Running the Enforced Pre-Requisite Rule Report

NOTE

- The images within this document are for reference only. They may not reflect the actual information that you would use as data to be entered, as you navigate through this step by step program guide.

- The screen windows and pages you explore will be identical to the windows and pages as set on the examples of the document.
Running the Enforced Pre-Requisite Rule Report

**TRANSACTION CODE: ZCREP008**

At the main menu, type **ZCREP008** in the box and press the keyboard’s **Enter** key. You can run this report for either a specific course or for all courses for a specific designator.

**SAP Easy Access - User menu for**

**Running the report for a specific course**

1. Click in the **Module Object ID** field and then click on the search icon.
2. The following box will be displayed:

![Find Object]

3. Type **SM** in the **Object type** field and type the **Course name** (i.e., ACC 202) in the **Search Term** field. Click the **Continue** button.

![Find Object]

4. Double-click the appropriate course from the list that is displayed. **Note:** This list will not be displayed if only one course meets the criteria. In this case, go directly to Step 5.

![Module (1) 2 Entries found]
5. Make sure that the box for “Display pre-requisites” is checked.

6. Click the **Execute** icon. The bulletin description of the course, along with any enforced prerequisites, will be displayed:

```
