Discipline Specific Information

Color Guard

Please review the detailed Color Guard audition packet located in the Audition Information Webpage.

The audition is designed to evaluate your ability to learn basic equipment work, simple choreography, etc. We use six-foot weighted poles with 54" by 36" silks. If you are more comfortable with smaller equipment, you may use whatever is available to you. Let us know if you don't have access to equipment and we'll try to help.
