

Saltarelli Family Travel Award Application Guidelines

This grant has been established by Dr. William Saltarelli and his family to support students in the College of Health Professions (CHP) who have incurred, or will incur, expenses while presenting research at or attending conferences. The primary focus of their presentation is on projects related to "Exercise is Medicine" or the promotion of health through physical activity and disease prevention. Special consideration will be given to projects that focus on the health of youth and children. Grant applications will be managed by the CHP Research Committee. Students may receive this award only once during their undergraduate or graduate study cycles. Preference will be given to students with financial need who require assistance to attend the conference.

Consent to Use an AI-Powered Third Reviewer

The Herbert H. and Grace A. Dow College of Health Professions requests your permission to use Copilot as a third reviewer of your Faculty Research Grant application, alongside two reviewers from the CHP Research Committee.

With your consent, your application will be processed by the AI system to provide an additional assessment of the proposal's research significance, methodology, feasibility, potential impact, and budget justification. The AI-generated assessment will be advisory and subject to the CHP Committee review. AI systems may produce inaccurate or biased assessments; the Research Committee will retain responsibility for all funding recommendations and decisions.

Application materials will be handled in accordance with applicable CMU confidentiality, data-security, and intellectual-property policies.

Consent is voluntary. Declining AI review will not affect your eligibility for funding or result in a penalty; your application will be reviewed by the CHP Research Committee members only. For questions about AI review or the handling of your application materials, contact the Chair of the CHP Research Committee.
