Overview of the Central Michigan University Police Department

Central Michigan University is committed to maintaining a safe and secure campus. The university has established the CMU Police Department to take the lead in ensuring a safe campus. However, a safe and secure campus can only be achieved with the cooperation of all members of the university community. Students, employees and visitors are encouraged to be alert, take precautions, and report crimes and suspicious activities immediately.

The CMU Police Department handles reports and investigates crimes that occur on the main campus. The department consists of sworn police officers certified by the Michigan Commission on Law Enforcement Standards.

The CMU Police Department works closely with other area law enforcement agencies. Officers receive full police authority through Act 120 of the Michigan Public Acts of 1990, as well as deputization through the Isabella County Sheriff. There is also a memo of understanding with the Saginaw Chippewa Tribal Police Department.

These police powers include the ability to arrest and encompass all of Isabella County. The department is staffed and operates 24- hours a day, 7-days a week—including 24-hour dispatching. Patrol jurisdiction includes all campus property, as well as surrounding streets and neighborhoods in the community.

Police and Parking Services Summary

In addition to the traditional police services which include patrol, incident response, and crime prevention, the CMU Police Department offers a variety of other services to assist in keeping the community safe and secure. Please visit our website for more details on our available services. Public access is available online at police.cmich.edu or through the CentralLink portal for students, faculty and staff.

PARKING SERVICES: The Parking Services division of the CMU Police Department distributes parking permits and maintains all related records. This area is also responsible for daily customer service to our campus community and associated record keeping and collection efforts related to parking tickets. Parking Services can be located online through our main website, calling 989-774-3083, or emailing parking@cmich.edu.

EVENT PARKING PLANNING: If you are planning a special event such as a conference, concert, dance, or sporting event, please contact us as early as possible prior to the event. The Special Events Coordinator at the CMU Parking Services Office will reply with any questions or concerns regarding your event. This communication will help your visitors have a pleasant experience while on the Central Michigan University campus.

BICYCLE REGISTRATION: There is no cost for a bicycle permit. Bicycle permits must be obtained online and are mandatory for all bicycles on campus. Upon registering online for your bicycle permit, the CMU Police/Parking Services Office will process your request and mail your bicycle permit to the selected address in approximately 4-7 working days. All permits must be properly affixed to your bicycle before they are considered valid.

OTHER SAFETY SERVICES:.

In fall of 2020 the new Rave Guardian program was implemented. This involves a smartphone app which provides students, faculty and staff the following:

- An additional method to receive Emergency Notifications.
- Personal safety timer which alerts friends or family if you need assistance.
- Direct dial shortcuts to 911, CMU Police, and other campus services.
- Real-time chat with CMU Police and the Office of Civil Rights and Institutional Equity.
- Links to campus maps, campus directories, and other timely information.

More information can be found at cmich.edu/centralalert

COMMUNITY POLICING OFFICERS: The CMU Police Department is fortunate to have two full-time Community Policing Officers (CPO) assigned to the Residence Halls. The role of a CPO is to educate and promote safety in the Residence Halls and to maintain a high level of interaction with their community.

LOST AND FOUND PROPERTY: CMU lost and found items are managed by CMU Police staff and pick-ups can be scheduled by academic and administration buildings throughout the year. Items are processed and held at the CMU Police Department for 90 days or until the item is reunited with the rightful owner. All unclaimed items are donated or sent to be sold at a CMU surplus sale. Proceeds from these sales are contributed to several scholarships awarded to CMU students. Check the police department's website for more detailed information including a searchable inventory query. Our Lost and Found department can also be reached at cmulostfound@cmich.edu.

Reporting Procedures for Crimes and Suspicious Activities

ON-CAMPUS LOCATIONS: *When emergencies or crimes occur on campus, you should call 911*. For non-emergency situations on campus, the CMU Police Department may be reached at 989-774-3081. *If you are the victim of a crime or are aware of criminal activity, please contact the CMU Police Department immediately.* If a victim of crime is physically or mentally unable to report, please consider assisting them by contacting the police.

