STUDENT BIO

The reason I chose to be a College Positive Ambassador is because I have a passion for helping others and I wanted to volunteer more consistently. Since I am a first generation college student, I didn't know any strategies on how to be successful during my freshman year. This all changed when I was placed in FYE (First Year Experience), a course offered by Pathways. FYE helps first generation college students become successful during their first year of college. During FYE, we participated in various activities, volunteered, and learned more about diversity on campus which I thoroughly enjoyed! I gained knowledge about Pathways and became a Pathways scholar. Since then, I have been volunteering more and helping other students become successful during their first year of college.
