The University has standard procedures for assisting individuals who need medical treatment as a result of an injury while on campus. Faculty and staff members handling these situations should use the following information.

A. Immediate Attention Emergencies:

For all emergency situations, phone 911 immediately for assistance. Indicate the nature of the problem, your identification and your specific campus location. Once the injured party is attended to and transported, report the incident immediately, following the appropriate procedures indicated below.

B. Handling and Reporting All Employee (including student employee) Injuries:

1. If non-emergency medical treatment is required, have the injured person go to the Central Occupational Medicine Program (COMP) at Wellness Central, 2600 Three Leaves Drive, from 8:00 a.m. to 4:00 p.m. Monday-Friday, or to Ready Care/CMCH Emergency Room, 1221 South Drive, if COMP is closed. Call CMU Police at 774-3081 in the event on-site assistance is needed. Faculty or staff members should NOT attempt to transport the injured person.

   *If the injured employee/student employee chooses to see their own physician, they will be responsible for any expenses incurred.

2. Call the Workers’ Compensation Office at 774-7177 to report the incident. A 24-hour voice mail system is available to report incidents when the office is closed. There is no form for you to complete.

3. Give a detailed account of the incident including name of injured person, date, time, location, injury, description of what happened, the names of any witnesses and the phone number of the injured person’s supervisor.

4. Workers’ Compensation staff will send a completed incident report form to the supervisor or department designate for review and signature. Return the signed form to the Workers’ Compensation Office, South Grounds Building.