NON-CAMPUS PROPERTY & OFF-CAMPUS LOCATIONS: Incidents and emergencies that occur near campus, but not on university property should be reported to Isabella County Central Dispatch. *In an emergency, please call 911*. Non-emergency situations should be reported by calling 989-773-1000.

It is important that crimes be reported to law enforcement, whether on or off campus. Police agencies will investigate the reported crimes, ensure the safety of the community, and work toward prosecution of the suspect(s) involved.

The CMU Police Department is responsible for assessing the severity of an incident and notifying the university community when needed. The CMU Police Department is also responsible for gathering annual crime statistics to be disclosed publicly and reported to the United States Department of Education.

CONFIDENTIAL OR ANONYMOUS REPORTING: You may report a crime confidentially or anonymously. It should be known, however, dependent on the incident and subsequent court proceedings, one's anonymity cannot be completely guaranteed. Criminal incidents, including those reported anonymously or confidentially are still considered in annual statistics and submission to the federal government. You can anonymously or confidentially report a crime via the CMU Police Department website.

In certain situations, some parties are exempt from mandatory reporting. Examples include pastoral counselors or professional, certified counselors. The CMU Counseling Center employs certified counselors. Clients who have been involved with Title IX related incidents (including the Clery-reportable incidents of rape, fondling, statutory rape, incest, stalking, domestic violence, and dating violence) are provided with information on how to report crimes on a voluntary, confidential basis, for inclusion in the annual disclosure of crime statistics.

All members of CMU (faculty, staff and students) are still encouraged to report crimes and suspicious activities to the CMU Police Department. It is important that law enforcement receive information regarding crime in order to keep the community safe and assess the need for warnings.

Emergency Notifications

Central Michigan University utilizes a variety of processes and systems to disseminate emergency notifications and timely warnings to the campus community. CMU Students, faculty, and staff are encouraged to check their contact information at cmich.edu/centralalert

An emergency notification and its content will be authorized by the CMU Police Department and will be sent by the department. Following the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus, an emergency notification will be sent to those people or areas affected by the situation, without delay.

Confirmation will be by the CMU Police Department—considering incoming 911 calls and responding officers' preliminary scene response. Based upon the magnitude of the emergency, the CMU Police Department will determine the appropriate segment of the campus to receive the notification. The content will be created and sent by the CMU Police Department, and messages will be sent unless doing so will compromise assistance to victims or negatively impact the emergency at hand.

Messaging options for emergency notifications include: cellular phone, landline phone, email, text message, Rave Guardian smartphone app, as well as classroom/outside public address speakers.

In the event of an emergency situation, there may be subsequent messages sent out as well—including a message to indicate the incident is "all-clear."

In many cases, updates to significant emergency incidents will be posted on CMU's main website (www.cmich.edu), and will be posted on the university's and CMU Police Department's social media channels.

Timely Warning Notices

If an incident occurs which doesn't rise to the level of posing an immediate threat but is still of concern for the campus; the university will notify students, faculty and staff using means such as mass email, posted fliers, and website updates. Content and recipients will be determined jointly between the CMU Police Department and University Communications.

The purpose of the timely warning is to provide information to all impacted students and staff so that they may take the appropriate measures to protect themselves and to prevent a similar crime from happening to them. There is no intent for a Timely Warning Notice to serve the same function as a "press release."

Whether a timely warning is issued and what information is included in the warning will be decided on a case-by-case basis. For example, if the situation appears to be an isolated incident, like an alleged assault between two individuals, or if a lengthy period has passed since the time a crime occurred and when it was reported, then it is likely that there is no longer an ongoing or immediate threat, and a warning may not be issued.

