

The College of Liberal Arts and Social Sciences has established a Critical Engagements Fund to support the work of Critical Engagements within the university and in the community. Proposals will be evaluated by the Critical Engagements Steering Committee and then forwarded to the CLASS dean for final approval.

Calls for proposals for funded events and activities will be made at the beginning of the fall and spring semesters. Priority will be given to proposals that are interdisciplinary in nature, promote student engagement, and appeal to a broad university and community audience.

The application should be typed or printed clearly and submitted with the appropriate department chairperson or unit director signature. Applicants must indicate the total amount requested from the Dean in the first section. The third section will provide details for that amount and the amounts requested/secured from other sources. Supporting materials should be attached and submitted with the application as appropriate. Please keep descriptions and budget details brief, but informative.
