

# Digital Tools to Maximize your Prescription Benefits through CVS Caremark

Save money and time by using the digital tools available through CVS Caremark\* to manage your prescriptions. These digital tools (available online & through the app) allow you to manage your prescription benefits at your fingertips.

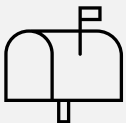

## Learn about your coverage and plan details

Using a pharmacy that is covered by your plan can help keep your costs low. CVS Caremark can assist you with choosing a convenient pharmacy. Virtual cards are also available for ease at the pharmacy.

## Check prescription costs and savings

You will know how much your medication will cost and whether it is covered by your plan. You will also be notified if a lower cost option is available to you.

## Choose how you want to get your medications

Make sure you get the medication you need, on time. You can choose to pick up your prescription at a pharmacy or get free delivery by mail.

## Register for a CVS Caremark Account

To register, visit [caremark.com](https://caremark.com) or download the CVS Caremark mobile app. Call 888-796-8687 with questions.