Emergency Evacuation Procedures and Policies

Each building on CMU's campus has a published evacuation process. These specific plans are available at the Environmental Health and Safety website: https://www.cmich.edu/offices-departments/finance-administrative-services/financial-services-reporting/risk-management-environmental-health-safety

These plans should be followed unless the CMU Police Department directs otherwise. Reasons for deviating from the plan may include circumstances which could impact the safety of those occupying the building. In all areas, employees and staff are responsible for maintaining order as much as possible for fast and efficient evacuation.

Evacuation procedures that apply to any facility include:

- Exit the building using the nearest stairs and go out the nearest door.
- Do NOT use an elevator to evacuate during a fire.
- After exiting, proceed to the designated meeting area for your building.
- Do NOT re-enter the building until instructed to do so.
- Building floor plans are posted accordingly within each campus building.
- Individuals who need assistance should PLAN IN ADVANCE, if possible. This includes notifying hall directors or building coordinators.

Emergency testing, response, and evacuation procedures are tested annually across the campus buildings and facilities. This includes various drills and exercises such as fire drills, Police training and table-top exercises. Documentation is maintained jointly by the Environmental Health and Safety office and the CMU Police Department.

Off-Campus Property

Through working closely with local law enforcement, the CMU Police Department monitors and records criminal activity that occurs in various off-campus locations owned or controlled by the university. This includes locations occupied by fraternities, sororities, and other registered student organizations. Reportable criminal incidents which occur at these locations are included in our annual crime statistics in the “non-campus property” classification.

Crime statistics and policy differences for CMU’s separate campuses throughout Michigan and the United States appear in appendices of this document.

Access to Campus Facilities / Monitoring

ADMINISTRATIVE/ACADEMIC: Buildings and offices are locked and unlocked with either electronic access control, or by Facilities Management staff. The time for locking and unlocking is established by the building coordinator and is dependent on usage schedules. Access to locked buildings and offices is allowed via key or electronic access control and may require approval of the building coordinator/department head. Keys are issued to faculty and staff through their department chairs, supervisors, or building coordinators. The Plant Engineering and Planning office issues keys for contractors in construction areas. Individuals are NOT permitted to duplicate keys to university facilities.

RESIDENTIAL FACILITIES: Residence halls are typically locked from midnight to 7:00 a.m. every day. Outside doors to these buildings are locked at other times, and access is available only through admittance by hall staff. Individual residence hall councils may modify these hours with the approval of the Residence Life Office. Every hall, or set of residence halls, has staff who make rounds through the building during late night and early morning hours.

ELECTRONIC ACCESS CONTROL: The majority of CMU's main campus uses electronic access control, which allows for better tracking of occupants. Some buildings still rely on traditional keys. At this time when a physical key is lost, all affected lock cores are replaced, and the key-owner is charged a fee.

VIDEO SURVEILLANCE AND ALARMS: There are a large number of surveillance cameras on CMU's main campus which can be monitored 24-hours a day. These cameras are in various locations on campus, including academic, administrative, and residential buildings, as well as parking areas. There are also a variety of alarm systems in place which allow officers to be dispatched quickly in the event of activation.

Maintenance of Campus Facilities

Reported maintenance problems that pose a threat to safety and security (such as broken locks or ground-level windows) are given priority. To report building maintenance issues please call Facilities Management at (989) 774-6547. The CMU Police Department is also able to implement temporary measures until priority maintenance issues are resolved.

To report out-of-service lighting please call the above number. Try to relay the number on a light pole or fixture. Outside lighting is also considered a security concern and will be prioritized accordingly.

Educational Programs

The CMU Police Department presents security awareness, crime prevention; and other related programs to students, faculty, and staff at scheduled times. These programs are also available upon request. Requests should be made to Chief Cameron Wassman via email (wassm1cd@cmich.edu). Programs may focus on general safety and crime prevention or on specialized topics including alcohol awareness and programs geared toward children. Programs that reach the largest audience include:

College Life and the Law. This program is presented each year to ALL incoming freshmen and transfer students during their first weekend on campus. Security awareness content includes how to report crimes, available resources to crime victims, and personal safety. Crime prevention content includes physical security on campus, how to prevent certain crimes, and how to be an active bystander. Housing rules and university policy is also covered.

