Grading Teacher Candidates [7]

WELCOME TO FALL 2021 & THANK YOU

Thank you for agreeing to host a Central Michigan University teacher candidate. Your willingness to support the development of highly effective teachers is appreciated. This document will provide you with important information regarding your role as a Cooperating Teacher (CT) and what you

can expect from your CMU Teacher Candidate (TC), the University Coordinator (UC), and related faculty over the course of the 16-week semester.

For more information, please visit the CCE webpage at: www.cmich.edu/colleges/ehs/unit/centerforclinicalexperiences

ATTENDANCE

Teacher Candidates are expected to be present everyday (follow the school staff calendar), arrive on time and remain for the duration of the day, and communicate any schedule changes to the CT and UC in advance. If the candidate has to miss a day, they must call their CT and complete a Teacher Candidate Attendance form for their UC (available online). Candidates must prepare lesson plans for when absent from placement. Candidates missing

over four days for extreme illness or family emergencies must make up time in the field. ONE unexcused absence, two late arrivals or the combination thereof, will be reason for possible dismissal from the clinical field experience.

PROFESSIONAL DISPOSITIONS

The CMU teacher preparation program focuses on providing teacher candidates with the required knowledge (content), teaching skills (pedagogy), and dispositions to have a positive impact on student learning. It is vitally important that TCs demonstrate professional attributes needed for success in the teaching profession. For this reason, you will be expected to complete two evaluations of your TC's professional behaviors. The TC will complete a self-evaluation and share the link with you via Taskstream®. We

ask that you include specific examples of any professional areas where the candidate requires additional support to meet professional expectations.

CLASSROOM OBSERVATIONS

Formal observations are scheduled by the candidate with the UC in advance. Candidates shall share the date and time of expected visits with their host teacher. Lesson plans must be submitted to Taskstream® at least 24 hours in advance of the formal observation. Observations will last a minimum of 30 minutes. At the conclusion of each observation, the UC will debrief with the TC for approximately 15-20 minutes (in a

private area if available). The UC and the TC will discuss classroom management, instructional skills, strengths, weaknesses, and alternative classroom strategies. While onsite, the UC will also speak with the cooperating teacher for his/her feedback on the candidate's progress. *See chart on next page for COVID specific guidelines.

EVALUATIONS

There are four types of evaluations that occur during the field experience.

The approximate timeline for each are listed in italics.

1. Lesson observations –Six evaluations conducted by the UC *throughout the duration of the experience*
2. Dispositions –Two completed by the CT *during weeks 4 and 12*
3. Mid-semester progress–Initiated with a TC self evaluation and forwarded to CT and UC for completion *during week 7 or 8*
4. Final –Same process as above and must be *completed by week 15*

Due to COVID-19, some of our processes for observation and/or evaluation may vary depending upon region and information from the local health department. If you have questions, email Dr. Jillian Davidson at david1jf@cmich.edu.

HEALTH AND SAFETY

Due to the COVID-19 pandemic, teacher candidates will undoubtedly face increased expectations regarding their ability to follow the state and local guidelines for social distancing, monitoring systems, and conducting their private life in a way that does not increase risks for those with whom they share a classroom.

We stress to all our candidates that it is their ethical and professional responsibility to know and follow the safety procedures implemented by their assigned district to maintain the health

and well-being of the staff and students in the building.

Please share with the candidate(s) the expectations of your district for self-screening, social distancing, mask-wearing, and classroom sanitation. If any concerns arise about your candidate's adherence to local policies, please contact their University Coordinator.

All health matters related to COVID-19 must be disclosed to building and/or district administration and documented with the CMU University Coordinator. The Director of Clinical Experiences will handle all attendance considerations related to the coronavirus on an individual and confidential basis.

CMU UNIVERSITY COORDINATOR (UC) EXPECTATIONS

CMU University Coordinators (UC) are expected to:

- Serve as a liaison between the cooperating teacher and CMU's teacher education program
- Complete 6 formal observations
- Support CMU teacher candidate with meeting program goals
- Provide specific, targeted feedback on lesson implementation
- Encourage TC to engage in self-reflection and improve practices
- Maintain ongoing communication with both the TC and CT
- Communicate with host teacher regularly on candidate attendance, classroom performance, and professional dispositions– initiate an Action Plan if needed
- Collect and maintain records pertaining to TC (observations, attendance, professionalism evaluations, substitute forms, etc.)
- Remind CTs to complete mid-term and final evaluations

For more information, please visit the CCE webpage at: www.cmich.edu/colleges/ehs/unit/centerforclinicalexperiences

ACTION PLANS

When a problem persists, an Action Plan may be developed. Prior to developing a written Action Plan, the UC or the CT may:

- Conduct visits to the assigned classroom to observe, assess, and document the TC's progress on specific criteria
- Document and discuss specific strengths and areas of growth for the TC
- Share specific strengths and areas of growth for the TC and allow a period of attempted improvements.

If needed, a written Action Plan may be initiated. The development of an Action

Plan includes the following steps:

1. Communicate need for an Action Plan to UC and Director of Clinical Experiences
2. Meet to develop a written Action Plan (CT, TC, UC, and related faculty)
3. Submit signed plan to the Center for Clinical Experiences
4. Evaluate the TC's progress by documenting actions taken and noting whether goals have been met

SEMINAR DATES

To meet the needs of our TCs who are completing their student teaching in distant locations, seminar courses have been scheduled for six virtual sessions. Seminar courses meet throughout the semester from 12pm-4pm online. Attendance is mandatory. Candidates

are expected to share seminar dates with their CT at the beginning of the semester.

