This document is for reference only and not a contract document. It is applicable to benefit eligible postdoctoral research fellows with a half-time or greater appointment for a minimum of six months. The information in this summary is subject to policies, procedures, and contracts relating to each benefit plan, which are controlling as to the availability and amount of benefit coverage. Additional information about these benefit programs can be found in the *CMU Choices* plan document and benefit specific contracts, policies, certificates or summaries. Through *CMU Choices*, postdoctoral research fellows are eligible to participate in five benefit programs: medical/prescription drug, employee life insurance, dependent life insurance, dental and flexible spending account. If applicable, University contributions toward the cost of benefits are detailed below. Any dollars not spent on a specific plan will be available to be applied toward the cost of other benefit programs (including flexible spending account) or as payment to the individual as earnings. If the cost of the employee's choices exceeds the University contributions, the employee will pay the excess through salary reduction in semi-monthly installments. Premiums, CMU contributions and employee costs are available online at: <https://www.cmich.edu/benefits>.

The "plan year" for *CMU Choices* is July 1 through June 30. New university contribution rates and premium costs are effective July 1, 2017. All benefits are effective as of date of hire.
