Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

Independent Auditor's Report

To the Board of Trustees
Central Michigan University

We have audited the financial statements of Central Michigan University (the "University") and its discretely presented component units as of and for the year ended June 30, 2023 and the related notes to the financial statements, which collectively comprise the University's basic financial statements. We issued our report thereon dated September 28, 2023, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. We have not performed any procedures with respect to the audited financial statements subsequent to September 28, 2023. We did not audit the financial statements of CMU Medical Education Partners (CMEP) or the Institute for Excellence in Education (IEE), which represent all of the assets, net assets, and revenue of the discretely presented component units. Those financial statements were audited by other auditors, whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for CMEP and IEE, is based on the report of the other auditors.

The accompanying schedule of expenditures of federal awards is presented for the purpose of additional analysis, as required by the Uniform Guidance, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

November 20, 2023

Plante & Moran, PLLC
Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

Independent Auditor's Report

To Management and the Board of Trustees
Central Michigan University

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the basic financial statements of Central Michigan University (the "University") as of and for the year ended June 30, 2023 and the related notes to the basic financial statements, which collectively comprise the University's basic financial statements, and have issued our report thereon dated September 28, 2023. Our report includes a reference to other auditors who audited the financial statements of CMU Medical Education Partners (CMEP) and the Institute for Excellence in Education (IEE), as described in our report on Central Michigan University's financial statements. The financial statements of CMEP and IEE were not audited in accordance with Government Auditing Standards, and, accordingly, this report does not include reporting on internal control over financial reporting or compliance and other matters associated with CMEP and IEE or other matters that are reported on separately by those auditors who audited the financial statements of CMEP and IEE.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the University's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, we do not express an opinion on the effectiveness of the University's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the University's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the University's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.
To Management and the Board of Trustees
Central Michigan University

**Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

September 28, 2023
Independent Auditor’s Report

To the Board of Trustees
Central Michigan University

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Central Michigan University's (the "University") compliance with the types of compliance requirements identified as subject to audit in the Office of Management and Budget (OMB) Compliance Supplement that could have a direct and material effect on each of the University's major federal programs for the year ended June 30, 2023. The University's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the University complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of the major federal programs for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (the "Uniform Guidance"). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor’s Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the University and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the University's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the University's federal programs.
To the Board of Trustees  
Central Michigan University  

**Auditor's Responsibilities for the Audit of Compliance**  

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the University's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the University’s compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the University's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the University's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

**Other Matters**

The results of our auditing procedures disclosed instances of noncompliance that are required to be reported in accordance with the Uniform Guidance, which are described in the accompanying schedule of findings and questioned costs as Findings 2023-01 and 2023-02. Our opinion on each major federal program is not modified with respect to these matters.

*Government Auditing Standards* require the auditor to perform limited procedures on the University's responses to the noncompliance findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The University's responses were not subjected to the other auditing procedures applied in the audit of compliance, and, accordingly, we express no opinion on them.

**Report on Internal Control Over Compliance**

Our consideration of internal control over compliance was for the limited purpose described in the *Auditor's Responsibilities for the Audit of Compliance* section above and was not designed to identify all deficiencies in internal control over compliance, and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be material weaknesses and significant deficiencies.
To the Board of Trustees  
Central Michigan University

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance such that there is reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as Findings 2023-01 and 2023-02 to be material weaknesses.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as Findings 2023-03 and 2023-04 to be significant deficiencies.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Governmental Auditing Standards require the auditor to perform limited procedures on the University's responses to the noncompliance findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The University's responses were not subjected to the other auditing procedures applied in the audit of compliance, and, accordingly, we express no opinion on them.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

### Research and Development Cluster - U.S. Department of Health and Human Services (Continued)

- **Passed through Calhoun County Mental Health Authority:**
  - Assisted Outpatient Treatment - Calhoun County Assisted Outpatient Treatment Program Year 2: Pass-through 93.997 1H79SM083240-01 $ - $ 2,478
  - Assisted Outpatient Treatment - Calhoun County Assisted Outpatient Treatment Program Year 3: Pass-through 93.997 1H79SM083240-01 $ - $ 2,951

