutional Research, or their dean's office.

**The assessment of student learning is an essential and significant piece of program review.** Programs are to utilize the data from the previous five years as documentation of student learning or the need for program revision. Meet with your assessment coordinator early in the process to discuss the analysis of the assessment data. Expectations for graduate programs extend beyond those of undergraduate programs and should be carefully addressed in the narrative. Data on the effectiveness of accelerated masters programs should be included. Programs leading to the BS in Ed degree must analyze the MTTC results and other data relevant to teacher education. For programs offered both on- and off-campus, students and faculty at all locations should be included and clearly identified in the data and addressed in the narrative. Finally since effective programs are based on current course content, review the Master Course Syllabi and update them as needed.

It is advantageous for departments and interdisciplinary councils to determine early in the process what data they will use as evidence. The Office of Academic Effectiveness will help gather data for interdisciplinary programs.

Data for multiple programs within one department should be summarized in a reasonable and consistent manner. Some departments may wish to review their programs in sequence, while others may want to discuss and compare the data for a specific criterion for all programs. For example, in order to facilitate comparisons, a department may want to use a table to present enrollment/retention/graduation data, research productivity, or student learning outcomes across all concentrations of a major.

The entire program review document should reflect the use of data for continuous program improvement. Collecting data is of little value if it is not used. Clearly explain how data has been used to inform changes in the program. For example, alumni may report that graduates need more current information on a topic, which would result in changes to course syllabi. Assessment of student learning outcomes, such as results on a standardized test, might indicate a general weakness in a content area, resulting in altered areas of emphasis.

## *Library and Technology Resources*

---

Programs going through review are asked to complete both library<sup>2</sup> and information technology<sup>3</sup> resources surveys (Appendices B and C) in consultation with staff in those areas. The review of this evidence creates a prime opportunity to look at what will be needed in the future as the content, electronic learning tools, and pedagogies in the field change. Often, significant additions in this arena take years to implement. Therefore, being proactive in anticipating these needs will ensure that program quality can be sustained and improved across time. Conversations might center on questions that ask whether all students, faculty and staff are able to access the library or information resources they need and whether there are likely to be needs for training, professional development or technology in the near future. More specific directions regarding who to contact about this part of review are included on the survey forms.

## *SWOT Analysis*

---

Most program faculty complete a preliminary, or draft, SWOT analysis as a final step to writing the self-study. This initial SWOT analysis is usually included with the self-study sent to the external reviewer, and describes the program's internal strengths and weaknesses, and external opportunities and threats. The preliminary SWOT helps direct the reviewer's attention to areas of particular interest to the program faculty. This is a program-specific analysis and not a description of the department strengths and weaknesses. After the visit and feedback from the external reviewer, program faculty may want to revise the SWOT analysis as they prepare an action plan. The SWOT analysis should lead directly to a discussion of opportunities for program improvement and growth.

## *External Review*

---

Each program or set of programs undergoing review will obtain feedback from one or more external reviewers. For accredited programs, the external review conducted by the accrediting body will constitute this feedback. For non-accredited programs, the selection of the external reviewer is one of the first actions that should be taken in the program review process, although the actual visit by the reviewer does not take place until after the completion of the self-study. The external reviewer will be selected by the dean from a list of three or more qualified individuals provided by the department. A model reviewer contract is provided on the program review website and can be adapted to include additional stipulations the dean and department wish to include.<sup>4</sup>

---

<sup>2</sup>[https://www.cmich.edu/office\\_provost/AcademicAffairs/Program\\_Review/Documents/LibraryProgramReviewSurvey2-12-13.docx](https://www.cmich.edu/office_provost/AcademicAffairs/Program_Review/Documents/LibraryProgramReviewSurvey2-12-13.docx)

<sup>3</sup>[https://www.cmich.edu/office\\_provost/AcademicAffairs/Program\\_Review/Documents/InformationTechnologySurvey3-1-2013.docx](https://www.cmich.edu/office_provost/AcademicAffairs/Program_Review/Documents/InformationTechnologySurvey3-1-2013.docx)

<sup>4</sup>[https://www.cmich.edu/office\\_provost/AcademicAffairs/Program\\_Review/Pages/default.aspx](https://www.cmich.edu/office_provost/AcademicAffairs/Program_Review/Pages/default.aspx)

Picking a knowledgeable and respected external reviewer who will provide candid, helpful feedback is one of the best ways to strengthen the program review and promote constructive follow-up actions. Reviewers should be recognized leaders in the discipline with recent experience in higher education institutions, possibly from CMU's benchmarking institutions, or if more appropriate, from strong programs at other institutions. Typically, individuals with CMU degrees, a real or potential conflict of interest, or who have close professional or personal relationships with CMU personnel or students are not appropriate external reviewers. A CV for the reviewer should be included as an appendix to the self-study.

The external reviewer should receive general information about the institution, department, and programs such as that provided on university websites. Also, a set of focus questions, a copy of the self-study, and supporting materials should be provided after they have been vetted by the program faculty and dean. The reviewer will provide an in-depth review of the self-study, travel to campus to conduct interviews with program faculty, students, dean and other stakeholders, and prepare a final report. The report should address the basic criteria of the self-study including program quality and processes supporting quality, program size, resources, and future opportunities for the program. A major purpose of the external review is to provide external comparators of quality. This evaluation of program quality should be addressed directly in the external reviewer's report.

The dates of the visit and submission of the final report should be included in the contract. It is highly recommended that the reviewer be expected to submit a written report within two weeks of an on-campus visit and payment be made contingent upon a timely submission of a written evaluation which satisfactorily addresses the conditions laid out in the contract. The provost will reimburse up to \$2000 of the reasonable expenses and an honorarium for an external reviewer. Expenses beyond \$2000 are covered by the dean or department. Typically, there will be just one reviewer. In some instances, given the complexity of the program (e.g., some interdisciplinary programs), challenges facing the program (e.g., seeking major reorientation), or a program review of multiple programs, more than one external reviewer may be used. Permission for multiple reviewers and responsibilities for covering all costs should be determined prior to inviting the reviewers and having reviewers sign any contracts.

### *Abbreviated Review Process*

---

Most academic programs will participate in the full program review process. However, two alternative processes exist: 1) for programs that have recently gained specialized accreditation status, and 2) for small undergraduate programs.

### *Specialized Accreditation*

Units that seek and maintain specialized accreditation with an organization that is a member of the Association of Specialized and Professional Accreditors<sup>5</sup> will be allowed to engage in an abbreviated program review process. Programs that undergo another

---

<sup>5</sup> See <http://www.aspa-usa.org/> for list of ASPA members.

external review process should contact the vice provost for academic effectiveness to determine if an abbreviated review process is appropriate. Accrediting bodies vary on their criteria and emphases; therefore, deans and chairs should engage in a conversation with the vice provost for academic effectiveness in the year preceding program review to determine what will be required in addition to the accreditation documentation. A Crosswalk Table is provided in Appendix D to structure data for this discussion. This abbreviated review process for accredited programs must include the following information. Additional information may be included as necessary.

- Submission of the self-study prepared for the specialized accrediting group
- Additional information required for program review but omitted from the accreditation process
- Submission of the letter documenting accreditation or reaccreditation and any reports from the site visitors. This group serves as the external reviewers.
- SWOT analyses carried out by both the program faculty and dean
- Rating for quality, recommendations of program size, and resource implications by program faculty and dean
- Culminating interview with and feedback from provost

The timing of program reviews for these programs will be aligned with the accreditation cycles whenever possible. If accreditation is obtained without a site visit, those programs should invite an external reviewer as described in this handbook.

### *Small Undergraduate Programs*

Small undergraduate programs that graduate few students annually may request a modified review process. Having few enrolled or graduated students makes an analysis of student outcomes of limited value. Moreover, the question of whether it is possible to have a quality program that is very small and whether it is a sound use of resources (human and financial) to do so must be addressed. If there are plans to grow or refresh the program, those should be outlined and commitments made as part of the program review self-study. If there are plans to merge the program with another or to eliminate the program, those too should be detailed. Sometimes an external reviewer is brought in to provide advice on possible directions. Any modifications to the program review process must be discussed with the dean, the program and/or department leadership, and the vice provost for academic effectiveness well in advance of the scheduled program review.

### *Unusual Circumstances*

In unusual circumstances, with prior approval of the vice provost for academic effectiveness, it is possible to modify the program review process. The nature of the modifications will be specified by the provost in consultation with the relevant dean and with consideration of the unique characteristics of the program under review.

## *Action Plan*

---

After the visit and receipt of feedback from the external reviewer, a final program-level SWOT is prepared. It is followed by an action plan developed by the department that outlines steps for maintaining strengths and correcting weaknesses, as well as strategies for responding to opportunities and threats. The action plan must address the following questions:

1. Should the program be continued or eliminated? Should the program grow?
2. What should the department or council do to strengthen the program? When will these actions take place? What resources will be required?
3. Are there actions that could be taken by others that would improve the program? If so, what are they, when should they occur, and what resources are required?

Although the action plan should be program specific, it is difficult to isolate programs within a department or college. Therefore, this section of the document might summarize program actions as they relate to and influence other programs. This analysis will be most useful when it is realistic, and developed with the recognition that resources for new initiatives most often come from reallocations within the department or college.

## *Summary Ratings and Rationale*

---

The self-study prepared by the program faculty concludes with three summary ratings, using the scales specified below (see Table 2), each accompanied by a brief rationale. Faculty provide a rating of the program's overall quality based upon the evidence in the self-study. Next, a recommendation is made regarding program size. Should the program increase, decrease, or remain the same size? Should it be combined with other similar programs? Or is this a program that should be eliminated? Finally, the faculty provide a rating of the resource funding. Are the resources adequate? What could the program do differently with the current resources? Are additional resources needed? If additional resources are needed, include an explanation of the expected source of the funding.

<b>Table 2 - Summary Ratings of Quality, Size and Funding</b>	
<b>First Dimension: Program Quality</b>	
1 = Exceptional Quality	Program quality is truly exceptional, constituting one of the top programs among comparator programs nationally.
2 = High Quality	Program is of high quality and needs few, if any, improvements.
2.5 = Moderately High Quality	Program is of moderately high quality, but needs improvement in a few areas.
3 = Needs Improvement	Program is a solid program, but needs significant

	improvement in many areas.
4 = Low Quality Program	Program is of marginal or low quality.
<b>Second Dimension: Program Size</b>	
1 = Increase Size	Program is in high demand or demand is expected to increase.
2 = Maintain Size	Program size should remain the same.
3 = Decrease Size	Program demand is reduced. Decrease size of program.
4 = Combine with another program	Program will be strengthened if combined with another program.
5 = Eliminate Program	Program is no longer needed. Plan for program deletion.
<b>Third Dimension: Resource Funding</b>	
1 = Top Priority	Program needs additional resources and should be a priority for new resources or reallocation of existing resources.
2 = Secondary Priority	Program needs additional resources and should be a priority for new resources or reallocation after addressing top priority programs. <ul style="list-style-type: none"> <li>a. University-level reallocation</li> <li>b. Provost-level reallocation</li> <li>c. College-level reallocation</li> </ul>
3 = No Increase	Program does not need additional resources beyond those that are available at the department level or through department actions.
4 = Reduction	Program resources should be reduced and reallocated to higher priority programs.

### *Submitting the Materials to the Dean and Provost*

---

A final document should be prepared for each dean with program oversight. Deliver a final copy to the dean and request completion of the dean's SWOT and ratings. If the program is interdisciplinary and involves more than one college, submit a copy of all materials to all deans. All graduate programs should submit one copy of all materials to the graduate dean. The dean(s) will add their SWOT analysis and ratings to the document. Forward one paper copy and one electronic copy of the complete document to the Provost's Office along with a request for a final interview. The hard copy and the electronic copy should be well organized with tabs or bookmarks identifying the program review sections as noted in this handbook.

No.	Section Title
1	Table of Contents and List of Participating Program Faculty
2	Self-study
4	Library and Information Technology Forms
5	External Reviewer Report and External Reviewer's CV
6	Departmental SWOT, Action Plan, and Ratings
7	Dean SWOT and Ratings

### *Action of the Dean (or Deans)*

---

The responsible dean and graduate dean in the case of graduate programs will review the self-study, report from the external reviewer, SWOT analysis, and the program's overall quality, size, and funding ratings as submitted by the department or council. The dean (or deans working independently or together) will then provide a response in the form of a SWOT analysis and suggested next steps, along with his or her own ratings of quality, size, and funding. The dean will then submit the complete program review to the provost.

### *Culminating Conversation with Provost*

---

After the documents have been forwarded to the provost, the provost's office (774-7162) will schedule a meeting of the provost, vice provost, dean and graduate dean for graduate programs, and department or interdisciplinary council chair. This meeting is scheduled as soon as possible after receiving the materials. The program narrative, SWOT analyses, external reviewer's comments, and ratings will be discussed along with the next steps in the development of the program. Discussion might focus on the following questions:

- How will the unit build on success?
- How will it improve upon shortcomings?
- What, if any, new directions are going to be pursued?
- What resources are needed to accomplish this?

### *Provost's Feedback*

---

The provost's letter will include a summary rating of quality and needed resources as well as a set of recommended actions to be taken by various individuals in response to the program review. Most actions come with a deadline prior to which an update, final report, or action should be taken. Other more frequent updates are welcomed from the dean or the program leadership (through the dean) in a letter or email to the provost with a copy to the vice provost for academic effectiveness.

As program faculty and departmental and college leadership take actions in response to program review, or new opportunities or challenges emerge, faculty through their dean should feel free to propose alternative actions to those called for by the provost if in their judgment those would be in the best interests of the program's students and faculty and CMU.

### *Department Follow-up and Closing the Loop*

---

One very important outcome of program review is what happens after the final discussion with the provost. Although this section has few words and comes last in this document, it is ***the most important piece in the program review process***. Program review should lead to program improvement based on the data analysis of the self-study, recommendations of the external reviewers, discussion with the dean and provost, and—most importantly—reflection among program faculty. The department faculty should reflect on what they learned through the process and develop a concrete plan to improve the program. The Action Plan developed as part of the self-study may need to be revisited for potential revision. The actions taken in response to the provost's recommendations should complement the program improvement process initiated by the department. Finally, reflection on program quality is a continuous process that should engage all faculty and be a topic of discussion in every department on an annual basis. Departments may find that a good time for these discussions comes during the development of the Assessment Report of Student Learning Outcomes. If at any time you would like to have a discussion concerning program improvement, the data that informs that process, or actions that may be taken, please never hesitate to contact the vice provost for academic effectiveness at 989-774-3632. Thank you for putting in the effort to make this process meaningful.

## Appendix A: Program Review Criteria Table

Program Quality Indicators	Relevant Questions	Data Definition	Data Source
<b>Environmental Variables</b>			
<b>1. Description of program including purpose and goals.</b>			
A. Relevance of program purpose and goals	Broadly stated, what are the educational purpose and goals of this program? When were they last reviewed? What was the process? Who was involved? Did it lead to revision?	Statement of program mission, purpose and goals from assessment plan and Bulletin description.	Assessment Plan (WEAVEonline) Current Bulletin
B. Relationship of program to university and college mission	How are the program purpose and goals related to the university and college mission and goals?	Alignment of program with college and university mission and goals	President's and College websites: <a href="https://www.cmich.edu/about/Pages/university_goals.aspx">https://www.cmich.edu/about/Pages/university_goals.aspx</a> Narrative
C. Clarity and communication of program goals	How are the program purpose and goals communicated to students?	Narrative	Narrative
<b>2. Current and Future Demand</b>			
A. Student demand	What is the trend in student demand over the past 5 years? How do you explain changes? Is there student demand that the program cannot meet? How is the program marketed to students?	Number of signed majors/minors, number of intended majors	<a href="#">Student Enrollment Profiles by Program Reports</a> <a href="#">Intended Majors of First-time Freshmen Reports</a>
B. Employment forecast	What are the employment opportunities for program graduates? What is the trend for employment 5 years from now? How has the program taken employment forecasts into account?	Labor statistics (US and MI) showing future demand	<a href="#">U.S. Bureau of Labor Statistics</a> <a href="#">Michigan Labor Market Information</a> U.S. Bureau of Labor Statistics <a href="http://www.bls.gov/data/#projections">http://www.bls.gov/data/#projections</a>

Input Variables			
<b>3. Quality of Enrolled Students</b>			
A. Academic characteristics of enrolled students	Is there effort to analyze the characteristics of incoming students? Are the faculty aware of these characteristics? Is the program responsive to the characteristics of the students? Are there opportunities for informal student/faculty interaction?	Mean HS GPA, ACT Scores, transfer GP GRE, GMAT or equivalent for graduate programs	<a href="#">Student Enrollment Profiles by Program Reports</a>
B. Student characteristics – do they reflect the diversity in the field?	How does the diversity of students enrolled in the program compare with the diversity in the field? What efforts are made to recruit a diverse student population? Do all groups of students demonstrate the same retention and graduation rates? If not, what are the plans to correct disparities?	Gender and ethnicity percentages	<a href="#">Student Enrollment Profiles by Program Reports</a> Demographics of field Recruitment plan
<b>4. Quality of Program Faculty</b>			
A. Degrees, rank, TT/temp, date of hire	What is the distribution of faculty in the program? Is this the optimal use of faculty resources for program delivery? Do the faculty represent the diversity in the field? Is there a critical mass of faculty to teach in the program and to supervise students?	Highest degree, TT/temp, rank, date of hire  Gender and ethnicity percentages  Analysis of FTE and SCH production  % of faculty who are graduate faculty	OFIS report (Select: 1. Faculty Information, 2. Year range, 3. Department name – save, build report)  If you do not know the gender and ethnicity of your faculty, contact Faculty Personnel Services  Demographics of field  Narrative
B. Research/ Creative activity – including publications with students	What percentage of the program faculty are research active? What percentage engage in research with students? Are there differing modes of scholarship among the faculty? Do	Intellectual contributions, creative activity, presentations, funded grants, % of research- active faculty	OFIS reports (Select: Intellectual Contributions (or Creative Works) by Faculty, Intellectual Contributions (or Creative Works) with Students = lists all pubs/ presentations by faculty member); Select: Annual Report College OR Department (excel V2) for a

	the faculty bring results of their research to the classroom?		summary table.) ORSP data or OFIS reports (Select: Contracts, Grants and Sponsored Research by Faculty, 2. Year range, 3. Department name – save, build report) ORSP: Thompson-Reuters Impact Factor data
<b>5. Review and Analyses of Curriculum</b>			
A. Competitive, relevant	How do the goals of your program compare to the goals of similar programs at other institutions? What are the characteristics of other exemplary programs? What recent trends/changes have occurred in the field? Does this program prepare students for employment? Are the Master Course Syllabi current?	Compare to standards or programs at other universities Alumni/employer comments	Professional or accreditation standards Peer institution websites Professional white papers, trend analyses, etc. Employer and/or alumni surveys (contact Academic Affairs for more information)
B. Appropriate sequencing of content and prerequisites	What is the plan for the program and how was it determined? Is there a common core of courses taken by all students? Does this sequence of courses reflect the most efficient program? Do the courses build on one another? When was the curriculum last reviewed? What changes were made? Does the curriculum introduce students to the methodology of the discipline? Are there bottlenecks that prevent students from advancing in a timely manner? What steps have been taken to remove these barriers?		Narrative, transcript analysis Discussion among faculty, analysis of learning outcomes
C. Capstone experience – does it exist? Is it effective?	Describe the capstone experience. Does it allow for integration of knowledge and methodology	Alumni/employer/graduating student feedback Comments from internship or	Survey of students, employers, faculty (contact Academic Affairs for available institutional data)

	common to the field? Does it challenge students to problem solve and deal with the societal and ethical issues of the field? If there is no capstone experience, explain why.	student teaching supervisor if appropriate.	
D. Does the program prepare students to live and work in a global and diverse environment?	Are there internship or summer employment opportunities for students? Do these experiences connect to employment opportunities in the field?	Analysis of curriculum Evidence of content on global issues	Narrative with examples Study abroad participation International internships
<b>6. Program delivery - Best practices pedagogy</b>			
A. Effective teaching	How does the program encourage high quality teaching? What mechanisms exist to improve teaching? What mechanisms exist to connect faculty who teach the same or similar courses to facilitate planning? What mechanisms exist to mentor new faculty? If graduate students teach in the program are they well trained and supervised? Are teaching evaluations taken into account when making teaching assignments related to this program?	Mean SOS item #8, GA teaching survey results Teaching Awards Use of small groups, problem-based learning, development of critical thinking skills	<a href="#"><u>Faculty Evaluation Reports</u></a> , <a href="#"><u>Off-campus Programs, Academic Program Prioritization</u></a> OFIS reports (Awards and Honors; Supervised Student Learning) Observations Grad student training Mentoring of new faculty
B. Research in scholarship of teaching and learning	Are any faculty engaged in the scholarship of teaching? Do they serve as a resource for others? Are there opportunities for the faculty to regularly discuss teaching strategies?	Faculty publications, presentations on teaching Faculty discussion around pedagogy	OFIS report (see 4.B above) Seminar schedule, special event, regular study groups Dates of MCS updates
C. Recent course redesign	What courses have been redesigned? When? What was the nature of the redesign? What teaching techniques, such as small group learning, team teaching, etc., are present in the program?	Description of revisions and why	Narrative
D. Use of technology	What instructional technologies are used in the program? How do you know if they are effective? Are they	Description of innovative and appropriate use of technology	Narrative

	available to all students in the program?		
<b>7. On-line availability</b>			
A. Is the complete program available on line?		Yes or no	
B. Which courses are available on line or in hybrid format?		List of on line and hybrid courses Description of delivery	Narrative
C. Plans for on line or hybrid delivery		Courses or entire program delivery	List of courses, delivery mode, off-campus locations Narrative
<b>8. Resources</b>			
A. Facilities	Are the program facilities adequate? Are they safe? Is the equipment what is needed? Is it current?	Adequate, safe	Floor plans, safety inspections, comparison with other institutions
B. Library Holdings		Discussion with librarian on holdings	<a href="#">Program Review Library Survey</a>
C. Technology		Discussion with technology team	<a href="#">Program Review Technology Survey</a>
<b>Outcome Variables</b>			
<b>9. Student Learning</b>			
A. Assessment of Student Learning Outcomes	What are the intended educational outcomes of the program? Have the faculty discussed the assessment results? Did any changes result from the analysis of SLO? Is there opportunity for students to reflect on their learning and provide feedback?	Evidence of SLO	Annual Assessment Reports (WEAVEonline) Discussion with the assessment coordinator and the preparation of a five year summary of student learning
B. Quality of theses, dissertations, honors papers, capstone papers, presentations, etc.	Do students complete a capstone experience? How is this experience reviewed for quality? How is this information used for program improvement?	Analysis of quality	Results of jury Awards Rubrics
C. Scores/pass rates on standardized tests	Are standardized tests taken by the students in the program? Are they taken by all students or a select	Standardized tests given to all graduates Graduate/professional school	ETS field tests, ACS MCAT, GRE, etc.

	group? How are the results used for program improvement?	admission tests Certification tests	<a href="#">MTTC Results</a> , accounting tests, etc.
D. Mean cumulative GPA at graduation, cumulative hours to graduation, years to graduation	What is the mean GPA of graduates? Is it appropriate? What percentage of students enrolled in the program graduate? Could this number be increased? How long does it take for students to graduate? How many credits does the average graduate have at graduation? How does the program justify that number of credits? Has there been discussion among the program faculty of student time to graduation and number of credits at graduation?	Mean GPA of majors/ minors at graduation Number of credits at graduation Time to graduation	<a href="#">Student Graduation Profiles by Program Reports</a>
<b>10. Student scholarship and creative activity</b>			
A. Student publications, presentations, grants, and creative activity	Do students engage in research or creative activity that leads to publication or presentation? What is the quality of these activities? What percentage of the enrolled students engage in research or creative activity? How are faculty rewarded for mentoring student research or creative activity?	Evidence of student scholarship with or without faculty co-authorship Graduate programs should present evidence of the quality of the theses	OFIS reports with student co-authors (Select: Intellectual Contributions (or Creative Works) with Students = lists all pubs/ presentations by faculty member); Department records, SCREE Awards
<b>11. Student Accomplishments after Graduation</b>			
A. Graduate/Professional school acceptance	Are the intended outcomes for the program the most appropriate for preparation for professional/ graduate school? What is the number of graduates applying for admission to professional/ graduate schools and what is the acceptance rate? What are the recommendations for program improvement from those who have gone on to professional/ graduate school?	Evidence of successful completion of professional/ graduate programs	Number of students accepted Quality of schools Survey or focus groups of students in professional or graduate schools

B. Employment	Are the intended outcomes for the program the most appropriate for employment? What does the program do to prepare students for employment? What is the number of graduates who gain employment? Has the program incorporated recommendations of graduates and employers for program improvement?	Evidence of successful employment Evidence of advancement	Number of students employed after 1, 3, 5, 10 years Employer survey data/focus groups
---------------	---	--	--

## Appendix B: Adequacy of Library Resources for Academic Programs

This form is to be completed, discussed and included as documentation for criterion in the academic program review process. To complete this form, program faculty are asked to meet with their subject bibliographers and review and discuss the state of the collections and associated services and complete this form together. Subject bibliographers will provide data on number of items held by subject/discipline.

### I. Background Information (Circle the appropriate response to each question)

1. Academic Program Being Reviewed \_\_\_\_\_

(More than one program may be listed if there is a great deal of overlap in associated library resources)

2. Department \_\_\_\_\_

3. College (circle) CBA CCFA CEHS CHP CHSBS CST Graduate Studies

4. Persons completing this form: \_\_\_\_\_

Academic Program: \_\_\_\_\_

Library Bibliographer: \_\_\_\_\_

### II. General Library Usage (To be completed by program faculty)

1. Rate general level of satisfaction with library resources:

	Strongly Disagree	Disagree	Neither	Agree	Strongly Agree	Not Applicable
a. collections serve program needs						
b. reserves services are useful to program faculty and students						
c. interlibrary loan services are useful						

d. reference services are available and helpful						
e. library space (i.e. meeting rooms) is available and useful						
f. MELCAT services are useful						

2. What additional information or services are needed from library staff?

**III. Program Bibliographer** (to be completed by program in conjunction with bibliographer)

1. How has the bibliographer communicated with faculty members in the program? (e.g. e-mail, attendance at faculty meetings, visits to individual faculty, attendance at departmental events etc.)

2. Bibliographer provided for \_\_\_\_\_ classes in the past year.

3. Is the current quantity and quality of bibliographer contact meeting this program's needs?

\_\_\_\_\_ Yes

\_\_\_\_\_ No

If not, please elaborate on how the bibliographer or the program faculty could improve the support of the program's library-related needs?

#### IV. Library Collections

1. To what extent are the following statements true about the CMU Libraries' collections relative to the needs of the program being reviewed?

Collections serve current instructional needs	Strongly Disagree	Disagree	Neither	Agree	Strongly Agree	Not Applicable
a. Research Databases						
b. Books						
c. Journals						
d. Non-print Media						
Collections serve current creative and scholarly activity	Strongly Disagree	Disagree	Neither	Agree	Strongly Agree	Not Applicable
a. Research Databases						
b. Books						
c. Journals						
d. Non-print Media						
Collections serve likely <u>future</u> instructional needs	Strongly Disagree	Disagree	Neither	Agree	Strongly Agree	Not Applicable
a. Research Databases						
b. Books						
c. Journals						
d. Non-print Media						

Collections serve likely future creative and scholarly activity needs	Strongly Disagree	Disagree	Neither	Agree	Strongly Agree	Not Applicable
a. Research Databases						
b. Books						
c. Journals						
d. Non-print Media						

2. What would make Library collections and associated services more usable?

3. Summary Comments and Recommendations:

Upon completion:

1 copy to be included in Program Review

1 copy to be provided to Dean of Libraries

## **Appendix C: Adequacy of Information Technology Resources for Academic Programs**

Please contact Kim Vogel ([vogel1kc@cmich.edu](mailto:vogel1kc@cmich.edu)) (989-774-1771) in the Office of Information Technology to make arrangements to complete this form. She will arrange for a meeting to discuss these questions in an effort to assess the adequacy of resources and services available to academic programs. The completed form is to be included in the academic program review document.

Questions for the group:

1. How are your staff and faculty currently using technology in their day to day work?
  - What is the level of technology expertise in the department?
  
  - Are there areas in which faculty and staff are more proficient than others?
  
  - Are there areas in which technology training or education would help the department function better?
  
  - Do you feel you have adequate technology support for staff and faculty in your area?
  
  - What suggestions do you have for improving support?

2. What has been your staff and faculty's overall experience working with the OIT Help Desk?

- Are there ways in which the Help Desk can be more helpful/useful?

- Are you satisfied with the hours of operation for the Helpdesk?

3. Are you experiencing any difficulties with the mediated classrooms in your area?

- What is the level of comfort among faculty in the department in using the podiums?

- What technologies in the podiums are and are not commonly used?

- What technology changes would your staff and faculty like to see in the classrooms?

4. Does your department have a formal or informal vision for how your area should be leveraging technology?

- Who plays a role in helping to define and execute technology vision across the College or department?

- Do you feel you are close to achieving this goal/vision for your area/department?

- How can IT better facilitate your department with achieving this goal/vision?

5. Is there technology that your staff or faculty require that is not currently available on campus? Is there a demand in your area for statistical or other specialized software packages?

6. Would your faculty and staff find advanced scheduling of courses (i.e. the development of a plan of classes several years in advance) useful? Would an online system help in this area?

7. Do you find the resources on your departmental website to be effective? In what ways do you think technology could be better leveraged to increase recruitment of new students?

8. How do your faculty and staff prefer to communicate or receive information about services and technology support?

- Do you use technology interdepartmentally for communication purposes?

9. Do you believe IT allocates sufficient resources to maintaining the integrity and security of information and data? Do you have any security concerns you would be willing to share?

Questions for the departmental technician(s):

10. What is the average/standard desktop configuration in use by staff and faculty in your department? Do you have a technology or hardware replacement plan in place in your department? If so, please explain.

11. What is the mix of Macintosh, Windows, and other OS computers in the department?

12. Do you enforce some sort of security policy on computers across the College or department?

13. Do you have a formal inventory control process in the department?

14. What information and technology access do you grant to temporary or adjunct faculty in your department? How does this differ from access granted to full time faculty in your department? To grad students?

15. Do you believe there are sufficient safeguards and procedures in your department to protect the integrity and security of information and data?

## Appendix D: Program Review Criteria Crosswalk for Programs with Specialized Accreditation

Accrediting bodies vary on their criteria and emphases; therefore, deans and chairs should engage in a conversation with the vice provost for academic affairs in the year preceding program review to determine what will be required in addition to the accreditation documentation. A Crosswalk Table is provided below to serve as a key to the evidence for program review that may be contained in the accreditation documentation.

Program Quality Indicators	Relevant Questions	What data are provided?	Where is this information found?
<b>Environmental Variables</b>			
<b>1. Description of program including purpose and goals.</b>			
A. Relevance of program purpose and goals	Broadly stated, what are the educational purpose and goals of this program? When were they last reviewed? What was the process? Who was involved? Did it lead to revision?		
B. Relationship of program to university and college mission	How are the program purpose and goals related to the university and college mission and goals?		
C. Clarity and communication of program goals	How are the program purpose and goals communicated to students?		
<b>2. Current and Future Demand</b>			

A. Student demand	What is the trend in student demand over the past 5 years? How do you explain changes? Is there student demand that the program cannot meet? How is the program marketed to students?		
B. Employment forecast	What are the employment opportunities for program graduates? What is the trend for employment 5 years from now? How has the program taken employment forecasts into account		
Input Variables			
<b>3. Quality of Enrolled Students</b>			
A. Academic characteristics of enrolled students	Is there effort to analyze the characteristics of incoming students? Are the faculty aware of these characteristics? Is the program responsive to the characteristics of the students? Are there opportunities for informal student/faculty interaction?		
B. Student characteristics – do they reflect the diversity in the field?	How does the diversity of students enrolled in the program compare with the diversity in the field? What efforts are made to recruit a diverse student population? Do all groups of students demonstrate the same		

	retention and graduation rates? If not, what are the plans to correct disparities?		
<b>4. Quality of Program Faculty</b>			
A. Degrees, rank, TT/temp, date of hire	What is the distribution of faculty in the program? Is this the optimal use of faculty resources for program delivery? Do the faculty represent the diversity in the field? Is there a critical mass of faculty to teach in the program and to supervise students?		
B. Research/ Creative activity – including publications with students	What percentage of the program faculty are research active? What percentage engage in research with students? Are there differing modes of scholarship among the faculty? Do the faculty bring results of their research to the classroom?		
<b>5. Review and Analyses of Curriculum</b>			
A. Competitive, relevant	How do the goals of your program compare to the goals of similar programs at other institutions? What are the characteristics of other exemplary programs? What recent trends/changes have occurred in the field? Does this program prepare students		

	for employment?		
B. Appropriate sequencing of content and prerequisites	<p>What is the plan for the program and how was it determined? Is there a common core of courses taken by all students? Does this sequence of courses reflect the most efficient program? Do the courses build on one another? When was the curriculum last reviewed? What changes were made? Does the curriculum introduce students to the methodology of the discipline? Are there bottlenecks that prevent students from advancing in a timely manner? What steps have been taken to remove these barriers?</p>		
C. Capstone experience – does it exist? Is it effective?	<p>Describe the capstone experience. Does it allow for integration of knowledge and methodology common to the field? Does it challenge students to problem solve and deal with the societal and ethical issues of the field? If there is no capstone experience, explain why.</p>		
D. Does the program prepare students to live and work in a global and diverse environment?	<p>Are there internship or summer employment opportunities for students? Do these experiences connect to employment opportunities in the field?</p>		
<b>6. Program delivery - Best practices pedagogy</b>			

A. Effective teaching	How does the program encourage high quality teaching? What mechanisms exist to improve teaching? What mechanisms exist to connect faculty who teach the same or similar courses to facilitate planning? What mechanisms exist to mentor new faculty? If graduate students teach in the program are they well trained and supervised? Are teaching evaluations taken into account when making teaching assignments related to this program?		
B. Research in scholarship of teaching and learning	Are any faculty engaged in the scholarship of teaching? Do they serve as a resource for others? Are there opportunities for the faculty to regularly discuss teaching strategies?		
C. Recent course redesign	What courses have been redesigned? When? What was the nature of the redesign? What teaching techniques, such as small group learning, team teaching, etc., are present in the program?		
D. Use of technology	What instructional technologies are used in the program? How do you know if they are effective? Are they available to all students in the program?		

<b>7. On-line availability</b>			
A. Is the complete program available on line?			
B. Which courses are available on line or in hybrid format?			
C. Plans for on line or hybrid delivery			
<b>8. Resources</b>			
A. Facilities	Are the program facilities adequate? Are they safe? Is the equipment what is needed? Is it current?		
B. Library Holdings			
C. Technology			
<b>Outcome Variables</b>			
<b>9. Student Learning</b>			
A. Assessment of Student Learning Outcomes	What are the intended educational outcomes of the program? Have the faculty discussed the assessment results? Did any changes result from the analysis of SLO? Is there opportunity for students to reflect on their learning and provide feedback?		
B. Quality of theses, dissertations, honors papers, capstone papers, presentations, etc.	Do students complete a capstone experience? How is this experience reviewed for quality? How is this information used for program improvement?		

C. Scores/pass rates on standardized tests	Are standardized tests taken by the students in the program? Are they taken by all students or a select group? How are the results used for program improvement?		
D. Mean cumulative GPA at graduation, cumulative hours to graduation, years to graduation	What is the mean GPA of graduates? Is it appropriate? What percentage of students enrolled in the program graduate? Could this number be increased? How long does it take for students to graduate? How many credits does the average graduate have at graduation? How does the program justify that number of credits? Has there been discussion among the program faculty of student time to graduation and number of credits at graduation?		
<b>10. Student scholarship and creative activity</b>			
A. Student publications, presentations, grants, and creative activity	Do students engage in research or creative activity that leads to publication or presentation? What is the quality of these activities? What percentage of the enrolled students engage in research or creative activity? How are faculty rewarded for mentoring student research or creative activity?		
<b>11. Student Accomplishments after Graduation</b>			

<p>A. Graduate/Professional school acceptance</p>	<p>Are the intended outcomes for the program the most appropriate for preparation for professional/ graduate school? What is the number of graduates applying for admission to professional/ graduate schools and what is the acceptance rate? What are the recommendations for program improvement from those who have gone on to professional/ graduate school?</p>		
<p>B. Employment</p>	<p>Are the intended outcomes for the program the most appropriate for employment? What does the program do to prepare students for employment? What is the number of graduates who gain employment? Has the program incorporated recommendations of graduates and employers for program improvement?</p>

### The Doctor of Physical Therapy (DPT) Program at CMU

#### Overview:

The physical therapy program offered through The Herbert H. and Grace A. Dow College of Health Professions at CMU is a professional, graduate curriculum three years in length. Graduates of the program are awarded a Doctor of Physical Therapy degree (D.P.T.).

The program produces high quality graduates. Central Michigan graduates are highly recruited and are employed in all types of clinical settings throughout the state and nation.

The CMU Graduate Program in Physical Therapy has many strengths to offer its students. These include:

- **A curriculum that is responsive to the changing environment of health care.** Our curriculum is designed to promote the development of students into knowledgeable, reflective, caring, competent and ethical practitioners. The program fosters the development of physical therapy professionals who are committed to lifelong learning.
- **A mission that promotes caring professionals.** The design of the curriculum promotes the development of physical therapy professionals who are dedicated to the care of their patients and who will contribute to society through both their professional activities and personal commitments.
- **Professional leaders.** Many Faculty members within the program have assumed prominent leadership roles within their professional organizations. The faculty have contributed to the body of knowledge within the profession through numerous publications and research activities. Students in the program have the opportunity to work with and learn from these professionals.
- **Dedicated instructors.** Each faculty member is dedicated to promoting development of students into competent and caring healthcare professionals.
- **Facilities that are accessible and house current technologies used in the profession.** Current facilities include a Human Performance Laboratory, Motional Analysis/biomechanics Laboratory, two Physical Therapy Instructional Laboratories and an Anatomy Laboratory with computerized instructional enhancement. The Doctoral Program in Physical Therapy is housed in a state-of-the-art health professions building where students enrolled in all health professions programs will learn in a cooperative environment.

## PA Program at CMU

### Overview

The Physician Assistant Program at Central Michigan University (CMU) is a 27-month program that provides the academic and clinical training that prepares its graduates to be certified and licensed to practice medicine with physician supervision in an ethical, compassionate and professional manner. The first students matriculated in May 1996, and the first class graduated in July 1996.

The program was created by CMU to address the health care needs of residents in the northern lower peninsula and the Upper Peninsula of Michigan, which includes many rural and medically underserved communities.

CMU, founded in 1892, is a public institution of higher education accredited by the Higher Learning Commission and currently enrolls more than 27,000 undergraduate and graduate students. The PA Program is housed in The Herbert H. and Grace A. Dow College of Health Professions.

Students who successfully complete the requirements of the CMU PA Program are awarded a Master of Science in Physician Assistant (MSPA) degree. Upon completion of the program, graduates are eligible to sit for the Physician Assistant National Certification Exam (PANCE) and may apply for licensure in any of the 50 states, District of Columbia, and U.S. Territories. Graduates seeking employment in states other than Michigan may obtain further information on submission of a state-specific licensure application from American Academy of Physician Assistant's website or the respective state.

### HLC Accreditation

Institutional accreditation by the HLC, also called regional accreditation, provides assurance to prospective students and other constituents that course credits and degrees earned from the institution meet quality standards of higher education. Regional accreditation has been granted to more than 2500 higher education institutions throughout the United States. Accreditation is recognized by the United States Department of Education and federal financial aid is available only to students attending schools that are accredited.

Central Michigan University was first accredited in 1915 by the North Central Association of Colleges and Schools (NCA) as Central State Teachers College and has been accredited since, with the exception of 1922-23. NCA accredited the first master's program in 1957 and approved the offering of doctoral programs in 1992. The last comprehensive evaluation took place in 2005-2006 by the Higher Learning Commission of the North Central Association of Colleges and Schools, at which time CMU was accredited for 10 years. The current accrediting body is now known as the Higher Learning Commission.

## ..... Accreditation and Assessment .....

### Accreditation

Regional accreditation has been granted to more than 2,500 higher education institutions throughout the United States. This accreditation must be awarded by one of six organizations, each focusing on a specific region of the country. Accreditation is recognized by the United States Department of Education and federal financial aid is available to students attending schools that are accredited.

Central Michigan University was first accredited in 1915 by the North Central Association of Colleges and Schools (NCA) as Central State Teachers College and has been accredited since, with the exception of 1922-23. NCA accredited the first master's program in 1957 and approved the offering of doctoral programs in 1992. The last comprehensive NCA evaluation took place in 2005-2006, at which time CMU was reaccredited for 10 years. The current accrediting body is now known as The Higher Learning Commission: A Commission of North Central Association and is located at 230 South LaSalle Street, Suite 7-500, Chicago, IL 60604-1411.

A number of CMU programs have been reviewed and accredited by one or more specialized accrediting organizations. The teacher education programs are accredited by the Teacher Education Accreditation Council (TEAC). CMU's education programs leading to certification are also approved by the Michigan Department of Education. The College of Business Administration is accredited by the AACSB International - The Association to Advance Collegiate Schools of Business. This accreditation covers all undergraduate and masters degree programs in business offered by the College. AACSB International is the premier accrediting agency and service organization for business schools.

Other programs hold national accreditation by one or more of the following organizations: National Association of Schools of Art and Design; Commission on Accreditation of Athletic Training Education; Accreditation Commission for Audiology Education; Council on Academic Accreditation in Audiology and Speech-Language Pathology; American Chemical Society; Engineering Accreditation Commission of ABET (<http://www.abet.org>); National Environmental Health Science and Protection Accreditation Council; National Council on Family Relations; Association of University Programs in Health Administration; Council for Interior Design Accreditation; Accrediting Council of Education in Journalism and Mass Communication; Liaison Committee on Medical Education; National Association of Schools of Music; Accreditation Council for Education in Nutrition and Dietetics; Council on Accreditation of Parks, Recreation, Tourism, and Related Professions; Commission on Accreditation in Physical Therapy Education; Accreditation Review Commission on Education for the Physician Assistant, Inc. (see page 92 regarding this accreditation); American Psychological Association<sup>1</sup>; National Association of School Psychologists; National Association of Schools of Public Affairs and Administration; Council on Social Work Education; Commission on Sport Management Accreditation; Association of Technology, Management and Applied Engineering. The National Association for the Education of Young Children (NAEYC) accredits CMU's Human Growth and Development Pre-School lab.

<sup>1</sup>Questions related to Psychology programs' accredited status should be directed to:

Commission on Accreditation:  
Office of Program Consultation and Accreditation  
American Psychological Association  
750 First Street, NE, Washington, DC 20002  
Phone: 202-336-5979  
E-mail: [apaaccred@apa.org](mailto:apaaccred@apa.org)  
Web: [www.apa.org/ed/accreditation](http://www.apa.org/ed/accreditation)

CMU is also on the approved list of the American Association of University Women of Michigan.

Individuals who wish to review the accreditation documents should contact the office of Academic Effectiveness. Further information regarding specific program accreditation status is located at: [https://www.cmich.edu/office\\_provost/AcademicAffairs/Accreditation/](https://www.cmich.edu/office_provost/AcademicAffairs/Accreditation/).

### Student Learning Outcomes Assessment

To assure that Central Michigan University's programs are strong and that students in them are attaining appropriate levels of knowledge, skills, beliefs and attitudes, the faculty and staff of Central Michigan University have developed ongoing processes to assess the learning and academic achievement of students in academic programs. Through this process, faculty carefully articulate program goals and learning outcomes while focusing experiences and assignments to prepare students to achieve those outcomes. An assessment plan is developed to measure progress toward the student learning outcomes, data are collected, and annual reports are developed and discussed by department faculty, chairs, and deans. An action plan is designed to drive program improvement.

Students participate in a wide range of assessment activities designed to provide useful information about the effectiveness of academic programs. From time to time during their courses of study, CMU students may be asked to demonstrate the breadth and depth of their knowledge, skill, beliefs and attitudes. We ask alumni their views about programs and their careers since graduation with regard to how well CMU's programs have met their needs. In addition, we ask employers what qualities they desire and expect of CMU's graduates. These efforts all combine to improve student learning and program quality and form the basis of our culture of continuous improvement in support of CMU's commitment to excellence.

## Civil Rights and Institutional Equity

CMU, an AA/EO institution, strongly and actively strives to increase diversity and provide equal opportunity within its community. CMU does not discriminate in employment against persons based on age, color, disability, gender, gender identity/gender expression, genetic information, familial status, height, marital status, national origin, political persuasion, race, religion, sex, sexual orientation, veteran status, or weight (see <http://www.cmich.edu/aaeo>).

Affirmative action is a set of specific and results-oriented measures taken to bring about equal opportunity. At CMU, the Office of Civil Rights and Institutional Equity coordinates and monitors the university's affirmative action/equal opportunity efforts and programs to assure compliance with Americans with Disabilities Act, Title VII of the 1964 Civil Rights Act, Title IX, Executive Order 11246 and other relevant state and federal statutes.

The office supervises the maintenance of related reports and records, provides and develops related educational programs and materials, offers guidance and advice to all community members on the University's nondiscrimination and affirmative action policies and procedures, assists departments with recruitment and retention activities, and receives and resolves complaints of discrimination from students, employees and others.

To view the Board of Trustees Nondiscrimination Policy, see [https://www.cmich.edu/office\\_president/OCRIE/Pages/Nondiscrimination-Statement.aspx](https://www.cmich.edu/office_president/OCRIE/Pages/Nondiscrimination-Statement.aspx).

For more information, contact the Office of Civil Rights and Institutional Equity, Bovee UC 306, Central Michigan University, Mt. Pleasant, MI 48859, 989-774-3253 (fax: 989-774-2022); [https://www.cmich.edu/office\\_president/OCRIE/Pages/Contact-Information.aspx](https://www.cmich.edu/office_president/OCRIE/Pages/Contact-Information.aspx).

These efforts all combine to improve student learning and program quality and form the basis of our culture of continuous improvement in support of CMU's commitment to excellence.

## Civil Rights & Institutional Equity

CMU is an affirmative action/equal employment (AA/EO) institution, providing equal opportunity to all persons, including minorities, females, veterans and individuals with disabilities. CMU strongly and actively strives to increase diversity and provide equal opportunity within its community. CMU encourages diversity and provides equal opportunity in education, employment, all of its programs, and the use of its facilities. CMU is committed to protecting the constitutional and statutory civil rights of persons connected with the university.

The Office of Civil Rights and Institutional Equity coordinates and monitors CMU's AA/EO efforts and programs to assure compliance with Americans with Disabilities Act, Titles VI and VII of the 1964 Civil Rights Act, Title IX of the Education Amendments of 1972, Executive Order 11246, Section 504 of the Rehabilitation Act of 1973, the Violence Against Women Reauthorization Act of 2013, Elliott-Larsen Civil Rights Act and other relevant state and federal statutes. The Office of Civil Rights and Institutional Equity also supervises the maintenance of related reports and records, provides and develops related educational programs and materials, offers guidance and advice to all community members on CMU's nondiscrimination and affirmative action policies and procedures, and assists departments with recruitment and retention activities. For more information, contact the Office of Civil Rights and Institutional Equity, Bovee UC 306, Central Michigan University, Mt. Pleasant, MI 48859, 989-774-3253 (fax: 989-774-2022); [https://www.cmich.edu/office\\_president/OCRIE/Pages/Contact\\_Information.aspx](https://www.cmich.edu/office_president/OCRIE/Pages/Contact_Information.aspx).

## NonDiscrimination Policy

CMU's NonDiscrimination Policy and Equal Opportunity and Affirmative Action Protocol prohibit acts of discrimination or harassment on the basis of age, color, disability, gender, gender identity/gender expression, genetic information, familial status, height, marital status, national origin, political persuasion, race, religion, sex, sexual orientation, veteran status, or weight by members of the university community. Prohibited acts of discrimination or harassment include discrimination or harassment in employment, education, housing, public accommodations, public services, and telecommunications. In addition, retaliation for the participation in a protected activity is also expressly prohibited under CMU's policies.

## Statement of Accreditation Status

as of October 25, 2015

### Central Michigan University

106 Wamner Hall  
Mount Pleasant, MI 48859  
(989) 774-3131  
<http://www.cmich.edu>

*\*Previous names: Central Michigan College of Education to Central Michigan College (1957) to Central Michigan University (1959)*

The information on this page describes the accreditation relationship between this institution and the Higher Learning Commission. General information about the Commission and the accreditation process is provided at the end of this document. In addition, links to definitions are provided for many of the terms used.

### Accreditation Information

Current status: Accredited

Accreditation date(s): 01/01/1915 - 12/31/1921; 01/01/1923

Most recent reaffirmation of accreditation: 2005 - 2006

Next reaffirmation of accreditation: 2015 - 2016

### Upcoming or In-Progress Reviews

04/25/2016: Comprehensive Evaluation

### Most Recent History with the Commission

03/24/2014: Focused Visit Accepted

### General Institutional Information

*This section provides brief, general information about the institution's organization and scope. The information is self-reported by the institution through the annual Institutional Update to the Commission. Additional information can be found at [nces.ed.gov/collegenavigator/](http://nces.ed.gov/collegenavigator/) or on the institution's web site noted above.*

Control: Public

Degree programs (number in each category): Bachelors (113), Masters (44), Specialist (2), Doctoral (16)

Certificate programs (number offered): 40

## About HLC and Accreditation

Institutions of higher education in the United States seek accreditation through two types of accreditation agencies, institutional and specialized. Institutional accreditation agencies are classified as regional and national.

National accreditation associations focus on certain types of colleges such as trade and technical institutions, or religious colleges such as seminaries and bible colleges.

Regional accreditation agencies are recognized by the U.S. Department of Education to accredit degree granting colleges and universities. There are six regions of the U.S. in which regional agencies operate. The regional accreditation agencies have similar standards for accrediting colleges and universities.

Regional accreditation validates the quality of an institution as a whole and evaluates multiple aspects of an institution ranging from its academic offerings, governance and administration, mission, finances, and resources.

The Higher Learning Commission is a regional accreditation agency that accredits degree granting institutions of higher education that are based in the 19-state North Central region of the United States. Institutions that HLC accredits are evaluated against [HLC's Criteria for Accreditation](#), a set of standards that institutions must meet to receive and/or maintain accredited status.

HLC's Criteria for Accreditation reflect a set of [guiding values](#). The accreditation process is based on a system of [peer review](#). Approximately 1,300 educators from institutions of higher education serve as peer reviewers conducting accreditation evaluations for other institutions. Peer reviewers also serve on committees that make up the decision-making bodies of the accreditation process.

### Evaluation Process

HLC accreditation assures quality by verifying that an institution (1) meets standards and (2) is engaged in continuous improvement. In addition, all institution's are required to complete an annual filing of the [Institutional Update](#), undergo annual monitoring of financial and [non-financial](#) indicators, and adhere to HLC policies and practices on [institutional change](#).

Peer reviewers trained in HLC's standards evaluate institution's demonstration of whether they meet the Criteria for Accreditation and make recommendations to HLC's decision-making bodies.

### Institutional Actions Council (Decision-Making Body)

The Board of Trustees appoints and authorizes members of the [Institutional Actions Council \(IAC\)](#) to conduct reviews and take actions on the majority of accreditation recommendations. IAC members consist of representatives of academic institutions accredited by HLC, as well as members of the public. Detailed information on IAC processes is found in HLC's [policies on decision-making](#).

### Public Information

In the interest of being transparent, HLC is committed to providing information to the public regarding accreditation decisions made regarding individual institutions.

Actions that are taken by HLC regarding an institution's accreditation status are disclosed to the public. Beginning July 2013, in all cases of issuing continued accreditation, placing an institution on or resolving a sanction, or withdrawing accreditation, the Action Letter issued to the institution is made available for viewing and the institution's status in HLC's [online directory](#) is updated. [Public Disclosure Notices](#) are also issued in cases of sanction to provide the public more detail of the issues leading to sanction.

#### **Complaints Against HLC Accredited Institutions**

Each year, HLC receives a number of [complaints](#) about institutions from faculty, students, and other parties. HLC has established a clear distinction between individual grievances and complaints that appear to involve broad institutional practices. Where a complaint does raise issues regarding the institution's ongoing ability to meet the Criteria of Accreditation, HLC forwards the complaint to the institution and requests a formal response.

Complainants with specific claims related to the Americans with Disabilities Act or employment discrimination should seek prior review of such claims by the appropriate federal agencies. HLC may ask for the report or record of such review in determining whether it can proceed to consider the claim as a complaint related to compliance with the Criteria for Accreditation.

73. PA Self-Study Report (10 2 2015)

## CENTRAL MICHIGAN UNIVERSITY

## C2 SELF-STUDY REPORT

C2.01 The program must prepare a self-study report as part of the application for continuing accreditation that accurately and succinctly documents the process and results of ongoing program self-assessment. The report must follow the guidelines provided by the ARC-PA and, at a minimum, must document:

- c) faculty evaluation of the curricular and administrative aspects of the program;

ANNOTATION: The ARC-PA expects results of ongoing self-assessment to include critical analysis of student evaluations for each course and rotation, student evaluations of faculty, failure rates for each course and rotation, student remediation, student attrition, preceptor evaluations of students' preparedness for rotations, student exit and/or graduate evaluations of the program, the most recent five-year first time and aggregate graduate performance on the PANCE, sufficiency and effectiveness of faculty and staff, faculty and staff attrition.

### Faculty Evaluation of the Curriculum and Administrative Aspects of the Program NARRATIVE

Provide Narrative describing how the program obtains and uses faculty evaluation of the curricular and administrative aspects of the program. Provide **specific** examples of data collected over the past 2 years. You may choose to present data graphically on a separate document to include with this narrative.

The faculty address curricular and administrative aspects of the program during department meetings. (Minutes will be available for review by the visitors). The Program has significantly improved its data collection and organization for analysis. Program decisions regarding administrative and curricular issues are based in part on the following data.

Student performance data is collected throughout each didactic course and summarized at the end of each semester. Faculty discuss individual student performance and determine potential need for remediation during faculty meetings. Data on student exposure to the required experiences during rotations is collected through the E\*Value electronic data management system. It is reviewed at least weekly by the Clinical Education Director (CED) and the Clinical Placement Coordinator. Adjustments are made as needed. Data regarding student performance in SCPE rotations is reviewed at the end of the rotation, during callback week and after review of the PAEA end-of-rotation exams. Student performance on the PACKRAT and PANCE tests is reviewed annually.

Faculty effectiveness data come from student evaluations of didactic courses and clinical preceptors. These data along with the student performance data provide discussion points for potential curricular changes.

Data regarding potential administrative changes are more informal. Faculty return from professional meetings with ideas for improvements and the faculty and staff reflect regularly on processes. Most recently the administrative changes have come from discussions with the Dean and Vice Provost in an effort to improve program efficiency and effectiveness. Once each semester, in January and June, the faculty meet for half-day retreats where they look at all data and the program as a whole and identify areas of improvement and determine action steps.

**Provide Narrative** about the **analysis** based on data collected.

Over the last two years faculty meetings focused on responding to the citations given after the accreditation site visit of 2013 and the Commission's decision to place the program on Accreditation-Probation status. The citations noted most prominently a lack of institutional support and program assessment. Discussions with the university and college administration included a complete review of the Program administration and the roles and responsibilities of faculty and staff. The university administration consulted with the ARC-PA president regarding the best course of action and the plans for reorganizing the Program.

The program's new assessment plan, submitted to and accepted by the institution's Assessment Council, utilizes a number of ARC-PA SSR documents (including several referenced in the annotation above) to document how the program meets its goals and student learning outcomes. These data will be reviewed each semester in preparation for submission to the institution's assessment portal. Annually the program faculty analyze and discuss the assessment data entering a report into WEAVEonline. The University's Director of Curriculum & Assessment meets with the Program faculty to discuss the data and to affirm action plans. The Director of Curriculum & Assessment then meets with the Dean and Associate Dean to convey assessment results and progress toward achieving goals.

The faculty also reviewed areas of deficiency in the curriculum based upon a review of the standards, such as a lack of structured interprofessional education experiences (IPE) for the students. Discussion of the 2013 PANCE performance led to attempts to determine if anything had changed from the class of 2012 (100% pass rate) and the class of 2014 (98% pass rate). The only major difference between the classes was the method by which the Clinical Medicine series (PHA 608, 609, 610) was presented. The instructor of record for that series was changed as the program began preparations for the 2013 site visit (the previous Program Director was the primary instructor for the Clinical Medicine series). This resulted in a significant change in pedagogy that was not well-received by the students. Two students did not perform satisfactorily on the program summative multiple-choice examination. A review of student records did not identify any significant differences between these two students and the rest of their cohort.

**Provide Narrative** detailing the **actions** taken based on the analysis.

The most significant administrative change was the reorganization of the Program faculty and staff. The reorganization resulted in an Associate Program Director/Director of Assessment and a Clinical Education Director, two positions that will greatly improve Program functioning and compliance with ARC-PA standards. A second significant change was to the admissions process where the faculty decided to implement a Multiple-Mini-Interview format.

With the appointment of an Interim Program Director in 2013 and the conclusion of the ARC-PA site visit, the former long-time instructor for the Clinical Medicine series resumed responsibility for teaching

the course. The two students who failed the summative MCQ examination were remediated using a combination of written and oral examinations and finished the program successfully. The program is participating in a regional IPE consortium and will schedule regular activities once per semester to provide the IPE experience to our students. A recently hired faculty member with surgery experience will review PHA 616 and make recommendations for how best to present the course and ensure a consistent experience for the students.

Reduction in cohort size from 40 to 34.	A2.03	8/2014	Sufficiency and Effectiveness of Faculty; Self-Study Report
Implementation of a multiple-mini interview format for admissions	C2.01	8/2014	A literature review performed by the former chair of admissions determined that the MMI was superior to the previous interview process in predicting success in the pre-clinical portion of medical education.

**Provide Narrative** describing how the program tracks failure rates in individual course and clinical rotations, and how it uses that data as part of its ongoing analysis and self-assessment process.

Failure rates for didactic courses and students who receive a grade of C are tracked by the faculty. Student records of those who receive a grade of C in a course are reviewed by the instructor and the Program Director. The instructor and the Program Director also examine the course regarding content and teaching methodologies. The faculty discuss students with a C or F grade individually at a faculty meeting. Student demographic data from their permanent record is reviewed to determine if anything in the student’s prior academic or professional experience might have contributed to the low score. The individual student data are included in the review of the curriculum. But analyses showing trends carry more weight in the determination of curricular changes.

**Provide Narrative** about the **analysis** based on data collected and displayed.

Only one student in the last five years has failed a course. One student from the class of 2014 failed the Regional Anatomy (HSC 640A) course, the first course taken by that student. The student who failed Regional Anatomy was required to decelerate in the program and was reintegrated into the following year’s cohort. This student’s entering GPA and GRE were at the same level as the others; however, this student was a nontraditional student who had not been a student for a number of years. That student subsequently passed anatomy on the second try and has successfully completed the program and passed the PANCE on the first attempt.

**Provide Narrative** detailing the **actions** taken based on the analysis.

Students who receive a grade of C in a course are monitored by the instructor and the Program Director. It is expected that instructors will rigorously evaluate student learning and avoid grade inflation. Therefore, grades of C for some portion of the class (up to 20%) would be expected although grade curves tend to be skewed toward higher grades. For the most part, a grade of C for 6-8 students represents an expected distribution of grades.

The class of 2014 received a higher number of C grades in Infectious Disease (PHA 620) and Scientific Basis of Medicine II (PHA 634). This was likely due to rescheduling PHA 620 from the Fall semester (16 weeks) to the shorter Summer semester (12 weeks) that year. This is also reflected in the PANCE scores for the class of 2014 who scored lower than the national average on the Infectious Disease portion of the exam. The instructor had difficulty reducing the volume of material to fit the time frame and required the students to do more self-directed learning. PHA 634 was taught by a new faculty member who experienced some difficulties transitioning from the laboratory to the classroom. Subsequent adjustments in teaching methodology improved student performance in the class and is reflected by the higher than average PANCE score measuring the application of scientific concepts.

The large number of C grades for the class of 2015 in Psychiatry (PHA 673) is an anomaly even among the historically high number of C grades given in this course. This instructor does not adjust or “curve” scores. Despite the number of C grades 80% of that cohort agreed that they achieved a basic understanding of the material and a review of the last three years of PANCE scores revealed that our students scored better than the national average on the psychiatric component in two of the three years and only slightly lower in the third.

## CENTRAL MICHIGAN UNIVERSITY

### C2 SELF-STUDY REPORT

C2.01 The program *must* prepare a self-study report as part of the application for continuing accreditation that *accurately* and *succinctly* documents the process and results of ongoing program self-assessment. The report *must* follow the guidelines provided by the ARC-PA and, at a minimum, *must* document:

ANNOTATION: The ARC-PA expects results of ongoing self-assessment to include critical *analysis* of student evaluations for each course and *rotation*, student evaluations of faculty, failure rates for each course and *rotation*, student *remediation*, student *attrition*, *preceptor* evaluations of students' preparedness for *rotations*, student exit and/or graduate evaluations of the program, the most recent five-year first time and aggregate graduate performance on the *PANCE*, sufficiency and effectiveness of faculty and staff, faculty and staff *attrition*.

### PANCE Performance **NARRATIVE**

**Include** a copy of the official NCCPA print out of the most recent five-year first time and aggregate graduate performance on the PANCE in this appendix.

**Provide Narrative** describing the program's expected **outcomes** of students' for performance on the exam.

The CMU PA program expects a first time taker pass rate at or above the national average. The program expects all test takers to score not lower than the national average on the individual blueprint components of the PANCE.

**Provide Narrative** describing the program's **analysis** based on the exam result data, to include the program's effectiveness in preparing its graduates to enter the workforce.

In the last five years, CMU failed to achieve its expectation only in 2013 when the pass rate for first time takers was 87% (national average was 94%). The six students who failed the PANCE on the first attempt were more than one standard deviation below their classmates for most of the 20 categories scored. Three of the six were "non-traditional" students who had been out of the classroom for some time. Five of six of the students who failed the first attempt had among the lowest GPAs of the cohort but none of the students were at risk of being on academic probation during the program. One of the students also failed Regional Anatomy (HSC 630A). These students also had among lowest grades on our program summative examination, the Physician Assistant Graduation Examination (PAGE), an internally developed multiple choice examination. Performance of on the Graduate Record Examination (GRE) for four of the six students was above the class average. As of this writing, all students but two have retaken and passed the PANCE. Those who passed the PANCE after additional attempts improved in the majority of the categories scored, but still remained lower than average in many areas. Of the two remaining students who have not passed the PANCE one student has not retaken the exam after the initial attempt; the other student has retaken the exam several times and has posted a lower score with each attempt. A comparison of the students who failed the PANCE is provided below.

Student	Class of 2013	Program GPA	GRE-V	GRE-Q	GRE-A	GRE total	PAGE	Entering GPA
1	3.68	510	740	4.5	1254.5	79.30	3.49	
2	3.35	500	550	4.0	1054.0	64.33	3.84	
3	3.33	600	690	3.5	1293.5	66.00	3.89	
4	3.39	430	580	3.0	1013.0	69.33	3.34	
5	3.26	350	550	3.5	903.5	64.33	3.44	
6	3.61	420	480	3.5	903.5	69.33	3.33	

Class of 2013 GRE Range:

Verbal 320 670

Quantitative 270 750

Analytical 2.0 4.5

Class Average 1007

PAGE\* score \*Physician Assistant Graduation Examination

Range 64.33 84.33

Class Average 71.70

Class Average Entering GPA 3.70

Range 3.26-4.00

All but one of the class of 2014 has passed the PANCE (a 98% overall pass rate; national average 96%). As of the writing of this report that student has not retaken the examination.

**Provide Narrative** detailing the **actions** taken based on the analysis.

After an in-depth analysis of the scores related to the PANCE, program faculty were not able to discover a cause and effect for the poor performance of the 2013 cohort. In the future, the Director of Assessment will conduct an in-depth analysis of PANCE results by category and correlate those results with our current curriculum and student success in our didactic courses. The program will use this information to identify factors predictive of poor PANCE performance.

## Physician Assistant National Certifying Examination Five Year First Time Taker Summary Report

**Program Name:** Central Michigan University

**Program Number:** 1120

**Report Date:** 02-12-2015

Definitions of the report headings are provided at the end of the report.  
All information is current as of the date the report was generated.

Class	Class Graduation Year	Number of First Time	Program First Time Taker	National First Time Taker Pass Rate for the Class
August 2010	2010	32	100%	94%
August 2011	2011	50	98%	91%
August 2012	2012	41	100%	93%
August 2013	2013	45	87%	94%
August 2014	2014	47	98%	95%

Five Year First Time Taker Average Pass Rate for Program: 96%

Five Year National First Time Taker Average: 94%

Area assessed	Preceptor Assessment

Comments: Click here to enter text.

**Provide Narrative** about the **analysis** based on data collected and displayed.

Preceptor perception of preparedness is evaluated using an end of the clinical year survey sent to all providers who precepted one or more of our students during the previous clerkship year. The survey is administered via Survey Monkey. Participation has been voluntary. The preceptors are asked to rate the students on a four-point Likert scale (1. Prepared below expectations; 2. Prepared as expected; 3. Prepared beyond expectations; 4. Prepared extremely well). A not-applicable column is also available. Information on preceptor specialty and site of the clerkship is not collected. Data is presented for the graduating classes of 2012, 2013, and 2014. The survey for the class of 2015 has not been distributed as of the date of preparation of this report. The goal is to have no student receive a score of 1 “Prepared below expectations” in any area assessed and to have an average score of 2.75 for each area assessed.

Data shown in the table are the average score for that area for all students assigned to preceptors for the entire academic year. Information on preceptor specialty and clerkship site is not collected. Data is presented for the graduating classes of 2012, 2013, and 2014. The survey for the class of 2015 has not been distributed as of the date of preparation of this report. According to the mean scores reported to us by preceptors our students are considered to be prepared as expected. Variation in year-to-year ratings are minimal.

The validity of these data is compromised by several factors. The number of responses varies considerably from year-to-year (91 responses in 2012; 57 responses in 2013; 32 responses in 2014) likely due to participation being voluntary. Responses from some preceptors were confusing. An average of 26% of respondents marking performance of clinical procedures as not applicable; 15% of the respondents in 2014 marking history taking, physical examination, ordering diagnostic tests, and diagnosing patient’s problems as not applicable; and 22% of respondents indicating that a knowledge of health policy as not-applicable.

The program also recognizes that the current rating scale is biased toward positive results.

**Provide Narrative** detailing the **actions** taken based on the analysis.

As a result of the analysis and the findings that response rates vary considerably from year to year the program will be modifying its data collection by incorporating these questions into a new required mid-rotation student evaluation enabling us to gather information on each student from

each rotation. The new form will be synchronized with this SSR document in order to provide the faculty the necessary data. The implementation of a midrotation assessment of preparedness will ensure that perceptions are made while impressions are fresh and if concerns are raised, preceptors and program faculty can intercede. The form will also allow us to collect data on specific rotations and specialties as well as the preceptors. The scoring scale will be adjusted to provide a more accurate assessment. Preceptors will be asked to rank students as: 1. Poor, not prepared at all; 2. Weak, not well prepared; 3. Good, prepared; 4. Very good, well prepared; 5. Excellent, very well prepared. As of the date of preparation of this document we have received the first set of these surveys. Analysis is pending.

**CENTRAL MICHIGAN UNIVERSITY**

**C2 SELF-STUDY REPORT**

C2.01 The program *must* prepare a self-study report as part of the application for continuing accreditation that *accurately* and *succinctly* documents the process and results of ongoing program self-assessment. The report *must* follow the guidelines provided by the ARC-PA and, at a minimum, *must* document:

ANNOTATION: The ARC-PA expects results of ongoing self-assessment to include critical *analysis* of student evaluations for each course and *rotation*, student evaluations of faculty, failure rates for each course and *rotation*, student *remediation*, student *attrition*, *preceptor* evaluations of students' preparedness for *rotations*, student exit and/or graduate evaluations of the program, the most recent five-year first time and aggregate graduate performance on the *PANCE*, sufficiency and effectiveness of faculty and staff, faculty and staff *attrition*.

**Student Attrition TEMPLATE**

**Complete** ARC-PA **Student Attrition** TEMPLATE with included narrative below.

**Complete** the table for the three most recent graduating classes and the current classes.

- Class of: insert year class cohort will complete the program.
- If student took leave of absence, indicate in comment when/if student returned.
- If student decelerated, indicate in comment when/if student returned.
- Total attrition should reflect the number of students from the entering class who did not complete the program with the rest of the cohort, either for leave of absence, deceleration, dismissal or withdrawal.
- Number joining class cohort who began with different cohort reflects those who began with a previous cohort and either decelerated or took a leave of absences and returned to join a different class.

	Graduated Classes			Current Classes		
	Class of 2013	Class of 2014	Class of 2015	Class of 2016	Class of 2017	Class of Year
Entering class size	45	48	41	34	34	#
Number who took leave of absence	0	0	0	0	1#	#
Number who decelerated	1*	2**	0	1\$	0	#
Number who remediated	1	0	0	0	0	#
Number of withdrawals	0	0	0	0	0	#
Number of dismissals	0	0	0	0	0	#
Total attrition	1	1	0	0	1	#
Number joining class cohort who began with different cohort	1	1	2	0	0	#

	Graduated Classes			Current Classes		
	Class of 2013	Class of 2014	Class of 2015	Class of 2016	Class of 2017	Class of Year
Graduates	45	47	43			
Anticipated graduates				34	33	#

Comment: : \*rematriculated with the class of 2014; \*\*graduation delayed by two semesters so counted with the subsequent cohort; \$ currently repeating one semester may still graduate with cohort; # at this time the student plans to return with the class of 2018.

**Provide Narrative** about the **analysis** based on data collected and displayed.

The program uses the process of deceleration when student performance or other issues (e.g., health problems) compromises their ability to maintain the requisite 3.0 GPA (required by the CMU College of Graduate Studies) or attend classes. This approach has resulted in three students to date graduating with the next cohort and no dematriculations from the program.

In the class of 2013 one student remediated Regional Anatomy (HSC 630A) and successfully completed the program with his class. He failed the PANCE on his first attempt and has not retaken the examination. A second student encountered difficulties during the clinical year due to reasons not related to the didactic year and had to repeat several end-of-rotation exams. She was successfully remediated and finished the program with the next cohort. She subsequently passed the PANCE on the first attempt.

In the class of 2014 one student was decelerated due to a combination of personal health issues and failed clerkships. This student was decelerated for six weeks and rejoined the program a semester later. This student successfully completed all rotations, end-of-rotation examinations, and the final summative process. Graduation was delayed six months and this student graduated with the 2015 cohort.

In the class of 2016 there are two students on academic probation. One student was decelerated and is taking classes to make up the deficit in GPA. The program was not notified in a timely manner by the College of Graduate Studies and the program did not closely monitor the second student's GPA. Therefore, the second student started his clinical year but will be decelerated for the Spring 2016 semester to give him the opportunity to improve his GPA.

One student from the class of 2017 asked for a leave of absence due to exacerbation of preexisting personal and medical reasons. It is anticipated that student will return and join the class of 2018.

A review of student demographics did not demonstrate any readily identifiable academic markers that might have contributed to deceleration. Comparison within and between cohorts indicate that the students who experienced difficulty were at the lower end of the overall GPA spectrum but did not have the lowest GPA within their class.

CMU has a much lower rate for deceleration and withdrawal, and a higher rate for timeliness of

graduation than the national average. The national attrition rates were obtained from the 29th PAEA annual report (2012-2013).

Graduation on time:	National-93.5%	CMU 97.6%
Deceleration:	National-3.5%	CMU 0.08%
Withdrawal:	National-3.4%	CMU 0%

**Provide Narrative** detailing the **actions** taken based on the analysis.

The numbers of students failing or decelerating is too small to identify trends or determine significance thus no specific changes were made based on this analysis at this time. The program will continue to monitor this item.

## CENTRAL MICHIGAN UNIVERSITY

### C2 SELF-STUDY REPORT

C2.01 The program *must* prepare a self-study report as part of the application for continuing accreditation that *accurately* and *succinctly* documents the process and results of ongoing program self-assessment. The report *must* follow the guidelines provided by the ARC-PA and, at a minimum, *must* document:

ANNOTATION: The ARC-PA expects results of ongoing self-assessment to include critical *analysis* of student evaluations for each course and *rotation*, student evaluations of faculty, failure rates for each course and *rotation*, student *remediation*, student *attrition*, *preceptor* evaluations of students' preparedness for *rotations*, student exit and/or graduate evaluations of the program, the most recent five-year first time and aggregate graduate performance on the *PANCE*, sufficiency and effectiveness of faculty and staff, faculty and staff *attrition*.

### Student Evaluations of Courses/Rotations NARRATIVE

**Provide** a tabular or graphic display of data collected by the program about student evaluations for each course or rotation for the most recent three cohorts of students. (If the most recent cohort has completed less than three months of the program, do not include that cohort as one of the three.) This data should indicate the students' opinions about the quality of the courses and rotations.

In relation to that table:

**Provide Narrative** about the **analysis** based on data collected and displayed.

Students are surveyed at the end of each course and each rotation. The survey is designed to determine if students feel that the course content and rotation experience provided the knowledge and skills that they need to be successful. Data are collected from the students anonymously using Survey Monkey. The CMU program has used the same survey for several years. The goal is to have each course or rotation receive an average score of 2.7 or better as set by the Program Curriculum Committee. Data shown in the table are the average score for that course or rotation given by all students in the cohort.

The following didactic courses earned student evaluations of less than 2.7:

- Graduating class of 2014: Clinical Medicine I (PHA 608), Clinical Medicine III (PHA 610), Clinical Procedures II (PHA 631), Diagnostic Test II (PHA 651), and Scientific Basis of Medicine III (PHA 635).
- Graduating class of 2015: Surgery (PHA 616), Clinical Problem Solving I (PHA 640), Clinical Problem Solving III (PHA 642), Diagnostic Test II (PHA 651), H&P III (PHA 662), and Psychiatry (PHA 673).
- Graduating class of 2016: Clinical Problem Solving II (PHA 641), H&P III (PHA 662), and Preventive Medicine (PHA 671).

