DETROIT, MI

STUDENT BIO

As a Pathway's scholar I have been awarded countless opportunities. I have served as a Teacher's Assistant (TA) for 3 Pathways courses and traveled to Chicago to work with GEAR UP students. Pathways staff go above and beyond to ensure student. The second semester of my sophomore year I was given the opportunity to become a Peer Assistant Learning Specialist (PALS) because I did exceedingly well in my Pathways-offered-courses.

In my position as a PALS, I help scholars succeed by hosting supplement instruction sessions, offices hours, and meeting one on one with students who need extra help. I realize that my position as a PAL is to be a resource that helps scholars achieve Pathways goals.