**Total U.S. Department of Health and Human Services**

- 1,652,945
- 3,773,909

### U.S. Department of the Interior

- **Fish and Wildlife Management Assistance - Surveys and Habitat Modeling for Native Mussels on Detroit and St. Clair Rivers**
  - Direct 15.608 F18AP00612 $ - $ 20,728
- **Fish and Wildlife Management Assistance - Patterns of Genetic Diversity and Population Connectivity**
  - Direct 15.608 F22AC01086-00 $ 7,613 $ 46,178
- **Preservation of Japanese American Confinement Sites - Missilta Internment Camp Housing Project**
  - Direct 15.933 P19AP00225 $ - $ 8,370 $ 16,122
- **Cooperative Research and Training Programs: Resources of the National Park System - Comprehensive Assessment and Threats to Unicorns in Sleeping Bi**
  - Passed through Michigan State University:
    - Great Lakes Restoration - Poweshiek Skipperling Conservation: Habitat Management Plans and Assessment: Pass-through 15.662 RC111533-CMU $ - $ 95,672
    - Great Lakes Restoration - Poweshiek Skipperling Conservation: Habitat Management Plans and Assessment: Pass-through 15.662 RC112544-CMU $ - $ 13,335
- **Great Lakes Restoration - Using Environmental DNA (eDNA) as a Detection Tool for Mussel**
  - Direct 15.662 F20AC10588 $ - $ 1,708
- **Cooperative Research and Training Programs: Resources of the National Park System - Sleeping Bear Dunes National Lakeshores 2022-2024 Visitor Use Management Study**
  - Pass-through 15.945 RC113715-CMU $ - $ 7,573

**Total U.S. Department of the Interior**

- 15,983
- 242,385

### U.S. Environmental Protection Agency

- **Great Lakes Program - Continuation of the GLCWMP: 2020-2025**
  - Passed through Michigan Department of Environment, Great Lakes and Energy -
    - Regional Waterway Program Development Grants - Continuing Assessment of the Health of Michigan Palustrine Wetlands and Index: Pass-through 89.003 ED-103529-22 $ 816,378 $ 1,931,158
- **Great Lakes Program - Identification of Coaster Brook Trout Collected in Shoreline and Stream Surveys**
  - Passed-through 66.469 FISH2021-13 $ - $ 137

**Total U.S. Environmental Protection Agency**

- 816,378
- 1,946,055

### Other Federal Awards

- **Institute of Museum and Library Services**
  - Grants to States - Library Laptop Loaning Program: Pass-through 45.310 LS-252467-OLSL-22 $ - $ 13,769

**Total Institute of Museum and Library Services**

- 13,769

### U.S. Department of Agriculture

- **National Historical Publications and Records Grants - Digitizing Historic Michigan Newspapers for Research & Educational Use**
  - Passed through Michigan Department of Education:
    - Child and Adult Care Food Program Emergency Operating Reimbursement Program: Pass-through 10.558 2123090226893 $ - $ 36
    - Child and Adult Care Food Program - Child and Adult Care Food Program 2022-23: Pass-through 10.558 990039874 $ - $ 22,617

**Total U.S. Department of Agriculture**

- 37,802

### U.S. Department of Commerce

- **Investments for Public Works and Economic Development Facilities - Central Michigan University Research Corporation Facility Renovations**
  - Direct 51.300 06-01-06375-URJ:117640 $ - $ 69,375

**Total U.S. Department of Commerce**

- 69,375

### U.S. Department of Education

- **Special Education Technical Assistance and Dissemination to Improve Services and Results for Children with Disabilities - DeafBlind Central Michigan's Training and Resource Project Year 4**
  - Direct 84.326T H326T180045-21 $ - $ 95,896
- **Special Education Technical Assistance and Dissemination to Improve Services and Results for Children with Disabilities - DeafBlind Central Michigan's Training Resource Project Year 5**
  - Direct 84.326T H326T180045-22 $ - $ 200,385
- **Gaining Early Awareness and Readiness for Undergraduate Programs - Michigan GEAR UP 2020-2021**
  - Direct 84.334S P334S232001 $ - $ 8,634
- **Gaining Early Awareness and Readiness for Undergraduate Programs - Michigan GEAR UP 2022-2023**
  - Direct 84.334S P334S232002 $ - $ 54,946
- **Gaining Early Awareness and Readiness for Undergraduate Programs - Michigan GEAR UP 2023-2024**
  - Direct 84.334S P334S232003 $ - $ 52,118