Through the class of 2014 a 5-point Likert scale (1. Strongly disagree; 2. Disagree; 3. Neutral; 4. Agree; 5. Strongly agree) was used for the course evaluation survey. Beginning with the class of 2015 a 4-point scale was used removing the neutral option. The scores for the classes of 2013 and 2014 were adjusted

to the 4-point scale for ease of comparison. As can be seen from the data table, student scores vary from year to year for the same courses with the same instructors making determination of any patterns or trends difficult. Courses with the lowest ratings are those that are most rigorous, with faculty setting high expectations for the students. New faculty assumed teaching duties with the class of 2015. Unfamiliarity with the materials likely contributed to some of the lower ratings, as did new faculty learning the best teaching methods. At the same time, in August 2013, there was a change in leadership of the program and significant changes in the administrative aspects of the program that were not well received by the students in the classes of 2014 and 2015. As can be seen above, subsequent classes have had fewer courses rated poorly. One of the two courses with consistently low ratings was Diagnostic Test II (PHA 651). This is also manifested by student opinion that they don't feel comfortable with the ordering and interpretation of laboratory studies in end-of-program feedback. However, student performance on the PANCE on the laboratory diagnostics portion of the exam was actually higher for the class of 2014 (lower course rating) than the class of 2013. The instructor continues to review and improve the teaching methodology and course content. The other course receiving a low rating in two years was H&P III (PHA 662). The initial drop was likely due to a new faculty member teaching the course and experiencing difficulty in adapting course content to her style. While the last course evaluation was improved it still did not cross our threshold.

Students complete an end of course survey and are asked to rate their experiences in the rotation using a 4-point Likert scale (1. Strongly disagree; 2. Disagree; 3. Agree; 4. Strongly agree). As can be seen in the accompanying graphic (PAS2 Evaluation of Clinical Rotation sites and Preceptors) clinical rotations are rated very highly with little variation from class to class.

**Provide Narrative** detailing the **actions** taken based on the analysis.

Faculty review the data each semester and continue to improve the methodology and course content. New faculty have been hired and it is anticipated that course satisfaction may improve as they bring energy to the program and update course content.

CENTRAL MICHIGAN UNIVERSITY

C2 SELF-STUDY REPORT

C2.01 The program *must* prepare a self-study report as part of the application for continuing accreditation that *accurately* and *succinctly* documents the process and results of ongoing program self-assessment. The report *must* follow the guidelines provided by the ARC-PA and, at a minimum, *must* document:

ANNOTATION: The ARC-PA expects results of ongoing self-assessment to include critical *analysis* of student evaluations for each course and *rotation*, student evaluations of faculty, failure rates for each course and *rotation*, student *remediation*, student *attrition*, *preceptor* evaluations of students' preparedness for *rotations*, student exit and/or graduate evaluations of the program, the most recent five-year first time and aggregate graduate performance on the *PANCE*, sufficiency and effectiveness of faculty and staff, faculty and staff *attrition*.

Student Evaluations of Faculty NARRATIVE

**Provide** a tabular or graphic display of data collected by the program about student evaluations of program and instructional faculty for the three most recent cohorts of students.

Data and activities entered must be verifiable, and documents and materials in support of entries must be available for review during the site visit and as requested by the commission.

In relation to that table, address the following:

**Provide Narrative** about the **analysis** based on data collected and displayed.

Principal faculty carry the bulk of the load for teaching and/or coordinating most of the didactic courses. The CMU Student Opinion Survey II (SOS) is used to assess teaching effectiveness. There are eight items on the survey related to the specifics of effective classroom instruction. Students rate faculty on a four-point Likert scale. In addition there is one summative question asking students to rate overall instructor effectiveness (4. Very Good; 3. Good; 2. Adequate; and 1. Poor). Data reported in this table are only from the summative question. The survey is given at the end of each semester and data are returned to the faculty member, department chair, and dean. Data are discussed at the end of each semester among the program faculty. SOS data are also required for tenure and promotion and are discussed at each evaluation of faculty with the dean. The Program Curriculum Committee has determined that all faculty should score above 2.7. Data are presented for the graduating classes of 2014, 2015, and 2016 (See Student evaluation of faculty table).

Instructor evaluations below expectations (less than 2.7) for the three cohorts are:  
Class of 2014: 6 (Lopes 3, Wintermyer 3)  
Class of 2015: 9(Lopes 3, Wintermyer 3, Li 1, Rangwani 1, Fillenworth 1)  
Class of 2016: 12(Lopes 5, Stack 2, Naydenova 2, Fillenworth 1, Rangwani 1, Gardon-Rose 1)

Dr. Lopes is highly regarded by students for his knowledge base. However, his classroom teaching methods are perceived by many students as lacking clinical relevance, particularly not meeting the expectations of students in Diagnostic Test II (PHA 652). Courses which he coordinates, using multiple lecturers (OB/GYN (PHA 612) and Pediatrics (PHA 614) receive higher ratings, as opposed to the courses he teaches solo. Dr. Lopes has shouldered the greatest teaching load for the program since

the second year he was on faculty, particularly in the summer semesters. For the classes of 2014 and 2015 he was instructor of record for 9 courses during their didactic year; for the class of 2016 he was instructor for 7 of their classes. He was also the initial instructor for the new Scientific Basis of Medicine (PHA 633) course.

Dr. Wintermyer was instructor of record for both the Clinical Medicine (PHA 608, PHA 609, PHA 610) and Clinical Problem Solving (PHA 640, PHA 641, PHA 642) course series. During the time he was in charge of those courses, changes to the instructional methods were not well received by the students, resulting in low evaluation scores in each of the semesters he was an instructor.

Students rate preceptors on a four-point Likert scale (4. Strongly agree; 3. Agree; 2. Disagree; and 1. Strongly disagree). The survey is sent automatically by the E\*Value system at the end of each rotation. Data are reviewed by the Clinical Education Director and discussed at the end of each semester among the program faculty. Data are presented for the graduating classes of 2013, 2014, and 2015 (See PAS2 Evaluation of Clinical Rotation Sites). Student evaluations of clinical preceptors were uniformly high across all three cohorts.

**Provide Narrative** detailing the **actions** taken based on the analysis.

With the addition of new faculty, the teaching load will be more equitably distributed reducing stress on individual faculty. The program will then approach its goal of each faculty member being the primary instructor for one core course per semester (though they may co-teach or facilitate small group learning in multiple courses). Those faculty who received consistently low scores will be asked to review their course content and pedagogy with a consultant in the Center for Excellence in Teaching and Learning. This consultant will also observe them in the classroom and conduct student interviews so that they can provide the faculty member with recommendations for improving teaching and learning.

## CENTRAL MICHIGAN UNIVERSITY

### C2 SELF-STUDY REPORT

C2.01 The program *must* prepare a self-study report as part of the application for continuing accreditation that *accurately* and *succinctly* documents the process and results of ongoing program self-assessment. The report *must* follow the guidelines provided by the ARC-PA and, at a minimum, *must* document:

ANNOTATION: The ARC-PA expects results of ongoing self-assessment to include critical *analysis* of student evaluations for each course and *rotation*, student evaluations of faculty, failure rates for each course and *rotation*, student *remediation*, student *attrition*, *preceptor* evaluations of students' preparedness for *rotations*, student exit and/or graduate evaluations of the program, the most recent five-year first time and aggregate graduate performance on the *PANCE*, sufficiency and effectiveness of faculty and staff, faculty and staff *attrition*.

### Sufficiency and Effectiveness of Faculty **NARRATIVE**

**Include** a tabular or graphic display of data collected by the program about faculty sufficiency and effectiveness over the past three years with these narratives.

**Provide Narrative** describing how the program collects data regarding the sufficiency in number and effectiveness of faculty in meeting the program's expectations of faculty.

The program regularly monitors distribution of the course load across the faculty. The goal of the program is that each faculty member be solely responsible for no more than one core course each semester (See Faculty Course Load Distribution). Student opinion scores and student course evaluations are monitored regularly to assess student satisfaction as a surrogate for faculty effectiveness. Student course and faculty evaluations are generally above the program-defined thresholds for satisfactory performance and where below the threshold do not indicated any trends (See Student evaluation of faculty table). The ultimate data regarding faculty effectiveness is pass rate on the PANCE.

In relation to that data as displayed by the program, in this appendix:

**Provide Narrative** about the **analysis** based on data collected and displayed.

The program currently fields a principal faculty of 8 (more than 0.5 FTE) members. This enables the program to approach its goal of having each faculty member be responsible for only one core course each semester rather than the two or three course load that existed prior to hiring additional faculty over the last two years. The increased number of faculty also allows the program to expand its small group teaching reducing the number of students in each section and enhancing the faculty-student learning experience. Except for the class of 2013 (first time pass rate 87%; eventual class pass rate 96%) the program has exceeded its goal for the PANCE first time pass rate in all but one of the last 10 years for which data is available from the NCCPA.

**Provide Narrative** detailing the **actions** taken based on the analysis.

As of the writing of this document a search is underway to fill one additional regular faculty (tenure-track) position, along with a separate search for a new program director. Once the searches are completed successfully the program will have filled all of its available regular faculty positions.

## Central Michigan University's Global Campus

### Accreditation and Licensure Information

On October 29, 2010, the U.S. Department of Education promulgated new regulations pertaining to participation in Title IV programs, referred to as "Program Integrity" rules. One of the requirements is that an institution must provide its enrolled or prospective students with information concerning its accreditation and licensure but also with contact information for filing complaints. The specific regulation is offered immediately below.

#### Contact Information

Central Michigan University's Global Campus

[globallicensure@cmich.edu](mailto:globallicensure@cmich.edu)

#### § 668.43 (b) Institutional information

(b) The institution must make available for review to any enrolled or prospective student upon request, a copy of the documents describing the institution's accreditation and its State, Federal, or tribal approval or licensing. The institution must also provide its students or prospective students with contact information for filing complaints with its accreditor and with its State approval or licensing entity and any other relevant State official or agency that would appropriately handle a student's complaint.

The above language can be found in the [Electronic Code of Federal Regulations](#).

#### Accreditation

Central Michigan University (CMU) is regionally accredited by the Higher Learning Commission (HLC) of the North Central Association of Colleges and Schools, and as a regionally accredited institution is authorized to operate as an institution of higher education. CMU's Statement of Affiliation Status may be viewed on the HLC website at <http://www.ncaahc.org/component/content/view/full/1313/>

#### Licensure

Central Michigan University via its Global Campus engages in a continuous process for recognition as an authorized institution of higher education in all 50 States and the District of Columbia. CMU is committed to ensuring that its academic programs, institutional practices, delivery methods, and operational activities comply with applicable regulations specific to the jurisdiction.

#### CMU Campus Community State Authorization Resource

Where is CMU authorized to recruit?

Where is CMU authorized to offer internships?

Central Michigan University's comprehensive State Authorization Resource is available to the CMU community at [CMU Campus Community State Authorization Resource](#).

This resource is where you will find information regarding regulatory requirements by state for program approvals, recruitment, internships and practicum, etc. If you have questions, please contact [globallicensure@cmich.edu](mailto:globallicensure@cmich.edu)

CMU has locations in the following states: **California** (Camp Pendleton), **Georgia** (Atlanta, DeKalb, Fayetteville), **Hawaii** (Joint Base Pearl Harbor-Hickam, Schofield, and Tripler), **Kansas** (Fort Leavenworth, Fort Riley), **Louisiana** (Fort Polk), **Maryland** (Aberdeen, Fort Meade, Joint Base Andrews AFB), **Michigan** (home state), **New Jersey** (Joint Base McGuire-Dw-Lakehurst), **New York** (Fort Hamilton), **North Carolina** (Kinston, Seymour Johnson AFB), **North Dakota** (Minot AFB), **Ohio** (Columbus, Wright-Patterson AFB), **Pennsylvania** (Philadelphia Defense Supply Center), and **Virginia** (Alexandria, Fort Belvoir, Fort Lee, Joint Base Myer-Henderson-Hall, Pentagon Center, and Richmond). CMU enjoys authorization from all states to deliver the selected programs unless exempted due to CMU being located only on a federal enclave.

CMU is authorized (or exempt or seeking authorization) to deliver various online programs to residents of most states within the United States, including the District of Columbia. Some states have applications still pending but CMU will update this site regularly as the applications progress.

\*For approved program information within a specific state, please contact CMU Global Campus toll free at 877-268-4636 or via e-mail at [cmuglobal@cmich.edu](mailto:cmuglobal@cmich.edu).

#### Central Michigan University's Global Campus Student Complaint Process

Students taking online classes with Central Michigan University's Global Campus (Global Campus) should attempt to resolve any issues or complaints with Global Campus first. If after following the Global Campus complaint process (<https://www.cmich.edu/ees/ombuds/Pages/default.aspx>), your issue or complaint is not reasonably resolved, you may file a complaint concerning Central Michigan University with your State by referring to its state agency. This filing information is available below.

#### State Agency Complaint Process

Filing information for an issue or complaint is not resolved through Global Campus, you may choose to review and follow the complaint process established by the state in which you reside. Click on your state below and you will be directed to the respective complaint process and/or forms.

#### Higher Learning Commission Complaint Process

Students or other individuals interested in bringing an appropriate complaint to the attention of the Higher Learning Commission should compile a complete submission as outlined in the "**Complaints Against an Affiliated Institution-Instructions for Filing A Complaint with the Commission**".

#### Special Request

Upon request submitted to [globallicensure@cmich.edu](mailto:globallicensure@cmich.edu), Central Michigan University's Global Campus will make available for review to any enrolled or prospective student a copy of the documents describing the institution's accreditation and its State, Federal, or tribal approval or licensing.

Your comments should be received by the HLC no later than March 20, 2016.

## Advancing Excellence: Forging CMU's Future

At Central Michigan University, our vision, mission, core values, and five strategic priorities are the center of our educational leadership.

### Vision Statement

Central Michigan University, an inclusive community of scholars, is a national leader in higher education inspiring excellence and innovation.

### Mission Statement

At Central Michigan University, we are a community committed to the pursuit of knowledge, wisdom, discovery, and creativity. We provide student-centered education and foster personal and intellectual growth to prepare students for productive careers, meaningful lives, and responsible citizenship in a global society.

### Core Values

To achieve our mission, we adhere to the core values of integrity, respect, compassion, inclusiveness, social responsibility, excellence and innovation.

### Strategic Priorities

- Student Success
- Research and Creative Activity
- Quality Faculty and Staff
- Community Partnerships
- Infrastructure Stewardship

## What is Accreditation?

Accreditation is a validation process used by the Higher Learning Commission to evaluate colleges, universities, and other institutions of higher learning.

Accreditation affirms that a university provides a quality education, which the public has the right to expect. A student who attends an accredited institution is not only assured of receiving a quality education but also of knowing that other colleges and employers will recognize the course credits and degrees earned.

CMU was first accredited in 1915 and has been accredited since, except for 1922-23. Every ten years, we must demonstrate that the institution deserves the right to retain its accreditation. CMU was last reaffirmed in 2006.

The reaffirmation process reviews all facets of the university based on five criteria (see the next section). The criteria encompass such things as CMU's finances and resources, compliance with federal regulations, educational quality, and a multitude of other factors.

Input from students, faculty, staff, alumni, and community members is also a crucial element in reaffirming our accreditation.

CMU's Bloomberg Financial Analysis Lab

**“Ultimately, Central is where you discover your future, your true self, your path forward.”**

— George E. Ross, CMU president

## Criteria for Accreditation

- 1. Mission:** The institution's mission is clear and articulated publicly; it guides the institution's operations.
- 2. Integrity – Ethical and Responsible**  
**Conduct:** The institution acts with integrity; its conduct is ethical and responsible.
- 3. Teaching and Learning – Quality, Resources, and Support:** The institution provides high quality education, wherever and however its offerings are delivered.
- 4. Teaching and Learning – Evaluation and Improvement:** The institution demonstrates responsibility for the quality of its educational programs, learning environments, and support services, and it evaluates their effectiveness for student learning through processes designed to promote continuous improvement.
- 5. Resources, Planning, and Institutional Effectiveness:** The institution's resources, structures, and processes are sufficient to fulfill its mission, improve the quality of its educational offerings, and respond to future challenges and opportunities. The institution plans for the future.

## Excellence at CMU

- » \$361 million in scholarships and financial aid distributed annually.
- » CMU influenced Michigan's economy to the tune of \$941 million per year.
- » 200+ academic programs, including 70+ graduate programs at the masters, specialist, and doctoral levels.
- » Academic programs hold 25+ specialized accreditations, including AACSB, ABET, ACEJMC, APA, and TEAC.
- » *U.S. News & World Report* rankings:
  - » Best online programs: graduate programs ranked #5, undergraduate programs #13, MBA #25.
  - » Best graduate programs: Audiology ranked #29, Speech-Language Pathology #84, Physical Therapy #99.
  - » Undergraduate Engineering ranked #98 among programs where doctorate is not offered.
- » First undergraduate neuroscience program in Michigan; voted 2013 Undergraduate Program of the Year by the Society for Neuroscience.
- » Only school in Michigan with degree programs in meteorology, and recreation and event management.

This message will go out to all on and off campus students. Sent February 8, 2016.

Dear CMU Student:

The Higher Learning Commission (HLC) is the institutional accrediting association that comprehensively evaluates our university. We are going through the reaffirmation of accreditation process this year. Your comments about your experiences at CMU are very important. A summary of your input will be provided to the team of representatives from the Higher Learning Commission who will be visiting CMU this spring on April 25 and 26. The answers you give on this survey are anonymous. Your participation is completely voluntary. The Higher Learning Commission and Central Michigan University will not have access to your identity.

Thank you for taking five minutes to complete this short survey. The survey will be open from February 8 through February 17, 2016. Click on this link to begin the survey: [hlcommission.co1.qualtrics.com/SE/?SID=SV\\_4T9Ss1JrxR4Hb4V](http://hlcommission.co1.qualtrics.com/SE/?SID=SV_4T9Ss1JrxR4Hb4V).

Sincerely,

President George E. Ross

## Committee prepares for universitywide reaccreditation

*Work underway for 35,000-word report, visit from Higher Learning Commission*

Work will continue throughout the summer and next academic year as CMU faculty, staff and students prepare for the critical, 10-year renewal of institutional accreditation from the Higher Learning Commission of the North Central Association.

Provost Michael Gealt and Claudia Douglass, vice provost for academic effectiveness, are leading the way, working closely with a leadership team of individuals from across campus.

Their efforts are supported by dozens of others who are involved with preparing a 35,000-word analysis linked to supporting documents and web pages designed to portray all that CMU is, how it serves students, how it operates and how it is continually improving and preparing for the future, Gealt said.

This assurance document will be submitted in early 2016 in preparation for the all-important 1 1/2-day accreditation visit that April.

"CMU's colleges and departments have more than two dozen specialized accreditations that affirm the quality of specific programs," Gealt said. "This accreditation, from the Higher Learning Commission, is the overall demonstration of quality for the entire university.

"It affirms the work of every faculty and staff member on campus and informs students across the world that CMU delivers high-quality educational programs in a responsible and ethical manner," he said.

CMU first earned campuswide accreditation in 1915 from the North Central Association of Colleges and Schools. At the time, the university was known as Central State Teachers College.

## Our CMU

The current efforts focus on meeting five required criteria:

1. Mission — Is the university's mission articulated publicly and does it guide our operations? Do we serve a public good? The mission, vision, values and strategic plan all are important factors.
2. Integrity — Does CMU serve its students and act with integrity? Are we ethical? Are we responsible?
3. Teaching and Learning — Do we deliver quality, resources and support for teaching and learning, both in curricular and extra-curricular activities? Are our educational offerings of high quality?
4. Evaluation and Improvement — Do we assess our programs, environment and support services, identifying weaknesses and continuously working to improve them?
5. Research, Planning and Institutional Effectiveness — Do our resources, structures and processes allow us to fulfill our mission and prepare for the future? Do we collaboratively, systematically and effectively plan for the future?

Members of the leadership team preparing for the report and visit are:

1. Claudia Douglass, chair
2. Bob Bienkowski, director of research compliance, Office of Research and Sponsored Programs
3. Tracy Brown, sociology, anthropology and social work faculty member and general education director (CHSBS)
4. Chuck Crespy, dean, College of Business Administration
5. Mary Jane Flanagan, executive assistant to the president
6. Amanda Garrison, fixed-term faculty member, sociology, anthropology and social work, sharing a position with Mark Shelton, fixed-term faculty member, philosophy and religion
7. Mary Hill, associate vice president, financial services and reporting/controller
8. Steven Johnson, vice president for Enrollment and Student Services
9. Charles Mahone, president, Student Government Association
10. Linda Perkowski, interim dean, College of Medicine
11. Debra Poole, psychology faculty member and leader of CMU's quality initiative
12. Robert Roe, executive director of institutional research and planning
13. Pete Ross, vice president, Global Campus
14. Renè Shingles, chair, School of Rehabilitation and Medical Sciences
15. Andrew Spencer, past chair, Academic Senate, sharing a position with Melinda Kreth, incoming chair, Academic Senate
16. Leslie Watters, executive secretary, academic effectiveness

Frank Boles, director of Clarke Historical Library, will serve as archivist to the team.

## CMU prepares for reaffirmation of accreditation

*Students, faculty, staff and community input a major component of the process*

October 14, 2015

A multidisciplinary team is preparing documents that will be used by the Higher Learning Commission as it reviews Central Michigan University's request for reaccreditation.

Reaffirmation of accreditation is required every 10 years.

Michael Gealt, executive vice president and provost, says the review includes all facets of the university, including academics, resources and infrastructure.

"The review has many parts, including a confirmation that our university is following all required federal policies resulting from Title IV of the Higher Education Act," Gealt said. "This assurance is necessary for CMU to continue receiving federal financial aid for its students.

"The process of preparing for the review provides an opportunity for the entire CMU community and its stakeholders to reflect upon the progress we have made since the last visit in 2005 and to offer input on where we want to go in the future."

Gealt says the HLC peer review visit to CMU will occur next April. In addition to the public input, which can be submitted online or during several engagement meetings, the team also will learn about CMU from documents currently being prepared. These reports are designed to assure the HLC that CMU is:

- Being guided by the [university mission](#).

## President Ross to discuss progress on strategic priorities with trustees

*Audit of CMU's financial statements also on agenda*

September 14, 2015

The Central Michigan University Board of Trustees will discuss a report reviewing the 2014-2015 strategic priorities, initiatives and metrics when they meet Thursday at 9:30 a.m. in the President's Conference Room in the Bovee University Center.

CMU's five strategic priorities include student success, research and creative activity, quality faculty and staff, community partnerships, and infrastructure stewardship. President George E. Ross will share how the university is doing in meeting metrics related to each area and lead the board in a discussion about 2015-16 priorities.

Trustees also will hear a presentation by Plante Moran, the university's external audit firm, regarding CMU's 2014-2015 financial statements.

Trustees will delay acceptance of the audited financial statements as they wait for data from the Michigan Auditor General about a pension liability to the Michigan Public School Employees' Retirement System that needs to be booked.

Implementation of a new Governmental Accounting Standards will require the university to record the unfunded pension liability estimated at \$93.4 million. This liability will result in a direct reduction of the university's unrestricted net assets.

Once the auditor general provides the exact amount of the liability, a special meeting

# CENTRAL MICHIGAN **LIFE**

## CMU up for reaccreditation in April

By **Malachi Barrett** | Published 10/06/15 5:58pm

Central Michigan University Provost Michael Gealt speaks with faculty and students at the Academic Senate meeting on Oct. 6 in Pearce Hall.

Like  Share

In April 2016, a team from the Higher Learning Commission will perform a comprehensive evaluation of Central Michigan University to reaffirm its accreditation status.

CMU was last accredited during the 2005-06 academic year. The review has many components, including a confirmation that our university is following Federal policies and will judge the university on a set five criteria relating to student success.

Provost Michael Gealt delivered findings from an Education Advisory Board report. He said there has not been a significant increase in the six-year graduation rate during the last five to 10 years, and to increased student success, faculty needs to be involved in finding ways to engage students.

"We are seeing people, governments not wanting to support higher education because they are looking at how much more you will earn after you get your degree," Gealt said. "We are the experts that need to go out there and tell people what good comes from students in higher education. This is where the rubber hits the road and we can have some real influence (on student success)," Gealt said.

Department of Political Science and Public Administration Faculty Member James Hill said the increase of undergraduate students taking courses online has affected his ability to impact students. Hill said he has had difficulty with students interacting with him outside of online discussion boards, and said it is harder to form a relationship online.

Hill said larger class sizes has also made it more difficult to get to know students more intimately.

"If you are encouraging (faculty) to get engaged with students, those two factors make it more difficult to develop a personal relationship that might help students," he said. "I teach online courses a lot and the most difficult thing to do is when (students) ask you for a helpful assessment. If your encouragement for faculty to get more engaged in larger it is more difficult."

Finalist interviews for an open Deputy Chief Information Officer position ended last week and an offer was extended to one of the candidates. Candidates for a Chief Information Security Officer Position will visit campus in open meetings on the week of Oct. 12.

Gealt also announced a \$350,687 grant from the National Institutes of Health awarded to Department of Biology Faculty Member Xantha Karp. Karp is working on a project titled "Stem Cell Multipotency During Quiescence."

CMU was also recently awarded \$10 million to continue research and lead efforts to protect and restore coastal wetlands vital to the overall health of the Great Lakes.

President George Ross was unable to attend the meeting, but will submit his report to the senate electronically. Full reports submitted by the president and provost at each Academic Senate meeting can be found online at [cmich.edu/academicsenate](http://cmich.edu/academicsenate)

Senators approved a new ENS designator for environmental science courses and the TEC designator was removed from technology courses.

## What have you given back today?

By Marcie Otteman Grawburg, '87, executive director of alumni relations

“AT THE END OF THE DAY, IT’S NOT ABOUT WHAT YOU HAVE OR EVEN WHAT YOU’VE ACCOMPLISHED ... IT’S ABOUT WHO YOU’VE LIFTED UP, WHO YOU’VE MADE BETTER. IT’S ABOUT WHAT YOU’VE GIVEN BACK.”

– DENZEL WASHINGTON

I was raised in a family that lived by such words.

My grandparents volunteered at their kids' schools, at church, for the American Red Cross, community projects and more.

You name it and they were there, sleeves rolled up. They raised their children to be involved in their community, involved in their world – to make a difference.

Sometimes the difference was small: dinner for a neighbor or help with a yard project.

Sometimes it was big: volunteering at blood drives and building projects.

There often wasn't much money to give, but somehow they always found a little to put in the offering plate or give to the fund drive.

My mother taught me the same. "No matter what we have, how great or small, somewhere there is someone else who could use our help," she would say. Much like going to college, giving back was an expectation – this is what we do in life.

That's why this issue about giving back and supporting others is so near to my heart. You'll hear it in the story from our alumni who have created scholarships for students as a way of helping others achieve their goal of a college degree.

You'll read about our alumni who serve in the military, every day giving the ultimate gift of service by putting their lives on the line in defense of our country.

And you'll read about our students in the College of Medicine who, before they even become doctors, are making a difference in the lives of others in our community.

CMU is a family, and we know how to care for each other.

I'm doing my part by passing that expectation along to my future Chippewa. She already has started by giving money from her craft shop sales to a fund at our local hospital and by doing volunteer work.

And if you ask her what gift I want this holiday season, she'll tell you the same thing I say every year: "Don't buy me anything; give a gift to someone else who won't have one. That is the best gift of all."

Time, talent, treasure – we all have some to give. At the end of your day, I hope you will think about what you can do to lift up others and make the world a better place.

You get what you give. I hope this year is the best yet!

Marcie

### Ex-Disney World leader brings magic to Mount Pleasant

CMU and the Mount Pleasant community hosted a visit in September from former Walt Disney World executive Lee Cockerell, who shared the philosophy behind Disney Great Leader Strategies.

The training tool was implemented with 7,000 leaders at the Florida flagship of Disney's corporate empire. Cockerell is credited with establishing the legacy of leadership and customer service for the most-visited vacation destination in the world.

His appearance was sponsored by 21 entities, including on-campus groups, the Mount Pleasant Chamber of Commerce, McLaren Central Michigan, MidMichigan Health and the Mid Central Area Health Education Center.

In addition to three presentations to faculty, students and staff, Cockerell met with the College of Medicine, College of Business Administration, the Chamber and CMU senior officers.

In all, nearly 4,000 people were able to hear Disney's former executive vice president of operations speak.

All presentations are available here:  
<http://cmich.ly/LeeCockerell>

"CMU has long been known for its dedicated and friendly faculty and staff that focuses on customer service," says Harley Blake, manager of human resources' professional development programs and chair of CMU's Service Excellence committee. "Lee's humorous and motivating style inspires everyone to create 'Disney magic' in their careers, our university and our lives."

This was Cockerell's second interaction with CMU in the past year. In November 2014, he spoke to CMU College of Medicine students from his Florida home about the value of customer service in the medical field. •

### CMU baseball program receives \$1 million capital commitment

The largest financial commitment ever made to Central Michigan's baseball program will bring a state-of-the-art indoor baseball training facility to campus.

An anonymous \$500,000 gift – one of the largest in athletic department history – was made in support of the Performance Development Center, a privately funded capital project that will bring the indoor training facility to Theunissen Stadium. The donor also pledged another \$500,000 as a dollar-for-dollar match toward all new commitments made to the center.

"The Performance Development Center will allow our players to hone their offensive and defensive skills year-round in a climate-controlled environment," says Dave Heeke, director of athletics. "This will be one of the finest training and instructional baseball facilities in the country."

The center will enable the baseball team to better develop its hitting, pitching and fielding skills. The 7,170-square-foot facility will include three regulation-size indoor batting cages and clay pitching mounds. •

### Points of pride: CMU sets records in fall enrollment

Central's fall enrollment reflects record numbers of minority, transfer, international and on-campus graduate students. CMU's Global Campus, which offers off-campus and online programs, also is showing its highest enrollment in a decade.

With nearly 27,000 students, CMU's 2015-16 enrollment includes:

- 5,239 minority students, on and off campus, a 24 percent increase in 10 years, making up 19 percent of CMU's total enrollment.
- 1,385 international students, both on and off campus, an 86 percent increase from a decade ago.
- 2,284 on-campus graduate students, a 35 percent increase during the past 10 years.
- 8,973 Global Campus students, a 25 percent increase from a decade ago.
- 4,719 Global Campus undergraduates, a 147 percent increase.

"The higher education marketplace is highly competitive," says Steven Johnson, vice president for enrollment and student services. "Efforts across campus to connect with and support students and to deliver outstanding educational experiences inside the classroom and beyond continue to cement CMU as a first-choice university." •

### CMU prepares for reaffirmation of accreditation

A multidisciplinary team is preparing documents that will be used by the Higher Learning Commission as it reviews Central Michigan University's request for reaccreditation. Reaffirmation of accreditation is required every 10 years.

Michael Gealt, executive vice president and provost, says the review includes all facets of the university, including academics, resources and infrastructure.

To learn more about the process or to provide input, visit <http://cmich.ly/CMUHLIC>. •

## EPA awards CMU \$20 million in six years for Great Lakes research projects

Central Michigan University researchers will continue to lead efforts to protect and restore coastal wetlands vital to the overall health of the Great Lakes, with a second \$10 million grant in six years from the U.S. Environmental Protection Agency.

CMU was selected in 2010 to lead an initial \$10 million initiative. This enabled the nation's first collection of scientific data assessing the health of coastal wetlands spanning more than 10,000 miles of Great Lakes shoreline – more than the west and east coasts of the United States combined.

The second grant, announced this fall, will fund identification, monitoring and extended evaluation of restoration efforts during the next five years.

"These wetlands are very important to the overall health of the Great Lakes, which much of our economy – including our fisheries and tourism – relies on," says Donald Uzarski, CMU professor of biology and director of CMU's

Institute for Great Lakes Research and the Biological Station on Beaver Island. "Anyone living or doing business near the Great Lakes watershed will benefit from these efforts."

"Congratulations to Central Michigan University on being awarded this grant," U.S. Rep. John R. Moolenaar says. "The Great Lakes are vital to our state and the \$7 billion economy they support. This GLRI research will play a valuable role in protecting them for future generations." •

## Gov. Snyder tours STEM disciplines on campus

Gov. Rick Snyder visited Central Michigan University this fall, making time to see the College of Science and Technology and the College of Medicine. The governor spent time with CMU students who designed and built a competition Baja car, reviewed research being done by the Institute for Great Lakes Research as the result of a \$10 million federal grant, and looked in on the College of Medicine.

CMU medical students

# give back

At a time when they're intensely focused on their studies, these Chippewas are finding ways to help others in their community and across Michigan.

PHOTOS BY STEVE JESSMORE, '81

*"I believe with every fiber of my being that helping young people find a greater purpose is an endeavor I'm meant to pursue."*

- Nicholas Cozzi, CMU med student

BY CYNTHIA J. DRAKE, M.A. '08

## A pipeline for big dreams

INAUGURAL PROGRAM INSPIRES AREA HIGH SCHOOL STUDENTS TO CONSIDER HEALTH PROFESSIONS

It started as the dream of two medical students.

First-generation college students and now M.D. candidates Nicholas Cozzi of Chicago and Leonard Verhey of Toronto wanted to spread their enthusiasm for the health professions to area high school students – particularly those from underserved areas.

“Our main objective is that we want to reach those kids who are first-generation college students with lesser access to postsecondary opportunities, whether they are facing social or economic burdens,” Verhey says. “This is what we’re all about here at Central Michigan, and this is what the med school is here to do.”

This fall, the inaugural Health Careers Pipeline Program for Area High School Students launched with a group of 15 students selected from three area high schools – Mount Pleasant High School, Sacred Heart Academy and Montabella Junior/Senior High School in Blanchard.

For nine weeks, the students – each partnered with a CMU health professions undergrad – are learning about wellness and gaining insight into a variety of health professions. Sessions include cardiac health, exercise physiology, eating well and the importance of health care to rural communities, all using the tools and technology available in the state-of-the-art College of Medicine Building.

The pipeline takes inspiration from similar programs at Michigan State University and Emory University. Seed funding comes from the Mid Central Area Health Education Center, which includes as one of its main pillars the mission to identify health pipeline programs for middle and high school students.

High school students had to apply for the program and were selected with input from science teachers and counselors.

“Having access to a mentor, exposure to knowledgeable guest speakers, experiencing clinical situation simulations, as well as taking up-close tours of the campus, labs and facilities is an amazing opportunity for a high school student to experience,” wrote one of the high schoolers in the application letter.

Cozzi and Verhey see the opportunity as more than getting students excited about health professions – more broadly, it opens them up to all the possibilities that college holds for them.

“As second nature as it might seem to us, some young people don’t believe they have the permission to dream. I believe with every fiber of my being that helping young people find a greater purpose is an endeavor I’m meant to pursue,” says Cozzi. “When speaking to students at my former high school in Chicago, I see myself in them. This program was built for students who need a bit of guidance and mentorship to inspire them to move forward.”

Verhey says the program also ties into the mission of CMU’s College of Medicine.

“We thought it’s the right thing to do – we’re supposed to be leaders and build leadership in our community as med students,” he says. “Until now, the med school has been a building that the community has watched come together, but the impact that it can have on the community is yet to be seen. We’re allowing the community into the school to see what we’re all about.” >

BY JIM KNIGHT, '84

## Getting girls engaged in STEM

STEMPOWERED CAMP ENLIGHTENS  
AND EXCITES INNER-CITY FOURTH GRADERS

The bare concrete floor and brick walls of the warehouse in Detroit echoed the chatter and laughter of 19 fourth-grade girls as they manufactured gas bubbles from dry ice, created vacuums in straws while competing in a relay race and performed other experiments.

Welcome to STEMpowered, a weeklong science, technology, engineering and math camp for Detroit girls and the result of a vision of the nonprofit group's co-founders, Madeline Palmer and Erika Brockberg.

Palmer, part of the inaugural class of the CMU College of Medicine, is now in her third year as a medical student. She says articles detailing how women are under-represented as professionals in STEM fields, along with studies showing girls self-select out of STEM topics in elementary school, led to the creation of STEMpowered in 2013.

Online fundraising and sponsorship from Big Boy Restaurants allowed every girl in the inaugural camp to attend for free. This year, Palmer, from Birmingham, and Brockberg secured sponsorship from Fox Sports Detroit. They also expanded the camp to two weeks – one week for first-time campers and a second for girls who attended in 2014.

"The goal of STEMpowered is to build confidence, build excitement and foster curiosity," Palmer says. "I think one of the most amazing things you

can start to do is explore the world and explore how it works and why things react the way they do."

Palmer and Brockberg recruited friends to serve as mentors. Fellow CMU College of Medicine students Emily Fortin, of Ann Arbor, Stefanie DiGiandomenico, of Livonia, and Leela Chandrasekar, of Grosse Pointe, are part of the 10-woman team that picked up girls from their homes, led them through morning experiments and afternoon field trips, and drove them home.

This year, half of the girls used a variety of materials to craft containers to cradle an egg so it would not break when dropped from the top of a tall ladder. The other girls used supplies to create Rube Goldberg machines.

Palmer and the other mentors said they plan to recruit more leaders for next year and continue STEMpowered. For now, Palmer, Fortin and DiGiandomenico are back to medical school in a year filled with clinical rotations and a half-year of a community clerkship with internal and family medicine doctors.

The third class of 104 College of Medicine students arrived in Mount Pleasant this fall, bringing the number of medical students at CMU to 272. Of those, 85 percent are from Michigan, reflecting the mission of the college to provide quality physicians for underserved areas in the state and the Midwest. •

Madeline Palmer recently was named one of INSIGHT Into Diversity's 100 Inspiring Women in STEM honorees. The national award recognizes women who work to make a difference in the fields of science, technology, engineering and mathematics. While women who work in these fields enjoy significant opportunities to engage in new discoveries and innovations, they are rarely recognized for their hard work and dedication.

# Proud Chippewas, proud to serve

BY TERRI FINCH HAMILTON, '83

## ALUMNI FIND PURPOSE IN THE MILITARY, HONORING THEIR SCHOOL AND COUNTRY

A retired brigadier general with a wall full of medals who volunteers his time to help veterans and their families.

The first female head of the national guard in the U.S. Virgin Islands.

An Army Reserve officer of the year, whose stroll past the recruiting station on Mission Street in Mount Pleasant changed her life.

They're a diverse trio, but they're all Chippewas who turned to CMU to earn degrees while serving their country.

These three alumni represent a myriad of other CMU students and alumni who have achieved great things in the military, giving of themselves in one of the most selfless ways – by serving their country.

They talk about battles and duty, service and sacrifice, and how CMU prepared them for life in the military and beyond.

## Retired Brig. Gen. Michael Ferguson

When Michael Ferguson, '77, gave the commencement address at the University of West Florida last spring, he was characteristically blunt and funny at the same time.

"Thanks to the Viet Cong for being bad shots most of the time," he told the crowd, his honorary degree graduation cap tassel swinging. "Otherwise, I wouldn't be here."

Ferguson has a wall full of military honors and medals and lots of stories to go with them.

The retired brigadier general spent 26 years in the U.S. Army.

He commanded a brigade in Korea, did overseas tours in Hawaii, Germany and Japan, and battled in one of the most famous and harrowing conflicts of the Vietnam War, the Tet Offensive of 1968.

Ferguson has received more than 30 military awards, including the Purple Heart, the Bronze Star for Valor and the Distinguished Service Medal.

"I've been in more than my fair share of crises," he says from his home in Pensacola, Florida. "What doesn't kill you will help you survive and grow."

Ferguson was honored last spring with a Lifetime of Service award by the Association of the Army of the United States of America.

It all started in 1956, when young Michael applied for a spot at the U.S. Military Academy at West Point through a competitive exam for sons of deceased veterans.

Ferguson's father died in combat during World War II while serving as a heavy machine gunner in the attack on Cologne, Germany.

Hundreds applied for 13 spots. Ferguson got one.

"That was the beginning of the rest of my life," he says.

He was sent to Vietnam after graduation and served there twice, including in the harrowing Tet Offensive, when North Vietnamese and communist Viet Cong forces launched a coordinated attack against a number of targets in South Vietnam.

Early on during an attack, a mortar round landed just a few feet away from Ferguson, rupturing his eardrums and killing the advisor next to him. Ferguson, known for being cool under fire, carried the advisor's body to a bunker and began directing counter fires.

Wounded later during another rocket barrage, Ferguson dragged several other wounded soldiers to a bunker and started coordinating a reprisal.

"We were surrounded, until we fought our way out," he recalls. "Any time you survive, that's a highlight in your military career."

Ferguson attended the prestigious National War College, a senior-level course in national security strategy, while he was pursuing a master's degree in business administration from CMU's Global Campus.

"You have to tailor your program to make it possible, and Central Michigan does that," he says. "These men and women going to war have to squeeze things in. Kudos to Central Michigan for making it work out for soldiers."

Ferguson says his business degree from CMU helped him immensely with his evolving career.

After his storied 26-year military career, Ferguson retired at age 49 and decided to go to law school on what remained of his GI Bill.

He went on to a successful 20-year career with Pensacola law firm McDonald, Fleming & Moorhead, much of it in business law.

"That business degree from CMU was a stepping stone," he says. It also helped him when he started work as a National Football League agent.

Ferguson was an attorney for players such as Emmitt Smith, Emory Smith and Danny Wuerffel, as well as designated counsel for numerous professional sports teams.

His Army background has served him well, he says.

"Plan. Prepare. Inform. Supervise. You need that matrix no matter what career you pursue," he says, "whether you're a business attorney, an NFL agent or anything else."

These days, Ferguson is a volunteer advocate for veterans, current service members and their families, as North Florida's senior civilian aide to the Secretary of the Army, a three-star level position.

Almost daily, Ferguson meets with active duty or retired members of the United States Army, helping them with everything from housing and education for their families to helping veterans adapt to civilian life.

"How do you continue to contribute?" he asks. "Give back to others." >

Ferguson (right) is pictured on a civilian aide trip to Fort Lewis, Washington, in 2014, when he visited with soldiers and commanders.

## Capt. Caitlin Hinterman

As a freshman at CMU, Caitlin Hinterman, '04, often walked past the Army recruiting station on Mission Street. Some days, when the recruiter was outside taking a break, he'd call out to her, "Hey, want to join the Army?"

One day, she took him up on it.

"I didn't have plans for that summer, so I joined the Army," Hinterman says. She laughs. "My family said, 'Really, Caitlin?'"

"I just get these ideas," she explains

Capt. Caitlin Hinterman

It may have started as somewhat of a whim, but Hinterman, now Capt. Hinterman, has stuck with the Army Reserve for 14 years.

Last spring, she was named Transportation Corps Reserve Officer of the Year.

It's a prestigious honor, worthy of a fancy awards dinner.

But Hinterman couldn't make it. She was too busy packing parachutes and jumping out of airplanes.

She spent several weeks last spring at the rigorous Aerial Delivery Materials Officer Course, where she honed those skills.

"It was incredible," she says.

And sobering.

"Lives are in your hands," Hinterman says. "If you don't pack the parachutes right, soldiers die."

Her title now is special projects officer, which means she could get tapped at any time to do just about anything.

That included crafting a plan to transport a Logistics Support Vessel, the Army's largest powered watercraft, across the country.

"I'm not just sitting at a desk doing one job," she says. This suits her just fine.

"I always was athletic, always up for a challenge," Hinterman says. "And I hate to fail at anything."

After simultaneously earning her bachelor's degree and ROTC commission from CMU in 2004, Hinterman became a transportation officer.

She deployed to Tikrit, Iraq, in 2007, then to Kuwait in 2010, where she held the position of plans officer for the Port of Ash Shuiaba.

But Hinterman the adventurer calmed a bit two years ago when she had a baby girl, Camille.

"It's a game changer when you have a child," she says. "Before I had her, I would say 'Sure, I'll go' to anything. Now, I don't want to leave her for a second."

"Before I had a child, my understanding of people with families, well, I didn't quite get it," she says. "I'd say things like, 'Well, you better find a babysitter, because you're going.' I had to make the mission happen and that was the only thing on my mind."

"Having Camille opened my eyes, big time," Hinterman says. "Now, there's a softer side to Caitlin. I can say, 'I've been there. It's hard. I know.'"

Capt. Caitlin Hinterman, Officer of the Year, is a great role model for Camille.

"Anything she wants to do is up for grabs," Hinterman says. "If anybody tells me I can't do something, I say, 'Well, watch me.' Already, she seems pretty resilient, too."

When Hinterman retires from the military in a few years, she plans to pursue a career in community recreation, using her degree from Central.

But she says she's already used her CMU knowledge – lots of times.

"In my recreation classes, the professors would assign us to be in charge of a team or in charge of planning a fundraiser," she recalls. "I didn't want to. I was shy. I didn't want to tell people what to do."

"That was my start in how to plan things, how to run things, how to supervise a team," she says. "When I was a lieutenant, I had to take a platoon of 25 people to Iraq. I used the same things I learned at CMU – supervising, putting a plan into action, delegating, making a team cohesive."

"Who I am now, it all started in 2001 when I walked into CMU," Hinterman says. "Everything has been a building block to the next step, to all I've been able to do."

## Adjutant General Deborah Howell, U.S. Virgin Islands National Guard

The U.S. Virgin Islands hadn't experienced a hurricane in 100 years, so when Hurricane Hugo smashed into the islands in 1989 with 200 mph winds, residents were both battered and shocked.

Deborah Howell, '95, a lifelong island resident, was in the Virgin Islands National Guard. She helped with relief and rebuilding efforts as stunned island residents struggled without power for four months. They needed water, food, shelter and comfort.

Helping when disaster strikes is part of what drew Howell to join the Army right out of high school.

But this was personal.

"It's even more touching when it's your neighbors," Howell says from her office in St. Croix. "It's people you know. You see the pain in their eyes. You realize a simple bag of ice makes a big difference for them."

"This is why we serve."

It's kept Howell serving in a career that recently propelled her to her prominent role as Adjutant General of the U.S. Virgin Islands National Guard. She's in charge of the day-to-day coordination and management of the Army and Air National Guard there.

Howell is the first woman in the position.

"It's not the 'first' part of it that's important to me," Howell says. "But it lets the young girls in our predominantly black community know that somebody like me can do this. I can be a role model for

achieving beyond the norm. That's important to me."

Howell rapidly rose through the ranks of the National Guard, serving as a field service company commander and a troop command battalion commander.

She spent 1994 and 1995 as a researcher in Washington for the Army National Guard before returning to the Virgin Islands force. By 2001, she was the chief of joint staff, essentially the second in command.

"At the beginning I thought, 'I'm just going to do this for 10 years,'" she says. Suddenly, she says with a laugh, 32 years had passed.

Howell retired in 2010, but when the governor tapped her, post retirement, to be the new adjutant general, she couldn't refuse.

"Once you get in and realize the difference it makes in people's lives, it's hard to leave," she says.

When she decided to pursue a master's degree in business administration while working in Washington, D.C., Howell turned to CMU's Global Campus.

"The program was very exciting," she says. "Our classes were in the Pentagon."

One of her instructors was Alexis Herman, who would go on to be U.S. Secretary of Labor.

"The whole degree is a lot more than you pay for," Howell says. "It's not just the book work, but the whole experience that surrounds you. I loved the discussion, hearing different views.

"I've been able to apply a lot of the principles that I learned," she says. "I could go back in my mind and remember discussions we had, and draw on them."

Howell says inspiring mentors guided and challenged her throughout her career: "People were always seeing a bit more in me than I saw in myself."

Now, she's paying that forward.

Howell is a church youth group leader, a Rotarian and spent time as a Girl Scout leader.

She visits local high schools to encourage students. You'll often find her at a local youth sporting event.

"I'll sit on the side where nobody is cheering," she says. "I'll be their champion." •

Colonel Howell, Chief of Staff, greets U.S. NORTHCOM commander at the Henry Rohlsen Airport on St. Croix on his first official visit to the Virgin Islands in 2004.

## Student Veterans of America helps foster a smooth transition to campus

Shortly after Army veteran Nick Mellon returned from eight months in Afghanistan, he was in the midst of freshman orientation at CMU.

Surrounded by 18-year-olds who moved to campus fresh from their childhood bedrooms, he felt completely out of place.

So he headed to the Student Veterans of America, where a whole group of students knew exactly how he felt.

"Finding a group of like-minded people was so important for me," says Mellon, 23, a sophomore studying accounting. "They understood everything I was going through. In the Army, I was used to working with my hands and my back. Sitting in a classroom was a whole different mindset. They helped me tremendously."

Student Veterans of America is a national organization with chapters at colleges and universities across the country. The goal: help veterans make a smooth transition from the military to college and provide a community of support.

While the CMU Veterans' Resource Center helps vets and their dependents with the paperwork and questions related to benefits and other issues, the student group is more about personal connections, says Mellon, president of the group.

"We're a student community for veterans, so they feel welcome," he says. "The need can be as simple as, 'I need a couple guys to help me move my couch.' We're there for each other."

The student group also provides a social component, says Duane Kleinhardt, director of CMU's Veteran's Resource Center and a U.S. Army 1st sergeant.

"They're older than the average college student. They have life experiences and skills beyond the average college student," Kleinhardt says. "They feel a little out of place in a normal classroom. They're 24 or 25, and they're sitting in English 101 with 17- and 18-year-olds. It can feel awkward."

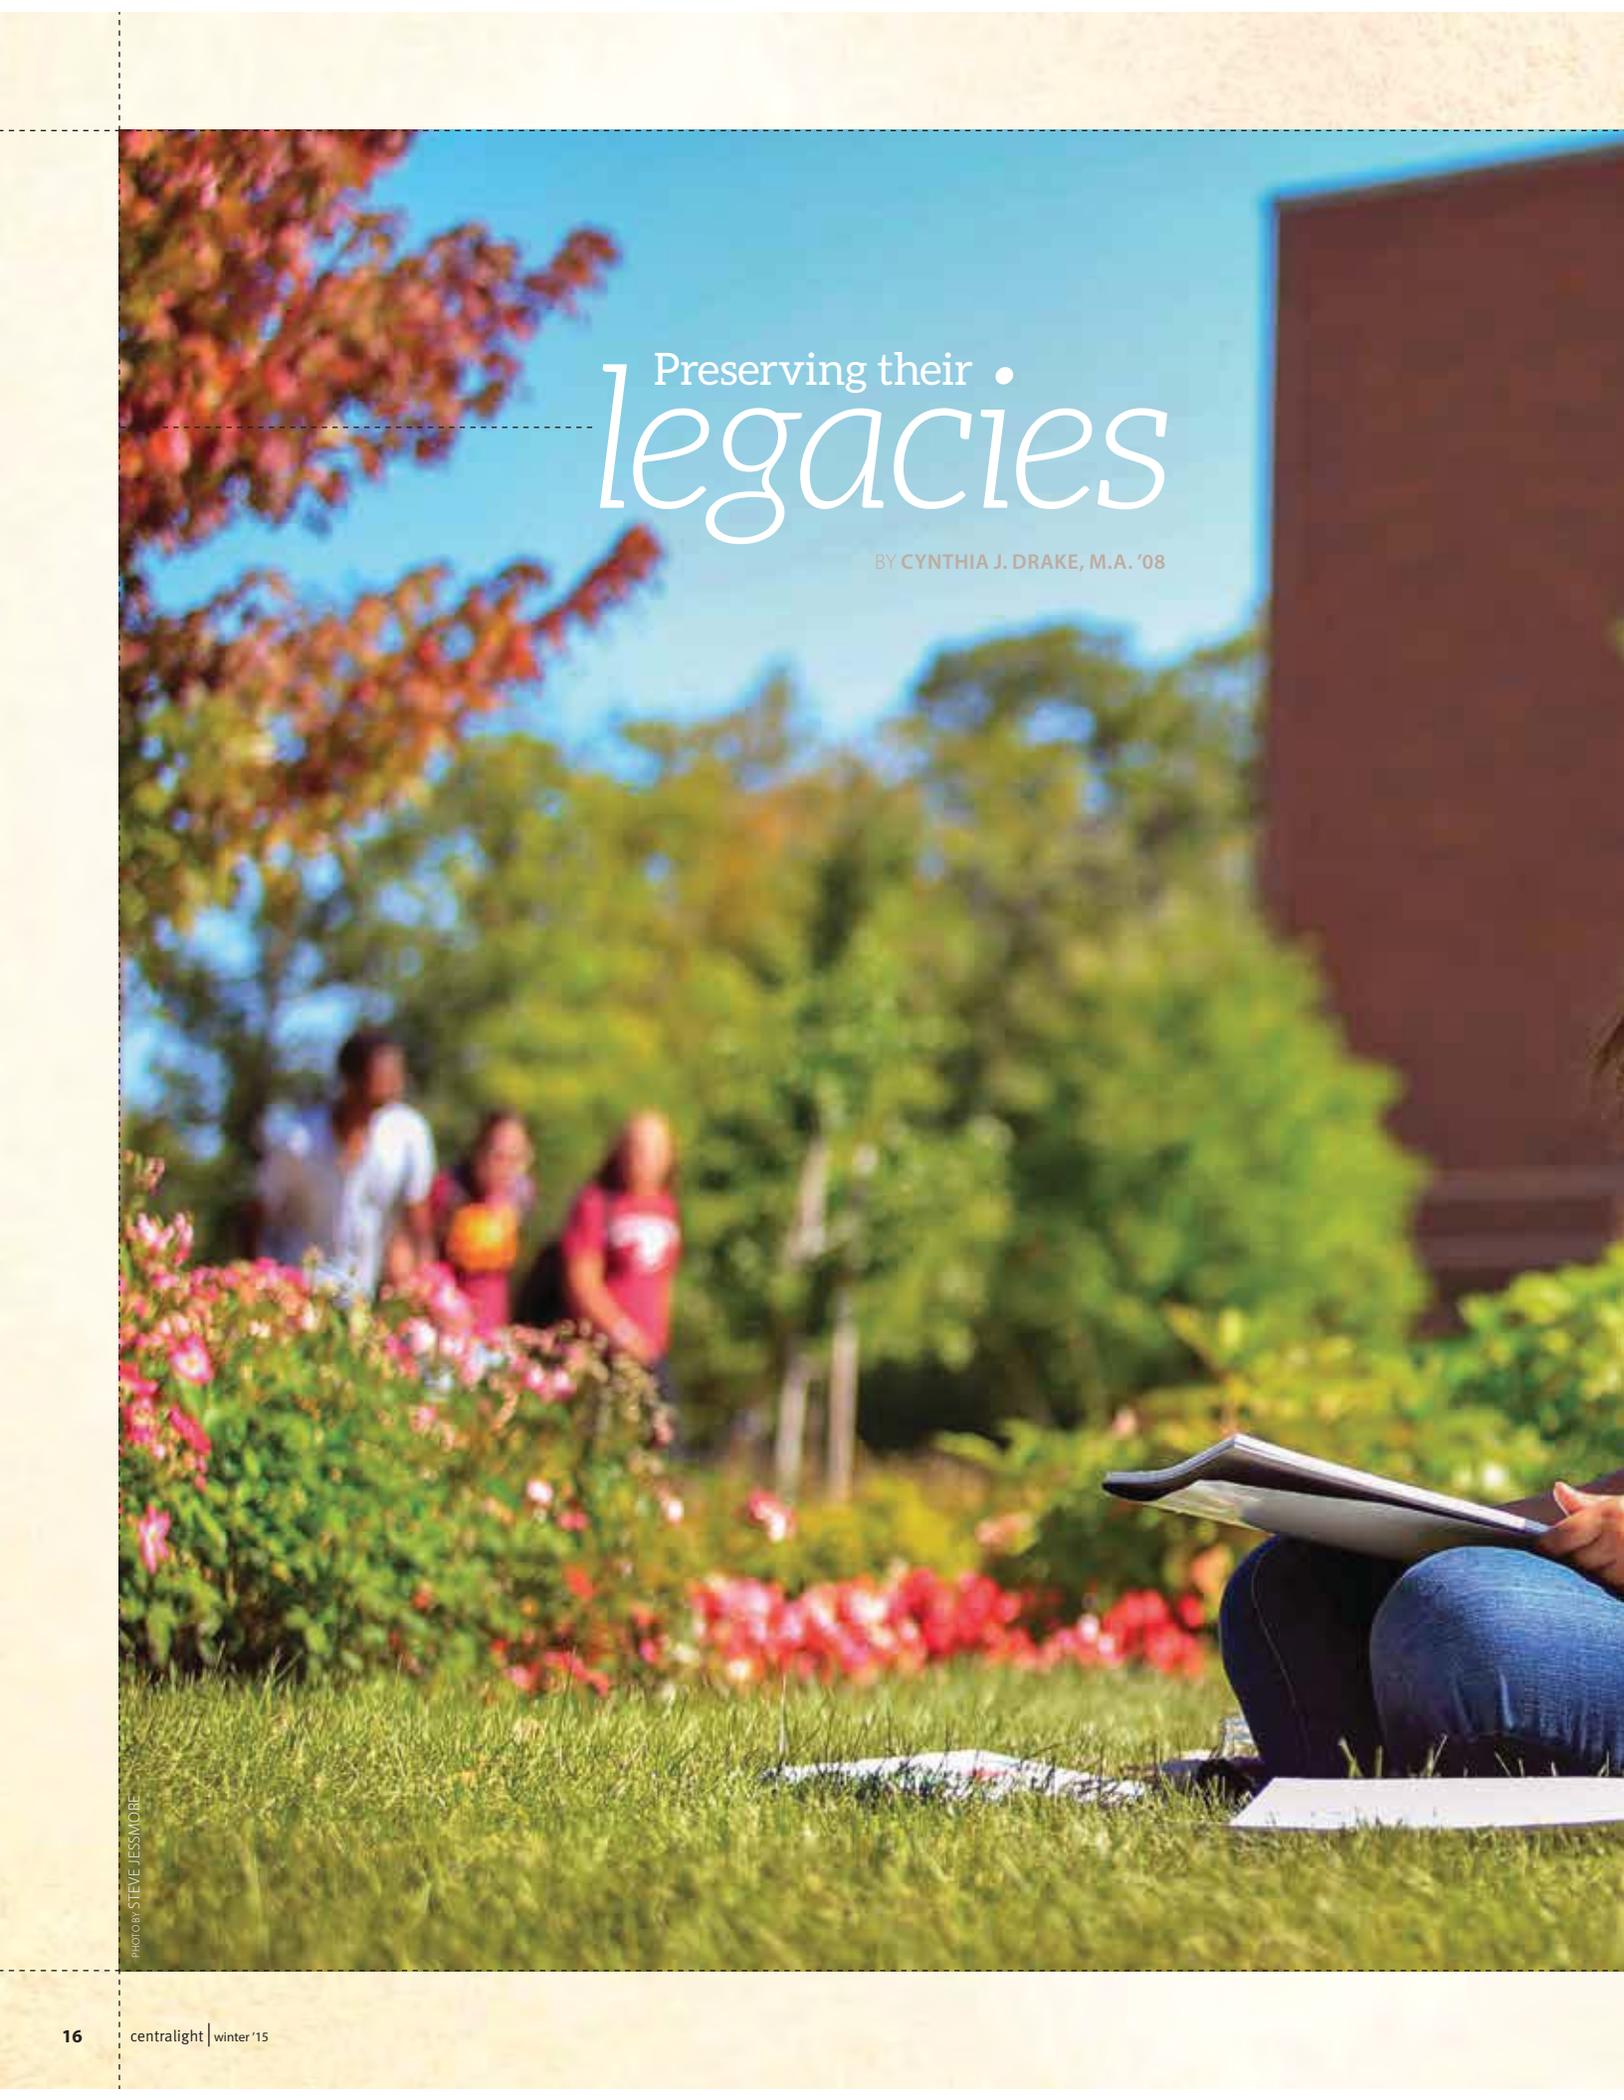

Despite the challenges, "Central has been amazing," Mellon says. "The student body has reached out to us, shown us support."

A group of speech pathology graduate students offers study tips to veterans with minor traumatic brain injury. Campus groups invite the student veterans to tell about their experiences. Student Disability Services has visited their biweekly meetings to explain how their office can help.

Says Mellon: "We make veterans feel welcome, as long as they need it." •

CMU development staff members often hear donor stories that touch their hearts. Every year, gifts to the university are made in memory of friends, loved ones, and special events or relationships that began on campus.

Three of those stories, each with heartfelt reasons for giving, follow in these pages.

Donors hope that by making gifts to CMU they are paving the way for history to repeat itself – for generations of students to be inspired, to dream and to one day pave the way for someone else. >

PHOTO BY STEVE JESSMORE

## Alumnus focuses gifts on helping students tackle the 'big issues'

W. Curtis White, '67, M.A. '68, Hon. D.C.S. '14, has long been inspired by the holistic integration of science with business and the arts.

That guiding principal inspired White and his wife, Pat, in their decisions about more than \$220,000 in gifts benefitting the CMU Fabiano Botanical Garden, public broadcasting and athletics.

"It's the altruistic idea that the problems of the world center on things that can be impacted by the application of good science," says White, who started his career as a microbiologist and chemist for Dow Chemical Co. in 1962.

"I'm talking about big things, like hunger, dealing with waste, energy – the really salient problems of today and the future. Science isn't going to solve the problems. Science becomes a

tool, and it's going to take business people, it's going to take everyone in society, to solve the problems," he says.

"If we can stimulate some crossover between the sciences and the other disciplines, we see that as constructive for solving the problems that we have today and in the future."

The Whites' gift to the botanical gardens means students studying botany and biology – as well as artists and poets – will benefit from the evolving landscape. "It's more than just a bunch of flowers and plants and a pond, it's a performing arts stage. It's the chance for photographers and painters and poets to enjoy the natural setting, and for school children to integrate with the campus community," White says.

He also helped underwrite scholarships for college students to go to Europe and learn about environmental issues and social problems through the Curt & Pat White Award for Public Service. He made gifts to public broadcasting and Beaver Island research, and he has been involved in CMU's New Venture Competition. In 2015, he was named ambassador to the NVC and a Mentor in Residence. He also has served on the College of Science and Technology's Alumni Advisory Board.

"That's a good investment, a really good investment," he says of each of the gifts. "It's going to provide ways for young adults to better understand their world and to integrate these ideas with a big goal to solve problems for a better world." •

Shirley Witzke Krause, Kelsey Rice and Nancy (Ruhlig) Persinger

## Alumna honors a dear friend with a scholarship

Shirley Witzke Krause, '67, met her friend, fellow teacher Nancy (Ruhlig) Persinger, in 1963.

Fifty years later, Krause would honor that friendship with a scholarship for the next generation of teachers with dreams of making a difference for children.

Krause now lives in Seaford, Virginia; Persinger taught second grade for 47 years at Jesse Loomis Elementary School in Saginaw.

"Observing and talking with Nancy when I'd come home from CMU really inspired me, due to her enthusiasm and love for the teaching profession," Krause says. "Nancy had a true love for teaching young children. She had a special ability to connect with love and discipline."

Persinger retired in 2010 due to poor health, and she has battled cancer for 10 years. That same year of her retirement, the newly rebuilt Jesse Loomis Math, Science and Technology Academy honored her by naming the media center for her.

Seeing her friend honored by the

school, Krause wanted to take another step toward preserving Persinger's legacy, so she founded a teaching scholarship at CMU in her name.

The two friends met the first recipient of the scholarship, Kelsey Rice, at a scholarship luncheon in 2014.

"The experience proved to be wonderful," remembers Krause. "Kelsey was very interested in our experiences as teachers. It was a joy to share in her enthusiasm about her future as a special education teacher. It brought back fond memories for Nancy, and how we felt when entering the teaching profession – high ideals, wanting to make a real difference in children's lives."

In some ways, the scholarship has brought the two women back to their roots 50 years ago and reconnected Krause with the university that started her on her life's path.

"CMU gave me the opportunity to have a better life," she says. "Finding a career you truly love . . . CMU provided that for me, and no one can take that away." •

## Scholarship honors late wife's dream of helping others

Col. Gene Bruce served a large part of his life in the Army, retiring in 1990, three months short of 29 years of military service.

That commitment would not have been possible without the support of his first wife, Mary Lou Bruce, who died of cancer in 1981 and for whom he named a scholarship two years later. The Mary Lou Bruce Scholarship is open to students majoring in community or school health education or graduate students in public health.

"She was a wonderful human being, a devoted mother, a loving wife and career partner to me, a staunch military wife, and so much more," he says. "My military career was a successful one in large part due to Mary Lou's support of me and others in the military family."

Mary Lou Bruce worked for a year as a physical education teacher before devoting her time to raising her family, says Col. Bruce. She pursued a master's in health education, graduating in 1973. But she also was an artist at heart.

"Her plans for using her master's degree were just developing," he says. "Once we became empty nesters, she envisioned working in public health in some capacity to help others."

"My wife, Jane, and I created the scholarship to honor Mary Lou in the community where she felt so much at home. Our basement on Watson Road was her painting studio," he remembers. "She and her friends spent many hours perfecting their art, and many of her art works hang in our home to this day."

"She never mentioned art as therapy, but I can certainly envision her doing that. Jane and I hope the scholarship will help encourage students to succeed and never give up."

Col. Bruce is enshrined in the CMU ROTC Hall of Fame, having been a part of CMU's cadre from 1972 to 1977. Throughout his career, he was stationed in Germany and Korea, and served two tours in Vietnam. He oversaw ROTC programs in Arkansas and Louisiana and served as director of the Army's continuing education program in Washington, D.C.

Following his military career, he worked in higher education administration in Indiana. He currently lives with wife, Jane, in South Bend, Indiana. •

# Finding joy in Oaxaca

## Students, faculty connect with children at Mexican orphanages

Sometimes inspiration comes from unexpected places.

Just ask the 17 students and three faculty members from CMU's College of Education and Human Services, who traveled to Oaxaca, Mexico, on a service trip this summer.

Oaxaca is home to one-third of the country's indigenous population, and it is also one of the poorest states in Mexico. Children there who live in orphanages, where the CMU group volunteered, do so in many cases not because they don't have families, but because their families live in extreme poverty.

"Even though they may have intact families, they can't afford to raise them. These aren't kids who are going to be adopted out to forever families," says Suzanne Gareiss, a recreation, parks and leisure services administration faculty member, who visited Mexico for the first time with the group.

Students raised money before leaving on the trip, which went toward their service projects, such as pea gravel for an orphanage playground and grounds maintenance. They also purchased some basic clothing and toiletry items for the orphanages.

Those who went have majors in child development, special education, recreation, parks and leisure services administration, and communication disorders. CMU students have been making this trip to Mexico for more than a decade.

Though they were only there for three weeks, some of the CMU

students made deep connections with the children from the orphanage. One child even asked a student to be his first communion sponsor.

"Going to another country with fewer resources brings out the best in people," says Mary Lou Schilling, another faculty member. "It was wonderful to be with the students for a three-week period, to get to know them as individuals, and to motivate them to share what they have with others who are less fortunate."

Human development and family studies professor Mikiyasu Hakoyama agrees, noting: "Some students grow tremendously during the Oaxaca program. It is a joy to see them grow."

Gareiss and Schilling did some fact-finding for the development of future programs while on the trip. Both noticed the lack of opportunities for children with disabilities, such as cerebral palsy or autism, and they hope to return in future years with therapeutic recreation students to implement some of their proven tools and activities.

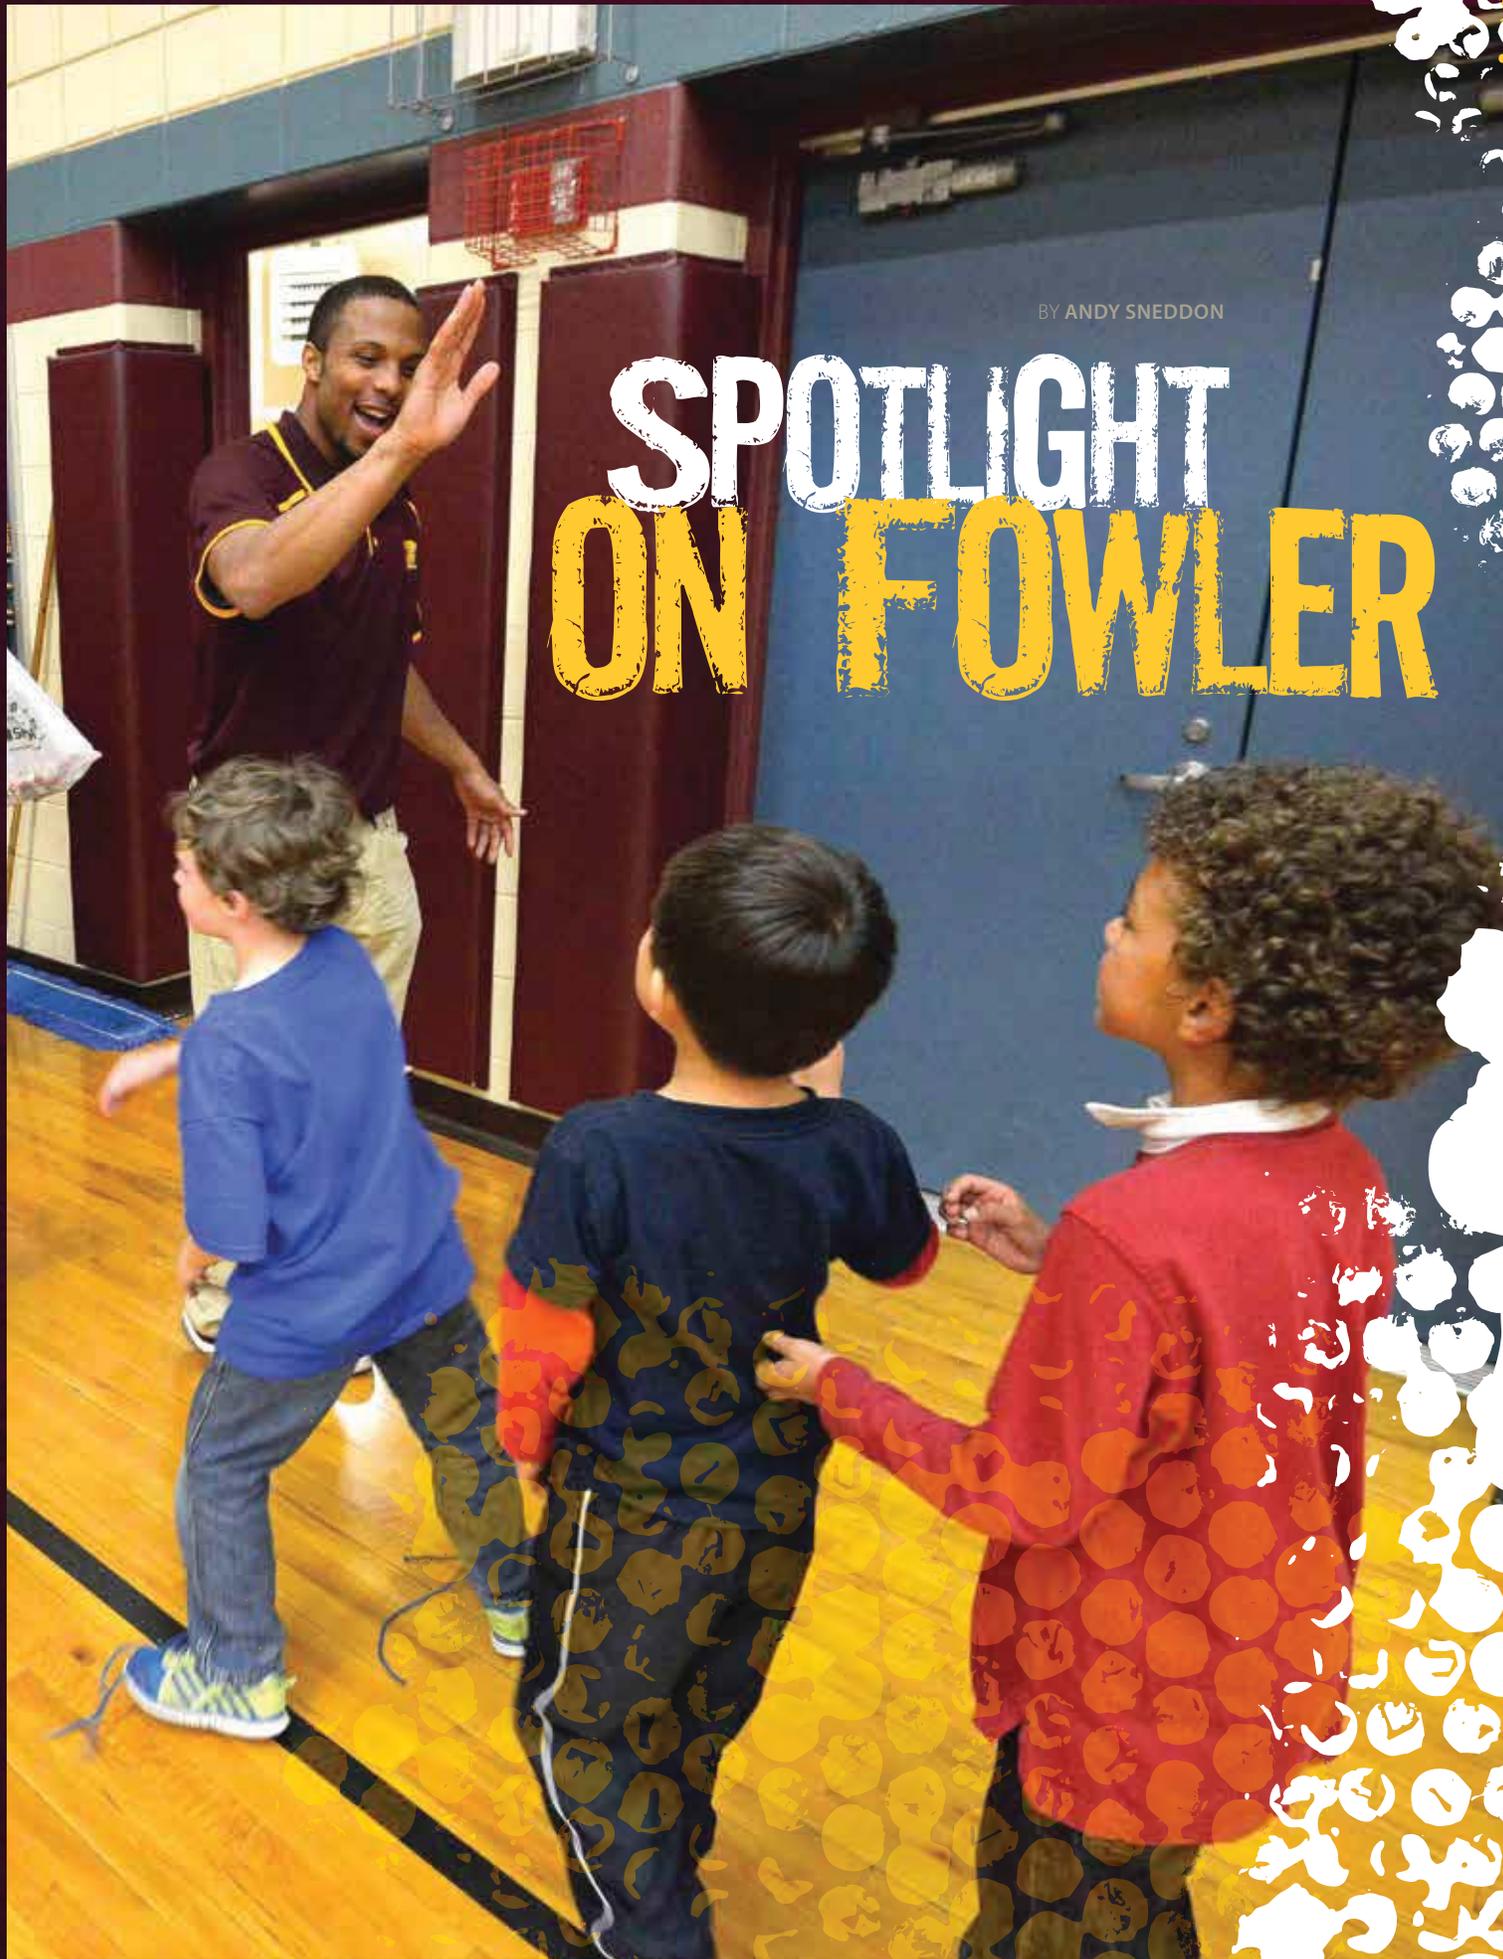

The field of recreation, parks and leisure services administration is essentially about people, Gareiss says.