Campus and Community Safety. This program is presented annually to the parents of all incoming students, over the course of the summer orientation sessions. Security awareness content includes how to report crimes, how local police work together, resources for victims of crime, and an overview of personal safety tactics. Crime prevention content includes physical security advice as well as how to help others stay safe. Services offered by local law enforcement are outlined, and there is also the opportunity for candid questions and answers from the panel of presenters.

Stay Safe! This program is presented on-demand and can be modified for the given audience (faculty, staff, or students). Security awareness content includes basic steps for personal safety, a detailed discussion on what crimes occur most frequently in our area, and discussion on resources available at CMU. There is also a segment on workplace violence for faculty/staff audiences.

New Employee Orientations. Security awareness training is presented to groups of new university employees throughout the year. These programs are in conjunction with Human Resources and the Office of Environmental Health and Safety.

PROGRAMS IN ADDITION TO THOSE OFFERED BY POLICE:

Sexual and Gender-Based Misconduct Training. All freshmen and incoming transfer students are required to attend an in-person sexual misconduct prevention presentation during orientation. All students, faculty, and staff at CMU are assigned a comprehensive online training program on the concepts of harassment, discrimination, and sexual and gender-based misconduct. The online training programs were developed and administered by the university's Title IX Coordinator and Office of Civil Rights and Institutional Equity in partnership with a third-party vendor.

The training offered to students introduces them to a university-wide conversation on important issues relating to sexual and gender-based misconduct, such as healthy relationships, substance abuse, sexual aggression, and bystander intervention. The online training program is mandatory for all incoming first year and transfer undergraduate students taking classes on main campus.

The training offered to faculty and staff, introduces them to a series of interactive exercises that provides tools and tips to promote a harassment and discrimination-free environment and

provides information about their responsibilities under Title IX.

Student athletes and employees working in the athletics department also receive additional sexual and gender-based misconduct training annually.

In addition to learning opportunities noted above, OCRIE offers in-person training and education to students, faculty, and staff on the topics of harassment, discrimination, and sexual and gender-based misconduct.

Alcohol and Drug Policy

Central Michigan University (CMU) is committed to providing a campus environment free of the abuse of alcohol and illegal use of alcohol and other drugs. In addition, CMU is required by the Drug-Free Schools and Communities Act Amendment (DFSCA) of 1989 to adopt and implement a program to prevent the illicit use of drugs and the abuse of alcohol by students and employees. The program must contain standards of conduct prohibiting the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees on CMU property or as part of any of its activities; disciplinary and legal sanctions under state, federal, or local law for violation; health risks associated with use of illicit drugs and the abuse of alcohol; a description of any available drug or alcohol counseling, treatment, or rehabilitation or re-entry programs; and a biennial review of the program. Full information on CMU's compliance with the DFSCA can be found at cmich.edu/dfsca

STANDARDS OF CONDUCT REGARDING DRUGS: The possession, use, or distribution of illicit drugs by faculty, staff, and students on CMU property or as part of a university activity is specifically prohibited by CMU regulations, local ordinances, and by state and federal law.

Section 3.2.12 of the student code of conduct states that a student shall not possess, use, manufacture, distribute; or aide in the use, manufacture production, or distribution of any controlled substance as defined by federal law and university policy.

It is a criminal violation to possess, use, manufacture, or distribute a controlled substance at any time or for any reason on campus property. Definitions and penalties are outlined in Chapter 333 of the Michigan Compiled Laws (https://bit.ly/2kUPej2).

STANDARDS OF CONDUCT REGARDING ALCOHOL: The unlawful possession, use, or distribution of alcohol by faculty, staff, and students on CMU property or as part of a university activity is specifically prohibited by CMU regulations, local ordinances, and by state and federal law.

