Program Policies Policy

APPLIES TO: CMU PA Program Policies

DATE OF REVISION: _____, 2024

BACKGROUND:

ARC-PA Standard A3.01 states *Program policies must apply to all students, principal faculty and the program director regardless of location. A signed clinical affiliation agreement or memorandum of understanding may specify that certain program policies will be superseded by those at the clinical site.*

PURPOSE:

To comply with ARC-PA standard A3.01 we must adhere to CMU PA program policies application to all students, principal faculty, and program director regardless of location. When in a clinical site, a clinical affiliation agreement or memorandum of understanding may specify that certain program policies will be superseded by those at a clinical site.

POLICY:

CMU PA Program policies apply to all students, principal faculty, and the program director regardless of location. Program policies and practices are consistently applied to all student, staff, and faculty groups as stated in each policy and practice. A signed clinical affiliation agreement or memorandum of understanding may specify that certain program policies will be superseded by those at the clinical site.

PROCEDURE:

Program policies are uniform throughout the program regardless of geographic location except for specific clinical sites which may have specific policies that supersede CMU PA Program policy. Any such conflict must be reviewed by the University General Counsel and Agreements staff before signing a contract to be sure that the policy does not conflict with the CMU's policies, or federal/state/municipal law to the point that an affiliation with the institution is not possible. CMU PA program policies are consistent with university wide policies of fairness with respect to the rights and responsibilities of students, staff, faculty, and program leadership.
