CMU, an AA/EO institution, strongly and actively strives to increase diversity within its community (see www.cmich.edu/aaeo).

For ADA accommodations, call 989-774-3068 at least one week before an event.

What others are saying...

“CMU’s Career Services Office provided invaluable support in identifying avenues for our organization to connect with students, professors and deans to meet our collegiate hiring objectives.”

-Rich Balow, Compuware

“We first started recruiting CMU students through the winter job fair, but quickly found it was even more productive to do on-campus interviews. We’re also participating this year in 2-3 on campus events, which we hope will further increase awareness of Ross Education as a top employer.”

-Doreen Kephart, Ross Education LLC

“On-campus recruiting is our direct link to reaching CMU’s students for full-time careers and internships. Cultivating relationships with Career Services, faculty and staff is so important because it leads to greater exposure with students.”

-Loraine Serow, Northwestern Mutual Financial Network

“Meeting recruiters on campus through Career Services opened the door to my first professional internship and full-time job. The face-to-face interaction with companies allowed me to make connections and show potential employers the quality of students CMU has to offer.”

-Kraig Haubenstericker, Dow Corning (Recent Graduate)

Employer Guide

Connecting you with qualified candidates to meet your employment needs for tomorrow’s workforce careers.cmich.edu
Why Hire CMU Students?

Established in 1892, Central Michigan University is one of the nation’s 100 largest public universities and the fourth largest in Michigan with more than 20,000 students on its Mount Pleasant campus and another 7,000 enrolled online and at more than 50 locations worldwide.

- Approximately two-thirds of all CMU students complete a preprofessional work experience.
- CMU students have the opportunity to enhance their leadership skills by adding to their major a leadership minor, which is the first and only one of its kind at a four-year Michigan public university.
- To further develop their leadership, teamwork and communication skills, more than 70 percent of CMU students volunteer, exceeding the national average for volunteerism among colleges participating in the National Survey of Student Engagement.
- Many students immerse themselves in a different culture and participate in a global society through CMU’s 100 study abroad programs taught in 30 different countries.

CMU offers 200 academic programs at the undergraduate, master’s, specialist and doctoral levels, including signature programs in accounting, audiology, entrepreneurship, information technology, journalism, logistics, marketing/sales, music, physician assistant, psychology and teacher education.

Career Services staff can help you plan the best strategy to connect with qualified students. Along with spring and fall career fairs, on-campus interviewing, and year-round job postings and résumé referrals, your company can increase its image on campus through other activities including:

- Classroom Visits. Make a brief presentation in front of the classes most closely aligned with your position openings.
- Student Group Presentations. Meet with one of our more than 250 student organizations.
- Employer Panels/Spotlight Programs. Participate on panels with other employers in your field or ask for an employer spotlight night just for your company.

Mock Interview Program

- Conduct more than 1,900 mock interviews each year, providing feedback and practice tips.
- Mock phone and skype interviews available.
- Employers can further build their brand by helping with Career Services’ fall interview training day.

REACH Advisor Program

REACH Advisors are current CMU students who address the needs of their peers by providing tools to educate and enhance the use of resources within the campus community. Services include résumé and cover letter critiques and tips on professional etiquette.
