Smokefree and Tobacco-Free U.S. and Tribal Colleges and Universities

January 1, 2026

There are now at least **2,575** 100% smokefree campus sites. Of these, **2,172** are 100% tobacco-free, **2,271** prohibit e-cigarette use, **1,234** prohibit hookah use, **614** prohibit smoking/vaping marijuana, and **650** explicitly include personal vehicles on campus in the policy protections.

The following three lists include colleges and universities with **entirely** smokefree campus sites (both indoors and outdoors) at a minimum (additional 100% protections -- E-cigarettes, hookah, and/or marijuana -- are indicated where applicable):

1. American Indian/Alaska Native Colleges Requiring 100% Smokefree Campuses
2. U.S. State Laws Requiring 100% Smokefree Campuses
3. All: Both lists above, plus U.S. College/University 100% Smokefree Campus Policies

Visit our Smokefree Colleges & Universities resource page at <https://no-smoke.org/at-risk-places/colleges/> for more information. To learn about our specific qualification criteria, see our Tip Sheet: <https://no-smoke.org/colleges-universities-list-criteria/>.

ANR Foundation maintains a database of tobacco control policies covering approximately 2,500 higher learning sites, cataloging the most comprehensive campus provisions regulating tobacco use, smoking, and vaping. We work hard to get our data to researchers doing good work. For information about licensing our datasets, contact TobaccoLawsDatabase@no-smoke.org.

All campuses below are 100% smokefree inside and out, at minimum. Additional coverage is coded as:

- T: 100% tobacco free campus, including non-combustibles.
- E: E-cigarette use prohibited anywhere on campus.
- M: Smoking/vaping marijuana prohibited anywhere on campus.
- H: Hookah use prohibited anywhere on campus.
