

CENTRAL MICHIGAN UNIVERSITY

MULTI-SEMESTER REGISTRATION

What is multi-semester registration?

Multiple semester registration allows students to register for an entire academic year (Summer, Fall, Spring) at one time. Note: This does not include registration for College of Medicine Students.

Do I have to register for all the terms at one time?

No, you are not required to register for all terms. You can register for any of the open terms you choose.

Can students register for any term or do I have to register for summer first, fall second and then spring?

Though not required, registering for the terms in order is highly recommended as it will allow you to meet any prerequisite requirements needed for a later term. Please see your advisor for assistance and review course descriptions and program admission requirements posted in your Bulletin.

How can I change my class schedule?

You can drop and add courses for any term until the deadlines posted in your [CentralLink](#) course search & registration or [view deadlines in calendars](#). You are strongly advised to [consult with your academic advisor](#) prior to adjusting your schedule.

Do I have to pay for all the semesters at once?

No, the billing cycle for future semesters does not change.

When will I have to pay for each semester?

Each semester will have a separate fee payment deadline, this does not change.

When will I receive my financial aid?

Financial aid disbursements will continue to remain the same for each semester.

What happens if I drop a class that is a prerequisite for a course for which I registered for a future semester?

Students should drop any future registered courses requiring the prerequisite. However, CMU will monitor and drop students from courses in which they have not met the prerequisite.

Can I place myself on a course waitlist for any semester?

Yes, if the course is available to waitlist and the course registration deadline has not passed.

I have a hold on my account. How will this affect my ability to register for semesters?

Students with a hold preventing registration will be blocked from registering for any term until the hold is resolved.

When is the last day to change my schedule for each semester?

The last day to add & drop classes will vary depending on the term as posted in your [CentralLink](#) course search & registration or [view deadlines in calendars](#).
