Consider this if you:
- prefer a program that will provide some support services and structure
- want the largest possible choice of destination countries and programs

Faculty-led Programs
Study abroad with other CMU students in courses taught by CMU faculty. Most programs run during spring break or summer. CMU tuition and program fees apply.
Consider this if you:
- prefer a highly structured program
- want to travel with a group
- prefer a relatively short program

Internship Opportunities
All internships are credit-bearing and students will work with a study abroad advisor and a faculty advisor to ensure approval. CMU only offers internships through our partner organizations.

- want to get work experience
- hope to work abroad one day

International Internships
Possible internship locations include:
