# Transfer Credit Guide

*This guide is subject to change and should be used in consultation with an academic advisor.*

Students can specialize in one specific grade band or elect a major that leads to certification in multiple bands. This Transfer Guide can be used if you are interested in majoring in Teaching Early Childhood, B-3 & Early Childhood Special Education, Teaching Grades PK-3, Teaching Grades 3-6, or Teaching Grades PK-6. Students will be at the forefront of leading the state of Michigan to its goal of becoming a state where we prepare all of our graduates to become competent global citizens who will be successful in the workforce and society. To be able to accomplish this goal, future teachers must be prepared to address the needs of the whole child and CMU is prepared to help you do that. By implementing coursework focused on specific grade bands, students will learn specialized knowledge about the students and the content they will teach. Students will begin their career armed with this specialized knowledge and skills to meet the unique learning needs of children at each grade level.

Students will work closely with a CMU academic advisor that will assist them with the transition and the list of courses that will be offered through Central Michigan University.
