Preliminary Determination

Michigan law PA 453 of 2018 (MCL 333.16174a) allows for an individual to obtain a preliminary determination from the Department concerning whether any court judgements against him or her would likely result in a denial of a license or registration for failing to meet the good moral character requirement for that license or registration. A preliminary determination under this section that is adverse to an individual does not prevent the individual from subsequently applying for a license or registration in the future. The Department or a Board is not bound by a preliminary determination under this section if the individual applies for a license or registration under this act. An individual shall not request more than 1 preliminary determination in any 120-day period.

In evaluating Good Moral Character for licenses issued under the Michigan Public Health Code, the Department reviews two questions:

1. Have you ever been convicted of a felony?
2. Have you ever been convicted of a misdemeanor punishable by imprisonment for a maximum term of two years or a misdemeanor involving the illegal delivery, possession, or use of alcohol or a controlled substance?

If you would like the Department to make a non-binding preliminary determination concerning whether any court judgments against you would likely result in a denial of license or registration for failing to meet the good moral character requirement for that license or registration, please submit a detailed description of the offense(s), including an explanation of what took place and date(s) of occurrence(s), along with this request form.

To ensure that the preliminary determination made by the department is an accurate prediction of whether you will meet the good moral character requirements when applying for a license, you may wish to submit additional supporting documentation with this request, including court documents and other documentation, if any, that shows at the current time you have the ability and are likely to, serve the public in a fair, honest, and open manner; that you are rehabilitated; or that the substance of the former offense is not reasonably related to the occupation or profession for which you may be seeking a license.

Preliminary determinations are based solely upon the information provided and documents submitted with your request.

Please note this does not exempt you from the requirement to be fingerprinted for a national criminal history check from the Federal Bureau of Investigations and Central Records Division of the Michigan State Police at the time of your formal application.

CERTIFICATION AND SIGNATURE

I understand that the Department or a Board is not bound by a preliminary determination issued if I apply for a license or registration under this act. The issuance of a preliminary determination under this section does not limit the authority of the Department to review applications for a license or registration, or to issue or deny a license or registration.

I certify that the statements in this application are true and complete. I understand that any omitted statement, misrepresentation, or fraud may be cause for denial of my application, disciplinary action, or may be punishable by law.