"Our job as recreation people is to enhance leisure time so people have enriching lives – and incorporating tools of human kindness and humanness. That's what I think RPL students are good at." •

BY ANDY SNEDDON

# SPOTLIGHT ON FOWLER

## SENIOR GUARD POISED TO SHINE ON THE COURT AS WELL AS ON THE STAGE FOR CMU

Central Michigan basketball player Chris Fowler has taken some hits.

Many, in fact.

But it isn't about what happens to you that matters – it's how you react.

Fowler got up and kept getting up.

He got up from six surgeries on his right knee. He got up after being knocked around by his older brother in one-on-one driveway basketball. And he got up after the men's basketball program went 21-42 in his first two years on campus.

"The joy of life is in the process," says Fowler, a 22-year-old senior guard and the linchpin of the resurgent CMU men's basketball team that, in 2015, won the Mid-American Conference regular-season championship for the first time in more than a decade. "The process of waking up every day and trying to be the best that you can be – that's helped me tremendously."

A member of coach Keno Davis' first CMU recruiting class, Fowler joined a program that had not finished with a winning record since 2003. CMU won 23 games last season, more than it won the previous two years combined. Fowler averaged a league-best 6.1 assists per game, led the Chippewas in scoring and was runner-up in MAC Player of the Year voting.

Today, the Chippewas harbor legitimate hopes of landing a coveted NCAA Tournament berth.

"He's the guy they're going to learn from," Davis says. "They're going to learn that this is how we conduct ourselves on the court, this is how we conduct ourselves off the court, this is how we conduct ourselves in class."

"He's been as important as you can be to our program, and yet I don't think you can really quantify how important he is until maybe down the road, when we look back at what this program develops into in the next five, 10, 15, 20 years."

### PLAYING AN INSTRUMENTAL ROLE

Their commitment was a mutual leap of faith: Davis needed a leader around whom to build a program, and Fowler needed a place to play after every other school – Michigan, Stanford and several Ivy League schools among them – lost interest when yet another knee injury and subsequent surgery robbed him of his junior year of basketball at Detroit Country Day.

After a year of prep school in Florida, CMU was Fowler's lone Division I offer. Today, nobody is talking about his knees, and he has started 94 consecutive games.

Part of Fowler's competitive nature was cultivated in the driveway of the family home in suburban Detroit, where Chris and his brother, Bennie, engaged in myriad one-on-one games. Bennie, two years ahead of Chris in school, is now a wide receiver with the NFL's Denver Broncos.

"He made me get off the concrete all the time," Chris says. "He made me keep fighting, made me keep getting up."

Fowler, a theater major, carries a 3.47 grade-point average. Among his list of accolades are two Academic All-American nominations and a spot in 2015 as a finalist for the Lou Henson National Player of the Year Award.

Seniors Chris Fowler and Allie Jackson starred in the CMU University Theatre's fall production of "Vanya and Sonia and Masha and Spike."

He serves as leadership chair of the Central Michigan Basketball School Matters program, is a two-time nominee for the Allstate Good Works Team, and he volunteers for Special Olympics and Meals on Wheels.

He was the 2015 winner of the CMU Bill Boyden Leadership Award.

This fall, he landed a lead role in the on-campus theatrical production of the Tony-winning Christopher Durang comedy "Vanya and Sonia and Masha and Spike." Fowler's interest in theater sprung from his desire as a high school student to make himself more attractive to colleges when the knee injury threatened his basketball future.

"I've learned a lot of lessons," Fowler says. "I'm very religious. I try to live my best under God's plan, under God's will. I feel that everything that has happened to me has happened for me."

"In March, when it's all over, I have to look back and say, 'Did I put in every ounce of work to how I wanted to be?'" Fowler says. "Did I portray myself how I wanted to portray myself?"

"If I can look at myself in the mirror and say, 'You did what you could.' Then that's enough." •

Hidden Central:

## Engineered to succeed

### CENTRAL'S BURGEONING ENGINEERING PROGRAM GAINS A MASTER OF SCIENCE

CMU launched a new Master of Science in engineering degree last fall, furthering the university's growing reputation as a leader in STEM education and a premier university for engineering.

The program, offered through the School of Engineering and Technology, is bolstering training and research opportunities and is feeding a growing need for engineers in the workforce, particularly those interested in working for research and development in industry.

The degree requires 30 credits – 24 credit hours of course work and six for research – and a successfully defended thesis. Up to nine credit hours can be double-counted from appropriate undergraduate courses for

acceptance into an accelerated M.S. in engineering degree track.

"It's a very research-intensive program, with the second year dedicated to students working with faculty on research projects," says Tolga Kaya, assistant professor of electrical engineering.

"Graduates will be able to successfully apply advanced concepts in areas such as materials science, mechanics, photonics, electronics and nanotechnology to improve production processes and techniques in research and development areas of engineering industries."

Students should visit [grad.cmich.edu](http://grad.cmich.edu) for more information or call (989) 774-4723.

# Honoring *outstanding* ALUMNI

## GIVING AND RECEIVING

*Alumni honored for their contributions to CMU*

Central Michigan University is an innovative and dynamic university thanks to alumni who give back to their alma mater with their time and resources. Six people and one organization were recognized in September at the annual CMU Alumni Awards ceremony. The 2015 honorees are:

Dr. Thomas Keating

### Honorary Alumni Award

**Dr. Thomas Keating**

Dr. Keating is the founder of Central Michigan Orthopedics and was a physician for CMU Athletics from 1978 to 2014. He also supervised athlete care as medical director through 2006.

During his career, Dr. Keating served on the sidelines for more CMU football games – home and away – than anyone in school history. In 2000, the Dr. Thomas M. and Jayne Keating Scholarship Fund was established to

support education benefiting high school students from Isabella County pursuing careers in the medical field.

Veba Chamichian

### Veba Chamichian

Chamichian's passion for music began when she met her husband, Dr. Soren Chamichian, a Mount Pleasant eye doctor and a distinguished violinist.

Throughout their lives, the Chamichians attended numerous CMU music events, and Dr. Chamichian performed in many string quartets and duets with CMU music faculty. Today, the School of Music hosts a variety of performances in Chamichian Recital Hall, and student musicians benefit

from the Chamichian Master Series, which brings professionals to campus to work one-on-one with students.

### Alumni Service Recognition Award

**Adam Bayne, '04  
Dr. Melissa Bayne, '02**

The Baynes' commitment to the Mary Ellen Brandell Volunteer Center is unprecedented. The alumni couple has promoted volunteerism through speaking engagements, hosting Alternative Weekend groups, founding the Volunteer Center Alumni Chapter at CMU and serving on the CMU Volunteer Center Alumni Executive Board. He is the principal of Holton Middle and High School, and she is an obstetrician-gynecologist at Spectrum Health Gerber Memorial Hospital.

Adam Bayne, '04  
Dr. Melissa Bayne, '02

Scott McNeal, '79

### Alumni Commitment Award

**Scott McNeal, '79**

McNeal is the founder and owner of Gus Macker LLC, the legendary 3-on-3 basketball tournament hosted across the country. CMU students plan the event on campus each year, and McNeal donates \$10,000 to the CMU Events Center to help the students involved. McNeal was selected as the 2011 Homecoming Grand Marshal and also is a season ticket holder with CMU's football and men's basketball teams.

Jeff Lichon

### Foundation Partner Award

**The Jeff Lichon Spinal Cord Injury Foundation**

The mission of the Jeff Lichon Spinal Cord Injury Foundation is to provide student scholarships and grants, with an emphasis on curing spinal cord injuries and other neurological disorders. It also is committed to enhancing the quality of life of children living with these conditions. The foundation has set up a five-year stipend agreement with CMU

for graduate students in the neuroscience program. In addition, the foundation has established a \$100,000 endowment to award scholarships to CMU graduate students.

**Distinguished Alumni Award**  
**Kevin Cotter, '99**

Cotter was elected to the Michigan House of Representatives in 2010. After winning two re-elections, he is serving his last term. He also was appointed Speaker of the House for the 2015-16 legislative session. Cotter served as the 2015 CMU Homecoming Grand Marshal.

PHOTO BY MIKE QUILLINAN, HOUSE REPUBLICAN CAUCUS PHOTOGRAPHER

## CMU alumni board member honored by Lansing Chamber of Commerce

John Kaczynski

The Lansing Regional Chamber of Commerce's 10 Over the Next Ten Award recognizes the Lansing region's top young professionals expected to contribute significantly to the greater Lansing community over the next 10 years. John Kaczynski, '03, M.P.A. '08, was one of this year's winners.

Kaczynski, who serves on CMU's Young Alumni board, is the director of governmental affairs at Saginaw Valley State University. He has worked on various policy projects for the state and for local governments, including a transportation project for Cadillac, a brownfield redevelopment project for Grand Haven, a strategic planning session for Saginaw, and community surveys for Bay City and Midland. •

Grand Haven, a strategic planning session for Saginaw, and community surveys for Bay City and Midland. •

## Alum selected as a west Michigan business leader

Josh Gibbs

Josh Gibbs, '12 MBA, was selected as one of Grand Rapids Business Journal's 40 Under Forty business leaders.

"A lot of professors in Grawn Hall poured their knowledge into my brain," Gibbs says. "I'm just happy I was able to absorb most of it! I've had quite a

career ride, and I'm very appreciative of what I took away from CMU."

Gibbs is the president of Commercial Bank's Greenville branch in west Michigan. He was promoted to that position five months into his tenure at the bank.

"Josh is a very dedicated employee," Commercial Bank CEO Kevin Collison tells the Grand Rapids Business Journal. "He has worked hard to build a network of business associates in the Grand Rapids market to build business relationships for the bank and his customers."

Gibbs is an active member of the Greenville community. He is a member of Rotary Club International and serves as a board member of the Patient Family Advisory Council at Spectrum Health United and Kelsey Hospitals. He also enjoys coaching his son, Grahm, in various sports through the local recreation department. •

Jessica Fuller

## Educator piles up honors in California

Jessica Fuller, '04, has had a pretty great year.

For the second time in three years, she was named teacher of the year in the Corona-Norco United School District in California's Orange County. And the Santiago High School language arts teacher was invited to speak at the "Ed Talks" portion of the Bill & Melinda Gates Foundation's Better Together summit, offering her unique point of view on inspiring students.

She also was featured in the "Be the One" educational seminar at the University of Redlands in California.

After teaching for eight years in a traditional high school setting, Fuller took a job at a continuation school for students who have been expelled. Since working there, she has learned about the vital role hope plays in reaching goals, factors that build personal resilience, the transformational power of kindness, the importance of cultivating community, and the pivotal role adults can play in the lives of young people.

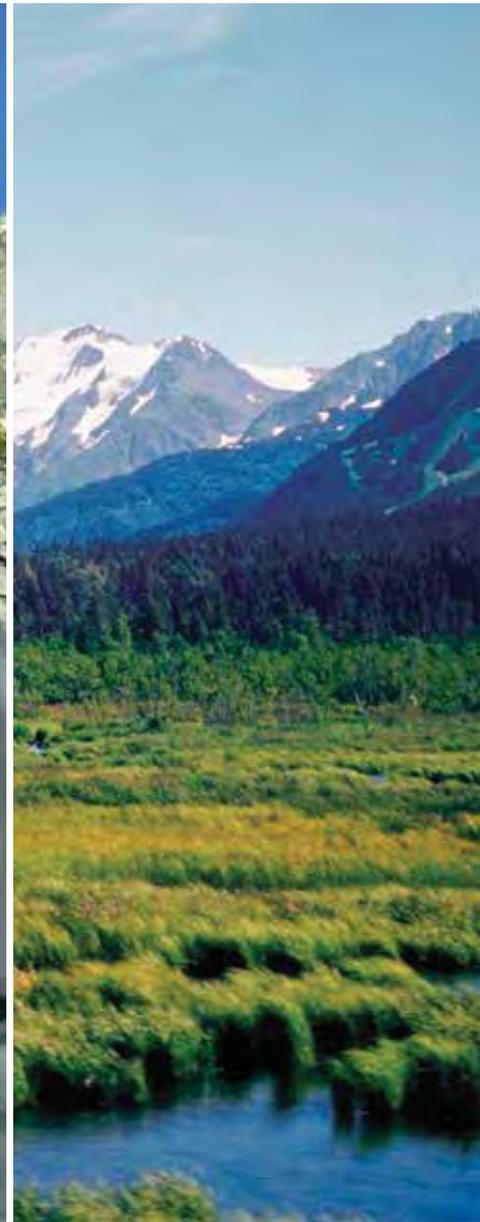

Fuller combines experiences from her life both in and outside of the classroom with humor and heart to encourage educators and administrators to live out "their best self," which in turn invites students to do the same. She says she believes examining our most deeply held beliefs about ourselves and about students allows educators to recognize their personal strengths and help students do the same. •

Poma, third from left, helps cut the ribbon for his hospital's new endoscopy department

## Alum named VP of St. John Providence Health System

Frank Poma, '89, has accepted the role of vice president of the Heart and Vascular Center of Excellence for St. John Providence Health System in Warren. Poma has been with the health system for more than 40 years. He also will continue his role as president of St. John River District Hospital in East China, Michigan. •

## Award-winning TV producer welcomes President Obama to Alaska

This summer, in an effort to find funny, relatable ways to talk about climate change, the White House reached out to CMU alum Delbert Shoopman, asking how President Obama could be included in an episode of Shoopman's "Running Wild with Bear Grylls." The NBC show features the famed adventurer and naturalist taking celebrities on journeys to some of the wildest and most remote places.

"We'd just wrapped season two, I had just gotten married, and during all of that we had a voicemail from the White House," Shoopman recalls. "My honeymoon turned into a working honeymoon."

Fortunately, his wife was understanding.

Shoopman, who created and produces the show, worked with the White House and Secret Service on logistics and soon found himself in Alaska with the president.

"We only had two hours to shoot with him," Shoopman says. "He was the nicest guy, down for the majority of activities we threw at him."

When they weren't filming, Shoopman says he and Obama "just talked about normal stuff." Shoopman, a nondegree-holding alum who was a theater and broadcast student, was proudly wearing his CMU hat on the set.

"He asked about my hat, and we chatted about MAC football," Shoopman says. "Since he's from Chicago and a sports enthusiast, he knew a great deal about the MAC."

The episode is still being edited, with a broadcast date to be determined, but you can see clips of it here: <http://www.nbc.com/running-wild-with-bear-grylls>.

Shoopman is the executive producer, consulting producer and creator for a multitude of television shows both in the United States and abroad, including "The Island" (Channel 4 U.K./NBC), "Running Wild with Bear Grylls" (NBC), "Britain's Biggest Adventures" (iTV), "Survival School" (iTV) and "Get Out Alive" (NBC). "The Island" earned Shoopman his first BAFTA award (the U.K. equivalent to our Emmys), as well as a Royal Television Society Award in 2015. •

## In Memory

### Barbara M. (Hammond)

**Simmons**, '38, Mount Pleasant,  
Mich., died Aug. 18, 2015, age 98.

**Maxiene B. (Pardee) Healy-  
Erath**, '41, Culver, Ind., died Sept.  
10, 2015, age 95.

**Minerva P. (Parker) Chaney**, '42,  
Durand, Mich., died Aug. 6, 2015,  
age 95.

**Carl Shafer**, '42, Jacksonville, Fla.,  
died Dec. 19, 2014, age 95.

**Pauline M. (DeMott) Ballou**, '43,  
Albion, Mich., died Aug. 17, 2015,  
age 94.

**Hannah J. (Rogers) Yackle**, '44,  
M.A. '68, Pigeon, Mich., died June  
29, 2015, age 93.

### Barbara (Brueck)

**Schwendemann**, '47, Suttons  
Bay, Mich., died June 23, 2015,  
age 90.

**Betty L. (Dorr) Wallace**, '47, M.A.  
'62, Fort Pierce, Fla., Sept. 13, 2015,  
age 89.

**Simon S. Guerriero**, '49, Allen  
Park, Mich., died June 3, 2015, age  
92.

**Bonnie H. (Horman) Kennett**,  
'49, Midland, Mich., died July 9,  
2015, age 87.

**William H. Figg**, '50, M.A. '59,  
Englewood, Fla., died Aug. 14,  
2015, age 89.

**Harold E. Sheets**, '51, Sterling  
Heights, Mich., died Aug. 22,  
2015, age 87.

**Marie Sleno**, '51, Owosso, Mich.,  
died Aug. 2, 2015, age 91.

**Keith W. Pietscher**, '52, Bad Axe,  
Mich., died June 28, 2015, age 84.

**John P. Viau**, '53, Cheboygan,  
Mich., died Aug. 25, 2015, age 83.

**Alfred J. Jankowski**, '54, Caro,  
Mich., died Aug. 25, 2015, age 83.

**Betty J. (Horski) Figg**, '55,  
Mount Pleasant, Mich., died Sept.  
27, 2015, age 85.

**Faith (Cresswell) Best**, '56,  
Alma, Mich., died Oct. 1, 2015,  
age 95.

**Rae J. (Huffman) Johnson**, '57,  
Lansing, Mich., died Aug. 19, 2015,  
age 79.

**Shirley A. (Brown) Roberts**, '57,  
Midland, Mich., died Aug. 9, 2015,  
age 78.

- Charles R. Kreher**, '58, Salt Lake City, Utah, died Sept. 23, 2015, age 79.
- Dwight W. Smith**, '58, M.A. '63, Ed.S. '78, Traverse City, Mich., died Oct. 4, 2015, age 82.
- Gerald A. Barber**, '59, Midland, Mich., died Sept. 1, 2015, age 82.
- Paul D. Schell**, '59, M.A. '63, Traverse City, Mich., died Sept. 23, 2015, age 78.
- Max D. Hall**, '60, Williamston, Mich., died Sept. 22, 2015, age 84.
- Arlene M. (Polcin) Luskin**, M.A. '60, Grand Rapids, Mich., died June 30, 2015, age 92.

## Sculpture contest

For decades, snow sculpture contests among various groups were a mainstay of student life at Central.

The theme of the third annual contest, in 1962, was "Central's Fantasy Land." The competition was open to all campus organizations, and groups were allowed to build one sculpture each during a three-day stretch in early March – if there was snow.

Three faculty members and two photographers judged the contest that year. The winner of CMU's traveling trophy: A massive dragon built on the Warriner Mall by Sigma Phi Epsilon.

The spirited winter contest lasted on campus through the early 1990s. •

# Giving back

John Genette, '76, and  
Andrea Dickey Genette, '78

John Genette, '76, and Andrea Dickey Genette, '78, support communication and fine arts students.

Central Michigan University offered many opportunities to create and participate in original theatrical productions. This prepared the couple to pursue graduate school and establish their talent agency and entrepreneurial careers.

The Genettes are establishing an endowed award for students in the College of Communication and Fine Arts or who plan to pursue a career in theater.

"My years at CMU were formative and still resonate," John said. "There's no better feeling than giving back and making an experience I was grateful for available to a new generation."

## Give today for the future

Like John and Andrea, you too can help students gain new opportunities. To learn more about this and additional ways to give back to Central Michigan University and the next generation of students, contact:

## CMU seeking federal accreditation, asks for Mt. Pleasant's support

By *Adrian Hedden*,  
[@AdrianHedden](#)

POSTED: 02/11/16, 12:13 PM EST

UPDATED: 1 WEEK, 4 DAYS AGO

1 COMMENT

Central Michigan University, which represents thousands of student residents and millions in economic impact, is seeking public input from Mt. Pleasant towards national accreditation.

An avenue toward federal funding, accreditation is gained to colleges and universities every 10 years. For CMU, the process will take place this year.

Vice Provost of Academic Effectiveness Claudia Douglas spoke at Monday's city commission meeting, explaining the process and encouraging the public to provide comments.

"The higher ed. commission affirms the quality of the university's education," she said "It looks at the university from all perspectives. We stand in very good standing with the commission. They will be

visiting CMU and they will be visiting Mt. Pleasant. They are here to affirm that we are a good investment.”

Planning a visit from the commission in late April, Douglas said documents will be finalized for it in mid-March. She said until then, CMU will seek public input into the quality of CMU and its position in the community. “They look at academics, facilities, and certainly finance,” she said. “It’s our ticket to federal funding.”

Douglas said to be accredited is a “testament to our quality.” She said accreditation gives students the distinction of graduating from a recognized university, while also attracting strong faculty and allowing students to transfer credits in and out of

CMU.

“The federal government is saying, we’d like to invest in you,” Douglas said.

CMU submits annual data reports to the Higher Learning Commission, she said. The criteria CMU will be evaluated on include the university’s mission, its integrity and ethical conduct, and the quality of its resources and instruction.

She said CMU’s evaluation and academic improvement, along with planning and institutional effectiveness, will also be considered as additional criteria in the evaluation.

While government funding has recently been increased for charter and for-profit schools, Douglas said CMU is hoping to maintain its appeal to the federal government.

“I think you can hear the ring of for-profit schools in the background,” she said. “We want to make sure we’re on track.”

Public comments about CMU and its place in the community can be made online at hlcommission.org. Douglas said the HLC bases a large part of its evaluation on the university’s relationship with the city.

“They’re very interested in our relationship with our community,” she said. “There are many ways we partner with the community. We want to uphold that arrangement.”

City Commissioner Tony Kullick voiced his support of CMU. He said CMU is an important part of the Mt. Pleasant community, and asked if local officials could meet with the HLC when they visit Mt. Pleasant in April.

“(CMU) is a valuable part of our community,” Kullick said. “They engage with us frequently. Their students provide a variety of experiences here.”

Federal Compliance Document Evidence  
A2. Courses Greater than 6 Credits

## A2 Courses Greater than 6 Credits

Subject	Course	Min CR	Max Cr	Course Type	Rationale for Credit Hour Allocation
CHM	651	1	9	Advanced Topics/Special Topics	These courses are taken in 3 credit blocks and may be repeated to a maximum of 9 credits. Credit is determined according to federal guidelines.
CHM	665	1	9	Advanced Topics/Special Topics	
CPS	695	1	6	Advanced Topics/Special Topics	
BIO	610	1	9	Colloquium	
IET	429	1	30	Credit by Examination prereq, certified work experience	IET 429 is used to give students course credit for prior work experience. Work experience is evaluate and credit equivalent to the relevant courses is awarded.
CHM	791	1	6	Directed Research	These courses are research conducted under the supervision of a faculty member, but not as part of a structured class. Students receive one semester credit for 3 hours of effort per week for 15 weeks.
EGR	637	1	6	Directed Research	
NSC	496	1	6	Directed Research	
NSC	696	1	12	Directed Research	
NSC	800	1	12	Directed Research	
BIS	410	3	6	Directed Work/Observation/Internship	Curricular practical training can be fulltime defined by the federal government as work that is 20 hours or more per week, or part time that is fewer than 20 hours per week. If international students want work experience, they must register for BIS 410/688 to be compliant with visa regulations. Typically, students receive 1 credit for each month that they work.
BIS	688	1	6	Directed Work/Observation/Internship	
DHA	898	1	12	Dissertation	Dissertation credit is awarded for a minimum of one semester credit for 3 hours of effort per week for 15 weeks. However, most students invest much more time and effort than this as they collect data and write their dissertation.
EDL	898	1	15	Dissertation	
EDU	898	1	18	Dissertation	
EES	899	1	12	Dissertation	
HST	898	1	36	Dissertation

PSY	898	1	12	Dissertation	
SAM	899	1	12	Dissertation	
EDL	880	3	6	Doctoral Internship	
CDO	898	3	6	Doctoral Project	Students enroll in 3 credits per semester with the expectation that they will spend at least 45 hours of effort for 1 credit hour.
HST	890	1	9	Doctoral Readings/Special Topics	Variable content and credit. Students receive 1 credit hour for at least 45 hours of effort.
EDL	899	3	6	Doctoral Seminar	EDL 899 is split into two 3 credit courses: historical and philosophical foundations, and current educational issues. Credit is awarded according to the federal guidelines; this course meets for 3 hours per week throughout the semester.
CDO	995	5	23	Externship	The clinical residency experience lasts for a full year (summer, fall, spring). Students elect 5 cr in the summer and 9 cr in the fall and spring to total 23 credits. This distribution of credits allows students to maintain full-time graduate status.
MUS	180	1	8	Fine Arts/Performance	Students enroll in one credit per semester for 8 semesters.
MUS	181	1	8	Fine Arts/Performance	
MUS	182	1	8	Fine Arts/Performance	
MUS	183	1	8	Fine Arts/Performance

HDF	320	3	6	International Service Learning		Students spend 3 weeks in Oaxaca, Mexico on a service learning experience. Most students earn one credit per week, but students who earn a total of 6 credits are responsible for planning activities and identifying all the necessary materials needed for the three weeks with the children at the orphanage. They also tend to step into a leadership role when in Oaxaca.
BCA	529	2	6	Internship		Internships are off-campus experiences that may be paid or unpaid. Course credit is usually determined by the federal guideline of three hours of effort (one hour in class, plus two hours outside of class) for 15 weeks equalling one semester credit. This converts roughly to one week of full time effort/employment per credit hour.

Subject	Course	Min CR	Max Cr	Course Type	Rationale for Credit Hour Allocation	
WST	497	3	6	Special Topics	Special topics courses are both variable credit and variable content. Students receive one credit hour for one hour of class time for 15 weeks; the same as for all other classes. If offered as independent study, one credit hour is awarded for at least 3 hours per week of effort.

CHM	794	1	6	Exploring teaching techniques	Students receive one credit hour for three hours of effort per week for 15 weeks.
COM	495	2	6	Undergraduate teaching assistantship	Students receive 3 credits if they enroll in COM 495 and attend class sessions for one section of COM 101 as an undergraduate teaching assistant supporting a graduate teaching assistant teaching COM 101. If a student wanted only to participate in 495 without the experience of attending and supporting an instructor in COM 101, that would be 1-2 hours credit. If a student wanted greater experience in assisting and facilitating COM 101 exercises they could assist an instructor in two sections of COM 101 (4 credit hours) or work with two separate instructors, possibly comparing teaching styles and meeting with those instructors to plan exercises for COM 101 (5-6 hours). Thus, the degree of involvement and extent of training and experience in an undergraduate teaching assistant role would account for the possibility of variable credit.

Federal Compliance Document Evidence  
B1. Course Descriptions 2015-2016

**Central Michigan University**  
**2015-16 Course Descriptions**  
*(Courses in Italic are in the University Program)*

**AAD 101 Academic Empowerment 2(2-0)**

Provides the information, materials and practice necessary for empowering students to make wise academic and life choices. Prerequisites: Permission of instructor.

**AAD 102 College Learning Strategies 2(2-0)**

Provides information, materials and practice to assist students in developing the active learning and study strategies needed for success in college.

**AAD 103 College Reading Strategies 3(3-0)**

Provides instruction and practice to assist students in developing the active, flexible and critical reading strategies necessary to meet educational objectives across disciplines.

**AAD 104 College Strategies for Nontraditional Students 2(2-0)**

Provides information and strategies to strengthen the academic and personal skills needed for successful completion of college. Primarily for nontraditional students. This course is approved for offering in a distance learning format.

**AAD 197 Special Topics in Learning Enhancement 1-3(Spec)**

Selected topics of interest not otherwise available in a course regularly offered. Current topic(s) are listed in the semester Class Schedule. Repeatable up to 3 credits when content does not duplicate previous special topic studies. Prerequisites: See Course/Search and Registration, determined specific to the topic presented.

**ACC 101 Introduction to Accounting 3(3-0)**

Basic concepts and principles of accounting. Overview of accounting cycle from a building block approach. No credit if credit has been earned in ACC 201. Does not count on major or minor in College of Business Administration.

**ACC 197 Special Topics In Accounting 3(3-0)**

Introductory topics in accounting. Credit counts toward total hours for graduation, but not toward a major or minor in the College of Business Administration.

**ACC 201 Concepts of Financial Accounting 3(3-0)**

Students gain an understanding of the accounting system used to develop financial statements. The emphasis is on interpreting financial data used in business decision making. Recommended: completion of MTH 105. This course is approved for offering in a distance learning format.

**ACC 202 Concepts of Managerial Accounting 3(3-0)**

Students gain an understanding of how the information provided by an accounting information system is used for managerial decision making. Prerequisite: minimum grade of C- in ACC 201. This course is approved for offering in a distance learning format.

**ACC 203 Essentials of Accounting for Business 3(3-0)**

Basic concepts and principles of an accounting process used to develop financial reports and make management decisions for businesses and other entities. Prerequisite: MTH 105. This course is approved for offering in a distance learning format.

**ACC 204 Accounting for Not-For-Profit Entities 1(1-0)**

Students gain an understanding of accounting and financial reporting for not-for-profit entities. Prerequisite: ACC 203 with a minimum grade of C This course is approved for offering in a distance learning format.

**ACC 210 Accounting Information for Entrepreneurial Decision Making 3(3-0)**

Introduction to principles of financial and managerial accounting, design of accounting systems, techniques of analysis and cost control. Interpretation of accounting information for decision making. Does not count for the School of Accounting major or minor. Identical to ENT 210. Credit may not be earned in more than one of these courses. ACC 210 may not be used as a substitute for ACC 201 or ACC 250. This course may be offered in an online or hybrid format.

**ACC 227 Accounting for Health Care Managers 3(3-0)**

The use and analysis of accounting information for managerial control and decision making in health care. Basic measurement and reporting principles are also emphasized.

**ACC 250 Introduction to Financial Accounting 3(3-0)**

Overview of how a business functions through the generation and interpretation of accounting data. Prerequisite: Tier 1 admission to Professional Business Studies. Recommended: MTH 107 or 132 or 217.

**ACC 255 Managerial Accounting & Decision Making 3(3-0)**

Managerial decision-making methods using accounting and financial information and includes application of concepts to integrated study of business problems. Prerequisites: GPA of 2.50 or higher; ACC 250; BLR 235; ECO 204; one of MTH 132 or 217 or STA 282 or 382; Co-requisite: BIS 255. For signed Accounting Majors, BLR 235 and ECO 204 may be co-requisites.

**ACC 300 Corporate Financial Reporting and Reporting Analysis 3(3-0)**

Financial accounting concepts required to analyze financial statements from a management and investors viewpoint. Not available for credit to accounting majors or minor, or students with credit in ACC 302. Prerequisites: ACC 202, FIN 332; 56 semester hours completed and admission to Professional Business Studies or listed on signed major or minor.

**ACC 301 Intermediate Accounting I 3(3-0)**

Study of financial accounting processes, theory and principles. Includes analysis of financial statements and financial reporting issues. Pre/Co-Requisites: ACC 202 or ACC 255. This course is approved for offering in a distance learning format.

**ACC 302 Intermediate Accounting II 3(3-0)**

Continuation of ACC 301. Course includes in-depth study of special reporting issues related to financial accounting. Prerequisites: ACC 301; 56 semester hours completed, and admission to Professional Business Studies or listed on signed major or minor.

**ACC 311 Federal Income Taxation I 3(3-0)**

Basic concepts of federal income taxation, emphasizing individual taxpayers. Tax law covering taxable and excludable income, deductions, basis, tax-free exchanges, capital gains and losses, tax credits, deferral of tax, and depreciation. Prerequisites: 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor. Recommended: ACC 202 or 255.

**ACC 321 Managerial Cost Accounting 3(3-0)**

Accumulation and use of cost accounting information for planning and controlling. Process, job order, and standard cost systems. Prerequisites: ACC 202 or 255; STA 282 or 382; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**ACC 370 Accounting Systems and Controls 3(3-0)**

The use of internal accounting control theory to evaluate and improve accounting systems. Enterprise resource planning and electronic commerce topics are also addressed. Prerequisites: 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor. Pre/Co-Requisites: ACC 302 and 321.

**ACC 405 The Accounting Profession and Contemporary Accounting Issues 3(3-0)**

Background on rule-making in accounting; recent pronouncements of regulatory and professional accounting organizations; evolving areas in accounting. Prerequisites: ACC 302; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**ACC 489 Accounting Internship/Co-Op 1-3(Spec)**

Full time, on-the-job work experience for one or more semesters in industry, government, or public accounting arranged through departmental internship/co-op supervisor. CR/NC only. Prerequisites: 6-12 hours of accounting depending upon the program entered; overall GPA of 3.0; accounting GPA of 3.2; acceptance by program supervisor; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**ACC 491 Independent Studies 1-3(Spec)**

Directed reading or research on an approved topic. Not more than 3 credits for ACC 491 may count toward accounting major. Prerequisites: permission of instructor; 86 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**ACC 492 Practicum In Small Business 3(Spec)**

Provides the student an opportunity to analyze the accounting, finance, marketing, management, and production system of an ongoing small business. Identical to FIN/MGT/MKT/BIS 492. Credit may not be earned in more than one of these courses. Prerequisites: 56 semester hours completed; permission of instructor; admission to Professional Business Studies or listed on signed major or minor.

**ACC 501 Advanced Accounting 3(3-0)**

Incorporate investments and consolidated statements, purchases, and goodwill, segment reporting, interim reporting, partnerships, foreign operations, and fund accounting. Prerequisites: ACC 301, 302; 56 semester hours completed and admission to Professional Business Studies or listed on signed major or minor; or Graduate status.

**ACC 511 Federal Income Tax II 3(3-0)**

Formation, operation, distributions, redemption, dissolution, and liquidation of corporations, partnerships, Subchapter S corporations and personal holding companies; accumulated earnings tax; tax shelter investments. Prerequisites: ACC 311; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**ACC 512 Tax Research and Administration 3(3-0)**

A study of the sources of tax law, professional tax research techniques, IRS procedures used to administer the tax system, and professional tax practice standards. Prerequisites: ACC 311; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**ACC 517 Federal Estate and Gift Taxation 3(3-0)**

Concentrated study of federal taxation of death transfers and gratuitous lifetime transfers including preparation of decedents final income tax return. Prerequisites: 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**ACC 521 Managerial Cost Control Analysis 3(3-0)**

Principles and techniques of accounting data analysis and profit planning, measurement, evaluation, and control for management. Prerequisites: ACC 321; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor. Recommended: MGT 340.

**ACC 524 Budgeting: Planning and Control 3(3-0)**

Intensive study of budgeting for both profit and non-profit organizations. Prerequisites: ACC 321, FIN 332; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**ACC 531 Auditing and Assurance Services 3(3-0)**

A study of assurance services offered by professional services firms with major emphasis on the traditional auditing concepts and procedures. Prerequisites: signed major authorization in accounting; completion or concurrent enrollment in ACC 370; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**ACC 533 Auditing Procedures and Statistical Sampling 3(3-0)**

Auditing programs, work paper techniques, procedures, and statistical sampling. Prerequisites: ACC 531 with a grade of B- or better; BIS 221; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**ACC 535 EDP Auditing and Control 3(3-0)**

EDP auditing including controls, applications, software, systems, and service center records. Prerequisites: ACC 531, BIS 221; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**ACC 536 Forensic Accounting 3(3-0)**

The study of financial fraud and the methods of fraud detection, investigation, and prevention. Prerequisites: 75 semester hours completed; admission to professional Business Studies or graduate status.

**ACC 543 Fund Accounting 3(3-0)**

Accounting principles and procedures for governmental units and various non-profit organizations. Prerequisites: ACC 302; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**ACC 550 Internal Auditing 3(3-0)**

Emphasis on internal auditing as an internal control. Standards, ethics, concepts, techniques, and reporting practices relevant to financial, compliance and operational auditing. Prerequisites: signed accounting major or minor; 56 hours completed; admission to Professional Business Studies.

**ACC 570 Strategic Accounting System Development and Implementation 3(3-0)**

The strategic design and implementation of accounting systems for competitive advantage. Topics include enterprise resource planning, business process re-engineering, change management and semantic object modeling. Prerequisites: ACC 301, ACC 302, ACC 321, ACC 370; 56 semester hours completed and admission to Professional Business Studies; or listed on signed major or minor; or graduate students, permission of the MBA Director.

**ACC 597 Special Topics In Accounting 1-3(Spec)**

Advanced topics in accounting. Not more than 3 credits for 597 count toward accounting major, minor, or concentration. Prerequisites: permission of instructor; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**ACC 605 Accounting Theory I 3(3-0)**

Various theories of income measurement and asset valuation. Roles of policy making bodies in formulating accounting and reporting standards. Basic objectives and elements of financial statements. Prerequisite: ACC 501 or concurrent enrollment in 501.

**ACC 689 Accounting Internship 3(Spec)**

Full time, on-the-job work experience for one semester in industry, government, or public accounting arranged through departmental internship supervisor. A research paper relating to the student's work experience obtained on the internship is required. CR/NC only. Prerequisites: 12 hours of accounting, overall GPA of 3.2, accounting GPA of 3.2, acceptance by program supervisor.

**ACC 711 Tax Seminar 3(3-0)**

Development of tax principles and tax law; tax research methods; alternatives for tax law changes; effects of taxes in business decisions; tax administration and practice. Prerequisites: ACC 311, ACC 302, ECO 600.

**ACC 721 Managerial Accounting Seminar 3(3-0)**

Detailed analysis and discussion of controversial and contemporary problems and issues in managerial accounting. Prerequisites: ACC 321, FIN 332, ECO 600.

**ACC 730 Configuration, Control & Implementation of Global Accounting Systems using GRC 3(3-0)**

Basic conceptual framework, design, implementation, and control of enterprise resource planning systems. This course is approved for offering in a distance learning format. Prerequisites: MBA 619.

**ACC 731 Auditing Seminar 3(3-0)**

Analysis and evaluation of current thought and prospective developments in auditing. Emphasis on philosophy, standards, concepts, postulates, and problem areas. Prerequisites: ACC 370, ACC 531, STA 282.

**ACC 741 Fund Accounting Seminar 3(3-0)**

Coverage of current developments and trends in areas of concern in nonprofit entities including special studies or problem areas and potential solutions. Prerequisite: ACC 543.

**ACC 791 Independent Studies 1-3(Spec)**

Directed reading or research on an approved topic. Prerequisites: 15 hours of graduate credit and instructor approval. Not more than 3 credits for ACC 791 may count toward accounting concentration.

**ACC 797 Special Topics in Accounting 1-3(Spec)**

Advanced topics in accounting. Prerequisite: permission of instructor. No more than 3 credits for ACC 797 may count toward accounting concentration.

**ACT 539 Probability Foundations of Actuarial Science 3(3-0)**

Fundamental probability tools for quantitatively assessing risk, with emphasis on application of these tools to problems encountered in actuarial science. Prerequisites: FIN 317; STA 584.

**ACT 540 Mathematical Theory of Interest 4(4-0)**

Fundamental concepts of mathematical theory of interest and applications in calculating present and accumulated values for various streams of cash flows. Introduction to financial instruments. Prerequisite: MTH 133.

**ACT 541 Actuarial Mathematics for Life Contingencies I 3(3-0)**

Introduction to survival distributions and life tables, life annuities and life insurance, benefit premiums and benefit reserves. Prerequisites: ACT 539, 540.

**ACT 542 Actuarial Mathematics for Life Contingencies II 3(3-0)**

Introduction to multiple state models including multiple life models and multiple decrements models, pension mathematics, interest rate models, and cash flow analysis for insurance products. Prerequisites: ACT 541.

**AFL 111 Foundations of United States Air Force I 1(1-2)**

Introduction to the U.S. Air Force today. Mission and organization; group leadership problems; introduction to communication skills. Leadership laboratory.

**AFL 112 Foundations of United States Air Force II 1(1-2)**

Introduction to the U.S. Air Force today. Mission and organization; group leadership problems; introduction to communication skills. Leadership laboratory.

**AFL 211 The Evolution of USAF Air and Space Power I 1(1-2)**

Air Force heritage. Evolution of air power concepts and doctrine; introduction to ethics and values; introduction to leadership; continuing application of communication skills. Leadership laboratory.

**AFL 212 The Evolution of USAF Air and Space Power II 1(1-2)**

Air Force heritage. Evolution of air power concepts and doctrine; introduction to ethics and values; introduction to leadership; continuing application of communication skills. Leadership laboratory.

**AFL 321 Air Force Leadership Studies I 3-4(Spec)**

Communication, management, and ethical skills for Air Force officers. Emphasizes standards and professionalism in the modern officer corps. Leadership laboratory required for AFROTC cadets.

**AFL 322 Air Force Leadership Studies II 3-4(Spec)**

Leadership theory, traditional Air Force management functions, and current practices. Emphasizes the application of leadership concepts by junior officers. Leadership laboratory required for AFROTC cadets. Recommended: AFL 321.

**AFL 421 National Security Affairs 3-4(Spec)**

Formation and implementation of defense policy and strategy. Bureaucratic interplay and impact of nuclear technology. Investigation of current defense issues. Leadership laboratory required for AROTC cadets. Recommended: AFL 322.

**AFL 422 National Security Affairs and Preparation for Active Duty 3-4(Spec)**

Role of the professional officer in a democratic society. Global security issues. Military justice and the laws of war. Leadership laboratory required for AFROTC cadets. Recommended: AFL 421.

**ANT 110 Meet Your Ancestors and Other Distant Relatives 3(3-0)**

*An introduction to human place in nature, including our relationship to non-human primates and the adaptations and behavior of Neanderthals and other early human groups. (University Program Group II-A: Descriptive Sciences)*

**ANT 120 Ancient Insights Into Current Crises 3(3-0)**

*A survey of major archaeological discoveries around the world considered within the context of past and contemporary problems faced by human societies. (University Program Group III-B: Studies in Social Structures)*

**ANT 170 Cultural Anthropology 3(3-0)**

*Comparative study of contemporary cultures, including methods and theories employed. The impact of globalization on cultural diversity. (University Program Group III-B: Studies in Social Structures)*

**ANT 171 Human Origins: Introduction to Physical Anthropology 3(3-0)**

*Introduction to human and primate evolution, and the origin of human hereditary variations. (University Program Group II-A: Descriptive Sciences)*

**ANT 173 Laboratory in Physical Anthropology 1(0-2)**

*Laboratory practicum surveying the techniques and procedures by which evidence is developed and analyzed in studying human variation and evolution. Satisfies University Program Group II laboratory requirement. Pre/Co-requisite: ANT 171. (University Program Group II-A: Descriptive Sciences)*

**ANT 174 Introduction to Prehistoric Archaeology: From Stone Age to Civilization 3(3-0)**

The development of culture in Africa, Asia, and Europe to the rise of urban civilizations. How archaeological evidence is obtained, analyzed, dated, and interpreted.

**ANT 175 Archaeology of the Americas 3(3-0)**

*Archaeology of the Americas from the earliest peopling of the Western Hemisphere to the rise of civilizations such as the Maya, Aztec, and Inca. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**ANT 200 Education and Culture 3(3-0)**

*Processes of learning from infancy through adolescence across cultures and institutions, including family and school. Origins and spread of mass education. Educational disparities and inequality. (University Program Group III-B: Studies in Social Structures)*

**ANT 202 Anthropology of Gender 3(3-0)**

Examination of gender and sexuality across cultures and through time through the lens of anthropology.

**ANT 205 Social Justice in a Global Society 3(3-0)**

*Introduction to key concepts in global social justice, foundational human rights instruments and processes, contemporary manifestations of social injustice, and the role of social action. Identical to SOC 205; credit may not be earned in more than one of these courses. (University Program Group III-B: Studies in Social Structures)*

**ANT 250 Water as Life, Death, and Power 3(2-2)**

Problems of water access, water-borne pathogens, water treatment, and power relationships in global cultures from anthropology, biology, and chemistry perspectives, via lecture and seminar. Identical to BIO 250 and CHM 250. Credit may not be earned in more than one of these courses. No credit on biology or chemistry major or minor. Recommended: ANT 171 or 170; BIO 101 or 110; CHM 111, 120, or 131.

**ANT 276 Language and Culture 3(3-0)**

Theory and methods of linguistic anthropology, the study of language use in cultural contexts. Recommended: ANT 170. May be offered as Writing Intensive.

**ANT 320 North American Indian Cultures 3(3-0)**

*Diversity of North American Indian cultures, their experiences of colonization and culture change, and their contributions to American and global cultures. This course may be offered in an online or hybrid format. (University Program Group IV-C: Studies in Racism and Cultural Diversity in the United States)*

**ANT 321 Cultures of Latin America 3(3-0)**

*Indigenous, European, and African origins and contemporary diversity of cultures of Latin America. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**ANT 322 Cultures of Africa 3(3-0)**

*Cultures of Africa, their history and contemporary diversity. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**ANT 324 Cultures of the South Pacific 3(3-0)**

*Culture and social change in Melanesia, Micronesia, and Polynesia. Human settlement, ecology, indigenous cosmologies, evolution of socio-political institutions. Colonial legacy in the region. Contemporary issues. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**ANT 340 South American Archaeology 3(3-0)**

Archaeology of South America. Emphasis on the Central Andean region. Introduction to documentation and interpretation of cultural developments from earliest human occupations to European conquest. Prerequisite: ANT 175.

**ANT 342 Principles of Forensic Anthropology 3(3-0)**

An introduction to the principles of forensic anthropology, including identification of human skeletal remains, search/recovery of human remains and estimation of time since death. Prerequisites: ANT 171 or BIO 101.

**ANT 344 Michigan Archaeology 3(3-0)**

Michigan archaeology from the first peopling of the area to historic times. Changing adaptive patterns examined in the context of the Great Lakes region and North America generally. Recommended: ANT 174 or 175.

**ANT 345 Cultural Resource Management in Archaeology 3(3-0)**

Introduction to the laws and practice of Cultural Resource Management (CRM) and applied archaeology within public, private, and governmental settings. Recommended: ANT 174 or 175.

**ANT 347 Human Evolution 3(3-0)**

Fossil evidence of human evolution and its analysis within a theoretical framework of ongoing evolutionary forces and basic phylogenetic principles. Prerequisite: ANT 171.

**ANT 348 Stone-Age Europe: Peoples and Cultures of the Distant Past 3(3-0)**

Ancient peoples and cultures of Europe from the perspective of anthropological archaeology, beginning perhaps 800,000 years ago and developing through Paleolithic, Mesolithic, and Neolithic periods.

**ANT 351 The Race Concept and Human Variation 3(3-0)**

Analysis and interpretation of human physical variation (genetic) to permit an examination of historical and modern evolutionary and "scientific" racism. Recommended: ANT 171 or BIO 101.

**ANT 356 Primate Behavior 3(3-0)**

Applying principles of evolution to primate behavior with emphasis on effects of ecology on social relations and group organizations. Recommended: ANT 171 or BIO 101.

**ANT 358 Diseases and Human Evolution 3(3-0)**

Etiological and ecological approaches to human diseases; how diseases affect past and contemporary humans; explorations of interactions between human biology, biological/cultural adaptation, and disease. Prerequisite: ANT 171 or ANT 250 or BIO 101 or BIO 110 or BIO 250 or CHM 250.

**ANT 365 Current American Indian Issues 3(3-0)**

*Current social, economic, political, and cultural issues affecting American Indians; social movements of resistance and change. (University Program Group IV-C: Studies in Racism and Cultural Diversity in the United States)*

**ANT 370 Global Environmental Issues 3(3-0)**

Social and cultural dimensions of global population issues, food and energy policies, destruction of indigenous lifeways, roles of multinational organizations, environmental racism, and environmental movements. Identical to SOC 370; credit may not be earned in more than one of these courses.

**ANT 380 Culture through Art 3(3-0)**

Theories and methods from anthropology and the arts, addressing historical and at-hand research questions. Includes archaeological and ethnographic perspectives. Recommended: ANT 170.

**ANT 388 Special Topics in Anthropology 1-12(Spec)**

Consideration of subject matter not included in courses currently listed in catalog.

**ANT 426 Method and Theory in Archaeology 3(3-0)**

Nature of archaeological evidence, methods of analysis, theories and problems in interpretation and explanation of the human past. This course given in alternate years in rotation with ANT 451. Prerequisite: ANT 174 or 175.

**ANT 430 Applied Anthropology 3(3-0)**

The application of basic research and methods in the sub-fields of anthropology to address contemporary socio-cultural problems related to human diversity across ethnicity, "race," class and gender. Prerequisites: ANT 170, 171, and 175.

**ANT 450 Ethnographic Methods and Research Design 3(3-0)**

Ethnographic methods, ethics, and research design in cultural anthropology. Identical to SOC 450. Credit may not be earned in more than one of these courses. Prerequisite: ANT 170.

**ANT 451 History of Anthropological Thought 3(3-0)**

Development of anthropological theory. Key persons, concepts, and schools of thought. This course given in alternate years in rotation with ANT 426. Prerequisite: ANT 170.

**ANT 457 Globalization and Society 3(3-0)**

Effects of the global economy on the division of labor, transnational migration, social inequality, ethnic identities, gender relations, and other aspects of social organization. Identical to SOC 457; credit may not be earned in more than one of these courses. Prerequisites: SOC 100 or 201 or 221 or ANT 170.

**ANT 459 Anthropology of Religion 3(3-0)**

Anthropological approaches to religions in global and local contexts. Recommended: ANT 170.

**ANT 461 Race, Racism and Human Evolution 3(3-0)**

This course examines the relationship between science and social policies that impact "race" historically and in the present day. Prerequisites: ANT 351, or a signed major or minor in Anthropology and junior or senior status.

**ANT 465 Capstone Experience in Anthropology 3(3-0)**

A current topic of broad anthropological interest, as approached from the various perspectives of the sub-disciplines. Prerequisites: Authorized major or minor in Anthropology, and Junior or Senior standing, and ANT 170, 171, either ANT 174 or 175.

**ANT 498 Independent Studies In Anthropology 1-12(Spec)**

Directed reading or research on an approved topic. Not open to students on academic probation. Prerequisites: 9 hours of Anthropology at the 200-level or higher; permission of instructor.

**ANT 500 Field School in Archaeology 3-6(Spec)**

Intensive practical experience in field survey, excavation, and laboratory analysis of resulting materials. Prerequisite: ANT 174 or 175 or 240; and permission of instructor.

**ANT 506 Comparative Cultural Systems 3(3-0)**

Explores theories of cultural development, with particular emphasis on urban and post-industrial cultures. Students investigate cultures different from their own. Identical to SOC 506. Credit may not be earned in more than one of these courses. This course is approved for offering in a distance learning format. Prerequisite: One anthropology or sociology course.

**ANT 520 Medical Anthropology 3(3-0)**

Transcultural variations in conceptions of health, illness, disease, sickness and healing; cultural practices and social, political, economic and global forces that impact these conditions. Prerequisites: Six credits of cultural anthropology and/or sociology.

**ANT 521 North American Indian Ethnohistory 3(3-0)**

The history of Native American peoples in North America since 1492, impact of colonization and U.S. policy upon Native Americans, and ethnohistorical theory and methodology. Prerequisite: Senior standing and ANT 320 or 365 or HST 323; or graduate standing.

**ANT 531 Capstone Experience in Global Justice 3(3-0)**

Capstone course synthesizes course work on the issues of global social justice/injustice. Explores roots, consequences, types, policy approaches, and strategies for pursuing global justice. Identical to SOC 531. Credit may not be earned in more than one of these courses. Prerequisites: SOC/ANT 101; 15 hours in the Global Justice Minor; Completion of the Service Learning component of the Global Justice Minor; and Approval of the Global Justice Advisor. May be taken by SOC or ANT Majors with the approval of the Global Justice Advisor. Or, graduate standing.

**ANT 532 Global Aging: Cross-Cultural Aging in a Globalized World 3(3-0)**

Comparative study of cultural shapings, expressions and experiences of contemporary aging. Social and cultural responses to perceived problems of aging. Transformations of aging under globalization. Cross listed with SOC 532. Credit may only be earned for one of these courses. Prerequisite: Six credits of cultural anthropology, gerontology and/or sociology.

**ANT 540 Archaeological Field and Laboratory Techniques 3(3-0)**

Practical instruction in archaeological methods including field survey and excavation; description, classification, data analysis, and documentation of cultural materials in the laboratory. Prerequisites: ANT 175 and one of the following: ANT 340, 344, 348; or Graduate standing.

**ANT 542 Methods in Forensic Anthropology: Osteology and Skeletal Analysis 4(3-2)**

Lectures and laboratory training in forensic identification and analysis of human skeletal remains for utilization by criminal justice authorities, missing persons bureaus, archaeologists and paleoanthropologists. Prerequisites: ANT 173, 342, or 347; or graduate standing.

**ANT 544 Great Lakes Archaeology 3(3-0)**

Examination of prehistoric cultural trends and societies in the Great Lakes region within the context of broader trends in eastern North America and impact of historic Euroamerican settlement. Prerequisites: ANT 175; or Graduate standing.

**ANT 588 Special Topics in Anthropology 1-10(Spec)**

Consideration of subject matter not included in courses currently listed in catalog. Prerequisite: 15 credit hours in Anthropology or Graduate Standing.

**ANT 590 Gender, Culture & Society 3(3-0)**

Analysis of gender roles in various cultures; theoretical approaches to explaining gender role variation. Identical to SOC 590 and WGS 590. Credit may not be earned in more than one of these courses. (Not open to students who have completed ANT 490 or WGS 490.) Prerequisites: 6 hours of anthropology and/or sociology and/or women's studies.

**ANT 600 Advanced Field Methods in Archaeology 1-6(Spec)**

Advanced training in archaeological methods for graduate students. Prerequisite: Permission of academic adviser.

**ANT 626 Theory and Research in Archaeology 3(3-0)**

Historical growth of archaeology, nature of archaeological evidence, theoretical frameworks in interpretation and explanation of the human past, research strategies and design.

**ANT 645 Cultural Resource Management in Archaeology 3(3-0)**

Evaluation of the laws and practice of Cultural Resource Management (CRM) and applied archaeology within public, private, and governmental settings. May not be taken by students who have completed ANT 345.

**ANT 698 Independent Studies in Anthropology 1-12(Spec)**

Directed reading and/or research on an approved topic. Not open to students on academic probation.

**ANT 700 Directed Student Research in Archaeology 1-6(Spec)**

Supervised applied research experience at a field site, museum, laboratory, or other institution where data are collected and analyzed. Prerequisite: Permission of academic advisor.

**ANT 798 Thesis 3-6(Spec)**

Credit is earned in this course through the successful completion of a thesis in anthropology in consultation with a thesis advisor. Prerequisites: Successful completion of 6 hours of coursework in the Cultural Resource Management MA program.

**ARB 101 Elementary Arabic I 4(4-0)**

*Basic Arabic language skills and culture. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**ARB 102 Elementary Arabic II 4(4-0)**

*Basic Arabic language skills and culture. Continuation of ARB 101. Recommended: ARB 101. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**ART 106 Introduction to Drawing 3(0-6)**

Introduction to drawing media and techniques with a focus on drawing from observation and to formal principles of composition and conceptual inventiveness.

**ART 114 Understanding Digital Photography 3(3-0)**

Introduction to the basic compositional skills and conceptual applications of digital photography. This course cannot be applied to any Art Major or Minor. This course is approved for offering in a distance learning format.

**ART 115 2-D Design 3(0-6)**

Introduction to form and its relation to the 2-dimensional surface. Focus on the elements and principles of design, creative problem solving and visual literacy.

**ART 117 Introduction to Contemporary Issues in Art 3(3-0)**

Introduction to the aesthetic theory and visual language of Modernism, Post-Modernism, and Post-Postmodernism.

**ART 118 3-D Design 3(0-6)**

Introduction to elements and principles of design, creative problem solving, and visual literacy as it applies to 3-dimensional form, space, and time.

**ART 119 Design Foundations 3(0-6)**

Introduction to elements and principles of design and their application, including creative problem solving and visual literacy, as it applies to two and three-dimensional form.

**ART 125 Digital Design 3(0-6)**

Introduction to elements and principles of design, creative problem solving and visual literacy as it applies to digital media.

**ART 126 Introduction to the Visual Arts 3(3-0)**

*Develops aesthetic awareness, appreciation, and understanding of the visual arts. Introduces students to art media, practices, and contexts. This course may be offered in an online or hybrid format. (University Program Group I-B: The Arts)*

**ART 130 Painting I 3(0-6)**

An introduction to painting with the exploration of media, techniques, and the concepts of space, form, and color.

**ART 150 Printmaking I 3(0-6)**

An introduction to intaglio and lithography printmaking techniques as a fine art. Prerequisite: ART 106.

**ART 175 Fiber Structures and Weaving 3(0-6)**

Introduction to concepts and techniques of weaving and off-loom structures such as basketry, felting, fabric collage and dyeing.

**ART 205 Drawing II 3(0-6)**

A concentration in experimental media, techniques, spatial relationships, and conceptual processes of drawing. Prerequisites: ART 106, ART 115.

**ART 214 Introduction to Ceramics 3(2-3)**

An introduction to hand-building and wheel-throwing processes with an emphasis on technical, formal, historical, and conceptual development.

**ART 217 Introduction to Figure Drawing 3(0-6)**

Introduction to the study of the human figure in drawing with emphasis on three-dimensional representation, proportions, and anatomical structure. Prerequisite: ART 106.

**ART 230 Painting II 3(0-6)**

Continuation of the aims of ART 130 (Painting I), with emphasis on problems concerning conceptual and perceptual approaches to dealing with color and composition. Prerequisite: ART 130.

**ART 231 Introduction to Graphic Design 3(0-6)**

An introduction to the theory and practice of communication design. An emphasis is placed on technical and aesthetic fundamentals.

**ART 233 Introduction to Painting 3(0-6)**

An introduction to painting media and techniques with a focus on painting from observation in order to express light, space, form through the use of color.

**ART 235 Logo and Identity Design 3(0-6)**

A continuation of ART 135, with emphasis on development of conceptualization and visualization skills. The course focuses on printed materials that apply to identity systems. Prerequisites: ART 135.

**ART 240 Photography II: Digital Montage & Studio Lighting 3(0-6)**

Digital photography assignments emphasizing digital compositing and artificial lighting techniques. Prerequisite: ART 241.

**ART 241 Introduction to Photography 3(0-6)**

Introduction to the basic technical and conceptual skills of digital photography as a fine art.

**ART 250 Printmaking II 3(0-6)**

A continuation of Printmaking I with additional emphasis on conceptual development and more advanced printing methods within fine art printmaking. Prerequisites: ART 150.

**ART 251 Introduction to Printmaking 3(0-6)**

An introduction to fine art printmaking. This course explores a variety of print techniques including relief, intaglio, lithography and/or silkscreen. Prerequisite: ART 106.

**ART 258 Everyday Web Design 3(0-6)**

Web design as it relates to personal development and options for an on-line presence. This course does not count toward the Graphic Design Concentration.

**ART 260 Making Multiples: Sculpture 3(0-6)**

A continuation and expansion of the skills developed in ART 261. This course focuses on the development and the creation of sculptural multiples. Prerequisite: ART 261.

**ART 261 Introduction to Sculpture 3(0-6)**

An introduction to the basic tools, techniques, processes, materials, history and concepts of traditional and contemporary sculpture.

**ART 274 Introduction to Fibers 3(0-6)**

Introduction to concepts, materials, and techniques of fiber arts such as weaving, felting, dyeing, basketry, and papermaking.

**ART 275 Papermaking/Book Arts I 3(0-6)**

An introduction to techniques and aesthetics for making handmade paper for 2-D and 3-D forms including basic book-binding. Prerequisites: ART 115 or 175.

**ART 283 Introduction to Western Art, Part I 3(3-0)**

*History of Western art from prehistoric through medieval periods. Roots of western cultures seen in differing artistic styles and attitudes. (University Program Group I-A: Human Events and Ideas)*

**ART 285 Introduction to Western Art, Part II 3(3-0)**

*History of Western art from the Renaissance to the twentieth century. Relations of form and content to cultural attitudes. Unique contributions of major artists. (University Program Group I-A: Human Events and Ideas)*

**ART 287 Introduction to Non-Western Art 3(3-0)**

An introduction to the visual arts of non-European cultures: Africa, Oceania, Asia and the Americas. Explores relations between arts, philosophies, and ways of life.

**ART 297 Special Studies 1-6(Spec)**

A general introduction to specialized topics, techniques, materials. Studio and/or scholarly areas.

**ART 301 Visiting Artist Studio Experience 3-9(Spec)**

A studio course taught by the visiting Artist-In-Residence. Repeatable up to nine hours when course content previously studied is not duplicated. Prerequisite: ART 106 or 115.

**ART 305 Drawing III 3(0-6)**

Advanced work building on Drawing I and II with emphasis on contemporary trends in drawing and a more mature conceptual expression. Prerequisite: ART 205.

**ART 313 Ceramics: Hand-building 3(0-6)**

A continuation of the hand-building skills acquired in ART 214 covering vessel and sculpture making with an emphasis on technical, formal, and conceptual development. Prerequisite: ART 214.

**ART 314 Ceramics Studio: Wheel-throwing 3(0-6)**

A continuation of the wheel-throwing skills acquired in ART 214 focusing on vessel making with an emphasis on technical, formal, and conceptual development. Prerequisite: ART 214.

**ART 316 Intermediate Figure Drawing 3(0-6)**

Continuation of figure drawing at the intermediate level. Study of proportions and anatomy leading to competency in defining three-dimensional and spatial aspects of the figure. Prerequisite: ART 217.

**ART 319 Art Criticism and the Methodology of Art History 3(3-0)**

The description, analysis, interpretation, and evaluation of visual art.

**ART 330 Painting III 3(0-6)**

Emphasis on individual development and refinement of personal expression in various approaches to painting. Prerequisite: ART 230.

**ART 334 Watercolor Painting 3(0-6)**

Exploration of transparent watercolor techniques including dry-brush and mixed-media, and development of an understanding of paper surfaces and pigment compositions. Prerequisites: ART 106, ART 115, ART 130.

**ART 335 Design Bureau 3(0-6)**

Investigations into the conception and production of communication graphic solutions for real-world clients in a group or "bureau" pre-professional studio setting. Prerequisites: ART 235, 241, 349; signed BFA with a concentration in graphic design.

**ART 336 Illustration 3(0-6)**

Basic methods of black and white and color digital illustration with a specific focus for the graphic designer. Prerequisites: ART 106, 115.

**ART 341 History of Photography 3(3-0)**

The history of photography from the advent of the camera obscura to the present, emphasizing the contributions of major photographers.

**ART 342 Experimental Photography Studio 3-6(Spec)**

Creative work using experimental lens-based image capture and alternative printing methods. Prerequisite: ART 241.

**ART 343 Art in the Elementary School Grades K-4 3(3-0)**

An art methods class for the art education major covering developmentally appropriate curricula and content for the elementary school student. Prerequisites: ART 106, ART 115, ART 118, and admission to the Teacher Education Program.

**ART 344 Art in the Middle School Grades 5-8 3(3-0)**

An art methods class for the art education major covering developmentally appropriate curricula and content for the middle school student. Prerequisites: ART 106, 115, 118, 343, and admission to the Teacher Education program.

**ART 345 Art in the Elementary School 2(1-2)**

This course investigates the essential role of art in adolescent learning. Requisite knowledge, skills, and pedagogies are acquired through readings, lecture, studio, and clinical practice. Prerequisite: Admission to the Teacher Education Program.

**ART 346 Secondary School Art and Mid-Tier Observation 3(2-2)**

Similar to ART 345, but applicable to the secondary grades. Students enrolled are required to put in a maximum of 2 hours per week in Mid-tier observation. Prerequisite: Admission to the Teacher Education program.

**ART 349 Typography 3(0-6)**

An intensive survey of the history and application of letter-form. Prerequisite: ART 231.

**ART 350 Printmaking III 3(0-6)**

A continuation of Printmaking II with additional emphasis on conceptual development and more advanced printing methods within fine art printmaking. Prerequisite: ART 250.

**ART 358 Web Design I 3(0-6)**

Web design as it relates to graphic design. Prerequisites: ART 349; signed BFA with a concentration in graphic design.

**ART 360 Figurative Sculpture 3(0-6)**

A continuation and expansion of the skills developed in ART 261. This course focuses on the development and the creation of figurative sculpture. Prerequisite: ART 261.

**ART 362 Metal Sculpture 3(0-6)**

A continuation and expansion of the basic skills of metal sculpture. This course focuses on the development and the creation of sculpture utilizing metals. Prerequisites: ART 260 or 360.

**ART 363 History of Design: 1750-2010 3(3-0)**

*Survey of the development of the applied arts in material culture from the beginning of the Industrial Revolution into the twenty-first century. Recommended: Sophomore standing or above. (University Program Group I-A: Human Events and Ideas)*

**ART 366 Contemporary Design Issues 3(3-0)**

A survey of the ethical, conceptual, and stylistic trends driving contemporary design theory and practice. Prerequisites: Sophomore standing or above.

**ART 375 Surface Design on Fabric 3(0-6)**

The application of patterning and color with dyes and pigments through silkscreen, batik, resist tie-dye, and painting on fabric. Prerequisites: ART 115 or 175.

**ART 380 Greek Art and Architecture 3(3-0)**

The art and architecture of ancient Greece from the Bronze Age to Hellenistic periods. May be offered as Writing Intensive. Prerequisites: Completion of 26 credit hours.

**ART 381 Early Christian and Byzantine Art 3(3-0)**

Art of the early church. Byzantine art from the reign of Theodosius I to the fall of Constantinople in the fifteenth century. Prerequisite: Completion of 26 credit hours.

**ART 382 Gender and Art 3(3-0)**

Examines how gender identity has played a role in art. Examines artists, patrons, viewers, and subjects of representations as gendered and historically specific entities. Identical to WGS 382. Credit cannot be earned in more than one of these courses. Prerequisite: Completion of 26 credit hours.

**ART 383 Modern Architecture 3(3-0)**

The history of building styles, technologies, and architectural theory in Europe and the United States from the late 19th century to the present. Prerequisite: ART 285.

**ART 385 European Art from 1890-1940 3(3-0)**

A history and analysis of European art from 1890 to 1940. Prerequisite: ART 285.

**ART 386 American Art 3(3-0)**

History of American art from the colonial period to World War II. Prerequisite: completion of 26 credit hours.

**ART 387 Baroque Art 3(3-0)**

An examination of the art and architecture of the Baroque period in Europe in the context of social, political and religious developments. Prerequisite: Completion of 26 hours of coursework.

**ART 388 Eighteenth-Century Art 3(3-0)**

An examination of eighteenth-century painting, prints, sculpture, architecture, and decorative arts of Europe and America in the context of social, political and intellectual developments. Prerequisite: Completion of 26 hours of coursework.

**ART 389 Art of the Ancient Near East and Egypt 3(3-0)**

The art and architecture of Mesopotamia, Egypt, and the Levant from the origins of civilization through the Persian Empire. Prerequisite: Completion of 26 credit hours.

**ART 397 Special Studies 1-6(Spec)**

In-depth consideration of specialized topics, techniques, and material in studio, scholarly areas.

**ART 405 Advanced Drawing 3(0-6)**

Exploring more advanced concepts in drawing techniques, spatial relationships, and personal expression. Prerequisites: ART 217, 305.

**ART 406 Drawing Studio 3-9(Spec)**

An upper level course in drawing with emphasis on spatial relationships, experimentation with media, and conceptual processes of drawing as avenues toward personal expression. Prerequisite: ART 106.

**ART 414 Ceramics Studio 3-9(Spec)**

Students work with various processes associated with ceramics with an emphasis on beginning to develop a personal working direction and a unified body of work. Prerequisite: ART 214.

**ART 416 Advanced Figure Drawing 3(0-6)**

Continuation of figure drawing experience at the advanced level. Exploration of figure dynamics, and the application of the theories of foreshortening, and creative composition. Prerequisite: ART 316.

**ART 417 Figure Drawing Studio 3-9(Spec)**

The study of proportion, anatomy, and definition of form as an avenue to the expressive possibilities of drawing the human figure. Prerequisite: ART 217.

**ART 430 Painting IV 3(0-6)**

Independent inquiry in painting where the mode of expression is consistent. Regular consultation with instructor is required. Prerequisite: ART 330.

**ART 433 Painting Studio 3-9(Spec)**

An upper level course in painting with emphasis on color relationships, paint development, experimentation, and conceptual development, while developing personal expression. Prerequisite: ART 233.

**ART 435 Professional Design Practices 3(0-6)**

Development of print production and portfolio skills in preparation for employment in the communication design field. Prerequisites: Signed BFA with a concentration in Graphic Design. Pre/Co-requisites: ART 335.

**ART 436 Graphic Design Internship 3(Spec)**

Supervised internship of 180 hours in a graphic design firm or related field designed to complement classroom learning. Prerequisites: ART 235, 349; signed BFA with a concentration in Graphic Design; minimum of 56 credit hours completed and permission of instructor.

**ART 438 Motion Graphics 3(0-6)**

Introduction to computer-aided animation theory and application. Prerequisites: ART 235, 349; signed BFA with a concentration in graphic design.

**ART 441 Photography Studio 3-9(Spec)**

An upper level studio course in fine art photography with emphasis on technical refinement, conceptual development and professional presentation. Prerequisite: ART 241.

**ART 446 Visual Arts and Aesthetic Education 3(3-0)**

Exploration of the developmental methods and growth of aesthetic education in culture as it relates to secondary school curricula. Prerequisite: Admission to teacher education.

**ART 449 Advanced Typography 3(0-6)**

Advanced study in the theory and development of letterform. Prerequisites: ART 349, signed BFA with a concentration in graphic design.

**ART 450 Printmaking IV 3(0-6)**

A continuation of Printmaking III, with emphasis on conceptual development and advanced printing methods. Development of a fine art print portfolio. Prerequisite: ART 350.

**ART 451 Printmaking Studio 3-9(Spec)**

An upper-level studio course in fine art printmaking with emphasis on technical refinement, conceptual development and professional presentation. Prerequisite: ART 251.

**ART 458 Web Design II 3(0-6)**

Advanced web design as it relates to graphic design. Prerequisites: ART 358, signed BFA with a concentration in graphic design.

**ART 460 Contemporary Bronze Casting 3-6(Spec)**

ART 460 (beginning and advanced) is an advanced sculpture course focusing on the development of skills and the creation of bronze casting. Prerequisite: ART 260 or 360.

**ART 462 Public Sculpture 3(0-6)**

An investigation of the contemporary practices, history and concepts of public sculpture, combining research of techniques, processes and materials of installation, performance and environmental art. Prerequisites: ART 260 or 360.

**ART 463 Sculpture Studio 3-9(Spec)**

A continuation and expansion of skills developed in Introduction to Sculpture with an emphasis on developing a personal working direction and a unified body of work. Prerequisite: ART 261.

**ART 471 BFA Exhibition 3(3-0)**

Capstone experience for the B.F.A. art student, including a thesis exhibition, an artist's statement, talk and final portfolio; and strategies for a successful post-graduate career. Must be taken in the last semester prior to graduation. Prerequisites: Signed BFA in Art and senior standing.

**ART 472 Graphic Design Capstone Experience 3(0-6)**

A graphic design capstone experience focusing on the development of a personal design philosophy, a senior project and exhibition, a public presentation of work and a portfolio critique by an external assessor. Must be taken in one of the last two semesters prior to graduation. Prerequisites: ART 435; signed BFA with concentration in graphic design; and senior standing.

**ART 474 Fibers Studio 3-9(Spec)**

Intermediate level exploration of fiber concepts and techniques with custom dyed fabrics, weavings, and handmade paper and books. Prerequisite: ART 274.

**ART 475 Papermaking/Book Arts II 3(0-6)**

An advanced level investigation of techniques and aesthetics for making handmade paper for 2-D and 3-D forms including book binding. Prerequisite: ART 275.

**ART 480 Roman Art and Architecture 3(3-0)**

The art of Rome and the Roman world from earliest times to Constantine the Great. Prerequisite: ART 185.

**ART 481 Western Medieval Art 3(3-0)**

Art of western Europe from the fall of Rome to 1500. Origins of Romanesque art and dissemination of the French Gothic style throughout Europe. Prerequisite: Completion of 26 credit hours.

**ART 482 Italian Renaissance Art 3(3-0)**

An examination of the art and architecture of fifteenth- and sixteenth- century Italy in the context of social, political, and religious developments. Prerequisite: Completion of 26 hours of coursework.

**ART 483 Nineteenth Century European Art 3(3-0)**

Stylistic evolution of nineteenth century European art as viewed against its political and cultural background. Neo-classicism, Romanticism, Realism, Impressionism, Post-Impressionism, the Pre-Raphaelites, and the Symbolists. Prerequisite: ART 285.

**ART 484 From Impressionism to the Present: New York Galleries 2(Spec)**

Travel course to New York City to study original works of art.

**ART 485 Art After 1945 3(3-0)**

A history and analysis of works of art from 1945 to the present. Prerequisite: ART 285.

**ART 486 Independent Study in Art History 1-6(Spec)**

Independent study of a topic in art history selected by student in consultation with instructor. Prerequisite: permission of instructor.

**ART 488 Northern Renaissance Art 3(3-0)**

An examination of fifteenth- and sixteenth-century art in Northern Europe in the context of social, political and religious developments. Prerequisite: Completion of 26 hours of coursework.

**ART 489 Islamic Art 3(3-0)**

Art and architecture of the Islamic world from the rise of Islam through the 17th century. Prerequisite: Completion of 26 credit hours.

**ART 494 Gallery Management 3(2-2)**

Concepts and processes in the production of art exhibitions and gallery management. Students will select a theme, research and select art, develop interpretation and market an art exhibition. Prerequisites: MST 310, 320; ART 285; senior standing.

**ART 497 Special Studies 1-6(Spec)**

Further study when scholarly/studio adequacy beyond ART 397 is achieved.

**ART 498 BA/BS Capstone Experience 1(1-0)**

Students will assemble a portfolio of their work and participate in a group portfolio review for a final capstone assessment. Course must be taken in one of the last two semesters prior to graduation. Prerequisites: Signed BA/BS in Art; and senior standing.

**ART 499 BAA Senior Seminar 3(3-0)**

Capstone course for the B.A.A. student, including development and presentation of senior portfolio, documentation of artwork, and professional strategies for establishing a successful career. Must be taken in one of the last two semesters prior to graduation. Prerequisites: Signed BAA in Art and senior standing.

**ART 506 Advanced Drawing Studio 1-12(Spec)**

An individualized studio experience for the advanced student in drawing media. Development of an independently directed body of work and portfolio. Prerequisite: ART 405.

**ART 514 Advanced Ceramics 1-12(Spec)**

Individualized studio work in ceramics as it relates to the creation of a cohesive and personal body of artwork. Prerequisite: 9 credit hours of ART 414.

