

Title IV Post-Withdrawal Disbursement Eligibility Notification

Our records indicate that you have withdrawn from Central Michigan University. A return of Title IV calculation was performed to determine your financial aid eligibility. Based on this calculation you are eligible for a post-withdrawal disbursement of a portion of Title IV loan funds.

Funds from a post-withdrawal disbursement will be used toward any outstanding charges owed to Central Michigan University. Students may not receive a direct disbursement of funds that will be used toward outstanding charges on the student's account unless agreed upon by the university.

To see your post-withdrawal disbursement eligibility amount, please log in to your [Financial Aid Portal](#). Accepting the disbursement of these funds will increase the outstanding principal balance on your loan(s). As the borrower, you are obligated to repay these funds according to the repayment terms of your federal loans.

Once you have reviewed your post-withdrawal disbursement eligibility, please complete the following. Once finished, please either electronically sign within your portal or print, hand sign, and return. If you have any questions please contact [Student Account Services And University Billing](#).

Please select one of the following options:

☐ I accept the entire post-withdrawal loan amount that I am eligible to receive.

☐ I accept a portion of my loan disbursement. Please detail the loan type and amount requested below.

☐ I am declining a post-withdrawal disbursement.

Printed name of Borrower

Student ID#

Signature of Borrower (Handwritten Required **OR**
ELECTRONIC SIGNATURE USING GLOBAL ID)

Date

Please return this form to Central Michigan University within 14 days of the notification date. If this form is not received within 14 days, the loan funds will be returned to the Department of Education.