Section 3.2.13 of the student code of conduct states that a student shall not possess, consume or furnish, or aid in the consumption or furnishing of, alcoholic beverages except as permitted by law and university policy.

It is illegal for a person under 21 years of age to purchase, consume or possess alcoholic liquor. A person less than 21 years of age, who purchases, consumes, possesses or attempts any of the aforementioned as it relates to alcoholic liquor, is guilty of a civil infraction or misdemeanor—depending on first or subsequent offenses.

No alcoholic liquors shall be consumed on any public highway, street, alley within this state, nor within the city of Mount Pleasant, in any public place or place of amusement or recreation open to the public not licensed by the state to sell alcoholic liquors. No person shall transport or possess any alcoholic liquor in a container that is open, uncapped, or upon which the seal is broken unless allowed by law, on the public streets, sidewalks or rights of way of the City of Mount Pleasant.

It is a misdemeanor for a person under 21 years of age to knowingly transport or possess alcoholic liquor in a motor vehicle unless the activity is part of the minor's employment by a liquor licensee or other authorized agent of the Liquor Control Commission.

Alcoholic liquor may not lawfully be sold, traded or otherwise furnished to a person under the age of 21 years. It is a misdemeanor to knowingly sell or furnish alcoholic liquor to a person under the age of 21 or to fail to make a diligent inquiry as to whether the person is under the age of 21. A person who violates these laws is liable for criminal and/or civil penalties including fines or participation in a substance abuse program or both.

The university is committed to providing an environment that is free from the unauthorized or unlawful manufacture, distribution, dispensation or possession of beverage alcohol. Consistent with our educational role, we will provide information and resources on alcohol use and abuse to help faculty, staff, administrators and students make low-risk decisions for themselves regarding the use or non-use of beverage alcohol.

The university encourages individuals with alcohol problems to seek and receive appropriate treatment and assistance, and it will assist them to do so in whatever ways it judges are appropriate. The university offers an employee assistance program that provides confidential help including counseling, treatment and referral services.

ASSISTANCE REGARDING ALCOHOL OR DRUGS: Professional assistance is available 24 hours a day to any employee or their dependent. Student counseling services are available at various locations. The university will work with each employee, employee group, and registered student organization to establish procedures to use when there is reason to believe that alcohol-related behaviors are negatively affecting work or school performance or the university community. Disciplinary Disclosure Procedures

The Code of Student Rights, Responsibilities, and Disciplinary Procedures outlines the disciplinary process regarding incidents of violence or non-forcible sex offenses. Central Michigan University recognizes that complainants have rights that need to be protected as well as those of the person who is cited.

The complainant has the right to have a person of their choice accompany them throughout the disciplinary hearing. The complainant has the right to remain present during any disciplinary or appear hearings. The complainant has the right to submit an "impact statement" and to suggest an appropriate sanction if the person cited is found in violation of the Code of Student Rights, Responsibilities, and Disciplinary Procedures.

The complainant has the right to be informed in a timely manner of the outcome of the hearing regarding the findings and the sanction. The complainant has the right to appeal either the findings or the sanction. The complainant has the right to cross-examine the student charged and any "defense" witnesses in the case. The Hearing Officer, however, has the right to determine the method the cross-examination will take (direct confrontation, submission of written questions, or any other method that, in the Hearing Officer's opinion, will elicit the desired testimony).

Crime Statistics & Campus Security Authorities

Crime statistics are gathered and published by the CMU Police Department annually, to coincide with the reporting requirements of the Department of Education. Crime statistics are gathered for serious crimes and are published within this document. Additionally, arrest statistics are published for alcohol, drug, and weapons offenses.