**Total U.S. Department of Education**

- 466,338

### U.S. Department of Health and Human Services

- **Congressional Directives - CMU Telehealth Services & Information Technology HRSA-CDS Project**
  - Direct 94.493 6 GE1H547348-01-02 $ - $ 46,280
- **Medical Assistance Program - Michigan Collaborative Addiction Resources and Education System 3.0**
  - Passed through Michigan State University -
    - Child Care and Development Block Grant - CMU Care Stabilization Grant: Pass-through 93.575 2101MCS6 $ - $ 3,072
    - Child Care and Development Block Grant - MDE Stabilization 2022 #2: Pass-through 93.575 $ - $ 109,600

---

See notes to schedule of expenditures of federal awards. 11
Note 1 - Basis of Presentation

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal grant activity of Central Michigan University (the “University”) under programs of the federal government for the year ended June 30, 2023. The information in the Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (the “Uniform Guidance”). Because the Schedule presents only a selected portion of the operations of the University, it is not intended to and does not present the financial position, changes in net position, or cash flows of the University.

Note 2 - Summary of Significant Accounting Policies

Expenditures reported in the Schedule are reported on accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, wherein certain types of expenditures are not allowable or are limited as to reimbursement, as outlined in the 2020 Compliance Supplement Addendum. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. The pass-through entity identifying numbers are presented where available.

The University has elected not to use the 10 percent de minimis indirect cost rate to recover indirect costs, as allowed under the Uniform Guidance.
Schedule of Findings and Questioned Costs
Section I - Summary of Auditor's Results

Financial Statements

Type of auditor's report issued: Unmodified

Internal control over financial reporting:
- Material weakness(es) identified? Yes X No
- Significant deficiency(ies) identified that are not considered to be material weaknesses? Yes X None reported

Noncompliance material to financial statements noted? Yes X None reported

Federal Awards

Internal control over major programs:
- Material weakness(es) identified? X Yes No
- Significant deficiency(ies) identified that are not considered to be material weaknesses? X Yes None reported

Any audit findings disclosed that are required to be reported in accordance with Section 2 CFR 200.516(a)? X Yes No

Identification of major programs:

<table>
<thead>
<tr>
<th>Assistance Listing Number</th>
<th>Name of Federal Program or Cluster</th>
<th>Opinion</th>
</tr>
</thead>
<tbody>
<tr>
<td>84.007, 84.033, 84.063,</td>
<td>Student Financial Assistance Cluster</td>
<td>Unmodified</td>
</tr>
<tr>
<td>84.268, 84.379</td>
<td></td>
<td></td>
</tr>
<tr>
<td>84.044A, 84.047A, 84.217A</td>
<td>TRIO Cluster</td>
<td>Unmodified</td>
</tr>
</tbody>
</table>

Dollar threshold used to distinguish between type A and type B programs: $750,000

Auditee qualified as low-risk auditee? Yes X No

Section II - Financial Statement Audit Findings

Current Year None
Section III - Federal Program Audit Findings

**Reference Number** | **Finding** | **Questioned Costs**
--- | --- | ---
2023-01 | **Assistance Listing Number, Federal Agency, and Program Name** - Student Financial Assistance Cluster - Federal Direct Student Loan Program ALN 84.268 and Federal Pell Grants ALN 84.063 | None

**Federal Award Identification Number and Year** - Various

**Pass-through Entity** - None

**Finding Type** - Material weakness and material noncompliance with laws and regulations

**Repeat Finding** - Yes

2022-01

**Criteria** - Changes in a student’s status are required to be reported to the National Student Loan Data System (NSLDS) within 30 days of the change or included in a student status confirmation report sent to the NSLDS within 60 days of the status change (Pell, 34 CFR Section 690.83(b); Direct Loan, 34 CFR Section 685.309(b)).