**ART 517 Advanced Figure Drawing Studio 1-12(Spec)**

An individualized studio experience with emphasis on the human figure that would include problems in foreshortening, placement, and composition. Prerequisite: ART 416.

**ART 533 Advanced Painting Studio 1-12(Spec)**

An individualized studio experience for the advanced student of painting leading to artistic achievement and professional development. Prerequisite: ART 430.

**ART 535 Digital Multimedia for Designers 3(0-6)**

The design and visual development of multimedia using a variety of authoring tools. Prerequisites: ART 358, ART 438, and a signed BFA with a concentration in graphic design.

**ART 541 Advanced Photography Studio 1-12(Spec)**

An individualized studio experience for the advanced photography student, emphasizing long-term independent projects, critiques, and the creation of a professional portfolio. Prerequisite: 6 hours of ART 441.

**ART 551 Advanced Printmaking Studio 1-12(Spec)**

An individualized studio experience in printmaking beyond ART 450 competency. Development of a fine art print portfolio. Prerequisite: ART 450 or 9 hours of printmaking credit and graduate standing.

**ART 556 Independent Studio 1-12(Spec)**

An individualized studio experience determined in consultation with a faculty member. Prerequisites: minimum 56 credit hours or graduate standing.

**ART 561 Advanced Sculpture Studio 1-12(Spec)**

An individualized studio experience focusing on personal research of new techniques, processes, materials, history and concepts of traditional and contemporary sculpture, and professional development. Prerequisites: ART 460 or 462.

**ART 574 Advanced Fibers Studio 1-12(Spec)**

An individualized studio experience focusing on personal research of concepts, techniques, and materials of fibers. Prerequisite: 6 credit hours of ART 474.

**ART 575 Surface Design on Fabric II 3(0-6)**

Advanced techniques and aesthetics for the application of image, patterning, and color with dyes and pigments through silkscreen, batik, paints, resists, and transfers on fabric. Prerequisites: ART 375 or graduate standing.

**ART 580 Seminar in Ancient/Medieval Art History 3-6(3-0)**

Advanced study of a topic in ancient or medieval art history selected by instructor using readings, discussion, lecture, and research as appropriate. This course is repeatable when content is not duplicated. May be taken for graduate credit. Prerequisites: ART 283, 319, and additional 6 hours of 300+ level art history courses; or graduate standing.

**ART 581 Seminar in Early Modern Art History 3-6(3-0)**

Advanced study of a topic in early modern art history selected by instructor using readings, discussion, lecture, and research as appropriate. This course is repeatable when content is not duplicated. May be taken for graduate credit. Prerequisites: ART 285, 319, and additional 6 hours of 300+ level art history courses; or graduate standing.

**ART 582 Seminar in Modern and Contemporary Art History 3-6(3-0)**

Advanced study of a topic in modern or contemporary art history selected by instructor using readings, discussion, lecture, and research as appropriate. This course is repeatable when content is not duplicated. May be taken for graduate credit. Prerequisites: ART 285, 319, and additional 6 hours of 300+ level art history courses; or graduate standing.

**ART 584 Drawing in Florence 3(Spec)**

An advanced drawing course in Florence, Italy, using the city as a source of inspiration for creative work. Prerequisites: ART 106 and permission of instructor.

**ART 586 Special Topics Seminar in Art History 3-9(3-0)**

Advanced study of a thematic or cross-temporal art historical topic selected by instructor using readings, discussion, lecture, and research as appropriate. Repeatable up to 9 hours when content does not duplicate previous topics. Prerequisites: ART 319; additional 6 hours of 300+ level art history courses.

**ART 589 Research Seminar in Art History 3(3-0)**

Seminar supporting research projects in art history. Must be taken in one of the last two semesters prior to graduation. May be taken for graduate credit. Prerequisites: 3 credits of 500-level art history and signed Art History major; or graduate standing.

**ART 597 Special Studies 1-6(Spec)**

Further in-depth graduate study when scholarly/studio adequacy beyond ART 497 is achieved.

**ASL 100 Introduction to the Deaf Community and Deaf Culture 3(3-0)**

An introduction to the audiological, social, linguistic, and cultural aspects of Deafness and the Deaf Community.

**ASL 101 American Sign Language, Level I 3(3-0)**

Basic receptive and expressive American Sign Language (ASL) vocabulary and grammatical structure; fingerspelling; and conversational behavior. Basic understanding of Deaf Culture and ASL linguistics.

**ASL 102 American Sign Language, Level II 3(3-0)**

Basic receptive and expressive ASL vocabulary, grammar, fingerspelling, and conversational behavior. Basic understanding of Deaf Culture and ASL linguistics. A continuation of ASL 101. Prerequisite: ASL 101.

**ASL 201 American Sign Language, Level III 3(3-0)**

Intermediate conversational American Sign Language. Beginning development of intermediate-level receptive and expressive skills. Continued consideration of Deaf Culture and ASL linguistics. Prerequisite: ASL 102.

**ASL 202 American Sign Language, Level IV 3(3-0)**

Further development of intermediate-level receptive and expressive ASL vocabulary, grammar, fingerspelling, and conversational behavior; Deaf Culture and ASL linguistics. Continuation of ASL 201. Prerequisite: ASL 201.

**ASL 300 Introduction to the DeafBlind Community 3(3-0)**

An introduction to the diversity of the DeafBlind community, including etiologies, accommodations for vision and hearing losses, communication strategies, supports, and social issues. Prerequisites: ASL 100, 202.

**ASL 390 Sociocultural History of the American Deaf Community 3(3-0)**

Social and cultural aspects of persons who self-identify as members of the American Deaf community, including history, patterns of social interaction, folklore, and art. Prerequisites: ASL 100, 202.

**ASL 401 American Sign Language Level V 3(3-0)**

Advanced conversational American Sign Language. Beginning development of advanced-level receptive and expressive skills. Continued consideration of Deaf Culture and ASL linguistics. Prerequisites: ASL 100, ASL 202.

**ASL 402 American Sign Language Level VI 3(3-0)**

Advanced conversational American Sign Language. Continued development of advanced-level receptive and expressive skills. Continued consideration of Deaf Culture and ASL linguistics. Prerequisites: ASL 100, ASL 401.

**ASL 404 Advanced Fingerspelling and Numbers 3(3-0)**

Reading/comprehending and producing fingerspelled words and numbers; emphasis on clarity, accuracy, incorporation into conversational ASL. Prerequisites: ASL 100, ASL 202.

**ASL 510 ASL Linguistics 3(3-0)**

This course will examine the linguistics of American Sign Language. Topics will include the form, content and use of ASL; the relationship between ASL, spoken languages, and other signed languages; ASL acquisition; and historical change in ASL. Prerequisites: ASL 100, ASL 202.

**ASL 590 Independent Study 1-4(Spec)**

Student-initiated study of a topic related to the ASL minor guided by a faculty member or faculty committee. Prerequisites: ASL 100, ASL 202, permission of instructor.

**ASL 594 ASL in Elementary Education 3(Spec)**

Students apply their ASL skills and knowledge of Deaf culture by providing ASL instruction in a community educational enrichment program for elementary school children. Prerequisite: ASL 202; ASL 100 or 390; permission of instructor.

**ASL 595 Community Placements with Deaf Children and Adults 3(1-3)**

Students apply their American Sign Language skills and knowledge of Deaf culture by working in community placements with Deaf children and/or adults. Prerequisites: ASL 202; ASL 100 or 390; and permission of instructor.

**ASL 597 American Sign Language Teaching Assistantship 3(Spec)**

Students apply their American Sign Language skills and knowledge of Deaf culture by assisting in the provision of ASL instruction in a university ASL course. Prerequisites: ASL 202; ASL 100 or 390; and permission of instructor. Recommendations: Letter of support from university ASL course instructor.

**ASL 599 Special Topics 1-6(Spec)**

Study of a selected topic, specific application, or current issue related to but not covered by the ASL Minor curriculum. Prerequisites: ASL 100, ASL 202, permission of instructor.

**AST 111 Astronomy 3(3-0)**

*An overview of modern astronomy which illustrates the basic physical principles and methodologies underlying all the sciences. Topics include the solar system, stars and stellar systems, galaxies and cosmology. This course may be offered in an online or hybrid format. (University Program Group II-A: Descriptive Sciences)*

**AST 112 Introduction to Astronomical Observations 1(0-2)**

*The observation and interpretation of the sky using the naked eye, small telescopes, celestial globes, and star maps. Supplements AST 111 by providing observational experience. Satisfies University Program Group II laboratory requirement. This course may be offered in an online or hybrid format. Pre/Co-Requirement: AST 111. (University Program Group II- A: Descriptive Sciences)*

**AST 165 Foundations of Astronomy 1(0-2)**

Inquiry-based survey of astronomy including the observation and interpretation of the sky using the naked eye. Topics include solar system, stars, and galaxies.

**AST 260 General Astronomy I 4(3-2)**

A mathematical treatment of modern astronomy for majors/minors in the sciences. Coordinate systems, astronomical instruments, time, moon and eclipses, earth as a planet, other solar system objects. Prerequisite: PHY 145.

**AST 261 General Astronomy II 4(3-2)**

A continuation of AST 260. Stellar astronomy, interstellar matter, galactic structure, galaxies, quasars, cosmology. Prerequisite: AST 260.

**AST 311 Vistas in Astronomy 3(3-0)**

Descriptive treatment of astronomical topics of most interest. Typical topics include spacecraft results, extraterrestrial life, astroarchaeology, UFOs, pulsars, black holes, quasars, cosmology. Prerequisite: AST 111 or AST 260.

**AST 511 Astronomy for Teachers 3(2-2)**

Teaching astronomy in the elementary, middle, and secondary schools. Appropriate subject matter, student activities, demonstrations, experiments, sources of astronomical materials, planetarium utilization. Prerequisite: AST 111.

**AST 562 Observational Astronomy 4(3-2)**

Astronomical coordinate systems, astronomical instruments, and the techniques of astronomical direct imaging, photometry, and spectroscopy. Prerequisites: AST 260, 261 or graduate standing. Pre/Co-requisite: PHY 322 or graduate standing.

**AST 563 Astrophysics 3(3-0)**

Stellar atmospheres, stellar interiors, interstellar matter and topics of current interest. Prerequisites: AST 261; PHY 332.

**AST 580 Special Topics in Astronomy 1-9(Spec)**

Topics in astronomy or astrophysics not ordinarily covered in regular courses. Prerequisites: As specified in course syllabus.

**AST 590 Independent Study 1-6(Spec)**

Individual study in an area not covered in regular courses. Prior permission of the instructor must be obtained. Prerequisites: AST 260 and permission of instructor.

**ATR 100 Foundations of Athletic Training 3(3-0)**

Introduction to the profession of athletic training. Exploration of the professional practice for athletic trainers and performance domains.

**ATR 200 Functional Anatomy for Athletic Trainers 3(2-3)**

Functional human anatomy focusing on surface anatomy, palpation of anatomical landmarks, and the fundamental principles of human movement for the athletic trainer. Pre/Co-requisite: ATR 100. Recommended: HSC 211.

**ATR 280 Field Experience in Athletic Training 3(Spec)**

Content related to the selection process for the Athletic Training major. Student will be assigned a clinical field experience under the supervision of a preceptor. CR/NC Only. Prerequisites: ATR 200; 24 credits; Submission of Athletic Training Application.

**ATR 310 Athletic Training Clinical I 1(Spec)**

First of four clinical courses. Introduction to the clinical education environment and clinical decision-making. A clinical field experience under the supervision of a preceptor is required. CR/NC Only. Prerequisite: Selection into the Athletic Training major. Co-requisites: ATR 380, 382.

**ATR 315 Injury Prevention 2(2-0)**

Theory, selection, and application of preventative devices and the design of physical conditioning programs for the prevention of injury. Prerequisite: ATR 310, 380, 382. Co-requisites: ATR 320, 381, 383.

**ATR 320 Athletic Training Clinical II 1(Spec)**

Second of four clinical courses integrating didactic learning and patient care. A clinical field experience under the supervision of a preceptor is required. CR/NC Only. Prerequisites: ATR 310, 380, 382. Co-requisites: ATR 381, 383.

**ATR 380 Athletic Training Assessment I 3(2-2)**

Knowledge and skills necessary to conduct a clinical examination, recognize signs/ symptoms and formulate a clinical diagnosis. Focus primarily on the lower extremity musculoskeletal injury. Prerequisites: Selection into the Athletic Training major. Co-requisites: ATR 310, 382.

**ATR 381 Athletic Training Therapeutics I 3(2-2)**

Application of therapeutic techniques with primary emphasis on therapeutic modalities. Other topics include tissue healing, pain management, and manual therapy techniques. Prerequisite: ATR 380, 382. Co-requisite: ATR 320, 383.

**ATR 382 Athletic Training Assessment II 3(2-2)**

Companion course with Assessment I. Knowledge and skills necessary to conduct a clinical examination, recognize signs/symptoms and formulate a clinical diagnosis. Focus primarily on the upper extremity musculoskeletal injury. Prerequisite: Selection to the Athletic Training major. Co-requisites: ATR 310, 380.

**ATR 383 Athletic Training Therapeutics II 3(2-2)**

Application of therapeutic techniques with primary emphasis on therapeutic exercise. Other topics include goal writing, goniometry, and girth. Prerequisites: ATR 380, 382. Co-requisites: ATR 320, 381.

**ATR 384 Athletic Training Assessment III 3(3-0)**

Etiology, evaluation and recognition of illnesses and general medical conditions. Prerequisites: ATR 320, 380, 382. Co-requisites: ATR 390, 394, 430.

**ATR 385 Special Topics in Athletic Training 1-6(Spec)**

Selected topics/current issues of interest in athletic training not normally included in existing courses. Current course topic is listed in the semester Class Schedule. Repeatable up to 6 credits when content does not duplicate previous topics studied. This course may be offered in an online or hybrid format. Prerequisites: See semester Class Schedule.

**ATR 390 Seminar in Athletic Training 2(2-0)**

Exploration of topics in athletic training using evidence-based concepts and principles. Prerequisite: ATR 320. Co-requisites: ATR 384, 394, 430.

**ATR 394 Pharmacology in Athletic Training 2(2-0)**

Basic pharmacological principles of common medications used in the treatment of illness and injury encountered in the practice of athletic training. Prerequisites: CHM 120, 127 or 131; ATR 320. Co-requisite: ATR 384.

**ATR 397 Independent Study in Athletic Training 1-3(Spec)**

Student-initiated study guided by a faculty member. Prerequisites: ATR 320; permission of Athletic Training Program Director and Course Instructor; completion of Course Contract document.

**ATR 430 Athletic Training Clinical III 1(Spec)**

Third of four clinical course integrating didactic learning and patient care. A clinical field experience under the supervision of a clinical preceptor is required. Prerequisites: ATR 320, 381, 382. Co-requisites: ATR 384, 390, 394.

**ATR 431 Cultural Considerations in Athletic Training 1(Spec)**

Cultural behaviors and issues confronting the athletic trainer. Prerequisites: ATR 320. Co-requisite: ATR 430.

**ATR 440 Athletic Training Clinical IV 1(Spec)**

Fourth of four clinical education course integrating didactic learning, clinical decision-making and patient care. A clinical field experience under the supervision of a preceptor is required. Prerequisites: ATR 430, 384, 394. Co-requisite: ATR 480.

**ATR 441 Pre-Internship and Professional Development 1(Spec)**

Preparation for the AT internship experience; Application process for AT certification and state credentials; Final preparation for the prospective entry-level AT professional. Prerequisites: ATR 390, 430. Co-requisite: ATR 478.

**ATR 478 Research Methods in Athletic Training 2(2-0)**

Introduction to methods of planning, evaluating and conducting research in athletic training. Prerequisites: ATR 390, 430. Co-requisite: ATR 441.

**ATR 480 Health Care Administration in Athletic Training 3(3-0)**

Prepares athletic training students to administer programs and manage facilities that provide health care services to athletes and other individuals. Prerequisites: ATR 384, 394, 430. Co-requisite: ATR 440.

**ATR 481 Athletic Training Practicum 3(Spec)**

A capstone experience applying athletic training didactic knowledge and clinical skills in a practical "on the job" environment concurrently with student teaching. Prerequisite: ATR 441. Co-requisite: EDU 458.

**ATR 482 Athletic Training Internship 12(Spec)**

A capstone experience applying athletic training didactic knowledge and clinical skills in a practical "on-the-job" environment. Prerequisite: ATR 441.

**ATR 585 Special Topics 1-3(Spec)**

Exploration of selected topics in the field of athletic training, sports medicine or other health related areas. Topic and prerequisites will be printed in Course Search and Registration materials. Repeatable up to 3 credits with different topics. This course may be offered in an online or hybrid format. Prerequisites: Determined specific to the topic presented. See Course Search and Registration.

**BCA 101 History and Appreciation of the Cinema 3(2-2)**

*History and critical analysis of outstanding fiction films and filmmakers. Innovations from early silents to the present. This course may be offered in an online or hybrid format. (University Program Group I-A: Human Events and Ideas.)*

**BCA 210 Survey of the Mass Media 4(4-0)**

Examination of historical, political, economic, social and legal evolution of mass media. Emphasis on mass media and their content in a social and cultural context.

**BCA 211 Introduction to Writing for Electronic Media 3(3-0)**

Introduction to creating written content for various forms of electronic media. May be offered as Writing Intensive. Prerequisites: ENG 101 with a minimum grade of B or ENG103/099 with a minimum grade of B or ELI 198 with a minimum grade of B or ENG 201 with a minimum grade of B.

**BCA 222 Audio Production 3(1-4)**

The art and science of sound acoustics and basic audio and radio production. Prerequisites: BCA 210 with a C or better; or a signed minor in Media Design, Production and Technology.

**BCA 223 Video Production 3(1-4)**

Introductory course in video studio systems. Emphasis on structuring and integrating the various production elements that comprise video presentations. Prerequisites: BCA 210 with a C or better; or a signed minor in Media Design, Production and Technology.

**BCA 265QR Understanding Media Measurement 3(3-0)**

*Quantitative reasoning skills in electronic media management and media audience measurement. Quantitative Reasoning. (University Program Group III-B: Studies in Social Structures)*

**BCA 290 French Film and Other Media 3(3-0)**

French cinema in historical and cultural context; works of Gance, Clair, Renoir, Carne` and New Wave; overview of other media; includes field trip to France. (Taught in English. Does not count toward the French major or minor.) Prerequisites: Not open to first semester freshmen. Because the course involves international travel, all students must apply through the Office of International Education.

**BCA 300 African and African American Film 3(3-0)**

*Examination of films by and about Africans and African Americans. First part of course deals with African and second part with African American films. (University Program Group I-B: The Arts)*

**BCA 310 Understanding New Communication Technologies 3(3-0)**

A study of new and emerging communication technologies applied in mass media industries with emphasis on industrial, social, public policy, and technological changes. This course may be offered in an online or hybrid delivery format.

**BCA 311 Electronic Media Copywriting 3(3-0)**

Practice in the pervasive short forms of audio and video writing: commercials, continuity, public service announcements, and campaign evolution. May be offered as Writing Intensive. Prerequisite: ENG 101 with a minimum grade of B or ENG 103/099 with a minimum grade of B or ELI 198 with a minimum grade of B or ENG 201 with a minimum grade of B.

**BCA 317 Electronic Media Performance 3(2-2)**

Study of, and laboratory experience in, common electronic media performance situations. Prerequisite: BCA 210 with a grade of C or better.

**BCA 318 Electronic Media Newswriting 3(3-0)**

Techniques and principles of writing and producing news copy for electronic media. May be offered as Writing Intensive. Prerequisites: ENG 101 with a minimum grade of B or ENG 103/099 with a minimum grade of B or ELI 198 with a minimum grade of B or ENG 201 with a minimum grade of B.

**BCA 320 Special Topics in Electronic Media 1-9(Spec)**

Current topics listed in semester Schedule of Classes. Repeatable when content does not duplicate previous special topics studies. Maximum credit, 9 hours. Prerequisite: BCA 210 with a grade of C or better.

**BCA 329 Practicum in Electronic Media 1-8(Spec)**

Directed experience at approved BCA broadcast, cable and electronic news facilities. Maximum of 8 hours applicable to degree program. Only 4 hours can count toward a BCA major and 2 hours toward a minor. CR/NC only. Prerequisites: Minimum 2.25 GPA; permission of instructor.

**BCA 332 Online Electronic Media 3(2-2)**

Examination of online communication technologies, website productions, and streaming and stored audio/video media and their effects on the electronic media and society. Prerequisites: BCA 210 with grade of "C" or better.

**BCA 342 Field Audio Production 3(2-2)**

Study and practice of field audio recording and production techniques for electronic media application and distribution. Prerequisites: BCA 222 with a C or better.

**BCA 399 Electronic Media Career Building 1(1-0)**

Strategies for obtaining entry level electronic media positions, and career building strategies for a successful career progression in electronic media. Prerequisite: BCA 210 with a C or better.

**BCA 411 Long-Form Electronic Media Writing 3(3-0)**

Techniques for writing extended radio/television scripts, emphasizing narrative, structure and characterization, and creative team dynamics in long-form electronic media formats. May be offered as Writing Intensive. Prerequisites: BCA 311 with a C or better.

**BCA 415 Television Advertising Production 3(3-0)**

Advanced television commercial copywriting and production: working with local clientele, identifying target audience, composing, writing, and producing television broadcast/cable commercials for airing. Prerequisites: BCA 210, 223, 311 all with a grade of "C" or better.

**BCA 421 Advanced Audio Production 3(2-2)**

Study and practice in advanced audio recording, mixing and editing for electronic media industries. Prerequisite: BCA 222 with a grade of "C" or better.

**BCA 440 Introduction to Cinematic Production and Post Production 3(2-2)**

Introduction to single-camera/cinema-style video production and post production, including producing, directing, lighting, camera operation and non-linear editing. Prerequisite: BCA 223 with a grade of C or better.

**BCA 441 Multi-camera Video Producing and Directing 3(2-2)**

Introduction to multi-camera video producing and directing, including studio and field-remote production environments. Prerequisite: BCA 223 with a grade of C or better.

**BCA 451 Practicum in Electronic Media Sales 3(1-4)**

Directed sales experience at approved departmental student broadcast, cable and electronic facilities. Class serves as a capstone for the Electronic Media Sales minor. Prerequisites: MKT 340, 420; open only to signed Electronic Media Sales minors. Pre/Co-Requisites: BCA 511.

**BCA 490 Independent Study in Electronic Media 1-4(Spec)**

Student-initiated study guided by faculty or faculty committee. Maximum of 4 hours may be applied to degree. Does not fulfill requirements for a minimum of six (6) 400-500 level hours of electives in major. Prerequisites: Signed BCA major or minor; minimum BCA GPA of 3.0; Independent Study Project Prospectus approved by the study supervisor.

**BCA 499 Senior Seminar 1(1-0)**

Capstone assessment of the student's professional strengths and weaknesses plus refinement of strategies for establishing a successful post-graduate career. Prerequisites: Signed BCA major; senior standing; BCA 222, 223, 503, 510; BCA 310 or 332; BCA 311 or 318.

**BCA 503 Critiquing Mass Media 3(3-0)**

Critical appraisal of mass communications systems and content with special attention to the electronic media's aesthetic properties and economic, political and societal effects. May be offered as Writing Intensive. Prerequisites: BCA 210 with a C or better or signed Cinema Studies minor or graduate standing.

**BCA 506 Series Script Writing For Visual Media 3(3-0)**

Techniques for creating episodic and serial scripts, emphasizing story structure, characterization, and creative team dynamics for electronic media series. May be offered as Writing Intensive. Prerequisites: BCA 210 with a C or better; ENG 201 with a B or better; limited to juniors or above; or graduate standing.

**BCA 508 Screenwriting for Cinematic Narrative 3(3-0)**

Techniques, formatting styles and aesthetic strategies for writing and analyzing short- and feature-length cinematic narrative screenplays, emphasizing characterization, plot and structure. May be offered as Writing Intensive. Prerequisites: BCA 311 with a grade of C or better; limited to juniors or above; or graduate standing in Broadcast and Cinematic Arts.

**BCA 510 Electronic Media Law 3(3-0)**

Regulation of the electronic media. Examination of legal and administrative materials and cases. Prerequisites: BCA 210 with a C or better and junior standing or above; or graduate standing.

**BCA 511 Electronic Media Sales 3(3-0)**

Organizational systems and processes of sales in electronic media. Emphasis on techniques found most reliable in modern sales practices in radio, television, internet and cable. Prerequisites: BCA 210 with a grade of C or better; limited to juniors or above; or signed Electronic Media Sales Minor; or graduate standing.

**BCA 512 Electronic Media Promotion 3(3-0)**

Tools and techniques of promotion for electronic media. Emphasis on media needs, community relations and problems unique to the electronic media promoter. Prerequisites: BCA 210 with a C or better; BCA 311; limited to juniors or above; or graduate standing in Broadcast and Cinematic Arts.

**BCA 515 Sports Broadcasting 3(2-2)**

Overview of the sports broadcasting industry. Emphasis on tools and techniques of live-event production and electronic sports reporting. Prerequisites: BCA 210, 317 each with C or better; or graduate standing in Broadcast and Cinematic Arts.

**BCA 516 Electronic Media Management 3(3-0)**

Discusses management in contemporary American electronic media settings. May be offered as Writing Intensive. Prerequisites: Limited to juniors or above; or graduate standing.

**BCA 517 Advanced Audio and Video Performance 3(2-2)**

Study and intensive practice in complex media performance situations. Special emphasis on realistic laboratory experience designed to explore the professional requirements of electronic media talent. Prerequisites: BCA 317 with a grade of "C" or better; or graduate standing in Broadcast and Cinematic Arts.

**BCA 518 Electronic News Reporting 3(2-2)**

Techniques of news gathering, reporting, and interviewing for electronic media. Prerequisites: BCA 318 with a C or better; or graduate standing.

**BCA 519 Electronic Media Programming 3(3-0)**

Examination of electronic media programming in terms of recent trends and strategies. Emphasis on broadcasting and cable. Prerequisites: Limited to juniors or above; or graduate standing in Broadcast and Cinematic Arts.

**BCA 520 Special Topics in Electronic Media 1-9(Spec)**

Current topics for each semester listed in Course Search and Registration. Repeatable up to 9 hours when content does not duplicate previous special topic studies. Prerequisites: Limited to juniors or above; or graduate standing in Broadcast and Cinematic Arts.

**BCA 521 Advanced Electronic Cinematography 3(2-2)**

Advanced theory and practice in the production of short form narrative video, with emphasis on the aesthetic aspects of lighting, direction and editing. Prerequisites: BCA 223, 440 each with a grade of C or better; limited to juniors or above; or graduate standing.

**BCA 522 Multimedia Audio Post-Production 3(2-2)**

Advanced recording, editing, sweetening, synchronizing and mixing of audio for picture in multimedia applications. Prerequisites: BCA 223, 421 with a grade of C or better in each; or graduate standing in Broadcast and Cinematic Arts.

**BCA 524 Producing Television News 3(1-4)**

A practical approach to producing news. Encompasses gathering, writing, producing, and directing news programming over local cable outlets. Prerequisites: BCA 318 or 223; limited to juniors or above or graduate standing in Broadcast and Cinematic Arts.

**BCA 525 Film Genre Study 3-9(Spec)**

In-depth examination of selected film genres, themes and trends. Repeatable up to 9 hours when content previously studied is not duplicated. This course may be offered in an online or hybrid format. Prerequisites: Limited to juniors or above; or graduate standing.

**BCA 527 Film Directors 3-9(Spec)**

Critical examination of selected film directors, focusing on their themes and visual style. Repeatable up to nine hours when content previously studied is not duplicated. Prerequisites: Limited to juniors or above; or graduate standing in Broadcast and Cinematic Arts.

**BCA 528 History and Analysis of Nonfiction Film 3(2-2)**

History of the non-fiction film, with emphasis on narrative, aesthetic and rhetorical dimensions, as well as production, distribution and consumption conditions. Prerequisites: Limited to juniors or above; or graduate standing in Broadcast and Cinematic Arts.

**BCA 529 Internship in Electronic Media-Film 2-6(Spec)**

Directed work experience at participating media venues. May count 6 hours maximum toward a major, 3 hours toward a minor. Minimum 2.5 GPA required. Prerequisite: prior written approval of BCA Intern Director; limited to juniors or above; open only to signed BCA majors or minors.

**BCA 531 Industrial and Educational Video/Media Production 3(2-2)**

Lecture and intensive hands-on theory, design and production of video and interactive programs specifically for and within institutional/corporate settings. Prerequisites: BCA 223, 440 with a minimum grade of C in each; limited to juniors or above; or graduate standing.

**BCA 532 Advanced Video/Multimedia Post-Production 3(2-2)**

Lecture and intensive hands-on theory, design and production of multimedia/interactive digital video, with emphasis on advanced post-production technologies and techniques. Prerequisites: BCA 223, 440 with a grade of C or better; or graduate standing.

**BCA 533 Advanced Electronic Media Design 3(2-2)**

Advanced examination of website production, streaming, and stored audio/video media, specifically for electronic media outlets. Emphasis on design aesthetics, application of theory, and website maintenance. Prerequisites: BCA 332; or graduate standing in Broadcast and Cinematic Arts.

**BCA 540 Recording Industry & Business 3(3-0)**

Exploration of the music recording industry, music copyrights and music industry business strategies to reach consumers in the physical and online domains. May be offered as Writing Intensive. Prerequisites: Limited to juniors or above; or graduate standing.

**BCA 542 Contemporary Recording & Mixing 3(2-2)**

Advanced recording, mixing and mastering techniques of contemporary music for multimedia distribution. Summer session only. Laboratory hours arranged with instructor. Prerequisites: BCA 421 with a grade of B or better; or graduate standing in Broadcast and Cinematic Arts.

**BCA 560 Radio Operations I 3(1-4)**

Preparation and performance in radio broadcast practices, emphasizing daily operations and radio management principles. Summer Session I only. Laboratory hours arranged with instructor. Prerequisites: Minimum 2.25 GPA, BCA 222 or 317; or graduate standing in Broadcast and Cinematic Arts.

**BCA 561 Radio Operations II 3(1-4)**

Preparation and performance in radio broadcast practices, emphasizing radio programming and promotion principles. Summer Session II only. Laboratory hours arranged with instructor. Prerequisites: Minimum 2.25 GPA. BCA 222 or 317, BCA 560; or graduate standing in Broadcast and Cinematic Arts.

**BCA 566 Hockey's Cinematic Depictions 1(1-0)**

Focused practice in media criticism through analysis of the sport, business and aesthetics of hockey as depicted in benchmark fiction and non-fiction films. Prerequisites: Limited to juniors or above; or graduate standing in Broadcast and Cinematic Arts.

**BCA 600 Introduction to Electronic Media Research and Writing 3(3-0)**

Introduction to graduate-level academic writing and research design, focusing on vocabulary, syntax, and research theory and method components as they relate to electronic media. Prerequisites: Admission to the BCA graduate program.

**BCA 601 Theories of Mass Communication 3(3-0)**

Examination of theories and application of conceptual frameworks to the study of mass communication.

**BCA 602 Mass Communication Research Methods 3(3-0)**

Examination of quantitative and qualitative research methods applied to the study of mass communication.

**BCA 603 Qualitative Mass Communication Research Methods 3(3-0)**

Examination of qualitative research methods applied to the study of mass communication. Recommended: BCA 601.

**BCA 604 Quantitative Mass Communication Research Methods 3(3-0)**

Examination of quantitative research methods applied to the study of mass communication. Recommended: BCA 601.

**BCA 611 Seminar in Telecommunications Media Policy 3(3-0)**

An examination of the policies that impact the structure, functions and prospects of American electronic media systems. Recommended: BCA 601.

**BCA 612 Electronic Media Seminar 3(3-0)**

Directed readings of current issues and controversies in electronic media. Prerequisites: BCA 601; 602 or 603 or 604.

**BCA 613 Media Entrepreneurship 3(3-0)**

This class is designed to help students understand the work of a media entrepreneur and the basics of starting and running a business. Prerequisites: BCA 601; BCA 602 or 603 or 604.

**BCA 619 Continuing Registration for Final Research Project 1(1-0)**

A non-credit course intended for students who have completed all program credits but still need to use university resources to complete their degree requirements. Prerequisite: Graduate standing in Broadcast and Cinematic Arts.

**BCA 625 Film and Video Theory and Criticism 3(3-0)**

Study of the major theories of film and video emphasizing the reflective, transformational, and semiotic schools. Survey of various critical modes. Prerequisite: Graduate standing in Broadcast and Cinematic Arts.

**BCA 720 Special Topics in Mass Media 3-9(Spec)**

Current topics for each semester listed in Course Search and Registration. 3 hours each; maximum credit, 9 hours. Prerequisite: One course in BCA numbered 500 and above, Graduate Standing in Broadcast and Cinematic Arts.

**BCA 729 Advanced Independent Study in Electronic Media 1-9(Spec)**

Intensive, specialized study under guidance of a faculty member or faculty committee. Prerequisites: Completion of appropriate contract proposal; Permission of advisor and instructor.

**BCA 730 Plan B Project Research 3(3-0)**

Advanced research for Plan B project. No more than nine credits may be earned in BCA 729 and BCA 730 combined. CR/NC only. Prerequisites: BCA 601, 602; permission of Plan B committee members based on satisfactory completion of research prospectus.

**BCA 798 Thesis 1-6(Spec)**

CR/NC only. Prerequisites: BCA 602; Permission of Graduate Advisor.

**BIO 100 Introduction to Field Biology at Beaver Island 3(1-4)**

Introduction to methods used in field study and analyses of data. Emphasis on basic relationships between organisms and their environment. At Beaver Island only. Does not count towards any Biology Major.

**BIO 101 General Biology 3(2-2)**

The study of living organisms. Fundamental principles of biology are integrated with local and global issues of current interest. No credit toward Biology major or minor. May be used toward satisfying the requirements of Integrated Science major or minor for students seeking certification in Elementary education only. Students may only earn credit in one of the following: BIO 101, BIO 105, or BIO 110. Satisfies University Program Group II laboratory requirement. This course may be offered in a hybrid or online format. (University Program Group II-A: Descriptive Sciences)

**BIO 105QR Introductory Quantitative Biology 3(2-2)**

Introduction to basic biological principles, including quantitative treatments of ecology, evolution, cellular processes, genetics and diversity. No credit towards Biology Major or Minor. This course may be offered in an online or hybrid format. Satisfies University Program Group II laboratory requirement. Quantitative Reasoning. (University Program Group II-B: Quantitative and Mathematical Sciences)

**BIO 110 Concepts of Biology 4(3-3)**

Fundamental concepts of biology including the chemical basis of life, cell structure and function, molecular and transmission genetics, evolution and ecology. May be applied towards fulfilling the requirements of any Biology major or minor. Students may only earn credit in one of the following: BIO 101, BIO 105, or BIO 110. Satisfies University Program Group II laboratory requirement. Recommended: High school chemistry or CHM 120 and 127 or 131 or 161. (University Program Group II-A: Descriptive Sciences)

**BIO 151 Human Biology 3(3-0)**

An introduction to human biology as a scientific discipline, cell biology, genetics, homeostasis, selected organ systems, biotechnology and current issues. This course may not be used to satisfy the requirements for a Biology major or minor. This course may be offered in a hybrid or online format. (University Program Group II-A: Descriptive Sciences)

**BIO 165 Life Science for Elementary Teachers 4(3-3)**

Survey of life science content aligned with state and national science education standards and introduction to science pedagogy for students seeking elementary teaching certification. Does not count toward Biology major or the Biology minor. (University Program Group II-A: Descriptive Sciences)

**BIO 197 Special Topics in Biology 1-4(Spec)**

Topics of special interest that are not normally included in existing courses. Prerequisites: Instructor's prerequisites will be announced in the Course Search and Registration.

**BIO 203 General Botany 3(2-3)**

Study of the structure, function, physiology, evolution, diversity and ecology of plants. Prerequisite: BIO 110.

**BIO 208 Microbiology 3(2-3)**

The biology of microorganisms: bacteria, archaea, viruses, fungi, algae, and protozoa. Prerequisite: BIO 110.

**BIO 218 General Zoology 3(2-3)**

A general survey of the animal kingdom with emphasis on phylogeny, taxonomy, structure, physiology, and ecology of type examples of the major phyla. Prerequisite: BIO 110.

**BIO 229 Nature Study 3(2-3)**

Identification of local flora and fauna and their relationships to the environment. Materials important for teachers, and for outdoor and recreational directors.

**BIO 240 Conservation of Natural Resources 3(3-0)**

Ecological approaches to issues of global environmental sustainability, with emphasis on preservation of natural resources such as soil, water, forests and wildlife. (University Program Group II-A: Descriptive Sciences)

**BIO 250 Water as Life, Death, and Power 3(2-2)**

Problems of water access, water-borne pathogens, water treatment, and power relationships in global cultures from anthropology, biology, and chemistry perspectives, via lecture and seminar. Identical to ANT 250 and CHM 250. Credit may not be earned in more than one of these courses. No credit on biology or chemistry major or minor. Recommended: ANT 171 or 170; BIO 101 or 110; CHM 111, 120, or 131.

**BIO 297 Special Topics in Biology 1-6(Spec)**

Topics of special interest that are not normally included in existing courses. Prerequisites: Course prerequisites will be announced in the Course Search and Registration.

**BIO 305 Entomology 3(2-3)**

Structure, function, natural history, and control of insects. Identification to family level. Insect collection required.

**BIO 306 Natural History of Vertebrates 3(2-3)**

The identification, evolution and life history of vertebrates using the classroom, field experiences, and museum preparation. Prerequisites: One of: BIO 101, 105, 110.

**BIO 312 Life Manipulations 3(3-0)**

Current technology and the ethical implications of issues such as contraception, artificial insemination, in vitro fertilization, cloning, genetic engineering, abortion, and euthanasia. Prerequisite: Completion of Group II requirements of the University Program.

**BIO 315 Human Genetics 3(3-0)**

Inheritance in humans, including genetic mechanisms, human populations, medical syndromes, eugenics and genetic counseling. Does not count toward Biology major or the Biology minor. This course is approved for offering in a distance learning format.

**BIO 320 Biology of Bacteria 3(3-0)**

Intermediate microbiology course focusing on bacterial cell structure and function, metabolism, genetics and phylogeny. Prerequisite: BIO 208.

**BIO 324 Cell Biology 3(3-0)**

Cellular structure and function, including biological molecules, membranes, signaling, bioenergetics and metabolism, the cell cycle, information flow, and other cellular processes. Prerequisites: BIO 110, 208; One of: CHM 120, 127, 342 or CHM 131, 132 or CHM 161.

**BIO 325 Biotechnology 3(1-5)**

Laboratory experience in the theory and practice of techniques used in basic cell and molecular biology research and their applications in biotechnology. Prerequisites: BIO 208, and BIO 324 or BIO 326; one of the following CHM sequences: CHM 120, CHM 127 and CHM 342 (may be taken concurrently); or CHM 131 and CHM 132; or CHM 161 and CHM 211.

**BIO 326 Genetics 4(3-3)**

The principles of heredity dealing with the location, transmission, structure and function of genes and the results of modern genetic techniques. Prerequisites: BIO 208; One of BIO 101, 105, 110.

**BIO 330 Light Microscopy 3(2-2)**

Principles and practice of biological light microscopy including sample preparation, use of dissecting, brightfield, and fluorescence microscopes and analysis of anatomy/histology of material. Prerequisite: 6 semester hours of biology.

**BIO 334 Soil Science 3(2-2)**

An introduction to the physical, chemical, and biotic properties of soils; soil classification and mapping; and soil resource issues. Identical to GEO 334. Credit may not be earned in more than one of these courses. Prerequisites: Six (6) hours of environmental science; CHM 120 or CHM 131.

**BIO 337 Comparative Vertebrate Anatomy 4(3-3)**

Anatomical survey illustrating major morphological characteristics within phylum Chordata emphasizing vertebrates. Ontogenetic and evolutionary trends are developed within the framework of functional morphology and adaptation. Prerequisites: BIO 218.

**BIO 338 Human Ecology 3(3-0)**

The relationship of humans to their environment and the environmental consequences of human activities. Topics include climate change, biological invasions, biodiversity loss, emerging infectious diseases. Does not count toward biology majors or the biology minor. This course may be offered in an online or hybrid format.

**BIO 340 Ecology 3(2-3)**

Study of the relationships between organisms and their environment. Prerequisites: One of: BIO 101, 105, 110. Recommended: BIO 203 or 218.

**BIO 351 Biological Science for Elementary Teachers 3(Spec)**

Development of teaching methods and laboratory skills necessary for teaching of grades K-8. Prerequisite: BIO 101 or BIO 105.

**BIO 365 Environmental Contaminants 3(3-0)**

Survey of pesticide characteristics and residue problems, hazardous wastes, ground and surface water contaminants, air pollution and acid rain, and other environmental pollution concerns. Prerequisites: BIO 110 or 240; CHM 132 or 161. Recommended: CHM 345.

**BIO 366 Freshwater Biology 3(2-3)**

An introduction to the ecology of freshwater systems with an emphasis on the natural history, identification, and collection of freshwater organisms. Prerequisite: BIO 110.

**BIO 367 Introduction to Marine Sciences 3(3-0)**

This course will familiarize students with the biology of marine life. Physical factors, communities, and human impacts on the world's oceans will be presented. Prerequisites: BIO 218. Recommended: CHM 131.

**BIO 390 Comparative Animal Physiology 4(3-3)**

The study of the diversity of physiological mechanisms in animals, with emphasis on inter-species comparisons to highlight patterns of physiological adaptation. Prerequisites: BIO 218; CHM 132 or 161 or 342.

**BIO 391 Plant Physiology 4(3-3)**

The study of plant function including processes such as photosynthesis, water movement, growth and development, and plant response to environmental stress. Prerequisites: BIO 203; CHM 120, 127 or 132 or 161.

**BIO 392 Mammalian Physiology 4(3-3)**

The functioning of the mammalian body and its component parts, with an emphasis on human systems. Prerequisites: 45 credits completed; BIO 208; One of: CHM 132, 161, 342.

**BIO 397 Special Topics in Biology 1-6(Spec)**

Topics of special interest that are not normally included in existing courses. Prerequisites: Course prerequisites will be announced in the Course Search and Registration.

**BIO 403 Undergraduate Research 3-4(Spec)**

Research experience for biology majors with 20 hours in biology and a B average. Requires planning with an advisor the semester prior to enrollment. Prerequisites: Permission of department chairperson; 20 credit hours of BIO courses completed with a B average.

**BIO 435 Environmental Toxicology 3(3-0)**

Introduction to basic principles of environmental toxicology. Students will evaluate toxic responses in people, animals, and the environment and formulate a response to health hazards. Prerequisites: BIO 208; CHM 342 or CHM 345.

**BIO 440 Wildlife Ecology 3(3-0)**

Examination of wildlife ecology as it pertains to the conservation and management of both game and nongame wildlife populations and their habitats. Prerequisites: BIO 340.

**BIO 487 Neuroscience Seminar 1-2(Spec)**

Analysis of current research in specified areas of neuroscience; critiquing and discussing primary literature and the students' current research relating to specific topics. Students will repeat this course for a maximum of 2 credits. Identical to PSY 487. Credit may not be earned in more than one of these courses. Prerequisites: Signed Neuroscience Major and prior or concurrent neuroscience research experience through BIO 403 or PSY 496.

**BIO 490 Biomedical Sciences Capstone Seminar 1-2(Spec)**

Seminar course covering variable topics in an area of biomedical science. Students may take this course for a 2 credit maximum. Repeatable when content previously studied is not duplicated. Prerequisites: BIO 324, 326, 392.

**BIO 495 Undergraduate Internship in Biology 1-4(Spec)**

An in-depth work experience in the student's area of interest performed under a trained professional in the selected area of biology for 6 to 24 weeks. Prerequisites: Signed Biology Major or Minor; 20 semester hours in Biology completed; minimum 3.0 GPA in biology.

**BIO 497 Special Topics in Biology 1-9(Spec)**

Topics of special interest that are not normally included in existing courses. Specific topics and instructor's prerequisites will be announced in Course Search and Registration. Repeatable up to 9 credits when content does not duplicate previous special topics.

**BIO 500 Biological Statistics 3(2-2)**

An introduction to biological statistics; emphasis on concepts of descriptive statistics and central tendency, inferential statistics, one-way ANOVA and correlation/linear regression. Prerequisites: Graduate standing or twelve (12) hours of biology. Recommended MTH 130.

**BIO 501 Evolution 3(3-0)**

Mechanisms of descent with modification are discussed in a framework of microevolution, speciation, and macroevolution. Prerequisites: BIO 326 or graduate standing.

**BIO 502 Teaching Biology 3(2-3)**

Development of pedagogical content knowledge for teaching of secondary biology; required training course for prospective teachers of biology. Prerequisites: Completion of at least 22 credits of BIO coursework; GPA of at least 2.7 in BIO classes; admission to the teacher education program.

**BIO 509 Ichthyology 4(3-3)**

Anatomy, taxonomy, physiology, natural history, and ecology of fishes with laboratory emphasis on fishes of the Great Lakes region. Prerequisites: BIO 218.

**BIO 510 Fisheries Biology 4(3-2)**

Analysis of fish populations, management of fisheries resources, and other problems related to freshwater fisheries. Prerequisites: BIO 218.

**BIO 511 Aquatic Insects 3(1-4)**

Natural history and systematic of freshwater insects. Prerequisites: BIO 218 or graduate standing.

**BIO 515 Ornithology 4(2-4)**

An introduction to avian biology emphasizing evolution, systematics, and the annual cycle. Identification, song, and general ecology are studied through field trips and laboratory work. Prerequisites: BIO 218 or graduate standing.

**BIO 518 Animal Behavior 3(2-3)**

Behavior in invertebrate and vertebrate organisms related to genetics, morphology, and the ecology of animal populations. Prerequisites: BIO 218 or graduate standing.

**BIO 519 Invertebrate Systematics and Ecology 4(2-4)**

A review of the evolution and ecology of invertebrates with emphasis on the identification, collection and conservation of organisms in the Great Lakes region. Prerequisites: BIO 218 or Graduate Student Standing. Recommended: BIO 340.

**BIO 523 Fresh Water Algae 4(2-4)**

Taxonomy, morphology, and ecology including analysis and collection methods.

**BIO 524 Molecular Biology 3(3-0)**

Molecular nature of genes and recombinant DNA techniques, explored through the analysis of experimental data. Prerequisites: BIO 326, CHM 346; or graduate standing. Recommended: CHM 521, 522.

**BIO 525 Plant Ecology 4(2-4)**

A study of plants emphasizing physical and biotic interrelationships, and factors which govern their distribution. Field work stressed. Prerequisites: BIO 340; a plant identification course highly recommended.

**BIO 526 Limnology 3(3-0)**

Examination of physical and chemical properties of lake ecosystems, diversity of aquatic organisms, cycling of essential nutrients, and flow of energy through freshwater food webs. Prerequisites: BIO 340. Recommended: CHM 120 or CHM 131 and 132 or CHM 161.

**BIO 527 Limnological Methods 2(0-4)**

A quantitative examination of the physical, chemical and biological aspects of lake ecosystems. Pre/Co-Requisite: BIO 526.

**BIO 534 Endocrinology 3(3-0)**

Hormones, their synthesis, secretion, and their mode of action. Prerequisites: BIO 392 or graduate standing.

**BIO 536 Histology 3(2-3)**

A study of the principle cells and tissues of humans. Prerequisites: BIO 218 and 392; or graduate standing.

**BIO 537 Immunology 3(3-0)**

A description of the biological and biochemical mechanisms of the immune response. Emphasis will be placed on adaptive immunity activation, immunobiology, and immune system dysfunction. Prerequisites: BIO 324, 326, 392; CHM 342 or 346; or graduate standing. Recommended: CHM 425 or 521.

**BIO 539 Virology 3(3-0)**

Basic principles of viral structure and replication. Provides a detailed survey of viruses, including emergent viral pathogens. Explores viral evolution, anti-viral drugs and vaccines. Prerequisites: BIO 324, 326 or Graduate Status in the Biology Department.

**BIO 540 Mammalogy 4(3-3)**

Survey of evolution, taxonomy, behavioral ecology, physiological ecology, conservation biology, and management as these relate to Class Mammalia. Prerequisites: BIO 218 or graduate status.

**BIO 541 Wildlife Biology and Management 4(2-4)**

Presents the basic ecological principles and the varied techniques utilized in managing the wildlife resource. Prerequisite: Permission of instructor.

**BIO 544 Developmental Biology 4(3-3)**

Patterns and cellular/molecular mechanisms of embryonic development, emphasizing animals. Prerequisites: CHM 132 or 161. Pre/Co-requisites: BIO 324, 326.

**BIO 545 Molecular Genetics 3(3-0)**

Genetic approach to fundamental biological problems. Covers genetic techniques and modern molecular methods, including recombinant DNA technology and functional genomics in model systems and humans. Prerequisites: BIO 324, 326; CHM 345. Recommended: CHM 346.

**BIO 546 Molecular Genetics Laboratory 1(0-3)**

Laboratory course, to accompany BIO 545, explores genetic techniques and modern molecular methods, including recombinant DNA technology and functional genomics in model systems. Pre/Co-requisites: BIO 545.

**BIO 549 Herpetology 3(2-3)**

Survey of extant amphibians and reptiles from standpoint of morphology, behavior, physiology, evolution, and ecology. Local collecting field trips required. Prerequisites: BIO 218 or graduate standing.

**BIO 550 Transmission Electron Microscope Technique 4(1-6)**

Biological specimen preparation and examination. Photographic aspects of electron micrograph production.

**BIO 552 Scanning Electron Microscope Technique 4(3-3)**

Principles, practices and techniques of SEM, includes methods of specimen preparation and instruction in generating electron micrographs. Prerequisites: Graduate standing or BIO 330.

**BIO 553 Confocal Microscopy 3(2-3)**

Principles and practice of biological confocal laser scanning microscopy, including sample preparation and the use of molecular probes. Recommended: BIO 324 and BIO 330.

**BIO 554 Advanced Electron Microscopy 3(1-4)**

Routine maintenance, alignment and optimization of a TEM and an SEM for high resolution micrographs, as well as advanced techniques in specimen preparation. Prerequisites: BIO 550, BIO 552.

**BIO 555 Great Lakes Wetland and Aquatic Plants 4(2-4)**

The biology of wetland plants including: identification, systematics, and ecology. Students will visit wetlands throughout Michigan and learn to identify common wetland and aquatic plants. Prerequisites: BIO 203 or graduate standing.

**BIO 556 Biological EDS Analysis 3(1-4)**

Techniques for elemental analysis of biological specimens using an SEM with an energy dispersive spectrometer (EDS). Includes specimen preparation and operation of an EDS system. Prerequisite: BIO 552.

**BIO 557 Dendrology 4(2-4)**

The biology of woody plants including: identification, anatomy, physiology, systematics, and ecology. Students will learn Michigan native trees and shrubs and select cultivars. Prerequisites: BIO 203.

**BIO 558 Natural Resources Management 2(Spec)**

Research and management of fisheries, wildlife, forests, and watersheds through field trips and presentations by specialists. Prerequisites: Graduate status or BIO 340.

**BIO 559 Field Botany 3(2-3)**

The collection, identification, and preparation of herbarium specimens from the local flora. Prerequisites: BIO 203.

**BIO 560 Avian Ecology 3(2-3)**

Relationships among behavior, community organization and ecology of birds are examined through investigative field work. Prerequisites: BIO 340 or graduate standing. Recommended: BIO 515.

**BIO 561 Wetland Ecology and Management 3(3-0)**

The study of wetland ecosystem structure and function. Chemical, physical, and biological processes will be put into the context of conservation, management, and restoration. Prerequisite: BIO 340.

**BIO 562 Plant Systematics and Evolution 4(3-3)**

In-depth study, covering important topics in plant identification, evolution and systematics. Prerequisites: BIO 203 or graduate standing.

**BIO 566 Microbial Diversity and Physiology Laboratory 1(0-3)**

This is an advanced laboratory course that explores experimental techniques used to study the diversity and physiology of microorganisms. This laboratory course accompanies BIO 565. Prerequisite: BIO 326 or Biology graduate status. Co-requisite: BIO 565.

**BIO 570 Cellular Dynamics 3(3-0)**

A course that explores advanced topics in cell biology focusing on landmark discoveries and experimental techniques using the primary literature. Prerequisites: BIO 324, 326; or Biology graduate status.

**BIO 571 Cellular Dynamics Laboratory 1(0-3)**

An advanced laboratory course that explores experimental techniques in cell biology research. This is a laboratory course that accompanies BIO 570. Prerequisites: BIO 324, 326; or Biology graduate status. Co-requisite: BIO 570.

**BIO 575 Applied Bioinformatics 4(3-3)**

Application of bioinformatics techniques. Topics include: gene finding, pairwise and multiple sequence alignments of DNA and protein sequences, and the use of GenBank and BLAST. Prerequisite: BIO 326 or graduate standing.

**BIO 576 Animal Cell Culture 4(1-6)**

Practical aspects of animal cell culture, involving media preparation, aseptic manipulation of cell culture, cell maintenance, and cell storage. Recommended: BIO 392.

**BIO 580 Medical Microbiology 4(2-4)**

Focuses on relationships between humans and pathogenic microbes. Covers major groups of medically important microorganisms, pathological consequences of infection, diagnostic procedures, and clinical case problem-solving. Prerequisites: BIO 208; BIO 392 or HSC 215; or graduate standing.

**BIO 585 Conservation Medicine 3(3-0)**

Examines various diseases and their importance to wildlife, domestic animals, and humans. Epidemiology and ecology of diseases are discussed within the framework of conservation medicine. Prerequisites: BIO 208, 340; or graduate standing.

**BIO 590 Cardiovascular Physiology 3(3-0)**

Basic principles of normal mammalian cardiovascular physiology. Prerequisites: BIO 392 or graduate standing.

**BIO 591 Neurophysiology 3(3-0)**

Principles of nervous system function: cytology, electrophysiology, ion channels, membrane potentials, neurochemistry, synaptic function and its modification, sensory physiology. Prerequisites: BIO 392.

**BIO 597 Special Topics In Biology 1-9(Spec)**

Topics of special interest that are not normally included in existing courses. Specific topics and instructor's prerequisites will be announced in Course Search and Registration. Prerequisite: See Course Search and Registration.

**BIO 600 Biological Research Design and Analysis 3(2-2)**

An examination of the proper design and statistical analysis needed to solve problems in laboratory and field biology. Recommended: BIO 500.

**BIO 610 Biology Colloquium 1-9(Spec)**

Advanced study of selected subject areas under faculty guidance through lecture and/or seminar colloquia in special competence areas of the graduate faculty. Prerequisite: permission of instructor.

**BIO 619 Continuing Registration for Final Research Project 1(1-0)**

A non-credit course intended for students who have completed all program credits but still need to use university resources to complete their degree requirements.

**BIO 620 Biology Practicum 1-9(Spec)**

Practical experience in methodology and techniques in selected field or laboratory-oriented topics, offered in subjects related to graduate faculty specialties. Prerequisites: See Course Search and Registration.

**BIO 626 Topics in Genetics 1-3(Spec)**

Various advanced topics in genetics are covered which range from transmission genetics to molecular genetics and evolution. Student participation is expected. May be repeated as offered to maximum of 3 hours. Prerequisite: BIO 326.

**BIO 629 Topics in Eukaryotic Molecular Genetics 1-4(Spec)**

Seminar on current research papers in molecular genetics of animals, plants and fungi. Student presentations and discussions expected. May be repeated up to 4 credits. Prerequisites: Graduate Standing in the Biology M.S. program.

**BIO 630 Art of Scientific Communication 2(2-2)**

Exploration of methods involved in the writing of refereed scientific papers, grant proposals, theses and dissertations, and oral or poster presentations at scientific meetings.

**BIO 635 Toxicology 3(3-0)**

Study of toxic chemicals, their effects on living organisms, and the metabolism and fate of the chemical in the organism. Prerequisites: BIO 392, CHM 346, CHM 521, CHM 522.

**BIO 637 Topics in Immunology 1-3(Spec)**

Various topics in immunology are covered as lecture or readings from current literatures. May be repeated as offered to a maximum of 3 hours. Prerequisites: BIO 537.

**BIO 642 Advanced Statistical Methods for Research 3(3-0)**

Examines the assumptions and utility of statistical techniques used in research, with emphasis on applications in biology and multivariate techniques with complex datasets. Prerequisite: BIO 500.

**BIO 650 Population Ecology 4(3-2)**

Theoretical and realistic considerations of mechanisms affecting dynamics of plant and animal populations.

**BIO 651 Topics in Ethology 1-3(Spec)**

Discussion of various ethological topics from current literature. May be repeated as offered to a maximum of 3 hours. Prerequisite: BIO 518 and permission of instructor.

**BIO 652 Behavioral Ecology 3(2-3)**

An integration of behavior and ecology from the standpoint of species diversity, habitat utilization, reproduction, and competition. Field observations to illustrate principles of adaptation through behavioral channels. Prerequisites: BIO 340 and BIO 518.

**BIO 653 Stream Ecology 3(2-3)**

Structure and function of stream ecosystems with emphasis on biological processes. Prerequisites: BIO 340 or admission to Biology MS Program.

**BIO 656 Fish Ecology 2(2-0)**

A study of the ecological relationships of fishes. Prerequisites: BIO 509 or graduate status.

**BIO 657 Fisheries Management 2(2-0)**

A study of specific habitats as related to fisheries management, habitat alteration problems, alternative management solutions, special techniques, and specific management topics. Prerequisites: BIO 510 or graduate status.

**BIO 658 Zooplankton Biology 3(2-3)**

An examination of the taxonomy, physiology, behavior and ecology of planktonic animals. Prerequisites: BIO 218, 340.

**BIO 670 Concepts in Biological Areas for Educators 3(2-2)**

In-depth studies on organisms of a local park, museum, zoo, aquarium, garden or other related biological facility providing basic knowledge to communicate to others. Prerequisite: Admission in the MAT Integrated Science Program or Master of Arts in Education with 9 credits of Biology earned in the undergraduate degree.

**BIO 680 Conservation Biology 3(3-0)**

Addresses dynamics and problems of small populations and perturbed species, communities and ecosystems and practical aspects of implementing protection. Prerequisites: BIO 326, 340; or admission to the biology graduate program.

**BIO 685 Phylogenetics 3(3-0)**

Detailed study of phylogeny reconstruction, comparative evolutionary methods, and how to critically evaluate evolutionary studies. Prerequisite: Graduate standing in Biology or Earth and Ecosystems Science. Recommended: Prior coursework in plant biology, zoology, microbiology and genetics.

**BIO 690 Conservation Genetics 4(3-3)**

Students learn technical and theoretical genetic methods used in conservation while generating, analyzing and interpreting data to generate sound scientific conclusions.

**BIO 691 Landscape Ecology 4(3-3)**

Technical and theoretical foundations of landscape ecology as applied to conservation biology, including use of GIS tools. Prerequisites: Completion of, or concurrent enrollment in, BIO 680; BIO 500 or STA 382; GEO 203, 303.

**BIO 692 Topics in Physiology 1-4(Spec)**

Seminars, technique courses or lecture courses on new frontiers in physiology or of special interest. May be repeated for a maximum of 4 hours. Prerequisites: BIO 392.

**BIO 695 Graduate Internship in Biology 1-6(Spec)**

Prerequisite: A graduate internship agreement must be signed and on file in the Biology office or with the Director of the Biological Station at least four weeks prior to enrollment.

**BIO 730 Seminar 1(1-0)**

Formal, oral departmental presentation of the Plan A thesis research. Required of students receiving the M.S. in Biology, Plan A. CR/NC only. Prerequisites: Permission of thesis Committee Chair.

**BIO 790 Research in Biology 2-4(Spec)**

Acquaints the student with research techniques. Prerequisite: Registration requires the approval of the department chairperson. CR/NC only.

**BIO 798 Thesis 1-9(Spec)**

An acceptable thesis may be presented for six to nine hours of credit. CR/NC only. Prerequisite: Plan A thesis prospectus on file in the biology department office and approval of the department chairperson.

**BIS 100 Introduction to Business 3(3-0)**

Introduction to principles and problems of interrelated functions of business. Business organizations as social structures and their interaction with the domestic and global environments.

**BIS 101 Essential Business Communications Skills 3(3-0)**

A focus on effective business communication skills and their impact on career success. This course may be offered in an online or hybrid format. May be offered as Writing Intensive. Prerequisite: BUS 100.

**BIS 104 Computers and Society 3(3-0)**

Fundamental concepts and applications of computers. Impact of the computer on human events and social institutions. Control, predictions, and implications of future computer developments. Does not count on CPS major or minor. Identical to CPS 100. Credit may not be earned in more than one of these courses. This course is approved for offering in a distance learning format.

**BIS 118QR Introduction to Quantitative Reasoning for Business 3(2-1)**

Fundamental concepts of Quantitative Reasoning. Students will analyze quantitative information in graphs, tables, charts, maps, and other media. Students will apply these concepts to real-world business settings. Quantitative Reasoning.

**BIS 147 Introduction to SAP Enterprise Software 1(1-0)**

Concepts and fundamental framework of business enterprise software are introduced using SAP. The SAP technical structure is examined. Prerequisites: BIS 104.

**BIS 190 Entrepreneurship for Small Business 3(3-0)**

Basic entrepreneurship information. For non-business students only. Prerequisite: Permission of instructor.

**BIS 197 Special Studies in Business Information Systems 1-12(Spec)**

Selected topics not normally included in existing courses, with current topics listed in Course Search and Registration. Repeatable up to 12 credits with different topics. Prerequisites: See Course Search and Registration.

**BIS 221 Computers In Business I 3(3-0)**

The management-oriented study of computer information systems in business, including model building and decision support. Includes coverage of leading software packages used in business. This course is approved for offering in a distance learning format. Prerequisite: 26 credits completed with 2.0 minimum GPA.

**BIS 228 Applications Development 3(3-0)**

Introduction to business applications development using rapid development programming tools.

**BIS 255 Information Systems 3(3-0)**

An introduction to the development and use of Information Systems (IS) in business, including the use of software applications to solve business problems. This course may be offered in an online or hybrid format. Prerequisites: GPA of 2.5 or higher; ACC 250; BLR 235; ECO 204; one of MTH 132 or 217 or STA 282 or 382; Co-requisite: ACC 255. For signed Accounting Majors, BLR 235 and ECO 204 may be co-requisites.

**BIS 260 Global Business Communication 3(3-0)**

A focus on business communication skills necessary for success in the global business environment. This course may be offered in an online or hybrid format. May be offered as Writing Intensive. Prerequisite: BUS 100 or BIS 100.

**BIS 297 Special Studies In Business Information Systems 1-12(Spec)**

Selected topics not normally included in existing courses, with current topics listed in Course Search and Registration. Repeatable up to 12 credits with different topics. Prerequisites: See Course Search and Registration.

**BIS 300 Digital Entrepreneurship 3(3-0)**

The use and management of information systems (IS) by entrepreneurs around the world, creating value from information systems and exploring digital entrepreneurship. Identical to ENT 300. Credit may not be earned in more than one of these courses. Prerequisite: 56 semester hours completed.

**BIS 308 Visual Business Communication and Digital Media 3(3-0)**

Evaluating and designing visuals and digital media in a business setting. Work of students contributes to a professional portfolio. This course may be offered in an online or hybrid format. Recommended: BIS 104 or CPS 100 or BIS 221 or BIS 255.

**BIS 315 Social Media and Emerging Technologies in Business 3(3-0)**

Design and implementation of social media strategies using emerging technologies in real-world business settings. This course may be offered in an online or hybrid format. Prerequisite: BUS 100 or BIS 100.

**BIS 321 Computers in Business II 3(3-0)**

The advanced study of business computer information systems, including transaction processing, management information systems, and systems design and analysis. Prerequisites: BIS 221 or BIS 255; 56 semester hours completed and admission to Professional Business Studies or listed on a signed major or minor or with approval from the Office of Undergraduate Business Studies.

**BIS 324 Seminar in Applications Development 3(3-0)**

Development of business applications using selected programming languages and tools. Prerequisites: BIS 228; 56 hours completed and either admission to Professional Business Studies or listed on a signed major or minor.

**BIS 327 Web Site Development 3(3-0)**

Development of Internet and intranet web sites to support business functions including doing business on the Internet with emphasis on issues involved in designing and deploying this information technology by organizations. Prerequisite: 56 semester hours completed or listed on a signed major or minor.

**BIS 328 Web Applications Development 3(3-0)**

Development of web-based mobile applications to support business functions with an emphasis on issues related to application design and deployment. Prerequisites: BIS 228, 327; 56 semester hours completed; admission to Professional Business Studies or listed on a signed major or minor.

**BIS 342 Intercultural Business Communication Abroad 1-9(Spec)**

*Experiential learning based course incorporating study abroad. Students learn and demonstrate tools and knowledge necessary for interaction in a professional setting within a foreign culture. This course may be offered in an online or hybrid format. Prerequisites: ENG 101 or BIS 101 or COM 101 or 195. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition, Option 2)*

**BIS 347 Enterprise Software in Business Using SAP Software 3(3-0)**

The concepts, fundamentals, technical structure, and implementation issues of business enterprise software are introduced using SAP as a tool. Prerequisite: BIS 104 or CPS 100 or BIS 221 or BIS 255.

**BIS 357 ABAP Programming Fundamentals 3(3-0)**

Application of ABAP programming language to implement business processes using the SAP system as an example of contemporary enterprise software. Prerequisites: BIS 228, BIS 347; 56 semester hours completed and either admission to Professional Business Studies or listed on a signed major or minor.

**BIS 360 Applied Business Communication 3(3-0)**

Expands understanding of the communication process as students apply business communication principles related to oral, written, and employment communication in a real-world setting. Prerequisite: 56 semester hours completed. Recommended: ENG 201.

**BIS 380 Enterprise Architecture 3(3-0)**

Study of infrastructure issues relevant to the design, selection, implementation, and management of an organization's enterprise architecture. Prerequisites: BIS 221 or 255; 56 semester hours completed; admission to Professional Business Studies or listed on a signed major or minor.

**BIS 392 Writing Your Business Plan 3(3-0)**

A written business plan will be developed describing a potential business or venture, industry trends, marketing strategies, management plans, financial analysis, and how to put it all together in order to present the plan to a banker. Prerequisites: 56 semester hours earned and be in the semester of completion of the Entrepreneurship minor.

**BIS 397 Special Studies in Business Information Systems 1-12(Spec)**

Selected topics not normally included in existing courses, with current topics listed in Course Search and Registration. Repeatable up to 12 credits with different topics. Prerequisites: See Course Search and Registration.

**BIS 401 Cooperative Occupational Experience 3-6(Spec)**

Office work experience under the supervision of the department and participating employer. Includes scheduled classroom instruction. Prerequisites: BIS 280 or concurrent enrollment; 56 hours completed; either admission to Professional Business Studies or listed on signed major or minor.

**BIS 420 Systems Analysis and Design 3(3-0)**

Fundamentals of business systems analysis and design; study of present system, developing system alternatives. Prerequisites: BIS 221 or BIS 255; 56 semester hours completed and admission to Professional Business Studies or listed on a signed major or minor or with approval from the Office of Undergraduate Business Studies.

**BIS 422 Database Management Systems 3(3-0)**

Study of database concepts with an emphasis on their application to business systems. Prerequisites: BIS 228; 56 semester hours completed; either admission to Professional Business Studies or listed on signed major or minor.

**BIS 423 Decision Support Systems & Business Intelligence 3(3-0)**

Analysis and design of information systems permitting the computer to become an integral part of the managerial decision-making process. Prerequisites: 56 semester hours completed; either admission to Professional Business Studies or listed on a signed major or minor.

**BIS 424 E-Business Applications Development 3(3-0)**

Study of the development and use of e-business applications. Special emphasis will be given to current development technologies and tools. Prerequisites: BIS 228, 327, 422; 56 semester hours completed; either admission to Professional Business Studies or listed on signed major or minor.

**BIS 425 Information Systems Development Project 3(3-0)**

Project course requiring students to develop and implement a computer-based information system. Prerequisites: BIS 420, BIS 422; 86 semester hours completed; either admission to Professional Business Studies or listed on signed major or minor.

**BIS 445 Small Business Organization and Operation 3(3-0)**

Practical study of location, layout, organization, buying, and merchandising as applied to marketing education. Project method will be used. Prerequisites: MGT 312; MKT 300 or MKT 220; 56 semester hours completed; either admission to Professional Business Studies or listed on a signed major or minor.

**BIS 456 Business Analytics Using SAP Software 3(3-0)**

A study of business intelligence solutions using SAP software. Tools covered include SAP Business Warehouse (BW) and SAP BusinessObjects software. This course may be offered in an online or hybrid format. Prerequisites: BIS 247 or BUS 301.

**BIS 458 Configuration and Implementation using SAP Software 3(3-0)**

Concepts and application of configuring SAP software for enterprise deployment in business organizations. SAP functions matched with business requirements are configured using the implementation guide. Prerequisites: BIS 347 or BUS 301; 56 semester hours completed; admission to Professional Business Studies or listed on a signed major or minor.

**BIS 470 Business Practices, Communication, and Collaboration 3(3-0)**

Using effective business practices and collaboration in preparing and delivering appropriate business reports and communication as a logical approach to solving business problems. Prerequisite: BIS 360.

**BIS 490 Internship in Information Systems 3(Spec)**

A full-time or part-time experience (400+ hours) over one or more semesters in an information systems environment. A written report (Internship Portfolio) is required. Prerequisites: Permission of department chairperson; 56 semester hours completed; either admission to Professional Business Studies or listed on a signed major or minor.

**BIS 491 Independent Study 1-3(Spec)**

Student-initiated study guided by a faculty member. Prerequisites: 86 semester hours completed; minimum GPA of 3.0; permission of department chairperson; either admission to Professional Business Studies or listed on signed major or minor.

**BIS 492 Practicum in Small Business 3(Spec)**

Provides the student an opportunity to analyze the accounting, finance, marketing, management, and production systems of an ongoing small business. Identical to ACC/FIN/MGT/MKT 492. Credit may not be earned in more than one of these courses. Prerequisites: permission of instructor; 56 semester hours completed; either admission to Professional Business Studies or listed on a signed major or minor.

**BIS 495 Integrated Capstone: Applied Business Practices 3(3-0)**

An integrative capstone course focusing on business practices in a real-world setting. Students work in small teams to generate positive outcomes for client organizations. Prerequisite: BIS 470.

**BIS 497 Special Studies in Business Information Systems 1-12(Spec)**

Selected topics not normally included in existing courses, with current topics listed in Course Search and Registration. Repeatable up to 12 credits with different topics. Prerequisites: See Course Search and Registration.

**BIS 502 Network Fundamentals 3(3-0)**

Basic concepts of network communication using the Open Systems Interconnection (OSI) model, as well as media, access protocols, routing, reliability, and network services. This course may be offered in an online or hybrid format. Prerequisite: Graduate student status or 86 hours undergraduate credits completed.

**BIS 510 Network & Systems Security Fundamentals 3(3-0)**

Developing Skills needed to effectively and accurately analyze security risks related to networks and related systems, including issues of authenticity, confidentiality, integrity, and availability. This course may be offered in an online or hybrid format. Prerequisites: BIS 380 or CPS 565.

**BIS 520 Teaching & Training at the Post-Secondary Level 3(3-0)**

Learning process, planning and delivering instruction and training, assessing learning, using technology, adult learners, and current research. Designed for collegiate-level business instructors or trainers. Prerequisites: BIS 350 or admission to the MSIS or MBA program or graduate standing. This course is approved for offering in a distance learning format.

**BIS 521 Governance, Risk, & Compliance in Cybersecurity 3(3-0)**

Investigating external and internal threats that compromise data and digitized intellectual property. Implementing effective policies for mitigating risks and security and remediation measures in organizations. This course may be offered in an online or hybrid format. Prerequisite: BIS 510.

**BIS 523 Cybercrime Forensics 3(3-0)**

Introduction to cybercrime and computer forensics. Exploring laws regulating electronic evidences along with establishing the basis for gathering electronic digital evidence and artifacts. This course may be offered in an online or hybrid format. Prerequisite: BIS 510.

**BIS 525 Managing Security & Privacy in the Cloud 3(3-0)**

Exploring cloud computing concepts, frameworks, and security/privacy issues related to cloud deployments. Evaluating relevant security approaches, security architecture, and cloud security policy and requirements. This course may be offered in an online or hybrid format. Prerequisite: BIS 510.

**BIS 530 Cybersecurity, Systems, and Network Certification 3(3-0)**

Building upon the ten security domains, uses the essential preparation tools and techniques to become a Certified Information Systems Security Professional. This course may be offered in an online or hybrid format. Prerequisite: BIS 510.

**BIS 597 Special Studies in Business Information Systems 1-12(Spec)**

Selected topics not normally included in existing courses, with current topics listed in Course Search and Registration. Repeatable up to 12 credits with different topics. This course may be offered in an online or hybrid format. Prerequisites: See Course Search and Registration.

**BIS 598 Integration of Business Processes Using SAP Software 4(Spec)**

Examination of how ERP fundamental business processes interact using SAP software. Prerequisites: A course supported by SAP software taken at CMU or permission of BIS Chairperson.

**BIS 601 Information Systems 3(3-0)**

Introduction to the development and use of Information Systems (IS) in organizations, contemporary IS issues, and the use of software to solve business problems. This course may be offered in an online or hybrid format.

**BIS 619 Continuing Registration for Final Research Project 1(1-0)**

A non-credit course intended for students who have completed all program credits but still need to use university resources to complete their degree requirements.

**BIS 625 Research in Information Systems 3(3-0)**

Addresses information systems (IS) research concepts and methods, and the application of concepts in planning and conducting IS research studies. This course may be offered in an online or hybrid format.

**BIS 627 Web Site Development 3(3-0)**

Development of web sites using Hypertext Markup Language (HTML), Cascading Style Sheet (CSS), client-side JavaScript, and XHTML to support business functions. This course may be offered in an online or hybrid format. Prerequisite: Admission to the Master of Science in Information Systems (MSIS) program.

**BIS 628 Application Development 3(3-0)**

This course involves designing and developing computer applications using a modern programming language. This course may be offered in an online or hybrid format.

**BIS 630 Systems Analysis and Design 3(3-0)**

Introduction to the systems approach to the analysis, design and development of information systems. Methods, tools and technologies are used to develop information systems prototypes. This course may be offered in an online or hybrid format.

**BIS 632 Business Network Systems Management 3(3-0)**

Examination of the management of telecommunication issues in business applications, especially those related to business network systems. Prerequisites: Admission to the MBA program or MSIS program or permission of the MBA director or MSIS director and completion of the following courses: BIS 221 or BIS 255, ACC 201 and ACC 202 or ACC 250 and ACC 255, MTH 132 or MTH 217 and STA 282, with a minimum grade-point of 2.7 with no course grade lower than a C.