Crime statistics are gathered over the course of the year, for the PRECEEDING calendar year. Information comes from the following sources:

- CMU Police Department
- Other local law enforcement agencies in the Mount Pleasant area
- The Office of Student Conduct
- The Office of Residence Life
- CMU Human Resources
- Office of Civil Rights and Institutional Equity

Various university departments have staff members who are considered to be Campus Security Authorities (CSA's), as designated by the Clery Act. These individuals are trained annually to report crime allegations made in good faith, through the reporting structure established by the institution. Those designated as CSA's receive training annually as it relates to the reporting of criminal activity. Incidents reported by CSA's are included in the tables shown on the following pages.

Reportable criminal activity which occurs at locations housing registered student organizations (RSO's) are classified in the "non-campus property" category.

The crime statistics are a portion of the Annual Security Report (this document) which is available online at www.cmich.edu/asr

In addition, this document is available in printed format at the following campus locations:

- CMU Police Department (Combined Services Building)
- Office of Student Conduct (Ronan Hall)

Crime statistics, as submitted to the Department of Education, as well as an overview of the Student Right to Know and Campus Security Act of 1990 (Clery Act) and additions can be found online at ope.ed.gov/security.

DAILY CRIME LOG: The CMU Police Department maintains a daily crime log. A summary of incidents that occur on CMU's campus and/or involve the CMU Police Department is published online at https://www.cmich.edu/about/campus-safety/cmu-police/clery-act-documentation

This summary is updated multiple times each week and can also be obtained in printed format from the CMU Police Department at the above location.

ANNUAL CRIME STATISTICS: The following tables indicate Clery-reportable crimes which have occurred over the past three years. Each statistic must be shown according to geographical area:

On-Campus: Any building or property owned or controlled by the institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution's educational purposes, including residence halls. Also included is any building or property within the contiguous area of geography that is owned by the institution but controlled by another person, is frequently used by students and supports institutional purposes.

On-Campus Residence: Any student housing facility that is owned or controlled by the institution or is located on property that is owned or controlled by the institution, and is within the reasonably contiguous geographic area that makes up the campus. *These statistical numbers are also part of the on-campus category/column.*

Non-Campus: Any building or property owned or controlled by a student organization that is officially recognized by the institution or any building or property owned or controlled by the institution that is used in direct support of, or in relation to, the institution's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

Public: Property including streets and sidewalks; immediately surrounding the campus property and are adjacent to and accessible from the campus.

Fire Safety

REPORTING OF FIRES: If a fire of any kind is observed—NO MATTER HOW SMALL—*immediately call 911*. The CMU Police Department and, if needed, the Mount Pleasant Fire Department will respond.

LOG OF FIRES: A list of locations where fires have occurred is available online. It is updated when incidents occur. The list can be found on the CMU Police Department website at https://www.cmich.edu/about/campus-safety/cmu-police/clery-act-documentation

RESIDENTIAL BUILDING FIRE SYSTEMS: The table on the next page outlines the fire protection and detection systems in each residential building. The university continues to evaluate installation of suppression and detection systems in all buildings.

FIRE SAFETY EDUCATION AND TRAINING: Risk Management, Environmental Health and Safety prepares new content for Fire Safety for students, staff, and faculty with updated information each year. Fire egress training must be completed annually by all faculty and staff members. Fire egress and discussion of prohibited items/actions are covered by residence hall staff at the beginning of each school year.

PROHIBITED ITEMS AND ACTIONS RELATED TO FIRE:

Portable Appliances: Popcorn poppers, grills and other heating and cooking devices may not be used in student rooms. Such devices may be used in the kitchenettes available on every floor. Microwave ovens that are a part of a combined microwave and refrigerator are permitted. Other microwaves are allowed only in Campbell, Kesseler, Kulhavi, Celani and Fabiano Halls. They are prohibited in the other 17 halls because of safety concerns and energy usage limits. All electrical appliances must be UL approved. The UL seal must appear on both the appliance and the cord. Coffee pots are allowed.