**Condition** - The University did not report certain students’ status to the NSLDS in an accurate and timely manner during the fiscal year.

**Questioned Costs** - None

**Identification of How Questioned Costs Were Computed** - N/A

**Context** - There were three errors identified that attributed to this finding:

1) Of the 60 students tested, there were 2 students who withdrew whose status changes were not reported accurately to the NSLDS. The students withdrew and were reported but with incorrect effective dates.

2) Of the 60 students tested, there were 13 students who withdrew or graduated whose status changes were not reported to the NSLDS within 60 days.

3) Of the 60 students tested, there were 3 students who withdrew whose status changes were not reported to the NSLDS.

**Cause and Effect** - The University did not have a control in place to ensure all enrollment changes are reported timely and accurately to the NSLDS. As a result, certain student status changes were not reported to the NSLDS in a timely and accurate manner.

**Recommendation** - The University should implement controls to ensure student status changes are reported accurately and timely to the NSLDS. These controls should include a thorough review of the enrollment rosters prior to reporting to the NSLDS.

<td>Views of Responsible Officials and Corrective Action Plan - Additional staff training will be completed by the new Assistant Registrar and other staff within Records &amp; Registration. Some duties will be shifted between staff to better manage project time commitments and ensure accuracy. As of August 3, 2023, fall 2022 and spring 2023 identified students have been corrected in NSC and/or NSLDS. The monthly process to review all withdrawals that was implemented following the 2021-2022 audit will continue with additional controls to ensure each required step has been signed off on with additional review for compliance by the Director of Student Account Services and the Registrar. Implemented improvements to monthly Student Account Services and University Billing (SASUB) and Registrar’s Office enrollment reporting communication workflow to track completion and ensure timely reporting for the fall 2023 semester, including the following: • Date last date of attendance is determined • Date file is sent to Registrar’s Office • Date Registrar’s Office reviews each student on list • Date Registrar’s Office updates NSC and/or NSLDS • Date final compliance review against mandated reporting timelines is completed Registrar’s Office and Office of Scholarships &amp; Financial Aid, in collaboration with academic leadership, initiated a verification of non-participation process in summer 2023. Faculty will provide notification of any student who does not complete at least one academic-related activity within the first two weeks of any course. The process was fully implemented for the fall 2023 semester. Additionally, the University is implementing a new financial aid system for the 2024-2025 aid year. Functionality in the new software will be utilized to assist with timely enrollment reporting.</td>

<td>2023-02</td>
<td><strong>Criteria</strong> - If a recipient of Title IV grant or loan funds withdraws from a school after beginning attendance but before he or she has attended 60 percent of the scheduled length of the semester, the school must perform a return of Title IV funds (R2T4) calculation. If the amount disbursed to the student is greater than the amount the student earned, the unearned funds must be returned. A school must return unearned funds for which it is responsible no later than 45 days from the determination of a student's withdrawal (30 days if never attended) (34 CFR 668.22(j)(1)). When a recipient of Title IV grant or loan assistance withdraws from an institution during a payment period or period of enrollment in which the recipient began attendance, the institution must determine the amount of Title IV aid earned by the student as of the student's withdrawal date. If an institution does not require instructors to take attendance, the withdrawal date is (1) the date, as determined by the institution, that the student began the withdrawal process prescribed by the institution; (2) the date, as determined by the institution, that the student otherwise provided official notification to the institution, in writing or orally, of his or her intent to withdraw; (3) if the student ceases attendance without providing official notification to the institution of his or her withdrawal, the midpoint of the payment period or, if applicable, the period of enrollment; (4) if the institution determines that a student did not begin the withdrawal process or otherwise notify the institution of the intent to withdraw due to illness, accident, grievous personal loss, or other circumstances beyond the student's control, the date the institution determines is related to that circumstance; (5) if a student does not return from an approved leave of absence, the date that the institution determines the student began the leave of absence; or (6) if the student takes an unapproved leave of absence, the date that the student began the leave of absence. Notwithstanding the above, an institution that is not required to take attendance may use as the withdrawal date the last date of attendance at an academically related activity, as documented by the institution (34 CFR668.22(c) and (l)).</td>

<td>2023-02 (Continued)</td>
<td><strong>Condition</strong> - The University has discrepancies between the date utilized in the return to Title IV calculations and the date required to be utilized based on federal regulations.</td>
<td><strong>$5,048</strong></td>
</tr>
</tbody>
</table>

**Identification of How Questioned Costs Were Computed** - Recalculation of returns was based on correct withdrawal and semester begin/end dates.

**Context** - There were three errors attributed to this finding:

1) Of the 60 students tested, there were 2 students with discrepancies between the date utilized in return to Title IV calculations and the date required to be utilized based on federal regulations.

2) Of the 60 students tested, there was 1 identified for whom no return to Title IV calculation was performed, and, therefore, there was no return of funds until the student was selected for testing for the audit.

3) Of the 60 students tested, there was 1 identified for whom the incorrect amount of aid was returned.

**Cause and Effect** - The University did not have a control in place to ensure all returns of Title IV refunds are initiated accurately.

**Recommendation** - The University should implement controls to ensure returns of Title IV refunds are initiated accurately.

**Views of Responsible Officials and Planned Corrective Actions** - To address the first and third errors, the following actions will be taken:

- To reinforce procedural knowledge of the return of Title IV aid, the staff responsible for the calculation of return of Title IV funds will complete a training course provided by the National Association of Student Financial Aid Administrators titled Return of Title IV Funds FA23.

- Each semester, return procedures will be reviewed by staff and training on the use of the review checklist will be completed.

- The Director of Student Account Services will perform audits of calculations each semester.

- It will be requested that the Internal Audit department assist in the same.

To address the second error, the Financial Aid Office will complete a monthly reconciliation to ensure the students receiving aid are enrolled by comparing enrollment reports from the student information system (SIS) and financial aid system. Additionally, the University is implementing a new financial aid system and will ensure integration between the SIS and financial aid system are working properly.

Reference Number | Finding | Questioned Costs
------------------|---------|------------------
2023-03          | Assistance Listing Number, Federal Agency, and Program Name - Student Financial Assistance Cluster - Federal Direct Student Loan Program ALN 84.268 and Federal Pell Grants ALN 84.063 | None

Federal Award Identification Number and Year - Various
Pass-through Entity - None
Finding Type - Significant deficiency
Repeat Finding - No

Criteria - An institution may enter into an arrangement with a servicer or a financial institution to make a direct payment of FSA credit balances to students through electronic funds transfer to a bank account designated by a student or parent; to issue a check payment to the student; or to use an access device such as a debit, demand, or smart card provided by the servicer or its financial partner.

Regulations at 34 CFR 668.164(e) and (f) establish two different types of arrangements between schools and financial account providers: Tier One arrangements and Tier Two arrangements. The type of arrangement determines the provisions that are applicable to the school.

A Tier One arrangement is an arrangement between a school and a third-party servicer under which the servicer performs one or more of the functions associated with processing direct payments of Title IV funds on behalf of the school, and the school or third-party servicer makes payments to one of the following: one or more financial accounts that are offered to students under the contract; a financial account where information about the account is communicated directly to students by the third-party servicer, or the school on behalf of or in conjunction with the third-party servicer; or a financial account where information about the account is communicated directly to students by an entity contracted or affiliated with the third-party servicer (34 CFR 668.164(e)(1)).

A Tier Two arrangement is an arrangement between a school and a financial institution, or an entity that offers financial accounts through a financial institution, under which financial accounts are offered and marketed directly to students (34 CFR 668.164(f)(1)). ED considers that a financial account is marketed directly if (a) the school communicates information directly to its students about the financial account and how it may be opened; (b) the financial account or access device is cobranded with the school’s name, logo, mascot, or other affiliation and is marketed principally to students at the institution; or (c) a card or tool that is provided to the student for school purposes, such as a student ID card, is validated, enabling the student to use the device to access a financial account (34 CFR 668.164(f)(3)).

Schools are required to disclose the arrangement on their website, as well as other disclosure requirements outlined in 34 CFR 668.164.

<td><strong>Condition</strong> - The University was not compliant in disclosure requirements surrounding Tier One and Tier Two arrangements.</td>
<td>None</td>
</tr>
<tr>
<td></td>
<td><strong>Identification of How Questioned Costs Were Computed</strong> - N/A</td>
<td></td>
</tr>
<tr>
<td></td>
<td><strong>Context</strong> - There were three errors identified attributed to this finding:</td>
<td></td>
</tr>
<tr>
<td></td>
<td>1) The University did not disclose on its website the contract between the school and its Tier Two provider.</td>
<td></td>
</tr>
<tr>
<td></td>
<td>2) The University did not provide a URL for the contracts or cost information of its Tier One or Tier Two providers to ED for publication in the Cash Management Contracts Database.</td>
<td></td>
</tr>
<tr>
<td></td>
<td>3) The University did not perform a due diligence review of its Tier Two provider to ascertain whether the fees imposed under the arrangement are consistent with or below prevailing market rates.</td>
<td></td>
</tr>
<tr>
<td></td>
<td><strong>Cause and Effect</strong> - The University did not have a control in place to ensure all aspects of Tier One and Tier Two arrangements were compliant with requirements.</td>
<td></td>
</tr>
<tr>
<td></td>
<td><strong>Recommendation</strong> - The University should implement controls to ensure Tier One and Tier Two arrangements are compliant with requirements.</td>
<td></td>
</tr>
<tr>
<td></td>
<td><strong>Views of Responsible Officials and Planned Corrective Actions</strong> - The errors have been corrected, and the University has a clearer understanding of the expectations related to cash management. Going forward, two individuals (the Director of Student Account Services and the Student Accounts website contact) will utilize calendar reminders to ensure compliance with the noted findings, as well as all required cash management compliance issues.</td>

</table>
|                  | **Criteria** - Per Part 5 of the Compliance Supplement, "a student must maintain good standing, or satisfactory academic progress." Additionally, per 34 CFR 668.32(f), a student is eligible to receive TIV aid if meeting all requirements as well as "maintains satisfactory academic progress in his or her course of study according to the institution's published standards of satisfactory academic progress that meet the requirements of § 668.34."
|                  | One aspect an SAP policy must include per 34 CFR 668.34 5ii, "For a credit hour program using standard or nonstandard terms that is not a subscription-based program, the pace, measured at each evaluation, at which a student must progress through his or her educational program to ensure that the student will complete the program within the maximum timeframe, calculated by either dividing the cumulative number of hours the student has successfully completed by the cumulative number of hours the student has attempted or by determining the number of hours that the student should have completed by the evaluation point in order to complete the program within the maximum timeframe. In making this calculation, the institution is not required to include remedial courses."
|                  | **Condition** - The University is not following its Satisfactory Academic Progress (SAP) policy for all students.
|                  | **Questioned Costs** - $13,296                                         |
|                  | **Identification of How Questioned Costs Were Computed** - Total of aid disbursed for semester SAP policy was not followed. |
|                  | **Context** - Of the 25 students tested, there was one student who had fallen below the threshold of 67 percent completion rate per the University's Satisfactory Academic Progress policy at the time academic progress would be measured and the SAP policy was not followed to address student progress. |
|                  | **Cause and Effect** - The University did not have a control in place to ensure students were in compliance with the University's policy. |
|                  | **Recommendation** - The University should implement controls to ensure students are compliant with policy. |

<tr>
<td>2023-04 (Continued)</td>
<td><strong>Views of Responsible Officials and Planned Corrective Actions</strong> - A policy update to the quantitative component of satisfactory academic progress was implemented to measure SAP based on cumulative data. The full policy, informational website, student communications, and financial aid system were all updated. This policy update is effective for the 2023-2024 academic year with the first official evaluation point assessing cumulative data at the end of fall 2023.</td>