**BIS 633 Business Intelligence/Analytics 3(3-0)**

A seminar on the information systems and tools used to aid intelligent decision making in contemporary business environment. This course may be offered in an online or hybrid format. Prerequisite: BIS 601.

**BIS 634 Seminar in Information Systems Issues 3(3-0)**

Overview of contemporary information systems issues. This course may be offered in an online or hybrid format.

**BIS 635 Business Systems Applications 3(3-0)**

A capstone, project-oriented study of the planning, analysis, design, implementation and testing of a business system application using modeling tools and available technology platforms. This course may be offered in an online or hybrid format. Prerequisites: BIS 630.

**BIS 638 Database Management for Business Systems 3(3-0)**

A broad overview of the development and use of database systems in business. The management of databases and their strategic implications will also be covered. This course may be offered in an online or hybrid format. Prerequisite: BIS 601.

**BIS 647 Enterprise Systems for Management Using SAP Software 3(3-0)**

Examination of the application and management of business enterprise software using SAP. Issues include software deployment that supports transaction processing in the business supply chain. This course may be offered in an online or hybrid format.

**BIS 656 Business Intelligence Using SAP BW 3(3-0)**

A study of SAP Business Intelligence Warehouse (BW). Enterprise data warehousing and advanced reporting and data analysis tools are covered. This course may be offered in an online or hybrid format. Prerequisite: BIS 601.

**BIS 657 ABAP Programming for ES 3(3-0)**

Application of ABAP programming language to implement business processes using the SAP system as an example of contemporary enterprise software. This course may be offered in an online or hybrid format. Prerequisites: BIS 628 and BIS 647.

**BIS 658 Enterprise System Configuration Using SAP Software 3(3-0)**

Configuration issues, concepts, and application of enterprise software (SAP) for global business organization integration. This course may be offered in an online or hybrid format. Prerequisites: BIS 630, 647.

**BIS 660 Administrative Business Communication 3(3-0)**

Developing and refining business communication skills for enhancing corporate policy, management, and technology. Prerequisite: admission to MBA or MBE.

**BIS 667 Electronic Business Systems for e-Commerce 3(3-0)**

Business opportunities, challenges, and strategies to leverage the global information infrastructure will be discussed. Students will also learn tools and technologies needed for electronic business systems. Prerequisites: admission to the MBA or MSIS program, or permission of the MBA or MSIS Director.

**BIS 688 Directed Work/Observation/Internship 1-6(Spec)**

Work or internship experience and/or directed observation at business sites. Prerequisite: Minimum of 9 credit hours in the MSIS program.

**BIS 697 Special Studies in Business Information Systems 1-12(Spec)**

Special topics of interest which are not normally included in existing courses. Specific topic will be listed on student's transcript. Prerequisite: Minimum of 9 credit hours in the MSIS program.

**BLR 791 Independent Research 3(Spec)**

Development of research skills and completion of a formal research study. CR/NC only. Prerequisites: BIS 625; admission to the MSIS Program.

**BIS 798 Thesis 1-6(Spec)**

Provides the student with research skills through development and completion of a research study in a specific area of business information systems. CR/NC only. Prerequisites: BIS 625; admission to the MSIS program.

**BLR 197 Special Topics 1-6(Spec)**

Selected topics of interest to students which are not normally included in existing courses. Specific topic will be listed on the student's transcript.

**BLR 202 Legal Environment of Business 3(3-0)**

*Introduction to the concept and use of law as a social institution. Open to both nonbusiness and business students. BLR 202 may not be applied toward the University Program requirements if a student is earning the Bachelor of Science in Business Administration degree. This course may be offered in an online or hybrid format. May be offered as Writing Intensive. (University Program Group III-B: Studies in Social Global Cultures)*

**BLR 222 The Search for Racial Justice through Law 3(3-0)**

*Chronicles and evaluates the use of law by racial minorities in America in the search for justice. May be offered as Writing Intensive. (University Program Group IV-C: Studies in Racism and Cultural Diversity in the United States)*

**BLR 235 Business Law 3(3-0)**

Introduction to law applicable to business transactions; case studies in torts, property, contracts, sales, agency, business organizations. Employment law. May be offered as Writing Intensive. Prerequisites: BIS 101, Tier 1 Continuing Admission to Professional Business Studies.

**BLR 297 Special Topics 1-6(Spec)**

Selected topics of interest to students which are not normally included in existing courses. Specific topic will be listed on the student's transcript.

**BLR 302 Law of Agreements 3(3-0)**

Topics include common law contracts, sales, commercial paper, secured transactions. Special emphasis upon the economic setting and modern development of the legal doctrines. Prerequisites: BLR 202 or BLR 235; 56 semester hours.

**BLR 310 Alternative Dispute Resolution in Business 3(3-0)**

Techniques of negotiation, mediation, and arbitration as compared to litigation are examined and illustrated with student participation. Legal research and writing skills emphasized. Prerequisite: BLR 202 or 235.

**BLR 325 Women and the Law 3(3-0)**

Examines perceptions and behavior toward women and their struggle for change so as to achieve gender equality through use of the law. Identical to WGS 325. Credit may not be earned in more than one of these courses.

**BLR 327 Legal Research 3(3-0)**

Focuses on the importance of legal research as well as teaching methods of finding, analyzing, and evaluating the law. Open to both business and nonbusiness students. Prerequisites: BLR 202 or BLR 235; 56 semester hours.

**BLR 328 Employment Law 3(3-0)**

A survey of the regulation of employment and personnel function, nationally and internationally. Prerequisites: BLR 202 or BLR 235; 56 semester hours.

**BLR 330 Real Estate Law 3(3-0)**

The fundamentals of the law relating to land ownership and use, including possessory and non-possessory rights and interests in land. May be offered as Writing Intensive. Prerequisites: BLR 202 or 235.

**BLR 337 Sports Law 3(3-0)**

This course identifies and applies various areas of law to the sport business including discrimination in sport with respect to race, gender, and disability. Prerequisites: BLR 202 or 235.

**BLR 350 Law and Economics 3(3-0)**

Theory and application of analytical tools of law and of economics in an integrative approach to both subjects. Identical to ECO 350. Credit may not be earned in more than one of these courses. Prerequisites: BLR 202 or 235, ECO 202 or 203.

**BLR 360 Construction Law 3(3-0)**

Law and legal issues most commonly encountered in the construction industry studied primarily through case studies. Common construction contract clauses reviewed. May be offered as Writing Intensive. Prerequisites: 56 semester hours.

**BLR 365 Native American Justice Through Law 3(3-0)**

Examines the legal and historical foundations and current application of the law with respect to the Native American's struggle for recognition and autonomy. Prerequisite: 56 semester hours.

**BLR 390 Law of Enterprise Organization 3(3-0)**

Survey of laws regulating the creation, operation, and termination of agencies, partnerships, and corporations. Prerequisites: BLR 202 or BLR 235; 56 semester hours completed; admission to Professional Business Studies or listed on a signed major or minor.

**BLR 397 Special Topics in Business 1-6(Spec)**

Selected problems of interest to students which are not normally included in existing courses. Specific topic will be listed on the student's transcript. Prerequisites: 56 semester hours completed; admission to Professional Business Studies or listed on a signed major or minor.

**BLR 410 Regulatory Law 3(3-0)**

Survey of major regulatory programs affecting business decision-making, including antitrust, securities regulation, labor-employment law, environmental-land use regulation, utility regulation, administrative law. Prerequisites: BLR 202 or BLR 235; 56 semester hours completed; admission to Professional Business Studies or listed on a signed major or minor.

**BLR 420 Legal Aspects of New Ventures 3(3-0)**

Introduces entrepreneurs to legal requirements for forming a business. Identical to ENT 420. Credit may not be earned in more than one of these courses. Prerequisites: 86 semester hours completed; signed major or minor in Entrepreneurship.

**BLR 445 Personal Estate Planning 3(3-0)**

Fundamentals of estate planning for personal use and professional training. Professional topics target applications in trust administration, accounting, and personal financial planning. Identical to FIN 445. Credit may not be earned in more than one of these courses. Prerequisites: FIN 347; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**BLR 491 Independent Studies 1-6(Spec)**

Directed reading or research on an approved topic. Open to seniors in good academic standing. Prerequisites: prior permission of instructor and department chairperson; 86 semester hours.

**BLR 521 Environmental Law and Policy 3(3-0)**

A survey of environmental laws and policies that affect business decision making, stressing macroenvironmental considerations and major Michigan environmental issues. Prerequisites: BLR 202 or BLR 235 or ENV 101; completion of 86 hours; admission to Professional Business Studies or listed on signed major or minor or permission of MBA director or MBE advisor.

**BLR 565 The International Legal Environment of Business 3(3-0)**

Examines global legal environments that affect business and international business relationships. Prerequisites: BLR 202 or BLR 235; 86 semester hours completed and admission to Professional Business Studies or listed on a signed major or minor or graduate status.

**BLR 597 Special Topics 1-6(Spec)**

Selected problems of interest to students which are not normally included in existing courses. Specific topic will be listed on the student's transcript. Prerequisites: 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**BLR 600 Legal and Social Environment of Business 3(3-0)**

Basic concepts concerning the interrelationship of business and its external environments. Managerial participation in and response to public policy issues and their resolution. Not available for credit toward the M.B.A. or M.S.A. degree.

**BLR 631 Public Policy and Regulated Industries 3(3-0)**

Analysis of the procedural and substantive aspects of the regulatory environment which affect the administration of the energy, communications, transportation and similar industries. Prerequisite: admission to M.B.A.

**BUS 100 Essential Business Skills 3(3-0)**

Introduces students to the concept of a business, its disciplines, and essential business skills including decision making, team work, and oral and written communication. This course is approved for offering in a distance learning format.

**BUS 300QR Applied Business Statistics 3(3-0)**

Applications of statistical analysis to support business decision making. Covers collection of business data, analysis of business datasets, and presentation of results. Quantitative Reasoning. Prerequisites: STA 282 or 382; 26 hours completed.

**BUS 301 Integrated Business Experience 3(2-1)**

Enterprise Resource Planning (ERP) applications emphasizing functional integration of business activities. An integrated business simulation experience links management decisions across organizations. This course may be offered in an online or hybrid format. Prerequisites: Tier 2 Admission to Professional Business Studies; ACC 255, BIS 255, MGT 258. Prerequisite/Co-requisites: FIN 302, MGT/MKT 303, MKT 304.

**BUS 501 Project Management Fundamentals 3(3-0)**

Covers foundational terms, concepts, and processes of project management, providing an opportunity to apply key elements of project management to a simulated project. This course may be offered in an online or hybrid format. Prerequisite: Graduate student status or 86 hours undergraduate credits completed.

**BUS 503 Business Process Improvement 3(3-0)**

This course applies principles and practices of Lean Six Sigma (LSS) and other operations improvements that have been demonstrated to bring value to business. LSS builds on a business statistics foundation. Prerequisites: STA 282 or 382; 56 semester hours completed.

**BUS 505 Application of Project Management Principles 3(3-0)**

Building on fundamentals, students analyze and apply project organization, staffing, and behavioral and qualitative skills in a simulated project to develop core project management competencies. This course may be offered in an online or hybrid format. Prerequisite: BUS 501.

**BUS 507 Advanced Project Management Methodologies 3(3-0)**

Evaluate and create project management solutions appropriate for projects/programs through the complete life cycle, using key processes and knowledge areas of project management. This course may be offered in an online or hybrid format. Prerequisite: BUS 505.

**BUS 619 Voice of the Customer 3(3-0)**

Examination of the marketing research methodologies utilized to capture the "voice of the customer" in a competitive marketplace. This course is approved for offering in a distance learning format. Prerequisites: Permission of the MBA director; graduate status.

**BUS 629 Corporate Governance & Social Responsibility 3(3-0)**

The study of corporate governance and social responsibility within the contemporary business world. This course is approved for offering in a distance learning format. Prerequisites: Permission of the MBA director and graduate status.

**BUS 639 Process Improvement 3(3-0)**

Process improvement as it relates to organizations within the contemporary business world. Methodologies, tools and techniques used for process improvement will be examined. This course is approved for offering in a distance learning format. Prerequisites: Permission of the MBA director; graduate status.

**BUS 691 Management Consulting: Client Relations 2(2-0)**

Development and maintenance of relationships between management consultants and their clients. Emphasis on change management principles. Prerequisites: Admission to Graduate Studies.

**BUS 692 Management Consulting: Diagnosis 2(2-0)**

Review of diagnostic techniques to assess organizational problems. Qualitative research and analytical techniques are also studied. Prerequisites: BUS 691; admission to Graduate Studies.

**BUS 693 Management Consulting: Measurement 2(2-0)**

Theory and managerial tools guiding the consultant to measure and understand complex problems within organizations. Prerequisites: BUS 692; admission to Graduate Studies.

**BUS 694 Management Consulting: Implementation 2(2-0)**

Implementation of the change strategy in the organization. Development of a framework for the assessment of the effectiveness of the change mechanism. Prerequisites: BUS 693; admission to Graduate Studies.

**BUS 697 Special Topics in Business 1-12(Spec)**

Special topics of interest which are not normally included in existing courses. Specific topic will be listed on student's transcript. This course may be offered in an online or hybrid format. Prerequisites: Admission to MBA program, permission of the MBA director, and graduate status.

**BUS 698 Integration of Business Processes for Management using SAP Software 4(Spec)**

Examination of how business processes interact with mySAP ERP in the SAP modules including the analytical and reporting functions in mySAP ERP. CR/NC only. Prerequisites: An SAP course taken at CMU or permission of the MBA director.

**CDE 291 Planned Experience in Community Development 1-15(Spec)****CDE 491 Planned Experience in Community Development 1-15(Spec)****CDO 130 Normal Speech and Language Acquisition 3(3-0)**

*Investigation of normal acquisition of language and speech in children as the core social dimension of human life, approached from several scientifically validated perspectives. (University Program Group III-A: Behavioral Sciences)*

**CDO 230 Introduction to Speech, Language, and Hearing Disorders 3(3-0)**

Aspects of speech-language pathology and audiology for elementary, secondary, and special education teachers, parents, and allied professionals in the management of speech, language, and hearing disorders. This course is approved for offering in a distance learning format.

**CDO 278 Normal Speech Developmental/Descriptive Phonetics 3(3-0)**

Study of speech sound acquisition emphasizing broad and narrow transcription of normal and disordered American English speech sound production using the International Phonetic Alphabet.

**CDO 297 Special Topics in Communication Disorders 1-12(Spec)**

Contains subject matter not included in courses currently listed in the Bulletin.

**CDO 330 Language Development 3(3-0)**

Study of language development in normally developing children from birth through adulthood; oral language sample analysis; language characteristics in disordered language learners. This course is approved for offering in a distance learning format.

**CDO 331 Introduction to Audiology 3(3-0)**

Anatomy and basic psychophysics of hearing; pathologies causing hearing loss; quantitative measurements of hearing; practice in testing. This course is approved for offering in a distance learning format.

**CDO 335 The Anatomy and Physiology of Speech and Hearing 3(3-0)**

Anatomical structures and functions for speech and hearing.

**CDO 338 Introduction to Speech Sound Disorders 3(3-0)**

The study of formal and informal assessment of speech sound system disorders, associated factors and intervention approaches applied to various etiologies. Prerequisites: Admission to the CDO Major; CDO 278, 335. Co-requisites: CDO 340, 431.

**CDO 340 Child Language Assessment and Intervention 3(3-0)**

Formal/informal assessment of language, cognition, and communication functioning in infant through school-aged children not developing normal language parameters: intervention approaches for deficits in language. Prerequisites: Admission to the CDO Major; CDO 330. Co-requisites: CDO 338; CDO 431.

**CDO 402 Diagnostics in Communication Disorders 2(2-0)**

Exploration of the diagnostic process in speech and language including formal and informal assessment methods and tools and strategies for analysis/interpretation of diagnostic findings. Prerequisites: CDO 230, CDO 278, CDO 330, CDO 335, CDO 338, CDO 340.

**CDO 417 Introduction to Adult Communication Disorders 3(3-0)**

Overviews neuroanatomical bases of acquired adult communication disorders and reviews nature and impact of such disorders including aphasia, dementia, apraxia, dysarthria, and traumatic brain injury. Prerequisites: Admission to the CDO major; CDO 335, 340. Co-requisites: CDO 439, 494.

**CDO 431 Audiologic Rehabilitation 3(3-0)**

Habilitative and rehabilitative issues/approaches for persons with hearing loss, including hearing aids, cochlear implants, speechreading, conversational strategies, auditory training, speech/language intervention, psychosocial adjustment, and education. Prerequisite: CDO 331.

**CDO 438 Language Disorders in Special Education Populations 3(3-0)**

To assist special education, elementary, and secondary teachers in the management of language disorders in mentally impaired, emotionally impaired, learning disabled, and autistic populations. Prerequisite: one course in the area of CDO.

**CDO 439 Diagnostic and Intervention Methods in Speech Language Pathology 3(3-0)**

Classroom lecture integrating the clinical interaction process with clinical principles and techniques. Prerequisites: Admission to the CDO major; CDO 278, 338, 340. Co-requisites: CDO 494, 417.

**CDO 463 Introduction to Acoustic Phonetics 3(3-0)**

Physical properties of sound generation, transmission, reception, and perception. Acoustics of sound production, phonemic distinctions, and graphic representations of American English speech. Prerequisites: Admission to the CDO Major; CDO 278. Co-requisites: CDO 525, 551.

**CDO 490 Independent Study 1-4(Spec)**

Student-initiated study guided by faculty member or faculty committee. Prerequisites: an overall B average; permission of advisor and instructor (and completion of form).

**CDO 494 Mentored Practicum in Communication Disorders 4(2-4)**

Supervised clinical assignment with an experienced student mentor encompassing up to 4 hours per week; with required weekly lectures regarding clinical procedures, issues, and cases. CR/NC only. Prerequisites: Admission to the CDO major; CDO 338, 340. Co-requisites: CDO 417, 439.

**CDO 495 Clinical Experience: Communication Disorders 3-6(Spec)**

Enables students in communication disorders to carry out directed clinical practicum. Weekly discussion of clinical problems and cases. Prerequisite: CDO 230, 278, 330, 331, 335, 338, 340, 402, 439, 494, a grade point of at least 3.0 in CDO major courses, and a signed major in CDO.

**CDO 525 Research Design in Communication Disorders 3(3-0)**

Study of critical evaluation of scientific literature. Research in evidence-based practice related to clinical decision-making. Exploration of quantitative, qualitative and mixed-methods in research design procedures. Prerequisites: Admission to the CDO major; CDO 494, 439; a statistics course; or admission to the graduate program in Speech- Language Pathology or Audiology. Co-requisites: For Undergraduates Only: CDO 463, 551.

**CDO 537 Special Topics in Communication Disorders 1-9(Spec)**

Current topics for each semester listed in Course Search and Registration. 3 hours each; maximum credit 9 hours.

**CDO 545 Communication Disorders and Aging 3(3-0)**

Theoretical foundations for communication disorders and aging. Functional communication approaches to: gerontological audiology and speech-language pathology; a continuum of care incorporating prevention and intervention. This course is approved for offering in a distance learning format.

**CDO 550 Communication Assessment and Intervention in Children with Autism Spectrum Disorders 3(3-0)**

This course examines procedures for assessment of communication, language, and speech of students with autism spectrum disorders, and reviews strategies for enhancing communication and language. Prerequisites: SPE 530; senior or graduate status.

**CDO 551 Autism Spectrum Disorders: A Clinical Focus 3(3-0)**

This course examines clinical procedures and evidence-based practice for assessment and intervention of communication skills of clients with autism spectrum disorders. Prerequisites: Signed CDO major, 30 hours CDO coursework; or admitted SLP or AuD.

**CDO 619 Continuing Registration for Final Research Project 1(1-0)**

A non-credit course intended for students who have completed all program credits but still need to use university resources to complete their degree requirements.

**CDO 632 Counseling Issues in Communication Disorders 3(3-0)**

Review of theory and practice of counseling methods and techniques to be used by speech-language pathologists in clinical practice. Prerequisites: Admission to the graduate program in speech-language pathology.

**CDO 637 Special Topics in Communication Disorders 3(Spec)**

Current topics for each semester listed in Course Search and Registration. Maximum credit 9 hours. Prerequisite: admission to the graduate program in speech-language pathology.

**CDO 638 Seminar: Adult and Pediatric Swallowing and Feeding Disorders 3(3-0)**

Study of direct and indirect evaluation and treatment of swallowing disorders in patients with neuromuscular disorders, oral, pharyngeal, laryngeal cancer and pediatric feeding disorders. Prerequisites: admission to the graduate program in speech-language pathology.

**CDO 639 Hypopharyngeal Visualization 2(1-2)**

Practice in manipulation of instrumentation used in visualizing hypopharyngeal structures. Assessment of laryngeal functions for voice and swallowing based on visual images. Prerequisite: Admission to the graduate program in speech-language pathology.

**CDO 640 Cadaveric Anatomy for Communication 3(2-2)**

The dissection course will cover the anatomy and neuroanatomy which pertains to the head and neck, in relation to articulation, phonation, and respiration for speech. Prerequisite: Admission to the graduate program in speech-language pathology.

**CDO 643 Disorders of Hearing 3(3-0)**

Disorders resulting from diseases, injury of the ear, and lesions of the nervous system from the point of view of audiometric diagnosis. Prerequisite: admission to the Au.D. Program. This course is approved for offering in a distance learning format.

**CDO 702 Infant-Toddler Communication: Assessment and Intervention 2(2-0)**

Course reviews normal communication development from birth to three years, describes high-risk populations, and provides information for assessing and intervening with infants and their families. Prerequisite: Admission to the graduate program in speech-language pathology.

**CDO 704 Language Disorders in Preschool Children 3(3-0)**

Course includes identification, assessment of, and intervention for communication and language delays in children, with focus on three to five year olds. Prerequisite: Admission to the graduate program in speech-language pathology.

**CDO 705 Cognitive-Communicative Disorders of Traumatic Brain Injury 3(3-0)**

Traumatic brain injury with emphasis on medical aspects, behavioral sequelae, and cognitive-communicative disorders related to closed head injury in children, adolescents and adults. Prerequisite: Admission to the graduate program in Speech-Language Pathology.

**CDO 708 Language Disorders in School-Age Children 3(3-0)**

Study of normal and disordered language and cognitive processes, as they relate to school age children. Prerequisites: CDO 704; admission to the graduate program in speech-language pathology.

**CDO 711 Craniofacial Disorders 2(2-0)**

Study of a variety of craniofacial anomalies including cleft lip and palate. Topics to include etiology, evaluation, and treatment from an interdisciplinary perspective. Prerequisites: admission to the graduate program in speech-language pathology.

**CDO 712 Physiological Phonetics 2(2-0)**

Use of basic equipment in physiological analysis of articulation, phonation, respiration, resonance, and swallowing. Discussion of relevant research and implications for clinical work. Prerequisites: admission to the graduate program in speech-language pathology.

**CDO 713 Voice/Resonance Disorders/Laryngectomy Rehabilitation 3(3-0)**

This course covers etiology, evaluation, and treatment of persons with voice/resonance disorders and laryngectomies. Prerequisites: Admission to the graduate program in Speech-Language Pathology.

**CDO 714 Motor Speech Disorders 3(3-0)**

Advanced study in the diagnosis and treatment of motor speech disorders in children and adults. Prerequisite: Admission to the graduate program in speech-language pathology.

**CDO 717 Aphasia 3(3-0)**

Study of assessment and treatment of aphasia. Specific topics include neuroanatomical bases for language, neurology, clinical research design, ethical service delivery, and patient/family counseling. Prerequisites: Admission to the graduate program in Speech-Language Pathology.

**CDO 720 Anatomy and Physiology Underlying Neurootology 3(3-0)**

In-depth study of the anatomy/physiology of the auditory and vestibular systems. Prerequisites: admission to the Au.D. program.

**CDO 721 Audiological Aspects of Pharmacology and Microbiology 3(3-0)**

Principles of microbiology and bacterial pathogenesis important to audiology, antibiotic therapy for ear infections, common adverse effects, antibiotic resistance, and strategies that minimize pathogen transmission. Prerequisites: admission to the Au.D. program. This course is approved for offering in a distance learning format.

**CDO 722 Cognitive-Communicative Disorders of Dementia 3(3-0)**

Management of cognitive-communicative disorders of dementia and mild cognitive impairment within the scope of practice for speech-language pathologists. Prerequisites: Admission to the graduate program in Speech-Language Pathology.

### **CDO 730 Experimental Studies in Communication Disorders 3(3-0)**

Selection of a research topic: study of designs, scaling methods, statistics and computer analysis of research in audiology and speech-language pathology; preparation of a prospectus; and critical review of research literature in communication disorders. Prerequisite: admission to the graduate program in speech-language pathology or audiology.

### **CDO 731 Diagnostic Audiology 3(3-0)**

Rationale and application of specialized procedures used in the assessment of hearing function. Advanced study of diagnostic methods. Prerequisite: admission to the Au.D. Program.

### **CDO 734 Applied Speech Science 3(3-0)**

Operation and application of basic laboratory equipment used in acoustical research, and the reading and discussion of significant publications on phonetics. Prerequisite: Admission to the graduate program in speech-language pathology.

### **CDO 735 Augmentative and Alternative Communication 3(3-0)**

Assessment and treatment of communications disorders resulting from multiple deficits originating from neurological, neuromuscular, sensory, and cognitive disorders. Verbal and nonverbal management approaches are considered. Prerequisites: Admission to the graduate program in SLP.

### **CDO 736 Speech Sound Disorders in Children 3(3-0)**

Advanced study of the diagnosis and treatment of articulation and phonological disorders in children. Prerequisite: Admission to the graduate program in Speech-Language Pathology.

### **CDO 739 Stuttering 3(3-0)**

Overt and covert characteristics of stuttering behavior including their prevention, etiology, and modification. Prerequisites: Admission to the graduate program in Speech-Language Pathology.

### **CDO 740 Neuroanatomy 3(3-0)**

Comprehensive study of the central nervous system, emphasizing the structural and functional organization of the human brain underlying communication disorders. Prerequisite: Admission to the graduate program in speech-language pathology or admission to the Au.D. Program.

### **CDO 741 Special Topics in Audiology 1-9(Spec)**

Current topics for each semester listed in Course Search and Registration. 3 hours each; maximum credit 9 hours. Prerequisites: admission to the Au.D. Program.

### **CDO 744 Occupational and Environmental Hearing Conservation 3(3-0)**

Effects of noise as a health hazard especially related to hearing. Government regulations regarding noise levels in vocational environments. Prerequisites: admission to the Au.D. Program. This course is approved for offering in a distance learning format.

### **CDO 749 Clinical Practicum in Speech-Language Pathology or Audiology 1-15(Spec)**

Experience in clinical practices and applicable documentation with various types of clinical profiles in different settings inclusive of educational and medical speech-language pathology. Up to 15 credits earned in this course will not count in the variable credit total. Prerequisites: Admission to the graduate program in speech-language pathology, completion of 25 hours of clinical observation under the supervision of an ASHA certified speech-language pathologist, and a grade point average (GPA) of at least 3.0 in the CDO graduate courses.

### **CDO 750 Advanced Hearing Science 3(3-0)**

Study of principles and concepts basic to the understanding of the normal hearing process. Prerequisite: admission to the Au.D. program.

### **CDO 752 Amplification for the Hearing Impaired 3(3-0)**

Study of topics related to prosthetic amplification including electroacoustic characteristics, clinical measures, relationship of electro- and psycho-acoustic measures and delivery systems. Prerequisite: admission to the Au.D. Program.

### **CDO 754 Pediatric Audiology 3(3-0)**

Study and evaluation of auditory function of neonates, infants, and young children. Prerequisite: admission to the Au.D. Program. This course is approved for offering in a distance learning format.

### **CDO 756 Early Identification and Management of Hearing Loss 3(3-0)**

Principles underlying early hearing detection and intervention programs including universal newborn screening, assessment and management of hearing loss. Prerequisites: admission to the Au.D. program and CDO 754. This course is approved for offering in a distance learning format.

### **CDO 757 Geriatric Audiology 3(3-0)**

This course teaches students about changing health conditions, health care, and the evaluation and treatment of auditory and vestibular disorders in older adults. Prerequisites: Admission to the Au.D. program.

### **CDO 759 Introduction to Clinical Practicum: Audiology 2-6(Spec)**

An introductory experience to clinical practicum in audiology. Prerequisites: admission to the Au.D. program.

### **CDO 762 Advanced Amplification for the Hearing-Impaired 3(3-0)**

Advanced study of amplification for the hearing-impaired including special clinical procedures, research needs, and evolving technology in hearing instruments. Prerequisites: admission to the Au.D. program and CDO 752. This course is approved for offering in a distance learning format.

### **CDO 763 Audiological Rehabilitation Considerations in Education 3(3-0)**

Study of management, educational placement, and remediation strategies for hearing-impaired children. Prerequisites: admission to the Au.D. program. This course is approved for offering in a distance learning format.

**CDO 764 Audiologic Rehabilitation for Adults 3(3-0)**

Focuses on the audiological management of hearing loss in adults. Assessment of communication function and implementation of appropriate remedial strategies are emphasized. Prerequisites: admission to the Au.D. program and CDO 763. This course is approved for offering in a distance learning format.

**CDO 765 Cochlear Implants and Other Implantable Technologies 3(3-0)**

Advanced study of implantable devices including: clinical procedures, applications to specific clinical populations, research needs, evolving selection, evaluating strategies for treatment of the hearing impaired. Prerequisites: Admission to the Au.D. program.

**CDO 769 Intermediate Clinical Practicum: Audiology 3-9(Spec)**

Clinical practicum providing for the independent performance of basic audiological procedures, including hearing aid management. Prerequisites: admission to the Au.D. program, completion of CDO 759.

**CDO 771 Advanced Auditory Assessment 3(3-0)**

Study of advanced diagnostic techniques including acoustic immittance, acoustic reflex and otoacoustic emissions. The clinical management of various disordered clients will be discussed. Prerequisites: admission to the Au.D. program, CDO 731, CDO 751.

**CDO 772 Advanced Technology & Practice Aspects of Amplification 3(3-0)**

Examination of current and future technologies that relate to amplification and their potential for impact on both clinical and research domains. Prerequisites: admission to the Au.D. program, CDO 752, CDO 762. This course is approved for offering in a distance learning format.

**CDO 773 Advanced Amplification Fitting Strategies 3(2-2)**

Advanced concepts in the adjustment of electroacoustic characteristics of conventional, programmable and digital hearing aid circuits for the purpose of selecting appropriate amplification. Prerequisites: admission into the Au.D. program, CDO 752, CDO 762.

**CDO 781 Electrophysiological Techniques in Audiology 3(2-2)**

Study of evoked responses used in diagnostic audiology. Includes ABR, AMLR, ECoG, ALR, P300, ENOG, VER and SSER. Prerequisites: CDO 771, admission to the Au.D. program.

**CDO 782 Evaluation and Management of Vestibular Disorders 3(3-0)**

Review of the anatomy, physiology of balance, differential diagnostic procedures such as videonystagmography, posturography and rotational testing, and the rehabilitation of the balance disordered patient. Prerequisites: admission to the Au.D. program. This course may be offered in an online or hybrid format.

**CDO 783 Advanced Electrophysiological and Vestibular Techniques in Audiology 3(3-0)**

Study of advanced electrophysiological and vestibular techniques in audiology such as ECoG, AMLR, ALR, P300, ENOG, cVEMP, oVEMP, SVV, VRT and high frequency vestibular tests. Prerequisites: admission to the Au.D. program. This course may be offered in an online or hybrid format.

**CDO 785 Auditory Processing Disorders 3(3-0)**

Principles underlying neuroanatomic and neurophysiologic bases of auditory processing and auditory processing disorders, behavioral and electrophysiologic assessment strategies, and management of auditory processing disorders. Prerequisites: admission to the Au.D. program. This course is approved for offering in a distance learning format.

**CDO 790 Advanced Independent Study 1-9(Spec)**

Intensive study of a subject area initiated by the student and guided by faculty member or faculty committee. Prerequisites: permission of advisor and instructor and completion of CDO independent study form. Students can take no more than 3 credits at one time.

**CDO 795 Internship 3-6(Spec)**

Full-time clinical experience with an approved supervisor in hospital, private practice, school, or other appropriate setting. CR/NC only. Prerequisites: admission to the graduate program in speech-language pathology.

**CDO 798 Thesis 1-6(Spec)**

CR/NC only.

**CDO 849 Advanced Clinical Practicum: Audiology 4-12(Spec)**

Clinical practicum which encompasses the entire range of audiological procedures including rehabilitation. Prerequisites: admission to the Au.D. program, completion of CDO 769.

**CDO 853 Psychosocial Aspects of Hearing Loss 3(3-0)**

An investigation into the advising role of the audiologist with persons having hearing impairment. Psychological, social, and vocational aspects of hearing loss are emphasized. Prerequisites: admission to the Au.D. program. This course is approved for offering in a distance learning format.

**CDO 863 Professional Issues in the Practice of Audiology 3(3-0)**

Issues of a professional nature which impact on the practice of audiology. Topics include accreditation/certification, quality assurance, reimbursement, establishing a private practice, and professional liability. Prerequisites: admission to the Au.D. program. This course is approved for offering in a distance learning format.

**CDO 898 Doctoral Project 1-12(Spec)**

Doctoral project. This course is approved for offering in a distance learning format. CR/NC only. Prerequisites: admission to the Au.D. program, CDO 730.

**CDO 995 Clinical Externship 5-23(Spec)**

Full-time clinical experience with an approved preceptor in a hospital, private practice or other appropriate setting. CR/NC only. Prerequisites: Admission to the Au.D. program, CDO 849, CDO 898.

**CED 101 Career and Self-Exploration 1(1-0)**

Emphasis is on developing self-awareness, career awareness, and academic awareness leading to a comprehensive career plan. Primarily for freshmen.

**CED 502 Student Development in Higher Education 3(3-1)**

The college student personnel movement, its social, psychological, and cultural foundations. Student development functions; career program models; legal, ethical, and professional considerations; role of professionals. This course is approved for offering in a distance learning format. Prerequisites: Junior standing or graduate status.

**CED 503 Introduction to Community Agency Counseling 3(3-0)**

An overview of issues and trends in community agency counseling. Topics include: history, professional orientation, philosophy, finance, administration, community resources and special concerns. This course is approved for offering in a distance learning format. Prerequisites: Junior standing or graduate status.

**CED 504 Introduction to School Counseling 3(3-0)**

History and philosophy of school counseling programs. Role and function of school counselors. Prerequisites: Minimum of 56 credit hours completed or graduate status.

**CED 505 Orientation to the Counseling Profession 1(1-0)**

Orient students to the profession by examining history, identity, and process of becoming a professional counselor in a diverse society. This course is approved for offering in a distance learning format. Prerequisites: Senior standing or graduate status.

**CED 515 Basic Group Participation 1(Spec)**

Facilitated group counseling where students experience being in the role of client/group participant. CR/NC only. Prerequisite: Junior standing or graduate status.

**CED 520 Personal Growth and Development 2(Spec)**

Personal growth group to help participants increase awareness and acceptance of self and others. Prerequisites: Junior standing or graduate status.

**CED 540 Counseling for Addictions 3(3-0)**

Presentation and application of basic theories, techniques and resources for dealing with a broad range of addictive behavior, both substance related and behaviorally focused. Prerequisites: Senior or graduate status.

**CED 545 School Counseling Seminar 3(3-0)**

Discussion and individual investigation into topics and critical incidents germane to schools. Recommendations and solutions by professionals in the field are reviewed. Prerequisites: CED 504.

**CED 551 Counseling with Children 3(3-0)**

Survey of specialized skills for counseling with children. Emphasis upon the modification of counseling interventions to meet the needs of elementary aged children. Prerequisite: Junior or graduate status.

**CED 555 Human Relations Skills 3(3-1)**

An introduction to skills utilized in developing helping relationships, emphasizing the person-to-person, day-to-day relationships. This class will be conducted through cognitive and experiential approaches. This course is approved for offering in a distance learning format. Prerequisites: Senior standing or graduate status.

**CED 566 Lifespan Development for Counselors 3(3-0)**

Course will address the influence of developmental and environmental factors on human behavior, including physical, social, and psychological aspects, and implications for counselors. Prerequisites: Minimum of 56 credit hours completed or graduate status.

**CED 580 Seminar: Professional Topics 1-12(Spec)**

Special topics that are germane to the field of counseling. This course is approved for offering in a distance learning format. Prerequisites: Junior standing or graduate status.

**CED 583 Counseling Aspects of Sexuality 3(3-0)**

An introduction to the dynamics of human sexual dysfunctions and the counseling appropriate for therapeutic intervention. Prerequisites: Junior standing or graduate status.

**CED 605 The Marriage and Family Therapist 3(3-0)**

Study of professional and ethical responsibilities; role of professional organizations, licensure and certification; legal responsibilities and liabilities; intra-professional cooperation; and development of professional identity.

**CED 608 Understanding and Working with Couples and Families 3(3-0)**

Introduction to theories and skills for working with couples and families and understanding how relationships influence individual behavior. This course is approved for offering in a distance learning format. Prerequisites: Graduate status.

**CED 610 Career Development and Counseling 3(3-0)**

Critical survey of career development theories. Practical application of career counseling programs. Use of tools and information in career counseling. This course is approved for offering in a distance learning format.

**CED 611 Developmental Career Counseling 3(2-1)**

Critical survey of career development theories. Application of concepts and strategies of career exploration. Students participate in a supervised experience in teaching career exploration techniques. Prerequisite: Graduate status. Recommended: Completion of, or concurrent enrollment in, CED 650.

**CED 612 Work and Career in a Global Society 3(3-0)**

Orient students to work and career in a global society by examining past, present and future issues in the workplace. This course is approved for offering in a distance learning format. Prerequisites: Graduate status.

**CED 619 Continuing Registration for Final Research Project 1(1-0)**

A non-credit course intended for students who have completed all program credits but still need to use university resources to complete their degree requirements.

**CED 620 Introduction to Multicultural Issues in Counseling 3(3-0)**

An examination of research and practice issues relating to counseling culturally specific groups. Special emphasis on the client/counselor relationship.

**CED 621 Orientation to a Culturally Diverse Society 3(3-0)**

Orient students to the process of developing competence to live and relate in a culturally diverse society. Prerequisites: Graduate status.

**CED 630 Counseling Ethics and Professional Issues 3(3-0)**

Supervised discussion of legal and ethical issues that most affect the practice of counseling and related helping professions. This course is approved for offering in an online or hybrid format. Prerequisites: Admission to the M.A. in Counseling.

**CED 640 Standardized Tests 3(3-0)**

Selection, evaluation, functions, and interpretation of tests in intelligence, achievement, aptitude, personality, and interests. Emphasis on tests appropriate to the students' future work settings. This course is approved for offering in a distance learning format. Prerequisite: Admission to counseling program.

**CED 650 Theories and Techniques of Group Counseling 3(3-0)**

The application of group theories and techniques, interpersonal communication skills, and the assessment of group counseling interventions. Prerequisite: Regular admission to M.A. in Counseling. Pre/Co-requisite: CED 660.

**CED 660 Counseling Techniques 3(3-0)**

Systematic study of the counseling process: stages, intervention strategies and related issues. Both cognitive and experiential approaches will be used. Prerequisites: CED 677; Regular Admission to the M.A. in Counseling.

**CED 668 Theory and Process of Family Therapy 3(3-0)**

Introduction to the specific theories of marriage and family counseling and examination of the processes involved with each.

**CED 670 Independent Study 1-12(Spec)**

Study and/or investigation of a special problem with the guidance of a staff member. Prerequisites: Admission to the M.A. in Counseling.

**CED 677 Theories of Counseling 3(3-0)**

An examination of psychological foundations with counseling theories and approaches. Designed to aid students' development of a personal counseling theory as a guide to practice.

**CED 680 Seminar: Professional Topics 1-12(Spec)**

Special topics that are germane to the field of counseling. This course is approved for offering in a distance learning format. Prerequisites: Graduate status.

**CED 684 Grief, Loss and Trauma 3(3-0)**

An examination of grief, loss and trauma, the impact they have on individuals and systems, and how helping professionals can mitigate their effects. This course is approved for offering in a distance learning format. Prerequisites: Graduate status.

**CED 685 Counseling Aspects of Grief and Loss 3(3-0)**

An introduction to the dynamics of grief and loss and the counseling procedures appropriate for therapeutic intervention. This course may be offered in an online or hybrid format.

**CED 690 Counseling Practicum 3(1-3)**

Supervised counseling of individuals, families, couples and children. Observation and critique of peer counseling sessions. CR/NC only. NOTE: Prior application by the posted deadline and approval required. Prerequisites: Regular Admission to the M.A. in Counseling; a grade of B or better in CED 660.

**CED 691 Internship in Counseling 1-6(Spec)**

On-the-scene work in selected settings under the supervision of experienced practitioners. Practical experience, observation, and opportunity for relating the theoretical and the actual. Note: application to register for this course must be filed during the semester prior to registration for approval. CR/NC only. Prerequisites: grade of CR in CED 690.

**CED 695 Research for Counseling and Special Education 3(3-0)**

Presentation and application of designs and procedures pertinent to conducting research in human services. Includes writing a research proposal and manuscript, implementing mini-research project. Identical to SPE 695. Credit may not be earned in more than one of these courses. This course is approved for offering in a distance learning format. Prerequisites: Regular Admission to the M.A. in Counseling or Special Education; completion of 15 hours or more toward the M.A. in Counseling or Special Education.

**CED 696 Independent Research 3(Spec)**

Completion of research project under the supervision of a faculty advisor. Prerequisite: Successful completion of CED 695 or graduate research methods course.

**CED 698 Thesis 1-6(Spec)**

CR/NC only. For Master's degree candidates. Prerequisites: CED 695.

**CED 750 Advanced Group Facilitation 3(3-1)**

Survey of differing styles of group facilitation. Elements in the helping relationship which improve the quality of interpersonal relationships. "Self-in-therapeutic-interaction" incorporated into a supervised experience. Prerequisites: Regular admission to the M.A. in Counseling; CED 650; permission of instructor.

**CED 751 Facilitation of Play Therapy Sessions 3(3-1)**

Systematic inquiry into the use of play therapy and its relevance to the growth and development of children. Theoretical positions compared and appraised. Supervised experience. Prerequisites: Regular admission to the M.A. in Counseling; permission of instructor.

**CED 765 Professional Counseling and Consulting 3(3-0)**

Focuses on specific knowledge and skills used by professional counselors in a variety of settings. Includes consultation, supervision, diagnostics, and other topics. This course is approved for offering in a distance learning format. Prerequisites: Admission to Counseling program; CED 677.

**CED 780 Seminar: Professional Topics 1-12(Spec)**

Special topics that are germane to the field of counseling. This course is approved for offering in a distance learning format. Prerequisite: 15 hours of graduate level counseling coursework.

**CED 790 Advanced Counseling Practicum 3(1-3)**

A continuation of CED 690. Application to register for this course must be filed by the posted deadline prior to registration for approval. Prerequisite: CED 690.

**CED 791 Advanced Internship in Counseling 3(Spec)**

Internship with selected professionals. Opportunity to confirm professional effectiveness in helping professions. Note: Application to register must be filed and approved during the semester prior to registration. CR/NC only. Prerequisites: Grade of CR in CED 690; permission of instructor.

**CGL 200 Short-term Study Abroad 1-3(Spec)**

A short-term faculty-led study abroad experience, to be used within relevant and appropriate CGL curricula. Prerequisite: Signed CGL certificate.

**CGL 300 Study Abroad Experience 1-6(Spec)**

*Study abroad experience, to be used within relevant and appropriate CGL curricula. Prerequisites: Signed CGL certificate; 3 hours completed of that certificate. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**CGL 496 Seminar in Cultural and Global Studies 3(3-0)**

An interdisciplinary capstone seminar in Cultural and Global Studies integrating themes in current research and practice, focusing on global movements, cultural institutions, and current issues. May be offered as Writing Intensive. Prerequisites: ANT 170. Minors must have completed at least 12 hours of additional course work for the program. Majors must have completed at least 21 hours of additional course work.

**CHM 101 Armchair Chemistry 3(2-2)**

An introduction to the science of chemistry, using equivalent portions of laboratory experiments and directed discussions. No credit toward chemistry or biochemistry major or minor. Satisfies University Program laboratory requirement. (University Program Group II-B: Quantitative and Mathematical Sciences)

**CHM 111 The Interaction of Chemistry and Society 3(3-0)**

The impact of chemistry on our environment. Emphasis on water, air, and environmental pollution. Recommended for elementary school teachers. No credit toward chemistry or biochemistry major or minor. No previous chemistry required.

**CHM 112 Chemistry and Society Laboratory 1(0-3)**

Elementary laboratory experiments which parallel CHM 111 and 120 lectures and investigate the impact of chemistry on our environment. Recommended for elementary/middle school education majors. No credit toward chemistry or biochemistry major or minor. Satisfies University Program Group II laboratory requirement. This course may be offered in an online or hybrid format. Pre/Co-requisite: CHM 111 or CHM 120. (University Program Group II-B: Quantitative and Mathematical Science)

**CHM 120 Survey of Chemistry 4(4-0)**

Elementary concepts in chemistry. For students on curricula needing minimal chemical background or students who need additional preparation for CHM 131. This course provides suitable preparation for the successful completion of the laboratory courses, CHM 112 or CHM 127. Cannot be counted on a Chemistry/Biochemistry major or Chemistry minor. This course may be offered in an online or hybrid format. Recommended: High school Algebra II or MTH 105. (University Program II-B: Quantitative and Mathematical Science)

**CHM 127 Introductory Chemistry Laboratory 1(0-2)**

Elementary laboratory experiments which parallel the syllabus for CHM 120. Recommended for students in dietetics, sports medicine, health education, and elementary/middle school education. No credit toward chemistry or biochemistry major or minor. Satisfies University Program Group II laboratory requirement. Pre/Co-requisite: CHM 120. (University Program Group II-B: Quantitative and Mathematical Science)

**CHM 131 General Chemistry I 4(3-3)**

Fundamental concepts of chemistry including stoichiometry, gas laws, thermochemistry, and molecular structure. CHM 131 is a first course for science majors. Satisfies University Program Group II laboratory requirement. Recommended: High school algebra or MTH 107; high school chemistry or CHM 120. (University Program Group II-B: Quantitative and Mathematical Sciences)

**CHM 132 General Chemistry II 4(3-3)**

Continuation of CHM 131 including solutions, kinetics, equilibrium, weak acids and bases, thermodynamics, and electrochemistry. Prerequisite: CHM 131. Recommended: a grade of C or better in CHM 131.

**CHM 161 Principles of Chemistry 5(4-4)**

Intensive introduction to chemical principles for the well-prepared, motivated student. Satisfies University Program Group II laboratory requirements. Recommended: High school Algebra II or MTH 107 (preferably with a B or better); high school chemistry or CHM 120.

**CHM 171 Perspectives In Chemistry 1-6(Spec)**

Selected topics in chemistry for the nonscientist. May be repeated for a total of 6 credits when the content is not a duplication of previous topics. No credit toward major or minor.

**CHM 172 Introduction to the Techniques of Research 1-3(Spec)**

Introduction to laboratory techniques used in research for beginning students in chemistry and for participants in other summer research programs at the beginning level.

**CHM 211QR Quantitative Analysis 4(3-5)**

Analysis and interpretation of quantitative chemical information from volumetric, electrochemical, spectroscopic, and chromatographic techniques. This course may be offered in an online/hybrid format. Prerequisite: CHM 132 or 161. Recommended: MTH 107. Quantitative Reasoning.

**CHM 250 Water as Life, Death, and Power 3(2-2)**

Problems of water access, water-borne pathogens, water treatment, and power relationships in global cultures from anthropology, biology, and chemistry perspectives, via lecture and seminar. Identical to BIO 250 and ANT 250. Credit may not be earned in more than one of these courses. No credit on biology or chemistry major or minor. Recommended: ANT 171 or 170; BIO 101 or 110; CHM 111, 120, or 131.

**CHM 265QR Chemical Physical Science for Elementary Teachers 2(0-6)**

Physical science with an emphasis on chemical concepts for elementary teachers. Chemical reactivity and atomic structure principles are explored along with methods of K-8 instruction. May not be applied to Chemistry or Biochemistry majors or minor. Quantitative Reasoning. Prerequisite: MTH 152 with a B- or better.

**CHM 331 Inorganic Chemistry 3(2-4)**

Descriptive chemistry of selected main group and transition elements, coordination complexes, structures and properties of solids. Synthesis and characterization of inorganic compounds. Prerequisites: CHM 132 or CHM 161.

**CHM 342 Survey of Organic Chemistry 4(3-3)**

Elementary course covering the field of organic chemistry. Course meets the needs for entrance to some professional schools. No credit toward chemistry major or minor. Prerequisites: One of: CHM 120, 127, or CHM 132 or CHM 161.

**CHM 345 Organic Chemistry I 3(3-0)**

Overview of common organic reactions. Reactions of alkanes, alkenes, alkynes, and alkyl halides, Ultraviolet/Visible, Infrared, and Nuclear Magnetic Resonance spectroscopy, mass spectrometry. Prerequisite: CHM 132 or 161.

**CHM 346 Organic Chemistry II 3(3-0)**

Continuation of CHM 345. Overview of common organic reactions of aromatic compounds, alcohols, carbonyl compounds, and amines. Prerequisite: CHM 345.

**CHM 349 Organic Chemistry Laboratory 2(0-6)**

Laboratory techniques in organic chemistry; methods of synthesis, separation, purification, structure determination - spectroscopic methods; utilization of electronic database (Scifinder) searching techniques. Prerequisite: CHM 345. Pre/Co-requisite: CHM 346.

**CHM 351 Physical Chemistry I 3(3-0)**

Fundamental principles of chemistry based on a quantitative approach. Classical thermodynamics of gases and solutions, chemical equilibria, and electrochemistry. Prerequisites: CHM 211, PHY 146; Corequisite: MTH 233.

**CHM 352 Physical Chemistry II 3(3-0)**

Fundamental principles of chemistry based on a quantitative approach. Quantum mechanics, spectroscopy, and kinetics. Prerequisite: CHM 351.

**CHM 355 Biophysical Chemistry 3(3-0)**

Application of physical theories to the understanding of energetics, kinetics, and spectra of biochemically relevant structures and reactions. Prerequisites: CHM 211; MTH 133; Pre/Co-Requisite: PHY 131 or 146.

**CHM 357 Physical Chemistry Laboratory 2(0-4)**

Laboratory techniques with advanced data analysis and error propagation in thermochemistry, phase equilibria, kinetics, spectroscopy, surface effects and computational chemistry. Pre/Co-Requisite: CHM 352.

**CHM 371 Special Topics in Chemistry 1-6(Spec)**

Special topics in chemistry presented at an undergraduate level. Course may be taken for credit more than once as long as course content is not duplicated; total credit not to exceed six hours. Prerequisites: CHM 132 or 161.

**CHM 421 Survey of Biochemistry 3(3-0)**

Introductory one-semester Biochemistry course. Intended for students in allied health fields, dietetics, and some biology programs. No credit toward Chemistry/Biochemistry major, Biology/Biomedical Sciences major or Chemistry minor. Prerequisites: CHM 342 or 346.

**CHM 425 Introductory Biochemistry 3(3-0)**

Structure, function, and metabolism of proteins, carbohydrates, lipids, and nucleic acids. Prerequisites: CHM 346.

**CHM 491 Undergraduate Research 1-3(Spec)**

A program of independent research for chemistry majors and minors and others in related fields which is the capstone experience for chemistry and biochemistry majors. Faculty advisor must be selected prior to enrollment. Prerequisite: permission of instructor.

**CHM 505 Teaching Chemistry and Physics in Secondary Schools 3(3-0)**

Exposes pre-service secondary chemistry and physics teachers to theory and practice of teaching in secondary schools, design of instructional units, and safety practices. Must be completed prior to student teaching. Identical to PHY 505. Credit may not be earned in more than one of these courses. Prerequisites: CHM 132 or 161; PHY 131 or 146; admission into the Teacher Education Program; signed major or minor in chemistry, physics or chemistry-physics (secondary education); Junior standing. Graduate students must be enrolled in a teaching masters program.

**CHM 507 Field Experience in Teaching Chemistry/Physics 1(Spec)**

Supervised experience in high school chemistry and/or physics classes. Experience will include observation, participation in instruction, and critical analysis of the experience. Identical to PHY 507. Credit may not be earned in more than one of these courses. CR/NC only. Prerequisites: Students must be accepted in the Teacher Education Program and have Junior or Senior standing. Graduate students must be enrolled in a teaching masters program. Pre/Co-requisite: CHM 505 or PHY 505.

**CHM 509 Environmental Chemistry for Science Teachers 4(3-3)**

For science teachers and prospective teachers of grades 4-12. Emphasis on environmental chemistry concepts and laboratory/field activity development for use in middle and high school. This course may be offered in an online or hybrid format. Prerequisites: 8 credit hours of college level Chemistry; 6 credit hours of education coursework; Senior or Graduate standing; admission to Teacher Education Program or valid teaching certificate. Recommended: College level Organic Chemistry and a Teaching Methods course.

**CHM 511 Advanced Analytical Chemistry 4(2-4)**

Spectroscopic, electrochemical, and other techniques as applied to analytical chemistry. Prerequisites: CHM 211. Recommended: CHM 352 or 355.

**CHM 513 Chemistry of Natural Waters 3(1-6)**

Fundamentals of laboratory and field analysis of water and their application to environmental studies. Prerequisites: CHM 211.

**CHM 521 Fundamentals of Biochemistry 3(3-0)**

Structure, function, and metabolism of proteins, carbohydrates, lipids, and nucleic acids. Prerequisites: CHM 346.

**CHM 522 Intermediate Biochemistry 3(3-0)**

Continuation of CHM 521. Material covered will include in-depth exploration of metabolism of biomacromolecules and biochemical processes requiring their use. Prerequisites: CHM 521.

**CHM 527 Biochemistry Laboratory 1(0-4)**

Isolation, characterization, and analysis of proteins, carbohydrates, lipids, vitamins, and nucleic acids using chromatographic, electrophoretic, and spectroscopic techniques. Prerequisite: CHM 211, CHM 349. Pre/Co-Requisite: CHM 425 or CHM 521.

**CHM 528 Bioanalytical Techniques Laboratory 2(1-3)**

Laboratory analysis of biochemical materials using volumetric, electroanalytical, spectroscopic, and chromatographic techniques. Prerequisites: CHM 425 or 521, Pre/Co-Requisite: CHM 527.

**CHM 531 Advanced Inorganic Chemistry 3(3-0)**

Molecular structure and symmetry, acid-base and oxidation-reduction chemistry, reactivity of inorganic compounds from a thermodynamical basis, catalysis, solid state and organometallic compounds. Prerequisites: CHM 331. Recommended: CHM 352.

**CHM 541 Intermediate Organic Chemistry 3(3-0)**

Mechanisms of organic reactions, emphasizing methods by which these are determined, including kinetics, principles of bonding, stereochemistry, and nuclear magnetic resonance in depth. Prerequisites: CHM 346. Recommended: CHM 351 or 355.

**CHM 547 Advanced Chemistry Laboratory 2(1-3)**

Advanced synthesis, separation, and structure determination of organic and inorganic compounds. Prerequisite: CHM 349, 331.

**CHM 551 Materials Chemistry: Inorganics and Nanomaterials 3(3-0)**

This course will provide a detailed survey of metals, semiconductors, ceramics, and nanomaterials, with a special emphasis on structure-property relationships. Students cannot receive credit for both SAM 700 and CHM 551. Prerequisites: CHM 331 or graduate status. Recommended: CHM 346.

**CHM 555 Advanced Physical Chemistry 3(3-0)**

Advanced development and application of physical theories using a statistical mechanics approach to understanding of molecular energetics and kinetics. Prerequisites: CHM 352 or 355; MTH 233.

**CHM 561 Polymer Chemistry 3(3-0)**

An introductory course on polymer synthesis, polymer theory, and basic characterization techniques. Prerequisites: CHM 346, 352.

**CHM 562 Industrial Chemistry 3(3-0)**

Treatment of the following three primary areas: 1) actual chemistry of industry, 2) the technology of industry, and 3) the industrial chemical environment. Prerequisite: CHM 346.

**CHM 564 Polymer Technology 3(3-0)**

A consideration of the major groups of technologically important polymers, including raw material base, the important methods of manufacture, properties, processing, compounding, uses and testing. Prerequisite: CHM 561.

**CHM 566 Introduction to Biomaterials 3(3-0)**

Introduction to biomaterials science, including materials properties, interactions between materials and living tissues, and materials and biological testing. Prerequisite: CHM 346 or graduate standing. Recommended: CHM 352 or 355, CHM 425 or 521, CHM 561, BIO 110.

**CHM 567 Polymer Science Laboratory 2(1-3)**

Treatment of laboratory techniques common to polymer science: synthesis of polymers and the characterization of these materials by spectroscopic, thermal, and mechanical methods. Prerequisites: CHM 349. Corequisite: CHM 561.

**CHM 568 Pharmaceutical Chemistry 3(3-0)**

Interdisciplinary introduction to the science of drug formulation, delivery and efficacy. Prerequisites: CHM 346 or 342 or graduate standing. Recommended: CHM 425 or 521, CHM 355, BIO 392.

**CHM 571 Topics in Chemistry 1-9(Spec)**

Special topics in chemistry presented at an advanced undergraduate - beginning graduate level. Course may be taken for credit more than once; total credit not to exceed nine hours. Prerequisites: See Course Search and Registration.

**CHM 572 Selected Topics in Chemistry 1-9(Spec)**

Special topics in chemistry, presented in short course or workshop format. Course may be taken for credit more than once; total credit not to exceed nine hours. CR/NC only. Prerequisites: Senior level undergraduate or graduate standing in chemistry or biochemistry programs.

**CHM 583 Seminar in Chemistry 1-2(Spec)**

Presentation of technical material and training in the use of chemical literature. Prerequisites: 25 credit hours of chemistry courses or graduate standing.

**CHM 601 Chemistry Seminar Presentations 2(2-0)**

Exploration of methods and skills involved in scientific technical presentation of chemistry and chemically-related technical materials. Prerequisites: Admission to a graduate program in Chemistry.

**CHM 602 Scientific Writing in Chemistry 1(1-0)**

Exploration of methods and skills involved in the writing of refereed scientific papers, grant proposals, theses and dissertations. Prerequisites: Admission to a graduate program in Chemistry.

**CHM 611 Advanced Topics in Analytical Chemistry 1-9(Spec)**

Special topics in analytical chemistry not included in the regular courses in the chemistry graduate program. Course may be taken for credit more than once; total credit not to exceed nine hours. Prerequisites: CHM 511.

**CHM 612 Techniques in Nuclear Magnetic Resonance Spectroscopy 3(2-3)**

Theory and implementation of multiple-pulse and multi-dimensional techniques in NMR spectroscopy. Designed to support graduate coursework and research in Chemistry and Materials Science. Prerequisites: Admission to a graduate degree program in chemistry or related field.

**CHM 619 Continuing Registration for Final Research Project 1(1-0)**

A non-credit course intended for students who have completed all program credits but still need to use university resources to complete their degree requirements. Prerequisites: Permission of chemistry graduate advisor or department chairperson.

**CHM 621 Advanced Biochemistry 3(3-0)**

Advanced study of enzymatic mechanisms that regulate biological processes including cell division, signaling, and immunity. Prerequisites: CHM 521.

**CHM 624 Advanced Topics in Biochemistry 1-9(Spec)**

Special topics in biochemistry not included in the regular courses in the chemistry graduate program. Course may be taken for credit more than once; total credit not to exceed nine hours. Prerequisites: CHM 522.

**CHM 631 Coordination Chemistry 3(3-0)**

This course will describe the structure, bonding, reactivity, and characterization of coordination compounds, with a discussion of solid-state characterization techniques and applications. Prerequisite: CHM 531.

**CHM 632 Advanced Topics in Inorganic Chemistry 1-9(Spec)**

Special topics in inorganic chemistry not included in the regular courses in the chemistry graduate program. Course may be taken for credit more than once; total credit not to exceed nine hours. Prerequisites: CHM 531.

**CHM 641 Advanced Topics in Organic Chemistry 1-9(Spec)**

A variety of specialized topics presented by experts. May be repeated as offered to a maximum of 9 hours. Prerequisite: CHM 643.

**CHM 643 Physical Organic Chemistry 3(3-0)**

Mechanisms of diverse organic reactions based on reactivity of compounds, emphasizing the study of mechanisms including kinetics, free energy relationships, bonding, and stereochemistry. Prerequisites: CHM 541.

**CHM 644 Organic Reactions and Synthesis 3(3-0)**

A general survey of advanced organic reactions and syntheses; examples from the research literature are emphasized. Prerequisites: CHM 541.

**CHM 651 Advanced Topics in Physical Chemistry 1-9(Spec)**

A variety of specialized topics presented by experts. May be repeated as offered to maximum of 9 hours. Prerequisite: CHM 352.

**CHM 655 Quantum and Computational Chemistry 3(3-0)**

Application of physical theories using a quantum mechanical approach and computational techniques for understanding of properties of atoms, molecules, and molecular systems. Prerequisites: CHM 352, MTH 233.

**CHM 663 Polymer Synthesis 3(3-0)**

Advanced methods for polymer synthesis; examples from the research literature are emphasized. Prerequisites: CHM 561 or SAM 710.

**CHM 665 Advanced Topics in Polymer Chemistry 1-9(Spec)**

Special topics in polymer chemistry not included in the regular courses in the chemistry graduate program. Course may be taken for credit more than once; total credit not to exceed nine hours. Prerequisites: CHM 561.

**CHM 667 Polymer Additives 3(3-0)**

A description of polymer additives including structure, function, and effectiveness with different polymer systems; examples from the research literature are emphasized. Prerequisite: CHM 561 or SAM 710.

**CHM 669 Polymer Processing 3(3-0)**

A description of polymer systems, including solution properties, rheology, degradation, and processing; examples from the research literature are emphasized. Prerequisites: CHM 561 or SAM 710.

**CHM 781 Chemistry Teaching Practicum 2(Spec)**

The design and delivery of instructional materials, presentations, and laboratory experiments. Emphasis placed on improving student subject matter capabilities in chemistry. CR/NC only. Prerequisites: Admission to the Master of Arts in Teaching Chemistry Program; permission of the instructor.

**CHM 791 Directed Research 1-6(Spec)**

Directed research supervised by a chemistry faculty member. May be repeated for a total of 6 credits. Prerequisites: Permission of Chemistry department chair. CR/NC only.

**CHM 793 Chemistry Teaching Internship 1-9(Spec)**

Teaching of undergraduate chemistry courses. Students carry out a teaching internship under the direction of a graduate faculty member. CR/NC only. Prerequisites: Admission to the Master of Arts in Teaching Chemistry program; permission of instructor.

**CHM 794 Experimentation in the Teaching of Chemistry 1-6(Spec)**

The research and development of techniques in chemistry education. CR/NC only. Prerequisites: Admission to the Master of Arts in Teaching Chemistry Program; permission of the instructor.

**CHM 798 Thesis 1-6(Spec)**

A written thesis and an oral departmental seminar on the thesis research. Prerequisites: Admission to a graduate program in chemistry; permission of the chemistry department chairperson. CR/NC only.

**CHN 101 Elementary Chinese I 4(4-0)**

*Designed for students who have had no Chinese. Basic Mandarin Chinese language skills and introduction to the cultures of China. Students who have had one year of Chinese study may not enroll without permission of instructor. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**CHN 102 Elementary Chinese II 4(4-0)**

*Continuation of CHN 101. Basic Mandarin Chinese language skills and introduction to the cultures of China. Recommended: CHN 101. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**COM 100 Communication and Society 1(1-0)**

This course introduces students to a variety of communication concepts and career possibilities in addition to the role communication plays in contemporary society.

**COM 101 Introduction to Communication 3(3-0)**

General education approach to theory and process of human communication with practicum opportunities. Does not count toward a major or minor in Communication and Dramatic Arts.

**COM 103 Oral Communication in the Online Environment 3(3-0)**

General education approach to theory and process of human communication, especially communication tailored for electronic media. This course may be offered in an online or hybrid format.

**COM 195 Intercultural Communication 3(3-0)**

Content focuses on how values, attitudes and beliefs influence communication among people from different cultural backgrounds. This course may be offered in an online or hybrid format.

**COM 225 Introduction to Communication in Virtual Environments 3(3-0)**

This course addresses the implications of communicating in virtual worlds. Concepts to be addressed include: identity construction, online relationships, collaborative work environments, and ethics.

**COM 251 Foundations of Communication Theory 3(3-0)**

Basic theories pertaining to spoken symbolic interaction, focusing mainly on the psychological and sociological aspects of interpersonal communication and public address.

**COM 255 Special Topics in Communication 1-6(Spec)**

Varied topics of current interest; course is repeatable for up to 6 hours when content previously studied is not duplicated.

**COM 264 Organizational Communication 3(3-0)**

Current communication theories and practices in the modern formal organization. Especially recommended for students on preprofessional curricula.

**COM 267 Introduction to Debate 3(3-0)**

Prepares students without experience to gain understanding of theory and practice of debate. Recommended for prelaw, prebusiness, urban government students, and teachers.

**COM 269 Practicum in Debate/Forensics 2-8(Spec)**

Opportunities for intensive research on topics in debate and various forms of forensics for students in the University forensics program. Prerequisite: permission of instructor.

**COM 301 Survey of Research in Communication 3(3-0)**

An introduction to the research and its methodologies in speech communication. Students will read and write about primary research in the discipline. May be offered as Writing Intensive. Prerequisite: a grade of C (2.0) or better in COM 251.

**COM 352 Communication and Social Influence 3(3-0)**

This course explores how language and public speeches shape decisions, create political support, define presidential leadership, repair public images, and celebrate community values.

**COM 353 Small Group Communication 3(3-0)**

Theories and application of the methods surrounding small-group interaction processes.

**COM 357 Public Speaking 3(3-0)**

Theories and techniques for creating public speeches. Designed for students who seek to improve public-speaking skills.

**COM 361 Interpersonal Communication 3(3-0)**

Assists the student in understanding the interpersonal communication process and in analyzing barriers to its effectiveness.

**COM 362 Gender Communication 3(3-0)**

Focuses on the role of communication in the creation and perpetuation of gender stereotypes. Emphasis on personal growth and awareness in a variety of contexts. Identical to WGS 362. Credit may not be earned in more than one of these courses.

**COM 363 Principles and Types of Interviewing 3(3-0)**

Study of establishing and achieving communication goals in a variety of formalized interviewing contexts. Emphasis given to question development and interviewing skills.

**COM 365 Persuasion and Social Influence 3(3-0)**

Application of theories and principles underlying attitude change. This course is approved for offering in a distance learning format.

**COM 367 Nonverbal Communication 3(3-0)**

Examines the non-language dimensions of communication in several social settings: dyadic, small group, crosscultural, and subcultural.

**COM 369 Health Communication 3(3-0)**

This course will assist students in increasing their understanding of communication skills applied to the health professions and healthcare settings.

**COM 401 Capstone in Communication 3(3-0)**

Designed to help students integrate their communication knowledge and demonstrate higher-order thinking, decision-making, and interaction skills by applying them to professional and real-world situations. Students must achieve a C or better to count COM 401 toward the COM major and satisfy requirements for graduation. Prerequisites: COM 251, 301 with a grade of C or better; COM 353, 357, 361; 9 additional hours toward the COM major; senior status.

**COM 461 Communication in Leadership 3(3-0)**

Theory and practice in leadership skills with special emphasis on oral communication. Examines leadership in both voluntary and non-voluntary organizations. This course may be offered in an online or hybrid format. Prerequisites: COM 251, 301 with C (2.0) or better; or LDR 200 and junior standing.

**COM 464 Communication Internship 1-6(Spec)**

Designed to apply a variety of classroom concepts and skills within a supervised organizational setting. Prerequisite: prior written approval of COM internship coordinator. Limited to junior and senior COM majors and minors.

**COM 468 Advanced Interpersonal Communication 3(3-0)**

Survey of interpersonal communication theories. Focuses on current issues and concepts in the area of interpersonal relationships. Prerequisites: COM 251, COM 301, with a grade of C (2.0) or better; COM 361.

**COM 490 Independent Study 1-4(Spec)**

Student-initiated study guided by faculty member. Prerequisites: overall B average; signed Independent Study Form with faculty member.

**COM 492 Speech Methods in Secondary School 4(4-0)**

Philosophy, principles, and methods. Curricular and co-curricular responsibilities of secondary teachers (grades 7-12). Students also will work as a teaching assistant in COM 101. Prerequisites: Student must be accepted into the Teacher Education program. Must be taken the spring semester prior to student teaching at the secondary level in Speech.

**COM 493 Field Experience in Speech Education 1(Spec)**

Individual one-week assignment in a public school of on-site observation and participation under the supervision of the department and a secondary speech communication teacher. CR/NC only. Prerequisites: permission of instructor; EDU 107. Corequisite: COM 492.

**COM 495 Communication Facilitation 2-6(Spec)**

Guided experience as a teaching assistant in a communication class. Students will have the opportunity to develop interpersonal, small group, public speaking, and supervisory communication skills in an applied setting. Prerequisite: Interview and contract with instructor.

**COM 523 Dark Side of Communication 3(3-0)**

This course examines negative communication behaviors such as expression of jealousy, gossip and rumor, embarrassment, criticism, deception, coercion, and obsession. Prerequisites: COM 251, 301 with grades of C or better; COM 361.

**COM 527 Political Communication 3(3-0)**

This course considers the influence of political communication in American society. The course addresses the connections between political discourse, the American people, and the media. Prerequisites: COM 251, 301 with a grade of C or better; junior standing.

**COM 555 Special Topics in Communication 3-9(Spec)**

Current topics of each semester listed in Course Search and Registration. 3 hours each; maximum credit 9 hours. Prerequisites: grades of C (2.0) or better in COM 251, 301.

**COM 558 Historical Backgrounds of Communication Theory 3(3-0)**

Theories of rhetoric and communication from the classical, medieval, and Renaissance periods studied in a comprehensive historical philosophical survey. Prerequisite: COM 251, 301 with grades of C or better.

**COM 560 Communication and Social/Organizational Change 3(3-0)**

Research and methods of communicating changes into existing social systems. This course may be offered in an online or hybrid format. Prerequisite: COM 251, 301, with grades of C or better; or IPR major with junior standing; or graduate standing.

**COM 561 Communication in Conflict Management 3(3-0)**

Theory, research, and practical application of managing conflicts through communication. Focuses on conflict between people in the contexts of family, group, and organizations. Prerequisite: COM 251, 301 with grades of C or better; or IPR major with junior standing; or graduate standing.

**COM 562 Family Communication 3(3-0)**

The study of verbal and nonverbal communication processes, patterns, and problems in the family. The uniqueness of the family system as a communication context is emphasized. Prerequisites: COM 251, 301 with grades of C or better.

**COM 563 Health Communication Campaigns 3(3-0)**

Research and methods of communicating health messages for education and disease prevention. This course may be offered in an online or hybrid format. Prerequisites: COM 251, 301 each with a grade of C or better; or graduate standing.

**COM 565 Communication Training in Organizations 3(3-0)**

This course examines the role of training in improving communication in organizations. The course discusses the design, development, implementation, and evaluation of organizational communication training. Prerequisites: COM 251, 301 with grades of C or better; COM 264.

**COM 569 Communication in the Classroom 3(3-0)**

Integrates research from several fields describing communication patterns between students and teacher-to-student within school settings. Designed for students interested in teaching or administration. Prerequisite: completion of 56 hours of undergraduate credit.

**COM 591 Oral Communication with Children 3(3-0)**

Study and practice of adult/child communication patterns. Course will include State objectives for speaking/listening. Designed for teachers and people working with children.

**COM 594 Directing Speech Activities 3(3-0)**

Designed to provide the student or the professional teacher with the skills needed to coach and administer forensic activities on the high school level. Prerequisites: COM 251, 301 with grades of C or better.

**COM 600 Introduction to Research and Graduate Study in Communication 3(3-0)**

Introduces students to the history of the communication discipline, primary and secondary research methods, and scholarly writing relevant to communication arts and sciences.

**COM 601 Research Design in Communication 3(3-0)**

Prepares the student to understand the assumptions and rationale of social scientific research, and to understand and perform laboratory and field experiments.

**COM 602 Qualitative Research Methods 3(3-0)**

Exploration of theoretical and methodological issues in qualitative research in communication, focusing on particular research strategies including participant observation, ethnography, in-depth interviewing, and narrative. Prerequisites: COM 600.

**COM 603 Professional Seminar in Communication 1-3(Spec)**

This course explores topics such as: managing graduate workload, presenting/publishing professionally, conducting ethical research, choosing either comprehensive exam or thesis options, development of a prospectus. CR/NC Only. Prerequisites: Admitted into the Master of Arts in Communication program.

**COM 619 Continuing Registration for Final Research Project 1(1-0)**

A non-credit course intended for students who have completed all program credits but still need to use university resources to complete their degree requirements.

**COM 660 Special Topics: Graduate Seminar 3-9(Spec)**

This course will examine current research and theory in communication at the graduate level. Three hours each; maximum: nine credit hours.

**COM 661 Contemporary Communication Theory 3(3-0)**

Critical interpretation and evaluation of published social psychological research which serves as the theoretical foundation of communication.

**COM 662 Seminar in Persuasion 3(3-0)**

Examines and analyzes theories and principles concerned with persuasion and attitude change. Emphasis placed on theory development, application, and evaluation. Prerequisites: COM 365.

**COM 664 Seminar in Organizational Communication 3(3-0)**

Includes a rigorous examination of the principles governing organizational communication and how these principles may be applied in practice and research. Prerequisites: COM 600.

**COM 665 Seminar in Communication and Negotiation in Employee Relations 3(3-0)**

The course examines the role of communication and negotiation in the employee relations process within a work organization. This course may be offered in an online or hybrid format.

**COM 667 Seminar in Intercultural Communication 3(3-0)**

This course examines the theory, practice, and research related to the process of communication between people from different cultural backgrounds. This course is approved for offering in a distance learning format. Prerequisites: COM 600.

**COM 668 Seminar in Interpersonal Communication 3(3-0)**

Seminar focuses on interpersonal communication theories and research. Students critically evaluate current theories and examine popular research methods. Prerequisite: Admission to the Master of Arts in Communication.

**COM 750 Seminar in Rhetorical Criticism 3(3-0)**

Conceptual approaches to the criticism of oral communication. Criteria for criticism, description, analysis, and critical evaluation of speeches and other forms of interpersonal communication.

**COM 764 Communication Internship 1-6(Spec)**

Designed to apply knowledge of and skills in speech communication within a supervised organizational context. Prerequisite: Prior written approval of internship coordinator.

**COM 790 Advanced Independent Study 1-4(Spec)**

Intensive study of some special problem under guidance of a faculty member or faculty committee. Prerequisites: permission of advisor and instructor.