Smoking: All smoking and tobacco products are prohibited on CMU campus property. This has been made effective July 1, 2014. Hookahs are also prohibited.

Candles, Incense, and Open Flames: For fire and safety reasons, candles, lanterns and incense are not permitted in the residence hall rooms for any reason.

In addition to prohibitions outlined in The Code of Student Rights, Responsibilities, and Disciplinary Procedures, CMU's Housing Contract also specifically prohibits the storage of volatile, hazardous, or flammable substances. It also forbids tampering with any fire or smoke detection or alerting system.

HOUSING AREA EVACUATIONS: The University trains all desk staff, Residence Hall Directors and Resident Assistants annually on emergency procedures which include fire and tornado safety.

The university has Emergency Procedure Plans for Residence Halls (in addition to all other university buildings). Each has information regarding the evacuation of the residence hall. Current faculty, staff and students can access these for each university building through the Environmental Health and Safety website:
https://www2.cmich.edu/fas/fsr/rm/EHS/Pages/Emergency-Action-Plans.aspx

Missing Students

If a member of the university community has reason to believe that a student who resides in on- campus housing is missing, he or she should immediately notify the CMU Police Department at 989-774-3081. The CMU Police will immediately initiate an investigation.

Should the CMU Police, after completing a preliminary investigation, determine that the student is missing, other local law enforcement as well as the student's emergency contact will be notified no later than 24 hours after the student is determined to be missing. If the missing student is under the age of 18 (and is not an emancipated individual) notification will be made to the student's parent or legal guardian immediately after the CMU Police determine the student has been missing for more than 24 hours.

In addition to registering an emergency contact, students residing in on-campus housing have the option to identify, confidentially, an individual to be contacted by CMU in the event the student is determined missing for more than 24 hours. This contact information will only be available to authorized campus officials and law enforcement in furtherance of a missing person investigation. If a student has identified such an individual, CMU will notify that individual no later than 24 hours after the student is determined to be missing. *Students who wish to identify a confidential contact can do so by notifying the Office of Residence Life.*

Regardless of whether the student has identified a contact person, is above the age of 18, or is emancipated, the CMU Police Department (and other local law enforcement) will investigate all reports of missing persons.

BEING AN ACTIVE BYSTANDER: Bystanders play a critical role in the prevention of sexual and relationship violence. They are "individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it." We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. Below is a list of some ways to be an active bystander. Further information regarding bystander intervention may be found. If you or someone else is in immediate danger, dial 911. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.

- Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are ok.
- Confront people who seclude, hit on, try to make out with, or have sex with people who are incapacitated.

- Speak up when someone discusses plans to take sexual advantage of another person.
- Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
- Refer people to on or off campus resources listed in this document for support in health, counseling, or with legal assistance.

RISK REDUCTION TACTICS: The following are some strategies to reduce one's risk of sexual assault or harassment (taken from Rape, Abuse, & Incest National Network, www.rainn.org)

- **Be aware** of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
- Try to **avoid isolated areas.** It is more difficult to get help if no one is around.
- **Walk with purpose.** Even if you don't know where you are going, act like you do.
- **Trust your instincts.** If a situation or location feels unsafe or uncomfortable, it probably isn't the best place to be.
- **Try not to load yourself down** with packages or bags as this can make you appear more vulnerable.
- **Make sure your cell phone is with you** and charged and that you have cab money.
- **Don't allow yourself to be isolated** with someone you don't trust or someone you don't know.
- **Avoid putting music headphones in both ears** so that you can be more aware of your surroundings, especially if you are walking alone.
- **When you go to a social gathering, go with a group of friends.** Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
- **Trust your instincts.** If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.).
- **Don't leave your drink unattended** while talking, dancing, using the restroom, or making a phone call. If you've left your drink alone, just get a new one.
- **Don't accept drinks from people you don't know or trust.** If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don't drink from the punch bowls or other large, common open containers.
- **Watch out for your friends, and vice versa.** If a friend seems out of it, is way too intoxicated for the amount of alcohol they've had, or is acting out of character, get him or her to a safe place immediately.
- **If you suspect you or a friend has been drugged, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.).** Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).
- If you need to get out of an uncomfortable or scary situation here are some things that you can try:
- **Remember that being in this situation is not your fault.** You did not do anything wrong; it is the person who is making you uncomfortable that is to blame.
- **Be true to yourself.** Don't feel obligated to do anything you don't want to do. "I don't want to" is always a good enough reason. Do what feels right to you and what you are comfortable with.

