

Progress Report for SAM Graduate Students

Central Michigan University

This form is intended to outline the expectations and goals of graduate students. The student should complete this form and discuss it with his/her Research Advisor within the first two weeks of each academic year. This is part of a self-assessment/monitor process that will continue throughout the program and involves the student, the research advisor, the committee and SAM Director/Council. Once completed, this form will be archived.

SAM Student: _____ Date: _____