**COM 795 Seminar: Teaching College Communication 3(2-2)**

Workshop/seminar in philosophies, strategies, and practices of teaching basic speech courses, directing communication programs, and applying theory at the college level. Prerequisites: 15 hours in speech communication and dramatic arts.

**COM 798 Thesis 1-6(Spec)**

Thesis option for Graduate Students in Communication. CR/NC only.

**CPS 100 Computers and Society 3(3-0)**

Fundamental concepts and applications of computers. Impact of the computer on human events and social institutions. Control, predictions, and implications of future computer developments. Identical to BIS 104. Credit may not be earned in more than one of these courses. Does not count on CPS major or minor. This course is approved for offering in a distance learning format.

**CPS 105 Word Processing Concepts 1(1-0)**

Introduction to word processing and desktop publishing concepts. Features common to most word processing software. Evaluation of software packages. Identical to BIS 105. Credit may not be earned in more than one of these courses. Recommended: BIS 112.

**CPS 106 Spreadsheet Concepts 1(1-0)**

Introduction to spreadsheets and report generation. Features common to most spreadsheets. Evaluation of software packages. Recommended: Familiarity with personal computer use. This course is approved for offering in a distance learning format.

**CPS 107 Database Concepts 1(1-0)**

Introduction to database and report generation. Features common to most database products. Evaluation of software packages. Identical to BIS 107. Credit may not be earned in more than one of these courses. Recommended: Familiarity with microcomputer use.

**CPS 108 Computer Graphics Concepts 1(1-0)**

Introduction to computer graphics. Use of one or more graphics programs. Concepts needed for design and generation of computer images. Evaluation of software. Identical to BIS 108. Credit may not be earned in more than one of these courses. Recommended: Familiarity with microcomputer use.

**CPS 109 Computer Communication Concepts 1(1-0)**

Introduction to concepts needed for computer communications. Local and wide area networks, electronic mail, file transfer, electronic bulletin boards, conferences. Use of several communication programs. Identical to BIS 111. Credit may not be earned in more than one of these courses. Recommended: Familiarity with use of a computer.

**CPS 110 Information Technology Programming I 3(3-0)**

Introduction to operating a computer and writing computer programs. First programming course in the information technology major/minor. Language used is Visual Basic.

**CPS 150 FORTRAN Programming 3(3-0)**

Algorithms, programs, and computers. Computer solution of several numerical and nonnumerical problems. Does not count toward a major or minor in CPS. Prerequisites: One of: MTH 106, 107, 130, 132.

**CPS 165 Modern Website Design 3(3-0)**

Design and development of dynamic, interactive websites. Maintain a web portfolio. Learn about web publishing best practices with consideration of social aspects. Recommended: CPS 100.

**CPS 170 Operating Systems Commands 1-3(Spec)**

Intensive introduction to using one or more operating systems (VMS, CMS, UNIX, etc.). Operating systems presented will be announced in Course Search and Registration.

**CPS 180 Principles of Computer Programming 3(3-0)**

*Algorithm development and problem solving methods. Design and development of computer programs in a structured programming language. Pre/Co-requisite: One of MTH 130, 132, 133, 217. (University Program Group II-B: Quantitative and Mathematical Sciences)*

**CPS 181 Introduction to Data Structures 3(3-0)**

Continuation of CPS 180. Dynamic storage allocation, recursion, abstract data types (such as stacks, queues, linked lists, and binary trees), sorting and searching. Prerequisites: CPS 180; Corequisite: MTH 175.

**CPS 196 Special Topics in Computer Science 1-6(Spec)**

Selected topics in computer science not otherwise available in a course regularly offered. Topic(s) are listed in Course Search and Registration. Repeatable up to 6 credits when content does not duplicate previous special topic studies. Pre/Co-requisites: See Course Search and Registration. Determined by the specific topics presented.

**CPS 210 Assembly Language and Computer Organization 3(3-0)**

Topics in assembly language concepts, introduction to computer organization, machine representation of information, models of computer architecture, instruction and addressing fundamentals, control structures. Pre/Co-Requisite: CPS 181. Recommended: One of: MTH 132 or MTH 216.

**CPS 240 Object-Oriented Programming, Analysis and Design 3(3-0)**

Detailed coverage of the object-oriented programming paradigm and concepts, design patterns, distributed objects, graphical user interfaces and event handling. Software design in teams. Prerequisite: CPS 181 with a C or better.

**CPS 280 Alternative Programming Languages 1-6(Spec)**

Intensive study of one or more selected programming languages. Languages presented will be announced in Course Search and Registration. Students may not earn credit for a language in which they already have credit in one of the primary programming sequences. Prerequisite: CPS 181 or ITC 111.

**CPS 282 Introduction to Multimedia Design 3(3-0)**

Introduction to multimedia concepts. Survey of multimedia applications in fields such as education, business and entertainment. Introduction to multimedia authoring tools. Hands-on projects.

**CPS 296 Special Topics in Computer Science 1-6(Spec)**

Selected topics in computer science not otherwise available in a course regularly offered. Topic(s) are listed in Course Search and Registration. Repeatable up to 6 credits when content does not duplicate previous special topic studies. Pre/Co-requisites: See Course Search and Registration. Determined by the specific topics presented.

**CPS 340 Advanced Data Structures and Algorithms 3(3-0)**

Theory of and advanced techniques for representation of information; lists, trees, graphs; analysis of algorithms; sorting, searching and hashing techniques. Prerequisites: CPS 181, CPS 210 or EGR 396; MTH 223 or 232.

**CPS 360 Computer Design and Architecture 3(3-0)**

Design and analysis of digital circuits, processor datapath, instruction set architecture, cache memory, pipelined instruction execution, virtual memory. Prerequisite: CPS 210.

**CPS 370 File Manipulation Techniques 3(3-0)**

Creation and manipulation of program and data files, scientific and industrial applications of file-oriented systems, prominent computer languages having file processing capabilities. Prerequisite: CPS 181.

**CPS 380 Microcomputer Architecture 3(3-0)**

Concepts and operation of microprocessors and microcomputers to include input/output, mass storage, memory, and small read-only memory operating systems. Prerequisites: CPS 210, CPS 360.

**CPS 395 Internship in Computer Science 1-9(Spec)**

Supervised work experience in computer science. Only 3 hours may count toward the major. Any additional hours must provide a significantly different educational experience. CR/NC only. Prerequisites: CPS 210 or ITC 291; permission of department chairperson.

**CPS 396 Special Topics in Computer Science 1-6(Spec)**

Selected topics in computer science not otherwise available in a course regularly offered. Topic(s) are listed in Course Search and Registration. Repeatable up to 6 credits when content does not duplicate previous special topic studies. Pre/Co-requisites: See Course Search and Registration. Determined by the specific topics presented.

**CPS 410 Software Engineering 3(3-0)**

Software specification, design methods, programming and testing techniques and CASE tools. Developing large software systems in a group environment using modern software engineering techniques. Prerequisites: CPS 340.

**CPS 420 Web Application Development - Web Services SOA 3(3-0)**

Web-based applications focusing on server-side processing, data persistence, use of web services, Service Oriented Architecture, remote procedure calls, asynchronous messaging, transactions and security considerations. Prerequisite: CPS 340 or ITC 320. Recommended: ITC 341.

**CPS 450 Programming Language Concepts 3(3-0)**

Formal definition of programming languages including specification of syntax and semantics. Prerequisite: CPS 340.

**CPS 468 Systems Programming and Software 3(3-0)**

Systems concepts--filesystem, shell, system calls; software such as assemblers, linkers, loaders; systems programming in a modern programming environment such as UNIX. Prerequisites: CPS 340.

**CPS 470 Introduction to Operating Systems 3(3-0)**

Operating systems as resource manager. Study of the strategies used to manage system resources such as devices, files, memory, processors. Prerequisites: CPS 340, 360.

**CPS 480 Introduction to Artificial Intelligence 3(3-0)**

Automated reasoning, search strategies, knowledge representation, game playing, expert systems, machine learning and perception; applications. Prerequisites: CPS 340.

**CPS 482 Advanced Multimedia Design 3(3-0)**

Interactive multimedia projects will be designed using advanced authoring tools. Issues concerning representation, storage, compression, transmission, and manipulation of various multimedia components will be discussed. Prerequisites: CPS 282.

**CPS 496 Special Topics in Computer Science 1-6(Spec)**

Selected topics in computer science not otherwise available in a course regularly offered. Topic(s) are listed in Course Search and Registration. Repeatable up to 6 credits when content does not duplicate previous special topic studies. Pre/Co-requisites: See Course Search and Registration. Determined by the specific topics presented.

**CPS 497 Independent Study 1-6(Spec)**

Open to students with permission of instructor. May be taken for credit more than once, total credit not to exceed 6 hours.

**CPS 501 Survey of Computer Science 3(3-0)**

Computer organization, low and high level computer languages, various computer applications. Does not count toward CPS major or minor or the M.S. in Computer Science except the Teaching Minor in Computer Science on the secondary education curriculum. This course is approved for offering in a distance learning format.

**CPS 510 Software Systems Engineering 3(3-0)**

Covers requirements analysis and techniques to develop a system from those requirements. Credit will not be given for both CPS 410 and CPS 510. Does not count for the M.S. in Computer Science. Prerequisites: CPS 340; MTH 175. This course is approved for offering in a distance learning format.

**CPS 520 Software Architecture 3(3-0)**

Study of software architecture styles and quality attributes; achieving software quality; designing, documenting, and restructuring software architecture evaluation; tools for architectural design. Prerequisite: CPS 410 or graduate status.

**CPS 530 Simulation of Discrete Event Systems 3(3-0)**

Development of computer models for discrete systems using computer simulation languages. Performance evaluation of computer, industrial and engineering systems. Prerequisite: CPS 181; STA 282 or STA 382.

**CPS 531 Distributed Programming 3(3-0)**

Study of design and implementation issues in distributed programming, including event model, client/server, distributed data processing, remote objects, network services, and security. Prerequisite: CPS 340 or admission into CPS graduate program. Recommended: CPS 280J.

**CPS 541 Databases 3(3-0)**

Physical and logical organizations of databases, database management systems, project involving a student-designed database. Prerequisites: CPS 340 and CPS 370; or ITC 441 and permission of instructor.

**CPS 542 Analysis and Design of Algorithms 3(3-0)**

Models of computation. Analysis of algorithms including computing time and space requirements. Efficient algorithm design techniques. Introduction to parallel algorithms. Prerequisite: CPS 340.

**CPS 560 Digital Computer Design 3(3-0)**

Design of basic components of a general purpose computer such as CPU, memory, I/O systems. Instruction set design. CISC versus RISC debate. Parallel Architectures. Prerequisite: CPS 360.

**CPS 565 Computer Networks I 3(3-0)**

Introduction to computer networks. Point-to-point, local area and wireless networks. Protocols, routing algorithms, and congestion control in networks. Prerequisites: CPS 340, 360.

**CPS 575 Computer Graphics 3(3-0)**

Representation of line drawings, handwritings, and three-dimensional surfaces in computers. A plotter and graphics terminal are used. Prerequisites: CPS 181 or MTH 223.

**CPS 576 Digital Image Processing 3(3-0)**

Digital image fundamentals. Introduction to digital image processing concepts and techniques. Image transforms. Enhancement, segmentation, representation, and description of images. Image encoding and restoration. Prerequisites: CPS 340; MTH 175, MTH 223.

**CPS 585 Applied Data Engineering 3(3-0)**

Study of data engineering concepts and techniques, including data preparation, storage and warehousing, analysis and mining, security, visualization, and applications. Use of data analysis tools. Prerequisites: STA 382.

**CPS 596 Special Topics In Computer Science 1-6(Spec)**

Selected topics in computer science not otherwise available in a course regularly offered. Topic(s) are listed in Course Search and Registration. Repeatable up to 6 credits when content does not duplicate previous special topic studies. Prerequisite: See Course Search and Registration. Determined by the specific topics presented.

**CPS 597 Independent Study 1-6(Spec)**

Open to students with permission of instructor. May be taken for credit more than once, total credit not to exceed 6 hours.

**CPS 603 Computer Information Systems 3(3-0)**

Growth stages of computer usage, information flow, role of MIS manager in providing information to an organization. Does not count on the M.S degree in computer science. Prerequisite: CPS 501. This course is approved for offering in a distance learning format.

**CPS 610 Advanced Software Design and Development 3(3-0)**

Advanced topics in software engineering. Developing a large software system using modern software engineering techniques including object-oriented programming and CASE tools. Prerequisite: CPS 410.

**CPS 611 Software Verification and Validation 3(3-0)**

Software verification and validation techniques are introduced and their applicability discussed. In-depth study of verification and validation area. Does not count for the MS in Computer Science. Prerequisites: CPS 510 and MTH 175.

**CPS 612 Software Project Management 3(3-0)**

Software engineering process, software project organization and management issues, software project economics, software quality assurance, software configuration management, software operations issues. Does not count for MS in Computer Science. Prerequisites: CPS 510. This course is approved for offering in a distance learning format.

**CPS 613 Specification of Software Systems 3(3-0)**

Formal models and representations. Specification techniques and tools that support them. Assessment of specification for attributes such as consistency and completeness. Does not count on the MS in Computer Science. Prerequisites: CPS 510 and MTH 175.

**CPS 614 Principles and Applications of Software 3(3-0)**

Covers several different methods and languages for expressing designs. The process of assessment is also covered. Does not count for the MS in Computer Science. Prerequisites: CPS 510 and MTH 175.

**CPS 615 Software Generation and Maintenance 3(3-0)**

Techniques for performing software generation and maintenance Alternatives to coding, language concepts, the role of standards and style, the role of tools, performance analysis, regression analysis, other maintenance-specific subjects. Does not count for the MS in Computer Science. Prerequisites: CPS 510.

**CPS 619 Continuing Registration for Final Research Project 1(1-0)**

A non-credit course intended for students who have completed all program credits but still need to use university resources to complete their degree requirements.

**CPS 641 Advanced Topics in Databases 3(3-0)**

Conceptual models. Relational theory. Access methods, query optimization. Concurrency Integrity. Selected current topics, e.g., distributed, temporal, and object-oriented databases. Student projects; literature review. Prerequisite: CPS 541.

**CPS 650 Theory and Practice of Compiler Construction 3(3-0)**

Automata theory, context-free languages, syntax analysis and parsing techniques. Semantic processing for structured and/or object-oriented programming languages. Code generation and optimization. Prerequisite: CPS 450.

**CPS 665 Computer Networks II 3(3-0)**

Principles, design, implementation, performance, security issues and areas of current research in computer networks. Prerequisites: CPS 565; STA 382.

**CPS 670 Operating Systems 3(3-0)**

Concepts, communication, synchronization, processes, and processors in distribution systems. Distributed file systems. Distributed shared memory systems. Prerequisite: CPS 470.

**CPS 675 Advanced Topics in Computer Graphics 3(3-0)**

Detailed study of selected advanced topics in computer graphics. Prerequisite: CPS 575.

**CPS 680 Artificial Intelligence 3(3-0)**

Introduction to search, knowledge representation, Machine learning, neural networks, evolutionary and bio-inspired computation techniques, Intelligent agents, and expert systems. Prerequisite: CPS 542.

**CPS 685 Pattern Recognition and Data Mining 3(3-0)**

Pattern modeling and recognition. Data mining concepts and techniques including association rules, classification, clustering, outliers, text mining, and trend analysis. Data mining applications. Prerequisites: CPS 410 or STA 584.

**CPS 691 Graduate Seminar 3(3-0)**

Current topics in computer science and technology. Literature study. Development, demonstration, and presentation of research and application projects. Technical writing. Prerequisites: 12 hours of graduate courses in CPS.

**CPS 695 Professional Field Experience 1-6(Spec)**

Professional field experience via internship or apprenticeship. Must be integral to the student's program of study. Does not count towards a degree in Computer Science. CR/NC only. Prerequisites: permission of graduate advisor or department chairperson.

**CPS 696 Special Topics in Computer Science 1-6(Spec)**

Selected topics in computer science not otherwise available in a course regularly offered. Topic(s) are listed in Course Search and Registration. Repeatable up to 6 credits when content does not duplicate previous special topic studies. Pre/Co-requisite: See Course Search and Registration. Determined by the specific topics presented.

**CPS 697 Independent Study 1-6(Spec)**

Open to students with permission of instructor. May be taken for credit more than once, total credit not to exceed 6 hours.

**CPS 710 Software Engineering Metrics, Models and Management 3(3-0)**

Study of modern software design techniques, complexity metrics, testing techniques, models and projects management. Prerequisites: CPS 520, 610.

**CPS 798 Thesis 1-6(Spec)**

Research topic in computer science selected by the student and approved by thesis advisor. CR/NC only. Prerequisites: Written permission of advisor and department chairperson.

**DAN 104 Latin Dance I 1(1-0)**

Introduction to the social dances of Central and South America and other Latin cultures. Emphasis on basic steps; rhythmical patterning and development of style.

**DAN 105 Social Dance I 1(Spec)**

Introduction to social dance forms and styles.

**DAN 106 Country Line Dance 1(Spec)**

Introduction to the basic elements and skills used in the performance of country line dance.

**DAN 107 Swing Dance 1(Spec)**

Introduction to the basic steps and styles of swing dance.

**DAN 125 Introduction to Alexander Technique 2(1-1)**

This class is a body awareness and movement class based on the Alexander Technique.

**DAN 126 Hip Hop 2(1-2)**

Introduction to hip hop forms and styles.

**DAN 127 Ballroom Dance 1(1-0)**

An introduction to the various techniques and styles of ballroom dance.

**DAN 133 Modern I 2(1-2)**

An introduction to and beginning instruction in the various techniques and styles of modern dance.

**DAN 136 Ballet Technique I 2(Spec)**

To familiarize the beginning student with the basics of ballet.

**DAN 137 Tap I 2(1-2)**

An introductory dance course of basic tap instruction.

**DAN 138 Jazz I 2(Spec)**

An introductory course in jazz dance that builds from traditional jazz into the contemporary.

**DAN 175 Dance Appreciation 3(3-0)**

An introduction to dance designed to develop an aesthetic awareness, appreciation, and understanding of the art of dance.

**DAN 230 Movement-Rhythmic Form and Structure 3(3-0)**

An in-depth study of the dynamic functions of movement and dance.

**DAN 231 Fundamental Movement 2(2-0)**

An introduction to the basic analysis of locomotor and nonlocomotor movement. Emphasis on skills, posture, and physical development of the individual.

**DAN 232 Dance Composition I 2(2-0)**

Introduction to the basic elements of dance choreography through the use of creative problem solving. Prerequisite: DAN 133.

**DAN 233 Dance Technique II 2(1-2)**

Intermediate technique. Prerequisite: DAN 133.

**DAN 236 Ballet II 2(Spec)**

To afford students the opportunity to use skills learned in Ballet I to progress to a higher level of proficiency in ballet movement. Recommended: Ballet I.

**DAN 237 Tap II 2(1-2)**

Continuation of DAN 137, Tap I, leading to the development of intermediate tap techniques. Prerequisites: DAN 137.

**DAN 305 Studio: Dance Performance 1-4(Spec)**

Major participation in faculty/staff-supervised university theatre activity in the areas of dance performance or choreography. Prerequisite: Permission of the instructor.

**DAN 332 Dance Composition II 3(3-0)**

Continuation of DAN 232 with the inclusion of historical approaches to dance choreography. Prerequisite: DAN 232.

**DAN 333 Modern Dance III 2-4(1-2)**

Advanced modern dance technique. Only offered for 2 credits per semester; may be repeated up to 4 hours. Prerequisite: DAN 233 with a grade of B or better.

**DAN 334 Teaching of Folk, Square, and Social Dance 3(3-0)**

Skills, techniques, and materials for teaching.

**DAN 337 Tap III 1(Spec)**

Development of intermediate to advanced tap techniques in various combinations with jazz styling. Prerequisites: DAN 237; intermediate techniques.

**DAN 340 Dance Repertory Theatre and Tour Company 2-8(Spec)**

Study of choreography created by members of the dance faculty and guest artists, leading to public performance. Prerequisite: Audition.

**DAN 430 Dance Production 3(2-2)**

Basic techniques of lighting, costuming, make-up, programming, and general design of a dance concert. Class, projects, guest speakers, and field trips.

**DAN 435 Methods of Creative Movement 2(Spec)**

Techniques and procedures for teaching rhythm and dance activities for the physical education and dance teacher in grades K-12.

**DAN 480 Dance Practicum 1-3(Spec)**

Curriculum planning and teaching of K-12, college, or adults in a laboratory setting. CR/NC only. Prerequisites: permission of instructor; senior standing.

**DAN 494 Field Study in Dance 1-3(Spec)**

An approved investigation, survey, study, or description observation in some area of dance performed off-campus. Prerequisites: permission of instructor; junior standing.

**DAN 530 History of Dance 3(3-0)**

Dance history from its primitive beginning to the present. Relationships of dance forms to the societies in which they developed.

**DAN 578 Special Topics In Dance 1-9(Spec)**

Current topics in dance for each semester listed in Course Search and Registration. This course may be repeated for up to 9 credit hours. Prerequisite: Two undergraduate courses in Dance with a C or better.

**DHA 700 Leadership Strategies for Healthcare Policy and Organizations 3(3-0)**

The course examines the role of leaders in improving health-care organizations; and the relationship between leading organizations and influencing and understanding health policy. This course may be offered in an online or hybrid format. Prerequisite: Admission to the Doctor of Health Administration Program.

**DHA 702 Probability and Statistics for the Health Professions 3(3-0)**

This course examines statistical and quantitative techniques for problem-solving and decision-making to understand, collect, conduct and evaluate managerial, biomedical and scientific research. Prerequisites: admission to the Doctor of Health Administration program. This course is approved for offering in a distance learning format.

**DHA 704 Population Health 3(3-0)**

This course explores applied epidemiology in relation to population and health including standardizing information, marketing, community health technologies and monitoring health behaviors of target groups. Prerequisites: admission to the Doctor of Health Administration program. This course is approved for offering in a distance learning format.

**DHA 705 Seminar in Public Health 1(1-0)**

This seminar focuses on current issues in health promotion and disease prevention, applied epidemiology, community health concerns and how to positively impact health in communities. CR/NC only. This course is approved for offering in a distance learning format. Prerequisites: admission to the Doctor of Health Administration program.

**DHA 706 Quantitative Analysis in Health Organization 3(3-0)**

This course introduces statistical/quantitative techniques including general linear models, survey research methodology and research application cases, decision-making and problem-solving for health administration. Prerequisites: admission to the Doctor of Health Administration program; DHA 702. This course is approved for offering in a distance learning format.

**DHA 708 Organizational Theory and Behavior for the Health Professions 3(3-0)**

Integrating theory and concepts from organizational theory and behavior literature, this course provides applications to improve dynamic healthcare organizations throughout the continuum of care. Prerequisites: admission to the Doctor of Health Administration program. This course is approved for offering in a distance learning format.

**DHA 709 Seminar in Health Dynamics: Current Issues, Trends and Change 1(1-0)**

This seminar will examine current issues, trends and the change necessary to improve the health system using a variety of presentations, group interactions and discussion. CR/NC only. This course is approved for offering in a distance learning format. Prerequisites: admission to the Doctor of Health Administration Program.

**DHA 710 Qualitative Analysis in Health Care 3(3-0)**

Theory, concepts and tools used in designing and conducting qualitative health care research, informing policy analysis and facilitating decision support within the practice of health administration. This course is approved for offering in a distance learning format. Prerequisites: Admission to the Doctor of Health Administration program.

**DHA 712 Research Methods and Practice for the Health Professions 3(3-0)**

This course provides theoretical and applied concepts, techniques, procedures and technologies used in scientific inquiry and reporting for applied clinical, health administrative and managerial research. Prerequisites: admission to the Doctor of Health Administration program; DHA 702. Recommended: DHA 706. This course is approved for offering in a distance learning format.

**DHA 713 Seminar in Health Services Research 1(1-0)**

This seminar will examine research activity and reporting in the areas of healthcare financing, organization, delivery, access and outcomes of health services. CR/NC only. This course is approved for offering in a distance learning format. Prerequisites: admission to the Doctor of Health Administration program; DHA 712.

**DHA 714 Health Systems Thinking and Practice 3(3-0)**

This class examines systems thinking and organizational effectiveness. Students will practice using a variety of systems tools as applied to different organizational problems. Prerequisites: admission to the Doctor of Health Administration program. This course is approved for offering in a distance learning format.

**DHA 716 Communication in Health Organizations 3(3-0)**

This class examines the delivery and exchange of messages within health organizations. Contexts will include conflict, negotiating, networks, channel selection, knowledge management and public relations. Prerequisites: admission to the Doctor of Health Administration program. This course is approved for offering in a distance learning format.

**DHA 717 Seminar in Healthcare Dynamics: Stakeholder Relations 1(1-0)**

This seminar will examine the concept of leadership style and how healthcare executives can more effectively communicate with multiple stakeholders both inside and outside the organization. CR/NC only. This course is approved for offering in a distance learning format. Prerequisites: admission to the Doctor of Health Administration program.

**DHA 718 Healthcare Law, Regulations and Ethics 3(3-0)**

This course explores the legal and ethical issues found in the healthcare system, and investigates the healthcare administrator as decision-maker, leader and moral agent. Prerequisites: admission to the Doctor of Health Administration program. This course is approved for offering in a distance learning format.

**DHA 720 Health Economics 3(3-0)**

Foundational economic and specific health economic theory, trends, market issues and applications are presented to include health insurance and payment theory, practice and applications. Prerequisites: admission to the Doctor of Health Administration program. This course is approved for offering in a distance learning format.

**DHA 721 Seminar in Healthcare Policy and Politics 1(1-0)**

This seminar will examine the political, legislative and economic forces that influence healthcare policy and regulation development, implementation and consequences of policy and legislation. This course is approved for offering in a distance learning format. CR/NC only. Prerequisites: admission to the Doctor of Health Administration program.

**DHA 722 Health Informatics 3(3-0)**

This course focuses on the fundamental concepts and applications of managing information as a healthcare corporate assets, emphasizing converting data into information for decision support. Prerequisites: admission to the Doctor of Health Administration program. This course is approved for offering in a distance learning format.

**DHA 724 Fiscal Responsibility and Accountability for Health Entities 3(3-0)**

This course emphasizes financial management and financial operations theory, principles and concepts as they relate to healthcare organizational decision-making and accountability. Prerequisites: admission to the Doctor of Health Administration program. Recommended: DHA 720. This course is approved for offering in a distance learning format.

**DHA 725 Seminar in Strategic Planning for Health Organizations 1(1-0)**

This seminar will examine the concepts, processes and integration of management information systems, financial, human resource and marketing plans into an organizational strategic planning system. This course is approved for offering in a distance learning format. CR/NC only. Prerequisites: admission to the Doctor of Health Administration program.

**DHA 726 Applied Leadership 3(3-0)**

Practical application of leadership principles focused on issues such as governance, decision-making, motivation, empowerment, team building, change management, conflict resolution, accountability, credibility and ethics. Prerequisites: admission to the Doctor of Health Administration program. This course is approved for offering in a distance learning format.

**DHA 728 Comparative Health Systems 3(3-0)**

This is a capstone course in the Doctor of Health Administration program with a specific focus on global challenges and comparative effectiveness of health systems. This course is approved for offering in a distance learning format. Prerequisites: Admission to the Doctor of Health Administration Program.

**DHA 898 Dissertation 1-12(Spec)**

The dissertation is the capstone of the academic program involving original research by student in conjunction with a committee resulting in a publishable document. CR/NC only. This course may be offered in an online or hybrid format. Prerequisites: Successful completion of the Doctor of Health Administration comprehensive examination; acceptance into Degree Candidacy by the College of Graduate Studies; and permission of the Program Director.

**ECE 625 Foundations of Early Childhood Education 3(3-0)**

Examination of philosophical, historical, social, theoretical, and ethical factors that have shaped and continue to shape early childhood education; implications for effective professional practice.

**ECE 628 Language and Literacy Development of Young Children 3(3-0)**

Analysis, synthesis, and application of theories and research in language and literacy development in the education of young learners.

**ECE 629 Promoting Parent Involvement in Early Childhood Education 3(3-0)**

Analysis of current research findings on how teachers can increase parent involvement in early childhood programs. Action research on improving parent-school partnership.

**ECE 630 Culturally Responsive Early Childhood Programs 3(3-0)**

An analysis of current research findings on multicultural education and implementation of culturally responsive practice in early childhood programs.

**ECE 644 Early Childhood Concept Development and Creativity 3(3-0)**

Examination of theory, research, and practice related to concept development and creativity in young children.

**ECE 657 Cognitive and Psycho-Motor Development of Young Children: Theory & Practice 3(3-0)**

An analysis of current research findings on cognitive and psycho-motor development of young children.

**ECE 777 Seminar: Current Issues in Early Childhood Education 3(3-0)**

Analysis of existing and emerging current issues in early childhood education with opportunities for in-depth study of areas of concern. Prerequisite: Elementary Teaching Certificate.

**ECO 101 Economics as a Way of Thinking 3(3-0)**

Introduction to the economic way of thinking and its applications to decision making in daily living. Emphasis on basic understanding of the economic aspects of current issues. Credit on the Economics major will be given only if this course is taken prior to ECO 201 or ECO 202 or ECO 203.

**ECO 110 Economics and Society 3(3-0)**

An examination of the development of economic thought and institutions with emphasis on the application of this knowledge to the understanding of today's world. Credit on the economics major will not be given if this course is taken after ECO 201 or ECO 202 or ECO 203.

**ECO 150 Current Economic Problems 3(3-0)**

*Economic topics of current national and international concern. Economic issues with which informed voters must deal. No credit if credit has been earned in ECO 201 or ECO 202 or ECO 203 or ECO 204. (University Program Group III-B: Studies in Social Structures)*

**ECO 201 Principles of Macroeconomics 3(3-0)**

*Provides understanding of basic principles of economics, methods of National Income accounting, inflation, unemployment, role of government, money and banking, monetary policy, and international economics. Credit may not be earned in more than one of ECO 201 and 204. ECO 201 may not be applied toward the University Program requirements if a student is earning the Bachelor of Science in Business Administration degree. This course may be offered in an online or hybrid format. (University Program Group III-B: Studies in Social Structures)*

**ECO 202 Principles of Microeconomics 3(3-0)**

*Introduction to scarcity, choice, and opportunity cost; supply and demand; welfare economics; household and firm behavior; competition and monopoly; resource markets. Credit may not be earned in more than one of ECO 202 and ECO 203. ECO 202 may not be applied toward the University Program requirements if a student is earning the Bachelor of Science in Business Administration degree. This course may be offered in an online or hybrid format. (University Program Group III-B: Studies in Social Structures)*

**ECO 203 Microeconomic Principles for Business 3(3-0)**

Introduction to economic decision-making by consumers and managers within a market system. Topics include supply, demand, elasticity, production, costs, price, market structure, and resource markets. Credit may not be earned in more than one of ECO 203 and ECO 202. Prerequisites: BUS 100, admission to Professional Business Studies.

**ECO 204 Principles of Macro- and Global Economics 3(3-0)**

Introduction to GDP, inflation, unemployment, business cycles, interest rates, money and banking, monetary and fiscal policy, economic growth, international trade for business students. Credit may not be earned in more than one of ECO 201 and ECO 204. Prerequisites: ECO 203, Tier 1 continuing admission to Professional Business Studies.

**ECO 211 Economics of Professional Team Sports 3(3-0)**

Study of the economics and industrial relations systems of professional sports leagues in baseball, football, basketball, and hockey in North America.

**ECO 213 Economics for Entrepreneurs 3(3-0)**

Introduction to the economic way of thinking and its applications to decision making in the business world. Emphasis on understanding and applying economic concepts. Identical to ENT 213. Credit may not be earned in more than one of these courses. Does not count as credit for the Economics major or minor.

**ECO 222QR Behavioral Economics 3(3-0)**

*Examines the roles of self-interest, altruism, expectations and information in individual and group decision-making. In-class experiments simulate market behavior and test theoretical predictions. Quantitative Reasoning. (University Program Group III-A: Behavioral Sciences)*

**ECO 230 Women in the Economy 3(3-0)**

A study of the past and present role of women in the economy, as workers, both inside and outside the labor market. Identical to WGS 230. Credit may not be earned in more than one of these courses.

**ECO 266 Economics of Poverty and Discrimination 3(3-0)**

Economic analysis of the causes of poverty and alternative government solutions. Discrimination in education, housing and labor markets and their relationship to other social problems.

**ECO 280 Economies of the World 3(3-0)**

Overview of economies, with emphasis on comparison of their economic performance, the system used for production and distribution, and economic agreements among nations.

**ECO 281 Economic Development of the Pacific Rim 3(3-0)**

*Rapid development of Pacific Rim economies and its impact on our economy is studied. The roles of history and culture in economic policy are studied. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**ECO 285 Statistical Methods in Economics 3(3-0)**

Fundamental statistical techniques emphasizing application of statistical methods to economic analysis, index numbers, seasonal and cyclical variation in economic data. Prerequisites: ECO 201 or ECO 204 or ECO 213 or ENT 213; math competency.

**ECO 301 Environmental Economics 3(3-0)**

Basic economic understanding of environmental/ecological problems arising from a free enterprise system. Economists' solutions presented without advanced economic theory or mathematical computation. Recommended: ECO 202 or 203.

**ECO 306 Money and Banking 3(3-0)**

The nature of money and credit; history, structure, and functions of banking institutions, with emphasis upon Federal Reserve System and questions of appropriate public policy. Prerequisites: ECO 201 or 204; ECO 202 or 203.

**ECO 310 American Economic Development 3(3-0)**

Realistic interpretation, with emphasis on economic change and its significance in social, cultural, and political evolution. Recommended: ECO 201 or ECO 202 or ECO 203.

**ECO 315 Economics of Immigration 3(3-0)**

The economics of immigration: U.S. immigrant characteristics, impact of immigration on the U.S. economy, and public policies towards immigration. Prerequisite: ECO 202 or 203.

**ECO 320 European and Asian Economic History 3(3-0)**

Realistic introduction to the diverse economic experiences of advanced European and Asian nations from the British industrial revolution to the present. Recommended: ECO 201 or ECO 202 or ECO 203.

**ECO 350 Law and Economics 3(3-0)**

Theory and application of analytical tools of law and of economics in an integrative approach to both subjects. Identical to BLR 350. Credit may not be earned in more than one of these courses. Prerequisites: BLR 202 or 235, ECO 202 or 203.

**ECO 360 Public Economics 3(3-0)**

Appropriate and actual roles of government in market economies, and how government influences the use of resources and distribution of income. Prerequisites: ECO 202 or ECO 203.

**ECO 365 Intermediate Microeconomic Theory 3(3-0)**

An intensive treatment of the theories of supply and demand, consumer and producer behavior, market structure, and other micro theories and issues. Prerequisite: ECO 202 or 203.

**ECO 370 Intermediate Macroeconomic Theory 3(3-0)**

National income accounting; income, employment, interest rate and inflation theory and policy; theory and problems of economic growth. Prerequisites: ECO 201 or 204; ECO 202 or 203.

**ECO 372 International Economics 3(3-0)**

Basic background in international trade theory and practices, exchange rates and balance of payments, and international monetary arrangements. Prerequisites: ECO 201 or ECO 204; ECO 202 or ECO 203.

**ECO 375 Economics of Cities and Regions 3(3-0)**

Elementary theories of regional economic analysis used in solving specific problems such as pollution, housing, segregation, and conservation. Emphasizes urban regions. Prerequisites: ECO 201 or ECO 202 or ECO 203.

**ECO 380 Comparative Economic Systems 3(3-0)**

Comparative study of economic institutions in a world of politicoeconomic change. An analysis of capitalism, fascism, socialism, and communism. Recommended: ECO 201 or ECO 202 or ECO 203.

**ECO 381 Patterns of Economic Development 3(3-0)**

A study of the problems, processes, and theories of economic change in today's less developed countries. Recommended: ECO 201 or ECO 202 or ECO 203.

**ECO 385 Introduction to Econometrics 3(3-0)**

Introduction to the theory and practice of linear regression analysis in economics focusing on single equation methods. Extensive computer applications. Prerequisites: ECO 202 or 203; ECO 285 or STA 282 or STA 382.

**ECO 397 Special Studies in Economics 1-6(Spec)**

Experimental courses to cover materials of special interest not covered by courses in the regular curriculum. Prerequisite: permission of instructor.

**ECO 410 Government and Business 3(3-0)**

Relations of industry, especially corporations, to government, antitrust laws and their enforcement; public policy toward business; problems of unfair competition; patents and trademarks. Prerequisites: ECO 202 or ECO 203.

**ECO 411 The Economics of Slavery in the U.S. 3(3-0)**

The economic indictment of southern slavery; new challenges to this indictment; implications of the existence of southern slavery for present economic policy decisions. Recommended: ECO 201 or 202.

**ECO 414 Labor Economics 3(3-0)**

Labor Market operations and wage determination; human capital investment; labor market discrimination; wage differentials; impact of unionization on wages; collective bargaining. Prerequisite: ECO 202 or 203.

**ECO 425 The Economics of Industrial Organization 3(3-0)**

Concepts, theories, and evidence which relate industry structure to behavior and performance of firms. Provides a basis for evaluating public policy. Prerequisites: ECO 202 or ECO 203. Recommended: ECO 201 or ECO 204.

**ECO 430 Views of the Future of the U.S. Economy 3(3-0)**

Analysis of economic thought, projections and institutional changes suggested for the future by various schools of thought. Institutional rather than quantitative emphasis. Recommended: ECO 202 or ECO 203.

**ECO 440 Managerial Economics 3(3-0)**

Application of microeconomic theory to a variety of management decisions such as internal resource allocation, pricing, market entry and the boundaries of the firm. Prerequisite: ECO 202 or ECO 203.

**ECO 490 Economics Internship 1-3(Spec)**

Provides a bridge between academic training and work experience. Allows application of principles of economics to a job and job experiences to classes. CR/NC only. Prerequisites: 56 semester hours completed; signed economics major or minor; 12 credit hours of economics (ECO 201 or ECO 204, ECO 202 or ECO 203 and at least one course 300 level or above); overall GPA of 2.75 or higher; prior approval of departmental supervisor.

**ECO 503 Seminar in Urban Economics 3(3-0)**

Economic aspects of urban regions; their growth; household location; pollution; poverty. Solutions-oriented discussion of urban problems. Complements ECO 504. Recommended: ECO 375.

**ECO 508 Monetary Theory 3(3-0)**

Further development of theories of money supply, money demand, the options of monetary policy, and the effects of monetary policy on the economy. Prerequisite: ECO 306 or ECO 370.

**ECO 515 Collective Bargaining and Labor Law 3(3-0)**

Development of various phases of labor law, especially under statutes such as the Wagner Act, Taft-Hartley Act, and Landrum-Griffin Act. Prerequisites: ECO 202 or ECO 203. Recommended: ECO 201 or ECO 204.

**ECO 532 Economic Forecasting 3(3-0)**

Nature and causes of economic fluctuations. Methods of predicting price levels and economic activity. Prerequisites: ECO 201 or ECO 204; ECO 202 or ECO 203.

**ECO 535 Fundamentals of Mathematical Economics 3(3-0)**

Application of mathematical techniques in economics. Emphasizes marginal analysis, market models, comparative static equilibrium, and maximization. Prerequisites: ECO 365; MTH 132 or MTH 217 or graduate standing in Economics.

**ECO 572 International Monetary Economics 3(3-0)**

International monetary and financial markets are studied. Topics include exchange rate policy, international Capital Flow and purchasing power parity theory. Prerequisites: ECO 372.

**ECO 585 Econometrics 3(3-0)**

Thorough treatment of statistical estimation methods and their properties for simultaneous equation systems. Also includes discussions of types of systems, solution methods and identification. Prerequisites: STA 580 and MTH 132; or graduate standing in Economics.

**ECO 590 Seminar Readings 1-3(Spec)**

Elective honors course for majors or minors in economics. Recommended: 12 hours of economics with B average.

**ECO 591 Seminar Research Studies 1-3(Spec)**

Independent study on special problems for majors and minors in economics. Prerequisite: permission of instructor. Recommended: 9 hours of 300- to 500-level economics.

**ECO 597 Special Studies in Economics 1-3(Spec)**

Experimental courses to cover material of special interest to both undergraduates and graduates not covered by courses in the regular curriculum. Prerequisite: permission of instructor.

**ECO 600 Introduction to Advanced Economic Analysis 3(3-0)**

Provides the analytical tools necessary for graduate study in economics; firms, households, pricing, wages, distribution, market failure, income determination, and economic growth. Not open to Economics graduate students or undergraduate majors or minors.

**ECO 601 Advanced Environmental Economics 3(3-0)**

The use of price theory and benefit cost analysis to understand environmental problems and policies. Examination of property rights, regulations, taxes, and subsidies.

**ECO 603 Economic Effects of Urbanization and Technology 3(3-0)**

Analysis of the economic effects of the urbanization process, emphasizing solutions to the problems of urbanization and side effects of policy actions.

**ECO 606 Seminar in Economic History 3(3-0)**

Diverse economic experiences of advanced nations since Industrial Revolution. Applies theoretical and institutional approaches to economic history.

**ECO 610 Seminar in Economic Thought 3(3-0)**

Evolution of economic thought during the past 25 centuries.

**ECO 614 Seminar in Labor Economics 3(3-0)**

Operation of labor markets in utilizing and allocating manpower. Government measure to facilitate such utilization and allocation. Influence of discrimination.

**ECO 616 Advanced Microeconomic Theory 3(3-0)**

Theories of consumer behavior; cost; optimum decision-making, prices, welfare economics, general equilibrium, and income distribution.

**ECO 619 Continuing Registration for Final Research Project 1(1-0)**

A non-credit course intended for students who have completed all program credits but still need to use university resources to complete their degree requirements.

**ECO 620 Advanced Macroeconomic Theory 3(3-0)**

Analysis of the aggregative economic framework, and application of Keynesian and post-Keynesian macroeconomic theories to the determination of income, employment, and prices.

**ECO 622 Seminar in Economic Growth and Development 3(3-0)**

Selected topics in growth and development. Topics may include growth and development theory, rationality, population, labor, public economics and trade.

**ECO 625 Firm Behavior and Game Theory 3(3-0)**

Advanced studies of the theory of the firm and modeling strategic behavior. Topics may include transactions costs, collusion, mergers, advertising, brand names, and asymmetric information. Prerequisites: Graduate standing in Economics.

**ECO 626 Research in Economic History Post 1870 3(3-0)**

In depth examination of specific topics in economic history, with emphasis placed on the early to mid 20th century, and instruction in economic research.

**ECO 630 Comparative Economic Systems 3(3-0)**

A systematic analysis of different types of economic systems with respect to the way basic economic problems of resource allocation and income distribution are solved.

**ECO 640 Special Topics in Economic Issues 3-6(Spec)**

A course organized by individual instructors on the basis of their specialized or experimental interests. Topics will vary from semester to semester.

**ECO 646 Advanced Topics in Microeconomic Theory 3(3-0)**

A study of advanced topics in Microeconomics such as cover uncertainty, game theory, and asymmetric information using techniques of mathematical proof and real analysis. Recommended: ECO 535, 616.

**ECO 650 American Financial Institutions 3(3-0)**

Interrelationships among commercial banks, savings and loan associations, finance companies, securities markets, and federal credit institutions; developments, problems, and trends in money markets.

**ECO 655 Seminar in International Economics 3(3-0)**

Recent developments in trade theories and problems in trade policy; foreign exchange market; national income and balance of payments; and international financial policies.

**ECO 657 Advanced Investment Analysis 3(3-0)**

Analysis of the principles, techniques, and other factors that determine the values of individual securities and investment portfolios.

**ECO 660 Public Finance and Fiscal Policy 3(3-0)**

Analyzes fiscal policy and theory of taxation affecting economic welfare and delivery of public goods and services. Includes economic stabilization and fiscal reform considerations. Prerequisites: Graduate admission in economics or permission of the Graduate Coordinator is required of students who enroll in courses at the 600 or 700 level.

**ECO 670 Research Methods in Economics 3(3-0)**

Thorough comparative analysis of economic methodology and research methods. Prerequisites: ECO 585.

**ECO 685 Econometric Applications 3(3-0)**

Economic applications and empirical implementation and interpretation of econometric techniques. Prerequisites: ECO 585.

**ECO 690 Independent Research 1-3(Spec)**

Prerequisite: Graduate standing in Economics.

**ECO 798 Thesis 1-6(Spec)**

CR/NC only.

**EDL 360 Leading Diverse Teams 3(3-0)**

Exploration of the uniqueness of socially-constructed identities by learning the process of leading diverse teams within an educational setting. This course may be offered in an online or hybrid format. Prerequisite: LDR 200.

**EDL 452 Immersive Leadership in Educational Settings 3(3-0)**

Examination of inclusion-based leadership tenets and efforts at an off-site educational institution. This course may be offered in an online or hybrid format. Prerequisites: LDR 200 and 56 earned semester hours.

**EDL 476 Outcome-Based Learning 3(3-0)**

Development and assessment of learning outcomes within higher education settings. This course may be offered in an online or hybrid format. Prerequisite: LDR 200.

**EDL 512 Assessment in Higher Education 3(3-0)**

This course will examine assessment in higher education settings. Students will conduct assessments used in evaluation and accreditation protocols. This course may be offered in an online or hybrid format. Prerequisites: LDR 200 and 80 earned semester credits or graduate standing.

**EDL 516 Leadership for Social Justice 3(3-0)**

Examination of social justice perspectives and their application to complex relationships found in and around institutions of learning. This course may be offered in an online or hybrid format. Prerequisites: LDR 200 or graduate standing.

**EDL 557 Helping Skills in Student Affairs 3(3-0)**

Examination of the role of student affairs professionals as helpers through theoretical explorations and practical simulations. This course may be offered in an online or hybrid format. Prerequisites: LDR 200 or graduate standing.

**EDL 592 Professional Development in Educational Leadership 1-9(Spec)**

Identification and study of emerging problems of educational leadership. This course may be offered in an online or hybrid format.

**EDL 598 College Student Development 3(3-0)**

Examination and application of relevant developmental theories and models for facilitating holistic student development. This course may be offered in an online or hybrid format. Prerequisites: LDR 200 and EDL 557 or graduate standing.

**EDL 600 Research for Educational Leadership 3(3-0)**

Research concepts focused on the needs of educational leaders. Prerequisites: graduate status. This course is approved for offering in a distance learning format.

**EDL 609 Administration of Volunteer Programs 3(3-0)**

Develops skills necessary to organize a volunteer program or agency. Content includes recruitment, training, supervision, evaluation of volunteers and the development of community partnership programs. This course may be offered in an online or hybrid format.

**EDL 610 Grants and Fund Procurement 3(3-0)**

Grantsmanship skills for public and private funding. Students will explore funding sources, concept development, evaluation plans, budget preparation, proposal submission, and reviewer practices. This course may be offered in an online or hybrid format.

**EDL 612 Methods and Techniques of Training and Development 3(3-0)**

The course will examine the theory and research of training and development. Students will conduct and evaluate training and development programs. This course may be offered in an online or hybrid format.

**EDL 615 Educational Technology for Administrators 3(3-0)**

The development of knowledge, philosophy, skills and practical applications regarding technology for administrators. This course may be offered in an online or hybrid format.

**EDL 619 Continuing Registration for Final Research Project 1(1-0)**

A non-credit course intended for students who have completed all program credits but still need to use university resources to complete their degree requirements.

**EDL 620 Administration Within Diverse Populations 3(3-0)**

Examination of critical issues, trends, and practices relative to cultural diversity that influences the organization and administration of school and other human service organizations. This course is approved for offering in a distance learning format.

**EDL 622 Adult Literacy and Society 3(3-0)**

A study of the theories of language and literacy and their relationship to the practices of adult education. This course may be offered in an online or hybrid format.

**EDL 624 Planning for Instruction in Nontraditional Settings 3(3-0)**

Analyze problems and issues in administration of learning programs for students located in nontraditional settings including prisons, malls, churches, factories, and other workplace situations. This course may be offered in an online or hybrid format.

**EDL 626 The Adult Learner 3(3-0)**

A study of learning in adulthood, how to facilitate that learning, and the characteristics of adult learners. This course may be offered in an online or hybrid format.

**EDL 636 Higher Education Law 3(3-0)**

An introduction to legal issues in higher education institutions. This course may be offered in an online or hybrid format.

**EDL 645 Charter School Leadership 3(3-0)**

Application of leadership and systems theories to the administration of charter schools. This course may be offered in an online or hybrid format.

**EDL 650 Professional Studies: Special Topics 1-6(Spec)**

Investigation and in-depth study of new knowledge or current problem areas. This course may be offered in an online or hybrid format.

**EDL 651 Program Review and Evaluation 3(3-0)**

An introduction to program evaluation theory, design, development, and implementation is provided. Content will cover evaluation strategies to plan an applied research study. This course may be offered in an online or hybrid format.

**EDL 652 Global Education Studies 3-12(Spec)**

Study of educational systems in an international context. Trip destinations will vary. This course may be repeated up to 12 credits if course content is different. Prerequisites: Graduate status.

**EDL 656 Public School Law 3(3-0)**

The law as it relates to education. This course is designed for students preparing for leadership positions in K-12 schools. This course may be offered in an online or hybrid format.

**EDL 658 Teacher Leadership 3(3-0)**

An introduction to teacher leadership providing teachers the essential tools to be knowledgeable, reflective, ethical and transformational leaders. This course may be offered in an online or hybrid format.

**EDL 660 Principles of Educational Administration 3(3-0)**

Philosophy and principles underlying the organization and operation of education in the United States. This course may be offered in an online or hybrid format.

**EDL 661 School and Community Relations 3(3-0)**

Public relations responsibilities of school board and staff members. This course may be offered in an online or hybrid format.

**EDL 662 School Business Administration 3(3-0)**

An exploration of school business and resource administration, personnel, and facilities management concepts, with emphasis on current factors affecting site-based administration. This course may be offered in an online or hybrid format.

**EDL 663 Human Resources Administration 3(3-0)**

The study of effective administration of school personnel issues. This course may be offered in an online or hybrid format.

**EDL 667 Administration of Community Education 3(3-0)**

Identification of community needs, and organization and management of new and ongoing programs. This course may be offered in an online or hybrid format.

**EDL 669 Rural School Leadership 3(3-0)**

Current and historical examination of the standards, principles, and practices of rural school leadership. This course may be offered in an online or hybrid format.

**EDL 670 The Principalship 3(3-0)**

Current standards, principles, and practices relative to school leadership and the Principalship. This course may be offered in an online or hybrid format.

**EDL 675 Administration of Special Education 3(3-0)**

Organization and administration of education programs for exceptional children. Identical with SPE 640. Credit may not be earned in more than one of these courses.

**EDL 676 Administration of Community Colleges 3(3-0)**

Structure, organization, and management of the community college. This course may be offered in an online or hybrid format.

**EDL 677 The American College Student 3(3-0)**

An examination of American college population, how campus environments affect students' collegiate experiences, and how these cultural experiences affect students. This course may be offered in an online or hybrid format.

**EDL 678 Emerging Issues and Reform Efforts in Educational Leadership 3(3-0)**

This course will examine education reform initiatives and their relationship to emerging issues facing current and future educational leaders within the K-12 school system. This course may be offered in an online or hybrid format.

**EDL 680 Teaching in Higher Education Settings 3(3-0)**

Study of classroom teaching methods and practices in college environments. Review of active learning techniques, curriculum construction, and student-learning assessment. This course may be offered in an online or hybrid format.

**EDL 681 Teaching with Technology in Higher Education Settings 3(3-0)**

Learners will incorporate technology in their practice to enhance instructional effectiveness and increase student learning. This course may be offered in an online or hybrid format.

**EDL 685 Introduction to Problem Solving in Educational Leadership 3(3-0)**

An introductory examination of the knowledge and skills needed to communicate with organizational members to solve problems and resolve conflict in educational situations and organizations. This course may be offered in an online or hybrid format.

**EDL 687 Independent Study 1-6(Spec)**

Independent study. This course may be offered in an online or hybrid format. Prerequisite: permission of advisor.

**EDL 688 Independent Study 1-6(Spec)**

Independent study. This course may be offered in an online or hybrid format. Prerequisite: permission of advisor.

**EDL 689 Independent Study 1-6(Spec)**

Independent study. This course may be offered in an online or hybrid format. Prerequisite: Permission of advisor.

**EDL 690 Administration of School Curriculum 3(3-0)**

Study, analysis, and application of administrative principles to the development, implementation, and evaluation of the school curriculum. This course may be offered in an online or hybrid format.

**EDL 694 Educational Leadership Capstone 3(3-0)**

Capstone seminar to synthesize master's coursework in educational leadership at the P-12 school level. Students will synthesize theory and apply practice through a professional portfolio. This course may be offered in an online or hybrid format.

**EDL 695 Readings in Educational Leadership 1-3(Spec)**

Independent readings on a specific topic in educational leadership. This course may be offered in an online or hybrid format. Prerequisite: Permission of advisor and instructor.

**EDL 696 Higher Education Practicum 3(3-6)**

A planned learning experience gained through first-hand observations and operational responsibilities under the direct supervision of a practicing higher education leader. This course may be offered in an online or hybrid format. CR/NC only. Prerequisites: Regular admission to the masters in higher education administration program in the Department of Educational Leadership. Completion of at least 9 core credits in the program. Approval of practicum application.

**EDL 697 College Teaching Internship 3(3-6)**

Under the direct supervision of a practicing college or university teaching mentor, student develops skills applicable to college-based teaching. CR/NC only. This course may be offered in an online or hybrid format. Prerequisites: Permission of Instructor, approval of internship application.

**EDL 698 Master's Colloquium 3(3-0)**

Capstone seminar to synthesize master's coursework. Students will apply theory to practice. This course may be offered in an online or hybrid format. Prerequisite: To be taken in the last semester of the MA in Higher Education Administration Program.

**EDL 699 Leadership Internship 1-15(Spec)**

A planned learning experience gained through first-hand observations and operational responsibilities under the direct supervision of a practicing educational leader. This course may be offered in an online or hybrid format. CR/NC only. Prerequisites: Regular admission and completion of a minimum of 9 credits in a master's or specialist program in the Department of Educational Leadership. Approval of internship application.

**EDL 700 Advanced Administrative Research 3(3-0)**

The practical application of quantitative, qualitative, mixed methods and action research inquiry are examined to promote empirical decision-making in a variety of educational settings. This course may be offered in an online or hybrid format. Prerequisites: admission to Ed.S. program, EDL 600.

**EDL 710 Action Research 3(3-0)**

The practical application of action research inquiry is examined to promote empirical decision-making in a variety of educational settings. This course may be offered in an online or hybrid format.

**EDL 731 Strategic Planning 3(3-0)**

Identification of planning processes to set goals, establish implementation procedures, and evaluate processes and results. This course may be offered in an online or hybrid format.

**EDL 745 Administration of the School District 3(3-0)**

Study of the school district leadership with special emphasis on the role of the superintendent and district level administrators. This course may be offered in an online or hybrid format.

**EDL 750 Professional Studies: Special Topics 1-6(Spec)**

Investigation and in-depth study of emerging knowledge or current problem areas. This course may be offered in an online or hybrid format.

**EDL 752 Social Justice in Global Studies Education 1-12(Spec)**

Study of social justice in education in an international context. Travel destinations will vary. This course may be repeated up to 12 credits if course content is different.

**EDL 757 Student Development Theory 3(3-0)**

Introduction of student development theories regarding social identity, intellectual and moral development of college students; review of learning and personality theories for understanding student differences. This course may be offered in an online or hybrid format.

**EDL 760 Leadership Theory and Practice 3(3-0)**

Application of leadership and systems theories to the administration of educational programs. This course may be offered in an online or hybrid format.

**EDL 761 School and Community Relations for the District Leader 3(3-0)**

The role of the K-12 central office administrator in working with the community. This course may be offered in an online or hybrid format.

**EDL 763 The Academic Profession 3(3-0)**

Emphasizes the organization and function of academic affairs within a college or university. Topics include new faculty issues, academic leadership, curriculum development, and academic socialization. This course may be offered in an online or hybrid format.

**EDL 764 Financing of Higher Education 3(3-0)**

An analysis of the funding of higher education and the complex relationship between finance and other aspects of higher education administration.

**EDL 765 Organizational Change in Educational Institutions 3(3-0)**

Fundamental concepts, processes, and procedures concerning the change process. Focus will be on leading, implementing, and sustaining change in educational organizations. This course may be offered in an online or hybrid format.

**EDL 766 Advanced Educational Law 3(3-0)**

In-depth study of current legal problems affecting education. This course may be offered in an online or hybrid format. Prerequisite: EDL 656.

**EDL 767 Public School Finance 3(3-0)**

Examine structures and considerations relating to the financing of public school systems within the United States, including taxation, budgets, millages, school facilities, and state funding. This course may be offered in an online or hybrid format.

**EDL 768 Advanced Higher Education Law 3(3-0)**

In-depth study of current legal problems affecting higher education. This course may be offered in an online or hybrid format. Prerequisites: Admission to a doctoral program; EDL 636.

**EDL 769 Negotiations in Education 3(3-0)**

Theory and practice of negotiations and collective bargaining as it relates in educational organizations. This course may be offered in an online or hybrid format.

**EDL 770 Advanced Elementary School Leadership 3(3-0)**

Investigation and in-depth study of advanced leadership of elementary education programs. This course may be offered in an online or hybrid format. Prerequisites: EDL 670.

**EDL 772 Advanced Administration of Secondary Schools 3(3-0)**

Study of current management skills and procedures necessary for operating a secondary school. This course may be offered in an online or hybrid format. Prerequisites: EDL 670 and admission to the Specialist in Education program.

**EDL 773 Instructional Supervision and Leadership 3(3-0)**

Development of policies and guidelines for leadership of the instructional program in a school. This course may be offered in an online or hybrid format.

**EDL 774 Women in Education 3(3-0)**

Study of women's roles as students, faculty, and administrators in educational settings. Emphasis on the identification and study of current issues and gender theories. This course may be offered in an online or hybrid format.

**EDL 775 Educational Policy Analysis 3(3-0)**

Identification and analysis of source, function, and effect of policies affecting K-12 education. This course may be offered in an online or hybrid format.

**EDL 776 Administration of Higher Education 3(3-0)**

Study of the organization and management of colleges and universities. This course may be offered in an online or hybrid format.

**EDL 777 Student Affairs Administration 3(3-0)**

A study of the organization, structure, management, programs, and functions of student affairs administration in post-secondary education. This course may be offered in an online or hybrid format.

**EDL 778 Contemporary Issues in Higher Education 3(3-0)**

Study of contemporary issues confronting higher education. Emphasis is on the identification, definition, and study of issues and how educational leaders might address them. This course may be offered in an online or hybrid format.

**EDL 790 Critical Issues: Elementary School Leadership 3(3-0)**

Analysis of elementary school leadership issues. This course may be offered in an online or hybrid format.

**EDL 792 Critical Issues: Administration of Secondary Schools 3(3-0)**

Analysis of current problems, regulations, laws, and pressures confronting the secondary school principal. Course stresses conflict management and crisis intervention techniques. This course may be offered in an online or hybrid format. Prerequisites: EDL 670 or EDL 772 and admission to the Specialist in Education program.

**EDL 797 Field Study 1-6(Spec)**

An extensive study of a specific leadership practice, and a report of appropriate recommendations. Students cannot enroll for both EDL 797 and 798 to fulfill the requirements of a single degree. This course may be offered in an online or hybrid format. CR/NC only.

**EDL 798 Thesis 1-6(Spec)**

Students will study a specific leadership problem, culminating in a written research report of appropriate findings. This course may be offered in an online or hybrid format. CR/NC only. Prerequisite: EDL 600 or 700.

**EDL 800 Qualitative Research in Educational Leadership 3(3-0)**

This course enables students to apply qualitative research theories, methods and data analysis procedures. Students will practice a variety of applied field-based techniques. This course may be offered in an online or hybrid format. Prerequisites: EDL 600 and EDL 700. Admission to doctoral program in Educational Leadership.

**EDL 801 Quantitative Analysis in Educational Leadership 3(3-0)**

Study, analysis, and application of quantitative analytical principles to the development, implementation, and evaluation of educational practices and programs. This course may be offered in an online or hybrid format. Prerequisites: EDL 600, 700; admission to doctoral program in Educational Leadership.

**EDL 815 Ethical Leadership 3(3-0)**

Examination of major leadership and ethical decision making theories. Emphasis is placed on moral leadership practice. This course may be offered in an online or hybrid format. Prerequisites: Admission to the doctoral program in educational leadership.

**EDL 816 Social Justice in Education 3(3-0)**

Students will develop an understanding of the theoretical perspectives and their application to complex relationships inherent in moral and political issues in education. This course may be offered in an online or hybrid format. Prerequisites: Admission to a doctoral program and EDL 700 or equivalent.

**EDL 820 Critical Perspectives of Development Theory 3(3-0)**

Educational development theory using a critical theoretical lens. Examination will include an exploration of diverse socially constructed identities of individuals and the application to practice. This course may be offered in an online or hybrid format. Prerequisites: Admission to a doctoral program in education.

**EDL 825 Culture of Educational Organizations 3(3-0)**

Examination of organizational culture, and the implications for leadership and organizational effectiveness. This course may be offered in an online or hybrid format.

**EDL 830 Educational Foundations of Philosophy 3(3-0)**

Critical analysis of the foundations and philosophies of education. This course may be offered in an online or hybrid format. Prerequisites: Regular admission to a doctoral program in education.

**EDL 855 Organizational Culture and Change in Educational Institutions 3(3-0)**

Examination of organizational culture and implication on behavior and educational practices. Fundamental concepts, processes, and procedures concerning the change process. This course may be offered in an online or hybrid format. Prerequisites: Admission to the doctoral program in educational leadership.

**EDL 860 Organizational Theory in Educational Institutions 3(3-0)**

Focus will be upon the historical development of educational institutions with an emphasis upon organizational theory, systems theory, organizational behavior, motivation, and leadership. This course may be offered in an online or hybrid format. Prerequisites: admission to the doctoral program in Educational Leadership.

**EDL 864 Economics and Finance of Higher Education 3(3-0)**

This course applies the concepts and methods of economic theory in the analysis and evaluation of issues, policies, and behaviors related to higher education finance. This course may be offered in an online or hybrid format. Prerequisites: EDL 764 or admission to a doctoral program.

**EDL 870 Issues in Educational Leadership 3(3-0)**

A study of issues confronting educational leaders. The course provides students the opportunity to relate leadership theory with an examination of current issues. This course may be offered in an online or hybrid format. Prerequisite: Admission to the doctoral program in educational leadership.

**EDL 876 Higher Education Policy 3(3-0)**

Examination of higher education policy practices. The integration and synthesis of organizational theory and leadership to address policy issues. This course may be offered in an online or hybrid format. Prerequisites: Admission to the doctoral program in Educational Leadership.

**EDL 880 Doctoral Internship 3-6(Spec)**

Real and simulated activities related to preparing for advanced positions in educational leadership under the supervision of a practicing administrator. CR/NC only. This course may be offered in an online or hybrid format. Prerequisites: Admission to the doctoral program in Educational Leadership. Approval of internship application and permission of instructor.

**EDL 886 Advanced Problem Solving in Educational Leadership 3(3-0)**

An advanced seminar in problem solving skills to assist educational leaders with interaction strategies. This course may be offered in an online or hybrid format. Prerequisites: EDL 685.

**EDL 897 Dissertation Colloquium 3(3-0)**

Development of a doctoral-level dissertation proposal. CR/NC only. This course may be offered in an online or hybrid format. Prerequisites: EDL 800, 801.

**EDL 898 Dissertation 1-15(Spec)**

Design and complete the dissertation including data collection, analysis, written report, and oral defense. CR/NC only. Prerequisites: permission of instructor.

**EDL 899 Doctoral Seminar 3-6(Spec)**

Orientation to doctoral studies, program procedures, and dissertation issues. Critical review of education foundations and history. This course may be offered in an online or hybrid format. Prerequisites: Admission to the doctoral program in Educational Leadership.

**EDL 900 Advanced Qualitative Analysis in Educational Leadership 3(3-0)**

This course provides advanced instruction in qualitative research analysis for doctoral students. Students will work with their own research data using analysis software. This course may be offered in an online or hybrid format. Prerequisite: EDL 800. Recommended: Admission to a doctoral program.

**EDL 901 Advanced Quantitative Analysis in Educational Leadership 3(3-0)**

Study, analysis and application of advanced quantitative analytical principles to the development, implementation, and evaluation of educational practices and programs. This course may be offered in an online or hybrid format. Prerequisite: EDL 801. Recommended: Admission to a doctoral program.

**EDU 107 Introduction to Teaching 3(3-1)**

An introductory course designed to provide prospective teacher education students with the opportunity to explore the teaching profession. Exploration includes a minimum of ten hours of field experience.

**EDU 280 Education of Children 3(3-0)**

Growth and development of the child, prenatal to adolescent. Includes application to educational settings. Prerequisite: EDU 107. Recommended: Sophomore standing.

**EDU 290 Technology in Education 3(1-4)**

Students will learn to operate various technology-based equipment; select and assess instructional media materials, courseware, and software; and integrate technology and media into K-12 instruction. Requires C+ or higher.

**EDU 310 Psychological Foundations of Education 3(3-0)**

Principles of learning, adolescent development and behavior, mental health; emphasis on application to teaching. Prerequisite: admission to Teacher Education program.

**EDU 320 Elementary Mathematics Methods 3(3-0)**

Objectives, content, materials, organization, and methods of teaching mathematics in the elementary school. Students are required to receive a C+ or better in this course. Prerequisites: Admission to Teacher Education Program; EDU 280 or HDF 100 or PSY 220 [General Education Students take EDU 280 or HDF 100; Special Education Majors must take PSY 220]; EDU 290, 393; MTH 151. Co-requisites: EDU 330, 343, 345; EDU/MLE 361. Pre/Co-requisites: MTH 152.

**EDU 325 Middle Level and High School Teaching Methods 3(3-0)**

Prepares future secondary teachers to plan and deliver effective, learner-centered, developmentally- appropriate, and culturally- responsive instruction that provides a safe and caring classroom climate for all students. Requires C+ or higher. Prerequisite: Admission to Teacher Education Program. Pre/Co-Requisites: EDU 310.

**EDU 330 Reading in the Elementary School 3(3-0)**

Materials, organization, and methods of teaching reading in the elementary school to address the Michigan and national literacy standards and benchmarks. Students are required to receive a C+ or better in this course. Prerequisites: Admission to Teacher Education; EDU 280 or HDF 100 or PSY 220 [General Education Students take EDU 280 or HDF 100; Special Education Majors must take PSY 220]; EDU 290, 393. Co-requisites: EDU 320, 343, 345; EDU/MLE 361.

**EDU 343 Social Studies Methods in Elementary Education 3(3-0)**

Objectives, content, materials, organization and methods of teaching social studies in the elementary school. Students are required to receive a C+ or better in this course. Prerequisites: Admission to Teacher Education; EDU 280 or HDF 100 or PSY 220 [General Education Students take EDU 280 or HDF 100; Special Education Majors must take PSY 220]; EDU 290, 393. Co-requisites: EDU 320, 330, 345; EDU/MLE 361.

**EDU 345 Science Methods in Elementary Education 3(3-0)**

Objectives, content, materials, organization, and methods of teaching science in the elementary school. Students are required to receive a C+ or better in this course. Prerequisites: Admission to Teacher Education; EDU 280 or HDF 100 or PSY 220 [General Education Students take EDU 280 or HDF 100; Special Education Majors must take PSY 220]; EDU 290, 393. Co-requisites: EDU 320, 330, 343; EDU/MLE 361.

**EDU 361 Pre-Student Teaching Practicum 2(1-4)**

Pre-service Teachers will gain practical experience through observing, interacting, collaborating, and teaching in a pre K-12 classroom setting. Identical to MLE 361. Credit may not be earned in more than one of these courses. Prerequisites: Admission to Teacher Education; EDU 280 or HDF 100 or PSY 220 [General Education Students take EDU 280 or HDF 100; Special Education Majors must take PSY 220]; EDU 290, 393. Co-requisites: EDU 320, 330, 343, 345.

**EDU 362 Mathematics and Reading Practicum 1(0-2)**

Pre-service teachers will gain practical experience through observation, interaction, collaboration, preparation, and delivery of reading and mathematics instruction in a pre K-8 classroom setting. Identical to MLE 362. Credit may not be earned in more than one of these courses. CR/NC only. Prerequisites: Admission to Teacher Education Program; EDU 280 or HDF 100 (students with a major in "teachers of students with emotional impairment" or a major in "teachers of students with cognitive impairment" are required to have SPE 126 and PSY 220); EDU 290, 330, 393. Co-requisites: EDU 320, 431.

**EDU 363 Science and Social Studies Practicum 1(0-2)**

Pre-service teachers will gain practical experience through observation, interaction, collaboration, preparation, and delivery of science and social studies instruction in a pre K-8 classroom setting. Identical to MLE 363. Credit may not be earned in more than one of these courses. CR/NC only. Prerequisites: Admission to Teacher Education Program; EDU 280 or HDF 100 (students with a major in "teachers of students with emotional impairment" or a major in "teachers of students with cognitive impairment" are required to have SPE 126 and PSY 220); EDU 290, 320, 330, 393, 431; EDU/MLE 362. Co-requisites: EDU 343, 345, 495.

**EDU 380 Pre-Student Teaching 10(10-5)**

Preparation for student teaching. Consists of coursework in pedagogy and teaching in K-8 classrooms. Course is required semester before student teaching. Students are required to receive a C+ or better in this course. Prerequisites: Admission to Teacher Education; EDU 280 or HDF 100 or PSY 220 [General Education Students take EDU 280 or HDF 100; Special Education Majors must take PSY 220]; EDU 330, 393. Co-requisites: SPE 504.

**EDU 393 Learning Theory in Elementary Education 3(3-0)**

Principles of learning, cognitive development, behavior, social and emotional development, and evaluation in children as related to the practice of teaching. Students are required to receive a C+ or better in this course. Prerequisites: Admission to Teacher Education; EDU 280 or HDF 100 or PSY 220 [General Education Students take EDU 280 or HDF 100; Special Education Majors must take PSY 220]; EDU 290.

**EDU 431 Corrective Reading in the Classroom 3(3-0)**

Classroom diagnosis of students' reading strengths and weaknesses. Analysis of corrective and remedial techniques. Students are required to receive a C+ or better in this course. Prerequisites: Admission to Teacher Education; EDU 280 or HDF 100 or PSY 220 [General Education Students take EDU 280 or HDF 100; Special Education Majors must take PSY 220]; EDU 290, 320, 330, 343, 345, 393; EDU/MLE 361. Co-requisite: EDU 495.

**EDU 432 Student Teaching Seminar 3(3-0)**

This course reinforces the components of the CLEAR Conceptual Framework as it pertains to transferring theory to practice while students are in student teaching. Students are required to receive a C+ or better in this course. Prerequisites: Students must have completed the requirements for student teaching and be enrolled in EDU 458 Student Teaching as a component of the Elementary or Secondary certification requirements for the Pre K-12 General Education, Special Education, and Music Education teacher education programs. Co-requisites: EDU 458.

**EDU 433 Global Pre-Student Teaching Elementary Field Experience 1(1-0)**

Preparation for global pre-student teaching elementary field experience. Co-requisites: EDU/MLE 361 or EDU/MLE 362.

**EDU 434 Global Pre-Student Teaching Secondary Field Experience 1(1-0)**

Preparation for global pre-student teaching secondary field experience. Co-requisites: EDU 310, or 325, or 450, or 495.

**EDU 450 Content Area Literacy 3(3-0)**

Study and development of teaching strategies to improve literacy (reading, writing, and thinking for learning) in all disciplines. Prerequisites: admission to Teacher Education; EDU 310; Pre- or Corequisite: EDU 325 or a music pedagogy course appropriate to the program for students seeking the Bachelor of Music Education degree.

**EDU 458 Student Teaching 10(Spec)**

This experiential course in which students integrate theory into practice is the field-based culminating activity of the Pre K-12 regular education teacher education program. CR/NC only. Prerequisites: Admission to Teacher Education and the following criteria based on the specific certification requirements:

Elementary: - A CMU overall GPA of 2.70 or higher. - Department approval of major(s) and minor(s) with a minimum 2.70 major AND minor GPA - C+ or higher in ALL professional education and methods courses - Courses REQUIRED before student teaching: EDU 107; EDU 280 or HDF 100 or PSY 220 [General Education Students take EDU 280 or HDF 100; Special Education Majors must take PSY 220]; EDU 290, EDU 320, 330, 343, 345, 393, 431, and 495; EDU/MLE 361; SPE 504; and all major and minor requirements listed in the bulletin (additional requirements for Special Education Majors: SPE 455 and SPE 456 or SPE 458)

Secondary: - A CMU overall GPA of 2.70 or higher - Department approval of major(s) and minor(s) with a minimum 2.70 major AND minor GPA - C+ or higher in ALL professional education and methods courses - Courses REQUIRED before student teaching EDU 107; EDU 290 [except for music majors]; EDU 310; EDU 325 [except for music majors]; EDU 450, 495; SPE 504; and all major and minor requirements listed in the bulletin (additional requirements for Special Education Majors: SPE 455 and SPE 456 or SPE 458). Co-requisite: EDU 432.

### **EDU 490 Teaching with Distance Learning Technologies 3(3-0)**

Methods and procedures of teaching PreK-12 students in asynchronous and synchronous classrooms. Prerequisites: Admission to Teacher Education; EDU 290; Elementary: EDU 320, 330, 343, 345; Secondary: EDU 325.

### **EDU 493 Learning and Evaluation in Elementary Education 3(3-0)**

Theories, purposes, materials, and problems related to learning and the measurement and evaluation of learning. Includes a unit on mental health. Prerequisites: EDU 280 (students with a major in "teachers of students with emotional impairment" or major in "teachers of students with cognitive impairment" are required to have SPE 126 & PSY 220); and at least one of the following: EDU 320, 330. Requires admission to Teacher Education Program.

### **EDU 495 Foundations of Education 3(3-0)**

Examines historical events and social bases of American education. Major emphasis is on political, judicial, and legislative activities; social issues; and current policy affecting schools. Students are required to receive a C+ or better in this course. Prerequisites: Admission to Teacher Education; EDU 280 or HDF 100 or PSY 220 [General Education Students take EDU 280 or HDF 100; Special Education Majors must take PSY 220]; EDU 290, 320, 330, 343, 345, 393; EDU/MLE 361. Co-requisite: EDU 431 (elementary students) or EDU 450 (secondary students).

### **EDU 505 Diagnostic Literacy Assessments & Instruction: K-3 3(3-0)**

Diagnostic literacy assessments will be introduced including appropriate administration, data analysis, and related instructional practices. State literacy assessment certification: MLPP K-3. Prerequisites: EDU 330 or graduate status.

### **EDU 506 Principles and Techniques for Individualizing Instruction 3(3-0)**

Examination of individualized instruction and its classroom implications. Prerequisite: EDU 330 or EDU 340.

