

Major Map

BULLETIN YEAR: 2019-2020 **Degree:** BA; BS

Major: PSYCHOLOGY

The major map illustrates one path to completing your major, based on faculty members' advice on course sequence and a department's tentative plans for scheduling courses. This document provides general direction. For more specific advice and up to date schedules, it is expected that students will regularly discuss their plans of study with academic advisors and monitor the current class schedules as students are responsible for ensuring that all requirements for graduation have been met.

120 hours minimum required for graduation

40 hours 300 level or above required

***Notes:**

- You must complete a minimum of 15 hours of psychology coursework at CMU.
- You must earn a grade of "C" or better in PSY 211QR to enroll in PSY 285WI, and earn a "C" or better in PSY 285WI and have completed ENG 201 to enroll in PSY 385WI. Consult individual course descriptions for prerequisites for other courses.
- Students who have already taken BIO 500 Biological Statistics (3) or HSC 544 Biostatistics (3) and received a grade of "C" or better in the course may substitute the requirement for PSY 211QR. In that case, an additional three (3) hours of Psychology must be taken.
- Credit restrictions: Only PSY 100 may be taken on a CR/NC basis. No more than 9 hours may be counted from the following courses with unspecified content: PSY 200, 400, 496, 497, 498, 500, 501, 502. Further, not more than 3 hours may be counted from any one unspecified content course.

Pre-Physical Therapy Majors

Physical Therapy is not an undergraduate major. A number of undergraduates interested in Physical Therapy choose to major in Psychology. To prepare students for admission to the physical therapy training program at CMU (here), the Psychology Department has available a check-off sheet for completion of the physical therapy program recommendations. Admission to graduate training in Physical Therapy at CMU includes 9 credits of undergraduate coursework in Psychology including a course in developmental psychology (PSY 220) and an introductory course in statistics (PSY 211). A course in rehabilitation (PSY 559) or health psychology (PSY 379) is also strongly recommended.