- **Have a code word with your friends or family** so that if you don't feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.
- **Lie.** If you don't want to hurt the person's feelings it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.
- **Try to think of an escape route.** How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?
- **If you and/or the other person have been drinking,** you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

Title IX / Civil Rights Information

CMU, an AA/EO institution, strongly and actively strives to increase diversity and provide equal opportunity within its community. CMU does not discriminate against persons based on age, color, disability, ethnicity, gender, gender expression, gender identity, genetic information, height, marital status, national origin, political persuasion, pregnancy, childbirth or related medical conditions, race, religion, sex, sex-based stereotypes, sexual orientation, transgender status, veteran status, or weight.

Affirmative action is a set of specific and results-oriented measures taken to bring about equal opportunity. At CMU, the Office of Civil Rights and Institutional Equity coordinates and monitors the university's affirmative action/equal opportunity efforts and programs to assure compliance with the Americans with Disabilities Act, Title VII of the 1964 Civil Rights Act, Executive Order 11246, and other relevant state and federal statutes.

The office supervises the maintenance of related reports and records, provides and develops related educational programs and materials, offers guidance and advice to all community members on the University's nondiscrimination and affirmative action policies and procedures, assists departments with recruitment and retention activities, and receives and resolves complaints of discrimination from students, employees and others.

The Office of Civil Rights and Institutional Equity can be contacted at 989-774-3253. Their office is located on the third floor of the Bovee University Center on CMU’s main campus.

Notification Procedures for Off Campus Program Locations

Emergency Notification:
In the event of a significant emergency or dangerous situation which poses an immediate threat to the health and safety of the students and staff as confirmed by Off Campus Programs, mass email will immediately be sent to the CMU email address of all students and employees who could be affected; the email will be drafted by Off Campus Programs’ Department of Student Services in collaboration with Leasing and Regulatory Services. Telephone communication will also be established with the program administrator for the center, local law enforcement, and first responders to obtain updated information and to provide guidance. Off Campus Programs will determine the content of the notification and initiate the notification system, unless issuing a notification will, in the judgement law enforcement officials and first responders, adversely affect the efforts to assist the victim(s), and/or to respond to, contain, or mitigate the emergency.

Parents and members of the larger community may receive information about emergencies from the local media and/or Central Michigan University’s website.

Timely Warning:
Upon the commission of a *Clery* crime on or around an Off Campus Programs center which in the judgment of Off Campus poses an ongoing or immediate threat to CMU students and employees, a timely warning will be issued via email to the CMU email address of all students and employees who could be potentially affected. Off Campus Programs' Department of Student Services, in collaboration with Leasing and Regulatory Services, will be primarily responsible for drafting and disseminating this warning. A copy of the warning may also be posted in the student area of the respective center.

The purpose of the timely warning is to provide information to all impacted students and staff so that they may take the appropriate measures to protect themselves and to prevent a similar crime from happening to them.

Whether a timely warning is issued and what information is included in the warning will be decided on a case-by-case basis. For example, if the situation appears to be an isolated incident, like an alleged assault between two individuals, or if a lengthy period has passed since the time a crime occurred and when it was reported, then it is likely that there is no longer an ongoing or immediate threat, and a warning may not be issued.

Any student or employee who believes he or she has information on the commission of a crime is highly encouraged to report it to their local law enforcement agency and program administrator.