### **EDU 508 Education Workshop 1-6(Spec)**

Identification and study of educational theory, topics and/or issues in contemporary education. Prerequisites: Senior Standing or Graduate Status.

### **EDU 515 Managing Classrooms and Learning Environments 3(Spec)**

Engages students with theories and effective practices related to effectively managing classrooms and learning environments. This course may be offered in an online or hybrid format. Prerequisite: Admission to Teacher Education Program or graduate status.

### **EDU 525 Early Childhood Education 3(3-0)**

Content, methods, materials, and curriculum planning for teaching pre- kindergarten through primary grades. Prerequisites: Junior Standing or Graduate Status.

### **EDU 528 Emergent Literacy: Theory and Practice 3(3-0)**

Analysis of literacy development in preschool through primary grades. Methods, materials, organization, and evaluation techniques for fostering beginning reading and writing consistent with current research. Prerequisites: EDU 330 or graduate standing.

### **EDU 532 Reading in the Content Areas 3(3-0)**

Emphasizes teaching of reading skills in content areas focusing on the middle and upper grades. Prerequisites: EDU 330 or EDU 316.

### **EDU 533 Diagnosis and Treatment of Reading Difficulties 3(2-3)**

Diagnostic procedures and use of remedial and developmental techniques. Exploration of the role of the specialist. Prerequisites: EDU 431, 532; Pre/Co-Requisite: EDU 538.

### **EDU 538 Coordination of the Language Arts with Reading 3(3-0)**

Building the elements of listening, speaking, writing, and reading into a K-8 language arts program. Techniques of instruction for the exceptional child will be examined. Prerequisite: EDU 330.

### **EDU 540 Literacy Education: Theory and Practice 3(3-0)**

Emphasizes a broad view of literacy within a comprehensive approach and authentic contexts; effective literacy instruction across content, all learners, skill integration, and assessment. This course is approved for offering in a distance learning format. Prerequisites: EDU 330 or Graduate Status.

### **EDU 542 Interdisciplinary Processes and Strategies in Teaching Reading, Writing, Thinking, and Learning 3(3-0)**

Reinforces the integration of content knowledge with reading, writing, and thinking strategies and emphasizes a conceptual framework for learning through thematic or collaborative instruction. This course may be offered in an online or hybrid format. Prerequisites: EDU 330 or Graduate Standing.

### **EDU 550 Driver Education I: Driver Task Analysis 3(3-0)**

First of four courses to prepare driver education instructors and provide them with the content knowledge and skills necessary to teach driver education. Prerequisites: Permission of instructor.

### **EDU 551 Driver Education II: Developing Classroom Instructional Knowledge 3(3-0)**

Second of four courses to prepare driver education instructors; knowledge and skills needed to implement classroom instruction, classroom management, and appropriate student evaluation. Prerequisites: EDU 550.

### **EDU 552 Driver Education III: Developing Vehicle Operational Skills 3(2-1)**

Third of four courses to prepare prospective driver education instructors to conduct instruction which develops vehicle operational skills for the novice driver. Prerequisites: EDU 551.

### **EDU 553 Driver Education IV: Practicum 3(1-2)**

Fourth of four courses preparing driver education instructors; classroom and in-car instruction in approved driver education programs under mentoring of cooperating driver education teachers. Prerequisites: EDU 552.

### **EDU 566 Independent Study in Elementary Education 1-6(Spec)**

Research or project. Prerequisites: 15 semester hours of professional education and approval of unit coordinator.

**EDU 590 Advanced Technology in Education 3(2-3)**

Students will study and practice the integration of technology in classroom instruction and management, with emphasis upon software evaluation and lesson design. Identical to SPE 510. Credit may not be earned in more than one of these courses. This course is approved for offering in a distance learning format. Prerequisites: EDU 290 or Graduate Status.

**EDU 595 Telecommunication in Education 3(2-2)**

The study and laboratory exploration of telecommunication as used in schools and classrooms: e-mail, educational and general networks, collaborative lessons. This course is approved for offering in a distance learning format. Prerequisites: EDU 590.

**EDU 602 Strategies and Techniques for Teaching 3(3-0)**

Examination, development, assessment, and practical usage of methods and materials in the teacher's subject area at middle school, high school, or community college level. This course is approved for offering in a distance learning format.

**EDU 603 Elementary Diagnosis, Remediation and Differentiation of Reading Instruction 3(3-0)**

Diagnosing reading and writing difficulties for diverse learners and implementing research-based intervention practices designed to improve literacy in the elementary classroom. This course may be offered in an online or hybrid format.

**EDU 605 History and Trends in Elementary School Curriculum Development 3(3-0)**

History and trends in elementary school curriculum development. This course is approved for offering in a distance learning format.

**EDU 606 Secondary Advanced Reading Diagnosis and Instruction 3(3-0)**

Diagnosing reading and writing difficulties for diverse learners and implementing research-based intervention practices designed to improve literacy in the secondary classroom. This course may be offered in an online or hybrid format.

**EDU 608 Projects in Education 1-6(Spec)**

Investigating, analyzing, and reporting on special problems, innovative programs, changing curricula, and new techniques in elementary education. Subject to credit limitations.

**EDU 609 History of Education 3(3-0)**

Development of modern education in Western civilization.

**EDU 613 Current Educational Issues 3(3-0)**

Identification and analysis of significant, persistent issues in education in the United States and the relationship to student achievement and teacher effectiveness. Identical to MLE 613. Credit may not be earned in more than one of these courses. This course has been approved for offering in a distance learning format.

**EDU 614 Advanced Educational Psychology 3(3-0)**

Theories of learning and application to instruction. This course may be offered in an online or hybrid format. Prerequisites: EDU 493.

**EDU 615 Survey of Science Education 3(3-0)**

Exploration of current issues in science teaching and learning; foundational science education literature; projects based on classroom practice; relevant science education resources. Prerequisites: Admission to the Master of Arts in Teaching Integrated Science.

**EDU 618 The Nature of Science in Science Teaching 3(3-0)**

The philosophy, history, and sociology of science; the methods and goals of science; implications for teaching the nature of science. Prerequisites: EDU 615.

**EDU 619 Continuing Registration for Final Research Project 1(1-0)**

A non-credit course intended for students who have completed all program credits but still need to use university resources to complete their degree requirements.

**EDU 620 Problems of Teaching Mathematics in the Elementary School 3(3-0)**

Exploring cognitive issues, history, research, problem solving, technology, innovative programs, basic skills, and state and national standards in mathematics education. Prerequisite: Teaching Certificate.

**EDU 622 Advanced Adolescent Psychology 3(3-0)**

Advanced analysis of growth, development, and behavior during adolescence.

**EDU 628 Secondary School Programs and Practices 3(3-0)**

Organization, content and philosophies underlying the establishment and operation of secondary schools. This course is approved for offering in a distance learning format.

**EDU 630 Organization and Implementation of School Literacy Programs 3(3-0)**

Design, implementation and evaluation of school reading and writing programs, staff development, and the change process. This course may be offered in an online or hybrid format. Pre/Co-requisites: EDU 632 or EDU 636.

**EDU 632 Practicum in the Diagnosis and Treatment of Difficulties in Literacy 6(Spec)**

Diagnostic procedures and materials; supervised work with K-12 students or adolescents; development and implementation of remediation procedures. Prerequisites: teaching certificate, one year teaching experience.

**EDU 633 Clinical Practice in Reading 3(1-4)**

Continuation of EDU 632. Prerequisites: EDU 533 and EDU 632 plus permission of instructor.

**EDU 635 Problems in Language Arts in the Elementary School 3(3-0)**

Trends in writing, spelling, listening, and speaking; research and activities for children. Prerequisite: EDU 330.

**EDU 636 Classroom Reading and Writing Instruction 3(3-0)**

Students examine the reading and writing process in classroom instruction and learn about techniques and materials appropriate for specific reading and writing approaches. This course may be offered in an online or hybrid format. Prerequisites: Admission to graduate degree program in education.

**EDU 640 History and Trends in Elementary Social Studies Education 3(3-0)**

Analysis of history and trends in elementary social studies education. This course is approved for offering in a distance learning format.

**EDU 641 Interdisciplinary Processes and Strategies for Teaching Literacy 3(3-0)**

This course will reinforce content teaching strategies and provide a conceptual framework for integrating reading, writing, and thinking for learning throughout the curriculum. Prerequisite: Elementary Teaching Certificate.

**EDU 642 Instructional Multimedia 3(3-0)**

Students will study, practice, and apply how to appropriately and effectively implement multimedia technologies in classroom environments. Prerequisites: EDU 590. This course is approved for offering in a distance learning format.

**EDU 643 Instructional Design 3(3-0)**

A study of the principles of instructional design. Designing instructional systems, processes in learning and instruction, delivery systems and evaluating instruction are considered. Prerequisites: EDU 590. This course is approved for offering in a distance learning format.

**EDU 645 Advanced Science Teaching Methods 3(3-0)**

Planning, assessment, and evaluation of K-12 science teaching and learning; evaluation of science curriculum materials; exploration of effective science teaching practices. Prerequisites: EDU 615.

**EDU 651 Supervision of Student and Intern Teaching 3(3-0)**

Development of knowledge and skills needed for supervising and mentoring in school settings. This course is approved for offering in a distance learning format. Prerequisite: two years of teaching experience.

**EDU 653 The Read/Write Web 3(3-1)**

Development of Read/Write Web resources with PK-12 students in a classroom setting. This course is approved for offering in a distance learning format. Prerequisites: EDU 590, EDU 642, and EDU 643.

**EDU 655 The Community College 3(3-0)**

History, philosophy, programs, and practices of community and junior colleges. This course is approved for offering in a distance learning format.

**EDU 658 Practicum in the Community College 3-6(Spec)**

Opportunity to observe/teach, or work in library, counseling center or with community college administrators. Arrangements made at beginning of semester prior to course registration. CR/NC only. This course is approved for offering in a distance learning format. Prerequisites: EDU 655 or current employment at a community college.

**EDU 660 Methods of Educational Research 3(3-0)**

Interpreting research findings, planning and conducting scientific studies in education. This course may be offered in an online or hybrid format.

**EDU 662 Applied Educational Measurement and Evaluation 3(3-0)**

Applications of measurement and evaluation principles to educational settings with emphasis on construction and use of achievement tests. This course is approved for offering in a distance learning format. Prerequisite: admission to a graduate degree program in education.

**EDU 670 Reading in the Secondary School II 3(Spec)**

Materials and techniques of instruction employed by secondary school teachers and supervisors of reading. Prerequisites: EDU 330 and EDU 431, or EDU 450.

**EDU 682 Psychology of Child Development 3(3-0)**

Facts and generalizations concerning the growth of children from birth to maturity. Identical to PSY 682. Credit may not be earned in more than one of these courses. This course is approved for offering in a distance learning format. Prerequisites: Graduate status.

**EDU 687 Independent Study 1-3(Spec)**

Prerequisites: 15 hours of graduate work and permission of department chairperson. Subject to credit limitation.

**EDU 688 Independent Study 1-3(Spec)**

Prerequisites: 15 hours of graduate work and permission of department chairperson. Subject to credit limitation.

**EDU 689 Independent Study 1-3(Spec)**

Prerequisites: 15 hours of graduate work and permission of department chairperson. Subject to credit limitation.

**EDU 698 Thesis 1-6(Spec)**

For M.A. students on Plan A. CR/NC only. Prerequisite: EDU 660.

**EDU 705 Theory and Practice in Curriculum Development 3(3-0)**

Fundamentals of curriculum planning, development, implementation, and evaluation. This course is approved for offering in a distance learning format.

**EDU 706 Theory and Practice of Instruction 3(3-0)**

Review, analyze, and apply theory and practice of instruction with a special emphasis on implementation strategies and tools for evaluating instruction. This course is approved for offering in a distance learning format.

**EDU 707 Seminar: Issues in Educational Technology 3(3-0)**

Study of selected issues relative to the use of new learning technologies in the classroom. Emphasis upon the learning theory which supports applied technologies. Prerequisite: EDU 590. This course is approved for offering in a distance learning format.

**EDU 708 Distance Education 3(3-0)**

Students completing this course will be equipped to use distance learning technologies to teach in instructional settings. This course is approved for offering in a distance learning format. Prerequisite: EDU 590.

**EDU 709 Innovative Uses of Technology 3(3-0)**

A survey course of new and innovative applications of technology in educational settings. Students study and develop innovative instructional models utilizing technology. This course is approved for offering in a distance learning format. Prerequisites: EDU 590.

**EDU 710 Seminar: Terminal Project 3(3-0)**

This course requires the Master's candidate to complete a terminal project related to the applications of technology in classroom settings. This course may be offered in an online or hybrid format. Prerequisites: students must have completed 30 hours on the M.A. in Educational Technology. Courses taken concurrently count toward the 30 hours.

**EDU 730 Seminar: Issues in Literacy 3(3-0)**

Examination of current issues in literacy instruction. Students complete research projects appropriate to their degree programs with oral and written presentations of research findings. This course may be offered in an online or hybrid format.

**EDU 755 Advanced Research Design and Interpretation 3(3-0)**

Analysis of research designs, development of measurement devices, and interpretation of advanced statistical techniques. Prerequisite: EDU 660.

**EDU 765 Seminar in Curriculum Problems 3(3-0)****EDU 770 Practicum in Systematic Curriculum Development 3(3-0)**

This course will provide experience in developing curriculum for a specific content area. This course may be offered in an online or hybrid format. Prerequisite: a teaching certificate or admission to graduate school or teacher education.

**EDU 776 Seminar: Issues in Education 3(3-0)**

Capstone experience for the M.A. in Education program. Students conduct and report on a research project. This class may be offered in an online or hybrid format. Prerequisites: EDU 660; Successful completion of 21 hours of coursework on the MA in Education program.

**EDU 780 Master of Arts Capstone Experience 3(3-0)**

Students complete research projects appropriate to their degree programs that produce results applicable to their current practice. Should be last course taken in student's program. Identical to MLE 780. Credit may not be earned in more than one of these courses.

**EDU 800 Educational Technology Research 3(3-0)**

Introductory course for the Doctorate in Educational Technology. Students learn how to critique educational research while being introduced to its various design philosophies and methodologies. This course may be offered in an online or hybrid format.

**EDU 801 Qualitative Research in Educational Technology 3(3-0)**

Applications, evaluation and analysis of qualitative research concepts in writing dissertation, and in various aspects of professional practice in educational technology terminal-degree careers. This course may be offered in an online or hybrid format. Prerequisite: EDU 800.

**EDU 802 Quantitative Research in Educational Technology 3(3-0)**

Quantitative research methodology is a key component of the knowledge and skills to be developed by candidates to study educational technology and its applications. This course may be offered in an online or hybrid format. Prerequisite: EDU 800.

**EDU 807 Seminar: Learning Tools in Education Technology 3(3-0)**

Study of selected issues relative to the use of new learning technologies in the classroom. Emphasis upon the learning theory which supports applied technologies. This course may be offered in an online or hybrid format. Prerequisite: EDU 800.

**EDU 808 Blended and Online Learning 3(3-0)**

Study of selected issues relative to the use of new learning technologies in the classroom. Emphasis upon the learning theory which supports applied technologies. This course may be offered in online or hybrid format. Prerequisite: EDU 800.

**EDU 810 Grant Writing 3(3-0)**

This cognate course focuses on grant writing skills for funding educational technology initiatives. Topics include concept development, budgeting, assessment planning, proposal submission, and reviewer practices. This course may be offered in an online or hybrid format. Prerequisite: EDU 800.

**EDU 811 Motivation in Online and Blended Learning 3(3-0)**

Development and implementation of instructional strategies promoting student motivation and learning in online and blended learning environments. This course may be offered in an online or hybrid format. Prerequisite: EDU 800.

**EDU 814 Differentiated Instruction in Online Learning 3(3-0)**

Students examine the role of differentiated instruction in online/blended environments and address current efforts to meet the needs of all learners in technology-based environments. This course may be offered in an online or hybrid format. Prerequisite: EDU 800.

**EDU 842 Mobile Learning 3(3-0)**

Students will explore the potential mobile devices hold for learning and instruction and examine the impact of mobile learning from a national and international perspective. This course may be offered in an online or hybrid format. Prerequisite: EDU 800.

**EDU 853 Evolving Internet Learning 3(3-0)**

Application and implementation of evolving digital resources in educational settings. This course may be offered in an online or hybrid format. Prerequisite: EDU 800.

**EDU 862 Data Driven Decision Making 3(3-0)**

Learn to theoretically and methodologically understand the use of data and how it is used to guide practice. Techniques and statistical models used to analyze data. This course may be offered in an online or hybrid format. Prerequisite: EDU 800.

**EDU 870 Higher Order Learning and New Literacies 3(3-0)**

Students learn how new literacies, the skills and strategies needed to teach and learn successfully in a Web-mediated world, can promote higher order thinking. This course may be offered in an online or hybrid format. Prerequisite: EDU 800. Recommended: EDU 801, 802.

**EDU 898 Dissertation 1-18(Spec)**

Design and completion of the dissertation phase including data collection, data analysis, written report(s), journal submission and oral defense. CR/NC only. This course may be offered in an online or hybrid format. Prerequisites: Admission to the Doctor of Educational Technology program, successful completion of the Doctor of Educational Technology Program Comprehensive Examination.

**EES 701 Earth and Ecosystem Science Colloquium 1-2(Spec)**

Examination and development of effective methods in professional scientific communication through the use of contemporary tools and aids. May be repeated up to 2 credits. Prerequisite: Admittance to the Earth and Ecosystem PhD program.

**EES 702 Research Principles and Paradigms 2(2-0)**

Examination of key research concepts and communication skills that are integral in conducting primary research in Earth and Ecosystem science. Pre/Co-requisite: EES 701.

**EES 703 Advances in Earth and Ecosystem Science 2(2-0)**

Application of research advances to discovery and problem solving in Earth and Ecosystem science through a review of contemporary case studies that illustrate key concepts. Prerequisites: EES 701, 702.

**EES 790 Special Topics in Earth and Ecosystem Science 1-6(Spec)**

Various advanced topics in Earth and Ecosystem science are covered. Student participation is expected. May be repeated for a total of 6 credits. Prerequisite: Admittance to the Earth and Ecosystem PhD program.

**EES 796 Directed Research in Earth and Ecosystem Science 1-30(Spec)**

Directed research supervised by an Earth and Ecosystem Science faculty member. May be repeated for a total of 30 credits. Prerequisite: Admittance to the Earth and Ecosystem PhD program.

**EES 899 Dissertation 1-12(Spec)**

Completion of the doctoral dissertation. May be repeated for a total of 12 credit hours. CR/NC only. Prerequisites: Graduate standing in science, successful completion of comprehensive exam.

**EGR 120 Introduction to Engineering 3(2-2)**

A general introduction to engineering with an emphasis on problem solving, engineering tools, engineering design processes, and teamwork. Pre/Co-requisite: MTH 130 or higher.

**EGR 190QR Digital Circuits 3(3-0)**

Boolean algebra, logic functions, truth tables and Karnaugh maps, combinational circuits, sequential circuits, and finite state machines. Quantitative Reasoning. Prerequisites: MTH 130 or 132 with a grade of C- or better. Pre/Co-requisite: EGR 120.

**EGR 200 Computer Aided Problem Solving for Engineers 3(2-2)**

Engineering problem solving involving circuit elements, batteries, one-link robot, two-link robots, springs, and cables using physical experiments, MATLAB and/or equivalent. Prerequisites/Co-requisites: MTH 132; permission of E&T advisor.

**EGR 251 Engineering Statics 3(3-0)**

The course will cover free body diagrams and equilibrium of particles and rigid bodies, internal forces in machines, and beams, friction, and application to machines. Prerequisite: MTH 132 with a grade of C- or better; PHY 145 with a grade of C- or better; permission of E&T advisor; Pre/Co-Requisite: EGR 120.

**EGR 253 Engineering Dynamics 3(3-0)**

Fundamentals of engineering dynamics covering kinematics and kinetics of particles and rigid bodies. Prerequisites: EGR 251 with grade of C- or better; MTH 133 with a grade of C- or better; permission of E&T advisor.

**EGR 255 Strength of Materials 3(3-0)**

Introductory course in mechanics of materials that covers mechanical stress and strain, deformations, torsion, bending and shearing stresses, and deflections of beams. Prerequisites: EGR 251 with grade of C- or better; MTH 133 with grade of C- or better; permission of E&T advisor.

**EGR 290 Circuit Analysis I 3(3-0)**

Introduction to circuit elements, variables, resistive circuits, circuit analysis techniques, network theorems, inductance and capacitance, sinusoidal steady state analysis and power calculations. Prerequisites: MTH 133 with a grade of C- or better; PHY 145 with a grade of C- or better; permission of E&T advisor. Pre/Co-requisite: EGR 120; PHY 146.

**EGR 292 Circuit Analysis II 3(3-0)**

First- and second-order circuits, Laplace circuit analysis, transfer function, step and impulse responses, Fourier series, Fourier transforms, and three-phase circuits. Prerequisite: EGR 290 with a grade of C- or better, permission of E&T advisor. Pre/Co-requisite: MTH 232 or MTH 334.

**EGR 298 Microelectronic Circuits I 3(3-0)**

Introduction to diode, bipolar and MOS transistors and their circuit models; analysis and design of bipolar, CMOS and Op-Amp based amplifier circuits. Prerequisites: EGR 290 with a grade of C- or better; permission of E&T advisor; signed engineering major.

**EGR 300 Engineering Economic Analysis 3(3-0)**

An introduction to financial and economic decision-making for engineering projects, with an emphasis on problem solving, life cycle costs, and the time value of money. Prerequisites: MTH 132; One of: STA 282, 382, or 392; Permission of E&T Advisor.

**EGR 355 Engineering Materials 3(3-0)**

Covers fundamentals of engineering materials including metals, alloys, ceramics, polymers, and composites. Materials processing, properties and selection, and their role in design are also introduced. Prerequisites: CHM 131 or 161; EGR 251 with grade of C- or better; MTH 132 with grade of C- or better; PHY 146 with grade of C- or better; permission of E&T advisor; signed engineering major.

**EGR 356 Thermodynamics I 3(3-0)**

Fundamentals of engineering thermodynamics are covered which include: general energy concepts, first and second laws of thermodynamics, entropy, processes, power cycles and refrigeration cycles. Prerequisite: CHM 131 or 161; EGR 251 with grade of C- or better; MTH 133 with grade of C- or better; PHY 146 with grade of C- or better; permission of E&T advisor; signed engineering major.

**EGR 358 Fluid Mechanics 3(3-0)**

Study of the principles of fluid statics and dynamics including Bernoulli's equation, control volume analysis, similitude, dimensional analysis, viscous flow, and flow over immersed bodies. Prerequisites: EGR 253; MTH 133 with grade of C- or better; permission of E&T advisor; signed engineering major.

**EGR 359 Machine Design I 3(3-0)**

The study of relative motion of machine parts, forces acting on them, and motions resulting from these forces. Prerequisites: EGR 253; IET 154; signed engineering major; permission of E&T advisor. Pre/Co-requisite: MTH 233.

**EGR 360 Solid Mechanics Laboratory 3(1-4)**

Experimental skills and measurement techniques are developed in the areas of material behavior, static and dynamic stress and strain analysis. Prerequisites: EGR 253, 255; PHY 175 with grade of C- or better; permission of E&T advisor; signed engineering major. Pre/Co-Requisite: EGR 355.

**EGR 371 Robotics & Automation 3(2-2)**

An introduction to the theory and application of robotics including robot fundamentals, kinematics, trajectory planning, actuators, sensors, and industrial robot programming. Prerequisites: CPS 180; EGR 251, 290; MTH 232 or MTH 223, 334; permission of E&T advisor.

**EGR 388 Introduction to Electromagnetics 3(3-0)**

A study of static and time-variant electric and magnetic fields, plane waves, guided waves, transmission line theory, radiation and antennas. Prerequisites: MTH 232 or MTH 223, 334; MTH 233 with a grade of C- or better; PHY 146 with a grade of C- or better; permission of E&T advisor.

**EGR 390 Computer System Design using HDL 3(3-0)**

Review of combinational and sequential circuits, digital functional units, micro-operations and register transfers. Memory organization. Datapath and control units. Verilog Hardware Description Language. Prerequisites: EGR 190 with a grade of C- or better; permission of E&T advisor. Pre-requisite/Co-requisite: EGR 396.

**EGR 391 Signal and System Theory 3(3-0)**

Continuous and discrete-time linear systems, time and frequency domain analysis of signals and systems, Laplace, Fourier and z-transforms. Applications to problems in electrical engineering. Prerequisites: EGR 290 with a grade of C- or better; permission of E&T advisor.

**EGR 392 Microelectronic Circuits II 3(3-0)**

Design and analysis of electronics circuits including current mirrors, cascode amplifiers, differential amplifiers, feedback amplifiers, amplifier frequency response, and analog filters. Prerequisites: EGR 298; permission of E&T advisor.

**EGR 393 Circuit Lab 3(1-4)**

Basic experimentation consistent with the theory in EGR 190, EGR 290 and EGR 292. Use laboratory equipment to investigate electrical and digital circuits. Prerequisites: EGR 190; permission of E&T advisor. Pre/Co- Requisite: EGR 292.

**EGR 394 Computer Circuit Simulation 3(2-2)**

This course reinforces basic circuit analysis principles using computer software and teaches students various computer circuit analysis and design techniques. Prerequisite: permission of E&T advisor. Pre/Co- Requisite: EGR 392.

**EGR 396 Microprocessor Fundamentals 3(3-0)**

Introduction to architecture, operation, and application of microprocessor systems and microcontrollers. Prerequisites: CPS 180; EGR 190 with grade of C- or better; permission of E&T advisor.

**EGR 397 Special Topics in Engineering 1-6(Spec)**

Intensive study of selected engineering topics not included in a regular course. Repeatable up to 6 hours when content previously studied is not duplicated. Prerequisite: Permission of instructor.

**EGR 398 Microelectronics and Computer Lab 3(2-2)**

Laboratory exploration of semiconductor devices, discrete and integrated amplifiers; feedback; microcomputer systems including input/output, assembly language programming and interrupt processing. Prerequisite: permission of E&T advisor. Pre/Co-Requisites: EGR 392, 396.

**EGR 437 Directed Research in Engineering 1-3(Spec)**

Project research under guidance of a faculty advisor to focus on a topic of current interest. Self-guided readings, analysis, computer simulations and/or experimental techniques. Prerequisite: Permission of instructor.

**EGR 456 Thermodynamics II & Heat Transfer 3(3-0)**

Continuation of engineering thermodynamics and fundamentals of heat transfer. Topics covered include combustion and gas mixing, steady state and transient heat conduction, convection, and radiation. Prerequisites: EGR 356, 358; MTH 233; permission of E&T advisor.

**EGR 458 Measurement and Instrumentation Laboratory 3(1-4)**

Theory and application of mechanical measurements, instrumentation, and computer-based data acquisition. Prerequisites: EGR 290, 355; EGR 360 or CHM 349; STA 392; permission of E&T advisor.

**EGR 459 Machine Design II 3(3-0)**

Theories of static and dynamic failure, fatigue design, and design of mechanical elements such as gears, shafts, bearings, fasteners, welded joints, and other mechanical elements. Prerequisites: EGR 255, 355, 359; permission of E&T advisor.

**EGR 460 Thermal Fluids Laboratory 3(1-4)**

Experimental skills and measurement techniques are reinforced in the areas of fluid flow, thermodynamics, and heat transfer using modern sensors, instrumentation, and data acquisition systems. Prerequisite: EGR 358; permission of E&T advisor. Pre/co-requisite: EGR 456.

**EGR 470 Engineering Biomechanics 3(3-0)**

Fundamental mechanics and engineering principles applied to understand biological tissues and systems. Prerequisites: EGR 253, 255, 355.

**EGR 477 Finite Element Analysis 3(3-0)**

Mathematical modeling and formulation techniques of finite element equations. Solid modeling and meshing. Solution strategies with applications in solid mechanics, fluid flow, and heat transfer. Prerequisites: EGR 255, 355; IET 154; MTH 232 or MTH 223, 334; permission of E&T advisor.

**EGR 479 Fracture and Fatigue Analysis 3(3-0)**

Fracture mechanics and fatigue crack nucleation and propagation, stress intensity factors, fracture toughness and design philosophy concepts. Fracture and fatigue tests. Statistical and reliability analysis. Prerequisites: EGR 255, 355; MTH 233, STA 382.

**EGR 480 Digital Integrated Circuit Design with FPGAs 3(3-0)**

Design and application of digital integrated circuits using programmable logic devices and field programmable gate arrays (FPGAs). Prerequisites: EGR 390; permission of E&T advisor.

**EGR 481 Embedded System Design 3(3-0)**

Introduction to designing microcontroller-based embedded computer systems using assembly and C programs. Examination of real-time operating systems and their impact on performance. Prerequisites: CPS 180; EGR 398; permission of E&T advisor.

**EGR 482 Design and Organization of Computer Hardware Systems 3(3-0)**

Structural organization and hardware design of digital computers. Processing and control units, arithmetic algorithms, input-output systems and memory systems. Prerequisites: EGR 396; permission of E&T advisor.

**EGR 484 Digital Signal Processing 3(3-0)**

Mathematical description of digital signals and systems via difference equations, discrete Fourier transform and z-transform. Examination of filter design techniques. Prerequisites: EGR 391; permission of E&T advisor.

**EGR 487 Introduction to VLSI Systems 3(3-0)**

CMOS process technologies, logic families, custom, and semi custom design. Design of adders, counters, and arithmetic logic units. System design method and VLSI design tools. Prerequisites: EGR 392; permission of E&T advisor.

**EGR 489 Senior Design I 3(2-2)**

First course in the senior capstone design sequence integrating design methods and engineering techniques in the context of a realistic engineering project. May be offered as writing intensive. Prerequisites: Senior standing with a passing grade in all required 200 and 300 level EGR courses in a declared engineering major; permission of E&T advisor.

**EGR 490 Computer Data Acquisition & Instrumentation 3(3-0)**

Introduction to data acquisition using A/D converters; fundamentals of transducers; dynamic response; amplifiers; theory of A/D and D/A converters; error analysis-statistics. Prerequisites: EGR 396, STA 382; permission of E&T advisor.

**EGR 492 Automatic Control Systems 3(3-0)**

Theory and design of automatic control systems including control system characteristics, system performance analysis, system stability analysis, frequency response analysis, and controller design. Prerequisites: EGR 391; permission of E&T advisor.

**EGR 496 Communication Systems 3(3-0)**

Overview of communication systems, Hilbert transform, analog AM/FM (de) modulation, probability and noise in analog communications, A/D conversion, digital pulse and carrier (de) modulation, introductory information theory. Prerequisites: EGR 391; STA 392; permission of E&T advisor.

**EGR 497 Special Topics In Engineering 1-6(Spec)**

Intensive study of selected engineering topics not included in a regular course. Repeatable up to 6 credits when content previously studied is not duplicated. Prerequisite: Permission of instructor.

**EGR 499 Senior Design II 3(1-4)**

Second course in the senior capstone design sequence integrating design methods and engineering techniques in the context of a realistic engineering project. May be offered as Writing Intensive. Must be taken in the semester immediately following EGR 489. Prerequisites: EGR 489; permission of E&T advisor.

**EGR 553 Mechanical Vibrations 3(3-0)**

Modeling, design, and analysis of mechanical vibrations: natural frequency, damping, excitation, higher order systems, modal analysis, experimental testing, and continuous systems. Prerequisites: EGR 253; MTH 232; CPS 180; or Graduate Student in Engineering.

**EGR 554 Mechanical Controls 3(3-0)**

Design and analysis of control for mechanical systems, including modeling, transient and steady-state, root locus, frequency response, PID control, and state space. Prerequisites: EGR 253; MTH 232; CPS 180; or Graduate Student in Engineering.

**EGR 576 Mechanics of Composite Materials 3(3-0)**

Covers composite material mechanics with emphasis on selection, analysis, and use. Stiffness and strength theories. Treats composite beams and plates for static and dynamic loads. Prerequisites: EGR 255, 355; MTH 232; or Graduate Student in Engineering.

**EGR 578 Advanced Mechanics of Materials 3(3-0)**

Stress and strain in three dimensions, constitutive laws, failure theories. Advanced beam theories, curved beams, shear deformation, beams on elastic foundations, plates and shells, energy methods. Prerequisites: EGR 255, 355; MTH 233; or Graduate Student in Engineering.

**EGR 588 Photonics 3(3-0)**

A study of optical phenomena and its application to engineering problems. Topics include ray optics, beam optics, guided wave optics, lasers and applications thereof. Prerequisite: EGR 388 or Graduate Student in Engineering.

**EGR 591 CMOS Circuit Design 3(2-2)**

Design and simulation of analog integrated circuits and systems using transistor level differential amplifiers, operational amplifiers, oscillators, and data converters. Prerequisites: EGR 292, 392; or Graduate Student in Engineering.

**EGR 594 Power Electronics 3(3-0)**

Fundamentals of power electronics including switch-mode DC-DC converters, feedback controllers, rectifiers, semiconductor switches and magnetic circuit in power electronics. Prerequisites: EGR 398 or Graduate Student in Engineering.

**EGR 595 Nanoscale Transistors 3(3-0)**

Conceptual framework that underlies the microscopic viewpoint using examples related to the emerging field of nanoscale transistors. Prerequisites: EGR 487 or 491 or graduate standing.

**EGR 597 Special Topics in Engineering 1-6(Spec)**

Intensive study of selected engineering topics not included in a regular course. Repeatable up to 6 credits when content previously studied is not duplicated. Prerequisite: Permission of instructor.

**EGR 600 Advanced Engineering Analysis 3(3-0)**

Modeling and analysis of advanced engineering systems. These include linear and nonlinear, discrete and continuous systems typically found in mechanical and electrical engineering. Prerequisite: Admittance to the graduate program in engineering.

**EGR 601 Advanced Engineering Experimentation 3(2-2)**

Develop and conduct experiments involving advanced data acquisition and analyses in engineering. Perform uncertainty and error analysis of collected data. Prerequisite: Graduate standing in engineering.

**EGR 637 Directed Research in Engineering 1-6(Spec)**

Directed research supervised by an Engineering faculty member. Repeatable up to 6 credits. Prerequisite: Permission of instructor.

**EGR 685 Seminar: Current Topics in Engineering 1-3(Spec)**

Discussion of current research and application topics in engineering. Basic skills of oral presentation and literature search will be introduced. Prerequisite: Permission of the instructor.

**EGR 697 Special Topics in Engineering 1-6(Spec)**

Study of advanced engineering topics not included in regular graduate courses. Repeatable up to 6 credits. Prerequisite: Permission of instructor.

**EGR 798 Thesis Research 1-6(Spec)**

Thesis research supervised by an engineering faculty. May be repeated as needed. Prerequisites: EGR 600; Graduate Student in Engineering.

**ELI 051 Integrated Skills I 5(5-3)**

Development of basic English speaking, listening, reading, writing, and pronunciation skills through study of cultural themes. For intensive level ELI students. CR/NC. Prerequisites: Admission to the ELI, equivalent placement on the ELI Placement Test.

**ELI 052 Reading and Writing I 4(4-4)**

A high-beginning course in composition and reading skills for international students, with focus on vocabulary development, reading and writing fluency, and paragraph development. CR/NC Only. Prerequisite: ELI Department Approval.

**ELI 053 Grammar for International Students I 3(3-1)**

An intensive English grammar class for non-native speakers enrolled in the English Language Institute at the high-beginning level. CR/NC Only. Prerequisite: ELI Department Approval.

**ELI 061 Integrated Skills II 5(5-3)**

Development of intermediate English speaking, listening, reading, writing, and pronunciation skills through study of cultural themes. For intensive ELI students. CR/NC. Prerequisites: Admission to the ELI, equivalent placement on the ELI Placement Test, or ELI 051.

**ELI 062 Reading and Writing II 4(4-4)**

Intermediate composition and reading skills course for international students, focusing on vocabulary development, reading and writing fluency, and writing paragraphs and basic essays. CR/NC Only. Prerequisite: ELI Department Approval.

**ELI 063 Grammar for International Students II 3(3-1)**

An intensive English grammar class for non-native speakers enrolled in the English Language Institute at the intermediate level. CR/NC Only. Prerequisite: ELI Department Approval.

**ELI 071 Integrated Skills III 5(5-3)**

Intensive development of high intermediate/low advanced English speaking, listening, reading, writing, and pronunciation skills through study of cultural themes. For intensive ELI students. CR/NC. Prerequisite: Admission to ELI, equivalent placement on the ELI Placement Test, or ELI 061.

**ELI 072 Reading and Writing III 4(4-4)**

High-intermediate course for international students, focusing on development of reading and essay writing skills, including an introduction to writing with sources. CR/NC Only. Prerequisite: ELI Department Approval.

**ELI 073 Grammar for International Students III 3(3-1)**

An intensive English grammar class for non-native speakers enrolled in the English Language Institute at the high-intermediate level. CR/NC Only. Prerequisite: ELI Department Approval.

**ELI 080 Basic ESL for International Students 1-12(Spec)**

For non-native speakers of English, this course covers all basic skills of English as a Second Language: speaking, listening, reading, and writing. CR/NC only. Prerequisites: Department permission.

**ELI 091 Oral Proficiency for Graduate Students 3(3-0)**

An advanced speaking course for international graduate students who require further instruction in oral proficiency skills necessary to succeed in graduate studies. CR/NC only. Prerequisites: TOEFL score of 500-547 (173-210 computer-based TOEFL) and/or placement into ELI 091 on the CMU English Language Institute placement test, or successful completion of ELI 081, or permission of the ELI director.

**ELI 094 Writing Seminar for Graduate Students 3(3-0)**

For non-native speakers of English at the graduate level, this course focuses on developing proficiency in the academic styles of writing encountered in graduate studies. CR/NC Only. Prerequisites: TOEFL score of 500-547 (173-210 computer-based TOEFL) and/or placement into ELI 094 on the CMU English Language Institute placement test, or successful completion of ELI 084, or permission of the ELI director.

**ELI 099 ELI Writing Workshop 1-4(Spec)**

Writing Center individualized writing workshop for English language learners to be taken with at least one other ELI class. Course may be taken more than once as long as course content is not duplicated; total credit not to exceed four hours. CR/NC Only. Co-requisite: Enrollment in at least one ELI course.

**ELI 181 Listening and Speaking for International Students 4(4-0)**

An advanced speaking and listening course for international undergraduate and graduate students who require further instruction in oral proficiency and aural comprehension skills. This course may be offered in an online or hybrid format. Prerequisite: ELI Department approval.

**ELI 182 Academic Reading Skills for International Students 3(3-0)**

This is a course for non-native speakers of English focusing on developing proficiency in reading for academic purposes through improving reading comprehension, strategies, speed and vocabulary development. This course may be offered in an online or hybrid format. Prerequisites: ELI Department approval.

**ELI 183 Advanced Grammar for International Students 3(3-0)**

An advanced course in English grammar for international students who require further instruction to alleviate problems associated with speaking, writing, reading, and listening tasks. This course may be offered in an online or hybrid format. Prerequisites: ELI Department approval.

**ELI 184 Academic Writing for International Students 3(3-0)**

This is a course for non-native speakers of English at the undergraduate and graduate levels which focuses on developing proficiency in writing English for academic purposes. This course may be offered in an online or hybrid format. Prerequisites: ELI Department approval.

**ELI 198 American Language for International Students: Writing Component 3(3-0)**

Development of nonfiction prose writing for non-native English speakers. Students prepare various texts by applying knowledge of composing processes, rhetorical strategies, and textual conventions. Alternative to ENG 101 or ENG 103/099. Prerequisites: Department approval.

**ELI 199 American Language for International Students: Speech Component 3(3-0)**

Instruction and practice in developing speech communication and listening skills for non-native speakers of English. Alternate to COM 101. Credit may not be earned in more than one of these courses. Prerequisites: ELI Department approval.

**ENG 099 Writing Workshop 1(Spec)**

Individualized writing tutorial taken concurrently with ENG 103. Work may include grammar, mechanics, and spelling as well as finding, narrowing, and developing ideas for writing. Credit in this course does not count toward the total number of hours required for graduation. It does count in determining whether you are a full-time student. Corequisite: ENG 103. CR/NC Only.

**ENG 100 Basic Writing 3(3-0)**

An introductory course in analytic writing and the conventions of Standard Written English designed as the first semester of a two-semester sequence of freshman composition.

**ENG 101 Freshman Composition 3(3-0)**

Development of nonfiction prose writing skills. Students prepare a variety of texts by applying knowledge of composing processes, rhetorical strategies, and textual conventions. This course may be offered in an online or hybrid format. Recommended: Students with a Writing Placement Score of 58 or lower are encouraged to enroll in ENG 103 and ENG 099 or ENG 101 and ENG 299. Students with a Writing Placement Score above 58 should enroll in ENG 101 and may add ENG 299 if they require additional help with their writing.

**ENG 103 First Year Writing 3(3-0)**

Development of skills in nonfiction prose writing. Small class sizes and substantial individualized support help students gain knowledge of composing processes, strategies, and conventions. With ENG 099, meets university requirements for first-year writing competency; alternative to ENG 101 and ELI 198. Co-requisite: ENG 099 must be taken simultaneously with ENG 103. Recommended: Students with a Writing Placement score of 58 or lower are encouraged to enroll in ENG 103 and ENG 099. Students with a Writing Placement score above 58 should enroll in ENG 101 and may add ENG 299 if they feel they might need additional help with their writing.

**ENG 134 Introduction to Literature 3(3-0)**

Examination of the novel, short story, poetry, and drama in a range of cultural and historical contexts. May be offered as Writing Intensive. This course may be offered in an online or hybrid format. (University Program Group I-B: The Arts)

**ENG 141 Comics, Graphic Novels, and Other Illustrated Texts 3(3-0)**

Study of the history and meaning of comics, graphic novels, and other illustrated texts from a literary and cultural perspective. May be offered in an online or hybrid format. May be offered as Writing Intensive. (University Program Group I-B: The Arts)

**ENG 142 Literary Interpretation of Sport 3(3-0)**

Introduction to the art, history, and literary interpretation of sport. May be offered as Writing Intensive. (University Program Group I-B: The Arts)

**ENG 175 The Nature of Language 3(3-0)**

Introduction to the study of language and social systems. Topics include linguistic structures, acquisition, varieties, and change. May be offered as Writing Intensive. (University Program Group III-B: Studies in Social Structures)

**ENG 201 Intermediate Composition 3(3-0)**

An intensive writing course intended to prepare students for writing in their upper-level major courses and beyond. May be offered in an online or hybrid format. Prerequisite: Grade of C or better in ENG 101, ENG 103/099, or ELI 198. Recommended: Students who feel they might need additional help with their writing should consider enrolling in ENG 299 as a co-requisite.

**ENG 234 Introduction to Literary Analysis 3(3-0)**

Intensive study of methods and perspectives for interpreting and evaluating texts of various literary genres, including fiction, drama, and poetry. May be offered as Writing Intensive. Prerequisites: ENG 101 or ENG 103/099 or ELI 198 with grade of C or better.

**ENG 235 English Literature: Beginning to Romantic Period 3(3-0)**

Beginning to Romantic Period. Primarily for sophomores; open to freshmen. May be offered as Writing Intensive. (University Program Group I-A: Human Events and Ideas.)

**ENG 236 British Literature 3(3-0)**

Examines British literature from the Romantic period to present day in light of literary, historical, and philosophical influences. Primarily for sophomores; open to freshmen. May be offered as Writing Intensive. (University Program Group I-A: Human Events and Ideas)

**ENG 251 American Literature: Colonial Through the Romantic Period 3(3-0)**

Survey of major American writers and literary trends. May be offered as Writing Intensive. (University Program Group I-A: Human Events and Ideas)

**ENG 252 American Literature: Realistic Period to the Present 3(3-0)**

Survey of major American writers and literary trends. May be offered as Writing Intensive. (University Program Group I-A: Human Events and Ideas)

**ENG 261 Masterpieces of Ancient Literature 3(3-0)**

Major world literature to the medieval period including Greek and Roman works. May be offered as Writing Intensive. (University Program Group I-A: Human Events and Ideas)

**ENG 262 European Literatures 3(3-0)**

Survey of significant European literature from the medieval through modern periods. May be offered as Writing Intensive. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)

**ENG 271 Modern Grammar 3(3-0)**

Linguistic description of the grammar of standard American English. Prerequisites: Grade of "C" or better in ENG 101, ENG 103/099 or ELI 198.

**ENG 294 Introduction to Creative Writing 3(3-0)**

The basic methods and techniques in creative writing, including, but not limited to, poetry and fiction. May be offered as Writing Intensive. Recommended: ENG 101 or ENG 103/099 or ELI 198 with a grade of C or better.

**ENG 299 Writing Workshop II 1-3(Spec)**

Writing Center individualized writing workshop; assistance in planning, drafting, and revising writing, grammar, citations, etc. May be repeated for three hours, one credit per semester. May be offered in an online or hybrid format. CR/NC Only. Pre/Co-Requirement: Enrollment in at least one other CMU course.

**ENG 301 Nonfiction Writing 3(3-0)**

Development of nonfiction writing skills through individual projects in diverse genres. May be offered in an online or hybrid format. May be offered as Writing Intensive. Prerequisites: ENG 201 with a grade of "C" or better.

**ENG 303 Technical Writing 3(3-0)**

Writing technical documents common in business, industry, government agencies, and non-profit organizations, e.g., reports, proposals, and instructions. Emphasis on readability, accessibility, suitability, and usability. May be offered as Writing Intensive. May be offered in an online or hybrid format. Prerequisites: ENG 201 with a C or better; 56 credit hours completed.

**ENG 311 Teaching Literature in the Secondary School 3(3-0)**

Methods of teaching students to read extensively and critically. Prerequisites: ENG 101 or 103/099 or ELI 198 with a grade of C or better; ENG 201 with a grade of C or better; acceptance to the Teacher Education Program; must have completed 56 credit hours.

**ENG 315 Teaching Writing in Elementary and Middle Schools 4(3-1)**

Introduction to theories and pedagogies on writing in elementary and middle schools. Pre-student teaching field experience. This course may be offered in an online or hybrid format. May be offered as Writing Intensive. Prerequisites: ENG 201 with a grade of C or better; Admission to the Teacher Education program.

**ENG 319 Teaching Composition in the Secondary School 4(3-1)**

Methods for teaching students to communicate clearly in writing. Open only to juniors and seniors preparing to teach. Prerequisites: ENG 101 with a minimum grade of C or ENG 103 with a minimum grade of C and ENG 099 with a grade of CR or ELI 198 with a minimum grade of C; ENG 201 with a grade of C or better. Must have completed 56 credit hours; Admission to Teacher Education program required.

**ENG 321 20th Century British and American Poetry 3(3-0)**

Study of major twentieth-century poets such as Yeats, Frost, Williams, Pound, Eliot, and more recent poets; examination of significant trends. Prerequisites: Grade of C or better in ENG 101, ENG 103/099 or ELI 198 and ENG 201.

**ENG 323 Fantasy and Science Fiction 3(3-0)**

*History, meaning, and influence of fantasy and science fiction. Emphasis on 19th-21st century literature and film. May be offered in an online or hybrid format. May be offered as Writing Intensive. (University Program Group I-A: Human Events and Ideas)*

**ENG 324 Popular Culture in America 3(3-0)**

A study of popular American art forms in relation to their historical, social, cultural, technological, critical, and/or theoretical contexts. Prerequisites: ENG 201 with a grade of C or better.

**ENG 325 Folklore 3(3-0)**

Discussion and comparison of folktales, songs, superstitions and customs preserved in both oral and literary traditions. Prerequisites: ENG 101 or 103/099 or ELI 198 with a grade of C or better; ENG 201 with a grade of C or better.

**ENG 326 The Literary Dimensions of Film 3(2-2)**

*Study of film from the viewpoints of formal literary criticism and cultural history through analysis of original screen plays, genre movies, and adaptations. This course may be offered in an online or hybrid format. (University Program Group I-B: The Arts)*

**ENG 327 Women Writers 3(3-0)**

Readings in fiction, poetry, and autobiography by women writers of the nineteenth and twentieth centuries, approached through contemporary feminist views. Identical to WGS 327. Credit may not be earned in more than one of these courses.

**ENG 328 Native American Literature and Film 3(3-0)**

*A study of Native American literature and film within their cultural contexts. Prerequisites: ENG 201 with a grade of C or better. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**ENG 329 African American Literature 3(3-0)**

*Examines the literary and cultural contributions of African Americans from colonial times to present through written and oral forms of expression. Prerequisites: ENG 201 with a grade of C or better. (University Program Group IV-C: Studies in Racism and Cultural Diversity)*

**ENG 330 Gods, Monsters, and Immortality: Mythic Literature 3(3-0)**

*The origins and development of mythic patterns with major emphasis on the adaptation and interpretation of classical and Northern myths to literary usage. (University Program Group I-A: Human Events and Ideas)*

**ENG 332 Contemporary Literature and Thought 3(3-0)**

Readings in contemporary (post-World War II) literary genres relative to contemporary thought. Prerequisites: Grade of "C" or better in ENG 101, ENG 103/099, or ELI 198; Grade of "C" or better in ENG 201.

**ENG 333 Literatures of Non-Western Cultures 3(3-0)**

Introduction to literatures of non-Western cultures, such as African, Asian, Middle Eastern, Aboriginal, Caribbean, or Latin American. Prerequisites: Grade of "C" or better in ENG 101, ENG 103/099 or ELI 198, Grade of "C" or better in ENG 201.

**ENG 334 Literary and Cultural Theory 3(3-0)**

Study of historical and contemporary theories of literature and culture with attention to theoretical issues as well as application to literary, cultural, and other theoretical texts. Prerequisites: Grade of "C" or better in ENG 101, ENG 103/099 or ELI 198.

**ENG 335 Topics in Ancient or Medieval Literature 3-6(3-0)**

Topics that introduce key literary movements and historical contexts from antiquity to 1500 in one of the following traditions: B. British; C. World. Prerequisite: ENG 234.

**ENG 336 Topics in Early Modern Literature 3-9(3-0)**

Topics that introduce key literary movements and historical contexts from 1500-1800 in one of the following traditions: A. American; B. British; C. World. Prerequisite: ENG 234.

**ENG 337 Topics in Romantic or Realist Literature 3-9(3-0)**

Topics that introduce key literary movements and historical contexts from 1790-1910 in one of the following traditions: A. American; B. British; C. World. Prerequisite: ENG 234.

**ENG 338 Topics in Modern or Contemporary Literature 3-9(3-0)**

Topics that introduce key literary movements and historical contexts from 1890-present in one of the following traditions: A. American; B. British; C. World. Prerequisite: ENG 234.

**ENG 339 Victorian Literature and Thought 3(3-0)**

Social, economic, industrial, philosophical, and religious ideas as expressed in the literature of the nineteenth century. Prerequisites: ENG 101 or 103/099 or ELI 198 with a grade of C or better; ENG 201 with a grade of C or better.

**ENG 340 Modern British Literature 3(3-0)**

Selected works in British literature since the 1920s, including poetry, fiction, drama, and general prose.

**ENG 345 Studies in Authors 3(3-0)**

Intensive reading of one, two or three authors investigating the way a body of work develops and reflects the author's interests, concerns, and changing literary skills. Prerequisite: ENG 234.

**ENG 349 Shakespeare 3(3-0)**

A study of selected sonnets and a variety of comedies, histories, and tragedies with consideration of their Elizabethan and Jacobean background. Prerequisites: ENG 101 or 103/099 or ELI 198 with a grade of C or better; ENG 201 with a grade of C or better.

**ENG 351 American Literature: Colonial and Early National Periods 3(3-0)**

The various literary genres from the formative years of America.

**ENG 352 American Literature: Romantic Period 3(3-0)**

Major American literary movements and major authors of the first half of the nineteenth century. Prerequisites: ENG 101 or 103/099 or ELI 198 with a grade of C or better; ENG 201 with a grade of C or better.

**ENG 353 American Literature: Realistic Period 3(3-0)**

Significant trends in later nineteenth-century and early twentieth-century American literature; local colorists, major Realists, early Naturalists. Prerequisite: ENG 201 with a grade of C or better. Recommended: ENG 134 or 234.

**ENG 354 American Literature: Modern Period 3(3-0)**

Major literary movements and authors from the early twentieth century to WWII. Special emphasis on literary modernism. Prerequisites: ENG 201 with a grade of C or better; and ENG 134 or 234.

**ENG 362 Literature of the Medieval World 3(3-0)**

The study of epic tradition during the medieval period and the rise of the romance. Prerequisites: ENG 201 with a grade of C or better. Recommended: ENG 134 or ENG 234.

**ENG 365 The Bible as Literature 3(3-0)**

A study of the content and literary forms of Biblical literature.

**ENG 371 Teaching Grammar 3(3-0)**

Links the study of college-level grammar and its application in the classroom. Focuses on both professionally written and student-generated texts. Prerequisites: ENG 101 or 103/099 or ELI 198 with a grade of C or better; ENG 201 with a grade of C or better. Recommended: ENG 271.

**ENG 375 Introduction to Linguistics 3(3-0)**

A survey of the field of linguistics, including discussion of sounds, word structure, sentence structure, meaning, acquisition, social use and historical change of language. Prerequisites: ENG 101 or 103/099 or ELI 198 with a grade of C or better; ENG 201 with a grade of C or better.

**ENG 381 Children's Literature 3(3-0)**

*Examination and analysis of contemporary prose and poetry suitable for children from literary, aesthetic, sociocultural and educational perspectives. May be offered as Writing Intensive. (University Program Group I-A: Human Events and Ideas)*

**ENG 391 Creative Writing: Fiction 3(3-0)**

Discussion and critical evaluation of student fiction. May be offered as Writing Intensive. Prerequisite: ENG 294 with a grade of B or better.

**ENG 392 Creative Writing: Poetry 3(3-0)**

Discussion and critical evaluation of student poetry. Prerequisite: Grade of "B" or better in ENG 294.

**ENG 395 Special Topics 1-6(Spec)**

Consideration of subjects not listed in the regular department offerings. May be repeated when content is not a duplication of a previous special topic offering. English majors and minors, see general statement. This course may be offered in an online or hybrid format. Prerequisite: ENG 201 with a grade of C or better.

**ENG 397 Independent Study 1-9(Spec)**

Explorations of special problems in language and literature individually agreed upon by student and instructor. Prerequisites: Approval of the instructor and department chairperson required before registration; ENG 201 with a grade of C or better; ENG 134 or 234.

**ENG 402 Argumentation and Expository Writing 3(3-0)**

Study of and practice using modern theories and techniques of argumentation and persuasive writing in contemporary civic, disciplinary, and professional discourse, contexts, and media. May be offered in an online or hybrid format. May be offered as Writing Intensive. Prerequisites: ENG 201 with a grade of C or better; senior standing. Recommended: ENG 301 or 303 or COM 352.

**ENG 435 Studies in Texts 3(3-0)**

Intensive reading of one, two or three major literary works in English, with historical and critical backgrounds and biographical and creative contexts. Prerequisite: ENG 234.

**ENG 439 English Romantic Poetry and Prose 3(3-0)**

Emphasis on Blake, Wordsworth, Coleridge, Keats, Shelley, and Byron. Recommended: 6 hours of literature.

**ENG 441 Contemporary English Prose 3(3-0)**

Important novelists and dramatists in contemporary Britain. Prerequisites: Grade of "C" or better in ENG 101, ENG 103/099 or ELI 198; grade of "C" or better in ENG 201; ENG 134 or 234.

**ENG 442 The British Novel 3(3-0)**

The development of the British novel considered historically or thematically. Prerequisites: ENG 101 or 103/099 or ELI 198 with C or better; ENG 201 with C or better; ENG 134 or ENG 234.

**ENG 444 In Her Own Words: Global Feminist Perspectives 3(3-0)**

Theories, methodologies, and applications of Global Feminisms to women-authored texts in an international context. May include a study abroad component. Prerequisite: ENG 201 with a grade of C or better; ENG 234 or WGS 296.

**ENG 454 Contemporary American Prose 3(3-0)**

Important novelists and dramatists in contemporary United States. Prerequisites: ENG 101 or 103/099 or ELI 198 with a grade of C or better; ENG 201 with a grade of C or better; ENG 134 or 234.

**ENG 455 The American Novel 3(3-0)**

The development of the novel as seen in the works of representative authors. Prerequisites: Grade of "C" or better in ENG 101, ENG 103/099, or ELI 198; Grade of "C" or better in ENG 201; ENG 134 or 234.

**ENG 460 Senior Seminar: Current Issues in English 3(3-0)**

Explores current scholarly, theoretical, or pedagogical issues in English studies culminating in a major creative and/or written academic paper presented orally. Prerequisites: Open to senior English majors only; ENG 101, 103/099 or ELI 198 with a grade of C or better; ENG 201 with a grade of C or better; ENG 134 or 234.

**ENG 481 International Literature for Children and Young Adults 3(3-0)**

Exploration of the literary and cultural heritage of countries other than the U.S. through modern and folk literature suitable for today's youth. Prerequisites: ENG 201 with a grade of C or better; ENG 234 or 381.

**ENG 482 Fantasy for Youth 3(3-0)**

Nature, purpose, and value of fantasy for youth; emphasis on contemporary types. Prerequisites: Grade of "C" or better in ENG 101, ENG 103/099 or ELI 198; Grade of "C" or better in ENG 201; ENG 234 or ENG 381.

**ENG 485 Poetry for Children and Young Adults 3(3-0)**

Study of the nature, purpose, and value of poetry for children and young adults; emphasis on interpretation and performance. Prerequisites: ENG 201 with a C or better; ENG 134 or 234 or 381.

**ENG 491 Advanced Fiction Writing 3-6(3-0)**

Concentration upon individual projects in fiction. May be repeated up to 6 hours. May be offered as Writing Intensive. Prerequisites: ENG 201 with a grade of C or better; ENG 134 or 234; ENG 391 with a grade of B or better.

**ENG 492 Advanced Poetry Writing 3-6(3-0)**

Concentration upon individual projects in poetry writing. May be repeated up to 6 hours. Prerequisites: Grade of "C" or better in ENG 101, ENG 103/099 or ELI 198; grade of "C" or better in ENG 201; ENG 392.

**ENG 493 Creative Nonfiction 3-6(3-0)**

Concentration upon individual projects in creative nonfiction. Course may be repeated up to six hours. May be offered in an online or hybrid format. May be offered as Writing Intensive. Prerequisites: ENG 201 with a grade of C or better; ENG 294 or 301.

**ENG 503 Document Design 3(3-0)**

Theories and applications of information design and visual rhetoric for print and electronic documents. This course may be offered in an online or hybrid format. Prerequisites: Graduate standing or ENG 201 with a C or better. Recommended: ENG 303.

**ENG 504 Technical Editing 3(3-0)**

Methods and technologies used in editing and publishing technical documents in print and electronic media; publication management and production. This course may be offered in an online or hybrid format. Prerequisites: Graduate standing or ENG 201 with a B or better and 86 credit hours completed. Recommended: ENG 303.

**ENG 510 Writing Center Practicum 1-3(Spec)**

Examines key issues in writing and teaching writing and provides a mediated, instructional experience for working one-on-one with writing. May be offered as Writing Intensive. Prerequisites: Permission of Instructor.

**ENG 513 Special Topics 1-6(Spec)**

Subjects not part of regular department offerings. May not be a duplication of a previous section. This course may be offered in an online or hybrid format. Prerequisites: 86 credit hours completed; or graduate standing.

**ENG 514 Language and Media Discourse 3(3-0)**

Examination and application of rhetorical and discourse theory and techniques in media. This course may be offered in an online or hybrid format. May be offered as Writing Intensive. Prerequisites: Graduate standing or completion of 56 credit hours. Recommended: ENG 301.

**ENG 517 Reading and the English Classroom 3(3-0)**

The relationship of reading to the teaching of English through an introduction to the reading process, the needs of reluctant readers, and K-12 and ESL literacy issues.

**ENG 519 Teaching of Composition 3(3-0)**

Research and methodology in the teaching of composition.

**ENG 520 Diachronic Linguistics and the History of English 3(3-0)**

Theory and methodologies of diachronic linguistics, with a focus on the development of the English language. Prerequisite: Graduate standing or ENG 375.

**ENG 535 History of Literary Criticism 3(3-0)**

Review of critical attitudes and approaches of enduring significance. Prerequisite: 6 hours of literature.

**ENG 539 Seminar in Major Nonfiction Writers 3-9(Spec)**

Creative and critical approaches to the study of representative works by selected major nonfiction writers. May be repeated to a maximum of nine hours. May be offered in a hybrid or online format. May be offered as Writing Intensive. Prerequisites: ENG 201 with a C or better; ENG 134 or 234; or graduate standing.

**ENG 545 Chaucer 3(3-0)**

Middle English grammar and pronunciation. The life and works of Chaucer with emphasis on the Canterbury Tales and Troilus and Criseyde.

**ENG 547 Seminar in Major British Writers 3-9(Spec)**

A study of one or more British writers, selected by the instructor. May be repeated for a maximum of nine credit hours. Prerequisites: Graduate status or the following: Grade of "C" or better in ENG 101, ENG 103/099 or ELI 198; Grade of "C" or better in ENG 201; either ENG 134 or ENG 234.

**ENG 549 Advanced Shakespeare 3(3-0)**

Close study of a selection of Shakespearean texts. May be offered in an online or hybrid format. Prerequisites: Graduate standing or ENG 201 with a grade of C or better; ENG 234; ENG 349.

**ENG 559 Seminar in Major American Writers 3-9(Spec)**

A study of one or more American writers selected by the instructor. May be repeated a maximum of nine hours. Prerequisites: Graduate status or the following: ENG 201 with a grade of C or better; ENG 134 or 234. Recommended: Six hours of American Literature.

**ENG 561 European Romanticism 3(3-0)**

Comparative exploration of the Romantic movement in literature and philosophy with special attention to Germany and France. Prerequisite: Graduate status or ENG 101 or 103/099 or ELI 198 with a grade of C or better; ENG 201 with a grade of C or better; either ENG 134 or ENG 234. Recommended: 6 hrs of literature courses.

**ENG 566 Human Rights in Literature, Art, and Film 3(3-0)**

Exploration of the history, development, and application of human rights as represented in literature, the arts, and film. Prerequisite: Admission to any of the English department's MA programs or ENG 201 with a grade of C or better, ENG 134 or 234.

**ENG 569 Seminar in Major World Writers 3-9(Spec)**

A study of one or more writers, selected by the instructor, from various regions of the world. May be repeated for a maximum of nine credit hours. Prerequisites: Graduate status or the following: ENG 101 or 103/099 or ELI 198 with a grade of C or better; ENG 201 with a grade of C or better; ENG 134 or ENG 234. Recommended: 6-9 hours of ENG 300 and/or ENG 400 level courses.

**ENG 570 Old English 3(3-0)**

Study of the grammar and pronunciation of Old English and analysis of Old English literary texts. Prerequisites: Graduate Status or ENG 201 with a grade of C or better; ENG 134 or 234.

**ENG 571 Teaching of English to Speakers of Other Languages 3(3-0)**

Principles and techniques for teaching English to students whose first language is not English. Prerequisite: ENG 375.

**ENG 573 Linguistics and Reading 3(3-0)**

The reading process, the effects of language on reading, the relation between language and writing, and the ways people process information. Prerequisite: ENG 375 or ENG 576.

**ENG 574 TESOL Materials, Assessment, Curriculum 3(3-0)**

Techniques for designing curricula, teaching materials, and tests and other assessment tools for ESL/EFL or bilingual/bicultural classrooms. Prerequisites: ENG 571; Graduate status or the following: ENG 101 or 103/099 or ELI 198 with a grade of C or better; ENG 201 with a grade of C or better.

**ENG 577 Introduction to Second Language Acquisition 3(3-0)**

An introduction to the principles and theories of second language acquisition, and their implications for language teaching. Recommended: ENG 375.

**ENG 578 Applied Sociolinguistics 3(3-0)**

Topics include cross cultural aspects of conversation, speech act theory, language and gender, non verbal behavior and the role of socio cultural variables in language acquisitions. Prerequisites: Graduate status or the following: ENG 201 with a grade of C or better; ENG 375.

**ENG 580 Literature for Young Adults 3(3-0)**

Reading interests and library materials of junior and senior high students; methods of stimulating reading. Subject grouping of books related to adolescent reading interests/needs. Identical to LMT 580. Credit may not be earned in more than one of these courses. Prerequisites: Completion of 86 hours, ENG 201 with a grade of C or better, One of: ENG 134 or ENG 234 or ENG 381; or graduate status.

**ENG 581 The History of Children's Literature 3(3-0)**

Major trends in the history of children's literature as they emerged under certain philosophical, educational, and social influences in England, America, and Europe. Emphasis on literary analysis. Prerequisites: ENG 201 with a grade of C or better, One of: ENG 134 or ENG 234 or ENG 381; or graduate status.

**ENG 582 Cultural Pluralism in Young Adult and Children's Literature 3(3-0)**

An exploration of the literature and heritage of diverse American cultures, primarily through folk literature, fiction, and biography. Prerequisite: Graduate status or the following: ENG 101 or 103/099 or ELI 198 with a grade of C or better; ENG 201 with a grade of C or better; ENG 134 or 234 or 381.

**ENG 583 The Heroic Tradition in Children's Literature 3(3-0)**

Study of the hero in epic, myth, folktale, and legend; including modern examples. Prerequisites: Graduate status or the following: ENG 101 or 103/099 or ELI 198 with a grade of C or better; ENG 201 with a grade of C or better; and ENG 134 or ENG 234 or ENG 381.

**ENG 601 Graduate Composition 3(3-0)**

For graduate students seeking to develop advanced non-fiction writing skills in various academic and non-academic genres. This course may be offered in an online or hybrid format.

**ENG 602 Research Materials and Methods 3(3-0)**

Instruction in materials and methods for research in language and literature. Prerequisites: Admission to Graduate Program in English.

**ENG 603 Seminar in Technical & Professional Communication 3-6(Spec)**

Advanced study of the theory and practice of professional and technical communication. May be repeated to a maximum of six hours. This course may be offered in an online or hybrid format. Recommended: ENG 303, 503, and/or 504 or previous work-related experience with a professional/technical communication focus.

**ENG 614 Practicum in Teaching College Composition 3(3-0)**

Study and practice of the theories, methods, and materials of teaching first-year college composition. Prerequisites: Open to English graduate assistants assigned to teach ENG 101: Freshman Composition.

**ENG 615 Problems in Teaching English 3(3-0)**

An analysis of the issues, methods, and techniques of teaching English.

**ENG 616 The Teaching of Creative Writing 3(3-0)**

Theory and practice of teaching creative writing. Prerequisite: Admission to graduate program in English.

**ENG 618 Empirical Research Methods in English 3(3-0)**

How to design and evaluate empirical research in English; emphasis on the teaching and learning of writing, literature, and English as a second language. Recommended: ENG 601 and/or 602.

**ENG 619 Continuing Registration for Final Research Project 1(1-0)**

A non-credit course intended for students who have completed all program credits but still need to use university resources to complete their degree requirements.

**ENG 621 Seminar in Contemporary Poetry 3(3-0)**

A study of selected contemporary poets in the context of major developments in the poetry of the twentieth century. Recommended: 6 hours of literature at the graduate or undergraduate level.

**ENG 622 Seminar in Contemporary Fiction 3(3-0)**

Study of notable fiction from 1945 to the present.

**ENG 635 Seminar in English Literature 3-9(Spec)**

A study of English literature from one of four historical periods: prior to 1650, from 1650-1800, from 1800-1900, or from 1900 to the present. Prerequisite: Admission to the graduate program. Recommended: Six hours of English Literature. May be repeated to a maximum of 9 hours.

**ENG 636 Seminar in Critical Problems 3(3-0)**

A study of the major theories and theorists in contemporary literary studies and selected critical problems generated by them. Recommended: 6 hours of literature.

**ENG 637 Seminar in Rhetoric and Composition 3-6(Spec)**

Theoretical issues, practices, history, texts, applications in Rhetoric and Composition. May be repeated to maximum of 6 hours.

**ENG 638 Seminar in Textual Analysis and Editing 3(3-0)**

A course designed to prepare students for editing responsibilities found in a variety of fields, including education and scholarly publications.

**ENG 656 Seminar in American Literature 3-9(Spec)**

The role of nature, frontier, or other factors in American literature of one of the following periods: A. Pre-Romantic Period; B. Romantic Period; C. Realistic and Naturalistic Periods; D. Modern Period. Recommended: 6 hours of American literature. May be repeated to a maximum of 9 hours.

**ENG 665 Seminar in World Literature 3-9(Spec)**

The tracing of ideas through World Literatures from one of the following periods: A. Classical literature; B. Medieval and Renaissance literature; C. 18th and 19th Century literature; D. Modern literature. Recommended: 6 hours of world literature. May be repeated to a maximum of 9 hours.

**ENG 672 Applied Linguistics in Written Communication 3(3-0)**

Linguistic approaches to textual analysis and the application of research findings in teaching written standard English.

**ENG 673 English Phonology for Language Teachers 3(3-0)**

Basic elements of English pronunciation, including segmental phonology, general articulation features, rhythm, and intonation. Involves analysis of pronunciation of native and non-native English speakers. Prerequisite: ENG 375.

**ENG 674 English Grammar for Language Teachers 3(3-0)**

A functional approach to English grammar, examining the uses of the major grammatical constructions. Includes analysis of language of native and non-native speakers of English. Recommended: ENG 571, ENG 574.

**ENG 675 Seminar in English Linguistics 3-9(3-0)**

Problems in sociolinguistics, discourse, bilingualism, historical grammar, the applications of modern linguistic theory to the teaching of English or foreign languages. May be repeated to a maximum of nine credit hours. Prerequisites: ENG 375 or equivalent and some foreign language study recommended.

**ENG 680 Chippewa River Writing Project Institute 3(3-0)**

Writing workshop, composition pedagogy, educational technology, and classroom research. This course may be offered in an online or hybrid format. Prerequisites: Admission by application for the institute as outlined by requirements from the Chippewa River Writing Project.

**ENG 681 Seminar in Children's and Young Adult Literature 3-9(3-0)**

A graduate seminar that explores issues in the studies of Children's and/or Young Adult Literature. Repeatable up to nine hours when content does not duplicate previous topics.

**ENG 690 Practicum in TESOL 1-3(Spec)**

An examination and application of methods, materials, and classroom management techniques necessary to teach English effectively to speakers of other languages. May be repeated to a maximum of three hours. Prerequisites: Final one-credit unit requires completion of ENG 571 or 577.

**ENG 691 Seminar: Writing Fiction 3-6(3-0)**

Graduate workshop in fiction writing. May be repeated up to six hours. Prerequisite: Admission to M.A. Creative Writing Concentration. Recommended: Permission of instructor based on portfolio of student's fiction.

**ENG 692 Seminar in Writing Poetry 3-6(Spec)**

Workshop in poetry writing. May be repeated up to 6 hours. Prerequisites: Admission to M.A. Program in English Language and Literature: Creative Writing Concentration.

**ENG 693 Seminar in Writing Creative Nonfiction 3-6(Spec)**

Workshop in contemporary approaches to writing literary nonfiction. Course may be repeated up to six hours. May be offered in an online or hybrid format.

**ENG 694 The Craft of Fiction 3(3-0)**

Practice of fiction theories and techniques exemplified by the works of noted authors of short fiction, the novella, and the novel. Prerequisite: Acceptance to any of the English department's MA programs.

**ENG 695 The Craft of Poetry 3(3-0)**

Poetic techniques, practices, theories, and approaches as exemplified in the works of notable poets and as examined in prosody and poetic forms. Prerequisites: Admission to the English department graduate program in Creative Writing or permission of the instructor.

**ENG 696 The Craft of Creative Nonfiction 3(3-0)**

Creative Nonfiction techniques, practices, theories, and approaches as exemplified in the works of noted authors and as examined in the genres of creative nonfiction. Prerequisite: Acceptance to any of the English department's MA programs.

**ENG 697 Independent Study 3-6(Spec)**

Explorations of special problems in language and literature individually agreed upon by student and instructor. May be repeated a maximum of six hours. Prerequisites: Approval by instructor and department chairperson required before registration.

**ENG 718 Internship: Teaching 6(Spec)**

Supervised teaching experience in community college for pre-service teachers in Master of Arts in Composition and Communication Program. Prerequisites: 21 credit hours of MAECC graduate work, including the following specific courses: ENG 519, 601, 637, and 638; permission of instructor.

**ENG 719 Internship: Professional Communication 6(Spec)**

Supervised workplace experience in writing, editing and/or similar technical or professional communication activity for students in the Master of Arts in Composition and Communication Program. Prerequisites: 21 credit hours of MAECC graduate work, including: ENG 601, 603, 637, and 638; permission of Internship Advisor.

**ENG 799 Thesis 1-6(Spec)**

An in-depth, research-oriented study on a topic or a creative work completed in consultation with the thesis advisor as a capstone demonstration of the student's learning. CR/NC only.

**ENT 101 Discovering the Entrepreneur Within 3(3-0)**

Introduction to entrepreneurship. Emphasis on business fundamentals, successful entrepreneurial characteristics, communications, ethics, leadership, and team work. Only one of ENT 101, BUS 100 or BIS 100 may be applied to the ENT major or minor. This course may be offered in an online or hybrid format.

**ENT 201 Entrepreneurship Launch Pad 3(3-0)**

Recognize, develop, and act on individual potential for creativity and innovation. Shape and evaluate business opportunities, perform market research, and "pitch" an idea. Identical to MGT 201. Credit may not be earned in more than one of these courses. This course may be offered in an online or hybrid format. Prerequisites: ENT 101 or BUS 100 or BIS 100.

**ENT 210 Accounting Information for Entrepreneurial Decision Making 3(3-0)**

Introduction to principles of financial and managerial accounting, design of accounting systems, techniques of analysis and cost control. Interpretation of accounting information for decision making. Does not count for the School of Accounting major or minor. Identical to ACC 210. Credit may not be earned in more than one of these courses. ENT 210 may not be used as a substitute for ACC 201 or ACC 250. This course may be offered in an online or hybrid format.

**ENT 213 Economics for Entrepreneurs 3(3-0)**

Introduction to the economic way of thinking and its applications to decision making in the business world. Emphasis on understanding and applying economic concepts. Identical to ECO 213. Credit may not be earned in more than one of these courses. Does not count as credit for the Economics major or minor.

**ENT 221 Marketing Strategies for Entrepreneurs 3(3-0)**

General marketing principles applied to the entrepreneurial venture including daily activities, long-term branding/position strategy, inexpensive ways to conduct research, and utilizing networks to identify/reach customers. Identical to MKT 221. Credit may not be earned in more than one of these courses. This course may be offered in an online or hybrid format. Recommended: ENT 101, ENT/MGT 201.

**ENT 300 Digital Entrepreneurship 3(3-0)**

The use and management of information systems (IS) by entrepreneurs around the world, creating value from information systems and exploring digital entrepreneurship. Identical to BIS 300. Credit may not be earned in more than one of these courses. Prerequisite: 56 semester hours completed.

