determined appropriate for full
day services
Full-day campers must bring a
packed lunch

Tuition Cost- \$1400.00

**Financial Assistance is available
Balance is to be paid in full
the first day of camp*

SSC PROVIDES:

Individual Therapy Plan and Progress Summary:

- A therapy plan is developed for all campers based on assessment results. At the end of SSC, a parent conference is held to review the child's progress over the course of SSC.

Evidence Based Intervention:

- Children receive daily, intensive, therapy services in small and large groups. Unfortunately, our program is not designed to support individuals who require a one to one learning environment.

Proficiency Training:

- Our graduate clinicians receive supervision from certified, licensed speech-language pathologists.

ELIGIBILITY

Age and Qualifications

- Applicants must turn three before the first day of camp and must not be older than 13 on the first day of camp.

Recommendation

- Applicants must be able to provide a current IEP or documentation of speech therapy services and permission to speak with current speech-language pathologist.

Attendance:

- Campers are expected to attend all 20 days of camp unless they are experiencing symptoms of illness

Behavioral Considerations

- Prior to acceptance, the nature and severity of each individual's communication disorder are considered. Participants who demonstrate behaviors harmful to themselves or others or whose needs cannot be met in a group setting will not be considered for SSC. A child who demonstrates significant wandering risk will not be eligible. Children with school behavior plans which require a para-professional or trained professional will not be eligible. Children may be admitted on a trial basis at the time of the evaluation. If the participant attends less than three weeks of the program due to behavior, SSC will provide a prorated tuition refund.