TEACHER CANDIDATE CONFERENCE

Each semester, the Center for Clinical Experiences holds a full day of professional development specifically for our TCs! This semester, the conference will be virtual. Engaging sessions are facilitated by P-12 practitioners, alumni, and faculty. Sessions will be held in early October. Past sessions have included topics such as; communicating with parents,

educator self-care, classroom management, and Differentiation. Teacher Candidates will be excused on **October 6th or October 7th** (depending on their seminar schedule) to attend the virtual conference.

SUBSTITUTE TEACHING

The candidate may substitute teach for pay, upon district approval, for a maximum of 15 days throughout the 16-week semester.

CMU Substitute Teaching Policy:

- Weeks 1-5, the TC allowed to substitute teach for the host teacher only for a maximum of 5 days.

- Weeks 6-16, the TC may be allowed to substitute teach for teachers building-wide for a maximum of 10 days.
- If you are interested in having your TC substitute teach for you, please make sure they contact their UC to fill out the proper form.

EXPECTATIONS OF TEACHER CANDIDATES

While a Teacher Candidate has some experience within a classroom following their pre-service experience, they are yet to experience the full scope of the life of a busy teacher. Therefore, support and guidance will be needed during the onset of the Student Teaching Experience. Cooperating Teachers are encouraged to assist in the following areas:

- Descriptions of the subject matter

that will be taught and what aspects the TC will be responsible for executing.

- Suggestions and tips for preparing learning activities and materials.
- An idea of what has happened to date in the educational life of the pupils.
- Aid in generating the broad goals, which must be reached in curricular areas, and in identifying resource materials.

FROM CO-TEACHING TO LEAD TEACHING: A GRADUAL RELEASE APPROACH

TCs should be professional, positive, and proactive from day one as a co-teacher and colleague. Over time, the candidate will assume greater responsibility of classroom duties.

The following chart provides a general overview of a candidate’s progression over the semester.

Phase 1: Beginning of Experience Weeks 1—4	Phase 2: Middle of Experience Weeks 5—13	Phase 3: End of Experience Weeks 14—16
<p>Cooperating Teacher is the instructional “lead”:</p> <ul style="list-style-type: none"> • Determining the content to be taught • Co-Planning with Teacher Candidate and sharing materials with Teacher Candidate • Collaborating with Teacher Candidate to determine how co-teaching strategies will be used • Communicating with families the addition of a Co-Teacher 	<p>Teacher Candidate is the instructional “lead”:</p> <ul style="list-style-type: none"> • Co-planning with Cooperating Teacher • Collaborating with Cooperating Teacher to determine how co-teaching strategies will be used • Plan and lead SOLO lessons for a minimum of two weeks 	<p>Teacher Candidate shares/phases out of the instructional “lead” role:</p> <ul style="list-style-type: none"> • Sharing and gradually yielding the lead instructional role in the co-teaching relationship • Continuing to co-plan and co-teach with Cooperating Teacher • Teacher Candidate works to complete all remaining university requirements • Teacher Candidate debriefs and provides feedback to University Coordinator
<p>Teacher Candidate responsibilities:</p> <ul style="list-style-type: none"> • Communicate and co-plan daily with Cooperating Teacher • Engage students in learning by trying out each co-teaching strategy at least twice with Cooperating Teacher • Build relationships within the school community • Balance seminar requirements with school expectations 	<p>Cooperating Teacher responsibilities:</p> <ul style="list-style-type: none"> • Provide guidance regarding content and standards to be addressed • Co-plan and support Teacher Candidates in the role as instructional lead • Actively participate in and support the co-teaching relationship • Facilitate a minimum of two weeks of SOLO teaching 	<p>Cooperating Teacher responsibilities:</p> <ul style="list-style-type: none"> • Share or slowly take back the primary responsibilities of instructional lead in the co-teaching relationship • Continue to co-plan, co-teach, and maintain fidelity to the co-teaching model • Provide feedback to the Teacher Candidate and to the University Coordinator

Due to COVID-19, teacher candidates had virtual experiences in the previous two semesters. They may need additional time and supports in Phase 1 before progressing to Phase 2.

EARLY RELEASE FROM STUDENT TEACHING

Teacher candidates in their final semester of student teaching, who have demonstrated proficiency on their mid-progress evaluation may receive an early release for employment as a long-term substitute teacher, after completing 12 weeks of student teaching. Before approval for an early release, teacher candidates must complete the appropriate forms in

collaboration with their cooperating teacher and University Coordinator and ensure classroom responsibilities have been completed.

SCECHS & TUITION REFUNDS FOR COOPERATING TEACHERS

CMU recognizes the value of professional educators who work closely with our teacher candidates. For more information visit our website.

interns, may be uploaded in a yearlong SCECH program with all other DPPD hours. These are now being uploaded by the Districts and will no longer be processed through CMU.

Cooperating Teachers also have the opportunity to obtain SCECHs for hosting a candidate. Per MDE, hours associated with programs formerly deemed “Non-Traditional Programs” such as supervision for student teaching

GRADING TEACHER CANDIDATES

Teacher candidates are assessed by their course faculty and assigned a grade for each course associated with a clinical placement. These course grades reflect information provided by Cooperating Teachers and the staff of the Center for Clinical Experiences.

For more information, please visit the CCE webpage at: www.cmich.edu/colleges/ehs/unit/centerforclinicalexperiences