**ENT 320 Financial Management of the Entrepreneurial Venture 3(3-0)**

Practical application of financial principles to the creation, growth, and management of an entrepreneurial venture. Identical to FIN 320. Credit may not be earned in more than one of these courses. This course may be offered in an online or hybrid format. Prerequisites: 56 semester hours completed; ACC 201, 210, 250, or ENT 210; STA 282; signed major or minor in Entrepreneurship.

**ENT 416 Entrepreneurship in the Global Economy 3(3-0)**

Primary focus is on how individuals and small companies recognize and seek out business opportunities in a global economy leveraging the power of technology; hands-on assignment-based course with a major global team project component. Does not count on the Department of Management majors or minors. Identical to MGT 416. Credit may not be earned in more than one of these courses. Prerequisites: ENT 213, 221; 56 semester hours completed; signed major in Entrepreneurship.

**ENT 419 Running and Growing an Entrepreneurial Venture in a Global Economy 3(3-0)**

This course emphasizes the acquisition of skills and knowledge necessary to successfully maintain and grow an established entrepreneurial venture within a global business environment. Identical to MGT 419. Credit may not be earned in more than one of these courses. Prerequisites: 56 semester hours completed; signed major or minor in Entrepreneurship.

**ENT 420 Legal Aspects of New Ventures 3(3-0)**

Introduces entrepreneurs to legal requirements for forming a business. Identical to BLR 420. Credit may not be earned in more than one of these courses. Prerequisites: 86 semester hours completed; signed major or minor in Entrepreneurship.

**ENT 444 Internship in Entrepreneurship 3-6(Spec)**

Student works full or part time in a business situation for educational experience. Must be arranged through Entrepreneurship Internship Supervisor. Prerequisites: ENT/ACC 210, ENT/ECO 213, and ENT/MKT 221. 56 semester hours completed; signed major or minor in Entrepreneurship, approval of Entrepreneurship Internship Supervisor. Recommended: ENT/FIN 320 and ENT/MGT 419.

**ENT 492 Emerging Venture Consulting 3(3-0)**

Work with local small business clients and entrepreneurs to conduct analysis and provide deliverables that enable the business to operate more effectively and to grow. Prerequisites: 86 semester hours completed; signed major or minor in Entrepreneurship; ENT/MKT 221; ENT/BIS 300; ENT/FIN 320. Recommended: ENT/MGT 419.

**ENT 495 Launching a Venture 3(3-0)**

Analyzing opportunities, writing a comprehensive business plan, "pitching" opportunities, and other advanced entrepreneurship topics. Capstone course for Entrepreneurship major. Prerequisites: 86 semester hours completed; ENT/MGT 201, ENT/MKT 221, ENT/BUS 300, ENT/FIN 320, and ENT/MGT 419. Pre/Co-requisite: ENT/BLR 420.

**ENT 497 Special Topics in Entrepreneurship 3-12(Spec)**

Selected topics not covered in existing courses with current topic listed in Course Search and Registration. Specific topics will be listed on the student's transcript. Repeatable up to 12 credits with different topics. Only 3 credits will count toward entrepreneurship major or minor. Prerequisite: See Course Search and Registration.

**ENV 101 Introduction to Environmental Studies 3(3-0)**

An introduction to the interdisciplinary study of human/environmental relationships. Topics include the biosphere, ecosystems and how human socio-political factors interact with them. This course is approved for offering in a distance learning format.

**ENV 197 Special Topics 1-6(Spec)****ENV 210QR Environmental Resource Use 3(3-0)**

This course uses quantitative reasoning and analyses to explore and evaluate critical environmental issues, such as resource utilization and sustainability, from an interdisciplinary perspective. Quantitative Reasoning.

**ENV 310 Environmental Issues Management 3(3-0)**

Review of regulatory requirements and application of scientific studies to managing environmental risk. Case studies of risk management by the targeted community and regulatory agencies. Prerequisites: BIO 101 or BIO 105; ENV 101; CHM 120 or CHM 161 or both CHM 131 and CHM 132.

**ENV 397 Special Topics 1-6(Spec)****ENV 400 Environmental Studies Capstone 3(3-0)**

Seminar format; discussion, analysis and presentation of research relevant to contemporary environmental issues. Prerequisites: Completion of at least 31 credits selected from the Core and Required courses of the Environmental Studies major.

**ENV 497 Independent Study 1-3(Spec)**

Students may explore topics of special interest with faculty members. Prerequisites: open to juniors and seniors with approval of the instructor and program director.

**ENV 597 Special Topics 1-6(Spec)****ESC 340 Micrometeorology 3(3-0)**

Radiation balance, heat and moisture exchange, and wind structure near the ground; influences of topography, soil type, cultivation techniques, and vegetation. Applications of agriculture, forestry, cities, and air pollution. Prerequisites: GEO 105, MET 201 or MET 240. Corequisite: ESC 341.

**ESC 341 Micrometeorology Laboratory 1(0-2)**

Field measurements of micrometeorological variables; examination of the impact of variations in the environment on the local climate. Corequisite: ESC 340.

**ESC 397 Independent Study 1-3(Spec)**

Exploration of topics in geography/earth science agreed upon by student and instructor. Prerequisites: 6 hours of ESC; permission of instructor and department chairperson before registration.

**ESC 400 Earth Science Education 3(2-2)**

Study of earth science in the K-12 science curriculum, including relevant teaching methods and preparation of lesson plans in accordance with the State Science Content Standards. Prerequisites: Junior standing as a declared major or minor in Integrated Science or Earth Science Education; GEL 100 or 130; 9 additional hours distributed among major requirements for Integrated Science or Earth Science. Admission into Teacher Education program.

**ESC 575 Special Studies in Earth Science 1-6(Spec)**

Various special topics offered at an advanced undergraduate and graduate level. Topics announced in Course Search and Registration. Prerequisites: permission of instructor.

**ESC 591 Internship 1-12(Spec)**

Experiences in applying geographic techniques to environmental analysis, resource management and business applications. Up to 3 hours credit can be applied to geography major. A full-time internship position for one semester may qualify for 12 hours of credit. Identical to GEO 591. Credit may not be earned in more than one of these courses. Prerequisite: permission of program advisor.

**ESC 597 Independent Study 1-9(Spec)**

Exploration of topics in earth science agreed upon by student and instructor. May be taken only by arrangement prior to registration. Prerequisite: 12 hours of earth science credit; permission of both instructor and department chairperson before registration.

**FIN 201 Personal Finance 3(3-0)**

A survival course designed to help you cope with the financial aspects of your life such as taxes, budgeting, inflation, insurance of all kinds, savings, and investing. This course is approved for offering in a distance learning format.

**FIN 257 Risk Management 3(3-0)**

A survey course of insurance and risk management, with emphasis on the corporate handling of risks. Prerequisites: 26 semester hours completed.

**FIN 297 Special Topics 1-3(Spec)**

Selected topics of interest to students which are not normally included in existing courses. Specific topic will be listed on student's transcript. Prerequisites: permission of department chairperson.

**FIN 302 Integrated Financial Analysis 3(3-0)**

Applied methods, with relevant theories, for a corporation to make decisions on investments, financing, and to evaluate performance in an integrative framework. Credit may not be earned in both FIN 302 and FIN 332. Prerequisites: Tier 2 Admission to Professional Business Studies; ACC 255, BIS 255, MGT 258. Co-requisites: MGT/MKT 303, MKT 304.

**FIN 303 Financial Administration 3(3-0)**

Financial administration of both profit and not-for-profit organizations including methods of asset procurement and raising capital. Credit may not be earned in both FIN 303 and FIN 332. This course is approved for offering in a distance learning format. Prerequisite: ACC 204.

**FIN 307 Fundamentals of Personal Financial Planning 3(3-0)**

A professional course with emphasis on the personal financial planning process and the roles of health, property and liability insurance in financial planning. Prerequisites: ACC 201 or ACC 250.

**FIN 315 Principles of Investments 3(3-0)**

Provides students with basic knowledge about different investments and sources of information to enable them to make wiser investments and prepare to build portfolios. Prerequisites: 56 hours completed; admission to Professional Business Studies or listed on a signed major or minor.

**FIN 317 Insurance Planning 3(3-0)**

This course introduces students to risk management and insurance decisions in personal financial planning, including health, disability, property, liability, and long-term care risks and insurance. Prerequisites: ACC 201 or 250; BLR 202 or 235; STA 282 or 382; admission to Professional Business Studies or listed on a signed major or minor.

**FIN 320 Financial Management of the Entrepreneurial Venture 3(3-0)**

Practical application of financial principles to the creation, growth, and management of an entrepreneurial venture. Identical to ENT 320. Credit may not be earned in more than one of these courses. This course may be offered in an online or hybrid format. Prerequisites: 56 semester hours completed; ACC 201, 210, 250, or ENT 210; STA 282; signed major or minor in Entrepreneurship.

**FIN 332 Managerial Finance 3(3-0)**

Basic principles and techniques of the acquisition, management, and distribution of financial resources. Credit may not be earned in both FIN 302 and FIN 332. Prerequisites: ACC 201 or ACC 250, ACC 202 or ACC 255; 56 semester hours completed. This course is approved for offering in a distance learning format.

**FIN 335 Real Estate Principles 3(3-0)**

An introduction to real estate practice, institutions and participants with a focus on investment decision making, valuation, and debt financing. Prerequisite: ECO 202 or 203.

**FIN 336 Real Estate Finance & Investments 3(3-0)**

Survey of the institutional landscape of real estate finance, including debt and equity, public securities and private financing modes. Prerequisites: FIN 335; admission to Professional Business Studies or listed on signed major or minor.

**FIN 337 Real Estate Valuation/Appraisal 3(3-0)**

The application of valuation techniques to the appraisal of properties purchased by investors for their income potential. Prerequisites: Admission to Professional Business Studies.

**FIN 347 Retirement Planning 3(3-0)**

This course covers issues that individuals face in retirement (money needs, life-styles, medical) and develops an understanding of both public and private retirement plans. Prerequisites: ACC 311, FIN 315, FIN 307; 56 semester hours completed; admission to Professional Business Studies or listed on a signed major or minor.

**FIN 397 Special Topics 3-6(Spec)**

Selected problems of interest to students which are not normally included in existing courses. Specific topic will be listed on the student's transcript. Prerequisites: 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**FIN 416 Institutional Operations 3(3-0)**

Study of the management policies and procedures for profitable operation of institutions such as commercial banks, thrift institutions insurance companies, finance companies and pension funds. Prerequisites: FIN 302 or FIN 332, FIN 472; 56 semester hours completed; admission to Professional Business Studies or listed on a signed major or minor.

**FIN 425 Options and Futures 3(3-0)**

Survey of markets for futures and options on financial securities and commodities. Valuation of futures/options and application for hedging risk. Prerequisites: FIN 302 or FIN 332, FIN 315 56 semester hours completed; admission to Professional Business Studies or listed on a signed major or minor.

**FIN 438 Real Estate Development 3(3-0)**

A case studies approach to real estate development integrating urban dynamics, architecture, construction, law, public approvals, finance, marketing and management. Prerequisites: FIN 335, 336, and admission to Professional Business Studies.

**FIN 442 Intermediate Financial Management 3(3-0)**

In-depth examination of financial management. Current theory and practices are discussed with applications including computer simulations, comprehensive cases, and a term project. Prerequisites: FIN 302 or FIN 332; 56 semester hours completed; admission to Professional Business Studies or listed on a signed major or minor.

**FIN 445 Personal Estate Planning 3(3-0)**

Fundamentals of estate planning for personal use and professional training. Professional topics target applications in trust administration, accounting, and personal financial planning. Identical to BLR 445. Credit may not be earned in more than one of these courses. Prerequisites: FIN 347; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**FIN 446 Problems in Financial Institutions 3(3-0)**

A case course to enable students to deal with problems affecting various financial intermediaries, with an emphasis on banking. Prerequisites: FIN 472; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**FIN 447 Cases in Personal Financial Planning 3(3-0)**

Capstone personal financial planning course in client-centered personal financial planning. This course applies principles of personal financial planning in case studies. Prerequisites: FIN 317, FIN 347, completion or current enrollment in FIN 445; 56 semester hours completed; admission to Professional Business Studies.

**FIN 448 Fundamental Financial Analysis 3(3-0)**

Methods of fundamental financial analysis necessary for evaluating and forecasting firm financial and operating performance. This course may be offered in an online or hybrid format. Prerequisites: FIN 302 or FIN 332; 56 semester hours completed; admission to Professional Business Studies or listed on a signed major or minor.

**FIN 455 Portfolio Management 3(3-0)**

Learn advanced methods of analyzing and valuing both debt and equity securities, as well as theories and techniques for combining assets into efficient portfolios. Prerequisites: FIN 302 or FIN 332; FIN 315; 56 semester hours completed; admission to Professional Business Studies or listed on a signed major or minor.

**FIN 472 Money and Capital Markets 3(3-0)**

Survey of money and capital markets, strategies for growth, and timing of financial policy. Prerequisites: FIN 302 or FIN 332; ECO 201 or ECO 204, ECO 202 or ECO 203; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**FIN 482 Working Capital Management 3(3-0)**

In-depth examination of working capital within the firm, emphasizing the short term aspects of financial management. Computer simulations, comprehensive cases, and term project are required. Prerequisites: FIN 302 or FIN 332; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**FIN 490 Internship in Finance 1-3(Spec)**

Enrollment confined to a limited number of students working in business situations for educational experience. Prerequisites: permission of the department chairperson; admission to Professional Business Studies or listed on signed major or minor.

**FIN 491 Independent Studies 1-6(Spec)**

Directed reading or research on an approved topic. Open to seniors in good academic standing. Prerequisites: prior permission of instructor and department chairperson; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**FIN 492 Practicum in Small Business 3(Spec)**

Provides the student an opportunity to analyze the accounting, finance, marketing, management, and production systems of an ongoing small business. Identical to ACC/MGT/MKT/BIS 492. Credit may not be earned in more than one of these courses. Prerequisites: Permission of instructor; 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**FIN 497 Special Topics 1-6(Spec)**

Selected problems of interest to students which are not normally included in existing courses. Specific topic will be listed on the students transcripts. Prerequisites: 56 semester hours completed; admission to Professional Business Studies or listed on signed major or minor.

**FIN 498 Seminar In Financial Theory 3(3-0)**

Financial theories, such as utility and arbitrage pricing will be studied. The efficacy of the theory to the application of finance in the world will be discussed. Prerequisites: FIN 442; permission of instructor; 56 semester hours completed; admission to Professional Business Studies or listed on a signed major or minor.

**FIN 499 Advanced Financial Management 3(3-0)**

The capstone course in finance. Broad integrative topics within financial management are examined through cases, exams, and a written project. Required of finance majors. Prerequisites: FIN 302 or 332, 442, 448; 86 semester hours completed; Tier 2 admission to Professional Business Studies or listed on a signed major or minor. Recommended: FIN 472.

**FIN 573 International Finance 3(3-0)**

Role of financial manager in international corporations. Environmental problems of foreign exchange. Techniques for making investment decisions, financing marketing operations, long-term capital structure and flow of funds. Prerequisites: FIN 302 or FIN 332; 56 semester hours completed and admission to Professional Business Studies or listed on signed major or minor.

**FIN 597 Special Topics 1-3(Spec)**

Selected topics of interest to students which are not formally included in existing courses. Specific topic will be listed on student's transcript. Prerequisites: 56 semester hours completed and admission to Professional Business Studies or listed on signed major or minor, or permission of MBA director.

**FIN 671 Financial Derivatives 3(3-0)**

Advanced treatment of futures, options, and swaps. Emphasis is on how to use derivatives to manage risk as well as more advanced derivative pricing models. Prerequisites: MBA 669, admission to MBA, or permission of MBA director.

**FIN 674 Short Term Financial Management 3(3-0)**

Cash budgeting, working capital management; short and intermediate term financing. Prerequisite: MBA 669, admission to MBA, or permission of MBA director.

**FIN 676 Investment Strategy 3(3-0)**

Analysis of various theories and techniques available to achieve superior selection and management of securities. Prerequisites: MBA 669, admission to MBA.

**FIN 678 Long Term Financial Policies 3(3-0)**

Factors involved in formulation of long-term financial policies; corporate goals and objectives and the applications in capital budgeting decisions and financing. Prerequisite: MBA 669, admission to MBA, or permission of MBA director.

**FIN 791 Independent Studies 1-6(Spec)**

Directed reading or research on an approved topic. Prerequisite: permission of instructor and department chairperson and 15 hours of graduate credit in MBA program.

**FIN 797 Special Topics 3-6(Spec)**

Enables students to take various topics under the same number. Specific topic will be listed on the student's transcript. Prerequisites: graduate status and permission of instructor.

**FIN 798 Thesis 1-6(Spec)**

An approved thesis in finance. Thesis is directed by a committee in conformity with the Regulations and Directions for the Writing of the Master's Thesis. CR/NC only.

**FLN 197 Special Topics 1-8(Spec)**

For students beginning the study of a language or topic not offered in the regular program of this department.

**FLN 297 Special Topics 1-8(Spec)**

For students continuing the study of a language or topic not offered in the regular program of this department.

**FLN 397 Special Topics 1-12(Spec)**

For students continuing at the 300 level the study of a language or topic not offered in the regular program of this department. Prerequisites: permission of instructor and department chairperson.

**FLN 597 Special Topics 1-8(Spec)**

The in-depth study of a topic under the direction of a faculty member who together with a student designs the format of the study. Prerequisites: permission of instructor and department chairperson; at least 6 hours on the 400 level.

**FMD 044 Basic Skills in Apparel Construction 3(2-2)**

Basic construction techniques using commercial patterns. Class is designed to accommodate the student with minimal clothing construction experience. Students must receive a C or better to receive credit for this course. Credit in this course does not count toward the total number of hours required for the major, minor, or graduation. It does count in determining whether one is a full-time student. CR/NC only.

**FMD 140 Introduction to Clothing Construction & Design 3(2-2)**

Fundamental construction techniques as a foundational basis for apparel design students. Prerequisite: Successful completion of placement exam or FMD 044.

**FMD 141 Apparel Design Analysis 3(3-0)**

The apparel design process. Emphasis on the aesthetic component, including application of art elements/principles to visual design. Fashion as a process and product.

**FMD 155 Introduction to Textiles 3(2-2)**

Study of fiber, yarn, and fabric properties for fashion and functional garments; impact of various processes on end-use and serviceability; includes textile laboratory analysis. Credit may not be earned in both FMD 155 and IND 155.

**FMD 240 Advanced Apparel Construction 3(2-2)**

Advanced construction, alteration, and fitting techniques with attention to special fabric methods and use of appropriate apparel production equipment. Prerequisite: FMD 140.

**FMD 241 Apparel Design: Illustration 3(1-3)**

Introduction to graphic skills involved in drawing the fashion figure, garment sketching, and rendering of textures. Emphasis on portfolio development for the apparel designer. Prerequisites: FMD 140, FMD 141.

**FMD 246 Computer-Aided Design for Apparel 3(2-2)**

Development and production of textile and apparel designs and patterns via selected computer-software packages. Implications for use in the apparel industry. Prerequisites: Signed major in apparel merchandising & design with a concentration in apparel design or signed major in apparel merchandising & design with a concentration in apparel merchandising. For Apparel Design Concentration: FMD 140, 141, 155. For Apparel Merchandising Concentration: FMD 141, 155.

**FMD 250 History of Western Dress 3(3-0)**

*History of Western dress from ancient times to the 21st century. May be offered as Writing Intensive. This course may be offered in an online or hybrid format. (University Program Group I-B: The Arts)*

**FMD 252 Dress and Culture 3(3-0)**

*Appearance and dress as a reflection of social, psychological and cultural environments of humans; examination of dress as an aspect of culture and individual expression. This course may be offered in an online or hybrid format. (University Program Group III-B: Studies in Social Structure)*

**FMD 256 Introduction to Fashion Industry 3(3-0)**

A study of the complex of enterprises concerned with the design, production, and distribution of men's, women's and children's apparel and accessories. Prerequisites: FMD 141.

**FMD 330 Preprofessional Seminar in Apparel Merchandising and Design 2(2-0)**

Seminar prior to a supervised internship in an apparel merchandising/design firm or related business. Prerequisites: Signed major in apparel merchandising & design with a concentration in apparel design or signed major in apparel merchandising & design with a concentration in apparel merchandising. For Apparel Design Concentration: FMD 140, 155, 256. For Apparel Merchandising Concentration: FMD 155, 256. Pre/Co-requisites: For both Apparel Design Concentration and Apparel Merchandising Concentration: FMD 246. Recommended: For Apparel Design Concentration: any art studio course or FMD 546. For Apparel Merchandising Concentration: BLR 325/WGS 325 or MGT 320 or MGT 357 or ACC 201 or MKT 340.

**FMD 332 Fashion Buying 3(2-2)**

Fundamentals of the fashion buying function: practices, procedures, and techniques including merchandising calculations and buying simulation. Prerequisites: FMD 256, BIS/CPS 106, successful completion of math competency.

**FMD 345 Apparel Design Methods 3(2-2)**

Introduction to flat pattern as a method of apparel design. Effects of design method, fabric, construction, and creativity on design product. Pre/Co-requisite: FMD 240, FMD 241.

**FMD 346 Advanced CAD for Apparel 3(2-2)**

Apparel design and production techniques using computer systems and CAD software. Web site development, portfolio development, and CAD related career exploration. Prerequisites: FMD 246.

**FMD 350 Professional Study Tour 2-3(Spec)**

Tours to relevant sites within merchandising and design industries which may include producers, trademarts, museums, etc. Credit based on tour content and depth of study. CR/NC only.

**FMD 355 Textile Analysis 3(2-2)**

Use of standardized testing in quality control of textiles for end-use and serviceability. Prerequisite: FMD 155.

**FMD 356 Visual Merchandising 3(1-3)**

Visual Merchandising for fashion product promotion and branding. Techniques of styling and window display. Creation of merchandising directives. Professional practice via team-based project completion. This course may be offered in an online or hybrid format. Prerequisites: FMD 246, 256.

**FMD 357 Fashion Show Production & Promotion 3-6(Spec)**

Experiential course involving aspects of fashion show production. Event design, planning, staging, and promotion. This course may be offered in an online or hybrid format. Prerequisites: A minimum of 24 completed credits.

**FMD 358 Multichannel Fashion Merchandising 3(3-0)**

In-depth examination of multichannel fashion merchandising including topics such as store locations, catalog and web merchandising, mobile commerce, TV home shopping, and virtual fashion. Prerequisites: FMD 246, 256.

**FMD 397 Special Topics in Apparel Merchandising & Design 1-6(Spec)**

Topics of special interest which are not normally included in existing courses. Prerequisites: See Course Search and Registration.

**FMD 401 Internship in Apparel Merchandising and Design 4(Spec)**

A structured internship experience that fosters transfer of knowledge and skill into competencies required for successful performance in an apparel merchandising or design career. Prerequisites: FMD 330.

**FMD 410 Fashion Advertising and Promotion 3(3-0)**

A study of key fashion media, cutting-edge strategies, and techniques for branding, advertising and promoting fashion products. Prerequisites: FMD 256. Pre/Co-requisites: FMD 246, 330.

**FMD 457 Portfolio Techniques 3(3-0)**

A Capstone course to develop a professional portfolio and an e-portfolio integrating knowledge across the curriculum, experiential learning, technical presentation and communication skills. Prerequisites: FMD 401; senior standing.

**FMD 490 Independent Study in Apparel Merchandising and Design 1-6(Spec)**

A student-initiated learning activity focusing on a faculty approved topic in Apparel Merchandising and Design. Prerequisite: Permission of instructor.

**FMD 497 Special Topics in Apparel Merchandising & Design 1-15(Spec)**

Topics of special interest which are not normally included in existing courses. Prerequisites: See Course Search and Registration.

**FMD 510 Luxury Fashion Brand Management 3(3-0)**

The course provides an in-depth understanding of the international luxury fashion industry and the unique aspects involved in managing luxury fashion brands. This course may be offered in an online or hybrid format. Prerequisite: FMD 246, 358, or graduate status.

**FMD 545 Introduction to Draping 3(2-2)**

Interpretation of garment designs developed through the draping on dress forms. Prerequisites: FMD 241 and FMD 345 or graduate status.

**FMD 546 Experimental CAD for Apparel 3-9(Spec)**

Creative use of CAD software as applied to standards prevalent in the design, manufacture or presentation of apparel. May be taken for credit more than once if different software is being used; total credit not to exceed nine hours. Prerequisites: Permission of instructor.

**FMD 547 Functional Apparel Design 3(2-2)**

A systematic approach to apparel design integrating knowledge of the needs and functions of the wearer, the structural properties of textiles and apparel design. Prerequisites: FMD 241, FMD 345, FMD 355.

**FMD 550 Global Apparel Supply Chain Management 3(3-0)**

Global Textile and apparel trading systems from the perspective of their operational issues including global business process applications, apparel supply chain management and global logistics. This course may be offered in an online or hybrid format. Prerequisites: 56 semester hours with at least 12 hours in apparel merchandising and design courses including FMD 401.

**FMD 556 Advanced Visual Merchandising 3(1-3)**

Advanced practice of Visual Merchandising. Creative window and store interior display work. Use of 3D printing for prop and fixture design. Focus on portfolio development. This course may be offered in an online or hybrid format. Prerequisite: FMD 346, 356 or graduate standing.

**FMD 560 Apparel Product Development 3(2-2)**

Integration of merchandising and design functions through team-based and case-based study, and/or industry collaboration as a total process for apparel product development. Prerequisites: Signed major in Apparel Merchandising & Design with a concentration in Apparel Design or signed major in Apparel Merchandising & Design with a concentration in Apparel Merchandising. For Apparel Design concentration: FMD 246, 345, 355, 401; Pre/Co-requisite: FMD 550. For Apparel Merchandising Concentration: FMD 246, 355, 358, 401; Pre/Co-requisite: FMD 550. Or admission to College of Graduate Studies.

**FMD 570 The Business and Design of European Fashion 3(Spec)**

A short term (three weeks) faculty led study abroad program examining the business and design of European fashion including haute couture. Prerequisites: FMD 141, 256, minimum GPA of 2.5, and permission of instructor. Recommended: FMD 140.

**FMD 597 Special Topics in Apparel Merchandising & Design 1-15(Spec)**

Topics of special interest which are not normally included in existing courses. Specific topic will be listed on student's transcript. Prerequisite: See Course Search and Registration.

**FMD 604 Scholarship in Textiles and Clothing 3(3-0)**

Overview of research in textiles and clothing with emphasis on current future directions of the field. Prerequisite: Enrollment in the Apparel Product Development and Merchandising Technology graduate program.

**FMD 608 Historical Fashion Studies 3(3-0)**

Advanced investigation of dress history within cultural, political, and economic contexts. Historiography for dress related scholarship. This course may be offered in an online or hybrid format. Prerequisite: FMD 250 or three credits of history or art history at the 400 level or above.

**FMD 635 Advanced Internship in Textiles & Apparel 1-6(Spec)**

A structured internship experience that fosters the application of advanced technology and creative skills in a textile/apparel professional setting. Prerequisites: 12 hours of graduate coursework in Apparel Product Development and Merchandising Technology.

**FMD 640 Anthropometrics and Apparel 3(2-2)**

Examination of human factors and their relationship to designed products. Quantification of body sizes and human variation using body scanning technology. Prerequisite: Admission to the Apparel Product Development and Merchandising Technology graduate program.

**FMD 641 Apparel Presentation Technology 3(2-2)**

Software applications specific to apparel presentation in retail and virtual environments. Emphasis on creation of planograms for product display. Prerequisites: FMD 246. Admission to the Apparel Product Development and Merchandising Technology graduate program.

**FMD 655 Textile Product Evaluation 3(2-2)**

Appropriate selection, use, and adaptation of standardized tests for textile product evaluation, familiarity with technological advances; and exploration of innovative use of textiles. Prerequisites: Admission to the Apparel Product Development and Merchandising Technology graduate program.

**FMD 656 Apparel Retail Technology 3(3-0)**

In-depth study of the principal apparel retail technologies and systems currently being developed and used for internal retail management and for global supply chain management. This course is approved for offering in a distance learning format. Prerequisites: Admission to the Apparel Product Development and Merchandising Technology graduate program.

**FMD 697 Special Topics in Apparel Merchandising & Design 1-15(Spec)**

Topics of special interest which are not normally included in existing courses. Specific topic will be listed on student's transcript.

**FMD 790 Independent Study in Apparel Merchandising & Design 2-6(Spec)**

Student-initiated study in an area not covered in regular courses guided by faculty or faculty committee. Prerequisites: Permission of instructor.

**FMD 797 Special Topics in Apparel Merchandising & Design 1-15(Spec)**

Topics of special interest which are not normally included in existing courses. Specific topic will be listed on student's transcript.

**FMD 798 Thesis in Apparel Merchandising & Design 1-6(Spec)**

Individual research or creative endeavor culminating in a written thesis and/or exhibition of work. CR/NC only. Prerequisites: Permission of instructor.

**FNS 160 Introduction to Foods 3(2-2)**

Basic principles and fundamental processes underlying food preparation. Prerequisite: Listed on a signed major or minor or less than 56 semester hours completed.

**FNS 261 Foodservice Catering for Events 3(3-0)**

A comprehensive study of managing the foodservice component to an event including food and beverage planning and costs, table and room settings, and menu planning. Prerequisite: Signed Event Management Minor.

**FNS 263 Beverages In Foodservice 3(3-0)**

A study of the sources, production, storage and service of coffee, tea, carbonated beverages, beer, wine, and spirits.

**FNS 271 Food and Culture in the United States 3(3-0)**

Characteristics and effects of food choices among culturally diverse groups within the United States.

**FNS 361 Experimental Foods 3(2-2)**

Experimental approach to the study of food: physical and chemical properties, food product development, sensory evaluation, food analyses, food engineering, and food biotechnology. Prerequisites: FNS 160; CHM 342; STA 282 or HSC 544; senior standing in Dietetics.

**FNS 363 Food Safety and Sanitation 1(1-0)**

Safe handling of foods as related to purchase, storage, preparation, and service. Certification in sanitation by the National Education Foundation is earned by passing exam. Prerequisites: FNS 160.

**FNS 364 Foodservice Operations 3(3-0)**

A systems approach to the production and preparation of food in quantity, including food safety and sanitation, recipe analysis, and distribution. Prerequisite: FNS 160.

**FNS 365 Quantity Food Production 2(2-0)**

The principles of production: standardized recipes; schedules; forecasting; quality and hazard analysis; yields; principles of cookery in quantity; kitchen departmentalization; production, distribution and service systems. Successful completion of the Michigan Occupational Competency Assessment Center's exam in food management results in credit for this course. Prerequisite: FNS 160.

**FNS 366 Quantity Food Production Laboratory 2(0-4)**

Techniques of food preparation in quantity using a wide variety of equipment. Application of the principles of procurement, food production, safety, sanitation, distribution and service. Successful completion of the Michigan Occupational Competency Assessment Center's exam in food management results in credit for this course. Prerequisites: FNS 160, FNS 363, FNS 365.

**FNS 367 Institutional Food Production Laboratory 1(0-2)**

Techniques of institutional food preparation and service using a wide variety of equipment. Service to the institution's target population will be emphasized. Prerequisites: FNS 363 with ServSafe Certification, FNS 365, FNS 370.

**FNS 370 Nutrition 3(3-0)**

*Principles of normal nutrition as related to the health of all age groups. This course may be offered in an online or hybrid format. (University Program Group II-A: Descriptive Sciences)*

**FNS 371 Nutrition & Women's Health 3(3-0)**

Study of women's health concerns and nutritional needs. This course focuses on basics of healthy living and common major conditions that affect women's health. Prerequisite: FNS 370.

**FNS 373 Contemporary Nutritional Issues 3(3-0)**

Contemporary nutritional issues, fads and myths reviewed under current research. This course focuses on current issues in nutrition research and proposes healthy behavioral lifestyle strategies. Prerequisite: FNS 370.

**FNS 374 Nutrition in the Life Cycle 4(4-0)**

Nutritional needs across the life span. Introduction to nutritional assessment methods, the physiological basis for nutritional recommendations, and evaluation of nutrition related research. Prerequisite: FNS 370.

**FNS 375 Nutrition and Performance 3(3-0)**

Focus is upon sports nutrition for athletes and individuals in recreation. Analysis of the interaction among energy expenditure, fuel needs and utilization, and all nutrients. Prerequisites: FNS 370.

**FNS 377 Nutrition in Disabilities and Disease 3(3-0)**

Principles of nutrition as related to individuals with developmental disabilities or disease. Prerequisite: FNS 370.

**FNS 378 Maternal and Infant Nutrition 3(3-0)**

This course covers the latest research related to women's nutritional requirements throughout their reproductive years including pre- conceptual, antenatal and postnatal period, and infant nutritional requirements. Prerequisite: FNS 370.

**FNS 397 Special Topics in Foods and Nutrition 1-6(Spec)**

Topics of special interest which are not normally included in existing courses. Prerequisites: See Course Search and Registration.

**FNS 463 Menu Planning: Design and Service 3(3-0)**

Concepts of menu design: copy, layout, types, design, nutrition, construction, pricing techniques and consistency of concept. Service styles and front-of-the-house management presented. Prerequisite: FNS 370.

**FNS 465 Foodservice Facilities Design 3(3-0)**

Creating a foodservice facility design including: concept development, market analysis, menu, equipment, building size and space, and marketing the operation to the target market. Prerequisites: FNS 365, 463.

**FNS 467 Quantity Food Purchasing 3(3-0)**

Interaction with intermediaries, buying methods, identification and specifications for food and non-food items presented. Prerequisites: FNS 160.

**FNS 468 Foodservice Internship 3(Spec)**

An internship of 240 hours in food production. FNS 566 may be a substitution for this course on the Foodservice major for students demonstrating one or more years of qualifying experience. Approval of instructor required. Prerequisites: FNS 365, FNS 366, FNS 465, FNS 467.

**FNS 469 Foodservice Systems Administration 3(3-0)**

Study of institutional foodservices systems including purchasing, storage controls, cost containment, personnel selection and development, organizing, leadership, decision making, and facilities control. Prerequisites: FNS 160, 364, admission into the professional phase of the Dietetics Program.

**FNS 470 Applied Nutrition 3(3-0)**

A detailed examination of human nutritional needs and how nutritional science can be applied to meet those needs in health and disease. Prerequisites: FNS 370.

**FNS 471 Medical Nutrition Therapy I 3(3-0)**

This course addresses the application of medical nutrition therapy in the treatment and management of injury, illness and other disease conditions. Prerequisites: FNS 370, CHM 421 or 521, BIO 392 or HSC 214 and 215; admission to the Professional Phase of the dietetics program. Pre/Co-requisite: FNS 473.

**FNS 472 Medical Nutrition Therapy II 3(3-0)**

The application of medical nutrition therapy in the treatment and management of injury, illness, and other disease conditions. Prerequisites: FNS 471, admission to the Professional Phase of the Dietetics Program.

**FNS 473 Advanced Nutrition 4(4-0)**

Biological needs in human nutrition based on current research and its applications. Prerequisites: FNS 370; BIO 392; CHM 421 or CHM 521.

**FNS 475 Nutritional and Herbal Supplements 3(3-0)**

The potential impact of non-nutrient components in food, nutritional supplements, and herbs in the prevention and treatment of disease via integrative and alternative medical approaches. Prerequisite: FNS 370.

**FNS 477 Assessing Nutritional Status 2(1-2)**

Introduces dietary, anthropometric, biochemical, and clinical approaches to assessing nutritional status. Prerequisite: FNS 370.

**FNS 479 Professional Issues in Dietetics 1(1-0)**

An analysis of the profession of dietetics: Careers, issues and trends. Preparation for acquisition of an American Dietetics Association approved internship. Prerequisites: Senior standing, signed Dietetics major.

**FNS 490 Independent Study in Foods and Nutrition 1-6(Spec)**

A student-initiated learning activity focusing on a faculty approved topic in Dietetics or Foodservice Administration. Prerequisite: Permission of instructor.

**FNS 497 Special Topics in Foods and Nutrition 1-15(Spec)**

Topics of special interest which are not normally included in existing courses. Prerequisites: See Course Search and Registration.

**FNS 512 Food and Nutrition in Developing Countries and in Emergencies 3(3-0)**

Nutritional issues of developing countries and in emergencies explored in depth, including assessment, prevention, and relief. This course may be offered in a hybrid or online format. Prerequisites: FNS 370, junior, senior or graduate status. Recommended: FNS 271.

**FNS 560 Field Experience in International Nutrition 3(Spec)**

Faculty-led study abroad course to acquire hands-on experience in the assessment, prevention and relief of nutritional and public health problems in developing countries. Prerequisite: FNS 370, minimum GPA of 2.5, age 18 years or older. Recommended: FNS 271, 512.

**FNS 570 Nutritional Education 4(4-0)**

Teaching strategies, advising techniques, resources, and motivational techniques as specifically applied to patients/clients in nutrition programs and patient/clients receiving nutrition services. Pre/Co-Requisite: FNS 471.

**FNS 573 Field Work: Community Nutrition 3(Spec)**

Consulting, teaching and supportive research experiences in the field with a nutritionally vulnerable group. Prerequisites: FNS 370 and FNS 570.

**FNS 575 Geriatric Nutrition 3(3-0)**

A detailed description of nutrition for the elderly, including special nutritional considerations, food selection patterns, nutritional status and strategies for disease prevention. Identical to GRN 575. Credit may not be earned in more than one of these courses. Recommended: FNS 370.

**FNS 577 Advanced Topics in Nutrition: Eating Disorders 3(3-0)**

Analysis of factors involved in etiology, assessment, medical consequences, treatment and prevention of eating disorders. Recommended: FNS 370. This course is approved for offering in a distance learning format.

**FNS 597 Special Topics in Foods and Nutrition 1-15(Spec)**

Topics of special interest which are not normally included in existing courses. Specific topic will be listed on student's transcript. This course is approved for offering in a distance learning format. Prerequisites: See Course Search and Registration.

**FNS 661 Macronutrients 3(3-0)**

Advanced study of nutrition, metabolism, and function of proteins, carbohydrates and lipids as related to human health and disease. This course is approved for offering in a distance learning format. Prerequisites: Admission to the Master of Science in Nutrition and Dietetics or permission of instructor.

**FNS 662 Micronutrients 3(3-0)**

Advanced study of the nutrition, metabolism, and function of vitamins and minerals as related to human health and disease. This course is approved for offering in a distance learning format. Prerequisites: Admission to the Master of Science in Nutrition and Dietetics or permission of instructor.

**FNS 670 Seminar: Nutrition 1-3(Spec)**

Student review and presentation of specific topics of current research in nutrition. This course is approved for offering in a distance learning format. Prerequisites: Admission to the Master of Science in Nutrition and Dietetics or permission of instructor.

**FNS 671 Advanced Topics in Nutrition: Geriatrics 3(3-0)**

Presents key concepts in geriatric nutrition. Provides students with skills needed to evaluate and utilize information regarding nutrition in health and disease among the elderly. Prerequisites: Admission to the Master of Science in Nutrition and Dietetics or permission of instructor.

**FNS 672 Advanced Clinical Nutrition 3(3-0)**

Advanced concepts of diet therapy and care for a variety of clinical disorders with nutritional implications. Includes coverage of enteral and parental nutrition. This course is approved for offering in a distance learning format. Prerequisites: Admission to the Master of Science in Nutrition and Dietetics or permission of instructor.

**FNS 673 Advanced Nutritional Assessment 3(3-0)**

Presents techniques for nutritional assessment of individuals and groups: evaluation of dietary intake, anthropometry, nutritional analysis software, and biochemical, and clinical indices. This course is approved for offering in a distance learning format. Prerequisites: Admission to the Master of Science in Nutrition and Dietetics or permission of instructor.

**FNS 674 Dietetic Internship: Clinical Experience 5(Spec)**

Application of dietary principles to human pathophysiologic status through documenting and counseling individuals, assessing, educating groups, and planning in an acute care environment. Prerequisites: registration is restricted to students accepted into the Central Michigan University Dietetic Internship and the College of Graduate Studies. In some cases, 12 credits may be earned through examination to substitute for the dietetic internship experience.

**FNS 675 Dietetic Internship: Foodservice Administration Experience 5(Spec)**

Application of administrative principles (budget decisions, cost containment, personnel management, leadership) involved in the production, distribution, and service of food in hospitals and schools. Prerequisites: Registration is restricted to students accepted into the Central Michigan University Dietetic Internship and the College of Graduate Studies. In some cases, 12 credits may be earned through examination to substitute for the dietetic internship experience.

**FNS 676 Dietetic Internship: Summary Experience 2(Spec)**

Integration and application of clinical, foodservice, and community nutrition principles and their implementation in acute care settings. Prerequisites: FNS 674 and FNS 675; registration is restricted to students accepted into the Central Michigan University Dietetic Internship and the College of Graduate Studies. In some cases, 12 credits may be earned through examination to substitute for the dietetic internship experience.

**FNS 677 Nutritional Epidemiology 3(3-0)**

Presents key concepts of nutritional epidemiology. Enables students to evaluate clinical research investigating the role of nutrition in disease causation and health promotion. This course is approved for offering in a distance learning format. Prerequisites: Admission to the Master of Science in Nutrition and Dietetics or permission of instructor.

**FNS 678 Research Methods in Nutrition 3(3-0)**

Students will review research methods, read and analyze related literature and develop a proposal for practice-oriented nutrition research. This course is approved for offering in a distance learning format. Prerequisites: Admission to the Master of Science in Nutrition and Dietetics or permission of instructor.

**FNS 679 Advanced Topics in Nutrition: Obesity 3(3-0)**

Current theories and analysis of factors contributing to overweight and obesity throughout the lifespan; intervention and weight management options presented. Prerequisites: Admission to the Master of Science in Nutrition and Dietetics or permission of instructor.

**FNS 697 Special Topics in Dietetics 1-15(Spec)**

Topics of special interest which are not normally included in existing courses. Specific topic will be listed on student's transcript. This course is approved for offering in a distance learning format.

**FNS 790 Independent Study in Dietetics 2-6(Spec)**

Student-initiated study in an area not covered in regular courses guided by faculty or faculty committee. Prerequisites: FNS 678.

**FNS 797 Special Topics in Nutrition 1-15(Spec)**

Topics of special interest which are not normally included in existing courses. Specific topic will be listed on student's transcript. This course is approved for offering in a distance learning format.

**FNS 798 Thesis in Dietetics 1-6(Spec)**

Individual research or creative endeavor culminating in a written thesis and/or exhibition of work. CR/NC only. Prerequisites: FNS 678.

**FRN 101 Elementary French I 4(4-0)**

*Designed for students who have had no French. Basic language skills. Introduction to the culture of the French-speaking countries. Students who have had previous preparation in French are required to take a placement test. Students who have had more than two years of high school French may not enroll without permission of instructor. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**FRN 102 Elementary French II 4(4-0)**

*Basic language skills. Continuation of FRN 101. Recommended: FRN 101. (University Program Group IV-B: Studies in Global Cultures)*

**FRN 110 Study Abroad 1-8(Spec)**

Intended for beginning students studying abroad.  
Prerequisite: permission of instructor.

**FRN 201 Intermediate French I 4(4-0)**

*Review of grammar and further development of all language skills. Recommended: FRN 102. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**FRN 202 Intermediate French II 4(4-0)**

*Review of grammar and further development of all language skills. Recommended: FRN 201. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**FRN 210 Study Abroad 1-18(Spec)**

Intended for intermediate students studying abroad.  
Prerequisites: FRN 102.

**FRN 310 Study Abroad 1-18(Spec)**

Intended for advanced students studying abroad.  
Prerequisites: FRN 202; permission of instructor.

**FRN 315 Conversation & Composition I 3(3-0)**

Building advanced communicative skills in French through practical composition and conversation. Refinement of grammar. Recommended: FRN 202.

**FRN 316 Conversation & Composition II 3(3-0)**

Building advanced communicative skills in French through practical composition and conversation. Refinement of grammar. Recommended: FRN 202.

**FRN 320 French Civilization 3(3-0)**

A study of various aspects of French culture from its beginnings through the nineteenth century. Recommended: FRN 202.

**FRN 321 France Today 3(3-0)**

Various aspects of the political, social, economic, intellectual, artistic, and literary life of contemporary France. May be offered as Writing Intensive. Recommended: FRN 202.

**FRN 330 Survey of French Literature (Beginning to 1800) 3(3-0)**

Develops acquaintance with the literature of France from the Middle Ages to 1800 through selections from representative authors. Recommended: FRN 202.

**FRN 331 Survey of French Literature (1800 to Present) 3(3-0)**

General acquaintance with the literature of France from 1800 to the present. Selections from representative authors. Recommended: FRN 202.

**FRN 333 Francophone Literature and Culture 3(3-0)**

This course examines Francophone prose, poetry and film selections. May be offered as Writing Intensive. Recommended: FRN 202.

**FRN 335 French for Business 3(3-0)**

Designed for students interested in acquiring vocabulary related to business and in developing fluency in writing and reading business letters and reports. Recommended: FRN 202.

**FRN 350 French and Francophone Film 3(3-0)**

A study of French-language film within the context of French and francophone cultures. Recommended: FRN 202.

**FRN 353 Youth Literature in French 3(3-0)**

An examination of selected children's and young adult literature from France and the Francophone world. May be offered as Writing Intensive. Recommended: FRN 202.

**FRN 370 French Pronunciation and Diction 3(3-0)**

Study of phonetics and practice of intonation and pronunciation patterns. Recommended: FRN 202.

**FRN 391 Topics in French and Francophone Cultures 1-12(Spec)**

Topics of interest in French and francophone literature and civilization. Students may repeat the course as long as the topic differs.

**FRN 410 Study Abroad 1-12(Spec)**

Intended for advanced students studying abroad.  
Prerequisites: 6 hours of French at the 300 level; permission of instructor.

**FRN 411 Practicum in Teaching French 3(2-1)**

Techniques for teaching and testing foreign language skills, planning lessons and units, and selecting materials for secondary-level classrooms. Practical experience through mini-teaching situations. Prerequisites: Two 300-level courses; passing the competency test; departmental permission.

**FRN 412 Practicum: Secondary Field Experience 1(Spec)**

Pre-student teaching experience in middle or high school teaching situation. CR/NC only. Co-requisite: FRN 411.

**FRN 420 Literature and Culture of Quebec 3(3-0)**

A study of various aspects of Quebec society and a few of Quebec's major writers. May be offered as Writing Intensive. Recommended: Two 300-level French courses.

**FRN 421 Foreign Language in Elementary Schools 1(1-0)**

Techniques for teaching and testing foreign language skills, planning lessons and units, and selecting materials for the elementary school classroom. Practical experience through mini-teaching situations. Co-requisites: FRN 411.

**FRN 422 Practicum: Elementary Field Experience 1(Spec)**

Pre-student teaching experience in elementary school teaching situation. CR/NC only. Co-requisite: FRN 421.

**FRN 423 France at War in the 20th Century 3(3-0)**

From the late 19th-century roots of World War I through the aftermath of the Algerian War, this course examines representations of France's major 20th-century conflicts. May be offered as Writing Intensive. Recommended: Two 300-level French courses.

**FRN 510 Study Abroad 1-12(Spec)**

Intended for advanced undergraduate and graduate students studying abroad. Prerequisites: 6 hours of French at the 400 level; permission of instructor.

**FRN 531 Practicum in French Stylistics 3(3-0)**

Study and analysis of composition and style. Recommended: FRN 315, FRN 316; 6 additional FRN credit hours in courses 300 or above.

**FRN 591 Advanced Topics in French and Francophone Cultures 1-6(Spec)**

Advanced study of topics of interest in French and francophone literatures and civilizations. Credit hours vary; may be repeated for different topics. Recommended: FRN 315 or 316.

**FRN 597 Independent Study 1-6(Spec)**

The in-depth study of a topic under the direction of a faculty member who together with a student designs the format of the study. Prerequisites: At least 6 FRN credit hours at the 300 level or above; permission of the instructor and department chairperson.

**FYE 101 First Year Experience 1(1-0)**

Provides an understanding of the university environment, value of learning, career guidance and student responsibilities. This course is approved for offering in an online or hybrid format. Prerequisite: only open to students in their first year at CMU.

**FYE 301 Mentor First-Year Experience 3(2-2)**

This course provides a theoretical foundation, practical knowledge and skill development for the role of First-Year Experience (FYE 101) Mentor.

**GEL 100 Introduction to Earth Systems 3(2-2)**

*A discovery-based introductory examination of the processes that shape our planet. Topics include the rock cycle, earthquakes, volcanoes, the Ice Age, and plate tectonics. Satisfies University Program Group II laboratory requirement. Credit may not be earned in both GEL 100 and GEL 101, 102, 105 or 130. (University Program Group II-A: Descriptive Sciences)*

**GEL 101 Physical Geology 3(3-0)**

*An introduction to the surficial and internal earth processes that shape our world. Topics include plate tectonics, minerals, rocks, volcanoes, earthquakes, and the Ice Age. Credit may not be earned in both GEL 101 and GEL 100, GEL 105, or GEL 130. This course is approved for offering in a distance learning format. (University Program Group II-A: Descriptive Sciences)*

**GEL 102 Physical Geology Laboratory 1(0-2)**

*Laboratory study of minerals, rocks, maps, and geologic processes. Satisfies University Program Group II laboratory requirement. Credit may not be earned in GEL 102 and 100 or 130. This course may be offered in an online or hybrid format. Pre/Co-Requisite: GEL 101 or 105. (University Program Group II-A: Descriptive Sciences)*

**GEL 105 Dangerous Planet 3(3-0)**

*A survey of the socially important geological topics that affect people and their environment with a focus on natural and anthropogenic geologic hazards. This course may be offered in an online or hybrid format. Credit may not be earned in both GEL 105 and 100, 101, or 130. (University Program Group II-A: Descriptive Sciences)*

**GEL 130QR Earth Processes 3(2-2)**

*Introduces geologic processes from a quantitative perspective. Students will investigate, graph, and calculate rates and scales of processes including earthquakes, volcanic eruptions, and groundwater flow. Satisfies University Program Group II laboratory requirement. Credit may not be earned in both GEL 130 and 100, 101, 102, or 105. Quantitative Reasoning. (University Program Group II-B: Quantitative and Mathematical Sciences)*

**GEL 201 Earth History 3(2-2)**

The Earth's history as revealed in the rock record. Geologic processes and concepts are applied to the evolution of North America and life through geologic time. Prerequisites: One of: GEL 100; or GEL 101, 102; or GEL 105, 102; or GEL 130.

**GEL 203 Geology of the National Parks 3(3-0)**

Study of the geologic processes responsible for creating the areas set aside as National Parks and National Monuments. Recommended for the traveler, naturalist, or park administrator.

**GEL 205 Oceanography 3(3-0)**

*Introduction to the properties and movements of ocean waters; to marine life, the ocean floors, and the effects of the oceans on humans. This course may be offered in an online or hybrid format. Identical to GEO 205, credit may not be earned in both courses. (University Program Group II-A: Descriptive Sciences)*

**GEL 230 Prehistoric Life 3(3-0)**

*An introduction to the history of life on Earth. Topics include geologic time, plate tectonics, evolution, origin of life, and the evolutionary history of vertebrates. (University Program Group II-A: Descriptive Sciences)*

**GEL 250 Geoscience Mapping and Resource Evaluation 3(3-0)**

This course explores applications that aid in the analysis of geoscience data. Integration of various geospatial data sources and analysis pertinent to geoscientists. Identical to MET 250; credit may not be earned in both of these courses. Prerequisites: GEO 203; One of: MET 101 or MET 140 or MET 260 or GEL 100 or GEL 101, 102 or GEL 105, 102 or GEL 130.

**GEL 275 Special Problems in Geology 1(Spec)**

A study of special topics presented on demand when sufficient students and interested faculty are available.

**GEL 280 Geomath 2(0-4)**

Students learn to solve geoscience-specific problems through application of quantitative methods, graphs, and spreadsheets. Prerequisites: MTH 132; One of: GEL 100 or GEL 101, 102 or GEL 105, 102 or GEL 130.

**GEL 290 Introduction to Geologic Investigation 3(2-2)**

An introduction to methods of geologic research and investigation. Topics include information gathering (library, Internet), field methods (observations, measurements, sampling, map-making), and report writing. Prerequisites: GEL 101 or GEL 105, and GEL 102; or GEL 100 or GEL 130.

**GEL 301 Geology and Michigan 3(3-0)**

An introduction to geological processes as they apply to the past and present geologic history of Michigan. Particularly recommended for students in education. Not recommended for students who have completed GEL 101. Recommended: GEL 102 co-registration.

**GEL 303 Oceanography: Marine Geology 3(3-0)**

Introduction to methods and equipment used to study the geology of ocean floors and the dynamic processes responsible for the formation of ocean basins. Prerequisites: one of: GEL 100, GEL 101, GEL 105, GEL 130, GEL 203, GEL 301, or GEO/GEL 205.

**GEL 304 Earth Resources 3(3-0)**

Mineral, energy, water, and soil resources, including geological origin, location, extraction, and environmental consequences of their usage. Prerequisites: GEL 101 or 105, and GEL 102; or GEL 100 or 130.

**GEL 305 Engineering Geology 3(3-0)**

Application of geologic processes and quantitative methods to analyze engineering problems involving soils, rocks, surface water and groundwater. Prerequisites: GEL 201; MTH 130; PHY 130 or 145. Recommended: MTH 132.

**GEL 308 Introduction to Hydrologic Systems 3(2-2)**

Study of Earth as a hydrologic system, including quantification of surface, subsurface, and atmospheric flows, interactions between compartments of the hydrologic cycle, and hydrologic hazards. Prerequisites: GEL 101 or 105, and 102; or GEL 100 or 130; or MET 240; MTH 105. Recommended: GEL 280.

**GEL 310 Introductory Mineralogy 4(3-3)**

Introduction to crystallography. Physical and chemical properties, and descriptions of basic groups and classifications of minerals. Field trip fee required. Prerequisites: GEL 101 or 105, and 102; or GEL 100 or 130. Pre/Co-requisites: CHM 131; GEL 280.

**GEL 320 Earth Materials 3(2-3)**

Origin, interpretation, and hand-specimen identification of natural materials including minerals, rocks, and various mineral and energy resources; for non-geology majors. Field trip fee required. Prerequisites: GEL 101 or 105, and 102; or GEL 100; or GEL 130.

**GEL 321 Petrology 3(2-3)**

Genesis and evolution of igneous and metamorphic rocks. Identification, description of hand samples and thin-sections emphasizing petrogenesis. Optical mineralogy of common rock-forming minerals. Field trip fee required. Prerequisites: GEL 290, 310; Pre/Co-requisite: CHM 132.

**GEL 325 Glacial Morphology and Landforms 3(3-0)**

Patterns and processes in the formation and distribution of selected glacial features. Prerequisite: GEL 290.

**GEL 331 Field Petrology 2(Spec)**

Introduction to techniques of structural analyses and geochemical sampling in crystalline rock. Field descriptions and note-taking skills stressed during 1-3 week field excursion. Field trip fee required. Prerequisites: GEL 310, GEL 321.

**GEL 370 Structural Geology 3(2-3)**

Theoretical and applied study of structures developed by deformation of the Earth's crust and their tectonic environment. Field trip fee required. Prerequisites: GEL 201, 280, 290.

**GEL 372 Introduction to Geophysics 3(2-3)**

A survey of the physical properties and structure of the earth, and the basic geophysical techniques by which they are known. Field trip fee required. Prerequisites: GEL 280; PHY 145.

**GEL 380 Hydrogeology 3(2-3)**

Introduction to the study of groundwater: groundwater occurrence and flow, groundwater in the hydrological cycle, groundwater quality and pollution, groundwater exploration, evaluation, and management. Field Trip Fee Required. May be offered as Writing Intensive. Prerequisites: GEL 101 or 105, and GEL 102; or GEL 100 or 130; MTH 132 with a C- or better. Recommended: GEL 280.

**GEL 385 Introductory Petroleum Geology 3(2-2)**

Petroleum deposits of the earth: location, origin, and occurrence. Technical aspects of exploration and production, emphasizing petroleum and natural gas formations of Michigan. Prerequisite: GEL 201.

**GEL 397 Independent Study 1-3(Spec)**

Qualified self-directed students may explore topics of special interest with faculty guidance. Prerequisites: One GEL course at 200 level or above; and permission of instructor.

**GEL 403 Geochemistry Laboratory 1(0-3)**

Fundamentals of research and problem solving utilizing geochemical analytical methods. Emphasizes project planning, sampling techniques, data collection and interpretation. Pre/Co-Requisites: GEL 402 or GEL 460.

**GEL 406 Senior Thesis 3(Spec)**

Senior level research project approved by the geology faculty. Results of the research project must be presented in a written thesis and oral report. Prerequisite: Senior standing; permission of both instructor and department chairperson.

**GEL 413 Geomorphology 3(3-0)**

Geologic approach to geomorphology with emphasis on quantitative analysis, dynamics of landform evolution, and use of geomorphology in solving geologic problems. Prerequisites: GEL 320 or GEL 321; ESC 210 and STA 282 recommended.

**GEL 420 Applied Geostatistics 3(2-2)**

Application of geostatistical methods to various scientific and engineering domains. Emphasis on analyzing and interpreting spatial data. Kriging, variography and simulation methods. Prerequisites: GEL 280, 290; GEL/MET 250. Recommended: MTH 223; STA 382.

**GEL 430 Invertebrate Paleontology 3(2-3)**

A general survey of the taxonomy, phylogeny, identification, stratigraphy, and paleoecology of the major fossil invertebrate groups. Field trip fee required. Prerequisites: GEL 201. Recommended: BIO 110, 218.

**GEL 440 Stratigraphy and Sedimentology 3(2-3)**

Stratigraphy is concerned with the study of layered rocks and their interrelationships. Sedimentology considers properties of sedimentary rocks that allow interpretations of depositional processes. Field trip fee required. Prerequisites: GEL 201, 290; GEL 310 or GEL 320.

**GEL 450 Geology Field Camp 5(Spec)**

Actual field experience in mapping and interpreting various terrains. Student will construct a map and write a report based on observations. Field trip fee required. Prerequisite: GEL 320 or GEL 321; GEL 370, 440, and permission of department chair.

**GEL 460 Geochemistry 3(3-0)**

Basic principles of geochemistry, involving distribution and significance of elements in natural systems, as well as processes which affect this distribution. Prerequisites: one semester of chemistry. Pre/Co-Requisites: GEL 320 or GEL 321; CHM 131 or CHM 120 and 127.

**GEL 502 Aqueous Geochemistry 3(2-3)**

Biogeochemical processes governing the chemistry of water, with a focus on the distribution of natural and anthropogenic chemical species. Prerequisites: CHM 132; BIO 208 or CHM 211 or GEL 310; or graduate status in a CST program. Recommended: GEL 380.

**GEL 505 Low Temperature Isotope Geochemistry 4(4-0)**

Isotope geochemistry plays an important role in geological, biological, and environmental investigations. The isotopic geochemistry of carbon, oxygen, nitrogen and sulfur will be covered. Prerequisites: CHM 132; GEL 321 or GEL 380; or graduate status in a CST program.

**GEL 510 Geomicrobiology 3(3-0)**

Examines the fundamental mechanisms microorganisms use to drive the geochemical cycling of Earth's major elements and contaminants in various environments. Prerequisites: GEL 310 or 320; CHM 132; or graduate Status in a CST program.

**GEL 515 Environmental Soil Chemistry 3(3-0)**

Explores chemical and physical properties of soils, such as soil mineralogy, natural organic matter, redox reactions, precipitation/dissolution, and ion sorption. Prerequisites: GEL 310 or 320; CHM 132; or graduate status in a CST program.

**GEL 550 Economic Geology 3(2-3)**

Metallic and nonmetallic ore deposits, fossil fuels, and their tectonic settings; general principles of exploration for natural resources within the context of responsible environmental stewardship. Prerequisite: GEL 320 or 321 or graduate status in the College of Science and Technology.

**GEL 597 Independent Study 1-6(Spec)**

Qualified self-directed students may explore topics of special interest with faculty guidance. More than 3 credits permitted only rarely. Prerequisites: department chairperson and instructor approval.

**GEL 650 Geology for Science Teachers 3(2-2)**

Study of geologic topics treated in the primary and secondary school curricula according to state benchmarks. Developing and writing new field and classroom hands-on activities. This course may be offered in an online or hybrid format. Prerequisites: GEL 102 and 101 or 105, or GEL 100 or 130; GEL 201; admission to the MAT or MA in Education program.

**GEO 105 Physical Geography 3(2-2)**

*An introduction to the physical processes of the atmosphere, hydrosphere, lithosphere, and biosphere and the global distribution of climate, soils, and vegetation. This course may be offered in an online or hybrid format. Satisfies University Program laboratory requirement. (University Program Group II-A: Descriptive Sciences)*

**GEO 120QR Environmental Geography 3(3-0)**

*An introduction to the human use of earth resources and quantitative examination of select environmental issues resulting from the societal use/misuse of our planet. Quantitative Reasoning. This course may be offered in an online or hybrid format. (University Program Group II-A: Descriptive Sciences)*

**GEO 121 Cultures of the World 3(3-0)**

*Population, political, economic, and other cultural phenomena and their world distribution patterns are presented upon a non-technical background of physical geography. This course may be offered in an online or hybrid format. (University Program Group III-B: Studies in Social Structures)*

**GEO 201 Weather and Climate 4(4-0)**

Nature of atmospheric processes, weather, and climate - why and how they vary over the surface of the earth.

**GEO 203QR Introduction to Geographic Information Science 3(2-2)**

*Fundamentals of geographic information science - including spatial data gathering, measurement, classification, analysis, display and map interpretation. Current computer mapping technologies are used in laboratory. This course may be offered in an online or hybrid format. Quantitative Reasoning. (University Program Group II-B: Quantitative and Mathematical Science)*

**GEO 205 Oceanography 3(3-0)**

*Introduction to the properties and movements of ocean waters; to marine life, the ocean floors, and the effects of the oceans on humans. This course may be offered in an online or hybrid format. Identical to GEL 205, credit may not be earned in both courses. (University Program Group II-A: Descriptive Sciences)*

**GEO 210 Landforms 3(2-2)**

Study of geomorphic processes affecting the evolution and distribution of landforms; quantitative study of the regional physical landscape; analysis of human-landscape interactions. Prerequisite: GEO 105 or GEL 101 or 100 or 105 or 130.

**GEO 303 Geographic Information Systems I 3(2-2)**

Concepts and applications of geographic information systems (GIS). Capturing, storing, querying, and displaying geographically referenced data. Primary emphasis is on vector-based GIS. Prerequisite: GEO 203.

**GEO 305 Remote Sensing of the Environment 3(2-2)**

Characteristics and principles of remote sensing of the environment. The processes of remote sensing imagery acquisition, analysis, and information extraction. Prerequisites: GEO 203. Recommended: Six hours of geography or other environmental science.

**GEO 310 Surface Hydrology 3(2-2)**

The course deals with stream waters and their alteration of the landscape. Stresses the interaction of water, land and human activity. Prerequisite: GEO 210.

**GEO 312 Geography of Contemporary Global Issues 3(3-0)**

Geographical analysis of contemporary global issues, including trans-border migrations, regional impact of climate change, resource disputes, regional economic imbalances, and ethno-territorial conflicts. Prerequisites: GEO 120 or 121.

**GEO 315 Food and Agriculture 3(3-0)**

Study of world production, exchange, and consumption of agricultural commodities with emphasis upon the problems associated with food shortages and the areas most severely affected. This course is approved for offering in an online or hybrid format. Recommended: One of the following: GEO 120, GEO 121, GEO 105.

**GEO 317 Economic Geography 3(3-0)**

*Principles and theories of economic geography, the global interrelationships of regional and local economic activities, and the effects of technology on spatial economic structures. Recommended: GEO 121, junior standing, or at least 3 credits in BUS, FIN, ECO, or MKT. (University Program Group III-B: Studies in Social Structures)*

**GEO 320 Population Geography 3(3-0)**

Spatial patterns of fertility, mortality, and migration, and the processes underlying those patterns. Population growth, distribution, problems and policies. Recommended: One of the following: GEO 120, 121, junior standing.

**GEO 325 Geography of Growth and Change 3(3-0)**

Interrelated nature of the growth of human activity and the resulting spatial expression. Impact of growth on environment. Prerequisite: GEO 120.

**GEO 330 Resource Perception and Utilization 3(3-0)**

Quantitative analysis of modern resource utilization; systematic examination of U.S. water and power distribution infrastructure; sociometric analysis of attitude and perception data regarding natural resources. Prerequisite: GEO 105 or 120 or GEL 100 or 101 or 105 or 130 or PHS 151 or ENV 101. Recommended: STA 282 or MTH 107.

**GEO 334 Soil Science 3(2-2)**

An introduction to the physical, chemical, and biotic properties of soils; soil classification and mapping; and soil resource issues. Identical to BIO 334. Credit may not be earned in more than one of these courses. Prerequisites: CHM 120 or CHM 131. Recommended: 6 hours of environmental science.

**GEO 335 Biogeography 3(3-0)**

Physical, biological and anthropogenic influences on the world distribution of plant and animal life. Prerequisites: GEO 105. Recommended: One of: BIO 101, 105, 110, 240.

**GEO 340 Urban Geography 3(3-0)**

The rise of cities and urbanization. Human use of urban space. The city as environment. This course may be offered in an online or hybrid formats. Recommended: GEO 121 or Junior standing.

**GEO 342 Historical Geography 3(3-0)**

An overview of US and world history from geographic and ecological perspectives, focusing on the expansion/contraction of empires, spatial interactions, and technology/resources. Prerequisites: Junior standing, 12 hours of geography and/or history.

**GEO 345 Political Geography 3(3-0)**

Areal characteristics and territorial problems of states, including internal regional relations, border disputes, and colonial areas. Selected world problems. Recommended: GEO 121.

**GEO 346 Geography of the Developing World 3(3-0)**

A geographic analysis of the developing world focusing on processes of environmental, demographic, and socioeconomic change, particularly since World War II. This course may be offered in an online or hybrid format. Prerequisite: Junior standing. Recommended: 9 hours of social science courses.

**GEO 350 United States and Canada 3(3-0)**

Physical environment, resources, economic activities, population pattern, and interregional relationships of United States and Canada. Recommended: One of: GEO 105, 120, 121, junior standing. CR/NC option available.

**GEO 355 Environmental Catastrophes 3(3-0)**

Causes and effects of hurricanes, tornadoes, blizzards, earthquakes, volcanic eruptions, dam failures, tidal waves, freak seas, plagues, epidemics, and similar phenomena. Recommended: One or more environmental courses.

**GEO 365 Europe 3(3-0)**

Geographic characteristics of the continent, its regions, and economic and political systems since WWII. National characteristics of culture, human/land relationships and international involvements. Identical to EUR 301. Credit may not be earned in more than one of these courses.

**GEO 373 Latin America 3(3-0)**

*Geographic characteristics of Latin America from colonization to present. Regions are interpreted by analysis of geographical elements and their interrelationships. This course may be offered in an online or hybrid format. Recommended: GEO 121 or at least 3 credits in a social science. (University Program Group IV-B: Studies in Cultures Outside of the Anglo-American Tradition)*

**GEO 375 Special Topics in Geography 1-9(Spec)**

Various geography topics offered at an advanced undergraduate level. Prerequisite: permission of the instructor.

**GEO 385 China: Environment and People 3(3-0)**

Discussion of China's physical environment and the geographic patterns of social, political, and economic processes. China's dynamic roles in world geopolitics and global economy. Prerequisite: GEO 121 or junior standing.

**GEO 395 Michigan 3(3-0)**

Geographic analysis of the interrelationships between Michigan's geomorphology, biogeography, climate, resource use and protection, agriculture, land division, transportation, demography, economic and urban development. Prerequisite: Junior standing.

**GEO 397 Independent Study 1-6(Spec)**

Exploration of topics in geography agreed upon by student and instructor. Only 1-3 credits can be earned within one registration period. Prerequisites: Permission of instructor.

**GEO 400 Geographic Education 3(2-2)**

Study of Geography in the K-12 curriculum including relevant teaching methods, state content standards, and strategies for teaching diverse students. May be offered as Writing Intensive. Prerequisites: junior standing; 12 hours of geography or social sciences.

**GEO 404 Global Positioning System 1(1-0)**

Introduction to the Global Positioning System, system operation, data capture, mission planning and data import to Geographic Information Systems (GIS). Prerequisites: GEO 203, 303. CR/NC option available.

**GEO 405 CAD Mapping for GIS 3(2-2)**

Concepts and practice of 2-dimensional Computer-Aided Drafting systems (CAD) from a GIS/Mapping perspective. Approach will include photogrammetric techniques and land surveying data. Prerequisites: GEO 203, GEO 303.

**GEO 500 Advanced Cartography 3(2-2)**

Advanced methods and theories concerning the field of cartography including: cartographic communication and visualization, digital map compilation and multivariate data representation. Prerequisites: GEO 303.

### **GEO 501 Principles and Applications of Geographic Information System 3(2-2)**

Fundamentals of GIS and its applications in environmental, social and economic analysis (for non-geography majors only). This course is approved for offering in a distance learning format. Prerequisites: GEO 203 or senior standing or graduate standing.

### **GEO 503 Advanced Geographic Information Systems 3(2-2)**

Use of raster spatial data models and associated methods for the collection, processing, management, analysis and visualization of geographic data. Focus: land use/environmental applications. Prerequisites: GEO 303, 305; or GEO 501.

### **GEO 508 Digital Remote Sensing 3(2-2)**

Computer processing and data analysis of digital remote sensing data. Emphasis on multispectral image processing and analysis using standard image processing software. Prerequisites: GEO 303, 305. Recommended: STA 382.

### **GEO 511 International Geographic Experience 3-6(Spec)**

Experience in field research techniques and knowledge of regions outside the United States. International travel is required. May be repeated one time only. Prerequisites: 6 semester hours of 300 level or higher Geography course.

### **GEO 512 Quantitative Methods for Spatial Analysis 3(2-2)**

Statistical techniques for solving spatial problems. Descriptive and inferential spatial statistics. Spatial pattern analysis. Regression modeling with spatial data. Prerequisites: GEO 303, STA 382.

### **GEO 513 Geographic Information Systems for Social Sciences 3(2-2)**

Spatial data visualization and analysis using Geographic Information Systems (GIS) with emphasis on application to social sciences, planning, public policy, and business research. Co-requisites: GEO 303.

### **GEO 515 Geography of the Great Lakes Region 3(3-0)**

Topics include shoreline development, resource use, economic development strategies, social issues, and land use change through contemporary and historical perspectives in the Great Lakes region. Prerequisites: GEO 105 or GEO 120; GEO 350 or GEO 395.

### **GEO 516 Advanced Remote Sensing Systems 3(2-2)**

Characteristics, processing, and applications based on advanced remote sensing systems including imaging radar, thermal and hyperspectral systems. Prerequisites: GEO 508 and STA 382.

### **GEO 528 Environmental Modeling with GIS 3(2-2)**

GIS model design and implementation as directed towards environmental issues. Raster data models, concepts, structure, functions, examples, and modeling capabilities are explored. Prerequisites: GEO 203, 303 and 305; or GEO 501. Recommended: GEO 503.

### **GEO 530 Land Use Planning 3(3-0)**

Study of land use planning history, concepts and techniques. Analysis of federal, state, and local government roles in planning. Examination of specific land use programs. Prerequisites: GEO 303; 6 additional semester hours in either or both GEO or PSC.

### **GEO 531 Integrated Land Use Planning 3(3-0)**

This course provides students comprehensive understanding of land use issues, processes and solutions. The course integrates innovative planning concepts with advanced analytic tools. May be offered as Writing Intensive. Prerequisite: GEO 530.

### **GEO 550 Geography for Teachers 3(3-0)**

For teachers who want to upgrade their knowledge of geography, experiment with new teaching techniques, and learn how to make professional in-service presentations to teachers. Graduate credit only. Prerequisites: Three years teaching experience and/or permission of instructor.

### **GEO 553 GIS Operations and Practices 3(3-0)**

Practices and procedures utilized by professionals in the implementation and maintenance of large-scale GIS operations. Prerequisites: GEO 503 or Graduate Status in the MS GISci Program.

### **GEO 575 Special Studies in Geography 1-6(Spec)**

Various special topics offered at an advanced undergraduate and graduate level. Prerequisites: permission of instructor.

### **GEO 591 Internship 1-12(Spec)**

Experiences in applying geographic techniques to environmental analysis, resource management, and business applications. Up to 3 hours of internship credit can be applied to the geography/earth science major. Identical to ESC 591. Credit may not be earned in more than one of these courses. A full-time internship position for one semester may qualify for 12 hours of credit. Prerequisite: permission of program advisor.

### **GEO 597 Independent Study 1-9(Spec)**

Exploration of topics in geography agreed upon by student and instructor. Course may be taken for credit more than once, not to exceed nine hours. Prerequisites: At least 6 hours of Geography credit at the 400 level or above, permission of instructor.

### **GEO 600 Dynamic Mapping and Visualization 3(2-2)**

Study of the theory and application of advanced methods of cartographic display using dynamic mapping and visualization methods. Prerequisites: GEO 500.

### **GEO 603 GIS Design and Programming 3(2-2)**

Design and implementation of GIS applications using component software and high level macro languages. Prerequisites: GEO 503 or admission to the MS GIS program.

### **GEO 608 Advanced Digital Remote Sensing 3(2-2)**

Advanced image processing and data analysis techniques using contemporary operational and experimental remote sensing systems. Overview of satellite instrumentation and sensor operations. Prerequisites: GEO 508; STA 382.

### **GEO 615 Research Design in Geographic Information Sciences 3(3-0)**

Formulating research questions, reviewing literature, designing research methodology, and communicating research results in Geographic Information Sciences. Prerequisites: Two of the following: GEO 500, 503, 508, 512.

### **GEO 619 Continuing Registration for Final Research Project 1(1-0)**

A non-credit course intended for students who have completed all program credits but still need to use university resources to complete their degree requirements.

**GEO 701 Contemporary Spatial Data Management 3(2-2)**

Contemporary research and development trends in collection, management, processing and analysis of spatial data. Prerequisites: GEO 503, 508. Recommended : GEO 500, 512.

**GEO 797 Directed Research in Geographic Information Sciences 1-6(Spec)**

Directed research on advanced topics in Geographic Information Sciences. A prospectus of the proposed research project must be approved prior to registration. Prerequisite: Arrangements must be made with supervisor or project supervisor prior to registration. CR/NC only.

**GEO 798 Thesis 1-6(Spec)**

A written thesis and oral department seminar on the thesis research. Registration requires Plan A thesis prospectus on file in the Geography Department Office. Prerequisite: Thesis prospectus must be approved by the department chairperson prior to registration. CR/NC only.

**GER 101 Elementary German I: Language and Culture 4(4-0)**
