## HSA FDIC Insured interest rates

By default, your HSA cash balance is interest bearing and FDIC insured. Interest is calculated and compounded monthly. Interest is paid on the average daily collected balance according to the funds held within each tier and that tier's associated interest rate (FDIC Tiering Method B). Interest is credited to the HSA monthly as of the last business day of the statement cycle. HSAs closed prior to the end of their statement cycle will not be paid any accrued interest. Interest rates and balance tiers are subject to change at any time.

Balance Tier	Average Daily Account Balance	Interest Rate*	APY**
Tier 1	\$0.01 - \$2,000.00	0.05%	0.05%
Tier 2	\$2,000.01 - \$7,500.00	0.10%	0.05% to 0.09%
Tier 3	\$7,500.01 - \$10,000.00	0.20%	0.09% to 0.12%
Tier 4	Over \$10,000.00	0.40%	0.12% to 0.37%

If you elect to have your HSA cash balance placed in a non-FDIC insured option, the above rates do not apply to that portion of your HSA balance. You can view your current HSA cash balance allocations on your monthly statements or by logging on to the Member Portal.
